After all, the Xiuwu resources are gone, you can earn more and accumulate more, but if Ye Chen doesn't die this time, they won't even be able to keep their lives! What is the use of keeping these resources?

As long as they are still alive, even if the Xu family and the Xiang family will fall out of the top ten families for the time being, they are at least the top giants! There is still a chance to rise!

And more importantly, they all hope Ye Chen will die incomparably!

Luo Wen drank a sip of the best spirit wine and looked at several people with disdain: "Arrogant? Ha ha, let a door-closed garbage be arrogant in front of Taixu? This is only possible in a wild place like you."

Xu Tian's complexion changed slightly, and it was inevitable that they were a little unhappy. A few of them ran out of wealth before they invited Luo Wen to come, with all the courtesy and courtesy, but the other party had this attitude toward him?

Not to mention respect, even the disdain for yourself and others is not hidden!

How many people are some of the strongest warriors in Lingwu Continent, when have they received such treatment?

Xu Yi couldn't help but said: "Luo Gongzi, this Ye Chen is really not as simple as you think! His strength is very terrifying, and it must even be superior to Taixu! Luo Gongzi should be more careful. !"

Xu Tian's face turned pale, and he quickly stopped and said, "Second brother! Shut up!"

This Luo Wen is notoriously bad-tempered in the Sky Thunder Sect! The most unbearable!

Sure enough, Luo Wen looked at Xu Yi with a playful expression on his face, "Be careful? Are you telling my son to be careful of a closed door!?"

As he said, Luo Wen's face suddenly sank, and his voice suddenly became cold by three minutes. The strong aura that was too weak in his body surged wildly, and he whizzed directly towards Xu Yi!

Although Luo Wen is only the four-layer sky of Taixu, but he is from the kingdom of God, his strength can leapfrog!

The pupils of the four strong men in the early stage of Taixu shrank, and even before they had time to react, Xu Yi screamed, and his body flew upside down, spurting blood!

Several other people looked at Xu Yi who was dying, and couldn't help forgetting to breathe! His face was horrified to the extreme!

is this real?

Although Luo Wen is similar to them, but with his breath alone, can he seriously damage the existence of the same rank?

Even if they know that Luo Wenqiang is incredibly strong, this is a bit too scary, right? Is this the strength of God's Kingdom genius?

Everyone couldn't help but swallowed their saliva. I'm afraid Rowan could easily crush them even if he was only the early existence of Taixu? The martial arts of the Kingdom of God is so powerful that it is trembling.

Luo Wen took a sip of the wine slowly, and looked at Xu Yi with contempt: "Does this young man need you to teach me by accident?"

Although Luo Wen promised to take action for the Xu Family for those martial arts resources this time, he was a person who looked down on any Lingwu mainland at all!

Even, they simply don't treat the people of Lingwu as human beings, but treat them as a lower race, only worthy of being slaves to the people of the Kingdom of God.

Originally, Xu Yi just hit him. In Luo Wen's opinion, he wanted to slaughter the Xu family and even the Xiang family.

Just doing so, it is inevitable that there will be some eloquence left on the side of the kingdom of God, which may have an impact on his future. What's more troublesome is that he may get a divine envoy.

Therefore, under normal circumstances, the people of the kingdom of God will not kill on the Lingwu Continent. In order to obtain benefits, most people will adopt the method of trading with the people of Lingwu.

Moreover, even if you kill a gated existence for profit, and you can get all the resources of these two big families, why waste time to crush a group of ants?

At this time, Xu Tian recovered, and hurriedly said to Xu Yi who was constantly moaning on the ground: "Second brother! Not hurry up and apologize to Lord Luo!"

Although Xu Yi's complexion was hard to see the extreme, he barely got up, and after hesitating for a moment, he knelt before Luo Wen and said:

"Sorry, Lord Luo, please don't blame it, it's a frog at the bottom of my well, with eyes but no beads, with Lord Luo's strength, what Ye Chen, no matter how enchanting it is, it is just an ant..."

Luo Wen's complexion eased, and he waved his hand casually: "It's good to know, the strength of this son and yours is worlds apart. God Kingdom Taixu and Lingwu Taixu are not at the same level. Don't think of you. To measure the strength of this young man."

Xu Yi sat back in his seat. Although the Xu family's face was completely trampled just now, the expressions of the few people were still a little excited!

why?

The reason is simple, the stronger Luo Wen is, the worse Ye Chen will die!

Originally because of Ye Chen's strength, they still had some doubts about Luo Wen's ability to kill Ye Chen. Now, it can be said that they are completely relieved!

And if Ye Chen died, their family and their status would be basically preserved...

As for face? Can face be eaten?

Moreover, maybe they still have a chance to get Ye Chen's bloodline power? It is really a blessing in disguise!

At this moment, a servant outside the door shouted loudly: "Ye Gongzi is here!"

Several people in the hall glanced at each other, and their eyes brightened!

This kid really came to die!

Only Rowan continued to drink with a faint expression.

At this moment, a figure walked outside the door, it was Ye Chen.

Ye Chen stepped into the hall, and at a glance, he saw Luo Wen sitting on the main seat, frowning inadvertently.

First of all, it is Luo Wen's cultivation base, Taixu's four-layer heaven.

Secondly, the breath of Rowan...

Ye Chen, who has been in contact with the martial arts of the Kingdom of God and the foundation of martial arts, can clearly feel that Luo Wen's martial arts foundation is very, very solid, and the existence of Taixu like Lingwu Continent is not at the same level...

His eyes flashed slightly, and his face showed a hint of playfulness. It seems that this time Xu Jia and Xiang Jia invited this person from the Kingdom of God to deal with them.

Xu Tian said to Ye Chen with a sneer on his face: "Young Master Ye, you really dare to come, not to mention anything else, this madness alone really makes the old man admire!"

Xu Yi on the side said, "But people who are too crazy often die sooner."

But Ye Chen didn't say a word, as if he didn't hear them.

Is it necessary to say more to those who are about to die?

Xu Tian's expression sank, staring at Ye Chen firmly and said: "Ye Chen will give you one last chance. Now, if you are willing to leave now, the grievances between us will be wiped out, otherwise, you will not be able to leave here alive today!"

Ye Chen smiled faintly when he heard this.

"A write-off?"

His eyes suddenly chilled: "Can the lives of my dead brothers and sisters be wiped out!"

For a moment, Ye Chen's murderous intent could not help but cause those Tai Xu to exist, all shaking slightly!

Even Luo Wen looked at Ye Chen more.

Xu Tian grinned and said, "Okay, then you go to death! Let go of the beast!"

As soon as the voice fell, hundreds of fierce beasts with black eyes and red eyes suddenly emerged around the main hall, and each of them had the cultivation base of the gate closure!

When these dark beasts appeared, they did not hesitate to pounce on Ye Chen!

Xu Tian sneered. These dead beasts were purchased from the Kingdom of God at a high price. These dead beasts have been specially cultivated since childhood, and they are not afraid of death in battle. What is more important is that their aura is extremely strong and the power of self-detonation is far from ordinary. The pinnacle of gate closure is comparable!

So many dead beasts blew themselves up, even if they were too virtual, they would be bombed into ashes, right?

Although they invited Luo Wen, they had to make more preparations. Even if these dead beasts could not kill Ye Chen and let them seriously wound Ye Chen, it would be good!

And Ye Chen just glanced at the dead beasts, and even didn't even mean to dodge.

In the next moment, these more than one hundred dead beasts surrounded Ye Chen who stood in the same place, piled them together, and bit them crazily. For a while, blood overflowed! This huge banquet hall has turned into a sea of blood!

That blood is Ye Chen's blood!

When Xu Tian and others saw this, their eyes lit up! The face is ecstatic!

This Ye Chen is arrogant, swollen to the point that his mind is unconscious, right?

Using the flesh to resist the attacks of hundreds of dead beasts?

Ha ha.....

Could it be that things ended so easily? Not to mention letting Rowan take action, or even letting the dead beast blow himself up?

Xu Tian and others smiled, and Luo Wen looked at Ye Chen who was surrounded by dead beasts, and shook his head with disdain, and there was a slight disappointment in his eyes.

Originally, he was still a little interested in the guy who had suppressed the entire Lingwu wealthy family in the gate-closing state, but now it seems that it is a waste of his time!

Just such a waste, also worthy of him Rowan shot?

But the next moment, the smiles of Xu Tian and others solidified!

A strange scene appeared in front of everyone!

I saw Ye Chen who looked almost like a blood man, but there was a smile on his face.

