

## Urban 2341

Chapter 2341: Nothing to lose! crisis!

Ge Qing looked at the gentleman, and slowly said, "Have you ever thought, if Ye Chen didn't die, and we let his friend have an accident like this, what does it mean to our Shenhuo Academy?"

Ye Chen, I understand very well that he treats our Shenhuo Academy as half a family. If someone is unfavorable to Shenhuo Academy, Ye Chen will definitely stand up.

But what if even we betrayed Ye Chen at this time? "

Ge Qing knew that his ideas were very unrealistic. The nameless who was the number one in Deng Xuan and the three Taixu from the Xu family existed. How could it be so easy to lie?

Ye Chen was not dead... This result was almost fantasy.

but! Even so, after struggling these days, Ge Qing still didn't want to believe that Ye Chen died like this!

Perhaps this is his stubbornness, his blind superstition, and he is deceiving himself.

However, he still decided to stick to his own ideas. There is no basis. If he has to say...

That is because of his trust in Ye Chen!

He believed that Ye Chen would not die so easily!

The gentleman furrowed his brows deeper, and stared at Ge Qing's gaze without letting go, and said:

"Not dead? Dean, with all due respect, it is difficult for any reasonable person to agree with your idea. I know that since you are determined, I cannot persuade you. However, as the leader of the psychic school, I must be responsible for the teachers of the school. Now, I officially lead most of the teachers of the psychic school and refuse to participate in this action of yours. Goodbye!"

Although the teachers of Shenhua Academy have their own strengths, they are generally divided into schools. There are side sects mainly focusing on refining tools, formations, talisman, pill cauldron, and beast taming. There are spiritual energy, physical training, and exercises. The spiritual power school mainly focuses on martial arts, and there is also the Shenyi school mainly based on the principles of Shen Yun Dao and artistic conception...

The gentleman who spoke just now was the leader of the Spiritual Power School, named Zhao Shiqing.

As soon as Zhao Shiqing's voice fell, ten or twenty closed mentors followed him and left the principal's office.

Ge Qing sighed slightly, but did not stop.

Elder Wu was the leader of the side sect. Looking at the mentors of the side sects, Old Wu suddenly raised his hand and placed a seemingly simple, even a little rough, long sword on the table.

Several instructors related to spiritual cultivation and refining tools immediately lit up, and exclaimed in unison: "Horcrux?"

Upon seeing this, Old Wu smiled proudly, and said with some complacency: "This Horcrux is no less than any Supreme Void Horcrux on the market! It was forged by my disciple Ye Chen."

After speaking, the eyes of those instructors immediately brightened. They could see that this Horcrux was very special. They already wanted to study...

Elder Wu continued: "You should have noticed that this is not an ordinary Supreme Void Horcrux. What's special... Hey, you guys, I'm afraid you can't think of it. This Horcrux is made of a Soul Iron artifact. Practiced!"

"what!?"

The instructors exclaimed and looked at Old Wu in disbelief. It is well known that the materials used in Horcruxes are extremely expensive, especially the Horcruxes in the Void Realm!

How could it be possible to use soul iron tool embryos, such a common material that can no longer be forged?

Simply, it's incredible!

"Why? Don't believe it? Hehe, don't believe it, you will know it by your own inspection. I believe that with your eyesight, you can see something."

Upon hearing the words, the instructors immediately rushed to the Horcrux sword and checked them carefully.

Soon after, these people all looked dumbfounded...

Although, after Ye Chen's forging, they were not very sure what the original material of this long sword was, but! What is certain is that the long sword that is generally used is really likely to be forged with a soul iron embryo!

Horror! It's terrifying!

The technology that can do this kind of thing is called a supernatural skill, it's not an exaggeration!

Old Wu haha smiled and said, "You should be very clear about how terrifying the method my disciple used to forge this Horcrux. You are refining the weapon and the spirits, all of you are involved in it. You should know very well what such magical skills mean to us."

"If we made this move and helped my disciple, Ye Chen's character would never show anything. When the time comes, even if we can't teach them all, would you still be willing to reveal this amazing skill?"

I won't force you, now, do you think about how to do it? "

Those instructors looked at each other. Their fighting ability is not as good as those of the same level who mainly practice spiritual power and divine will. Therefore, they have always been looked down upon by people, even in the Shenhuo Academy. The same is true in China.

but! With Ye Chen's Horcrux forging method, it is completely different!

From now on, the mentors of these other schools will be able to truly exhale!

This has always been their dream!

Immediately, many instructors replied with excitement: "We are willing to participate in this operation!"

However, the Shenyi faction, and the Lingli faction, only left a few people.

At the same time, on the square of Shenhuo Academy, Xing Zitang, Ji Xuan and others were also shouting to the students in the college:

"Everyone, who believes Ye Chen is, I don't have to say more, he is the pride of our Shenhuo Academy, and even of our Shenhuo people! He is a genius who has crushed the list of geniuses and is not afraid of the majors of Lingwu. A stunning monster of a wealthy family, do you believe that such a person died like this!!!"

Those students of Shenhuo Academy couldn't help recalling Ye Chen's amazing performance on the martial arts arena, and many first-year students remembered that Ye Chen fought together in the Thang Long Competition and saved him. Their fate!

It can be said that they owe Ye Chen a life!

Immediately, many people shouted: "Don't believe it!!!"

Xing Zitang and others continued: "So! Can we let the pride of the academy down! Do we want Ye Chen to look down on us!"

"I don't want to!"

The same scene was also performed in Xuan Yuezong.

At this moment, there is a mighty army, close to ten thousand people, coming towards Feifeng Mountain where Xuan Yuezong is located, and among these tens of thousands of people, there is even an existence below the Star Aperture Realm. nothing!

This is horrible!

The breath of these martial arts powerhouses became one breath, and even the sky changed color!

The murderous air is frightening!

What is even more frightening is that among these tens of thousands of people, there are a hundred of them just because they exist in the closed door realm!

And there are as many as ten people in Taixu Realm!

Such a lineup is almost invincible on the Lingwu Continent!

Even if Xuan Yuezong is a first-rate force in Lingwu Continent, in front of such an army, it is nothing but ants.

Wanting to compete with it is like hitting a rock with a pebble!

Among them, the Xu family and the Xiang family both sent two super virtual realm powerhouses. After all, the family still needs one person to sit down.

At this time, Xu Hou, the contemporary Patriarch of the Xu family, was smiling and chatting with Xiang Qiang, the contemporary Patriarch of the Xiang family.

"Brother Xu, how would you say that the unknown boy will distribute that bloodline?"

"Hehe, the nameless son has cooperated with our top ten families. It is not once or twice. Naturally, he will not treat us badly. However, even a little is enough!"

"A little bit is enough?" Xiang Qiang was a little unbelievable, "That kid's blood is really so against the sky?"

Xu Hou smiled and said with a smile: "This, Xiangyang Xian Nephew, should have a deep understanding! Do you know that the demon head was cultivated as a star orifice and resisted more than a dozen swords of the unknown boy's Meteorite Sword. !

I have to say that his blood is really special and powerful! After annihilating Xuan Yuezong, this bloodline is ours! "

Listening to their tone of voice is like talking about a trivial matter. Their attention is focused on the bloodline, but for Xuan Yuezong, no one cares at all, as if to destroy a power from its hands. Robbing people is as simple as lifting your foot and trampling on an ant.

These people have absolutely no intention to put Xuan Yuezong in their eyes. .

However, they have also investigated that Ye Chen has connections with many top forces. In order to be cautious and completely obliterate, only then sent so many strong people!

They must be foolproof!

Chapter 2342: Ye Chen returns

Xiangqiang and the surrounding Taixu existences were extremely greedy when they heard the words!

The power of this bloodline, even to them, is a treasure!

This simply gave them a very strong means of life-saving! And maybe it can improve Shouyuan?

The existence of these emptiness realms on this Lingwu continent can generally be regarded as rampant. As long as they don't provoke the people of the kingdom of God or the giants of the demon realm, and do not trespass into some barren ancient forbidden land without death, basically There will be no danger to life.

However, even if the Supreme Void Realm is strong, the lifespan is still limited. Most of the Supreme Void Realm exists on the Lingwu Continent, not because of a crisis and falling, but because the cultivation base cannot go further, and the lamp is exhausted. Dry.

Even if they only get a trace of Ye Chen's blood, they can't make them possess that almost immortal ability, but! Judging from Ye Chen's performance, his vitality is almost infinite!

