

## Urban 2331

Chapter 2331: The fourth sword!

"Isn't it qualified?" Ye Chen's eyes broke out with a war intention. He knew that although the opponent had only the cultivation base of the pinnacle of the gate, the nameless was very strong.

The bursting strength definitely surpasses the second layer of Taixu! Even more terrible!

But what about strong?

The stronger the enemy, the more worthy of defeat, isn't it?

"I hope you will have a chance to say your name before you die. I'm still very curious about you."

The next moment, the thunder suddenly appeared, Ye Chen's figure suddenly appeared beside the nameless, the infinite divine mind whizzed out, transformed into the sword of divine mind, and cut into the nameless sea of knowledge!

Wuming glanced at Ye Chen, and a trace of disdain appeared on his face. Under the attack of Ye Chen's soul skills, there was not even a trace of wavering!

Ye Chen's eyes flickered, it seemed that this namelessness was even more terrifying than he thought!

He raised his hand abruptly and cut out with a sword, and the sky-shaking sword light appeared. In everyone's ears, there seemed to be a whisper from the gods and demons. The sword light slashed towards Wuming with infinite power. At this very close distance, it almost avoided Inevitable!

However, suddenly, Ye Chen's complexion changed suddenly!

And that extremely terrifying sword light also disappeared in a flash!

Feng Qingyang's voice suddenly sounded in Ye Chen's heart: "Spirit Forbidden Technique?"

Ye Chen said with a stern expression: "What kind of spiritual forbidden technique?"

Feng Qingyang said with a dignified voice: "The technique of forbidden spirits is a tricky method even in the kingdom of God. This secret technique can only be performed by people with special physique. Its effect is It is to control all kinds of true energy and energy, and eliminate the enemy's magical powers!"

When Ye Chen heard this, he couldn't help showing shock...

This is too abnormal, right?

"Now, it's me."

Wuming smiled, twisted his wrist, and grasped a long sword emitting bursts of blue light. As soon as the long sword came out, the blue light rose into the sky and went straight for nine days!

This long sword is a real saint soldier!

A ray of sword intent appeared between the heavens and the earth, and some of the gates present on the scene trembled uncontrollably, almost unable to stand! Just a breath that leaked out made them feel that life and death were beyond their control.

Even the three Taixu's existences are all horrified!

That sword glow was so fast that Ye Chen subconsciously wanted to use the technique of atomization to evade, but at this time, Feng Qingyang's voice sounded again: "Boy! Don't use atomization!"

Ye Chen was taken aback, but it was too late, the sword light had already arrived!

In an instant, Ye Chen's figure blurred and turned into a white mist, that sword light penetrated through the white mist!

but! In the next moment, a burst of blood mist filled the white mist!

At this time, Ye Chen glanced at his chest in disbelief. At this time, his chest had already been pierced with an extremely large blood hole!

Fortunately, Feng Qingyang reminded him at the last moment and made him reluctantly carry out some defenses, otherwise, this blow would be enough to seriously hurt him!

But even so, he is not at all uncomfortable! The power of this sword is almost equivalent to that of Lin Yaqin!

What's more terrifying is that this nameless sword light actually broke his atomization technique! ?

At this time, a group of people looked at Wuming with sarcasm, almost fainting! Including those from the kingdom of God!

Let's forget Ye Chen who is against the sky to the extreme, now, why is there another nameless?

Is this still the level that Lingwu Continent should have?

Such a genius, even if placed in the Kingdom of God, is considered a peak enchantment, right?

Wuming looked at Ye Chen, but frowned slightly, he didn't even kill Ye Chen with a single sword?

interesting.

Wuming sneered at Ye Chen: "What you performed just now was the atomization technique, right? It's a pity that under my spirit forbidden technique, this kind of magical power is useless, but you didn't die? This young man was a little surprised."

The next moment, Wuming looked cold, and suddenly shouted: "Forbidden Spirit Realm, open!"

An invisible wave spread to the surroundings, covering both him and Ye Chen.

Ye Chen took a pill, and his injury began to slowly recover, but his expression did not relax at all, instead he became more solemn!

Because, after that forbidden spirit law domain enveloped it, the surrounding heaven and earth's spiritual energy was stagnant, as if it was extremely difficult to even transfer a point!

If the aura of heaven and earth were to Ye Chen, it would react if it was gently moved like water, now he is as if he is stuck in a huge piece of cement!

Wuming smiled at Ye Chen and said, "I just don't know, how many swords can you withstand?"

As soon as the voice fell, the sword light in his hand began to condense again!

In this forbidden spirit law domain, it seems that only Wuming himself is not affected!

Ye Chen's face was stern, and he asked Feng Qingyang in his heart: "Master, how can you break this Forbidden Spiritual Realm?"

After Feng Qingyang was silent for a moment, he said, "Your Heaven Slashing Sword, Burning Sky Sword, Eternal Thunder Sword, not enough realm, so it will be affected by his Forbidden Spirit Realm, but there is a power that he can't influence. of."

"what?"

"Yes, your physical strength!"

"Combined with the power of your physical body, it's time to teach you the fourth sword!"

"This fourth sword is called the Sword of Killing the Devil and the World!"

"Disciple, the situation is urgent now, you can't get through and show it right away! Only with my power!"

"If I try my best, this namelessness will die! But I may dissipate immediately!"

"If I keep my strength, I can only use a part of my strength, and can't hit the opponent hard! I still rely on you!"

Ye Chen chose the latter without any thoughts!

He doesn't want the wind to clear away!

As long as Feng Qingyang uses a sword, he can feel it!

In the next second, Ye Chen closed his eyes.

Then, suddenly opened!

That is a pair of eyes that run through ancient and modern times!

That is a pair of eyes that only belong to the sword!

Ye Chen's figure disappeared, turned into a Lei Mang and flew towards Wuming!

When Xiangyang, Xu Sheng, Guo Rong and others saw this, they were taken aback for a moment, and then burst into laughter!

"This idiot, has he already given up? Knowing that he has no chance, he ran to the unknown son to die?"

"Send to death? Hehe, maybe he is going to run to kneel and beg for mercy?"

"I see, he recognizes that he is in front of the unknown son, but he is just a trash and has begun to abandon himself!"

The nameless silver eyes flashed, but frowned slightly.

For a moment, he felt Ye Chen changed.

Although the cultivation base and strength have not changed, this sense of crisis is very strong!

Wuming no longer hesitated, and activated the bodyguard spell!

He has never activated this thing against the too virtual and strong!

What exactly is Ye Chen going to do? ?

The next moment, a sword cut out!

That terrifying sword light once again penetrated through Ye Chen's body!

Chapter 2332: Unexpected!

Xiangyang and the others were full of sarcasm, and they were about to laugh, but suddenly their faces were frozen.

Just because of the sword in Ye Chen's hand, the sword intent is overwhelming!

At this moment, Ye Chen seemed to form a phantom of ten thousand swords!

Thousands of swords continue to gather, as if forming a sword of destruction!

This power completely surpasses Tai Xu!

The sky has changed color! The dark clouds covered the whole world like Ye Chen's hand!

The sword intent formed the power as if to possess the sense of destruction!

Is this the \*\*\*\* sword intent released by the Star Aperture Warrior?

What a joke!

They even felt that they would never be able to release such a powerful blow in their entire lives!

WINK's Surge to \$1: Join the Wave!

Slaughter the Demon Sword! Falling down!

Ye Chen's thin lips moved slightly: "Unfortunately, Ye Chen chose the latter, otherwise, you might be dead."

"Anyone who touches my disciple, I will never forgive if the wind is clear!"

The words fell, that nameless body protection spells broke directly!

"Damn it!" Wuming cursed secretly, and he retreated while condensing his sword intent.

Unnamed, even retired?

Then Wuming, who looked so terribly horrified, retreated?

Not only that, but a trace of blood appeared at the corner of Wuming's mouth!

Obviously injured!

This sword shook Wuming!

Everyone feels that their brains are not enough...

And Ye Chen's eyes also recovered as before.

Feng Qingyang has returned to the reincarnation cemetery.

Ye Chen also felt a bit of the Slaying Demons Sword that was just used.

Now he wants to use Wuming to perform again!

Mastery!

There was a loud bang, and another sword cut out!

After a brief silence, Ye Chen unexpectedly once again! Moved!

Rush straight towards Wuming!