The next moment, the \*\*\*\* sea began to flow backwards!

The blood in the entire hall poured back into Ye Chen's body madly!

In the blink of an eye, Ye Chen's body had returned to normal, almost, just like everything just now, it was an illusion!

Now, not only Xu Tian and others, but also Luo Wen was a little shocked!

Originally, Xu Tian and others knew that Ye Chen's vitality was extremely terrifying, but at that time, Ye Chen was on Feilei Island and recovered his ability, he hadn't been so abnormal!

In other words, Ye Chen is not only strength, but also the recovery ability against the sky has become stronger!

How long has it been since the end of the Feilei Island auction?

It simply subverted the thinking of these Lingwu powerhouses who didn't know how long they had lived! Can the strength be improved in such an all-round way?

Xu Tian came back to his senses and shouted fiercely: "Blast! Blast! Blast me!"

He was scared, he was really scared, and even the Taoist heart of Wan Zai's experience was shaken!

Ye Chen is like a demon \*\*\*\* who can't be defeated and can grow rapidly. The martial artist who had been despised from the gate, has now completely transformed into a demon \*\*\*\* who made them fear it!

Now, he just wants to obliterate Ye Chen at any cost!

The next moment, boom boom boom!

The self-detonation of hundreds of fierce beasts in the gate-closing state instantly razed most of the palace to the ground, and even this Xujia Island, which was protected by a formation, was shaken and on the verge of breaking!

At this time, Ye Chen had many wounds on his body, but...

In the incredible gaze of Xu Tian and others, these wounds healed quickly...

That's the blow of hundreds of beasts who shut the door! The self-detonation power of the ordinary head may threaten too much!

But these hundreds of fierce beasts blew themselves up, let alone serious injuries, and even Ye Chen's breath was not unstable at all!

"It's over?" Ye Chen patted the dust on his body and said with a seemingly gentle smile: "Then everyone, are you ready to die?"

What the killing intent meant, Xu Tian and other four powerhouses from top-notch giants were so horrified as a rabbit that saw a wolf, their legs were soft!

They backed frantically towards Rowan, shouting: "Master Luo! Help!"

Luo Wen slowly put down the wine glass. At this moment, his eyes on Ye Chen were gloomy!

Rowan was also confident that hundreds of beasts blew themselves up.

This level of means, even if he resists hard, will not be life-threatening, and will not even affect his fighting, but it must bring some minor injuries...

But what about Ye Chen?

Unscathed!

Doesn't this mean that the Lingwu trash of the gated state is more terrifying in terms of vitality than the super genius Luo Wen of the Sky Thunder Sect?

This is simply the biggest insult to Rowan!

A Lingwu garbage, even if only one aspect, surpasses him, he cannot accept it!

After all, in his eyes, people of Lingwu are just inferior people! It should be crushed by the people of the kingdom of God in all aspects!

Besides, he is still the genius of the Heavenly Thunder Sect in the Kingdom of God?

Luo Wen stood up slowly, his hands folded back, staring at Ye Chen and said:

"You should have the mark of the Kingdom of God on you? But ~ [www.mtlnovel.com](http://www.mtlnovel.com)~ after your cultivation base reaches the gate, the mark basically becomes invalid.

Soon, the envoy will also find you and let you enter the kingdom of God, right?

I now give you two choices, one, death, and two, kneel down in front of me, recognize me as the master, and I can introduce you to the Heavenly Thunder Sect. "

A hint of sarcasm flashed in Luo Wen's eyes. Since this Ye Chen made him feel uncomfortable, he naturally wanted to get it back and kneel down. Isn't it kind enough?

And Ye Chen is indeed qualified to be his slave to Rowan, so let's use Ye Chen's rest of his life to atone for his offense to himself, right?

And the Xu family, the Xiang family, were completely dumbfounded. What does Luo Wen mean? Actually gave Ye Chen the choice? Want to bring him to join the Sky Thunder Sect?

This is different from what we said!

Rowan continued: "My son has to admit that your talents are not bad, and you may find a foothold in the kingdom of God in the future. However, if you die here, even if the future is brighter, there will be What is it for?"

Those who know the current affairs are brilliant, and it is your honor and blessing to follow this son! "

Xu Tian and the others looked at Ye Chen with nervousness!

If Ye Chen really joined the Sky Thunder Sect, even if he was just a dog of Luo Wen, that would not be an existence they could afford!

In other words, their family is really over!

In the eyes of Xu Tian and others, even if Ye Chen is mad, as long as he is not a fool, it is very possible, promise Luo Wen?

After all, facing Luo Wen, Ye Chen might end up with death, but what if he recognizes Luo Wen as the master?

That can join the sect directly!

And it's equivalent to hugging Rowan's thigh!

You know, even a genius who has the qualifications to enter the kingdom of God wants to be admired by the sect, it is very, very difficult, and even life-threatening!

I saw Ye Chen looking at Luo Wen with no expression on his face, and his eyes lightly said: "I also give you two choices, one, get out, and two, die with these people."

Silence, the entire banquet hall, even the breathing sound can not be heard!

Ye Chen, what did you say to Luo Wen just now?

Get out?

dead?

Luo Wen, but the peerless genius of the Sky Thunder Sect! Taixu's four-layer heavens exist, and only with its breath, it can suppress the super evil spirits who seriously injured Lingwu Taixu!

Does Ye Chen really don't know how to write dead words? Talking to Rowan like that?

Even Luo Wen looked at him for a moment, thinking that he had misheard him. He was in the Sky Thunder Sect all these years, who, even those strong men at the peak of the Void Realm, were not polite to him?

What did a Lingwu waste say to himself?

Immediately, Xu Tian and others were happy!

This Ye Chen is dead!

Luo Wen was very angry and smiled: "Okay, what a Lingwu rubbish, I originally gave you a chance to be my dog, but you don't know how to cherish it?"

Haha, \*\*\*\* is rubbish, and there is never a chance to turn over, then you go to die! "

Ye Chen sneered at Luo Wen and said with a sneer: "Are you people from the Kingdom of God capable of calling like this? If you like, I can wait for you to finish calling, and then send you to die."

"Die to me!" Luo Wen's breath was raging, his anger was extreme, his hair flew upside down, and his eyes were bloodshot!

Ye Chen had the courage to sneer at this time? Does a dog dare to speak to himself like this?

He only hopes that Ye Chen will not die so fast, so that he can thoroughly crush and crush it!

In the next moment, that blast of weather turned into endless flashes, a \*\*\*\* thunder that exuded a destructive aura, blasting towards Ye Chen! The space along the way becomes nothingness!

Everyone's pupils shrank, just breath, without using any martial arts, can it be substantive?

Moreover, it seems to be several times stronger than the full blow of Taixu Existence! The horror is incredible!

When Ye Chen saw this, he took a deep breath, and his breath also soared into the sky, turning into a red golden wind with infinite killing intent, colliding with the blood-colored thunder!

The two were even in a rivalry for a while!

Luo Wen's pupils shrank, this Lingwu waste actually blocked the breath he released with all his strength?

What made him even more unacceptable was that Ye Chen used the same method as him!

Luo Wen's complexion darkened, and he said coldly: "Originally, I wanted to crush you with his breath, maybe you can live longer."

Do you really think that you can crush everything with a closed door? However, your Lingwu martial arts are too rubbish, and you people of Lingwu, too rubbish, will give you this illusion. I will let you know this soon! "

At this time, Rowan held a long sword in his hand.

A blood-red full body, and on the hilt, there seems to be a long sword inlaid with an alien eyeball, exuding endless evil spirits!

When Xu Tian saw that long sword, his expression changed. It was not tens of thousands of years ago that this sword crossed the Lingwu Continent, and wiped out countless virtuosos. In the end, the one who claimed to be "Blood Shura" disappeared "The evil eye sword used by Xie Xiu?"

According to legend, this sword is so powerful that even among the holy soldiers, it is of the highest quality, but as long as it is a martial artist who has not reached the top level of enchanting aptitude, using this sword will be swallowed by the evil eye sword itself!

And Rowan, actually subdued this terrifying and weird weapon?

Ye Chen frowned slightly when he saw the evil eye sword, flipped his hand, and held the beast sword.

Luo Wen's blood-colored thunder light flashed, poured into that evil-eyed sword, a strong sword intent, and the surrounding void collapsed under his sword intent!

His eyes were like lightning, staring at Ye Chen, and he said in a low voice: "Heaven's evil blood thunder sword!"