In this case, it is very likely to bring them hundreds, thousands, or even tens of thousands of years of life improvement!

Time is invaluable to these Taixu beings!

Moreover, it is easy to crush an ordinary first-rate force, isn't it?

In the ancient top families, there are strong people in the too virtual realm. However, not all of the dozens of top powers have sent the strongest existence to come. Some have only one half-step too virtual or too virtual strong. , Still has to leave that strong man in the family, after all, no one wants to be taken advantage of by the enemy at this time.

But, even so, the existence of ten Taixu is scary enough!

As everyone talked and laughed, the distance to Feifeng Mountain was getting closer and closer.

At this time, Ye Chen had already arrived at the Space Airship Plaza in a capital city close to Feilei Island, and was about to take the airship to the Shenhua Academy.

He certainly has a flying boat, but not fast enough.

Even if he seeks revenge for Xu Family, Wuming and others, he is not in a hurry. Besides, he doesn't know where Xu Family and Wuming are located, so he should return to the college first.

Ye Chen was waiting in line to buy tickets to enter the airship. At this moment, a young man standing in front of Ye Chen seemed a little bored. He suddenly said to his companion: "Brother Liu, do you know that there was a sensation in Lingwu Continent recently? The big thing happened?"

The man called Brother Liu asked incomprehensibly: "I've been in retreat lately, what's wrong? Could it be that the 300-jin princess of the Lingwu Continent's imperial family finally had someone asked for it?"

"Haha, that's not the case, but even if the princess is asked for it, this matter is even more sensational than it!"

"Oh?" The man surnamed Liu was obviously interested, and asked: "Don't sell it, talk about it."

The man in front of Ye Chen pretended to be mysteriously close to the man surnamed Liu's ear and said, "Hey, have you ever heard of a name called 'Ye Chen'?"

Even if the man deliberately lowered his voice, he naturally heard it with Ye Chen's ear power. Originally, he was still listening to the conversation between the two with some relish, and he was a little curious about what could be worse than the marriage of the 300-jin princess. sensation?

At this time, when he heard his name rashly, he couldn't help looking a little weird.

However, he quickly thought that he was on Feilei Island, swept the auction, crushed and killed a lot of geniuses, celebrities, and fought against the peerless evildoer Wuming, the number one in Deng Xuan. It was indeed a sensation.

When the man surnamed Liu heard the words, he also laughed and said: "I thought what you were going to say? Ye Chen, of course I know that even though I have been in retreat this time, Ye Chen's deeds on Feilei Island are now Has it spread throughout the entire Lingwu Continent? But, it's a pity that even though Ye Chen was an eternal evildoer, he finally fell."

Ye Chen had a playful look on his face. If these two people knew that Ye Chen, who had fallen in their mouths, stood behind him, what would they look like?

But the man standing in front of Ye Chen smiled strangely: "You know only one, don't you know the other?"

"Oh? What else?"

"You don't know, after Ye Chen's fall, I don't know if it was the nameless son, the Xu family, and the Xiang family, who actually stared at Ye Chen's bloodline!

They also found out that the woman next to Ye Chen was in Xuan Yuezong in Lingwu Continent! Now, the two great families in Lingwu Continent, united by a group of rich and powerful, are heading towards Xuan Yuezong! "

Originally, Ye Chen, who still had a slight smile on his face, instantly solidified his smile when he heard these words!

Even the body began to stiffen! Even in the face of a life and death crisis, he could maintain his indifferent complexion, and suddenly became pale!

Dragons have reverse scales! Ye Chen has it too!

The woman is Ye Chen's negative scale, forbidden!

Whoever touches it will die!

The man standing in front of Ye Chen originally wanted to continue speaking, but at this moment, a hand was placed on his shoulder.

At the same time, behind him, a Bingham depressed voice said: "What you just said, tell me carefully!"

That man showed dissatisfaction, tell you? who are you? This man is also a high-level existence in the gate-sealing realm, and he is considered a powerful person in the Lingwu Continent but not everyone can yell at him!

As soon as he turned around, he was about to scold the man, but when he saw Ye Chen's eyes, he couldn't help but shudder, and when he reached his mouth, he swallowed alive!

Ye Chen's eyes are too scary!

This man in the gate-closing state just met Ye Chen's eyes, and he gave birth to a kind of fear from the depths of his soul!

It is impossible to describe in words!

If he had to say something, he now seemed to be stared at by an unstoppable Primordial Beast that could destroy the entire Lingwu Continent!

Moreover, this ancient fierce beast is now extremely angry!

Even if not to mention the oppression that Ye Chen's eyes brought to him, he clearly felt Ye Chen's aura that far exceeded the door-sealing realm!

Immediately, this man hurried to accompany the smiling face, covered in cold sweat, and carefully told Ye Chen all the details.

After a short silence, Ye Chen flashed abruptly and appeared above the crowd, looking down at the martial arts practitioners below him, and said: "Sorry everyone, there is an urgent matter below, I want to use this spaceship. I'm afraid it will delay your itinerary, so please take a seat instead."

When everyone heard this, they couldn't help talking. Many people looked at Ye Chen dissatisfied, but they didn't dare to complain loudly. After all, Ye Chen is a closed door, and most people can't afford it..

But, even if you can't provoke them, Ye Chen doesn't have the right to jump in, right? Anyone will be dissatisfied.

Chapter 2343: speed!

At this time, a young man with a cultivation base and a folding fan, frowned and looked at Ye Chen:

"Who do you think you are? Even if you are a strong gatekeeper, don't so many of us have an emergency? It seems that there is no need to waste your time for your emergency, right?"

Ye Chen glanced at the young man, and said with a faint expression: "Under Ye Chen."

For a time, the entire airship square fell into silence.

He was so dumbfounded in an instant that he was still shaking the folding fan in his hand. He was dumbfounded when he heard the words.

You know, now on the Lingwu Continent, anyone with a certain identity can't not know the existence of Ye Chen!

That is, the Star Aperture Realm killed a lot of super monsters that closed the door in seconds!

Even the strong gatekeeper who was sitting in the town square to maintain order originally wanted to come up to stop Ye Chen, but he stayed where he was, completely stunned.

But soon, the young man reacted and looked at Ye Chen suspiciously. Is the person in front of him really Ye Chen?

Although, this person's appearance is similar to Ye Chen in the rumor, but didn't Ye Chen die in that great battle?

What's more, even though Ye Chen's strength is against the sky, he is only in the Star Aperture Realm? The person in front of you is clearly a closed door!

Could it be said that not only did Ye Chen not die, but also broke through to the door in a short time?

Thinking of this, even the man himself showed a sneer.

If he believed, he would be a fool!

Not only him, many people seem to have reacted.

The brother-in-law stared at Ye Chen with a smile but a smile:

"This Xiongtai, I know that Young Master Ye is indeed very famous recently and has caused a sensation in the entire Lingwu Continent. However, for your own convenience, you won't be able to lift the name of the dead person and pretend to be in front of so many people?"

Haha, let me see, don't say you are Ye Chen, even about Ye Chen, you just have a little understanding, right? If you want to pretend, you should also suppress your cultivation in the Star Aperture Realm before pretending to be installed! As everyone knows, even though Ye Chen's strength is against the sky, his cultivation is only in the Star Aperture Realm! "

When everyone heard the words, they agreed, and looked at Ye Chen's eyes, and they were a little disdainful. What about the strong person who blocked the door, stealing someone else's name for temporary convenience? Such people, these martial artists still look down upon.

And the strong man sitting in the square also reacted. Looking at Ye Chen's expression, he couldn't help becoming a little angry. He was really almost stopped by this kid?

Immediately, I will come to warn Ye Chen not to cause trouble here.

Ye Chen couldn't help showing a wry smile when he heard the words. What is this?

I pretend to be myself?

In the past, other people looked down on him because of his weak cultivation base and because of his obscurity. But now, other people actually look down on him because he has a high cultivation base, because he said his name, thinking that he is pretending to be someone else?

This is really a bit, making people laugh and cry...

However, now is not the time to explain slowly, Ye Chen does not have that time.

Ye Chen is not a person who likes to make trouble unreasonably and trample on the power of others at will, but things are always prioritized.

When the life of his most important person is in danger, if he is still lining up here leisurely and riding an airship, then he is a real fool.

Ye Chen didn't explain any more, but he slightly arched his hands towards the people present, and said, "Everyone, you are offended!"

In the next moment, a powerful psychic power containing divine coercion, devilish energy, and evil spirit instantly enveloped the entire airship square!

"God Shahai!"

