Chapter 2351: Hole cards!

Moreover, if these thousand Horcruxes were really used, it would be equivalent to causing the Chu Family to lose tens of millions of divine marbles!

In that case, he would not even be able to keep the position of the Chu Family Patriarch...

but!

What about money and status?

Chu Hong also didn't believe that Ye Chen was dead!

The reason is simple, because Ye Chen promised him that he would definitely save Chu Ying!

How could Ye Chen die?

He is dead, how to fulfill his promise?

Just that promise from Ye Chen gave Chu Hong a reason to defend him desperately!

Ye Chen, is the man his daughter Chu Hong liked!

Only Xu Hou remained calm, watching Chu Hong sneer and said: "Chu Patriarch, a good hand, but do you really think that after knowing that Ye Chen has many Horcruxes, we will not be prepared at all?"

As he said, a little bit of his hand, an invisible wave appeared in the air. Everyone looked intently and saw a transparent creature with wings and a baby elephant in front of Xu Hou.

Many people cast puzzled glances at Xuhou, what is this?

It seemed that it was just a strange-looking monster, nothing special?

With this thing, can you block that thousand Horcruxes?

Upon seeing this, Xu Hou said lightly: "This beast is called the Soul Eater, which is very weak, but it has a kind of innate and supernatural power that can swallow various spirit power fluctuations.

This soul eater is said to be an extremely rare existence in the kingdom of God, is that the entire Lingwu? It was given to me by the unnamed son, and the son was like a god, and he had guessed that this might happen. "

When the Xuan Yuezong people used the Horcrux just now, he did not release the Soul Eater, but it was because it was unnecessary. Anyway, the low-level warriors who died were not under the Xu family.

The wealthy people were all refreshed when they heard this!

However, Chu Hong's expression was completely gloomy, and the other party actually had something to do! ?

How terrifying this Soul Eater's talent and supernatural powers are, others don't know, but Chu Hong knows very well that this thing is extremely rare even in the kingdom of God!

Who would have thought that Wuming could actually get it out?

This Lingwu Continent, there are very few things that can restrain thousands of Taixian Horcruxes, but has it appeared on the opposite side?

Xuanyuezong, Shenhua Academy, Mysterious Realm and others all had their smiles frozen, and they couldn't help feeling a little desperate. Could it be that this time even God was standing on the opposite side?

Is this nameless genius favored by heaven, not Ye Chen?

Even a strong man like Chu Hong was slightly shaken...

Even though there are thousands of Tai Void Horcruxes, they are very strong, but in the face of the Soul Eater, Chu Hong has no confidence...

However, Chu Hong can be regarded as a person who has experienced strong winds and waves, he instantly calmed down, his face was determined, and he shouted: "Attack!"

At the same time, the wrist flipped, holding a long sword that seemed to be made of crystal, and his whole body was surging with spiritual power, and he shot instantly, slashing at the soul eater!

Xu Hou's face changed slightly, this sword was extremely terrifying!

Even if it is too empty, Chu Hong's casual sword made him feel dangerous!

This guy has been hiding his cultivation level all these years!

However, he snorted coldly, a protective fetish in his hand shined brightly, transformed into a barrier to protect the soul eater, and flashed his gaze towards Qiang, holding a long knife in his hand, and screamed out a yin energy. Sensen's shocking sword light collided with that sword light!

The sword light was wiped out, but the sword light was also cut by a few percent. It fell on Xuhou's protective barrier, and returned to nothingness, but the Soul Eater was unscathed!

At this time, the Thousand-Handle Horcrux finally burst, and the endless spirit power fluctuated wildly. For a while, everyone had an illusion that the entire world was twisted and deformed in this spirit power!

However, the next moment, a strange scene appeared.

The soul eater suddenly raised its long trunk and let out a neigh. In an instant, time seemed to have an instant forbidden!

Immediately after that, the infinite soul power of the rich and powerful people rushed toward the soul eater!

And being overwhelmed by that terrifying to suffocating wave of spirit power, the Soul Eater was not in the slightest abnormal, but he seemed very happy and excited!

However, as the devouring continued, the soul eater gradually began to struggle, and the transparent body began to be dyed with wisps of bright red!

Xu Hou frowned!

Too much!

The energy released by the Thousand Handle Horcrux is too huge!

Even though the Soul Eater possesses the innate ability to devour soul power, he can't swallow it a bit!

Just like if a person can eat, there is always a time to eat and support!

"Ohm!!!" The Soul Eater let out a painful roar, blood ran through his mouth, and his whole body completely turned into a bright red color!

However, at this time, the spirit power contained in the Thousand-Handle Horcrux was completely absorbed!

Xu Hou breathed a sigh of relief, with a sneer, and waved his hand to put away the soul eater. The giants and the others were all overjoyed!

As soon as these Thousand Handle Horcruxes were gone, their greatest threat disappeared!

After all, it is necessary to talk about those who are too imaginary and strong, but there are a few more people on your side than the other side, and this battle seems to be won!

"Kill!" Xu Hou knew, not to mention the attitude of the Chu family. Since Chu Hong himself used all the Thousand-Handle Horcruxes, he was not a bluff at all. He was really going to work hard for Ye Chen. If so, he would never die!

Don't kill at this time, when will you wait?

Obviously Xu Hou also has experience in wars, and he is particular about when to start a war. At this time, it is the time when he is the strongest and the opponent is the weakest.

Immediately, those Taixu, half-step Taixu existed, and they shot one after another and found their opponents, and a group of closed doors, star apertures, and good fortune warriors also fought into a group!

Chu Hong, Chu Xing, Hu Yanjie, and Ma Tianyuan come from the Nine Nether Kingdoms. The foundation of martial arts in the Nine Nether Kingdoms, although not comparable to the Kingdom of Gods, is far beyond the Lingwu Continent. If it is one-on-one, if they can't make a spike, these four people can undoubtedly suppress Lingwu's Taixu existence severely and remain invincible!

However, this time, there are a total of ten powerful people who are too virtual! At the same time, there are still a lot of half-steps too empty, which should not be ignored!

Chu Hong's figures flashed beside the four powerful men from the Nine Nether Kingdom, and everyone was surrounded by two Taixu existences!

Ge Qing's eyes flickered, and he met Cai Hua and Zheng Ruohu!

Although Ge Qing is not a member of the Nine Nether Kingdom, he is just an ordinary Taixu, but when Cai Hua and Zheng Ruohu broke the battle before, they were injured by hundreds of Horcruxes, and their strength has been compromised!

Sikonglie, the ancestor of the royal family, also exists as Tai Xu, but this ancestor still looks like a middle-aged person, but in fact he is very old and will die, leaving only a long life. It began to decline, and it was not even the opponent of the general too weak.

However, even so, Sikonglie was still a genuine Taixu existence. His aura was raging, and he blocked the half-step Taixu existence that was trying to rush into Xuanyuezong's mountain gate and forcing Chenyue Pavilion!

The crowd was too empty for a half-step, and they paused, looking at Si Konglie with a little dignity.

However, it did not retreat.

Generally speaking, half-step Taixu faces a normal state of Taixu existence, and can only be crushed and killed in seconds. The gap is not a little bit big.

but! Sometimes, the quantity can make up for a certain gap!

WINK to \$1: Secure Your Spot Now!

The half-step of the rich side is too empty, there are 20 or 30 people!

Under the joint hands, it is not impossible to fight with one!

Sikonglie snorted coldly, raised his hands, and the spiritual energy rolled out. The surrounding temperature soared instantly, and his whole person seemed to be transformed into a hot sun, a lifelike

fire dragon with distinct scales, surrounding Sikong Lie hovered around, raised his head and roared, and flew toward one of them!

The half-step was too empty, his complexion changed wildly, as soon as he raised his hand and released a bone shield in front of him, his spiritual power was crazily injected into it, and the bone shield grew rapidly, enclosing his whole person!

And the other half-steps are too empty, they also shot one after another, attacking the fire dragon!

Rumble, violently collided, and the half step that released the bone shield was too empty to fly out, and the bone shield was also charred.

However, Si Konglie frowned slightly, and this blow was blocked.

For a time, dozens of half-steps were too empty, and Sikonglie fought into a group!

