Chapter 2321: The murderous opportunity to climb the black list!

This site has opened a novel subscription function. You can subscribe to your favorite novels. If there is any update in the subscription novel, we will notify you by mail as soon as possible! Remember to set up your email address!

And there are ten other products that haven't been sold yet. Although they doubled directly, it feels good to crush others with financial resources, but it seems that I have to converge a little bit.

Moreover, Guo Rong and Xiang Yang, who provoked themselves, have been crushed by him, and there is no need to be so merciless to others.

Next, Huang Wenxin continued to auction. The treasures that appeared on the scene included the superb magic medicine that improved the physique, a divine essence extracted from unknown sources, a beast bone with the aura of a demon, and a strong kill. Intentional fluctuations can help users understand the mysterious spar in the realm of killing intent, and these items, without exception, are all taken over by Ye Chen!

And Ye Chen was also overjoyed! Although it took more than 10 million magical marbles to photograph these things, he felt it was worth it!

These things, except for the magical medicine, may be precious to others, but they can't directly improve the strength, but Ye Chen is different!

With these treasures, his strength can directly rise again!

And even with that magical medicine, most people may only get the Taixu realm to start refining and absorbing it. As for Ye Chen, there is no such worry, even if there are ten more, he can absorb it for you with his physique!

Fortunately for this, it cost more than 10 million for these things to be photographed. Right now, Ye Chen still has more than 70 million left, and only six of the remaining lots are left!

Of the 13 treasures, Ye Chen has already taken over the first seven alone! so horrible!

Everyone is even a little confused. I don't know if there is something wrong with the statue of the alien beast at the Tianchen Auction. Why hasn't it started calling the police?

Ye Chen has spent almost 30 million Shen Yunshi now! This number is almost beyond the tolerance of everyone present!

And he still looks like he can easily?

Everyone was a little shocked...

And some of them, especially those who ranked high on the Xuan Xuan list, had already begun to have their eyes flickering, and some looked at Ye Chen maliciously.

After all, Ye Chen only has the Star Aperture cultivation base. In their eyes, Ye Chen is a big fat sheep too fat!

The treasures that Ye Chen had obtained now, were obtained on the Lingwu Continent, but they were completely enough to make those in the Supreme Void Realm crazy!

Even though Chen Zhifan knows that Ye Chen is very strong, his eyes are still full of worries. This is not one or two peak powerhouses, nor is it an ordinary enchanting genius. They are all supers on the Profound List. evildoer!

If these people unite, it would be a very terrifying force!

It's far too empty!

But Ye Chen still looked calm.

The reason is very simple, with his current strength, these people are not enough.

It is estimated that Huang Wenxin is the one who can really threaten him. Moreover, even if facing Huang Wenxin, although he may not be able to defeat him, Ye Chen is very sure that he can escape safely.

He is so against the sky now!

Next, Huang Wenxin auctioned a few more items, but Ye Chen only fought for these few items, and then gave up.

This is not because he has insufficient funds, but because these things are of little use to him!

A special thunder weapon! After a lot of competition, Liang Qiu got it for 19 million yuan. After he got this special weapon, Liang Qiu smiled bitterly. Although he got it successfully, the money he brought was also almost all spent, and he's not eligible to compete for the next few treasures.

The other treasure was an ancient cloth formation tool, and this one was taken by an old man who had closed the door for a price of 15 million.

According to Chen Zhifan, this old man came from a top power called the Hidden World Society. This power is not a single sect, but a combination of several very ancient sects. These have been mutually related since ancient times. The relationship between the sects is very good, and now it can basically be regarded as one.

And the few geniuses on the Profound List are all from this hidden society! Therefore, for the sake of the sect, they can be regarded as giving up everything and transferring all their funds to this old man.

Although Ye Chen didn't take all the treasures, he was not against what he said at the Xu Sheng cocktail party.

After all, neither Liang Qiu nor the people of the Hidden Society attended Xu Sheng's reception.

Just as the auction was in full swing, a ray of light fell in a forest ten million miles away from Feilei Island.

And in the mountains and forests, there is a natural stone cave, but inside the cave, it is not the stone wall as imagined!

Inside the cave, the birds and flowers are scented, and the aura is rich, and even in the sky, white clouds are blooming, and the sun is high. How is this like a cave, it is like another world!

And in this world like a paradise, there is a man dressed in an elegant green robe, full of gray-white hair, handsome face, and deep facial features a pair of eyes are completely silvery white. color!

Only the young man with golden pupils was playing with the guqin in front of him leisurely.

At this moment, a figure flashed not far away, a girl with a beautiful face but an unnaturally cold and stiff expression, just like a dead person, which made people feel very strange, walked in front of the young man, respectfully Salute to the youth:

"Master, there is a Taixu realm who claims to be the elder of the Xu family, Xu Yi, to see him outside the cave."

"Oh?" Hearing this, the young man stopped playing with a hint of playfulness between his expressions, and replied after pondering for a moment: "It's interesting, let him in."

"Yes."

Soon, a middle-aged man with a majestic look and three long beards under his chin walked in with the odd-looking girl. This came from the Taixu realm of the Beihai Xu family, one of the ten largest families in the Lingwu Continent. The strong, it seems that there is some tension at this time!

Soon, the girl led Xu Yi to the youth.

The young man's expression was faint, and he didn't express too much in the face of the powerhouse of the Void Realm. He just smiled and said, "Elder Xu, why are you here?"

And Xu Yi was actually very polite!

He solemnly bowed his hand to the young man: "You take the liberty to bother, and please forgive me the nameless son."

Xu Yi actually apologized to this young man first!

It's incredible!

To say why, it is because this young man seems to be just the pinnacle of closing the door, or a half-step too virtual cultivation base!

And Xu Yi? Not only from the Xu family in Beihai, but also a strong man in the Supreme Void Realm. Since he had specially passed it before he came in, it can be said that the courtesy is in place, but now he still has to apologize to the youth?

This usually only happens when the lower-level person asks to see the upper-level person, but now it is completely turned over! It feels ridiculous!

Chapter 2322: Death spread!

And the young man with silver eyes and golden eyes waved his hand casually and said, "It's okay, I'm bored."

Xu Yi breathed a sigh of relief when he heard this, and then continued: "The nameless son, I'm here this time, I'm asking for something!"

"Oh?" Now the so-called nameless young man was really interested. He stared at Xu Yi and said, "Elder Xu, you should be very clear about the price of asking me for help?"

The moment Xu Yi was stared at by the young man, she suddenly felt a tremendous amount of pressure in her heart! Can't even help it, swallowed a mouthful of water!

A person who has not yet entered the Taixu, even just a glance, made a Taixu strong feel such a terrifying pressure?

It's incredible.

And Xu Yi couldn't help whispering to herself secretly: "Sure enough, the rumors seem to be true. This person's cultivation base is weaker than me, but he really has the strength to surpass the Supreme Void Realm!"

This silver-eyed and golden-eyed man is the mysterious genius ranked first on the mysterious list. Because no one knows his name, he is called the Unknown Son!

For a long time, in the Lingwu Continent, there has been a legend among those prominent Taixu powerhouses, that is, the unnamed son who is ranked number one on the Profound List, possessing strength that surpasses them!

And this unnamed son hardly had any contact with anyone, and even, there were only a few people who knew his residence, and these people were the strongest of the ten great families in the Lingwu Continent!

Sometimes, the unnamed son will make some deals with the strongest of the top ten families.

In other words, only those who have reached the true pinnacle in Lingwu Continent, regardless of strength or background, are qualified to associate with him!

And long ago, the nameless son set a rule.

If you want to ask him to do something, you can.

However, there are two conditions.

First, this matter must be enough to interest him, and he will not care about ordinary power struggles and so on.

Second, if you want to let him take action, you have to surrender your own power and control for one year!

What do you mean?

Yes! If Xu Yi wants to let Wuming take action, then in the next year, the Xu family will actually be nameless! Even the two elders of the Supreme Void and the Patriarch of the Xu Family in the Void Realm must obey him!