As soon as the Shenshahai came out, the hundreds of passengers waiting to board the ship, as well as the seal gate master, and the gate sealer who sat in the square, all showed incomparably horrified

expressions in an instant! His complexion was pale, his body was cold and sweaty, his eyes trembled wildly!

Their bodies did not move at all, not even trembling!

It's not that they don't want to, but they can't do it!

Every cell under their bodies seemed to have frozen, and even their own spirits and consciousness would completely dissolve in this extremely terrifying piece of evil spirits!

They have completely lost control of their bodies, even their souls!

Everything seemed to be under Ye Chen's control. Ye Chen wanted them to live, or to live, and to die, to die!

There is no resistance at all! Even if the two closed doors exist, it is no exception!

Shen Shahai, only lasted for a short second, Ye Chen received his magical powers.

And just this second, everyone seems to have experienced thousands of life and death!

At this moment, everyone looked at Ye Chen with no suspicion or disdain...

In their eyes, some are just in deep awe.

They couldn't imagine that besides Ye Chen, what other closed door existed in this world that could have such a terrifying power of the soul?

Even if you are unnamed, you can't do it, right?

Ye Chen said apologetically to everyone: "Sorry, I have to be forced to do so. My relatives, friends, colleagues, and teachers are all in a very dangerous situation now. I must race against them to rush to them. I hope everyone It's convenient."

After all, Ye Chen raised his hand, and all the passengers present had an extra storage bag in their hands.

Everyone looked at Ye Chen a little puzzled. After learning that Ye Chen was indeed him, they also understood why Ye Chen wanted them to change their schedule Ye Chen said: "This storage bag Among them, there are a thousand superb divine marbles, which is my compensation to everyone."

After hearing this, everyone looked at Ye Chen dumbfounded again.

Shock!

Too shocked!

A thousand superb divine marbles! This is the currency of the Kingdom of God!

For the existence of closed doors, it is a fortune!

This amount of money has exceeded the fare of this airship by a million times! Moreover, hundreds of people present have a share!

Ye Chen's casual shot, is it hundreds of thousands of the best gods?

Originally, Ye Chen swept the Tianchen auction, and everyone had no real feelings. Now, they thoroughly felt Ye Chen's pride!

What top celebrity? What spend money like earth? Compared with Ye Chen, that's a fart!

Soon, Ye Chen was blocked by the gate guarding the square, and he was invited to the Space Airship. A powerhouse of Ye Chen's level was naturally qualified to let him treat him specially...

After all, Ye Chen has the ability to grab the entire airship...

This capital city belongs to the sphere of influence of the Kamikaze Empire, and this dark and skinny strongman named Pan Rongchun is assigned by the empire to guard this airship square.

As Ye Chen walked, he asked Pan Rongchun with a serious expression: "Brother Pan, since I am alone this time, can I drive directly to the vicinity of Xuanyuezong with the shortest distance?"

Chapter 2344: Life and death

Pan Rongchun nodded and said, "Naturally."

However, Ye Chen's expression was still a bit solemn, even if he went directly to Xuan Yuezong, the speed of the airship was still a bit slow...

"Brother Pan, I don't know if there is any way to increase the speed of the airship to the extreme?"

Hearing this, Pan Rongchun said hesitantly, "This..."

Obviously something unspeakable.

Ye Chen's eyes lit up. Since Pan Rongchun hesitated, it means there must be a way!

Immediately he looked at Pan Rongchun solemnly and said, "Brother Pan, this matter is extremely important to me. Brother Pan doesn't have to worry about it. Any responsibility should be borne by someone, please say it's OK!"

Pan Rongchun was silent for a while before he said: "There is or is there. If you disregard the loss of the airship and provide a large amount of energy for the spirit stone, of course, the Shenyun stone is better. It can increase the speed of the airship to the extreme... just, so Once it comes, this airship is completely scrapped, and can only complete one voyage at most..."

This airship is the property of the royal family. If it weren't for Ye Chen who stood in front of him, he would never confide.

Ye Chen smiled, although he almost used up all the divine marbles on his body at the Tianchen auction, but! After that, those wealthy children came to die, their storage bag, Ye Chen did not fall, and was in the bag during the battle.

You know, these wealthy princes have prepared a large number of superb divine marbles to participate in the Tianchen auction! Even if the property carried by one or two of them is not as good as Ye Chen, it is very terrifying when combined!

So, what he lacks most now is Shen Yunshi!

Immediately, Ye Chen threw a storage bag to Pan Rongchun, and smiled lightly:

"Brother Pan, take a look first, if these divine marbles are enough, the extra ones will be handed over to Brother Pan. I think these divine marbles can still be bought for an airship, and this airship is treated as a sale. Give it to Ye, the imperial family should have no objection. On the contrary, I think the emperor of the empire may also greatly praise Brother Pan."

When Pan Rongchun heard the words, he curiously put his spirit into the storage bag, and the next moment he was completely foolish...

He was originally dark and thin, but now he looked more like a wooden man...

He was stunned by the divine marble!

Originally, he thought that Ye Chenhao had already reached his limit by throwing hundreds of thousands of superb divine marbles!

But now, he realized that he was wrong! And it was ridiculously wrong!

There are tens of millions of superb divine marbles in this storage bag!

This number is crazy!

Let alone a spaceship, buying ten, twenty, thirty is more than enough!

And what about Ye Chen? Throwing this storage bag to him is like throwing some debris, extremely casual...

It seems that this huge sum of money that is enough to move an empire is nothing to Ye Chen!

Pan Rongchun felt that his own thinking was about to collapse...

He now knows why Ye Chen was able to sweep the Tianchen auction site, and after the auction was over, he was chased by a lot of geniuses and giants...

For a guy like Ye Chen who doesn't treat money as money, if you want to use money to defeat him, that is simply a dream! In the end, you will only be beaten up!

Therefore, these people can only use violence...

However, it is a pity that Ye Chen still crushed them thoroughly in violence...

After the extreme shock, Pan Rongchun was ecstatic!

I was so ecstatic that my heart was about to jump out!

Not to mention, he needs to hand over all the money to the Empire as an account of the damage to the airship. After all, a small amount of money is left, which is a huge amount of money he will not earn in his life...

Even if all are turned in, the royal family will definitely reward him greatly! His status in the empire is bound to rise! Official rank soared!

This is almost like a dream!

Meeting Ye Chen was like meeting a god, and smashed a miracle on his head!

It can be said that Ye Chen has completely changed his destiny just casually!

"Brother Pan?" Seeing Pan Rongchun in a daze, Ye Chen couldn't help but remind him that his current time is very important.

Hearing Ye Chen's voice, Pan Rongchun came back to his senses. The whole person, like a chicken blood, was extremely positive, and said to Ye Chen respectfully:

"Young Master Ye! Enough! Enough! From now on, everything will follow your instructions! Even if the emperor is here, I will only take orders from you! Wait, I will use the performance of this airship now, Raise it to the extreme! It is guaranteed that after you arrive at Xuan Yuezong, you will be directly turned into scrap!"

Ye Chen looked at the appearance of Pan Rongchun and couldn't help being a little stunned. It seems that he still somewhat underestimated the power of money...

However, seeing that Pan Rongchun was about to rush to the cabin of the airship, Ye Chen still grabbed Pan Rongchun and asked, "If the speed is increased to the extreme, how long will it take for us to reach Xuanyuezong?"

Pan Rongchun pondered for a moment and said: "Half a day...no...five hours, as long as five hours, you can arrive!"

Ye Chen lifted his spirits after hearing this!

Five hours! According to his estimation, there should be barely enough time!

At this moment, a space airship parked on the square suddenly burst out a burst of extremely dazzling red light. The next moment, a burst of seven-color flames containing extremely rich energy burst out of the airship's jet tube. The hull of the airship made of ultra-high-strength alloy made an overwhelming creak...

The next moment, with a earth-shattering roar, the airship instantly turned into a scarlet light and shadow that could hardly be captured, rushed into the door of space, and disappeared into the space-time tunnel...

Xuan Yuezong.

At this time, Xuan Yuezong did not have the excitement and peace of the past. Instead, it showed a sense of murderousness. On the square in front of Xuanyuezong Mountain Gate, there were many disciples standing, one of them. They were all quiet and stood there seriously.

Although there are quite a few disciples standing in front of the mountain gate, if compared to the Xuan Yuezong of the previous days, it can be said to be a far cry.

Cang Ye looked at these disciples in front of him, with a faint glimmer of relief in his eyes.