The entire Xuanyuezhong mountain gate has become an extremely tragic battlefield!

Although those strong men were injured and bleed during the battle, the most serious casualties were the ordinary warriors!

Although new forces have joined, in general, Xuan Yuezhong is still at a disadvantage!

Could not help being pressed by the giants of warriors towards the mountain gate!

More importantly, even though Chu Hong and the others were superior in strength, they were still under pressure when facing two existences of the same rank at the same time, and they were also suppressed!

After half an hour, everyone had already fought from the gate to the sect, from the sect to the back mountain.

The house and palace of Xuan Yuezong have been turned into ruins at this time. What used to be the fairyland-like place, now it is like a purgatory on earth!

And the wealthy people gradually approached Chenyue Pavilion.

Now even Fen Ying, Sun Yi can clearly see the people of Xuanyuezong, the secret realm, and the Shenhua Academy are fighting blood and fighting for them!

From the gate of Xuanyuezong Mountain to the front of Chenyue Pavilion, the corpses were already covered!

Their relatives, their friends, their classmates, the bodies of their teachers!

None of the three women in Chenyue Pavilion shed tears at this time.

Because the tears are already drained!

Seeing this purgatory-like picture in front of them, their hearts couldn't help being filled with pain and despair!

At this time, Ge Qing was brandishing a long sword and firmly suppressing Zheng Ruohu. Even if Zheng Ruohu's fists blasted wildly and the black lion roared, it was irreversible. His expression was extremely ugly, and even a trace of fear appeared in his eyes!

If this continues, he will be in danger! Ge Qing's eyes flashed brightly, his sword intent was vertical and horizontal, and he shouted angrily: "Xuanwu Shaking Heaven Sword!"

The strong sword intent is condensed, and a sword comes out, as if it can penetrate the galaxy!

But at this moment, a spear with a ghost snake phantom suddenly slashed through the void and stabbed at Ge Qing. The speed was so fast that it was peerless!

With a puff, blood spattered, Ge Qing's sword has not yet been fully shot, that long spear has already pierced his body, the barrier of the magic weapon, unable to resist this incomparably old, powerful, and almost impeccable extreme One shot!

Ge Qing's complexion was stagnant, suddenly changed his moves, Jian Guang swept towards Cai Hua, forcing him back!

Cai Hua's breath gradually declined, panting violently, and even his appearance quickly grew old, apparently just using some means to stimulate potential.

However, at this time, he sneered, because Ge Qing was even worse!

A big hole was punched in the waist of Ge Qing, and the blood instantly dyed his clothes red. His vision swayed and blurred, and his breath fell crazily. He stepped back and almost fell to the ground. The sword stubbornly supported his body without falling down.

This sword directly wounded Ge Qing seriously and almost lost his combat power!

Xu Hou, Xiang Qiang and others are all ecstatic!

Regardless of the fact that Ge Qing was defeated, the absence of a too imaginary strong is equivalent to saying that the balance of the battle has been broken!

The victorious Libras have already fallen toward them!

Zheng Ruohu looked at the seriously injured Ge Qing and gave a grinning grin. This old thing almost killed him just now, now is the time to settle the accounts!

His fist surged, and he was about to smash down towards Ge Qing!

But at this moment, there was a soft drink and a sudden sound.

"stop!"

Everyone was taken aback and looked in the direction where the sound came from.

I saw three women walking out of the Chenyue Pavilion.

Three extremely beautiful women with different styles.

Zi Ning, Fen Ying, and Sun Yi came out and came to the front of everyone a group of rich and powerful warriors, looking at these three women, their eyes opened wide, and there was an extremely greedy look in their eyes!

Superb!

They are all superb!

It's not that they have never seen beauties, but the three of Zi Ning, among the beauties, are all top-notch ones!

More importantly, although the three of them are all beautiful, they are beautiful and have different temperaments. The appearance of these three women in front of them together is a visual feast!

Even Xuhou, Xiang Qiang and others looked at these three people, their eyes flashed, like a wolf seeing a sheep, showing a despicable smile.

Even the existence of such a virtual reality, they are all heartened!

What's more, the unimportant thing is just Ye Chen's blood. He doesn't care about other women, so these women are equivalent to letting Xuhou and others deal with it.

As for how to deal with it?

Hehe, what else can you do with beautiful women, especially top beauties like them?

When Xuan Yuezong, Mysterious Realm and others saw this, their expressions changed wildly. Fen Tiangang was already bloodied in the battle at this time, and half of his body was about to be shattered.

He knelt on the ground, turning his head to see Fen Ying walking out of the Chenyue Pavilion, his eyes filled with bloodshot eyes almost stared out, and he roared wildly regardless of his injuries:

"Ying'er! What are you doing! Return to Chenyue Pavilion! Return to Chenyue Pavilion!"

Fen Tiangang knew his daughter, and because of this, he was even more frightened at this time!

Bai Zhentang and others also shouted, "Zining! Take Sun Yi and Sakura back! There is nothing like you here! Don't do stupid things!"

"Ha ha."

At this time, Xu Hou smiled and laughed mockingly.

"A stupid thing? Is it really a stupid thing? I think it's not just a stupid thing, but a very wise decision, right? If it wasn't for Miss Sun Yi to appear, how long do you think you can hold on?"

Chapter 2353: Loud noise! Vision!

As he said, he turned his head to look at Sun Yi, and said, "Miss Sun, you are doing a good job, so don't worry about it. After all, you know that we, those who are born in wealthy families, are different from ordinary tubao. They are all gentlemen who know how to pity and cherish jade. How can we bear to hurt you for a beautiful woman like you?"

He suddenly showed a lewd smile and said: "You can consider it, as long as you are willing to submit, not only will there be no life threat, but there will also be endless glory and wealth. My Xu family is not a little Xuanyue at all. Zong, how can it be compared?"

When the rich people heard this, they all laughed knowingly!

The people who protected Sun Yi gritted their teeth, glaring at the wealthy people with anger, wanting to go crazy!

why?

These people are too shameless! It's disgusting!

Where are these people? What kind of gentleman?

It's a beast not as good as pigs and dogs, beasts!

Xu Hou smiled sinisterly. To be honest, Fen Ying, Zi Ning and others looked really good, but as the head of the Xu family, does he lack beautiful women?

Of course there is no shortage. The reason why he does this is just to insult Ye Chen and take revenge on Ye Chen.

Although Ye Chen is dead, he offended the Xu family, can he be solved by death! ?

He Xuhou, not only wanted to destroy Ye Chen's family, but also let Ye Chen die! To torture Ye Chen forever!

Blame it, Ye Chen lost to Wuming, blame it, he Xuhou had such a chance.

But at this time, Sun Yi didn't seem to have heard the words of everyone, her beautiful eyes were full of firmness, and she said to herself: "It will be over soon..."

After that, she turned her head, looked at Zi Ning, and said faintly: "Sister Zi, do it."

Sun Yi's idea is very simple. The reason why Xuan Yuezong and the people of various forces will stay here forever is just to protect themselves. If she dies, can't everyone run for their lives?

Zi Ning nodded, raised a palm suddenly, and was about to hit Sun Yi. She knew that there was no need to stick to it. From the current situation, her own defeat was determined.

But at this moment, Xuhou's gloomy voice sounded again.

"Want to die? You thought it was dead, everything is over?"

With a move of his hand, a blood-colored jade bottle appeared in front of him.

"Haha, didn't the nameless man think that you want to commit suicide? I thought you were not so stupid. Now it seems that you are overestimating you?"

Feeling the weird fluctuations emanating from the blood-colored jade bottle, Zi Ning frowned slightly and couldn't help but stop.

She faintly had a bad hunch, that there would be no good results from this palm.

Xu Hou sneered and said: "This jade bottle is called the bottle of blood receiving. Even if the power of your palm can blast the opponent into nothingness, with this bottle of blood receiving, you can also extract the blood from the corpse. Huh? Huh."

"Of course, even if you have this blood bottle, you will definitely lose. If you really die, it will be very troublesome for us."

Xu Hou looked at Zi Ning three people playfully and said: "Why don't you, three of you, if you come over and kneel and surrender now, we will withdraw our troops. How about letting these people go?"

