Chapter 2291: The connection of the blood dragon!

Thinking of this, Ye Chen raised his hand and released the three Horcruxes, and said to Li Yi: "This is a Horcrux. You can try to see if you can use these three Horcruxes in succession."

Let Li Yi use the three handles at the same time, even if the opponent has a strong bloodline, it is impossible to do with the current cultivation base, but it is very powerful to be able to use the three handles continuously!

The Horcrux given by Ye Chen can kill the strong gatekeeper in seconds!

Li Yi nodded. When he used the first Horcrux, he was quite relaxed. Then, when he used the second one, it took a little effort. By the third, he had almost reached the limit!

However, such results have made Ye Chen satisfied enough!

Sure enough, the Tomb of Reincarnation said well, this Li Yi really gave him a surprise!

Then, Ye Chen passed the soul cultivation technique and two soul skills obtained from Muye to Li Yi, and Li Yi was naturally ecstatic!

After Ye Chen mentioned something, he had discovered his aptitude in spirits, but where is the extremely authentic method of soul cultivation so easy to find?

And with this soul cultivation method that came from the kingdom of God, to Li Yi, it was like a fish in water!

It's so important!

His gratitude to Ye Chen is no more!

Not only that, Ye Chen also gave Li Yi thirty Horcruxes at one time. After all, he would still leave Xuanyue Sect afterwards, but in Xuanyue Sect, there are many people he cares about. What should they do when they go out?

With Fen Ying's strength, she didn't even have the power to use this Horcrux! Naturally, someone needs protection. Although Zi Ning was there, and Cang Ye would definitely take care of it, but it was okay to add more insurance.

And Li Yi, who is extremely loyal to him, is a suitable candidate.

Ye Chen also had some expectations. How far will Li Yi grow up in the future?

After Li Yi had a certain strength, Ye Chen planned to teach him the soul forging technique.

I need power!

Although the amount of killing is large enough, many of them are casual cultivators.

If you step into the kingdom of God one day, you must bring the strongest person!

After another day, although Ye Chen still felt a little bit unwilling, he still decided to bid farewell to everyone and return to Shenhua Academy.

After all, the environment there is more suitable for cultivation than Xuan Yuezong, and staying with Ying'er, Zi Ning and the others all day long, does Ye Chen still have the mind to practice?

Ye Chen knew that he still had a lot of responsibilities on his shoulders, and they all needed strength to bear!

He doesn't have so much time to relax!

A few days later, Ye Chen returned to Shenhua Academy. He returned to his dormitory and took out the body of the Secret Realm Great Elder.

If he wants to refine the powerful flame monument, he must condense a stronger flame!

Looking at the corpse of the elder, Ye Chen couldn't help but think of his experience of participating in the martial arts meeting, entering the Tianchi God Blood Zone, and so on. For a time, he felt a lot of emotion.

Ye Chen shook his head, calmed his mind, and slapped at the body of the elder!

In the next moment, the corpse of the great elder spontaneously ignited, and quickly melted completely!

The inside of the room was suddenly dyed with a layer of faint blue color!

Because, the place where the corpse of the great elder was originally, there was an extra blue flame!

This faint blue flame shook as soon as it was exposed to the air, and then, as if possessing spirituality, it rushed right and left in the room, as if it wanted to escape from here!

Ye Chen stared at the faint blue flame, his eyes lit up!

Although he doesn't recognize this flame, but! He can be sure that it is a rather powerful alien fire, at least much stronger than his Profound Flame at this stage!

After swallowing this flame, it is conservatively estimated that Xuan Yan can also advance!

Maybe it will be able to refining the Yan stele!

Immediately, Ye Chen no longer hesitated, the powerful spiritual power surged and turned into a golden thread, dragging the group of faint blue flames to Ye Chen!

And that group of flames, naturally, is constantly struggling!

Although this flame is quite good, how can you get rid of the shackles of Ye Chen now?

Soon, the flame merged into Ye Chen's body.

After putting it in his body, Ye Chen's face also showed a dignified color, concentrated, suppressing the violent flames, while driving Xuan Yan, bit by bit to eat it!

Three days later, Ye Chen, who was sitting in the room, suddenly opened his eyes. On his body surface, a faint blue flame ignited uncontrollably, and the clothes on his body and those under him The beds were instantly burnt to ashes!

However, the faint blue flame in the next moment converged into Ye Chen's body.

Ye Chen smiled bitterly and put on a new set of clothes. This faint blue flame is worthy of being a flame stronger than Profound Flame. It was really violent, and it was just as powerful as a trace of remaining power leaked out.

Fortunately, it was finally completely integrated into Xuan Yan.

Ye Chen stretched out a finger, and above the fingertip, a blue-violet flame was lit, and the hot energy contained in it made him also a little bit scared!

The Xuan Yan at this time has completely advanced to the rank, and the effect of using the blood burning technique is several times the previous!

Ye Chen hesitated for a few seconds before offering the Yan Tablet again.

Want to try refining!

This time, he found that he could actually penetrate the flame stele!

But soon, his flame was still bounced out!

Ye Chen knew it was not enough!

Such a powerful flame can't conquer this reincarnation mysterious stele!

How against the sky is this flame monument?

It seems that we must find a stronger flame!

But where is this flame so easy to find?

He is not a fire repair!

There is no way!

Damn it!

And just as Ye Chen was distressed his mind was shaking!

He seemed to see something!

That is an abyss!

Imprisoned in the abyss is a devilish dragon swept across!

And under the magic dragon, it turned out to be a scarred blood dragon!

This is the trail of the blood dragon!

This is the first time the blood dragon has given itself a message!

What happened to the blood dragon!

And the reason why he and the blood dragon are connected is because of the spirit beast between the two!

Ye Chen thought of something and went directly to the source of the spirit veins of Shenhua Academy.

But the instructor who was in charge of the test at the beginning was too lazy to say anything after seeing Ye Chen, waved his hand to let him enter.

What else is there to test this evildoer who can stay at the root of the spiritual vein until the spiritual vein is exhausted?

Sitting cross-legged in the training room, Ye Chen took a deep breath, opened his mouth, and exhaled a ray of light. The ray of light converged and turned into a crystal-clear little dragon, which is exactly a ghost beast!

At this moment, the ghost beast turned into blood!

Looks like some blood dragon! !

Even vaguely, it seemed to be quite similar to Ye Chen's own breath!

As soon as this spirit beast touched the rich aura around it, it made a happy dragon chant like a fish in the water.

Chapter 2292: What a chance!

Then, this ghost beast actually fell to the ground!

An angry and roaring dragon chant!

Ye Chen knew that this voice was related to the blood dragon!

"Spiritual beast, if you know the whereabouts of the blood dragon, can you tell me!

"Or, give me some tips! How can I help the blood dragon!"

Ye Chen is in a hurry!

The blood dragon is too important to him!

He can't bear the blood dragon being injured!

The key is to the scene just now, what kind of horrible existence the blood dragon faced!

How can he contend!

The feeling that the magic dragon gave Ye Chen far exceeded that of Zhan'er!

An irresistible existence!

The ghost beast seemed to understand something, and said: "Blood..."

Looking at the ghost beast, Ye Chen's eyes gradually became more solemn, and he turned his hands and held the beastly sword!

The next moment, the blood flashed!

He broke his hand directly, and countless blood surged!

All these blood was absorbed by the ghost beast!

And another picture flashed in Ye Chen's mind!

The blood dragon under the abyss, because the spirit beast had absorbed its own blood, its aura became stronger!

Murder broke out!

In addition, this spirit beast absorbed its own essence and blood, and it was full of gatherings, vaguely turning into its own appearance.

At this moment, Feng Qingyang said: "Disciple, this spirit beast has some meaning."

"He is certainly the only connection between you and the blood dragon, but you can have the opportunity to transform into your own clone."

"You do what I said, try it!"

"It may be useful then!"

Ye Chen took a deep breath, and his whole body's spiritual power ran into the blood mist, and according to Feng Qingyang's instructions, he concentrated on the practice!

And that cloud of blood mist, at first, it was big and small, constantly deforming...

A few days later, in the rich aura, two figures sat cross-legged.

If someone were here, they would be surprised to find that the appearance of the two men was extremely similar!

One of them is naturally Ye Chen.

At this moment, Ye Chen was smiling, looking at the other him sitting opposite him.