Although the disciple in front of him was less than one-tenth of Xuan Yuezong's original number, to be honest, he never expected that so many people would stay!

When receiving news that dozens of top forces, uniting the two great families of Lingwu, came to commit an offence against Xuan Yuezong, Cang Ye announced the news directly in front of all his disciples.

He also claimed that Xuan Yuezong and Ye Chen co-existed and died, but he would not force everyone to stay in Xuan Yuezong. Those who didn't want to stay could quit now.

After all, in the face of these super-powerful coalition forces, Xuan Yuezong is no different from ants, and there is no need for everyone to die together.

Immediately after the riots, more than half of the people left.

One day later, half of the remaining people left.

Until the third day, only one-tenth of the disciples were left. .

But even if it was only one tenth, Cang Ye was already very pleased.

These disciples are all beings that can coexist and die with Xuan Yuezong! Their aptitude may not be the best among Xuan Yuezong, but their loyalty to the sect is better than others!

Chapter 2345: human nature

Cang Ye smiled at everyone suddenly: "Everyone present, most of you haven't seen Ye Chen, right?"

The crowd did not speak.

Cang Ye continued: "But, you have all heard of Ye Chen's name, right?"

"Yes!!" everyone shouted loudly, the crowd was passionate, and many people looked a little excited.

Cang Ye nodded, Ye Chen's reputation has now spread throughout the Lingwu Continent, many people can stay, in addition to loyalty to the sect, but also awe of Ye Chen!

Although Xuan Yuezong is a first-class power, it was once at its peak above Lingwu Continent!

It is a pity that those great abilities have fallen and left, and now any top power can easily crush Xuan Yuezong.

The disciples of the ordinary forces may not have the opportunity to connect with the people of the top forces, but the disciples of the Xuan Yuezong, as the people of the top forces, have many such opportunities. Many people have more or less contact with those. Celebrities.

The result can be imagined.

The originally extremely proud disciple of Xuan Yuezong was abused and ridiculed by the top masters and young ladies.

And they are helpless.

They once imagined that they could step on these celebrities and regain their former pride, so that they could understand that even if the disciples of Xuan Yuezong were not from the top power, they were not offended by you dudes at will!

However, the stronger their cultivation base, the more they will be able to discover how huge the gap between them and those top elite students is...

Originally, they almost gave up... they have all accepted the reality of bowing their heads in front of the celebrities.

But at this time, a message reached their ears.

Ye Chen crushed a group of celebrities at the Tianchen auction!

This man who has done what they can't do is just their fellow!

The disciple of Xuan Yuezong, Ye Chen!

For a time, everyone in Xuan Yuezong was very proud of you!

They are confident, even if they face those celebrities, they can proudly stand up their chests!

Because, like Ye Chen, they are also the children of Xuan Yuezong, Xuan Yuezong has a Ye Chen, so no one dares to underestimate Xuan Yuezong's people!

The name Ye Chen has become the dignity and pride of all Xuanyue people.

But the good times didn't last long, and soon they got another news.

Ye Chen is dead.

Killed by the genius who was No. 1 on the Profound List...

Their pride, their dignity, also fell...

Cang Ye stared at the crowd and suddenly shouted: "Ye Chen, is it really dead? Do you really believe that he is dead!"

This question has appeared in the hearts of this group of disciples.

But at this time, everyone did not hesitate and shouted almost crazy: "Don't believe it!!! Don't believe it!!! Don't believe it!!!"

For a time, the shouts shook the sky, and the entire Xuan Yue Sect seemed to sway in the shouts of everyone.

They don't believe it! Never believe it!

Because Ye Chen's brilliance has been completely imprinted into the souls of these disciples, no matter who it is, no matter what happens, it cannot be erased!

Therefore, Ye Chen must be alive!

Even if people all over the world tell them that Ye Chen is dead, they still believe that Ye Chen is still alive!

"Okay!" The relief in Cang Ye's eyes became more and more intense, "Ye Chen stepped on those celebrities, and we, as members of the Xuanyue Sect, are we afraid of them?"

"Don't be afraid!!!"

A rare passion appeared on Cang Ye's face: "Today, let these \*\*\*\* have a good knowledge of the strength of our Xuanyue Sect! Let them know that our Xuanyue Sect is definitely not a soft persimmon that can be kneaded at will. !

You must have been irritated by top powers before? Nowadays! It's time for your revenge! Let them know, the one who deceived me Xuanyue, die! ! ! "

The Xuanyue disciples, one by one, their eyes reddened with excitement, and shouted wildly, "The one who deceived me Xuanyue, die!! Those who deceived me Xuanyue, die!!!"

At this time, among the attic with the Chenyue Pavilion plaque, Fen Ying, Sun Yi, and Zi Ning were all in it. This Chenyue Pavilion was the attic that Ye Chen had built for them.

The eyes of the three of them were red and swollen. Obviously, they had cried many times these days, but at this time, their expressions were very calm.

Sun Yi looked at the palm of her hand, she was a little hesitant in her beautiful eyes. Suddenly, she raised her head and looked at Zi Ning and said: "Sister Zi, if it is...when it is necessary, I will trouble you."

Zi Ning nodded and said, "Don't worry." She naturally knew what Sun Yi meant.

Among the three, only Sun Yi and Ye Chen had a relationship.

And Sun Yi also knew the changes in her bloodline.

The nameless and the top giants are probably looking for themselves.

If Ye Chen's bloodline can only fall into the hands of those shameless people, she can only kill Sun Yi before committing suicide. This is why she appeared here instead of fighting outside. .

...

At this time, a dark cloud pressed against Xuan Yuezong's sky, and with it, there was a boom, a loud noise, and the entire Feifeng Mountain began to faintly shake.

Cang Ye squinted his eyes slightly to look forward, and there was a strong and terrifying aura after another!

The tens of thousands of people are densely packed, looking from a distance, it is almost like a turbulent crowd, pressing towards Xuan Yuezong!

This top-notch coalition is finally here!

Although Cang Ye was already mentally prepared , when he really saw these tens of thousands of people, he couldn't help but chuckle!

Among this group of people, none of them are below the realm of good fortune! Moreover, there are enough people to close the door...

What about yourself?

Although Xuan Yuezong is a first-class power, the disciples of Good Fortune Star Aperture are the main ones in the door...

The existence of the star orifice is already rare. As for the close disciple?

Few!

You can already become an elder by closing the door and closing the door half step!

Not only the number of people is far behind the other side, but the quality is also worse than the other side.

This is not even the opposite Taixu realm, half-step Taixu these super strong... Taixu strong, to the sect of Lingwu who are still within the rank, they are all legendary existence...

The current Xuan Yuezong antagonized is equivalent to ten living legends!

Xu Hou, Xiang Qiang walked in front of the array and glanced at the disciples of Xuan Yuezong, the elders, they actually chuckled directly and laughed! !

After that, the ten thousand people laughed together, and the laughter spread throughout Feifeng Mountain!

Xu Hou looked at Cang Ye mockingly, and said to Xiang Qiang: "Brother Xiang, this is the so-called first-class power? How can trash be like this? It makes me vomit like a bunch of dogs. The \*\*\*\* is in front of you, just this? I want to block us too? Isn't it a mistake?"

Chapter 2346: Retreat is death!

Xiang Qiang laughed and said, "Brother Xu, maybe this group of trash is here to beg for mercy? Or, let's let them perform collective kneeling? It's not impossible to let them go."

Xu Hou said: "Brother Xiang is really kind."

As he said, Xu Hou looked at Cang Ye. At this time, Cang Ye was already full of frost. As the head of Xuan Yuezong, when did anyone dare to humiliate his sect in front of him?

Cang Ye grew up in Xuan Yuezong, and he has been completely dedicated to the sect in his entire life. The sect is his all and his home!

Now, someone in front of him, in front of his disciples, unscrupulously insulted and devalued his home!

It's an individual, so angry!

"Hehe." Xu Hou sneered: "Trash, what's your face? Will you get angry? I didn't expect Xuanyuezong's \*\*\*\* to be quite personal? Well, this look makes the deity very uncomfortable. what?"

His voice was cold in vain and said: "Now, immediately kneel in front of the deity and dig your eyes!"

Everyone in Xuan Yuezong's expression changed!

The top ten families in Lingwu Continent are really arrogant! overbearing!

Cang Ye heard the words, the anger in his eyes rose to the extreme, and the breath of his body was madly released, even if he knew that he could not be Xu Hou's opponent, he would only die when he faced Xu Hou's end!

but! Even death is better than being humiliated!

