Chapter 2211: Give you another gift!

At this moment, the anger in his heart had reached a culmination, and the terrifying demonic energy continued to condense in the void.

"The power of the monument, open it to me!"

Ye Chen roared, and above the sky, a jet black eye appeared out of thin air.

This is not the power of the Devil Emperor!

It belongs to Ye Chen's heart!

This is the eye of the devil in Ye Chen's heart!

He turned the power of the mysterious stele into endless demon energy, and made the eyes of the demon in the sky!

When the disciples of the Lingxian Imperial Palace looked up, they suddenly felt a glare, and their eyes were bleeding for a moment.

Demon Eyes, they are not even qualified to take a look.

The earth is trembling, and heaven is roaring!

Storms, rain, lightning, thunder, and dark clouds, the entire void seemed to split.

On the ground, the land collapsed, the mountains and rivers collapsed and the rivers rolled over, like the end of the world.

Li Ghost was roaring, and the power of heaven and earth rushed into Ye Chen's body madly.

Ye Chen stared at Ling Yun with a pair of indifferent eyes, not mixed with any emotion.

When the two eyes contacted, Ling Yun didn't dare to look at Ye Chen's eyes at all.

Most of the devilish energy poured into the eyes of the demon that belonged to Ye Chen in the sky, a depressive and destructive aura, constantly suppressed.

The disciples of the Lingxian Emperor's Palace fell to the ground one by one, unable to stand up.

The horrible and suppressed breath made them almost out of breath.

Ling Yun could feel that this trace of breath had gradually begun to threaten her.

She knew that she could not continue like this, if Ye Chen continued to condense, she would really lose.

At the thought of losing in the hands of an ant, Ling Yun was not reconciled at all, and the whole figure rushed towards Ye Chen.

Now she didn't want to leave Ye Chen's life, she must solve it in the shortest time.

I can't give Ye Chen a chance!

When Ling Yun rushed over, Ye Chen grinned.

He was very clear in his heart, and now the Lingyun had become flustered.

The holy light in Lingyun burst out frantically.

The holy light is the nemesis of demonic energy.

"Holy Sword Ruling!"

Ling Yun roared, behind her, gleaming bright light.

These rays of light form a golden sword, as if purifying everything.

Without any hesitation on Ye Chen's face, he raised the beastly sword in his hand.

This time he wanted to see if the devilish energy transformed by the mysterious stele was stronger or the holy light of aura was stronger.

The Beast Rotten Sword seemed to possess humanity, and there was a oozing laughter.

These laughter came into the ears of the disciples of the Lingxian Emperor Palace, making them desperate for life.

The Beast Rotten Sword originally had some demon energy in Ye Chen, and now combined with the demon eye above the sky, the two demon energy combined into one, reaching a terrifying point.

The demonic energy around Ye Chen formed a phantom, as if born like a demon head.

The holy light behind Lingyun rushed towards Ye Chen in an instant.

The breath of holy light rushed towards his face, but Ye Chen didn't have any expression on his face.

The beastly sword in his hand, a sword swung out directly.

The devil qi phantom condensed around Ye Chen, continuously sent into the sword light.

The masterpiece of Jian Guang burst out the most terrifying demonic energy in the world.

If I am a demon, the lord of all demons!

The moment this sword was swung out to touch the Holy Light, two different energies clashed continuously.

The demon energy erodes the holy light, but the holy light is also purifying the demon energy.

These two forces began to confront each other constantly, and it was difficult to separate them for a while.

Ling Yun's brows were frowned, and she never expected that such a situation would occur.

These two forces did not explode, nor did one gain an overwhelming advantage.

Ling Yun didn't pay attention but the whole figure rushed towards Ye Chen.

As long as Ye Chen died, nothing would happen.

When Ling Yun rushed over, Ye Chen had already noticed that he had rushed over.

Boom boom boom!

The collision of flesh and blood with one punch, Lingyun did not gain an overwhelming advantage.

Instead, she gradually fell into a disadvantage.

Her naked eyes can see that every time Ye Chen's fist is injured, a black lotus will appear to heal the injury.

These black lotuses seem to be endless, if they continue to fight like this, it will only suffer from aura.

Ling Yun couldn't figure out why this happened.

"You are only able to use the power of the holy light, and I! Devil energy entrusts me as the master!"

"The eye of the devil is my eye!"

Ye Chen said in his mouth that this was the most direct gap between the two of them.

The holy light is after all a foreign object, not a random movement of aura.

Lingyun's face became hard to look at. Both the devilish energy and the holy light were two extreme energies.

Doesn't it mean that the power the Palace Master gave her made her inferior to Ye Chen?

This makes the arrogant aura unacceptable.

"I want you to die!"

Ling Yun roared, and the breath of holy light condensed into a phoenix.

Phoenix rushed towards Ye Chen!

Ye Chen didn't rush, and a fiery red phoenix also appeared behind him.

That was the Profound Flame that Ye Chen hadn't used for a long time!

The power of the reincarnation mysterious stele released from the body seemed to be endless!

The mysterious flame combined with the power of the mysterious stele turned into a phoenix phantom!

Ye Chen displayed a flash of wind and thunder, and it appeared in an instant! A fist blasted over and hit Lingyun's cheek directly.

He prefers this kind of fist to the flesh!

boom!

There was a muffled sound from a fist, Ling Yun couldn't prevent it, and the whole figure flew out.

An arc was drawn in the void, and her left half of her cheek was red and swollen, and she only felt that she was about to be blown up.

Simply unforgivable!

Ye Chen didn't have any thoughts in his heart, behind him appeared the phantom of Qilin and White Tiger.

The aura exuding from the two phantom beasts was extremely shocking.

Ye Chen stretched out his hand and pointed, and the two sacred beasts culled away.

A strange mark was made in Lingyun's hand, and a light red protective cover formed around her.

boom!

The power of the two divine beasts hit the protective cover, and Lingyun's figure was faltering, struggling to control.

When the phantom of two divine beasts gradually disappeared between heaven and earth.

Ling Yun also breathed a sigh of relief, but when she looked up, her face instantly became difficult to look.

Ye Chen appeared in front of her again!

Hit hard with a punch!

Like a lunatic!

The warriors of the Lingwu Continent are dueling, that's the case again!

Ling Yunqi's chest rises and falls, but now she has no time to think about it.

The shadow of fist flew in, Ling Yun kept evading.

Although Lingyun's speed is fast enough, there are too many boxing shadows.

If you are not careful, Lingyun will be penetrated by the shadow of fist!

The high-altitude Xia Lingqiu had gloomy eyes, no longer hesitating, pinching his fingers, a stream of light fell!

Ling Yun's whole body instantly appeared a mouthful of golden bell phantom!

Ye Chen's fist shadow fell on it, and Jin Zhong's virtual shadow remained motionless!

Her Xia Lingqiu would never allow Lingxian Emperor Palace to fail!

Ye Chen glanced at Xia Lingqiu and smiled coldly: "Do you really think that I am helpless?"

"Xia Lingqiu, open your eyes to Lao Tzu!"

"I will give you and the old witch Lingyun today, a big gift!"

Behind Ling Yun, I suddenly heard Ye Chen's voice. When Ling Yun turned her head, she saw a dozen long swords with extremely terrifying aura floating!

None of them are worthy!

Not only that, but there are also extremely rare Horcruxes in Lingwu Continent!

Ling Yun was startled by the breath of these things. She thought of something instantly and wanted to escape from this position, but it was too late now.

boom!

Endless air surging!

Chapter 2212: Xia Lingqiu's powerful roots

The entire void was exploded into powder, and Ye Chen Finglei quickly retreated.

At the same time, a pair of eyes stared at the explosion.

The eyes of Xia Lingqiu in the distance condensed, she never expected that Ye Chen could explode such terrifying power when she was dying!

Simply appalling!

The key force, if you rely solely on aura, can it be sustained?

She will never allow aura to lose!

Xia Lingqiu did not hesitate anymore, pinched the tactics with his fingers, and offered a very small black stone in the palm of his hand!

At the same time, force a drop of blood!

Essence and blood contain extremely strong power.

The essence and blood touched the stone and instantly turned into powder.

The endless powder swept towards the center of the explosion!

It's dusty!

No one knows what happened inside!

A powerful wave of energy rises into the sky like a mushroom cloud.

One second.

Two seconds.

...

Ten seconds.

The dust gradually fell.

A violent cough sounded.

Seeing Ling Yun rushed out of the explosion range, blood was bleeding all over her body.

Although Xia Lingqiu used his strength at the critical moment!

But it still made Lingyun so embarrassed!

In her pair of eyes, there was no arrogant look, only endless anger.

Ye Chen laughed bitterly, and at the expense of such a large price, he still had no choice but to help.

He looked at Xia Lingqiu with extremely solemn eyes.

