

Urban 2261

Chapter 2261: One day will eventually crush the Kingdom of God Tiandao Palace!

Many warriors who had besieged the corpse of the evil demon have already fallen.

There was a **** smell in the surrounding air, and Ye Chen's speed dropped somewhat.

He consumes more and more energy and can no longer support it.

Ye Chen was about to retreat, but the eyes of the corpse of the evil demon locked him.

The corpse of the evil demon has been waiting for the opportunity, he wants to slap the ant away.

Raising one arm, spreading his five fingers, he madly shot Ye Chen's figure.

If it was the previous speed, Ye Chen would still be able to leave, but now, it wouldn't work at all.

With no retreat, Ye Chen gritted his teeth and decided to resist the evil demon's corpse.

Lingfeng divine veins are activated to the extreme!

boom!

The giant palm of the corpse of the evil demon fell, and Ye Chen raised the beastly sword and the **** of death spear to resist.

Huh!

Ye Chen was blown away again!

A huge pothole appeared in the ground!

Billowing smoke and dust!

At this moment, Ye Chen laughed again.

His injuries were reduced!

Because he actually broke through in battle!

Breakthrough after heavy blows!

The five-layer sky of the Star Aperture Realm!

...

It wasn't until the sixth floor of the Star Aperture Realm that the heaven stopped!

Ye Chen knew that this was the power that the Dantian had not fully released the last time the dust monument existed!

The continuous activation of Lingfeng's divine veins revived this part of power!

Of course, the breakthrough is not what makes Ye Chen the happiest thing!

He was most happy to discover the power of Lingfeng's Divine Veins because of the final blow of the ancient evil demon's corpse, reaching the extreme!

Activate completely!

Moreover, an ancient text appeared on the palm of his hand!

Ling!

As long as Ye Chen thinks about it, he can open the prohibition on the text in the palm of his hand!

At that time, all the power accumulated during this period will be released!

This is the power of the ancient demons, this is a highly poisonous thing, this is the power of the mysterious monument!

Definitely can contend against the existence of too virtual!

However, Ye Chen's smile quickly stiffened, because the ancient demons rushed again!

Now he doesn't need to absorb the opponent's power anymore!

Stop hesitating, turn around and escape!

If the corpse of the evil demon slapped again, he would not have the confidence to stop it.

Originally, the corpse of the evil demon thought that Ye Chen would die. Who knew that Ye Chen was not dead when he took a closer look. He wanted to chase and kill him in the past.

I can only watch Ye Chen leave.

Ye Chen returned to Mu Yan's side, Mu Yan's expression was weird: "You don't have too many injuries?"

"I clearly saw you being crushed and beaten by ancient demons, so embarrassed."

"No, you actually broke through, and you also broke through two realms!"

"A small state of the Star Aperture Realm may be the life-long shackles of the warriors of the Lingwu Continent, but you become stronger after being abused?"

Mu Yan took a step back: "Ye Chen, what kind of monster are you?"

Because of his father, Mu Yan has also seen some geniuses.

However, a genius like Ye Chen is unheard of!

Ye Chen didn't explain, his eyes looked at the battle between the old man and the black robe Taixu peak powerhouse.

Even Ye Chen was not qualified to participate in this level of battle, and his breath could shock him to death.

As time passed bit by bit, the corpse of the evil demon had already died, but it also caused the warrior to pay a heavy price.

The battle above the void is about to come to an end, and the victory or defeat should be determined soon.

Ye Chen felt that the old man might be defeated!

Sure enough, half an hour later, the weak figure of the old man fell to the ground.

He was originally an illusory soul, plus he shot a corpse of an evil demon in seconds.

Has made him pay some price!

The following battle has stopped, there is no need to continue fighting.

The old ones lose, they die!

"Hand over the Heart of Chaos, you can still live for two years, if not, get the Heart of Chaos and let you die immediately."

The powerhouse at the peak of the Supreme Void Realm no longer wants to continue wasting time.

The old man stood up with difficulty, staring at the strong man above the void, and said: "It is impossible to want the heart of chaos!"

The strong man at Taixu Peak frowned. Since he doesn't know the current affairs, don't blame him for his cruelty.

The demonic energy in his hand surged, forming a whirlpool, and with a wave of his hand, he rushed towards the old man.

And Ye Chen underneath suddenly realized that the little Taoist priest had disappeared!

No, the little Taoist actually appeared in the sky!

At the critical moment, the little Taoist rushed over, using his figure to block the attack.

boom!

Originally, the little Taoist had suffered some backlashes, and now he was hit by a strong man in the Supreme Void Realm.

His figure became more and more illusory, and was about to dissipate.

"Ok?"

The strong man at the peak of the Supreme Void realm frowned, and he had noticed the little Taoist priest from the time when the corpse of the evil demon could not move.

He wanted to kill casually, but when the old man of Chaos Star Tree appeared, he didn't have time to bother.

Ye Chen and Mu Yan came to the little Daoist, took a look, and found that the little Daoist was almost dead.

Ye Chen frowned: "Why are you helping this Chaos Star Tree?"

The words have not been finished yet, the Taixu peak powerhouse above the sky clearly discovered something, and said coldly: "Boy, give me the guy in your arms."

"You should know the gap between you and me!"

"If you leave it to me I can let you go!"

However, Ye Chen's eyes were firm, staring at the man above the sky: "He is my friend, it is impossible for me to make it!"

The word "friend" suddenly made the little Taoist priest flash a tear.

He has lived for so many years and has never had a friend except his master.

The key is that Ye Chen is actually fighting against Taixu Peak for him.

"Ye Chen, let me go, I don't want to hurt you." The little Taoist said weakly.

Ye Chen handed the little Taoist priest to Mu Yan, and said seriously: "Don't talk nonsense! As long as I am here today, no one can move you!"

After speaking, Ye Chen turned around, holding a long sword in his hand, pointing straight at the sky!

"Today, I, Ye Chen, want to protect this person!"

Although he suspected little Taoist priests, and little Taoist priests have deceived.

But all kinds of behaviors showed that the little Taoist was not bad. On the contrary, the two shots made Ye Chen even look at the little Taoist.

In a world where the weak and the strong eat, the little Taoist has great righteousness.

Such a person, if Ye Chen has the ability, he will naturally help.

At this moment, the man at the top of the sky smiled.

"An ant on the sixth level of the star aperture dare to save people in front of me?"

"Do you know my true identity!"

"This time I came to the Land of Ten Thousand Demons to benefit the kingdom of God!"

"If you are against me, you are against the kingdom of God!"

"Kneel down!"

However, Ye Chen still stood straight.

The Kingdom of God made him kneel?

What qualifications do you have!

However, he guessed right, the land of ten thousand demons is not that simple!

There are even more powerful people from the Kingdom of God to intervene!

God Kingdom, what exactly is King Mochen doing in the land of ten thousand demons?

Ye Chen stepped out and released his momentum: "It seems that you are just a dog, so what if you have the Kingdom of God standing behind you! Lao Tzu will crush the Palace of the Kingdom of God one day!"

Chapter 2262: real identity!

As soon as these words came out, the man at the peak of the Supreme Void Realm was completely confused.

In Lingwu Continent, everyone is in awe of the kingdom of God!

Even Jun Mochen dare not say a word to the kingdom of God!

The Kingdom of God is the most awe-inspiring **** in the hearts of all warriors!

However, in the Land of Ten Thousand Demons, a young man on the sixth floor of the Star Aperture dared to smash the Heavenly Path Palace of the Kingdom of God!

The man at Taixu Peak is angry! Completely angry!

Those who insult the kingdom of God must die!

He roared: "Little beast, although I was injured, my current strength is enough to obliterate you!"

When the words fall, a vision of heaven and earth begins!

Dark clouds cover!

One finger breaks the sky!

This martial skill is the advanced martial skill of the Kingdom of God!

You can break the sky with one finger!

Although the Taixu peak man was injured, he can only release the power of the mid-term Taixu, but so what!

The power of closing the door is enough to kill the Star Aperture Realm! Not to mention the power of Taixu's mid-term!

The surrounding space shattered.

Death spread.

The eyes of the Demon Shadow in the distance were horrified, and he never expected that Ye Chen would eventually die in the hands of the Kingdom of God.

But fortunately, after Ye Chen died, his task was considered complete.

Killing a Ye Chen unexpectedly used the Taixu peak powerhouse, which is a bit violent.

Ye Chen also has enough proud capital in Huangquan.

The surrounding warriors turned pale, looking at Ye Chen, their eyes turned into sympathy.

For the entire Lingwu Continent, anyone who dared to clamor about the Kingdom of God and those who were too imaginary would be just this fool.

Mu Yan covered her mouth, she yelled out of voice!