With a sword cut out, the sword intent is like a giant dragon, suppressing all things, transforming into a roaring blood-colored thunder dragon, killing Ye Chen!

This sword actually exudes a very strong martial arts peak aura!

Ye Chen's eyes were wide open, and a shocked expression appeared on his face. At this moment, he couldn't help but feel a thought in his heart.

That is, the different levels of spiritual martial arts he had seen before, all seemed to be child's play!

This is the power that real martial arts should have!

Xu Tian and the others were already stiff as soon as Luo Wen took out the sword. They couldn't help but tremble, and they couldn't move anymore!

They have no doubt that as long as they have a little resistance in their hearts, they will be shattered by a trace of sword intent that escapes!

Xu Tian looked at Luo Wen with shock! This day's evil blood thunder sword is the ultimate skill of the sky thunder sect!

He even heard people say that this sword technique has never been practiced by a warrior in the Evil Realm for tens of thousands of years!

And Rowan, actually completed it?

This person, worthy of being the world-defying genius of the Sky Thunder Sect, is so dazzling, so dazzling to be incredible, so dazzling that people even want to surrender involuntarily!

They even think that Rowan is indeed qualified to look down on people who despise Lingwu, and there is no dissatisfaction in their hearts, they just want to be Rowan's dog!

These tycoons who used to dominate the Lingwu Continent were completely overwhelmed by Luo Wen's sword, and even their self-esteem was wiped out in the sword light!

How powerful this is!

Ye Chen's face was solemn, facing Luo Wen's sword, he must also go all out!

He was full of golden light, and in vaguely, he seemed to be able to hear the roar of apes and tigers, shaking people's hearts!

"The power of breaking the sky!"

Ye Chen gave a low shout, the golden light on his arm surged, and the force surged wildly, but Ye Chen didn't stop!

He wants to control this shocking power and use the fourth sword-the sword of killing demons and destroying the world! He wants to incorporate the power of this fierce beast into the Slayer Sword!

Combine his two strongest forces with each other!

And the martial skills after this combination, in essence, are already different from the Sword of Demons and Destruction!

Stronger!

Even the wind in the reincarnation cemetery was slightly startled and muttered: "If anyone in the world can carry forward my six sword intent, I'm afraid Ye Chen will be the only one."

"I was trapped in Qingyang, but I took a good apprentice."

The next moment, in the void, as if the whispers of the gods and demons sounded, the strong sword intent, breaking through the air, pointing straight to the end of the avenue!

With one sword coming out, the floating world is like bubbles and nothingness! All to pieces!

In this sword, it seems that Ye Chen's immortal Taoist heart is contained, even if the sky is in front of him, it will break through the sky!

In the next moment, the golden sword glow containing tremendous power collided with that \*\*\*\*  
thunder light!

With a loud bang, the entire palace, and even many surrounding buildings made of top materials, were wiped out in an instant!

And those four Taixu existed, and under the impact of the aftermath, they vomited blood one after another, and were blown to the ground. Only the aftermath caused the four of them to be seriously injured at the same time!

The four of them panted and braced their bodies and looked towards where Ye Chen was!

Joy, crazy joy appeared on the faces of the four at the same time!

Ye Chen, who was unscathed in the explosion of hundreds of fierce beasts, looked extremely embarrassed at this time!

Ye Chen stood on the spot, his feet were full of blood, his face was extremely pale, his eyes were serious, his abdomen was directly injured by the strong sword intent!

Moreover, blood surged in the wound, and for a while, there was no sign of healing!

Seriously injured! Ye Chen was seriously injured!

Changing to an ordinary warrior, I am afraid it has already turned into nothingness!

In Luo Wen's eyes, a trace of horror flashed, Ye Chen's sword just now was extremely terrifying, and even made him feel the threat of death!

However, when he saw Ye Chen's current state clearly, a smile was raised at the corner of his mouth.

He looked at Ye Chen and sarcastically said: "Hehe, what did you just say? Let this son go and die? Now? Who is dead? Huh? But, judging from your appearance, it seems that you haven't died yet?"

Yes, my son still wants to interrupt your limbs to see you lying on the ground like a dog begging for mercy. "

But at this moment, a weird smile appeared on Ye Chen's face, and he said lightly: "Oh? It seems that you people from the kingdom of God are really not ordinary people?"

Even if only half of his body is left, can he scream so loudly? This made Ye a little admired. "

"What are you talking about?" Luo Wen frowned. After Ye Chen was seriously injured, he fell into a desperate situation. Is his mind unconscious? What are you talking about? What is only half of the body left?

Luo Wen just wanted to speak, to say something more, but suddenly, he saw Xu Tian and the four people, extremely shocked, horrified, and dull eyes!

And their eyes were all focused on Rowan's lower body!

Rowan subconsciously followed their gazes and looked down.

The next moment, the face that was originally cold and arrogant and contemptuous, turned pale for an instant, and his pupils trembled crazily!

How is this going?

how can that be?

At this time, Luo Wen, the lower body, has completely disappeared! Did not even leave a trace! And his upper body is just floating out of thin air!

Luo Wen's lips moved, as if he wanted to say something, but there was only blood flowing out of the mouth!

With the surging of blood, Luo Wen's body also fell to the ground all of a sudden, and his breath began to decay rapidly!

Someone once said that one force breaks all laws!

The strength is so strong that it can even break everything, even time and space are distorted under the strongest power!

Therefore, this weird phenomenon appears!

This, I touched the ultimate sword intent!

Luo Wen, who was dying, looked at Ye Chen in disbelief, how could it be possible? How can a Lingwu waste, a closed garbage, do such a thing?

Step by step, Ye Chen walked in front of Luo Wen, looked down at him, and said lightly: "Now, I can't call it anymore? I said that after you call it, I will send you to death."

The sword in the hand moved, and the blood flashed!

On this day, the peerless genius of Lei Zong could almost crush Lingwu's evil spirits with one person. His trembling head that once frightened countless people was just cut down by Ye Chen...

He eventually died in the hands of the Lingwu people he looked down on most, and died on the Lingwu Continent that he regarded as a wild land!

After cutting Luo Wen, Ye Chen moved his gaze to the Xu family, and the elders of the Xiang family...

After a while, a golden thunder light flashed and left the island.

And at the moment Lei Guang left, this Beihai island, which represented the Xu family's family business and once aspired to countless spiritual martial experts, collapsed, collapsed, and sank into the deep darkness, together with the Xu family and the Xiang family among the four major families. In the sea!

The martial arts expert who shook Lingwu and was famous even in the kingdom of God was buried here...

On Ye Chen's face at this time, there was a slight smile. This time he completely wiped out the Xu Family and the Xiang Family, and the harvest was not trivial.

Originally, the Xu family and the Xiang family had prepared all the resources of the family and were ready to hand them over to Luo Wen. Together with Luo Wen's own property, it would be a billion!

There are also many top-quality materials, advanced techniques, martial arts, elixirs and more!

Ye Chen chose some of the best products that were useful to him and left behind, and took out 100 million divine marbles for use. He planned to give the rest to Xuan Yuezong.

With these resources, the strength of Xuan Yuezong should be able to skyrocket at an extremely fast speed. I think it won't be long before, even if you don't rely on him, it will be enough to become the first power of Lingwu, right?

In this way, he can also enter the kingdom of God with peace of mind.

After all, although it was not too long for him to come to Lingwu, the Lingwu Continent had too much concern for him.

Moreover, even if it can be done, the environment of the Kingdom of God is even more cruel and dangerous than that of the Lingwu Continent, and he cannot bring his women and friends into the Kingdom of God for the time being.

If you want to bring him, you have to wait for him to be strong enough. Even in the kingdom of God, nothing can threaten him. After returning to Xuanyuezhong, Ye Chen's injury has almost recovered, although at that time He was seriously injured, but his current physique, as long as he was not killed all at once, it was basically not difficult to recover.

In the next time, Ye Chen was waiting for something.

Before setting foot on the kingdom of God, he must see the Devil Emperor resurrected!

There are still ten days before the devil's resurrection!

Ye Chen certainly looked calm on the surface, but he knew how nervous he was inside!

The Devil Emperor represents the strongest existence in Lingwu Continent!

With the Devil Emperor, he will have a certain chance when he enters the kingdom of God!

...

On this day, Cang Ye was discussing something with Zi Ning in the hall. At this moment, a disciple of Xuan Yuezhong rushed into the hall in a panic expression!

Cang Ye frowned and said, "What's the matter?"

The disciple hurriedly reported: "It's not good, someone from the Sect Master forcibly broke into my Xuan Yuezong!"

