Chapter 2251: Opportunity for the Devil Emperor!

No warrior knew about the internal situation, but on this day, Demon Dust City became lively.

Because it was renamed Mie Zunzong, basically all the sects that Jun Mochen had exposed and suppressed were invited over.

However, Ye Chen focused on cultivation and did not come out to receive him, making the faces of the sovereigns of many powers gradually become cold.

They had known for a long time that the sect master had changed, but a sect master did not personally receive and let the disciples come forward. This is not because they did not look down on them at all.

Shortly after.

Most of the sects had already arrived, Ye Chen opened his eyes and came to the top of the hall.

Below, stood the masters of the major sects.

"It was the first time I saw that the Sect Master of Mie Zun Sect was so innocent and arranged for a disciple to receive us."

The lord of one of the sects stood up and directly scolded Ye Chen!

Their strengths surpassed the Star Aperture Realm, facing a Sect Master of the Star Aperture Realm, they didn't care about it at all.

Ye Chen smiled and didn't say a word. He didn't seem to hear what he said. He stood up and said: "Who is still dissatisfied with Mie Zunzong, you can stand up."

Crunch!

In an instant, the five sect masters stood up directly, and the remaining sect masters remained silent, wanting to see what Ye Chen was doing.

Ye Chen smiled slightly, stretched out his finger, and fell instantly!

The endless devilish energy is like a giant mountain, making everyone's complexion slightly changed.

Some people even fell to the ground seriously injured!

This is Ye Chen's strength!

Of course, fighting against Jun Mochen requires one mind, but Ye Chen must convince these people and demons that he has enough qualifications to resist!

Otherwise, his cultivation will become a shackle!

The face of the Sect Master in the main hall changed completely, and he didn't understand what Ye Chen wanted to do.

The other four sect masters glanced at each other and decided to shoot together.

They didn't believe that a martial artist in the Star Aperture Realm could stand against the sky!

The four sect masters shot, but before they even set off, the pressure made them all fly!

Now Ye Chen has enough qualifications to fight the pinnacle of gate closure!

Naturally, he didn't care about these cultivation bases.

The other sitting Sect Masters took a breath.

Is the Sect Master Mie Zun in front of him really just a Star Aperture Realm?

Now they don't believe it.

The elder of Exterminating Zunzong was shocked when he saw this scene.

The main reason they are willing to let Ye Chen be the Sect Master is that there is a Supreme Void Realm powerhouse behind Ye Chen.

Now it seems that Ye Chen's strength is not simple!

"This time I call everyone over. In addition to celebrating the Mie Zun Sect, there is one more thing. I hope that the Sect Masters can join my Mie Zun Sect."

"Together against Jun Mochen!"

The face of the sovereign who was present in one sentence kept changing.

This is not surrendering to Mie Zunzong, but to become a member of Mie Zunzong.

Their sect will be completely wiped out in time.

This makes them somewhat unacceptable.

"Although we have enemies with Jun Mochen, the power of Jun Mochen is overwhelming, and one hand covers the entire demon clan. How can we contend even if we form a power! Also, what if we disagree?"

One of the Sect Master stood up and stared at Ye Chen.

"You already know my plan. If you don't surrender, die!"

A dead word fell, and the supreme master present was shocked, they could feel it.

Ye Chen wanted to kill them like a dog!

"I will give you one minute to think about it."

He doesn't want to waste time. In this regard, this is just the first step.

Luo Chen was with him in the Extinction Sect, these sects were not qualified to challenge them.

After a minute blinked, the remaining suzerain nodded in agreement.

Ye Chen didn't negotiate with them, but told them clearly.

Just now deliberately severely injuring five suzerains is to kill the chicken and the monkey!

Although losing the sect, it is better than losing your life!

What's more, what if you win against Jun Mochen?

Ye Chen planted the power of the soul in their bodies. If someone wanted to betray, they could decide their life or death in a single thought.

After these sect masters left, they went to their respective sects to move their disciples.

Ye Chen arranged for Jian Jiu to expand Zun Zun Sect, and then there would only be more and more disciples.

The biggest resistance is the Demon Emperor's Palace.

It is far from enough now to fight against Jun Mochen.

Soon, the Demon Race caused an uproar, and hundreds of forces gave up the sect to join the Mie Zun sect.

This news appeared, causing waves, and no one knew what Mie Zunzong was up to.

Even Moying had suspected it.

But right now, his main purpose is Ye Chen, and naturally he has no idea about the sect of the demon clan.

Now anyone can see that the ambition of Mie Zunzong is not small.

The successive actions caused the Mie Zunzong to expand continuously.

Except for some important things, Ye Chen is personally responsible, and more things are left to Mu Yan.

In three days, Mie Zunzong's reputation has risen, and it has begun to recruit strong people from outside.

When the Star Aperture Realm martial artist joins, you can immediately obtain a time-space soldier.

If it is the pinnacle of the Star Aperture Realm, or a powerful Demon Race who has sealed the door half a step to join, the sect will make every effort to help break the Gate Realm.

If a strong gatekeeper comes and rushes, they can meet the requirements within their ability.

Some Star Aperture Realm martial artists, with unruly intentions, wanted to deceive the soldiers of time and space, but they fell the next day.

There was even one who blocked the door half-step to cheat the treasure, and in the end it also fell.

In an instant, no martial artist dared to destroy the Zunzong to defraud the treasure.

At least the Supreme Void Realm powerhouse is in charge of the Extinction Sect!

During this period of time, Mu Yan was very busy, Ye Chen had already closed the door, and when she was a shopkeeper, she left everything to her to solve.

Originally, Mu Yan wanted to report the situation to Ye Chen, but found that a vision appeared above the demon clan.

In the void, as if the sky cracked, cracks continued to appear.

The endless magic energy is absorbed by the power of the rift!

Ye Chen suddenly opened his eyes.

The center of his eyebrows flashed with extremely bright Nine Nether Lights.

And, an old and majestic voice sounded:

"Ye Chen, the Land of Ten Thousand Demons actually appeared, the opportunity for my physical recovery is here!"

This is the voice of the Devil Emperor!

Extremely excited voice!

A vision of heaven and earth appeared Ye Chen walked out of the room and flew into the void!

In the rift, a magic door is faintly formed.

It's just that the rate of formation is extremely slow, and it takes at least a few days.

Luo Chen came to Ye Chen's side, saw this scene, and said: "The domain gate of the land of ten thousand demons in the legend of the demon clan has appeared near our Zun Zunzong, which is really weird."

"Back then, the Devil Emperor blocked a part of his power in it. After all, the power in it was too evil. It was a real demon."

"With the passage of ten thousand years, the power of the seal has disappeared, and this door has actually been opened in the Demon Race."

"I'm afraid Jun Mochen has also discovered...If he comes here and notices the existence of you and me, **** it!"

However, Ye Chen smiled.

His eyes shone with light: "What about Jun Mochen coming!"

Mozun Imperial Palace.

Jun Mochen and Moying stood at the highest point of the palace.

Their eyes stared at the huge whirlpool above.

The power in the vortex even made Jun Mochen's eyes extremely solemn.

"Moying, have those two guys found it?"

Mo Ying directly knelt down: "Master Demon Lord, his subordinates are incompetent, and the two disappeared again."

Jun Mochen was not angry this time. He looked at the devilish vortex and said, "Let this one go beforehand."

"The high-altitude vision has something to do with the Devil Emperor back then."

"It's not a good news now that this juncture appears."

"You go there right away. If you find those two boys, you can just crush the jade medal I gave you."

"I will come personally."

"I always have a hunch that this vision is related to the resurrection of the Devil Emperor. If the Devil Emperor is resurrected, you and I will both die, do you understand?"

Mo Ying's face changed drastically, and he nodded fiercely: "Subordinates understand!"

"By the way, where is the demon clan where the vision appears?" Jun Mochen asked curiously.

Mo Ying closed his eyes and felt a bit, and then said: "Magic Dust City, recently a sect called Mie Zunzong has suddenly risen in this city. It has absorbed a lot of power. If it is allowed to grow, it may be against the devil. The control of the Emperor Palace is unfavorable."

"Does it need to be destroyed?"

Jun Mochen thought for a while, and said: "You send our people to see, if it is really threatening, just erase it. If not, forget it, after all, we have more important things to do."

"Yes, Demon Lord!"

After speaking, a devilish energy rose into the sky and disappeared in the Demon Zun Emperor's Palace.