Of course, Wuming won't really ask the Xu family to commit suicide, which is unacceptable to the Xu family.

However, don't underestimate this year!

One year is enough to change a lot of things! Especially for top giants like the Xu family, it is not impossible to even subvert the territory of the entire Lingwu continent!

Xu Yi took a deep breath when he heard the words, and a resolute color flashed across his face: "The nameless son, I understand that after the matter is over, in the next year, my son Xu Jiawei will look forward to it!"

This was also something he had discussed with other people in power in the Xu family before coming.

Wuming nodded and said, "Well, you can tell, but if it is too boring, I will not take action."

Xu Yi was overjoyed when he heard this, and Wuming said so. For Xu Yi, this matter is basically finished!

Because he can guarantee that this matter will find it very interesting!

what's up?

What else can be!

A gloomy anger flashed in Xu Yi's eyes, and he said: "This is how things are, my grandson Xu Sheng was seriously injured yesterday, so I want to ask the son to kill me. That person!"

Wuming heard that, on the face with a hint of interest, he immediately showed a chill, and said displeased: "Is this kind of thing bothering me? Elder Xu, you wouldn't think of me as What thugs are you?"

Xu Yi looked pale when he heard that, and hurriedly lowered his head to argue: "The son is misunderstood! I haven't finished! This person is very special, and his cultivation level is very low! He is just a star martial artist, but my Xu family is It's hard to get this person!"

What kind of power is the Xu family, and soon collected most of Ye Chen's information! As long as they are strong enough, they can perceive the mark on Ye Chen, and naturally they can't hide the Xu Family.

"Huh?" Wuming's eyes lit up. "Something is interesting. Keep talking, why can't you help him?"

"Because this person has the mark of the kingdom of God!"

The nameless eyes flashed, and said: "So that's the case, so, the strong of the too virtual realm can't shoot against the person at will, but there is no shortage of other strong in your Xu family? Dealing with the existence of a star, Still need me to take action?"

Xu Yi laughed bitterly when he heard the words, and replied: "The difficulty lies in this place. This kid doesn't know what's going on. He is so weird that he can't be treated with common sense. His strength can be called against the sky! To be invincible in the closed door realm!"

"What!?" Now, even Wuming was finally moved! A pair of silver eyes also faintly flashed excitement!

interesting!

So interesting!

Star Aperture Realm Can the enemy block the peak?

Hehe, originally he thought that only he could do this kind of thing, but now it seems that there are still many unknowns in this world, right?

But this unknown, although he is very interested, but does not want its existence!

A burst of cold light burst out of the nameless golden pupils!

This Lingwu Continent, as long as he has an eternal evildoer, it is enough, too much is not good, he has been removing the kingdom of God, and he himself is actually affecting the entire upper circle of Lingwu Continent!

It is not an exaggeration to say that the upper circles of Lingwu Continent are under its control, and the appearance of the genius in Xu Yi's mouth makes Wuming feel a little bit of change.

Although he doesn't like things that are too monotonous, boring, and can tolerate certain variables, but this variable must be an existence he can control!

For example, if this person has only the Star Aperture cultivation base, but has the strength to match the initial stage of the gate closure, he is considered a very, very terrifying genius, but it is still within the acceptable range of namelessness.

Although he would be interested in Ye Chen, he would not accept Xu Family's request. Instead, he would observe Ye Chen himself and then consider how to treat him.

But now the situation is different. A genius who can stand at the pinnacle of the gate in the Star Aperture Realm has already made Wuming feel a little uncontrollable danger...

Therefore, we must kill this uncertainty in the bud!

Death is spreading rapidly!

After the nameless indulged for a moment, he raised his head and smiled at Xu Yi: "Okay, I am willing to do something for the Xu family. What is this person's name?"

A look of ecstasy flashed in Xu Yi's eyes, and he couldn't wait to answer: "This person is named Ye Chen, and he is now participating in the Tianchen auction on Feilei Island!"

Chapter 2323: Qinglian Demon Fire!

At this time, at the Tianchen auction site, Huang Wenxin announced with a smile on his face: "If no one bids, this spirit source pill belongs to this young man."

This young man is naturally Ye Chen. This spiritual source pill is a half-step Taixu-level pill containing incomparably pure aura. It can be said that it has almost no side effects to improve the cultivation of the martial artist in the gated state, which is natural for those present. They are all very useful things!

But in the end it was taken by Ye Chen!

Many people looked at Ye Chen with anger and sorrow, and at the same time, there was a deep shock!

Ye Chen now has eight treasures alone! It took tens of millions of **** marbles! How rich is this guy!

However, Ye Chen still looked disapproving.

Huang Wenxin coughed: "Next, it's our auction. The three final treasures are on the stage. Everyone, please be prepared!"

Many people's expressions were lifted. They didn't grab anything before. Now, it should be their turn, right? So even if Ye Chen had money, he should have reached his limit now, right?

Seeing everyone's impatient gaze, the cheongsam girl directly lifted the white cloth. For a moment, everyone only felt a burst of brilliance, accompanied by a wave of heat, rushing toward her face!

Huang Wenxin said: "This thing, named Yun Lingzhu, can increase the power of the corresponding attribute, and this Yun Lingzhu is the supreme treasure for those who practice the fire attribute technique! The reserve price is five million gods. Marble!"

When Ye Chen and Li Yanxi saw this Yun Lingzhu, their eyes brightened at the same time!

For Ye Chen, if he wants to refine the flame monument now, he needs something to strengthen the fire attribute!

Li Yanxi immediately shouted: "Ten million!"

Those who were originally preparing to make a bid, heard Li Yanxi's voice, their eyes stunned, and they hesitated for a while and remained silent.

These people, as top celebrities, are no strangers to Li Yanxi, and they have participated in many top auctions with Li Yanxi.

And Li Yanxi, as the young lady of the Donglin Li family, don't look at her carelessness on the surface, but she is extremely strong in her heart!

Li Yanxi has a very high-sightedness. If she doesn't like something, she usually won't make a move, but when she fancy something, she has to get it anyway!

So these people all think that this Yun Lingzhu must be Li Yanxi's, so if you bid now, not only will you get nothing, but also offend the young lady of the Li family, why bother?

Huang Wenxin saw that everyone was silent, but also smiled. In fact, the Donglin Li family and Tianchen auction house also have a certain intersection, and the person responsible for dealings with the Li family is Huang Wenxin. Huang Wenxin met when Li Yanxi was very young. She is a little closer to Li Yanxi.

He knew that Li Yanxi practiced a martial skill called the Phoenix Dance Sword, which was passed down from the kingdom of God, and the weapon she used was a true artifact with the fire attribute. If the spirit orb was incorporated into it, that artifact might even be possible. A breakthrough occurred and advanced to the semi-infantry sage!

In that way, Li Yanxi's strength will increase by at least 20%!

But at this moment, Ye Chen spoke again.

"Fifteen million."

Ye Chen didn't double it directly. Firstly, he still had to fight for the remaining two treasures. Secondly, his impression of Li Yanxi was pretty good, and he didn't have to do it so thoroughly.

Li Yanxi frowned, but she also immediately said: "16 million!"

"17 million."

"Eighteen million!"

"Twenty million."

Ye Chen's bid was 20 million, and Li Yanxi was also a little nervous. This Yun Lingzhu is really important to her!

Even Huang Wenxin frowned, feeling that Ye Chen had done a little too much.

Too merciless.

Even the Donglin Li Family, the top power in Lingwu Continent, doesn't give face!

Li Yanxi looked at Ye Chen's beautiful eyes beside him, and a hint of plea loomed in her eyes. This was the first time she had done this to others in her life!

Li Yanxi couldn't help but said, "Ye Chen, this Lingzhu is very important to me! I hope you can give it to me..."

Then, he bid again: "Twenty-five million!"

Everyone looked at Li Yanxi's appearance, really dumbfounded...

