Chapter 2391: Stormy sea

The statue is an old man!

The old man of fairy style!

This old man is no one else, but the ancient medicine god!

"Old man, it seems that your disciples and grandchildren respect you." Ye Chen joked.

The ancient medicine **** Cang in the reincarnation cemetery flashed a trace of anger: "Call me the ancient medicine **** Cang! What qualifications do you have to call me old man!"

"The status of the old man in the kingdom of God is unshakable, how can these guys not respect me!"

"Although the old man didn't interfere with the Canggu Sect too much, he didn't even know what the Canggu Sect looked like, but the old man was considered a master!"

Ye Chen shrugged: "Then I am leaving?"

Cang Ancient Medical God was startled, and immediately said: "Forget it, don't go, call whatever you want! Go in and get the Skywrath Needle!"

"understood."

Ye Chen stepped forward and knocked on the door of Canggu Gate.

A faint wave of formation is rippling!

Suddenly, the sudden change!

In the gate, countless silver needles shoot out!

Every silver needle is rippling with the power of emptiness!

Tens of thousands of silver needles will kill people!

Ye Chen's face changed slightly, and he quickly said to Cangu Medical: "Old man, do you have any jade medals to prove your identity?"

"Hurry up!"

Cang Ancient Medical God snorted coldly: "Don't worry, I will let you come, and naturally I won't hurt you!"

"The ancient art, ten thousand needles surrender!"

In an instant, countless silver needles were suspended in front of Ye Chen.

did not dare to approach Ye Chen for half a minute!

Time seems to freeze!

In the next second, all the silver needles disappeared! Completely entered the reincarnation cemetery!

At the same time, the ancient door was completely opened!

In the gate, dozens of people are standing by!

These dozens of people are not powerful in the kingdom of God, but they are full of threats!

is a powerful old man!

The old man held the silver needle in his hand, released his murderous intentions, and said angrily: "Who is here! Dare to break through the ancient gate of Cang!"

This person is Lin Hong, the head of Canggu Sect!

Canggumen, no one dared to break through, and today is the day when the door is closed, how could anyone come!

Those who come, must be ill-intentioned!

If Ye Chen can't answer, he will fall immediately!

Ye Chen glanced at the crowd, smiled slightly, and said, "The head of the Canggu Sect is here, I have important matters to discuss!"

Lin Hong put his hands behind him and took a step: "I, Lin Hong, the sixty-ninth generation descendant of the Canggu Sect, today is the day when the Canggu Sect is closed. No one can disturb! Boy, don't you understand if you are looking for me? The rules of my Canggu Sect!"

"And the Canggu Sect set up rules on the day of its opening! Forced intruders swallowed by all needles! Divine souls are destroyed!"

"Talk to me about important matters! It's ridiculous!"

Ye Chen really didn't know about it, and the Qin family hadn't said it. He shrugged, thinking of the ancient medicine **** standing behind him, and said: "I really have something to do. As for the ten thousand needles, it's up to you."

"By the way, the needles you said are not the ones in front of me, right."

In the next moment, countless silver needles appeared, all falling on the ground!

Thousands of silver needles poured out so that the people of Canggu Sect were stunned.

An old man beside Lin Hong shook his fingers, and a silver needle appeared on the palm of his hand.

When he saw the word Canggu on the silver needle and the restriction he felt, his eyes were a little frightened.

"The head is our silver needle."

Lin Hong's eyes shrunk to the extreme, his whole body gathers spiritual power, ready to shoot at any time!

At least from the current situation, this young man is absolutely extraordinary!

"The Canggumen elder and his disciples listened to the order, condensed the formation, and directly killed the intruder!"

In the next second, dozens of people surrounded Ye Chen, and their violent power rushed into the sky, like a fierce dragon!

Canggumen martial arts is certainly not strong! But the means of killing and the means of formation are not weak!

Coupled with the condensed formation, it is a net of heaven and earth at this moment, and even the strong of Evil Slayer cannot leave safely!

Ye Chen's eyes condensed, he felt the crisis for the first time.

This is not the power of the Qin family.

The power of this formation is far beyond Zhan E!

Canggumen really deserves its reputation!

"Old man, this mess, you solve it!"

Cang Ancient Medicine God said softly, "You do what I said."

In the next second, a ray of colorful light enveloped Ye Chen.

Colorful light rushes straight into the sky!

actually formed a faint barrier!

The ancient runes around the barrier surge!

In an instant, black clouds pressed over the city, like the end of the world!

Ye Chen looked to the deepest place, and said lightly: "Xianlingzi, the old man is coming, are you sure you don't come to kneel in front of the old man?"

As soon as this was said, everyone's expressions changed drastically!

Hang Lingzi is not someone else! That's the ancestor of Canggumen Town!

Endless years, if there were no Xuanlingzi sitting at the Canggu Gate, something went wrong at the Canggu Gate!

More importantly, the Xuanlingzi has been in retreat for thousands of years, how could it be possible to get out!

It is even more impossible to kneel down in front of a young man!

Lin Hong's eyes are full of anger! All the elders and disciples of Canggu Sect were also burning with anger!

It's not an exaggeration to break through the ancient Cangmen gate, and insult the ancestor of the town!

Endless anger burns completely at this moment!

Array killing intent surges, this power far exceeds Zhan E!

will definitely die!

But at this critical moment, the void splits!

An angry voice rang out: "Bastard stuff, everyone stop!"

Then, an old figure came out of the void!

is exactly the hanging spirit child!

When everyone saw Xuanlingzi, their eyes were terrified to the extreme!

is even more weird!

Could it be that Xuan Lingzi also felt angry and left early?

This is impossible!

How could Xuan Lingzi change everything because of a sentence from the youth!

Lin Hong quickly handed over: "Ancestor, don't worry, you don't need to take action, this insults your kid..."

The sound stopped abruptly.

Lin Hong suddenly thought, it seems that Xuanlingzi asked everyone to stop...

This.....

Lin Hong looked at the Xuanlingzi subconsciously, and at the moment, there was no trace of momentum around the Xuanlingzi!

Instead, they stared at Ye Chen not far away!

seems to be sure of something!

Soon His turbid eyes were full of surprise and excitement, and he took three steps and came to Ye Chen!

In the next second, something that shocked everyone's eyes happened!

The high Canggumen ancestor Xuanlingzi knelt down!

knelt in front of a young man!

"Look at the Master!"

Time seems to stand still.

Lin Hong's body stiffened, and his eyes were terrified!

His body is shaking, he even suspects that all this is a dream!

The dream of nonsense!

And the elders and disciples of the Cangu Sect around him were all dumbfounded.

Master?

There seems to be only one master of Xuanlingzi!

Cang ancient medicine god!

But the ancient medical **** Cang has long since disappeared in the world, and may even fall, how can he become such a shameless youth now?

Who can explain!

Xuan Lingzi seemed to feel something, and snorted coldly: "Everyone at Cangu Gate, kneel down!"

As soon as these words came out, endless pressure surged!

Dozens of people present, including the head Lin Hong, all knelt down!

There are countless cracks on the ground!

This is the pressure of Xuanlingzi! !

At this moment, Ye Chen set off a stormy sea in his heart.

He has seen big scenes, but now that all the people of the Canggu Sect of the kingdom of God are kneeling in front of him, he is still a little dazed.

Chapter 2392: Ji Lin's Fate

The key is that this hanging spirit child is still the strong above Zhan'er!

He doesn't know how strong is!

But kneeling in front of him, I am afraid that no one will believe it when it reaches the kingdom of God!

"The disciples of Canggu Sect have seen Master Patriarch!"

"Elder Canggumen has seen Patriarch!"

"The head of Canggu Sect has seen Master Patriarch!"

Ye Chen glanced across the crowd, and stretched out his arm gently: "Get up, I have important business, I don't want to delay here."

"Also, today I come to Canggu Gate, you must keep a secret."

"Otherwise, there is no need for Canggu Gate to exist."

Xuan Lingzi's eyes flashed with a cold light, and he respectfully said: "Master, please rest assured! If anyone dares to disclose Master's news, I will be the first to do it!"

Ye Chen nodded: "In that case, you come with me."

.....

Soon, Ye Chen and Xuan Lingzi came to the deepest palace of Canggu Gate.

Lin Hong, the head of the outside, and many elders are waiting!

And Xuan Lingzi personally set up a large shielding array!

Everything is ready, Xuan Lingzi looked at Ye Chen respectfully and said: "Master, why are you doing this now?"

"And your cultivation..."

Ye Chen waved his hand and said, "It's not important, you can recognize me."

"I am coming to the Canggu Gate this time, I am going to come to get the Skywrath Spirit Needle."

