

Urban 2301

Chapter 2301: Crazy move!

Ye Chen looked at the man calmly, but the other party frowned slightly. It seems that this person really has some doorways, can he block his breath?

He had already faintly admitted that Ye Chen was the genius of ascending Xuan. After all, he was born in the kingdom of God, and he still had a little knowledge. From the body style of Ye Chen's movement just now, ignoring his breath, and the inexplicable feeling from him The pressure that came has proved that this person is weird!

But admitting to admitting, he didn't mean to let Ye Chen and Chen Zhifan just like that.

The reason is simple, because he sees them unhappy!

Because these two Lingwu **** did not treat themselves respectfully!

This man's name is Zhou Chao. Even in the Tianchen auction site, he didn't mix well. There was a backlog of dissatisfaction in his heart. He was finally able to show off in front of these Lingwu people. How could he let it go so easily? Ever?

Zhou Chao looked at Ye Chen and sneered: "This young man, it seems that he doesn't like talking?"

Ye Chen glanced at him and said lightly: "I don't like talking, but you don't deserve to listen."

This man is rude to himself, so he just treats him as a dog barking, too lazy to care about it, but how about this attitude when talking to his friends? Still use breath to oppress?

Then he can't bear it anymore, whether you are from the auction house or not!

Zhou Chao was stunned when he heard the words, and then, the clouds and mist all over his body suddenly exploded, and he was shattered by his violent spiritual power. He shot up to the sky with murderous intent, staring at Ye Chen, and laughed in anger:

"Hahahahaha, well, it turns out that I don't deserve to listen. It's a pity, so unfortunately, I forgot to bring the information about my genius on the Xuanxuan list, but although there is no information, we still have a simpler way to test it. ?

I admire the geniuses on the Profound Ranking of Lingwu Continent, but I have long wanted to learn from them. If you are really a genius on the Profound Ranking, you can definitely take my trick?

How about it, as long as you are willing to pick me up with one move, one move, I will admit your body and let you into the island? "

Although he didn't intend to kill Ye Chen in order to avoid blame from the auction house, he still gave him some small lessons, and no one would ask anything more!

Just because he is a man of the kingdom of God!

Ye Chen looked at Zhou Chao with some playfulness: "This is what you said, I hope you don't regret it."

"Regret?" Zhou Chao laughed as if he had heard some joke, "Don't worry, no, are you ready?"

"Go ahead."

Ye Chen had his hands folded behind him, and he didn't even intend to use the beastly sword.

As he said, Zhou Chao is not worthy.

Zhou Chao saw that Ye Chen was so big, as if he really was a peerless evildoer, he couldn't help but the murderous intent on his face became stronger. Could it be that the people of Lingwu Continent are too wasteful to give this kind of **** and he is invincible. The illusion?

But this is better, his purpose is to seriously hurt Ye Chen, teach Ye Chen and Chen Zhifan a lesson, let them realize how far they are from the people of the Kingdom of God.

The more conceited Ye Chen is, the more desperate he will be after waiting a while, and the more relaxed Zhou Chao is!

His breath rolled, and there was a faint goshawk phantom tossing in his palm, vividly appearing, it seemed to be transformed into form!

"Sky Eagle Palm!"

Zhou Chao screamed and slapped out a palm. A giant eagle phantom that was about to turn into a corpse magnified rapidly in front of his palm, emerged in the clouds and mist, with a scream through the golden cracked stone in his mouth, and then rushed towards Ye Chenfei. go with!

Ye Chen raised his eyebrows, and this palm surprised him a bit, it was quite amazing!

In the palm of his hand, with a mysterious and mysterious aura, it seems that he has touched some of the origin of martial arts!

Of course, this is not to say that Zhou Chao's savvy is so good, but because the rank and inheritance of the Heavenly Eagle Palm are quite good!

It was just like the martial arts performed by the few Shen Xuanzong disciples I met in the Southern Territory, but they had a much deeper understanding than Zhou Chao.

It seems that the Kingdom of God is indeed far ahead of Lingwu Continent's martial arts, and even the martial arts of the same rank are better than those of Lingwu Continent. It is much authentic and powerful!

And at the moment Zhou exceeded his palm, Chen Zhifan, who was still expressionless, also flashed a look of fear, horror, and worry on his face!

His strength is not as strong as Ye Chen's, and the morphing palm print in front of him is no different from a terrifying abyss!

His spirit will be involved!

Originally, Chen Zhifan knew that Ye Chen's strength had reached a level that could contend against the emptiness of a layer of heaven, and this Divine Kingdom person in the closed door realm was definitely not his opponent.

However, after the opponent played this amazing palm in Chen Zhifan's eyes, he couldn't help but worry about Ye Chen!

However, Ye Chen's expression was still faint, and a palm like this couldn't reach his eyes.

He raised his hand casually and punched.

A simple punch.

Upon seeing this, Zhou Chao scolded the idiot secretly, and used his fist to fight his palm prints that he had cultivated to the point of being transformed?

Think your Sky Eagle Palm is the same junk martial arts skill as your Lingwu Continent?

Like death, Ye Chen's hand is annulled! There is no second possibility!

Zhou Chun sneered: "Boy, now you know that the sky is high and the earth is thick..."

However, he didn't finish his words completely, and the smile on his face was completely frozen!

With a puff, the palm of the sky eagle that he shot collided with Ye Chen's fist.

There was no screaming, panic, and blood mist floating in the imagination.

Some are just being penetrated in an instant, turning into a palm print of nothingness!

how can that be!

Before Zhou Chao reacted in surprise, a terrifying force surged from Ye Chen's fist. At the moment when he smashed the eagle's palm print that day, Juli rolled towards Zhou Chao!

At this time, Zhou Chao~www.mtlnovel.com~ only had time to lift the palm, but the arm that had not fully retracted to resist!

With a bang, Zhou Chao was beaten upside down and flew out, vomiting blood in his mouth, and the arm that resisted Ye Chen's huge force burst and disappeared!

Zhou Chao, who flew upside down, was immersed in the clouds and mist, and he did not respond anymore, as if he was seriously injured and fell into a coma!

Ye Chen retracted his hand indifferently, and said to Chen Zhifan:

"Brother Fan, let's go directly in. It's just that this guy's strength is at most just a receptionist. After getting out of this cloud and mist, we should be able to see other people in the Tianchen auction house."

Chen Zhifan nodded. When the two of them were preparing to act, the surrounding clouds suddenly became restless! !

Roads of lightning shuttled between the two of them, and a trembling high-pitched dragon groan faintly sounded in the clouds!

At this moment, a bit of resentment flashed in Zhou Chao's bleak eyes in the clouds, and in his **** and trembling hands, he held a formation disc that inspires a large formation!

Chapter 2302: Blood Causality

"Die! Lingwu ants! Dare to hurt Laozi! Die!"

After exhausting his last strength and stimulating the great formation, Zhou Chao finally closed his eyes and passed out completely, and his body began to fall!

But Ye Chen frowned when he looked at the electric lights and dragon-shaped phantoms around him at this time, and he felt a trace of dignity. His eyes were condensed, his hand turned, and he held the beastly sword in his hand.

Then he said in a deep voice: "Brother Fan, come to me, let's rush out!"

Chen Zhifan moved closer to Ye Chen, and at this moment, a dragon shadow roared, flying towards Ye Chen with thunder in the sky!

This is too virtual power!

Ye Chen grabbed Chen Zhifan with one hand, used his body skills, and rushed towards the depths of the clouds, while his spiritual power turned wildly, the cold light of the beast sword in his hand cut out a sky-shattering sword light!

"Break it for me!"

At the same time, the powerful spiritual mind was released instantly, locking the exit of the big formation!

The dragon shadow wailed and was smashed by Ye Chen with a single sword, but soon there were more dragon shadows, wrapped in infinite thunder light, attacking towards Ye Chen!

Suddenly, amidst the clouds and mist, the wind and thunder were violent, the cold glow was shining, and the dragon cried continuously!

...

Wanjian Emperor Palace.

Ice Sword Saint King's eyes closed tightly, and in front of him was a chessboard.

On the chessboard, there was already a sunspot.

Obviously, the Ice Sword Saint King is waiting for someone.

I don't know how long it took.