If Xiang Yang's concession to Ye Chen was threatening, Li Yanxi had really requested...

For a long time, in everyone's minds, the daughters of the first family who were unattainable, actually asked others...

It broke through 20 million! This number, no one present except Li Yanxi can figure it out! And this number is also Li Yanxi's limit!

At this moment, Xiangyang's expression moved and said: "Yanxi, I have ten million more here, I can give you..."

However, Li Yanxi shook his head and said, "No need."

She always didn't like to borrow other people's things.

"I'm sorry." Ye Chen shrugged helplessly, "It's also very important to me."

If it were other treasures, he might still be able to give in, but this aura spirit orb was crucial for him to raise the rank of Profound Flame.

"Twenty-six million!"

As soon as Ye Chen said this, the auction room was really silent! Now Ye Chen can still get 26 million? How much has he spent?

This is not to treat money as money at all!

Usually They are all characters who show off their wealth in front of others, but for the first time in their lives, even these celebrities, sons, feel that they have been hit! I was hit by Ye Chen's behavior showing off his wealth!

Compared to Ye Chen, what kind of show off their wealth?

In the end, Yun Lingzhu still fell into Ye Chen's hands.

And Li Yanxi frowned, her martial arts aptitude was extremely high, and she was born in the most powerful family in Lingwu Continent. Life is almost smooth and smooth. She has never experienced the feeling like now, and she has deep beauty in her eyes. Lost and regret.

But suddenly, Li Yanxi's expression moved and her brows opened again.

Because, she noticed one thing.

She noticed the people present and looked at Ye Chen's expression.

...

The next two items, one is the Heavenly Soul Fruit that can increase the user's spirit strength, was taken by Ye Chen at a price of 19 million!

This is still the result of some top-level geniuses, because they can't stand it anymore, they joined forces, but even if these people joined forces, their money together is still not as good as Ye Chen!

The final thing is a Qinglian demon fire that no one can suppress!

Not to mention in Lingwu Continent, even in the Kingdom of God, it is a cherished existence!

This thing is the supreme treasure for Huo Xiu!

Moreover, its purity is astonishingly high!

As soon as this Qinglian demon fire came out, everyone present was completely crazy!

Many families and geniuses, this time almost the entire auction house, will unite to bid for this green lotus demon fire, as long as it can be divided into a trace is enough!

However, what everyone did not expect was that even so, this Qinglian Demon Fire was still won by Ye Chen at a price of 42 million, almost sky-high!

Chapter 2324: tension!

This site has opened a novel subscription function. You can subscribe to your favorite novels. If there is any update in the subscription novel, we will notify you by mail as soon as possible! Remember to set up your email address!

Ye Chen's eyes were burning hot!

This Qinglian Demon Fire is what he needs most on this trip!

No one is allowed to take it!

When one person shouted 22 million, Ye Chen directly shouted 42 million!

A full increase of 20 million!

There are many top giants present, no one can come up with such a price!

Ye Chen's eyes condensed to the extreme!

If someone increases the price again, he doesn't mind higher!

This thing must belong to him!

This is the only possibility of refining the Yanbei!

...

Walking out of the gate of Tianchen Auction, Ye Chen couldn't help feeling refreshed. Although he almost spent all his money this time, the treasures he got were so useful to him!

As long as he can absorb and refine all these treasures, he also has the capital to enter the kingdom of God, right?

The money is so worth it!

However, Chen Zhifan beside Ye Chen said with an extremely solemn expression: "Ye Chen, it's a bit bad..."

Ye Chen smiled slightly, naturally knowing what Chen Zhifan was referring to, there were already dozens of killing intent behind him, condensing.

However, Ye Chen just said to Chen Zhifan: "That's it? Haha, it's really a bit bad. Originally, the scenery on Feilei Island was pretty good. I wanted to spend two more days here before leaving, but now it seems I can't stay. ."

As he said, he walked behind him, staring at him, for fear of the celebrities who slipped away. The geniuses smiled and said, "Everyone, why are you looking at me like this? Looking at a big man like this, don't you think Nauseous, I still feel sick."

ridicule!

Naked mockery!

Ye Chen dare to provoke them at this time?

Xiangyang's expression was gloomy and dripping out, he said coldly: "This Xuanyue Sect's trash is really crazy enough, isn't it really afraid of death?"

With that, he turned around and said to the people around him:

"The Lord Ye, I believe that what I did at the auction doesn't require me to say anything. He doesn't put us Lingwu giants and geniuses in the eyes, so no one can blame him for his death.

Why not, after we kill him, how about dividing his treasures? Even if you can't share your favorite things, I can guarantee with my reputation to the family that as long as you participate in the killing of this small waste, I will distribute the Shen Yunshi that was originally used to buy treasures to everyone based on your contributions. of. "

At this moment, all the people present were agitated!

However, Xiang Yang didn't care too much about these people, but turned his attention to Tong Niu, Ke Jing, Liang Qiu, Guo Rong and others.

These talents are the most powerful group of participants in this auction. With their participation, Ye Chen can be said to be dead.

Tong Niu stared at Ye Chen's back with gloomy eyes, and said angrily: "I want the treasure that can strengthen the flesh. I don't need all of them, just a part."

Xiang Yang smiled and nodded, he knew that Tong Niu had agreed.

Several other geniuses at the top of the Profound List, Huang Fei, Cai Xinghuang, and Zhao Rui, also nodded and were willing to join the ranks of killing Ye Chen.

Ke Jing frowned, hesitated for a while, and shook his head at Xiangyang and said, "Excuse me, Brother Xiang, I won't participate in this matter."

Xiangyang's complexion changed slightly, but he just gave a cold snort, didn't say much, turned to Liang Qiu and asked, "What did Liang brother say?"

"Huh?" Liang Qiu looked at Xiang Yang with a smile and asked, "What do you say?"

Xiang Yang looked ugly again and said, "Brother Liang should know what I mean."

"Oh." Liang Qiu's face was flat, "Sorry, I still have something urgent to do, maybe I have no time to help Brother Liang."

After speaking, regardless of Xiangyang, he left on his own.

Xiang Yang took a deep breath and forced his anger into his anger. It didn't require so many people to kill this **** anyway. If this was the case, most of the treasures on Ye Chen belonged to him.

But what he didn't expect was that Guo Rong also showed a strange look on his face, arched his hand to Xiangyang, and left by himself.

Finally, Xiang Yang looked at Li Yanxi.

In fact, Xiang Yang didn't care about the opinions of others. He believed that the power present was enough to kill Ye Chen, but if he could get Li Yanxi's consent, that would be the most important thing!

Ye Chen grabbed an extremely important treasure for Li Yanxi at the auction!

Xiang Yang smiled at Li Yanxi and said, "Yanxi, that kid robbed your Yun Lingzhu..."

Li Yanxi glanced at him faintly and said, "Needless to say Xiangyang, I am not interested in this kind of thing."

Xiangyang smiled stiffly, but he dared not say anything.

Not only because he likes Li Yanxi, but also because of Li Yanxi's identity. No matter how Li Yanxi chooses, Xiang Yang can't deal with anything.

However, a scene that shocked everyone in the next moment appeared.

Li Yanxi walked straight towards Ye Chen!

This time The crowd who were a little excited just now cooled down immediately.

What is Lee Yeonhui doing?

I saw that Li Yanxi still had a cheerful expression, and confidently said to Ye Chen: "Ye Chen, I think you should know what these people want to do. I know you are very strong, but don't underestimate them, Huang Fei, Cai Xinghuang and Zhao Rui are both the top 20 geniuses on the Xuan List, plus Tong Niu.

If these people join forces, even those who are too weak will be threatened, right? Not to mention that there are so many celebrity children in the closed door realm, do you know what you are facing? "

"Oh?" Ye Chen said with a playful smile, "What does Miss Li mean by saying these things?"

Li Yanxi said: "It's very simple, I can let you leave here safely! Of course, it is not without conditions, but the premise is that you give me the Yun Lingzhu!"

