Chapter 2221: The crisis of Lord Mochen

Walking on the road, Ye Chen had only one feeling, chaos!

Endless blood and bloodthirsty.

There are no rules here!

If you really want to talk about the rules, the only rules are killing and strength.

"I will arrange an inn for you, remember not to cause trouble, or no one can save you."

"At that time, I will make it clear that someone will naturally take over you."

The demon martial artist looked at these alchemists and said, then found an inn and arranged them inside.

When Ye Chen stepped into the area of the Demon Race, his expression became extremely weird.

The sting of the eyebrows kept coming.

Although the Devil Emperor was in a coma, the Devil Emperor's anger still ignited raging on this homeland!

Brother's betrayal! The imprisonment of the daughter! The fall of oneself! Loss of strength!

All because of the rights and interests in this homeland!

People's greed may also be restrained by human nature.

The greed of the devil is endless!

...

At the same moment, in a magnificent palace, Jun Mochen, known as the tyrant of the Demon Race, suddenly frowned, and a faint trace of blood overflowed from the corner of his mouth.

He noticed a familiar breath.

This breath has often appeared recently.

That was the existence he was least willing to touch.

He thought it was an illusion.

But he found that the sense of crisis became stronger and stronger.

Suddenly, his eyes widened!

There seemed to be a stalwart figure reflected in his pupils!

That was his nightmare for countless days and nights!

Devil!

"The breath of the Devil Emperor has entered the Demon Race!"

Jun Mochen stood up and paced back and forth.

Suddenly, he thought of something and said: "Magic, come out!"

In an instant, a group of black magic energy appeared out of thin air, and a figure was condensed.

Mo Ying knelt in front of Jun Mochen, respectfully said: "Mozun, what is your order?"

Jun Mochen spoke directly: "I feel the breath of the Demon Emperor again, and my instinct tells me that he has come to the Demon Race."

"How should I deal with this matter!"

Mo Ying is one of Jun Mochen's think tanks and is highly regarded by him.

Many major decisions of Jun Mochen have Moying's suggestions.

Hearing the absurd words, Mo Ying was slightly startled, and immediately realized the seriousness of the matter, and said: "Move, there are too many doubts about this matter."

"The Devil Emperor has truly fallen, and his body and soul have disappeared. There is no chance of rebirth at all."

"However, Demon Lord, your intuition cannot be wrong."

"So, I guess, if the Devil Emperor really returns, with his strength, he might have killed him to find an adult. Since the opponent did not appear immediately, it means that the Devil Emperor has great restrictions at this moment."

"What we have to do now is to kill all threats."

"Devil, when did that feeling of threat appear...I suggest..."

Before he finished speaking, Jun Mochen understood something!

"Come here, kill all the warriors who entered the Demon Race yesterday and today!"

"No matter what identity, no matter what origin!"

Jun Mochen felt a trace of the Devil Emperor's breath, he wanted to kill all threats in the cradle.

Of course, this sense of crisis is only now revealed.

He was still worried about yesterday.

This is the origin of his tyrant name!

...

At this moment, Ye Chen naturally didn't know about Jun Mochen.

After he lives in the inn, he plans to go out to find the whereabouts of Mohai.

The Devil Qi of Demon Sea is the strongest, maybe it can awaken the Devil Emperor.

Leaving the inn, Kong Lao asked Ye Chen to be careful.

They came into the Demon Race, except for the leadership of the Demon Warrior, basically they would not go out.

I'm afraid of accidentally being obliterated outside.

Ye Chen smiled and nodded in agreement, his current strength, as long as he does not provoke a middle-aged man, he has a certain ability to protect himself.

After leaving the inn, Ye Chen went to the depths to explore alone.

Three hours after Ye Chen left, something happened in the inn.

Kong Lao ate on the first floor, but his granddaughter was not careful, and the soup was scattered on a demon warrior.

"Humble human race, I think you are looking for death!"

The strong demon clan stood up directly. He himself was in the middle stage of the Star Aperture Realm, and his strength was extremely strong. When a slap was about to fall, Old Kong directly hugged his granddaughter and used his life-saving technique to avoid him.

"Masters, I'm sorry, my granddaughter accidentally spilled the soup, I apologize to you!"

Elder Kong knelt on the ground and slapped his face directly with his hand. He was not strong enough, and he was not an opponent of the Star Aperture Realm powerhouse at all.

The key is that there is a middle-aged man sitting around those people, his strength is unfathomable, he can't see it at all.

The middle-aged man drank, as if he didn't care about what happened.

In the Mozu, Kong Lao is cautious to the extreme.

He is willing to give up his dignity and let him and his granddaughter live.

"Does an apology work? Old beast, do you know where this place is? This is the demons! This is the city of sin!"

The alchemist who was with Kong Lao and the others shuddered in fright without saying a word.

They don't dare to intercede now, maybe they will be implicated in time.

"Please, forgive my granddaughter! She is still young...I can make alchemy, and I can make alchemy for you unconditionally!"

Kong Lao has only her granddaughter, absolutely can't let her happen.

"Sorry uncle, I'll get a towel and wipe it for you!"

Old Kong's granddaughter also knew that she was in trouble, she didn't know what to do, she just wanted to wipe it off with a towel.

When she stood up, she was going to get the towel, but at this time, there was a dull noise.

Kong Lao's whole body fell on the ground, blood splashing, dripping on the little girl's cheeks.

Old Kong's \*\*\*\* water, there is still a trace of residual warmth, the little girl stood there, panicked to the extreme, because she found that her grandfather had fallen forever.

"grandfather!"

"grandfather!"

The little girl came to Kong Lao crying, only to find that Kong Lao had closed her eyes and there was no alive.

"What a life and death thing!"

The Star Aperture Realm Demon Race expert sneered, and spit on Kong Lao's corpse.

In his opinion, just killed an insignificant little person, it is not worth mentioning!

Kill it, kill it!

That's it!

Human lives are worthless in their eyes!

The powerful demon stood up and glanced at the crying little girl.

When he likes to kill, the helpless look of others will make him more and more excited and want to continue to kill!

"Little girl, you are too noisy, I will send you down to reunite with your grandpa!"

He stretched out his hand, wanting to slap the little girl directly, but at this moment, a voice suddenly came out: "Stop!"

Ye Chen stepped into the inn and happened to see this scene.

Although he came back, he was still a step late after all, and Old Man Kong had fallen.

Chapter 2222: Cruel world!

"Big brother, my grandpa can't wake up!"

The little girl saw Ye Chen and ran over and hugged Ye Chen's body.

Ye Chen's eyes were filled with anger, and he lightly patted the little \*\*\*\* the shoulder.

Today's matter, he also felt the chaos of the demons.

After the demon emperor fell, the demon clan was a land of charcoal.

"Don't worry, I will avenge your grandfather."

If it weren't for Kong Lao, Ye Chen didn't know the situation of the demons either.

The old man Kong is not bad, and little girls often chat with him.

"You killed Kong Lao?"

Ye Chen comforted the little girl and came to the demon strong man.

"If an old person doesn't die, he kills him, why? Do you want revenge?"

The eyes of the strong demon clan were a little jealous.

He felt Ye Chen's cultivation.

The same Star Aperture Realm, but fortunately, the opponent is only a four-layer sky.

His strength is enough to crush.

Ye Chen did not continue to speak, but directly took out the beast rotten sword, the immortal sword intent on his body burst out.

The meaning of        is self-evident!

Blood debt is paid back, no more nonsense!

The moment the immortal sword intent burst out, the killing intent suddenly flowed in Ye Chen's body.

铮! Zheng! Zheng!

Beast Rotten Sword burst out with dazzling light, and in the inn, the coldness continued to condense.

makes everyone feel like they are in the ice and snow!

It's extremely cold!

The strong demon clan frowned, and the momentum emanating from Ye Chen made him aware of a trace of danger.

stab!

Ye Chen's arm was suddenly raised, and he slashed out crazy with a sword!

Although the strong demon clan found something wrong, it seemed that it was a bit late now.

A sword swung out, and the surrounding space instantly condensed into ice, rushing over.

Boom!

fell in an instant, the Star Aperture Realm expert wanted to avoid it, but found that it was too late.

Around his neck, blood and water surged, and his whole body fell on the ground.

A pair of eyes widened, until he died, he was killed by a single sword!

The blood quickly flowed on the ground, and some warriors noticed something was wrong and left directly.

boom!

A man's wine glass fell on the table, making a dull noise, and the whole table split in four or five.