"The Skywrath Needle should still be there."

Lingzi's expression changed, and he hurriedly sacrificed a simple box and handed it to Ye Chen cautiously: "Master, this thing is the Skywrath Needle. I have kept it in good care over the years, and I didn't even dare to use it."

"I faintly feel that Master will come to take it."

"I just waited for so many years and I have never seen the master. There are rumors that the master has fallen, and I simply want to believe it."

"I think Master founded the Canggu Sect back then. I am just a little disciple. My disciple knows that if there is no Master, there would be no Canggu Sect, and there would be no Xuanlingzi."

"The disciples should remember Master's teachings."

Ye Chen shrank his eyes, held his five fingers, and put the Heavenly Wrath Needle into the Reincarnation Cemetery.

Then, Ye Chen thought of something and said, "Do you know how to enter the endless sea?"

Xuan Lingzi gave Ye Chen a weird look: "Master, are you going to the endless sea?"

"The real controller of the endless sea is the Palace of Heaven."

"In ancient times, before you disappeared, I inquired about the news. It seems that you have some contradiction with Tiandao Palace."

"I even thought that the Heavenly Dao Palace had shot you, but unfortunately I have no evidence."

"Now that you enter it, it is very likely that you will be found by Tiandao Palace."

"At that time, the consequences will be disastrous."

Ye Chen's eyes shrank, he naturally couldn't give up.

is not only for Luo Er, but also for the blood dragon.

His eyes are firm: "Xuanlingzi, if you say so, there is naturally a way, right?"

Xuan Lingzi couldn't hold back Ye Chen, he still nodded: "Although Canggu Sect is arranged here, and Canggu Sect is not considered a very powerful force in Lingwu Continent, ordinary people in Canggu Sect don't dare to offend."

"I also have some authority in my hands."

"In the endless sea, disciples of the Canggu Sect can enter it at will to take elixir. Master wants to go, but I can take you there!"

Ye Chen was ecstatic in his heart!

This is the result he wants!

He stopped talking nonsense, and said directly: "You take me to a place first, I still have a few friends, now I am going to enter the endless sea!"

Xuan Lingzi wanted to say something, but in the end it could only converge into one word: "Okay."

"Where the master is going, my disciple will take you there now! But I can't go to the endless sea. After all, my existence, discovered by the Heavenly Dao Palace, is not good for both Master and Canggu Sect."

Ye Chen nodded.

In the next second, Xuanlingzi tore the void in front of him, and above the hall, two figures disappeared instantly!

.....

At the same time, inside an inn house, the air is shaking!

Elder Xiao, Ji Lin, and Ye Luoer stand ready!

But soon they relaxed.

Because in the cracked void, it is Ye Chen!

Ye Chen is back!

I don't know why I brought an old man.

Hanging Lingzi walked out of the air, his eyes swept across the crowd, very calm.

But when his eyes touched Ji Lin, he was slightly startled, and even exclaimed: "Innate poison body!"

"This... is this actually reappearing in the world?"

Ji Lin hurriedly came to Ye Chen's side, grabbed the corner of Ye Chen's clothes, and said, "Ye Chen, who is this strange old man you brought back? His eyes make me very uncomfortable."

Elder Xiao's face changed suddenly!

Although he doesn't know Xuanlingzi!

But he felt the unique breath of Xuanlingzi!

Kill the strong!

is not an ordinary slasher!

The breath that radiates from the whole body is extremely terrifying!

Budo is by no means the strongest existence of this person!

Ye Chen also felt the Xuanlingzi's gaffe, and curiously asked: "Why are you so gaffe?"

Xuan Lingzi arched his hands and said respectfully: "Master, innate poison is a rare physique in the world! As a medical practitioner, I am naturally excited!"

"It's a pity that this congenital poisonous body awakens too slowly to release one percent of its power..."

It doesn't matter if the Xuan Lingzi doesn't speak, as soon as he speaks, Elder Xiao sits on the ground!

Not long after Ye Chen left, he unexpectedly... brought back an apprentice in the Evil Slashing Realm!

What a joke!

He even felt that this was an unrealistic dream!

Ye Chen ignored Elder Xiao but looked at Xuanlingzi and said: "You seem to have something in your words, finish talking!"

Xuan Lingzi did not dare to conceal it, and hurriedly said: "Master, I found a Wannian Sha poisonous weed in a ruin in the Kingdom of God, and this ruin is left by a poisonous body. This person is considered the most in ten thousand years. The existence close to the innate poison body is even more powerful in the chaos realm!"

"I have a way to perfectly activate the potential of this innate poison!"

"Master, can a disciple accept this girl as a disciple!"

Ye Chen stayed in an instant!

Perfectly activate the innate poison!

The remains of the power of Chaos!

Wannian evil poisonous weed!

Xianling Zi apprentice!

Is this Ji Lin's chance as the eternal holy king said!

Putting aside the first three, just becoming the apprentice of the Xuanlingzi is a fate!

To say that the most suitable for cultivating Ji Lin, aside from the god-defying poison repair, he is the master of medicine!

And Xuan Lingzi is definitely one of the people with the most right to speak in the kingdom of God in Yi Dao!

In addition to the inheritance, Ji Lin's future achievements are limitless!

Ye Chen suppressed the shock in his heart, and said: "Xuanlingzi, you should be more than just accepting disciples."

Xuan Lingzi's face was full of embarrassment, and he still said: "It is worthy of being a master. The disciple still needs medicine to refine alchemy. Not to mention that the disciple can't interfere with that medicine, even the chaotic realm strong can't interfere! Only innate poison body!"

"The pill is very important to the disciple, but the congenital poison is hard to see for thousands of years. The disciple has given up. Now I see this girl, this is a gaffe. Please forgive me, Master."

Chapter 2393: aware!

Ye Chen nodded, he didn't worry about Xuanlingzi using Ji Lin.

With his own level of relationship suppression, Hang Lingzi did not dare to betray.

Perhaps, it is the wisest to hand Ji Lin to Xuan Lingzi and set foot on the ruins of the kingdom of God.

He looked at Ji Lin: "Ji Lin, are you willing?"

Ji Lin tightly grasped Ye Chen's hand: "Ye Chen, I don't want to leave you."

"I don't want to leave Sister Luo Er either."

"Ye Chen, I have become dependent on you. You are the closest person to me except my sister."

"I want to be by your side forever."

Ye Chen was a little moved. Looking at Ji Lin's teardrops in his eyes, he just wanted to turn down Xuan Lingzi, but he didn't expect Ji Lin to suddenly speak to Xuan Lingzi: "Old man, is there any good food in God's country? Compared with Lingwu mainland how about it?"

Xuan Lingzi had a strange expression, but still said: "The food of the Kingdom of God is far more delicious and valuable than Lingwu Continent! The two are not comparable!"

In the next second, Ji Lin released Ye Chen's hand and came to Xuanlingzi with a smile: "Then I will go, I will reluctantly be your apprentice."

"The old man said before, I have to eat the best thing every day! Can't repeat it!"

Xianglingzi: "....."

Ye Luoer: "..."

Ye Chen almost fell to the ground!

Say yes, don't you want to leave?

said the best dearest person!

I'm here for a lifetime!

Not a second, this Ji Lin wants to go to the Kingdom of God for delicious!

Feeling Ye Chen and Ji Lin's feelings are not more delicious?

Ji Lin smiled: "Ye Chen, don't think too much about it. I actually want to explore the way for you when I go to the Kingdom of God. By then, my sister will be strong and can take care of you."

Ye Chen gave Ji Lin a white glance: "Is it not for deliciousness?"

Ji Lin put his hands on his hips, displeased: "Ye Chen, what do you mean, is Ji Lin such a vulgar person!! The main reason I go to the Kingdom of God is to be delicious...Bah, baah, to practice."

"Ye Chen, don't you be so naive, OK?"

"I'm in my twenties, and I still know how to eat."

"Hey, Ye Chen, your values have to be shaped, otherwise my sister will look down on you."

Ye Chen: "....."

Xuan Lingzi watched his disciple spit about Master, a little nervous, and quickly said: "Master, is it time to set off for the endless sea now."

"Also, are all three of you going to the Endless Sea?"

Elder Xiao stood up and shook his head: "I won't go, Mr. Ye, Yong Lao's explanation for me has been completed, I will leave now, and we are destined to see you again."

Ye Chen nodded, and threw out a storage bag: "Elder Xiao, please accept it if you mean something."

Although Elder Xiao wanted to refuse, he accepted Ye Chen's expression and left directly.

Hanging Lingzi didn't intend to delay, and said directly: "Master, then I will take you two to the endless sea!"