Oh, by the way, you don't want to be crooked, we just want to see your sincerity. "

The rich and powerful all laughed again!

The eyes of Zi Ning's trio were completely dimmed, desperate, and mentally broken...

Can't even die?

Don't even have this last power?

God, do you really want to treat them like this?

"Die to me!!!"

Ge Qing snarled fiercely. Regardless of his injuries, he slashed towards Zheng Ruohu with a sword. He hated, hated his incompetence and his weakness. If he had not been shot by Cai Hua, the balance of the battle would collapse. How could you suffer such humiliation?

He simply has no face to face Ye Chen!

Therefore, he knows that his sword can only bring about his own death, and he has to fight it!

Even if it is death, it is better than letting Ye Chen's woman suffer thousands of times because of herself!

Everyone on Ye Chen's side almost all had the same idea. For a time, they shouted and shook the sky, and everyone faced the enemy desperately!

However, the wealthy people looked indifferent, the balance of the battle has been broken, is it useful to work hard?

Speed up his own death.

Zheng Ruohu snorted coldly: "Things that do not know whether they live or die!"

With a punch, and with a bang, Ge Qing's body flew upside down like a broken kite, vomiting blood, and his chest collapsed directly, tending to die!

"Trash!" Zheng Ruohu grinned, his fists slammed, and he swung his fists toward Ge Qing again, but he didn't try his best!

How could you kill Ge Qing so quickly?

This old rubbish, didn't you suppress yourself just now, it was so cool? Haha, let him die so easily, wouldn't it be cheaper for him?

For a time Ge Qing's body, with a hundred punches, began to burst, bones, internal organs, almost all shattered, even if it survives, it will be almost a waste, right?

Zheng Ruohu stepped on Ge Qing's face and turned the soles of his feet at will, stepping Ge Qing's body into the ground.

Looking at Ge Qing, whose breath is weak, Zheng Ruohu's face has a boring look. Is this over?

If you continue to fight, Ge Qing will die directly, right?

However, it is almost time to send the dead dog back to the west. After that, he will join hands with Cai Hua to destroy the old royal thing first. In this way, the battle is basically over. When the virtual one enters the field, the existence below the virtual one will only be instantly killed.

Zheng Ruohu sneered, but he fell in love with several women with good looks.

After the battle, don't have any fun, right?

Especially this kind of sentimental and righteous woman who would rather die than surrender!

He didn't bother to linger with Ge Qing anymore, so he should end the battle quickly and enjoy it. Zheng Ruohu licked his lips, and couldn't wait.

He slowly raised his foot, and Ge Qing would completely become a pool of flesh when he stepped down!

But at this moment, a sudden change occurred!

There was a loud bang, resounding above the sky!

The space was shattered and a huge crack appeared out of thin air!

And at the moment when the crack appeared, there was an airship that burned fiery red and burst from time to time. The airship with flames and electric lights rushed out of the space crack at the speed of electric light and flint!

The next moment, rumbling...

As soon as this airship broke through the gap in space, it exploded directly! A huge fire cloud that almost enveloped the entire sky appeared above everyone!

Everyone present couldn't help but stunned, and Zheng Ruohu did the same, his feet did not step on them for a while!

Chapter 2354: Strong!

And at the moment when everyone was stunned, a figure flashed in the fire cloud!

A figure that could hardly be captured even with the vision of being too vacant, quickly shot in front of the gate of Xuan Yuezong!

Within a billionth of a second, Zheng Ruohu's eyes opened wide and his pupils began to shrink. He felt an extremely dangerous breath, something was coming!

However, he has no time to dodge, react!

When this consciousness just surfaced in his mind, there was a bang, Feifeng Mountain shook violently, and an extremely powerful impact radiated to the surroundings. Everyone only felt that the sky and the earth were shaking, and the wind was indescribable. , Swept away!

The mountain range where Feifeng Mountain is located, thousands of peaks, began to collapse!

WINK's Surge to \$1: Join the Wave!

But the weird thing is that this collapsed Feifeng Mountain is all right!

How is this going? Can't understand!

It's against logic! If there are really people who can do such a thing, this person's control of power must be to the point where all the gods and demons will be moved!

And Zheng Ruohu's figure disappeared completely from the world in the midst of this loud noise, leaving no trace of it!

Without a trace!

The place where Zheng Ruohu originally stood was replaced by the figure of a man.

The figure of a man covered in blood.

That blood is naturally Zheng Ruohu's blood!

And this man is naturally Ye Chen!

Ye Chen? ? ?

Ye Chen! ! !

At this moment, the gust of wind stopped, the dust and smoke cleared, everyone finally saw the figure that descended from the fire cloud, like a **** descending to the world, Xuan Yuezong!

That face is a face that many people present are very familiar with, even if people who haven't met Ye Chen, they know a face from the rumors!

It's Ye Chen's face!

Ye Chen, he really wasn't dead! ! ! Not only is not dead! Many people were surprised to find that Ye Chen had broken through the door closed state!

Xuan Yuezong, Shenhua Academy, Secret Realm, many people cried and wept!

They were already in a desperate situation, and they were already ready to die, but at this moment!

God descends!

The real **** descends!

Half an angel! Half the devil!

Their angel, the enemy's demon!

What kind of moving is this? How can we not cry!

Originally, Ge Qing was defeated and the balance of the battle had been broken, but with the appearance of Ye Chen, everything changed!

What can't be changed for a man who has a Taixu exist for an instant, turning things around as soon as he appears?

"Ah ah ah ah ah!!!"

"Ye Chen!!!"

"Ye Chen is back!!!"

A cheer echoed in the Xuan Yue Sect, resounding through the sky!

And there are more people crying!

Originally, the eyes of the three daughters of Sun Yi were completely dimmed, lost consciousness, like puppets, standing motionless.

But when they saw the true face of the **** who descended from the sky, in their beautiful eyes, the light instantly glowed!

Ye Chen is back!

Their men are back!

Ye Chen slowly lifted up Ge Qing, his eyes were already red, this old man who was also a teacher and friend for him, at this time, was injured in such a way for him, Ye Chen's heart was really shaken.

At this time, Ge Qing was speechless. There was blood in his throat, but he looked at Ye Chen's gaze, but he was pleased, but satisfied, without the slightest dissatisfaction or complaint, even if he was dying.

Ye Chen took a deep breath, suppressed his mood, suddenly opened his palm, and pressed it to Ge Qing's mouth.

Blood poured into the body along Ge Qing's mouth.

Ge Qing originally thought that he was mortal, but in an instant, his gaze changed. As soon as Ye Chen's blood entered his body, it turned into an incomparably surging vitality, protecting his origin!

Although he cannot completely recover, his life is temporarily saved!

terror!

too scary!

Even if it is a magical medicine, it may not be able to achieve this point!

Ye Chen slowly put down Ge Qing's body, stood up, looked at the rich and powerful, his eyes were extremely cold.

What kind of eyes are that!

Bloodthirsty!

demon!

The coldness in the deepest part of Jiuyou!

He had never wanted to kill anyone so much.

And the person who was swept by Ye Chen's gaze, even if it was Taixu, couldn't help trembling all over as if he was being stared at by some monstrous monster!

"impossible!!!"

Xu Hou snarled frantically. They were about to win and they were about to get Ye Chen's blood. How could this be?

"You can't be alive!"

Xu Hou pointed at Ye Chen and screamed, and turned his head to say to the wealthy people: "Moreover, even if he is alive, he is not closed for existence! This must be fake, it must be the conspiracy of these people, let's not be fooled!"

Maybe, this is just an illusion! I just want the Jedi to come back! Don't be fooled! "

"Illusory spell?" Ye Chen said coldly, "Then you see if this is also an illusion spell?"

He looked like an extremely cold ice crystal for hundreds of millions of years, falling on the wealthy martial artists.

Lips opened slightly, and three words were slowly uttered.

"God Shahai."

That is the majesty like a true god, that is the extreme evil like a demon, it is an endless sea of blood with killing intent, and the divine mind is a knife, slashing all things.

This **** evil sea, in an instant, overwhelmed the tens of thousands of martial artists.

Under the attack of the Horcrux, the surviving martial artist, the soul space, all possess soul crystals, or the soul is extraordinary.

can!