Suddenly, above the main hall of the Ten Thousand Sword Emperor's Palace, a void cracked open.

An old man with a hip flask on his waist quietly fell down!

This person is the eternal holy king outside the demon clan not long ago!

And this time the Eternal Saint King appeared, obviously the Ice Sword Saint King used a spell to contact!

The eternal holy king looked serious, sitting before the chessboard, and dropped a white piece.

Then, a mouthful of spirit wine was in the entrance.

"You burned your blood and told me, what's the matter?"

The Ice Sword Saint King told all the things Xia Ruoxue had seen before in the Valley of the Demon and Demon, and even showed the eternal Saint King the image of the idol painted by Xia Ruoxue himself.

The Ice Sword Saint King knew that if anyone in the world could know the intention of the Kingdom of God, it must be the eternal Saint King.

The eternal holy king took the picture of the idol and stared at everything on it, with a sad expression on his white eyebrows.

His body was trembling faintly!

That is endless anger!

The Ice Sword Saint King felt a little in his heart: "Yong Lao, what is going on in the Kingdom of God?"

"Snapped!"

The eternal holy king smashed the image of the idol directly on the chessboard!

The chessboard is shattered! Countless chess pieces turned into powder!

"The beasts of the Kingdom of God! This is murder!"

"They know that they can't survey Ye Chen's existence, let alone shake Ye Chen!"

"They already know in their hearts that everything in the Kingdom of God will be destroyed in Ye Chen's hands!"

"So, they don't hesitate to use the blood-stained causal formation! This is the ancient taboo formation! They actually violated the principle and used this to fight Ye Chen!"

"Bastard stuff!"

Ice Sword Saint King's face instantly paled!

This turned out to be the legendary blood-stained causal formation!

The resources and cost used by this array are enormous!

It is impossible for ordinary forces to display!

Even the kingdom of God!

Because once the Kingdom of God is used, it means that forty-nine members of the Divine Kingdom will fall!

Forty-nine Slashing Evil Realm only died in exchange for a Star Aperture Realm!

This God Kingdom Tiandao Palace is crazy!

The eternal saint king took a sip of wine! Murderous release!

"The **** of the Kingdom of God are really smarter!"

"Knowing that Ye Chen's cause and effect cannot be surveyed, I use his masters as a guide!"

"And those stone statues, I'm afraid they all contain the essence and blood of Master Ye Chen."

"At the moment, this blood-stained causal formation seems to have just been deployed, and the power has not yet gathered."

"But as long as there is enough time, once the blood-stained causal formation is activated, it will break the shackles of cause and effect and the inability to detect Ye Chen! By then, Ye Chen alone will have to withstand the strongest blow of forty-nine Slashing Realm! "

"Damn it!"

How could the eternal holy king not be angry!

Ye Chen grew up watching him all the way!

From the moment Ye Chen was born, he hid in the dark to observe Ye Chen.

He does not interfere with everything about Ye Chen.

I only hope that Ye Chen grows on his own!

After finally waiting for Ye Chen to come to Lingwu Continent, he didn't expect to encounter what was in front of him!

Once the time is right and the formation arrives, Ye Chen will never be able to resist!

Everything you have done before will give up your previous work!

The eternal holy king paced back and forth anxiously, this time, he couldn't help Ye Chen!

This is a murderous fate!

Tiandao Palace really fought back!

Like a mad dog!

The Ice Sword Saint King came to the Eternal Saint King: "Forever, what should I do next?"

"In fact, this is not a bad thing, at least it proves that there is no accident with those great powers. Once something goes wrong with the great power, the blood-stained cause and effect array is destroyed."

"Hey, the kingdom of God traps those great abilities, thinking that it can curb Ye Chen's growth causally, but I don't know that the connection between those great abilities and Ye Chen is the divine mind intercepted by the reincarnation cemetery."

"Now, the kingdom of God can't wait any longer..."

The Eternal Saint King suddenly stopped, took a sip of wine, and sat directly on the threshold of the Ten Thousand Sword Emperor's Palace, looking up at the sky, and said: "This calamity can only look at Ye Chen and his friends."

Bing Jian frowned slightly: "Ye Chen's friend?"

The eternal holy king nodded: "Yes~www.mtlnovel.com~ It is difficult to rely on Ye Chen alone to fight against the kingdom of God. If his friends grow up enough, it may really be possible to contend this blood-stained causal formation."

"Innate Poison Body Ji Lin, Heaven Defying Dragon Vein Ye Luoer, Yankun, the last member of the Universe Protoss, I have cultivated in the dark, and I will let them grow the fastest."

"Of course these are not enough, the girl around that kid is not easy."

"The resources and secrets controlled by the palace owner of the Absolute Cold Imperial Palace are equal to half of the kingdom of God."

"That girl Ji Siqing, the blood in the body and the memories of previous lives will slowly awaken, and the future is limitless."

"There are so many people who cannot be ignored."

"The most important thing is, don't forget, the blood dragon in Ye Chen's body and the mutated ancient lion demon war god... these two guys are not simple."

"And the ancient demon emperor who is about to wake up in the Lingwu Continent Demon Clan..."

"It is not impossible if all the strengths of all people join together to break the formation."

"Of course, there is one last way out."

"Blood-stained Causal Array is the second time in the history of the Kingdom of God, as for the first time..."

A smile suddenly appeared on the corner of the Eternal Saint King's mouth.

What the Ice Sword Saint King thought of, his eyes were horrified, and he said, "You mean the kid who broke through the Heavenly Dao Palace and killed the previous Palace Master with a single sword? Is this true? Isn't it a rumor?"

The eternal holy king nodded: "How can there be so many rumors in the world, do you think holes can really come from?"

The Ice Sword Saint King suppressed the shock in his heart, and continued: "Where did that kid go after he killed everything? If he can completely solve Ye Chen's dilemma!"

The Eternal Holy King smiled: "The Kingdom of God can't trap him, but he first laid out this game, and he was the first to find me."

Chapter 2303: Boy Ren's Bureau

This site has opened a novel subscription function. You can subscribe to your favorite novels. If there is any update in the subscription novel, we will notify you by mail as soon as possible! Remember to set up your email address!

"He naturally has his reasons."

"As for where it is, it is not something we should know."

"If anyone in the world knows, it should be Ye Chen's grandfather."

The Ice Sword Saint King's eyes were solemn: "It's a pity that Ye Chen's grandfather has fallen in China, hey."

The eternal holy king smiled mysteriously: "Ice Sword, you have lived for thousands of years anyway, a person with an eternal layout, really easy to die? Even if you die, what about?"

The Ice Sword Saint King's body was startled, and he thought of something: "Yong Lao, you mean the grandfather who died in Huaxia was just a clone?"

There is not much difference between the clone and the body.

But the strength will be weaker than the body.

This is the only explanation.

The eternal holy king picked up the jug and began to chant:

"Don't ask Qikuo, a lonely monk.

Laughing for no reason and crying for no reason, even if there is joy, it is like ice. "

...

At this time, on the beach of Feilei Island, there were many men and women talking and laughing with each other.

Suddenly, they were all attracted by the vision in the cloud.

His face couldn't help showing shock!

They know that this is a sign of the opening of the big formation!

Could it be that someone so boldly dared to break into this Tianchen auction?

On the surface of the sea not far away, there was a thumping sound, and a figure fell into the sea!

They can see clearly, that seems to be the person in charge of reception at Tianchen Auction House, right?

At this time, Xu Sheng and Song Rou were also standing on this beach.

Xu Sheng held a communication jade charm in his hand and asked with a smile on his face: "Are you sure, Ye Chen, really came in?"

Among the jade charms, a respectful voice came out: "Yes! The little one has been outside Feilei Island for several days, just saw it with his own eyes!"

"okay, I get it."

Xu Sheng cut off Yufu's communication, turned his head and smiled at Song Rou who was on the side: "It seems that our Young Master Ye can really cause trouble."

He knew that the vision in front of him, and the figure falling into the sea, all showed that Ye Chen had a conflict with Tianchen Auction House.

As for Ye Chen's defeat of the staff at Tianchen Auction House, Xu Sheng did not take it seriously.

After all, it was just a low-level figure who was the gatekeeper. In other words, he was confident to defeat him.