What's more, as the head of Xuan Yue, he lost not only his own face, but also the faces of the entire Xuan Yue Sect and all Xuan Yue disciples!

Among them, Ye Chen's face is also included!

Cang Ye is not afraid of death, but he is afraid that because of himself, others will look down on Ye Chen!  
He doesn't allow this!

Because Ye Chen is Xuan Yue's pride!

However, before Cang Ye could move, the aura of heaven and earth suddenly changed wildly and shrank crazily. On the top of Cang Ye's head, I don't know when a palm print actually appeared.

A huge, terrifying palm print that seems to be able to crush the entire Feifeng Mountain!

Xu Hou actually made a direct shot!

The moment the palm print appeared, all the people of Xuanyue who were present changed their expressions wildly!

That terrifying palm power is already close to the power of heaven and earth in their eyes! A palm came out, as if the sky roared, the gods roared, as if the whole world was pressed on their heads!

Cold sweat, everyone's body is full of cold sweat! Almost suffocating!

Among them, nature also includes Cang Ye!

Taixu exists, it is as powerful as a true god!

Cang Ye yelled violently, and his whole body's spiritual power ran wildly. Under the lock of this palm print, it was impossible to hide!

Even just wanting to resist, he has reached Cang Ye's limit!

A sword-shaped jade pendant flew out of Cang Ye's arms, forming a bright sword light on his head!

This jade pendant is the treasure of Xuanyuezong's Zhenzong, and it is a divine object that has been passed down for thousands of years in Xuanyuezong!

But Xu Hou looked at the jade pendant, but his face was disdainful.

With a loud bang, a palm pressed down, the whole Feifeng Mountain shook violently, the earth and rocks cracked, almost collapsed!

Xu Hou retracted his palm casually, looking very leisurely, as if he hadn't done anything just now, just slapped a mosquito randomly.

However, what appeared in front of everyone was an extremely large and deep pit.

The pothole blasted out by Xu Hou casually!

You know, this is in front of Xuan Yuezong's mountain gate! The ground here is naturally reinforced with high-quality materials, but under Xu Hou's palm, it is a thousand times more fragile than tofu...

The elders and disciples of Xuan Yuezong were all dull and stupid...

Is this really a human?

"Master!" At this moment, a young man yelled in extreme grief, flashed himself, fell into the pit, and held Cang Ye. This person was Cang Ye's disciple, Meng Xingyun.

At this time, Cang Ye was covered in blood, and his bones and muscles were severely injured by Xuhou's blow!

Looks very miserable! He was seriously injured and dying, and his breath weakened to the extreme.

This mighty Lingwu, the powerhouse leader of Xuanyue, was so crushed by the opponent's palm?

This is the gap between Taixu and Fengmen!

Meng Xingyun took Cang Ye and returned to Xuan Yuezong's array. A group of disciples and elders looked at Cang Ye's appearance, their eyes were dim, tears rippling!

As the head of Xuan Yue, Cang Ye always looks serious and gives people a feeling of indifference and unkindness, but in fact, he treats Xuan Yue people sincerely, more sincere than anyone else. what!

It can be said that Cang Ye really treated the people of Xuan Yuezong as his relatives.

But now, those who can still stay in Xuanyue Sect, naturally respect Cang Ye, and all the disciples almost treat Cang Ye as the elders of relatives...

Seeing that their relatives were hurt in such a way, how could they not be sad, how could they not cry?

How can you not be angry?

At this moment, I don't know who took the lead and shouted: "Those who deceive me Xuanyue will kill them!"

Everyone in Xuanyue sect shouted in unison: "Those who deceive me Xuanyue will kill them!"

For a time, the shouts shook the sky, murderous!

When Xu Hou saw this, he frowned slightly. With this palm, he originally intended to completely break the hearts of Xuan Yue's people, but to his surprise, even though Cang Ye was seriously injured, he could only breathe. But still not dead.

What is even more surprising is that not only did this palm fail to destroy the fighting spirit of these ants, it seemed to make them more united and determined?

However, Xu Hou just sneered. Do you have any special feelings because of a group of insects spreading their teeth and claws in front of you?

If you say something, it's disgusting.

No matter how firm and angry these Xuanyue wastes are, they cannot change the fact that they are ants.

Lingwu Continent speaks by strength.

However, Xu Hou was not interested in moving on.

He was a dignified person from the top ten families of Lingwu, so he can make a single shot. How can he deal with a group of lowly waste?

Isn't that surrendered?

Xu Hou waved his hand casually, and said indifferently to the people behind him: "Clean up these wastes, the deity does not want to waste time."

"Yes!" The Star Apertures and Gates behind Xu Hou were there. Hearing the words, they responded with a cruel, hideous smile on their faces.

Even if those super-powerfuls do not take action, the strength of the two sides is still very different. This is simply a massacre by one side...

Who doesn't enjoy slaughter?

Immediately, the tens of thousands of people shouted, and they moved their bodies and moved toward the gate of Xuanyue, impacting!

The disciples of Xuan Yue had a firm complexion and did not flinch at all! !

They know that they cannot retreat!

Retreat is death!

Chapter 2347: Fight!

Facing an opponent whose strength is far stronger than his own, if you want to hold the opponent's footsteps, you can only fight for life!

Ye Chen is their pride, the faith in their hearts, and Ye Chen gives them the feeling of standing proudly at the pinnacle of Lingwu, even if only for a short while.

However, for them, this glorious moment is worth all of their sacrifices for it!

Even their lives.

After those top-level warriors rushed into Xuanyue's mountain gate, Bai Zhen's eyes flashed in vain in a large hall located in the center of Xuanyue's mountain gate, and he shouted: "A burst!"

Bai Zhen, Long Yitian, and Yin Che all poured their spiritual energy into the spar in front of them. In an instant, a giant magic circle enveloped the entire Xuanyue Sect. At the same time, the tens of thousands of martial arts practitioners and a half The step is too empty, the strong one has closed the door, isolated!

Those well-known experts who entered the formation were also in a daze. This formation obviously suppressed them greatly!

"kill!!!"

Meng Xingyun yelled, Cang Ye was seriously injured, he was already full of anger, holding a golden long sword, rushing into the crowd, the sword light flashed, and he cut a star-aperture martial artist who hadn't fully reacted to two. segment!

Upon seeing this, the disciples of Xuan Yuezong were all refreshed, and they were aroused by blood, and they wanted to kill the tens of thousands of people!

With the help of the formation, each and every state is like a madman, and they are in a stalemate with the tens of thousands of troops for a time!

But the many Taixu beings isolated from the big array were not in a hurry, but watched with gusto, as if they were watching a play.

Because, the warriors fighting in the big formation have nothing to do with them.

These imaginary existences are all coming alone. After all, a strong imaginary person is enough to represent their own forces, right?

And the power that sent the Supreme Void Power, among the top powers, also belongs to the strength Ming power, and has at least two Tai Void existences.

As for those who are too weak for half a step, their expressions are very exciting...

Half a step is too empty to fully represent a top power, so I can only bring the warriors under his command to make up the count. If Xuanyuezong is crushed and crushed, it will be fine. Even if there is some loss, it will be minimal. .

But now, if the two sides are evenly matched for a while, then their casualties will rise straight!

But even so, they still can only look at them, do they still watch with gusto if they haven't seen the existence of these emptiness? These half-steps are too vain, how dare you sweep them away?

Even if they know that these top giants are using this opportunity to weaken themselves, it is the same.

At this time, before the gate of Xuanyuezong's mountain, it was completely red with blood, one after another corpses, laying on the ground...

After the initial shock subsided, those wealthy martial artists gradually regained their momentum. Their overall strength was far superior to Xuan Yuezong, and even if they were suppressed by formations, they could still have the upper hand!

Gradually, more and more Xuan Yuezong disciples were either cut to pieces with a single knife, or bombarded with a punch, or burned to charcoal by flames, and the number of deaths and injuries increased.

With a bang, a sledgehammer with boundless power rushed towards Meng Xingyun who was at war. Meng Xingyun's complexion changed. At this time, he had no time to dodge, so he had to swing his sword to drive back the enemy while raising it. The other hand is blocking the sledgehammer!

With a click, blood exploded, and one of Meng Xingyun's hand was directly blasted into blood mist.

Meng Xingyun backed away a few steps, his face was pale, and his eyes were bloodshot, like a beast being forced into a desperate situation.

The same situation is constantly happening in front of this mountain gate. The remaining elders and disciples of Xuan Yuezong are almost all wounded!

