Chapter 2281: Spying

Fen Kuang was waiting for Ye Chen in Xuanyue Sect during this time, and he had been anxious for a long time, so naturally there was no opinion!

Soon, Ye Chen, Fen Kuang and others arrived at the place where Ye Chen had been to the secret realm.

Cang Ye held the array plate and asked, "Are you ready?"

Ye Chen nodded, and the **** door appeared in front of him again.

Ye Chen and Fen Kuang entered the gate as soon as they moved. The next moment, after a while of dizziness, Ye Chen and Fen Kuang appeared in the altar.

At this time, at the center of the secret realm, there was an extremely tall stone palace with a rough style.

This palace is where the elders of the tribe in the secret realm is located.

The minimum requirement for the secret realm tribe elders to join is to achieve the gate closed state.

Among them, the highest cultivation level is the Great Elder Fenwu and the Second Elder Fen Zhengkui.

Both of them reached the highest level of the Supreme Void Realm.

The secret realm is actually the living area of the descendants of the pinnacle of Lingwu Continent.

Here to cultivate martial arts in seclusion, the strong in the depths are naturally terrifying.

What's more, they are elders who have lived for thousands or thousands of years.

Now, in the main hall, the first elder and the second elder are sitting on the main seat, talking about the wine, seeming to be extremely happy.

In addition to the two of them, above the guest seat, there was also a young man sitting calmly tasting the wine in the glass.

He was dressed in a black robe of invisible texture, with a handsome face, slender fingers, and a smile at the corner of his mouth. In this smile, there seemed to be pride and disdain, as if everything in the world was not in his eyes!

Judging from his behavior and clothes, he does not seem to be like a person in the secret realm, and this person is Fen Wuling!

With the mark, you can step into the existence of the kingdom of God!

The elder smiled and said: "Wuling! Do you have to marry the woman of the Burning Heaven tribe? Although she is the daughter of the patriarch, and her status is pretty good, but I heard that this woman had something to do with an outsider. How can such a person be worthy of you?"

The second elder also echoed: "Yes, Wuling, which of our secret women is not admired by you? This woman doesn't know how to promote her! You don't care about her past, Kenner is a concubine, which is simply her blessing. Ah! She is still unwilling? Ha ha..."

Although the first elder and the second elder have no blood relationship with this Fen Wu Ling, if they are allowed to choose between their children and Fen Wu Ling, they will definitely choose Fen Wu Ling!

why?

Because Fen Wu Ling is too important for the secret realm!

Even someone who can lead them out of this secret realm and occupy a place again in a place like Lingwu Continent!

The potential of Fen Wuling is terrifying! Moreover, Fen Wuling was selected by the Kingdom of God, and there will be a chance to enter the Kingdom of God in the future. Anyone who comes out of the Kingdom of God is a peerless powerhouse on the Lingwu Continent, and can even crush the entire Lingwu Continent. !

A Fenwu Mausoleum has emerged from the secret realm, and the future can be expected!

Fen Wuling smiled slightly and said, "It's okay, as long as I like it."

His attitude was casual, and he didn't seem to have much awe of these two too imaginary and powerful. After speaking, he still tasted the wine to himself.

When the first elder and the second elder saw this, they were not angry and smiled, which shows how optimistic they are about Fen Wuling.

Speaking of it, although this Fen Wuling Mausoleum can also be said to be the bloodline of the secret realm, the descendants of the ancient powerhouses, but the origin is quite tortuous.

He accidentally lost his early years and fell into a lost place. In this lost place, he seemed to have chanced upon the divine envoy of the Kingdom of God. He took a fancy to his aptitude and gave him a mark.

It wasn't until a few days ago that he advanced to the pinnacle of the gate, possessing a strength comparable to Taixu, and was able to break through the barrier of space and return to the secret realm.

When the first elder and the second elder saw Fen Wuling, they regarded him as a treasure!

How many years has it been? How many years has been in the secret realm, has there been no genius chosen by the kingdom of God?

Seeing Fenwu Mausoleum, they seemed to see the glorious prospect of their clan!

At this time, the second elder smiled again: "Wuling, wait until next year, you will be able to enter our Tianchi. I believe that by then, your potential will be greatly improved!"

When Fen Wuling heard the words, his eyes brightened and he smiled and said, "Wuling will not live up to the expectations of the two elders."

In fact, in the bones of Fen Wuling, I didn't particularly look down on the people in this secret realm. Perhaps it was because part of the blood in my body was the same as these people, but these people were no longer at the same level as myself.

The main reason why he wanted to return to the secret realm was because of a profound monument of reincarnation!

He learned about the ancient things from the envoys of the kingdom of God. In the ancient times, the creator of this tribe actually controlled a reincarnation monument!

And it's still fire!

If he is in control of this heaven-defying thing, what about the peak of Lingwu Continent!

What he wants to climb is the peak of the kingdom of God!

The elder sighed when he heard the words, "Unfortunately, after the last battle meeting ended, an outsider entered the **** blood zone and absorbed too much blood! I'm afraid the quality of the **** blood zone has been affected!"

After the elder said Fen Wuling's complexion was a little gloomy, he put down the wine glass, stood up and said: "Two elders, I am a little tired, so let's go down and rest first."

The two replied happily, "If you are tired, go to rest."

After Fen Wuling left, the smiles of the senior elder and the second elder gradually reduced.

They knew what Fen Wuling's so-called rest meant.

However, above their old faces, there was nothing but coldness.

Great Elder Sen Han said: "Tiangang, we are doing this for the future of the whole family. I hope you don't blame us."

There was no regret in the tone, only disdain!

Fenwu Mausoleum did not return to his bedroom, but in the complex stone corridors, turned to the palace dungeon.

This is a prison!

Used to imprison and torture those people who have committed serious crimes!

And now, in one of the cells, a thin man was locked on the wall.

The man was covered with messy hair, draped over his face, and bloodstained, making it difficult to see his face.

Soon, there was a sound of footsteps.

With a cruel smile on Fen Wuling's face, he walked into this cell.

He looked at the man in front of him, and said lightly: "My father-in-law, Wuling is coming to see you again. How are you thinking about it today? Fen Ying, the girl, still refuses to marry me sincerely? My father-in-law is willing to persuade me today. Persuade that girl?"

The middle-aged man who had been tortured and scarred slowly raised his head, and he was the patriarch of the Fentian clan who had received Ye Chen, Fen Tiangang!

Fen Tiangang stared at Fen Wuling for a while, suddenly opened his mouth, spit out a mouthful of blood mixed with broken teeth, sprayed it on Fen Wuling's face, raised his face, and sneered, "You are a beast, too? "

Chapter 2282: Real evildoer

Originally, under the oppression of the Presbyterian Church, Fen Tiangang acquiesced in the marriage contract.

However, his heart never violated his daughter's will and wanted her to marry Fen Wuling, because he knew that his daughter did not like Fen Wuling. In her heart, there was a man, a man from outside the secret realm. There is no room for other people anymore, that man, Ye Chen!

He tried his best to postpone the wedding, so that Fen Kuang found Ye Chen!

Although, when he saw the strength of Fen Wuling, his heart was extremely heavy. After all, when Ye Chen left the secret realm, his strength had not yet reached the realm of good fortune!

Even if he is an eternal evildoer, can he burn Wuling in such a short period of time?

However, Ye Chen is his only hope, he can only choose to believe in Ye Chen!

What he didn't expect was that Fen Wuling found himself one day and asked his daughter to accept him!

Naturally, Fen Tiangang refused without even thinking about it! However, after he refused, the great elder suddenly appeared!

And also shot him, captured him, and sealed his spiritual power!

From now on, Fen Wuling would come to this dungeon every day to "visit" him and force him to convince Fen Ying...

The man who was originally incomparably hard-covered, has now been tortured to the point of being inhumane.

Fen Wuling didn't seem to care, and slowly erased the blood on his face. The moment he put down his hand, the originally handsome face suddenly became extremely hideous and terrifying!

It's simply not human anymore!

When Fen Tiangang saw this, his pupils shrank, and his face was horrified. How did Fen Wuling become like this!

At this time, Fen Wuling, dark blood vessels all over his face, his eyes were blood red, and the white parts of his eyes turned into pure black! It looks like a monster!