From beginning to end, he did not stop, even if his companion died, there was no sorrow.

"Do you know the identity of the person you killed?"

"Of course he is humble, and you are not an outsider who can do it."

"I won't kill you, you cut off your head by yourself, at least this will save you some pain."

A few words are extremely arrogant, although Ye Chen can kill the Star Aperture Realm powerhouse in a second, so what? He is a powerhouse in the Middle Gate Realm.

And he felt that Ye Chen was injured, and he was still seriously injured.

There was still a trace of extinction in his body.

Jun Mochen cares very much about stifling threats. Naturally, every team has the strongest!

He wants to completely kill the existence of the Devil Emperor!

Ye Chen's mouth rose slightly, and then he directly said, "Are you worthy!"

He is arrogant, Ye Chen is even more domineering!

The middle-aged man stood up from the chair, his eyes fixed on Ye Chen.

"Looking for death!"

At this moment, he was really angry!

A star-aperture realm martial artist, so arrogant in front of him, really knows how to live and die!

The devilish energy on his body was constantly surging, and the whole inn was shattered!

The breath of horror continues to permeate, just as substantial!

Ye Chen frowned, and his figure stepped back slightly. He hugged the little girl with one hand and placed it in a safe place.

The moment the middle-aged man exploded, the surrounding warriors had already escaped.

The breath of middle-aged men, they can't resist it!

Ye Chen stood on the ground, his hair flying freely, the beast sword and the gods and magic spears held in his hands.

The devilish energy on his body burst out directly, and the devilish energy in the surrounding air flew towards Ye Chen's figure.

Among the demons, the use of demonic energy can have a certain blessing.

Ye Chen can absorb the magic energy between heaven and earth!

"Little Star Aperture Realm, after learning a little demon clan technique, I think I am invincible? Do you know how powerful I am!"

The middle-aged man snorted coldly, waved his hand, and the power of heaven and earth spread throughout his body, and his eyes were filled with black flames.

The corners of Ye Chen's mouth rose slightly, and there was no change on his face. The devilish energy in the sky continuously poured into his body.

At this moment, the figure of the whole person, like a black light, reached the extreme speed, and directly rushed over.

The moment he rushed past, the gods and magic spears in his hands suddenly raised.

A shot is as fast as lightning, and it moves like thunder!

He was actually a little confused.

These powerful demons are obviously trained, and they kill them to the extreme.

Why are there still middle-aged men in the key small inn?

is too weird.

Boom!

One shot down, the entire space was faintly turbulent, the middle-aged demon man, without any change in his face, immediately clenched his fist.

The surrounding heaven and earth surged instantly, punching out like a dragon and tiger roaring.

Although Ye Chen burst out with a strong momentum, he has absolute confidence!

At the moment when the two touched each other, the gods and magic spears of the gods seemed to touch a hard boulder, and they couldn't shake a minute!

"Damn, the injury against Tiandao Palace that day has not fully recovered."

Ye Chen no longer hesitated, holding the beast sword in his hand, the devilish energy swept across, and the sword!

A sword came with a bang. Facing the sword, the middle-aged man released his arm and backed slightly.

At the moment he retreated, he pulled out the bloodblade knife in his hand!

The blade is blood red, I don't know how much blood of the warrior has been drunk!

The killing intent on the bloodblade burst out frantically, and Ye Chen stepped back slightly.

There are 8,000 warriors killed by middle-aged men. Otherwise, they would not be able to condense such a terrifying killing intent.

He held the blood-blade knife in both hands, slashed it out, a \*\*\*\* light rushed towards Ye Chen in an instant.

Among the blood-colored blade lights, there was a terrifying killing intent, and the sound of breaking through the air sounded.

The entire space was torn in half, and the warriors onlookers had already left. The aura that broke out between the two was too terrifying, they could not resist at all.

No one thought that a martial artist in the Star Aperture Realm could burst out with such a terrifying aura.

The \*\*\*\* light is about to fall, Ye Chen raised the gods and magic spear in Ye Chen's hand, and muttered in his mouth: "Broken Star!"

The gods and magic spears of the heavens burst into cold light, and a shot pierced the stars!

The whole ground is shaking constantly, and the house has no idea how much it collapsed.

Ruins on the ground!

The moment the blood-colored light touched the gods and demon guns, it exploded suddenly.

Boom!

The terrifying aftermath shocked, and Ye Chen's arm was slightly numb.

"If it wasn't for my injury that hadn't healed, you might already be a corpse." Ye Chen said coldly.

The Demon Sealing Powerhouse laughed when he heard such words.

He glanced at the old corpse and said lightly: "By the way, before you die, I will tell you something interesting."

"In fact, from the beginning, we were here to kill the people in this inn."

"There is an order on it, everyone who entered the Demon Race yesterday and today will die!"

"The little girl is just our chess piece."

"That old man's death is also innocent."

"This is just a little bit of fun before I killed someone."

Hearing this, Ye Chen's heart burned with anger! !

Your own taste is based on the death of others!

What kind of cruel world is this!

Chapter 2223: Demon 1 finger!

I don't know when there was snowflakes floating in the void, flying to the ground.

The surrounding temperature dropped at this moment, the chill spread, and a bright sword light fell crazily.

Boom!

A sword came out, like a broken bamboo, like a \*\*\*\* and a demon coming!

Sword Qi swept away, the figure of the middle-aged man disappeared into the void out of thin air, and he had already come to Ye Chen's side.

The blood blade in his hand fell directly!

stab!

Ye Chen's face was slightly pale, and his figure drew back crazily, pulling away from the middle-aged man.

It seems that the injury must be repaired as soon as possible.

The power of the Kingdom of God is really strong.

The middle-aged man was already able to teleport in the void, leaving Ye Chen no track at all.

After the knife fell, the middle-aged man directly hid in the void, ready to give Ye Chen a fatal blow.

Ye Chen's eyes looked around, wanting to find his place!

He looked up, and suddenly found that the middle-aged man was already above his head, and the blood blade in his hand fell directly.

The speed of this knife has reached an extreme, in his opinion, Ye Chen has no way to avoid it.

Ye Chen just wanted to use the wind and thunder, but he felt something.

He is now in the realm of the Demon Race. If you want to deal with the Demon Race people, the best thing is to injure the opponent with the power of the Demon Race!

And, here, the power of the demon will be stronger than the Lingwu continent! The least impact on own injuries!

When the middle-aged man fell with a knife, Ye Chen's figure retreated slightly.

Behind him, there were countless ghost ghosts.

These demon ghost shadows can absorb the devil energy in the air, and the originally dim shadows gradually become brighter.

The middle-aged man frowned when he saw this scene, condensing the ghost of the devil, even he could not do it!

The devil ghost is roaring, roaring!

The entire space began to oscillate continuously, and in the void, I don't know when a magic vortex formed.

These vortexes kept flowing, and the magic energy poured into Ye Chen's body madly.

The ghost ghost rushed towards the middle-aged man!

Ghost crying wolf howling, the warriors thousands of miles away seem to have felt it.

Demon God phantom slaughtered the past, the middle-aged man temporarily avoided his sharp edge, and the blood blade knife in his hand was constantly waving.

At the moment of waving, Ye Chen's whole figure has come to the middle-aged man's side.

The moment he arrived, the Blood Demon Sword and the Demon Spear of the Gods fell at the same time.

Boom!

Immortal sword intent burst out frantically, with one shot and one sword, like the thunder destroying the world.

The middle-aged man was busy fighting against the Demon God phantom. Who knew that Ye Chen rushed over at this time and caught him by surprise, with a shot directly through his shoulder.

Scarlet blood dripped from his shoulders, and he roared.

The terrifying breath burst out in an instant, and Ye Chen's whole body was directly shaken out.

A trace of blood spilled from his mouth.

The angry look on the middle-aged man's face didn't hide the slightest.

He was wounded by an ant!

If Jun Mochen knew, he would definitely die!

Jun Mochen does not allow his subordinates to fail!

The devilish energy on his body is constantly surging, and his eyes have turned scarlet.

Bloody eyes stared at Ye Chen, like a demon from hell.

Ye Chen suddenly felt a sense of crisis in his heart.

He discovered that the opponent's body gradually turned blood red.

is obviously a spell!

Why did Jun Mochen send such a powerful subordinate to forcibly erase the warriors who stepped into the demons yesterday and today?

Is Jun Mochen aware of his identity?

At this moment, Ye Chen only felt that he had come into a sea of blood, surrounded by endless blood surging.