The appearance of the other "Ye Chen" is almost printed out of a mold, but on his face, **** lines can be vaguely seen, like dragon scales, and his eyes are also emerald-like. s color.

At this moment, this "Ye Chen" blinked his eyes, looking at everything around him with some confusion and excitement.

This man is naturally the external incarnation of Ye Chen Jilian!

And this clone can turn into a blood dragon!

But the duration is extremely short!

The blood dragon and himself have made this spirit beast, and the spirit beast has made himself and the blood dragon!

Ye Chen suddenly spoke to his avatar: "Can you look like me?"

Hearing the words, the avatar nodded, and immediately, the green lines on his face disappeared instantly, and the color of his eyes became as black as Ye Chen.

Ye Chen nodded in satisfaction, even for him, there was no flaw in this change.

What he insisted on saying was that his breath was vaguely and abnormal.

After that, Ye Chen stood up, raised his hand, and threw a divine weapon-level scarlet sword that he had snatched from the strong man he had killed to his avatar, and smiled: "Come on, let's learn from each other."

The moment that the avatar took the long sword, his expression stunned, he knew how to use it instinctively, and assumed a posture exactly the same as when Ye Chen used the sword technique.

In an instant, the sword light flashed, golden light blasted everywhere, and the roaring in the small training room continued!

However, the roar soon subsided, but at the same time as the roar subsided, waves of divine consciousness bloomed from it!

After half a day, Ye Chen left the source of spiritual veins, and his face was full of satisfaction.

This spirit beast is indeed magical, whether it is speed, strength, martial skills, spirit, and other aspects, it has nearly 30% of Ye Chen's strength!

Don't underestimate these 30%! This is 30% in all aspects! It's not as simple as one plus one equals two! More importantly, as long as he puts the spirit beast into his body and keeps it in his body, as his strength increases, the strength of the spirit beast will continue to strengthen!

Even now, the average door-closing powerhouse is no longer the opponent of this spirit beast!

However, the state of this spirit beast blood dragon is unstable.

The news of the blood dragon only appeared occasionally.

But these are not important, Ye Chen knows that his blood has a great effect on the blood dragon!

He may not be able to find the blood dragon now, but with this connection, he is satisfied!

At least, the blood dragon is safe now!

But he really wanted to know what the blood dragon would do to face that terrifying dragon?

Could it be...conquer?

Leaving the root of the spiritual veins, Ye Chen walked towards the dean's room where Ge Qing was located. He wanted to learn about the auction, the top auction event!

Best, it is an auction open to the strong of Taixu Realm!

He wants to refine the Yanbei! Must have a stronger flame!

And the easiest way to obtain this kind of flame is the top auction!

Only auctions of that level are eligible. As for money?

It's not a problem at all, don't forget, he still has one hundred thousand soul iron artifact embryos, and he hasn't refined it yet!

Soon, Ye Chen came to the tower where Ge Qing was.

As soon as he opened the door, Ye Chen saw Ge Qing and Chen Zhifan talking in the dean's room.

Seeing Ye Chen coming, Ge Qing said with a smile: "Ye Chen, why are you here? I am looking for you!"

"Oh?" Ye Chen said with a hint of interest: "What's the matter?"

Chen Zhifan smiled and said, "Ye Chen You don't know, you are now on the Xuan Xuan list!"

"Climbing the Profound Ranking?" Ye Chen was a little surprised. He had seen the genius on the Profound Ranking at the birthday banquet of the Nine Nether Kingdom. He knew something about the Profound Ranking!

Ge Qing said: "It seems that some deeds about you have spread, and, let alone, in just a short period of time, you have advanced to such a speed of practice, and it is enough to be on the Xuan list!

However, your current cultivation base is still a bit lower. Although your strength is extraordinary, you have not officially reached the gate-closure state. You are the one with the lowest cultivation base among those on the Profound List. So your ranking is in the Profound List. The last one, the hundredth! "

"Really?" Ye Chen didn't care, he was not interested in these false names.

He opened his mouth and said: "Dean Ge, I came to you this time to ask, do you have news about powerful flames, or news about top auctions? It's best, it's specifically aimed at the strong of the Taixu realm. auctions!"

Ge Qing and Chen Zhifan's expressions suddenly turned a little weird. They looked at each other and Ge Qing said with a smile: "There are two things we want to find you. One is to inform you that we were on the Xuan Xuan list. , The other is related to this auction!"

"And in this auction, there happens to be a rare and powerful flame against the sky!"

"It's a pity, that flame is extremely difficult to conquer!"

Ye Chen was overjoyed when he heard this, what he really wanted!

Chapter 2293: The glory of 1 cut is gone!

Ge Qing said: "On the Lingwu Continent, some of the top and ancient dormant forces have received news. This matter is too important for the Lingwu Continent."

"Ye Chen, although you have not yet reached the gate, you are definitely one of the top geniuses. We only thought of you."

"And this matter has something to do with the kingdom of God."

"The kingdom of God is indeed powerful, but it is in the deepest part of Lingwu Continent, and it is extremely difficult for ordinary warriors to step into it."

"Therefore, the Kingdom of God has established ten giant cities on the continent of Lingwu. This is the biggest connection between the Kingdom of God and the continent of Lingwu, and it is also a resting place for the powerful of the Kingdom of God on the continent of Lingwu."

"This auction will be held in one of the ten cities in Lingwu Continent, named Tianchen Auction Site!"

"Although there are rumors that the Tianchen auction site is only a ninth-class small auction site in the Kingdom of God, the deadly camel is bigger than a horse!

The ninth-class auction house in the Kingdom of God is enough to crush the top auction house in Lingwu Continent! Moreover, you are not eligible to participate if you want to participate! It is not the top force in Lingwu Continent that does not even know the qualifications! "

"At this auction, there will naturally be many top treasures that are almost extinct in the Lingwu Continent. They can only be found in the kingdom of God. The forces that get the news are extremely eager! However, if you want to participate in this auction, Some rules set by the auction must be met!"

"One: The forces invited by the Tianchen Auction House or those on the Profound List. Two: The participant's cultivation base must be below the Supreme Void Realm!"

Ye Chen raised his eyebrows, below the Supreme Void Realm? Isn't the Taixu Realm powerhouse the main invitee of Tianchen Auction House, right?

Ge Qing smiled and said: "I know what you are thinking, but you think that since you have notified the real top forces in Lingwu Continent, will those old guys in the Taixu realm sit still?"

The reason why Tianchen Auction House formulated such a rule is mainly because it does not want to affect the bidding of the guests participating in the auction! "

Ye Chen was a little surprised when he heard this.

Bidding at auctions, sometimes it's not just for you to have money, but you also have to take into account the background and relationship of the other party.

And the powerhouses of the Supreme Void in the Lingwu Continent are all giants of the super-top powers, and they are not only representative of them!

In order to be concerned about their respective faces, the relationship between the forces, etc., it is likely to affect the bidding between each other!

This situation is naturally not what the auction house wants to see.

Therefore, it is most appropriate to leave this kind of thing to juniors.

Ge Qing said: "This time, our Shenhua Academy also got a place to participate in the auction. This time I want Chen Zhifan to participate on my behalf. If you didn't make it to the Xuan Xuan list, I planned to let you go for me. But now that you already have a quota, then it happens that you two can go together.

You kid don't know anything about the important children of the superpowers and the strengths of the major powers. During this period of time, Chen Zhifan is by my side, and he has learned a lot about the superpowers of Lingwu Continent, just to remind you. you. "

Ye Chen smiled and said, "Dean Ge is interested. I don't know when this auction will be held?"

Ye Chen was naturally excited.

Although he got a powerful flame monument, he must find a way to activate it!

Only get a higher level of flame!

"This Tianchen auction will be held in a week!"

A week?

Ye Chen lowered his head and thought for a moment, this time was almost enough for him to finish the 100,000-handled soul iron embryo!

At that time, he will have unmatched wealth alone! Enough for the auction!

I want to capture that powerful flame more than enough!

Ye Chen smiled and couldn't help but look forward to this Tianchen auction!

Moreover, when Ge Qing mentioned that the Tianchen auction would sell things that are only available in the Kingdom of God, Ye Chen was moved!

Not only the flame, he also thought of Chu Ying and Dragon Heart Fruit! My heart can't help but become hot!

In case, you really see Dragon Heart Fruit at this auction, then he can completely restore Chu Ying!

To let Chu Ying leave the cold ice coffin one day earlier and laugh in front of him again, it was the most precious treasure for Ye Chen!