At this moment, Xiang Yang, Huang Fei, Cai Xinghuang, Zhao Rui and others became nervous!

The current Ye Chen is undoubtedly a piece of fat delivered to his mouth! Is it about to fly away like this?

If Li Yanxi really wants to save Ye Chen, the few of them really can't touch Ye Chen. After all, no one can help but give the face of Donglin Li's family.

Moreover, the most important thing is that Li Yanxi didn't want all the treasures on Ye Chen, but only the Yun Lingzhu!

In this way, not only would Ye Chen not die, but he could also keep all the other treasures. It was just that one Yun Lingzhu was missing. As long as Ye Chen was not a fool, would he agree?

Even Ye Chen couldn't help but froze a little when he heard the words. He knew that Li Yanxi's request was not excessive, but it was very beneficial to him, and he couldn't help but have some good feelings for Li Yanxi.

After all, if Li Yanxi really wants to Yun Lingzhu and directly join hands with Xiang Yang and others, in the eyes of ordinary people, it is a more reasonable choice, isn't it?

Chapter 2325: Umang's change!

To Shang Ye Chen alone, and to the successors of the top ten families, as well as a genius who made the Profound List, and many celebrities, to be honest, even the Li family is a bit reluctant, even if everyone gives the Li family face, but Li Yanxi also used up part of the Li family's favor for Ye Chen.

No matter how strong you are, face is not endless.

And Ye Chen could also think that the reason Li Yanxi made such a request was because of Yun Lingzhu, and secondly, Li Yanxi was a principled person, and also a proud person. At least she would not grab other people's things casually. Even if this thing is important to her.

Ye Chen still appreciates such a person.

Looking at Ye Chen's appearance, Xiang Yang couldn't help shouting: "Ye Chen! Are you still a man? If you are a man, don't hide, face me and wait for yourself!"

He is scared!

He was afraid that Ye Chen would agree to Li Yanxi, so that he could not get the treasure on the one hand, and more importantly, Ye Chen, who trampled on his face, trampled on the face of Xiangjia, he had no chance to kill!

Everyone also echoed: "Hehe, wasn't it arrogant at the auction just now? I want Miss Li to protect it now?"

"Originally, when he was a man, I didn't expect a little white face, hahaha."

"Well, Brother Xiang, this kind of person, let him live, anyway, his achievements, it is estimated that that is the case."

"It's just a pity that the treasure of this **** body, giving him such a person is a waste."

Li Yanxi ignored these people and continued to ask Ye Chen: "How?"

Ye Chen looked at the celebrity children and the geniuses on the Profound List with a smile and a smile, and said lightly: "No need, I can solve this problem myself."

When Li Yanxi heard the words, she couldn't help frowning slightly, and a trace of disappointment flashed in the eyes of Ye Chen.

She originally thought that Ye Chen was the same person as her, and they all had a deep-rooted pride. Their pride was not shown to others, naturally, and would not care about others' opinions.

Therefore, she believed that Ye Chen would not impulsively make unwise decisions because of these people's provocations.

But now, Ye Chen refused her!

Is she really wrong, Ye Chen is not the kind of person he imagined?

But whether it is or not, it seems that it doesn't matter anymore, because now Ye Chen is going to face the powerhouses, and in Li Yanxi's view, Ye Chen's chances of surviving are minimal.

Although Yun Lingzhu is very important to her, since Ye Chen refused her request, she would not interfere.

Li Yanxi also has her own pride.

However, when she stared at Ye Chen's back, she did not leave for some reason.

This back figure was inexplicably full of attraction, which made her want to understand that even if the result of this battle was almost doomed, Li Yanxi still wanted to see what happened.

Inexplicably, she had a slight expectation of Ye Chen.

At this moment, Ye Chen had his hands behind his back and sneered at the murderous crowd behind him: "Let's go together, I'm in a hurry."

Xiang Yang dismissed Ye Chen's self-confidence, and said indifferently: "Hehe, I hope you can be so sharp when you beg for mercy later."

Suddenly, his expression was cold, and his voice was like a cold wind that could freeze everything and shouted, "Kill me!"

Those top geniuses and celebrities yelled and acted, and the tyrannical aura exploded. Numerous terrifying martial arts, Guanghua, swept over Ye Chen, and even the void shuddered and collapsed!

At the same time, on another part of the island, a giant black beast flew above the sky!

The beast stepped on the flame, majestic!

Between the wings and incitement, there is even the power of heaven and earth!

And there was a girl sitting quietly on the giant beast.

The girl wore a veil and looked calm, as if what to do next was extremely easy.

This is the fourth stop of Wei Ying's plan.

Before that, she had destroyed four of the ten cities set up by the Kingdom of God in Lingwu Continent.

The Heavenly Dao Pavilion was destroyed, and any powerhouse of the kingdom of God who blocked her turned into a blood mist.

And, she learned a lot.

As Umang was about to descend on the Heavenly Dao Pavilion on Feilei Island, his huge body suddenly stopped.

So suspended in the air.

Wei Ying opened her eyes and awakened from her practice, her red lips were slightly open, extremely sexy: "Umang, what's the matter?"

Umang suddenly looked in one direction and roared slightly.

In the next second, he even spoke: "Master... is also on Feilei Island."

As soon as these words came out, the girl's eyes gradually rippled.

I don't know how long it took, her red lips sketched out a smile: "Ye Chen is here. I heard that there is an auction here. I think he is also an invitee. If that's the case, let's go and see him."

"I don't know how far he grew up from the Demon Race."

Instructed by Umang, with his wings spread out, he flew high again! Into the clouds!

And at this moment! An old man walked out of the Heavenly Dao Pavilion on Feilei Island.

The old man is full of dust and dust, but he exudes a terrifying aura!

He is Lin Haiyan, the strongest Taixu peak who Xuanyuan Moxie sent to settle on Feilei Island!

Lin Haiyan is the strongest person besides the master cutter!

Although he is the pinnacle, but it can also be regarded as a half step!

As long as the opportunity comes, he resists that Erley, and can successfully enter the Slashing Evil Realm!

With his hands behind him, he stared at the black light that disappeared from the sky, and said lightly: "You actually left early? Could it be that I was aware of my existence?"

"Or, did I think too much? This person is not the mysterious powerhouse of Lingwu who slaughtered those cities?"

Lin Haiyan thought for a long time, and finally stepped onto the sky!

Xuanyuan Moxie has orders, any threats must be stifled!

Even if that person leaves he will continue to explore!

Moreover, he crushed a golden jade charm!

This is what he is calling for the powerful Slasher who comes from the kingdom of God!

...

At the same time, in a mountain outside the Mozu.

The eyes of the eternal holy king who was sitting cross-legged opened, and a color of worry overflowed his eyes.

His fingers moved slightly and his expression became more serious.

"That kid's robbery actually came early, judging from the number of fate, it seems that he is about to meet Divine Kingdom Zhan E?"

"not good!"

"If the two fight each other! That kid will definitely die!"

He stood up abruptly, staring at the two women and one man not far away, after thinking for a moment, he said: "Yan Kun! You should stop practicing first, and come to Feilei Island with me!"

"This time, Ye Chen might be in trouble."

When Yan Kun heard the word Ye Chen, his eyes opened! The whole body releases a powerful fighting spirit, and the huge body is like an iron tower!

Murderous surging! Once the blood of the gods of the universe broke out!

He has eyes like stars, and said solemnly: "Yes! Forever!"

"If anyone dares to move Big Brother, I will let him understand what is the ancient universe **** race!"

Chapter 2326: Disappointed!

Ye Chen at this moment didn't even know that he had been slowly involved in the center of the storm between the kingdom of God and the eternal holy king.

All he has to do now is to face the storm before him!

The wrath of the enchanting geniuses of the hidden family in Lingwu Continent!

There seemed to be countless light of death, devouring Ye Chen at this moment!

However, people like Xiangyang, Tong Niu, Huang Fei and others just watched and didn't do anything. They are the most powerful existence among this group of people. Before doing anything, they must first observe the strength of their opponents.