After a few billionths of a second, these people, without exception, fell back neatly.

Above their faces, in the seven orifices, blood gushed out, and the spirits of these people were all annihilated...

Dead still.

Unspeakable, it's like the dead silence of eternity!

No one can believe his eyes.

what happened?

A group of wealthy people who are too imaginary, half a step too imaginary and strong, all feel that their minds have burst, and their thinking has been reduced to the level of a baby...

Incomprehensible, completely incomprehensible...

Ye Chen, unexpectedly killed thousands of warriors in one shot?

Are they still above the star orifice, and there are even warriors in the closed door realm?

Are you a human?

This is simply the real demon!

After the extreme shock is fear, like fear and powerlessness to be swallowed by the black holes in the universe!

Faced with such a monster, who can resist?

Ye Chen looked at Xuhou and said coldly: "Now, do you still think this is an illusion?"

Xu Hou's complexion was completely pale, hallucination?

How could it be an illusion? The aura of life dissipated, and these Taixu existences, who had different levels of understanding of life and death, felt clearly and clearly...

However, Xu Hou was still unwilling to believe and unwilling to face it.

Because it's incredible, right? !

A person, a person who was originally considered dead, not only survived, but after the return, his strength skyrocketed?

He felt that his brain was almost running out.

Xu Hou took a deep breath and forced himself to calm down.

It's just a low-level martial artist, and it's not too imaginary. It's a second after a second. So many people on your side are really afraid that he will not succeed?

He reluctantly forced a sneer and said to Ye Chen: "Hehe, it seems that Ye Gongzi's life is really big. This shot is really shocking, but do you know what you are facing?"

On our side, there are still ten Taixu, dozens of half-step Taixu..."

"Why... better than Ye Gongzi, let us go? This time, we were wrong, so it's not like it happened? What do you think?"

Everyone outside the wealthy forces looked at these people with anger, as if it had never happened? Haha, can their friends who have died be regarded as nonexistent as well!

"Kneel down." Ye Chen looked at Xuhou, and said only two words, "Kow your head and apologize to my dead brothers and sisters."

Yes, it is brothers and sisters, these people who can stand up for themselves in times of crisis, Ye Chen has regarded them as his relatives.

Ye Chen will always remember their kindness. They are Ye Chen's brothers and sisters. The relatives of these people are also Ye Chen's relatives.

Ye Chen has always been a clear-cut person.

Xu Hou's complexion changed, his eyes gloomy and he stared at Ye Chen and said, "Ha ha, Ye Chen, don't shame you, ha ha... Yes, we just killed the waste, so what?"

Kind of, you personally avenge them? Ha ha, don't you value love and righteousness? If you don't face dozens of us, you are afraid? "

After hearing this, everyone shouted at this Xuhou!

Shameless, shameless to the limit!

At this time, he still has the face to let Ye Chen face dozens of them alone?

Shameless!

However, to everyone's surprise, Ye Chen nodded and said: "Yes, this is indeed what I should do."

Everyone was taken aback, what did Ye Chen say?

They knew that Ye Chen was very strong and his strength was terrifying. The Star Aperture Realm was able to kill Taixu in seconds, but there were ten Taixu and dozens of them half-step Taixu!

No matter how strong it is, there is a limit!

Moreover, the strength of one's side has now surpassed the opponent, and he swarmed directly, and the opponent only lost!

But, if Ye Chen is alone with them, what if he loses?

That scene fell over in an instant!

Although they were very grateful for Ye Chen's spirit of revenge for his dead companions, they were a bit too impulsive, right?

Bai Zhentang was also anxious and said, "Ye Chen! Don't be irritated by what he vomits from his dog's mouth! He just wants to force you!"

Ye Chen smiled at Bai Zhentang and said, "Master, please rest assured, I am sure that I will never put everyone in danger again."

It was just right for him to shoot alone. To be honest, Ye Chen didn't want everyone to shoot, because he was worried that in case they faced a deadly counterattack, everyone would be injured again, what should he do?

He didn't want to let his relatives get injured anymore, even a little bit of injury would not work!

Everyone was silent, they could see that Ye Chen was very determined.

But once Ye Chen had decided, no one could change his mind.

And the rich and powerful are ecstatic!

idiot! Real idiot!

It's so easy to be stimulated?

Even Xu Hou himself did not expect that Ye Chen would be fooled by agreeing so easily!

Does Ye Chen really think he is invincible?

Haha, Ye Chen's madness, above Lingwu, no one knows, but they still underestimated Ye Chen's madness!

However, madness is easy to die!

Ye Chen walked to the front of the crowd, facing a group of pinnacle experts in Lingwu Continent alone, his expression was cold without any expression.

But Xu Hou and others winked at each other, and Xu Hou held a fist at Ye Chen and smiled: "Ye Gongzi's character, I really admire it, so..."

The words have not been finished yet, this strong man has already made a sudden move without reservation!

These little people! Even if dozens of them are against one, they still have to make a sneak attack?

Shameless to no bottom line!

But Ye Chen, looking at the countless powerful attacks exuding terrifying energy that could almost annihilate the entire continent, his expression did not change at all.

He didn't even have the idea of avoiding it!

He just slowly raised one of his hands.

In his mouth, he said faintly: "Red Chen's divine veins, the power of breaking the sky."

When Xuhou and others saw this, they all showed joy. Ye Chen, just crazy, so stupid?

No matter how strong his vitality is, he can't resist the attacks of so many powerful people, he can't avoid it?

Not even using weapons?

A burst of golden light flowed on Ye Chen's body, facing the countless attacks, Ye Chen just punched out.

A simple punch, even the punching technique was useless.

The moment Ye Chen punched out, time seemed to stand still for a short while.

The next moment, the void shattered and the wind howled.

The original invisible air, under the bombardment and compression of Ye Chen's huge force, almost appeared to be a substance!

The giants just feel like a flower is in front of them, in the great power of the stormy waves, they seem to see a monstrous beast that is rising to the sky and smashing the sky with one punch!

Although Ye Chen didn't wear any fist techniques, the precision of its power over power had already touched the extreme of the law of power and reached the realm of transformation!

His punches, his breathing, and his force are actually in harmony with the laws of heaven and earth!

This can only be done by the imaginary and strong!

Even if Ye Chen didn't use martial arts, his every move seemed to fit perfectly with the origin of martial arts!

Where the fist wind passed, all the Taixu, half-step Taixu strong attack, all vanished!

What kind of terrifying power is this?

Everyone can't imagine, they have never heard of human power, can reach such a situation.

After the shock, it was the fear from the soul!

Ye Chen actually shattered their combined blow with the might of a punch?

This... is no longer the strength of the Door Seal Realm...

They are not fools. As soon as Ye Chen took action, these powerhouses who had been rampant in Lingwu Continent for many years had already fully understood that Ye Chen was not something they could contend with...

Even, not many people in Lingwu Continent can compete with Ye Chen!

If you have to say, who has the slightest possibility...

Then there is only nameless!

The expressions of the powerful people changed wildly, so how could Ye Chen's bloodline be taken care of? It was actually a movement, one after another fleeing towards the distance...

And the people of Xuan Yuezong were completely dumbfounded...

With one punch, just one punch, these powerhouses who were almost the pinnacle of Lingwu were beaten away like a dog?

Even they thought Ye Chen was too abnormal!

"Want to go?" Ye Chen looked at those people coldly, "Don't you think it's too late?"

Chapter 2356: value!

These people are all murderers who killed his brothers and sisters, how could they be let go?

He said, he must do it himself and use the blood of these people to pay tribute to the dead relatives!

Ye Chen's figure flickered, and the ground under his feet cracked inch by inch. Accompanied by a gust of wind and thunder, Ye Chen appeared beside a strong man who was farthest away from him.

The complexion of that strong man changed drastically, as if he wanted to take action, but it took time to perform martial arts, even a short tenth of a second, for Ye Chen now, it was enough.

He directly uses his own power, naturally faster than the opponent!

In the next moment, the too virtual powerhouse did not even scream, and was completely overwhelmed by Ye Chen's terrifying power.

With a bang, his body burst into pieces, his soul was annihilated, and he completely disappeared from the world.