Now, even the nameless look that has been so calm has changed a bit!

Is this guy immortal?

Isn't it scary?

But soon, the nameless complexion turned gloomy, while his figure flickered, while staring at Ye Chen, he said sharply:

"You are strong! Stronger than I expected!"

"The sword just now, I almost lost to you!"

"That's because I underestimated the enemy. Now, I want to see if you can withstand my few swords!"

Boom, boom, boom!

For a time, loud noises continued, and there was a mess on Feilei Island, and many huge pits were blasted out by nameless!

Wuming stared at the figure in front of him with some gasping, and an incredible color appeared in his silver eyes!

Ye Chen is still alive at this time!

Wuming now has a full ten swords!

Ten swords! Still did not kill Ye Chen!

But obviously, Ye Chen now has reached his limit.

After all, activating the Scarlet Chen Divine Veins and the Sword of Demon Exterminating the World are extremely expensive!

Ye Chen still had the strongest blow absorbed by Lingfeng's Divine Veins but did not release it!

He will never release it as a last resort!

Nameless, not enough to be released!

Nameless eyes flashed, a cold light appeared, the next sword!

With the next sword, he must completely end Ye Chen!

Wuming holds that long sword, closes his eyes and concentrates, and runs his spiritual power. With this sword, he wants to reach the extreme he can achieve!

With this sword, he must be sure to kill Ye Chen!

With ten swords in a row, Ye Chen still stood in front of him, making Wuming, who had always been extremely proud, a little irritated.

Anyway, Ye Chen can't get close to himself in his current state, right?

At this moment, Ye Chen looked bloodied, and a smile appeared on his terrifying face.

He was waiting at this time.

"Chaotic Star Tree!! Open!"

Ye Chen gave a soft drink, a powerful life force surged from his body, and at the same time, Ye Chen's breath also weakened a little.

Not a beast sword, but a long sword exuding repeated coldness, like a long sword made of ice!

It was Ye Chen's weapon from the auction, Tianhan Blade!

Ye Chen raised the Heavenly Cold Blade in his hand, his whole body muscles bulged, and accompanied by a wild roar, he actually threw this Heavenly Cold Blade at Wuming!

Under the blessing of Ye Chen's tremendous strength, Tianhan Blade instantly turned into an icy blue streamer, just like a laser emitting, flying towards the nameless!

The three Xu family's super virtual powers were shocked when they saw this!

But the speed of Tianhan Blade is too fast, and now they are also affected by this spiritual forbidden law domain, there is no time to stop it!

"Puff"!

Blood rush!

And that blood is not bright red!

It's a strange pale silver!

It was nameless blood, rushing out of his throat!

Originally this sword was pointed directly at the center of his eyebrows, but at the last moment, Wuming jumped slightly, causing this sword to be stuck in his throat!

Although this sword hit, Ye Chen's complexion changed drastically!

This sword did not kill Wuming?

If the ordinary Taixu layer of heaven exists, Ye Chen is confident that this sword shot with the ultimate physical strength can turn it into nothingness as long as it touches the opponent's body a little, and it may even be destroyed by the soul. Crushed by your own great power!

And the nameless?

Even if it shot him in the throat, Wuming, although he suffered serious injuries, did not die!

Not only was he not dead, but even the terrifying sword in his hand was never shaken!

The unnamed physical quality is so strong?

"Puff!" Wuming suddenly spit out a big mouthful of blood, his face was pale, his eyes were bloodshot, the original demeanor, gentle, and indifferent!

That handsome face became extremely hideous in an instant, and the bulging blood vessels appeared on his face. The blood vessels were constantly surging, not only the hot silver blood, but also the extreme boiling killing intent!

The nameless silver eyes glanced at the silver blood stain on the blue robe, and the anger in his eyes was about to ignite the air! !

"You! Dare! Hurt! Me!!!"

The nameless holding a long sword, the sword energy surged, and he suddenly jumped up, with the sky cold blade inserted in his throat, staring at Ye Chen with his eyes, like a beast roaring, his mouth was hoarse and oozing. sound!

Chapter 2333: Did he have an accident?

"A bastard! How dare you hurt the deity? Die to me!!!" The long sword in Wuming's hand flashed with blue light, suddenly pointing towards Ye Chen!

A strong sword will descend from the sky!

Ye Chen stared at him, gritted his teeth, his body was constantly trembling, and he couldn't move at all when pointed at by the sword of Wuming!

"Meteor Sword, cut!"

Anonymous shouted, in the long sword, the sword intent surging out, surging towards Ye Chen!

This sword light has not yet touched Ye Chen, only the moment that appeared between the world, the land under Ye Chen's feet completely collapsed!

With a loud bang, an extremely deep sinkhole suddenly appeared on this Flying Thunder Island!

Just the pressure of this sword completely penetrated Feilei Island from top to bottom!

But at the bottom of the tiankeng, what appeared was not the bark water, but purple thunders!

When Feng Qingyang discovered the existence of the purple thunder, he exclaimed, "Void God Thunder?"

Under Ye Chen, there was actually a thunder curtain composed of Void God Thunder!

Void God Thunder, known as one of the three great spirit thunders of Lingwu, can't resist even if it exists in the Void Realm!

There is the Light of the Meteorite Sword in the front and the Void Thunder in the back. Is Ye Chen really going to fall here this time?

And above the sky, Wei Ying riding a black awn flashed with anger and anxiety!

But she did not move!

She knew the road to martial arts, if she interfered too much, Ye Chen could not be strong!

However, she couldn't help it anymore! She just wanted to call Umang to rush down!

An old figure and a burly man appeared!

It is the eternal holy king and Yan Kun!

"Girl, don't make a move."

"This is the robbery that belongs to that kid."

"This robbery is against the heavens."

"Furthermore, not only are we watching the battle, the powerhouses in the Heavenly Dao Palace are still watching the battle."

"We are fighting against them now."

"A Taixu pinnacle and an Evil Slayer, they have already seen Ye Chen's face and Ye Chen's defense against the sky, so they must die."

In the next second, Wei Ying looked in one direction!

Above the sky, not far away, two old men appeared!

The breath of these two old men was terrifying to the extreme! The coercion is its own!

Soon, the two elders stopped, and said in a cold voice: "It seems that today is really an unexpected gain."

"Not only can it destroy the ants that provoke the Heavenly Dao Palace, but it can also take away the eternal holy king who has been hiding."

"If these two things are enough to excite the palace owner, then the last thing may make the palace owner ecstatic."

"If I guessed correctly, Ye Chen should be the mysterious young man the palace owner has been looking for."

At this moment, Ye Chen's identity was revealed!

Wei Ying and the eternal holy king gathered murderously and glanced at each other. They knew that these two powerful beings could not leave alive!

As for Ye Chen below, he can only rely on Ye Chen himself! They cannot interfere!

...

At this moment, Ye Chen's gaze condensed, and in his eyes, a cyan sword light containing the power of destruction was rapidly magnifying!

Feng Qingyang also said: "Boy, this nameless is a bit weird. He is strong enough to enter the third layer of the Taixu, but he did not enter. He even has a sense of the kingdom of God... and when he uses martial arts, he has A shadow..."

"His roots are vague, but I vaguely feel that this person has been practicing for a thousand years..."

"There are too many doubts about this Wuming. Right now, he can only use the power of Lingfeng's divine veins!"

Ye Chen didn't hesitate anymore, this nameless was much stronger than imagined!

This is the first top power he has encountered since he stepped into Lingwu Continent!

First on the Xuan list! The top talent in Lingwu Continent!

He closed his eyes and his blood was boiling!

Lingfeng divine veins are completely activated!

This power is enough to destroy everything!

However, at this moment, the ancient medical \*\*\*\* Cang who had not spoken spoke!

"Ye Chen, don't activate! There is a mystery under Feilei Island!"

"Go down! Go down!"

"The old man is here, you can't die!"

Canggu Medical God's voice is extremely urgent!

Ye Chen condensed his eyes, hesitated for a few minutes, and withdrew Ling Feng's divine veins!

Although this old man has a bad temper, he still believed in him!

"it is good."

In the next moment, the green sword light wrapped Ye Chen's body!

With a loud bang, Ye Chen's body completely disappeared!

The blood mist fell on the thunder curtain composed of the Void God Thunder, and it also turned into green smoke.

In the eyes of everyone, Ye Chen really turned into nothingness on the sword of Wuming!