The whole figure of the middle-aged man rushed over directly, and a blood-red light had arrived in front of Ye Chen in an instant.

His fists were clenched, and a strange light gushing out, suddenly falling on Ye Chen's chest.

噗嗤!

Ye Chen's whole body flew out directly, and a mouthful of blood poured out from his mouth.

When he was about to stand up, the middle-aged man had quietly arrived.

Holding a bloodblade knife in his hand, he slashed towards Ye Chen's heart.

But at this moment, a golden light burst out!

Red Dust Divine Vessel is activated!

Ye Chen is not damaged in the slightest!

The middle-aged man frowned. Just now was the best chance to kill Ye Chen, but now he missed it!

At first, he thought that a single move would kill Ye Chen in seconds, but now it seems that there are really some idiots talking about dreams.

"It seems that you should be the person Demon Venerable is looking for."

"The injury on your body is weird. It seems that you have experienced a strong blow. If you are not injured, I may not be your opponent."

"But reality is on my side."

"In that case, I will hold your head and go to see the devil!"

Ye Chen's expression moved, he no longer hesitated, planning to use the Thousand Soldier Explosion and Horcrux!

His spirit was also severely injured at the beginning, and it was unrealistic to use his spirit skills, and he could barely use a thousand soldiers burst.

At this moment, the old words flooded his forehead.

Not only that, but also a weak voice.

"You have stepped into the Demon Realm, there are many dangers, this is my martial arts, should be suitable for you."

"Also, in the battle against Heaven, my physical opportunity disappeared."

"If you want to recover, you must go to the magic sea to wake me up."

"Also, the forbidden area of the Demon Sovereign Palace should still contain a blood that belongs to me. This is what I just sensed."

"I'm afraid this blood is left by Jun Mochen."

Ye Chen's eyes lit up This is the magic of the emperor!

In the realm of the demon race, the demon emperor's unique skills can be used to release the greatest power.

No longer hesitate, Ye Chen closed his eyes and suddenly stretched out a finger.

The magic energy rushed into Ye Chen's finger madly, and all the magic energy in a radius of ten miles seemed to be beating at this moment.

These demonic qi seemed to be cheering, in joy, and could not help surging towards Ye Chen's side.

In less than three breaths of time, the devilish energy on Ye Chen has formed a black storm.

The devil qi in a radius of ten miles was absorbed by Ye Chen with one finger!

"The demon's finger!"

At this time, Ye Chen murmured in his mouth.

The middle-aged man saw Ye Chen's finger, his cheek showed a look of horror.

"This...this is the technique of that person! How could it be possible!"

At this moment, he was standing in the void, not knowing that the danger had come.

I was still immersed in Ye Chen's finger!

The Demon Emperor's technique reappears! This is a big deal!

Has the descendant of the Devil Emperor already appeared?

What the devil is going to kill is the descendant of the devil?

The powerful demon clan far away showed a frightened expression when he saw Ye Chen's finger.

Something happened!

Devil Emperor's technique appears, Jun Mochen will definitely spare no effort to kill Ye Chen! !

There are ruins in a radius of ten miles, the devilish energy surges, and a finger falls suddenly!

One finger tears the space, and the entire void is constantly turbulent.

Chapter 2224: The entire Demon Realm chases Ye Chen!

The middle-aged man wanted to escape, but found that he could not move at all!

Although he is a demon, he must be suppressed before the demon emperor's exercises!

Boom!

One finger fell directly on the middle-aged man's body, and there was a shaking sound.

The blood splashed continuously, and he turned into blood mist on the spot!

completely fell!

Ye Chen didn't have the slightest blood on his cheeks, and this finger had already consumed all the energy in his body.

The demon finger, extremely domineering!

He landed on the ground, looking for the little girl everywhere, but found that the little girl had already disappeared, and he didn't know where he went!

Ye Chen frowned and sighed helplessly. It was extremely difficult to find a little girl in the vast crowd.

Released the Tianma Yizhi, he felt that his identity had been exposed and he had to leave here as soon as possible.

Ye Chen's figure disappeared, but this battle caused an uproar in the Demon Race.

Demon Emperor's technique is reappearing!

is enough to touch people's hearts!

After a long time, Jun Mochen issued a notice in the Palace of the Gods and Demons, and the entire demons killed Ye Chen!

At this time, the portrait of Ye Chen has spread throughout the entire demons, and immediately kill it as soon as it is found!

Because of Ye Chen's arrival, the entire demons are undercurrents.

Inside an inn, Ye Chen has already put on a mask, and his portraits can be seen everywhere on the street.

In the inn, Ye Chen sits in a remote corner. If he wants to resurrect the Devil Emperor, he needs the blood of the Devil Emperor.

The Demon Emperor had just told him that if you want to get the blood, you can only get it by going to the forbidden area of the Demon Emperor's Palace!

Although he put on a mask, his identity in the Demon Race will be revealed sooner or later, so he must hurry up.

The only way is to sneak into the Demon Lord's Palace.

Ye Chen decided to take a risk and sneak into the Demon Emperor's Palace to find the blood of the Devil Emperor before his fall.

This is his only way!

made up his mind, Ye Chen did not delay, on the one hand, he recovered his strength, on the other hand, he headed towards the deepest part of the demon clan.

In the past few days, Ye Chen hurriedly hurried, and met some warriors who were inspecting in the middle, and they were all confused!

Inside a city, with the flow of people around, Ye Chen was inconspicuous at all.

This is the largest city of the Demon Race, thousands of miles away from the city, is the site of the Demon Zun Imperial Palace.

Ye Chen originally wanted to move on, but stopped in a corner.

In a cage, three women and a little girl are being held.

The woman's tops were shattered, revealing the snow-white scenery, and some Mozu warriors watched.

In a corner of the cage, the little girl shrank her head, her eyes full of tears.

"Yiyi?"

The corner of Ye Chen's mouth lightly opened, and he didn't expect to meet Lao Kong's granddaughter Yiyi at this time.

He thought the other party had fallen in the explosion.

Yiyi's cultivation level was not high originally, but when he disappeared in the crowd, he had no ability to protect himself before he was trafficked.

You need to buy things in Demon, as long as you can bring out treasures of the same value.

Of course, if someone competes, you need to see who has strong financial resources.

Ye Chen didn't want a conflict here, once he exposed his influence, he would inevitably be discovered by the people of Jun Mochen.

Although his injury has recovered a little, he has no confidence against Jun Mochen.

He came to the side in silence and said, "What treasures are needed, I bought these three women!"

was a middle-aged man who sold him, his cultivation level was not too high, he gave Ye Chen a surprised look.

"I need three space-time soldiers!"

As soon as the middle-aged man spoke, the other warriors shook their heads. For the three women, paying three soldiers of time and space was obviously not worth it!

As for Yiyi's words, they have been completely ignored, just a little girl.

"Yes!"

Ye Chen said directly!

There are many soldiers of time and space in the reincarnation cemetery, he doesn't care at all.

The other warriors were secretly startled when they saw that Ye Chen didn't even blink their eyes.

When Ye Chen was about to take out the Space-Time Soldier, a voice suddenly came.

"These three women, my master wants them!"

Among the crowd, a young man appeared, dressed in a brocade and jade robe, holding a fan in his hand, just like a young man.

There are three guards surging with blood and demonic energy beside him.

Everyone saw the young man taking two steps back unconsciously!

This is the young master of the City Lord's Mansion, Wang Hu!

The city lord of the city lord's mansion has a son, and he is very fond of Wang Hu.

Everyone in the entire city is afraid of King Tiger!

Ye Chen frowned, but did not speak.

"These three women will be sent to my young master's house immediately!"

There is no need to take out the soldiers of time and space, and Ye Chen has been completely ignored.

It's just a martial artist in the Star Aperture Realm! Did not take it to heart at all.

"This young master, I have already negotiated with him about these three women, can I cut love?"

Ye Chen said directly at this time!

Had it not been for not wanting to be exposed, he would have resolved it violently.

Wang Hu frowned and smiled suddenly. It was the first time he had met a warrior who dared to bargain in front of him.

"What are you, dare to let this young master cut love?"

No one can take away what he wants!

The warrior on the side looked at Ye Chen like a fool.

Wang Hu is arrogant and domineering, no one but his father can scare him.

Now a Star Aperture Realm martial artist, dare to offend Wang Hu Isn't this impatient to live?

Ye Chen's face gradually darkened, and he glanced at the vendor.

"Sorry, these three women can only be sent to the City Lord's Mansion."

