Mu Yan is the daughter of the Devil Emperor, and Ye Chen has a devil body.

To put it bluntly, the two of them use demonic energy to fight and practice.

Demon corpses spewed out from the Buddhist cave continuously, Ye Chen didn't know how many demon corpses were suppressed in the Buddhist cave.

The demon corpse appeared to deal with the monk and warrior, and Ye Chen also joined the battle.

Ye Chen's acquisition of the Taoist God Jade Lotus was due to the Tianfo Temple, and he needed to repay this result.

Buddhism pays attention to causality.

Although he couldn't intervene in the battle above the void, he was able to do his best on the ground.

Jie Kong had already joined the battle above the void. Although he was expelled, he was still from Tianfo Temple in his bones.

After half an hour passed, Ye Chen successfully killed many demon corpses. He glanced around, but found that many monks had fallen, and the hall continued to collapse.

The devil's corpse was still spraying out of the Buddhist cave.

Where is the land of the gods, it is completely the land of the devil's corpse.

The killing continued, and above the void, the abbot's entire figure fell to the ground.

A gulp of blood spurted from his mouth and his face was pale.

Although the abbot's strength is strong, there are too many ancient corpses and ancient demons.

The relics shattered one by one, and the phantom of the Buddha disappeared between heaven and earth.

Quitting the air is not much better, the clothes on his body are not neat, and there are many blood stains.

"All monks, all flee!"

The abbot roared loudly. They were defeated in this battle and could not stay here.

When the monk was about to flee, a formation appeared around Tianfo Temple.

The formation method rose, enveloped the entire Tianfo Temple, forming an airtight trapped formation.

Above the Tianfo Temple, a black robe man suddenly appeared.

The black-robed man looked at everyone condescendingly: "Enjoy, let's kill the feast!"

After the black robe man finished speaking, he turned and left without any pause.

Ye Chen stared at the black robe man, and noticed a familiar breath.

Lord Mochen!

But that person is definitely not Jun Mochen!

But it must also be an existence sent by Jun Mochen!

In the place where the gods hide, there is even the shadow of the Demon Zun's Palace.

What exactly is the Devil's Imperial Palace going to do!

And the injured abbot at the moment is not talking nonsense, and his whole body releases a strong blow!

But this blow made the troubled array unresponsive!

This formation can resist the power of Taixu Peak!

Horrible!

Many monks from the Kingdom of God also gathered strength, but they still couldn't break the formation.

The abbot's eyes were filled with loneliness.

Many monks also know in their hearts, I am afraid that all this will end here.

They are not afraid of death, but after they die, the power of Ten Thousand Demons really can't hold back!

At that time, countless demons will emerge, and no one can bear the price behind this!

The result of the concerted efforts of the Devil Emperor and many Buddhism in the end, it was a failure in the end!

I don't know how long it took, Jie Kong came to Ye Chen's side and said: "Ye Chen, we decided to break the formation with brute force, and we will explode at that time, open a gap in the formation, and you escape from the gap."

"This is the only way."

Ye Chen frowned upon hearing Jie Kong's words.

The formation is indestructible, and even if it explodes, a large number of powerhouses in Tianfo Temple will fall.

Suddenly, Ye Chen thought of something!

This trapped formation is a formation!

And there is an existence around him, specializing in formation!

"Wait a minute, I have a way!"

Originally, Tianfo Temple was kind to him, and helping Tianfo Temple was also preventing Mozun Emperor Palace.

If a large number of powerhouses in Tianfo Temple fall, the demon corpse will probably be killed by the demon race.

The entire Lingwu Continent will flow into rivers, with corpses spreading across the wild.

The eyes of Jie Kong and the abbot were surprised.

There is a way?

What can be done in this situation now?

They don't think that a Star Aperture Realm can break through these many powerful formations that are also unable to break through the Void Realm.

"Ye Chen, this matter is not trivial, you should stop joking at this time." Jie Kong said.

The abbot also said solemnly: "It really can't, I burn my blood and cultivation! I can't let those guys succeed!"

Ye Chen shook his head helplessly, but insisted: "Next, just leave it to me."

"You all close your eyes, I only need three seconds."

Hearing this, everyone felt helpless.

What can be done in three seconds?

Three hours are useless!

Although they doubted Ye Chen, everyone chose to close their eyes.

In the next second, a dome floated out!

Ye Chen smiled slightly: "Xiao Huang, I'm sending you something delicious again."

Originally, Xiao Huang, the dome, was a little sleepy, but when his eyes touched the formation, he was extremely excited.

Without waiting for Ye Chen's reaction, he flocked to the sky-defying formation!

Red and blue light shines!

That formation was abruptly swallowed by Xiao Huang!

Although the formation wants to struggle, it is no match for Xiao Huang's strength!

And the cracks in Xiao Huang's body became clearer and clearer.

Obviously the date of reappearance is closer.

Ye Chen even wondered where to find a stronger formation for Xiao Huang.

Perhaps next time, Xiao Huang will completely break open!

Ye Chen directly let Xiao Huang enter the reincarnation cemetery, such an existence against the sky should not be exposed too early.

Xiao Huang is one of his hole cards.

I just don't know where the more powerful trump card Blood Dragon is now.

...

At the same time, the Nine Heavens Dragon Palace.

Numerous powerful and unfamiliar breaths appeared.

They are all people from the Kingdom of God Tiandao Palace.

This trip has only one purpose, and that is to find a dragon full of blood.

In the vast area of the Nine Heavens Shenlong Hall, there are many dragons, but the dragons filled with blood are extremely rare!

Because this special attribute is alien to the Nine Heavens Dragon Palace, the land known as the Dragon Race.

Tiandao Palace ordered that all corners must be searched!

The mysterious blood dragon injured the Dragon God Yantian, so he had to bear the endless anger of Xuanyuan Moxie!

You want to see the dragon if you live, and the corpse if you die!

The ends of the world must be hunted down!

It is a pity that the powerhouse of the Heavenly Way Palace of the Kingdom of God searched every corner of the Nine Heavens Shenlong Palace, but did not find the blood dragon again.

In that battle, the blood dragon seemed to disappear mysteriously.

Did it really fall and turn into a blood mist?

The pure Dragon God bloodline evolves to the extreme, and it can be immortal.

How could the mysterious blood dragon who didn't lose the Yantian Dragon God fall casually.

Everything is full of weirdness.

The anger of the Palace Master of Heavenly Path Palace seemed to roar in his ears.

In the end, the powerhouse of the Kingdom of God and Heavenly Dao Palace stayed on a cliff.

They stared at the cliff like an abyss.

This is the only place they did not search.

It's not that they don't search, but that this is a taboo place in the Nine Heavens Shenlong Palace.

It is said that under the cliff is imprisoned a dragon that threatens the entire kingdom of God.

The dragon can swallow the sun and the moon, and can break the world.

At that time, the one hundred top powerhouses of the Kingdom of God took seventy-seven days to imprison the dragon.

The people of the Kingdom of God cannot punish the dragon, but can only suppress it permanently.

This is a taboo myth.

Everyone looked at the place of deep fear, and a chill came.

They can all cut the strength of the Evil Realm, and they have not felt this kind of coldness for many years.

After a full five minutes, an old man from the Heavenly Dao Palace of the Kingdom of God opened his mouth and said: "Don't think about it. The blood dragon should have fallen on the Lingwu Continent. There is no Nine Heavens Shenlong Palace."

"Even if there is, the blood dragon can only be under this abyss."

"However, in this abyss, how can a severely wounded dragon survive? Perhaps it has long since become the food for the legendary Outland Devil Dragon."

Everyone nodded and left.

And under the abyss.

An ancient dragon, which was imprisoned by countless chains, opened his eyes.

His huge eyes were cold and bloodthirsty.

He looked at the scarred blood dragon not far away, showing his hideous fangs.

"There are probably no humans and dragons coming down for ten thousand years. I didn't expect a blood dragon to come this time."

"I have been observing you for a long time, you should wake up."

"If I were you, I would come to my mouth obediently and become my food."

"Because that is the greatest honor of your lowly blood."

The words fell, the scarred blood dragon not far away suddenly moved.

He was covered with blood.

His body stood upright.

His eyes were fixed on the imprisoned dragon.

He finally spoke: "Swallow me, don't think about it."