Many people, when Wuming was about to slash this sword, had already jumped into the sky, observing the situation in the sinkhole.

At this time, they all saw this scene!

I saw the scene where Ye Chen was wiped out by a sword!

The three Xu family too virtual and powerful, all showed ecstasy on their faces!

Ye Chen is finally dead!

Originally, they all thought that the nameless shot would directly crush Ye Chen, but they didn't expect that Ye Chen was much more terrifying than they thought!

Even, it hurt the nameless!

In the high altitude, it was not only the Xu family trio who saw this scene. Li Yanxi also saw it. For a while, she blinked in disbelief...

Ye Chen, really died like this?

In addition, there is another person who is full of despair and sadness. This person is naturally Chen Zhifan!

Tears flowed from his eyes. Although Ye Chen asked him to leave, he returned here after letting Song Rou escape, just to see the scene where Ye Chen was annihilated by the Meteorite Sword!

how is this possible?

How could Ye Chen die like this?

Chen Zhifan couldn't believe it and didn't want to believe it.

But the fact seems to be right before our eyes.

He gasped heavily, his eyes red, and he stared at Wuming.

He knew that he was not an opponent, and he did not have any chance to kill Wuming.

but! He still couldn't help but want to do it!

After a few breaths, Chen Zhifan forcibly forced himself to calm down. He glanced at the thunder curtain in the pit for the last time, then turned and headed out of Feilei Island.

He knew that for a moment, what was the use of giving his life for nothing?

And after Ye Chen died, Chen Zhifan felt that things would not end so simply...

No one noticed, a scarlet figure also disappeared with Ye Chen!

This is Yankun of the Qiankun clan!

There is only one person in the ancient blood, Yan Kun!

...

Above the sky.

There are four figures.

Wei Ying, the eternal holy king, Lin Haiyan, the pinnacle of the Supreme Void Realm of the Kingdom of God, and Liang Hongyi of the Evil Realm!

The fighting spirit is on the verge.

The Eternal Saint King looked at Wei Ying and said, "I can tie the Divine Kingdom Slashing Evil Realm."

"Do you have the confidence to fight against the peak of Taixu? You are only eight layers of heaven now...".

Wei Ying looked cold, and said directly: "Yes."

"I only care about one thing. Ye Chen disappeared from below. Could something happen to him?"

Chapter 2334: Don't teach life and death to make love!

The Eternal Saint King smiled and took a sip of wine: "That kid doesn't die so easily."

"I know the guy who shot him, he is not the pinnacle of door closure, his true strength should be in the third layer of the sky."

"But it is not so easy to solve Ye Chen with such strength."

"If I didn't guess wrong, Ye Chen is looking for opportunities under Feilei Island."

"The establishment of ten cities in the Kingdom of God is not random."

"When Ye Chen comes out, it is estimated that he will truly enter the state of sealing the door."

Wei Ying felt relieved a lot.

Her gaze fell on Lin Haiyan not far away, and she sneered: "What about the peak of Taixu? Anyone who dares to move my man will either die or die!"

The next moment, the eternal holy king coughed fiercely.

He has been alive for ten thousand years, how can he ever hear this kind of confession?

"Does Ye Chen know your true identity?"

Wei Ying shook her head: "I don't know."

Eternal Saint King frowned slightly: "You are not going to tell him? Anyway, you are also from China. If he knows that you are here, he might be very happy."

Wei Ying is still resolute: "I don't want him to know that from the day I became the lord of the Chilling Emperor's Palace, it is doomed to end."

"This ending, I hope it won't involve him."

"I hope you keep it secret."

"Even if the catastrophe is over, even if the love is deep in the bone, I will treat him as before, and the years are the same."

The King of Eternity sighed, he knew that love is complicated, and he knew what Wei Ying was carrying.

He held a hip flask and released it murderously:

"Girl, I will give you one too."

"But once you meet you will know each other, how about meeting you when you don't see each other. An De and Jun Xiangjue will not teach life and death to love you."

Wei Ying Hanshuang's face moved slightly, and ripples seemed to appear in her pupils.

At this moment, Lin Haiyan and Liang Hongyi started!

"What nonsense! You are all going to die today!"

Liang Hongyi rushed towards the eternal holy king first!

His sword, with the ultimate sword light, did not leave any hands!

All the void around is torn apart! There was even a faint flicker of lightning in the tear.

The eternal holy king's fingers pinched the tactic, and the gourd jug in his hand turned into a wooden sword!

With a finger of the wooden sword, there was a violent golden light!

"The old man hasn't used the sword for a long time. Just look at it. After stepping into Zhan'er, the old man's power is geometric!"

Two extreme forces criss-cross! Suddenly there was a stalemate!

And Wei Ying also broke out with killing intent! The whole body was swallowed by endless ice, and the cold sword in his hand carried a thousand chills, and it was cut directly at Lin Haiyan! Lin Haiyan's eyes shrank, and he kept backing away. He discovered that this woman of the Eighth Layer of Taixu actually possessed the ability to fight leapfrog!

This sword turned out to be the pinnacle!

"The Sword of Ten Thousand Fire Searching for the Sea!"

Countless fire and cold touches!

Everything around is destroyed!

A shocking whirlpool formed in the dark clouds!

The vortex is getting bigger and bigger, as if the whole world is about to be swallowed!

...

Below.

Anonymous glanced at the thunder net in the deep pit, and slowly retracted his gaze. Ye Chen's troubles far exceeded his expectations, and even he had to admit that Ye Chen was indeed a monster.

But soon, a smile rose from the corner of his mouth, no matter how against the sky, Ye Chen died in his hands in the end.

Xiangyang and others were also full of joy, but he glanced at the Void God Thunder in the deep pit and said with some regret: "It's a pity that this kid's storage bag fell in the Void God Thunder's thunder net. None of the treasures obtained at the auction can be recovered."

The three Tai Xu existences of the Xu family glanced at each other and frowned slightly, even they did not dare to resist.

Wuming pulled out the Heavenly Cold Blade of his throat, and took a magical medicine calmly. At the same time, his complexion was a little hard to look at. In a battle with Ye Chen, he was hurt more than he thought. Many more!

Anger was raging in Wuming's heart! At the same time there is a trace of fear!

You know, Ye Chen only hit him once! Still in his forbidden spirit domain!

Even so, it caused him so much damage!

Doesn't this mean that if Ye Chen is stronger, he can even take his life?

Thinking of this, the cold sweat on the unnamed forehead came out instantly! He almost died in the hands of an ant who hadn't stepped into the door?

Even though he possesses the technique of forbidden spirits, and can simply match those who are too weak, his defense is too weak! If you encounter Taixu Realm Body Cultivation, you will suffer a lot!

At this moment, Xu Yi stepped forward and asked Wuming respectfully: "The nameless son, are you okay?"

Wuming said indifferently: "It's okay, it's just skin injuries."

Xu Yi laughed and said: "This waste is naturally impossible to hurt the son, but this kid is really rough and thick enough, son, your meteorite sword technique is enough to match the attack of the strong in the middle of the Taixu realm, but he I fought so many swords hard with my body!

Haha, but in the end, he would only suffer for nothing before he died. If he had known his fate, he would have given up struggling and would just kneel in front of you to lead his death, right? That way, at least a whole body can be left! "

Originally, Xu Yi just wanted to flatter Wuming, but after Wuming heard the words, she was brilliant in her silver eyes!

If he had Ye Chen's terrifying physique, coupled with his spiritual forbidden domain, wouldn't he be nearly invincible?

Wuming has always been a person who cherishes his life very much, and Ye Chen's physique is an incomparable treasure in his eyes!

Above his handsome face raised a cruel smile, and said to Xu Yi: "Elder Xu, pass my order, Xu family, from now on, investigate Ye at any cost. Chen's background, woman, see if he has blood left in the world!"

The nameless Xu family made a shot once, so now the Xu family is a chess piece on the nameless chessboard! A very useful chess piece!

Xu Yi was shocked when he heard this, Wuming was so fast that he would drive the power of the entire Xu family?

However, he did not dare to refute the slightest dissatisfaction. As a result, he signed a contract with Wuming. If he violated the contract, even if he did not die, his end would be very bad.

Secondly, the nameless Forbidden Spirit Realm is really terrifying! Even if the three Xu family members are too empty, their strength in the legal domain is greatly reduced, and they really don't have the confidence to defeat the nameless...