He looked at the surging clouds and mist, with a mocking smile on his face, and said playfully:

"Young Master Ye, don't you die so quickly in this big formation? That way, this young man can't get rid of your anger! My young man, but I have arranged a lot of programs for you."

At this time, a man who looked in his thirties, had a dark complexion, sunken eye sockets, a thin body, but a very tall skeleton, was staring at the lightning and thunderous clouds with a gloomy expression.

At his feet, there was a comatose man who was soaked and lying, it was Zhou Chao who had just been picked up from the sea by him!

Although Zhou Chao is nothing but a waste, it is also a waste of his kingdom of God! And he is Guan Shen's subordinate!

How dare someone with Lingwu dare to attack it?

This is not about Tianchen auction, not about the kingdom of God, and not about yourself!

It stands to reason that he should stop the big battle now to see what the situation is with the people.

However, Guan Shen did not do so.

On the beach, the people who came to the auction began to talk.

"Is that great formation opened? As far as I know, this great formation is called Tianyun Thunder Dragon Formation! It is an ancient formation! Not only does it cover a wide range, but it is also very powerful! You must be afraid of the beginning of the virtual! The people inside are miserable!"

"Hehe, it's more miserable? I don't know who it is, so ignorance clashed with the people of the kingdom of God, and wounded them? Now the big battle has no intention to stop, obviously he has angered the people of the Tianchen auction site !"

"Hehe, then he must have suffered a lot. The Cloud Thunder Dragon Formation is not so good this day! Even if he can resist it, it will make the door-blocking existence very difficult, and endless attacks, wanting to find Exporting is also extremely difficult!"

"Take a bit of a hardship? I see, even if he is trapped until the auction ends, it is not a strange thing, and even if he can persist in the big formation for so long, the foundation must be damaged!"

A man shook a folding fan with a look of Zhizhu in his hand. He vowed to say: "Yes, according to my calculations, it will take at least a day for this person to break through this big formation!"

But he hadn't finished speaking yet, at this moment, in the mist, suddenly it seemed to be boiling, and it rolled violently, and then a big hole was broken!

In the big hole, a golden light flashed, and two figures fell on the beach.

The young masters and young ladies of the top Lingwu forces are all dumbfounded!

Moreover, they noticed that Ye Chen and Chen Zhifan, the highest cultivation base is only the cultivation base of Star Aperture Peak!

Haven't even touched the door closed!

This is the Tianyun Thunder Dragon Formation of the ancient gods formation!

Now, how long has it passed?

One minute?

This person broke the big array? Or a star warrior?

This... simply subverted their thinking...

It's like you are suddenly surrounded by a heavily armed army~www.mtlnovel.com~ and you only have a dagger in your hand! No one thinks you can break through, right?

But now?

The fact is that Ye Chen walked out of it calmly after spending less than a minute!

It's as if this god-level formation is just like a fake!

Even Xu Sheng's eyes flashed slightly and his expression became more solemn.

As soon as Ye Chen and Chen Zhifan landed, a figure flashed in front of them.

Guan Shen held Zhou Chao's body and threw it in front of Ye Chen and Chen Zhifan and said, "You hurt this person?"

Ye Chen glanced at Zhou Chao and said lightly: "It's me."

Guan Shen stared at Ye Chen and sneered: "Aren't you very upright? Do you know what the end is for the staff of our Tianchen auction house to shoot casually?"

Ye Chen looked at Guan Shen with a smile but a smile:

"What's the end? We are the guests invited by your Tianchen auction house, and this person? Not only prevents us from entering Feilei Island, but also actively asks me to pick him up. Hehe, but I didn't expect the famous Tianchen auction The staff of the field, but the strength is so rubbish?"

One move, I was beaten like this! What did you say to pick him up? Do you mean that only our Lingwu people are allowed to be injured by you, and we are not allowed to fight back? Could it be that you look down on our Lingwu people? "

Ye Chen didn't deliberately lower his voice, everyone on the beach could hear clearly!

As soon as Ye Chen's voice fell, everyone's eyes screamed, all focused on Guan Shen's face!

Although these people are all Lingwu's top powers, and many of them are rather domineering and arrogant, they are still people from Lingwu Continent after all!

Chapter 2304: eccentric!

The people of Lingwu can look down on each other themselves, but what if the people of the kingdom of God openly look down on all the people of Lingwu? Haha, sorry, even these rich boys are arrogant and spineless!

Never give up!

"There should be a record of what happened in this god-level formation? If you don't believe it, you can check the record?"

Ye Chen said with a smile.

This deep level of cultivation is very high, which is not comparable to that of Zhou Chao's small characters. It has reached a too imaginary cultivation base, and it can be considered to have some status in this Tianchen auction house.

It wasn't that he was afraid of the depth, but if the contradiction was further aggravated, he would really be driven out of Feilei Island by the Tianchen Auction. This was not what he wanted to see.

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

At this time, Guan Shen's complexion was already extremely ugly. He quietly glanced at the complexions of everyone around him, and offended one or two Lingwu people, it's nothing, but if he offends so many people at the same time, even if it is He will definitely receive severe punishment from above!

At this moment, a charming female voice suddenly sounded behind Guan Shen: "Senior Guan, they are friends of our son, can you not care about our son's face?"

Guan Shen's eyes lit up when he heard the words, and turned his head to look behind him, only to see a woman with an extremely charming face standing behind him. This woman he knew was a woman brought by Xu Sheng from the top Lingwu family!

Xu Sheng invited him to drink when he first came to this Feilei Island!

Although he and Xu Sheng didn't have any friendship, didn't he just borrow a donkey to go downhill at this time?

He immediately smiled and said: "Since it is the face of Young Master Xu, I still have to give it to him, but where the duty lies, I still have to check the identities of these two people!"

Song Rou smiled and said, "That's natural, Senior Guan, please."

Guan Shen pretended to check the tokens and the information on the board of Xuan Xuan. Then he straightened his face and nodded and said: "Very well, no problem. It seems that there is some misunderstanding. Let's forget about it."

After that, he took Zhou Chao's body, turned and left.

Ye Chen's eyes flickered slightly at Song Rou, this son of Xu, a good method!

He asked this woman to persuade her to make peace. Not only did he gain a face in front of a group of top celebrities, but he also sold it to Ye Chen and Guan Shen at the same time!

Moreover, as long as this Guan Shen is not a fool, it is impossible to reject him at this time!

At this moment, Song Rou walked to Ye Chen's body and said with a charming smile at Ye Chen: "I have seen two young masters. My name is Song Rou."

Ye Chen nodded and replied, "Thank you Miss Song for her help. I am Ye Chen."

But Chen Zhifan stared at Song Rou's pretty face, but he was taken aback for a while, and he didn't speak for a while!

"Brother Fan?" Ye Chen couldn't help but gave Chen Zhifan a weird look. What happened to Brother Fan?

Do you like this woman? Although he knew that Chen Zhifan was not someone who would lose his mind for such a woman, he couldn't help but feel a little funny in his heart.

It's not that he looks down on Song Rou, it's just that this woman is too charming! Moreover, it is the kind of coquettish that has penetrated into the body!

Although, Senior Sister Zi Ning also looked very feminine and seductive, even more feminine than Song Rou!

However, Ye Chen knew that a large part of the reason was because of Zi Ning's physique. In essence, Zi Ning was a very pure and clean woman.

Still an unmanned virgin.

And this Song Rou? She has no special physique, so this kind of charm can only be exercised the day after tomorrow.

How to exercise? Needless to say too much?

Although Ye Chen has no prejudice against such a woman, it is only a personal choice after all, but no one likes to wear shoes that others wear, do they?

Especially for men.

Only then did Chen Zhifan react, and said to Song Juu with an awkward expression: "Hello, my name is Chen Zhifan, thank you."

Song Rou smiled and said, "You don't have to thank me, it's all our son's meaning. By the way, you don't know where to stay, right?"

Originally, there will be staff from Tianchen Auctions leading you there, but you also know what happened just now. Why don't you take me there? "

Ye Chen nodded and said, "Also, there is Laosong girl."