With Xia Lingqiu's help, how can Lingyun be killed!

Ling Yun's hands were like bone claws, rushing towards Ye Chen, she unscrupulously burst out all the breath in her body.

Now she has only one thought in her heart, kill Ye Chen!

She wants to be ashamed!

If Ye Chen couldn't kill even a star-aperture-level Ye Chen, all her cultivation of the Seventh Heaven in the Door-Seal Realm would be repaired on the dog!

The warriors of the Lingxian Emperor Palace lying on the ground were stunned.

They have never seen the aura of aura.

The shock that Ye Chen brought to them was really too strong. The Star Aperture Peak powerhouse fought against the Seventh Floor of the Gate Realm, and did not fall into the wind at all, but had a bit of pressure and aura.

The key is that Ye Chen was about to lose. Why did his breath change in an instant?

Does Ye Chen really come from the low martial arts world? This is exactly a monster, monster!

Make them feel ashamed of these so-called geniuses!

Compared with Ye Chen, are you embarrassed to say that you are a genius?

Pooh!

He said he was a genius in front of Ye Chen, and blushed for himself!

If they weren't the enemy, their admiration for Ye Chen would be like a surging river, endless.

"Lingyun, even if Xia Lingqiu is standing by your side!"

When Lingyun rushed over, the power of Ye Chen's Dantian's Reincarnation Profound Stele exploded frantically again.

His realm is still breaking through!

In a blink of an eye, he has stepped into the fourth layer of the Star Aperture Realm!

Ling Yun's eyes widened.

Because she was close to Ye Chen, she naturally felt Ye Chen's breath of breakthrough!

It is not uncommon for warriors to break through in battle.

But the successive breakthroughs in the battle are simply incredible!

Could it be that all of this is Ye Chen's successor!

The violent air currents around made Ling Yun's body gradually slow.

Ye Chen raised the beastly sword in his hand and waved it, but it didn't end. He used his soul ability, and a dark light suddenly flew out.

The moment it flew out, it penetrated Lingyun's body.

The power of the spirit ability constantly impacted Lingyun's body.

"puff!"

Ling Yun actually vomited a mouthful of blood on the spot!

"You are still soul repairing! How could it be possible!"

Everything in front of me seems to have broken through Lingyun's cognition!

She could not imagine that the ant in front of her had grown to this point!

At the moment when Ling Yun was so shocked that her body stopped, Xia Lingqiu's voice came from the sea of consciousness!

"Ling Yun, at this moment, it's time to use the thing I gave you!"

Ling Yun woke up fiercely, she didn't dare to hesitate anymore and presented a jade medal!

Jade card shattered!

"Holy King phantom!"

Behind the Lingyun, there appeared a sacred woman who could not see her cheeks clearly, but her noble and pure aura seemed to purify everything in the world.

The holy light was obtained by Xia Lingqiu accidentally, and this was one of the reasons why her breakthrough speed was so fast.

When the Saint King phantom appeared, the disciples of the Lingxian Emperor Palace almost worshipped.

Even Ye Chen had a feeling of surrender just now.

In an instant, Ye Chen was on the verge of an enemy!

Xia Lingqiu has never exposed the existence of the Saint King phantom.

But for some reason, she always had a premonition that something happened on a one-year date.

Only then did he agree to the request of the Soul Palace.

She strives to be foolproof!

But after all, I did not expect such a weird evildoer to be born in a low martial arts world!

The Saint King phantom is the ultimate trump card possessed by Ling Yun in this battle!

At the same time, Xia Lingqiu offered a cold sword in his hand.

The murderous breath swept the whole body!

She made the worst preparations, once Ling Yun lost, she would kill Ye Chen!

No one can break her plan!

At the same moment, the voice of the Devil Emperor rang in Ye Chen's ears!

"Boy, I already understand the root of Xia Lingqiu's strength."

"She actually got that inheritance!"

"The power of the Saint King Void is comparable to the Tai Void Realm, you can't stop it at all."

"The only way is to completely activate the Red Chen Divine Veins, and then turn the wind stele's power into devilish energy!"

"Let the power of the demon eye you formed condense to the extreme!"

"At that time, I will allocate a part of my strength to shoot!"

Ye Chen nodded, no longer hesitating, the power of Dantian kept pouring out! All turned into magic!

Dark clouds are rolling in the sky, covering the sky and the sun!

The atmosphere is full of tension.

At this moment, Ling Yun knew in her heart that above her, devil energy was still pouring into the eyes of the devil.

If she didn't use her hole cards, when the eyes of the devil opened, she couldn't hold on, she would definitely lose, only the Holy King phantom could resist.

"I am the purest existence in the world, purifying all demon sources!"

When Ling Yun spoke, she seemed to be a different person. At this moment, the Holy King phantom behind her was in control.

Ye Chen glanced at Ling Yun sadly, he was able to control the devil qi, but Ling Yun could not control the holy light at all.

to be honest! Lingyun is just a puppet of the holy light You don't deserve to purify me! "

"Devil's Eye, open!"

Boom!

The eyes of the Demon's Eye slowly opened, and at this moment, all the magic energy in a radius of thousands of miles poured in.

A hurricane hit, flying sand and rocks, the palace was uprooted and caught in the storm.

The disciples of the Lingxian Imperial Palace struggled to support them, and some disciples with weak strength were sucked in with a scream.

Lingyun waved her hand, and the holy light burst into the sky.

The two different energies originally existed in mutual restraint!

This battle is no longer a confrontation between Ye Chen and Lingyun, but a confrontation between Devil Qi and Holy Light.

Chapter 2213: Under the emptiness, there is no doubt that he will die!

Click!

In the entire void, tens of thousands of eyes appeared, as if the whole world was shrouded by the eyes of the devil.

The black beams of light fell instantly, and the breath of holy light rose rapidly.

The confrontation between the two is like a duel between fate.

Tens of thousands of ghost shadows, constantly condensing, stood behind Ye Chen.

Behind the aura, the light of holiness condenses into soldiers.

The sound of fighting and shouting, like moths to the fire, constantly rushed past.

At this moment, the whole world suddenly became silent, with no sound.

At this moment, time and space seem to be fixed here, motionless!

The disciple of the Lingxian Imperial Palace rubbed his eyes and looked at the place where Ye Chen and Lingyun were.

I found a ruin around the two of them, and I couldn't see the situation inside.

No one knows what happened!

As time passed bit by bit, there was finally a faint sound.

Doraemon!

The beastly sword in Ye Chen's hand fell on the ground!

He knelt on one knee, breathing hard.

Did Ye Chen lose?

This is the thought of all the warriors in the Lingxian Imperial Palace, and they expect Ye Chen to fail in their hearts.

However, looking at Ling Yun again, she found that her whole body had fallen to the ground, breathing hard.

She has no strength, and her body is covered with scars.

hiss!

In contrast, Ye Chen did not lose at all, but Lingyun completely lost!

The Star Aperture Peak powerhouse defeated the Seventh Floor Heavenly Powerhouse in the Sealed Door Realm, making them feel dizzy, why is it so unreal.

Ye Chen stood up hard, came to Ling Yun's side step by step, held the beastly sword in his hand, and said coldly, "You have lost."

However, at this moment, Ling Yun smiled.

Laughing crazy.

"Humble ant, I admit that I underestimated you."

"But did I really lose?"

"If you and I both die, am I still losing!"

In an instant, tearing light appeared in Lingyun's body, violent light and air currents surging!

Ye Chen felt a little in his heart!

Never thought that Lingyun would blow up!

She wants to die with herself!

The faces of Xia Ruoxue and Ji Siqing in the sky changed drastically!

Just about to head towards Ye Chen, two barriers suddenly appeared in front of them!

From Xia Lingqiu!

Xia Lingqiu stepped forward, watching the cruel scene condescendingly.

"I admit that I missed it."

"If this son is alive, within ten years, perhaps he will stand at the pinnacle of Lingwu Continent."

"However, he has become a stumbling block on my Xia Lingqiu road."

"He can't live."

"The night before, I warned Lingyun, if it really fails, then her mission is to die with the little beast."

"I thought it wouldn't happen, but I didn't expect it to happen."

"The rules of Lingwu Continent are so cruel. Even if you are a shocking talent, if you don't know how to constrain, you will still be eliminated by this world."

"Ye Chen is this kind of person."

Ji Siqing's eyes were cold, and his red lips bite: "Xia Lingqiu, the self-destruction in the late period of the lockdown, do you know how powerful it is!"

"Not only Ye Chen is going to die, all the disciples of your Lingxian Imperial Palace are going to die!"

"Don't you just bear it?"

"You can't stop it now!"

Xia Lingqiu smiled.

Her smile was extremely cruel.

"Ji Siqing, what are these disciples in my Xia Lingqiu's eyes."