Kill the strong like a dog!

Incredibly easy!

Even Ye Chen himself, looking at his blood-stained fist, was a little shocked.

For a moment, a golden thunder flashed wildly inside Xuanyue Sect, chasing the figure of the strong man who flew away frantically. Ye Chen seemed to be a real blood sea killer, and the moment he appeared, he must be taken away. A life, screaming endlessly!

After just a few minutes, Ye Chen's figure reappeared in front of the people of Xuan Yuezong.

He was covered with blood, and Xu Hou was carrying a person on his hand.

At this time, Xuhou, where is there a little bit of the Taixu Realm Patriarch of the Four Great Families?

The bones, internal organs, and muscles of his whole body were completely shattered, and he barely breathed a sigh of relief.

Now, Xu Hou's face was full of horror.

Ye Chen threw him in front of everyone, and stepped on Xuhou's face, his eyes were extremely cold.

And Xu Hou shivered and screamed: "Young Master Ye! Young Master Ye! I was wrong, I was really wrong, please spare my life, my Xu family will always be loyal to you, and be loyal to you forever. , As for Xu Sheng's dog thing that offended you, we will hand him over to you immediately, whatever you do!

And that nameless! The second elder knows where he is. As long as you spare me, I will let the second elder tell you everything! "

"Who asked you to speak?" Ye Chen frowned slightly, this humble animal was too noisy!

When he pressed **** his toes, he crushed Xu Hou's mouth and tongue.

Ye Chen had a sincere gaze, and bowed deeply at the corpses of Xuanyuezhong, Shenhua Academy, Chu Family, Burning Sky Clan and others that had been paved all the way from the mountain gate to the front of Chenyue Pavilion, and said, "Brothers and sisters, Ye Chen is sorry for you, but can only use the blood of his enemies to comfort you all the spirits in the sky!"

Xu Hou seemed to feel something, his eyes trembled crazily, but his mouth was completely broken and he couldn't say anything.

A wicked smile appeared on Ye Chen's face, and said to Xuhou: "Hehe, you just said, let the Xu family be loyal to me?"

Xu Hou nodded frantically.

Ye Chen said calmly: "It's a pity that the Xu family can't be loyal to me."

"Because, on the Lingwu Continent, there will be no more soon, Beihai Xu's family!"

After that, Ye Chen's feet slammed hard, and he stepped on Xuhou under his feet into nothingness.

After a short silence, there was cheers, cheers from the heart!

Ye Chen's face also showed a faint smile.

Everything is over. As for the Xu family, the Xiang family, and the families and forces behind this operation, he will slowly clean up, and he will not let them go!

Ye Chen has always been very careful about those who have hurt his important people.

If anyone offends me, it will be refunded ten times!

However, he didn't intend to slay the opponent's entire clan.

As long as those families, the strong among the forces, and those in power come out to take the responsibility.

Of course, it is impossible to keep the property of these families, and as long as the resources and the strong are lost, the family is tantamount to complete decline and disappearance.

At this time, Ma Tianyuan and Hu Yanjie were enshrined by the two imperial families of the Nine Nether Kingdoms, smiling and approaching respectfully, and said to Ye Chen: "Young Master Ye, since the matter is over, then I will leave now."

Ye Chen nodded and said with respect to the attitude of the two worshippers: "The two worshippers go well. Thank you for helping me this time. Ye must come to the door and thank you for the next day. By the way, please help me to convey to the emperor, I Ye Chen is Xiao Jiu's brother.

The Nine Nether Kingdom is also considered to have a huge connection with me. No matter what needs help in the Nine Nether Kingdom in the future, Ye Mou will definitely help, and it is incumbent. "

Ye Chen knew that the big reason why the two worshippers came this time was Xiao Jiu, but no matter what the reason was, since the emperor was willing to help him, then Ye Chen would definitely accept his love!

If others helped you, they helped!

However, he also knew that once the Devil Emperor woke up, the situation in the Nine Nether Kingdom would completely change.

The two worshippers were overjoyed when they heard the words, and their hearts were extremely excited. In fact, with Ye Chen's current strength, there is no need to be so polite, as long as Ye Chen is nominally standing on the side of the Nine Nether Kingdom, for the Nine Nether Kingdom, it is It's already a great benefit!

But Ye Chen's words were sincere, and he could see that he really regarded the Nine Serenities as his half of his home!

The two worshippers couldn't help but sigh, the nine princesses, really did not misunderstand the person!

After that, the Chu Family, Secret Realm, Shenhua Academy and others also left, but Ge Qing temporarily stayed in Xuan Yuezong to heal his injuries.

Everyone was elated when they left. They knew that Lingwu Continent would change in the future, and no matter what position they were in, they would climb to the top of Lingwu!

why?

Just because Ye Chen is the first person in Lingwu! Just because Ye Chen treats them as his own!

Is this not enough?

At this moment, a black and thin young man walked over with a smile, it was Pan Rongchun.

Ye Chen looked at Pan Rongchun and smiled: "What's wrong, Brother Pan?"

I was able to rush back this time, thanks to Pan Rongchun, Ye Chen also remembered this love.

Pan Rongchun scratched his head and said embarrassedly: "Well, Brother Ye, I have a mercileless please!"

"Oh?" Ye Chen raised his eyebrows: "Brother Pan is my benefactor, but it doesn't matter."

Pan Rongchun suddenly bent down, took out a storage bag from his arms, held it in the palm of his hand, and handed it to Ye Chen, "Brother Ye, I want to join Xuanyue Sect! You gave me these divine marbles, and I want to contribute to them. Zongmen!"

Ye Chen was taken aback for a moment, but he looked at Pan Rongchun with a smile. This brother Pan was really smart.

He is the cultivation base of the closed door realm. After joining Xuan Yuezong, he can also become an elder. Originally, a first-rate sect elder might not be a big deal to Pan Rongchun.

But now?

Is the current Xuan Yuezong still an ordinary first-rate sect?

Xuan Yuezong had Ye Chen, and it is no exaggeration to say that becoming the top power in Lingwu Continent is almost a certainty!

Becoming the elder of Xuan Yuezong now has a far greater future than adding an official to the empire!

However, even if he saw through Pan Rongchun's thoughts, Ye Chen still took the storage bag. He has always been a person who repays his favor, and then smiled:

"Okay, let me ask the master for you, but what about the airship?"

Pan Rongchun was overjoyed when he heard the words, and smiled: "Brother Ye, don't worry, the airship is enough for the empire to give 10 million sacred marbles! They are already making a lot of money and want to steal it!"

Ye Chen nodded and said nothing.

At this time, Ji Xuan, Xing Zitang, Xie Pingping, Tian Lingzi and others also walked towards Ye Chen. Although they were all injured, they were in a good condition. Although the injuries were not minor, they were not too serious.

Ye Chen furrowed his brows and moved his fingers, offering some powerful pill that flew towards everyone, and instantly merged into everyone's body.

The few people were still a little unclear at first, and then they looked incredible!

Ye Chen's pill, unexpectedly caused their injuries to recover quickly!

This is simply stronger than the holy medicine, the magic medicine!

Xie Pingping said to Ye Chen with some worry: "Ye Chen...your medicine...in the future, don't show it casually, if you let others know..."

Ye Chen smiled and said, "It's okay, I will pay attention."

Xing Zitang and Ji Xuan said apologetically to Ye Chen: "Ye Chen, we wanted to bring the family power, but the ancestors in the family disagree..."

Ye Chen said: "Human nature, nothing, you can come, I am already grateful! By the way, Ji Xuan, Zitang, you can go back and ask, are the forces behind you willing to join Xuan Yuezong?"

I can let the two Taixu realms in your power exist and become enshrined by Xuan Yuezong. "

Ye Chen knew that Xuanyue Sect was about to develop rapidly next, and naturally needed some Supreme Void Realm powerhouses in the clan.

The power of killing sect is in casual cultivator, Ye Chen originally wanted to cultivate killing sect as the first power.

It seems that Xuan Yuezong's blood sensuality moved him.

Moreover, Xuan Yuezong was once the overlord of a party, but it has fallen, and it is undoubtedly the best choice to set foot on the top again.