So, I have to listen...

Xu Yi nodded and said, "Yes, I would like to follow the orders of the son."

Wuming nodded and said: "If he is in this world and still has blood, don't hesitate to take his blood!"

As he said, he glanced at Xiangyang aside and said:.

"Are you Xiangyang of the Xiang family? Go back and tell your Patriarch, let the Xiang family participate in the capture of Ye Chen's blood. My son is going to the Soul Hall in a few days. I heard that there is a man named Lin Juelong in the Soul Hall An expert possesses a secret method to strip the blood of others.

You have also seen how terrifying that kid's physique is. When the time comes, this young man will learn, and you can give a trace to your two families. "

Chapter 2335: The horror of Canggu Medical God!

Xu Yi, Xiang Yang and others are all overjoyed! Nodded again and again: "Thank you, son! I will surely seize this evil bloodline in order to prevent it from harming the world!"

"How can such a demon seed be kept? We are walking the way for the sky!"

"Yes, we, as the top ten Lingwu families, this is our responsibility!"

"Save the common people! Exterminate the demons!"

Ye Chen's almost immortal physique is obvious to all! Although they look down on Ye Chen, they have been shocked by Ye Chen countless times!

Wuming looked at the expressions of the Xu family and the Xiang family with satisfaction, with a smile on the corners of their mouths. The way of imperialism is nothing more than the combination of grace and power, even in the face of the top giants of these two Lingwu continents.

If you want them to serve you wholeheartedly, naturally you have to give them a bit of sweetness.

With the support of two of the top ten families, even Shenhua Academy will be easily crushed, right?

However, just in case, Wuming pondered for a moment, and said: "That Ye Chen killed a lot of geniuses, rich children? After you go back, contact the forces behind these people to punish the demons together!"

"Yes!"

After doing all this, Wuming suddenly raised his head and looked at the huge vortex of the sky.

He knew that he could not participate in the struggle at this level.

The key is why it suddenly broke out?

Does it have anything to do with Ye Chen?

He didn't think much anymore, and didn't plan to stay here. He turned around and said lightly: "Okay, I'll go back first, and let me know when there is news."

Having said that, as soon as he flees, it turns into a blue light and flies away from Feilei Island.

After leaving Feilei Island, Wuming, who was in the air, suddenly stopped to escape, spit out a mouthful of blood, with a very sullen expression on his face, and said with a grinning smile:

"Haha, Ye Chen, how dare you hurt this son like this? Well, very good! Haha, do you think you can pay for your sins if you die?

I want your blood to become a demon species cast aside by the world on this Lingwu continent! Even if you have blood, you can only become this son's wedding dress! Haha! "

Wuming took a deep breath, his injury was heavier than expected, otherwise, he would definitely take the action personally in this operation, but now he can only return to the cave mansion for healing, otherwise, it may affect his foundation.

At the same time, on Fei Lei Island, under the thunder net composed of the Void God Thunder, is a secret and empty underground grotto.

The thunder curtain above the grotto has become a natural protection. Not only can almost no one come here through the thunder net, but even the power of the divine consciousness that exists in the Taixu Realm and the Slashing Evil Realm cannot pass the terrifying Void God Thunder.

But now, under the light of that divine thunder, a figure can be vaguely seen, appearing in this grotto!

A \*\*\*\* figure! On the blood-filled body surface, there is also a faint scorched color, as if the whole body has been roasted!

This man who looked miserable was Ye Chen!

Ye Chen, not dead!

Moreover, he passed through the Void God Thunder and Thunder Net that was too imaginary to be able to pass through, and came into this mysterious grotto.

At this moment, a deep roar sounded!

Ye Chen's face changed slightly, his eyes looked forward, and he saw a violent thunder and lightning that rivaled Taixu!

The Thunder felt that Ye Chen, an outsider, wanted to obliterate Ye Chen!

Ye Chen wanted to do something, but he could enter this place and exhaust the spiritual power in his body!

Neither Chichen Divine Vessel nor Lingfeng Divine Vessel can be activated!

And at this critical moment, a figure suddenly stood in front of him!

Very burly, like a god!

"boom!"

Jane simply blasted out a single fist, and the too virtual thunder and lightning collapsed on the spot!

Before Ye Chen could react, the huge figure suddenly turned around and knelt in front of Ye Chen on one knee!

"Big Brother, Yan Kun's \*\*\*\* is late!"

Ye Chen was dumbfounded for a few seconds, and then he was ecstatic! This ancient Qiankun clan who ruled Lingwu Continent unexpectedly appeared!

The key is that Yan Kun's strength has recovered to this point!

"Yan Kun, why are you here!"

"Get up!"

However, Yan Kun refused to get up at all!

His eyes saw Ye Chen's injury, and it was more anger and self-blame!

If he had come early, his elder brother would not have been injured!

"Big brother, if I recover to the peak in the future, I will let the world surrender in front of the big brother! Even the Kingdom of God Tiandao Palace!"

Ye Chen was slightly startled, but at this moment, he was a little moved.

He and Yan Kun do not know each other, Yan Kun has a simple mind, and treats himself like this!

Ye Chen would treat him like a brother!

"Yan Kun, get up! Starting today, you are my Ye Chen's life and death brother. If anyone dares to move you, I swear, I will let him understand what is Jiuyou Hell!"

"By the way, Yan Kun, if you recover to your peak, what cultivation level is it?"

This is also the biggest doubt in Ye Chen's heart.

Yan Kun thought for a moment, then said:

"Big Brother doesn't know anything. Above Zhan E, it is the realm of chaos."

"If I recover my peak, I can fight against the chaos realm powerhouse!"

Ye Chen's eyes were dignified, Zhan E was far enough away, and the chaos realm might only be in the Kingdom of God.

And extremely rare.

He glanced at his surroundings: "The road to practice is too far away. Today, when I stepped into this place, I broke through the closed door in one fell swoop!"

"Anonymous? How about being number one on the Xuan list?"

"If it were not for this opportunity, you would have died long ago."

"When I break through, everyone today will become my soul under the sword!"

Yankun knew that Ye Chen was about to break through, so he walked outside: "Big Brother, I will protect the law for you. With me, no threats can come close!"

"Moreover, the lightning here seems to be good for my recovery."

Ye Chen nodded, just thinking of something, a giant egg also flew out!

It is Xiao Huang!

Obviously, the energy here is also tonic for Xiao Huang!

Ye Chen smiled helplessly, and when he was fighting Wuming, he wanted to let Xiao Huang come out to fight.

But he found that Xiao Huang slept very well in the reincarnation cemetery, and his calling in every way was useless.

Now that I found out that I was eating, Xiao Huang woke up Xiao Huang, ah Xiao Huang, if you don't come out, I'm afraid I will be old. "

Xiao Huang obviously heard Ye Chen's voice, glanced at Ye Chen, and then continued to swallow the thunder and lightning.

And his eggshell started to be covered with thunder patterns!

The weird thunder pattern!

At this moment, what made Ye Chen even more surprised was that a figure was suspended!

It is Cangu Medical God!

"Old man, you let me come here. What is the mystery in this?"

Cangu Medical God looked at Xiaohuang and Yankun, his eyes flashed with horror, but the horror was fleeting.

"Boy, the old man has seen many people who are against the heavens in the kingdom of God."

"But those people, in front of you, are really dim to the extreme!"

"The stronger the dome can absorb, the stronger the body after birth. If all this lightning is absorbed...I dare not think."

"As for you, don't worry, you must know that you will be aware of the vision by the palace lord of Tiandao Palace if you cross the door to trigger the vision. Here, the vision can be reduced to the extreme!"

"This is just one of the benefits!"

Chapter 2336: ready

"Apart from covering the perception of Heavenly Dao Palace, are there other benefits?"

Ye Chen's eyes shrank and said excitedly.

He pretended to be defeated by Wuming, but it was for underground opportunities.

However, using Ling Feng's divine veins to treat this first person on the Profound List is indeed a bit violent.

It's best not to be natural.

Canggu Medical God narrowed his eyes and looked at everything around him and said, "That's natural, and the energy here has too many benefits for breakthroughs!"

"You know that this place is full of thunder and lightning, and the thunder calamity you have to endure when your reincarnation bloodline enters the sealed gate is bound to be strong, and your immortal divine body and demon body have a certain opportunity to upgrade. If you absorb these thunder and lightning, you will benefit infinitely!"