Then, Song Rou led Ye Chen and Chen Zhifan to the pavilions built on the island for the people participating in the auction, and soon they came to a place with countless beautiful pavilions, and the surroundings were still floating. Faint clouds and mists, sparkling, like a fairyland.

I have to say that no matter how these people of the Kingdom of God think of the people of Lingwu, the superficial skills are still very good.

Even if Ye Chen saw these lofts at first sight, he had to sigh for their exquisiteness and uniqueness. He can be said to be well-informed on the Lingwu Continent. He has seen various architectural styles, but none of them. In exquisite elegance, it can be compared to the pavilions built by Tianchen Auction Site.

Song Rou led Ye Chen and Chen Zhifan to choose a loft to live in.

Ye Chen had just entered his room, ready to meditate and adjust his breath, to recover the consumption when he broke out just now.

Outside the door, there was a sudden knock on the door.

Ye Chen raised his eyebrows and opened the door.

Standing outside the door was the charming woman, Song Rou.

Ye Chen asked with some doubts: "Miss Song, what else do you have?"

A slightly injured expression appeared on Song Rouqiao's face: "Young Master Ye, won't you let me in first?"

Ye Chen was taken aback for a moment, then turned sideways and said, "Sorry."

Although ~www.mtlnovel.com~ he has no particular thoughts about Song Rou, but no matter what the reason is, Song Rou helped him just now. Ye Chen has always been a person with clear grievances and grievances, so he would naturally treat each other with courtesy.

And when Song Rou passed by Ye Chen, she didn't know whether it was intentional or unintentional. Her body was extremely close to Ye Chen, and the pair of softness on her chest rubbed Ye Chen's arms if nothing happened!

Ye Chen's pupils shrank, and he glanced at Song Rou's graceful, rugged, and extremely irritating back.

Although he didn't mean anything to Song Rou, he was also a normal man!

Song Rou's appearance may be worse than that of such peerless beauties as Zi Ning, Ji Siqing, Xia Ruoxue, and Chu Ying, but it is far surpassing the ninety-nine percent of the girls in Lingwu Continent! !

Moreover, from the temptation alone, the lethality on men is even greater!

As soon as Song Rou entered the room, she sat on Ye Chen's bed rather casually, with one arm gently placed on the edge of the bed, propped up her body, and put out a rather lazy, temptation Looking at Ye Chen in a posture, the thin vermilion lips on the pretty face slightly opened, and his small face was slightly sideways, winking like silk.

Chapter 2305: humiliation!

Ye Chen looked at Song Rou, frowned, and stood still in the room.

In this situation, he dare not go too close! why?

Just one word, Sao!

It's so showy!

But Song Rou smiled at this moment and said, "What's wrong, Master Ye? Come closer, I have something to tell you."

"Uh, if you have anything, just say so..."

Ye Chen really didn't understand, what on earth did this woman want to do!

Is it love at first sight? I didn't do anything!

But Song Rou pouted a little aggrievedly and said, "Young Master Ye, don't you like Rou'er so much? I don't know how to eat people. Can I not even come closer?"

"This..." Ye Chen hesitated for a moment, and then approached a little bit: "This way, okay? Is there anything wrong with you, Miss Song? Or, is not feeling well?"

He felt that the reason Song Rou was doing this was not because of something wrong with his brain, maybe because something was wrong with her body...

He hasn't been narcissistic enough to think that his charm is so great.

Song Rou smiled seductively and said, "Master Ye, you can see this? Rou'er is indeed a little uncomfortable. Master Ye, can you help me see it?"

Ye Chen smiled bitterly: "This, isn't it a little inconvenient? If you feel sick, it's better to see the doctor. Besides, Miss Song, you should be Xu Gongzi's woman?"

Song Rou's expression on her pretty face changed when she heard the words, and she also converged somewhat, and she was a little silent for a while.

Ye Chen refused to take it for this reason, she knew it would be useless to continue speaking, she could only take the insult to herself.

Seeing Song Rou's expression, Ye Chen knew that his words hurt her a little, so he couldn't help scratching his head and said, "Miss Song, you still talk about what is going on..."

Song Rou hesitated for a moment, and lowered her head and said, "Actually, I want Master Ye to accompany me to a reception..."

"You think?" Ye Chen said with a faint smile, "Is it because Young Master Xu thinks?"

Song Rou still wanted to defend, but Ye Chen stretched out her hand to stop her: "No need to say anything, I won't go to this wine party."

He didn't really like this so-called rich reception. If this Young Master Xu used normal methods to invite him, he might still agree to Song Rou's help.

But, now let his own woman play this hand for him?

Even if this Young Master Xu wasn't ill-intentioned, his character Ye Chen would really look down upon him.

Is it necessary to attend this kind of reception?

Song Rou looked pale again when she heard the words, looking at Ye Chen, she wanted to talk but stopped.

Ye Chen's expression was faint, and he didn't mean to change his mind at all and said, "Okay, Miss Song, please go back."

Song Rou had to stand up and walked toward the door with heavy steps. She knew that she hadn't completed the things Xu Sheng had explained, and if she went back like this, she would not end well.

"Right." Ye Chen suddenly called Song Rou again.

Song Rou hurriedly turned around, looking at Ye Chen expectantly on her pretty face.

Ye Chen just poured himself a cup of spiritual tea, without looking at Song Rou, and said lightly: "I kindly remind you, what son of Xu, you should leave him as soon as possible, stay for a long time, to you No good."

A moment of disappointment flashed in Song Rou's beautiful eyes, and she reluctantly smiled: "Thank you Ye Gongzi for reminding me, Rou'er remembered it."

After that, turned and left.

go away? Can you leave it? Even if she can leave Xu Sheng, this luxurious lifestyle has completely captured her and will never return to the past. Even if she leaves this Xu Sheng, she will look for the next Xu Sheng, right?

Ye Chen sighed softly. He felt that Song Rou's essence was not bad, but it was a pity that she met the wrong person and couldn't stand the temptation and delayed herself. Now it's hard to turn around.

After Song Rou left Ye Chen's room, she headed in a certain direction outside the attic.

The cocktail party is about to begin now, right?

She should have passed by too. I hope that at the reception, Xu Sheng will not punish her too much for not inviting Ye Chen...

However, Song Rou didn't notice, a shadow quietly followed her behind...

Soon, Song Rou heard a burst of laughter and talk from afar.

Walk in a little further and see a separately built luxurious palace appearing in front of you.

Inside, there was a burst of strong aroma of wine and celebrities talking and laughing.

Song Rou walked in, and just stepped into the palace when she heard a man's call.

"Rouer, are you here? Come here, let me introduce you."

Song Rou's body trembled, it was Xu Sheng's voice.

However, she had to hold up a smile and walk in the direction of Xu Sheng.

Although Xu Sheng still kept a smile, his eyes flashed with cold light.

He didn't see Ye Chen!

This **** can't even do this thing?

Seeing Xu Sheng's expression, Song Rou's heart burst out!

Xu Sheng smiled at a fair-skinned, obese man with a gluttonous face and a pair of small eyes, and said, "Master Xiang, this is my friend named Song Rou. The daughter of Sect Master Bai Yuan."

Gongzi Xiang laughed, and stretched out a hand to Song Rou: "Hello, Miss Song, you are so beautiful and sexy, hehehe, Brother Xu, you are really gorgeous, I am so envious. You!"

In Song Rou's beautiful eyes, there was a faint look of disgust, but she still stretched out her hand generously and held Master Xiang's hand, but the next moment, her pretty face turned white, and she seemed to look aside Xu Sheng for help.

This Young Master Xiang unscrupulously kneaded Song Rou's small hand, and the look on his fat face was very wretched!

But at this time, Xu Sheng ~www.mtlnovel.com~, as if he hadn't seen it, continued without paying attention: "Rouer, this is the second young master of Nangang Xiang's family, one of the top families in Lingwu mainland. The sea is over, what are you doing without a toast to the son? These wines are all top quality, usually you never have a chance to drink it in your life."

Song Rou's heart was already cold at this time, but she still tried to keep her smile, she didn't dare to show even the slightest dissatisfaction. At this moment, when it comes to toasting, Song Rou dared to pull her hand out of Xianghai's hand and lift it up. Two glasses of spirit wine on the table, handing one of them to Xiang Hai, smiled at Xiang Hai:

"Xiangzi, Rou'er toast you a cup."