After the Demon Shadow left, the murderous intent of Jun Mochen's eyes was exposed: "Devil Emperor, why are you struggling like this? Can't you die to the pure land of the Demon Race?"

"If you are really resurrected, the ending will remain the same, and the kingdom of God and I cannot tolerate you."

"Furthermore, it is no longer ancient times. This is a new era, the era of my Lord Demon Chen and the kingdom of God! In this era, there is no place for you!"

...

The Land of Ten Thousand Demons is a legendary secret realm of the demons, and the coordinates and time are not fixed.

Back then, the Devil Emperor sealed a lot of evil demons here, and he rebuilt the rules of the Demon Realm.

He wants to tell the world that demons do not represent evil.

Magic is an attitude!

Fight the injustice of the world.

It's a pity that with the passage of time, the Devil Emperor fell, and the seal gradually broke!

I don't know how many demons are stored in the Land of Ten Thousand Demons, and there are various opportunities.

The warriors who can survive from the land of ten thousand demons can basically get some opportunities.

Luo Chen told Ye Chen about the situation in the Land of Ten Thousand Demons.

Ye Chen was naturally pleasantly surprised. He might not be able to find a suitable opportunity to resurrect the Demon Emperor in the Land of Ten Thousand Demons.

Mu Yan decided to follow Ye Chen in, in the Land of Ten Thousand Demons, there were no restrictions.

The Land of Ten Thousand Demons has no realm limit, which means that it is impossible to say that there will be strong people in the too virtual realm.

Above the Extinction Sect, news of the Land of Ten Thousand Demons appeared, spreading instantly, and the entire demons knew about it.

In an instant, the warriors of the Demon Race rushed into Demon Dust City madly.

Ye Chen arranged for some disciples to manage the public order of Demon Dust City. As long as they were not the top power of the Demon Race, there was no need to be afraid.

If you want to enter Demon Dust City, you need to hand in 100,000 Demon Crystals, which makes some martial artists dissatisfied.

One hundred thousand magic crystals are already a lot of possessions for them.

Some casual cultivators wanted to make trouble, and directly let the warriors of Mie Zunzong suppress them.

Compared with the chance of a hundred thousand magic crystals and the land of ten thousand demons, it is not even a fart.

The warriors of Demon Dust City poured into it in large numbers, and some fights began to occur.

As long as it wasn't something that would endanger the Extinction Sect, Ye Chen wouldn't care at all.

Now for Ye Chen, the Land of Ten Thousand Demons is the top priority.

If the devil emperor can be resurrected, the unification of the demon clan will become easier.

If you want to contend with the Demon Sovereign Palace, at least there must be enough to contend with the existence of the Lord Demon Chen.

"Ye Chen, the warrior of the Demon Emperor's Palace is here!"

Mu Yan was a little worried.

Ye Chen nodded slightly, now is not the time to face a head-on with the Demon Sovereign Palace. He walked out of the room, ready to receive him personally.

Entering the hall, Ye Chen found the figures of Mo Ying and Gui Ping, as well as two powerful men with terrifying auras.

Fortunately, Cangu Medical God's spells are powerful, otherwise Ye Chen would definitely be discovered.

A lot of powerhouses from the Demon Sovereign Palace came, obviously all targeting the land of ten thousand demons.

"You are the Sect Master of Mie Zun Sect? Haven't you knelt down in front of Lord Demon Shadow."

One of the elders of the Demon Sovereign Palace spoke directly, not paying attention to Ye Chen at all.

It's just a demon clan sect. If their Demon Sovereign Palace wants to destroy it, it's easy.

However, Ye Chen did not leave at all, staring at the people in the Demon Sovereign Palace with cold eyes, and said: "You should not be allowed to point your fingers here."

"As long as I want to open the magic dust city formation, none of you want to leave!"

The elder suffocated his breath, and he never expected that someone would refute them to the Emperor Demon Palace!

He stepped out and scolded: "Master Demon Lord controls the Demon Race, but you will not be able to rebel! Believe it or not, the Demon Lord Emperor Palace will let your Mizuun Palace cease to exist Ye Chen does not have anything to say. Step back and sit on the high platform: "Then believe it or not, I will have a way to prevent everyone present from entering the land of ten thousand demons. "

"I want to see who will fall on Jun Mochen's anger!"

Threat!

Naked threat!

The elder was speechless, even Mo Ying waved his hand and said: "This is the end of the matter! No need to say more, don't forget our purpose."

The strong man in Demon Zun Imperial Palace snorted coldly, but did not continue to say anything.

Now that the Land of Ten Thousand Demons has not yet opened, there is no need to waste energy on the battle of words.

Although Mo Ying is not afraid of the master of a sect, he still knows the importance of the task. He looked at the man on the high platform, and said, "Yes, there is one more thing. Sect Master Yan Kun should have heard of the Emperor Demon Palace. They are chasing and killing two people. If the suzerain has news, please let me know."

"Ye Chen and I have feuds. If we find them, we will thank them again."

After speaking, the strong man in the Demon Zun Imperial Palace turned and left.

Next, Ye Chen arranged for his disciples to pretend to be inspected, and the murderer was impossible to find.

There are also strong people searching in the Mozun Imperial Palace, but there is no gain.

Even if he was killed, Ye Chen would be the Sect Master of Mie Zunzong.

The looks and breath of the two are completely different.

...

One day later.

Over the sky over Mie Zunzong, the vision changes suddenly!

Endless devilish energy roars in the sky like a dragon!

boom!

Above Mie Zunzong, a muffled sound came from the void.

Ye Chen looked up and saw that the domain gate of the Land of Ten Thousand Demons had been formed.

It's completely turned on!

The strong men of many forces flew into the void and rushed directly into the domain gate without hesitation.

Ye Chen was not in a hurry. In addition to improving his realm this time, his main purpose was to find a suitable opportunity for the Devil Emperor to rebuild his flesh.

Ye Chen and Mu Yan saw that the time was almost the same, and they were ready to enter, while Luo Chen stayed in Mie Zunzong.

After the two entered the domain gate, the warriors continued to fly into the void and poured into the domain gate.

This situation, I am afraid it will take half a month to end.

When the land of ten thousand demons is opened, the martial artist of the demons will inevitably be less than half.

...

In the main hall of the Mozun Emperor's Palace, next to Jun Mochen, there are two powerhouses from the Kingdom of God.

"Jun Mochen, this time the Land of Ten Thousand Demons is opened, it is an opportunity for you to completely control the demons."

"The Devil Emperor and those who watch you are threats after all."

"The kingdom of God doesn't like threats, you should understand."

"Even if the Devil Emperor has a 1% chance of resurrection, the Kingdom of God will not allow it."

"To be a dog of the kingdom of God, you must have the ability to be a dog of the kingdom of God."

"If you can't match your current position, the Kingdom of God will allow you to have your current strength and status, and it will also erase everything you have obtained."

The murderous intent of Jun Mochen's eyes flashed away, his fists clenched, and he nodded slightly.

Finally, his hand was released.

Although the words of the kingdom of God trampled on his dignity, they are not unreasonable.

It is difficult for him to contend against the kingdom of God.

Most of the powerhouses of many demon forces have entered the land of ten thousand demons.

There are even a group of stubborn guys.

He has the help of the power of the kingdom of God, and the opportunity to unify the demons is right in front of him.

But thinking of the Devil Emperor, Jun Mochen's body couldn't help shaking with excitement.

For many years, he had wanted to truly unify the demons, and now he finally waited for an opportunity.

"Our God Kingdom powerhouse will help you secretly, don't forget the deal between us."

As soon as the voice of the power of the kingdom of God fell, he turned and left. As for the next arrangement of Jun Mochen, it has nothing to do with them.

...

Ye Chen and Mu Yan stepped into the land of ten thousand demons, looking at the surrounding scene, there were corpses everywhere.

Their feet were on top of the corpse, their spiritual sense was released, and there were endless corpses all around.

The Land of Ten Thousand Demons is divided into four places. The place where Ye Chen and Mu Yan are located is the corpse land.

Entering the land of ten thousand demons, the warriors in these four places are teleported at will.

The most terrifying thing in the entire corpse land is the devil corpse!

That was formed by the resentment of Warcraft and Demons! He lost consciousness, but his bloodthirsty fighting spirit was enough to kill everything.

If you meet, don't think about killing, whether you can escape is a problem.

Mu Yan was a little disgusted, after all, walking on the corpse.