"These are actually not important, and more importantly, there is another benefit. I won't talk about it first, you will naturally know when the time comes."

Ye Chen was a little helpless, what the \*\*\*\* was this ancient medical \*\*\*\* of Cang selling.

He could only smile wryly on his face: "Comrade Cang, can you finish speaking in one breath? This time I really almost died. With such a serious injury, it will take some time for me to recover... "

This may be his closest to death since he has practiced martial arts.

The ancient medical \*\*\*\* Cang said with a cold smile: "Boy! You will be content! Fortunately, you have become an external incarnation this time. Under Fei Lei Island, there is such a thunder curtain by chance, and you also have fog. The magical power can barely pass through the divine thunder!

Otherwise, even you can only die too much! Now, it just takes a little more time. Besides, you can absorb the strength around you and your harvest at the auction while recovering from your injury. This time is nothing! "

In fact, in the eyes of everyone, Ye Chen is indeed dead.

And even the strong Zhan'e felt Ye Chen's death.

Not to mention the nameless.

How did Ye Chen survive?

It turned out that after Ye Chen was overwhelmed by the nameless Meteor Sword and fell into the tiangkeng, he gradually broke away from the Forbidden Spirit Realm. However, in his state at that time, even if he used the foggy magical powers, it would be because of the Meteor Sword. The power of the forbidden spirit completely endured the power of this sword, and was cut off by a sword.

At this juncture of life and death, Ye Chen was unexpectedly born with wisdom, and released that external incarnation in front of him!

The external avatar trained with the split spirit beast has a part of Ye Chen's strength, and its physical strength is also extremely terrifying! Moreover, when Ye Chen released the Spirit Beast, he also gave him all protection.

But Ye Chen himself was covering his figure with moon dust gauze, and quickly fleeing towards the thunder curtain below him!

Although Ye Chen's external avatar fully activated the Earth Dragon Armor, he was bombarded into blood mist by the nameless Meteorite Sword, and his protection was completely destroyed.

but! Also exhausted most of the power of the Meteorite Sword!

After Ye Chen saved his life so hard, he passed through the Void God Thunder and Thunder Net with his atomized supernatural powers and came into this mysterious grotto.

However, although all the guardians were completely destroyed, the ghost beast did not completely die. After the body was blown up, the body of the ghost beast escaped somehow and returned to Ye Chen's body.

But even so, the ghost beast is seriously injured and dying. I don't know how long it will take to regenerate with essence and blood. In a short time, it can no longer use the incarnation technique.

Ye Chen suddenly raised his hand, and several strong auras appeared in the grotto. The essence of gold, the spirit beads, the blood of the gods, the best medicine, the essence of the gods, the bones of the gods, the crystals of killing intent, etc. , Appeared before their eyes one after another!

Looking at what was in front of him, Ye Chen couldn't help flashing a fiery and cold killing intent that pierced his bone marrow!

Beihai Xujia? No one on the Xuan list?

Haha, what kind of expressions will your faces look like when you are really looking forward to seeing you again?

Soon, Ye Chen condensed his mind, and suddenly a vivid, majestic white tiger phantom appeared behind him. He pointed to the spirit of gold in front of him, and the humble iron seemed to sense something, golden light. Da Fang seemed to want to resist Ye Chen's power.

Ye Chen snorted coldly, and the phantom behind let out a roar, and the golden light emitted by the Essence of Gengjin immediately fluctuated violently.

Soon, the golden light dimmed, and Ye Chen's body was taken into his body. He closed his eyes and concentrated on refining under Feng Qingyang's guidance. With his refining, the shadow behind Ye Chen also It became more solid.

...

One day later, Xuan Yuezong.

"Impossible!" Zi Ning's beautiful eyes were red, and she shouted to Ge Qing hysterically, with a hint of crying in her voice!

"It's impossible for Ye Chen to die like this! Never! I don't believe it!"

Ye Chen is dead?

how is this possible? Ye Chen's strength is already comparable to that of Taixu, and even his vitality is still above that of the Taixu realm strong, how could he die?

Zi Ning didn't believe it, but if Ye Chen hadn't died, where was he now?

Her heart, as if pierced by a sharp blade, was extremely painful. She prayed and begged in her heart over and over again, hoping that Ye Chen would appear in front of her and tell her that he was fine, everything was just a misunderstanding. ...

But did Ye Chen show up?

No.....

The figure of this young genius who shines in his mind all the time, seems to have really disappeared from this world.

Just like the junior brother Zi Ning used to...

Zi Ning clenched her teeth, her nails were embedded in her palms, blood was flowing, but she didn't seem to feel anything.

She desperately suppressed the emotion that was about to collapse, and desperately told herself that God would not be so cruel, and would not take the one she loves away from her again and again...

Yes, Zi Ning has now thoroughly understood her feelings for Ye Chen, and thoroughly understood...

On Ge Qing's face, there was also an extremely strong sadness. Even the Dao Xin that he has achieved through thousands of years of experience has a faint fluctuation. He sighed:

"I don't want to believe but... that day, many people saw this scene with their own eyes, including Chen Zhifan and Ye Chen, so far they haven't appeared..."

While talking, this old man who has always been a little cynical and seems to care about nothing, his eyes are a little whirling...

That's Ye Chen!

The most outstanding evildoer in Shenhua Academy for tens of thousands of years! It is the pride of Shenhua Academy, and even the future of the entire Lingwu Continent!

More importantly, Ge Qing liked Ye Chen's disposition very much!

In Ge Qing's heart, Ye Chen almost regarded Ye Chen as his grandson!

Is Ge Qing willing to believe that Ye Chen is dead? Naturally not willing, but the reality is sometimes completely opposite to what you think...

Even if he is reluctant to admit it, he can only accept that this peerless genius who will dominate the entire Lingwu Continent in the near future has fallen...

Ge Qing took a deep breath, forced himself to calm down, and continued: "But, besides that, I got another news!"

"The Beihai Xu family and Nangang Xiang family among the ten hidden families of Lingwu have united many top forces. I don't know where they got the whereabouts of people around Ye Chen. They slandered Ye Chen as a sinful demon and beat Under the banner of the Heavenly Path, claiming to cut the grass and roots and eliminate the evil spirit!!

He even wanted to come to Shenhua Academy to take away the woman related to Ye Chen! "

"They think that Ye Chen's woman may have part of Ye Chen's blood..."

Chapter 2337: Undercurrent surging!

"That's why I planned to secretly bring Fen Ying and Sun Yi here, and I have already let Cang Zhang Sect settle down."

But at this moment, an old man suddenly came to Ge Qing's side and said a few words in his ear. In the next second, Ge Qing's face changed drastically.

"No, the secret transfer was discovered by those forces!"

"Damn! They are coming to Xuan Yuezong!"

"What are you talking about!" Bai Zhentang, who had been silent for a long time, roared fiercely, and his anger rose endlessly. The violent aura erupted uncontrollably, soaring into the sky, blasting the dome of the Xuanyuezong Hall into a big hole!

At the same time, in a royal family in Lingwu Continent, a middle-aged man who exuded the meaning of emptiness, was extremely noble, and was not angry with himself. He was sitting on the dragon chair. He was a royal emperor in Lingwu Continent. Standing beside him were several confident ministers and the prince who was highly regarded.

At this time, the emperor was frowning slightly, his face condensed, his fingers kept tapping the armrest of the dragon chair, as if he was thinking about something.

Seeing the expression of the emperor, a young prince below, on the stern face, could not help showing a trace of anxiety. This person is exactly the Sikong Fei Xing who Ye Chen once had a relationship with!

Sikong Feixing saluted the emperor and said: "Father, Ye Chen is my good friend, and I think it is the first genius in Lingwu Continent. Now some people slander him as a demon head, and his bloodline as a demon seed. How can our royal family tolerate such evil deeds to rob others on our territory?"

At this moment, a cold-looking man beside Sikong Feixing snorted coldly:

"The first genius of Lingwu? Hehe, I admit, according to the information, Ye Chen used to be very good, but now? No matter how good a genius, what's the use after death?"

"It's not as good as a waste! For a dead person, our empire has to face those top powers, and two of the top ten families? Haha, Fei Xing, you are confused. "

Sikong Feixing glanced at the cold man and said blankly:

"Really? Brother Emperor, Ye Chen is a friend of mine alive, and the same is true when he is dead! He is more likely to be the pride of our empire, and will be our pride all his life!"