"Of course I haven't recovered from my injury, but I am full of blood, and it is easy to want to hurt you."

"No matter what your origin is, no matter how strong you have been, I will surpass you."

"Hate and anger are my nourishment."

"Killing is my life."

"What's more, my master told me that if you can't kill me, it will only make me stronger!"

"In that battle, I was severely injured by the Yantian Dragon God!"

"Next time, I want to tell the world, who is the master of the Nine Heavens Dragon Palace!"

In the next second, the blood of the blood dragon erupted, and it turned towards the ancient forbidden dragon!

The dragon's eyes widened.

He had never seen such a powerful dragon with killing intent!

The key to the meaning of the Shenlong words, seems to have a master?

As the existence above all things, who is qualified to be his master!

Endless devil energy and blood will burst out instantly!

No one knows the story under the abyss!

...

At the same time, the land of the gods.

The abbot, Jiekong and others opened their eyes.

Their eyes were horrified.

Just because that formation disappeared!

Between heaven and earth, there is only one figure!

That was Ye Chen not far away!

The formation that couldn't even break through the Void Realm was solved easily!

What kind of evil is this!

They can't believe it!

But right now, everyone knew it was because of Ye Chen.

"Thanks Mr. Ye."

The abbot even changed his name!

There was even a hint of respect in his tone.

Ye Chen shook his head: "Let's leave as soon as possible."

"I always feel that some power is about to move in the dark."

Just when Ye Chen, Jiekong and others were about to leave, a few violent breaths swept over!

It turned out to be three ancient demons!

The key is that the power of the ancient demons is at the peak of Taixu!

Damn it!

Ye Chen looked serious!

He has experienced the terrifying of ancient demons!

The abbot furrowed his brows, looking at the ancient demons who were about to rush over, and said to Jiekong, "Jiekong, I will leave it to you in the future!"

He was determined to die. In his heyday, he might be the opponent of the ancient demons at the peak of the Three-Headed Supreme Void Realm, but he is still injured.

Jie Kong wanted to say something, the abbot's figure had already rushed over.

Ye Chen looked at the abbot's leaving figure, and when the ancient demons were getting closer and closer to the three-headed Supreme Void Realm peak, the breath in his body spurted crazily.

The abbot wanted to blow himself up, just like Senior Buddhism, emitting the last trace of residual heat.

Relying solely on the current state of the abbot, it is impossible to kill the ancient demons at the peak of the Supreme Void Realm.

Only by blowing up can more people be saved.

boom!

A deafening noise came from the void, and the abbot's broken robe flew to the ground.

"Abbot!"

Jie Kong roared, tears in his eyes.

"Let's go!"

Ye Chen looked at Jiekong and said, they couldn't live up to the chance that the abbot blew up.

Jie Kong wiped away the tears from the corners of his eyes, followed Ye Chen and turned away.

He knew that the abbot could not die in vain!

The deeper conspiracy in the Land of Ten Thousand Demons must have something to do with the Kingdom of God and the Demon Chen!

Although I don't know what these people are doing!

But no matter what, he will definitely find out!

However, when everyone retreated, they found that the corpses of the ancient demons kept appearing.

In desperation, everyone can only retreat to the depths.

The Buddha light there is the richest existence in the land of the gods!

Kie Kong even forced everyone out of their blood and built a large defensive array!

Ye Chen knew in his heart that the defense formation would break open sooner or later.

It is impossible for such a powerful ancient demon to shake.

Is it going to die?

He wanted to communicate with the Devil Emperor, but the Devil Emperor did not move for a long time.

As if asleep.

Or maybe it's brewing to reunite the flesh.

Like the calm before the storm Ye Chen knows that now he can only rely on himself.

At this moment, Ye Chen found that the Taoist God Yulian was shining slightly.

He took out the Taoist God Yulian, and at this moment a lotus was on his palm.

Ye Chen was preparing to refine the Taoist God Yulian, but found that he rushed into his mind uncontrollably.

Originally, Ye Chen thought something was wrong, but after the Taoist God Yulian rushed into his mind, she didn't move.

Even if he used any method, the Taoist \*\*\*\* Yulian remained motionless in his mind.

Ye Chen gave a wry smile, originally thinking of refining the Taoist treasure, Yulian, but this happened at this moment.

We can only find a solution at that time.

He didn't have much time to waste on the Taobao \*\*\*\* Yulian.

Besides, Daobao God Yulian didn't do anything to harm him in his mind.

Ye Chen improved his strength as much as possible, but did not find the Taoist God Yulian, emitting a soft light in his mind.

The petals of the lotus flower opened and a little golden figure appeared. If you look closely, you can see it.

This little golden man is a reduced version of Ye Chen.

One day later, problems occurred in the defense formation, and cracks gradually appeared.

Ye Chen had already thought about this day, but he didn't expect to come so soon.

Jiekong hesitated for a long time, and said: "Mr. Ye, wait for you to find a way to rush out and leave!"

"Aren't you going to the Land of the Dragonbone? This place is not too far from the Land of the Dragonbone."

Ye Chen didn't have too many thoughts, and could only do his best to obey the fate.

The land of the gods cannot continue to stay, once all the cities are broken, then they will be unable to move.

Whoosh! Whoosh! Whoosh!

Jiekong and all the gods and monks stand in the void.

They are all powerhouses of the kingdom of God, and they didn't make a move last time. In addition to preserving their strength, there was also a reason for the defense.

Now the defensive formation is about to split, and they want to make a \*\*\*\* path for everyone.

In the next second, the formation is broken!

The killing begins!

In a few seconds, Ye Chen was already full of blood, and his God Slayer's magic spear was dyed scarlet.

You can't see the light when you move forward, you can only see the ancient demons that are crushed by darkness.

With the overwhelming roar, all the warriors had already killed Red Eyes at this moment.

Countless corpses and bones are all over.

In an instant, it became a dead city.

The hatred in Ye Chen's heart towards the Palace of the Gods and Demons was even more intense!

If it were not for the release of these things from the Palace of Gods and Demons, so many innocent people would not have died tragically.

A terrifying explosion, burst out the most brilliant fireworks!

A blood path is formed.

"go!"

Ye Chen roared, grabbing Mu Yan and fleeing frantically.

Although Lingtian Divine Veins are very strong, it is useless to face so many ancient things!

Only escape!

Escape to the land of dragon bones and resurrect the devil!

"Ye Chen, do you say I will die?"

"Can my father really be resurrected?"

At this moment, Mu Yan suddenly spoke.

Ye Chen said directly: "Don't talk nonsense, go!"

Mu Yan smiled.

"Ye Chen, the only chance of my father's resurrection lies in your hands."

"Go to the Land of the Dragonbone, I will clear all obstacles for you."

"Also, you haven't seen my appearance under the veil."

Suddenly, she took off her veil, and she was beautiful!

Ye Chen stared at Mu Yan, a pair of shocked expressions in his eyes.

Not because of Mu Yan's beauty, but because of Mu Yan's whole body burning.

While burning, the cultivation base is constantly breaking through!

Nine Confinement Technique!

The magic of life and death!

Can improve the strength of warriors in a short time!

This is the most terrifying forbidden technique in the world!

Strong, but the price is death!

Is Mu Yan crazy!

"Stop it!"

However, Ye Chen's roar was useless at all!

Mu Yan rushed to the ancient evil demon, her realm soared wildly.

It even reached the peak of the Supreme Void Realm!

Mu Yan took out a snow sword in Mu Yan's hand, and a phantom appeared behind her.

Xu Ying and Mu Yan are superimposed on each other.

She stretched out her slender hand, held the Snow Sword tightly, and suddenly rushed towards her.

Ye Chen's eyes were staring at the battle above the void, Mu Yan at the peak of the Supreme Void Realm was enough to shake everything.

With this, she wanted to fight for the chance to resurrect her father!

Ye Chen could feel the roar of his eyebrows, but it was a pity that the Devil Emperor did not make a move!

The Devil knew that he could not give up all his achievements this time!

Otherwise, the demons will go to destruction!

Some warriors took this opportunity to rush out, and Mu Yan took this opportunity to gather demon energy, and the storm fell, and the invisible force wanted to push Ye Chen out!

Ye Chen didn't leave, he still stayed where he was, he understood what Mu Yan meant.

Want to hold the ancient demons and give him a chance.