Ye Chen glanced at the realm of these corpses, and suddenly had no interest.

Just some corpses of good luck star aperture.

Such a corpse, if you want to resurrect the Devil Emperor, even if it can't bear a thunder tribulation, it will be wiped out.

Ye Chen and Mu Yan walked forward for half an hour, but they didn't find any warriors, and everything around them was a little frighteningly silent.

Whoosh!

A yin wind blew over, causing Mu Yan's body to shiver. He raised his head and glanced ahead, his face turned pale.

"Ye Chen, I think the threat of Ten Thousand Demon Land is here."

Ye Chen raised his head and saw the body in the front standing up slowly, his eyes were cold and blood red.

The breath radiating from his body made Ye Chen feel suffocated!

"This should be the corpse of the evil demon!"

"My father killed a lot of demons back then! But it was discovered that resentment could turn them into the corpses of demons. Although their strength was lowered, it was still a hazard to the demons, so it was sealed!"

"Unexpectedly, we met as soon as we stepped in!"

Ye Chen didn't expect that entering the Land of Ten Thousand Demons would be a hell-level difficulty at the beginning.

The corpse of the evil demon, even if the strong man in the late gate stage meets, he can only escape.

He and Mu Yan are two people, let alone a battle, whether they can escape is a question.

"go!"

Ye Chen grabbed Mu Yan's hand, flashed wind and thunder, turned and ran!

The corpse of the evil demon felt the breath of the prey, and stared at Ye Chen and Mu Yan.

The figure burst out with full force, and the speed flew like a meteor.

Ye Chen turned his head and saw that the corpse of the evil demon was less than a hundred meters away from the two of them.

It's too fast!

It only takes two breaths of time to be able to catch up with them.

Could it be that the original body of the corpse of the evil demon was the Supreme Void Realm or the Slashing Evil Realm?

That the Devil Emperor can seal these existences, does it mean that the Devil Emperor's realm is even higher?

boom!

In front of Ye Chen and Mu Yan, the figure of the evil demon's corpse fell.

Mu Yan just felt that she was almost out of breath.

Ye Chen's eyes became gloomy, and he was definitely not the opponent of the corpse of the evil demon.

The God of Heaven Killing Demon's spear was held in his hand. He was just about to stab it out, and the fist of the demon's corpse had already arrived.

The huge force drove the violent wind and punched out like a bamboo.

A blood flower appeared on Ye Chen's chest, and the whole person kept backing away.

This power is so strong!

Ye Chen didn't expect that when he entered the land of ten thousand demons, he would be in desperation.

The corpse of the evil demon has no expression, and Mu Yan on the side has been suppressed by the breath and cannot move. When the corpse of the evil demon is about to solve the threat with a fist, he heard a voice and suddenly stopped his arm.

"The whisk is in my hand, and Daozu stays in his heart!"

"I will kill all the evil spirits for Xuanhu Ji!"

Behind Ye Chen and Mu Yan, a teenager appeared.

The young man wore a small road robe without any cultivation base, walked barefoot, and still had a whisk in his hand.

Extremely weird.

Porcelain doll's face had a harmless smile, but Ye Chen knew that it was definitely not easy to stop the corpse of the demon.

The key is that this person does not have a breath of demon race, how can he appear here?

The corpse of the evil demon stretched his arm back, turned around and walked away.

There was still a panic on his face.

The little Taoist came to Ye Chen and said:

"Friends, have we met somewhere?"

"Why do you have the breath of the kingdom of God? Are you from the kingdom of God?"

"Your eyebrows seem to resemble people from the Ye Family of the Kingdom of God."

"No, the Ye Family of the Kingdom of God has long been destroyed in the long river. In this era, the Heavenly Dao Palace is respected."

"I was wrong."

Ye Chen's eyes were extremely frightening!

What is the origin of this little Taoist priest! You can see the connection between yourself and the Ye Family of the Kingdom of God at a glance!

And, the other party obviously knows something!

Ye Chen suppressed the shock in his heart and said: "This little brother, you are willing to reveal more."

The little Taoist blinked his eyes, thinking of something, and suddenly turned into thunder, appeared beside Ye Chen, one finger touched Ye Chen's palm.

Eyes closed tightly.

Suddenly, his eyes opened, a little surprised, and he lost his voice: "You have completely activated the Chichen Divine Veins and some of the Lingfeng Divine Veins. It seems that you really come from that place in the Kingdom of God."

"Don't ask me about this matter. Master Yunyou said before. Anything can be said. Only things related to that place cannot be spoken to others, otherwise I will not be able to gain the Tao."

"Today is the thirteenth thousand nine hundred and ninety-eighth year of my path to Taoism, and in one year, I will be able to escape into the real Taoism, and I can't get too much karma with you."

Hearing these words, Ye Chen was slightly surprised!

This little Taoist actually came from ancient times!

And obviously from the kingdom of God!

"This little brother, since you are from the kingdom of God, why did you appear in the land of demon clan?" Ye Chen said.

The little Taoist priest put his pretending hands behind him: "Master said that the kingdom of God is hell, and the devil will save all living beings."

"If I want to be enlightened, I can only come to the land of demons."

"When the Devil Emperor sealed the Land of Ten Thousand Demons, I was inside."

Ye Chen was shocked again, he couldn't see through the cultivation of this little Taoist priest, but he could feel the mystery of this little Taoist priest.

Even those who belong to the eternal old category, just about to say something, the little Taoist said:

"Friends, I saved your life, should you give me something... I don't want to involve you in cause and effect, and I can't help you in vain."

Although I didn't go on, but the little eyes were interesting, it goes without saying.

Ye Chen's brows were smeared with black lines, where did this little Taoist come from, and he asked for money in a fair manner.

Take out two things from the reincarnation cemetery and put them in the hands of the little Taoist priest.

Knowing that he couldn't get anything out of his mouth, he was ready to leave.

"Thank you fellow daoist for your help!"

After Ye Chen finished saying that he was about to leave with Mu Yan, this little Taoist priest suddenly appeared, able to scare away the corpse of the evil demon, there was absolutely a secret in him.

Although it looks like a mortal, it is certainly not simple.

It's better not to provoke such an unknown existence.

"Wait, I want to go with you!"

The little Taoist came to Ye Chen's side and spoke seriously.

Ye Chen frowned, now he didn't want the little Taoist to follow.

After all, the opponent is from the kingdom of God, so it's not necessarily a threat.

Right now, he only believes in the eternal holy king.

As for the others, he is not willing to get involved too much.

So Ye Chen said, "Didn't you say that you don't want to be contaminated with cause and effect?"

The little Taoist squinted his eyes slightly: "That's true, but you have a source of Taoism. The master said that the person of the source of Taoism is the person I am waiting for in the land of ten thousand demons."

"Then tell me about the Ye Family of the Kingdom of God."

"Sorry, I'm still a year away, I don't want to be tainted with cause and effect."

"Then don't follow me."

Ye Chen felt that this little Taoist priest became more and more weird, and he ignored him and said directly:

"Friends of Taoism, if you have the opportunity, you can naturally meet them."

As soon as Ye Chen's voice fell, he took Mu Yan and left, and the two of them flew into the void.

It disappeared in an instant, Ye Chen turned his head and took a look, and found that the figure of the little Taoist priest was no longer there.

Rest assured a lot!

Don't look at it as a harmless little Taoist priest, in case there is any conspiracy to follow him.

In the land of ten thousand demons, everything must be careful.

Ye Chen fell from the void and found an endless corpse.

The two of them have been flying for an hour and have not yet walked out of the corpse ground.

It made a creaking sound as I walked.

sand! sand! sand!

There was a burst of sound, in the central position where Ye Chen and Mu Yan were standing.

Countless corpses gathered!

Killing intent and devilish spirit surging together!

Ye Chen frowned. He met the corpse of the evil demon before, and now he is besieged by the corpse.

Fortunately, the strength of these demon corpses was uneven, and Ye Chen and Mu Yan were enough to cope.

kill!

The two looked at each other, Ye Chen took out the beastly sword and Zhutian God Demon Spear and rushed over.

On the side, Mu Yan also displayed the martial arts of the demon clan.

The endless blood spread to the sky.

After half an hour passed, the demon corpse had been resolved.

Ye Chen and Mu Yan continued to move forward, but before long, a little Taoist figure appeared in front of them.

Really... Really lingering!

I thought I had already dumped the little Taoist priests, but who knew they had already run in front of them.