"As for the girl Ji Lin, I may have to take her away for a while, the ruins are in the real kingdom of God, not this endless city."

In the next second, the void is torn apart, and the wind is surging!

Everyone disappeared!

Huhuhu!

Countless black winds whizzed past, and the sky filled with resentful spirits continued to dance. Each resentful spirit was the size of a human, but it had no feet and only the upper body. It was constantly dancing between the sky and the earth, sometimes deep in the black clouds, and sometimes into the sea of blood. Inside, the sky is dancing, and the world is full of endless murderous aura, the whole is like a dead zone, there is no living creature to speak of.

The endless sea!

Here is the endless sea, a sea area full of countless resentful spirits, murderous auras, and devilish auras, a forbidden land that normal humans cannot touch, especially the sea of blood, full of endless corrosion, even if the creation realm is inaccessible, let alone Dare to enter the sea, the corrosive power of the blood and water in the sea is enough to corrode Shouyuan's powerful fortune realm to the point that only bones are left.

Even those who are strong in the Star Aperture Realm cannot stay for a long time.

Further up, the strongest in the closed door realm can only barely support one or two here.

At that time, Long Chengtian, the contemporary patriarch of the Long Family, was attacked by his brother Long Hongtian and entered into a sea of blood. Long Hongtian stayed at the seaside for a whole day and night, making sure that Long Chengtian had never come up, and then he left to chase Long Chengtian. The wife, who is Ye Luoer, or Long Luoer's mother, meets!

The endless sea, a forbidden land filled with countless bones.

The people of Lingwu Continent, a terrifying place that has been talked about, but strange lightning flashes above the sea space, seeming to announce that someone is coming!

.....

Soon, in the sky above the endless sea, the weird lightning tore again, and then a space tunnel appeared, Ye Chen and Ye Luoer's figures flashed out, they both came to the periphery of the endless sea, even It's not a shallow sea, but countless murderous and demonic auras are already coming.

Huhuhu! !

Huhu! !

Countless devilish and fierce auras have not transformed themselves, but have come under pressure with overwhelming actions.

In the sky, the voice of Xuanlingzi came: "Master, I won't enter anymore, I hope you can come out safely!"

"If the Kingdom of God and Heavenly Dao Palace takes action against you, remember not to fall in love with you and leave directly!"

The voice disappeared.

Xuan Lingzi might have left with Ji Lin.

This is Ji Lin's chance.

The opportunity to unlock the perfect and defying congenital poison.

Ye Chen turned around and looked at There is nowhere to stay in the sea. He stretched out his hand and patted the fierce aura, but his expression was a little moved. He just inhaled some fierce aura in his heart. It's also a bit boring, it seems that his own cultivation level has not completely blocked these fierce auras!

"I have some difficulties!"

"Where's Luo'er?" Ye Chen turned around and found that the more powerful blood evil spirit among the evil spirits was transformed into a sword and attacked Ye Luoer.

generous! !

generous! Generous! !

The sound of Jin Ge came out.

At this moment, Ye Luoer's body burst into a dragon aura, and a yellow dragon aura appeared like a sacred dragon, directly sweeping away the attacking **** sword.

The evil spirit of blood continues to transform into weapons to attack and kill Ye Luoer, and there is still dragon energy blooming in Ye Luoer's body. Eliminating these evil spirits, it seems that Ye Luoer can resist these evil spirits. of.

Ye Chen was more relieved, looking at the situation ahead, he suddenly saw a large formation, an extremely simple and mysterious formation, standing in the center of the endless sea, seemingly close in front of him, but no matter how he flies, he cannot reach it. .

"What kind of formation is this!"

"it's wired!"

"I can see it, but I can't touch it?".

Ye Chen grabbed Ye Luoer and flew, and suddenly flew into an invisible barrier!

This is the barrier released by the big formation. The name of this big formation is the 'Early Ancient Heaven's Falling Formation', which is the formation of the Kingdom of God. It will automatically place the barrier outside to sense the surroundings. Ye Chen and Ye Luoer pass through the barrier. , Means entering the inner sea of the endless sea.

Chapter 2394: It's too late

in an instant.

The ancient heavenly meteorite array seemed to be stimulated. One hundred and sixty-four thousand-meter blood-colored long pillars shot out a **** light at the same time, and they shot at the opposite **** long pillars, and then gathered into a **** light, and went straight to the heaven. Inside the Heavenly Dao Palace in the Kingdom of God!

.....

Tiandao Palace!

Xuanyuan Mo Xie was holding an ancient book in his hand, and he was obviously looking for something. Suddenly he noticed the change of the heavenly disk in front of him, and he couldn't help but frown.

Xuanyuan Moxie looked a little surprised, put down the ancient book in his hand, and slowly stepped forward to look at the heavenly disk, which showed the scene of Ye Chen and Ye Luoer entering the interior of the endless sea.

just because of the particularity of Ye Chen's fate, it is extremely vague.

But although it was vague, Xuanyuan Moxie also instantly recognized Ye Chen!

The only young man in the world who can not be checked by the heavenly disciples!

Suddenly, he was a little stunned, and with a disdainful smile in his anger: "Little beast! I wanted to find you to no avail, but I didn't expect that today would be a windfall! There is a way to heaven, you don't go, **** has no way, you just want to come!

Such a cultivation base dare to enter the territory of my Heavenly Dao Palace? Do you really want to survive? Looking for death like this? "

As the palace lord of the Heavenly Dao Palace, he is a figure who lifts the weight of the kingdom of God, he is naturally very proud. He actually has two junk goods that are not counted as ants have entered the restricted territory under his command?

Looking for death!

Definitely looking for death!

In an instant, Xuanyuan Moxie waved his hand and sprinkled a colorful divine light, and after the light dissipated, two guards emerged.

"I have seen the palace lord!"

"I have seen the palace lord, what do you want to tell the palace lord?"

The two guards inquired, and they had the cultivation base of the Evil Realm. They were Xuanyuan Moxie's side guards, and only listened to Xuanyuan Moxie!

If they were in the Lingwu Continent, these two people would be top-notch masters. One exterminated a top-notch master who was not a big power at all. At this moment, they were kneeling against Xuanyuan Moxie.

"The Lord of the Palace just found out."

"Two little bugs entered the endless sea."

"The Endless Sea is the territory of my Heavenly Dao Palace. It is reasonable to say that the people of Lingwu cannot enter at this time, but they have entered. It is a bit strange. You find someone to eradicate them."

"Destroy these two people at all costs!"

Xuanyuan Mo Xie was like talking about ordinary things.

If it is elsewhere, he may have to send a stronger presence.

But now Ye Chen and others have entered his territory.

He wants to be destroyed easily!

He instructed two personal guards to mobilize their hands to kill. Of course, he didn't let his personal guards take action. Slashing the Evil Realm would shoot at the first level of the Sealed Door Realm. It would be too small to use, even if there are more masters in the Heavenly Dao Palace, it cannot be used in this way. .

"Follow the palace lord!"

"I will dispatch the strong man stationed in the endless sea immediately, and strangle these two ants!"

After the two bodyguards responded, they turned into Hongguang and left the space, and went to mobilize the staff.

Heavenly Dao Palace Lord Xuanyuan Moxie ignored it, waved his hand to dissipate the scene on the Heavenly Dao plate, and then continued to read the ancient books, without even seeing Ye Chen and Ye Luoer breaking into the endless sea.

The Yantian Dragon God beside frowned and said, "I think I will kill this person."

"Don't give him any chance."

"This child is related to the blood dragon and must die."

Xuanyuan Mo Xie smiled slightly: "Yantian Dragon God, the blood dragon thing makes you too nervous."

"This ant stepped into my territory, those people are enough to solve it."

"Even if they can't solve it, I will do it myself."

"The Endless Sea is not the Lingwu Continent. If I want to kill people in it, it's easy."

Two personal guards crossed the space and came to another part of Tiandao Palace, where they met more than a hundred elders.

One of the guards took out a token, motioned to the many elders, and said: "There are some uninvited guests in the endless sea. You send someone to strangle them."

"If you enter this time, don't leave one!"

Everyone was shocked, and they could only say: "Yes! Your lord!"

"It just happens that I'm free, I'll kill him!"

"Let me go, too, a little ant in a closed door, what is this, I will personally suppress it."

For a time, the six elders spoke.

The six elders are all masters of the fourth and fifth layers of the Taixu realm, and belong to the mid-Taixu realm masters. They were all disciples of the Heavenly Dao Palace thousands of years ago. After years of toss and turns and experience, they have become the Heavenly Dao Palace stationed in the endless sea. The elders, although they cannot be compared with the elders of the Heavenly Dao Palace in the main city of the Kingdom of God, but in the endless sea, the identity is by no means ordinary, and the combat power is very powerful.