Ji Xuan, Xing Zitang heard this, naturally overjoyed! Of course they know what this means!

Although his own power did not make a move, Ye Chen was still willing to let him join Xuan Yuezong, which shows that Ye Chen really does not care!

After that, Xing Zitang and others also bid farewell to Ye Chen, and wanted to rush back to the family to visit the sect.

After that, Ye Chen went to see Cang Ye, Bai Zhentang and others, and looked at his master, head, elder, for his sake, he was wounded like this, Ye Chen couldn't help but bow his head guiltily: "Sorry, disciple Ye Chen It's too late! Let the master, the head, the elders, and everyone of Xuan Yuezong suffer!"

Cang Ye smiled and said, "I'm sorry, it's a miracle that you can rush back."

Ye Chen didn't say much. He first recovered the wounds for everyone with pills and spells, then with a move of his hand, dozens of storage bags appeared in front of Cang Ye and the others.

Ye Chen said earnestly: "The head, this is what I got from those top-level powers. I'll do the calculations. These people are also worth a lot of money. Just bring them with you. There are nearly 100 million superb divine marbles!

Here, there are the 50 million superb divine marbles I got before. In addition, there are 16 ancient martial arts, 32 true artifacts, various superb elixir, materials, etc. I will soon Xuan Yuezong will become one of the top forces.

Collect these resources first and use them to develop the sect! And, in the future, there will be many, many resources to send! "

The cold light in Ye Chen's eyes flickered, and it was time to settle accounts with those families and forces.

Cang Ye and the others looked at each other, their eyes filled with relief!

From now on, on the Lingwu Continent, no one would dare to look down upon their Xuan Yuezong disciple!

...

At the same time, above the sky, a white figure was suspended in the world.

It is Wei Ying.

Not long ago, she also learned about Xuan Yuezong in the Southern Territory Absolute Frost Emperor's Palace.

She was already injured.

But still tore up the void at all costs.

Although it is too virtual martial artist, but tearing the void still has a certain price.

And the distance is also limited.

Just like Ye Chen, he now barely has the ability to tear the void, but only a short distance.

It was impossible to rush to Xuan Yuezong from Feilei Island immediately.

And Wei Ying came here at the price of blood.

Fortunately, Ye Chen was one step ahead of her.

She looked at Xuan Yuezong who was full of blood, her eyes flickered, and she muttered: "Perhaps, this is the cruelty of the martial arts road."

"Xuan Yuezong is like this today. Without Ye Chen, perhaps it would be destroyed like the Absolute Frost Emperor Palace back then."

"On that day, there was no one to save the Frost Emperor Palace."

"On that day, countless kingdoms of God and many forces united."

"On that day, perhaps the blood shed in the Absolute Frost Imperial Palace was even stronger Did they despair before they died?"

At this moment, Wei Ying seemed to see a pair of ancient cold and **** eyes.

The hatred in her heart grew stronger.

"Those small forces are not the beginning of the road to revenge. The real one to fight against is the Kingdom of God."

After speaking, Wei Ying left.

Snow flakes fell on the sky.

...

Moze, completely closed state.

The devilish vortex in the sky grew stronger and stronger.

Everyone in Jun Mochen and even the Demon Race can hear a deep roar!

That is the anger of the ancients.

They can do nothing!

Anyone is destined to not be able to take half a step out of the demons this month!

At this moment, in the main hall of Demon Zun Emperor's Palace, an old man walked quickly.

When Jun Mochen saw the old man, he was obviously a little nervous: "How are things going!"

"I hope you don't bring bad news."

The old man exhaled and smiled slightly: "The devil is relieved, the subordinates bring good news."

"Although we can't leave, but the information has not been blocked, the old man and many elders used some price to spread the news to the kingdom of God!"

"The Kingdom of God Tiandao Palace is ready to intervene!"

"This whirlpool condensed by the afterimage of the Devil Emperor, it is impossible to succeed! Don't worry!"

Jun Mochen clenched his fists, and a grinning smile appeared on his depressed face.

"Just waiting for your news!"

"Some things can't be done by thinking about it."

The old man thought of something, he was hesitant to speak.

Jun Mochen felt something, and said coldly: "Do you still have something to say?"

The old man hesitated for a few seconds or nodded: "Not long ago, there was a big event on Xuan Yuezong's side, and the ten top-level families wanted to capture Ye Chen! Ten people who were too imaginary and powerful were dispatched!"

Chapter 2358: Still in the 9th Heavenly Dragon Palace!

When Jun Mochen heard this, his face was ruddy, and he said excitedly: "Haha, this little beast Ye Chen can really cause trouble, even the ten major families of Lingwu have taken action! It seems that the Devil Emperor and that kid have fallen together!"

"Come on, set up a wine and a banquet, today we Demon Sovereign Palace must have a good celebration!"

However, the old man's face turned dark and his body was shaking.

The voice of Jun Mochen stopped abruptly, he stood up and said seriously: "The matter is not over yet?"

"thump!"

The old man knelt directly and said with a trembling voice: "Enlighten Demon Venerable, ten Taixu realm, dozens of half-step Taixu, unite against Xuanyuezong, want to take Ye Chen."

"However, Ye Chen really appeared! He was resurrected from the dead! He also stepped into the closed door state!"

"He... he single-handedly killed all those who are too virtual and strong! The army was destroyed! Almost within a single thought..."

Jun Mochen was startled, his expression extremely horrified.

A strong man who had just stepped into the gate-closing realm actually killed an army of ten Taixu, dozens of years old and half a step Taixu?

This kid is only in his twenties!

It's even more terrifying than the Devil Emperor back then!

At this moment, behind Jun Mochen is cold!

He felt that the demons were destined to be turbulent starting today!

With the power he holds, it is very likely that he will lose all the game by accident!

...

Outside, in the center of the vortex, a figure appeared.

It was a girl with a bumpy figure.

If Ye Chen were here, he would definitely find that this person was Mu Yan, the daughter of the Devil Emperor.

Mu Yan looked at the whirlpool and said, "My father, I'm back again."

"Those people didn't discover my existence."

"Thank you Father for the action..."

A pair of eyes gathered in the black magic vortex!

Those are demonic eyes!

The key is that these eyes have a hint of righteousness!

Righteousness belonging to the Devil Emperor!

"How is Ye Chen these days?"

A voice resembling nine heavens came from the whirlpool.

Mu Yan was a spirit, tears in her eyes!

She knew that this was really father's voice!

Father is really going to be resurrected!

That day, although her father transferred herself, he gave her the strength to come back here!

Father couldn't leave the Demon Clan, but he was concerned about Ye Chen, and he wanted Mu Yan to bring back news that belonged to Ye Chen.

Mu Yan didn't dare to hesitate, and said, "My father, Ye Chen has broken through the door and can fight Tai Xu."

"The Battle of Feilei Island and the Battle of Xuan Yuezong have already become famous!"

"Now, the world has rated him as the first genius and nameless, and the same level of existence as Lingwu!"

"Even stronger!"

"But because Ye Chen was beheaded once by nameless, Ye Chen is currently ranked second on the Profound List."

After the Devil Emperor heard everything, his eyes were a bit ferocious and angry, but he still lowered his voice and said, "There is that nameless portrait."

The Devil Emperor's anger was due to reasons, if his body recovered, how could Ye Chen be so insulted!

Mu Yan nodded and carefully took out a portrait.

However, when the Devil Emperor saw the man in this portrait, he was surprised again and again: "It turned out to be this person."

"It seems that this nameless background is extraordinary."

"There shouldn't be a talent of this age on the Xuan ranking."

"It seems that he used the old guy's spells."

Mu Yan was startled: "Father knows this nameless?"

The Demon Emperor shook his head: "I just know the person behind this nameless. It seems that Ye Chen's chess game is not over yet."

"Beheading ten Taixu and many hundred-step Taixu strong, Ye Chen this time offended the top forces of Lingwu Continent to death."

"I don't know if this is a good thing or a bad thing."

"If Ye Chen is exposed in this way, Tiandao Palace should be aware of it."

"There is not much time left for us."

"Maybe it won't be long before Ye Chen will confront the guy in Tiandao Palace."

"I hope this time, my resurrection will be no accident."

...