After Fen Wuling showed this face, his voice became hoarse and sharp. He laughed at the shocked Fen Tiangang and said, "Okay, very good. It seems that you are dead and unwilling to do what this son said. Up?"

"You...what are you!"

"Me?" Fen Wuling's **** eyes showed sarcasm, and said: "Hehe, honestly I don't know what I am. After all, I have swallowed too many people to become one with them, of course. , Including the owner of this body, the fellow you call Fen Wuling."

"what!"

"However, he was the first person I merged. I and his thinking are all integrated. If I say that I am Fen Wuling, it is not wrong? Haha, why are you looking at me with this kind of eyes? Soon? , Your daughter, will also be a part of me, when the time comes, do you want to look at your daughter like this?"

Hearing this, Fen Tiangang became furious and roared: "You disgusting beast! What do you want to do to Ying'er!? If you dare to hurt Ying'er, I swear, I will kill you!"

He struggled frantically, rushed towards Fen Wuling, and creaked the iron chain on the wall, but it was naturally impossible to really break it.

Fen Wuling regained his appearance, admiring Fen Tiangang's crazy appearance, laughed loudly and said, "Do you think it is your daughter that I really like? Hehe, a human woman, what right do I have to look after? "

"What I want is your Burning Heaven Clan's Reincarnation Profound Tablet! That woman is just a bargaining chip!"

"Say, where is the Reincarnation Profound Monument!"

Fen Tiangang was taken aback for a moment, with a weird expression: "What did you say? I don't understand!"

"Don't understand? It's okay. If you don't tell me the whereabouts of the Samsara Xuanbei, I swear that your daughter will live forever and despair in pain!"

Having said that, he did not pay attention to the constantly roaring Fen Tiangang, turned and left the dungeon. At the same time, his expression was completely gloomy, and he looked even more terrifying.

Back then, after Fen Wuling entered the lost place, he was attacked by a strange evil demon. The evil demon seemed to want to devour him, but something unexpected happened that caused the spirit of Fen Wuling to merge with the spirit of the evil demon. Become one!

Moreover, Fen Wuling got the talent and supernatural power of that evil demon! It is also with this ability that he can sense the approximate whereabouts of the Samsara Profound Tablet.

It's related to the Burning Sky Clan!

As for the future of the Secret Realm?

Thinking of what those two old guys thought of him, Fen Wuling not only showed a ridiculous smile, but it was just some ants, what's the future?

However, for the time being, he has to hide for a while before he has enough strength.

In a boudoir in the palace, a girl with a gentle and innocent look, who was different from the ordinary women of the Burning Heaven tribe, was sitting in the room.

Her eyes were red and swollen, there were two tears on her beautiful face, and her pretty face was full of sadness and pain.

Although Fen Ying seemed to be a little weak on the outside, she was even stronger and harder than the sturdy clan women in her bones!

But these days, she is extremely wronged.

She was imprisoned in this room by Fen Wuling. Although she was not physically tortured like Fen Tiangang, her heart was extremely tortured!

Although she looks weak, she is determined not to rely on others at any time!

But now, she really wants a shoulder to rely on.

These days, she doesn't know why she thinks of that young man.

Her father gave her to Ye Chen, but Ye Chen never touched himself that night.

Even respect yourself very much!

It was this gentleman's behavior that kept fermenting in her heart.

At that moment, she understood that this kind of man might be what he was looking for!

Fen Ying knew that according to Ye Chen's character, even if Fen Wuling was a super genius who had the ability to fight against Taixu, even if behind Fen Wuling was the most powerful elders' association in the secret realm, Ye Chen would fight them desperately!

She didn't want this. Although she knew that Ye Chen was against the sky, she sensibly told her that the current Ye Chen, not to mention the Presbyterian Church, might not even be Fen Wuling's opponent!

She would rather die! If not, the elders would threaten her with the entire Fentian clan, and Fen Ying would have killed herself a long time ago to keep her innocent!

Suddenly, with a crunch, the door opened.

With a gentle smile on his face, Fen Wuling walked into the room.

In Fen Ying's beautiful eyes, a clear look of disgust flashed, and her expression was extremely cold.

"What's the matter, Miss Fen Ying, it seems that you are not happy? It's this room. Are you not used to living?"

Fen Ying sneered and said, "Fen Wuling, don't waste your time. I said, I already have a man in my heart, so give up."

"Oh? Really?" Fen Wuling said dismissively: "But what about that? Do you think it's useful if you like it? Miss Fen Ying, please be realistic. I am now in the future of the secret realm and become my woman. Even if it is a concubine, there is only good, no harm. In the secret world, I don't know how many women are rushing to become my wife!"

Chapter 2283: qualifications!

And Fen Ying just looked at him coldly, and she was too lazy to say something. She looked down on people like Fen Wuling from the bottom of her heart. Although Ye Chen was equally strong and even domineering, she knew that Ye Chen would never use herself. His identity and strength force a woman to submit to herself!

This is the essential difference between Fen Wuling and Ye Chen!

Fen Wuling couldn't help but curiously said: "The person you like is called Ye Chen, right? From Xuan Yuezong? Isn't my strength stronger than him? Isn't my potential stronger than him? Is he an eternal evildoer selected by the kingdom of God? I heard that he can leapfrog the ranks, I am somewhat interested!"

Speaking of this, Fen Ying's expression suddenly changed!

And Fen Wuling's voice suddenly became cold by three points: "I don't know, if I go to Xuan Yuezong and ask him to fight for life and death, can this brother Ye leapfrog me? Huh? You think there is a mysterious Can Yuezong be able to keep him? Haha, you know, the great elder and the second elder will not hesitate to use the power of the whole family to fight Xuan Yuezong for me!"

Fen Ying said anxiously: "What did you say! It's none of his business!"

There was anger in her beautiful eyes, and she even meant to fight Fen Wuling!

Fen Wuling's expression sank. Although he only valued the Reincarnation Profound Monument, he had always been extremely proud. At this time, Fen Ying chose Ye Chen instead of herself?

To Fen Wuling, it was like losing to a dog or a pig!

Seeing Fen Wuling's expression, Fen Ying's heart was also completely raised!

At this moment, there was a loud noise, and the entire stone palace trembled!

Fen Wuling's complexion changed slightly. What happened just now?

An extremely cold, domineering, and penetrating male voice reverberated throughout the entire stone palace.

"Fen Wuling, get out and die!"

The moment she heard this sound, Fen Ying's eyes immediately became wet!

She is too familiar with this voice!

This is the man's voice that appeared in her dreams countless times!

Ye Chen, he really came!

Fen Wuling was taken aback for a moment, and then a very evil smile appeared on his handsome face.

His figure shook, and his whole person disappeared from Fenying's room and appeared on the square outside the palace.

And the great elder, the second elder, also came to the square in a flash.

On the square, standing a young man holding a jet-black long sword, standing proudly, full of arrogance, even in the presbytery where the powerful in this secret realm gather, there is no intention to converge.

It is Ye Chen!

Fen Wuling originally had a playful smile on his face, but when he saw Ye Chen, the smile froze!

In the next moment, ecstasy flashed over that handsome face, a total ecstasy, an almost irrational ecstasy!

He felt that Ye Chen's blood was extremely powerful!

Even surging with demons!

This kind of flesh is too precious for demons!

The real baby is Ye Chen in front of you!

Fen Wuling's eyes suddenly filled with an expression of desperate greed. If Ye Chen could swallow Ye Chen, what terrifying strength would he possess?

Half a step too empty? Even too virtual?

This Ye Chen is simply a gift from heaven!

Seeing Fen Wuling's expression, Ye Chen couldn't help frowning slightly. The expression in this person's eyes was very strange, it was not like the expression in human eyes! It was more like the eyes of the ancient demons who opened the land of ten thousand demons.

Ye Chen stared at the opponent and said coldly: "Are you Fen Wuling?"

Fen Wuling smiled disdainfully at the corner of his mouth, and said, "You are Ye Chen? Why, are you here to drink my wedding wine with Ying'er?" Ye Chen's bloodline power is very strong, but his

cultivation base is very strong. It was in the Star Aperture Realm, and Fen Wuling had peerless blood, and under the emptiness, he was invincible.

"Ying'er is what you can call?"

In Ye Chen's eyes, the killing intent flashed, and the aura all over his body. Now that he knew the identity of the other party, there was nothing to say. He was never a bullshit.