.....

at the same time.

In the endless sea.

Ye Chen and Ye Luoer are looking for the whereabouts of Longchengtian, the mighty endless sea, the sky is full of blood, and every drop of blood has the power of corrosion.

Even a drop of blood is enough to corrode the strong for good fortune. When the God of God meets a drop of blood, it will be corroded instantly, leaving only bones and scum on the ground, and the soul cannot survive.

And the endless sea is getting stronger and stronger over time.

The endless sea tens of thousands of years ago and the present one is completely different!

Such a powerful endless sea, except for the resentful spirits and devilish energy in the deep sea.

There are hardly any more creatures.

Ye Luoer was flying while using a magical tool to force out the blood in the body, using the secret technique to track, and said: "Brother Ye, I use my blood to track my father's whereabouts. I have vaguely felt in the breath of my father!"

"It seems to be true north!"

"My father, really didn't die!"

Ye Luoer felt the whereabouts of Longchengtian with his heart.

A strong one like Longchengtian, obviously will not fall so easily!

And the original endless sea is not too strong!

There are many opportunities here! Maybe Dragon City has broken through!

Ye Chen also nodded slightly, expressing agreement. Now only Longchengtian knows where the Nine Heavens God Dragon Palace is, and no matter how you look at it, he hopes that Longchengtian will live.

Just as the two were searching towards the north.

There were bursts of weird icy thunder and lightning flashed over the endless sea. Gradually, more and more icy thunders and lightnings gradually formed a space channel. Six powerful beings walked out of the space channel, everyone wearing orange elders' robes with anger on his face and a long sword in his hand.

Six long swords shone with blood.

is a six-handed Taixu Saint Soldier!

The six of them are the six mid-term Taixu realm elders in the Heavenly Dao Palace, and they were ordered to strangle Ye Chen and Ye Luoer.

Now that the endless sea is closed, it's too easy to find the intruder!

"Just ants! Do you know the price of stepping here!"

"The endless sea here is the land of my Heavenly Dao Palace, so you can trespass."

"It's too late now, obediently die!"

The leading elder said coldly.

Chapter 2395: Fit

His name is Shang Kun, he is the fifth-tier heavenly powerhouse in the Supreme Void Realm, and he is also the leader of the team this time. He looked at Ye Chen and Ye Luoer, just as if an official looked at the civilians and judged the latter's crimes!

Ye Chen chuckled in his heart, he knew he would be discovered.

but I didn't expect to discover it so quickly!

The key group of people obviously does not intend to let them go!

But he was already ready to do it.

At this moment, his state has also been adjusted to the peak level!

Enough to fight!

Ye Chen grabbed Ye Luoer's hand, and the killing intent gathered:

"The land of Heavenly Dao Palace?"

"So what, I just want to break through, how can you stand me!"

Ye Chen was angry, and he was clearly looking for someone. He didn't do anything, didn't do anything, one didn't destroy the endless sea, and second, there was no resentful spirit strangling the endless sea, only the resentful spirit came to kill him. , I just defend myself.

did not expect!

The elder of the Heavenly Dao Palace, so unreasonable.

wanted to kill himself as soon as he came, really thinking that he was a bully!

"Brother Shangkun!"

"No need to say more, let's do it!"

Another elder of the fourth layer of the Supreme Void Realm slowly took a step, his expression was extremely cold, his long sword flashed with icy light, and said:

"I will do it myself, and the five brothers can wait. This task is really simple."

The voice falls!

The elder named Tiancheng suddenly shot, a sword was sacrificed, black clouds surging from all directions, countless blood and light gathered, and it has the power of opening the sky!

Qianzhang sword light shot out, sweeping the sea of blood along the way, causing countless resentful spirits and blood evil spirits to riot.

"Just one sword!"

"You want to kill us, the dog stuff of the Heavenly Dao Palace, you really value yourself too much!"

Ye Chen yelled, the beast sword in his hand exploded with absolute luster, countless blood and light sword aura burst out, his body was equipped with armor, two powers burst out, colliding with the killing sword light!

An ear-splitting roar erupted in an instant, sweeping the sea of blood surging ceaselessly, the aftermath was shaking, and the scene was as terrifying as the end of the day!

Boom boom boom! !

Boom boom boom! !

The sound of explosions spread, and countless seas of blood swept across the sky and the earth, even the black clouds above the sky were corroded by blood water all over the caves, you can imagine the blood of the endless sea.

噗!!

Ye Chen retreated again and again, his beast sword in his hand was stained with his own blood, there is no doubt that a sword collision, he suffered a serious injury!

These people are obviously better than the guards of the gods!

is more qualified to cross the border!

can even use the evil spirit of this endless sea to strengthen himself!

Close the door to the sky!

How can I collide with the masters of the fourth layer of the Supreme Void Realm!

"Oh?"

"I'm not dead? Somewhat interesting."

The elder was a little surprised. He lowered his head and stared at Ye Chen. He was covered in blood and his armor was broken, but he had never been seriously injured. He couldn't help but be surprised and said: "Boy, you're good, old man with a sword, you are not dead?"

"Not bad!"

"The old man will take another sword to see if you die!"

The voice fell, and a loud shout came out.

The elder leaped up and down, and the long sword in his hand burst out with thousands of white light, like the horror of the blazing sun, actually gathering the power of the evaporating blood sea in the sword body!

But at the next moment, a **** light flashed from the center of the sword body, and immediately the foreign exchange of the sword body gathered all the power to condense into a light ball mixed with white and blood, which is truly as terror as the sun manifests!

Click! !

Click! !

The sound of shattering came from the white blood ball.

saw a crack in the light ball, and immediately burst open, a thousand-zhang sword gang rushed out, swept the power of the world, shattered the void, and stirred the wind and cloud to kill!

With such a sword, there was a power from **** before it arrived, which instantly caused the temperature of the space to drop by several degrees, and the breath of slaughter made Ye Chen feel like he was in a **** .

Huhuhu! !

Huhu!

Ye Luoer, who hadn't done anything before, was locked in by this breath, shivering.

Her strength is not equal to Ye Chen!

Ye Chen did not hesitate anymore, but instead held the beastly sword in his left hand and the **** of death spear in his right hand. The shadow and the power of the law appeared behind him, desperate to strike.

"You can use the power of the endless sea to strengthen yourself! Can't I?"

Ye Chen yelled out violently, wielding a sword and a shot. The strange thing is that the great road that Ye Chen once mastered has changed at this moment!

Ye Chen was slightly surprised, but he didn't expect the endless sea to have an infinite bonus to the former avenue!

And he was even more surprised to find that his avenue was temporarily upgraded to a state of perfection at this moment!

Completely changed!

is too weird!

Behind appeared the power of the avenue converging in the ocean, and each of them represented a force.

The road of destruction turned into a sea of destruction, countless auras of destruction one after another, a **** of destruction will emerge!

The Slaughter Avenue transforms into a Slaughter Sea, and every drop of the surging waves has the power to destroy the sky, and they all converge into a Slaughter God!

Thousands of gods and Buddhas emerged from the Great Dao of Duhua, and the golden light shone behind each of them. It is able to come out safely means that Ye Chen has already gathered the power of light and darkness and used it handily!

Avenue of Silence, the strongest avenue in ancient times.

When nirvana comes out, everything is annihilated, no matter the ancient gods or the creatures on the ground, as long as they are contaminated with a little bit of nirvana, they will fester until the dregs can not be left. Its power is even faintly stronger than the power of destruction. !

The power of nirvana combined with the power of immortality, soft as a spear, coordinated with the gods and gods of the heavens and the gods of destruction, and kill the gods of war together!

The power of the five great avenues manifested in a moment, and then the power of the great avenues of the five great perfections came out, and the momentum was as powerful as the Pangu who opened the world.

rumbling! !

Boom! !

In an instant!

The two forces collide together, and countless colorful lusters fly out.

The powerful aftermath wave of shocks came out one after another, causing a sea of blood to turmoil, countless resentful spirits escaped, and even the blood and evil spirits were expelled from one side and did not dare to approach, and did not dare to face the two powerful men!

"This little guy!"

"It seems a bit weird!"

"The power of the endless sea seems to be very interested in the road he has mastered... and even gave him a bit of power..."

Elder Shang Kun narrated indifferently, saying: "Old Six One Sword can obliterate the powerhouse of the fourth layer of the Supreme Void Realm. I didn't expect this little guy to explode with so many powerful forces to resist. It was a bit unexpected. !".