"Forced into Xuan Yuezong?"

There was a trace of incomprehensibility on Cang Ye's face, and the Xuanyue Sect was like the sun in the sky. Ye Chen's destruction of the two big families had already spread to the public.

Even those who are too imaginary and powerful, the hidden old monsters have to respect Xuan Yuezong for three points, so there are people who dare to break into Xuan Yuezong at this time?

At this moment, two figures flashed and appeared outside the main hall.

An extremely overbearing and arrogant voice echoed in the hall.

"Where is Ye Chen? Tell him to come out and see me!"

Cang Ye showed an unpleasant look on his face, and was about to speak, but when he saw the two figures at the door clearly, his expression suddenly changed!

He couldn't see through the cultivation of the two!

Then, the opponent is at least a strong man in the too virtual realm! Moreover, between these two people, there was an aura that made Cang Ye's heart palpitating. It was obviously not an ordinary Taixu existence!

Cang Ye couldn't help but put away the scolding that came to her lips, and asked the two of them: "Who are the two?"

The two at the door, one in white, ordinary faces, slender build, a pair of tiger eyes full of arrogance, their hands behind their backs, and a son-in-law piety.

And the person beside him, wearing a water-blue robe, followed the white-clothed man with a smile on his face, his expression seemed gentle and elegant, and he looked respectful to the white-clothed man.

The two of them are both the Taixu realm cultivation base!

The white-robed man is named Du Chengshi, and the blue-robed man is named Li Ling.

Li Ling heard the words, shaking the folding fan, and smiling while saying: "Who are we? We are sent by the Divine Envoy to inform Ye Chen that he has obtained the qualifications to enter the Kingdom of God, and let him follow us to the Kingdom of God."

Cang Ye and Zi Ning looked at each other, both seeing the shocked look in each other's eyes, and Cang Ye, who had always been unsmiling, barely squeezed out a smile, politely greeted him and arched his hands:

"Sorry, two distinguished guests from the Kingdom of God came from afar, just now I don't know how much they are negligent. Please atone for it! Please come to your seat!"

After all, Li Ling and Du Chengshi were welcomed to the main seat in the hall.

But at this time, Master Du Cheng glanced at Zi Ning who was standing aside, he was taken aback for a moment, then the light in his eyes widened, and the corner of his mouth raised a playful smile.

Seeing this, Li Ling looked at Zi Ning and couldn't help but was in a daze. Zi Ning's appearance, even in the Kingdom of God, was a top-notch existence, and it happened to be the type that Du Chengshi liked!

At the same time, he could not help but silently mourn for Zi Ning. The woman whom Master Du Cheng admired would not end well. Master Du Cheng treated women with some quirks, and would often torture them into self-determination.

However, Zi Ning's cultivation base is not too high, and he is only a member of the Lingwu sect. If he dies, he will die. Why is it important?

Lingwu Continent, after all, is a world of martial arts, martial arts is respected, without the background of strength, even if you look like a fairy, you can only become others' playthings.

Cang Ye instructed the maid in the hall: "Come here, give the two young masters spirit tea, spirit fruit!"

Then, turning his head to face Li Ling and Master Du Cheng with a polite smile: "Two princes, I am Cang Ye, the head of Xuan Yuezong. I don't know the two princes, Gao's name?"

Master Du Cheng glanced at Cang Ye coldly, his eyes were full of disdain and said: "Just you? A small door-sealing realm Lingwu head, also worthy to know the name of me?"

Cang Ye's expression changed, and she was a little unhappy.

These two people from the Kingdom of God, trespassing in Xuanyuezong without notice, are already very rude, and even so, treating them by themselves can be considered as a courtesy, there should be no disrespect or offense, right?

However, these two people are still so shameless, even mocking him in public? Is this the dominance of the people of the kingdom of God?

However, after a moment of silence, Cang Ye still endured it. Not only did she endure it, she also put a smile on her face, and said apologetically to Master Du Cheng: "Sorry, I took the liberty."

Why does Cang Ye apologize?

Is it just because the opponent is a strong man in the kingdom of God?

No, of course not, Cang Ye is not a snob.

He did this for Ye Chen.

Although he knows that Ye Chen is very strong, the Kingdom of God is a place where the strong and evil spirits gather, and it is a lot more cruel than Lingwu. Even with Ye Chen's strength and aptitude, in the case of the Kingdom of God and the place of life, I'm afraid it's hard to get a foothold at first, right?

And for a newcomer, if there is a guide, the help must be immense.

The reason why Cang Ye was polite to Master Du Cheng again and again, even though the other party slapped his nose on his face, he still greeted him with a smile, so that Master Du Cheng would help him a lot after Ye Chen entered the kingdom of God.

Immediately, Cang Ye smiled and said: "This son, you are extraordinary, in the Kingdom of God, you must be a human being? After Ye Chen enters the Kingdom of God, I hope that the son will help you..."

He knows that this person's character must be ridiculed, but for Ye Chen, Cang Ye can bear it.

Sure enough, Master Du Cheng sneered when he heard the words, and he was about to say something. At this time, the maid also offered Lingcha and Lingguo.

Master Du Cheng looked at the spirit fruit, then glanced at Zi Ning on the side, his eyes flickering slightly.

Cang Ye said enthusiastically: "Come on, son, taste it. This is our Lingwu specialty, the top spirit fruit, spirit tea."

Master Du Cheng looked at the peeled spirit fruit and sneered: "Hehe, spirit fruit? Cang Sect, you said you want me to take care of Ye Chen, that's how you entertained me?"

Cang Ye's face became stiff when she heard the words, and she was a little at a loss and said: "My son, what's wrong?"

Master Du Cheng coldly shouted: "What's the identity of this son? You gave it to this son to eat the spirit fruit that was touched by a servant's dirty hands? What do you mean? I look down on this son?"

Cang Ye quickly defended: "The son has misunderstood, I don't mean that..."

Master Du Cheng suddenly smiled evilly looked at Zi Ning with ambiguous eyes: "Oh? If you really don't mean this, it is better to let the girl next to you strip this spirit for my son Fruit, how?"

When Cang Ye heard the words, a haze flashed across his face. He was silent for a moment, and then stared into the eyes of Master Du Cheng, and said solemnly, "The Lord of the Kingdom of God, you are mistaken, Zi Ning is our Xuanyue Sect. Elders."

The elders of Xuan Yuezong naturally can't strip people of spirit fruit! Otherwise, where should Xuan Yuezong's face be placed?

He Cang Ye can sacrifice a little bit of his face and be polite to you, but let the elders of this sect peel the spirit fruit? This is not a matter for one person, but for the entire sect!

Moreover, Cang Ye basically watched Zi Ning grow up, just like Zi Ning's father, and it is even more impossible for Zi Ning to suffer such grievances!

Even if the opponent is an unfathomable power in the kingdom of God, it won't work!

Master Du Cheng narrowed his eyes and looked at Cang Ye like a poisonous snake. He didn't expect that this waste, which was only a promise at the beginning, would dare to contradict and reject himself?

Really give him a face?

However, Master Du Cheng did not immediately get angry, but raised a sneer at the corner of his mouth, and said indifferently to Cang Ye: "Cang Sect, are you really going to reject this son? You know, what is my position in the kingdom of God? ?"

Master Du Cheng's voice suddenly fell cold and said: "I am not a divine envoy, but the reason why I came to Xuan Yuezong is because I am the nephew of the divine envoy of the Kingdom of God. Do you know what this means? "

The so-called Divine Kingdom Divine Envoys are similar to the official law enforcement officers of the major empires in the Lingwu Continent. Divine Envoys have enormous powers in the Divine Kingdom.

If you don't like it, any Lingwu sect will suffer!

Chapter 2366: You looking for me?

Cang Ye's face suddenly paled when he heard this. Since Xuan Yuezong became the top power in Lingwu Continent, Cang Ye, as the head of Xuan Yuezong, naturally came into contact with a lot of news about the kingdom of God, so he knew very well that the kingdom of God What is the status of the divine envoy in the kingdom of God!

Master Du Cheng saw Cang Ye's face, his sneer on his face became more intense, his voice suddenly became gloomy, and he shouted:

"Hehe, as my son, you can easily make Ye Chen miserable in the Kingdom of God. Even if Ye Chen is to die, it's just a sentence, do you understand?"

The cold sweat on Cangye's forehead couldn't help dripping, and the head of the top Lingwu power, who had always been in shock, was now completely shocked by Master Du Cheng's words.