For this kind of person, he wouldn't say one more word.

What's the point of talking with someone who is about to die? He wants to shoot directly and kill it!

Just when Ye Chen was about to take action, a woman's voice suddenly sounded.

"Ye Chen! It's really you!"

Fen Ying was panting, and after hearing Ye Chen's voice, she ran out desperately, her expression was full of excitement, and she cried out with great worry: "Ye Chen! Go!"

Ye Chen's eyes sank, and he looked at the gentle and innocent girl. There was a touch of tenderness and pity in the icy eyes.

He smiled at Fen Ying and said, "Don't worry, no one can force you with me!"

Hearing this, Fen Wuling laughed loudly: "I don't know the life and death of the star orifice. I didn't even step into the closed door. I really think I'm invincible? Great elder, capture this waste, don't kill him, he Works for me!"

However, the only answer to him was silence.

what happened?

Fen Wuling frowned. Shouldn't these two vain old men ignore their own demands?

Ye Chen looked at Fen Wuling with a cold face, and sneered: "Hehe, capture me? Do they dare?"

Fen Wuling turned his head and saw the first elder and the second elder. At this time, his faces were full of embarrassment. At the same time, he was shocked and unbelievable.

The great elder looked at Fen Wuling with a ugly expression: "Wuling, I can't take action against this person..."

Fen Wuling's expression sank, "Why?"

"Because we found out that he also has marks on him!"

"He is also related to the Kingdom of God!"

At this time, the elders of the Presbyterian Church had already stepped out. The moment the great elder said this, the air in front of the palace instantly solidified.

Everyone, including Fen Wuling's gaze at Ye Chen, was filled with incomparable shock!

The last time Ye Chen stepped in, there was obviously no mark!

But why is there a sense of imprint this time!

Is it another genius chosen by the kingdom of God?

Those who can be selected by the kingdom of God are all the eternal evildoers chosen from a billion, but they are not the cats and dogs that can be seen everywhere!

The reason why they have such high expectations for Fen Wuling is that they think that Fen Wuling is almost the only ultimate genius they can come into contact with, but who would have thought that another one would appear before their eyes?

Fen Wuling was also completely angry!

A genius selected by the kingdom of God? Just rely on the waste of this star aperture?

Such a person, a genius of the same level as him who burned Wuling Mausoleum, is the greatest insult to him!

Fen Wuling stared at Ye Chen, with a cruel look on his face. He licked his lips and said to Ye Chen:

"Do you think that if you have the mark of the kingdom of God, everything will be fine and no one can touch you?"

Originally, you are not worthy of me to do it myself, but in order to avoid someone mistakenly thinking that you and I belong to the same level, the deity made an exception to let you see what is the real evil evil.

Hope, you are worthy of the mark on your body and don't just die casually. "

With a bang, a pitch-black demon energy burst out from Fen Wuling!

Fen Wuling screamed: "The body of the overlord, open it!"

In the darkness of the devilish energy, Fen Wuling's figure swelled rapidly, and his body was full of terrifying power.

But this is not over yet!

"Demon Dragon Bloodline, open!"

"Blood Sea Body, open!"

"Holy Gold Blood, open!"

Chapter 2284: Threat!

...

With Fen Wuling's stern shout, Ye Chen's eyes gradually showed a dignified and shocked look.

This Burning Wuling has continuously displayed the power of multiple bloodlines!

No wonder, that he has the strength comparable to Tai Xu!

You know, none of these bloodlines opened by Fen Wuling are inferior!

An ordinary person who can possess one of these bloodlines is already a genius with great potential, and possessing thirteen doors at the same time, that is beyond the limit of thinking!

How can such a person exist in the world?

And although Fen Wuling was regarded by the elders as the future of the secret realm, they had never actually seen Fen Wuling take action!

From the bottom of my heart, I still have a trace of doubt about this genius who was selected by the kingdom of God!

And when Fen Wuling made an all-out effort and opened the thirteen door bloodlines, the elders on this square were so shocked that they even forgot to breathe! The suspicion in the heart dissipated completely!

evildoer! A complete evildoer!

The first elder and the second elder glanced at each other, their expressions completely relaxed, and at the same time, they were extremely excited.

Originally, because of the appearance of Ye Chen, they were still a little worried, would Fen Wuling not be Ye Chen's opponent?

After all, Ye Chen's performance in the last martial arts meeting was amazing.

But when Fen Wu Ling displayed his true strength, the Great Elder and the Second Elder believed that even among the eternal evil spirits selected by the Kingdom of God, Fen Wu Ling was the top one!

Even the existence that can grow into a top powerhouse in the kingdom of God! The secret realm is about to rise again!

At this time, Fen Wuling's aura is extremely powerful, even more terrifying than the ordinary half-step Taixu strong, his figure is also extremely tall, his pair of blood eyes are full of mockery, looking down Ye Chen sneered and said:

"Now, are you sure you can kill me?"

Ye Chen didn't speak, but asked Feng Qingyang indifferently in his heart: "Master, this person is a bit like Lin Juelong, but he is more devilish. Why is that?"

Feng Qingyang, who had been silent for a long time, heard Ye Chen's voice, and gradually said: "If I guessed correctly, this person has been swallowed by demons."

"Except for the land of demons of the demon clan, there are actually many demons in Lingwu Continent, and he is just one."

"By the way, I didn't show up these days because I was gathering the remaining three swords."

"Sword of the Six Paths, you just used three swords, and the three swords are the real core existence."

"After Three Swords, I should also dissipate."

Ye Chen was startled slightly, but he understood the power of the three swords.

After the result, the three swords are stronger?

Can it contend against the existence of too virtual?

Can you use the key now?

Feng Qingyang seemed to have guessed what Ye Chen was thinking, and said with a smile: "Disciple, do you look down on yourself too much?"

The physique of other people's blood is not uncommon in the heavens and all realms. The reason why I am so optimistic about your physique, and even suspect that your origin must be extraordinary, is because you are the strongest blood in all the worlds! Reincarnation blood!

And he? Haha, it's just that you can transform a part of that powerful bloodline into your body, and, in terms of potential, it's far worse than the real bloodline. "

Ye Chen nodded, and said calmly, "No matter how much blood is blessed, what's the use? No matter how trash is blessed, it won't change his essence!"

Fen Wuling saw Ye Chen's silence, and the killing intent in his eyes became more intense. He was so arrogant just now. Now, after seeing his demonstrated strength, he couldn't speak?

Haha, I am afraid that I have fallen into horror and despair!

How did he know that Ye Chen was too weak to be interested in it!

So indifferent, ignore it!

Fen Wuling raised his hand, his fists gathered, his strength roared, the devilish energy rolled, the evil spirits soared into the sky, and the golden light was released!

The fist has not been sent out, and the power of his fist has been overwhelmed!

He didn't plan to make a full shot. After all, if Ye Chen died and absorb blood from the corpse, the effect would be much worse.

It's almost enough to smash him into whole bones, right?

When all the elders saw this, there was a horror and solemn expression on their faces!

Fen Wuling's punch is so strong! Not only the power against the sky contained in his terrifying body, Fen Wuling's talent for martial arts cultivation, but also the enchanting evildoer!

In the intent of this fist, there are endless changes, it seems that there are dragons and demons, as heavy and hard as a golden mountain, and in a fist it seems that a sea of blood and countless bones can be rippling!

The realm of this fist has undoubtedly touched Tai Xu!

Taixu is a realm that many powerful people in Lingwu Continent can't touch in their lifetime!

Facing this punch of Fen Wuling, many elders present were not even sure that they would be able to take it intact!

This is peerless genius!

However, Ye Chen's expression was still indifferent, without the slightest fear on his face.

If he hadn't stepped into the land of ten thousand demons, he would be invincible.

But coming out of the land of ten thousand demons, he can fight too much!

Just as Fen Wuling was about to make a move, a beautiful shadow flashed!

A petite, gentle woman suddenly stood in front of Ye Chen!

She raised her delicate little face, her pretty face was firm. Facing the horror of her breath, Fen Wuling, who could kill herself with one breath, did not waver in firmness!

Fen Ying stood in front of Ye Chen and looked at Fen Wuling unconsciously.

She knew that it was too late to let Ye Chen go.