"Friends of Taoism, the master said, you are the opportunity for me to become enlightened."

"I must cherish the source of your Tao."

"What's more, I'm still a child, do fellow Taoists really bear it?"

The little Taoist looked pitiful, and Ye Chen rolled his eyes.

If he were a child, there would probably not be a child in this world.

The little Taoist came to Ye Chen, stared at Ye Chen's brows, frowned, and after a long time, he said: "The things on your brows are very familiar to me, as if I have seen them before."

"I may know what you are looking for."

"You are willing to come with me."

Ye Chen frowned, it might not be easy to shake off the little Taoist priest.

He was so fascinating in the corpse, if he didn't take the initiative to show up, he wouldn't even notice it.

And the other party clearly noticed the existence of the Devil Emperor Meixin!

Could it be that this person is really a secret! All for enlightenment.

Ye Chen didn't want to look aimlessly, so he nodded and agreed!

"Okay! You lead the way!"

The little Taoist is in front Ye Chen and Mu Yan are behind, and he has been vigilant during this period.

I don't know what the **** the little Taoist thought.

If you have the opportunity, you can inquire from the little Taoist priest.

The three people stopped and walked, and it took a long time to find a tomb in front of them.

The tomb has been opened, and there are still many warriors gathered outside.

Ye Chen and Mu Yan came over, and some warriors just didn't care.

The Sect Master of the Extinction Sect had already known it for a long time, and they heard that the strength was comparable to that of the Sealed Door Realm.

It's not clear whether it is true or not. The warriors present are basically not weak, and there are two strong men with aura far beyond everything.

Even if the Sect Master of Mie Zun Sect could fight the Sealed Door Realm, they thought it was only the early stage.

It is not that there are no warriors who leapfrog, but there is no existence that is too defying.

If so, I am afraid that Ye Chen is the only one.

With so many powerful people surrounding the tomb, no one dared to step in!

Just because the breath coming from the hole was too depressing.

"Come on, let's go in."

The little Taoist raised his head and held his chest up, glanced contemptuously at the warrior next to him, and then walked into the tomb.

The remaining warriors still did not leave.

The two old men with breath far above everything else took the lead and said: "Just so, let these people go in and explore the situation. If nothing happens, we won't be too late!"

The three Ye Chen entered the tomb and found only a faint light.

A gust of yin wind blew through, and Ye Chen's eyes revealed a vigilant look.

This tomb has probably existed for thousands of years, and no one knows what is in it.

Under their feet, the soil is soft, and one step on it seems to be able to sink into it.

An oil lamp hung on the wall next to it.

Moving on, Ye Chen found a closed door.

Beside the gate, there was a demon corpse, which was dead, with only bones left.

Holding a parchment scroll in his white bones, Ye Chen walked over, took the parchment scroll from his hand, and took a look.

It was found that there was no writing on it, only a picture.

There is a huge pill furnace on it, and two old men with the bones of Xianfeng Dao, seem to be refining the pill.

Apart from this, there is nothing more.

Ye Chen opened the door and walked inside with Mu Yan and found ten dead bodies around.

The corpses were placed in an orderly manner, with their hands on their chests.

I walked over and took a look, and found a black bead in his mouth.

The beads are crystal clear, and after so many years, they are still shiny.

The strength of the ten corpses were all at the pinnacle of the gate-closing state, or half a step was too weak, which was far worse than the mysterious monster.

Ye Chen tried to communicate with the emperor at the center of his eyebrows.

But did not get any feedback.

Obviously these are not the opportunities for the resurrection of the Devil Emperor!

Moreover, these corpses were about to rot, and they were able to survive until now because of their strong strength during their lifetime.

Mu Yan sensed something and took out a bead from the ten corpses.

The little Taoist's entire complexion changed instantly, and he said, "Don't move!"

He had just finished speaking, but it was too late, and Mu Yan had taken it down.

When the beads were taken down, the whole tomb was shaken.

The black beads broke free from Mu Yan's hands. Inside the mouths of the remaining nine demon corpses, the beads gushed out, standing on top of Ye Chen's heads.

Hum! Hum! Hum!

No one thought of the change of the beads, behind them, the door was closed tightly.

A crack appeared in these beads, black light poured out, and a beast roar came.

Ye Chen looked up and found a crack in the beads, and a monster of beast appeared.

Ten monsters appeared, their bodies were not high, but the aura that came out made Ye Chen feel a little bit uncomfortable.

Ye Chen didn't hesitate anymore, directly used the Burning Sword, and the endless sword light fell directly!

The spiritual power of the dantian is constantly circulating!

This sword has done everything possible!

Ten blood mists formed instantly!

Ye Chen retracted the beastly sword, glanced at the little Taoist, and found him frowning.

"Do you know something?"

From the beginning, Ye Chen felt that the little Taoist priest had been here.

When Mu Yan took out the beads, what the little Taoist said made him even more sure.

"This is the cave of an ancient demon, and his body is suppressed in the deepest part of the tomb."

"The corpse of the ancient demon is immortal for thousands of years and extremely dangerous."

"As for the rest, I can't say yet. The master said that the secret of the secret cannot be revealed. There will be problems in the road to enlightenment."

"We can't retire now."

They wanted to withdraw now, it was impossible, and the door behind was completely closed.

Ye Chen tried to break open with brute force, but found that it had no effect.

Three people were trapped in the tomb, and time passed by.

The corpse in the tomb became heavier and heavier, and Mu Yan discovered that dark green lines gradually appeared on her body.

Not only Muyan, but also the arm of the little Taoist priest.

This pattern even has a scorching sensation.

The little Taoist opened his arms and sighed, "I still hit this thing."

Suddenly, the little Taoist discovered something. He opened Ye Chen's hand and found that Ye Chen didn't even have a trace.

And there was a special light glowing all over his body.

His eyes were surprised, but he suddenly suddenly said, "I forgot that you have Lingfeng Divine Veins."

Ye Chen was sure what the little Taoist knew, and quickly said, "Do you know Lingfeng's divine veins?"

The little Taoist nodded. He pinched his fingers. He seemed to think that there was no risk before he said: "The Lingfeng Divine Vessel is a special one. It is an extremely unstable existence among the Ten Divine Veins. It may control a part of the wind, and it can also let you The first part of the speed is fast, but these are not the main things. He is not tasteless. His biggest role is to absorb external forces. This power includes many things, the enemy's sword intent and killing intent, as well as heaven-defying toxins."

"And your Lingfeng divine vein has always had some problems, he has been in a deep sleep state, and just now, this toxin comparable to the innate poison body was actually absorbed by the Lingfeng divine vein."

Stormy seas were set off in Ye Chen's heart! Asked: "What happens if the absorption reaches saturation?"

The little Taoist glanced at Ye Chen and said, "Of course it was released!"

"If I'm not wrong, the reincarnation monument you refined only released part of its power, and the remaining power was actually absorbed by the Lingfeng Divine Veins."

"It's fighting you for food."

"It's like an unsatisfied existence. Once full, it is enough to shake the world."

Ye Chen was extremely ecstatic!

He once thought that the most tasteless Lingfeng divine vein was so powerful!

According to that, Chichen Divine Vessel is the main defense! That Lingfeng divine vein might release a strong blow in the instability!

Seeing that Ye Chen wanted to ask again, the little Taoist said impatiently: "I really don't understand how you control this divine vein I don't even understand any common sense."

"The Lingfeng Divine Vein may be very strong, but it is too unstable after all. If it is to be stable, there is only the reincarnation monument with the fire attribute."

At this moment, Mu Yan heard a sound of pain.

Ye Chen discovered with horror that the toxins on Mu Yan's body had spread!

The little Taoist expression was also a little uncomfortable.

Naturally, Ye Chen couldn't just ignore it, looked at the little Taoist, and said excitedly: "Since you know so much, there should be a way to relieve this toxin, right?"

The little Taoist nodded: "As long as you find the cemetery of the ancient demons and get his blood, you can survive."

"But there may be a lot of powerful corpses inside, are you sure to keep going?"

Ye Chen glanced at the perilous depths, the beast rotten sword and the **** of death and demon spear were held in his hands, and Mu Yan was behind him.

The whole figure rushed out directly.

The sword intent on Ye Chen spread everywhere, shaking the space.

There was a humming sound from the beastly sword, and the sword light blasted out with his arms raised.

boom!

The sword light circulated rapidly in the air, impacting on the body of the demon corpse in the blink of an eye.

Click!