Ye Chen won't leave this time!

Above the void, in less than ten breaths, Mu Yan had already fought against the ancient demons with a hundred moves.

Huh!

Mu Yan spouted blood and fell into the void. The reincarnation blood in Ye Chen's body burst out frantically, breaking free from the restriction, and hugged her.

"Why don't you leave, you are the only possibility to save my father!"

"This land of ten thousand demons, I have dragged you down a lot, and I have always been uncomfortable. I hope to use my power to open a way for you."

Mu Yan stared at Ye Chen and said.

Ye Chen smiled without saying a word, glanced at her, and found that Mu Yan's body started to become cold.

The ancient Jiuyou pattern covers.

This is a sign of death!

Ye Chen grabbed Mu Yan's hand and found that her lifespan was almost exhausted.

Use the forbidden technique in exchange for powerful strength.

madman!

"Ye Chen, if my life can be exchanged for my father's life, it will be worth it!"

"You go quickly."

Ye Chen's eyes were completely gloomy.

In his mind, the Taoist God Yulian was about to move and began to beating constantly.

Suddenly, the Buddha's light surged, a lotus flower bloomed, and the Buddha's light covered the sky, shining on the body of the warrior.

The soft Buddha light rushed into their bodies and found that the originally serious injuries were continuously healing.

The twinkling Buddha light constantly impacted Ye Chen's body.

In an instant, all the injuries healed, not only that, the energy consumed was also flooded by the Buddha's light.

The Taobao \*\*\*\* Yulian kept getting bigger at this moment, Ye Chen stood on it, Buddha light surged.

The ancient demons came to Ye Chen's face in a blink of an eye with a ferocious roar.

He clenched his fists and made a creaking sound, and the surrounding heaven and earth poured into his body.

One punch after another rushed towards Ye Chen.

However, the Buddha light blocked everything.

Daobao God Yulian was under Ye Chen, constantly turning, and behind him a phantom of Buddha appeared.

Muttering in his mouth, the golden Buddha lines flowed, constantly rushing towards the ancient demons.

The great mercy curses the ancient demons, and each golden rune floods into the ancient demons' body.

The ancient demons sent a painful roar, covering their ears with both hands, and a painful look appeared on their cheeks.

Ye Chen found a chance, and both the Beast Rotten Sword and the Heaven-Zhutian Demon Spear raised the immortal sword intent and the immortal divine body, bursting out bright golden light.

A sword swung out, and in the void, layers of killing intent were condensed and continuously expanded.

"Thunder Sword of Ten Thousand Demon!"

An extreme sword light suddenly fell, Ye Chen raised the Zhutian God Demon Spear in Ye Chen's hand, and muttered in his mouth: "Break it for me!"

The sword light was in front, and the Zhutian God Demon Spear followed closely, and a shot fell madly.

boom!

Smoke billows!

The blood in his body was surging, and his eyes were staring at the smoke.

Behind Ye Chen, the Buddha phantom was still chanting the Great Compassion Mantra, which could bring harm to the ancient demons at all times.

Afterwards!

Ye Chen put away the beastly sword and stretched out a finger, the surrounding devilish energy continued to spread into his body.

A finger kept condensing on his fingertip, and suddenly fell.

Everything disappeared.

There was a bitter smile from the corner of Ye Chen's mouth, this time he was all relying on the Taoist God Yulian.

He didn't actually consume much energy himself.

Daobao God Yulian kept shrinking, entering Ye Chen's mind, and he put away the God Slayer Demon Spear.

Ye Chen came to Mu Yan's face.

"It's a pity." Chaos Star Tree suddenly said.

"How long does she live now?"

Chaos Star Tree glanced at Ye Chen and then said: "There are only three hours left."

In a word, Ye Chen was dizzy, three hours was too short.

In three hours, it was basically impossible to find a way to rescue Mu Yan.

"The only way is to go to Death Mountain in Dragonbone Land as soon as possible."

"Wannian Lingquan may be possible."

"The Land of Dragonbone is a chance for the Devil Emperor, and it may also be a chance for Mu Yan."

"it is good."

Ye Chen's eyes were filled with determination.

Soon, Ye Chen came to the outside of Death Mountain.

There were some warriors beside them, Ye Chen could feel the breath of the law of death outside.

Once inside, the law of death will fill the whole body, and they must use the energy in the body to resist.

"go in!"

No one knows where the Wannian Spirit Spring is.

As soon as Ye Chen stepped into the Death Mountain Range, he found thick black fog covering the entire mountain range.

The breath that these dense fog emit is the law of death.

Ye Chen used the energy in his body to resist, moving forward step by step.

If he hadn't had the Chichen Divine Veins and Lingfeng Divine Veins, perhaps he would have fallen early.

No one can step into the depths, except Ye Chen.

I don't know how long it took, Ye Chen heard the sound of running water, not far in front.

Ye Chen moved forward quickly, feeling that Wannian Spring was just ahead.

Once you find the Ten Thousand Years Spring, you can leave the mountain of death.

After walking for ten minutes, Ye Chen vaguely saw a pond of spring water in the front.

The spring water exudes a strong breath of life.

Things will be reversed, the Death Mountain Range is full of the breath of the law of death, only this small area has the breath of life.

Ye Chen was extremely excited!

The next second, the wind and thunder flashed out!

And at this moment!

Naruto!

With a cry, a water phoenix appeared right in front of you!

Shui Feng looked at Ye Chen, his eyes filled with anger.

Wannian spring water is her thing, no one can take it away!

The wings of Shuifeng flying in the void rushed towards Ye Chen.

The terrifying breath continued to spread. Ye Chen thought that he was bound to die, but found that Shui Feng was standing in the void, motionless.

Ye Chen had been staring at the back, he just saw that Shui Feng seemed to be hit by something and couldn't leave.

"How to do?"

Shuifeng's strength made him a little suffocated, and he must have strength to pull out his teeth.

Take Ten Thousand Years Spring Water from Shuifeng's hands, and it will be cool when you face it.

Ye Chen shook his head and didn't think of a good way. The only thing he was grateful for was that there was a barrier.

They can enter and leave, only Shuifeng can't, and they will always be trapped around Wannian Spring.

"What should I do?"

Ye Chen's eyes were a little nervous.

Mu Yan has no time to delay!

And at this moment, the abnormal change came out!

Ye Chen found that another tombstone in the reincarnation cemetery glowed with bursts of light!

This tombstone is not of clear wind, nor is it of the ancient medical god!

It was the tombstone that gave Xiao Huang power in Kunlun Xu!

Xiao Huang's bloodline against the sky comes from this!

Could it be the abnormal movement of this tombstone that Xiao Huang is about to break out of the ground?

While thinking about it, a cold voice came from the tombstone: "I will buy time for you later, after all, I am forcing it on now!"

"You only have three seconds!"

"It's now!"

That Shuifeng suddenly lost consciousness for a short time!

Although Ye Chen hadn't figured out the situation, he didn't hesitate to reach an extreme speed and rushed towards the Wannian Spring.

Three seconds are fleeting!

Two jade bottles were filled with Wannian spring water, ready to leave.

When he was about to leave, Shui Feng suddenly woke up and rushed to Ye Chen regardless.

Shuifeng's speed reached an extreme, Ye Chen had nowhere to hide, and could only barely use the atomization supernatural power!

Fog! Shuifeng's sharp claws have rushed over!

Stabbed!

When the sharp claws went down, Ye Chen's body was bleeding suddenly, and there were hideous wounds.

But he was \*\*\*\* in reincarnation, and the wound started to heal unexpectedly.

Shuifeng roared!

In the next second, the abnormality will rise!

That barrier actually opened!

Less than five breaths of time, Shui Feng grabbed Ye Chen by the collar and walked towards the inside of the Death Mountain.

Ye Chen's heart was ashamed, and it was basically impossible to escape this time.

Coming to the side of Wannian Spring, Ye Chen saw a lot of skeletons.

Shui Feng took him to the side of the Wannian Spring, and then rushed into the spring.

Entering the spring water, Ye Chen found that his pores were absorbing the spring water frantically.

Despite this, Ye Chen didn't have any expression of joy.

The next destiny rests entirely on Shui Feng.

I didn't know how long to dive in the Wannian Spring, when I suddenly found a palace.

Ye Chen didn't expect that under the Wannian Spring was a palace.