The vendor took a step back. He was just doing a small business and didn't dare to provoke Wang Hu at all.

"What if I say no?"

Ye Chen stared at Wang Hu and said directly, his voice was getting colder and colder.

This is Kong Lao's only granddaughter!

No matter what, he must keep it!

"Boy, I think you want to die!"

Wang Hu laughed back and called a guard.

He didn't need to say anything at all, the guard already understood what it meant, and the whole person stepped forward and came to Ye Chen.

The aura of the Star Aperture Realm burst out directly, facing Ye Chen, he didn't want to do anything at all, just use the aura to crush to death.

However, Ye Chen stood motionless, and there was no pain on his face.

The coercion of the Star Aperture Realm had no effect at all in front of him.

Wang Hu's guard frowned slightly, but he did not expect to cause any harm to Ye Chen.

"Looking for death!"

He was confident enough to knock him down with a fist.

Ye Chen couldn't see any changes in his eyes. When the Star Aperture Realm powerhouse rushed over, he just stepped on it! !

An invisible killing intent condenses!

When the two touched each other, a figure flew out directly.

Chapter 2225: I also want to meet the Lord Demon Chen!

This scene caught the eye.

Ye Chen didn't take the key!

Everyone: "....."

Wang Hu was dumbfounded when he saw this scene. His guards were carefully selected, but he couldn't bear Ye Chen's breath?

He would never believe it if he hadn't seen it with his own eyes.

"I am willing to send five soldiers of time and space. As for Master Wang, there are only three women. You can find your identity."

Ye Chen didn't want to make things too big. There was only the last distance from the Demon Sovereign Palace. He planned to save Yiyi, so he tried to get in.

If Jun Mochen is alarmed, it will cause extremely unnecessary trouble.

"Excuse me! It's not a human problem anymore."

Wang Hu's face is dull, but his face is what matters now.

If he leaves in such a dingy way, how can he get involved?

Ye Chen furrowed his brows, and a cold light flashed in his eyes, and he was already showing face.

"You go together, I don't believe it, I can't deal with this little guy."

Wang Hu said to the other guards!

Seeing everyone rushing, Ye Chen shook his head helplessly.

Fortunately, he has recovered well, and his spirit is much better. Now, he no longer hesitates, and his spirit ability is directly released!

"Kill Shenhai!"

In less than a breath, everyone has fallen to the ground.

The crowd onlookers opened their mouths as if they were silly.

Wang Hu watched the guards fall to the ground sloppily, completely messed up inside.

Is that human being?

Ye Chen came to Wang Hu's face step by step, with killing intent in his eyes, and said, "Can I take these three women away now?"

A timid look flashed in Wang Hu's eyes, but when he thought of his father, but a middle-aged man, he didn't believe Ye Chen dared to make a move.

"My father is the lord of the city, the lord directly granted by Jun Mochen, you'd better give me the three women, otherwise..."

Snapped!

Wang Hu hadn't finished speaking, Ye Chen slapped him.

"I ask you now, the three of them, can I take them away!"

Wang Hu was slapped with a slap in a daze, and he hasn't recovered until now.

"My father is..."

Snapped!

responded to him with a slap, and his cheek is like a pig's head at the moment.

has not looked like Young Master Pian Pian a long time ago.

Ye Chen glanced at the vendor and took out the Space-Time Soldier, then grabbed the cage and left directly.

He must leave as soon as possible. Once fighting breaks out, his identity cannot be concealed at all.

Without any pause along the way, he left the city directly, came to a wilderness and ridge, and opened the cage.

"You leave, she stays!"

Ye Chen has no interest in these three women at all.

The three women walked out of the cage, glanced at Ye Chen, and then turned and left.

They did not expect that this young man would be interested in the little girl.

But in the demons, there are all kinds of warriors, and they are lucky enough to survive.

After        waited for everyone to leave, Yiyi shivered in the cage, Ye Chen took off the mask and restored his appearance.

"do not be afraid!"

Yiyi opened his eyes and took a look, and found that it was Ye Chen's eldest brother. He hurried out of the cage and hugged Ye Chen!

Now that her grandfather is dead, Yiyi thinks that her only relative is Ye Chen.

There was a wry smile at the corner of Ye Chen's mouth. He was going to the Demon Sovereign Palace soon, what should Yiyi do?

It is impossible for him to bring Yiyi.

Suddenly, Ye Chen thought of something.

The family of Chu Ying, the Nine Nether Kingdom, opened the Wangyue Tower not only to the Shenhuo Academy, but also to the Lingwu Continent and the Mozu.

And not far away, there happened to be the Moon Tower of the Chu Family!

"Yiyi, don't be afraid when you wait, I'll send you to a safe place."

.....

Settling down, Ye Chen flew all the way and finally came to the mountain where the Demon Zun Emperor's Palace was located, but he did not go up.

He can't go up either!

There are dangers on the top!

One step is death!

He can perceive endless killing intent around him, extremely cold!

Even those who come and go, he has seen many closed doors!

There is even Taixu Realm!

Is this the background of Jun Mochen!

is so powerful, far surpassing Lingwu continent!

The land of tyrants, if you are not careful, Ye Chen will surely fall!

This is even more terrifying than that between the world!

Isn't the body of the Devil Emperor rebuilt?

absolutely not!

He was thinking about how to enter the Demon Sovereign Emperor's Palace, wandering outside for three consecutive days, and finally caught a disciple with a lower cultivation level.

Upon asking, he knew that a medical elder would return tomorrow.

The key is that the strength of this elder is not too high!

This allowed Ye Chen to seize a little opportunity. When that happens, he only needs to seize the elder and pretend to be him.

But the Demon Zun Imperial Palace is like a cloud.

There may even be powerhouses in Zhan'er and Taixu Realm!

How does he pretend to be a star aperture?

It is easy to think about, but it is difficult to implement!

At this moment, Ye Chen's unexpected voice sounded.

"I can help you, but I also have the conditions."

"My disguise technique, let alone the Void Realm, you may not be able to find it in the Evil Realm."

"You have no choice."

The voice of Cang ancient medicine god!

Ye Chen was startled, pondered for a moment, but still seriously said: "Okay! I promise! What do you want me to do!"

Cang Ancient Medical God smiled slightly: "Don't be in a hurry, I will take it as you agreed."

"The time has not come, I tell you now, it will only disturb your Dao Xin."

"Anyway, when the time comes, no matter what it is, you must do it."

.....

Ye Chen hides in a mountain range, this is the only way for the medical elders.

He has already explored his strength, but an old man who has sealed the door for four levels can win in the shortest speed!

The next day arrived, Ye Chen found a figure in the void, obviously the elder.

The other party was wearing a black robe and carrying a weird box on his back. In contrast, there was a scar on his forehead, and his whole body was gloomy.

Ye Chen put on the mask and flew directly into the void.

When Ye Chen's figure was suspended in the void, the medical elder of the Demon Sovereign Palace stayed in place, took a look and found that it was only a martial artist in the Star Aperture Realm.

"Go!"

With the strength of , he didn't even have the desire to shoot, but Ye Chen stayed in place, with a hint of killing intent from the corner of his mouth. The ghostly figure suddenly rushed over. As soon as he rushed over, the beastly sword was held in his hand and lifted up instantly.

The medical elders of the Demon Sovereign Palace frowned, this kid wanted to die!

Star Aperture Realm also dared to attack others!

Of course he didn't care, just an ant, it can be solved with a slap!

He gave a cold snort and rushed over as the two got closer and closer.

The elder of the medical road suddenly frowned, and Ye Chen's breath exploded, making him feel a hint of danger.

how can that be?

Now he has no time to think about it, he wants to use a bit of strength, but it is too late.

The beast sword in Ye Chen's hand has fallen suddenly!

Boom!

A sword seemed to weigh ten thousand catties, and it fell on the arm of the elder of the medical road.

stab!

Blood splashed, dripping onto the ground, and the elders of the medical path let out a painful roar.

His entire arm was cut off with a sword.

"Your Excellency, I am the medical elder of the Demon Sovereign Palace, you are not afraid of revenge?"

In the Mozu, the Mozun Imperial Palace is a giant, basically no force dares to provoke it.

"Sorry, I need to use your identity!".

"It's just right, I also want to meet the Lord Demon Chen!"

Chapter 2226: The blood of the Devil Emperor!

"It's just right, I also want to meet the Lord Demon Chen!"

As soon as these words came out, the elder of the medical road was dumbfounded.

This person is going to see Jun Mochen?

Jun Mochen is the master of the demons! Have the supreme power!