If we let our people know that there was once a genius named Ye Chen, who came from Shenhua Academy, who was proud of the world and trampled the super evil spirits on the Xuan list under his feet. After he died, we treated him like this, Don't they feel chilly?

What's more, Erchen has been in contact with Ye Chen many times. As far as Erchen's knowledge is concerned, he is not such an easy person to die..."

The cold man glanced at Sikong Feixing disdainfully, and said to the emperor: "Hehe, wouldn't it be so easy to die? Are you blind when you are the eyes of so many powerful people?"

Father, please think twice about this matter, the child minister still said that, for a dead person is not worth it! "

And the emperor, his eyes are shining brightly...

Nine Nether Kingdom, in the palace.

The eyes of the nine princesses were red and swollen, and she had obviously cried for a long time. At this time, her small face was full of pleading, and she was kneeling in front of the emperor of the Nine Nether Kingdom, pulling his sleeves and saying: "Father, please Help Ye Chen, he once saved Xiao Jiu's life and is Xiao Jiu's benefactor..."

The emperor of the Nine Nether Kingdom looked at his daughter distressedly. After Xiao Jiu learned of Ye Chen's death, his Dao heart was unstable and almost lost his mind. Although it was discovered early and there was no major problem after the treatment, the breath at this time Also extremely weak.

She didn't even have the strength to stand, but it's been an hour since she begged herself for Ye Chen...

However, the emperor of the Nine Nether Kingdom still sighed, gently withdrew his sleeves from the hands of the nine princesses, and said helplessly:

"Xiao Jiu, the Lingwu Continent is a world of martial arts, extremely cruel, Ye Chen is indeed a stunning and peerless enchanting evildoer, but here, he will succeed in everything, and now, when he is dead, he is nothing... "

"Furthermore, in our Nine Nether Kingdom, in order to delay the Mu Family and prevent them from discovering that Mu Ye is dead, we have sent ten powerful people to worship and make contact with the Mu Family, and the remaining power is running out..."

"In addition, the Demon Race is closed and the visions are repeated. I feel that soon, the Demon Race and the Nine Nether Kingdom will go through a great calamity, and we really can't separate our strength."

"Father!"

Xiao Jiu raised his head suddenly, those dark and smart eyes, at this time, were a sad color that made people see heartbreaking!

"Father, you know all the daughters you mentioned, but please forgive your daughter for her waywardness! If you refuse to save Ye Chen's friend this time, your daughter will always kneel in front of you!

If Ye Chen's friend has something unexpected, then his daughter will only apologize to Ye Chen for one time..."

"Xiao Jiu, you!" The emperor of Jiuyou Kingdom was anxious. He knew that Xiao Jiu was very serious. Even if she forced Xiao Jiu to rest, in the end, she would definitely find short-sightedness...

Xiao Jiu, but his favorite daughter!

The same scene is also happening in the Chu Family, Secret Realm, etc...

For a time, the entire Lingwu Continent was filled with a desperate atmosphere...

...

Wanjian Emperor Palace.

The atmosphere is solemn.

Everyone is ready.

Even Xia Ruoxue's whole body also released a strong chill!

Her eyes are angry!

But it's more about conviction!

She doesn't think Ye Chen will die!

Never possible!

"Senior Ice Sword, I will go to Xuan Yuezong now! What about the ten top forces in Lingwu Continent! As long as I am here, they will never be allowed to move Sun Yi and others!"

"Sun Yi is my best friend Now that Ye Chen is gone, I don't allow any harm to her."

And the predecessor Frost in the audience, as well as many powerful men in the Ten Thousand Sword Emperor's Palace, all held long swords!

Ready to do something for Ye Chen at any time!

Their strength is certainly not better than those of the top ten families!

But Ye Chen once guarded them, and now, Ye Chen's friend, Xuan Yuezong is in trouble, they will do anything at all costs!

The Emperor Wanjian Palace was born because of Ye Chen, and is willing to die for Ye Chen!

The Ice Sword Saint King's eyes closed slightly, and after a long time, his eyes opened.

"Ruoxue, you can't go."

"You are also Ye Chen's woman. They haven't investigated you yet. If you go, it will only make this matter more difficult."

"And you are not strong enough."

"Even if I go, it won't work."

Xia Ruoxue was a little angry, just about to say something, the Ice Sword Saint King continued: "I can confirm one thing to you, Ye Chen is still alive."

"This situation is shaped by Ye Chen, then we must believe Ye Chen, Ye Chen can solve it."

When this remark came out, Xia Ruoxue and everyone were surprised.

The Ice Sword Saint King has been sitting in the Wanjian Emperor's Palace, so how sure Ye Chen is still alive! !

Of course they didn't know that the spirit of the Ice Sword Saint King came from the reincarnation cemetery, and he could perceive the connection between the reincarnation cemetery!

Ye Chen is indeed alive!

Chapter 2338: Breaking power!

.....

A day later, on the empty Fei Lei Island, a long and powerful roar suddenly sounded. This long roar reverberated on the island, and even the monster beasts in the gate-closing state were trembling with this howl!

At this moment, Ye Chen, standing in the grotto, looked up at the thunder net formed by the Void God Thunder above, and there was an extremely excited look on his face!

He has completely recovered from his injuries. What is even more shocking is that the aura of Ye Chen's body is incredibly dense and obscure, and how many times stronger than before he fell into the grotto!

And his cultivation level, also successfully broke through to the closed door!

Seal the door to the sky!

Although, it's just a seal of heaven.

but! Ye Chen is now confident that he can crush him even if he faces the strong of the Supreme Void Realm!

Originally, its ability to break through the gated realm in a short period of time was already appalling, enough to shock everyone in Lingwu.

If you let them know that Ye Chen's current strength can fight against the early stage of Taixu, I am afraid that even if the door is closed, it is possible to pass out, right?

Too bad! It's too hard to imagine!

This time, most of the treasures obtained at the auction have been refined, and Ye Chen's harvest is so incredible!

First of all, it was his divine consciousness. The strength of his divine consciousness now surpassed Taixu's existence. If he used his soul skills with all his strength, Taixu's early existence would generally face him even if he didn't die!

At the same time, his enlightenment of the sword of blood, the epiphany after touching the foundation of martial arts, also allowed him to make rapid progress in swordsmanship!

Moreover, absorbing the killing intent crystal also made Ye Chen's killing intent domain more pure, and the essence of Gengjin also caused a qualitative change in the Gengjin Qi that Ye Chen possessed!

To put it simply, if he is the current one, and then uses the clear sword technique, even the nameless Forbidden Spirit Law domain can't completely offset Ye Chen's sword intent!

And his profound flame, after being strengthened by Yun Lingzhu, finally advanced!

After this practice, Ye Chen's strength can be said to be improved in all aspects!

But the most terrifying thing is Ye Chen's power!

After refining the Essence of Gengjin, Ye Chen's strength and physique had already made great progress, and the advanced level of cultivation also stimulated the power of the blood to a greater extent.

However, the most important thing is the spirit blood that Ye Chen accidentally absorbed!

The spiritual blood of the god-sharp ape!

Among the ancient fierce beasts, the Heaven Breaking Ape is also an extremely powerful existence, and its most terrifying thing is its huge power!

It is the so-called one force drop ten meeting!

Ye Chen now, even if he doesn't use various magical powers, his own power has reached an extremely terrifying existence!

In other words, Ye Chen waved his hand casually, and the power against the sky was enough to kill a gatekeeper in a second, even half a step too virtual...

Moreover, after Ye Chen refined the spirit blood of the gods, he obtained a magical power called the power of breaking the sky. This power of the sky breaking can be regarded as the most powerful magical power of the gods breaking the sky, but its effect is very simple. Your power surges tenfold!

Although it is simple, it is already horrible!

In other words, after Ye Chen used his power to break the sky, he could fight Wuming with one punch!

Even if there is a Heaven in the Supreme Void Realm, if Ye Chen is punched firmly, he will be bombarded into scum instantly!

Ye Chen felt the rushing power in his body, and a smile appeared at the corner of his mouth. Hehe, Deng Xuan was the first nameless? Forbidden Spirit Realm?

Forbidden spirit law domain can limit the power of heaven and earth spiritual energy, it is indeed against the sky, but in front of Ye Chen this terrifying force, what is it?