Shui Feng loosened Ye Chen's collar, and then said, "You took away the spring water for ten thousand years under my nose. According to the rules, you can enter the palace of death. If you can successfully come out, I will spare you not to die."

Ye Chen knew there was no way, but could only grit his teeth and get inside.

Push open the gate of the palace, and then walk in.

When he entered, there was a strong breath of law of death.

Ye Chen looked up and found that there were some martial artists' bones around.

This was only the first floor of the palace, and no one went up.

"The energy in this place is good for me," Chaos Star Tree suddenly said.

In the next second, the Chaos Star Tree rushed out, condensing into the phantom of the little Taoist priest.

"Are you going to absorb these laws of death?" Ye Chen was a little horrified

Chaos Star Tree nodded: "Indeed."

The stairs on the second floor of the palace were in front of the two of them, but no one passed.

Except for the breath of the law of death, although there is nothing, it is absolutely weird.

Tick! Tick!

A few minutes later, Ye Chen and Chaos Xingshu stood still.

"Ye Chen, let's go up!"

Chaos Star Tree didn't want to wait any longer.

His patience has long since worn out.

Ye Chen nodded slightly, and didn't want to wait any longer.

The two of them walked towards the stairs. Ye Chen had just stepped onto the first step and found that the surrounding scenery had completely changed.

Ye Chen found himself standing on a mountain top with countless bones below.

How many bones are there? Countless, as if covering the world.

These lying bones stood up one by one and rushed towards the top of the mountain.

Ye Chen knew in his heart that this should be an illusion, but there was always a sense of danger.

When White Bone rushed over, Ye Chen didn't have any resistance, and punched his body with a fist.

His figure fell from the top of the mountain, surrounded by bones frantically.

Ye Chen didn't do anything, the crazy attack of the white bones and the intense pain gave him a kind of authenticity.

Inside the palace, Ye Chen still stood on the stairs, the only difference.

The mark of the bone attack appeared on his body.

What Ye Chen encountered was indeed an illusion, but the attack of the bones in the illusion actually happened on his body.

Ye Chen had no idea about all of this, and the bones were still attacking him.

Some large and small wounds appeared on his body.

In the illusion, Ye Chen frowned, and the bones continued to attack after so long.

For the illusion, Xiao Huang has no effect at all. If he wants to dispel the illusion, he can only find a battle.

Although he did not attack the bones, he was always looking for an eye.

However, Ye Chen found that he had no eyes at all, which made him a little confused.

This gave him a feeling of nowhere to start.

In Chaos Star Tree, the situation encountered was exactly the same as Ye Chen.

He also kept looking for a moment, but he didn't find it.

In the illusion, Ye Chen had a headache, and the bones had been attacking him.

He didn't want to make a move at all, it was just an illusion, there was no need at all, he avoided it every time.

As time got longer and longer, Ye Chen began to gradually become irritable in his heart.

He didn't know why this feeling appeared, and there was an unknown anger in his heart.

Want to kill! Kill everything and destroy everything in the world.

A pair of eyes gradually became a little blood red, and there was already some enchanted state.

Since he possessed demonic energy, the demonic energy can be controlled.

Now it is vaguely out of control.

Ye Chen took out the beastly sword in his hand and began to attack the bones.

The strength levels of these white bones are uneven, and they are not his opponents at all.

Every shot can take away large pieces of bones, and he kills wildly.

There are fewer and fewer bones in the illusion, and all the bones have been lying down unconsciously.

The deadly beast sword in Ye Chen's hand was still waving constantly, as if he was crazy.

In his body, a ray of Buddha light emerged and poured into his mind.

Fo Guang suppressed Ye Chen, who was about to become enchanted, and his eyes gradually cleared up.

He had lost his mind just now. From the moment he entered the illusion, he had been looking for a moment.

Only now I discovered that there was a breath of killing in the air.

People can't help but want to kill and gradually lose their mind.

Ye Chen looked at the fallen white bones, and suddenly found himself still on the steps.

Seeing his own injuries, I felt a little scared for a moment!

From the moment he stepped onto the steps, he had already entered a conspiracy.

Killing the bones can rush out of the illusion, but at that time he was crazy.

It will only keep blowing air in the palace, and then die!

Ye Chen glanced at the Chaos Star Tree and found that he hadn't woke up yet.

He could only pray in his heart that the Chaos Star Tree could rush out, and then stood on the steps and waited quietly.

A few minutes later, Chaos Star Tree woke up from the illusion, with a look of fear!

In the illusion, he was almost lost and turned into a madman who could only kill.

The two continued to step up the stairs, without encountering the illusion, and came to the second floor of the palace.

The entire palace has a total of five floors. At the top, it should be the inheritance of the law of death.

The second floor of the palace is completely dark, and there is no light, as if you are in the dark.

After experiencing the first floor of the palace, the two dared not be careless and began to walk.

Click!

Stepping out, there was the sound of broken bones.

Hum! Hum! Hum!

There was a violent noise from the entire palace, and a blood-red eye appeared in the darkness.

When the first one appeared, there were more and more eyes, and a pair of blood-red eyes filled the whole hall.

The \*\*\*\* light became more and more intense. At this moment, they saw that only a pair of eyes were staring at them in the entire hall.

"What is this stuff?"

Chaos Star Tree couldn't help but said something.

Only the eyes stood in the void, and the two of them did not feel any dangerous breath.

Ye Chen shook his head and hadn't met him either. At first he thought it was a monster, who knew he only had eyes.

He took out the Beast Rotten Sword and touched it cautiously, his eyes were motionless, and he didn't mean to attack.

Seeing this scene, Chaos Star Tree walked in the hall without much worries.

These eyes seemed to be decorations and were of no effect, Ye Chen knew that it was definitely not that simple.

They watched carefully for a long time, and attacked their eyes, motionless except for some hardness.

"Ye Chen, I will ascend the stairs first, and you will protect me by the side."

Chaos Star Tree decided to test it first and see what was going on. He came to the side of the stairs, wrapped the whole body with Buddha Chen in his hands, only showing a pair of eyes.

Controlling Buddha Chen, standing on the stairs.

When he stood for an instant, Ye Chen found that these blood-red eyes in the void were emitting a strange light.

These rays of light gradually attacked towards the Chaos Star Tree, and the God Slayer's Demon Spear was raised at this moment, and then fell with one shot.

When the Zhutian God Demon Spear was in contact with the light, it easily penetrated Ye Chen's body.

Falling on the Buddha dust of the Chaos Star Tree!

Ye Chen didn't know what these lights were, grabbed the Chaos Star Tree and threw him down the stairs.

The Buddha Chen of the Chaos Star Tree opened, his eyes were blood red, and some of them became violent.

"call!"

He took a deep breath and said to Ye Chen, "Fortunately, you just threw me down or I have lost my mind now."

As long as you don't step on the stairs, the blood red eyes in the void will not move.

Once you step on the stairs, your eyes will emit a strange light, crazily affecting your mind.

Ye Chen's expression was dignified. Just now, the strange light was only a ray of light entering the body of the Chaos Star Tree, and it was about to become violent.

If the two of them stepped onto the stairs together, blood red eyes would burst out completely.

He owns the Buddha's light himself, and it is not clear whether he can resist it. If the Chaos Star Tree turns into a human form and does not grow, it may be extremely difficult.

Unless the Taobao \*\*\*\* Yulian can come out of his mind, relying on the twinkling Buddha light, two people can enter safely.

It is a pity that the Taoist God Yulian is motionless like an ancestor!

"Ye Chen, you can't go up by yourself, I am here waiting for you."

Chaos Star Tree felt that if he forcefully went up, he would be completely lost in the eyes of the killing.

He has no interest in the law of death.

The Chaos Star Tree took out three charms and placed them in Ye Chen's hands, which could have a certain effect at the critical moment.

Ye Chen didn't pretend to be affectionate either, put the charm on him, and decided to step on the third level alone.

He raised his leg and stepped onto the stairs, and his blood-red eyes instantly emitted a strange light.

The attack has no effect, and the Chaos Star Tree can only be seen from the side.

The moment the light entered Ye Chen's body, the Buddha's light continued to gush out.

The two collided with each other, Ye Chen saw that the problem was not big, and continued to walk forward.

He continued to step in, the mysterious light became more and more, and it crazily moved into Ye Chen's body.