"Yes, Brother Shang Kun is right!"

"The five powers of transformation, destruction, immortality, killing, and extinction are very suitable for the endless sea!"

Chapter 2396: Sword 6

"If there is no such fit, maybe this kid is already dead."

"Some of them even exceed the power of light and darkness!" Another elder sighed with emotion and said: "It's a pity, this kid is bound to die today. If the sixth child can't take him, I will quickly kill him. Right!"

The elders of the Supreme Void Realm in the Heavenly Dao Palace are a bit emotional about Ye Chen's talent!

The power of the five great avenues, even if other Taixu martial artists understand one, they can call the wind and call the rain in the endless sea!

Unexpectedly, he came to kill a kid who was proficient in five extremely powerful Dao powers!

Fortunately, this place is not closed.

"No more nonsense!"

"The sixth man seems to be very difficult to kill him!"

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

"I'll wait to do it as soon as possible!"

Shangkun held the Taixu Saint Soldier's long sword at his waist with his left hand, his eyes were sharp, analyzing like a divine sword, he could see through the roots of the elder and Ye Chen in an instant, and then said:

"Kill this kid, within a day, we can plan out the five great powers of his body, after returning, even if we don't need it, we can use it for our children and grandchildren!"

Ye Chen, such a genius!

They don't have the thought of earning Tiandao Palace.

shoot him to death, and then seize the power of his avenue, it is not the same to cultivate a genius of the same level!

boom! !

There is a popping sound!

The sixth elder and Ye Chen fought to the end, and the two broke out with a sword to repel each other.

The left arm of the sixth elder was penetrated by sword energy, a little angry.

Ye Chen exploded back 100 meters, covered with blood stains all over his body, a drop of blood overflowed, and the armor on his body was almost shattered, no matter how thick he was, but he wanted to leapfrog against the sixth elders of this unusual Taixu realm fourth-layer heaven. Totally impossible!

is Taixu's four-tier sky, and the strength can vary greatly!

After the two sides have fought two tricks!

Ye Chen was almost seriously injured, and only less than 30% of his combat power remained.

"kill!"

"Quick!"

"Do it!"

Three loud shouts came out!

The other five elders of the Heavenly Dao Palace made a sudden move, three Taixue Realm 4th Heavens, two Taixu Realm 5th Heavens, and they all shot at the same time, holding long swords and swords in their hands!

One of the two elders slashed out, directly destroying countless destroyers!

The three elders penetrated with a sword, and the clouds moved in all directions, and countless murderous auras directly instilled the Killing God of War.

The four elders used their fists and feet together, with their own comprehension of the law of nirvana, on the contrary, they exploded the spear composed of the power of nirvana and the power of immortality that Ye Chen manifested, and the five elders smashed the ghost of the gods and Buddhas in the sky with a sword !

So far!

Ye Chen's power of the five great avenues is completely shattered, and it is difficult to display it again in a short time!

However, the great elder Shang Kun in this operation has already been killed, and the long sword in his hand continues to attack Ye Chen!

bang bang bang! !

bang bang!

several storms came out.

The long sword in Elder Shangkun's hand is like a snake, constantly breaking Ye Chen's shield!

If it hadn't been for Ye Chen to sacrifice the Red Dust veins, he might have fallen long ago!

Ye Chen knew that the limit he was currently fighting against was the fifth layer of the Supreme Void Realm!

This is still under the premise of using countless hole cards!

Facing six people, he can't win at all!

He thought about fleeing, but the six people have already laid the net, and he can't leave at all!

Damn it!

At this moment, Ye Chen faintly sensed something!

Lingfeng divine veins are activated again at this moment!

The strength of the six elders is being absorbed by Lingfeng's Divine Veins!

It's just that he wants to absorb these forces now, gather his cards, and have the capital to survive!

Seeing Ye Chen has become a candle in the wind, about to fall!

In the reincarnation cemetery, Feng Qingyang looked uneven and exasperated: "It's shameless to beat a person in the early stage of the closed door realm in the six middle phases of the Void Realm!"

"The Temple of Heaven is so despicable, it has never changed!"

"Apprentice, get ready, I will pour my strength into your body!"

"There is the power of a sword, fight them back for me!"

Ye Chen was slightly startled, just about to refuse.

The wind is clear and the energy is running out!

He doesn't want the wind Qingyang to dissipate so quickly!

However, the voice fell!

A puff of spirit power and sword intent poured into Ye Chen's body.

In an instant, the wounds on Ye Chen's body overflowed with pure power, and then only heard the sound of "Zzizi". There were more than 100 sword and knife wounds on his body, all healed!

The breath of suddenly increased dozens of times, and a light golden luster lingered all over!

generous! !

Ye Chen's beast sword collided with the Taixu Saint Soldier's long sword, flashing endless sparks.

At the same time that Elder Shang Kun was surprised, Ye Chen was used to punching him. The unparalleled powerful force was like a volcanic eruption, hitting him a hundred meters away!

Then his figure flickered like a ghost, and his swords and guns came out, and he directly shot the third elder and fourth elder away, together with the fifth and sixth elders who were besieging Ye Luoer, plus the second elder to repel!

"Why is this kid so good!"

"How come you are suddenly so much stronger?"

"Something's wrong!"

The second elder looked surprised, staring at Ye Chen in front of him, and the blood dripped down from his hands, a little surprised.

Elder Shangkun's complexion was dark, his chest sunken, he was obviously hit by Ye Chen just now, the injury was not minor, and his chest bones were broken!

"Something's wrong!"

"His power, I feel that it is too strong in a flash!"

"And, even the fist is full of sword intent!"

Blood overflowed from the corners of the lips of the Four Elders. He suffered a punch from Ye Chen and suffered a slight injury, but his combat effectiveness was not affected!

The Fifth Elder stared at Ye Chen for a moment, and said: "He has the aura of a strong person. It is obvious that his elders sealed their power in his body. Once the moment of danger comes, it will burst out!"

Shimen elders?

The elders of this kid?

Is it possible to be the powerhouse of the Slashing Evil Realm, otherwise, how could the six of me be repelled?

"No matter what!"

"Anyway, this kid will be killed today!"

The Sixth Elders hold the Saint Soldiers in their hands, ready to strike a full blow!

Grand Elder Shangkun subconsciously whispered: "No wonder, it's no wonder that the palace lord will send us six. Is this considered that this kid has power in his body? It is still an unparalleled power!"

It is the moment when the six elders of the Taixu Realm in the Taoist Palace are ready to join hands!

Ye Chen was alone, standing under the sky, black hair fluttering, eyes like stars, with endless charm in every move, robe fluttering, the blood demon sword in his hand burst out with unparalleled powerful sword energy. Countless **** sword qi rushed up and down the world, causing hundreds of thousands of **** thunder and lightning to flash out!

This was the strongest time Feng Qingyang occupied Ye Chen's body.

Feng Qingyang knows that the strength of these six people is absolutely extraordinary!

He looked cold, like a judge in the sky, and whispered coldly: "You and the other six, since they are my enemy, then you have to accept the consequences!"

next moment!

He slowly waved the Blood Demon Sword, the ancient inscription on the sword body flashed blood, and a wave of unbridled might rushed out! !

Six Sword Gods!

Sixth Sword-Spirit Demon Zhutian Sword!

Chapter 2397: This one move is the heaven of kendo!

Huhuhu! !

Huhu! !

The storm surged all over the sky, and countless auras gathered.

Countless resentful spirits and blood evil spirits burst open, and swirls and tornadoes even formed in the blood sea. In an instant, before the sword was released, the momentum was comparable to destroying the sky and the earth!

"Nether Demon Heaven Sword!"

"This sword is enough to kill you!"

Ye Chen yelled, drew the beast sword in his hand, pierced out with a sword, the endless sword power and spiritual energy burst out, smashing the endless black clouds in the sky!

The endless sky over the sea has turned into a starry illusion!

A sword light rushed straight to the starry sky, and after hitting a star phantom, the phantom turned into a sword star, and then shot the sword light toward the stars everywhere!

嗖嗖嗖! !

嗖! !

in a moment.

The sky full of stars turns into sky full of sword stars, each sword star is condensed into a long sword falling down together, like the falling of the heavens and the Milky Way, with the energy of extinction, enough to wipe everything out.

now!

Above the stars, the heavens and stars converge!

Under the starry sky, the sea of blood surging, countless sword auras blocked the surroundings, it is a sword move that combines time and space, and the laws of the starry sky!

With a sword, the world is shocked!

Kill with a sword, the galaxy falls!

"No, no, no!"

"Run!"

"This sword can only be played by a top powerhouse far surpassing us!"