Ye Chen's eyes narrowed. Although most of these people rely on the accumulation of resources to seal the peak, but because of the family background, they all have the ability to leapfrog!

Moreover, the martial skills they cultivated are not low in rank!

Under the shot together, the momentum is also extremely shocking.

Li Yanxi's pretty face changed slightly, and dozens of people who blocked the door did it together. Even if they are half-step too weak, they should avoid their sharp edges a little, right?

But what about Ye Chen?

Ye Chen just stood in place with a calm complexion, and didn't mean to dodge at all!

Li Yanxi looked at Ye Chen and couldn't help sighing, her expression even more disappointed!

Ye Chen was so arrogant that he didn't even mean to dodge?

In Li Yanxi's view, Ye Chen really came along and fought in a leap, causing his mentality to be too swollen!

It has reached the point of arrogance!

Now, Ye Chen's choice is really stupid! Anyone with a little combat experience should choose to dodge rather than stand still!

Maybe, she really read Ye Chen wrong, right?

But at this moment, Ye Chen moved.

To be precise, it was his hand.

With a wave of his hand, five long swords with simple shapes and a little rough workmanship were suspended in front of him.

It is a Horcrux!

However, this Horcrux seemed to be different from the one he used before, in terms of style and aura.

This is the first time Ye Chen has used such a Horcrux.

With a smile on his face, he watched as he was about to fall in front of him, exuding horrible waves of fist prints, sword light, and beast shadows, and he was a little curious about the power of these five Horcruxes.

Ye Chenxiu has two kinds of spirit abilities, one is called the Heavenly Soul Sword, the main single attack.

One, called the God Shahai, is the area damage!

Therefore, the Horcruxes forged by Ye Chen are naturally divided into two types!

Now, what he uses is the Horcrux forged from the God Shahai!

At the next moment, the power of Ye Chen's divine mind suddenly exploded, driving the five flying swords in front of him to kill everyone!

And those people were sneer, disdain, and scornful!

In their opinion, Ye Chen is dying to be struggling.

Let alone what these five seemingly trash flying swords can do, before the flying sword touches them, Ye Chen will be completely overwhelmed by everyone's martial arts!

However, some of them changed their expressions slightly and said, "Wait! Isn't this flying sword the same as the one used by Chen Zhifan that day?"

They clearly remember that Chen Zhifan used that flying sword that day and seriously injured Xu Sheng!

Xu Sheng's strength is far stronger than them!

Although Ye Chen had only five flying swords, it was impossible to hit everyone, but no one wanted to be the five who were hit!

For a while, everyone dodged and defended!

Their idea is very simple, even if they can't really dodge that flying sword, it will be fine if Ye Chen is annihilated by their martial arts!

Good idea, but unfortunately, they met Ye Chen!

"Can you hide it?" Ye Chen sneered, then sternly shouted: "Blast! God is out of the sea!"

The next moment, those five flying swords burst into a burst of powder instantly!

And the five gods' evil spirit skills were also released in an instant!

A burst of divine coercion, boundless evil spirit power, poured into the minds of everyone in an instant!

Everyone's knowledge of the sea is like a twelfth-level tsunami! The earth is turned upside down, everything collapses!

Suddenly, screams sounded overwhelmingly, and almost everyone was bleeding from Qiqiao, constantly rolling on the ground, painful!

And all the vital points of Ye Chen's body, and the various martial arts skills less than an inch, are also dissipating at the same time!

Moreover, this is not one wave, but wave after wave, five waves!

After the five waves of Divine Shaha Sea, those who shot, most of the Divine Soul, were completely crushed, and some of them were lucky enough to survive. Even if they did not die, they were seriously injured and almost disappeared into a coma.

Even if they don't die, they can only become idiots.

Although most of these wealthy princes are guarded by soul crystals of high rank in the sea of consciousness, their own spirit quality is really too bad, even if the soul crystal blocks most of the damage, the remaining energy is not them. The soul can afford it.

Soul cultivation is rare on the Lingwu Continent, and it is really so scary!

This is also the reason why Chu Hong can take out so many Divine Marbles and Ye Chen to buy Horcruxes!

Horcrux, there is no need to worry about selling it!

Of course, Horcrux would not have such a powerful power in the hands of ordinary people.

After one blow, the faces of Xiangyang, Tong Niu and others changed completely! Shocked to the point where the brain is blank, the mind will be shattered!

Although they are strong and standing at the end, the power of the gods is almost dispersed by the princes in front, so they are just a little pale, and they are not actually hurt.

but! Their spirits have been hit hard!

They looked at the dead and wounded giants and couldn't help but couldn't believe their eyes!

What did Ye Chen do just now?

With a single shot, dozens of people in the late stage of closing the door and even the peak of existence?

Is this, this still human?

It's not that they haven't touched the Horcruxes, and even the Horcruxes that are too virtual, they still have a few in their hands.

But even the Supreme Void Horcrux doesn't seem to have such power?

and! more importantly! They have never seen a Horcrux that can attack in groups!

I have never seen any existence that can use five such terrifying Horcruxes at the same time!

Even Li Yanxi, with her beautiful eyes wide open, looked at Ye Chen in disbelief, forgetting her breathing for a while!

Originally, she was still disappointed with Ye Chen, thinking that she had misunderstood Ye Chen!

Now it seems that she really saw Ye Chen wrong, but it was not Ye Chen who was wrong, but herself!

She completely underestimated Ye Chen's strength!

Ye Chen was not provoked by these people and made a reckless decision, but that these people really couldn't pose a threat to him! !

Li Yanxi's pretty face couldn't help blushing, it was the first time she was so embarrassed.

Ye Chen looked at Xiang Yang and the others with a smile and a smile: "What? You guys are going to do it? Is it a kindness, wanting to let Ye go?"

Chapter 2327: nightmare!

Xiangyang and others only then came back to their senses.

Xiangyang looked extremely ugly and said, "Let's go!"

After all, a few people flickered and surrounded Ye Chen!

Ye Chen smiled slightly, and when he raised his hand, it was another five Horcrux!

The remaining top powerhouses are Xiangyang, Tong Niu, Huang Fei, Cai Xinghuang, Zhao Rui, exactly five!

However, Li Yanxi frowned slightly at this time.

Ye Chen's Horcrux is very strong, and he can use five handles at the same time, which is also very against the sky, but it is not enough to deal with these people.

First of all, it is the soul crystal, which can offset most of the damage of the Horcruxes, and the souls of these people are not as vulnerable as those of the young masters who use external forces to forcibly improve their cultivation.

Even if it is the Horcrux of the Void Realm, although it will cause them some injuries, it is not enough to defeat them!

What's more, these people are the existence of leapfrogging!

Together, you can definitely fight Taixu!

At this time, Xiang Yang and other five people also shot together!

In an instant, the giant beast roared, the fist wind rolled wildly, the sword light flickered, the sword shadow was surging, and the palm print was shaking the sky!

Together, these five top geniuses in the top 20 of the Profound List are even more terrifying dozens of times than the dozens of door-closing princes who made their shots just now!

Even Ye Chen's eyes flashed with solemnity!

These five people are really strong!

He flipped his hand, the beast sword fell into his palm, and the five Horcruxes burst one after another, and the soul sword was cut out!

The five Xiangyang felt that there was a sudden roar in the sea of knowledge, and then, there was a sharp pain like tearing!

A few people roared wildly, their eyes were blood red, and they were obviously suffering to the extreme, but! They are worthy of being super geniuses. Even if they are in pain, their martial arts have not weakened at all, and there is no sign of instability!

Li Yanxi stared at Ye Chen, somehow nervous!

but!

Seeing that the attack was about to fall on Ye Chen, Ye Chen still did not move!

The five of them were taken aback, and then ecstatic!

Ye Chen thought that he could still create miracles, and waited for someone in a flash?

How stupid to the extreme!

It seems that those wealthy princes were not sacrificed in vain, at least they made Ye Chen feel like he was invincible, right?