Seeing Cang Ye's nervous appearance, the mockery on Master Du Cheng's face was undoubtedly revealed, and he said with a smile but not a smile: "Then do you know what the difference in strength between this son and you men of spirit and martial arts is?"

As soon as the voice fell, a strong aura that contained the original meaning of martial arts burst out from Master Du Cheng.

At this time, some of Xuan Yuezong's Taixu worship had already arrived in the hall.

Under the breath of Master Du Chengshi, Cang Ye, Zi Ning, and even those who worshipped too vacantly, all vomited blood, and they were already injured.

Master Du Cheng's voice became cold, and he said sternly, "This son is a mid-term Taixu cultivation base, and, compared with your Lingwu Taixu waste, the strength is far different."

"Even if this son is willing, he can break through to a higher level within ten years!"

"Also, my father is a powerhouse in the Evil Slayer!"

Everyone couldn't help their pupils trembling slightly.

Cut the Evil Realm? That in Lingwu is almost a legendary existence! Even those who are too imaginary and strong, in this life and this life, will break through Zhan E as just a luxury, and this Master Du's father actually broke through Zhan E?

Does it seem to them that Zhan E is just a hurdle that can be crossed casually?

More importantly, everyone felt extremely strong strength and confidence from Master Du Cheng!

Now, Cang Ye's complexion also looks ugly.

He didn't know that Ye Chen killed Luo Wen in the North Sea of Lingwu Continent.

Hearing what Master Du Cheng said, and seeing him seriously injured several people in the hall with his breath alone, including those who worshipped too vainly, I was a little worried. Even if he trusted Ye Chen again, reason told him that now Ye Chen is probably not this person's opponent.

But I just want to come, Du Cheng is a member of the Kingdom of God, not to mention, he is also the nephew of the Divine Envoy of the Kingdom of God, his martial arts resources, the environment in which he is in martial arts, are not comparable to Ye Chen.

Even if Ye Chen is now qualified to enter the Kingdom of God, he is just a newcomer to the Kingdom of God.

Temporarily losing to Master Du Cheng, it is normal.

Master Du Cheng saw that he had already dressed the crowd with a complacent expression, and looked at Zi Ning's cold face with playful eyes, and said: "Now, can this girl peel me the spirit fruit?"

Zi Ning heard the words, it was a smear of blood on the corners of his mouth, and a very beautiful smile appeared on the beautiful face!

When Master Du Cheng saw this, he couldn't help being taken aback...

Zi Ning smiles so beautifully, so touching! Even if he is in the kingdom of God, the elder brother who read countless women can't help but sway his heart!

At the same time, there was a burst of joy in his heart!

Zi Ning smiled, is it because he wants to embrace him?

At this time, Zi Ning stared at the Master Du Cheng in front of him, and said calmly, "This son, you are indeed amazing..."

Master Du Cheng's expression eased a little, and he smiled gracefully at Zi Ning: "Your vision is pretty good. I can give you a chance to be my woman. I have the ability to bring you into the kingdom of God!"

At the same time, he sneered in his heart. He did have the ability to bring other people into the kingdom of God, but his uncle would have to blame for doing so. As for Zi Ning's value, isn't it worth it?

It depends on him, before returning to the kingdom of God, whether he has enough play.

But most of the people in the hall have slightly changed complexions...

Could it be that Zi Ning was really seduced by the strength and identity of the person of the kingdom of God, so he wanted to betray Ye Chen for this?

Although, they are all willing to believe that Zi Ning is not such a woman who is forgotten, but...

The conditions of Master Du Cheng are really good!

That is the kingdom of God! It is almost the dream place of every Lingwu person!

Many people who are too imaginary and strong do not have this opportunity!

The next moment, Zi Ning still smiled, and said faintly: "Sorry son, although you are excellent, but I usually don't use spirit fruit to feed dogs. If you want to eat, I can find a way and give you some!"

Silence, deathly silence!

Everyone, including Cang Ye, looked at Zi Ning dumbfounded!

They thought that Zi Ning would refuse, and they thought that Zi Ning would not be affected by Du Cheng's conditions, but they never expected that Zi Ning would reject Du Cheng so directly and strongly!

Tell Master Du Cheng a dog?

This is not a mockery, can it be regarded as a naked insult?

They thought that only Ye Chen in Xuan Yuezong could be so crazy, but now they know that Zi Ning, who has always been charming and charming, has such a side!

Although Zi Ning likes to joke on weekdays, she is an extremely proud woman in her bones!

If it weren't like that, she wouldn't like Ye Chen anymore.

While        can be shocked, everyone's eyes also show fear!

That's Master Du Cheng!

The power of the kingdom of God in the mid-Taixu period could almost trample the entire Lingwu under his feet, right?

Not to mention that terrifying identity!

Zi Ning actually talked to him like that?

Sure enough, Du Chengshi's complexion was blue, and his eyes were about to go out of his eyes. The blue veins on his forehead jumped wildly, and his anger was almost turned into substance!

Even in the Kingdom of God, because of his uncle, no one would dare to be so rude to him. Now, he was humiliated by a woman from the Lingwu continent?

How can this make him bear?

Master Du Cheng's breath was raging, and he was on the verge of an explosion, but at this moment, a cold killing intent locked him in vain. Behind Du Chengshi, a faint male voice sounded.

"You, looking for me?"

Everyone looked back and couldn't help but smile!

I saw Ye Chen's figure appearing at the door of the hall!

In this situation, if there is anyone else in Lingwu Continent, if there is a solution, it is undoubtedly Ye Chen.

Ye Chen looked at Master Du Cheng coldly, he heard the words Zi Ning said to Master Du Cheng just before entering the door. .

He knew Zi Ning, she would never speak to people like this for no reason.

Moreover, as soon as he entered the main hall, he found everyone in the hall, except for the two people of the Kingdom of God, who were too virtual, all the others were wounded, and it seemed that they were caused by the impact of the breath.

Chapter 2367: 2 options

Master Du Cheng turned his head, looked up and down at Ye Chen, his eyes flashed with unconcealed disdain.

This Ye Chen really only has the cultivation base of the first sealed door.

In fact, before he came to Xuanyuezhong, his uncle had instructed him that this Ye Chen is not simple and a rare talent. After going to Xuanyuezhong, he must be polite and polite. !

And Ye Chen's previous Tianchen auction has also spread to the kingdom of God.

These deeds also reached the ears of Du Chengshi.

However, in the eyes of Master Du Cheng, who has always looked down upon the people of Lingwu, it is nothing more than an exaggeration.

Either, the warrior of Lingwu is too weak!

In short, he is not convinced! Why should he be a man of the Kingdom of God and be polite to the people of Lingwu Continent?

So, he came here this time to deliberately provoke Ye Chen, to see how many catties this guy is so enchanting by his uncle?

Master Du Cheng retracted his gaze and said lightly: "You, did you kill me just now?"

Ye Chen walked forward nonchalantly, Cang Ye told him what had happened. After hearing it, he nodded and looked at Master Du Cheng with a smile: "Yes."

After finishing speaking, he suddenly reached out and picked up a spiritual fruit on the table, throwing the spiritual fruit on the ground in the eyes of everyone puzzled, and then...

One foot, crush it!

He glanced at Lingguo, raised his head, and smiled at Master Du Cheng:

"Not only did I show murderous intent to you, I now have to give you two choices. One, don't you like to eat spirit fruit? I asked you to eat it, and I personally peeled it for you. Kneel down and eat it clean. Apologize to you all of Xuan Yuezong, I can spare your life.

Second, die, you choose yourself. "

what?

What did Ye Chen say?

Strong, there must be a limit, right?

Those too false offerings are not shocked, but trembling!

Ye Chen didn't take it seriously. Although Li Ling and Du Chengshi were similar in realm to Luo Wen, their strength was quite different!

Presumably, they are the kind of brothers who have not experienced real fighting, right?

Master Du Cheng looked at Ye Chen with his eyes wide open, his face full of stunned expression, for a while, he couldn't even speak!

And Li Ling behind him sternly shouted: "Asshole! Do you know who you are talking to? Do you know how Mr. Du's uncle exists in the Kingdom of God?"

Do you know how terrible the kingdom of God is? Do you dare to speak to people of the kingdom of God like this "

Ye Chen said calmly: "I don't know what you said, but I know that you two are nothing in my eyes."

"Looking for death!!!" Li Ling and Master Du Cheng screamed at the same time, and couldn't bear it anymore!

The two of them turned their bodies and spirits so fast, they actually shot Ye Chen together!