Just as Ye Chen was talking with Ge Qing and others, on an isolated island, a man's angry roar was heard in an attic built with various auras of beautiful jade. !

"Impossible! How could this be!"

At this moment, in the attic, a **** young man with a handsome face, but his face was a little pale because of excessive indulgence, was smashing a talisman of communication in his hand to pieces, and the room was exquisite. The furnishings and furnishings are also broken and broken!

The original exquisite and unusual bedroom was now destroyed by him in a mess!

And an extremely coquettish woman shrank in the corner of the room with some fear, and smiled barely at the young man:

"Master Xu, maybe something is wrong, you should calm down first, why not serve you as well as the slave family?"

The young man named Xu Gongzi came from the Xu family in Beihai and was one of the ancient hidden forces on the Lingwu Continent!

Moreover, unlike the Ten Desolate Xing Family from Xing Zitang and the Heavenly Spirit Sect from Ji Xuan, the Xu Family of Beihai is regarded as a top existence among the top forces!

The Xu family is also known as one of the ten major families in Lingwu!

The reason why Xing Zitang and Ji Xuan still join the Shenhua Academy is because although the Xing family and Tianlingzong also have powerhouses in the Supreme Void Realm, the Supreme ancestor of the Xing Family and the Supreme Elder of the Tianling Sect are both Those who are too old and whose strength has begun to gradually decline.

Therefore, the resources of the Xing family and the Tianling Sect are not too rich!

And the Xu family has been in full swing for nearly ten thousand years!

Many younger generations have stepped into the kingdom of God!

On the Lingwu Continent, they have a total of three too virtual strong! And two of them are not more than Long live! For the existence of this state, it is equivalent to the prime of life!

Like the Xu family's direct descendants, they don't even bother to join the four colleges!

Because even if those colleges gather most of the resources of the country, they are not as good as their Xu family!

And this young man is called Xu Sheng!

He is the grandson of Xu Yi, the supreme Xu family! And Xu Yi is one of the three most powerful in the Xu family!

Moreover, Xu Sheng is also an extremely enchanting martial arts genius. He is only twenty-five years old this year, and he is already closed!

This is because he is quite addicted to female **** and delayed his practice!

Otherwise, his practice will be even more terrifying!

Therefore, Xu Sheng is extremely favored in this Xu family!

In recent years, Xu Sheng's position in the Xu family has risen even more. Because of Xu Sheng's name, he has been on the Lingwu Xuan list!

Although it was only the 100th place, it also made him the pride of the entire Xu family!

Xu Sheng is therefore extremely proud and conceited!

He thinks that the reason why he is ranked in the 100th place is simply because he is indulging in enjoyment. If he is really a genius who is more than talented or even ten places higher than him, he may not be as good as himself!

But just now, his pride and conceit were all shattered!

He was squeezed out of the Lingwu board! !

If you are on the Lingwu Climbing Profound List, even if it is only the 100th, you are also the most top-notch wave of geniuses in the entire continent.

but! Once out of the Lingwu board, then all the glory will no longer exist!

Chapter 2294: conspiracy!

For their class, this circle, it can be said that everyone is awkward!

Originally, even in the circle of the Lingwu mainland's top giants, Xu Sheng was also a popular figure who was pleased and sought after by the audience!

But now? All his light was gone!

How can Xu Sheng, who has become accustomed to being the center of the crowd, accept this?

What angered him the most, and what made him crazy was that the guy who squeezed him off the Profound List was actually a waste of Star Aperture Realm?

Or is it from the kind of Shenhua Academy, which belongs to the bottom of the four colleges?

Just relying on such waste, is it worthy to take his place?

He is not convinced! Unwilling! Hatred!

He Xu Sheng is the real pride of heaven! What kind of guy is Ye Chen, he should be trampled under his feet!

At this time, hearing the charming woman's words, Xu Sheng glanced at her blankly and said lightly: "Come here."

When the charming woman heard the words, a faint color flashed in her beautiful eyes, she untied her almost transparent gauze skirt and walked gracefully to Xu Sheng's side.

Just when she was about to hug Xu Sheng, Xu Sheng suddenly raised her hand and drew the woman's face fiercely!

Click! The woman screamed and was fanned to the ground. Her charming face was swollen high and her mouth was full of blood. Even her teeth were knocked out!

Xu Sheng coldly looked down at the beautiful woman who had shrunk in fear and said, "Make a mistake? A **** like you thinks he knows the Xuan Xuan list well? Is Xuan Xuan list so easy to make mistakes!"

The woman knew that Xu Sheng was not beating her because of what she just said. Xu Sheng was only beating her for venting, but like all the elegant and personable upper-class men, Xu Sheng must vent even if he wants to vent. Find a reason to make his vent look more "reasonable" and more "for granted."

Such behavior is naturally incomparably hypocritical and even disgusting, but the woman dare not complain!

The Xu Family in Beihai is not something she can afford!

To put it bluntly, she is just Xu Sheng's plaything. Xu Sheng is happy. He gives her some money, takes her to meet various celebrities, and enjoys the envy of other women, but Xu Sheng is unhappy, even if she kills her. No one will ask anything!

The coquettish woman shrank and shrank hard, as if humble enough to turn into dust and merged into the ground.

Even she herself felt that she was too humble and too dignified!

But if Xu Sheng tells her to go now and tell her not to appear in front of him again, would she be willing?

Not only is she unwilling! He would also hold Xu Sheng's thigh, begging him to forgive himself! Begging him not to drive himself away! Even if she did nothing wrong! Even if she is always humble in front of Xu Sheng!

But even so, she still has a life that countless women are extremely envious of, has a status that shouldn't belong to her, and has the qualifications to enter the upper circle that she couldn't come into contact with before, right?

To make her give up these, she would rather die! Would rather die humble!

Xu Sheng looked at the coquettish woman on the ground coldly, with a sneer at the corner of his mouth.

This woman, named Song Rou, was born very ordinary, but she was just the daughter of the sect master of Bai Yuanzong, a first-class sect. In the eyes of ordinary martial artists, Song Rou's background is also very good, even in the eyes of ordinary people. The proud girl of heaven!

But for Xu Sheng, the daughter of the lord of the first-class sect? There is not much difference from the lower class, right?

He thinks that he is a genius on the Xuan ranking list, and the women around him must at least be the same as the direct daughters of the top powers, right?

The reason why Xu Sheng let Song Rou stay by his side is simple.

It is because this woman is very obedient!

Moreover, Song Rou's appearance can be regarded as the best! It can be said to be a pretty good plaything!

Isn't it nice to have such a plaything for yourself to have fun at any time?

Of course, the premise is that Xu Sheng is not tired of Song Rou yet.

Suddenly, the corners of Xu Sheng's mouth raised, staring at Song Rou's eyes, slightly bright!

It seems that something interesting has been thought of!

Suddenly, a gentle smile appeared on his slightly pale face, and he bent down to help Song Rou up.

Song Rou lowered her head in horror, not dare to look at him!

Xu Sheng lifted Song Rou's chin, looked at Song Rou's towering face, a distressed color faintly flashed in his eyes, and said warmly:

"Sorry, Xiaorou, I made too heavy a move just now..."

As he said, he took out a top-grade pill, crushed it, and wiped it on Song Rou's swollen face, acting softly, as if he was afraid of hurting Song Rou.

A holy medicine, to Xu Sheng, was like a herbal medicine picked up at hand, and it didn't hurt to use it.

Song Rou was also a little stunned for a while. Although she had been reluctant to give up this kind of vain life, she could persist until now.

On the one hand, it is also because Xu Sheng often gives her an illusion, making her feel that she might really have a chance to become Xu Sheng's woman and Xu Sheng's wife! Let her feel that Xu Sheng really loves herself!

However, she said carefully: "No, I'm the one who talks too much. I shouldn't just talk about things that I don't know in front of the son..."

Song Rou's pretty face quickly swelled under the action of the Holy Medicine. Even the teeth that had been knocked out grew back, regaining her charming appearance.

Seeing Song Rou's beautiful and charming face, Xu Sheng smiled with satisfaction and suddenly said:

"Anyway, it's me who is not good and makes you wronged, but you know that men sometimes have such temperaments. Actually, I cherish you very much, right?"

Song Rou's shoulders trembled slightly and nodded, "Yes, Rou'er knows."