The existence of killing people and drinking blood!

Countless Taixu realms dare not face the Lord Mochen!

And the young man in front of him is so reckless!

lunatic!

The key is that the strength of this young man is incalculable!

Obviously he can't compete!

Medical Dao elder realized the seriousness of the situation, and no longer hesitated, he sacrificed a rune in his hand.

The rune burned instantly, and the black flame enveloped the whole body!

In an instant, he was heading towards the Demon Lord's Palace!

As long as he returns to the sect, he will be safe, but he was shocked to find that his speed was gradually slowing down!

The cold sword intent is like a giant beast, constantly approaching!

This elder of swordsmanship cannot escape at all!

Boom!

A sword fell, and the medical elder of the Demon Sovereign Palace fell on the ground.

At this moment, he is dying and has no ability to resist at all!

His cold eyes looked at Ye Chen: "Little beast, step into the land of the demons, you will definitely die!"

"Even if you kill me, the strong in the Demon Lord's Palace will still find you!"

"Your cultivation base breath cannot be covered!"

"Master Demon Lord, will let you bear the wrath of hell!"

"Not only you, everyone around you will die!"

Ye Chen smiled slightly: "It won't work, you worry."

The words fell, Ye Chen pointed out and fell on the center of the eyebrows of the elder of the medical road.

Also, countless memories surge!

There was a series of atrocities of Daojun Demon Dust in his mind!

even discovered that Jun Mochen still has an iron army capable of shaking everything!

Go directly into it, like entering a tiger's den!

If I were discovered, I would die forever!

Will Ye Chen shrink back?

Of course impossible!

This matter is about the reunion of the devil's body! That day, if the Devil Emperor does not help himself, he will undoubtedly die!

Because of this love, Ye Chen also wants to help!

Ye Chen cleaned up the body of the medical elder, his appearance and breath had already been remembered in his heart.

He said, "Senior Canggu Medical God, it's your turn now."

The words fell, a figure condensed out of thin air.

The posture of the bones of the fairy style seems to shake the world!

It's a pity that Canggu Medical God is full of arrogance.

The arrogance that radiates from the bones.

The ancient medical \*\*\*\* Cang glanced around and smiled: "This disguise technique should have been used to cut the Evil Realm. It is a waste of you to use it on you."

"Seeing that you promised the old man first, the old man reluctantly helped you once."

Ye Chen just wanted to say something, the ancient medical \*\*\*\* Cang stepped out, and the whole body unexpectedly suspended thousands of gold needles.

The golden needles condensed, and in an instant it turned into a gossip picture behind him.

"Canggu Ling Medical Technique, hide from the sky, cross the sea, seek, Taoyuan, open!"

A thousand golden needles shot out with a scolding!

seems to travel through time and space.

Ye Chen can feel the air surging around!

His face changed at the speed of the naked eye!

Not only that, his cultivation base and aura are all obscured!

A few seconds later, the gold needle returned to its position.

The ancient medical \*\*\*\* Cang carried his hands on his back, and said lightly: "What you want me to do is safe, don't forget your promise."

"If you dare to disobey, my body can kill Taixu pinnacle, and my spirit can also destroy Xingqiao people!"

"By the way, there is one more thing you have to pay attention to. You should try not to make a move when you are in a disguised state. Once you make a move, everything that I have covered for you will be revealed. Naturally, the Void Realm cannot be noticed, but the Slashing Evil Realm may be even worse. The existence of Gao is very likely to be discovered."

Ye Chen instantly felt the cold killing intent, and he smiled helplessly.

The reincarnation cemetery has so many great powers, it is the first time to be threatened by the power.

He didn't hesitate anymore, and went directly to the Demon Zun Emperor's Palace.

.....

Kingdom of God, Palace of Heaven.

The deepest palace.

The atmosphere is solemn.

The man above the dragon sits on the high platform, his eyes glowing with killing intent and anger.

The strong people in the audience lowered their heads, and they didn't even dare to exhale!

These people, as long as one person stomped their feet lightly, the entire Lingwu Continent could usher in an extinction earthquake!

The atmosphere is gradually suppressed to freezing point.

At this moment, the man above Shenlong stood up abruptly, his five fingers suddenly opened!

An old man in the front was instantly sucked in by an endless force!

The man strangled the old man's neck!

"A bunch of waste, how long has the Yantian Dragon God disappeared! I'll let you go through the entire Lingwu continent! Why haven't you found it!"

"The Yantian Dragon God has followed me Xuanyuan Moxie for many years! Never disappeared for so long!"

"I don't care what happened that day, and the blood dragon's origin! I only give you one day. If one day later, I still can't see the Yantian Dragon God, this person is your end!"

Words fall!

Endless energy surge!

Xuanyuan Mo Xie's old man instantly turned into a blood mist!

Xuanyuan Moxie's hand was stained with blood in the sky.

Everyone in the audience is full of cold from behind!

The dead old man is the Patriarch of a powerful force in the Kingdom of God!

Cultivation base is even more terrible!

was torn apart by Xuanyuan Moxie, the lord of the Taoist Palace that day!

Although everyone is not happy, but they can only obey!

If it weren't for the time for prohibition, Xuanyuan Moxie's body would not be able to step out of the Heavenly Dao Palace.

Otherwise, the entire Lingwu Continent has long since turned into a sea of blood!

Xuanyuan Moxie sat back in his position, and I don't know when a spiritual handkerchief appeared on his right hand. He gently wiped the blood from his hand, and said again: "On that day, Eternal Saint The king and the demon clan made a move to help this kid, seemingly relying on the power of the Demon Territory."

"If I guessed correctly, both the kid and the eternal holy king fell into the demons."

"Jun Mochen can control the demons so stably, thanks to the help of my kingdom of God."

"In my opinion, no matter how strong he is, he is a dog after all."

"I heard that this dog has been a bit rebellious recently. Let the people of the Kingdom of God who are in the Demon Race send a corpse of a demon dog, and tell Jun Mochen that the Kingdom of God does not like disobedient dogs."

The expressions of the people under the stage changed slightly, but they still said, "Yes, Palace Master."

.....

After everything was prepared, Ye Chen walked all the way to the Demon Zun Emperor's Palace.

Ye Chen came to the door of the Demon Zun Emperor's Palace, and the two disciples respectfully said, "Elder Xiao!"

Ye Chen nodded slightly, strode into the Demon Zun Emperor's Palace, and came to the residence according to the memory of the dead medical elder.

He found that there were three naked women in the room, obviously Xiao Feng's female favorite!

Ye Chen asked them to put on their clothes and leave, sitting alone in the room, according to Xiao Feng's memory, the taboo of the Demon Zun Emperor's Palace, in the back mountain!

Jun Mochen prevents anyone from entering!

Once you step in, it is a capital crime!

Also, there is a formation in the back mountain that prevents anyone from entering. .

Ye Chen wasn't sure what level of formation it was.

But in his opinion, the blood of the Devil Emperor hidden in the hands of Jun Mochen must be in the back mountain.

Chapter 2227: Jun Mochen's anger!

If it is an ancient top-level formation, even Zhan E can't fight it, then he will surely come home from this trip!

But since he came to the Demon Zun Emperor's Palace, Ye Chen still had to go to the back mountain.

made up his mind, Ye Chen was going to go to the back mountain now, the longer the delay, the easier he would be exposed.

After coming out of the room, all the disciples I met along the way saluted him respectfully.

Obviously, this medical elder is distinguished here.

As he got closer and closer to the back mountain, Ye Chen suddenly stopped.

His eyes condensed, and there were three people from the kingdom of God not far away.

The jade plaque on the waist of the three of them is exactly the same as the jade plaque of the saint of Shen Xuanzong.

However, these three people are extremely young, and their cultivation bases are on the eighth floor.

I have to say that the enchanting talents of the Kingdom of God far exceed the Lingwu Continent!

Why do people from the key kingdom of God appear in the core of the demons?

At this moment, the three powers of the kingdom of God wore gorgeous robes and walked into the hall.

Jun Mochen colluded with the Kingdom of God!

Ye Chen didn't expect this at all. He continued to go to the back mountain, pressing the affairs of the kingdom of God in his heart.

Soon, Ye Chen stopped again.

He can feel that he takes one step forward, which is the abyss of destruction.

Because in front of you is the ancient formation method set by Jun Mochen!

This formation is full of power to destroy the world!

and the eye is in the deepest place!

I don't even have the qualifications to step in, so how do I break my eyes?

There is almost no solution for this battle.