Although Ye Chen has a crazy personality, it is impossible to seek death like this.

If Ye Chen is dead, how should she take the next road?

How should the father be resurrected?

She doesn't understand, but so what!

She didn't think Ye Chen could survive!

That one finger exceeded the one finger of the demon she used too much.

The little Taoist eyes were also horrified.

He never thought that Ye Chen would do it for a stranger, so.

I never thought that there will be someone in the world who is not so selfish and willing to save himself.

Praying manly arms to block the car, do not have to do it!

It's all because of myself.

The little Taoist whispered in tears.

At this moment, Ye Chen's eyes flashed with determination, and he stepped out and flew to the sky!

He not only does not hide, but also welcomes that finger.

The hideous smile of the powerhouse Tai Xu peak reflected in Ye Chen's pupils.

And at this moment, a voice that seemed to come from above nine heavens resounded!

"Today, I, Ye Chen, will shake the people of the kingdom of God!"

"What about breaking the sky with one finger! Ye Chen can break the sky with one needle!"

In an instant, a gold needle shot out of Ye Chen's palm!

The golden needles are surrounded by colorful rays of light, which are extremely bright!

This is not the most important thing. The important thing is that when the golden needle comes out, all the dark clouds around it disappear!

The golden needle is released, the power of weeping ghosts and gods is released!

The entire land of demons is suppressed to the extreme!

"boom!"

The two extreme forces suddenly touched!

But what is strange is that Ye Chen is not dead!

Instead, the finger of the pinnacle of Taixu was broken!

Golden light is all over the sky!

At this moment, the whole world is extremely silent.

Everyone is dumbfounded!

The Star Aperture Realm actually shook the Void Realm!

What the **** is this international joke!

Mo Ying took a step back in shock!

If he shot Ye Chen, he would definitely not be able to resist this needle!

What is the origin of Ye Chen!

The key is that the golden needle is not the Demon Emperor's technique!

His back was soaked unconsciously!

This is a kind of fear, fear of the unknown!

Mu Yan was also startled.

She felt that she already knew Ye Chen well.

But at this moment she realized that she was wrong!

Her knowledge of Ye Chen is just the tip of the iceberg!

There are too many secrets hidden in this man!

The reaction of these people may not be the most real, the most real is the power of the kingdom of God at the peak of the emptiness!

His grinning smile was stiff!

His pupils are dilated!

His mind is blank!

His mouth was trembling: "How could it be possible! This power...this is the ancient medical god...Canggu golden needle."

"The ancient medical **** Cang has come out again!"

"impossible!"

The words have not fallen yet, the golden needle has arrived!

A needle passed through the arm of the powerhouse of the kingdom of God at the peak of the emptiness!

One arm burst on the spot!

The key is that the wounds severely wounded by Canggu Golden Needle cannot be cured forever!

This is the horror of the ancient medicine **** that countless people admire in that kingdom of God!

"boom!"

The endless waves of air rolled, and the strong man of the kingdom of God hit the ground directly!

Originally, the Canggu Golden Needle might not be able to hurt him so badly, after all, this was not the power of the Canggu God of Medicine!

Only because of that short-term loss of consciousness and fear of Canggu Medical God, the power of the kingdom of God was defeated!

Lost to a shot!

Ye Chen's face was pale, but his heart was shocked.

He far underestimated the horror of Canggu Medical God.

This was his hole card, but he did not regret it at the moment.

He weighed it up just now, but in the end he still didn't release the power of Lingfeng's divine veins.

Just because he had a hunch that the power of Lingfeng's divine veins was stronger than this one that could fight against the mid-Taixu powerhouse!

He dragged himself to the front of the little Taoist priest and smiled slightly: "I just said, no one wants to take you away."

The little Taoist smiled suddenly, his whole body covered with starlight.

He opened his mouth and said: "Ye Chen, you really surprised me. In fact, I lied to you. I hope you don't mind but many things are true."

"My identity is related to this chaotic star tree."

"I do come from the kingdom of God, but the kingdom of God cannot accommodate me."

"Just because I am a demon."

"Shemales are not allowed, this is the rule of the kingdom of God."

"And demons can only be used by people, and can only be used by those who dominate lives."

"I was born in chaos, the beginning of billions of years."

"But the moment I really grew up was because I met the master."

"Master is the best person I have ever met. He desperately took me from the Palace of Heaven and Earth, taught me how to be a man, taught me how to cultivate, and taught me what is righteousness."

"I am immortal, and I feel the vicissitudes of mankind."

"I have seen human greed, human fear, human emotions and desires, which are the most terrifying weapons."

"Master said, as long as I hide my breath and completely transform into a human, I can avoid human greed."

"Master said, if I am afraid, I will go to the Land of Ten Thousand Demons to find my source of Dao."

"Now, I found out that I was really scared."

"Ye Chen, from the beginning, I have been observing you."

"If you are like those people, I might kill you and erase my only hope in life."

"But I found that you are different from those people."

"You have a temperament that overrides everything and warms all beings."

"Perhaps, you are really my fate."

"Ye Chen, wait for me to return to my body, let me enter your body, OK?"

"I want to believe you."

"Finally, thank you Ye Chen."

"You made me feel warm in the world for the first time."

"This is not a cold world, it's great."

Speaking of this, the little Taoist suddenly turned into a starlight, covering the chaotic star tree.

Chapter 2263: Disrespect, punish!

The chaotic star tree swayed, and it kept shrinking.

Finally turned into a star-like seed.

Suspended in the world.

Ye Chen was a little surprised.

He had doubted the identity of the little Taoist priest, but he did not expect that the other party turned out to be the Chaos Star Tree.

He opened his arms and allowed the seeds of the chaotic star tree to gather in his body.

The light of countless stars covered it.

The sun and the moon alternate and the stars come out.

At this moment, Ye Chen could perceive a special presence!

Moreover, he found that his stagnant cultivation base was growing!

He climbed to the seventh heaven of the star realm! It hasn't stopped!

It wasn't until the eighth layer of the star realm that the celestial genius stabilized!

And one step away from the nine-layer heaven of the Star Realm!

This feeling is so cool!

Is this the power of the Chaos Star Tree!

The key is that he feels that the Chaos Star Tree has not sprouted yet!

What kind of power would it be if it sprouted!

At this moment, the powerhouse of the kingdom of God with the broken arm finally reacted!

The Chaos Star Tree actually got into the body of a Star Aperture Realm kid!

Although this kid controls the golden needle of Canggu Medical God!

so what!

The task entrusted to him by the kingdom of God must be completed!

The powerhouse of the kingdom of God glanced at his broken arm and tried to recover, but found that it was impossible!

He became angry and turned to Ye Chen instantly: "Little beast, no matter who you are! Even if you are a disciple of Canggu Medical God, you have to die!"

"The authority of the Kingdom of God is beyond doubt!"

"Also, hand over the Chaos Star Tree!"

Ye Chen looked up at the powerhouse of the Kingdom of God who came quickly.

The opponent was injured, and broke another arm, and now he has fallen to the early stage of the Supreme Void Realm.

Even because of the broken arm, the strength that can be exerted may only be a layer of the Supreme Void!

He is naturally not afraid!

He is now the eighth layer of the Star Aperture Realm!

Although the difference between a small realm in Taixu Realm is huge!

But he is confident! He can fight!

At this moment, there was endless fighting spirit in his body.

A smile of disdain appeared at the corner of the mouth of the strong man in the kingdom of God.

The power of the Supreme Void Realm was not something Ye Chen could imagine.

Ye Chen clenched the beastly sword and the God's Demon Spear, his whole figure standing in the void.

The powerhouse of the kingdom of God did not take out a weapon. In his opinion, it can be crushed with a single finger against some warriors who have borrowed external force to upgrade.

The sword intent, rules, and magic energy on Ye Chen's body are constantly flowing.

And he found that he heard the voice of the Chaos Star Tree: "Now, I am not asleep, I can help you! Don't be afraid!"

Ye Chen nodded and stretched out a finger, a vine appeared out of nothing in the void.

Above the green vines, flowers bloomed, quickly rushing towards the powerhouse of the kingdom of God.

The vines entangled the body of the powerhouse of the kingdom of God, constantly tightening.

The smell of flower petals can confuse people's minds.

At the moment when the power of the kingdom of God was trapped, Ye Chen's ghostly figure rushed over.

The beast rotten sword lifted, endless spiritual power poured into it, came to the side of the powerhouse of the kingdom of God, and the sword fell.

When it fell, the God Killing Spear pierced his chest.

The face of the strong man in the kingdom of God changed slightly, and he quickly forced out blood, a sneer appeared at the corner of his mouth, and his body used a slight force.

Click!