The closest demon corpse was torn apart and a cloud of blood erupted.

Ye Chen stayed away from the blood mist to prevent being corroded by the blood.

Mu Yan followed him all the time, Ye Chen was alone, holding the beast rotten sword and the **** of death spear, blazing a path of blood.

The **** smell permeated the air, and the further forward Ye Chen felt the pressure.

Moving forward, Ye Chen found various three forks, and there were at least hundreds of tombs inside.

Ye Chen's brows furrowed, he has no extra time to waste.

It takes half a day to find hundreds of caves one by one.

What he lacks most now is time.

The ancient evil demon tomb should be inside, even if he and Mu Yan find them separately, it is not particularly easy.

Ye Chen looked ahead and found the corpse energy in a tomb, which was unusually rich.

"Go here!"

Ye Chen pointed to the road in the middle and said.

Now only dead horses can be used as living horse doctors.

The door of the tomb has been opened, and Ye Chen is even more convinced that this is the ancient demons cave.

Two people entered inside and found large and small holes, there was nothing inside, but the breath of treasure still remained.

In the deepest part of the tomb, a golden sarcophagus was found with a body surrounded by endless demonic energy.

Ye Chen came to the sarcophagus and glanced at the body of the ancient demon.

He wanted to see if the talisman did not meet the requirements of the Devil Emperor's body, but when he saw it, he was a little disappointed.

This corpse is not suitable for the Devil Emperor, even not as good as the Profound Demon.

Helpless, Ye Chen could only break through the body of the ancient evil demon, and use the blood of the ancient evil demon to fall on Mu Yan's body!

However, the toxin did not stop.

But at this moment, the little Taoist priest stuck a rune full of ancient inscriptions on the body of the ancient demon.

The little Taoist said something, and the endless flame burned instantly!

The body of the ancient demon was burned.

And the ethereal aura on the little Taoist priest is getting stronger! The toxins on his body have also disappeared!

Obviously the little Taoist cheated Ye Chen!

And at this moment, Mu Yan's body exuded extremely strong toxins, as if he was about to fall!

To be swallowed!

Ye Chen could feel the anger of the Devil Emperor!

But the Devil Emperor obviously couldn't make a move at a critical moment!

Ye Chen hugged Mu Yan quickly: "Mu Yan!"

Mu Yan's breath is intermittent, obviously something is going to happen!

The blood of the ancient demons is not effective against Mu Yan's poison, but it is useful to the little Taoist priest!

Damn it!

"Daoist, I'm sorry, I lied to you, in fact, the blood of the ancient demons has no effect on that girl, it has something to do with my enlightenment."

"I can't enter here alone."

"I will be responsible for her death."

"After all, I got karma with you in this matter."

"If you want to scold me, I will admit it."

"In order to become enlightened, I did the wrong thing, and everything may have been lost."

However, Ye Chen at the moment completely ignored the little Taoist!

Just because a voice came from the cemetery of reincarnation!

That is the voice of Canggu Medical God!

"Boy, remember the terms you promised me?"

"Now, maybe it's time to fulfill the contract."

Ye Chen was startled slightly, and said: "Your conditions are in the land of ten thousand demons?"

The ancient medical **** Cang touched his beard and smiled: "The old man is not only proficient in medicine, but naturally also proficient in divination. I can vaguely feel something."

"This land of ten thousand demons, everyone thinks that the most precious thing is the things of ancient demons, but they don't know that there is another more important thing here!"

"That is the Chaos Star Tree."

"This is what a man of medicine, dreams of, a real fetish."

"This is the real bearer and the greatest opportunity here!"

"The Chaos Star Tree will bear fruit, I want both this fruit and this tree!"

Ye Chen shrank his eyes and said, "This thing is so powerful, are you sure I can get it?"

Canggu Medical God smiled, "I will help you naturally."

Ye Chen suddenly thought of something and said, "I can help you, but I hope you can help me get rid of Mu Yan's poison."

"Otherwise, I will never look for the Chaos Star Tree!"

The ancient doctor **** Cangu smiled stiffly and his face was pale: "You are threatening the old man! The old man is notoriously unhelpful! Outside of the Evil Realm, it is absolutely impossible!"

Ye Chen said solemnly: "Then I won't go! You just wait for the next time the Land of Ten Thousand Demons opens."

"You!" Cangu Medical God blew his beard and stared. A few seconds later, a golden needle entwined with colorful air appeared in front of Ye Chen, "Smelly boy, you are the first to negotiate terms with me in ten thousand years, okay. Very good! This needle can detoxify!"

"After breaking the poison, I will obediently find the Chaos Star Tree!"

Ye Chen was overjoyed, no longer hesitating, let alone the little Taoist priest outside, the golden needle moved.

When the golden needle came out, the little Taoist expression was extremely strange: "This golden needle...impossible...absolutely impossible!"

The golden needle fell, and the colorful glow enveloped Muyan!

Mu Yan's toxin faded away instantly!

Not only that, but Mu Yan, who was almost unconscious, opened his eyes!

The little Taoist is stunned! Sit on the ground!

His eyes were no longer calm, but horrified: "This is the golden needle of the ancient medical god, how could you have his golden needle and his methods...Who are you on earth!"

He was not optimistic about Ye Chen from the beginning, but at this moment Ye Chen's medical skills completely shocked him.

In the kingdom of God, countless treasures and rights are not as precious as a needle of the ancient **** of medicine!

The strength of Canggu Medical God may not be the highest! But medical skills definitely aspire to the kingdom of God!

There is even a saying in the kingdom of God!

I would rather offend Heavenly Dao Palace than Canggu God!

One shot can change your life! The strong against the sky can hardly escape and fall!

And Canggu Medical God can change everything!

Mu Yan woke up, Ye Chen exhaled, and the golden needle in his hand disappeared.

The little Taoist was relieved from his shock: "You, who are you... Since you have such medical skills, why didn't you save it in the first place?"

"I almost collapsed Ye Chen ignored his plan and looked in one direction.

Right now, he must look for the Chaos Star Tree in the Land of Ten Thousand Demons!

He faintly felt that this opportunity did not belong to the ancient medical **** Cang, but to himself!

Ye Chen thought of something, and his eyes fell on the little Taoist: "You have been here for so long, I am afraid you know the location of the Chaos Star Tree."

The little Taoist eyes were horrified: "How did you know?"

"Don't worry about it, if you want to redeem your merits, take me there!"

Ye Chen said solemnly.

The little Taoist is not nonsense: "Come with me."

And at this moment!

boom! boom! boom!

The tomb ground shook, and in the stone wall behind Ye Chen, a huge monster appeared.

The strength of the beast has reached the Supreme Void Realm, a pair of fierce eyes staring at the three of Ye Chen.

The little Taoist murmured: "I know that once the body of the ancient demons is moved, the beasts that protect the ancient demons will come out."

The current plan has all disrupted Ye Chen, and the Wannian Blood Monster came out ahead of schedule.

"go!"

Ye Chen's use of a thousand soldiers exploded and delayed the 10,000-year blood beast for a few minutes and then ran away quickly! He didn't even have the desire to fight the Wannian Blood Monster.

They can't waste their strength right now. In this, it's best if they can't consume energy.

Ye Chen took Mu Yan's hand and fled madly.

He doesn't care about the little Taoist at all, it's mysterious, although it doesn't seem to have a cultivation base, there is definitely no problem with self-protection.

The three fled, and the Wannian Blood Monster was chasing after him.

There was a rustling voice in front, and a series of demons appeared.

The number of demon corpses continued to expand, but eventually turned into blood mist.

After rushing out of the tomb, Ye Chen and Mu Yan felt like they were left behind.

The little Taoist asked quite curiously: "Friend Daoist, the energy you just released was a weapon that exploded. Can you control it? I have not seen such a method in the Lingwu Continent for so many years."

Ye Chen ignored them, and the three of them continued on their way. The little Taoist knew the approximate location of the Chaos Star Tree.

It was in the deepest part of the corpse, but the exact location is unclear.

The Chaos Star Tree is a god, and it is said that if the Chaos Star Tree can be refined, it can truly achieve an immortal body.

No one knows whether it is true or not.

No one has been able to refine the Chaos Star Tree.

Three days' time passed in a flash, Ye Chen and others suddenly stopped, seeing the branches ahead, covering the sky and sun, as if rushing into the clouds.

The chaotic star tree exudes a soft breath, which makes people feel comfortable.

Ye Chen found that some demon martial artists were passing by, obviously going towards the Chaos Star Tree.