"As long as you two don't die, so what if they die."

"I don't plan to ask for the Lingxian Imperial Palace anymore, I've long since retreated."

"My retreat is in the kingdom of God."

"Lingwu Continent is just my springboard."

"By the way, there is something, you may not know, I planted the seal of magic on every disciple."

"That little beast Ye Chen not only endured Lingyun's blew up, I want him to endure the blew up of all the disciples of the Lingxian Imperial Palace! Hahahaha!"

"I don't believe him, he can survive today!"

"You--" Xia Ruoxue and Ji Siqing's eyes widened!

They never thought that the palace lord of the dignified top power would actually care so much about human lives!

The life of a loved one! The lives of countless disciples!

All her tools!

mean!

Their eyes looked down, and they were shocked to find that not only Lingyun blew up!

The countless disciples of the Lingxian Imperial Palace all blew themselves up!

Their eyes were filled with horror and fear.

But it can't be stopped!

This is the cruelty of the martial arts world!

The violent air surging!

In the center of the airflow, Ye Chen did not move!

He did not choose to escape!

The key is that he knows that he can't run at all speeds!

He sat cross-legged, amidst the ferocious voice of Lingyun, performing the reincarnation of the gods and demons!

The Chichen Divine Veins are completely activated!

A golden light covered the whole body!

Ye Chen is betting!

The immortal body and demon body are running to the extreme!

The remaining power of the samsara mysterious stele broke out!

Not only that, Ye Chen used the mist magical power of the Sky Mist Demon!

Between heaven and earth, the fog is rising!

The fog moves around ten miles!

At this moment, Ye Chen is the existence that cannot be captured!

"Apprentice, help you with your teacher!"

Feng Qingyang's voice suddenly sounded!

Then, the void cracked, and a sword box stood in front of Ye Chen!

Six divine swords seem to float in the sword box!

Guard Ye Chen around!

"boom!"

The ground is cracked!

The beam of light went straight into the sky.

Xia Lingqiu above the sky, eyes ecstatic.

For the lives of so many disciples in Lingyun and Lingxian Imperial Palace, one life is enough.

It's just that the price is too great after all.

Her Xia Lingqiu layout has never lost.

The past was, the present is, and the future is too.

It's just that something strange is still wrong with her.

Why is it foggy around?

How could there be such a heavy fog in the celestial phenomenon of Lingwu Continent?

She didn't think too much.

At this moment, Xia Ruoxue beside her was already crying.

She knelt on the ground with weak legs.

She didn't want Ye Chen to be in trouble.

This year's appointment, Ye Chen has done very well.

But after all, it was the result that scared her.

She was trapped in the Lingxian Imperial Palace, just to wait for that man.

If that man dies, what is the point of her being alive?

What's the use even if the cultivation is so shocking!

Xia Ruoxue closed her eyes and prepared to go to Huangquan with Ye Chen!

However, at this moment, a white hand caught her.

It's Ji Siqing's hand Ji Siqing looked into the fog, and moved slightly with tears: "Ruoxue, don't be impulsive, we have to believe in Ye Chen."

"In this world, what can kill him?"

Xia Ruoxue was startled slightly, for some reason, her water-like eyes also fell in the fog and dust.

Vaguely, she saw a burst of golden light.

Xia Lingqiu laughed when hearing the conversation between the two.

"You two don't know what kind of power Lingyun and so many disciples will produce when they blew up."

"Under the emptiness, you will definitely die!"

"You actually think that kid will survive, so ridiculously, I advise you--"

Xia Lingqiu's voice suddenly stopped.

Chapter 2214: I will show you the world!

Because there was a coughing sound in the fog and dust.

The key is still the figure of a young man.

how is this possible!

Xia Lingqiu's eyes were wide, and the eyes were all incredible!

The dust and fog finally dispersed.

A young man stood proudly.

Of course, he was covered in blood.

But those resolute eyes are staring at the sky!

What kind of eyes are this!

Bone! scarlet! Cold!

Immediately afterwards, a roar sounded: "Xia Lingqiu, kneel down and die!"

Ye Chen is still alive!

From the beginning, Ye Chen did not reveal his hole cards!

He hasn't used the Chichen divine veins and atomization divine powers for a long time!

Just waiting for Xia Lingqiu!

Xia Lingqiu stepped back subconsciously.

As if everything in front of her subverted her cognition!

For a few seconds, the surprise in her eyes turned into anger!

No longer hesitating, holding the cold sword in his hand, he rushed towards Ye Chen suddenly!

The more Ye Chen was immortal, the more disturbed her Dao Heart!

However, at this moment, Ji Siqing moved!

Burning blood!

The center of her eyebrows exudes an icy light, and a sword came out!

This sword is her full strength!

Ji Siqing's whole body was broken!

Not only that, the sword intent in her hand actually has the power to cross the border!

Xia Lingqiu's eyes widened: "Ji Siqing, you actually hide your strength!"

"boom!"

When the two sword intents touched, Ji Siqing's face instantly paled a little, blood was spit out, and he flew out!

But Xia Lingqiu didn't feel good either!

Her eyes seemed to be burned with anger!

She just wanted to take a shot at Ji Siqing, a strong breath surged!

A figure came with a sword!

The Ice Sword Saint King of Wanjian Emperor Palace!

"Xia Lingqiu, today you take the blame, dare to move my disciple, first ask me whether the Ice Sword Saint King can agree!"

Xia Lingqiu's eyes were horrified.

She took a half-step too short not long ago!

Although she has many cards!

But the strength of the Ice Sword Saint King, she did not dare to despise it!

If you don't leave now!

Sure to die!

She glanced at Ye Chen underneath fiercely, and no longer hesitated, she offered an ancient pagoda!

The power of the ancient pagoda is actually full of power!

This is at least a holy soldier!

Even higher than the Saints!

Not only that, there was a void crack in Xia Lingqiu's body!

Break through the cracks in space!

Seeing this scene, even the Ice Sword Saint King's expression was a bit wrong!

This kind of magic weapon is rare even in the kingdom of God, but it was actually mastered by Xia Lingqiu!

What did he think of, the whole body released a sea of countless ice swords!

Jian Hai is like a giant beast heading towards Ji Siqing and Xia Ruoxue!

He wants to protect these two people!

At this moment, Xia Lingqiu smiled: "Ice Sword Saint King, you shouldn't interfere with my affairs with Xia Lingqiu!"

"And you, Ye Chen, didn't you embark on a one-year appointment just to take away Xia Ruoxue and Ji Siqing?"

"What if Lingyun is dead, I still won't let you achieve your goal!"

"I might as well tell you that I cultivated Xia Ruoxue and Ji Siqing only for sacrifice!"

"The technique I practiced, I don't know how many people have been taken away!"

"And the stronger they are, the happier I am."

"Because their gifted body, that young body, after all, belongs to me!"

"My Xia Lingqiu will take their bodies and set foot on the top of the kingdom of God!"

Suddenly, the ancient pagoda produced a strong suction!

Want to inhale Ji Siqing and Xia Ruoxue!

The key is that Ji Siqing and Xia Ruoxue have no right to stop!

Ye Chen's heart was filled with anger!

He rose into the sky, regardless of his injuries, carrying six sword boxes!

A sword cut towards Xia Lingqiu!

"Xia Lingqiu, dare you!"

"If you move them, even if I chase to the ends of the world, I will drag you down the Yellow Spring!"

Ye Chen Fenglei used it to the extreme in a flash!

He wants to break Xia Lingqiu's spells!

However, I found it impossible!

He is still too slow!

His eyes rolled with tears!

He is angry! He roars!

But the distance is too far after all!

Besides, the power of that ancient tower is too powerful!

Xia Ruoxue's cultivation base was invincible, and he was about to be sucked into it instantly!

Xia Lingqiu's face is hideous!

Just as she was about to enter the ancient tower, a pair of slender hands held her.

This is Ji Siqing's hand.

Ji Siqing at this moment actually laughed.

"Xia Lingqiu, your abacus is wrong."

"You shouldn't count Ye Chen, let alone me and Ruoxue!"

The ancient lines on her eyebrows suddenly broke out!

An extreme energy actually countered the power of that ancient tower!

After that, her hand suddenly forced, Xia Ruoxue's body unexpectedly broke free!

Throw it directly in the direction of Ye Chen!

Xia Ruoxue's eyes widened: "Siqing, you..."

Ji Siqing smiled slightly: "Ruoxue, in the coming days, you will help me stay with that fool first."

"He is too stupid."

"Don't worry about me, Xia Lingqiu can't help me."

"I want to play with her!"

After the words fell, Ji Siqing's body was sucked into the ancient tower by that extreme force.

At the critical moment, Ji Siqing chose to fight Xia Lingqiu alone!

She knows very well that the power of her eyebrows can only make one person get rid of the powerful suction of the ancient tower!