But even so, the faces of those wealthy warriors are not at all relaxed!

Because even if these Xuanyue Sect people are seriously injured, even if they are disabled, as long as they can move, as long as they have a breath, they will rush up like a lunatic!

This kind of opponent, who is changed, will be a little bit afraid?

With a puff, a long sword pierced through the body of a Xuanyuezhong disciple. The sword-wielding warrior had just a sarcasm smile at the corner of his mouth, but the next moment, his smile solidified.

Because he saw that Xuan Yuezhong disciple who was about to die in the next second, also smiled, laughing crazy, laughing strangely!

The disciple grabbed his hand abruptly, his body began to deform and swell, exuding an aura of destruction.

With a bang, this disciple actually blew himself up! Even the spirits detonate together, just to die with the opponent!

Everyone can see that the destruction of Xuanyuezhong's people is just a matter of time, but these giant martial artists are shrinking and shrinking as they fight!

The reason is simple, no one wants to be the one who was dragged down by these lunatics before they died...

Xuhou and others frowned when they saw this. They originally wanted to watch the blood bleed from both sides, as if watching a group of ants fighting each other, but now these giant martial artists are restrained, even if they can defeat the Xuanyuezhong, they will waste a lot of money. time.

So is a little tired.

If it doesn't bleed, isn't it a boring farce?

Xuhou and others, even if they wanted to weaken other top powers, they didn't bother to wait any longer now.

Xu Hou said indifferently: "This group of waste has been delayed for too long."

A half-step too vacant, took the opportunity to speak: "Patriarch Xu, why don't you let me wait until I break this formation. The mobs of Xuan Yuezong are not crushed at will?"

"You?" Xu Hou glanced at the man disdainfully, and said tauntingly, "Do you think this big formation is so easy to break? It seems that this Xuanyue Sect still has some background, even if you half-steps are too empty to take action together, It takes half an hour to break the formation.

If I guessed correctly, Xuan Yuezong was also a top power in ancient times, even stronger than my Xu family, but unfortunately, it is not ancient times anymore.

And, do we have so much time to waste? "

The man couldn't help looking embarrassed and kept silent.

Xu Hou turned to the two Taixu standing aside and said, "Brother Cai, Brother Zheng, can you please take action?"

Xuan Yuezong's big formation requires two Tai Xu existences to make a shot to break it instantly.

Cai Hua and Zheng Ruohu nodded and walked forward. .

The two of them looked at the protective light curtain of the large array and glanced at each other, both of them frowned slightly.

These two are both in the early stage of Taixu's existence. If they want to break the formation with one blow, they are still a little reluctant. They need to increase the power of the attack to the extreme!

Chapter 2348: The killing machine!

Immediately, Cai Hua shook his hands, and a spear appeared in his hands, while Zheng Ruohu was rolling with monstrous spiritual power, and the injured tiger's fingers exuded astonishing suffocation!

The two jumped up and hung in the air. Cai Hua's spears condensed endless killing intent and turned into a nine-headed demon snake, with its head high and hissing, it can swallow the sky, fierce!

And Zheng Ruohu's body aura is not weak at all, the tiger's fingers are rushing to the night, the boundless suffocation is permeated, the roar of the lion shook the fields, and between the suffocating anger, a black giant lion loomed, like the incarnation of death in hell, killing all things. Tremor Void!

The two of them shot with all their strength, they were so powerful that they were terrifying!

Even Xu Hou, Xiang Qiang and other top ten family powerhouses, all raised their eyebrows, and a strange color flashed in their eyes.

At the same time, these rich and powerful people all had cruel smiles on their faces. They looked at the Xuanyue trash who was still stubbornly resisting with great disdain. The mountain protection was broken and killing these ants was just a trivial matter!

These idiots are still resisting now? Haha, really laughed out of his teeth!

Cai Hua and Zheng Ruohu's eyes flashed brightly, their auras had reached the peak, and it was the best time to take action!

But at this moment, a group of people among Xuanyue's disciples who were still fighting bravely, suddenly their eyes flickered, and when they moved, they retreated back!

These people include the elders who closed the door, half-stepped the door, the disciples of the star orifice, and the disciples of good fortune. There are a full one to two hundred!

These people are the strongest group of people who fight against Xuan Yue!

What are they going to do?

All the wealthy martial artists are all suspicious. Why did the enemies who were like lunatics just retreat suddenly?

These warriors naturally wanted to take advantage of the situation to chase and suppress the opponent, but the Xuanyue disciples around them all ignored the opponents they were fighting against and rushed to these people who wanted to chase desperately. As a result, they were naturally seized by their opponents. , Directly seriously injured! Some were even killed instantly!

What about the survivors? They looked crazy, and went straight to the pursuers!

Boom boom boom!

These Xuanyue disciples actually blew themselves up without hesitation!

There was a scream among the pursuers, dead and wounded!

And these Xuanyue disciples, at the cost of their lives, succeeded in gaining a shot for those who retreated!

Not bad!

Just shot!

Xuan Yuezong, there is another hole card!

Ye Chen gave them the hole cards!

The one or two hundred people moved their wrists in unison, and a long sword appeared in their hands.

A simple, rough-made long sword!

"Kill!!!" Meng Xingyun yelled violently. They have been fighting for so long, and what they are waiting for is now!

In an instant, hundreds of soul power fluctuated, rippling in front of Xuan Yuezong's mountain gate!

Among them, there are more than one hundred points aimed at the two Taixu existences who are about to shoot, and the remaining dozens are aimed at the wealthy martial artists in front of them!

Zheng Ruohu and Cai Hua's complexion changed, and the more than a hundred soul power fluctuations even made them feel a dangerous aura!

However, at this moment when it comes to the critical moment of shooting, I can't stop at all!

The next moment, humming, hundreds of sounds of breaking through the air, whizzing past Xuan Yuezong's mountain gate!

Those hundreds of Horcruxes burst in the crowd's horrified eyes!

When it burst, the terrifying soul power swept over!

At this moment, Zheng Ruohu and Cai Hua roared frantically, and finally blasted their power towards the mountain guard of Xuan Yuezong!

The magic snake dances wildly, and the lion roars into the sky! Hit \*\*\*\* the protective light curtain.

The earth quaked, the sky changed color, the void was constantly bursting, and the entire Feifeng Mountain was on the verge of collapse!

With a click, a crack appeared above the protective light curtain, and then it began to spread quickly!

In the rumbling sound, the protective light curtain was finally completely shattered!

At the same time, the three of Bai Zhentang who was in charge of the formation also spit out a big mouthful of blood, and their breath instantly wilted.

However, at the moment when the formation was broken, Cai Hua, Zheng Ruohu, and those rich and powerful men were also completely overwhelmed by the endless spirit power that looked like a huge wave!

When everyone in Xuan Yuezong saw this, they were all happy!

Succeeded! Their ultimate move succeeded!

Ye Chen gave Cang Ye a lot of Horcruxes in total, some of which were the weapons of the Heavenly Soul Sword, and the other were the weapons of the Gods and the Sea!

If all this power erupts! The power is extremely terrifying!

Puff!

Cai Hua, Zheng Ruohu, among the seven orifices, blood was gushing, and the figure trembled, and fell from the air, and the remaining more than 10,000 wealthy martial artists also burst into screams after a short silence!

Everything...

In front of Xuan Yuezong's mountain gate, the sound of falling body was constantly ringing!

One after another, the wealthy martial artists all had hollow eyes and fell to the ground stupidly. It seemed that their spirit was completely wiped out!

The joy on the faces of Xuan Yuezong's people grew stronger and stronger!

But, at this moment, abruptly, a laughter rose, echoing in the air!

A laugh full of sarcasm and disdain...

Xu Hou's laughter.

At this time, Xu Hou, Xiang Qiang, and the others from the Supreme Void Realm were all looking at the disciples of Xuan Yuezong with playful expressions, as if they were enjoying the funny performance of the clown!

The expressions of the half-step too vain are a bit ugly, but there is nothing more, nothing more.

what happened?

The disciples of Xuan Yuezong, the elders' smiles solidified.

Why are they laughing?

Why does laughter sound so sarcasm?

Didn't the ultimate move of waiting for others succeed?

Didn't it work?

How could this be?

At this time the disciples of Xuan Yuezong, once again cast their sights in front of the mountain gate.

Two figures, a little trembling, got up from the ground.

Zheng Ruohu and Cai Hua wiped the blood from their faces and looked at the people of Xuan Yuezong blankly.