Xu Sheng smiled and continued: "Well, I will make up for you later. Didn't you always want to participate in the reception held by the Lingwu family? Next time I take you there, OK?"

Song Rou couldn't help her beautiful eyes light up when she heard this!

She nodded excitedly and said, "Thank you Young Master Xu!"

The reception of Lingwu's top family is a real gathering among the top wealthy young people in Lingwu!

Just being able to participate in it, Song Rou felt a sense of incomparable glory, as if her identity had also been elevated countless times!

Xu Sheng's smile became thicker.

"But before that, Rou'er will do one thing for me first, okay?"

"What's the order of Young Master Xu? Please speak up. How dare Rou'er not listen to Young Master Xu?"

When Song Rou spoke, her beautiful eyes flashed with a hint of coquetry.

Xu Sheng laughed loudly and said: "Okay! As expected of Rou'er, who I like! I told you before, one week later, there will be an auction on Feilei Island!"

Chapter 2295: The weirdness of the Valley of Gods and Demons!

"The auction held by Shen Guo Tianchen Auction Place?"

How could Song Rou not remember that this kind of heavyweight news could only be known if he was among the top forces!

Even her father, as the lord of the first-class sect Bai Yuanzong, is not qualified to contact!

"Yes, this auction is basically here, and Xu Sheng's eyes flashed with cold light.

Originally, he was going to participate as a genius on the black list, but now he can only go on behalf of the Xu family, and in the well-informed circle of wealthy people, I am afraid that he has become the laughing stock of others. !

In his eyes, a ray of cold anger flashed.

However, he quickly regained his smile and continued: "If I expected it to be good, Ye Chen would definitely be going to attend, no one would want to miss such a grand event, would they?"

Song Rou nodded. If she had changed herself and had the opportunity to participate in an auction of this level, she said she should see what she said!

"On the night before the auction, our direct descendants of top hidden forces will hold a private reception!"

Xu Sheng's complexion suddenly became gloomy, and at the same time, his voice became cold and cold.

"I hope that Young Master Ye can come to our reception. After all, he has replaced my peerless evildoer on the Profound List! He has this qualification, doesn't he?"

Haha, I'm Xu Sheng, but I plan to appreciate Ye Chen's demeanor! "

Hearing this, Song Rou couldn't help but mourn for Ye Chen. Xu Sheng was about to do something to Ye Chen!

Being stared at by a wealthy circle like them, even if Ye Chen is also from the top power Shenhua Academy, the end will be very miserable!

After all, Shenhua Academy is nothing at all in the eyes of those real giants!

Xu Sheng looked at Song Rou, then laughed and said, "I will leave it to you to invite Master Ye. How to do it, don't I need to teach you?"

Hehe, a beautiful woman like you and of good background would never look at people at all? He certainly can't resist your temptation. Be sure to bring him to our reception! "

Song Rou's eyes dimmed when she heard the words, and she showed a self-deprecating smile. Of course she knew what to do, and it was not the first time Xu Sheng used herself as an excuse to target someone.

Although Song Rou had been psychologically prepared for a long time, when Xu Sheng really said such a request, it really made her sell her body to seduce other men, just to suppress and trample on others, she couldn't help but feel in her heart. Yi Han!

Ye Chen, would die miserably!

...

At the same time, Wanjian Emperor Palace.

A figure with a little blood on his body stumbled to the door of the Ten Thousand Sword Emperor Palace.

This figure is extremely beautiful, it is Xia Ruoxue!

At this moment, Xia Ruoxue still has lingering fears, and the Ice Sword Saint King's spells cannot fight those people!

If there is no reincarnation star stone, perhaps he really must die!

The breath of those people is too terrifying, they are all too virtual or beyond the existence of too virtual!

The key is, why should such a powerful person from the Kingdom of God go to the Blood Spirit Race?

She once again thought of the scenes she saw in the Valley of Gods and Demons!

This matter must be told to Ye Chen immediately!

The gate of the Ten Thousand Sword Emperor Palace opened, and the Ice Sword Saint King came out to greet him!

In fact, from the failure of his spells, he realized that something happened to Xia Ruoxue!

He naturally couldn't make Xia Ruoxue in trouble, so he wanted to go to the Blood Spirit Race for the first time!

Fortunately, Xia Ruoxue is back!

The Ice Sword Saint King gathered his spiritual power, took out an ice blue pill, and handed it to Xia Ruoxue: "Take it, then follow me."

"Thank you Senior Ice Sword, aren't you breaking through?"

The Ice Sword Saint King held his hands behind him: "It's over, I have entered the Taixu realm, and with some means I barely stepped into the Taixu third layer."

Xia Ruoxue was slightly startled, how long has it been, breaking through so quickly?

However, thinking of the Ice Sword Saint King being trapped in endless years for too long, the background is far from what ordinary people can resist.

Soon, the two came to the hall.

Xia Ruoxue's injuries have recovered a lot, her expression is solemn, and her eyebrows are full of worry.

The Ice Sword Saint King apparently found something, and said: "What happened on earth? Could your matter be discovered?"

Xia Ruoxue nodded: "Senior Ice Sword, the connection between the Blood Spirit Race and the Kingdom of God is not simple. I was discovered by the Kingdom of God for the first time."

"And I also found that in the depths of the Gods and Demon Valley, there is actually more than one powerhouse in the kingdom of God, at least 30 people!"

The Ice Sword Saint King frowned slightly, and the Gods and Demons Valley was the existence that imprisoned Kunlun's virtual power.

The gap between Kunlun Xu and the Kingdom of God is too big, why does the Kingdom of God use so many powerful people to protect it?

Is it because he is afraid of Ye Chen rushing through?

If this is the case, they look at Ye Chen too much!

What the Ice Sword Saint King thought of, he said: "Do you see dozens of strong men trapped?"

This is his biggest concern!

Although previously, he and Ye Chen had the news that the reincarnation cemetery came from Kunlun Xu Da Neng was trapped in the Valley of Gods and Demons.

However, the Kingdom of God and the Blood Spirit Race have been closely related recently, and it is still unknown whether they are still in the Valley of Gods and Demons.

Therefore, the truth of Xia Ruoxue's trip is the key!

When Xia Ruoxue heard this, her eyes flashed with horror, hesitated for a long time, and said: "I saw countless chains in the depths of the Valley of Gods and Demons."

"The weird thing is The chain is indeed trapped, but it doesn't seem to be a person..."

"What!" The Ice Sword Saint King was startled, "What is that?"

Xia Ruoxue continued: "Vaguely, it seems to be a stone statue."

"Dozens of stone statues."

"The stone statues are lifelike, with different expressions."

"And the arrangement of the stone statues is a bit like a formation, the formation is maintained by chains, and each chain has powerful runes attached..."

"More importantly! These chains are connected to a huge idol."

Ice Sword Saint King faintly guessed what, and continued: "What is the image of the god?"

Xia Ruoxue hesitated for a few seconds, and said: "The statue seems to be unclearly carved, with a powerful devilish qi glowing, like a **** or devil, and a look in one eye has the meaning of shock, which is more terrifying than a living person."

"The weirdest thing is that the eyebrows of the **** statue are engraved with a word of the kingdom of God. I have seen several ancient books in the Lingxian Emperor Palace. That word seems to be Ye!"

"I don't know if it is an illusion, I feel that the **** is like Ye Chen."

"Those taboo formations in the Valley of Gods and Demons seem to be controlling something..."

The Ice Sword Saint King was silent, he faintly caught something, but he was not sure.

After all, he had been trapped for thousands of years and had too few things in contact. .

The only thing that can determine what the people of the kingdom of God are doing may only be the eternal holy king.

But where is the eternal holy king now?

Chapter 2296: Ji Lin's poisonous body, a big killer!

The demon clan seems to have been quiet recently, and it is faintly calm before the storm.

He had been to the Mozu not long ago, and the door of the Mozu was permanently closed.

No one can get out.

Even the Monarch Mochen of Slashing Evil Realm!

And over the Demon Race, a whirlpool of magic energy surged!

It seems to have opened the gate of Jiuyou!

What happened to the demons?

"Ruoxue, first draw what you see, and I will find someone to study it."

"It's not that simple."

"I faintly have a bad feeling."

"It's not good for Ye Chen."

Xia Ruoxue paled instantly when she heard the latter sentence: "Okay."

...

At the same time, Mozu.

Mozun Imperial Palace.

Jun Mochen stood outside the hall with his hands behind his back, his face pale!