"It seems that Jun Mochen's formation skills are also against the sky, such formations, let alone me, I am afraid that too virtual realm can't compete."

"Do you just go back like this?"

Ye Chen was a little unwilling.

At this moment, a ghost appeared in front of Ye Chen.

Xuying carried the sword case on his back, exuding a sharp sword style all over his body!

As if, he is a sword!

Out of the sheath sword!

"Master! Can you break through this formation?"

Ye Chen said excitedly.

The wind Qingyang shook his head: "If it's the main body, I might really be able to break it, but the power of this divine mind is far from enough."

Ye Chen's eyes condensed slightly: "Then Master, why did you come out?"

The breeze stepped out, and the sleeves danced with the wind: "Although I can't break it, it doesn't mean that others can't."

"Also, if my six sword boxes absorb the power of this formation, perhaps the remaining three swords can come out in advance."

Ye Chen thought of the ancient medical \*\*\*\* Cang, and sighed: "Master, if you are talking about that strange old man, don't count on it, he can't help me solve this formation."

In Ye Chen's view, the power of the reincarnation cemetery should only be the Cangu Medical God who can solve this Monarch Demon Chen formation.

Feng Qingyang smiled: "I don't mean the ancient medical \*\*\*\* Cang."

"Who is that?"

Ye Chen was a little dazed, just about to say something, a giant egg appeared out of thin air!

The dome shone with bright red and blue light, extremely dazzling!

turned out to be Xiao Huang!

and Ye Chen was surprised to find that Xiao Huang's eggshell had cracks.

The cracks are extremely strange, as if they are depicting a picture.

Could the cracks on the outside of the egg shell condense, and it was the day Xiao Huang broke his shell?

Xiao Huang was quite excited, floating around Ye Chen.

Suddenly, Xiao Huang rushed towards the formation of the back mountain!

"Xiao Huang, come back!"

Ye Chen's face changed drastically, and the power of that formation was enough to tear the big egg like Xiao Huang!

But it was so sudden that Ye Chen couldn't stop it!

one second.

Two seconds.

Three seconds.

Ye Chen's expression changed, Xiao Huang entered the violent energy formation, without a trace of damage.

Moreover, it is still absorbing the power of the formation!

Ye Chen suddenly thought that in the Universe Killing Domain, Xiao Huang was a beast that swallowed the ancient formation in one bite!

Xiao Huang is not afraid of this formation at all!

Feng Qingyang smiled slightly: "Teacher, don't underestimate this guy."

"The ribs of this guy's refining are not the ribs of an ordinary lion, demon and war god."

"There is the blood of another ancient power in the ribs."

"Otherwise do you really think Xiao Huang will be refined for so long?"

Speaking of this, Feng Qingyang offered six sword boxes!

Six swords float out!

Xiao Huang obviously also knows the existence of Feng Qingyang, and even more concentrated a trace of formation energy in the sword box.

Ten minutes later, a huge hole in the formation tore.

is enough for one person to step in.

Feng Qingyang retracted the sword case filled with the energy of the formation, and said with satisfaction: "Disciple, hurry in, and it will be later, Jun Mochen will find it."

Ye Chen nodded, his eyes solemn, touched Xiao Huang, and stepped directly into the formation.

In the back mountains, the fog is shrouded.

Ye Chen was horrified to discover that the fog actually contained innate poisonous gas.

If a general warrior touches it, he will definitely die!

didn't know where Jun Mochen got the fog.

Other strong people may be afraid of this fog! But Ye Chen is not afraid!

His immortal divine body, the red dust divine veins, and even the demon body, plus he swallowed the sky mist demon, and he had cultivated the magical power of atomization!

What is this poisonous fog in his eyes!

Ye Chen disappeared instantly!

appeared in the central place in the blink of an eye.

What surprised Ye Chen was that there was only one altar in the huge back mountain.

Space-time soldiers, artifacts, and even real artifacts are inserted around the altar!

"I can't get such a big handwriting anywhere."

"Since it's here, Jun Mochen, I would like to thank you for your gift."

Ye Chen directly collected these weapons into the reincarnation cemetery!

There are so many weapons, enough to explode an extreme explosion of a thousand soldiers!

Without weapons, Ye Chen's eyes fell on the center of the altar It was a black jade bottle!

When approaching the black jade bottle, Ye Chen could feel the tingling sensation between the eyebrows.

This jade bottle must be related to the Devil Emperor!

This should be the place to store the blood of the Devil Emperor!

Ye Chen was short of breath, didn't want to waste time, touched the jade bottle with five fingers!

Of course, he is not afraid of everything, but staying in the land of the strong and cloud-like monarch demon dust for an extra second is full of supreme danger.

He must leave immediately!

However, when Ye Chen's hand touched the jade bottle, suddenly, the whole altar exploded!

Endless air surging!

Ye Chen's body was overturned on the spot!

.....

At the same moment, in the main hall of the Demon Sovereign Emperor's Palace, Jun Mochen's eyes opened, and red flames filled it!

This represents the anger of Jun Mochen!

He stood up directly and flew into the void!

"All elders, all go to the back mountain!"

"There are things that do not know how to live or die that dare to touch my devil dust!"

Although there is only one formation to block the back mountain, unless he uses the blood of the Devil Emperor, once someone else takes it, he can immediately perceive it!

嗖! Whoosh! Whoosh!

The breath of strong men rushed directly into the void!

They could feel the anger of Demon Lord, and they didn't know what happened. .

In the back mountain of the Demon Zun Emperor's Palace, Ye Chen's whole face became difficult to look.

From the moment the palace exploded, he knew it was discovered!

Chapter 2228: The ancient look at each other!

The latest website: Cangu Medical God's disguise technique is useless!

He hurriedly took a few pills, and prepared to leave with a flash of wind and thunder!

However, in the void at this time, a terrifying aura descended!

Ye Chen looked up and found a middle-aged man standing in suspension, with a cold and arrogant and domineering aura.

The demonic energy on his body surged, just the breath flowing out!

Ye Chen already felt depressed, making him breathless.

Lord Demon Chen, only the Demon Venerable of the Demon Venerable Imperial Palace, can exert its momentum.

Whoosh! Whoosh! Whoosh!

A group of figures came behind Jun Mochen!

There are 30 strong people at the top of the gate!

Ten strong people!

Plus the Monarch Demon Chen of Slashing Evil Realm!

This lineup is absolutely luxurious, only for Ye Chen alone!

Not to mention Ye Chen of the Star Aperture Realm, even Ye Chen of the Door Seal Realm is hard to fly!

"Am I calling you Xiao Feng or Ye Chen!"

Jun Mochen's indifferent voice said directly!

He is not in a hurry now, and he is not worried about Ye Chen being able to escape.

Facing such a strong lineup, how can Ye Chen leave safely?

The two powerful players in the late door-closing stage are enough to deal with this little beast.

Ye Chen returned to his original appearance, at this moment, in front of Jun Mochen, any disguise was useless.

The beast sword and the gods and magic spears in his hand were taken out directly. It is impossible to escape, only to fight to death!

At this moment, he is ready to die in battle!

The key point is that he hasn't figured out how to escape from the land of so many strong people!

To live is nothing short of a fantasy!

Gengjin's energy, immortal sword intent, divine blood, profound flame, and demonic energy burst out frantically!

Full firepower at this moment!

"You shoot and catch him!"

Ye Chen is totally unworthy of Jun Mochen's personal action, he only needs his hands to do it!

The door-sealing realm powerhouse nodded slightly and came directly to Ye Chen.

The breath bursting out of a few people made Ye Chen feel that the breath in his body was already a little unsmooth.

The moment he rushed past, the beastly sword in his hand was aimed at a warrior in the Seventh-tier Heaven of the Sealed Door.

He is determined to die, he can kill as much as he can!

The sword suddenly fell on the opponent's body like a horror, bursting out a scream!

However, behind Ye Chen, five powerful late-stage gatekeepers appeared and suddenly shot.

boom!

Ye Chen spouted a mouthful of blood and water, and the whole person's face seemed a little pale. Then, when he turned around, the gods and demon spears of the heavens pierced out directly.

The cold light flashed, passing through a person's arm, but it didn't work at all!

The situation is extremely unfavorable.

The blood dripped on the ground above the gun head of the gods and demon guns.

Ye Chen killed one person, and the figure kept backing away from them.

When he retreated, he took out the space-time soldiers, artifacts, and even true artifacts obtained from the altar!

He can't take care of his heartache!

Just return it to Jun Mochen!