The green vines couldn't stand the huge force and shattered instantly.

When the beast rotten sword fell, he directly avoided, the only remaining hand, clenched into a fist, the power of heaven and earth condensed himself.

Suppression came with one punch and the power of the earth!

boom!

The moment his fist touched the tip of the God's Demon Spear.

Ye Chen's feet stepped back two steps, and the blood in his body surged.

The powerhouse of the kingdom of God glanced at his fist and found that blood was bleeding.

The whole person's brows frowned, and his physical body was broken open by a warrior who borrowed external force.

This made him never think of it!

He no longer had his bare hands, but offered a saber!

"Thunder Sword of Ten Thousand Demon!"

As soon as Ye Chen's voice fell, the beast rotten sword lifted up in an instant.

The law of sword intent flows in the void, even the speed of the airflow becomes extremely slow.

The warrior on the ground felt that his blood was stopping, as if time had frozen in this moment.

Jianguang tore through the space and made a humming sound.

The extreme sword light came to the side of the powerhouse of the kingdom of God, he raised the sword in his hand and fell with a single knife.

The moment the two touched, a muffled noise erupted, and the void was trembling faintly.

Ye Chen's ghostly figure rushed over, and the God of Death's Demon Spear raised at this moment.

A cold light flashed across, the gun intent seemed substantive, like a raptor crossing the river.

boom!

A shot penetrated the armor of the strong man in the kingdom of God, shed a trace of blood.

The strong of the kingdom of God, a trace of anger flashed in his eyes.

He clenched the saber in his hand with one hand, his figure disappeared out of thin air, and he had come to Ye Chen's side in an instant.

Ye Chen turned around but found that the powerhouse of the kingdom of God had disappeared in place.

He looked around vigilantly, and didn't know when he would appear in front of him.

Hum!

Above Ye Chen's head, a terrifying killing intent came.

A sword fell from the sky, like a meteor falling, reaching an extreme speed.

Ye Chen's eyes were quick and his hands were quick, and the beast rotten sword in his hand rose in an instant.

boom!

A muffled sound shook Ye Chen's body His arms were slightly numb.

The power of the kingdom of God was not over yet, and fell with a single knife, shaking Ye Chen's body.

The biggest advantage of the power of the kingdom of God is that he controls the power of the world better than Ye Chen.

And Ye Chen just broke through, obviously not stable yet!

This is his opportunity.

Huh!

Ye Chen spouted blood from his mouth, and the veins on his arm burst.

Raise the Zhutian God Demon Spear in his hand and stab it directly.

With a shot, the war knife in the hands of the powerhouse of the kingdom of God made a slight stroke.

The Zhutian God Demon Spear felt a huge resistance and fell directly into the void, inserting it into the ground.

On Ye Chen's body, the demon body gushed out black magic energy, and the beast rotten sword gleamed with a strange light.

The devilish energy spread everywhere, his eyes turned blood red, and violent turbulence was seen on the ground.

Ye Chen's identity has long been exposed, but the warrior below has pinned all hopes on him.

Defeat the strong of the kingdom of God and live!

Otherwise, there is only a dead end.

Mu Yan held his hands together and stared at the battle above the void.

Although she was not fighting, she seemed to be on the scene.

Sweat dripped from his forehead, and he looked at Ye Chen's figure tightly all over, hoping that he was all right!

The moment Ye Chen's demon body surged, his power broke out!

The violent wind surging, Ye Chen and the power of the kingdom of God distanced.

His whole body was entangled with devil energy, and behind a demon head phantom, condensed!

The aura flowing on the body of the demon's phantom is stronger than ever!

Every demon head reached Ye Chen's current realm.

The demon angered the powerhouse of the kingdom of God, as if telling him!

Disrespect to the devil, be punishable!

A demon head is like a moth fighting the fire, rushing towards the power of the kingdom of God.

boom! boom! boom!

Chapter 2264: If you want to go, you have to ask if I can answer or not!

The sound shook the sky and the earth, and the powerhouse of the kingdom of God walked out of the scope of the explosion.

There was a sneer at the corner of his mouth, then he put away the saber and pointed out!

One finger of the power of heaven and earth is integrated inside!

"Little beast, if I guess right, you can only release that shot."

"Although I don't know if you and Cangu Medical God are in a teacher-student relationship."

"But it doesn't matter anymore."

"Because the dead have no value!"

"I am burning my blood! Kill you! Enough!"

At this moment, Ye Chen didn't seem to be facing the power of the kingdom of God, but the whole world.

The breath of the power of heaven and earth has all been vented on his body.

Ye Chen's figure was locked, frozen in the void.

The strong one burns essence and blood, and improves the strength temporarily, just to deal with a star aperture!

Incredible!

Ye Chen wanted to break free, but found that he could not move at all.

The power of the kingdom of God, the power of the fingers surged, and a black light rushed over in an instant.

A huge sense of crisis continued to come, and Ye Chen wanted to break free from the shackles of the world, but it was completely impossible.

At this moment, green vines appeared in front of Ye Chen.

The vines entangled to form a shield to withstand the blow.

boom!

One finger fell, the vine split in four or five, and Ye Chen's figure fell on the ground.

There were scars on his chest.

Standing up hard from the ground, Ye Chen's eyes were cold.

If it hadn't been for the vines to resist most of the damage, he would have been seriously injured in one blow.

Mu Yan came to Ye Chen and glanced worriedly.

Ye Chen shook his head to signal that he was okay!

Now it's just a few minor injuries, and I can persist.

He looked at the divine kingdom powerhouse in the distance, and smiled coldly: "The burning of your essence and blood is only a temporary increase in strength. It is an indisputable fact that you have fallen to the first level of the Supreme Void Realm."

"This place is ultimately the land of ten thousand demons."

"The improvement of my strength is the improvement of the demon!"

The next moment Ye Chen stretched out a finger, cracks appeared in the ground around him, and they continued to spread.

The devilish energy surged, and the devilish energy in a radius of thousands of miles rushed towards Ye Chen's body madly.

boom!

The wind is roaring, the dark clouds are roaring, the thunder is flashing!

Demon finger!

One finger burst into bright light, and the sky was completely darkened for unknown time.

The dark sky, the sunset evening!

Fingertips creaked, and in an instant, rushed towards the powerhouse of the kingdom of God.

The black light locked his figure, at the moment when he was about to rush towards the powerhouse of the kingdom of God.

In the void, a black eye pupil appeared, and an aura of destruction surged between heaven and earth.

The devilish energy around has been completely absorbed by the eyes of the devil!

At the moment the Devil's Eye opened, all the warriors present felt a shock.

It made everyone feel a trace of fear.

Mu Yan also discovered that with the improvement of Ye Chen's strength, this demon's eye with a father's breath became stronger!

Ye Chen's face was slightly pale, and both the finger of the heavenly demon and the eye of the demon fell at the same time.

Definitely be able to give a fatal blow to the power of the kingdom of God.

Ye Chen's eyes stared at the figure of the strong man in the kingdom of God.

Although he was confident that he could kill the first layer of the Supreme Void Realm now, no one dared to say that he was 100% sure.

The methods of the powerhouse of the kingdom of God are endless.

Ye Chen was also a little nervous in his heart, but this was his strongest blow.

If he can't solve the power of the kingdom of God, he may only be able to use the power of Lingfeng's divine veins!

boom!

The moment the two fell at the same time, a doomsday storm formed.

In the center of the powerhouse of the kingdom of God, no warrior dared to approach in an area.

Once it passes, it will definitely die! There is no room.

The breath gradually disappeared, Ye Chen stared at the void, and found the figure of the power of the kingdom of God.

"This....."

Ye Chen's eyes dimmed, and there was a hint of shock.

The power of the kingdom of God, there is nothing at all, how is this possible?

Not to mention that Ye Chen didn't believe it, all the martial artists present felt unreal.

The power that the two burst out is definitely not as simple as one plus one equals two.

Ye Chen clenched the beastly sword, he didn't know what to do next.

Just now, it is impossible for the power of the kingdom of God to have no injuries at all, the only possibility is to use the life-saving hole cards.

"Ye Chen, you successfully angered me!"

"I wasted the blood of the power of my kingdom of God!"

The power of the kingdom of God looked at Ye Chen as if looking down on sentient beings.

Had it not been for the only hole he spent at the beginning, he might have been dead now.

Thinking of being almost beheaded by the ants just now, I wanted to take Ye Chen off.

A wry smile appeared at the corner of Ye Chen's mouth, and now he really has reached a desperate situation.

Unless it is the power to activate that Lingfeng divine vein.

However, after turning it on, it is difficult to gather energy again!

The powerhouse of the kingdom of God squeezed the sword in his hand, and between the wave of his hand, a sharp blade of light rushed in the direction of Ye Chen.