Around his body stood two powerful men!

It turned out to be Slashing Evil Realm!

It might be a pity that Moying died, but it was nothing to Jun Mochen.

Just a dog.

The existence he truly relies on is naturally hidden in the dark.

Jun Mochen looked at the two people beside him, shook his head and said, "The gate of the demon clan still can't be opened?"

"Those gods of the Demon Race seem to be a little impatient."

One of them looked cold and shook his head and said: "Mozun, even if we use Zhan'er's power, even if we combine the formation, we still cannot break the gate of the demon clan."

"It seems to be forcibly closed."

"And, that power comes from this land of ten thousand demons."

"The devilish vortex above seems to mean something shocking will happen in a month."

Jun Mochen raised his head and stared at the magic vortex.

There is an accident.

But more is panic.

After a long time, he spoke: "If I guessed correctly, the devilish vortex is the fallen devil emperor."

"He is going to recover."

"If he waits for him to completely absorb the power of Ten Thousand Demons, I am afraid we will all die."

The two people behind them instantly changed color: "What should I do?"

"The Demon Lord shot the Devil Emperor back then... How do we fight the Devil Emperor who has returned from the peak?"

Jun Mochen suddenly clenched his fist, letting go.

"Of course the Devil Emperor cannot be resurrected. There is me in this world without him."

"It seems that there is no retreat."

"Order the people below to prepare the demon cage formation."

As soon as these words came out, the two people behind Jun Mochen completely changed color!

The Celestial Demon Cage Formation is an extremely expensive formation!

Once triggered, not only the demons will be hit hard! They will also pay a great price!

Jun Mochen looked at the endless vortex of the sky, and sighed: "The resurrection of the Devil Emperor involves too many people's interests."

"Before the gate of the Demon Race was closed, I had already sent a message to the Kingdom of God."

"If they didn't take action, they also ruined themselves."

"By the way, after that day, did you see Ye Chen?"

"Or, did you go out early?"

A person behind Jun Mochen stepped out and stood side by side with Jun Mochen: "There are indeed a few people."

"It should be Ye Chen and his friends to pursue the breath."

"These friends have a very strange aura, and their bloodlines seem to be extremely strong... It's a pity that they left, otherwise if they were caught back, they should be able to threaten the little beast."

Jun Mochen's eyes shrank, but he quickly released: "No problem."

"Then Ye Chen is not a threat."

"His friend is not even a threat."

...

Outside the Mozu, twenty miles away, there is a huge mountain top.

The top of the mountain was filled with clouds and mist, and several figures sat cross-legged.

There was also an old man standing on the top of the mountain, gazing at the magic vortex that kept gathering in the sky.

Melancholy and calm.

If Ye Chen were here, he would definitely find that these people were Ji Lin, Yan Kun and Ye Luoer who had entered the Demon Race before and had not met him.

As for the old man, he is naturally the eternal holy king.

I don't know how long it took, the three of them slowly opened their eyes, all with a little surprise!

Everyone broke through!

And it's not a small state!

Yan Kun opened his eyes and said to the eternal holy king: "Forever, Yan Kun thanked you here!"

The eternal holy king turned around, glanced at Yan Kun's breath, and nodded: "The Universe Clan does not lose sight of the ancient gods. Your progress is indeed horrible. Now you are recovering well. Perhaps you can contend against the emptiness. A strong man of three or four layers, that's good."

"Perhaps you will be one of Ye Chen's help in the future."

Yankun's eyes condensed his killing intent: "It's a pity that I didn't meet my eldest brother this time. Since the Qiankun Killing Domain came out, my eldest brother has no news. I thought that this time Ji Lin would let me see my strength. Obviously I was thinking too much."

"But the next time I meet, I must stand in front of Big Brother and break all obstacles for Big Brother!"

A raging war spirit ignited on Yan Kun!

The Qiankun Clan was born for war in ancient times!

He is the same!

The key point is that he is the last member of the Qiankun clan, and cannot be ashamed of the blood in the body!

At this moment, Ye Luoer and Ji Lin also opened their eyes.

Ye Luoer's body was faintly covered with powerful dragon energy, and during this time she had more memories of awakening.

"Thank you Eternal Senior."

The Eternal Saint King glanced at Ye Luo'er and was very satisfied: "Yes, your bloodline is the closest to the Nine Heavens Shenlong Palace on the Lingwu Continent."

"I didn't expect that the Sacred Dragon family could still give birth to such a powerful bloodline. It was interesting."

After speaking, the eyes of the Eternal Saint King fell on Ji Lin, and Ji Lin was a little excited.

She raised her chin, as if waiting for praise.

However, the Eternal Saint King shook his head, turned his back directly, and looked at the scenery.

Ji Lin was completely stunned, and then she exploded!

He is a congenital poison, isn't it worth mentioning such a powerful bloodline?

What is the key to this old man sighing!

Ji Lin directly went up aggressively: "Lao Yong, you are treated differently They are from the Lingwu Continent, so you just comment, why not comment on me! I am a congenital poisonous body!"

The Eternal King's mouth twitched, Lao Yong... Isn't this the way his friends call him?

This little girl is really a little bit at a loss.

The Eternal Saint King turned his head, touched his beard and explained: "It's not that I don't comment, but your innate poison. I don't know much."

"Even in the kingdom of God, it is rare."

"For those who don't understand, how do I comment?"

Ji Lin felt better now, and then moved a few steps, came to the side of the Eternal Saint King, pulled the corner of the Eternal Saint King's clothes, and said in a coquettish tone: "Then you also praise me."

"Why don't I give you a drop of blood?"

The eternal holy king subconsciously took a step back and remained vigilant: "Your kindness, I take it with my heart."

"Essence and blood are precious, you are still young, don't use it casually."

"Although I don't understand Congenital Poison Body, if Ye Chen wants to fight the Heavenly Kingdom Palace, you must be there."

"Your disguise is too confusing, and it may be a real killer."

Ji Lin was a little bit overjoyed: "Lao Yong, let alone, I like you a little bit."

"I will never pull your beard in the future."

The corner of Eternal Saint King's mouth twitched, a light shone on his face, and the beard on his chin was a little chipped.

Obviously what Ji Lin did.

Chapter 2297: Sweep!

"By the way, when shall we go to Ye Chen?" Ji Lin couldn't wait.

The Eternal Saint King glanced at the whirlpool above the Demon Race, pondered for a moment, and then said: "Not yet."

"I have to borrow the power of the three of you."

"The resurrection of the Devil Emperor is not that simple."

"Neither I nor Ye Chen can interfere."

"The three of you are extremely critical in this game of chess!"

...

After Ye Chen left Ge Qing's office, he immediately returned to his dormitory. The door was closed and closed.

He retreats, naturally to refine the one hundred thousand soul iron embryos!

You know, the Tianchen auction that we participated in this time has gathered the most prominent and powerful people on the Lingwu Continent!

If you put it in terms of China's standards, it is a gathering of Forbes top-ranked rich people!

Naturally, these people will not be the ones who are short of money!

Want to beat them in this auction and get a strong flame! How could Ye Chen not make sufficient preparations?

As for grabbing things like a demon, Ye Chen would naturally not be able to do so.

This time, if you use this illegal method, you will definitely die!

Moreover, Ye Chen's plan is more than just pressure!

His plan is to sweep!

Sweep the entire auction!

What is sweeping?

That is, to take care of all the treasures he can see! ! !

Thinking of this, Ye Chen would start to laugh, taking care of all the treasures, so after the auction, his strength will definitely improve?

And, most importantly, if Dragon Heart Fruit is also on auction, then! Even Chu Ying's injury can be cured! No need for the help of the old stubborn Canggu medical god!

That's so happy for everyone!

He also knows how hateful it is to do so! If you really take care of everything, those celebrities want to kill people, right?

However, Ye Chen is least afraid of attracting hatred. Are there few people who hate him?

Isn't he alive now?

He is not even afraid of the Heavenly Dao Palace of the Kingdom of God, so what are the martial arts giants of the Lingwu Continent?

Moreover, if someone really acts maliciously against him because he is overpowering everything at the auction, if they have thoughts they shouldn't have!

Ye Chen doesn't mind getting all the wealth of those celebrities after the auction ends!

Thinking of this, Ye Chen didn't hesitate anymore, raised his hand, and the dormitory was filled with dense soul iron artifacts, and he began to refine it desperately!