In their eyes, there is writhing anger, and the ultimate cold killing intent!

The eyes of everyone in Xuan Yuezong were shaken and shocked!

That is hundreds of ways, close to the baptism of Taixu rank Horcrux!

Even so, did not kill these two Taixu existences?

how is this possible? How could this be?

What makes their thinking even more blank is that the giant martial artist in front of them, although thousands of people were killed and injured, but...

The rest of the people, although their breaths were a little languid, their faces were bloody, and their faces were painful, they all survived! Moreover, it also looks like fighting ability!

Still not a survivor of Xuan Yuezong, a figure that can resist...

At this moment, the eyes of the Xuan Yuezong disciples completely revealed a look of despair...

As if the soul was emptied.

Although they are willing to die for Ye Chen and regard death as home, with no regrets, they are still human! !

He is a person of flesh and blood and sentiment!

Not a machine that only knows about killing!

Chapter 2349: Turned out!

They have and will be able to do everything they can do to the extreme...

But even so, it still can't make up the gap in strength...

How can we not despair? Whoever changes you will be desperate...

This is not to say that Ye Chen's Horcrux is not powerful.

Normally speaking, even if the power of most of these horcruxes is mediocre, or even very reluctant, the power of Xuanyue people who can use horcruxes will be greatly reduced.

But under the compensation of the number, not to mention the spike, it is still possible to make two Taixu exist and lose their combat power to a certain extent, and that number of warriors should have been completely wiped out...

but!

Blame it, these people are all powerful warriors!

What they enjoy is an ordinary Lingwu martial artist, unimaginable martial arts resources!

Even if their own qualifications and strength are in the same level, they are not particularly extraordinary, but!

Under the stacking of those resources, a terrifying promotion was obtained...

In other respects, it's better to say that the gap between the spirit and soul is huge compared with the average net worth of the same rank!

why?

Because of the existence of the soul crystal!

The soul crystal can resist the attack of the soul to a great extent!

Therefore, Xuan Yuezong's ultimate move did not achieve the effect they wanted...

I can only say, bad luck...

However, don't look at Cai Hua, Zheng Ruohu's expressionless appearance, in fact, in their hearts, there are also some fears!

why?

In the sea of knowledge of both of them, a soul crystal burst into pieces!

If so, if there are more than dozens of Horcruxes... I am afraid that their souls will really be planted.

Unfortunately, there is no if.

Xu Hou looked at a group of Xuan Yuezong disciples and sneered: "Hehe, continue to struggle? A group of trash, no matter how hard you struggle, you can't change the fact that you are trash. What do you guys have to continue to show? You clowns performing, it's really funny, so let's do it? The deity hasn't seen enough yet?"

The faces of the people of Xuan Yue showed shame and anger, and they clenched their fists, but they couldn't refute it! Dare to refute!

why?

Their methods have been exhausted...

To refute now is to seek death!

They are not afraid of death, but when they are dead, who will protect Sun Yi and the others?

Even if they are humiliated, they must do everything possible to delay time!

After all, there is still hope in their hearts!

Ye Chen, not dead!

Ye Chen is coming here!

At this moment, Ye Chen, standing on the airship's deck, the entire airship accelerated to an unimaginable speed, and it was still in the space tunnel, spanning countless distances, and shuttled to the limit.

But Ye Chen was still anxious!

He is worried! Worried about being too late!

He is a person who is not afraid of the sky and the earth. He is a person who never asks for heaven or prays!

But now, he can't help but pray secretly in his heart!

Pray that I can catch up!

An hour!

He knew that in one hour, he would be able to reach Xuan Yuezong!

Master, head, you must hold on!

However, at this moment, Xu Hou looked at the silent members of Xuan Yuezong, but he was tired and bored.

He said to Cai Hua, Zheng Ruohu and the remaining half-step Taixu, "Brother Cai, Zheng, and everyone who half-step Taixu, this group of ants made you very upset, right?"

I am a person with the beauty of adulthood. I will leave these wastes to you to crush, vent your anger, don't drag it anymore, it will be over soon, after getting the evil blood, come to my Xu family to enjoy the celebration! "

Cai Hua, Zheng Ruohu, and a half-step too imaginary are all refreshed!

"Thank you Brother Xu for Chengquan!"

"Thank you Patriarch Xu for fulfillment!"

Dozens of half-steps were too weak, their auras surging, and at the same time their bodies moved, they came to the gate of Xuan Yuezong!

Puff puff puff puff puff!

Thousands of people from Xuanyue flew backwards, vomiting blood! The bones all over his body burst, the meridians were torn, he was seriously injured and dying!

terror!

too scary!

These half-steps are too empty, and they have seriously injured thousands of people just relying on their breath! Tend to death!

However, what surprised these giants was that even so, the Lingwu \*\*\*\* in front of them did not retreat in the slightest?

Didn't retreat even one step?

However, these half-steps are too vacant, but they are ants who are not afraid of death, are they not ants?

They are full of aura and spiritual power, they are about to make a move to crush a group of Xuan Yuezong disciples into ashes!

But at this moment, the disciples of the Xuan Yuezong screamed wildly and rushed into the crowd of those wealthy and ordinary warriors, blew themselves up, blew up, blew up like crazy!

They know that once these half-steps are too virtual, they will only die!

They are not afraid of death, but they are not willing!

They were unwilling, so they died. They were Ye Chen's acquaintances, and they also had the responsibility to protect Ye Chen's blood!

In this way, crushed by the enemy and killed in seconds, do they still have the face to face those same people who have already died for Ye Chen?

At this time, all the people of Xuanyue were furious, they hated, they were angry!

They hate these shameless celebrities, they are angry at their inability!

If they just waited to die, what face would they have to face Ye Chen who brought them pride?

Therefore, they will blow themselves up! Desperately! In order to stop these enemies, make the last effort, use the last bit of strength and the last drop of blood in life to maintain their pride!

This is the bloodlines of the people of Xuan Yue, this is the pride of the people of Xuan Yue!

Only in this way can they think that they are qualified to be Ye Chen's fellows!

People of Xuanyue, glory to death!

Some of these disciples were still very young, still at a carefree age, but they fell like this, and his life, before it had time to shine, was annihilated...

Is it miserable?

awful!

Very miserable!

However, no one has the slightest complaint.

No one regrets it.

Those wealthy martial artists were shocked, and they were about to retreat, but suddenly, an invisible gas stood in front of them!

The rumbling sound continues! The earth is shaking.

However, the strong qi in front of them did not even cause any waves! These Xuanyue people, even if they fight their lives and fight everything, are they just struggling powerlessly?

However, in the air, there were traces of shocking blood.

Those half-step too empty existed, and looked at the people of Xuanyue who were constantly going to death with sarcasm, and sneered: "Are you idiots? With the self-detonation of your waste, can you break through the gas protection of our class? It's just going to die in vain, but it's okay, it seems that we're doing it, and it's like you.

These people blew themselves like a balloon bursting, but what about their gas protection? It's a copper wall and an iron wall. What if one billion or one billion balloons explode? Can you blow up the copper and iron walls?

it's so funny.

Now that Xuhou and others allowed them to take action, they naturally couldn't let their own warriors be damaged.

In the Chenyue Pavilion, listening to the shouts, explosions, Fen Ying, and Sun Yi, the pretty faces were full of unbearable and heartache. They knew that these Xuanyue Sect disciples were dying for them. !

Especially Sun Yi, her complexion is extremely pale, she seems to be on the verge of collapse!

The people of Xuan Yuezong have always treated her very well. She does not belong to Xuan Yuezong, or even Lingwu Continent, but these people accepted herself without complaint and treated her as their relatives. With...

For such people, how can she bear the heart, let them die for themselves and sacrifice so meaninglessly?

She can't bear it, really can't bear it!

As for Zi Ning, her eyes were already blood red at this time, and her aura was in a state of disorder, and she was almost engrossed!

She grew up in Xuan Yuezong since she was a child. Xuan Yuezong is like her home. The elders and disciples of Xuan Yuezong are all her family members. Now, her family members have died in battle and fallen. In front of her house, she was almost crazy!

She wants to rush out, want to fight, want to die with her relatives!

However, she can't do this...

Because she is the last line of defense of Xuan Yuezong, the last protector...

Zi Ning opened the window and looked at the gate of the mountain. With the vision of his cultivation level, he could naturally see everything that happened in front of the gate of the mountain clearly, almost as if it happened in front of his own eyes.

She bit her lips, desperately suppressing her emotions, her lips were bleeding, and the blood was dripping down the corners of her mouth.