"Such a sword intent, rarely in the Kingdom of God!"

"Who has mastered such a powerful sword intent!"

"Quickly escape!"

The Great Elder Shangkun, regardless of his demeanor, turned around to flee, and shouted: "This sword has the power to destroy me, my brothers, run away, I am not the opponent of this one, quickly retreat!"

"Big brother is right, retreat!"

"Withdraw, this son is fierce!"

"This sword is not something I can wait for!"

In an instant!

The other five elders spoke half a sentence, turned and ran, no more fierce and supernatural powers when they came, at this moment, they are like the losers who have fled, and the so-called elders of the Heavenly Way Palace are nothing but this!

Huhuhu! !

Huhu!

The sword stars of the heavens fell, and the sword aura accompanied by the blood sea Taotao had sealed the surrounding space, and the six could not escape!

"Turn around and meet the enemy!"

"Quick!"

The elder Shangkun also knew the situation at the moment, he couldn't escape, he could only contend directly!

He exploded with all his spiritual power, gathered in his Taixu Saint Soldier's sword, bursts of fierce luster, like a sun bursting open, rushing to the falling sword stars!

"kill!"

"Brothers, fight it!"

"Can't escape, turn around to meet the enemy!"

The five elders had no choice but to turn around to respond to the enemy, and each controlled their own Taixu Saint Soldiers to strike with all their strength!

The second elders sacrificed the Taixu Sacred Sword, converging the whole body's spiritual power to form an ancient killing **** and soaring into the sky!

The three elders sacrificed the Taixu holy sword, based on the burning of their own vitality, condensed countless gods and demons killing swords to rush out against the sky, the same is true for the fourth elders, the Taixu holy swords in their hands were directly sacrificed, accompanied by the gods and demons killing swords. The sword of the falling stars!

The fifth elder and the sixth elder looked at each other, sighed abruptly, and then sacrificed their own Taixu Saint Soldiers, converging with the power of the Great Dao in the body to fight out!

Each tried his best, just to resist Ye Chen's sword!

Such a situation!

is upside down from before!

They probably didn't expect that an opponent they thought could be strangled quickly would burst out with such a powerful combat power, they even forced themselves to use unique tricks to resist!

Boom boom boom! !

Boom!

There are countless explosions!

The heavens and stars sword fell, and there was a huge sword in the center. Unlike other star swords that shone orange-yellow, it was shining with pure green light, with the power to drive out all devil. The main body of the sword!

Boom! !

The sword light sacrificed by the great elder Shangkun hits the spirit demon Zhutian Sword and quickly annihilated it. Thousands of star swords instantly penetrated his body, sending him hundreds of thousands of miles away!

and then the message quickly disappeared!

The other five Taixu elders broke out their tricks and collided with the sword of the sky full of stars, and there was a series of explosions.

The five elders in the middle stage of the Supreme Void Realm were all seriously injured. They were blown away tens of thousands of miles away by the huge sword of ten thousand feet. The power of the law and the power of the avenue were completely shattered, and they were almost seriously injured. .

The vast and smokeless sea of blood was instantly evaporated for thousands of meters.

The sea level dropped thousands of meters out of thin air, and the resentful spirits, evil spirits, and demonic energy surrounding millions of miles away were all destroyed!

Huhuhu! !

Huhuhu!

Farther away, the resentful spirit, blood evil spirit, and demonic energy from a million miles away quickly poured in.

They are pouring in like sea water, and at the same time, along with the blood from other sea areas, they also poured into this area, causing the sea surface to be turbulent. This area has been evaporated out of thin air. All monsters, monsters from other places and the sea of blood, naturally swarm in!

The endless sea!

No one knows the specifics, but someone knows that his radius is at least tens of millions of miles.

Even if the blood sea level drops for tens of thousands of miles, the water level of the entire large sea drops by about 100 meters after the influx of sea water from other sea areas!

It can be seen clearly that a drop of blood can corrode the blood sea of Xianzun of Good Fortune Realm. Under this sword, the 100-meter water level of the blood sea of the endless sea has evaporated, showing the fierceness of sword moves!

Ye Chen was shocked.

He knows Feng Qingyang's Kendo is very strong!

But I did not expect the sixth sword to be much stronger than the first five swords!

At this moment, he looked at the reincarnation cemetery, Feng Qingyang actually activated all the energy just now!

caused the divine mind to dim a bit.

Ye Chen's eyes flickered. Among the many masters, Feng Qingyang has existed for the longest time!

The relationship between the two of them is also the deepest!

He doesn't want the wind to clear away!

Even if it is divine mind!

Feng Qingyang clearly saw Ye Chen's emotions, and smiled heartily: "Tui'er, the sixth sword of the teacher, didn't let you down."

"It's a pity, you can't use your current strength."

"Otherwise, many problems can be solved."

Ye Chen clenched his fists: "Master, I..."

Feng Qingyang continued to laugh and said, "Tui'er, I have to take action. Those six people are not ordinary. They work together. Even if the seventh-layer heaven of the Supreme Void Realm may fall, you can't resist it."

"But it's okay, this sixth sword will be used after all. You just realized something."

Ye Chen hesitated for a moment, still said: "Eight."

The wind is clear and Yang laughed loudly: "As expected of my good disciple! The Supreme Void Realm can perceive five points to be an enchanting evildoer, but you have a sense of eighth perceptually in the closed door realm! You did not accept wrong disciples as a teacher."

"But what if I say this is not the strongest sword for the teacher?"

Ye Chen was startled: "Isn't the master of the Six Dao Sword the strongest?"

Feng Qingyang shook his head: "Do you still remember the sword case I let you find?"

"Remember." Ye Chen said. .

Feng Qingyang took a step and released his momentum: "The sword of the six paths, and the seventh sword, that is to bring the six swords into one!"

"This trick is the **** of kendo!"

Chapter 2398: conspiracy

"As a teacher, I will stick to it and not dissipate until I teach you the seventh sword!"

"Well, you can withdraw, the crisis of the endless sea is not that simple."

The outside world, the endless sea.

"Brother Ye!"

"How are you doing?"

Ye Luoer ran quickly and held Ye Chen.

She put her spiritual power into Ye Chen's body and asked: "Big Brother Ye, what's wrong?"

Ye Chen shook his head: "My spiritual power and my soul are in the air, and my combat power is not saved!"

"You dodge quickly, that sword didn't really kill the six of them!"

Ye Chen's meridians were broken, and there was only a small amount of spiritual power left in his dantian, and he still had to use it for the air. It could be said that when the oil was exhausted.

After all, Feng Qingyang's sword just now was built on Ye Chen's foundation!

The backlash is too big!

The sixth sword of the Six Sword Gods, with such a mighty power, it would cost too much spiritual power.

I'm afraid, the whole body spiritual power of the warrior in the middle of the Taixu realm is not enough to use this sword, right?

"it is good!"

"I will find a place quickly!"

Ye Luoer supported Ye Chen and looked around. Sure enough, the sea level of the Sea of Blood dropped by a hundred meters. Many stones were exposed, and even many ancient buildings were exposed. In the past, the sea level submerged all the buildings. Now the sea level After descending, these originally submerged buildings reappeared.

soon.

She took Ye Chen, found an ancient temple, and went straight in.

Ye Chen's reincarnation of the gods and demons began to recover, and his realm spiritual power could be used inexhaustibly, because the speed of absorbing external spiritual energy into spiritual power far exceeded the consumption speed, but now the spiritual power is almost exhausted , It's not easy to recover again!

The two sides fight.

Feng Qingyang Possession Ye Chen exploded with a sword, injuring six people, and it was hard for him.

In the distance, in the boundless sea, on a rocky rock, the six elders of the Heavenly Dao Palace, the powerful presence in the mid-Void Realm, at this moment, fainted on the rocky rock like a shipwrecked person.

"Ahem!"

"Ahem!"

"What a powerful sword!"

The elder Shang Kun was the first to wake up, he couldn't help but laughed tragically, and turned to lie on a rock, lowered his head to look at his body, his left leg was cut off, his right leg was bloody, his meridians burst, and his bones turned into powder. , The internal organs have long been broken.

He took a deep breath, absorbed a lot of spiritual power in his mouth, instantly healed the meridians and bones, and regenerated his internal organs. For his realm, even if his body bursts, as long as the soul is still there, he can not die.

He recovered for a long time, and his physical appearance was unobstructed, and he looked like it. When he saw the other five people, the same was true. He subconsciously burst out his own way, but found that almost all the way was broken, leaving only two kilometers. , Couldn't help but feel shocked, deplored not, whispered:

"Damn guy, he broke my foundation!"

"Asshole!"

"Beast!"