Ye Chen's eyes gradually changed. In his mind, the Taoist \*\*\*\* Yulian exudes a soft light.

Ye Chen stepped on it step by step, because of the Buddha's light and the Taoist \*\*\*\* Yulian, nothing happened.

Soon he entered the third floor of the palace, and found arms inside, covering the entire room.

Each arm exudes the breath of the law of death.

These arms were growing on the palace, dancing wantonly, Ye Chen saw the scene in front of him, a little strange.

How did these arms grow in the palace?

You can imagine, so many arms, densely growing on the palace.

Ye Chen took a deep breath and tried to calm his heart down.

The beast sword in his hand and the \*\*\*\* of death and demon spear were held in his hand, and he swung out one sword at a time, attacking these arms.

Stabbed!

Jian Guang rushed over and landed on the arm, without any effect.

Instead, these arms rushed towards Ye Chen like a madman.

The arm rushed over, and the immortal divine body on Ye Chen burst out with brilliant light.

Ye Chen stared at the front, his whole figure backed away.

When retreating, these arms spread their fingers and grabbed Ye Chen's collar.

When he was caught, Ye Chen found that the breath of the Law of Death began to gradually enter his body.

Ye Chen didn't stop it, but instead let the law of death flow in his body.

Entering the palace this time, I was thinking about the law of death.

How could he let go of such a good opportunity?

The breath of the law of death constantly eroded his entire body.

Ye Chen closed his eyes, he wanted to feel the law of death here.

Arms are as hard as iron, and his attack methods are useless at all. If you want to continue to enter the fourth level, I am afraid you need to feel a touch of the law of death.

As time passed bit by bit, and not knowing how long it had passed, Ye Chen suddenly opened his eyes.

There was a breath of law of death in his eyes, and the arms that had originally wrapped around his body left one by one.

Ye Chen's body has a trace of the charm of the law of death, these arms mistakenly think that he has become exactly the same, and actively spread out.

In the third floor of the palace, unobstructed, stepped up the stairs to the fourth floor.

As soon as he entered the fourth floor, the overwhelming laws of death came over.

There is nothing on the fourth floor, only the law of death.

Ye Chen just took two steps and found that he could no longer act. If he wants to go deeper, he still needs to understand more laws of death.

Stopped, sat cross-legged on the ground, feeling the law of death.

Every time Ye Chen stood up and walked two steps, he would stop, just like this bit by bit to understand the law of death.

Above his body, the aura entwined with the law of death continued to become a bit rich.

Ye Chen opened his eyes and took a look, and found that there was only one step away from the stairs.

He stepped into the fifth floor and found a dead body in the center.

The corpse exudes the aura of the law of death, Ye Chen has no way to compare.

This should be the owner of the palace and the reason for the formation of the entire mountain of death.

It is hard to imagine that only relying on the power of one person can cover the entire mountain range.

How powerful was it in life?

He came to the corpse and found fine print on the ground.

If you want to gain inheritance, you want to burn it first!

When Ye Chen saw the small print, he gave a wry smile, and burned what he said was easy but difficult to do!

If it were not for the feeling of a trace of death law, he would only smile when he saw it, and would not commit suicide at all.

The law of death, if you don't experience death, how can you cultivate to the deepest meaning?

Ye Chen closed his eyes tightly, devouring himself with endless killing intent.

Xuan Yan burst out, burning the whole body!

He is also betting! Can you understand the essence of the law of death?

Blood flowed down his body, Ye Chen lay on the ground, letting the blood spray.

Gradually, Ye Chen found that his breath was getting weaker and weaker, leaving only a trace of strength.

There is no blood on his cheeks, closing his eyes, the breath of death that he brings is getting stronger and stronger.

Ye Chen entered a state of selflessness, he forgot that his body was still bleeding.

In this way, bit by bit, I feel the law of death.

I don't know how long it has been, the corpse next to Ye Chen's eyes glowed with black light.

His eyes stared at Ye Chen, and a ray of soul floated in his body.

He looked at Ye Chen's faint breath, and a strange light radiated from his eyes.

To understand the essence of the law of death, you really need to experience the breath of death from your body.

He didn't deceive Ye Chen with these words, the only last step is that he needs to take home.

He was waiting for Ye Chen to truly understand the law of death, and then rushed into his body to seize this body.

Waiting for this day to come, it has been a long time, and finally met a young man who understood the law of death.

Ye Chen's eyes gradually opened, and his eyes were filled with the breath of the law of death.

He took a look and found the soul floating above the corpse.

Now Ye Chen was at the weakest time, feeling the law of death, and indeed almost killed him.

When the wandering soul saw Ye Chen, his eyes showed a greedy look, and then the soul rushed into his mind. As soon as the soul entered his mind, Ye Chen felt that he was invading his body.

"Haha, I, the emperor of the dead, will return to the world again."

In Ye Chen's mind, the Emperor of Death let out a frantic laugh.

In the endless years, he could not bear loneliness and loneliness.

At this moment, the Taoist \*\*\*\* Yulian in Ye Chen's mind radiated the light of Buddha, and he wanted to fight the soul of the emperor.

Even if there is only a touch of soul left in the Emperor of Nether Death, it should not be underestimated, and he madly invaded Ye Chen's body.

The attack of the Taoist God Yulian and the soul of the Emperor of Nether Death formed a delicate balance. In a short time, no one could help.

The emperor's brow furrowed, and he didn't expect Ye Chen's body to have heaven and earth treasures.

But he didn't say much, as time goes by, Ye Chen will undoubtedly die!

At this moment, the abnormal change emerged!

Ye Chen's eyebrows exude the light of Yaoyang!

"Get out!"

Immediately afterwards, a domineering icy voice resounded!

The Emperor of Nether Death changed color instantly!

This is the voice of the Devil Emperor!

The biggest reason for the suppression in the Land of Ten Thousand Demons was that Demon Emperor!

Isn't he dead?

Actually still alive!

"Don't... don't kill me!"

The Emperor of Nether Death never expected that there was such a terrible thing in a Star Aperture Martial Artist.

The endless devilish energy began to swallow the soul of the Emperor of Nether Death, screaming in his mind, no matter how he begged Ye Chen for mercy, he didn't respond.

Some fragments of his soul rushed into his mind, forming a memory.

Ye Chen closed his eyes and felt quietly.

Death swallowed, death whirlpool, the information of the two exercises fell into his mind.

It's a pity that his cultivation base is too low to be able to use it right now.

The emperor's voice became weaker and weaker, and his soul gradually fell apart.

Soon, Ye Chen opened his eyes, and at this moment he had completely mastered the law of death.

The law of death that the emperor of dying has realized over the years has all fulfilled Ye Chen.

The law of death at this moment transcends the law of ice and the law of time.

Ye Chen opened his eyes and walked down the fifth floor of the palace.

He saw the Chaos Star Tree and found that he had sat down cross-legged and waited for Ye Chen.

Feeling Ye Chen's breath, he opened his eyes and smiled slightly.

He didn't ask much, since Ye Chen came down, he must have understood the law of death.

Two people came out of the palace and found that the figure of Shuifeng had already disappeared.

From the moment the emperor's soul disappeared, she had discovered that the prohibition of the Death Mountain had disappeared.

I have been trapped in the mountains of death for endless years, and now I finally break free and can't wait to leave.

The two followed the previous path and came to the top of Wannian Spring.

Chaos Star Tree had golden light in his eyes, and his mouth said, "This time I'm rich!"

Shuifeng has already left, and all these ten thousand years of spring water are theirs.

The two took out the jade bottles and madly filled them with Wannian Spring water, and finally filled all the jade bottles.

There is still a lot of spring water in Wannian, and two people can only leave reluctantly.

The law of death in the Death Mountain has gradually dissipated, and it will disappear completely in a short time.

Coming to a safe place, Ye Chen took out Mu Yan's body, took out the Wannian Spring Water, and put it in her mouth.

At a speed visible to the naked eye, her physical body began to gradually become younger, and her lifespan that had been lost has completely recovered.

Mu Yan opened his eyes and saw Ye Chen stand up from the ground, and said, "Am I not dead?"

At first she thought she would die, but she didn't expect to be alive.

This time she could be considered a dead escape.

"Ye Chen, what shall we do next?" Mu Yan asked.