Then, as the main cause of this incident, she must at least live and die with Ye Chen!

If you want to kill Ye Chen, you have to step on her body first!

Originally, Ye Chen, who had always looked calm, finally changed. A trace of worry and fear flashed over his calm face.

He was afraid that Fen Ying would get hurt!

At the same time, the cold light in his eyes was condensing and shrinking frantically!

He did not make a move, but was gathering strength!

Because he wanted to guarantee that Fen Wuling would be killed with one blow, so that he had no chance of harming Fen Ying!

But Fen Wuling's pupils shrank!

In the **** eyes, anger splashed, almost burning completely!

At this time, this bitch, isn't he the choice?

Instead, he chose a **** who could only be in front of him, shocked by his own strength, and couldn't say anything?

Damn it! Damn it!

Suddenly, a trace of evil and mockery flashed across Fen Wuling's face.

Since this **** is so infatuated, wouldn't it be a pity not to play around?

What Fen Wuling loves most is to destroy those sincere and beautiful feelings in this world.

Fen Wuling swallowed his fist, but never broke out. He looked at Fen Ying and sneered:

"Okay, what an infatuated woman, wanting to die in love? I really admire me by Fen Wuling, um... In that case, if you are willing to dance a dance in front of me, I can't take your face. Let go of the ants, what do you think?"

Fen Ying was taken aback for a moment and did a dance? It's that simple? Although she didn't believe in every word Fen Wuling said in her heart, if there was a real chance that Ye Chen could survive, she wouldn't want to give up even if it was one in ten thousand or one in ten thousand!

Seeing Fen Ying's hesitant look and Fen Wuling's smile became stronger, but his tone suddenly became colder and said: "Of course, you have to show your sincerity, get naked, dance in front of us, ha ha, Shouldn't you mind? After all, you should be used to this kind of thing for a humble **** like you?"

Chapter 2285: All to die!

As soon as Fen Wuling said this, Fen Ying's pretty face turned pale. Although her gaze was still firm, there was an extremely injured look in the depths of her beautiful eyes.

Which woman would not be sad to hear such words? Especially a pure woman like Fen Ying, who was called a **** in public. Can she not get hurt or wronged? How to face everyone in the future!

But when the elders heard the words, they smiled, because they knew the relationship between Fen Ying and Ye Chen!

Back then lone men and widows were in the same room!

The key is that the woman's father took the initiative to deliver it!

And now, Fen Wuling wants to marry Fen Ying even more, even if she marries her as a concubine, if Fen Ying really marries Fen Wuling, then she had an affair with other men before marriage. What is not a slutty bastard?

Fen Wuling's **** eyes stared at Fen Ying's pale and pretty face, and his face was full of comfort and satisfaction.

Are you infatuated? Are you not a chaste woman?

Then I will make you a **** scorned by thousands!

In this world, the facts are determined by the strong. His burning Wuling is now the pride of the secret realm and the future of the whole clan. No matter what he says, no one will refute, but will only follow his thinking and will.

Therefore, he said that you are a bitch, no matter how chaste you are, you are a bitch!

This feeling is so cool!

It was so cool that he couldn't help but laughed out loud.

However, before he waited for him, or even anyone laughed, their faces were frozen!

Because, a stunned sword light burst out from the long sword in Ye Chen's hand!

No one at the scene saw clearly how Ye Chen made his move. His movements were too fast!

As if not raising his hands, this sword light appeared out of thin air. Even the two elders who were too empty were too late to focus on what Fen Wuling said and Fen Ying's expression. The sword light that Ye Chen cut out responded!

When this sword appeared, where would anyone want to laugh or dare to laugh?

In that terrifying sword intent, the extremely murderous intent contained, even these strong gatekeepers would tremble for it!

Generally speaking, facing such a terrifying and powerful sword at this time, the warriors in the closed door realm may not be able to respond, but Fen Wuling is no ordinary person!

The thirteen bloodlines in his body were all brewed by him over decades of time and effort!

Each of them can be called the best. With the blessing of these bloodlines, his perception and reaction have been elevated to a terrifying inhuman state!

In his pair of blood eyes, the color of horror flashed by, and he immediately calmed down, and he roared wildly in his mouth, his spiritual power ran wildly, and his fist was completely blooming!

Facing Ye Chen's extremely terrifying sword, where did he dare to keep his hands, and where did he dare to take care of his bloodline?

What kind of blood do you need if you die?

He is not an idiot, he knows how to choose and measure, he knows that he underestimates Ye Chen, the man in front of him is not an existence he can keep his hands on!

Keep your hand, only death is waiting for him!

This punch can be described as stunning and peerless. In desperate situation, Fen Wuling also aroused thirteen bloodlines in his body to the extreme, punching the strongest punch in his life!

Fists out, the space collapses, the earth shakes, and the wind rolls! With this punch, Fen Wuling felt relieved. No matter how strong Ye Chen was, he couldn't completely break his punch, right?

Moreover, with his powerful body under the blessing of blood, that heaven-defying defense and recovery ability, even if Ye Chen's sword is one point stronger than his own, he can't hurt himself.

With a loud bang, that terrifying fist print collided with the cold sword light!

There is no extreme collision as everyone imagined, no evenly matched force as everyone imagined. The strong and stunning fist prints are like paper, divided into two sections in front of Jianmang.

With a click, it was the sound of Jianmang cutting into the flesh and blood.

Fen Wuling's huge body was cut upside down in an instant, and the blood that burst out was like a waterfall hanging upside down, leaving a long blood path on the ground.

With a bang, Fen Wuling flew straight out for a hundred meters before crashing into a stone wall and stopping his figure.

At this time, his upper body was almost cut in two, his eyes were extremely dim, how could he have the previous power?

Thanks to his thirteen powerful bloodlines, he was not directly cut into nothingness, but he was not far from death.

asphyxia! It's suffocating to the collapse of thinking!

Even the first elder and the second elder were dull and stupid!

What they think of as the future of the clan, what they think is the devilish evildoer, what they think is that among the geniuses selected by the kingdom of God, Fen Wuling, who is also considered the ultimate, has simply lost?

Or was it killed by a single sword?

This! Is this reality? impossible! It's impossible!

In fact, it's no wonder that Fen Wuling is too weak, with thirteen strong bloodlines, even if the potential is not as good as the original version, it can be said to be against the sky, but it is a pity that he met Ye Chen a destined foot to Zhutian Lingwu And the man at the peak of the kingdom of God.

Fen Ying was also stunned. She stared at the scene in front of her in a daze. She knew that this man was very strong and against the sky, but this was too much of her imagination, right?

Suddenly, with the spare force of that blow, the air wave rolled! She found her body lifted off on the spot!

At this moment, a strong arm encircled her delicate waist and hugged it into her arms.

Fen Ying raised her head. In those pure beautiful eyes, the waves flickered, like a lake immersed in the clouds and mist in a world outside fairyland.

At this moment, above the lake, a handsome man with a tender face was reflected.

With a gentle smile on Ye Chen's face, he said, "There is no need to be sad for the foul language of these vulgar people."

Fen Ying laughed, but cried again, crying with joy. Her pretty face was filled with joy, she nodded obediently, and said: "Well, I'm fine, thank you, Ye Chen..."

Ye Chen smiled slightly, when he looked at everyone present again, his expression was like a sea of blood and ice, extremely gloomy and murderous!

"Although, you don't need to care about these **** words, but anyone who dares to insult you will have to die!!!"

Feeling Ye Chen's near-substantial killing intent, the talents completely recovered.

At this time, the dying Fen Wuling finally took a breath, and muttered weakly: "Elder, second elder, save...save me..."

But Ye Chen flashed with golden light all over his body, the demonic energy unfolded behind him, and the wind **** boots under his feet were activated, his figure disappeared instantly, and he rushed towards Fen Wuling!

The first elder and the second elder looked at each other, their bodies flashed in an instant, and they immediately stood in front of Fen Wuling.

Even if Fen Wuling is not as good as Ye Chen, that would be a monster that is hard to come across in the ages, and even the hope of the clan, he must not be allowed to die like this!

Chapter 2286: Deep in the Valley of Gods and Demons!

Although most of the elders present couldn't keep up with Ye Chen's speed, and couldn't even see his figure clearly, the existence of the two elders could still do it.