If Xia Ruoxue enters the ancient pagoda, Xia Lingqiu will surely seize her home!

And she Ji Siqing is confident enough to fight against this vicious woman!

At this moment, she chose to sacrifice!

Ye Chen's eyes were ferocious, and he stretched out his hand: "Ji Siqing, don't!"

Ji Siqing still only left a smile.

She opened her red lips slightly.

"Ye Chen, do you know Kunlun Xu's five years, why did I protect you for no reason?"

"Actually I didn't know at the time."

"I always feel that you have a very familiar feeling, as if I have seen your future."

"My instinct tells me that I must protect you."

"Not long ago, I finally understood why my intuition was so guided."

"Because... I once played a piece for you."

"A song of red dust scattered, the past is like a cloud of smoke!"

"The mountains and rivers are stirring up the world, the smoke is everywhere and fighting the sky!"

"Eternal reincarnation is the emperor, a song of death to send you farewell!"

"The past and present lives are decisive, and the plum blossoms fall away and cherish the cold!"

...

Linguistic.

Void Rift.

The ancient tower disappeared.

Ji Siqing disappeared.

Even Xia Lingqiu disappeared.

Ye Chen's body was suspended in the air.

Jiao body into his arms.

He caught Xia Ruoxue.

But his expression is extremely weird.

He finally understood something!

Why is Ji Siqing a well-deserved daughter of the first day in Kunlun Xu!

But after coming to Lingwu mainland it is still the same!

That terrifying talent and cultivation speed are incredible!

Not scientific at all!

But now, all the truth is revealed.

Ji Siqing turned out to be the reincarnation of the Valkyrie seen in the mysterious land of Qiankun Killing Domain.

"My name is Qu Chenyan!"

"If I can meet you in this life, I will show you the world!"

It turned out that I had already met.

Ji Siqing is guarding himself, because he wants to show himself the world.

Ye Chen's body slowly landed, his expression solemn.

Chapter 2215: You and I both pay

Xia Ruoxue in her arms hugged Ye Chen tightly.

She wept.

"Sorry."

She hopes to exchange herself.

Not Ji Siqing.

A few seconds later, Ye Chen lowered his head, wiped off Xia Ruoxue's tears with his hand, and smiled:
"Little fool, there is nothing to say I'm sorry."

"The world is so big, Xia Lingqiu can't escape far."

"I will find Xia Lingqiu."

"I will rescue Ji Siqing."

"I will let Xia Lingqiu understand what the price of offending Ye Chen would be!"

"I will crush her heart and send her to Huangquan!"

Xia Ruoxue's eyes condensed, and her self-blame became resolute.

She secretly vowed that only by practicing to the supreme state, she would not be so embarrassed as she is today!

She broke away from Ye Chen's arms, and looked towards the sky: "Count me."

Suddenly, Xia Ruoxue thought of something and violently moved in one direction!

If she wants to cultivate and break through as quickly as possible, she must catch that mysterious stone!

"Ye Chen, wait a minute, I'll come as soon as I go."

Ye Chen didn't stop him and nodded silently.

Soon, the Ice Sword Saint King, Bai Zhentang and others fell down.

The Ice Sword Saint King shook his head and said regretfully: "Tier, it's my fault."

"I didn't count that Xia Lingqiu actually mastered such a magic weapon."

"If you want to blame for being a teacher, blame it."

Ye Chen just wanted to talk, and suddenly, the sky changed color!

A surge of extreme coercion!

That is... the power of heaven!

Feng Qingyang's face in the reincarnation cemetery changed drastically: "No, disciple, you just used the power of the Profound Stele and the Red Chen divine veins, and Tiandao Palace has noticed it!"

...

A minute ago.

God Kingdom Tiandao Palace.

The Shenlong lie down, and the momentum is compelling.

The man above the dragon exudes extremely powerful power of heaven and earth.

Suddenly, Tiandao Palace shook!

This time the shock was particularly strong!

A giant statue hanging above the hall had a broken finger.

Shenlong and the man suddenly opened their eyes and said in unison: "Reincarnation Profound Monument!"

The man pinched his finger and waved his hand, and a picture suddenly appeared!

That was exactly what happened in the Lingxian Imperial Palace!

However, because of the particularity of Ye Chen's fate, the picture that the man above Shenlong saw was blurred!

Even so, the man laughed.

"The kid finally appeared again."

"I'm waiting for this day!"

"Eternal Saint King! Your hard-working layout!"

"Today, I want that kid's chessboard to be completely shattered!"

The words fell, the palace of heaven, the formation surging!

The aura of extinction broke out!

The Shenlong man is already ready!

Ye Chen's existence already made him feel threatening!

He sent someone to set up a heavenly formation!

We must borrow the mighty power of Heaven to punish that mysterious kid!

How about controlling the reincarnation monument!

As long as you don't control ten yuan, how to shake the Kingdom of God Tiandao Palace!

...

Above the Lingxian Emperor's Palace, there were dense clouds.

As if the end had landed.

The Ice Sword Saint King looked solemnly: "Disciple, **** it!"

"This is not an ordinary power, this is the power of the heavenly formation!"

"In the history of Lingwu Continent, it has only been here four times!"

"Using this power to kill you at the Star Aperture Realm, I'm afraid the Divine Kingdom Heavenly Dao Palace is crazy."

After the words were finished, the Ice Sword Saint King no longer hesitated, forcing ten drops of blood!

As Ye Chen's master, no matter what, he must help Ye Chen block this blow!

He knew what Ye Chen carried!

The dark clouds above the sky seemed to form an extreme black vortex.

In the whirlpool, a sword of destruction slowly descended!

This sword of destruction is surrounded by thunder!

The meaning of light thunder is far beyond Tai Xu!

The power of that sword is even more terrifying!

Around the sword, even the space was ruthlessly torn and collapsed!

Who could have imagined that the aloof Heavenly Dao Palace would spend such a price to kill a young man in the Star Aperture Realm!

Incredible!

In an instant!

The Sword of World Destruction carries the Wanjun Thunder, directly landing!

Without any hesitation!

Heavenly Dao Palace wanted to kill Ye Chen, so he didn't want to wait another second!

The Ice Sword Saint King looked solemn, he looked at Ye Chen fiercely: "Ye Chen, go!"

"This sword has locked you down, and all my strength can only be temporarily suspended!"

"Go!"

After speaking, the Ice Sword Saint King moved towards the sky!

At this moment, his breath soared!

Even the breath of breakthrough came from the body!

He is about to step into the realm of emptiness!

Originally, the Ice Sword Saint King wanted to steadily step into Taixu, but now it seems that he can't help thinking!

The essence and blood of the ice sword burned, suddenly forming a big frost sword!

The Frost Great Sword seems to be thousands of feet, straight into the sky! Touch that sword of destruction!

One second!

Two seconds!

Energy surge!

The Frost Great Sword shattered directly!

The body of the Ice Sword Saint King also flew out!

The expressions of Xuan Yuezong's Bai Zhentang and others also changed. Their strength was not equal to the Ice Sword Saint King!

But he rushed towards the sword of destruction without hesitation!

However, he was shaken off before he got close!

He fell to the ground and was seriously injured!

The eyes of several people were filled with helplessness.

Ye Chen did not leave.

Because he knows that he can't leave.

He can only activate the Chichen Divine Veins with all his strength!

Even at the expense of burning blood and cultivation!

The Destroying Great Sword is getting closer!

Ye Chen's clothes were torn!

Blood surges!

Activating the Chichen Divine Veins is still useless!

This power has exceeded his limit!

Seeing that the sword of destruction is about to swallow Ye Chen!

Ye Chen suddenly realized what! Scream!

"Lingfeng Divine Vessel! Open it to me too!"

The wind is surging!

A hundred-foot blue tornado appeared on the ground!

Ye Chen is in the eye of the storm, against that power!

Unfortunately, the blue tornado only slowed the Sword of World Destruction for a few seconds.

Still disappeared.

Ye Chen was hurt too badly. He had just opened the Chichen Divine Vein, and now he has opened the Lingfeng Divine Vein, which is not working.

The spiritual power of the pubic area is exhausted.

"Are you going to die?"

"I haven't found Xia Lingqiu!"

"How can I die!"

Ye Chen's eyes burst out with a strong desire to survive!

But now in the Star Aperture Realm, how can he fight the sky!

He watched the Sword of Destruction swallowing towards him!

At the moment of touching, an old voice sounded!

"Heavenly Dao Palace, Ye Chen is the only variable in this ancient chess game. My Eternal Saint King does not allow you to move him!"

An old voice stood in front of Ye Chen!

It is the eternal holy king!

The gourd in the hands of the eternal holy king suddenly enlarged in an attempt to swallow the sword of destruction!