Kingdom of God, Palace of Heaven.

Xuanyuan Moxie was sitting above the hall, a divine dragon coiled around him.

It is Yantian Dragon God.

Fortunately, Yantian Dragon God's injury has been reduced a bit.

Constantly recovering.

In front of the two is a quaint mysterious stele.

Both of them absorbed the energy inside.

I don't know how long it took, Xuanyuan Moxie opened his eyes, and released his murderously: "This time, the few people sent by the Heavenly Way Palace of the Kingdom of God, two of them have fallen, and there is also a Zhan'er Realm."

"The price is not small, what can you find out?"

When the words fell, a voice appeared in the void.

The figure was dressed in black, with primitive lines on the skin.

Extremely weird.

The man knelt in front of Xuanyuan Moxie, and said, "There are too many doubts about Feilei Island."

"When the subordinates rushed over for the first time, they found that everyone who knew about Feilei Island had either fallen or had their memories forcibly erased."

"That method is extremely powerful, although I can't find out anything."

"Some are like the eternal means."

"And I found that any clues are broken..."

"It's just that someone deliberately interrupted our path to the truth."

Xuanyuan Moxie's eyes became more murderous, and he said coldly: "Don't look for it, I know who it is, the eternal holy king."

"If I guessed correctly, the strength of the Eternal Saint King has already entered Zhan E, and that day the sword of destruction has become an opportunity for the Eternal Saint King."

"interesting."

"The supreme magic technique mastered by the Eternal Holy King is the strongest means to erase memory. Don't say it's you, even I can't find out anything."

"This old thing blocks Heavenly Dao Palace everywhere. I really think he can change all the current rules."

"ridiculous!"

"By the way, Palace Master, there is one more..."

The black-clothed man just wanted to talk about Xuan Yuezong, when the Yantian Dragon God suddenly opened his eyes.

"I seem to perceive the whereabouts of that blood dragon, and it is still in the Nine Heavens Dragon Palace!"

"It's in the forbidden area of the Nine Heavens Dragon Palace!"

Xuanyuan Moxie's face changed slightly, and he angrily rebuked, "Everyone retreat!"

The man in black disappeared instantly.

As for Xuan Yuezong's matter, he didn't plan to say anymore.

He knew that for Xuanyuan Moxie, nothing could compare to Yantian Dragon God.

Soon, only Yantian Dragon God and Xuanyuan Moxie remained in the entire hall.

The two stared at each other.

"Dragon God, the magic dragon is trapped in the forbidden ground. The blood dragon enters it, it should be impossible to come out alive."

Xuanyuan Moxie spoke first.

Yantian Dragon God shook his head: "Since I can perceive his existence, I perceive that he is not dead."

"The Devil Dragon is certainly a taboo in the Nine Heavens God Dragon Palace, but it may also be a chance for the Blood Dragon."

"Xuanyuan Moxie, if you want your status to remain unshakable, I advise you to erase this threat."

"Otherwise, you and me may both die."

"This is not alarmist talk, I am telling a fact!"

At this moment, Xuanyuan Moxie's eyes changed.

It was a pair of cold eyes.

"I know."

"I will not let anyone shake my position of Xuanyuan Moxie."

"anyone!"

Nine Heavens Shenlong Temple.

Above the cliff in the forbidden area.

A divine dragon full of powerful aura condescendingly stared into the abyss.

And Xuanyuan Moxie was naturally next to Shenlong.

Xuanyuan Moxie looked solemn.

This is a taboo place in the Nine Heavens Shenlong Temple.

It is said that under the cliff is imprisoned a dragon that threatens the entire kingdom of God.

The dragon can swallow the sun and the moon, and can break the world.

At that time, the one hundred top powerhouses of the Kingdom of God took seventy-seven days to imprison the dragon.

The people of the Kingdom of God cannot punish the dragon, but can only suppress it permanently.

This is a taboo myth.

When Xuanyuan Moxie approached slightly, he felt a cold air current bound his whole body.

His strength didn't even dare to take one step closer!

Let alone enter this abyss.

"Yantian Dragon God, are you really sure that the blood dragon is under here?"

"The blood dragon was injured at the beginning, and there is the magic dragon underneath. Generally speaking, it is impossible to survive."

However, the Yantian Dragon God suddenly hovered high in the sky, making waves of dragons!

He even released his spiritual consciousness!

However, it was useless at all!

The prohibition in the abyss is too strong!

Yantian Dragon God returned to the cliff and said: "We must send someone down."

"Xuanyuan Moxie, if I remember correctly, you should have a piece of jade pendant in your hand."

"You use this thing to condense a clone for a short time, go down and take a look."

"It won't cause you any trouble."

However, Xuanyuan Moxie's expression was cold.

He naturally has an extremely rare jade pendant!

However, the cost of using the ghost jade pendant to condense the clone is too great!

If something happens, it is himself who is injured!

"Xuanyuan Moxie, you don't want to erase your threat?"

"You should know why this blood dragon appeared."

"I'm sure that if it is not removed, the Kingdom of God Tiandao Palace will be crushed again!"

"Also, you should have heard of the legend."

"The young man named Ren who killed the palace lord of the Heavenly Dao Palace back then also came from Yulong."

"The dragon turned into a human form, but it killed a lot of Chaos Realm experts."

"Are you still hesitating?"

"I have a hunch that the threat of this blood dragon far exceeds that of the dragon!"

When Xuanyuan Moxie heard these words, his face changed slightly, and he no longer hesitated, pinching his fingers, and offering a jade pendant directly!

The essence and blood fell on the jade pendant.

Sweat began to appear on his forehead.

Gradually, the jade pendant shattered, and countless powders seemed to turn into the light of stars!

The light of the stars converged into a human form.

This figure continues to condense!

In the end it turned out to be a clone of Xuanyuan Moxie.

Exactly the same!

Xuanyuan Moxie breathed out gently: "This clone only has a small part of my power, it's only the peak of Taixu."

"That's true, but I don't want him to have an accident, otherwise, it will be a great loss to me."

Yantian Dragon God nodded: "Let him go down."

"it is good."

In the next second, Xuanyuan Moxie's clone jumped directly into the abyss!

At this moment, both Yantian Dragon God and Xuanyuan Moxie were nervous!

However, at this moment, two dragons shook the world!

Coming from the abyss!

Then, Xuanyuan Moxie's clone burst!

"boom!"

On the cliff, Xuanyuan Moxie's body spit out blood on the spot, his face was extremely pale!

"Failed."

"Hurry back to Heavenly Dao Palace."

At this moment, the Yantian Dragon God smiled: "The two dragons, I can tell, one is the blood dragon that fought with me that day."

"The other one is probably the extraterritorial magic dragon."

"This blood dragon has fallen into such an abyss, yet it is not dead...What happened in it?"

...

midnight.

At this time, Ye Chen, after handling the aftermath of Xuan Yuezong, was in the boudoir of Chenyue Pavilion with Sun Yi for a while.

Sun Yi suffered too much grievance and pain today. He is Sun Yi's man. This is when he comforts his own woman.

After the warmth, Ye Chen thought that his bloodline power would make Sun Yi's bloodline stronger.

But obviously, Sun Yi's bloodline improvement was slow.

It's not that the longer the warming time and the more times, Sun Yi will become stronger.

"Is it because Sun Yi's cultivation base and qualifications are too low?"

"If it is combined with a powerful spiritual body, the blood can be released to the extreme?"

But at the moment, Sun Yi possesses the Red Dust Divine Veins. As long as she gives Sun Yi certain training resources, Sun Yi will definitely be stronger than most geniuses in Lingwu Continent.

Sun Yi hugged Ye Chen tightly and softly approached.

Spring is boundless.

Afterwards, Sun Yi asked with some worry: "Ye Chen, you will go to the top forces tomorrow to find them afterwards. Will you encounter that nameless? Will it be dangerous?"

After Ye Chen came back, he had told her everything he had experienced during this period.

Anonymous is the first true genius Ye Chen has encountered so far.

The same can leapfrog battles, and the same has many cards.

It is also the number one genius in Lingwu Continent.

Sun Yi was naturally worried.

Ye Chen smiled faintly: "Don't worry, that person is not my opponent now Well, you are tired too, so rest early."