The depressed breath made Ye Chen unable to move, at the moment when the sword light was about to fall.

A black token flew out!

There is an emperor written on it.

This was thrown by Mu Yan!

Mu Yan's only guardian trump card!

Contains a power of father!

In countless lives and deaths she is reluctant to use it!

Now, she is willing to do it for Ye Chen!

At the moment when token flew out, an illusory figure stood in front of Ye Chen.

Aloof, domineering to the extreme!

His eyes are full of contempt for all living beings, invincible belief!

The Devil Emperor's breath came out, and there was no expression on his face.

Facing the strong of the kingdom of God, stretch out a finger!

With one finger down, the blade of the sword split in four or five, rushing towards the strong of the kingdom of God.

boom!

The powerhouse of the kingdom of God, a mouthful of blood came out, his face turned pale.

The illusory figure of the Devil Emperor turned his head and glanced at Mu Yan, with a soft expression in his eyes.

"father!"

Mu Yan murmured, tears gleaming in his eyes, and the ghost of the Devil Emperor gradually dissipated between heaven and earth.

This was the life-saving trump card that the Devil Emperor left Mu Yan at the beginning, and she has not been willing to use it.

As long as this token is there, she feels that the Devil Emperor will always be by her side.

The blow of the Devil Emperor severely injured the powerhouse of the kingdom of God, but he had not completely died.

Ye Chen glanced at Mu Yan, but didn't say a word.

He must kill the strong of the kingdom of God today!

The eyes of the powerhouse of the kingdom of God were full of jealousy.

The devil emperor at the time was able to confront the Heavenly Dao Palace.

In the heyday of the Devil Emperor, even if he dealt with the Palace Master of Heavenly Path, he would only lose one move.

If there is another hole card of the Devil Emperor, he will definitely fall here today.

He looked at Ye Chen, considering whether to leave.

He dare not bet!

The powerhouse of the kingdom of God is going to leave, but how can Ye Chen let him go?

It is conceivable how important the shadow of the Devil Emperor is to Mu Yan.

"If you want to leave, you have to ask me if I can answer!"

Chapter 2265: The whereabouts of the Yanbei!

As soon as Ye Chen's voice fell, the last trace of strength burst out unscrupulously.

A shadow of a little Taoist appeared behind him.

"Slash the demons with one sword!"

The little Taoist and Ye Chen spoke at the same time, and the beast rotten sword raised.

Zheng! Zheng! Zheng!

The warriors who were close to Ye Chen kept backing away, and they could no longer resist the aura that came out.

On the ground, flying sand and rocks, forming a storm!

Jian Guang rushed directly to the figure of the powerhouse of the kingdom of God.

A sword bloomed to the extreme and fell suddenly!

The powerhouse of the kingdom of God originally wanted to evade, but the speed of Jianguang was too fast!

Let him have no time to defend!

boom!

A sword fell, like a galaxy venting out of the starry sky.

Jianguang cut on the head of the powerhouse of the kingdom of God and exploded instantly!

Ye Chen sat on the ground hard.

Everything returned to silence.

A turbulent wave was set off in the heart of the demon shadow in the distance. He did not expect that the power of the kingdom of God would have fallen, and he successfully killed Ye Chen.

This kid is terrifying!

However, he could see that Ye Chen had no energy at all.

It is an opportunity for him!

Even in Ye Chen's heyday, without the external force of the little Daoist, Mo Ying had enough confidence to kill.

Since the power of the kingdom of God did not kill Ye Chen, he didn't mind making a cut.

Mo Ying walked in the direction of Ye Chen step by step, Mu Yan saw him, her pretty face changed slightly.

If Demon Shadow made a move now, Ye Chen had no way to resist.

Just relying on her, it is not enough to see in front of the magic shadow.

"Ye Chen, you have avoided the powerhouse of the Supreme Void of the Kingdom of God, but you have not avoided my shadow."

"Devil's command, I dare not disobey it."

"You still have to die."

A fierce look flashed over the corner of Mo Ying's eyes.

Ye Chen was definitely a threat to the Demon Sovereign Palace, and could not stay.

"Are you sure you want to shoot me!"

Ye Chenfeng's light and cloudy appearance didn't seem to put the magic shadow in his eyes at all.

Mo Ying frowned and stopped instantly. Could Ye Chen have any conspiracy?

Facing Ye Chen, he had to be cautious, otherwise he didn't know how to die.

Looking at Ye Chen carefully, he stayed for a while before rushing over again.

He felt that Ye Chen was playing mystery, and now who can save Ye Chen.

The moment he shot, a person suddenly thought of him.

Although he thought of it, it was a pity that it was too late, and the old man of the Chaos Star Tree had not dissipated yet!

The old man suddenly appeared, stretched out a finger, and landed on Mo Ying's body.

There was a rush of blood, the Demon Shadow spit out blood, and the whole body flew out.

Ye Chen's eyes looked at Mo Ying, sneered again and again.

When the Chaos Star Tree entered his body, he knew the origin of the old man.

The old man is not actually the soul of Chaos Star Tree, but a guardian soul.

Guard the endless river of chaotic star trees.

He defeated the powerhouse of the kingdom of God this time, which is equivalent to saving lives for the Chaos Star Tree.

The boss of Mo Ying's eyes opened, he just thought of the old man, but it was too late.

When he thought of this, his regretful intestines were about to flow out.

At this moment, his eyes were gray, without any color.

The old man came to the front of Mo Ying and glanced at Ye Chen, only to see him nodding lightly.

The old man stretched out a finger and landed on Mo Ying's head.

The breath of the demon shadow completely disappeared in the world.

Ye Chen wouldn't think of revenge personally, washing away the demon shadow's original pursuit.

As long as there is a chance, whether it is external force or someone else's shot, he will kill Demon Shadow.

The powerhouses in the entire Demon Zun Imperial Palace are his enemies, and if one enemy is resolved, there will be more security.

There were originally some martial artists who had bad intentions and wanted to take action against Ye Chen, but later saw the old man.

All the warriors dispelled this idea.

Now who is looking for Ye Chen to settle accounts, isn't he looking for a dead end?

Some warriors have left the Chaos Star Tree, afraid that something will happen again later.

In the event that the ancient demons come over, they can't solve it.

Dealing with the corpses of the three demons has caused them heavy losses.

Some warriors have not left yet, the old man glanced at Ye Chen and everyone, and said, "You follow me."

Everyone came to a vast area, extremely quiet.

"Ye Chen, I am about to die, I hope you can take care of the Chaos Star Tree."

"He is also waiting for you."

"This cause and effect was destined from the beginning."

"He exists, God cannot tolerate it."

"And you, as a member of the Ye Family, are naturally above the Dao of Heaven."

Ye Chen was startled slightly, the other party not only knew his own name, but also knew about the ancient Ye Family.

"Senior, what happened to the ancient Ye Family?"

"And why did Chaos Star Tree choose me?"

The old man smiled: "Some things can't be said too thoroughly, the blood in your body is the closest existence in the world."

"When the ten reincarnation monuments are gathered and your blood is completely activated, then you will understand everything."

"I am going to die after all. Before I die, I can reveal one thing to you, which can be regarded as a reward for you."

"The flame stele of Shenhua Academy actually has some connection with Xuan Yuezong."

"Xuan Yuezong has a secret realm passage, and there is more than one secret realm passage. The other entrance is at Shenhua Academy."

"The Burning Heaven Clan in the secret realm has actually reached a deal with the dean of the Shenhua Academy long ago."

"They have guarded the Yan stele for generations."

Ye Chen's face changed in shock.

He never thought that the Flame Stele of Shenhua Academy was in a secret realm!

And it's the place he once stepped into!

Burning Heavens!

The original patriarch of the Fentian Clan also gave himself his daughter Fenying.

Fen Ying's beauty was extremely beautiful, but it was a pity that she didn't care about it at the time.

I don't know what Fen Ying is doing now.

The flame stele, as the reincarnation stele for the fire attribute and the main battle, naturally has to contact the fire attribute guardian.

The Burning Sky Clan is obviously the best choice!

If this is the case, after he leaves the Demon Race, the first stop is to go to the Burning Heaven Race!

Get back the Yan stele!

"Well, I'm done with what I should say."

"I have lived for endless years, and death has long been bearish."

As soon as the old man's voice fell, his body gradually faded.

Suddenly, the old man seemed to have thought of something, and said: "Boy, you seem to have no purpose when you step into the land of ten thousand demons. Can I ask why?"

Ye Chen looked at the faint old man, hesitated for a few seconds, or said: "I want to resurrect the fallen Devil Emperor!"

The old man suddenly realized: "I finally understand the meaning of this game."