The great elder turned his hand and grasped a pale, curved bone sword. This bone sword was an existence beyond true artifacts, and it gave out a very strong wild, fierce aura!

At the same time, the great elder screamed, and his eyes burst out with a strong brilliance. The breath of the whole body was boiling, the essence and blood in the body burned, and the high temperature emitted made the space around the body distorted!

Top Best AI for Forex Trading 2024

"Huh? Interesting."

Ye Chen wore a sneer at the corner of his mouth. He could see that this elder was using the blood burning technique!

Judging by its power, the flame and rank used should be much higher than your own profound flame, right?

This great elder also tried his best to save Fen Wuling!

He stopped shouting, his spiritual power turned to the extreme, and he shot without reservation!

Above that bone sword, the roar of thousands of evil beasts was suddenly heard under the great elder's spiritual power shock!

Cut out with one sword, a phantom of a trembling python, out of the sky!

The big python has a single horn on top of its head, shaped like a curved sword. Between the shadows of the python swimming, the space is endlessly collapsed. The long horns like a curved sword, with the ultimate sharp sword light, appear in the sky at the moment The billowing white clouds were cut into nothingness by this sword intent, which shows how terrifying this sword is!

Taixu's ultimate blow, even Ye Chen, would be injured if he resisted hard?

Although this may arouse the anger of the kingdom of God, the great elders can't take care of that much at this time!

If Fen Wuling dies, then the secret realm will have no future at all. I don't know how many years of silence will be on this small land!

For the future of the family, he must take risks!

In order to resist this sword, Ye Chen could not attack the dying Fenwu Mausoleum!

And taking this opportunity, the second elder can rescue Fen Wuling away!

The great elder winked at the second elder, and the second elder understood him, grabbing Fen Wuling, and then fleeing for the time being, wait until Fen Wuling is brought to safety!

But the next moment, a scene that shocked the great elder and the second elder appeared!

Ye Chen greeted the sword light with a sneer and rushed forward!

There is even no preparation for an attack or defense!

This is a blow to resist this peerless horror with a physical body!

The great elder was also panicked!

He originally thought that Ye Chen would avoid and defend. In that case, with Ye Chen's previous strength, he should not be beheaded by him with a single sword, but if Ye Chen didn't defend, he would die!

Ye Chen, if he really died, then there would be no room for change, and the divine envoy of the Kingdom of God would punish him!

Even implicated the entire secret realm!

However, the great elder is also a cruel person, his gaze suddenly sinks, in that case, he just keeps on doing nothing! ·

Seize this opportunity to completely kill Ye Chen!

Even if the secret realm is destroyed, as long as Fen Wuling is still alive, it is not considered to be truly destroyed! Fen Wuling has the mark, even if the **** of the kingdom of God wants to destroy the secret realm, he will not kill him.

Then, the race is bound to rise one day!

And if you only need to sacrifice your own life in exchange for Ye Chen's death, then the great elder is willing!

He knew that Ye Chen was now equal to Fen Wuling and the strongest genius in the secret realm. Even if Fen Wuling was saved today and Ye Chen was let go, Ye Chen would definitely become the rise of the secret realm, the biggest threat in the future!

Ye Chen's eyes flickered. Originally, he wanted to make the Great Elder panic and flaws, but the imprint is not a panacea, as long as the other party is willing to die, or even kill you recklessly, the imprint will be useless!

At this time, the large snake transformed into sword light had already appeared in front of Ye Chen, and just as the cold light was about to cut into Ye Chen's body, a white mist rushed out of Ye Chen's body!

Atomizing magical powers!

With a bang, the sky-shattering sword glow passed through the white fog, cutting the earth out of an extremely deep gully!

The great elder was stunned for a moment, but at this moment his killing intent was determined, and his thinking was running wildly, and he recognized Ye Chen's magical powers in an instant, and immediately roared: "Take Fen Ying!"

Although, he didn't understand how a human being possessed the mist magical powers that are quite rare in the kingdom of God.

But he knows that there are certain restrictions on using the atomization magical powers. At this time, as long as Ye Chen is forced to make a move, he must show his appearance!

Fen Ying, isn't it the best bait?

The elders at the pinnacle of the gate immediately reacted, and three of them immediately rushed towards Fen Ying! Stern face!

The remaining four elders hesitated.

The reason is simple. Even if they are disgusted by the existence of Fen Wuling and refuse to obey the arrangements of their clan, Fen Ying, who abandons personal feelings for the future of the clan, will even laugh at her, but Fen Ying is still a clan member in the secret realm after all!

They were still their juniors, and even when Fen Ying was young, these elders had reported to her!

To make them really kill Fen Ying, they couldn't do it.

However, Fen Ying's cultivation base is not too high at all!

The three strong people who closed the door went all out to shoot, it was enough!

Not to mention three people, a martial artist who closed the door could kill Fen Ying with a sneeze!

The misty Ye Chen his complexion sank, and his figure was immediately revealed. At the same time, five handles appeared all over him, which looked slightly rough, but there were countless runes imprinted on them and exuded. Long sword of weird fluctuations!

Horcrux out!

Although Ye Chen still possesses hundreds of Horcruxes, even with the power of his soul, using too many Horcruxes at the same time will still cause a burden.

"Illness!" Ye Chen screamed, the power of the infinite divine soul surged, the five Horcruxes flashed with light, and flew in different directions at extremely fast speed!

Murderous intent!

At this moment, the soul is honored!

Casting five Horcruxes at the same time will cause a great price to the soul!

But Ye Chen does not regret it!

...

At the same time, the depths of the blood spirit race.

A mysterious valley.

This is the deepest forbidden area of the Blood Spirit Race.

Except for the power of the blood spirit race and the people of the kingdom of God, no one is qualified to step in.

And at this moment, a beautiful body kept flickering!

This person is Xia Ruoxue!

Xia Ruoxue did not go to the Demon Race the first time, but chose to explore the relationship between the Kingdom of God and the Blood Spirit Race!

She even knew that in the depths of the Blood Spirit Race, trapped in the Kingdom of God, they must be afraid of existence!

Her breath obscured.

Keep it away from everyone.

She quietly entered the Valley of Gods and Demons, without any restrictions, extremely relaxed!

She vaguely saw the chains.

She wants to go deeper!

But, suddenly, her reincarnation star flickered! A huge threatening surge!

It was discovered!

She hurriedly pinched the spell, however, while pinching, she saw the deepest part of the Valley of Gods and Demons.

Her pure and beautiful eyes seemed to have seen something terrifying!

Chapter 2287: dead!

who! "

A few people wearing brocade clothes with a strong breath suddenly spoke!

These people are the powerhouses who stepped into the blood spirit race from the kingdom of God!

Although Xia Ruoxue has the spell of the Ice Sword Saint King!

But it is impossible to hide from such a strong master!

The Kingdom of God this time is coming to the Taixu Realm!

How to shake!

Xia Ruoxue's eyes sank, and she felt a sense of crisis!

She remembered the explanation of the Ice Sword Saint King, and no longer hesitated, and directly used the escape route left by the Ice Sword Saint King!

Be able to return to the Ten Thousand Sword Emperor Palace immediately!

Enough news captured right now!

This trip is worthwhile.

The most important thing now is to leave!

However, she hadn't used it yet, and a powerful restraining force locked Xia Ruoxue.

Xia Ruoxue's hole card was shattered on the spot!

Xia Ruoxue's face was pale! Without this, how could she go to the Ten Thousand Sword Emperor Palace instantly!

Damn it!

At this moment, a middle-aged man with a strong breath appeared in front of Xia Ruoxue.

He exudes the breath of a superior.

"It's ridiculous that a woman in the gated state dared to break into this place!"

"You just saw something you shouldn't see?"

Xia Ruoxue took a step back, but found that there were two old men standing behind him!

She has no retreat!

Murderous release of middle-aged man!

Without the slightest drag, he said directly: "This person is weird, just take it! Abolish the cultivation base!"

"But if you see it looks good, give it to the young master."

"Yes, elder!"

The two elders spoke respectfully, and the next second endless coercion moved towards Xia Ruoxue!

Xia Ruoxue has no retreat!

At the moment of life and death, the reincarnation star stone suddenly rushed out of Xia Ruoxue's storage ring!

The surrounding space collapsed on the spot!