Ye Chen stared in one direction, and said: "Resurrect your father."

Ye Chen and others stopped talking nonsense, and quickly swept in one direction!

They have no time to wait any longer!

One day and one night later, in front of them, they found a palace on top of a mountain.

The mountain peaks into the sky, and the palace is like a fairyland on earth, with no side in sight.

In the entire land of ten thousand demons, only Immortal Demon Palace is the most mysterious and dangerous.

After walking on the mountain for three hours, I finally reached the top.

Suddenly, the entire mountain shook, and at the very front, the gate of the Immortal Demon Palace opened.

Ye Chen used the power of the soul to check and found that it was pitch black and there was a vortex flowing.

As soon as he entered the whirlpool, Ye Chen found that the surrounding area was pitch black, and suddenly a light appeared.

He glanced around and found that Chaos Star Tree had returned to his Dantian.

But Mu Yan has disappeared.

The gate of Immortal Demon Palace that had been open closed in an instant.

Ye Chen was slightly startled, just about to find Mu Yan, the tingling sensation in his eyebrows came!

Then the billowing magic energy rushed out of the body!

The endless demonic energy gathered into a human form!

It turned out to be the Devil Emperor!

The devil emperor's body was filled with an aura that surpassed the heavens and the earth, as well as the coldness that penetrated the Jiuyou.

The Devil Emperor took a complicated look at Ye Chen: "I owe you this."

"I'm afraid I won't be able to repay it for a lifetime."

"Mu Yan, I have sent her to a safe place."

"Next, the land of ten thousand demons will probably be destroyed."

"This is Jun Mochen's game, everyone has been used."

"When you entered the land of ten thousand demons, I did not reappear, because I was gathering the energy of the flesh."

"Now, a body suitable for me appears."

"Open the Sombra Sarcophagus!"

Ye Chen was suddenly stunned, and hurriedly sacrificed the black crystal sarcophagus!

The sarcophagus opens! Gathering devilish energy!

The devilish energy turned into a black dragon, breaking through all the shackles here!

In the blink of an eye, Ye Chen discovered that he and the Devil Emperor had appeared on an altar!

There is also a sarcophagus above the altar!

Extremely old!

The black dragon rushed into the sarcophagus!

The sarcophagus shattered on the spot!

A domineering body emerged!

The eyes of the Devil Emperor were a little hot and excited: "Ye Chen, this may be the most suitable body for me in the entire Lingwu Continent."

"Next, I may be away from your eyebrows for a while."

"But there is a special existence that I left on your forehead, you will understand in the future."

"Also, your Blood Demon Sword has been recast, but you must use it when you are completely enchanted, otherwise, you can't control it."

"Its rank cannot be controlled by the world."

In the next second, a black light flickered, and the Blood Demon Sword flew in front of Ye Chen.

Ye Chen held the Blood Demon Sword, and in the next second, a strong force broke free.

He is so powerful that he can't control it!

"I said, you need to be completely enchanted to shake it. Let's put it in the reincarnation cemetery first."

"By the way, give me some lingering springs."

After speaking, the Devil Emperor walked towards that body.

At the same moment, the whole ground shook!

The land of ten thousand demons seems to collapse!

The sky is covered with dark clouds!

The whole world cries and howls!

Devil Emperor, is coming back!

The Devil Emperor glanced at Ye Chen and said directly: "The power I need to resurrect is enormous. Maybe the demons and demonic energy in the entire land of ten thousand demons will be absorbed by me!"

"This process takes one month."

"In a month, I will come to you."

"This month, don't step into the demons."

"Don't even conflict with Jun Mochen!"

"I will tear the void later and send you to the Shenhua Academy."

"Of course, and your friends."

"This month, the vision between heaven and earth will change."

"The Kingdom of God will also take actions against me, and I can deal with it alone."

"Don't interfere."

"The only thing you can do is to find the Yanbei."

"This is the bargaining chip you want to fight against the kingdom of God."

"Ye Chen, to meet you is the greatest luck of my life."

"Although I am a demon, I am just a demon who strives to change the rules of the world."

In the next second, the entire land of demons is completely dark!

Countless wailings resounded!

The void around Ye Chen tore on the spot!

An enormous force directly sent Ye Chen out!

At the same moment, Mozun's Palace.

Above the hall, Jun Mochen and the other elders have grim eyes!

In the next second, the body broke through the hall and flew to the sky!

Their expressions are extremely hideous and fearful!

Just because the sky above the demons is extremely dark!

Ten blood moons hang high in the sky in the dark!

It's like a curse.

Jun Mochen's face was pale, and blood overflowed from the corners of his mouth! This coercion made him fear and surrender, and he murmured: "No, the Devil Emperor is really going to be resurrected!"

"Damn it! Hurry up! I want to see the kingdom of God!"

...

The sky above Shenhua Academy!

heavily clouded!

A figure fell from the torn void!

The power of the Devil Emperor can actually ignore the rules of the Shenhua Academy!

Ye Chen looked at the familiar high-wall gate with a cordial smile on his face. At this time, he had a feeling in his heart that it was great to be able to go home!

He has experienced too much in the land of ten thousand demons.

He doesn't need to worry about it now.

Tranquility is what he needs most.

Ye Chen's more smile came from the resurrection of the Devil Emperor.

Leave everything to the Devil Emperor!

I am afraid that this month, the Demon Race, Lingwu Continent, and the Kingdom of God will all be shaken.

After returning to Shenhua Academy, Ye Chen first found Xing Zitang, Ji Xuan, Xie Pingping and others.

At this time, Xing Zitang, Ji Xuan, and Tian Lingzi had all advanced to the fourth level of the Star Aperture, and Xie Pingping had a slightly lower qualification, but had also improved a lot.

Since coming to the Shenhua Academy, these people have made considerable progress, and they are quite proud of their achievements.

However, when they saw Ye Chen, they could only smile wryly.

why?

Because Ye Chen's current cultivation base is about to close the door!

Although it is still Star Aperture Realm!

But they know Ye Chen's evildoers!

Compared with Ye Chen, they are not saying that they are progressing, they are simply stepping back to the original place.

But soon, it was relieved.

In this world, there are some evildoers, no matter how hard they try, they can't catch up. Even if they are as proud as Xing Zitang and Ji Xuan, facing Ye Chen, they can only recognize the reality.

Although Chu Ying was no longer in Wangshen Tower, Wangshen Tower was still in operation, and Ye Chen and a few friends went to the top floor of Wangshen Tower to dine.

After a long time of stress, he needs to relax now.

Sitting in this familiar position, Ye Chen couldn't help but his eyes flickered. It was here that he met Chu Ying. At the beginning, Ye Chen just had a good impression of her and regarded her as a friend.

However, during the journey of the Nine Netherworld, Chu Ying's various actions in the face of Muye, the genius of the kingdom of God, completely moved Ye Chen. Could there be a man who could not be moved by such a woman?

Also because of him, the woman who used to be like a bright moon in the night sky, dazzling brilliance, now can only lie quietly in the ice coffin to prolong her life.

By the way, I don't know if the Fountain of Ten Thousand Years is useful to Chu Ying!

You can try it!

It really doesn't work, there is still ancient medicine god!

With the Chaos Star Tree in his body, he had the qualification to negotiate with Canggu Medical God.

"Ye Chen, what's the matter with you?" Xie Pingping noticed that Ye Chen's expression was a bit strange, and couldn't help but asked worriedly.

Ye Chen came back to his senses and smiled: "It's okay, let's eat quickly."

Ji Xuan seemed to see Ye Chen's thoughts and turned the subject away: "Ye Chen, this time you came back from an outing, your strength has skyrocketed. You must have a lot of adventures, right? Come, let's eat while you talk to me."

At this moment, there was a rush of footsteps downstairs, and a figure flashed and appeared in the room.

Ye Chen looked back, it was Chen Zhifan!

Ye Chen looked happy. After he came back, he tried to find Chen Zhifan, but he didn't find it. Unexpectedly, Chen Zhifan found him.

Immediately, he introduced to everyone: "This one is my good friend Chen Zhifan."

After meeting with everyone, Chen Zhifan quickly said to Ye Chen: "Ye Chen, Xuan Yuezong sent a letter to my master, asking you to go back as soon as possible, there seems to be something urgent over there!"