"The old man will point you again before he dissipates."

"If you want to resurrect the Devil Emperor, there is only one place in the Land of Ten Thousand Demons."

"That is the Immortal Demon Palace."

Chapter 2266: Full force

Mozun Imperial Palace.

Jun Mochen, who was sitting cross-legged, suddenly opened his eyes.

He glanced at the jade card of life not far away.

Demon Shadow's jade card was broken!

how is this possible!

Demon Shadow's strength is not considered weak in the Supreme Void Realm, has it fallen to the land of ten thousand demons?

And the magic shadow jade card shattered extremely fast! Obviously met the strongest person!

Could it be because of the powerhouse of the kingdom of God who entered the land of ten thousand demons?

wrong!

People in the Kingdom of God should know the magic shadow, even if they make a move, they cannot be killed!

Jun Mochen's eyes were solemn, and he discovered that the Land of Ten Thousand Demons was really out of control this time.

He just wanted to tear the void and step into the land of ten thousand demons, when several old figures suddenly appeared above the hall.

"Jun Mochen, long time no see."

"How is the situation in the Land of Ten Thousand Demons?"

"This time, our plan should be foolproof."

...

At the same time, the land of all demons.

"Where is the Immortal Demon Palace?"

Ye Chen knew the situation in the Land of Ten Thousand Demons from Luo Chen's mouth, but had never heard of the Immortal Demon Palace.

Just when he hesitated, the chaotic star tree in his body suddenly said: "I know!"

Chaos Star Tree told Ye Chen about the situation of the Immortal Demon Palace, but it made him a little excited.

There are many bodies of great demons in the Immortal Demon Palace, and there is always one body suitable for the Demon Emperor.

After all, the Devil Emperor used the power of the condensed flesh in order to stop the sword of destroying the world.

This time he entered the land of ten thousand demons, in addition to improving his strength, the main reason was the body of the demon emperor.

It's not easy to go to Immortal Demon Palace.

Their current location is the Corpse Land, but the Immortal Demon Palace is in the Dragonbone Land.

The land of ten thousand demons is boundless, and it takes at least one day to enter the land of dragon bones from the corpse land.

In the middle of the journey, he had to pass through the land of the gods, and no one knew what would happen on the way.

Ye Chen decided to go to the Dragonbone Land, no matter what, he finally found a direction.

Ye Chen and Mu Yan went straight in one direction.

There is no doubt that you will die when you enter the Immortal Demon Palace, only going against the sky and achieving the devil emperor's flesh.

Originally, Ye Chen wanted to fly in the sky, but found that there was a restriction in the void.

The three of them could only walk quickly, and in half a day, they came to the land of the gods.

Along the way, Ye Chen also knew the general situation of some sacred places.

There are a lot of Buddhist temple sites in the existence of the entire gods.

At the beginning, not only the devil emperor was the one who suppressed the ancient evil demons, but also countless Buddhist powers.

Not only that, there are also some people in the land of ten thousand demons, who have been living in the land of the gods.

The opening of the Land of Ten Thousand Demons will cause the gods to be particularly confused, and the incoming warriors will **** treasures.

Killing can be seen everywhere!

When Ye Chen and Mu Yan stepped into the land of the gods, they already found some fighting.

There is a ruined city in front, called Bodhi City, which contains many temple ruins.

In the ruins, blood flows into a river.

Only one is out of character.

Not far away, a burly monk was eating meat and drinking alcohol.

His eyes scanned all the killings coldly.

Chaos Star Tree murmured: "Is this still a monk? Buddhism is similar to Taoism. He breaks the precepts like this, and it is difficult to cultivate into a **** and Buddha."

Ye Chen smiled, but didn't say anything.

After all, this is someone else's business.

Just when Ye Chen and Mu Yan were about to leave, the monk suddenly stopped and looked at Ye Chen, the surprise in his eyes was fleeting.

In the next second, he appeared next to Ye Chen and said: "Amitabha Buddha, the meat and wine have passed through the intestines, and the Buddha left it in his heart."

Ye Chen didn't bother to talk to the monk, anyway, he wouldn't stay in the place of the gods for too long.

He intends to continue to the land of dragon bones.

"Old Nafa is called to quit the void. The breath on your body seems to be related to the Buddha, little brother, but after practicing Buddhism, it is better to follow me back to the temple to practice and take you into the real Buddhist way."

"Into the Buddha's golden body, the demons in this land of ten thousand demons cannot move you."

"Otherwise, little brother, if you go deeper, you will definitely die."

Jie Kong looked at Ye Chen with a pair of eyes, a smile on his face.

Ye Chen's eyes condensed, and he thought of something instantly.

There are three powerful relics of the Golden Buddha in his body.

It is estimated that this Jie Kong felt the relic in his body.

"Sorry, I don't want to become a monk, but now I'm in the dust."

Ye Chen didn't even think about rejecting it directly. He didn't have any kung fu to practice Buddhism.

"Donor, I'm afraid you will go if you don't."

After Jie Kong finished speaking, he grabbed Ye Chen's arm with one hand.

Seeing this scene, Ye Chen was just about to make a move, but found that he could not move.

Mu Yan's eyebrows frowned, the demonic energy gathered, just about to take a shot, he stretched out a finger, and suddenly landed on his body.

The next second the whole person stood still and couldn't move.

Ye Chen frowned, and the strength of Jie Kong was able to deal with them easily.

I'm afraid it has reached the too virtual realm.

What is the origin of this land of ten thousand demons?

"Donor, please follow me."

After Jiekong finished speaking, he took Ye Chen and left directly, and Mu Yan's restraint was released, and he wanted to chase him.

It's just that Ye Chen no longer has any figure Ye Chen followed Jiekong to a temple site and found that the temple was dilapidated and even had only two monks.

The two monks glanced at Ye Chen sadly.

Ye Chen understood in an instant that these two monks were probably brought over by Jie Kong forcibly.

After all, entering the Land of Ten Thousand Demons is not only an opportunity for the demons, but the Buddhist experts in Lingwu Continent must have also noticed the advent of the Land of Ten Thousand Demons, stepping into the Land of Ten Thousand Demons at all costs, and directly came to this place that suits them best. The land of the gods.

Jie Kong took Ye Chen to the main hall of the temple, and a Buddha statue was enshrined in front of him.

On both sides of the main hall, there are some Buddhas, eighteen gods, ghosts, and dragons and tigers.

Jie Kong knelt down in front of the Buddha, whispering in his mouth.

If it weren't for the appearance of quit eating meat and drinking, Ye Chen would really think he was an accomplished monk.

Ye Chen stood there motionless and didn't care about the empty space. After two hours, he finished chanting and said: "Donor, you now have two choices, either die or convert to my Buddha."

If it weren't for the strong strength of Jiekong, Ye Chen really wanted to do it directly.

Now his only hole card is the energy stored by the Lingfeng Divine Veins during this time.

But, in front of the Buddha statue, you threaten with integrity, is it really good?

"I choose neither of these!"

As soon as Ye Chen's voice fell, he took out the God Killing Demon Spear and the Beast Rotten Sword.

Even though he knows that Jiekong is powerful, he has to fight!

Jie Kong shook his head and said, "Donor, you have Buddhism in your body, and you have Buddha power hidden in your body. Why don't you want it?"

Ye Chen smiled without saying a word, and the whole figure suddenly rushed over.

With the blessing of Chichen bloodline and divine blood, he had to do his best to deal with Jie Kong.

Chapter 2267: follow me!

Jiekong was expressionless, and when Ye Chen rushed over, he volleyed a finger.

Ye Chen's figure froze instantly.

Jie Kong came to him and said, "I will give you enough time to think."

"There is one thing you may not know. The poor monk comes from the Buddhism of the Kingdom of God. I would not come here unless the land of ten thousand demons opened.

The encounter between you and me can be regarded as fate. If you are willing to follow me into the Buddhism, I will be able to help you step into the gated state within a year, and ten years will allow you to reach the emptiness. "

From Jiekong's point of view, the warriors of Lingwu Continent wanted to break through the door for too long.

Only the Kingdom of God can help Ye Chen do it.

Taixu Realm is too attractive to the warriors of Lingwu Continent!

However, Ye Chen refused: "No need, ten years are too long."

Jiekong was startled, and then he snorted coldly: "It's ridiculous, how can you break through without the power of the kingdom of God? The gap in resources can't be made up, forget it, I will come to you later."

"Don't try to break the ban I set for you."

"This is a prohibition belonging to the kingdom of God."

After speaking, Jie Kong disappeared.

After Jie Kong left, Ye Chen closed his eyes and the Lingfeng divine veins revolved.

Lingfeng's divine veins have another function, which is to break the ban!

What about the kingdom of God!