Afterwards, drank the spirit wine in his hand!

A glass of spirit wine entered her throat, and Song Rou's pretty face immediately turned red!

The footsteps are shaking slightly! !

Although Song Rou's cultivation is not bad, reaching the Star Aperture Realm, these spirit wines are not ordinary spirit wines!

Very very strong!

Chapter 2306: The show begins!

If she tastes slowly, she can still drink it up like this! With her cultivation base, it is too much!

What about Xiang Hai? After taking a sip for Wei Wei, she smiled and looked at Song Rou. With Song Rou's identity, he naturally couldn't really drink with her on this occasion.

But Song Rou took a few deep breaths before she managed to hold onto her spirit. This spirit wine was terrible!

As soon as she entered it, it turned into a very strong spiritual energy, surging violently in her meridians, and even her meridians were in pain!

Fortunately, she only drank one cup. If she drank a few more cups, even her meridians might burst and the foundation might be damaged, right?

Just as Song Rou barely suppressed the aura that ran away from her body, Xu Sheng on the side looked at him coldly, and said coldly: "Song Rou, did you accompany the son to drink like this?"

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

Song Rou's expression changed: "Uh... Young Master Xu, what's wrong with me?"

"What's the matter?" Xu Sheng narrowed his eyes, staring at Song Rou coldly, and suddenly shouted loudly: "What else!? What do you think you are? Is it comparable to Master Xiang? You respect Master Xiang. Wine, just drink a glass by yourself? Haha, aren't you insulting Master Xiang?"

As soon as Xu Sheng said this, everyone present looked at Song Rou with a smile. Their eyes were all playful, funny, and watching a good show.

They have seen a lot of this kind of scenes, to put it bluntly, a woman like Song Rou with insufficient status, forcibly squeezing into their circle can only be used as a recreational plaything.

Among them, no one had the slightest pity in his eyes, and no one wanted to help Song Rou by words.

Who would have pity for a toy?

Song Rou bit her lip tightly. She knew Xu Sheng was punishing herself for not bringing Ye Chen, so she deliberately embarrassed her in front of these rich men!

If Xu Sheng could treat her well on the surface on this occasion, then even if others didn't look down on her in their hearts, they would treat her with courtesy for Xu Sheng's face.

What now?

She knew that as long as she made a fool of herself in front of these people once, she would never be able to hold her head up, and she would only be treated like a plaything for the rest of her life!

However, she still had to drink it! Even if you drink another drink, you may hurt her meridians!

Because she knows that if she doesn't drink it now, she doesn't give Xu Sheng face, and she doesn't give Xu Sheng face. Her fate can be compared to being a plaything, which is countless times more miserable!

At that time, even death would be considered a relief for her, right?

She was scared, scared from the bottom of her heart!

So Song Rou stretched out a hand, shaking, and once again raised a glass of spirit wine...

She stared at the spirit wine in her hand, as if she was looking at a glass of poison!

Maybe it would be better if it were poison!

As we all know, the feeling of the whole body meridians being burst by spiritual energy, but it is painful!

"Why? Drink it?" Xu Sheng looked at Song Judo playfully: "Don't forget to show your courtesy to the son, you have to drink it all."

Song Rou took a deep breath and drank the spirit wine in her hand again!

After taking the spirit wine, Song Rou took three steps in a row, shaking her footsteps, and her skin started to turn red!

She now feels exhausted even to breathe!

The endless spiritual energy rushed through her meridians, and the whole body was extremely painful, and her aura was incomparably disordered. However, after a while of struggle, Song Rou relied on her fairly good foundation, and she was lucky to get this cup of spirit. The spirit of wine is suppressed!

She breathed a sigh of relief. If she could stop here, not only would it not damage her body, but on the contrary, it could be regarded as a big tonic, which would have no small benefit! After going back, the spiritual energy is completely refined, maybe they can break through a small realm!

However, those wealthy children gave out a disappointed hiss.

This is not the result they want to see!

They want to see Song Rou rolling all over the floor because of pain, begging for mercy, licking their feet like a bitch, begging them to let go of her appearance, that's fun!

At this moment, a figure walked into the palace.

The guard at the door glanced at the man, raised his hand, as if he wanted to reach out to stop him, but after thinking about it, he let it go.

And this person turned out to be Chen Zhifan!

The guard was also on the beach at the time and saw Song Rou said that Chen Zhifan and Ye Chen were friends of Master Xu.

Therefore, he does not intend to block.

After Chen Zhifan entered the palace, he walked straight towards Song Rou's location.

At this moment, Song Rou raised her face, barely squeezed out a smile, and gleefully looked at Xu Sheng, wanting to say something.

But Xu Sheng looked at him with a sneer, and said without any emotion: "Continue drinking, did I stop you?"

Song Rou's heart paled completely, tears swirling in her beautiful eyes, extremely desperate.

With another drink, she would not have any chance of restraining the violent Reiki!

Her meridians will definitely be burst!

She has been with Xu Sheng for two or three years, and she thought Xu Sheng would have such a slight feeling for herself.

But now it seems, no, not at all!

In his eyes, he is really a plaything at the end!

Song Rou was heartbroken, but had to stretch out her hand again, holding a glass of deadly spirit wine, her pretty face was full of pain and sorrow, and she was about to drink that glass of spirit wine.

But at this moment, a hand stretched out.

A man's hand.

In Song Rou's most desperate moment, this hand grabbed Song Rou's wrist.

For an instant, time seemed to stand still.

Song Rou turned her head to look, and she couldn't help being surprised.

This person turned out to be the man who came with Ye Chen?

Why does he appear here?

What is he going to do?

Countless questions emerged in Song Rou's heart.

But Chen Zhifan didn't say much, he just grabbed the wine glass in Song Rou's hand, and at the same time, drank the glass of wine in one go!

Silence~www.mtlnovel.com~ Death-like silence, all the wealthy princes looked at this sudden appearance of Chen Zhifan in a playful manner.

They knew that there was another good show.

This star-aperture martial artist, who had never seen him before, hit Xu Sheng in the face!

But Xu Sheng's expression seemed a bit interesting, because he recognized this person too, it was the person who came with Ye Chen!

Chen Zhifan looked at Xu Sheng and said lightly: "Master Xu? Thank you for being on the beach for helping us. I will toast you a glass."

At the same time, he glanced at Song Rou and said, "Go to Ye Chen."

With Xu Sheng's cultivation base, even though Chen Zhifan was talking about it, he still heard it, but he just smiled and didn't stop it.

Isn't it his purpose to let Ye Chen come?

Chapter 2307: Ignore it completely!

Song Rou hesitated for a while, looking at Chen Zhifan's face, there was an inexplicable worry in her heart, and she immediately showed the color of determination, and flew away from the palace!

Seeing Song Rou leave, Xu Sheng smiled and said, "Um... it's Chen Zhifan, Master Chen, right? It seems that Master Chen was very thirsty just now?"

You even snatched the glass of wine in Song Rou's hand to drink? Well, in that case, how about a few more drinks? Otherwise, Brother Ye will be here for a while, and we must blame us for not knowing how to treat guests, right? "

Ye Chen didn't know who this son of Xu was. It didn't mean that Chen Zhifan didn't know. Chen Zhifan not only knew that he came from the Xu family in Beihai, but also knew that Xu Sheng was the genius who originally made the Xuan list and was replaced by Ye Chen!

He instantly understood Xu Sheng's intentions, but he still chose to let Ye Chen come here.

Originally, he would never implicate Ye Chen, but since he had already walked into this palace and saved Xu Sheng's face, Xu Sheng would not let him go easily.

Chen Zhifan knew that if he was seriously injured and humiliated in Xu Sheng's hands, then Xu Sheng would only end up with death!

Ye Chen will kill Xu Sheng!

In this way, the consequences are very serious! The Xu family in Beihai is terrifying!

Therefore, he chose to let Ye Chen come, and Ye Chen faced Xu Sheng directly. Xu Sheng might still save his life, wouldn't he?

At this time, Chen Zhifan smiled and said: "Such a good wine, since you are willing to let me drink it, I will naturally not stop drinking it."