Seeing the Chaos Star Tree, the three Ye Chen accelerated their speed, and within two hours they had already arrived under the Chaos Star Tree.

The chaotic star tree stretches for thousands of miles, and the huge trunk, with hundreds of warriors spreading their arms, cannot form a circle.

Beside Ye Chen and the others, there were many warriors watching him vigilantly.

Ye Chen glanced at the top and found some red fruits.

Chaos Fruit should be on top.

Although the Chaos Star Tree is huge, there are only nine Chaos Fruits.

There are at least a thousand martial artists present, and there are ten strong men who are half-step Taixu and even Taixu one layer of heaven.

Ye Chen wanted to pull his teeth out of their hands, I am afraid it was not so easy.

"One flower one world, one leaf one bodhi!"

"If you want to obtain the Chaos Fruit, the strength is only one aspect, the most important thing is the perception of reincarnation and Tao."

At this time, the little Taoist spoke beside Ye Chen.

Ye Chen wanted to ask, but the little Taoist didn't say a word, just let him watch.

Some warriors saw Chaos Guo and started climbing, but soon, their figures disappeared in place.

Ye Chen found that the leaves above the Chaos Star Tree appeared as a disappearing warrior.

This scene gave Ye Chen a slight surprise!

What kind of situation is this, the world is beyond surprise.

"If you can't feel reincarnation, you will be trapped in the leaves forever."

After speaking, the little Taoist glanced at Ye Chen.

The test of the pure chaotic star tree will make a large number of warriors trapped in the leaves.

Can't come out forever, Chaos Fruit can not only heal Ye Chen's injury, but also get a lot of benefits.

Ye Chen smiled, he had come all the way, it was just a test.

He is confident that he can come out.

Mu Yan has a spell, even if he can't beat it, there is no problem to escape.

He has nothing to worry about.

Ye Chen and Mu Yan confessed a few words, then climbed up the branch, and within a short time, the figure disappeared.

The little Taoist murmured in his mouth: "I hope that Ye Chen will be fine."

If Ye Chen is trapped in the leaves forever, his path to enlightenment will end.

...

Ye Chen opened his eyes and found that there was no reincarnation illusion.

There is no experience!

Strangely, he has actually appeared at the top of the Chaos Star Tree!

Ye Chen was a little confused.

What about the good experience?

What about reincarnation?

And at this moment, a voice of extreme ecstasy suddenly came from the reincarnation cemetery!

"I forgot, the blood in your body is the blood of reincarnation!"

"The owner of the reincarnation bloodline still needs to understand what fart reincarnation!"

"Haha, God helps the old man!"

"good, very good!"

"Boy, the old man thought you were good for the first time! Really good!"

This is the voice of Canggu Medical God!

At this moment, the ancient medical **** Cang is like an old urchin!

So excited.

And the little Taoist and many warriors under the Chaos Star Tree were dumbfounded.

Why do all people have to go through the test!

Even most people fell through the test!

And that kid came to the top in the blink of an eye!

Is this guy the back door opened by Chaos Star Tree?

The little Taoist expression was extremely weird, and he murmured: "I finally understand what the master said."

"If this person is not Daoyuan, then who is qualified to be Daoyuan!"

"Is that guy still a human? Such a chance and luck is simply a shame!"

"Give this person enough time, I'm afraid Xuanyuan Moxie will fear this person."

Above the Chaos Star Tree, Ye Chen naturally discovered Chaos Fruit.

But there are a few people around him.

Obviously came here long ago, barely stepping into this position.

There are not many warriors at the top, only twenty, but the weakest are in the late stage of the gate closure.

Ye Chen's entire face was slightly gloomy.

The current situation is very unfavorable to him. Chaos Fruit, he must get it.

Taking the Chaos Fruit from the hands of twenty strong men, Ye Chen's pressure can be imagined.

Fortunately, the strongest only has the Heavenly Void Realm, and he still has a chance.

Twenty strong men looked at each other vigilantly. As for Ye Chen, although he didn't know how to appear at the top in an instant, his strength was no more than Star Aperture and had been completely ignored.

A weak person in the Star Aperture Realm, if you dare to **** Chaos Fruit with them, you don't mind slapped to death.

Ye Chen is also happy to think that they despise. It is best that they fight first, get rid of some warriors, and then he will shoot again.

Fighting broke out in an instant, twenty strong men fought with each other, and the aura of terror spread everywhere.

Ye Chen hid on the side, watching secretly, waiting for them to fight almost, and then shot.

Soon, above the Chaos Star Tree, the battle was almost almost the same, and there were only three strong men left on the scene.

These three powerhouses are wounded, and it is estimated that at most they can only explode the power of the eight or nine layers of the sky!

For Ye Chen's injuries, this is the best time to take action.

The deadly beast sword and the **** of death and demon spear in his hand were held in his hands at the same time, and the figure of the whole person suddenly rushed over like a bolt of lightning.

The moment he rushed past, one of the strong men saw this scene, and a cold light flashed in his eyes.

A Star Aperture Realm, dare to **** Chaos Fruit in front of them?

The sharp sword in his hand fell directly, wanting a move to kill Ye Chen in seconds.

The beast rotten sword in Ye Chen's hand suddenly lifted, and an extreme sword light fell in an instant.

The moment the two touched each other, there was an explosion.

The strong gate closed realm raised his brows, and he was able to catch his move.

He admitted that he underestimated Ye Chen, but that was all.

Ye Chen's figure had already rushed towards him, and the God Slayer's Demon Spear was directly raised at this moment.

"Broken Star!"

A shot went out, causing a burst of noise in the space, like a ghost roaring.

boom!

The strong man took the sharp sword in his hand to resist, and the whole figure took three steps back.

At this moment, his face was completely gloomy, and Ye Chen's blow just made him feel the blood in his body turbulent.

Just underestimating the enemy, he felt something was wrong.

This is definitely not the power that the Star Aperture Realm can exert.

The remaining two strong men felt a threat and decided to take action together, first to solve Ye Chen, and then compete for Chaos Fruit.

The three powerhouses rushed over instantly, and the immortal divine body and demon body on Ye Chen burst out at the same time.

One gold and one black flowed across his body.

"Thunder Sword of Ten Thousand Demon!"

Ye Chen whispered in his mouth, and the beastly sword in his hand lifted up in an instant.

Zheng! Zheng! Zheng!

The beast rotten sword erupted with a crisp sound, and the breath of the six sword gods filled the surroundings.

The three powerhouses suddenly found that their speed had become a little slow, which was too weird!

The extreme sword light burst out with brilliant light, and fell suddenly.

The three powerhouses can only use their own means to resist!

One sword resisted, but the other one had crashed down.

Ye Chen found that his spiritual power was rapidly losing, but he couldn't care about so much now.

Let's deal with the three injured powerhouses in front of you first.

Take out the Horcrux from the reincarnation cemetery and throw it out in an instant.

boom!

The three were shocked!

The eyes are terrified!

They never thought that this son was still a soul repairer!

And it is an extremely powerful soul repair!

When their souls were hit hard, several weapons hovered around them!

Suddenly, energy is flooded!

Thousands of soldiers burst!

With a bang, a trace of blood overflowed from the corners of the mouths of the three strong men.

I was caught off guard just now, or I wouldn't get hurt.

There was not much change on Ye Chen's face, and the ghostly figure suddenly rushed over.

The God Killing Demon Spear and the Beast Rotten Sword were both swung out at the same time.

boom! boom!

A shot pierced the body of a warrior, and blood dripped into the void.

Ye Chen retracted the Zhutian God Demon Spear, stretched out a finger, and muttered in his mouth:
"One Demon Finger!"

Now is the best time to kill these injured powerhouses.

If they use magic techniques to recover their strength for a short time, it will be in trouble!

The endless devilish energy poured into the fingers continuously, and a black light suddenly fell.

Whoosh!

When the strong man saw this scene, he took a breath, Ye Chen didn't hesitate.

The beastly sword cut out suddenly.

Killing you while you are sick!

boom!

With a sword coming out, the body of the strong man was cut in half.

The other two menacing strong men looked at Ye Chen vigilantly, and then the two rushed over.

In the void, I don't know when, demonic energy enveloped, and a jet black eye appeared.

There was a terrifying breath in the eyes, and the devilish energy surged.

Below the Chaos Star Tree, the Demon Shadow, who had not done anything, saw the eyes of the devil, and a sneer appeared at the corner of his mouth.