The prohibition set by Jiekong disappeared instantly.

Ye Chen didn't hesitate anymore, and left with a flash of wind and thunder!

At this moment, Jiekong obviously found something, his face was extremely horrified.

The prohibition he set was broken!

how is this possible!

That kid is just Star Aperture Realm!

Soon, Ye Chen found Mu Yan.

"Mu Yan, we will leave immediately."

"Ye Chen, are you okay?"

Mu Yan came to Ye Chen's side and asked concerned.

Ye Chen shook his head, except for some thrills, but there was no big problem.

He knows that Jie Kong has already found out that he has left. If he is found, it will be tricky!

No longer hesitating, Ye Chen and Mu Yan hurriedly headed towards the Dragonbone Land.

However, it is only a distance of a hundred miles!

A voice suddenly sounded behind Ye Chen!

"Donor, please stay!"

Ye Chen's face changed!

It's really lingering!

Since he was caught up by Jiekong, he didn't plan to run away, there was no need.

In the hands of Jie Kong, their escape is a luxury.

He stared at Jiekong and said: "Senior, I have no relationship with Buddhism."

"If seniors are embarrassing me again and again, I don't mind to die with seniors."

At this moment, Ye Chen's eyes were filled with cold killing intent.

He is really not afraid of Shang Jiekong!

It's just that he doesn't want to waste the strength that Lingfeng's divine veins finally gather!

Jiekong was slightly startled, he had seen Ye Chen's eyes in the Kingdom of God.

The opponent really has a hole card to hit him hard! Even kill yourself!

This is the Star Aperture Realm of Lingwu Continent!

What confidence does he have!

Suppressing the shock in his heart, Jie Kong said, "If this is the case, Jie Kong is not difficult, but Jie Kong has something to ask for."

"Kaikong is willing to take any conditions as the price."

Ye Chen's eyes sank, a little confused about this thought of quitting.

But he thought of the three golden Buddhas.

Maybe this Jiekong was the chance of the three golden Buddhas.

"Donor, I need you to go to the Tianfo Temple site and get the opportunity to enter the Buddhist cave."

"I am originally from the Tianfo Temple of the Kingdom of God. The ancient evil spirits descended, and the Devil Emperor and many Buddhist schools jointly suppressed the evil spirits."

"Among them is the ancient Tianfo Temple."

"This time I come from the kingdom of God, I want to take a relic."

"If you are willing to help me, I will owe you a favor. If anyone dares to move you, they must step on my body."

Ye Chen's eyes were solemn.

Although Jiekong's strength is unknown, it is definitely stronger than Moying, and may even be at the peak of Taixu.

With the protection of such people, many problems will be easily solved.

He thought for a moment, or said: "You can't win the relic, why are you sure that you will do it?"

Jie Kong smiled and said seriously: "My realm is strong, but I don't have the ability to leapfrog."

"If you want to enter the Buddhist cave, all the pressure comes from the strength of the intruder."

"My strength has failed many times in the face of Slashing Evil Realm."

"You are not the same, your strength is at most the pinnacle of closing the door."

"And you, just just threatened me, broke my ban, and your fighting spirit is overwhelming, you can definitely shake the Door Sealing Realm, even half a step into the Void Realm."

"You are the only possibility for me to win the relic."

Ye Chen hesitated for a few seconds, then nodded: "Okay, I agree for the time being."

...

The location of Tianfo Temple, in the depths of the gods, will basically not be born.

Although the warriors of the demons come to the land of the gods, although they will **** treasures, they never enter the Tianfo Temple.

Tianfo Temple in the land of the gods is the status of a giant.

Along the way, there is no space, and no warrior dares to take action, unless he is impatient.

On the way, Ye Chen also understood why Jie Kong was like this.

That is the relic left by his master sitting.

He also knew that Jie Kong was originally a disciple of Tianfo Temple and later did not know what he was expelled from.

The crowd came to the gate of Tianfo Temple and found two little monks sweeping the floor. When they saw Jiekong, their eyes changed.

"Hurry up and call out the abbot!"

Jiekong spoke with a grin, and the two sweeping little monks gave a wry smile and said nothing, and walked into the temple.

Jiekong didn't come to Tianfo Temple once or twice. Basically, all the monks inside knew him.

No way to be famous!

Jie Kong was originally qualified to be the next abbot, but it was a pity that he would be expelled if he did something wrong.

The matter of quitting emptiness has become taboo and no one is allowed to discuss it.

Jie Kong led Ye Chen into the temple and found a place to sit down wantonly.

Not long after, the abbot of Tianfo Temple appeared in front of Ye Chen and Jiekong.

Next to the abbot were two monks.

When the abbot saw Jie Kong, a look of helplessness flashed in his eyes.

"This time you have to lead the monk to challenge the ancient Shenluo formation?"

"I think you should return to your kingdom of God, the relic is destined to be taken by you."

"We will continue to suppress demons and don't want to spend too much time on you."

Jiekong's eyes flickered and did not speak, the abbot glanced at Ye Chen next to him, and then said:
"Forget it, come with me!"

Mu Yan stayed outside, Ye Chen followed the abbot and them into a hall.

In the main hall, the formation atmosphere is extremely rich!

In addition, there are eighteen monks in the center of the formation. They are golden all over, holding spirit sticks in their hands.

Ye Chen glanced at and frowned, the eighteen monks phantoms were extremely strange.

And even reached half a step too empty!

If the formation of eighteen people is combined, the power released will definitely exceed the realm of emptiness!

Chapter 2268: Strong presence!

If Jiekong breaks through the formation, the eighteen phantoms to face may be the peak of the eighteen Taixu! Even cut Evil!

How can this win!

Ye Chen didn't dare to look down upon that Tianfo Temple could become the strongest existence in the land of the gods.

Sure enough, the matter of quitting empty arrangements is not so simple!

A trace of worry flashed across Jie Kong's face.

He thought that these eighteen shadows were in the middle of the door closure for Ye Chen, but he didn't expect that the half-step was too empty!

Eighteen half-steps are too empty, can Ye Chen really win?

Hope this time, he will not be disappointed.

Ye Chen didn't talk nonsense, and took a step forward, took out the beastly sword and the **** of death spear, the Eighteen Shenluo phantom immediately surrounded him.

The spirit stick in his hand fell on the ground, and a dull sound erupted.

The sound can affect people's minds, making Ye Chen a little wary, and then the figure suddenly rushed over.

The immortal sword intent was condensed in the beastly sword, and the spear intent turned into a golden dragon to rush over.

Ye Chen planned to defeat them one by one, and deal with one person first, but his thoughts quickly became a mistake.

When the Eighteen God Luo phantom shot, it seemed as if the soul was connected, and the speed of the spirit stick that everyone wielded was not bad at all.

They had already formed a tacit understanding, it was impossible for Ye Chen to break them one by one.

All the glory and the loss are all lost!

Unless Ye Chen can defeat the Eighteen Shen Luo phantom in an instant.

When the eighteenth **** Luo Xuying waved the spirit stick, the sound of piercing the air came, and Ye Chen's whole body flew into the void.

The moment he flew into the void, the Beast Rotten Sword burst out with an extreme sword light rushing over.

Sword of Heaven! Sword of Burning Heaven! Not enough!

Ye Chen directly sacrificed the third sword, the eternal thunder sword!

When Jianguang rushed past, the Eighteen Shenluo Xuying raised the spirit stick to form a protective shield.

boom!

A sword fell, and the Eighteen Shenluo phantom did not move at all.

The law of violent continual flow in Ye Chen's body, the surrounding temperature dropped instantly.

When the temperature dropped, Ye Chen's killing intent condensed and made a humming sound.

The immortal divine body burst out with bright golden light, and raised the beastly sword in his hand.

Jian Guang rushed out in an instant, and the spirit stick in the hands of the Eighteen God Luo Xuying began to rotate.

When the sword light and the rotating spirit stick touched each other, they suddenly ejected back.

Jian Guang rushed towards Ye Chen in the direction!

Ye Chen's figure evaded slightly, his eyes staring at the Eighteen God Luo shadow, a solemn expression flashed in his eyes.

The strength of the Eighteen God Luo Xuying was stronger than he thought, and it was not easy to deal with.

This contains the power of the kingdom of God!

"drink!"

Eighteen Shen Luo Xuying shouted angrily, flew into the void, and attacked Ye Chen.

Eighteen spirit sticks, at the same speed, rushed crazy.

Ye Chen raised the God's Devil Spear in his hand, muttered in his mouth: "The power of ten thousand demons, break it for me!"

The gun hasn't arrived yet, but the gun intent has begun to spread.

Jie Kong saw this scene next to him, and an expression of excitement flashed in his eyes.