Xia Ruoxue disappeared unexpectedly under several extremely powerful Taixue Realm men!

The middle-aged man's face changed drastically, and his spiritual sense was released: "How could it be possible that the breath of that thing has a trace of its origin!"

"chase!"

"The matter of the Valley of Gods and Demons cannot be spread, otherwise the Kingdom of Gods and Heavenly Dao Palace must be blamed!"

The two old men nodded, and their figures disappeared instantly.

They are not sure whether they can track down the mysteriously missing woman, but at least they can't let go of all opportunities!

...

At this moment, the land of secrets.

Ye Chen naturally did not know the whereabouts of Xia Ruoxue.

There is a strong anger in his heart!

The power of the five Horcruxes is extremely powerful!

This is the first time he has used five handles!

If there is no breakthrough, he will not be so easy to achieve!

After all, the release of Horcruxes is still based on their own strength!

And these five Horcruxes were condensed again in the land of ten thousand demons!

The spiritual power of his Dantian is rapidly decreasing!

Three of the Horcruxes flew toward the three elders who attacked Fen Ying, and the other two were killed toward the Great Elder and the Second Elder!

Seeing Ye Chen's appearance, the elder thought Ye Chen would desperately stop the three elders, who was about to attack, who would have thought! Ye Chen unexpectedly released five flying swords at the same time!

This flying sword looked shameful, but it gave the great elder a sense of danger inexplicably, and he had to treat it seriously!

And the second elder, at this moment, just helped Fen Wuling to dissolve a top-quality holy medicine, which saved his life, and when he was about to take him away, a flying sword shot at him!

"Scared Eagle Escape!"

"Cracked empty palm!"

"Bailing tortoise shell, mysterious sky armor, out!"

"Wanjiequan!"

"Bloodlight protects the body, sickness!"

The grand elder, the second elder, and the three gate elders all surged in aura. Either they used their body techniques to escape into the void, or they flashed light all over their body, all kinds of defensive weapons came out to defend, or they used powerful attacks to shatter everything. That flying sword.

However, the next moment, those flying swords that were shot at them burst open on their own!

The next moment, an invisible sword with a strong evil spirit and a strong divine coercion, instantly submerged in their sea of knowledge!

The silent explosion broke out in their sea of knowledge!

Puff, puff, puff!

The three elders of the gate, whether they used the superb physical strength technique, used the terrifying martial skills, or inspired the defensive treasure, all in an instant, lost all their looks in their eyes, and quickly dimmed, within the seven apertures. Blood was also gushing out and fell straight to the ground!

These three strong gatekeepers were killed by Ye Chen instantly! The soul is completely annihilated!

This can't be described as horror!

It is simply the incarnation of the **** of death, the **** of destruction who can not afford any resistance to the world!

When the other four elders saw this, they were all secret luck. If it weren't for the hesitation just now, they might have died!

Even the great elders and the second elders who are too virtual and strong, they all roared wildly, showing extremely painful expressions!

There are soul crystals guarding them in the sea of consciousness, and their power of the soul is extremely powerful, but they still suffer serious injuries without defense!

Even so, the great elder actually ignored the injury of his soul and the unstable breath, forcibly mobilized the monstrous spiritual power in his body, and desperately killed Ye Chen!

He knew that if he did this, he might be seriously injured, the soul of the soul would be out of control, and even if Ye Chen was blocked for a while, he would pay a heavy price, maybe he would die in Ye Chen's hands in the end!

If you can temporarily avoid Ye Chen and restore the soul, the situation will be much better!

However, he cannot avoid it!

No matter how he was injured, he must block Ye Chen, otherwise, Fen Wuling would die!

And the second elders have the same psychology!

He also disregarded the injury of the soul, strong luck and used his spiritual power, and with Fen Wuling, he was about to flee away!

Facing two imaginary and powerful men who are like fighting beasts, Ye Chen just sneered!

Why did he only produce five Horcruxes?

Because he didn't want to put too much burden on his soul and dantian.

Ye Chen looked at the big elder who rushed and the second elder who ran away, his eyes flashed mockingly, and he said coldly: "You want to save this beast? Very good, your determination and momentum are very good, but are you doing it? What's wrong? Do you think my attack is completely over?"

When the first elder and the second elder heard this, their pupils shrank! Suddenly, there was an extremely unknown premonition in my heart!

"Lao Tzu's real ultimate move is only going to be used now! You guys, can you guard it?"

Ye Chen's killing intent was turned into essence, and he whizzed out, like a **** wind, instantly locking onto Fen Wuling!

"Heaven Soul Sword, cut it for me!!!"

With a bang, a strong sword intent burst out of Ye Chen's sea of consciousness, and cut into Fen Wuling's eyebrows after ten millionths of a second!

Ye Chen is dominated by demonic energy in the land of ten thousand demons, and his cultivation is not high, so he can't use too much spirit abilities!

Now his cultivation base is close to the door, and he is outside again, why doesn't his spirit ability be used!

"No!!!" Fen Wuling's **** eyes showed a look of despair and panic, but before even the last scream was made, the divine light in those eyes quickly dissipated.

Burn Wuling, die!

Chapter 2288: All for you!

Even if he has the blood to defend the spirit and strengthen the spirit, what about?

No matter how hard the garbage is, it is still garbage!

Still can't stop Ye Chen's extremely soul sword!

Although Ye Chen's divine soul attack can be stored in the Horcrux, there is still a gap with Ye Chen's full-strength sword.

In order to ensure a one-shot kill, and not to leave Fen Wuling any chance of escape, Ye Chen did not use the Horcrux, but instead used the Soul Skill to kill it!

The four elders and even Fenying were completely petrified.

Originally, they had already understood Ye Chen's power and horror, but at this moment, they felt that their knowledge of Ye Chen had been subverted once again!

Under the protection of the two Heavenly Powers on the first floor of the Supreme Void and the three gatekeepers, Ye Chen still killed Fen Wuling!

Top Best AI for Forex Trading 2024

How powerful is this, how defying the sky is!

Those four elders can no longer give birth to the thought of being an enemy of Ye Chen.

But the first elder and the second elder looked at Fen Wuling in disbelief after a brief period of sluggishness.

The great elder flashed to the side of Fen Wuling instantly and placed his hand on the vein of Fen Wuling.

In an instant, the grand elder's complexion turned to ashes.

Dead, really dead!

The future of the ancient clan in their secret realm is dead! Went out! It's completely gone!

"I want you to die!"

The great elder's face was full of despair and grief, and his breath swelled crazily, and he became mad, and he wanted to explode desperately!

His idea is very simple, if you can't kill Ye Chen, you must kill Fen Ying!

He wants revenge, revenge desperately!

How much do you hate Ye Chen?

He has lived for tens of thousands of years in this life. In these tens of thousands of years, he has dedicated all his life to the secret realm, looking forward to one day, witnessing the rise of the secret realm like the ancient times!

However, tens of thousands of years have passed, but there has never been a genius who can bear the future of the whole family, and the great elder has gradually become desperate.

He, like a person who has endured hunger for tens of thousands of years, suddenly Fen Wuling appeared in front of him.

Now, his hope is completely shattered! Fen Wuling was so dead that he could no longer die! How can he not hate? How can I not lose my mind!

When Ye Chen saw this, his expression changed drastically. Although he possessed the supernatural power of atomization, he was not afraid of the elder's self-destruction, but Fen Ying didn't!

In terms of the power of the imaginary strong self-detonation, except for him and the second elders, almost no one can escape!

Although, he can try to attack the Great Elder, but with all the means, Ye Chen is confident to kill him, but it is not a spike!

If you can't kill in seconds, you can't stop the grand elder from exploding!

Therefore, Ye Chen dare not bet!

Immediately, his figure flashed and he appeared in front of Fen Ying, and he tightly embraced Fen Ying in his arms! At the same time, quickly flee to the distance!

The Chichen Divine Vessel is activated to the extreme!

He knew that although he possessed the supernatural power of atomization, he could not hide it!

Only if he used his body to resist the power of the great elder's self-destruction, could Fen Ying survive!

And the other elders who closed the door, their expressions changed wildly, spurred their spiritual power wildly, and fled in all directions!

"Hahahahaha! Die! Die! Die to me!"

The body of the great elder deformed and was on the verge of collapse, but a twisted smile appeared on his face!