Two Taixu warriors of the Kingdom of God shot at the same time, and the void in the hall instantly turned into chaos, and the furniture and decoration made of the best materials were all turned into powder.

The original breath of the terrifying martial arts that the spirit martial artist had never touched swept around, endless fist, sword, sword, palm intent!

Just the breath of the origin of this martial art shocked Cang Ye, Zi Ning, and the enshrined in the Taixu realm, even breathing!

At this moment, their bodies are like a flat boat in the stormy sea. They can only sway with the wind, completely out of control, let alone resisting, as long as they have a slight sense of resistance, they can be sure that the next moment, their own Life will be completely wiped out in this storm!

With a movement of Du Chengshi's wrist, a pair of \*\*\*\* gloves gleaming with pale golden light appeared on his fists, and his fist was concentrated. Behind him appeared a burly and gold armored \*\*\*\* general. Follow Du Chengshi's actions!

He danced with both fists, his breath instantly climbed to the peak, and he slammed a fist at Ye Chen!

A pair of golden fist prints, interlaced and crisscrossed, shattered the void, faintly transformed into two majestic angry dragons, and roared towards Ye Chen!

The violent fist is the only thing in life!

In front of this fist, what knife? sword? gun? Baton?

Everything seems to be a trifle...

Cang Ye and the others are terrified in their hearts, such a terrifying punch, it is like heavenly might? How can manpower be able to compete with it?

No matter how strong Ye Chen is, it is dangerous to face such a punch!

But Ye Chen stood in place, and didn't mean to dodge at all. A faint smile was raised at the corner of his mouth, and he said, "I like to use fists? Are you worthy?"

As soon as the voice fell, golden light flashed in his arm!

The power of breaking the sky, whizzing out!

There is no punch, not even any moves, just such an ordinary punch!

This punch is matched with that terrifying fist mark!

The next moment, a strange scene appeared!

It seems that the fist marks that can collapse in an instant even the mountains of ten thousand meters high are like clay sculptures, instantly turning into dust and dissipating in the air...

Not only that, after Ye Chen's fist strength defeated the fist mark, he continued to rush towards Master Du Cheng!

Du Chengshi's complexion was stagnant, and the next moment, his complexion was instantly pale, his eyes appeared extremely frightened, a jade pendant quickly blocked in front of him, and the light shone!

There was a loud bang, and the jade pendant was cracked by this punch, and the body of Master Du Cheng flew out with it! The breastbone collapsed and blood was vomiting at the mouth!

seriously injured!

Holding a folding fan Li Ling, who was preparing to perform martial arts, was stunned like a wooden man, her legs trembled wildly!

His family background and martial arts talents are not as good as Du Chengshi, but it is Du Chengshi's dogleg. Seeing that even Du Chengshi, using all his strength, was seriously injured by Ye Chen with a random punch, how could he not be afraid?

Zi Ning, her beautiful eyes looked at Ye Chen, her eyes flashed with pride and happiness.

This is the man she likes, no matter how terrifying the strong man stands in front of him, he can always exceed everyone's expectations time and time again, and protect himself again and again!

It's good to have Ye Chen by his side, really good!

Ye Chen walked slowly in front of Master Du Cheng, stepped on his chest, and said coldly: "Do you remember the two choices I gave you?"

Where is there any arrogant and overbearing color in Master Du Cheng at this time? On his face, there was only fear, the horror from the soul!

He only felt that his chest really hurts! He never thought that fighting with people would cause him such pain!

He had cultivated to the present level by relying on family resources, and relied on the status of his uncle as a divine envoy. In the kingdom of God, as long as he did not die, not many people would dare to provoke him casually. It's a smooth wind, let alone a life-and-death crisis, when was someone injured like this? ?

But at this time, his instinct told me that Ye Chen would really trample him to death!

Master Du Cheng glanced at the stomped Lingguo on the ground, and a hesitation flashed in his eyes. As the nephew of the Divine Envoy, how could he lick the rotten fruit on the ground like a dog?

Chapter 2368: Tianji Taoist

This is too embarrassing, too shameful, right?

At this moment, Ye Chen's feet pressed slightly, and a cruel smile raised at the corner of his mouth: "What? It seems that you don't like the first option?"

"Ah! It hurts!" Master Du Cheng screamed and hurriedly said: "I'll eat! Ye Gongzi! Please don't kill me..."

Ye Chen retracted his foot and looked at Master Du Cheng with a sneer.

And Master Du Cheng did not dare to hesitate, hesitated, fell on all fours, dragging his seriously injured body, and rushed to the stomped spirit fruit, stared at the rotten spirit fruit, and swallowed. , Suddenly buried one head on the ground!

While eating, he knelt on the ground and apologized to Zi Ning and others: "Sorry, everyone, I was rude just now, please forgive me!"

WINK to \$1: Secure Your Spot Now!

Master Du Cheng understands a truth, only when a person is alive can talk about dignity!

If I die here now, even if my uncle destroys the Xuanyue Sect, what will happen? Can you come back from the dead?

Insulted?

is better than dead!

Besides, he was really shocked by Ye Chen's strength...

Master Du Cheng is not a fool, on the contrary, he has a lot of knowledge! In his capacity, he has also come into contact with many evil spirits in the kingdom of God, so he knows better than others, how terrifying the future of these evil spirits!

He knew that Ye Chen's potential would never be weaker than any evildoer he had come into contact with! If you hug such a thigh, the benefits are unimaginable...

Ye Chen's complexion was plain, he was true to his words, since Master Du Cheng had eaten the rotten fruit, knelt down and apologized, then he would not continue to investigate the matter.

After Master Du Cheng ate the rotten fruit, he took a pill and slightly recovered his injury. He reluctantly stood up, and said with a pleased smile at Ye Chen: "Eh, Master Ye, we can now Did you go?"

Ye Chen glanced at him and said lightly: "You should heal your injury first, I have something to deal with, and I will leave in a few days."

Du Chengshi's face changed slightly: "Ye Gongzi, the rules of the Kingdom of God are extremely complicated. Generally speaking, it must be reported immediately, otherwise it will be difficult for the Kingdom of God to explain."

"I am also thinking about Ye Gongzi."

Ye Chen's expression sank, he naturally couldn't leave right away!

The Devil Emperor has not been resurrected, he still has to go to the Blood Spirit Race. If he goes to the Kingdom of God, he will have many problems.

Also, Yong Lao said he would come to him.

He must wait.

If he really wants to go to the Kingdom of God, he must solve all problems.

"I said I can't go to the Kingdom of God for the time being." Ye Chen repeated.

Master Du Cheng paled for a few minutes, hesitated for a few seconds, and still said, "In this case, I will come to Xuan Yuezong again in a while."

"At the moment, I must explain the reason to the envoy as soon as possible."

"Don't worry, Mr. Ye, I will explain and try to delay for you."

After speaking, Master Du Cheng and everyone left in a hurry.

After all, this matter cannot be delayed.

.....

Kingdom of God, Palace of Heaven.

Xuanyuan Moxie came from Yulong.

The strange thing is that when Xuanyuan Moxie came back, he was wearing a mask, as if he had changed.

When Yantian Dragon God and Xuanyuan Moxie stepped into the palace, the Heavenly Dao Palace flashed with a strange ripple.

Xuanyuan Moxie under the mask was extremely nervous.

Fortunately, the ripples gradually calmed down.

Xuanyuan Mo Xie breathed out lightly, entered the hall directly, and took off his mask.

However, above the hall, there was a man exactly like Xuanyuan Moxie!

Xuanyuan Mo Xie smiled slightly and said to the man: "Tianji Taoist, you have worked hard."

The words fell, the man raised his head, and the whole body exuded a billowing white mist!

turned into an old man wearing a Taoist robe in the blink of an eye.

The old man stood up and arched his hands to Xuanyuan Moxie: "Palace Master, fortunately, you come back in time, otherwise the old man's skill won't last."

"After all, the restriction is too strong!"

"Palace Master, you can never use this method to deceive the prohibition again next time."

"It's too dangerous."

Xuanyuan Moxie's eyes condensed: "I know, it's just that it's too important to go to the Nine Heavens Dragon Palace this time. I have to ask the Heavenly Ji Taoist to help me. I will try not to go out in the future and wait for the restrictions to disappear completely."

It turned out that Xuanyuan Moxie couldn't leave the Heavenly Dao Palace at all because of the restrictions, but this time he traveled with the Yantian Dragon God, with the help of the magical skills of the Tianji Taoist, he cleverly concealed the sky and crossed the sea!