On the side of , two more voices came out.

comes from the fifth elder and the sixth elder, the two of them were also interrupted.

Stepping into the realm of emptiness, the foundation is too important.

ruining the foundation is tantamount to ruining their further possibility of martial arts!

"Damn it!"

"Big Brother, Second Brother, Third Brother!"

"Our foundation is broken!"

The four elders felt like a bereavement, took a deep breath, and sighed: "Each of us only has one martial arts major, and unlike that bastard, the five main roads, so, what should we do?"

The mid-stage of the six emptiness!

Three Taixu realm four-layer heaven, three Taixu realm five-layer heaven.

At this moment, the six warriors who are not as powerful as the second-tier heavenly warriors of the Supreme Void Realm have suffered extremely severe injuries, even if they have not recovered for tens of thousands of years!

"I didn't expect it!"

"Unexpectedly, **** kid, that sword is so awesome!"

"There are few people in the Kingdom of God with such powerful swordsmanship!"

Six elders were heartbroken and hung their heads and said angrily: "I knew this, I should have killed him with a single sword. Why tease him and cause me to wait for my brother in such a situation!"

When the war just started!

is the six elders playing Ye Chen with swords.

As a result, the six brothers were seriously injured, the road was broken, and the dilemma of no one exists.

"Big Brother!"

"Brother, what shall we do?"

"Brother, shall we retreat?"

"Brother, what should I do?"

"Big Brother..."

The five elders looked at the elder Shangkun one after another.

Grand Elder Shang Kun sighed, and said helplessly: "Brothers, we can't go back. Everyone knows the character of the palace lord. Now we are seriously injured, and we have no strength. We are also useless when we go back. As we all know, in Tiandao Palace, There will be no good end to the waste!"

Tiandao Palace!

Do not raise waste and idlers!

The people who can get into the position of elder are those who have extremely strong cultivation bases and are proficient in various calculations. Although they can't match the real elders of the kingdom of God, they are ultimately elders who are connected to the kingdom of God.

went to the main city of the Kingdom of God, many forces will respectfully respect!

Now they are useless!

How to stay in the kingdom of God?

Even in the style of the palace lord, they will die!

"Brothers!"

"Failed to execute the task, especially the task assigned by the palace lord."

"Let's not mention that we were seriously injured, we may be intercepted by other guardians so that we died, and they occupy our elders. We can't deal with it alone on the palace lord!"

Elder Shang Kun stood up with a majestic expression, and said with extreme caution: "The palace lord has always sent people on their own. If the task is not completed, it will be a dead end. I will wait to go back, even if the reason is clear, I am afraid the palace lord will not kill us. , We can't escape death!"

Tiandao Palace Lord Xuanyuan Moxie is never good!

Even if he doesn't kill, those guardians who aspire to become elders will find ways to kill them quietly.

"In that case!"

"Big Brother, what do you think?" the Fourth Elder asked.

The second elder's eyes flickered, he breathed out with difficulty, and asked: "Are we going to run for our lives? Don't return to the Heavenly Dao Palace?"

As soon as these words came out, everyone else stared at the great elder Shang Kun, and they didn't know whether he had such a meaning.

But when I saw Grand Elder Shang Kun shook his head, he smiled bitterly: "I am waiting for the current combat power, only the strength of the first and second layers of the Supreme Void Realm, if I escape, where can I escape? It will not take ten and a half months, The palace lord sees that we have not returned and there is no news. He will definitely know that we have defected and will send a guardian to kill us!"

"With our current combat power!"

"Can you stop the vicious guardians?".

"impossible!"

He directly shook his head and denied the words of the four elders, and then took out a pale gold token from his chest, and said cautiously: "The five brothers have only killed the kid so far, and brought back his head and explained the cause and effect to the palace lord. , The character of the palace lord will not be stingy in giving treasures so that we can recover!"

Chapter 2399: Find!

"How can I recover?"

"Yes, I'm only waiting for the power to be too early!"

"I can't kill that kid at all!"

Several elders are helpless, their strength has dropped, and they are seriously injured. How can they kill Ye Chen?

Grand Elder Shang Kun dangled the pale golden token and said with a smile: "We came here with the help of the Ancient Heavenly Fallen Formation. For us, as long as we form a Liuhe Great Formation, we can absorb the power of the Ancient Heavenly Fallen Formation. Restore our strength briefly."

"It's a pity that with this method, we will only have one month left to live! But this is the only chance!"

"of course!"

"This kind of recovery is limited."

"Although we have the power of the third and fourth layers of the Supreme Void Realm in a short time, the kid burst out with such a mighty sword to attract, if there is a back hand, it will not let us live!"

"no doubt!"

He looked affirmative, even a little mad, and smiled: "At this moment, that kid should be seriously injured and his spiritual power is exhausted. We only need to restore some spiritual power, just in case, because I think the girl next to him has a problem. , That's why I said that!"

just in case!

Ye Luoer gave Shang Kun a very dangerous feeling.

That is the feeling from blood!

Even if you know that Ye Chen has no combat effectiveness, but just in case, it is necessary to temporarily increase the combat effectiveness and completely kill the two!

"it is good!"

"I agree."

The second elder nodded slightly, let out a long breath, and said: "If the mission is completed, I will have merit. Even if the mission is completed, even if we go back, the palace lord will not give us the treasure to restore our strength, but there is an excuse to guarantee that we will not die!"

"In that case!"

"I agree."

"I agree."

The other three elders also agreed with Shang Kun's strategy!

When the words fell, Shang Kun took the five people to set off, and went straight to the ancient sky. The flight was still possible for the time being. Within a few hours, the six people came to the formation and looked over the huge god. Pillar of Light!

Grand Elder Shangkun placed the pale golden token at the center of the formation, and then the six people formed the "Liuhe Grand Formation". One was in the center, and the other five were located in the five positions of gold, wood, fire, water, and earth, showing their own avenue. Come!

Huhuhu! !

Huhuhu! !

In the sky.

Six avenues emerge, accompanied by indifferent divine light.

Each avenue is incomplete, leaving only two to three kilometers, and only the remaining part is pitted. This caused great problems for the transmission and amplification of power. The original length of one million meters, thousands of The 10,000-meter-long avenue, at this moment, there is only this point, which is enough to show that the six of them under the Feng Qingyang Sixth Sword have indeed received extremely serious wounds!

This is still a sword released with the help of Ye Chen's body!

If the wind is clear and the body, then how terrifying!

"My brothers, when I open the big array, I will automatically absorb the power of the stars and the world of the five elements, etc., to help us restore the road for a short time, and pay attention to the power of absorption!"

Grand Elder Shangkun narrated, and then Jieyin with both hands opened the big formation, and shouted:

"Great Array!"

"Turn on!"

Huhuhu! ! !

Huhuhu! !

More than a hundred sacred pillars on the periphery of the large array swiftly revolved, and the center shot out a sacred light, bursting out of the sky, and immediately triggered the four forces of heaven, earth, wind and thunder, plus the power of the five elements of gold, wood, water, fire, and earth, and the power of light and space , Comprehensive twelve forces!

Twelve forces!

is almost all the power of the kingdom of God.

The other powers are all extended from these twelve powers. At this moment, these powers in the endless sea are drawn out, turning into divine lights and rushing into the six avenues, but the six avenues have become illusory and condensed. It continues even more.

Huhu! !

Huhu!

With the raging wind.

The six avenues are all in rapid growth, and have recovered from the original two to three kilometers to the level of two to thirty thousand meters.

is still continuing, the longer the avenue is, the more the power in the body can be enlarged, and the stronger the combat power, the avenue is similar to a magnifying glass, the longer the stronger!

one after another!

Twelve powers twitch to continue the road.

The whole process lasted for a day, during which the six people could not bear the moments, but when the time came, the strength of the six people faintly recovered!

At this moment, they are equivalent to the level of the third heaven peak of the Taixu realm.

The ancient heavenly meteorite formation began to close, and Elder Shang Kun was the first to complete his training. He looked a lot older. From the middle-aged appearance before, he changed to the old man appearance, which obviously consumed too much life.

"Big Brother!"

"How are you doing?"

The second elders have also completed their training, they are also very old!

The same is true for the other four elders. Although the cultivation base has recovered a lot, the life span has been reduced too much. From an infinite life span to a finite life span, they could survive eternally, but now they can only live a few million. Years!

"Ahem!"

"Everyone, I will use the formation to forcefully restore my strength."

"Essence and life have been burned again. At this moment, our strength can only be preserved for a while!"