However, the two forces stalemate for a few seconds!

The gourd tore on the spot!

A trace of blood appeared at the corner of the Eternal Saint King's mouth.

"Forever!" Ye Chen worried.

The Eternal Saint King stretched out his hand and said seriously: "Devil Emperor, I can't stand it alone."

"The only plan is for me to break through the Evil Realm, provoke Erley, and then I break the space constraints and connect your demons."

"Next, only you will do it."

"The power in the realm of the Demon Race is what you planted back then, and it can resist this sword of destruction."

"You and I have to pay to save that kid."

Chapter 2216: The change of Canggu Medical God!

Ye Chen was startled slightly, Yong Lao didn't say this to him, it was the Devil Emperor who had his brows!

Suddenly, the devilish energy billowed and the brows pierced.

A figure of devilish energy appeared.

It is the devil!

The Devil Emperor put his hands behind him and glanced at the sky.

Some are unwilling, some regrets.

But it is more of a Ling Ran who is not afraid of everything.

That is the respect of the Devil Emperor!

It's a pity that his physical cohesion is about to succeed. If he helps Ye Chen today, he may lose all his efforts.

But he still chose to take this step.

"Well, today, even if I lose everything, I will hit the Heavenly Dao Palace!"

The eternal holy king smiled and went to the sky!

Breakthrough breath surging!

Suppress the Slashing Evil Realm that hasn't been known for many years, open it!

The world is torn apart!

Erley is here!

This Erley is enough to counter the power of heaven!

The eternal holy king's face was pale, with five fingers, he even tore a piece of void!

It's another piece of space!

There was devilish energy there, and it was like hell.

That is the demon clan in charge of Jun Mochen!

The continent once guarded by the Devil Emperor!

The terrifying demon realm for many warriors in Lingwu Continent!

He glanced at the Devil Emperor: "It's your turn."

The Devil Emperor pointed it out, releasing an aura of fearlessness of heaven and earth.

A magic pillar to the sky seems to travel through time and space!

In that other space, the Demon Realm of Lingwu Continent ushered in shock!

Just because the former Devil Emperor is back!

With the help of the power of the demon, the emperor instantly amplifies the Ere of the eternal holy king!

Erely collided with the sword of destruction!

Above the sky, the ultimate energy stalemate!

Finally all tore!

The violent current overturned everything, and the eternal holy king spit out blood! Falling to the realm of the demons in the void rift!

Jun Mochen's site!

And Ye Chen was also lifted off, completely unconscious! The body also fell to the realm of the demons!

At the same time, Tiandao Palace!

That old array is all shattered!

The man above the dragon spit out blood!

He was furious, he was pale! He roared! He is horrified!

Because he determined a big secret!

"How is it possible! Devil Emperor! The Devil Emperor is not dead!"

"Eternal Saint King! You actually communicated with the Demon Emperor the taboo formation of the Demon Race! The sword of breaking my world!"

"Damn you guys!"

"You would rather pay such a price, just to protect a brat!"

"Yantian Dragon God, it's time for you to take action! Condensing the phantom, tearing the void apart, I want them all to die!"

The Lord of Heavenly Path Palace is completely angry!

Even the Yantian Dragon God was used!

Yantian Dragon God opened his eyes and stopped talking nonsense, turning into a phantom, tearing the void!

Go to the demons!

His strength is enough to destroy everything!

If it comes!

The eternal holy king, devil emperor, and Ye Chen are all going to die!

And at this moment, the ancient and mysterious Nine Heavens Dragon Palace!

A scarlet dragon suddenly opened his eyes!

He has blood in his body!

If Ye Chen were here, he would definitely find that the dragon was the missing blood dragon!

Between heaven and earth, a nine-day dragon chant came!

The blood dragon tore through the opening of the Nine Heavens God Dragon Palace, and also appeared in the sky above the demon!

The appearance of two dragons actually made the sky faintly crack!

The Yantian Dragon God stopped.

He stared at the blood dragon in front of him!

He felt the ultimate threat.

He spoke: "You should be the one in the Nine Heavens Dragon Palace..."

"Do you know my identity in the Nine Heavens Dragon Palace."

"You stand in front of me, but you know what the price is!"

"A word of mine can ruin everything about you! Let the Nine Heavens Dragon Palace have no place for you!"

However, the blood dragon's eyes were extremely cold.

Say nothing.

It was an extreme anger.

Hearing anger.

In the next second, the blood dragon opened its huge mouth, and the blood burst into the sky!

Behind him is the phantom of beasts floating!

A low and angry roar resounded across the sky!

"If you move him, Tiandao Palace and Nine Heavens Shenlong Palace will be buried for him!"

"Blood in the sky!"

The two dragon shadows collide with extremely terrifying power! Entanglement!

This day is not just the end of Lingwu Continent!

It is the end of the kingdom of God!

On this day, Long Yin resounded throughout the world!

The two extreme lights are like the sun and the moon.

However, no one knows what happened on the sky on this day.

What kind of anger does Long Yin carry!

...

Three days later.

Demon border.

At the junction of Lingwu Continent and Demon Realm, Demon Heaven City!

A thin and pale youth appeared.

This young man is Ye Chen.

The picture three days ago flashed through Ye Chen's mind.

He is seriously injured now.

If the Devil Emperor and the Eternal Saint King did not take action, I am afraid he would have fallen.

When Ye Chen woke up, he immediately communicated with the demon emperor between his brows.

However, nothing happened.

Ye Chen remembered the words of the Eternal Saint King and the Devil Emperor. Did the Devil Emperor disappear completely for himself?

Fortunately, not long ago, Ye Chen felt a faint connection.

It's a pity that the devil emperor has no devilish energy and cannot wake up.

He must find a place where he possesses endless devil energy, and may be able to awaken the devil emperor!

Must enter the demons now!

A shocking fire ignited in Ye Chen's heart, but it quickly went out.

How does his strength now shake the Heavenly Dao Palace?

Everything is too far away.

The communication with the Devil Emperor failed, and Ye Chen tried to find the Eternal Saint King again.

In his memory, the Eternal Saint King was injured and fell to the realm of the Demon Race!

However, he found that the boundaries of the demons were extremely strict!

It is extremely difficult to enter the demons!

Even if he restores his peak strength, it is not necessarily true!

All this is because of the power under the demons!

Now Ye Chen, the injury has not healed, it is impossible to try hard!

The Demon City closest to the border of the demons became Ye Chen's source of hope.

He must enter the demons!

Although the Tianma City is considered a border city between the Lingwu Continent and the demons, most of it is composed of demons, and some human races are bustling.

Ye Chen entered the Tianma City and found an inn to stay first. There was a special restaurant on the first floor.

Some warriors specialize in drinking in it, and there is not much difference between the demons and the humans It's just that the people of the demons are full of demonic energy and practice demons. The aura between the two is obvious. difference.

Ye Chen sat in a corner of the restaurant, wearing a hat and a white coat.

Some warriors whispered to each other, talking about the Heavenly Devil City, Ye Chen keenly heard that the demon warriors would recruit alchemists in two days.

This allowed Ye Chen to find an opportunity to pretend to be an alchemist and mix into the Demon Realm.

Prior to this, Ye Chen hadn't been too concerned about alchemy, but since this was the only way to enter the Demon Race.

He spends two days hardly practicing pill.

What surprised Ye Chen was that the strange-tempered Canggu doctor **** had lost an ancient book to him.

"Boy, don't think too much about it. I really can't stand your **** alchemy technique. This pill technique that is better than **** will be given to you, lest I be devastated again."

Chapter 2217: Death pill!

Ye Chen smiled slightly.

He knew that Cangu Medical God still changed a bit.

Although it is only a trace, it is already very good.

Perhaps it was three days ago that caused this stubborn old man to change some thoughts.

...

Two days passed in a flash, Ye Chen came to the City Lord's Mansion, and the headed guard asked briefly.

I heard that Ye Chen is an alchemy master, and soon let him pass!

It's no secret that the demons recruited alchemists in the past two days. Some alchemists will come to the city lord's mansion specifically.

Ye Chen was led by the guards to the main hall of the City Lord's Mansion. As soon as he stepped inside, he found that there were already six alchemists waiting.

He glanced at random, but didn't care, found a chair to sit down alone.

Soon after half an hour passed, Ye Chen found a middle-aged man came into the hall.

Next to the middle-aged man, there are three warriors of the demon race. Although the cultivation level is not high, they do not show any respect to the city lord.

Just because he is a noble and extraordinary alchemist!

"This time the Mozu recruited alchemists, but only six!"

As soon as the middle-aged man spoke, the alchemists present looked at each other.

There are now seven alchemists in the field, which means that one will be eliminated from them.

The alchemist present did not speak, and being able to stand here would definitely want to enter the demons, and no one wanted to leave.