At this moment, with a puff, a sword light, with unparalleled power, penetrated the chest of the elder.

The smile on the face of the great elder solidified.

He looked at the Wujin long sword that pierced his chest in disbelief. He was familiar with this sword.

This sword was a divine weapon he gave to the second elder, and this sword was pierced from behind him.

Standing behind him, there was only one person, the second elder.

He and the second elder can be said to have grown up together. Although they are not brothers, they are more intimate than their brothers!

And now, he actually died in the hands of the person he trusted most in the world?

why? He didn't understand that the second elder should be as desperate as himself, and hope to avenge Ye Chen, right?

"Boss, I'm sorry, Wuling is dead, revenge is meaningless."

Standing behind the great elder, the second elder who stabbed this sword whispered, the expression of loneliness on his face, and his tone contained infinite sadness.

With a scream, the second elder drew out the long sword, and the body of the first elder fell to the ground just like that.

Just now, his sword, without the slightest remaining hand, was shot at the moment when the great elder's body was the most vulnerable. It not only took the life of the great elder, but even his badly wounded soul was unable to withstand the power of this sword. It's gone.

At this time, the second elder, among the seven orifices, blood was surging, and his use of this sword also made his soul's injuries more serious.

Ye Chen's face was shocked, stopped, and quietly looked at the **** face, holding a long sword, standing incomparably sadly, staring at the second elder's body.

He didn't expect that the second elder would kill the big elder.

This actually made him a little moved.

After a long time, the second elder raised his head and looked at Ye Chen. His breath was weak at this time. If Ye Chen used his soul skills on him, the second elder would definitely die.

However, Ye Chen did not do anything.

He knew that the second elder had something to say to himself.

At the same time he was also a little curious, why did the second elder kill the big elder at the last moment?

He knew that since the second elder was able to slash the sword to kill the great elder, he could use defensive means to withstand its self-destructive power without dying, so it was not for survival.

The second elder sighed and said to Ye Chen: "Sorry, Ye Chen, this time, I have brought you such a big trouble, don't worry, my injury is very serious, my soul cannot be recovered, and I am not alive. The meaning of going down, soon, I will apologize to you on my own."

Ye Chen was silent, he stared at the second elder and nodded.

The second elder continued: "I, the reason why I want to kill the big elder."

A self-deprecating smile appeared on his face.

"It's still for the future of our ancient people in the secret realm."

Ye Chen didn't speak, he was listening.

The second elder said: "After the death of the elder and I, the remaining elders are most of the remaining power in our secret realm. This time the damage to Tiangang and Sakura is also the main responsibility of the elder and me. It has nothing to do with them. Relationship, I hope you can let them go."

Ye Chen nodded and said: "Yes."

For nothing else, the second elder did him a favor in the end. At the same time, he also admired the second elder's spirit of dedication and consideration for his own race at the last moment of his life.

The second elder breathed a sigh of relief and suddenly smiled and said: "Actually, the reason why I said that the death of the elder was for the future of the secret realm is because of you."

Chapter 2289: Yan stele!

"Oh?" Ye Chen was really puzzled now, because of him? What does it mean?

The second elder laughed, and a sly expression appeared on the old face:

"Ye Chen, you and Sakura are also tainted with cause and effect, and you have stepped into the blood zone of God's blood. Then, speaking of them, they are half a clan. Then if Sakura becomes the president of our presbytery, Ye Chen will come. You are also tied to our secret realm."

Although according to tradition, he could not pass the throne to Ye Chen, and as a foreigner, Ye Chen could not convince the crowd, but passing the throne to Fen Ying was different.

Ye Chen was stunned when he heard the words... it seemed that there was some truth in that, Fen Ying would not ignore the safety of the secret realm, and he could not ignore the safety of Fen Ying.

There was a wry smile on his face, these two elders, really are all the time, not thinking about the interests of the clan...

At this moment, the second elder looked solemn, his stern gaze swept over the remaining door elders, and shouted, "You guys!"

Several elders looked respectful and replied: "Yes!"

"After the death of the great elder, according to the regulations, I will succeed the chairperson. Now, as the chairperson, I officially announce that the next chairperson will be succeeded by the head of the Fentian clan and the daughter of Fentiengang. Those who defy, kill them!

After you wait and follow Fen Ying's orders, there must be no unfaithfulness! "

The remaining few elders, a pair of vicissitudes-worn eyes, bursting with tears, they were moved, they knew that the second elders really put all their minds on the secret realm in their lifetime, and now he is going to The secret is dead!

They replied very solemnly in unison: "Yes!!! To obey the president's death!"

The second elder nodded, and a look of tiredness appeared on his old face. He raised his hand, and in the depths of the palace, a green light flashed, and a jade talisman flew out of it and fell into Fen Ying's hand.

Fen Ying was taken aback, but did not refuse. She stared at the second elder, and after a moment of silence, she also solemnly replied: "Fen Ying will do her best to take on this important task and honor my secret realm!"

She could not refuse, and she could not bear to refuse.

She is also a person in the secret realm. Although the first elder and the second elder have caused a lot of harm to her, she cannot deny their contribution to the secret realm!

Is this the last wish of the second elder?

Then, even if she took this jade talisman, there would be an extremely heavy burden on her shoulders, and she was willing to bear it!

Although her appearance is weak, she is also strong in her bones!

Seeing that Fen Ying accepted, the second elder finally showed a gratified and contented expression. He arched his hand at Ye Chen: "Then, Ye Chen, let the old go."

"Finally, when you came, I actually sensed something."

"Something like the Burning Heaven Clan may be waiting for you."

"But it is extremely difficult to surrender."

Ye Chen's expression changed. He knew that the other party was talking about the reincarnation monument, so he nodded and said, "Go well."

The second elder didn't say anything more, the next moment, there was a bang, and an invisible phantom came out from the sea of consciousness. The moment it left the body, it shattered and turned into nothingness.

The second elder committed suicide, and even the spirit was annihilated by himself.

Ye Chen sighed slightly, reality is sometimes helpless.

With a wave of his hand, he took the storage bags of the Great Elder and the Second Elder into his hand and handed it to Fen Ying.

From now on, Fenying will be the actual leader of the secret realm, and these things should be handled by Fenying.

At the same time, he also took away the body of the Great Elder.

The Blood Burning Art displayed by the Great Elder was extremely powerful. Presumably, he possessed extremely high-level flames in his body, which was very useful to him.

After dealing with all this, Fen Ying asked an elder: "My father seems to have been arrested by them, do you know his location?"

The elder replied respectfully: "Yes, your father is in the dungeon."

Ye Chen and Fen Ying went to the dungeon and released Fen Tiangang.

Seeing the almost non-human-shaped Fen Tiangang, Fen Ying couldn't help crying bitterly while holding her father, and told his father what happened.

When Fen Tiangang heard this, he was extremely shocked. His eyes were almost staring. He originally asked Fen Kuang to find Ye Chen. First of all, he naturally trusted and looked forward to Ye Chen, and secondly he wanted to borrow Xuan Yue. Zong's power!

Who would have thought that Ye Chen would kill Fen Wuling with his own strength, and if the battle continues, Fen Tiangang believes that Ye Chen has the strength to kill the Great Elder and the Second Elder!

This rugged man seemed to not care about his injury, patted Ye Chen on the shoulder, and laughed: "Hahahaha, Ye Xiaozi, I didn't mistake you!"

Ye Chen smiled and said apologetically: "Uncle, I'm sorry, I'm late, and I have caused you and Ying'er to suffer."

Fen Tiangang waved his hand and said, "What do you have to apologize for? I know you have done your best. You can do all this by yourself, it is a miracle in a miracle!"

Then, he thieflly leaned to Ye Chen's side, hugged Ye Chen's neck, and whispered: "Boy, you sleep with me tonight!"

"Huh?" Ye Chen said in a puzzled manner: "Why?"

Although Fen Ying became the president of the Secret Realm Presbyterian Association, Ye Chen wanted to hand over the specific matters to Fen Tiangang first, and make arrangements to bring Fen Ying back to Lingwu Continent.

Moreover, with the current strength of Fen Ying, even if there are four elders who are behind the gate, it is still difficult to convince the public if they do not have enough strength. At least, first let Fen Ying reach the gate level cultivation base Fen Tiangang squinted his eyes and said, "Why? Naturally there is a reason."