Elder Shang Kun is incomparably energized, and his consumption is the greatest. Although it is with the help of a large formation, how can he not pay the price at all. However, the burning of blood and life can temporarily restore combat effectiveness, and the recovery of combat effectiveness has a time limit. If it weren't for the importance of this mission, about their own life and death, otherwise they would not dare to do it!

"Let's go!"

"Go, look for that brat!"

"After beheading him I will go back to Heavenly Dao Palace to find the Palace Master!"

"Maybe, it can remove our time limit, at least it can really restore us to this level!"

Elder Shangkun stood up from the sky, and a piece of blood appeared on the palm of his hand. It was because he had taken Ye Chen's blood after he injured Ye Chen before.

this moment.

Elder Shangkun uses Ye Chen's blood as a medium to launch a tracking technique to find Ye Chen.

Soon, the six people crossed the endless sea. After traveling millions of miles, they came to a temple. Elder Shang Kun opened the temple with a sword and laughed: "Little bastard, you are here! "

"My old man, take a good look at you!"

"Sure enough, the injury is not light, and there is no spiritual power!"

"At this moment, you are unable to exert your combat power in the middle of the door closed realm!"

"In that case, everyone, kill him!"

Take advantage of his illness to kill him.

The six decided to kill Ye Chen and Ye Luoer quickly.

took the bodies of the two of them back to the Heavenly Dao Palace!

The second elder and the third elder and the fourth elder spoke a few words, and each offered their trump cards, and then the power expanded through the avenue was blessed among the Taixu Saint Soldiers, and two thousand-zhang sword gangs and one thousand-zhang sword gangs broke out!

Three elders shot! !

Seeing this, the other three people felt that it was not enough.

Previously, they suffered a lot from talking, and after learning their lessons, they did not stay behind. All six of them broke out with a full blow. The power is equivalent to the attack of the sixth-level heavenly powerhouse of the Supreme Void Realm, and they vowed to kill Ye Chen and Ye Luoer. !

Chapter 2400: The land of resentful spirits!

Ye Chen still closed his eyes at this moment!

He recovered from his injury as soon as possible!

not even a word!

He felt the state of everyone, this battle is absolutely dangerous!

It is a pity that if he interrupts the operation of the reincarnation of the gods and demons, the two will still die!

Ye Luoer naturally saw Ye Chen's plan.

Her eyes sank, and she said excitedly: "Brother Ye, you have always protected me before, now let me protect you once!"

Ten drops of blood sacrifice!

Ye Luoer began to **** with a dazzling dragon pattern all over her body.

This is a dragon forbidden technique!

Ye Luoer has no choice!

"Dragon veins, show!"

Ye Luoer yelled violently and drifted up. The fairy body turned into a golden dragon and rose into the sky. The ten-thousand-foot figure is like a world-famous dragon god, shining with endless golden light, and the dragon's claws are waved in succession. Bounce two thousand-zhang knife gangs.

boom! !

bang bang! !

boom! !

The next moment, two sword gangs and two sword gangs smashed down.

Four qi attacks, falling on the golden holy dragon, and golden dragon blood dripping down!

Ye Luoer transformed into a golden sacred dragon. Behind him was Ye Chen, who was seriously injured, but he did not dare to back down. He was anxious and directly mobilized the dragon's heart and began to burn his blood.

Whirring whirring! !

Huhuhu! !

A rushing force surged in.

The golden sacred dragon was surrounded by blobs of blood, and the aura climbed steadily. A pair of huge dragon claws seemed to break through the sky, forcibly defeating two swords, and then resisted the two with the energetic energy outside the body. Jian Gang.

Snap!

Snapped! !

The two sword gangs shattered, turning into countless fragments and floating down!

Ye Luoer's golden sacred dragon grabbed Ye Chen and used absolute power to directly tear the space away.

"Chasing!"

"kill!"

"Catch up!"

.....

The six elders are also trying to tear through the space tunnel to chase after them.

However, the six of them were able to fly out less than 100 meters, all of them were shocked, and they hurriedly spewed a mouthful of golden blood. Especially the elder Shang Kun looked surprised and said: "No, the holy dragon just attracted us. The power of chaos in the body!"

"No way!"

"If we can't continue pursuing, if we use our strength, we might burst and die."

The second and third elders also reacted.

Originally, they used the power of the ancient heaven and earth to use the twelve forces between the heavens and the earth to forcibly repair their own foundations, but this method of repairing the foundations has a time limit, and the power in the body is very chaotic, but ordinary People can't provoke the chaos of their internal forces.

did not expect.

Ye Luoer transformed into a golden sacred dragon, and actually detonated the chaotic power in their bodies.

so that they had to leave their wounds for treatment, otherwise they might die in battle if they continue to fight.

"The healing left behind!"

"Their traces, we can check them at any time!"

"Three hours to heal the wounds. At that time, we will kill the golden sacred dragon with one blow, and then kill the kid."

The elder Shangkun spoke, and he had to do so. The six immediately sat down cross-legged to mediate the chaotic power in the body

Huhuhu! !

Huhuhu! !

Countless blood winds roared, strange thunder and lightning flashed constantly.

Black cracks gradually appeared in the sky, and then a crisp sound came out, as if it were broken. A circular pit appeared in the sky, and the surrounding space fragments continued to fall into the pit. A pair of young men and women walked out in the middle.

It was Ye Chen and Ye Luoer who were seriously injured.

Ye Chen finally woke up from training. He held Ye Luoer, his body was shocked, and his spiritual power burst out, shattering the surrounding space fragments. Looking at the ground and the sky, there are countless resentful spirits and demons. The qi and devil qi almost turned into a liquid state, mixed in the wind and on the ancient buildings on the ground.

The gusty wind howls, unlike other gusty winds, the gusty wind here is blood red.

The ancient buildings on the ground were also corroded by the magic energy and turned into a dark color. They were covered with drops of black viscous liquid, and each drop of liquid was condensed by the magic energy. This place is simply a magic cave.

"The endless sea!"

"This place is still the endless sea, the land of resentful spirits in the legend of the endless sea."

Ye Chen was a little surprised. He hugged Ye Luo'er and landed on a sandy beach. He looked around. The world was almost full of demonic energy and resentful spirits, but now he couldn't control so much. He lowered his head and stared at the man in his arms. Ye Luoer was already in a coma.

Burning blood.

was seriously injured again.

Ye Luoer fell into a coma directly, and never recovered.

"Boy!"

"This girl is injured very seriously, she will temporarily fall into a coma."

Cang Ancient Medicine God said: "However, don't worry too much. This girl has a strong dragon bloodline, even in the kingdom of God, she is also a top presence. The previous injuries were not enough to make her fall, but Shen—"

He hadn't finished speaking, but his expression changed slightly, and he said: "Boy, this place is a land of resentful spirits, how can this girl bring you here! Isn't this cheating you!"

For the sake of you helping me get things back, I tell you that there are many resentful spirits around and they are very powerful, so remember to pay attention! "

"Don't count on me to make a move, I am refining the thing of Canggu Sect, I can't make a move!"

The voice fell.

The ancient medical **** Cang lost his voice.

At the same time, the densely packed wraith spirits seemed to have discovered the entry of the 'outsiders'. In an instant, thousands of wraith spirits stared at Ye Chen and Ye Luoer A **** wind swept past. They have transformed into a body shape.

Huhuhu! !

Huhu!

The misty blood breeze howled, it was like the arm lifted the originally covered curtain, and the original appearance was revealed here.

A group of wraiths appeared on the beach, on the buildings, and in the sky. These wraiths are different from the wraiths on the periphery of the endless sea, which are humanoids and only have the upper body. The wraiths here are more like flying insects. , But with a human face and wings on the back, it is a very strange existence.

"Jie Jie!"

A series of weird sounds came from the mouth of the Wraith Spirit.

Immediately afterwards, thousands of resentful spirits surged in the surrounding space, and they looked like an army of resentful spirits. The densely packed resentful spirits could not see the edge, and any one of them was extremely powerful!

"Luo Er brought me into their nest?"

"Millions of resentful spirits! I am afraid I am in the most dangerous place in the endless sea!"

Ye Chen couldn't help but swallow, even if there were many resentful spirits and he couldn't even hold his blood blooming, another shock of spiritual power could kill thousands of resentful spirits, but there were already millions of them in front of him. The resentful spirit, even millions of resentful spirits.

What kind of scene is this? ?

Especially these resentful spirits, they also form an army, impressively an army of resentful spirits.

Ye Chen's scalp was a little numb, staring at the resentful spirits surrounding him and Ye Luo'er. Seeing that they hadn't done anything before, he got up and picked Ye Luo'er, Yukong went above the sky, looked around, and found the entire resentful spirit. The land, like a cage, is a square cube.