With that said, he picked up a glass of spirit wine and drank it all in one go! It seems that there is no effect at all if the face is not changed.

Chen Zhifan's cultivation base is similar to Song Rou, but his strength can be said to be farewell!

His foundation, inheritance, and aptitude are not comparable to Song Rou.

However, after drinking another drink, Chen Zhifan stared at Xu Sheng and said lightly: "Don't you drink Master Xu?"

Xu Sheng smiled when he heard the words, picked up a glass of spirit wine, took a small sip, and smiled: "Brother Chen, continue, oh, I'm not very thirsty yet, I drank a little, don't be surprised."

Chen Zhifan stared at Xu Sheng coldly for a moment, then picked up a glass of spirit wine and drank it in one go!

And Xu Sheng?

With a smile on his face, he took another sip!

Ye Chen, who was cultivating, heard another knock on the door, and he was still very hard and hurried!

Can't help frowning! He ignored it and continued to practice because what he felt outside the door was Song Rou's breath.

Is this woman really entangled?

However, even if Ye Chen did not answer the door, the knocking outside the door was louder!

And, almost smashing the door! Still smashing the door one after another!

After waiting for a few minutes, the door slamming still never stopped, and Ye Chen was finally overwhelmed by the noise!

He stood up angrily, opened the door, and shouted at Song Rou, who was anxious and even tearful outside the door:

"Are you annoying! I told you that I won't go to your cocktail party! Tell you Master Xu to give up! I have no interest in people like him at all! Understand?"

However, suddenly he found that Song Rou's expression was a bit wrong.

Song Rou cried loudly and yelled anxiously: "Young Master Ye! Young Master Chen went to the reception! He also offended Young Master Xu! He! He!"

For a moment, Song Rou was too anxious to speak!

"What!?" Ye Chen's powerful spirit swept away, and Chen Zhifan was not in the room as expected! Now his expression changed slightly!

Although Chen Zhifan has the Horcrux that he gifted to him in the face of ordinary martial artists, he should still have a chance to fight, but is he facing ordinary martial artists?

What he is facing is the genius who was originally on the black list!

Even if it's only the hundredth, its strength is not comparable to that of ordinary martial artists.

Although Ye Chen's soul skills are so powerful, it is no problem to kill Xu Sheng in seconds, but if the Horcrux is used by Chen Zhifan, it will not be able to exert such great power!

Immediately, he became anxious, and asked Song Rou, "Where is the reception?"

Song Rou just stretched out her finger and pointed in a direction, Ye Chen stretched out her hand, and the wind and thunder all over her body turned into a golden thunder, disappearing in the same place instantly!

And in the reception.

At this time, Chen Zhifan had already drunk hundreds of glasses of spirit wine!

This made Xu Sheng a little bit surprised! Is this guy a monster? The cultivation base of the Star Aperture Realm, and even drinking hundreds of cups of this superb spirit wine is still the fuck?

For ordinary people, let alone hundreds of cups, just pour the ordinary cup, two or three cups with a better foundation, the kind of star-aperture warrior who can be called a genius and enchanting, you can drink at most a dozen cups!

Even Xu Sheng himself, if he is in the same realm, can't guarantee that he can drink twenty cups! But certainly not more than thirty cups!

And what about Chen Zhifan? It's almost five times as much as one's own! Is that human being?

However, Xu Sheng could also see that this guy was finally reaching his limit. At this time, Chen Zhifan was already blood-red and blood-red, and UU reading www.uukanshu.com seemed to be bleeding!

Drink it again, even if his meridians are extremely tough, it will burst completely!

In fact, countless cracks have appeared in his meridians, and his whole body is very painful. It depends on its foundation to be strong, and the meridians are tough and strong!

The reason why he endured it till now was that he didn't want to do anything with Xu Sheng! But now, he knew the limit was reached!

And the celebrities around were already dumbfounded!

Finally, Chen Zhifan no longer stretched out his hand to serve the glass. While frantically suppressing the vitality in his body, he coldly said to Xu Sheng: "Master Xu, I won't drink anymore."

Xu Sheng was intent on killing, and smiled: "Don't drink it? Stop drinking so soon?"

His voice suddenly became cold for a few minutes, and he shouted: "I see, you **** stop drinking, you don't want to give me Xu Sheng face! You don't drink? Yes! You just robbed my woman of wine, what? Meaning? Deliberately sweeping my face? Now, kneel down and apologize to Lao Tzu. If I am in a good mood, I can let you go!"

When Chen Zhifan heard the words, there was a moment of silence, his wrists turned, and an iron sword that looked a little rough appeared in his palm.

Above this iron sword, there was only a hint of spiritual energy fluctuations.

When all the celebrities saw this, they all looked contemptuous. What kind of junk weapon did this guy use? Only a few people's eyes flickered, looking at the iron sword, there was a dignified flash in their eyes.

When Xu Sheng saw this, he burst into laughter and said contemptuously: "Do you still want to do something with this son? What kind of **** do you have? You seem to represent Shenhua Academy? Your academy is so poor? If you don't talk about the real artifact, you can't afford it?"

However, Chen Zhifan focused his mind, sinking his soul into the Horcrux, striving to exert the greater power of the Horcrux! I completely ignored what Xu Sheng said!

Chapter 2308: At a loss!

This site has opened a novel subscription function. You can subscribe to your favorite novels. If there is any update in the subscription novel, we will notify you by mail as soon as possible! Remember to set up your email address!

Xu Sheng's expression sank. By this time, Chen Zhifan would dare to ignore himself? Did everyone dare to treat themselves with this attitude after being squeezed from the Xuan Xuan list by a star-aperture waste?

Vaguely, he seemed to hear the comments and laughter of other celebrities in the palace. Originally, he wanted to attract Ye Chen to the reception this time, so he wanted to find face in front of everyone and stepped Ye Chen under his feet. Ye Chen will be the laughingstock, not himself!

But now? When Chen Zhifan came, he added another to his laughing stock? How can this make him bear?

WINK to \$1: Secure Your Spot Now!

Xu Sheng yelled: "Die to me!!!"

After that, the whole body was full of breath, and a lion roar came out from behind, and behind him appeared a lion-like phantom beast, exuding extremely powerful pressure!

This strange beast is not an ordinary lion, but a kind of spirit beast called Tianhou Beast! The blood of this Xu family is not simple!

As soon as the phantom of the sky roar beast appeared, Xu Sheng's breath also soared. The people who were still pointing at Xu Sheng and joking all immediately closed their mouths!

No one, dare to say another word!

Xu Sheng took a deep breath, and when he moved, he rushed towards Chen Zhifan and punched out at the same time!

"God Roar Fist!"

In this punch, there was a strange shock, emitting bursts of sound waves. The moment the sound waves appeared, cracks appeared on the ground and walls in the palace, and those made of precious spar The wine glass shattered in an instant!

At the same time, the void around the fist was shattered!

This punch is really terrifying to the extreme!

When most people saw Xu Sheng's shot, their expressions changed. They were not sure that they would be able to take this punch! And the celebrities present, almost everyone's cultivation base is much higher than Chen Zhifan!

Even they can't take it, Chen Zhifan is even more impossible!

At this time, Chen Zhifan also opened his eyes, and he shouted, throwing the iron sword in his hand towards Xu Sheng!

Xu Sheng looked disdainful, this **** iron sword, before it touched him, it would be shattered by the sound of his fists, right?

Sure enough, the next moment, that iron sword turned into a burst of iron powder!

However, before Xu Sheng showed a sneer, an invisible energy suddenly turned into a sword intent and cut into Xu Sheng's mind!

"Ahhhhhhhhhhhhhhhhhhhhhhhhhhhhhh!!!" There was a violent shock in Xu Sheng's soul space, and there was a scream in his mouth, his soul was injured!

That shameful iron sword is actually a Horcrux!

Moreover, it is a very powerful Horcrux!

If it weren't for your own sea of consciousness, with a soul crystal guarding it, I'm afraid you will be seriously injured and fall to the ground, right?

And the Shenhouquan he used, because of the trauma of the soul, most of the power was lost!

However, there is still a small part of Yu Wei still fighting towards Chen Zhifan!

Chen Zhifan's expression changed, and his spiritual power in his body was madly mobilized, which inspired an artifact that Ge Qing gave him!