Even Li Yanxi couldn't help closing his eyes at this time. Ye Chen's strength was terrifying, but in the end he was about to lose because of his arrogance!

These five people work together, no one can take it even if it is too empty!

Taixu second-level sky, it may also be difficult!

Xiang Yang laughed even more: "Trash! Do you think we are the same as the trash? Will be killed by your Horcrux? Ha ha, just because of your ignorance, go to death!!!"

"Really?" Ye Chen's expressionless face, with a move of the beastly sword in his hand, his strong sword intent rose to the sky!

And his cold eyes locked Huang Fei standing in front of him!

Huang Fei frowned. He was ranked 14th on the Xuan Xuan list. He was known as Tianpengquan. His body is agile, like a Dapeng, and his fist power is frightening enough to overwhelm the ocean!

At this moment, when he met Ye Chen's gaze, he naturally knew that Ye Chen was staring at him, but Huang Fei still maintained his composure, his fist strength changed rapidly, he turned offense to defense!

Although Huang Fei avoided and did not face Ye Chen hard, this does not mean that he is weak!

It is very strong!

Facing Ye Chen's terrifying sword intent, he could still turn offensive to defensive in this instant, which is enough to show his strength!

At this moment, a sword light suddenly appeared in front of his eyes, like a bolt from the blue! Split the world!

Ye Chen's sword is absolutely strong!

Although Huang Fei was shocked, he didn't panic. He defended and dodged with his punches!

He knew that he didn't really need to kill Ye Chen with a single blow, let alone fight Ye Chen hard! It only takes a moment for Xiangyang and others to kill Ye Chen!

But at this moment, the corner of Ye Chen's mouth was indeed a strange smile.

The reason why he used the Horcrux before the attack was to make the five people join forces to show a flaw!

With Horcrux, it is impossible for everyone to be affected the same, some are light, some are heavy, and if they cooperate, there will be deviations!

Even this deviation is extremely small!

but! For Ye Chen, enough!

And Huang Fei was the one who had the most influence after the Horcrux was hit by a few people just now! His attack was a bit slower than others, even if it was only 0.1 second, it was enough!

Because of this one-tenth second, Ye Chen cut out this sword!

With a loud bang, the entire Feilei Island began to shake, the waves around the island were surging, lightning and thunder, it was an apocalyptic scene!

The moment Huang Fei's fist touched Ye Chen's sword light, his face paled suddenly, and his eyes were full of horror!

The power of this sword is too terrifying!

Even he, at the moment he touched the sword light, there was a feeling that even his soul would be swallowed by it!

Huang Fei roared, desperately burning potential, a burst of blue light burst out of his fists! Intend to contend with Jian Mang!

In less than a second, the blue light was completely annihilated by Jian Mang!

Blood splashed, Huang Fei's body flew out, his chest was cut with a very deep wound, and his hands were bloody, even the bones seemed to be completely shattered!

However, Huang Fei was laughing!

Because he knew that Ye Chen chose to attack himself, and he had no chance to dodge the attacks of Xiangyang and others!

Ye Chen is already dead!

Xiangyang and the others also showed joy!

Got it!

But the next moment, the smiles of Xiangyang's few people, but solidified!

Their attack did hit Ye Chen, but at the moment when they attacked Ye Chen, Ye Chen's body suddenly turned into a cloud of white mist and dispersed!

Several attacks penetrated Ye Chen's changing white mist, fell into the ground, and instantly smashed a deep pit that could not be seen at a glance!

How is this going?

Good people can turn into fog?

I have never heard of such a strange supernatural power!

Ye Chen used the atomization supernatural power and the red dust divine veins to avoid a wave of attacks from a few people, and his body quickly solidified. With a flash of golden thunder, he used a flash of wind and thunder, and appeared beside Huang Fei!

The sword light reappeared, the killing intent was condensed, and above the blade of the beastly sword, the slaughter **** slashed out, killing everything!

"Help me!!!" Huang Fei was panicked, completely plunged into the ultimate panic. Now his hands have been lost and he can't resist it!

With a click, the light curtain of the magical bodyguard inspired by Huang Fei shattered like paper in an instant, and the sword light struck his neck! !

Blood came out, and Huang Fei's head just fell to the ground!

Ye Chen was covered in blood, holding the bleeding beast sword in one hand, and at Xiang Yang and the others with incredible eyes, he showed an evil smile, and said coldly: "One!"

Chapter 2328: Death!

This "one" was like a mantra of the king's life, causing everyone to shiver in an instant!

Xiangyang roared wildly: "When he is attacking, he can't be atomized. Tongniu has a strong defense. If you are on top, I will wait for a few people to attack!"

Tong Niu's eyes condensed, his hand turned, he actually took out a big shield, shouted, like a spring thunder, he held up the big shield and ran into Ye Chen!

And this big shield, not gold or stone, flashed with red golden aura, and countless inscriptions on the surface, it is a real artifact big shield!

But Ye Chen didn't fear at all, brandishing a long sword, and stepping forward!

Xiang Yang and others moved, changed their positions, and attacked Ye Chen again!

But Ye Chen's figure rose instantly, and a faint fire light covered his body, the red dust divine vein was activated to the extreme, the blood burning tactics, divine blood and other supernatural powers were displayed!

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

A huge force, soaring to the top!

Accompanied by this huge force, Feng Qingyang's third sword, the eternal thunder sword, cut out!

With a loud bang, this strong sword made people wonder if it was a heavy hammer that could crush the entire mountain!

Yijian actually made the fleshly body unbelievably strong, with infinite power, and the Tong Niu holding the big shield of the divine weapon, was cut and flew out!

Even spit out a mouthful of blood!

Horror!

Too scary!

This is Tong Niu! In the case of holding the big shield of the artifact, was still cut and injured?

How terrifying is this power?

As an ordinary person, I am afraid that even with the protection of a large shield, they will be shaken to the viscera and broken into pieces, right?

However, at the same time, the attacks of Xiang Yang and others were completely submerged in Ye Chen's body!

A palm print was printed on Ye Chen's chest and heart!

A sword light slashed towards Ye Chen's neck!

The last sword light was directly in the center of Ye Chen's brow!

When Tong Niu and others saw this, they were all happy!

With three fatal injuries, this Ye Chen, even if he was against the sky, would have died too much, right?

However, the few people who were full of joy in the first place suddenly showed a ghostly look!

After the three shots fell, Ye Chen's whole body turned out to be a burst of yellow light!

Yellow light blocked everything!

The power of Chichen Divine Veins!

How could they think of it!

But the spiritual power of Ye Chen's dantian quickly passed, and the red dust veins disappeared!

After the violent three blows were alleviated, they still fell!

Ye Chen took a few steps back, and there was a trace of blood all over his body.

These three top geniuses joined forces to strike, and the second layer of Taixu will also be hit hard!

Ye Chen wiped the blood from the corner of his mouth, but smiled.

A creepy smile!

In those eyes, the extremely cold gaze instantly locked Cai Xinghuang!

Cai Xinghuang ranked thirteenth on the Xuan Xuan list, one place higher than Huang Fei, but at this time, his eyes on Shang Ye Chen could no longer remain calm!

With a yell, he turned to the outside of Feilei Island and ran away frantically!

Cai Xinghuang is known as the Swift Shadow Sword, his sword skills are fast and abnormal, and his body skills are naturally not slow!

However, compared to Ye Chen, it was still a bit worse.

A golden thunder light, accompanied by a gust of wind, suddenly fell in front of Cai Xinghuang!

Cai Xinghuang shouted wildly: "Everyone, help me!"

While his spiritual power was turning crazily, he exerted his sword skills to cut towards Ye Chen. In an instant, thousands of sword intent appeared between heaven and earth, and the sharp aura between the flash of sword light bloomed infinitely, as if even the avenue of heaven and earth would be impressed by this sword. general!

With a bang, Jianguang accurately hit Ye Chen, but once again penetrated through Ye Chen's body, white mist surged wildly, and a figure suddenly appeared behind Cai Xinghuang.