At this moment, an old man stood up suddenly, his clothes were immortal, like an outsider.

"Sir City Lord, I suggest to weed out this little brother, so young, I am afraid that the level of alchemy is not much better."

Except for Ye Chen, all the seven alchemists present were elders.

He alone is a young man.

The quality of alchemy, in addition to talent, age also has certain advantages.

Having been immersed in alchemy for many years, the quality and success rate of alchemy are naturally much higher than those of the younger generation.

Ye Chen frowned and didn't expect that he would be targeted. Then he stood up and said to the city lord: "My lord, since this old man doubts my alchemy, I suggest to give it a try."

Originally, he didn't want to get ahead, and honestly entered the Demon Race, and then tried to find a way to find the seriously injured Eternal Saint King and awaken the Demon Emperor.

It now appears that he is too young after all.

It seems that there are many unreliable.

However, no matter how young he is, with the so-called garbage pill technique of Cangu Medical God, it is enough to crush everything.

What is the identity of Cangu Medical God?

The supremacy of the kingdom of medicine and alchemy!

The garbage alchemy he thinks must crush countless alchemists!

"Presumptuous, what level of alchemist are you and want to compete with the old man?"

The old man yelled at Ye Chen. He is a famous alchemist in the Sky Devil City, a hairy boy, and wants to challenge himself?

The city lord did not speak at the top, as if he was thinking, as for the demon martial artist, he looked good at the show.

They don't care if the alchemist enters the demons, as long as they find six alchemists.

"Little brother, you are sure to challenge Master Yu. He is a well-known alchemist in Tianma City and has reached the Star Aperture level."

Alchemy is not the same as martial art, the star-aperture-level alchemist is an extremely noble existence!

The city lord's words are obviously not optimistic about Ye Chen, after all, Master Yu is well-known in the Devil City, but Ye Chen is just an unknown person!

"Under the nameless alchemist, I am willing to fight Master Yu to death!"

Ye Chen said a word, and there was a burst of exclamation.

Is this young man crazy?

Fighting death pill is a gamble, once the loser, he must contribute his life.

This is entirely a challenge with fate!

The nameless alchemist and the star-aperture class are very different. Where does this kid come from?

Master Yu's face was gloomy. An unknown alchemist wanted to fight him to death?

This made him feel greatly insulted, and he was completely ignored.

"Little brother, are you sure you don't think about it anymore?"

The city lord looked at Ye Chen a little speechless, the young man really didn't know that the sky was great!

Alchemists are extremely precious, and he doesn't want to lose an alchemist in Heavenly Devil City.

"Little brother, forget it, the nameless alchemist, how can he be the opponent of the Star Aperture Grade alchemist?"

At this moment, an old man who had been sitting on the chair said.

Holding a little girl in his hands, he obviously didn't want Ye Chen to confess his life in a fit of anger.

Ye Chen smiled kindly at the old man, and then said to the city lord: "I'm sure to fight this master Yu to death. If I lose, I am willing to take my life. Of course, if Master Yu loses, the same is true!"

He was confident that he had never provoked Master Yu, and even the two met for the first time, because he was young, and he wanted to deprive him of his qualifications in one sentence.

Ye Chen has his own arrogance, even if he refines alchemy, he is confident that he will not lose to Master Yu.

The eyes of the other alchemists looked at Ye Chen, like a dead person.

Since they are willing to die, they are also happy to watch a good show.

As for whether Ye Chen could win, they had never thought that Master Yu would win!

"My Lord City Lord, since this little brother is so confident, I am willing to learn some tricks!"

Master Yu's voice was flat, but everyone could feel the anger inside him.

A hairy boy who doesn't put him in the eye, but arrogantly wants to fight to death!

He doesn't mind accepting the life of a young junior!

The city lord nodded slightly, since Ye Chen had agreed, he had no reason to stop it.

All that should be said has already been said, only to blame Ye Chen for being too arrogant.

"Master City Lord, do you have an alchemy furnace, lend me a use!"

At this moment Ye Chen spoke in embarrassment. There was indeed an alchemy furnace in the reincarnation cemetery, but the quality was too low to bear.

The alchemists present here showed a strange look.

There isn't even an alchemy furnace. What's this kidding?

Is he really an alchemist?

They deeply suspected that an alchemist's pill furnace has never left his hands, it is completely his own life!

The corner of the city lord's mouth twitched unconsciously there was no alchemy furnace.

He called a subordinate to get an alchemy furnace, and soon his subordinates took an alchemy furnace, the quality was not low but not high.

Master Yu was full of confidence and said to Ye Chen: "You are a junior, and I will not bully you, so I will refine the Rank Seven Dragon and Tiger Pill!"

When Master Yu finished speaking, the alchemist present frowned.

Seventh-turned Dragon Tiger Pill is a healing pill that can allow the martial artist of the Star Aperture Realm to recover from his injuries in an instant without any side effects.

Although Rank Seven Dragon Tiger Pill is fairly common, it is extremely difficult to refine it, and only good fortune-level alchemists can have enough assurance.

Master Yu's Star Aperture Grade is naturally easy to refine, but Ye Chen's words, I am afraid there is a risk of frying, and it is extremely great!

Saying not to bully, this is Ye Chen's death in the naked, without even a chance to breathe.

Chapter 2218: Dadao Danyin!

Ye Chen knew the thoughts in Master Yu's heart, but he just nodded slightly and agreed.

He had also heard of Rank Seven Dragon Tiger Pill, but he had never refined it. At his level, Rank Seven Dragon Tiger Pill had no effect.

The city lord called his men and asked them to prepare the medicinal materials for the Seventh Rank Dragon Tiger Pill.

Soon his subordinates came over with two medicinal materials, one for each in the hands of Ye Chen and Master Yu.

Master Yu gave a cold snort, then sat down cross-legged, and took out a delicate pill furnace. A faint pill fragrant came from it, and its quality exceeded Ye Chen's pill furnace.

Refining a pill of this level is very easy for him.

I saw that he put in the medicinal materials in a hurry, and the weight of each medicinal material was just right!

The alchemist present here was secretly shocked, and he really deserved to be Master Yu.

Looking at Ye Chen again, he found that the latter did not act at all. Instead, he sat on the ground, closed his eyes, and didn't know what he was doing.

The alchemist shook his head. In their eyes, they thought that Ye Chen had abandoned himself and planned to wait for death quietly.

Ye Chen was turning his mind to the ancient book of Cang Ancient Medicine God about the refining method of the Seventh Rank Dragon and Tiger Pill. He quickly found it. After looking carefully, he found that he usually refines the Seventh Rank Dragon and Tiger Pill. Some differences, in terms of weight, there are some differences.

This is something of Canggu Medical God, Ye Chen didn't doubt it at all, and prepared to refine it according to the above.

In Master Yu, a faint Danxiang has appeared, and it only takes half an hour to succeed.

Master Yu saw that Ye Chen hadn't moved yet, so he was completely relieved. This time, the death fight is sure to be steady!

"Look, that kid moved!"

One of the alchemists said that they had been observing Ye Chen.

Even if you know you lose, you have to struggle a bit, right?

Although miracles are basically difficult to happen.

Ye Chen first took out the Tianfanhua and put it inside. This scene made the alchemist laugh wryly.

The order of putting them is wrong, the blue spirit grass should be put in first, and then the skyflowers.

It seems that this Ye Chen has never refined the Rank 7 Dragon Tiger Pill, maybe he doesn't even have a pill, just refining it randomly.

Ye Chen ignored everyone's gaze, continued to put in medicinal materials, and then sacrificed Xuan Yan.

He wants to use Xuan Yan to refine the Seventh Rank Dragon Tiger Pill.

There is indeed a gap in experience between him and Master Yu. Others have been practicing alchemy all their lives, but he is the only one who uses elixir to improve martial arts.

In this death fight, if you want to defeat Master Yu, you must use some other means to win.

When Xuan Yan appeared, everyone felt extraordinary.

Master Yu's flame is a beast fire, and Ye Chen's flame is completely incomparable.

The blazing flame swept over, Master Yu squinted his eyes, glanced at Ye Chen's flame, a look of greed flashed in his eyes.

The moment Ye Chen died, this flame was his!

Even if Ye Chen's flames were extraordinary, no alchemist thought that Ye Chen could win.

After all, the order of putting the medicinal materials has already been problematic, and the only result waiting is the fryer.

As time passed bit by bit, Master Yu did not dare to be distracted, it was the last moment of condensing pills.

Even as a star-aperture-level alchemy master, he can't be distracted. A single mistake will lead to a failure in alchemy.

The main hall of the City Lord's Mansion was already filled with pill incense, and a slight smell made it feel refreshing.

Master Yu stood up, opened the pill furnace, and placed a crystal clear pill in his hand.