Maybe Ye Chen could really defeat the Eighteen God Luo Xuying!

After so many years, he finally saw a glimmer of hope.

The abbot's brow furrowed, and he said nothing.

Although Ye Chen was able to withstand the offensive of the Eighteen God Luo Xuying, it was nothing more.

Eighteen Shenluo phantoms can line up, and when the time comes, the strength will be stronger, how can Ye Chen be an opponent.

boom! boom! boom!

The crisscrossed sword light and spear intent spread all around.

In a short time, Ye Chen couldn't take the Eighteen Shenluo phantom, but the Eighteen Shenluo phantom couldn't get any benefits.

Eighteen Shenluo phantoms scattered, suddenly arrayed, and their spirit sticks were entwined with tiger and golden dragon phantoms.

The aura exuded by every tiger and golden dragon phantom was extremely terrifying.

Ye Chen frowned, and the demonic body on his body burst out. On the surface of his body, a nine-clawed golden dragon was wrapped around his body.

Whoosh! Whoosh! Whoosh!

Tigers and nine-clawed golden dragons rushed over, causing continuous shocks in the space.

boom! boom! boom!

The scope of the explosion was deafening, and a dozen long swords with powerful aura appeared in the disappearing figure of Ye Chen.

The long sword made a humming sound, and the aura that came out caused a slight change on the face of the Eighteen God Luo Xuying.

A hole in the palace was blasted, and the Eighteen God Luo phantom also dimmed a bit.

They didn't expect the sudden explosion.

At this time, Ye Chen's figure had already rushed over.

The body of the beast rotten sword and the **** of death spear released endless cold light.

Ye Chen wants to break the battle!

In fact, he has an easier way, using Xiao Huang!

But now think about it, he just broke through to the eighth level of the star aperture, and his foundation is still unstable, and proper fighting is beneficial to him.

The abbot's face changed slightly, and he shot directly at this moment to block Ye Chen's blow.

As soon as he shot, it also meant that the Eighteen Shenluo Xuying had lost.

If he didn't stop it just now, I'm afraid the Eighteen Shenluo phantoms will dissipate a few.

This is something that the abbot absolutely does not allow.

Each of the Eighteen Shenluo phantoms spends a lot of resources, and has the effect of suppressing demons and guarding the ruins will never dissipate.

Ye Chen put away the beastly sword and Zhutian God Demon Spear and said, "Certain!"

Jie Kong came to Ye Chen and wanted to hug it hard, but was dodged by Ye Chen. His wish for so many years was finally about to be fulfilled.

"Abbot, don't forget what you promised me before."

Entering the Buddhist cave and taking out the relics, it is only the last step.

At the beginning, Jie Kong didn't tell the situation of the Buddha Cave, mainly because he was not sure whether Ye Chen could win.

The abbot snorted coldly and turned to leave. Although he did not speak, he agreed.

Jie Kong told Ye Chen the situation in the Buddhist cave and the location of the relic.

The Buddhist cave stores the relics of Taoist monks from Tianfo Temple.

The relic possesses Buddha nature, and over time has become a holy place for cultivation in Tianfo Temple.

Every monk who enters the Buddhist cave can have an epiphany, and some have a breakthrough in the Buddhist cave.

Perhaps it was also a chance for Ye Chen to enter the Buddhist cave this time.

Originally thought it was just taking a relic, Ye Chen never thought that it would be good.

He has some vague expectations for the Buddha Cave.

However, it was learned from the abbot that although Ye Chen could enter, he could not take away anything except Master Jiekong's relics, otherwise, he would definitely die.

Ye Chen also knew the importance of Buddhist caves to Tianfo Temple, so naturally he would not take more.

If you can make a breakthrough in your cultivation, you will be satisfied.

This time he was able to enter the Buddhist cave because of quitting emptiness, and he didn't have much thoughts.

Ye Chen followed behind the abbot and came to a back mountain with a hole.

There was a monk at the entrance of the cave, sitting in place, keeping his eyes closed.

Ye Chen glanced at it and felt that his strength was unfathomable, perhaps the most powerful existence in Tianfo Temple.

Chapter 2269: Take it all!

The abbot told Ye Chen the matter again before letting him inside.

Ye Chen entered the Buddhist cave alone, and found various Buddha statues without taking a few steps.

The deeper he went, he found that the aura of Buddhism became stronger and stronger.

And the relics of the three golden Buddhas in the body shone with dazzling light, as if to rush out immediately!

Soon, Ye Chen's footsteps stopped because he had already seen the relics placed.

The relic at the front represents the weakest monk's cultivation base.

The master of Jie Kong is the previous abbot, in the innermost part of the Buddhist cave.

Ye Chen just continued to take two steps, but found that the relic had changed.

These relics flew into the void one by one, exuding Buddha's light covering his body.

Above the relics, phantoms of monks appeared.

Looking at these phantoms, Ye Chen glared with anger, stretched out his palm, and the Buddha light kept falling.

Ye Chen frowned, these relics seemed to want to suppress him!

He has a demon in his body, and he is full of demon.

The Buddha phantom thought that Ye Chen was an evil demon, so he would suppress it!

The abbot did not explain the key things!

A wry smile appeared at the corner of Ye Chen's mouth. He knew that the abbot must have calculated it.

At the beginning, the breath of the beast rotten sword possessed devil energy, the abbot looked in his eyes, but never reminded it.

I want him to enter the Buddhist cave and retreat. When the time comes, Master Jiekong's relics will naturally not be available.

After being calculated by the abbot, Ye Chen felt uncomfortable in his heart. He wanted to see where he could go.

Although the Buddha's strength was not weak before his death, he is no more than a phantom now.

Ye Chen didn't have any fear, when the Buddha took action to suppress it.

The devilish energy on his body broke out completely, not retreating but advancing!

What is a devil, what is a Buddha!

Ye Chen had his own definition in his heart. Whether a Buddha is a devil or a devil, he really depends on his own mind.

At the moment when the devilish energy was gushing out, the Buddha's phantom continued to lower the Buddha's light.

The two touched each other, and Fo Guang wanted to suppress the devilish energy, but the devilish energy on Ye Chen's body was not afraid at all.

There must be a wound when the two clash!

The Buddha Qi descended on Ye Chen's body and was quickly eroded by the Devil Qi.

In the end, the devilish energy became stronger and stronger, but the Buddha light became weaker and weaker.

The victory or defeat was already very obvious, and Ye Chen didn't need to waste time anymore and strode over.

If he wants to destroy these relics, it is easy, but the abbot will probably fight him hard by then.

Ye Chen continued to move forward, and met some relics in the middle, trying to suppress him.

It's a pity that all failed, Ye Chen was not complacent, but was more vigilant.

The deeper he entered, the more he could feel the rich Buddha light.

He has a feeling that he is already in the ocean of Buddha's light.

Ye Chen felt that if he stayed in the Buddhist cave all the time, he might convert to Buddhism sooner or later.

This feeling is unclear, but it is real.

If you continue to go deeper, Ye Chen can't say that he will really be suppressed by the Buddha's phantom.

Of course, he was not afraid, and continued to move forward. He came to a secret room and found that there were relics.

Without exception, the relics turned into the phantom of the Buddha, and Ye Chen had long been used to this journey.

The Buddha phantom did not immediately take action, but looked at Ye Chen and said, "The evil demon will take refuge in my Buddha and can save your life."

Ye Chen took a surprised look, and it seemed that these Buddha phantoms still had a certain mentality.

"What is a Buddha, what is a devil!"

Ye Chen asked loudly, staring at the Buddha's shadow.

"Buddha has sentient beings in his heart, but demons have killed them!"

One of the Buddha said directly!

"If the Buddha kills creatures, the demons protect mortals. Who is the Buddha and who is the demons?"

"Buddha will not kill creatures!"

Ye Chen heard the Buddha's voice, and a scornful smile appeared on the corner of his mouth.

"Stupid, stupid, don't you know what he thinks in his heart?"

Ye Chen scolded angrily, apart from the difference in cultivation, Buddha and demons are no different from human beings.

The real difference is the heart!

If a demon has the world in mind, he can still be a good person.

The Buddha killed warriors or mortals for his own selfish desires. Is he also a good person?

The essence of man and man lies in the heart!

This is what the Devil Emperor told Ye Chen imperceptibly!

It is also Ye Chen's Dao Heart Foundation!

Ye Chen told Buddha Xuying these words, and suddenly the Buddha was silent!

These words made them a little confused. Every Buddha was an existence that was admired by the world. But at this moment, they suddenly thought of someone.

That devil emperor.

When the Devil Emperor united the Buddhas to suppress the evil spirits, was he the devil in everyone's mind?

It's not.

They practiced for a lifetime, only to find that there was a problem with their ideas!