"A thousand soldiers exploded!"

Ye Chen murmured in his mouth, and countless swordsmanship weapons were suddenly thrown out.

This is the first time Ye Chen has released such a powerful Thousand Soldier Burst!

At the moment of using it, he even felt that his powerful spirit was not enough!

"puff!"

A mouthful of blood was spit out!

Ye Chen's face was extremely pale!

The price is too great!

Regardless of everything, Ye Chen activated the Chichen Divine Veins and hurried away in one direction!

Now that I got the blood of the Devil Emperor!

Then leave!

Now he doesn't think about whether he can retreat completely!

This kind of explosive activation, he will also be hit hard by this!

It can only be seen how much Chichen Divine Veins can block!

The key is that he hasn't figured it out yet, and absorbed the dust monument, what exactly is the role of Lingfeng's divine veins!

Is it tasteless?

Isn't it that the dust monument is weak?

Ye Chen didn't think about it anymore, because the horror aura suddenly spread!

boom!

There was a earth-shattering sound, and the terrifying aftermath spread to the surroundings, and the entire back mountain burst directly, and the dust was flying!

Inside the sound, there was a scream!

There is no way to resist the latter stage of the door closure!

Even the strong of the Taixu realm all retreated, one by one, their blood was forced out, using the guardian array to resist the aftermath!

In the void, Jun Mochen didn't care about this scene on his face, it seemed that no matter how many dead men who closed the door, he wouldn't let the slightest fluctuation in his heart.

In his eyes, the strength of Thousand Soldier Burst is strong, but it is not enough to fight him!

He is not in a hurry to do it.

Because Ye Chen at the moment did not reveal any connection with the Devil Emperor.

He is extremely cautious.

He didn't understand why the demon emperor who stunned Lingwu chose such a humble ant.

He wants to know more.

Killing Ye Chen, maybe these things he puzzled, there will never be an answer.

Ye Chen left an afterimage in the space! Wind thunder flashed to the extreme!

Suddenly, he halted, because he found a terrifying breath directly locked him.

The strong man who closed the gate of the Ninth Heaven Summit shot him!

In the void, a huge slap suddenly fell.

The speed was extremely fast, and Ye Chen had no time to escape.

boom!

With a slap, Ye Chen was shot down from the void, and a deep hole appeared on the ground!

Cough!

His whole face was abnormally pale, and he stood up hard from the ground.

A pair of eyes fixed on the strong man in the void.

A blow from the pinnacle powerhouse of the Sealed Door Realm landed on him, only feeling that the whole person's bones were about to fall apart.

He was the first to be injured by the aftermath of the explosion of a thousand soldiers, and while escaping, he could not resist at all.

Everything around him is extremely unfavorable to him.

The entire back mountain became a ruin, and the demonic energy became more and more.

The power used by the powerful demon clan is based on the demonic energy!

With so many powerhouses, naturally the back mountain is filled with endless demonic energy.

At this moment, a weak voice rang in his mind.

"Boy, you must leave as soon as possible, your current strength is unable to fight against Jun Mochen."

Ye Chen was pleasantly surprised: "The Devil Emperor, are you awake?"

The Devil Emperor continued: "You take such a risk for me, I can only burn a part of my strength and forcefully wake up."

"Listen to everything I say next."

"These powerhouses are not what you can shake now. Escape is the only way out. It is not too late for a gentleman to take revenge."

"Jun Mochen's life, I will get it back sooner or later!"

"This place is close to the Demon Sea. You will find a way to enter the Demon Sea later. Finally, let me control your body, and I will take you away."

...

When the Devil Emperor said this, he paused for a moment.

In an instant, all the devil energy from heaven and earth poured into Ye Chen's body.

Ye Chen is like an exterminating \*\*\*\* and demon.

Jun Mochen above the sky, Gu Jing Bubo's eyes appeared terrifying for the first time.

That feeling can't be wrong!

It's the Devil!

Jun Mochen no longer hesitates, just planning to do it!

At this moment, the young man on the ground raised his head and looked at Jun Mochen in his eyes!

Chapter 2229: When I reconstitute my body, your blood will stain the sky!

This confrontation does not fear the world!

Do not fear the gods and demons!

seems to have traveled through the ages!

"Even if my devil emperor dissipates from the world, he does not want to bear others because of my life and death!"

"Jun Mochen, ancient grudges, I will understand you after all!"

"The power of the mysterious demon, open!"

"One finger of the demon! Destroy the world!"

At this moment, all the demon energy on Ye Chen's body was pouring out, and in the entire void, endless demon energy was pouring into his body.

When Ye Chen stretched out a finger, Jun Mochen's body stopped!

He panicked at that moment.

He is extremely familiar with this finger, even facing that person, still afraid!

Ye Chen's finger, he seemed to see the scene of the former demon emperor fighting in all directions!

The original Devil Emperor was too terrifying, even now, Jun Mochen still has a psychological shadow!

This finger almost consumed all the energy in Ye Chen's body, and his pale cheeks had no blood anymore.

pointed at everyone!

Those Jun Mochen's subordinates found that their aura had been locked, and could not escape this finger at all, but the power of this finger was really too terrifying.

Make their bodies tremble constantly!

This finger, they feel that they can't hold on at all.

Boom!

a finger fell suddenly, the entire void, the wind and clouds changed color, the space was constantly being cut, and the speed reached an extreme!

The black light is getting closer and closer, and the strong man at the top of the gate feels fear and wants to struggle, but finds no effect.

Those who are too imaginary and strong can only keep retreating!

The heart of fear is full!

"what!"

As far as the black light came, there was a scream of horror.

A group of figures fell directly to the ground, completely without any breath!

The too weak and strong who approached the black light couldn't help but spit out a mouthful of blood.

This power is feared by all demons!

The Devil Emperor lost Ye Chen's control.

"Later, I will use the eyes of the devil to open a way for you. As for revenge, let's take my time."

Ye Chen struggled to support his body with a sword.

There is no fear in his eyes, only stubbornness and sharpness!

These people's figures are all in his mind. If he doesn't die, he will kill them!

The rest of the injured powerhouses burst out with their strongest strength and did not dare to let Ye Chen continue, although this kid looked weak.

Who knows if it can break out, a terrifying finger!

The overwhelming attack landed on the ground, and Ye Chen had no retreat at all.

He drew the beast sword, still raised his hand to cut it out!

Even if I already know that it won't help, I still have to play my last sword!

Fight if you die!

A sword light rushed over, facing the overwhelming attack, it seemed unusually small.

Boom! boom! boom!

The overwhelming power fell, and Ye Chen's figure was already buried in the dust.

Everyone in the Mozun Emperor Palace already thought that Ye Chen could not survive.

Boom!

There was a thunder in the void, and the terrifying devil energy continued to pour in, and a jet black eye appeared!

At this time, a figure appeared in the dust. At a critical moment, the ghost of the Devil Emperor appeared, and rescue Ye Chen!

When the phantom of the Devil Emperor appeared, the whole figure of Jun Mochen was trembling constantly.

He didn't make a shot from beginning to end.

Ye Chen is still the figure in front of him, the nightmare of his life!

Although he stepped into the Slashing Evil Realm, he was still afraid of this nightmare!

prevented him from shooting!

He dare not!

This is the majesty of the Devil Emperor!

"Jun Mochen! The hatred of the ancient sword, my memory is still fresh, when I reconsolidate the devil body, your blood will stain the sky!"

In a word, endless coercion enveloped!

Jun Mochen's whole figure knelt directly into the void.

Even though countless years have passed, the fear in his bones is still there.

Not only Jun Mochen is like this, the powerhouses in the void all knelt down on the ground.

Although the Devil Emperor has died for endless years, his majesty is still there!

When he knelt down, Jun Mochen suddenly woke up!

The current Demon Emperor is just a phantom, why should he be afraid, why should he be terrified!

stood up from the void, staring at the phantom of the Devil Emperor, flashing a fierce expression.

The Devil Emperor can never be resurrected! Ye Chen must kill!

With a radius of 100,000 li, the magic energy is still condensing!

The eyes of the devil suddenly opened at this moment, and the magical energy fell madly!

Boom!

The pinnacle of the gate-sealing realm and the strong of the Taixu realm kept fleeing, as for the remaining warriors, there were basically few left.

The phantom of the Devil Emperor glanced at Ye Chen, and now he can only exert his only strength.

"I will take you to the magic sea!"

Ye Chen nodded slightly. Although the Devil Emperor made a rescue at the last moment, his injuries had reached a very serious level.