"What?" Ye Chen frowned when he heard that, something happened to Xuan Yuezong? He knew that if it wasn't for something important, Xuanyuezong wouldn't contact him.

But is there anything that even Cang Ye and Bai Zhentang can't handle?

Ye Chen's heart suddenly lifted.

With a wave of his hand, he took out a few Horcruxes that he had forged, and distributed them to everyone, one with three handles, and said: "This is the Horcrux I forged! Keep your defense."

It's not that he doesn't want to give more, but that the use of this Horcrux is not unlimited. With the cultivation base of several people, one can be used at most at a time, and the burden on the soul is not small. Using it once may require Rest for a few days before you can use it again. In this case, three handles are enough.

Horcrux, after all, is a kind of external force, relying too much on it is not conducive to the improvement of its own strength.

Afterwards, he left the Shenhua Academy directly. Originally, he wanted to ask Ge Qing about the Yanbei, but now he can only postpone it.

All the way in a hurry, Ye Chen hurried back to Xuan Yuezong.

Looking at the familiar halls and pavilions on Feifeng Mountain, Ye Chen couldn't help but recall that when he first came here, he was just a little warrior, even because he had a conflict with Xuanyuezong disciples. , And was seriously injured by Xuan Yuezong Elder Zhao Ping's breath!

Ye Chen's eyes flashed, and now, if he faces Zhao Ping again, Ye Chen can kill him in seconds with just a thought!

Such a speed of progress can hardly be described as an evildoer, completely beyond anyone's practice logic!

He did not hesitate, and hurried towards the hall of Xuanyuezong. As soon as Ye Chen came back, Cang Ye and others got the news. They had been waiting in the hall At this time, I saw Ye Chen. , Even if they were mentally prepared early, their looks became a little weird.

Ye Chen, how long did he enter Xuanyue Sect?

And at this time, when I saw this young man in his twenties again, the other party was already close to closing the door!

Moreover, Cang Ye and others could clearly feel an indescribable pressure from Ye Chen. This pressure even gave them the illusion that what they faced was the illusion of the Supreme Elder of Xuan Yuezong!

Looking at Ye Chen, Zi Ning was also a little speechless. Today, her cultivation level has also broken a lot.

But she knows that her current strength has been far away from Ye Chen, and she even wonders if the strength of her master Bai Zhentang is still above Ye Chen...

Originally, she thought she had gotten the advancement of adventure, even if Ye Chen's talent was against the sky, she couldn't have a better realm than herself, right? Finally, I was able to regain some of the dignity of being a senior sister.

Unexpectedly, even if she succeeded, Ye Chen would still be left far behind.

However, in Zi Ning's heart, in addition to a touch of loss, there is more, but pride!

Very proud!

Ye Chen, she was the one who brought Xuan Yuezong, and she was also the younger brother she had always been optimistic about. Even, in her heart, she still had an indescribable feeling for Ye Chen!

When Ye Chen showed that terrifying talent and proved his potential, the strongest feeling that emerged in Zi Ning's heart was pride!

Above the hall, there are three people, Cang Ye, Zi Ning, and...

When Ye Chen saw these old people who had been separated for a while, a smile appeared at the corner of his mouth, but the next moment he was a little surprised.

Because he noticed the third person, this person is not from the Xuan Yuezong, but he knows!

"Burning crazy?"

Ye Chen looked at the man with his \*\*\*\* body, bronze muscles all over, and wearing an animal skin skirt. This person was the man of the Burning Sky Clan that Ye Chen had seen in the Tian Burn Continent, Burning Mad!

And according to the words of the old man, the Yan stele is in the Burning Heaven Clan!

Before, when he first arrived on the Tian Burn Continent, he had some contradictions with Fen Kuang, and even severely injured Fen Kuang and was about to die. However, when he won the martial arts championship and returned to the Burning Heaven Clan to celebrate, he was considered to be Dissolved the contradiction with Fen Kuang.

When Fen Kuang saw Ye Chen, he was so excited that he rushed to Ye Chen's face and said, "Ye Chen! I finally waited for you! I've been waiting for you for a long time!"

Ye Chen wondered: "What's the matter? Why are you here?"

"Of course I came here specifically for you! Now only you are Fen Ying's hope. Fen Ying has something wrong with her! She was forced to marry! She might even die!"

"What?" Ye Chen looked cold, and in his eyes, killing intent flashed!

Fenyong is the daughter of the patriarch of the Fentian clan. On that day, after the Fentian clan celebrated the victory, he had a relationship with Fenyong.

Although nothing happened, he still had a good impression of this simple girl.

Ye Chen also thought about bringing Fen Ying to Lingwu Continent after he had a certain strength. After all, Lingwu Continent was more suitable for cultivation than in the secret realm.

But now, someone wants to move Fen Ying?

Is it because of the reincarnation monument!

Ye Chen was full of murderous aura, the moment that terrifying murderous aura bloomed, even Cang Ye and Zi Ning had a heartbeat, creating a very dangerous feeling!

However, Fen Kuang, whose cultivation base had just broken through, turned pale suddenly, and was almost pressured to vomit blood by this killing intent!

Zi Ning hurriedly stepped to Ye Chen's side, gently shook his hand, and said with relief: "Ye Chen! Calm down!"

Ye Chen took a deep breath and restrained his murderous aura. He knew that things were definitely not that simple.

First of all, Fen Tiangang, the patriarch of the Fen Tian clan, is a strong man. He understands Fen Tiangang's character. Although he once asked his daughter to accompany him, he certainly did not force his daughter to do so. He was not the one to treat his daughter. Forced marriage.

Moreover, since Fen Kuang had asked Xuan Yuezong to come, Xuan Yuezong would not sit idly by, and even informed him to return, then there must be something else hidden!

He looked at the pale Fen Kuang, and said apologetically: "Sorry, Fen Kuang, are you okay? What's the matter?"

Fen Kuang shook his head, signaled that he was OK, and said, "This is how things are..."

Ye Chen's expression became more gloomy as he listened.

It turned out that it was not that Xuan Yuezong and Fen Tiangang didn't want to control it, but they couldn't control it!

Not long ago, they had also awakened a genius with a mark!

The name is Fen Wu Ling!

Moreover, this genius selected by the Kingdom of God is extremely powerful!

Otherwise, it will not be taken by the kingdom of God.

The appearance of the Fenwu Mausoleum made the elders extremely happy. In the entire secret realm, a celebration ceremony was held. Their meaning was simple, that all tribes should respect the Fenwu Mausoleum!

At this celebration ceremony, the patriarchs and relatives of all ethnic groups were invited to attend, and Fen Wuling, by coincidence, caught Fen Tiangang's daughter Fen Ying at a glance!

Fen Ying had already cared about Ye Chen, even if this Fen Tiangang was excellent, what would happen? Naturally, he would not agree.

Originally, even if this Fen Wuling Mausoleum was a genius of the Kingdom of God, with a bright future, Fen Tiangang would never tolerate his daughter being forced into marriage!

But who would have thought that the Presbyterian Church would directly pressure Fen Tiangang!

Their meaning is very simple. If you refuse from the Burning Heaven Clan, we are willing to give up your entire tribe for a Fenwu Mausoleum!

After all, Fen Tiangang was the head of the clan and was responsible for the entire clan. All he could do was to delay the wedding as much as possible, and at the same time, help Fen Kuang to quietly come to Xuanyuezhong to find Ye Chen.

Fen Tiangang knew that if there were anyone else who could change his daughter's destiny at this time, then Ye Chen would be the only one!

It's no wonder that Xuan Yuezhong wants to call him back!

The kingdom of God is not something Xuan Yuezhong can afford!

Against the will of the kingdom of God, Xuan Yuezhong will endure the disaster!

However, at the beginning, Cang Ye and Zi Ning only thought that this matter had to inform Ye Chen to come back, so they could think of a solution.

After all, Ye Chen also has a mark, but right now they are not sure if Ye Chen is the opponent of Fen Wuling.

However, when they actually saw Ye Chen, their thoughts changed instantly!

Ye Chen's expression gradually calmed down, but his eyes were extremely cold.

Fen Wuling, is the presbytery?

He knew that the overall strength of the secret realm was similar to that of Xuan Yuezhong, that is, this elders' association should have two to three extremely strong masters! It may even be the early stage of Tai Xu!

It's also very scary when a few people work together.