I didn't expect to be able to meet Ye Chen here.

And Ye Chen turned out to be Yan Kun who destroyed the Zun Zong!

His strength is strong enough, but he doesn't mind consuming everyone's strength!

Jun Mochen has orders, everything in the land of ten thousand demons belongs to Jun Mochen!

Don't even think about taking it away!

Including this Chaos Fruit and the Star Tree!

Originally thought Ye Chen was not in the land of ten thousand demons, now it seems that he has sneaked in.

The breath of the devil's eyes flowed, leaving the two strong men left with a frightened expression.

Although this is not as good as the Demon Eye of the Demon Emperor!

But after Ye Chen turned it on, he possessed the aura of a part of the Devil Emperor!

Enough to make all the strong surrender!

"You are Ye Chen!"

One of the strong men spoke.

"I know now, but it's too late!"

A sneer appeared at the corner of Ye Chen's mouth, and the eyes of the devil slowly opened.

At this moment, the devil qi gushed out.

The two of them already knew Ye Chen's identity, so naturally it was impossible for them to leave alive.

A miserable cry sounded, their eyes fixed on Ye Chen.

Unexpectedly, he did not hide in the demons, changed his body, and became the master of Mie Zun Sect.

It's a pity that they now know that it is too late, and they can feel their breath of life, which is constantly losing.

boom!

The eyes of the Devil's Eye gradually disappeared, and Ye Chen's face became a little pale.

Using Demon Eyes just now, the energy consumed in his body was too much.

If there is the power of the Devil's Eye displayed by the Demon Emperor, maybe everything is over.

It's a pity that now the Devil Emperor is extremely weak, he can't let the Devil Emperor take action!

And to find an opportunity that belongs to the Devil Emperor here!

Ye Chen came to the branch of Chaos Fruit, put all the Chaos Fruit in the Reincarnation Cemetery, and decided to leave.

After so long, Mu Yan and the little Taoist didn't know what happened.

He came down from the Chaos Star Tree, only to find that Mu Yan was actually injured.

Obviously she was attacked by Mozu warriors below!

The moment Ye Chen appeared, Mu Yan's eyes gradually brightened.

Ye Chen came to Mu Yan's side and looked at the demon martial artists around him coldly.

When the three demon warriors saw Ye Chen, a sneer appeared at the corners of their mouths.

A helper came, only Star Aperture Realm, and they could solve it easily.

Ye Chen didn't say a word, holding the Beast Rotten Sword in his hand, step by step came to them.

"Ye Chen, you..."

Just as Mu Yan wanted to say something, Ye Chen said, "Chaos Fruit, I have already got it!"

Hearing Ye Chen's words, Mu Yan's worried heart was finally relieved.

The three demon warriors heard the words Chaos Guo, and their eyes showed greed.

"Hand over Chaos Fruit, I can spare you not to die!"

Ye Chen smiled but didn't say anything. If he wants his Chaos Fruit, he also has to see if he has his fate!

The beastly sword slashed out, and the three of them turned into a blood mist on the spot.

Ye Chen glanced at Mu Yan and said directly: "You leave here as soon as possible!"

Mu Yan was startled: "What about you?"

Ye Chen looked at the chaotic star tree, and the light flickered: "I want to refine the chaotic star tree!"

As soon as these words came out, the little Taoist priest and Mu Yan changed their colors!

Ye Chen actually wanted to refine this divine object!

Are you crazy!

However, before the words were spoken, applause suddenly sounded from behind!

"Ye Chen Ye Chen, you really surprised me."

"Master Mozun dare not refine the Chaos Star Tree, how dare you?"

"Do you know what this Chaos Star Tree means?"

"This is a seed that Chaos first opened! It has the power of the world's origin!"

"The power of the origin that no ant can shake!"

"What you said is simply a big joke."

In the reincarnation cemetery.

Ye Chen stared at the ancient medical **** Cang and said, "The chaotic star tree is what you want. Now that this person is in front of you, should you do something?"

"Can't you kill Taixu Peak with a single shot? It just so happens that I also want to see what strength you are, the legendary medical **** of the Kingdom of God."

Canggu Medical God coldly snorted: "Boy, in Lingwu Continent, and even in the Kingdom of God, no one has ever dared to negotiate terms with me."

"You are negotiating conditions one after another, do you really think you are overwhelming the old man?"

Ye Chen shrugged: "Then I haven't said it, it seems that the Chaos Star Tree can't be obtained."

"But if you want Chaos Fruit, I have already obtained it, and it can be considered as fulfilling your promise!"

The old medical **** Canggu was a little angry, but he suppressed it: "Smelly boy, you are on the verge of death!"

"The old man has lived for so many years, you are the first to dare to speak to the old man like this!"

"If it's not for your usefulness to me, the old man will pierce you to death!"

Ye Chen showed a successful smile: "Then you **** me, I beg you! It's a pity that the Chaos Star Tree will be taken away by Jun Mochen..."

Canggu Medical God pondered for a moment, and then said: "Old man admits it! Are you satisfied? This golden needle will give you the strongest blow at the critical moment, but because I am not the main body, Canggu golden needle can't kill Taixu peak in seconds. , But it is still possible to fight against the mid-term of the Taixu Realm!"

"Remember, the Chaos Star Tree must be refined for the old man! Otherwise, the old man has 10,000 ways to make you survive and die!"

Ye Chen held his five fingers, and a golden needle glowing with colorful light fell on the palm of his hand.

Although he didn't release it, he could still feel the power contained in the golden needle!

Good stuff!

Even Ye Chen didn't want to use this thing against Demon Shadow!

It would be a pity that such a life-saving thing was wasted.

The key is that the ancient medical **** Cang is completely different from other great powers, a complete iron cock!

It's as difficult as going to heaven if you want him to take out something next time!

Ye Chen returned to reality and looked at Mo Ying interestingly and said: "Mo Ying, why does your dog always do it? Didn't Jun Mochen want to kill me, why didn't he do it directly?"

"Perhaps he is afraid of the breath of the Devil Emperor?"

Mo Ying snorted coldly: "To kill you a star orifice ant, why do you need Mozun to take action!"

"Although you have something about the Devil Emperor, you still have to die!"

In the next second, the demon shadow swept the boundless air wave, and even sacrificed a magic sword in his hand! Just about to go towards Ye Chen!

Anomaly!

The entire Land of Ten Thousand Demons shook, black clouds pressed against a large area, sand and rocks were flying in front, and a dull voice sounded.

Demon Shadow's eyes sank, the spiritual sense was released, and the color instantly changed!

Endless corpses come together!

Not only that, but there are also three corpses of ancient demons whose auras are too weak.

The corpses of the three demons were enough to kill any warrior on the scene.

Mo Ying even gave up his plan to do something with Ye Chen.

If too much power was lost on Ye Chen, it would be impossible for him to get out of this land of demons!

But Ye Chen's eyes flashed with ecstasy.

Now he can't fight the Demon Shadow, and these ancient demons came too in time!

Although he can be dangerous, at least it can help him disperse some enemies!

The key point is that he discovered that these demons are all heading towards the Chaos Star Tree!

Obviously also for the Chaos Star Tree!

The endless demons were getting closer, and the legs of some warriors were already shaking.

Fear permeates everyone's heart.

Rustle!

At this moment, a sound came from the Chaos Star Tree, and the falling leaves formed a protective cover.

Enveloping a radius of ten miles.

Chaos Star Tree also feels threats before taking measures.

Seeing the leaves of the chaotic star tree enveloped, some warriors felt relieved.

Ye Chen didn't relax his vigilance at all in his heart, these demons' corpses were purposeful attacks.

If you are not prepared, how can you attack the Chaos Star Tree.

He guessed that someone must be controlling the corpses of these demons behind him.

Little Taoist, Chaos Star Tree, Devil Emperor, these many connections prove that this land of ten thousand demons is absolutely extraordinary!

These warriors, it is impossible for them to stay in the Chaos Star Tree for a lifetime, and how long they can resist is still unknown.

boom! boom! boom!

Outside, the corpse of the evil demon and the corpse were constantly attacking, and there was a sound of explosion.

In the current situation, there is no problem for the time being. Time is slowly passing by. After an hour, a gap appears in the protective cover formed by the leaves.

The emergence of the gap, some demon corpses flooded in, and the warrior quickly rushed over to resist these demon corpses.

The **** smell began to spread!

The anger and screams are endless!