"I perceive something different from you."

Ye Chen instantly understood that it was probably because he had activated the Chichen Divine Veins and Lingfeng Divine Veins and was discovered by the other party.

And the other party must know the whereabouts of the samsara mysterious stele.

Afterwards, the Secret Realm Elders' Association once again convened the patriarchs of all races and announced the news that Fen Ying had become the new President of the Elders' Association. With Ye Chen, naturally no one dared to raise objections.

At the same time, Fen Ying also announced that Fen Tiangang would temporarily assume the post of chairman.

After that, it was a carnival celebration.

But during this banquet, Ye Chen didn't care about eating and drinking at all, just waiting until the night.

Night is approaching.

Fen Tiangang and Ye Chen were sitting in a secret room.

This is left by the ancient strong men, covering all the breath.

Even if Zhan Evil Realm wanted to check, it was impossible.

Ye Chen was also a little surprised by this, he found that he underestimated Fen Tiangang.

"Boy, have you got a few reincarnation monuments?"

Fen Tiangang made his way to the point. .

Ye Chen nodded. Just as he wanted to say something, Fen Tiangang interrupted and said, "You don't need to communicate with me for specific matters."

"My Burning Heaven clan really guarded a reincarnation monument."

Chapter 2290: unexpected result!

"As a guardian, although my blood has been diluted and my strength is not as good as that of my ancestors, I can still perceive something."

"I know you need the Reincarnation Profound Monument."

"I also know that the Reincarnation Profound Monument is waiting for you."

"But you want to get the Yanbei from me, it's not that easy!"

Fen Tiangang stood up, unexpectedly extremely serious!

Ye Chen felt a little in his heart.

Did something happen?

Yan stele is not so easy?

At this moment, Fen Tiangang continued: "You only have to promise me one condition, and I am willing to give you the profound monument that will protect you for ten thousand years!"

Ye Chen's eyes condensed: "What conditions! Ye Chen will not hesitate!"

Fen Tiangang smiled slightly, sat back in his seat, and said, "My daughter Fenying's appearance is not worse than that of outsiders."

Ye Chen nodded in a weird way and said, "The most beautiful posture is difficult for ordinary people to compare."

"Then my daughter's figure is okay."

Ye Chen: "..."

"My daughter has a good temper, too."

Ye Chen: "..."

Fen Tiangang saw that the pavement was almost complete, and said: "If that's the case, it's still the conditions, accept Fenying."

"I don't care how many confidantes you have, I only have such a daughter in Fen Tiangang, and I don't believe other people."

"Just believe in you."

"I was reckless when I sent Fen Ying into your room last time, but what happened today tells me that I did nothing wrong."

"I hope you protect Fen Ying, otherwise, even if I die, I won't give you the Reincarnation Profound Monument."

Ye Chen's eyes were filled with surprise.

This is the love of a father.

Although Ruoxue, Ji Siqing, Wei Ying, Sun Yi and others are in his heart.

But Fen Ying owed her herself.

A guardian, exchange for a reincarnation monument, no matter how you look at it, you are the one who benefits most.

"Okay, I promise."

In the next second, Fen Tiangang was offering a storage ring.

The blood is forced out!

Fierce burning!

Fen Tiangang's face instantly paled, and even blood appeared at the corner of his mouth!

What Ye Chen just wanted to say, a red stone stele appeared!

His blood is burning!

This is the Yanbei!

The most powerful existence among the ten reincarnation monuments!

Even the moment it appeared, the whole room was burning!

The people who stayed in the room looked hard.

Fen Tiangang's face changed slightly: "Here, I can't stay here with my cultivation base. This samsara mysterious monument is terrible. If you can't refine it, you will seal it! Otherwise you may die."

After explaining this sentence, Fen Tiangang withdrew.

Because if he doesn't leave, he will turn into a blue smoke!

The power of this monument is terrible!

Even if Ye Chen activates the Immortal Divine Body and the Chichen Divine Veins, he wants to refine it!
It's impossible!

His body was blown away on the spot!

The clothes all over his body burned!

Ye Chen's face changed slightly, and he no longer hesitated to sacrifice Xuan Yan!

Reincarnation Cemetery Da Neng said that only flames can refine this domineering existence!

This is also the reason why Ye Chen upgraded Xuan Yan in Shenhua Academy!

However, his profound flame just appeared!

The backlash strikes!

Xuan Yan's level is still too low!

Ye Chen didn't dare to stay for another second, and quickly sealed the Yan stele and threw it into the reincarnation cemetery!

Otherwise, his so domineering body will also be injured!

...

Early the next morning, after Fen Tiangang, Fen Kuang bid farewell, Ye Chen and Fen Ying arrived at the teleportation altar.

Fen Tiangang looked at Fen Ying kindly and said, "Girl, go and practice well, but don't be too tired. Take care of yourself. There is your father and me here. Don't worry too much."

A mist of water floated in Fen Ying's beautiful eyes, looking at her father, feeling a little bit disheartened.

Fen Tiangang turned to Ye Chen again and said: "Boy, my daughter is handed over to you, don't think that your strength is against the sky, if you make her wronged, I will fight the door desperately."

Ye Chen smiled and said, "Uncle, please rest assured."

Afterwards, the two stepped into the altar and left the secret realm.

Ye Chen took Fen Ying and returned to the place of transmission outside the Xuanyue Sect. Once he appeared, Ye Chen was taken aback. He saw Zi Ning, Cang Ye, Meng Xingyun, Bai Zhentang, Long Yitian, Yin Che and others. Shi is waiting here! And their faces are full of worry.

At this moment, when everyone saw Ye Chen and Zi Ning, their faces were overjoyed. Zi Ning was even more excited and hugged Ye Chen directly. The Fen Ying on the side was slightly dazed, but she just smiled, not so much. Mind, Mystery is the same as Lingwu Continent, there are more than one capable man, and so is her father.

Ye Chen was also quite helpless. He patted the slender purple beauty and said, "Well, sister, I'm fine. Didn't I promise you that I will come back safely?"

Only then did Zi Ning let Ye Chen go, and looked at Fen Ying who was standing next to Ye Chen a little embarrassed, and Fen Ying smiled kindly at her.

With a smile on his face, Ye Chen introduced to everyone: "She is Fenying, I want to take her to live in Xuanyuezong."

Cang Ye nodded and said, "Okay, I will assign you a position on the main vein, where you can build the cave mansion according to your own heart."

Ye Chen nodded and thanked him directly.

Bai Zhentang said: "Boy, with that said, the matter is resolved?"

Ye Chen heard the words and told the story one by one.

Although everyone was still shocked at this time, they were almost numb. Now even if Ye Chen beheaded a powerful person, they could all accept it.

After that, Ye Chen took out some newly refined Horcruxes and gave them to Cang Ye, each of them was enough to kill some powerful people with low cultivation base and ordinary strength!

With this Horcrux, the strength of Xuan Yuezong will improve a lot!

Cang Ye was naturally overjoyed!

What surprised Ye Chen was that the treasurer who established one of the ten cities in the Lingwu Continent also heard news that a large number of soul iron artifacts had been prepared for Ye Chen.

And for some reason, I couldn't contact myself many times.

Ye Chen just remembered this, how could the other party contact him in the land of ten thousand demons!

He sent it to Xuan Yuezong, but for the time being, he was not ready to start refining the Horcrux.

On this day, a young man appeared in front of Ye Chen, and Ye Chen raised his eyebrows, a little surprised.

This person is indeed Li Yi who was smashed by Ye Chen on the day and saved by Ye Chen!

Li Yi respectfully saluted Ye Chen: "Mr. Ye."

At this time, Li Yi had not only fully recovered, but his cultivation level had taken a step further, and he had reached the Star Aperture Realm! However, even if he recovered, he was still extremely loyal to Ye Chen and did not change in the slightest.

However, although the speed of Li Yi's progress is terrifying, what really shocked Ye Chen was not Li Yi's cultivation level, but a powerful and strange power exuding from his soul, which vaguely caused Ye Chen. Chen has a sense of familiarity!

This feeling was a bit similar to the phantom left by the person on the wind monument that day! !

Ye Chen's eyes flickered, Li Yi actually has a special bloodline?

Xuan Yuezong actually buried a soul genius?