Having said that, Ye Chen walked towards the door, he was not the only one who needed comfort from Sun Yi.

In the next time, Ye Chen swept the top forces that attacked Xuanyuezong one by one, and won a huge amount of martial arts resources from them, and Ye Chen's reputation completely resonated in Lingwu Continent!

At this time, he has already established the name of the first person in Lingwu!

There are only two forces that he has not yet set foot in, they are the Beihai Xu family and the Nangang Xiang family among the four major families.

It's not that Ye Chen didn't want to go, but the Xu family in Beihai and the Xiang family in Nangang, as the reclusive giants, their families are in extremely secretive, paradise-like situation. The past trip took too long, so naturally they would deal with other top-notch first. Power.

...

At the same time, in a cave.

Two young men are playing chess.

A young man slowly raised his head, he looked at the old man in front of him, an invisible anger was burning.

"In other words, Ye Chen, wipe out all the gifts I prepared?"

The old man trembled, but finally nodded: "Exactly."

"Good good!"

At this moment Wuming stood up fiercely!

The chess pieces in his hand are also completely turned into powder!

"I've never met such an interesting opponent before Wuming!"

"I thought he was dead, and the world is much boring."

"It's fine now, my nameless prey seems stronger!"

"As a result, I'm more interested in that kid's blood."

"The Star Aperture Realm can do this, but within a few days, it has crossed the gate, and there is no vision in the world. The secret of this kid is really exciting."

The old man thought of something and said: "My son, do you need to send someone to Xuan Yuezong."

Wuming shook his head: "No need, this son is so powerful, and now I have no possibility of a complete confrontation."

"Beasts often don't catch prey in one step, Lin Juelong, what do you think?"

Wuming suddenly looked at the young man holding the sunspot in front of him!

If Ye Chen were here, he would definitely find that this man was Lin Juelong!

Wuming had planned to deprive Ye Chen's bloodline a long time ago, and then he invited Lin Juelong from the Soul Palace!

However, he never expected that his plan had failed!

WINK is growing to \$1 - Don't lose your chance - Buy On Binan...

Lin Juelong raised his head, a trace of killing intent flashed over his terrifying face: "The nameless son, if you want to talk about this Ye Chen, I have known him far longer than you."

"Before he came to the Lingwu Continent, he was just a low-spirited world, a waste master named Huaxia Jiangcheng."

"The house was destroyed by me, and even more so that I witnessed it, fell into Dongqian Lake."

"I thought everything would end here, but I didn't expect that this little beast would come alive again in five years!"

"And the speed of strength growth is extremely terrifying!"

"He has gone from being an ordinary person to shaking Taixu's existence now, but only a few years!"

Wuming was slightly surprised.

He knew Ye Chen's talent was against the sky, but he didn't expect it to be so!

With countless resources, the Lingwu mainland martial artist can achieve an achievement that can be accomplished in a thousand years. Is this kid only a few years?

This is incredible.

At this moment, Wuming also felt a deep threat.

He raised his head and looked at Lin Juelong and said, "Mr. Lin, it seems that we can be allies."

"This son is in Lingwu Continent. There should not be many people who can shake it, unless you move those old monsters."

"Those old monsters don't just shoot casually. I have a lot of resources in the Kingdom of God. To kill this child, I can only use the power of the Kingdom of God."

"Mr. Lin, after this son's death, you are willing to deprive me of his blood."

"At that time, I may be able to let you sit on the position of the lord of the soul palace, and even, I can let you call the wind and rain in the kingdom of God."

Lin Juelong's eyes condensed, and he smiled suddenly: "Don't worry, the nameless son, you and I are united, let alone Ye Chen, even those forces of the Kingdom of God can only open the way for us!"

In an instant, there was a burst of laughter from the entire cave!

Incomparably hideous and arrogant laughter.

...

At this time, in the Xujia in Beihai, in an extremely exquisite attic, three powerful Taixu realms gathered together.

These three are Xu Yi, the second elder of the Xu family in Beihai, and the two elders of the Xiang family in Nangang.

Elder Xiangjia Xianggui, looking at Xu Yi with a gloomy face: "Elder Xu, what do you mean by the nameless son can't be contacted? Our two families have lost their virtual existence because of him!

Now, he knew that Ye Chen's strength had skyrocketed, so he avoided seeing him? "

Xu Yi was also silent for a moment with a black face, still speaking:

"There is no way. Ye Chen's strength is indeed extremely terrifying. It seems to be above the nameless. I heard that Ye Chen has swept a lot of top forces involved in the Xuanyue matter in the past few days, the situation in Lingwu Continent. , Is completely changed.

The weakest of the four colleges, the Shenhua Academy, suddenly rose, and already possessed the strength to overwhelm the empire, while Xuan Yuezong, which was originally a first-class sect, is now one of the well-deserved Lingwu top powers. ! "

The second elder of the Xiang family, Xiang Jue, frowned and said, "So, next, it's our turn? What should I do?"

Xu Yi's eyes flickered and said: "Now, I can only wait for news from my elder brother."

Xiang Gui's expression moved, and he looked at Xu Yi.

"Elder Xu Tian can really get in touch with that sect of the Kingdom of God, and can he really let the disciples in the sect make a shot for us to tide over this difficulty?"

Xu Yi nodded and said, "It should be possible!"

Suddenly, he sighed again: "It's just that the price is probably not the same. That's why I found two of you."

Xiang Gui's face showed a sullen look, and said sternly: "Then Ye Chen, killed my brother Xiang Qiang, even if I pay a high price, I have to take revenge!"

As long as I can invite the power of the kingdom of God to take action, the Xiang family is willing to bear the price with the Xu family! "

At this moment, a figure flashed and appeared in the attic. It was the great elder Xu Tian. Behind Xu Tian, he was followed by a red robe embroidered with gold rims, a pair of narrow eyes and a sharp chin. , Pale face, extremely cold and arrogant young man.

...

Inside the Xuan Yuezong Hall.

After Ye Chen brought back the resources of a top-level family to Cang Ye, he was about to leave for Xu's home in Beihai.

Suddenly, a disciple of Xuan Yuezong ran into the main hall, and after bowing respectfully to Ye Chen, he took out a red envelope and handed it to Ye Chen, "Brother Ye, someone asked me to give you this envelope. "

"Oh?" Ye Chen raised his eyebrows, and after opening the envelope, there was a playful look on his face.

Cang Ye asked: "Ye Chen What's the matter?"

Ye Chen smiled and said, "The Xiang family and the Xu family actually held a banquet and invited me to participate, asking for my forgiveness. Haha, it's interesting."

Cang Ye frowned and said: "These two are united together, I am afraid they have prepared some means to deal with you."

Ye Chen sneered: "That's fine, it saves me two trips!"

...

In an extravagant banquet hall in Xujia, Beihai, a young man in a red robe sits above the main seat. Next to the young man are two extremely beautiful young girls who are cautiously waiting for them to drink and eat.

And the four strong masters of the Supreme Void Realm, at this time, looked extremely respectful, sitting next to them with a smiling face.

The young man in the red robe looked impatient, and asked coldly: "That guy named Ye Chen will really come? My son doesn't have much time. If it's wasted, can you afford it?"

In the words, there is actually no respect for the elders of the four major families!

But the four elders, at this time, were still smiling, let alone rebutting, they didn't dare to show even a trace of dissatisfaction!

Xu Tian smiled respectfully at the red-robed young man: "Master Luo, please stay calm and not irritable. According to our understanding of Ye Chen, this person is arrogant to the extreme and will definitely be there..."

The young man's name was Luo Wen, and he came from an ordinary force in the Kingdom of God, the Sky Thunder Sect.

At only twenty-nine years old, he was already the cultivation base of Taixu's Fourth Heaven!

Strength is the unimaginable horror of Lingwu! If it were placed on the Lingwu Continent, it would definitely be an eternal evildoer who swept everything. Even in the Kingdom of God, it would be considered an excellent genius of the Sky Thunder Sect!

This time, in order to deal with Ye Chen, Xu Tian used all means to find the relationship between the Thunder Sect, and exhausted all the accumulation of the Xu family and the Xiang family, only to get Luo Wen to make a shot...