Ye Chen could guess that once all the demons came in, this place might become a **** on earth!

None of these warriors can be spared.

The little Taoist was silent and didn't know what he was thinking.

Soon more and more gaps appeared Moying also had to join the battle against the ancient demons.

The demon corpses that rushed in were all relatively weak, Ye Chen and the others could easily kill them.

But it is also constantly losing spiritual power!

Ye Chen came to the little Taoist and said, "You know this, can you find a way to leave."

There are more and more gaps, and the shattering of the protective cover is only a matter of time.

The little Taoist shook his head, his brows condensed.

Seems to be thinking about something.

Ye Chen's expression gradually dimmed. If there were no miracles, he could have predicted that this place would become a **** on earth.

The gap in the protective cover is getting bigger and bigger, and more warriors need to be used. Fortunately, the corpses of the remaining ancient demons have not rushed in yet.

Suddenly, bang!

The entire protective cover burst open, and endless magic energy rushed crazy.

At this moment, none of the warriors present can be spared and all join the battle.

Ye Chen rushed over to fight with the devil corpse holding the **** of death spear and beast sword.

Mu Yan doesn't talk nonsense, release her devilish energy and cast spells! Countless magic lights shoot out!

In less than an hour, the remaining demon martial artist who entered the land of ten thousand demons had fallen by half.

The **** smell filled the air, and the immortal meaning on Ye Chen spouted out, cast the Thunder Sword of Ten Thousand Demon, and cut it out with one sword.

Take away a large area of devil corpses, but there are too many of these devil corpses. Just after killing a path, the devil corpses will rush over in a swarm, without giving the warrior any chance to escape.

The corpse of the evil demon has already begun to attack, and every magic skill is displayed, there are warriors who make a miserable cry.

The body split in four or five in an instant, and the blood was flowing on the ground, and the blood was about to flow into a river.

The spiritual power in Ye Chen's body is getting less and less, and if this continues, he won't be able to hold on for long.

His figure kept backing away, turned his head and glanced, and found that Mu Yan had been surrounded.

When he was resisting hard, he turned around and came to Mu Yan's side.

Solve the crisis of Mu Yan and come to the front of the little Taoist priest.

"Is there any way to stop the corpse of the demon!"

When the corpse of the evil demon turned his head and ran away when he saw the little Taoist priest, there must be something special.

As long as they can stop the pace of the demons' corpses, these demons are not to be feared.

The little Taoist pondered for a while, and finally nodded: "My practice is different from your martial arts. I practice Taoism, and I seek to ask."

"It's just... if I use that spell, my way of asking questions will have an impact."

"Fine, this is cause and effect."

After finishing speaking, before Ye Chen reacted, a gossip phantom hovered over his body, and then the whole person stood in the void.

The whisk in his hand was flying, and his whole body burst into bright light.

The whisk suddenly grew bigger, and the little Taoist stood on the whisk, making a strange mark on his finger.

There was a flower petal on the mark, which fell on the forehead of the demon's corpse.

boom!

The mark went into the forehead, and the corpse of the evil demon stood motionless.

The whisk turned back to its original appearance, and the little Taoist fell to the ground.

There was no blood on his face, it was extremely weak.

Ye Chen hugged the little Taoist priest and handed it to Mu Yan.

"I tried my best, I just hope you can forgive my deception in the grave."

"My Tao is still not deep enough."

"This may be the reason why the master let me stay here."

The little Taoist spoke weakly.

Ye Chen smiled, he didn't think that the little Taoist hadn't let go.

"I don't blame you, nor do I want your Dao Xin to be affected by that incident."

Now that the corpses of the ancient demons have stopped, they can easily solve these corpses.

The warriors of all forces stopped when they saw the corpse of the ancient demons, their faces filled with excitement.

As long as the corpses of the ancient demons no longer attack, they can deal with these ordinary corpses.

These warriors smashed their eyes and rushed towards the demon corpse frantically.

The killing didn't stop for a moment. Seeing that the demon corpses were getting fewer and fewer, their victory was in sight.

The corpse of the evil demon made a strange noise.

Huh!

The little Taoist spouted blood, and his bloodless cheeks became paler.

The mark he planted on the corpse of the evil demon was broken!

The corpses of the demons are like wild beasts, attacking more fiercely, not only that, behind them, more and more demons appear.

It was just an appetizer at the beginning.

The warrior who thought he could rush out, his eyes became completely desperate.

What should we do now?

No one told them that death loomed over the whole person's heart.

Hum! Hum! Hum!

The Chaos Star Tree made a heavy noise, and an old man suddenly appeared in the void.

Tree Soul of Chaos Star Tree!

The old man stretched out a finger, and a dark green light rushed into the body of the corpse of the ancient demon.

boom!

The body of the corpse of the evil demon exploded in an instant.

The old man's face was slightly pale, even though he could kill the corpse of the ancient demons lightly, but he had to pay some price.

Otherwise, as early as the corpse of the evil demon came out, the Chaos Star Tree would shoot directly.

"Your Excellency, come out!"

As soon as the old man's voice fell, a figure appeared hidden in the void.

The other party was wearing a black robe, with a mask on his face, and his face could not be seen clearly. The breath exuding from him turned out to be the peak of Taixu!

Far beyond the magic shadow!

These ancient demons' corpses were all controlled by him.

"Hand over the heart of the Chaos Star Tree!"

His main purpose in coming to the Chaos Star Tree is the Heart of Chaos.

As for these warriors, they were only part of the plan, and he didn't take it in his mind at all.

"It's impossible to want Chaos Heart!"

The old man shook his head slightly, once the Chaos Heart was handed over, the Chaos Star Tree would quickly wither.

The man at the peak of Taixu stopped talking nonsense, and rushed over directly.

Below, the corpse of the ancient demons was about to move and began to attack frantically.

To solve a corpse of an evil demon, for them, the pressure is reduced.

In front of Ye Chen, another corpse of the ancient demons rushed towards his figure.

The depressed breath spreads instantly!

Ye Chen was holding a ghostly figure like a beast sword, and suddenly rushed over.

But the next second, it suddenly stopped!

He found that his bloodline started to work strangely!

This is Lingfeng Divine Vein!

Lingfeng divine veins can absorb all power, and when the absorption is full, it can become the strongest blow!

Now, the corpse of the ancient evil demon is the best nourishment for Lingfeng's divine veins!

The corpse of the evil demon raised its huge arm, tore the space, and fell suddenly.

However, Ye Chen didn't have any obstacles, and forcibly took a blow from the corpse of the ancient demons.

"boom!"

Ye Chen's body was overturned!

A little embarrassed!

However, Ye Chen's face was full of excitement!

He can feel his Lingfeng divine veins boiling!

The stronger the opponent's attack the more unstable Lingfeng divine veins will be absorbed!

This is the power close to Tai Xu!

When Lingfeng's divine veins release everything, what concept is that!

"Ye Chen, you are not the opponent of the ancient demons, come back soon!"

Mu Yan said.

However, Ye Chen wiped the blood stains off the corners of his mouth and smiled.

"The power of the ancient demons is still too small...a little bit bigger!"

As the words fell, the sword light surged wantonly, and cracks appeared on the ground, expanding continuously.

The violent wind flies, the ghost cries and the wolf howls, an extreme sword light, rushes crazy.

At the moment when the two of them were in contact with each other, a huge vibration caused flying sand and rocks.

Ye Chen's figure kept backing away from the corpse of the evil demon.

Although embarrassed everywhere, Ye Chen's smile became more and more prosperous!

Just because this ancient demon is his chance!

It is the chance of Lingfeng's divine veins!

However, Ye Chen couldn't let the ancient evil spirits take action. He was fighting against each other, tempering his martial skills again and again!

The God Killing Demon's spear was held in his hand, and he madly attacked the body of the demon's corpse one by one.

The body of the corpse of the evil demon is as hard as iron, and every time it hits him, there is a spark.

At present, Ye Chen's strength wanted to injure the corpse of the evil demon. He didn't know how many times he had to wave it before he could succeed.

One sword and one shot, using extremely fast speed, hit the body of the evil demon's corpse.

With every attack, Ye Chen exhausted all his strength, and the corpse of the evil demon let out an angry roar.

He could feel an ant attacking himself all the time.

It made him a little crazy, if it weren't for the slow speed, he would have slapped him to death.

Ye Chen found that the spiritual power in his body was about to be consumed, but the energy stored by the Lingfeng divine veins was closer to the peak!