One hundred thousand handles! It's not a small number! Even if Ye Chen is close to closing the door, his proficiency in refining Horcrux has already risen, and the speed is much faster than at the beginning, but this number is really too big!

It is estimated that it has to be refining day and night without sleep, so that it is possible to refine all these Horcruxes before the auction!

It's hard work, but worth it!

With the passage of time, an extremely rough soul iron tool embryo, imprinted with mysterious runes, exuded powerful soul power fluctuations, and its appearance became sharp and beautiful!

...

A week later, somewhere on a barren mountain outside the Shenhua Academy, a middle-aged man was sitting cross-legged on a rock with his eyes slightly closed, as if he was meditating intently.

This middle-aged man, with a crown of jade, sword eyebrows, and an elegant white robe. Although he is not young, he still looks personable and handsome.

Moreover, his appearance is three points similar to Chu Ying!

In addition, the aura in his body is extremely powerful, even more than that of Ge Qing! But it is so perfect that it blends with the surrounding environment, making it not abrupt at all.

This person is surprisingly Chu Hong, the Patriarch of the famous Chu family in the Nine Nether Kingdom!

At the same time, he is also Chu Ying's father!

Suddenly, Chu Hong slightly opened his eyes and looked in a certain direction in the horizon.

There, a golden light flashed quickly, and in the next instant, it had already landed on this mountain.

Jin Guang converged, and a young man walked over.

It is Ye Chen!

Ye Chen was slightly surprised when he saw Chu Hong.

He contacted the treasurer of Wangshenlou, Chu, who was a powerful businessman in one of the ten giant cities of the Kingdom of God!

How did it come from Chu Hong behind the Moon Tower in the Nine Nether Kingdom?

Although they are all surnamed Chu, how can a kingdom of God and a kingdom of Nine Serenities be connected?

Chu Hong saw Ye Chen's surprise, and smiled: "Boy, I know you don't understand."

"There are things I can't explain."

"In ancient times, the Wangshen Tower in the Kingdom of God and the Wangyue Tower in the Lingwu Continent were controlled by one person."

"Although the Kingdom of God and the Kingdom of the Nine Nethers are not tolerated, we are businessmen, and businessmen only pursue benefits. As for the hatred of the forces, it has nothing to do with businessmen."

"Before, the shopkeeper Chu from Wangshen Tower came to the Nine Nether Kingdom to collect some things, and also talked about a few interesting things. I asked him for a portrait before I knew it was you."

"This transaction will be carried out by me."

Although Ye Chen still didn't understand a lot, but the merchant's world, where money and resources are paramount, can also explain it.

Ye Chen arched his hands: "I have seen my uncle."

In the words, there is a faint sense of guilt! And his name is Uncle Chu Hong, and he didn't call him the treasurer of Chu, he didn't mean to treat Chu Hong as an outsider.

And Chu Ying was seriously injured because of herself, so she had to continue her life with an ice coffin!

And don't know when it will be restored!

Chu Hong waved his hand and said, "You don't need to say more polite remarks between you and me."

"Wang Shenlou, I can't be biased towards you."

"All this must be done in accordance with the rules."

Ye Chen hesitated to say, "Uncle, Chu Ying, I will definitely let her recover."

And Chu Hong also stood up, patted Ye Chen on the shoulder, and smiled slightly: "Well, young man, don't have to, I know, my stupid daughter really likes you, everything she does it is also her own choice, she is willing."

Moreover, you have done a good job, haven't you? If you change someone else, I am afraid that Ying'er's life will not be saved, right? I am the father, and I should thank you! "

Ye Chen's performance has been recognized by him, the Patriarch of the Chu Family!

"But..." Speaking of this, Chu Hong's face also showed a trace of sadness, "It is really difficult to find the Dragon Heart Fruit. After the Ying'er girl had an accident, I also mobilized the entire Chu family. Power, start searching at any cost!

I even found the relationship between the Demon Race and the Kingdom of God... But in the end nothing was found..."

Hearing what Chu Hong said, Ye Chen couldn't help but sink!

Originally, Ye Chen had imagined that he could obtain Dragon Heart Fruit at this Tianchen auction, but now it seems that if there is no such thing as finding the Kingdom of God with the power of the Chu family, it shows that this Dragon Heart Fruit, even in God It should be considered an uncommon thing in the country!

Chapter 2298: Don't get close to the demons!

Then, at the Tianchen auction, his chance of getting Dragon Heart Fruit is very, very slim!

After all, the Tianchen auction, although it is an auction of the Kingdom of God, is not that the Kingdom of God is inferior!

Chu Hong sighed and said: "It seems that you can only look for it after you have truly entered the kingdom of God. Ye Chen, that girl Ying'er, will leave it to you!"

Chu Hong's expression also seemed to be lost. Although he didn't mean to blame Ye Chen, as a father, how could he bear to see his daughter lying in the ice coffin all day long?

Ye Chen looked down and solemnly promised: "Please don't worry, uncle! I, Ye Chen, swear with Dao heart and life! I will do my best to get Dragon Heart Fruit, so that Ying'er's injury can be completely recovered!"

This is a man's promise!

Chu Hong nodded in satisfaction and said: "Okay, leave this to you. Even with the power of our Chu family, it is difficult to penetrate into the kingdom of God, and only the bottom gods can be contacted. National power.

There is one thing you may not know. The Kingdom of God actually has a Chu family. It is the Chu family behind Wangshen Tower. It's a pity that I can't catch up with anything.

When you officially enter the kingdom of God, the situation will be different! However, you have to be more careful, your current strength is already very good, but the kingdom of God is too terrifying! "

He could feel that Ye Chen's realm was not high, but his strength was very extraordinary, and not to mention his own strength, just the Horcruxes he took out were very scary!

Chu Hong knew that although Horcrux was against the sky, its power was largely determined by the user, and the most powerful force could be released in Ye Chen's hands!

And what if Ye Chen desperately used Horcrux to attack a certain force?

Even the Chu Family on the other side of the Kingdom of God will change their colors!

Ye Chen nodded heavily and said, "Junior understands!"

Chu Hong smiled and said, "Okay, let's not talk about it. We meet here today and there are other things to do."

Ye Chen smiled, raised his hand, and handed a storage bag to Chu Hong!

Even though, as the Patriarch of the Chu Family, Chu Hong's temperament can be said to be extremely calm! But the moment he took this storage bag, he couldn't help his eyes widening!

Even the hand holding the storage bag trembled a little!

He was excited!

Then, Chu Hong couldn't wait to see the power of divine consciousness in it!

In an instant, Chu Hong's handsome face became extremely exciting!

It was shocked at first, and completely shocked, so shocked that the brain could not withstand such a strong impact, and it became blank!

Even if he had received the news a long time ago, he had been mentally prepared for a long time, and he was a little dumbfounded when he saw nearly nine thousand powerful Horcruxes at once!

This shock is too scary!

What is the concept of nine thousand handles?

That is the ultimate killer that can kill nine thousand peaks of the gate and even half a step too virtual!

The entire Lingwu Continent, if it were not counted as the Nine Nether Kingdom, wouldn't it be possible to find so many strong gatekeepers?

Of course, this is the best situation. It is used by ordinary people, and it is more for people who severely injured the door to close the door.

Otherwise, with these nine thousand-handled Horcruxes, the Chu family can consider whether they want to conquer the entire Lingwu Continent.

Then, it was incredible, and then it turned into ecstasy!

Chu Hong took a few deep breaths, and then gradually calmed down.

Facing Ye Chen with a serious face, he said solemnly: "Ye Chen, I want to take the franchise of the Horcrux you made. From now on, I will provide you with the best quality soul iron embryos without any charge. Moreover, double the price of each Horcrux, what do you think of it!"

Chu Hong knew that as a businessman in Lingwu Continent, he was not qualified to contact the Chu family of the Kingdom of God!

But if you control so many resources, maybe the Chu family of the Kingdom of God will be admired!

And Ye Chen will be stronger in the future! The refined Horcrux will be more terrifying!

Presumably, it won't take long before Ye Chen's strength will reach the Void Realm, right?

Chu Hong knew that the method of making a Horcrux was to enclose the soul abilities in the embryo. In other words, the strength of the Horcrux was determined by the strength of the producer!

But Ye Chen can create a Horcrux comparable to the Horcrux of the Supreme Void Realm with the power of the current Divine Soul, so what about when Ye Chen truly has the power of the Supreme Void Realm?