The Seven-turn Dragon Tiger Pill exudes the fragrance of pill and is filled with attractive luster.

"As expected to be Master Yu, you can see at a glance, it is definitely top grade!"

One of the alchemists stood up and praised it without hesitation!

"It's just a trivial matter to refine a pill of this level."

Master Yu speaks of modesty, but with a smile on his face, he obviously likes everyone's flattery.

He turned his head and glanced at Ye Chen, and found that he hadn't condensed the pill yet, with a disdainful smile on his mouth.

There was no movement from Ye Chen. In terms of time, Master Yu was already ahead.

The alchemist present looked at Ye Chen and shook his head. What use is there to struggle now?

So far, Ye Chen's Seventh Rank Dragon Tiger Pill hasn't had a fryer, which is already a miracle.

boom!

At this moment, a dull noise came from Ye Chen's alchemy furnace.

When everyone heard it, they knew that this was a prelude to frying!

Master Yu, who was on the sidelines, watched the show. After Ye Chen fry the stove, what else would he have to say?

boom!

This time, there was another sound, but it was not Ye Chen's pill furnace, but a thunder.

In the Heavenly Devil City, there are dense clouds, lightning and thunder!

The city owner stood up directly, looked up at the sky, and muttered in his mouth: "This is a pill!"

"And this vision seems to surpass the Star Aperture Grade Alchemist!"

When the pill reaches a level that is against the sky, the heaven will descend the pill, and the existence of the pill is not allowed.

The warriors in the Sky Demon City had already felt the aura of terror, and they looked up at the sky one by one.

Which great power is going to cross the catastrophe in the Devil City?

They thought that there was a strong person who broke through the realm and attracted Thunder Tribulation, but they didn't know that it was because of a pill!

In the city lord's mansion, a famous alchemist stood up, his eyes fixed on Ye Chen's pill furnace.

Master Yu's Seventh Rank Dragon Tiger Pill has been refined, it is impossible to attract the pill, the only possibility is Ye Chen.

A pair of shocked eyes stared at Ye Chen, the boss with an open mouth!

Isn't Ye Chen's Seventh Rank Dragon Tiger Pill going to be fried soon? How could it attract Pill Tribulation?

In the void, Thunder Tribulation continued to condense, and a flash of lightning fell instantly.

boom!

Ye Chen stood up, clenched his fists, and directly smashed Thunder Tribulation!

Ye Chen was injured, but after experiencing the Sword of Destruction of Heavenly Dao Palace, this thunder calamity was still too weak for him.

His body was fully able to bear it, and Lei Jie fell one after another, each time he was smashed with a fist.

The sky dropped seven or seventy-nine thunder tribulations before it stopped. Above the void, the dark clouds dispersed, and the thunder tribulation ended.

Everyone stared at Ye Chen and Pill Furnace, they wanted to know how far the Seventh Rank Dragon Tiger Pill had reached.

"Impossible! Impossible!"

"He is just an unknown alchemist, a mere junior, how could he attract a vision!"

At this moment, Master Yu is no longer the same as he was just now, and there is an incredible look in his eyesbuzz!

At this moment, the alchemy furnace suddenly heard a humming sound.

"It must be a fryer!"

Master Yu roared, his voice was extremely harsh, his eyes fixed on the pill furnace.

This is his only hope, as long as the furnace is fried, even if there is a thunderstorm, he will still not lose in this battle!

Hum! Hum! Hum!

Suddenly, a beautiful voice came from the pill furnace, and the lingering sound came around the beam.

The alchemist, who was already shocked, stayed like a wooden chicken, standing in place, like a fool!

"This...this is Dadao Danyin..."

One of the alchemists murmured, his hands trembled.

Chapter 2219: This dangerous move, the old man finally won the kingdom of God

Dadao Danyin, a vision of heaven and earth!

How many alchemists, it is impossible for a lifetime to hear the sound of Dao Dan!

Unforgettable!

A star-aperture-level alchemist, broke through to a star-aperture-level middle-rank alchemist on the spot.

It was a chance for them to be able to hear the sound of Dao Dan.

One alchemist broke through, and the others felt that their alchemy level was rising.

Although there is no breakthrough on the spot, it is just a bit of insight that can definitely be rewarded.

Ye Chen opened the alchemy furnace, took out the Seventh Rank Dragon Tiger Pill, and saw a dragon and a tiger hovering above the pill.

Not to mention Dan Jie and Dao Dan Yin, the simple dragon and tiger circling is enough proof.

Ye Chen's pill completely surpassed Master Yu, and he could tell the gap between the two at a glance.

At this moment, Ye Chen was also shocked.

The **** thing Canggu Medical God said had such an effect.

If he learned all the inheritance of Canggu Medical God, would he be invincible in the way of medicine and alchemy?

It is a pity that the ancient doctor Cang has a weird temper.

At this moment, Master Yu had completely fallen to the ground, and his star-aperture-level alchemist had actually lost to an unknown junior.

At this moment, the alchemist looked at Ye Chen's eyes completely different, if he had despised it before.

Now it is shocked and admired!

A young man can cause a vision of heaven and earth. Although he is not at a high level now, he will definitely become a master of alchemy in the future.

The city lord himself did not expect that young people who were not optimistic about everyone would be able to...

"Actually, alchemy is just my sideline!"

Ye Chen looked at everyone's adoring eyes, slightly speechless!

When the alchemists present heard Ye Chen's words, they couldn't wait for a mouthful of old blood to come out.

They have studied the art of alchemy all their lives, but an alchemist who is engaged in a sideline can actually cause great alchemy.

Is there any reason for this?

"Master Yu, now you are convinced that you lose, you can dictate yourself!"

Ye Chen stared at Master Yu who was lying on the ground.

Two people fight to make alchemy, and the loser will naturally become a dead person!

Master Yu trembled all over and glanced at the city lord!

I hope the city owner can say good things, and forget it!

What did he say, he was also a star-aperture-level alchemist, as long as he was alive, he could be respected by others.

Now let him die, how can he accept it!

The city lord wanted to say something nice, but when he saw Ye Chen's sharp gaze, he didn't say a word.

For the sake of Master Yu, it is completely unnecessary to offend a young man who is talented and evil.

He naturally knows who is more important between the two.

The eyes of Master Yu's whole person were completely ashes. He looked at Ye Chen and said, "I am willing to give you all my worth, as long as I live."

There are some of his own treasures, although they are all given to Ye Chen, making him impoverished, but as long as he lives, he can earn it back sooner or later.

"Are your treasures valuable?"

Ye Chen dismissed it with a smile, although the alchemist was indeed rich, but he didn't like it at all.

"Do you have to let me die!"

Master Yu stood up, staring at Ye Chen with a bitter expression on his face.

He is also a strong man who is not weak, although he is injured, facing a mid-star warrior, he is not afraid at all!

"Yes!"

Ye Chen smiled and said, the aura from the late stage of a star aperture could not threaten him at all.

At this moment, Master Yu suddenly shot, and the whole figure rushed towards Ye Chen.

As long as Ye Chen is dead, he will naturally survive.

Even if the talent is good, but a dead person, there is no threat at all.

The city lord will not kill him for a dead person!

Although a little bit ugly, Master Yu must do this in order to survive!

As long as he is alive, he is still a superior alchemist.

Master Yu's speed was so fast, everyone did not react at all.

The city owner wanted to rescue him, but it was too late!

Ye Chen stood on the spot, motionless as if being frightened.

A sneer came from the corner of Master Yu's mouth. Although he does not pay attention to martial arts, he is also a strong one.

Ye Chen can be killed in one hit!

When Master Yu was about to rush over, Ye Chen shook his head slightly, then clenched his fists and made a creaking sound.

boom!

With a fist, everyone did not see Ye Chen's fall. Instead, Master Yu's entire figure flew out directly.

His chest was sunken, a mouthful of blood spurted from his mouth, and he fell to the ground!

Completely dead!

The power of a punch!

The alchemists present here stared with big eyes, what's the situation?

Originally they thought that the alchemist was just a sideline and Ye Chen was joking, but now it seems that it is really like this...

The alchemy masters here did not say a word, Master Yu ended up in the current situation. To put it bluntly, it was just his own fault.

If he wasn't targeting Ye Chen, how could he be killed.

The city lord sent his subordinates to throw out the body of Master Yu, and then said: "You will stay in the city lord's mansion for the time being, and you will go to the demons in two days."

Ye Chen and the others nodded slightly. After the city lord left, an old man brought the little girl to his side.

The little girl was wearing a ponytail and staring at Ye Chen.

"Little brother, have you never been to the Demon Race? When the time comes, we will be together, so we can have one to take care of."

Ye Chen glanced at the old man, then smiled and said, "No problem."

When fighting against Master Yu, apart from the city lord, it was this old man's kind reminder.