Not to mention that the current Forbidden Spiritual Realm is no longer able to completely seal the sword of the Six Paths after his advancement. Is this huge power enough to easily crush Wuming?

Ye Chen finally took out the last thing.

Qinglian demon fire.

He closed his eyes and began to refine!

However, he obviously underestimated Qinglian Demon Fire!

The intensity of this flame is actually only a bit weaker than Yanbei!

The key is Qinglian Demon Fire and spirituality, constantly running around!

It can even tear the void!

Several times, Qinglian Demon Fire almost ran away!

If it weren't for Ye Chen's strength now, he couldn't control it at all!

Ye Chen tried a hundred times, but he couldn't completely refine the Qinglian Demon Fire!

However, at the 101st time, the Qinglian Demon Fire was finally temporarily locked in the Dantian.

"It seems that there is no reason why this Qinglian Demon Fire is unrefined. My advanced Profound Flame cannot be swallowed."

At this moment, Cangu Medical God's voice sounded: "Boy, you obviously underestimated this Qinglian demon fire."

"If I guessed correctly, the last person to refine this Qinglian Demon Fire was the son of a demon at the peak of the Void."

"It's a pity that he has fallen."

"This Qinglian Demon Fire should have escaped at that time."

"You are certainly against the Tai Void Realm now, but Qinglian Demon Fire hasn't felt the energy of your shot yet, so it can't be surrendered."

"After the next battle, you try again."

Ye Chen's eyes narrowed slightly. He found that Canggu Medical God seemed to be getting better for him?

Still actively speaking?

Could it be that Canggu Medical God wants to teach his own medical skills?

Canggu Medical God obviously guessed what Ye Chen was thinking, and sneered: "Boy, don't think about the old man, he won't accept disciples! No disciples! No disciples!"

"The reason I spoke is to let you absorb this god-defying thunder."

"This is the greatest opportunity!"

"Don't forget, you have a chaotic star tree in your body!"

"Generally speaking, a warrior of your realm can't absorb these divine thunder, but for Chaos Star Tree, if it absorbs it! It will benefit you too much!"

"Quick! I passed a spell in your mind!"

Ye Chen is not nonsense sit cross-legged again!

Run the exercises!

In the next second, countless divine thunders continued to gather in his body!

There are thunder arcs all over his body.

Xiao Huang and Yan Kun not far away had obviously found them.

They are also absorbing, but the speed is far behind Ye Chen!

Even soon, the power of those divine thunders was weak!

Xiao Huang was a little unhappy, but he knew that this was the master's chance, so he honestly returned to the reincarnation cemetery.

Yan Kun stood up and smiled slightly: "It seems that the blood of Big Brother is stronger than that of my Qiankun clan!"

"Maybe with Big Brother, Qiankun Clan will stand in this world again."

Yan Kun's eyes were filled with determination!

...

Three hours later!

Ye Chen suddenly opened his eyes, staring at the divine thunder that was constantly flashing and weakening above his head, and suddenly there was a long roar similar to the sound of an ape!

And his figure changed rapidly, his muscles swelled to the limit, his figure became extremely tall, and a faint golden light radiated from the surface. .

"The power of breaking the sky!"

Ye Chen yelled violently, bursts of golden energy ran wildly in his veins, and he slammed into the Void Thunder!

Chapter 2339: You-not dead! !

With a bang, countless deep cracks appeared on the ground under Ye Chen's feet, and there was a roar in the air. The powerful force compressed the air into an almost entity, and blasted toward the high-altitude thunder net!

Where the fist wind passed, countless dark cracks appeared in the space! The coercion of this punch almost smashed the void directly!

Even the three major spiritual thunders of Lingwu, the thunder curtain formed by the Void God Thunder that the existence of the Void Realm could not resist, opened a big hole at the moment when Ye Chen's nearly substantial fist wind touched!

terror!

It's so horrible!

That's the Void God Thunder! The powerful energy that can annihilate the existence of the Supreme Void Realm, but can't withstand Ye Chen's fist?

Moreover, Ye Chen's fist hadn't actually touched the thunder curtain, it was so powerful!

If it was touched by Ye Chen's fist, what would be the result?

unimaginable!

Just the slightest thoughts can make people feel creepy!

Ye Chen smiled slightly, with a rather satisfied look on his face.

Immediately, his eyes were completely gloomy.

Xu family, Xiang family, nameless...

It's time to settle accounts with them.

Ye Chen stomped his foot against the broken ground, and the huge force in his body rushed out, and instantly flooded the entire grotto. Under the protection of the thunder curtain, I don't know how long the secret grotto has existed. Under the feet, it collapsed completely...

And Ye Chen's body used the reaction force, like a rocket lifted into the sky, instantly shot towards the sky, passing through the thunder curtain that was bombarded by him...

But Ye Chen's eyes looked at the sky but it was unexpected, because a very strong battle broke out in the sky!

"What's the matter?"

...

At the same time, above the sky.

Wei Ying, the eternal holy king, Lin Haiyan, the pinnacle of the Supreme Void Realm of the Kingdom of God, and Liang Hongyi of the Evil Realm, the battle is not over yet!

Fight for three full days!

The energy vortex covering the sky is getting bigger and bigger!

No one even dared to approach!

Feilei Island, a strong person who closed the door was curious to check it out, but it was torn directly!

The Supreme Void Realm powerhouse went, and the result was still the same!

This energy is too strong!

After this, no one dared to approach it again!

In the whirlpool, all four figures were seriously injured!

The jug of the eternal holy king shattered!

There is a huge blood hole in his chest!

And in front of him stood a pale old man!

Cut the Evil Realm Liang Hongyi!

The two performed tens of thousands of tricks in these three days! There is no winner yet!

With blood and a smile hanging on the corner of Liang Hongyi's mouth: "Eternal Holy King, it turns out that Heavenly Dao Palace has always underestimated you."

"Although you only stepped into the Slashing Evil Realm not long ago, you didn't expect that you would have ascended so many small realms."

"And your background doesn't lose me at all."

"Since you have such strength, why not serve the Heavenly Dao Palace."

"The Kingdom of God can give you supreme cultivation resources!"

The eternal holy king spit out: "Even if my eternal holy king dies, I will not be a dog of the kingdom of God!"

Liang Hongyi smiled again: "If I didn't guess wrong, your strength has reached its limit. Although I am also seriously injured, my strength is now only the third layer of the Supreme Void, but I want to kill you easily."

"The game should be over."

"Otherwise, the palace lord will be angry."

Liang Hongyi turned his gaze to a young girl not far away.

It was this girl who really surprised him!

Taixu's eighth-layer sky is even comparable to Lin Haiyan at the peak of Taixu!

To know that Taixu's small state is very different!

What's more, Lin Haiyan's strength is not an ordinary peak of Taixu!

Wei Ying stabbed the last sword and penetrated Lin Haiyan's body.

And the violent waves carried by Lin Haiyan's palm also injured Wei Ying.

Lin Haiyan fell to the ground!

This time, he did not stand up.

Wei Ying was also uncomfortable, her body shook, and her white clothes were stained with blood!

She has also reached her limit.

Fortunately, at the moment she fell, Umong flew over to support Wei Ying.

Wei Ying stretched out her blood-stained hand, touched the black mans, and smiled: "Goodbye, I'm fine."

Umang was also injured.

This battle, for three days, was too costly.

Everyone present was exhausted.

The Eternal Saint King glanced at Liang Hongyi and said coldly: "Liang Hongyi, now we are two, you are but one, how can we take us away!"

"I advise you to leave honestly!"

The eternal saint king actually has no bottom in his heart, he can't perform another blow!

The only option is to self-destruct.

The limit of martial artist is this moment.

If Liang Hongyi chooses to retire, then everything will have a turning point.

However, Liang Hongyi smiled grimly: "Retire, why should I retreat."

"The three of us have reached the limit, although I can only use the power of the Taixu realm now, but don't forget! I am from the Kingdom of God Tiandao Palace!"

Speaking! Liang Hongyi suddenly took out a jade card!

The word heaven was written on it!

The jade pendant shattered, and the power of the heavens gathered, and Liang Hongyi's injury was relieved a lot!

Even Liang Hongyi can move!

Holding the sword in his hand, he walked towards Wei Ying step by step!

The eternal saint king's face changed instantly: "Heavenly Blood Condensation Jade! You actually have this thing!"