At that time, the Horcrux created by Ye Chen will surpass the Supreme Void Realm! It may even contend against the doomsday!

When the time comes, the Chu Family of the Nine Nether Kingdom may be invited by the Chu Family of the Kingdom of God!

Chu Hong's decision was very wise!

Ye Chen didn't care, nodded and smiled: "Naturally there is no problem."

Not to mention anything else, just because of Chu Ying's relationship, he didn't intend to sell his Horcrux to the Chamber of Commerce other than Wangshenlou and Wangyuelou.

As for the price, what Chu Hong gave was very, very fair, and Ye Chen didn't care too much. After all, in a month's time, he made so many sacred marbles. Is just a number.

After hearing the words, Chu Hong was overjoyed and couldn't help laughing a few times. He also raised his hand and threw out two storage bags.

He smiled at Ye Chen: "One of the two storage bags is the purchase price. The other storage bag is the 30,000 iron soul artifact embryos collected by Wangshenlou for you. The quality is extremely high, and Our Chu Family and the Kingdom of God are also looking for a higher level, the kind of perfect soul iron used in ancient times!"

Ye Chen directly put the two storage bags into the bag, and he was happy when he heard the words. In this case, the Horcrux made from the perfect soul iron would be more powerful!

"I have Uncle Lau. Then, if there is nothing else, the juniors will return to Shenhua Academy. The Tianchen auction will be held soon. I have to make preparations and hurry up!"

Chu Hong nodded. Suddenly, looking at Ye Chen's leaving back, his eyes flashed, and he said with some worry: "Ye Chen, you wait a moment?"

"Uncle, what's the matter?"

Chu Hong said: "Your current net worth can basically crush all the forces on the Lingwu Continent! But I still want to remind you, you kid, everything is good, but your style is too public. !

In this auction, it is better to converge as much as possible! "

Although Chu Hong admired Ye Chen's arrogance and publicity, after all, Chu Hong still had some businessman thinking!

He didn't want Ye Chen to sweep through the auction because he was carrying a huge amount of money, and provoke so many powerful enemies!

Although, in the Nine Nether Kingdom, other top-notch forces may also bring so many Divine Clouds, but! It is impossible for them to put so many **** marbles into the auction!

If it really competes, I am afraid there is really no one, it is Ye Chen's opponent!

Ye Chen couldn't help but warm up when he heard this. He knew that Chu Hong was really caring about himself, but he still seemed a little mischievous and said, "Uh, this, juniors try their best!"

Chu Hong hesitated for a few seconds and then said: "Recently, there have been a series of visions in the depths of the Nine Nether Kingdom, and the sky above the demons is covered by dark clouds. There has never been such a vision for thousands of years."

"As if the end is coming."

"What do you know?"

Ye Chen was stunned, thinking that there are still twenty days left before the Demon Emperor's resurrection, he kept an eye on him, and replied: "Uncle, try not to get close to the Demon Race these days."

"I can only tell you that the rules of Jiuyou and even the Demon Race are about to change!"

After that, his figure flashed, turned into a golden thunder, and flew away!

Chapter 2299: Shake 1 cut!

Chu Hong has serious eyes.

Although Ye Chen didn't reveal too much.

But he vaguely guessed something.

Not long ago, the land of demons was opened, but suddenly closed!

Countless demons are trapped to death!

No one knows what happened inside.

Some power seemed to be dormant in the depths.

Some people say this is the end.

But he didn't think it was. He felt that the emperor who had disappeared was coming back!

...

Soon, Ye Chen returned to the Shenhua Academy. Now, with countless gods' common currency, Shen Yunshi, Ye Chen seemed to be a little wandering even walking!

After he returned to Shenhua Academy, he met with Xing Zitang and the others. Last time, because of Xuan Yuezong's notice, they didn't even have a good meal. This time they could sit down and get together.

After a meal and a meal, Ye Chen stayed alone with Sun Yi and stayed warm for a while. This little Nizi, who had not seen Ye Chen for so long, must have been a little lonely in her heart.

And Ye Chen also wanted to verify the thoughts in his heart. He activated Lingfeng's divine veins. If he stayed with Sun Yi, would he pass his blood to Sun Yi again!

After a few battles, half a day passed.

What surprised Ye Chen was that Sun Yi's Red Dust veins seemed to be stronger because of her cultivation base!

It turns out that this kind of transitivity also depends on one's own cultivation!

But it is impossible to pass Lingfeng's divine veins to Sun Yi!

It seems that a certain particularity of reincarnation blood can only be passed on to one person!

Afterwards, Ye Chen closed his eyes and concentrated, regained his spirit, and then set off to walk towards the gate of Shenhua Academy.

Sun Yi was reluctant to give up, but knowing that Ye Chen was destined to be mediocre, the only thing she could do was to cultivate equally well.

At this time, Ge Qing and Chen Zhifan were already waiting for him at the gate of the academy, leading the Fengying Eagle.

Ge Qing smiled at Ye Chen: "Boy, at this auction, you may be hit. I know you have a lot of money, but for those super powers, he waved his hand and put a storage bag. I threw it to Ye Chen, deliberately raised his face, and said to Ye Chen: "These are some sacred marbles. After all, with your own net worth, if at the auction, a product cannot be photographed, wouldn't it be a bit of a loss to us? The face of Shenhua Academy? As the dean, I don't allow you to refuse, take it! "

Ye Chen was a little curious and swept his spirit into the storage bag, his expression moved! Three million **** marbles!

Don't underestimate these three million sacred marbles. To Ye Chen, it is nothing right now, but Ye Chen knows that Ge Qing has almost taken out all the funds of the Shenhua Academy!

For himself, this somewhat cynical old dean really did his best! ! !

Cannot help but Ye Chen was a little touched!

Whether it is Xuan Yuezong or Shenhua Academy, he has a strong sense of belonging, and Ge Qing, Bai Zhenzhang and the others, are really like their relatives and elders, treating themselves very sincerely!

This is no longer an ordinary dean-student relationship, and Ge Qing is also considered Ye Chen's half master!

Ye Chen didn't say much, and silently accepted the storage bag, and thanked Ge Qing very sincerely: "Thank you, Dean!!"

Later, a mysterious expression appeared on his face: "Don't worry, I will never let Shenhua Academy ashamed. On the contrary, after this auction, I will let Shenhua Academy be in front of the entire Lingwu Continent. Very long face!"

However, Ye Chen made up his mind that these three million sacred marbles would never be used, and he would return it to Ge Qing intact!

When Ge Qing saw Ye Chen accept it, he smiled and regained his cynical smile. What he worried most was that Ye Chen considered the college and refused to accept it!

Hearing this, he also smiled and said: "Good boy, the old man is waiting for you!"

Having said that, he smiled at Chen Zhifan again: "Xiaofan, this auction is different from ordinary occasions. You stare at this kid for me, don't make him too troublesome!"

However, if someone bullies our Shenhua Academy disciples, we are definitely not soft persimmons! Whatever happens, the teacher will stand up for you! "

Chen Zhifan also solemnly replied: "Yes! I understand!"

This matter was really difficult for ordinary people to do. It is estimated that a person like Chen Zhifan and Ye Chen who had a sincere friendship could make Ye Chen converge a little bit.

Afterwards, Chen Zhifan and Ye Chen looked at each other, and their eyes couldn't help flashing expectation, a look of excitement!

At this Tianchen auction, what was sold was the real artifacts of the Kingdom of God!

Most of them are not seen on the Lingwu Continent!

They turned over and took a ride on the Wind Chasing Eagle, and the wind chasing eagle spread its wings, and the wind and clouds were surging, and then headed to the town where the space airship was riding!

In the Lingwu Continent, in an extremely vast water area, there existed a rare island in ancient times. This island was named Feilei Island by the people of Lingwu!

The special product on the island is a kind of thunder attribute material called Fei Lei Guo!

Although this material has some value, it is not worthy of the martial arts practitioners who risk crossing the dangerous seas and enter the isolated island where monsters and beasts are rampant to collect, so usually almost no one comes here!

But many years ago, after the Kingdom of God stepped into the ten cities that set it as the Kingdom of God on the Lingwu Continent, this Feilei Island was completely covered by a cloud of mist!

If someone underestimates this cloud, he will definitely regret it!

In this cloud and mist, thunder light and dragon-shaped phantom loomed, it turned out to be a huge array of extremely high rank!

Even the general too virtual and strong, rushing into it will be in danger of life!