This is also his first show!

Fortunately, I came back in time, but the results would be unthinkable.

The Taoist Heavenly Journey was about to leave after speaking. His face was pale, and he was obviously injured and paid extremely seriously.

Suddenly, Xuanyuan Moxie stopped the Taoist Tianji: "My God, where are you going to go?"

"I have one more thing to trouble you to do."

Xuanyuan Mo Xie has a tough attitude towards others, but he has an indescribable respect for this heavenly Ji Taoist.

Because he knows that this heavenly Ji Taoist is very important!

Tianji Taoist was startled and turned around and said: "Palace Master, I'm really sorry, the old man has something important to deal with recently and may have to leave the kingdom of God for a while."

Xuanyuan Mo Xie frowned: "My God, is it going to go outside the territory?"

The Taoist Tianji hesitated for a few seconds and explained: "Palace Master, it is true that I am going to the Lingwu Continent."

"The Demon Land of the Lingwu Continent has been around for a long time, and I just got the news that this land of demon is very important to the old man. The old man knows his life, and the master Yunyou does not know whereabouts. I thought it would eventually pass on. Follow everywhere."

"Not long ago, the old man was fortunate enough to find in the ancient books left by the master that there should be a little master uncle surviving in the land of ten thousand demons in Lingwu Continent."

"Although Shishu is not a human race, he is also the old man's Shishu. I must go to meet the elderly."

"Furthermore, something happened in the Land of Ten Thousand Demons, I am worried that Uncle Master is in danger."

Xuanyuan Mo Xie was a little surprised, and he was also quite concerned about things in the Land of Ten Thousand Demons.

According to Jun Mochen, the huge whirlpool in the Land of Ten Thousand Demons is very likely to be the rebirth of the Devil Emperor.

If the Devil Emperor is reborn, even if he cannot return to his peak level, it will be a threat to Xuanyuan Moxie!

A mysterious young man and a blood dragon make him feel very troublesome, if coupled with the rebirth of the ancient demon emperor!

Tiandao Palace will be destroyed sooner or later!

He smiled slightly: "Haha, my God, it's true, the thing I'm going to trouble with is related to the Land of Ten Thousand Demons."

"The land of ten thousand demons is a signal of the rebirth of the devil emperor, and the devil should be aware of the threat to the kingdom of the gods."

"This person can never be resurrected!"

"Also, the ruler of the Demon Race, Demon Chen, sent someone to deliver the letter. The Demon Emperor wants to absorb the power of the entire Ten Thousand Demon Land, and now it has absorbed more than half!"

"It is very likely that Tian Lao Xiao Shi Shu also died in the hands of the Demon Emperor."

The words fell, and a flame was lit up all over the Taoist priest! The flame has formed a disc of gossip!

Obviously, he was very angry!

Chapter 2369: Reincarnation Star Stone

"If the Devil Emperor really hurts the little uncle, let alone his resurrection, those who are connected with this matter will be killed one by one!"

Xuanyuan Moxie's eyes were full of surprises, and said, "Don't worry, God! The Kingdom of God Tiandao Palace is your backing for this matter."

"Also, this time, the Demon Race and I have laid a net for the resurrection of the Demon Emperor. I just hope that the old man will take a look and take a proper shot if necessary."

"Of course, if there are no special circumstances, you don't need to take action all the time, the Devil Emperor will still die."

Tianji Taoist eyes condensed: "Okay."

.....

Blood Spirit Race.

Ye Chen knew that he was going to step into the kingdom of God after all. Now that the time for the resurrection of the devil emperor has not come, he first stepped into the land of the blood spirit race.

The current blood spirit race can be destroyed with a wave of his hand.

Of course, if the blood spirit race has the power of the kingdom of God stationed, obviously it will not be that simple.

The heart palpitations of that day still exist.

Ye Chen's spiritual power is running to the extreme, holding the beast sword in his hand, ready to shoot at any time.

However, Ye Chen's expression changed in the next second.

At this moment, the blood spirit tribe is full of corpses, the blood is stained red.

Those blood spirit tribesmen, all fell!

"how can that be?"

"Is it made by the people of the kingdom of God?"

This is the only explanation.

is surrounded by the corpses of people of the blood spirit race, and there is not a corpse of a strong kingdom of God.

Ye Chen frowned and continued to move forward!

Suddenly, his spiritual sense sensed something, he turned abruptly, and sacrificed a sword!

Soon, his sword fell to the ground!

Just because there is a beautiful girl not far away!

The girl is not someone else, it is Xia Ruoxue!

"Ruoxue, why are you here."

The words have not been finished, and the body is in my arms.

Soft to the extreme.

Ye Chen vaguely sensed the blood qi on Xia Ruoxue's body, and he said, "You do all the things of the Blood Spirit Race?"

Xia Ruoxue gently nodded: "Ye Chen, it's great that you are still alive."

"That day, there were rumors in the world that you had fallen and that I was approaching Xuanyue Sect. I wanted to make a move, but the Ice Sword Saint King insisted that I stay..."

"I can only practice meditation, not to hold back you."

"And I often come to the blood spirit race, because the power of the kingdom of God is here, I can't get close."

"And just yesterday, all the powers of the kingdom of God suddenly left!"

"I came to the Blood Spirit Race again today out of curiosity, and want to go to a place called the Valley of Gods and Demons."

"Unexpectedly, I heard that the Blood Spirit Race will deal with Kunlun Xu again. I know that the Blood Spirit Race can no longer stay. Without the power of the kingdom of God, this is my best opportunity."

"So I killed everyone, and even the Blood Sword Gate, all fell."

"Just..."

Ye Chen frowned. He knew that the Valley of Gods and Demons was the place where Master Kunlun Xu was trapped in the reincarnation cemetery.

Did something happen?

Xia Ruoxue took Ye Chen's hand and said directly: "Ye Chen, come with me."

The two passed through countless corpses and blood.

Ye Chen was also surprised to find that Xia Ruoxue's cultivation base has improved by leaps and bounds these days!

After leaving the Lingxian Imperial Palace, does Ruoxue also have a chance to guard against the sky?

Soon, Ye Chen stopped.

He saw the three words God and Demon Valley written on the plaque at the door.

and there are still formations here.

What's even stranger is that everything here seems to be suddenly stripped.

The surrounding aura fluctuations have been greatly affected.

"What happened to Ruoxue here?"

Xia Ruoxue took out a painting and handed it to Ye Chen: "I was here at the beginning, and there were still strong people from the Kingdom of God stationed at that time."

"And there are stone statues and weird formations in it. I reported this to the Ice Sword Saint King."

"Later, the Ice Sword Saint King told me that this place is a blood-stained causal formation arranged by the Kingdom of God to deal with you."

"The Kingdom of God cannot survey your existence. Everything about you is obscured by an invisible force."

"But the Heavenly Dao Palace obviously has many means. They use the cause and effect of you and your masters to use the blood-stained causal formation to start the strongest killing formation against you!"

"Once the formation is completed, the consequences will be disastrous!"

"As for why the people from the Kingdom of God suddenly left, and even the blood-stained causal formation was taken away overnight, I don't know why."

"I always feel that a hidden crisis is about to emerge, Ye Chen, you have to be careful."

"Also, your masters must have been transferred. They perceive your strength and know that the blood spirit race cannot protect them. This time, they choose to protect themselves!"

Ye Chen frowned, and the matter was more serious than he thought.

The Kingdom of God has lost patience now to deal with him.

If the blood-stained cause and effect array is really successful, not only will you die, but the power of the reincarnation cemetery will also die.

I am their hope, how can I let them down?

"Ruoxue, let's go back to Xuan Yuezong first."

"it is good."

Just when Ye Chen and Xia Ruoxue were about to leave, Ye Chen suddenly felt a pain in his brain!

A strong backlash came!

Ye Chen felt that his strength was being forcibly pulled away!

"boom!"

The next second, his body fell directly to the ground, completely unconscious!

Xia Ruoxue's face changed drastically: "Ye Chen, wake up! What's wrong with you!"

.....

I don't know how long it took before Ye Chen woke up.

And his face is extremely pale and terrified!

just because he forced something in his mind!

That is an abyss!

In the abyss, a magic dragon was trapped by countless ancient mysterious chains!

hideous and terrifying!

It was the blood dragon in Ye Chen that was facing the magic dragon!

The blood dragon is scarred!

During the long struggle with the magic dragon, the blood dragon temporarily failed!

After all, it has existed for tens of thousands of years from outside the ancient domain!