With a click, the sword light flashed, Cai Xinghuang was exhausted with a sword, and he was cut into two pieces by Ye Chen before he could react!

"two."

Ye Chen turned around, looked at the few people who had just arrived, and spit out a number.

Xiangyang, Zhao Rui, and Tong Niu were all pale. They admitted that Ye Chen was a little scared.

At the same time, they also completely cut off the idea of escape in their hearts. Cai Xinghuang's speed is considered the fastest among a few people, and even he can't escape from Ye Chen's sword, let alone himself?

However, the enemy in front of them gave the three top geniuses of Lingwu Continent a sense of despair from the heart.

An opponent who had suffered three fatal injuries but still beheaded a strong opponent who was no less than theirs alive, how could they not despair?

Zhao Rui looked at Ye Chen who was walking slowly, her eyes trembled crazily, because he found that Ye Chen's eyes were on him!

Originally, he only agreed that Ye Chen was an arrogant, stupid, lifeless trash, so he agreed to do something with him. After all, Ye Chen was just an unnamed person who barely entered the Xuan Xuan list, and he was on the Xuan Xuan list. The top 20 super evildoers! There is no comparison at all!

But now?

Where is Ye Chen in front of him? Enchanting is not enough to describe this person! This person is like a murderous **** descending into the world!

It's not that Zhao Rui has not experienced difficulties and obstacles all the way, but no difficulties and obstacles can compare with the horror and powerlessness that Ye Chen brings to him now!

This is a peerless evildoer who despises everything and is highly respected on the Lingwu Continent, Dao Xin is about to collapse just because of Ye Chen's gaze!

With a puff, under the shocked gaze of Xiangyang and Tong Niu, Zhao Rui actually knelt down. He kowtowed to Ye Chen and said, "Master Ye! I was wrong! Please forgive me! I... I... I am willing to be your servant!"

Xiangyang and Tong Niu are dumbfounded!

This Zhao Rui directly begged for mercy and volunteered to be someone else's slave?

Martial arts practitioners, especially martial arts practitioners like them, are extremely proud, because martial arts training is going against the sky. Since they are going against the sky, naturally they must go forward and never bow their heads!

The state of mind of the martial artist also has a great influence on his achievements!

Zhao Rui naturally knew this too!

However, he knows better, no matter how strong the mood is when a person is dead, it is useless!

With his aptitude, as long as there is no accident, he will definitely be able to step into the Taixu realm. At that time, he will enter a new world. Even if he has not directly ascended, the Taixu strong has the qualification to go to the kingdom of God!

He also has an infinite future, an extremely glorious future, how can he die here?

As long as he is stronger in the future, even if he kneels Ye Chen now, what will happen? Who would dare to make irresponsible remarks to him?

At the same time, he also believed that he, as an infinite evildoer, would definitely be useful to Ye Chen! Since Ye Chen had already volunteered as a slave, Ye Chen had no reason not to let him go!

But Ye Chen just glanced at Zhao Rui coldly, and didn't even take a second glance.

The next moment, blood flashed. .

Zhao Rui, who was kneeling on the ground, rolled to the ground with a big head, and his soul was instantly shattered by the sword intent.

"three."

Chapter 2329: Retreat!

Ye Chen's coldness caused Tong Niu and Xiangyang to turn blue, and their hearts were chilling. They knew that since they took action against Ye Chen, there was no room for change.

Zhao Rui, this super genius with unlimited potential, the young powerhouse who closed the door to the pinnacle, has voluntarily become a slave! Ye Chen still killed him without hesitation!

This person is simply a murderous lunatic, there is no reason at all!

Indeed, if he considers rationally, Ye Chen should keep Zhao Rui, but hehe...

For Ye Chen, the most important thing is never profit.

It's his heart.

He walked all the way, and what he repaired was to let him go!

If you can't reach your own thoughts, then what is the use of a higher cultivation base?

Since you have to do it to yourself, since you regard yourself as a waste that can be abused and slaughtered at will, you have to pay the price.

Since you offended me, there is no problem if I step on your most cherished things and turn them into scum?

And what Zhao Rui cherishes most is obviously his own fate.

Xiangyang and Tong Niu looked at each other, both of them showed a resolute color. Tong Niu roared and swallowed a pill into his mouth. A grayish white color appeared instantly outside his body, his eyes were bloodshot, and his figure was tall. , The muscles bulge, the whole body is very irritable.

At this moment, he seemed to lose his mind, and rushed towards Ye Chen!

As for Xiangyang, there was also a ruthless look on his face, a mouthful of essence and blood suddenly appeared, smeared on the long sword in his hand, and on the long sword, a layer of blood immediately appeared, and the blood light seemed to possess life. Flashing with Xiangyang's heartbeat.

And Xiangyang's hair quickly turned gray, and his face grew old. He stared at Ye Chen with hatred in his eyes.

The sword in his hand is called the Heavenly Ghost Sword, and an ancient Heavenly Ghost is sealed as the soul of the sword. Just Xiangyang, he sacrificed the Heavenly Ghost Sword in exchange for the power of the Heavenly Ghost!

Doing so will naturally have huge side effects, and may even affect his foundation, but now he can't care about so many! Taking advantage of Tong Niu to be able to block Ye Chen, he must seize the opportunity to kill Ye Chen!

He knew that no matter how terrifying Ye Chen's vitality was, it could not be true immortality! The injury was strong enough that he believed Ye Chen would die!

Both of them had no reservations, used the real hole cards, ready to fight to the death!

At this time, some of the people remaining on Feilei Island, as well as the staff of Tianchen Auction, were all dumbfounded.

Originally, they just stayed to watch the play, to appreciate how this extremely arrogant nouveau riche was crushed and devastated.

But this result was something that no one had expected!

There was a continuous boom on Feilei Island, and the battle between Tong Niu, Ye Chen, and Xiangyang would even crack and sink the entire island!

At this time, a man full of playful voice suddenly sounded from the crowd.

"Hehe, it seems that Young Master Ye really didn't disappoint me."

With a cracking sound, the big shield in Tong Niu's hand was smashed by a sword!

At the same time, there are Tong Niu's hands!

At this time, he was covered in blood, his internal organs had already been shattered, that is, he was relying on his extraordinary physique to support him, but now, the potential stimulated by the power of the pill was almost consumed.

"Four." Ye Chen raised his hand and chopped the dying Tong Niu into two with a sword. Finally, he raised his eyes and stared at Xiangyang.

This son of the Xiang family, who had an extraordinary family background and was extremely talented, was already bloodless at this time, and he couldn't hold the Heavenly Ghost Sword in his hand!

And the crowds of onlookers were also dumbfounded and shocked to the point of no more!

Ye Chen, almost subverted all their knowledge of martial arts!

A martial artist of the Star Aperture Realm, unexpectedly surpassed dozens of leapfrog existences in the post-closing stage and even the peak in a second?

Moreover, even if the five super evil spirits at the peak of Lingwu join forces, they are still invincible?

This is simply impossible to be a reality!

Even the people at the Tianchen auction are foolish!

They came from the kingdom of God, it's not that they have never seen geniuses, but! A monster like Ye Chen has never heard of it!

In the past, they all thought that Lingwu Continent was just a backward place. The martial arts practitioners there were just a group of uncivilized barbarians. They could not be compared with the people of the Kingdom of God. They looked down on Lingwu Continent and looked down upon them. Lingwu people.

But now?

Ye Chen, simply subverted their understanding of Lingwu Continent!

Where the **** is this imaginary backward, wild land?

The place where Ye Chen's abnormality can be born will be backward and wild?

This kind of monster, they always thought, would only exist in those real kingdoms of God!

It can only be said that Ye Chen has reached the extreme against the sky!

"Let me go..." Xiangyang said with trembling lips, "You...you can't kill me. I am the son of Xiang family, and I am from Nangang Xiang family. You are not a Shenhua Academy who can compete! You know, do it yourself What will happen next!?"