Heavenly Blood Condensation Jade can bring the dead back to light for an hour!

If it is used by a living person, then the severely injured warrior can regain his mobility for ten seconds!

These ten seconds are enough to change everything in front of you!

"Haha, ten seconds, enough to take you all!"

"Eternal Saint King, before killing you, instinctively told me that that girl must die!"

"From now on, it will be when my Liang Hongyi reaps my life!"

Sword intent was violent, heading towards the seriously injured Wei Ying!

Although it wasn't Zhan'er's power, at this moment too virtual power was enough to kill Wei Ying.

Wei Ying's eyes widened, without the slightest fear.

She has tried her best.

She breathes slightly her eyes are only calm! Not afraid of life and death.

Seeing the sword intent getting closer, Wei Ying didn't resist.

Take it easy.

The eyes of the eternal holy king were horrified. He wanted to do it, but found that his body was frozen.

His injury does not allow him to move again!

Damn it!

Just at the moment when the sword intent was about to pierce Wei Ying's chest, a figure with thunder broke through the air!

The whirlpool was torn apart vigorously!

"How can I be missing from such a lively thing!"

The sound of magnetic sound!

Wei Ying's eyes widened, Ye Chen actually came!

And just stand in front of her like this!

This picture is too familiar!

Like the scene of Tianhan Mountain!

The eternal holy king has a strange expression, he knows that Ye Chen will reap opportunities below!

I didn't expect it to be so fast!

His heart was completely let go!

This brat has finally arrived!

And Liang Hongyi's pupils dilated! Extremely unbelievable!

He vaguely remembered that this kid was clearly dead!

Witness it with your own eyes!

There can be nothing wrong! !

How come back from the dead!

"You—not dead!!!"

Chapter 2340: Can't do it!

Ye Chen took Wei Ying's waist smoothly and made Wei Ying back.

Wei Ying's face was flushed instantly, and she turned into a little woman who had always been strong.

Ye Chen Yuguang glanced at the veiled girl and said, "Although I don't know what your name is, Ye Chen thanked you again!"

"Leave it to me next."

In the next second, a punch came!

Endless Thunder seems to burst from the shadow of the fist!

Liang Hongyi came to his senses: "How about you come back from death! You just sealed the door to the sky, even if I only have too virtual power now, even if I am seriously injured, you will die!"

However, the words have not fallen yet!

Ye Chen's boxing shadow collided with Liang Hongyi's sword intent!

Endless power bursts!

Liang Hongyi's sword intent was broken!

Not only that, he was knocked back with a punch!

He took a full ten steps to stabilize!

His face is ashen!

how is this possible!

The strength of this kid is so much stronger!

One punch is too empty!

This...what the \*\*\*\* is kidding!

However, Ye Chen won't stay, killing intent swept, and once again headed towards Liang Hongyi!

Ye Chen knows that if the normal state of this Zhan'er powerhouse is against the two, he will undoubtedly die!

However, the Eternal Saint King has consumed all of Liang Hongyi's strength, and the opponent is now in the weakest state!

Ye Chen must not let go of this opportunity!

The full sky fist shadow carries the thunder directly!

Punch! Ten punches! Hundred punches!

Liang Hongyi was beaten in defeat, and his clothes even tore! Very embarrassed!

Liang Hongyi is angry!

How has he been so humiliated by a gatekeeper!

"Little beast, do you really think I can let you bully me when I am seriously injured!"

"Today, even if I burn my blood and my foundation is destroyed, I want you to die!"

In the next second, Liang Hongyi had ten drops of blood floating all over his body!

Burning blood!

Liang Hongyi's momentum began to climb extremely!

The face of the eternal holy king in the distance changed drastically, and he quickly shouted: "Ye Chen, go back!"

"Quick! You can't bear this blow!"

Wei Ying also bit her red lips, forcing her blood!

She didn't want Ye Chen to be injured. If Liang Hongyi really made a desperate fight, she would also burn her blood, even if she destroyed the foundation, she still had to protect Ye Chen!

However, at this moment, Ye Chen said lightly: "How about you burning your blood!"

"What if you are a strong man in the kingdom of God!"

"Today, I, Ye Chen, want you to understand! What is the blood of reincarnation!"

Ye Chen was also angry!

Liang Hongyi's momentum continued to rise, and he sneered: "Things that do not live or die! I--"

Before the words fell, a roar rang out!

"Lingfeng Divine Vessel, open it for me!"

"I want to surrender for you this day!"

The next one, Liang Hongyi's rising breath stopped!

What did he see!

He saw the young man's Dantian not far away unexpectedly released a very strong beam of light!

A sword in the beam of light!

Hold the hands of the youth!

The key point is that the power of this sword is not in the closed door state, not in the early stage of too virtual! It's the peak of Taixu!

How could it be possible that there is the power of Taixu Peak in the body of a sealed door!

Damn it!

Before he could react, the sky changed color!

Fei Lei Island earthquake!

A sword intent piercing through the sky slashed down!

That huge vortex was cut in half!

Fei Lei Island is also in two!

And that imposing Liang Hongyi turned into a blood mist on the spot!

His essence and blood hadn't burned completely before he died in Ye Chen's hands!

The whole world seems silent!

Wei Ying's beautiful eyes were only horrified, she subconsciously covered her mouth, not wanting to shout.

However, there was still a faint voice.

That was the surprised voice that Wei Ying never released.

And the eternal holy king seems petrified.

He found himself underestimating this kid.

He was completely shocked by him.

The dust is calm.

Ye Chen exhaled and said helplessly: "Oh, the Lingfeng divine veins are still released... and they have to slowly absorb energy, but now it seems that his own Lingfeng divine veins can release the power of the peak of Taixu, but it is too bad. It's not stable."

"I don't know when it will be full of energy next time."

"This Lingwu Continent does not have so many opportunities for the land of ten thousand demons..."

Ye Chen turned around, looked at Wu Mang and Wei Ying, and said, "By the way, I don't know what your name is..."

However, before Ye Chen had finished speaking, Wei Ying turned around and rode away on the Umang.

"I'm leaving, lend me your ummon first, and I will let it come back to you later."

After speaking, Wei Ying left.

Ye Chen was a little confused.

This mysterious girl is too weird, she can be regarded as her savior anyway, without a word of thanks.

Don't you like to talk?

Ye Chen looked at the girl's figure going away, frowning: "Why is this girl so familiar from the back?"

Afterwards, Ye Chen walked towards the Eternal Saint King.

At this moment, Yan Kun also came to the side of the Eternal Saint King, and said: "Yong Lao, shall I follow you or follow the big brother?"

The Eternal Saint King glanced at Yan Kun, pondered for a moment, and said: "This matter is not over so soon. You seem to have gained a lot of opportunities, but it is not enough. Come with me. This time, I want you to enter. Life and death."

Yan Kun glanced at Ye Chen, and said, "Big Brother, we'll see you later. I want to become stronger!"

After speaking, the two left!

Before leaving, the Eternal Sage King said: "Ye Chen, now you have more important things to deal with. I won't delay you. After I send Yan Kun away, I will come to you."

"Something maybe it's time to tell you."

After speaking, Ye Chen was the only one left in the whirlpool.

...

At this time, the Shenhua Academy, the principal's room, and the teachers in the closed door realm were all here, and their expressions looked a bit solemn.

Ge Qing said slowly: "You guys, I won't force you, but Ye Chen is a student of our academy and is considered to be half of your disciples. He is the pride of everyone in our Shenhua Academy. Since we can share with him Glory, you shouldn't carry him away when difficulties arise..."

At this time, one of the gentle-tempered men frowned and said:

"President Ge, Ye Chen is indeed very good, but now he is dead, usually something happened to the students in our college, we do have the responsibility to revenge for them, but that is also in the case of conditions permit, now we want What we are facing is far beyond our academy's power!

Catching up with us is nothing more than making senseless sacrifices... The most important thing is that Ye Chen, he is dead, and Lingwu Continent is very realistic. No matter how brilliant you were, when you die, it is over. Now, for Ye Is Chen worth it? "

As soon as the elegant man said this, many people bowed their heads in silence, avoiding Ge Qing's gaze, because their thoughts were the same as the elegant man.

Ge Qing sighed slightly in his heart. He knew that the elegant man was right, and his sensible approach was indeed to ignore Ye Chen matters...

but! He Ge Qing can't do it!

Really can't do it!