But now, over the usually inaccessible Feilei Island, there are waves of light passing by from time to time!

Moreover, these escape lights are extremely good!

In the escape, it was either an extremely luxurious artifact speeding car, or a number of door-sealing monsters pulling a luxurious sedan chair, or a young man with extremely sharp aura and extremely proud eyes!

The identities of these people are obviously very, very unusual!

...

At the same moment, Southland.

The depths of the Absolute Frost Palace.

It was calm.

Baier paced back and forth outside.

It has been so long since the palace lord entered the place.

I don't know life or death.

The palace lord and Umang entering there may mean a great opportunity!

But at the same time may fall!

Baier knew that the palace lord had gone crazy to improve his cultivation since he stepped into Lingwu Continent! Crazy restoration of the cold imperial palace! Crazy to obliterate everything for a man!

And this man all this time experienced, she was shocked!

Suddenly, a bright beam of light pierced the sky.

The beam of light has a sense of holiness, as if power beyond the heavens!

And around the beam of light, there was a violent thunder and catastrophe landing!

Too terrifying!

Snow fell, like the shining light on earth.

Amidst the snow in the sky, a colorful glow suddenly appeared!

Baier looked deep, his eyes widened!

In that colorful glow, a monstrous beast stepped on the blue flame!

It is the Umang who entered it together!

It's just that the current Umang is not what it used to be!

The blood is extremely strong!

More importantly, Umang has grown a pair of wings, exuding coercion!

This imposing mount, even the top family of the Kingdom of God does not deserve to have it!

And above the majestic Umang, there is a girl who is extremely cold.

The girl's eyes were cold, like orchids in the empty valley.

Her skin is as beautiful as snow, she is incomparably beautiful, her complexion is exquisite, and she has a noble temperament, which is unpredictable.

However, the beautiful posture is dimmed in front of the cultivation base! !

Just because Wei Ying's cultivation base at this moment turned out to be the Eighth Layer of the Void!

Horrible!

Chapter 2300: Top giants

Wei Ying raised her head, and Wu Mang suddenly neighed.

This neighing is comparable to a dragon yin on the shoulders, and it actually shattered the surrounding Thunder Tribulation.

The red and black wings stirred, and gusts of wind rose on the ground!

When he came to Bai'er, Umang began to converge.

The wings disappeared.

Everything is restored.

Obviously Umang can freely control what it looks like now.

However, the faint blue flame at his feet remained unchanged.

The girl's cold eyes above the black glow opened, her eyes fell on Bai'er, and the chilly voice fell:

"Bai'er, what happened to Ye Chen during my retreat."

Baier Jiao body was startled!

She never expected that the first sentence of the palace lord's exit was about that young man!

Since the palace lord cares so much about that man, why doesn't he reveal his identity?

She was even worried for the palace lord in her heart.

Baier hesitated for a few seconds, and still said, "Palace Master, Mr. Ye has been very uneasy recently."

Suddenly, Wei Ying's murderous intent on Wu Mang was released, and boundless coercion enveloped him away!

A sword of profound ice was actually condensed above the sky!

Killing intent becomes a sword!

Wei Ying's chance there is not simple!

"What happened, I want to know all the details."

Baier didn't dare to disobey Wei Ying's will, so she told about the affairs of these days.

The surrounding air is getting colder.

Wei Ying's anger was burning like endless anger.

five minutes later.

Wei Ying said, "It seems that Heavenly Dao Palace really wants to kill Ye Chen."

"My man, dare to use the sword of destruction."

"So, from today, you will never want peace in the kingdom of God!"

"I am certainly not qualified to set foot in the kingdom of God, but the ten giant cities of the kingdom of God in the Lingwu Continent should also bear some of my anger."

Wei Ying Bingham's eyes were filled with killing intent.

Baier was a little worried, and said: "Palace Master, rebuilding the Absolute Frost Palace is the most important thing..."

Wei Ying put her hands behind her back, but said lightly: "Bai'er, you may not know that, although the book contains the target of revenge, it is the top power of Lingwu Continent after all."

"And the man behind the real destruction of the Han Emperor Palace lies in the Kingdom of God."

"The Kingdom of God doesn't like me, so the war will start completely today."

...

At this moment, on the flying boat outside the sea of fog, there were two men, Ye Chen and Chen Zhifan.

Chen Zhifan took out the token that Ge Qing gave him, and shot a ray of light at the sea of fog. After confirming that it was correct, he turned his head and said to Ye Chen:

"That's it! Let's go in, I have already sent a signal, the staff of Tianchen Auction House will come to receive us."

Ye Chen nodded, took the flying boat, turned into a golden light flashing, and escaped into this sea of fog together with Chen Zhifan.

As soon as they entered this sea of fog, clouds and mist surged in front of the two of them, and they separated.

A young man with a stern expression came from it and glanced at Ye Chen and Chen Zhifan:

"Is it your signal?"

Although the people who participated in the auction this time were all top celebrities or super evildoers from the Lingwu Continent, this young man did not have much respect for his face.

Maybe the Tianchen auction site is just a small auction site in the Kingdom of God, otherwise there would be no idea of making business above the Lingwu Continent.

However, even if this young man is just an ordinary martial artist working in the Tianchen auction site, he still doesn't really value Lingwu in his heart!

Even Lingwu's top giants, super evildoers are the same!

The gap between the Kingdom of God and Lingwu Continent is too big!

In the eyes of this young man, it would be **** to put Lingwu on the Profound Ranking!

As for the giants of Lingwu? In the Kingdom of God, any small sect can easily destroy these giants like ants!

Although he had to face these low-level Lingwu people, he naturally wouldn't be so concerned.

Ye Chen glanced at him, but he was a little disapproving. This person looked like a young man, but he was actually hundreds of years old, and what about his cultivation?

It's nothing more than closing the door, it's still a realm reached under the conditions of the extremely rich resources for martial arts in the Kingdom of God.

Although the advanced and closed doors within a hundred years can be regarded as a genius in Lingwu, Ye Chen's current vision is not enough.

From this we can also see the gap between Shen Xuanzong and this Tianchen auction site. Although Shen Xuanzong's disciple is also in the closed door state, he is much younger than this young man, and Ye Chen can guarantee that he is in the same realm. The disciple of God Xuanzong can also crush it with strength.

Just like that, still look down on Lingwu people?

Ye Chen was a little too lazy to talk to him.

Although Chen Zhifan was a little unhappy, he nodded and said, "Yes, it's me. I'm here on behalf of Shenhua Academy. This is my token."

The young man lazily took the token, checked it, and said, "What about him?"

Chen Zhifan glanced at Ye Chen, and saw that Ye Chen didn't mean to speak, and said helplessly: "He is my fellow door his name is Ye Chen, and he is also a famous genius on the Xuan Xuan list. He came as a genius who climbed the Profound List!"

"Oh?" The young man glanced at Ye Chen curiously and said, "Just him?"

The contempt and disbelief in the tone were even revealed without any cover!

In fact, he was so rude to Ye Chen and Chen Zhifan, on the one hand, it was also because of their cultivation.

Chen Zhifan has been practicing with Ge Qing for a short period of time. Although using the resources of Shenhua Academy and Ge Qing's guidance on his practice, it can also be said that he has advanced by leaps and bounds, and has also been promoted to the late Star Aperture in a short time.

But still not enough.

However, he came on behalf of the forces, his own strength is not important, but it is easy to understand.

Where is Ye Chen? How many geniuses on the Profound List have received a few young men in the past few days, which one is lower than the door closed?

Ye Chen is just a small star aperture, can he become a genius at Dengxuan? It's ridiculous!

Ye Chen looked at the young man, his eyes became colder, and Chen Zhifan frowned, "What do you mean? Couldn't my brother be a genius on the Xuan list?"

Since your Tianchen auction site has invited all the geniuses of Dengxuan to participate in the auction, it is impossible to not have the information of the geniuses on the list, right? Can't you check before you question others? "

When the young man heard the words, his expression became gloomy, and he stared at Chen Zhifan coldly:

"Did I ask you? He has no mouth? Want you to speak for him?"

At the same time, a powerful breath escaped from the young man, vaguely pressing on Chen Zhifan!

Chen Zhifan's face changed slightly, and he was ready to resist, but a figure flashed before him.

Ye Chen stood in front of him.

But the coercion of that breath hit Ye Chen's body, but it didn't make any waves.