Countless inscriptions flew out, forming a protective light shield, blocking Chen Zhifan's body!

There was a loud bang, the light shield shattered, and with the protection of an artifact, Chen Zhifan's body was still bombarded and flew out, blood spurting out of his mouth!

However, he reluctantly turned over in mid-air, and fell to the ground on his knees.

At this moment, he was breathing heavily, and his breath quickly declined, and he was seriously injured by just the remaining power of a punch!

However, everyone present was shocked to no avail!

In itself, it is a miracle that Chen Zhifan can survive Xu Sheng's blow, and now! Not only did Chen Zhifan survive, he also injured Xu Sheng!

It's incredible!

However, that's it.

At this time, Xu Sheng had recovered. He tried his best to suppress his anger and pretended to be calm, as if the incident he was injured just now had never happened.

He walked towards Chen Zhifan step by step, and a hideous meaning flashed across his face: "Master Chen, you said, you drink when you drink. I just made a joke with you, so you can come out with a sword to fight. Let me do it now? Now I want to let you go, it won't work!"

As he walked and agitated his spiritual power to kill Chen Zhifan with a punch, a faint male voice with a chilling killing intent echoed in the palace.

"Did you do this?"

The next moment, the figure flashed, and a man appeared beside Chen Zhifan.

Almost everyone did not see how he got in!

At this time, Chen Zhifan was already covered in blood, his face was extremely pale, his head was sweating, and his eyes were starting to loosen. Obviously, he had reached the limit.

Seeing Ye Chen appeared, he smiled at Ye Chen and said: "Ye Chen, I am fine, you don't want to kill him, otherwise, the consequences will be too serious..."

Ye Chen immediately turned a pill into Chen Zhifan's body, and smiled bitterly: "Brother Fan, stop talking. If you talk again, I'm afraid you will faint? It seems like it's okay."

Chen Zhifan's lips moved ~www.mtnovel.com~ as if he wanted to say something, but the next moment, his eyes closed and he was really unconscious.

Ye Chen held Chen Zhifan's body and gently placed it on the ground. Standing up, he said coldly to Xu Sheng who was looking at him playfully: "I said, did you do this?"

Xu Sheng laughed and said, "This brother Chen seems to have drunk too much, and he drank too much. He actually started with me, hehe, it's not a big deal, it's all a misunderstanding, Ye Gongzi or you Two drinks?"

"I drink your mother."

As soon as these words were said, the air in the entire palace instantly became cold!

Even Xu Sheng was a little dumbfounded, what did Ye Chen say?

He is in such a high-class environment, and it has been a long time since anyone swears at him! For a time, there are some reactions!

The next moment, it was furious!

Originally, he wanted to ridicule and insult Ye Chen!

But now, Ye Chen is so direct? Don't give the slightest face!

"What are you talking about!" Xu Sheng shouted sharply, his fists surging again!

However, before he finished speaking, Ye Chen scolded again: "Don't you want to do something to Laozi? Come on, give you this opportunity to do it? Don't you like to find reasons? Do you find excuses to do something to people? Rubbish? The Xu family is just a dog, come on, do you want me to scold you a few more words and give you more reasons?"

On the way he came, he had already heard about what happened from Song Rou.

The celebrities and young ladies present were completely stunned. When have they ever seen such a rough person!

Generally, even if they want to insult or trample on others, they will prepare some reasons to make their behavior look justified and reasonable. They are really at a loss when they come up with curses like Ye Chen!

Chapter 2309: I lose!

This site has opened a novel subscription function. You can subscribe to your favorite novels. If there is any update in the subscription novel, we will notify you by mail as soon as possible! Remember to set up your email address!

And in a corner of the palace, a girl with a petite figure and a delicate and lovely face couldn't help but burst out laughing when she saw this. Isn't Ye Chen too interesting?

At this time, Xu Sheng couldn't bear it anymore. What reasons were all left behind! In his mind, only the ultimate crazy killing intent was left!

"Give me to die!" Xu Sheng roared, and then the **** roar fist! Moreover, it's more fierce and more terrifying!

He has already exerted his power to the utmost, and he never left a trace of his hand!

As soon as the **** roar punches out, the violent fist will knock this palace down!

But Ye Chen, looking at Xu Sheng who was punching, showed disdain.

He wanted to kill Xu Sheng. It was very simple. With any spirit ability, Xu Sheng could not die any more!

But in this way, isn't it a little cheaper for him?

Moreover, he knew that Chen Zhifan's explanation was serious, but he didn't care, but what if he killed Xu Sheng and got involved in Shenhua Academy?

So, what he has to do now is to make him feel as painful as possible without killing Xu Sheng?

Ye Chen thought for a while and suddenly smiled.

Then, just hit it.

Hit with his fist, punch by punch.

Until, all the bones, meridians, and dantian of Xu Sheng's body were crushed!

At the next moment, Ye Chen moved too, but he didn't use any martial skills, so he punched him hard, and hit Xu Sheng!

Everyone shook their heads, Ye Chen was crazy, but he was too stupid, right?

Regardless of whether you and others are fists, Xu Sheng, with the power of blood, displayed Xu's unique skill, Shenhou Fist! Is it your pair of flesh fists, comparable?

It is estimated that in the next moment, Ye Chen's fists and even arms will be shattered!

There was a loud bang, and the entire palace was shaking for a while!

The blood mist burst, and the crowd onlookers were stunned, their eyes were unbelievable!

They guessed right, one arm was shattered, completely shattered by the earthquake.

However, this arm was completely contrary to what they expected. It was not Ye Chen's arm, but Xu Sheng's arm!

how can that be?

But reality, that's it!

And what about Ye Chen? Not to mention the burst of the arm, there is not even a slight injury!

too scary!

Xu Sheng screamed, and there was a touch of panic in his eyes!

At this moment, he finally recognized the gap between himself and Ye Chen!

But it's too late!

When he turned around, he actually wanted to escape, can he escape?

Ye Chen flashed in front of Xu Sheng, facing his four eyes, an evil smile appeared on his face.

Xu Sheng screamed in horror, and the next moment, before he could even react, he was slammed to the ground with a punch by Ye Chen!

This punch smashed Xu Sheng's face into a burst and shattered!

But this is just the beginning!

Speaking of which, Xu Sheng had the blood of a spirit beast, and he was quite well-fought.

Ye Chen was under the gaze of everyone, groaning constantly at Xu Sheng, whose eyes were full of begging, hitting him with one punch and one punch, the evil smile on his face became more and more intense!

The sons and ladies who were there were shuddering!

This person is terrible!

After smashing dozens of punches, until Xu Sheng was almost completely severely injured, Ye Chen exhaled comfortably, stood up, carried Chen Zhifan's body, and walked outside the palace.

At this time, Xu Sheng still kept a breath!

However, even if he kept his breath, he was completely abolished!

Ye Chen almost smashed his bones, meridians, dantian, and physical body! It's better to kill him directly!

However, Ye Chen controlled his strength very well! He also saved his life!

The damage Ye Chen has caused now is far more terrifying and more thorough than what he caused to Li Yi that day! And Xu Sheng, who was injured, did not know how many times it was harder to recover than Li Yi!

Even if relying on the amazing resources of the Xu family in Beihai, Xu Sheng can recover regardless of the cost?

It just takes hundreds, thousands of years!

Xu Sheng, is it worth the family to pay such a big price to save it? Even if he was saved, and lost hundreds of thousands of years, Xu Sheng is no longer the genius he once was.

Therefore, Xu Sheng is basically over.

Ye Chen walked to the gate of the palace. Suddenly, as if thinking of something, he turned around and said to the celebrities who were still sluggish: "Oh, by the way, I remembered it, you all seemed to want to see me Brother's joke, looks like a good show, right?"

Everyone was shocked, and changed to other people, dare to speak to them like this? Let them be beaten to death early.

But facing Ye Chen, these people were silent and dare not answer!

However, they are secretly ruthless in their hearts. Your strength is very strong, but is it that great? It's just a little trash from the Shenhuo Academy, what can be changed by being on the Xuanxuan list?

Tomorrow's auction ~www.mtlnovel.com~ will make you unable to shoot a product!

Let you know, not everything can be done by strength!