"My name is Kong Wei. If you don't dislike it, you can call me Kong Lao. You must be careful not to conflict with them in the Mozu."

"Jun Mochen is a famous tyrant, who kills people without blinking..."

"After the fall of the Devil Emperor, the demons have changed."

Kong Lao had obviously been to the Demon Race and told Ye Chen some news.

In a word, the demons are in chaos and murder is everywhere!

There are only two words most important in Mozu, low-key!

If you accidentally provoke the strong, you will be killed on the spot on the street.

This kind of thing is too common in Mozu!

Ye Chen's eyes shone with light.

What about Jun Mochen.

This time, he set foot on the Demon Realm! Not only must the Devil Emperor be awakened, but the Devil Emperor's body must be recast!

He wants to tell the Mozu! Your emperor is back!

...

In the ruins of the demons.

The demonic energy surged.

Countless monsters moved towards a broken figure.

That seems to be an old man.

Their fierce fangs were filled with blood.

Apparently tore someone just now.

These monsters are extremely powerful!

Far more terrifying than monsters of the same realm!

The head of a Warcraft smiled coldly, and instantly rushed to the unconscious figure.

suddenly!

The old man's fingers moved!

The thunder and lightning all over!

All the surrounding monsters were torn apart!

The old man got up, his face was ashamed, he glanced around, but smiled.

"Ye Chen, I'm afraid you are here too."

"With this risky move, the old man finally won the kingdom of God."

"However, whether you can contend with the kingdom of God depends on your chances here."

Chapter 2220: Reincarnation Star Stone!

Lingxian Imperial Palace.

A ruin.

Who can imagine the Lingxian Imperial Palace site that was once one of the top forces on the Lingwu Continent.

The disciple fell and the palace lord disappeared.

The myth of Xia Lingqiu is no longer.

No one knows where Xia Lingqiu has gone.

Xia Lingqiu's life was too legendary and mysterious. According to legend, the tribulation came and the mystery of the gods and demons opened!

Only Xia Lingqiu entered.

When the secret realm broke open, Xia Lingqiu began the road against the sky.

The power of one person abruptly promoted the second-rate power Lingxian Imperial Palace to the top power.

In ruins.

A young girl sitting cross-legged stood up, her eyes opened.

Her eyes are beautiful, just like galaxies in the world.

"Girl, you are awake." Bing Sword Saint King said.

In the past three days, the Ice Sword Saint King did not return to the Ten Thousand Sword Emperor Palace, but silently guarded Xia Ruoxue.

Xia Ruoxue is the disciple's confidante, he naturally wants to protect it.

If the Sword of Heaven's Destruction is to come, Ice Sword Saint King will also bear it for Xia Ruoxue at all costs.

This is a promise made by a master to his apprentice.

Xia Ruoxue stood up and leaned back: "Thank you Senior Bingjian for protecting me."

Ice Sword Saint King smiled: "This way, I watched Ye Chen come, and I also know how important you are to Ye Chen, how about protecting you for three days."

Xia Ruoxue suddenly thought of something and quickly said: "Senior Ice Sword, Ye Chen...Where is Ye Chen?"

The Ice Sword Saint King hesitated for a few seconds before sighing: "The Heavenly Dao Palace shot Ye Chen, and the Eternal Saint King and Ye Chen opened the demon realm. At that time, the space was torn, and Ye Chen and the Eternal Saint King fell into it."

"If I guessed correctly, he should be at the place of Demon Clan, that is, Jun Mochen."

Xia Ruoxue's eyes were full of worries, and this scene was naturally captured by the Ice Sword Saint King. He comforted: "Girl, you don't have to worry about Ye Chen, the sword of heaven and the world can't kill him, and the Demon Clan can't kill him. "

"At the moment, you are also a little injured. Why don't you follow me to the Ten Thousand Sword Emperor Palace. The formation of the Ten Thousand Sword Emperor Palace can protect you and let you practice with peace of mind."

However, Xia Ruoxue shook her head: "Senior Ice Sword, thank you, but no, I want to visit the Demon Race."

"Siqing because I was taken away, she told me to take care of Ye Chen, so wherever he is, I will be there."

The Ice Sword Saint King refused: "No, the Demon Race is different from the Lingwu Continent. The Monarch Mochen tyrant is in charge, and there is killing every moment."

"The power of the demon race is higher than that of the Lingwu continent, and because the demon race has endless demon energy, their strength will increase a lot."

"You are not suitable for a woman to enter."

Xia Ruoxue was determined, and suddenly, her eyes fell on the mysterious boulder: "Senior, do you know the origin of this stone?"

"This stone, Xia Lingqiu will send someone to grind it into powder and feed me a part of it every day. My cultivation base has grown extremely fast."

"But she can't take it, even if she thinks it's problematic."

"I even feel that there is a big connection between this stone and me."

The Ice Sword Saint King held his hands behind him, staring at the mysterious boulder, pondered for a long time, and said: "In fact, I have noticed this stone a long time ago."

"If I guessed correctly, this stone is related to Ye Chen."

"But it's not the reincarnation monument that Ye Chen was looking for."

"Its material is exactly the same as the Reincarnation Stele."

"If I guessed correctly, this should be the reincarnation star stone."

"The Reincarnation Star Stone can be traced back to ancient times."

"It has extremely mysterious power, close to the source of energy."

"It is erratic and difficult to find."

"Even in the kingdom of God, it is extremely rare."

"Then Xia Lingqiu had a chance against the sky, this reincarnation star stone is part of the reason for her accomplishment."

"As for why the reincarnation star stone accepts you, it should be because you have a part of reincarnation blood."

"That is Ye Chen's bloodline."

"As for how you own it, you should know best."

Xia Ruoxue's eyes widened and her face blushed instantly.

She once had mingled with Ye Chen's yin and yang in China, and vaguely discovered a bloodline change.

All this is probably because of Ye Chen.

"Senior, since this stone is a reincarnation star stone, what should I do with it?"

Xia Ruoxue asked.

The Ice Sword Saint King nodded and said: "This stone is considered to be predestined with you, so you will stay by your side, but you don't need to grind it into powder every day, as long as it is sacrificed during cultivation."

"When you see Ye Chen, you will tell him about the reincarnation star stone. He should have a decision."

Xia Ruoxue nodded, directly used the storage ring to accept the reincarnation star stone, and said to the Ice Sword Saint King: "Senior, goodbye."

The Ice Sword Saint King knew that no matter how much he said, it would be useless. He smiled helplessly, and then stopped Xia Ruoxue and said, "If you really want to go to the Demon Race, I won't stop you."

"But before the Demon Race, should you care about Kunlun Xu?"

"Blood Spirit Race against Kunlun Xu is also a year, and Lingyun's one-year agreement is over. If the Blood Sword Gate of the Blood Spirit Race again attacks Kunlun Xu, have you thought about the consequences?"

Xia Ruoxue's body was startled, and her eyes flashed with ice.

"Senior Bingjian, thank you for your reminder."

"A year ago I might not have the qualifications to stop this catastrophe, but a year later, when I step into the closed door realm, I can help Ye Chen protect Kunlun's imaginary peace!"

The long sword is unsheathed.

Xia Ruoxue stepped on the sword and walked towards the boundless sea of clouds.

The Ice Sword Saint King nodded, looked at the distant figure, and muttered: "My apprentice, in the future, I'm afraid it will become more and more difficult."

"Fight against the kingdom of God?"

"On the vast land, who dares to shake the kingdom of God?"

"I'm afraid only Ye Chen!"

...

The vast demon realm, the demons.

Ye Chen got a lot of news from Kong Lao's words, and asked Mo Hai vaguely.

The Devil Emperor nearly fell in order to save himself, since he stepped into the Demon Race, he should also do something for the Devil Emperor.

Cohesion of the true body is one piece.

Rescuing the daughter of the Devil Emperor is the same thing.

However, Kong Lao didn't know where the Demon Sea was, so it seemed that he could only go to the Demon Race and continue to inquire.

Two days passed in a flash, UU reading [www. uukanshu.com](http://www.uukanshu.com) Old Kong's granddaughter in the past two days, occasionally talks to Ye Chen.

The demon warrior came to the city lord's mansion and took Ye Chen and the others away. Ye Chen was talking to Kong Lao along the way.

As for other alchemists who wanted to have friendship with Ye Chen, he didn't make any sense at all!

He originally used his identity as an alchemist to mix into the demon clan, and he would not really refine alchemy for the demon martial artist.

After entering the demons, he will find an opportunity to leave directly.

With the leadership of the demon martial artist, Ye Chen soon came to the demon clan.

As soon as he entered the city of the demon clan, Ye Chen found that the air was filled with the smell of blood.

The devilish energy on some demon martial artists could not conceal the **** smell on them.

The gap between Mozu and Lingwu Continent is too big!

It's a sin city!