And Ye Chen's blood dragon time is too short!

can't compete at all!

And the reason why Ye Chen was in a coma just now was because the blood dragon used the ghost beast to draw some energy from Ye Chen!

Without this energy, the blood dragon would die!

Because Ye Chen's energy disappeared, the blood dragon survived.

In the abyss, the dragon and blood dragon are scarred!

Swords drawn!

The violent energy even cracked the surrounding restrictions!

Ye Chen's eyes were dignified, he knew something was wrong with the blood dragon.

What happened just now was the blood dragon revealing the signal.

He must go to the Nine Heavens Dragon Palace as soon as possible.

This time, the blood dragon got a trace of its own power through the ghost beast, what about next time?

The ghost beast is seriously damaged, and there is even less contact between him and the blood dragon!

He must know the whereabouts of the Nine Heavens Dragon Palace as soon as possible!

But where is this place?

Ye Chen looked at Xia Ruoxue who was panicked and asked: "Ruoxue, you have been in the Lingxian Emperor Palace for a long time, have you heard of the Nine Heavens Shenlong Palace?"

Xia Ruoxue shook his head: "I don't know, Ye Chen, what the \*\*\*\* is going on with you, you scared me just now. Why does your breath suddenly weaken?"

Suddenly, Xia Ruoxue thought of something and suddenly took out a storage ring: "By the way, Ye Chen, I have a reincarnation star stone in my hand. The Ice Sword Saint King said that when I meet you, I will give it to you."

"Can this stone help you relieve your injury?"

Chapter 2370: The endless sea!

Ye Chen touched the storage ring, and in the next second he felt the existence of the reincarnation star stone.

The material is exactly the same as the stone in the reincarnation cemetery!

There is even a trace of the original star power.

Soon, Ye Chen thought of something, these days Xia Ruoxue's strength has grown rapidly, I am afraid it has something to do with this reincarnation star stone.

And he had been with Xia Ruoxue many times. According to the transitivity of the reincarnation bloodline, Xia Ruoxue should have more or less part of his bloodline, which was accepted by the reincarnation star stone.

Although this stone is of great value, it belongs to Xia Ruoxue's chance, and Ye Chen will naturally not take it away.

Besides, Xia Ruoxue is his woman, Ye Chen is willing to give Xia Ruoxue the best of everything.

He pondered for a moment, and said, "Ruoxue, let you keep this thing first. The most important thing for me right now is to find the Nine Heavens Shenlong Palace."

"But where is the Nine Heavens Dragon Palace?"

When Ye Chen was in distress, the void in front of him cracked.

An old man and two girls appeared in front of Ye Chen!

Ye Chen was surprised to the extreme when he saw these two people!

These two people are Ji Lin and Ye Luoer!

The old man is naturally the eternal holy king.

However, the Eternal Saint King is obviously still wounded.

"Ye Chen!"

"Brother Ye!"

Two figures rushed over!

For Ji Lin and Ye Luoer, the recent practice is too boring!

It is undoubtedly the happiest thing these days to see Ye Chen!

Ji Lin pouted and said: "Ye Chen, the old man lets me practice every day, I really want to shut down."

"You quickly take me and sister Luo Er to the endless sea to relax."

Ye Chen was startled, somewhat puzzled: "The endless sea?"

Isn't this place where Ye Luoer's father was trapped?

Although he regards Ye Luoer as his sister, he cares more about the blood dragon!

The eternal holy king took a sip of wine and came to Ye Chen's side: "Boy, I have more or less sensed the threat of the blood dragon in the divination."

"I know you want to go to the Nine Heavens Dragon Palace."

Ye Chenyixi: "Yong Lao, do you know this place?"

Yong Lao shook his head: "I don't know, but someone knows."

"The Nine Heavens Shenlong Palace is related to the secrets of the dragon clan, the entire Lingwu Continent and even the Kingdom of God, unless it is the top power, it is impossible to know."

"And if Lingwu Continent wants to say that someone can know, there is only one person."

"That is Ye Luoer's father, Long Chengtian, the supreme patriarch of the Sacred Dragon family!"

"Dragon City was trapped in the endless sea in ancient times."

"If you want to know the whereabouts of the Nine Heavens Dragon Palace, you have to go to the endless sea."

"This trip is also a chance for you."

"The Devil Emperor has not been resurrected, these days, just go here."

Ye Chen nodded, tense to the extreme: "Forever, where is the endless sea?"

The eternal holy king's eyes narrowed slightly: "This place is close to the Demon Realm, but it does not belong to the Lingwu Continent."

Ye Chen wondered: "What do you say?"

The Eternal Saint King explained: "This endless sea has long been controlled by the Kingdom of God. It is a colony of the Kingdom of God, and it is generally difficult for people from the Lingwu Continent to enter."

"If you want to enter, you must also cross the gate of the kingdom of God."

Ye Chen chuckles in his heart, Master Du Cheng is gone, how can he go to the Kingdom of God?

The key Du Chengshi did not leave his contact information!

Do you have to wait until Master Du Cheng comes back?

This is too long!

Eternal Saint King smiled slightly: "Don't worry, I've helped you to contact everything."

"Now I can take you to the endless sea."

"And there is a guy I saved to help you take care of it. This person's name is Xiao."

"I will leave the rest to you."

"This trip is regarded as a formal contact with the Kingdom of God, so be careful."

"Although the territory of the endless sea belongs to the Lingwu Continent, it is also controlled by the Kingdom of God, so remember to converge."

"Forget it, when I didn't say the last sentence, it is impossible for you to constrain with your temperament."

"Just survive."

"But my strength is limited, I can only take you and these two girls."

"As for Ruoxue, you go back to the Wanjian Emperor Palace first, I have a chance for you."

"And that Yankun, he has now entered the place of his chance, and will appear soon."

Xia Ruoxue nodded obediently: "Little girl, thank you for ever."

In the next second, the eternal holy king waved his hand, the void was torn apart, and a strong force surged!

Countless air waves seem to break everything!

.....

I don't know how long it has been!

Ye Chen, Ji Lin and Ye Luoer all fell to the ground!

As for Yong Lao has disappeared!

The three of them barely got up, and soon noticed a magnificent gate not far away!

It seems that if you step into the gate of God, you can enter the endless sea!

And just then, an old man walked quickly!

This old man's cultivation base is not too high, but looking at Lingwu Continent, he is also considered a strong one.

The old man came to Ye Chen and arched his hands: "This should be Mr. Ye. I was instructed by the eternal holy king. I will take you into the endless sea."

"However, Mr. Ye must pay attention to this. This is the land of the kingdom of God, so remember to converge."

Ye Chen nodded, and said, "Trouble Xiao Changlai."

Elder Xiao, Ye Chen and others followed, and soon came outside the gate of the kingdom of God.

There are two Supreme Void Realm strong guards outside the door, wearing gold armor, with an indifferent look.

Ye Chen was slightly surprised, Tai Xu guarding the entrance of this endless sea?

Is there a secret in this endless sea?

Otherwise, how could he be heavily guarded?

Fortunately, Elder Xiao has completed all the procedures without any problems.

When Elder Xiao and the others were about to step into it, a strong man in the Supreme Void Realm took out a sharp sword to aim at Ji Lin, and said in a cold voice: "Her strength is too weak to enter the land of the kingdom of God."

Elder Xiao's expression slightly changed, and he came to the Supreme Void Realm powerhouse, took out two Purple Saint Laurent, smiled and said, "This is to honor the two adults, can you accommodate?"

Two Supreme Void Realm powerhouses sneered disdainfully, Purple Saint Laurent didn't like them at all.

"The three of you can go in, she can't!"

Not all cats and dogs can enter the kingdom of God.

Ji Lin was like an ant in their eyes, and he didn't deserve to enter the kingdom of God.

If you want to enter the kingdom of God, the lowest level is the closed door state, and Ye Chen and Ye Luoer just barely met the requirements.

Ye Luoer's strength grew rapidly because of his blood.

But Ji Lin is limited in his cultivation because of his congenital poison.

After all, Poison Body doesn't require much cultivation.

Anything can be solved with a drop of blood.

Elder Xiao's whole face was slightly difficult to look, Ye Chen frowned behind him.

'S attitude towards the two Supreme Void Realm powerhouses gave him a trace of anger in his heart.

Now he was about to step into the kingdom of God, Ye Chen didn't want to cause trouble, so he could only endure it. .

Ji Lin's small face was a little displeased, and the eyes of these two men were full of disdain.

It seems that they are the emperor, and they are ants.