A weird smile appeared on Ye Chen's face and said, "Well, is today's scene good? Maybe you haven't enjoyed it yet, right?"

As he said, his voice suddenly became gloomy and said: "So, at the auction tomorrow, I will show you a good show? This time, you can all participate in it!"

"Tomorrow, if you can take a picture of a product, I will lose!"

After all, leaving the dumbfounded people, they left.

what did he say? Everyone, I really can't believe my ears...

Is this guy funny? Want to compete against them with money? Or against all of them? Are you crazy?

And outside the palace gate, Song Rou was standing there with her head down.

Seeing Ye Chen walking out carrying Chen Zhifan, a trace of worry flashed on her pretty face and asked, "How is he?"

Ye Chen glanced at her and said lightly: "It's okay, I was hurt a bit, but with Brother Fan's foundation, it's fine."

After that, turned around and left.

Song Rou breathed a sigh of relief. She looked at Ye Chen's back and seemed to want to say something, but she wanted to say something. Finally, she still showed a trace of self-deprecation and lowered her head lonely.

Ye Chen stopped suddenly and sighed: "Come on, Xu Sheng has been crippled by me, you should not be able to go back to the Xu family."

Song Rou looked happy, and quickly followed Ye Chen, saying: "Yes, Ye Gongzi!"

Ye Chen smiled bitterly: "Don't call me Ye Gongzi, if you are not used to it, call me Ye Chen..."

Ye Chen glanced at Chen Zhifan who was in a coma, and he was also a little curious, why would Chen Zhifan risk taking a shot for Song Rou? Is it just because you can't stand Xu Sheng's shameless behavior?

Chapter 2310: I am right!

When Chen Zhifan first saw Song Rou, she looked a little strange, and things must not be that simple.

An hour later, Chen Zhifan slowly opened his eyes. The place where he caught his eye was the bed net in his room on Feilei Island.

As soon as he looked up, he saw Ye Chen sitting in front of the bed.

Seeing Chen Zhifan wake up, Ye Chen said with a flash of joy: "Brother Fan, you are awake."

Immediately, he said dumbfoundedly: "Brother Fan, Dean Ge, let you come and watch me and don't make trouble. How do you feel that you are making trouble?"

Chen Zhifan laughed and said: "I can't help but you didn't kill that kid, right?"

Ye Chen shrugged and said, "No, just smash his whole body bones, meridians, and dantian."

Chen Zhifan was shocked when he heard the words, and then he shook his head helplessly. At least there was no fatality. Since there was no fatality, there is still room to turn around. Even if the Xu Family in Beihai is better than the Shenhua Academy, they dare not casually fight with Shenhua. Is the college going to war?

If the Xu family is really desperate, then it may even trigger an all-out war between the Lingwu Continent.

At this time, Chen Zhifan asked suddenly: "Ye Chen, where is Song Rou? She will still go back to Xu's house, right?"

Ye Chen looked at Chen Zhifan a little weirdly, and said: "Can she go back? Even the whole circle can't tolerate her? Moreover, after being rescued by you, she seems to understand something that is different from before.

I asked her to come back with me first, and now she is in her room. "

Chen Zhifan breathed a sigh of relief when he heard the words.

Ye Chen's expression became even more strange, and he asked Chen Zhifan: "Brother Fan, have you seen Miss Song before? Or is there anything special about Miss Song?"

"Uh..." Chen Zhifan was also a little embarrassed when he heard this, and said: "I haven't seen her, but..."

"but?"

"However, she gave me a very familiar feeling, although I haven't seen her, and I don't have any impression of her looks.

but! The moment I saw her, I felt inexplicably that I saw my former sister... I don't know why I felt this way, but I couldn't help but worry about her.

So I followed her to the reception to see what she really wanted to do. As a result... When I saw her being bullied by Xu Sheng, my heart was so angry that I couldn't control myself, just like seeing my sister. Like being bullied!

When I came back to my senses, I had already grabbed the wine glass in her hand, and I had no choice but to match Xu Sheng. "

Ye Chen looked at Chen Zhifan in disbelief. Is this excuse too bad? If it is love at first sight, it is better than such an excuse!

Looking at Ye Chen's expression, Chen Zhifan couldn't help crying and laughing: "I know what you are thinking! But I really didn't lie to you! I don't have that feeling for Song Rou!"

Ye Chen looked at Chen Zhifan's serious look and felt a little bit magical, and asked, "Is it reincarnation?"

When Chen Zhifan heard this, he was a little excited and said: "You think so too!? I think so too. When my sister died, I hadn't practiced martial arts and didn't protect her. This has always been the biggest regret in my heart... ..I see Song Rou now, no matter what her past is, I want to treat her like a younger sister..."

Ye Chen nodded, a thoughtful look flashed in his eyes, thinking of Ji Siqing from the Lingxian Emperor's Palace.

There is no doubt that Ji Siqing's reincarnation is Qu Chenyan that he saw in the mysterious place of Qiankun Killing Domain.

He couldn't help asking Feng Qingyang in his heart: "Master, is there really a reincarnation?"

After Feng Qingyang was silent for a moment, he said: "This world is far more complicated than we thought, especially when it comes to life and death. Even in my realm back then, life and death have not been fully penetrated... Maybe, there is. Right, but even if there is reincarnation, is the person in the next life still you?"

"But you have the most say in this matter."

"The blood of reincarnation in your body may be a life-threatening existence."

"Of course, you have to wait until you are fully activated before you can make a conclusion."

When Ye Chen heard this, there was a moment of silence. Even if there was a reincarnation, he would not be able to leave his fate to the will of heaven to decide!

However, he didn't say much to Chen Zhifan. For Chen Zhifan, his younger sister was a regret in his heart. Now that there is a chance to make up for the regret and make him feel at ease, it is enough, why bother if Song Rou is his sister's. What about reincarnation?

Sometimes no one can distinguish between true and false. That's why some people say that good luck is tricking others.

Seeing that Chen Zhifan was not in any serious trouble, Ye Chen stood up and came: "Okay, Brother Fan, take a good rest and recover from your injury. I will go back to my room to practice first."

"Okay, you go."

After that, Ye Chen returned to his room and began to practice, and waited quietly for the auction to begin tomorrow.

...

At the same moment, the Southern Territory, one of the ten cities established by the Kingdom of God in the Lingwu Continent~www.mtnovel.com~, was also the place where Ye Chen accidentally stepped into it after getting the wind stele.

But, for some reason, the surrounding temperature suddenly dropped!

People all feel the cold.

The cold deep into the bone marrow.

The Kingdom of God has established Tiandao Pavilion among the ten cities.

The existence of Tiandao Pavilion is to facilitate Tiandao Palace's affairs in Lingwu Continent.

At this moment, a girl in white clothes wearing a veil quietly stopped.

She fell from the black giant beast that came under her feet on the flame.

The meaning of ice cold was released.

"Umang, go play elsewhere."

Wei Ying's cold voice sounded.

Umang obviously understood it, and two huge black wings grew out of his back, soaring into the sky.

In this scene, the two gatekeepers of Tiandao Pavilion were dumbfounded.

What a domineering mount!

They have seen the power of the kingdom of God coming and going in this huge city, but they have never seen such a show.

Their eyes finally fell on the girl in the white veil.

Although the figure is hot and uneven, but they dare not take a second look.

Because it's too cold.

It's like a cold sword out of its sheath!

Even they can't see through its cultivation!

We must know that Tiandao Pavilion is the important place in this huge city, and the gatekeeper is the powerhouse in the early days of the Kingdom of God!

Seeing the white-clothed woman coming, the two of them quickly became vigilant, clenched their long swords, and shouted angrily: "This is the Lingwu Sub-Pavilion of the Heavenly Way Palace of the Kingdom of God. Any idlers and others should not come close."

The white-clothed woman stopped: "Behind you is the Palace of the Kingdom of Gods?"

The two thought that the white-clothed woman was scared, and raised their chins and said, "Naturally! If you have something to ask the Heavenly Dao Palace of the Kingdom of God, wait until you get the Heavenly Dao Jade Medal, otherwise, you can't step in."

The white-clothed woman nodded suddenly: "Since it is related to the Heavenly Dao Palace, then I have come to the right."