The Devil Emperor grabbed Ye Chen's hand and left quickly!

At this moment, the entire Mozun Emperor's Palace is like a ruin. I don't know how many disciples died!

"Everyone, chase Ye Chen!"

The speed of the Demon Emperor phantom is very fast, and in the blink of an eye, it has already flown thousands of miles away.

In the Demon Realm, the Demon Sea is a dead place. As long as the warrior who enters, he has never come out alive!

The strong man behind the Demon Emperor's Palace is still chasing after him, but there is a gap between him and the Devil Emperor.

At a height of thousands of miles, the Devil Emperor said, "If you jump from here, you will be able to enter the Demon Sea. Be careful."

"If you see my daughter, please also ask you!"

"Wait until the time is right, drop the blood into the black crystal sarcophagus!"

His phantom can't last too much time After entering the magic sea, he can only rely on Ye Chen.

The phantom of the Devil Emperor disappeared, and Ye Chen's exhausted body fell directly!

"Puff!"

Ye Chen fell directly into the magic sea.

The magic sea was covered in white mist, and the surrounding sea water was dark green, Ye Chen opened his eyes.

glanced around, suddenly frowned, he found that his body was imprisoned by an unknown force.

He wanted to fly in the air, but found it impossible.

Now Ye Chen finally knows why the warrior who entered the Demon Sea has never gone out.

cannot fly in the air, although the imprisonment is slow, but in the end it cannot escape.

Ye Chen stood on the sea, looked around, and found some dead bodies floating on the sea.

These corpses have been dead for a long time, and their bodies have gradually decayed.

They were trapped in the Demon Sea, unable to escape, their bodies were imprisoned a little bit, and they could only die here.

Ye Chen continued on, wondering if the Devil Emperor's daughter was still alive.

So many years have passed, it may have been...

He didn't think much, and continued to move forward, relying on his current strength, he could only persist in Mohai for half a month, and then he would be completely imprisoned.

is not qualified to move bombs in the magic sea.

In the past half a month, Ye Chen must find a way to find the Devil Emperor's daughter, whether it's life or death. .

After traveling for half an hour, Ye Chen suddenly noticed a faint breathing around him.

There are still people alive!

Chapter 2230: What is your relationship with the Devil Emperor?

Ye Chen looked down and found the flesh of a warrior. If it weren't for the faint breathing, he thought it was just a corpse.

Ye Chen could tell at a glance that this warrior had been imprisoned in Mohai for tens of thousands of years.

I don't know how many years have passed, and I can still retain the faint breathing, and my strength must be extremely strong.

Otherwise, I can't stick to it until now!

Ye Chen came to him, he closed his eyes at the moment, he didn't even have the strength to open his eyes.

can only survive on the faint sound of breathing, but he can't live for too long, and will die completely within three days at most.

It's not easy to be able to persist until now!

Ye Chen sighed helplessly. The other party couldn't survive at all. Even if he wanted to save, he couldn't find any way.

When he was about to leave, the martial artist's body suddenly gushed out of black magic energy.

The devilish energy continued to spread, and his body quickly became old!

Visible to the naked eye, the figure of a middle-aged man has gradually become an old man.

Finally sublimated!

He exhausted the last bit of strength, opened his eyes and opened his mouth!

originally had a life span of only three days, but now he can't hold on for even an hour.

"Boy, what is your relationship with the Devil Emperor?"

When Ye Chen came over, he had already discovered it and felt a familiar breath.

just decided to expend the last effort, but also to speak!

"Are you a master and apprentice!"

Ye Chen said at this time, although he did not worship the Demon Emperor as his teacher, the Demon Body and the Heaven Demon Finger were bestowed by the Demon Emperor.

The Devil Emperor is his very special teacher!

The old man looked at Ye Chen with a gleam of light in his eyes.

What Ye Chen said is true or false. He has no time to verify. At this moment, he can only hold on for one hour.

A dead horse is a living horse doctor!

"Since you are the apprentice of the Devil Emperor, I only hope you can save the princess!"

In a word, Ye Chen has probably guessed his identity, I am afraid it is the previous subordinate of the Devil Emperor.

has been loyal to the devil emperor, will end up in the end of the magic sea!

If otherwise such a strong person, how could he fall into the magic sea.

"Princess, has been imprisoned in the depths of the Demon Sea, but there are strong people in the Demon Sea, you must be careful!"

As soon as the old man's voice fell, his eyes lost their light, and the whole figure fell on the magic sea.

I thought that I could hold on for an hour, but I didn't expect to only support a few words.

Obviously, this person and the Devil Emperor's daughter were knocked down in the Demon Sea by Jun Mochen.

Ye Chen's brows furrowed, the strong man in the magic sea?

In the depths of the Demon Sea, there are even Demon Sea powerhouses surviving. What is going on?

It's a pity that the old man is dead, Ye Chen can only explore it by himself.

Going to the depths of the Demon Sea again, there are fewer and fewer corpses around.

Ye Chen's time is pressing, he only has half a month.

Must find the Demon Emperor's daughter, and also find a way to escape from the Demon Sea.

Although I knew that I was in the depths of the Demon Sea, I just didn't know where it was.

Along the way, Ye Chen was rushing in a hurry, he found that his actions had become increasingly slow.

Not only that, but his strength is gradually weakening, which makes him feel more and more urgent.

The Demon Sea is vast and boundless, Ye Chen walked for three days and three nights, and found a white fog.

has been completely covered up inside, even if it is divine mind, there is no way to detect it.

Even if he has the supernatural power of atomization, it will not help.

I am afraid that this is one of the reasons why Jun Mochen did not chase here.

Ye Chen didn't hesitate, and rushed directly into it. He already vaguely felt that there might be something else in the white mist.

After walking in the white mist for an hour, Ye Chen found that the white mist in front of him became less and less.

When walking out of the white mist, Ye Chen unexpectedly found some houses!

These houses are built in the magic sea, and there are even some roads! All are in the magic sea.

It seems to be in a water city!

Ye Chen didn't walk over, here should be the Mohai powerhouse in the depths of the Mohai.

He didn't know anything about the Mohai strong, so he entered rashly, not knowing what would happen.

At a distance of three kilometers from the house, Ye Chen has been waiting. He wants to catch a strong man in the magic sea and ask!

If you don't understand human language, you can only use Divine Soul!

For three days in a row, Ye Chen became more and more anxious. In these three days, there was no magic sea powerhouse coming out.

If it continues to drag on, only death will be left to him.

Ye Chen decided to go inside first, relying on his current strength, there should be no problem with self-protection.

Outside the city gate, without any guards, Ye Chen opened the door and entered easily.

As soon as he entered inside, Ye Chen realized that there were quite a few people!

This is also the first time he has seen the Mohai powerhouse in the Mohai, the appearance is no different from the Mozu powerhouse, but it looks more burly!

Ye Chen is hard to imagine, how did they survive without any resources in Mohai, especially the most important point, would they not be imprisoned?

These things, he has no way of knowing, he can only explore a little bit.

He entered inside, and found that these Mohai powerhouses had just glanced at him, and no longer paid attention!

A lot of warriors fell into the Demon Sea, and some people were able to find this place.

For the Mohai strongman, it's just another stranger.

The most important point is that outsiders live soon!

A person who is about to die They will naturally not take it in their hearts.

"Foreigners, let me see the devil!"

At this moment, ten burly men came to Ye Chen.

The breath emanating from them is extremely strange.

Ye Chen nodded slightly. If the demon master plots against him, relying on his strength, he can escape even if he can't beat him.

If you can inquire about something from the demon master, it would be better!

Follow these men all the way to an ancient mansion!

"The devil is inside, you can go in!"

As soon as the man's voice fell, he turned and left!

Ye Chen opened the door, walked inside, and saw an old man sitting on a chair.

There was even a slight smile in the eyes of the old man.

makes people wonder.

"Outsiders, please sit down!"

Ye Chen sat on the chair and looked at the demon master, waiting quietly!

"You are here to find the Devil Emperor's daughter, right!"

A word directly exposed Ye Chen's intention!

At this moment, the energy in Ye Chen's body surged, once the demon took the initiative, he would shoot directly.

"Hehe, you don't need to be wary of me, I was also an outsider once, and the daughter of the Devil Emperor is not here!"

"You have the courage! After all, Jun Mochen wants to put everything related to the Devil Emperor to death."

Demon Lord's face is full of smiles. Ten thousand years ago, he was also an outsider.

Ye Chen did not speak, but waited for the following!