However, Ye Chen now has no fear!

As long as he is not a real Supreme Void Realm powerhouse, he has the confidence to face it!

Seeing Ye Chen's expression Zi Ning understood what he was thinking, and asked him: "Ye Chen, what is your current strength?"

Ye Chen said: "At least you can fight the sky!"

"what!?"

Fen Kuang exclaimed, completely stupid!

He couldn't believe what he heard!

He is crazy, but it doesn't mean that he is irrational. He knows that Ye Chen is an incomparably devilish evildoer who can cross several realms to confront the enemy, but is this also limited?

Ye Chen is just a star orifice cultivation base, right? Can you fight Taixu?

This.....

Even if the legendary ancient true spirit came to the world, can't it?

As for Zi Ning and Cang Ye, although they had already had some psychological preparations, they couldn't help being shocked when they heard Ye Chen's personal admission.

In other words, even if Ye Chen is above Lingwu Continent, among the young generation, they are all top strengths!

Strong! Unreasonable!

Zi Ning took a deep breath, calmed herself down, and said with joy:

"Now it will be easy. Ye Chen, I will go to inform Master that he has already promised to take the other elders with you and go there with you!"

However, doing so was tantamount to provoking a war between Mysterious Realm and Xuan Yuezong. They followed Ye Chen, more of an attitude, and the rest was left to Ye Chen.

As long as Ye Chen can defeat Fen Wuling and prove that he is better than Fen Wuling, they dare not do anything!

However, Ye Chen shook his head.

Ye Chen shook his head, and the air in the hall suddenly became cold.

Zi Ning was stunned, and Fen Kuang was stunned. Cang Ye, who had always been calm, looked at Ye Chen incomprehensibly.

What does it mean?

Fen Kuang was even more angry, because he thought Ye Chen was afraid of Fen Wuling and would shrink back!

He Fen Kuang always regarded Fen Ying as his own sister's existence!

Even if he died, he would not allow Fen Wuling to force Fen Ying to become his wife!

And Ye Chen, should he choose to abandon everything and ignore it?

He roared directly at Ye Chen: "Shake what head? Are you going to leave it alone? Ye Chen, are you this kind of person!"

Ye Chen took a deep breath, staring at Fen Kuang, and said solemnly: "I'll go alone!"

At this time, Zi Ning, Cang Ye, and Fen Kuang were stunned again.

go alone.....

That means, one person, facing almost the entire Presbyterian Church!

Even if Ye Chen is strong, this is a bit arrogant and reckless, right?

Zi Ning thought that Ye Chen didn't want Xuan Yuezong to get into trouble, and even risked his life to break into it and rob Fen Ying!

You know, even if Ye Chen possesses the strength of Zhan Taixu, and at the same time facing the strong hidden deep there, and a super enchanting evildoer with a mark, it will be a lifetime of death!

She anxiously persuaded: "Ye Chen! Xuan Yuezong is your home, we are your relatives, your affairs are naturally ours!"

Moreover, you have also committed a personal risk for Yin Ming, not to mention that the other elders of the master will act for you, it is also incumbent! Don't be a hero at this time! "

Cang Ye also nodded and said: "Ye Chen, facing them is no trivial matter. Even if you already have the power against the sky, you have to deal with it carefully."

Fen Kuang was almost speechless, looking at Ye Chen, in addition to admiration, he still admired!

Ye Chen said indifferently: "Senior Sister, the head, the reason why I want to go alone is not because of the arrogance or arrogance.

It is because, if I go there with a few Taishang, the nature of the matter will change and become a conflict between Xuanyuezhong and there, so in order to avoid the outbreak of war, we can only choose to negotiate! "

Ye Chen's eyes flashed brightly, and continued: "And the result I want is not negotiation, but those who dare to act on my friends, dare to bully and persecute others, all will die to me!!!"

With a bang, a strong murderous intent, rising against the sky, forming a whirlwind of murderous intent that instantly filled the entire Xuan Yue Sect!

Within Xuan Yuezhong, some of the disciples with weaker cultivation levels could not even resist this leaked killing intent, and instantly fell to the ground!

At the moment Ye Chen's killing intent broke out, Bai Zhentang, Yin Che, and Long Yitian all changed their expressions!

What a terrifying killing intent!

The three of them disappeared into the void in an instant, and then appeared in the Xuanyuezhong hall in the next moment!

The moment they appeared, they were dumbfounded and dumbfounded!

Originally, they thought that some powerful enemy had committed the crime, and released a strong killing intent!

However, when they arrived, what they saw in the center of the killing intent vortex was a familiar figure, Ye Chen's figure!

Ye Chenqiang suppressed his killing intent. He is a very calm person, and he rarely loses his attitude, unless someone touches his bottom line!

He is under pressure everywhere in the land of ten thousand demons, and his anger has already gathered in his heart!

And this matter of Burning Heaven Clan was the fuse of this time!

More importantly, this is the opportunity for the reincarnation mysterious stele to be extremely strong!

He exhaled a suffocating breath and saluted the three elders who were extremely shocked. Then, to Zi Ning and others, he continued:

"Sister, I have decided that these people must die! No matter how strong they are! No matter what their status, they touch my bottom line and they will die! So I want to go alone, in my own capacity, there is only this My heart can be at ease!"

Bai Zhentang and the others looked at each other and probably understood what was going on.

Zi Ning and Cang Ye wanted to say something more, they were most concerned about Ye Chen's safety!

But at this time, Bai Zhentang spoke.

"enough."

This old man stared deeply at Ye Chen's back, his eyes flashed with memories, and after a long while, he smiled bitterly: "You kid, you are exactly the same as my disciple back then."

Bai Zhentang said lightly: "You guys, don't persuade, Ye Chen won't change his decision."

Zi Ning was taken aback, the disciple Bai Zhentang was talking about was naturally not herself, nor Ye Chen, but her former junior.

Suddenly, Zi Ning also fell silent. At first, the reason why she liked Ye Chen so much was because of Ye Chen's talent and potential?

No, a large part is because of Ye Chen's disposition!

Ye Chen's character is what she admires most, just like her junior brother back then.

So she knew that since Ye Chen had decided, she would never change.

In their bones, they are all extremely proud! Self-esteem! They have a bottom line in their bones, and no one can violate it!

And because Ye Chen is such a person, she would appreciate him, even, like him, right?

Thinking of this, Zi Ning's pretty face turned red. Suddenly, she understood her feelings somewhat.

However, even so, she did not feel jealous or dissatisfied because of Fen Ying's existence and Ye Chen's personal danger to fight Fen Ying against the entire continent.

On the contrary, although she was worried about Ye Chen's safety, she had to say that Ye Chen's dominance and the demeanor of being an enemy of the whole world for a woman

is something that many women will fall for.

Zi Ning is no exception.

She didn't say anything more, just shining in her beautiful eyes, staring at Ye Chen tenderly, and whispered: "Promise me, be careful, and come back safely, okay?"

Ye Chen looked at Zi Ning's appearance and nodded.

Afterwards, Ye Chen showed an extremely sunny and confident smile on his beautiful face: "Don't worry, how can I be willing to leave Senior Sister alone in this world? I promise you will come back safely."

Zi Ning nodded and turned around. She didn't dare to look at Ye Chen's face anymore, because she was afraid to look at it again, she would be reluctant, would worry about Ye Chen, and would prevent Ye Chen from taking risks.

Ye Chen turned around with an apologetic face, and saluted Bai Zhentang and the others: "Master, sorry, I disturbed you."

Bai Zhentang snorted coldly: "Boy, it seems that your strength has improved a lot. However, if you go there this time, you'd better not die there and embarrass your teacher, you know?"

Although the old man said so, no one could see that his old face was full of pride!

Ye Chen is his disciple of Bai Zhentang!

Moreover, he knew that soon Lingwu Continent would resound with the name of an evil evildoer, the name of his disciple!

Long Yitian and Yin Che also smiled and said, "Ye Chen, come back safely, Ming'er is also waiting for you."

Ye Chen nodded solemnly to several people and said, "The disciple understands!"

Afterwards, he said to Fen Kuang: "It should not be too late, let's go now!"

Ye Chen's blood is burning!

Those are the Chichen Divine Veins and Lingfeng Divine Veins!

There are also divine veins waiting for his flame monument to be activated!