Suddenly a Buddha phantom seemed to have a sudden realization and let out a long sigh.

At the beginning, he wiped out a demon, but he saw the demon rescue a little girl, but he still destroyed it.

Because the devil is the devil!

He believes that demons represent evil!

"What is a devil, what is a Buddha!"

The Buddha laughed loudly, and then the relic exploded!

After practicing for a lifetime, he found that his path was wrong, and his relic shouldn't exist in the world.

Not worthy to be admired by monks!

So he chose to explode the relic, Ye Chen looked at the disappearing Buddha phantom, and shook his head helplessly!

The other Buddhas looked at Ye Chen's figure. They had practiced Buddha for a lifetime, only to find that they were not as good as a Star Aperture Realm martial artist, and suddenly laughed.

"Donor, it turns out that we were really wrong. We no longer deserve to own this precious **** Yulian."

One of the Buddha's shadows stretched out a finger, and in a corner of the secret room, a blooming lotus fell at Ye Chen's feet.

Ye Chen didn't expect that it was only a quarrel, but he could get benefits.

Ye Chen looked at the other Buddhas, his meaning was self-evident, anyway, the good things have fallen, and the good things are not used, it is better to put them in his hands.

The rest of the Buddha looked at Ye Chen and couldn't help but smile.

Ye Chen had the appearance of an eminent monk just now, and now it looks like a kid who is greedy for money.

The remaining Buddha stretched out a finger, and a stream of light entered Ye Chen's body.

Ye Chen felt the pure energy flowing into his internal organs, not only that, but these Buddha's insights appeared in his mind.

Sitting cross-legged on the ground, Ye Chen had no time to think about it. He had to start refining energy now.

...

Outside, the abbot felt a relic exploding, and his cheeks were completely angry.

If just a simple relic exploded, it wouldn't make him so angry.

The main reason was that the aura of the Taoist God Yulian disappeared.

This is a treasure of Buddhism, it has been stored in the Buddhist cave.

Right now, there is only Ye Chen in the Buddhist cave. You don't need to think about it to know who did it.

"Come here, take down all of Ye Chen's friends and quit!"

Chapter 2270: Burn this rune

At this moment, the abbot could no longer control his anger.

Jiekong's strength is certainly strong, but the abbot and the other three monks of the Kingdom of God, together to make a move.

Originally, they didn't know what happened. They heard that the Taoist **** Yulian lost his breath and the relic exploded.

Quit knowing all at once that the matter has reached a serious situation.

Only one person can enter each time in the Buddhist cave. If you want to enter again, you can only wait for others to come out.

Ye Chen hasn't come out yet, but outside of the Buddhist cave, there are already monks waiting for him.

As soon as Ye Chen came out, he would be captured immediately.

In one room, the abbot looked at Jiekong and said, "The mistake you made at the beginning almost destroyed everything, and even if we suppress this place, can we eliminate the sin in my heart."

"The people you lead now, take the Taoist God Yulian, if something goes wrong, you know the consequences."

Jie Kong didn't say a word on the side. What happened at the beginning was almost brewing into a catastrophe. Fortunately, there was no danger.

This is why he was expelled.

Since then, Jie Kong has completely changed.

...

Ye Chen had no idea about all this, he was still immersed in the joy of ascending the realm.

This time he successfully broke through to the 9th level of the Star Aperture Realm, and he was only one step away from entering the Sealed Gate Realm.

Once he breaks through the closed door realm, his strength will be improved qualitatively.

I thought that the Land of Ten Thousand Demons was a chance for the Demon Emperor, but I never expected that after so long, it has always been my chance!

The Buddha's light is still surging in his body, and the devilish energy and Buddha's light are constantly fighting in his body.

No one can do anything in a short time, but a strange balance is formed.

Ye Chen knew that although these Buddha phantoms were defeated in the Buddhist path, he still hoped that he could become a Buddha.

This is a little selfishness of the Buddha's shadow.

"Since you have awakened, you hold this token, the abbot will not pursue it at that time."

A token appeared in Buddha's shadow and placed it on Ye Chen's body.

Ye Chen nodded slightly, the relic exploded and the Taobao **** Yulian, if you go out, you must explain.

He may not be able to explain clearly, Ye Chen does not need to worry about the existence of this token now.

The Buddha phantom disappeared into the air, and the relic returned to the secret room.

Ye Chen continued to move forward and found Master Jie Kong's relic in front of him.

He has Buddha's light in his body, so long as he releases the Buddha's light, he can come over safely.

After getting the relic, Ye Chen was about to leave.

This time he has gained tremendously. The Taobao God Yulian has the power, so he has time to study it.

Soon, Ye Chen appeared outside the Buddhist cave, but found that countless monks were waiting. He hadn't spoken yet, and the monks acted directly.

The violent Fuli surging towards him!

The key to this Buddha power is actually with a cold killing intent.

Ye Chen has nowhere to go.

When the atmosphere was suppressed to the extreme, an old figure walked out.

It is the abbot!

"Hand over the Daobao God Yulian!"

The abbot said nothing, as long as the Taoist God Yulian was okay, he could let Ye Chen and the others go because of Jie Kong's face.

As for the explosion of the relics, the abbot knew what was going on, but he would definitely not say it.

"The Daobao Shen Yulian was given to me by a senior Buddhism. If you don't believe it, I have proof."

Ye Chen didn't panic either, anyway, he had a token of the Buddhism senior, and there was Jie Kong beside him, and he was not afraid that the abbot would dare to cheat.

The abbot frowned, how could Senior Buddhism not know the importance of the Taoist God Yulian.

"How do you prove?"

Ye Chen smiled coldly, took out the token and threw it into the hand of the abbot!

Countless golden lights surging!

Fo Guang continues to spread from the token!

The abbot's expression was extremely strange.

If this token is not voluntary for the existence in it, how could it be given to a kid in the Star Aperture Realm!

The key is that the devilish energy in this kid is too strong!

Maybe even the descendants of demons!

What qualifications does such a person have to control that fetish!

"You tell me the situation in the Buddhist cave, one to five to ten."

Next, Ye Chen told the abbot of the things in the Buddhist cave, and there was nothing left out.

The abbot waved his hand to disperse the monk.

As for the Taoist God Yulian, she didn't ask for it.

As the abbot of Tianfo Temple, he can also be regarded as a Taoist monk.

Since it was bestowed by Buddhism seniors, this matter will end here.

Jie Kong eagerly walked over and said excitedly: "Did you get the relic?"

Ye Chen nodded and gave the relic in his hand to Jie Kong.

The next moment, Jie Kong kneeled directly in front of Ye Chen: "Thank you!"

Only Jiekong knew how long he had been waiting for this relic!

How important this relic is to him!

Jiekong handed out a rune and said to Ye Chen: "If you have trouble in the future, burn this rune, I will come as soon as possible!"

"If anyone dares to move you, they must step on my corpse first!"

This represents the determination to stop emptying!

It also represents a great favor!

Ye Chen rejoiced in his heart. The strength of Jiekong is strong. If there is a promise from the other party, it may be able to solve many things. He accepts the magic rune, just about to say something, suddenly, the whole place of the gods, A strong shock!

Jie Kong and the abbot's expressions changed: "No, the evil demon in the land of the gods has appeared!"

Ye Chen looked at Jie Kong and didn't understand. It stands to reason that Tianfo Temple is a sacred place of Buddhism. How could there be so many corpses.

Now that the devil's corpse had appeared, Jie Kong didn't mean to hide it, and told Ye Chen the matter.

It turns out that the formation of the Buddhist cave is to suppress the demons under the ground with the light of Buddha.

Now that Ye Chen entered the Buddhist cave, the abnormal movement inside made it impossible to suppress these demons!

On the foreheads of these demon corpses, the white halo continuously exudes black magic energy.

The demonic energy surged and enveloped Tianfo Temple.

The monks in Tianfo Temple released the light of Buddha to fight.

The abbot and the power of the kingdom of God have already flown into the void, wanting to suppress the demon corpse.

The Buddha's light surged, but there was too much devilish energy.

In this case, it's a drop in the bucket.

At this moment, Ye Chen accidentally discovered that the relics in the Buddhist cave flew out and condensed into an illusory figure.

Ye Chen knew all these Buddhas, some wanted to suppress him, and even saw the Buddha who gave him the Taoist God Yulian.

These Buddhas have already died, and their relics are stored in the Buddhist caves. In addition to letting Buddhist martial artists practice, the most important thing is to suppress the demons.

Now that the appearance of the devil's corpse had to let them emit the last residual heat.

The battle above the void has already begun, and these devilish qi surges do not cause any harm to Ye Chen and Mu Yan.

On the contrary, it can double the combat power in the devilish energy!