Zi Ning never looked away!

She could not participate in the war, but she had to remember this scene before her. This was her punishment for herself!

She will imprint this scene firmly in her heart! Never forget!

She hates it! I hate it! She stared at the faces of the murderers who killed and injured her classmates, she was a ghost, and would not let these people go!

What these people have done is tantamount to killing her whole family, they are all enemies!

Zheng Ruohu looked at those Xuanyue disciples who blew up, and snorted coldly, a bit annoying. There are quite a few Xuanyue disciples, so he blew himself up, too slow, he was too lazy to wait, and immediately raised his hand, Black Lion The phantom flickered, and the fist fisted, and then rolled away toward the crowd.

Without the protection of the magic circle, Zheng Ruohu's casual punch was enough to kill all Xuanyue people!

But at this moment, the empty shadow on the mountain gate flashed, and the three shadows blocked the lion shadow's fist. With a bang, the three shadows all flew upside down and hit the ground fiercely. However, that The shadow of the boxing also disappeared.

Zheng Ruohu raised his eyebrows. These three people were Bai Zhentang, Yin Che, and Long Yitian!

The formation was broken, they were backlashed, and as soon as they were relieved, they rushed to the battlefield.

When these three elders saw the blood stains and bones in front of the mountain gate, the color of sorrow in their eyes almost turned into substance!

These three strong men who have gone through countless vicissitudes of life and have been in the spirit of war for many years, for a time, the old tears!

At this moment, even though they blocked the opponent's punch, their injuries were more serious.

Zheng Ruohu was blocked with a fist, his complexion was gloomy, and his aura was surging.

Everyone looked up, and there was a look of surprise in their eyes. .

An airship appeared in the sky!

Xu Hou's eyes sank, he recognized this airship!

It's the airship of Mochizuki Tower!

Generally speaking, an airship can only travel through a space tunnel, but if it is too virtual, it is not impossible to directly break through the space and let the airship enter.

However, in doing so, the airship has to withstand the turbulence of space, which is extremely harmful!

At this time, several extremely powerful auras rose from the airship, and dense figures fell in front of the mountain gate of Xuan Yuezong.

Among this group of people are Chu Hong, the head of the Chu family, the old Chu Xing of the Chu family, the four members of the Nine Nether Kingdom dedicated to Hu Yanjie, Ma Tianyuan, Shenhua Academy Ge Qing, the ancestor of the Lingwu imperial family Sikonglie, and Xuan Yuezong secret The elders, the patriarch of the Fentian clan, Fen Tiangang, and the students and clansmen they led.

It turned out that in order to protect Xuan Yuezong this time, the Chu family had already contacted these forces and connected everyone there, and because of this, it was a bit of a delay.

When Xu Hou, Xiang Qiang and others saw this, their expressions finally changed! Others don't know the Chu Family, the people of the Nine Nether Kingdoms, they still know the top powers!

so horrible! There are only six people who are strong in the Supreme Void Realm!

Moreover, four of them are from the royal family of the Nine Nether Kingdom, and the giants of the Nine Nether Kingdom Chu family!

Let alone the power they bring, it is this background, not the Xu family, but the Xiang family can compare!

A Chu family can almost suppress the Xu family and the Xiang family!

Not to mention, there is also the existence of the giant royal family!

Chu Hong's eyes flickered. In fact, if the Chu family could come out of the nest, it would be enough to quell the riot. However, the elders of the Chu family strongly opposed it. In the end, he could only bring a better relationship with him. Chu Xing now.

As for the Nine Nether Kingdom, although the emperor of the Nine Nether Kingdom could not bear the plea of the nine princesses and finally agreed to take action, in order to cope with the Mu Family, he has sent ten super-virtual powerhouses. There are too many, and I can only send two Taixu to worship.

However, the entrance of the Chu Family and the Nine Nether Kingdom is already enough to make people frighten!

Xu Sheng and others couldn't help showing horror on their faces. How could this be?

Ye Chen, this kid still has friendship with the Chu family, the royal family of the Nine Nether Kingdom?

This is too bad...

The complexions of the wealthy people couldn't help but look ugly.

Chu Hong's sharp gaze pierced Xu Hou, and he said coldly: "Patriarch Xu, Ye Chen has a lot to do with me, want to touch him? I don't agree with the Chu family. You don't really intend to go to war with my Chu family, right? Even go to war with the Nine Nether Kingdom!"

Hu Yanlie, enshrined in the Nine Nether Kingdom, also said indifferently: "The emperor has his destiny, and Ye Chen is kind to the nine princesses. Those who violate Xuanyue Sect, cut it."

For a moment, those imaginary and powerful people were silent. Although Ye Chen's blood was good, they could only get a trace!

Is it worth fighting against the Chu Family and the Nine Nether Kingdom for this trace of blood?

And those of Xuan Yuezong who were still alive looked at Chu Hong and others with great excitement!

They didn't know that Ye Chen had so much energy!

Compared with the Chu family, the imperial family of the Nine Serenities, what is the mere top power of Lingwu?

Xu Hou's expression kept changing, but suddenly, his eyes lit up and he smiled at Chu Hong: "Chu Patriarch, do you say that the Chu Family disagrees? I want to ask whether the Chu Family disagrees or you disagree. Otherwise, why only brought one Taixu existence?"

As he said, he looked at Hu Yanlie again and said, "Brother Huyan, your Nine Nether Kingdom seems to have gotten into the Divine Country Shepherd recently. It's very troublesome? You still have a heart to worry about the nosy here?"

Both Chu Hong and Hu Yanlie frowned.

If you can directly persuade Xuhou and others to leave, it is of course the best. After all, even though they are here, there are a total of ten people who are too empty, and dozens of them are too empty. Although the Chu family is from the Nine Nether Kingdom The four Taixu, whose strength is stronger than the general Taixu existence in Lingwu Continent, but overall, the opponent's strength is better!

Xu Hou knew that the Xu family was already under Wuming's control. Since Wuming had confessed that he wanted to win Ye Chen's blood, he must not leave empty-handed!

He knows the nameless horror very well. If it fails, the consequences will be serious...

He glanced at the expressions of a group of allies, his eyes flickered, and he said: "Everyone! Have you ever thought, Ye Chen is still alive?"

what?

As soon as Xu Hou said this, everyone present looked at him in surprise.

Why does Xu Hou say this?

He is the last person to think that Ye Chen is alive!

Xu Hou's eyes flickered and said: "It's not impossible to say that he is alive. The vitality of this person is terrifying, isn't it?"

"And if Ye Chen is alive, what will we do, have you thought about it?"

The rich and powerful people all turned pale!

Ye Chen Star Aperture Realm can have the strength to match Tai Xu, so if you give him a little more time, no one knows what will happen, such a threat is too terrifying! Shocking!

They look at me I look at you, Xu Hou is now saying this, is it going to retire?

Xu Hou suddenly raised the volume and said loudly: "But! That's the end of the matter! Do you think that even if we retreat now, Ye Chen, will you let us go!"

"So, there is only one safest way!"

"The woman who won the blood of this demon, and the woman who won Ye Chen, give it to the unknown son! After the unknown son has this blood, his strength will inevitably soar, and only he can become our support!

He can defeat Ye Chen once, and he can defeat Ye Chen twice! And if Ye Chen is still alive, the first person to kill him is the unknown son! "

"Now, you don't know what to do? From the beginning to the end, we have only one choice! As for the Chu Family, the Nine Nether Kingdom? Ha ha, you don't have to worry too much, the nameless son has already treated me. Having said that, after we succeed this time, he is very likely to break through the Taixu realm! And it is the middle stage of the Taixu realm!

The unknown son has the strength to rival Taixu when he closes the door. If he breaks through Taixu, what Nine Nether Kingdom, what Chu family, haha, is he an opponent of the nameless son? "

After Xu Hou's instigation, the wealthy people all shouted: "Walking the way for the sky! Walking the way for the sky! Walking the way for the sky!"

Chu Hong's eyes sank, and he suddenly raised his hand. Thousands of Horcrux swords fell into the hands of Xuanyuezong, a person from Shenhua Academy.

Upon seeing the giants, their faces changed!

They have just suffered a lot!

Here again?

And still thousands of them?

At this moment, they are really scared...

Chu Hong said coldly: "Now, are you sure you still want to fight?"

Although the Horcrux that Chu Hong bought from here was considered to be a thing of the Wangshen Tower, he could not use it at will, but Chu Hong still used his authority to call a thousand handles, which was his limit.