"Ha ha."

Ye Chen showed no expression on his face, and walked towards Xiangyang step by step, while Xiangyang was constantly backing away.

"What's the end? I want to ask Master Xiang."

Xiang Yang was taken aback, his eyes trembled even more!

Why is it so?

Does Ye Chen really want to kill himself?

Really desperate?

Xiangyang roared desperately: "You Shenhua AcademyNo, not only Shenhua Academy, people related to you will disappear from Lingwu! You know!? Stop! Stop it for me!"

"Really?" Ye Chen said indifferently, "On the contrary, I think it is Xiang Jia who will disappear."

Ha ha, the top ten families? interesting.

If he hadn't participated in the auction, maybe Ye Chen really needed to be afraid of this Nangang Xiang family, but now he has no scruples about killing Xiangyang.

the reason is simple.

He may not have the power to contend with Taixu's mid- and late-stage existence, but what if he absorbs all his harvest at the auction?

At that time, Ye Chen doesn't need to put too much emphasis on the so-called top ten families, right?

With him alone, he has the confidence to push back home!

Therefore, Xiangyang will kill him!

Just as Ye Chen's killing intent bloomed in Ye Chen's eyes, he was about to raise his sword, and Xiang Yang was also frightened to the ground, suddenly Ye Chen's expression changed!

At Chen Zhifan, who stood behind Li Yanxi in order to avoid being affected by the battle, shouted: "Brother Fan! Leave Feilei Island! Go now and bring Song Rou with you!".

"What?" Chen Zhifan frowned and looked at Ye Chen, wondering why he said so suddenly.

However, at the next moment, Chen Zhifan seemed to feel something, his face changed wildly, and his soul was about to dissipate in shock. He stared at Ye Chen, did not say much, turned around and rushed towards the accommodation.

Chapter 2330: No. 1 on the Xuan List!

Chen Zhifan knew that staying here would only become Ye Chen's burden.

Suddenly, those who had not left Fei Lei Island suddenly turned their heads and looked towards the sky in a certain direction.

There, there are three breathtaking and peerless auras, which are fast approaching towards Feilei Island!

Soon, three figures appeared high in the sky, looking down at Ye Chen standing on the ground, with extremely cold eyes!

The three of them, a middle-aged man with a majestic complexion, an old man with gray hair and sunken eye sockets, and one of them, seemed to be young men with cold expressions.

And these three people, without exception, are all powerhouses in the emptiness!

Three too empty!

Xiang Yang raised his head and looked into the air, but with a look of ecstasy on his face, he suddenly got up, ran towards the three people, and shouted: "Elder Xu, Patriarch Xu! Save me, save me!"

The three Taixu powerhouses glanced at Xiangyang, fell from the sky, and stood in front of Ye Chen and said, "You, is Ye Chen?"

Ye Chen narrowed his eyes, staring at the three of them and said, "Beihai Xu Family?"

Xiangyang called the elder Xu and the head of the Xu family, indicating that they are all from the Xu family, and there is only one Xu family in the Lingwu Continent that has three Taixu strong people, and that is the Beihai Xu family among the top ten families.

To his surprise, the Xu family found it so quickly.

At this time, there were a few more people coming from a distance, one with a sullen expression. It is Guo Rong.

The other person looked a little funny. His whole body was wrapped in bandages, and he was wrapped like a zongzi. He couldn't even walk by himself, so he could only act with the support of two maids.

However, although this person looked miserable, his eyes were full of pleasure!

This person is Xu Sheng!

The reason for this is because he knew that Ye Chen, who wounded himself into such a bastard, was dead!

In addition, in front of them, there was a young man with a green robe, a handsome face and silver eyes. He was smiling, giving people a feeling of spring breeze, while Guo Rong and Xu Sheng, following this person, looks respectful!

Among them, the middle-aged man with a majestic complexion was Xu Yi, who coldly snorted to Ye Chen: "Boy, you don't think that if you hurt Sheng'er like that, you can leave this Feilei without incident. Island?"

"Ha ha."

Facing Xu Yi, Ye Chen still had an indifferent look, and said with a smile: "I just think I can leave this Feilei Island, why? Isn't it possible that your Xu family still bites me? Then you bite? Don't just call it there?"

The successive shocks have already made the onlookers somewhat confused, and after hearing what Ye Chen said, even some people almost fainted...

Even if Ye Chen is mad, there should be a limit, right?

Facing a real Taixu existence, even directly speaking to the other side to bite him? ? ?

madman!

This is absolutely a desperate lunatic!

"you!"

Xu Yi was stunned when he heard the words, and then, the blue veins in the forehead jumped wildly, his eyes were bloodshot, and his anger was beyond the reach!

How many years has it been? How many years has no one dared to speak to himself like this?

He doesn't even remember him!

Right now, in front of so many people, was he mocked by a star-aperture junior?

This is an unimaginable insult to a Taixu existence!

"Are you angry?" Ye Chen squinted at Xu Yi, smiling. "Do it? What are you doing standing? Do you want me to let you do something?"

The incomparable aura of Xu Yi's body was agitated, appearing extremely violent, even those onlookers who stood far away, under the influence of Xu Yi's breath, instantly held their breath, and looked at Xu with horror. Yi, they dare not even breathe!

Now, they feel like an ant facing a nuclear bomb. Any trace of energy that Xu Yi releases at will can easily kill thousands of themselves!

Too virtual realm, too scary! !

but!

What makes them very strange is, why, after hearing Ye Chen's ridicule, Xu Yi hasn't done it yet?

On the contrary, he looks like he is trying his best to endure it?

Xu Yi was indeed patient, suppressing his anger, because he knew that he couldn't shoot Ye Chen.

Because he has a mark on him!

"It seems that Young Master Ye is very confident in himself with this mark?"

At this time, a man's voice came from behind Xu Yi.

Ye Chen looked at the man, but frowned.

What he saw was a man with handsome face and deep outline. No matter his appearance or figure, he looked like a perfect man with silver eyes from the hand of a god.

This man, personable, with a cultivation base at the top of the gate, does not appear to be more than twenty-five years old, with a gentle smile on his face, which makes people want to get close inexplicably!

But the moment Ye Chen saw this person, his heart jumped wildly!

His intuition, the alarm bell rang frantically, warning him frantically that this young man with silver eyes was extremely dangerous!

Even more threatening to Ye Chen than those three too virtual and powerful!

Too weird!

Xu Yi naturally caught Ye Chen's solemn appearance, and couldn't help but sneered:

"Ye Chen, your strength is indeed very strong, you should have a level of a virtual level? With the imprint on your body, do you think you are invincible no one can help. Have you got it?"

"Stupid!" Xu Yi's voice suddenly became cold. "Ye Chen, I admit that your potential is terrifying. Even I can't ignore you. If you give you time, even my Xu family, you can hold back one day. In the eyes?"

It's a pity that you are now provoking a force that should not be provoked! No matter how good you are, no matter how good you are, you have to die here today! because!

You are just a self-righteous frog at the bottom of the well! In this world, there are far more terrifying existences than you! "

"So—" Ye Chen stared at the silver-eyed youth and said, "You were sent by them to kill me? What is your name?" He ignored Xu Yi. At this time, he had put all his attention on On the body of the silver-eyed youth.

"Send it?" The young man smiled slightly: "With the Xu family? Haha, Ye Chen, you are too underestimating me, but they are asking me for a favor."

The onlookers couldn't help taking a breath, this silver-eyed young man didn't even look at the Beihai Xu family, one of the top ten families? What's more terrifying is that the people of the Xu family are actually dissatisfied with this young man's low eyebrows?

"As for my name?" In the youth's tone, there was a hint of disdain, "I'm afraid, Ye Gongzi doesn't deserve to know, but there are many people who call me nameless."

Ye Chen, Li Yanxi, and even Xiang Yang's pupils shrank suddenly upon hearing this!

nameless? ?

No one on the Xuan list?

That incomparably mysterious nameless?
