

## Urban 2411

Chapter 2411: Do not hesitate

A sword light, tearing through the space, fell directly in the direction of Ye Chen.

At the moment of falling, Ye Chen's figure avoided slightly.

After evading a sword, he took out the gods and magic spears and murmured in his mouth:

"Total Annihilation!"

shot out, like a dragon roaring and roaring constantly.

An old mouth with a disdainful smile, took out the sharp sword in his hand and directly blocked it.

At the moment of blocking, An Lao kicked it out!

When one foot was about to fall on Ye Chen's chest, his whole figure receded slightly.

From the moment of retreat, the devilish energy burst out from Ye Chen's body.

When the devil qi surged out, the surrounding temperature began to drop continuously.

There are snowflakes floating in the void, as if you are in a world of ice and snow.

"Eternal Thunder Sword!"

An extreme sword light, gushing thunder and lightning, in an instant, rushed in the direction of looking for An Lao.

Dark old, the same sword swept out!

When the sword light fell, the two collided!

boom!

There was an explosion, and the aftermath of horror spread everywhere.

shook the void as it spread.

The blood in Ye Chen's body surged, forcibly resisted!

He took a deep look at Anlao! He knew very well that this person must have been sent by Jun Mochen!

is to stop myself!

All possibilities to prevent the resurrection of the Devil Emperor!

The opponent's strength is extremely strong! If you don't break through, you will definitely die!

Fortunately, I broke through and can barely contend!

The demon clan's billowing magic energy poured into Ye Chen's body!

Ye Chen's eyes turned scarlet and bloodthirsty!

He must use the environment of the demons to get into the demons!

A few seconds later, the devilish energy and killing intent burst out together, and a pair of black wings appeared behind them.

The wings of magic energy!

Ye Chen directly burned a drop of blood at this moment.

I want to make a quick battle and solve the old man!

Behind Ye Chen is the phantom of mythical beasts, the blue dragon, the white tiger, the phoenix, and the Xuanwu!

The four-headed beasts roared and rushed towards the figure of An Lao.

An Lao put away the sharp sword in his hand, and instead of retreating, he rushed over frantically.

When An Lao rushed over, his arms opened, and the veins burst!

want to tear directly, the ghost of the four-headed beast!

stab!

There was a crisp sound, and the ghost of a beast shattered directly.

At the moment of breaking, Ye Chen's figure has disappeared in place.

After disappeared from the same place, Ye Chen's ghostly figure had already reached the top of An old man's head.

His eyes condensed, and the God of Killing Demon Spear fell directly from top to bottom.

As he fell, An Lao obviously noticed something, took out a sharp sword, entangled his devilish energy, and protected his head.

嗖! Whoosh! Whoosh!

The remaining three phantom beasts rushed directly on the body of An Lao.

The violent energy broke out completely at this moment!

"Puff!"

An old blood spurted out, and the whole figure took two steps back!

Ye Chen stopped hesitating, took out various weapons and even Horcrux in his hand, and threw it out in an instant.

When        was thrown out, his whole figure kept backing away.

Horcrux attacks Anlao!

Shenbing is opening a thousand soldiers to explode!

Thousands of soldiers exploded. If Ye Chen didn't retreat to a safe distance, he would be injured by mistake.

When the thousand soldiers burst down, there was a buzzing sound.

At this time, the central land exploded directly.

boom!

When it exploded, a hole appeared in the void, and the turbulence of the void continued to flow out.

An Lao's body is tough, although he hasn't suffered any injuries, but his whole person is ashamed.

Wandering to the extreme!

The dark old expression is weird!

"This is a Horcrux! You still have a Horcrux!"

"Also, there should be more treasures on you!"

"It seems that if I kill you, I can get everything about you! Lord Demon Lord gave me a good job!"

"Ye Chen, I will kill you today!"

The dark old-fashioned anger soared to the sky, wishing to slap Ye Chen to death!

Ye Chen smiled without saying a word. When he rushed over, his figure moved quickly, like a bolt of lightning.

When Ye Chen's figure was moving fast, An Lao was reluctant.

Even the old finger pinched secretly, the essence and blood burned, and the breath of the whole person continued to erupt.

At the moment of the explosion, an extreme sword light suddenly rushed over.

Boom!

Ye Chen briefly activated the Chichen Divine Veins, blocking most of the damage, but a hideous wound still appeared behind him.

Blood water continuously flowed out of his body, and Ye Chen's mouth showed a wry smile.

The strength of the dark old, the speed of improvement, is too fast!

Seeing Ye Chen's injury, he secretly sneered in disdain.

It was just because of his carelessness that I was a little embarrassed.

He did underestimate Ye Chen's strength, but that was all.

An old man, as one of Jun Mochen's subordinates, one of his trusted and powerful men, is confident enough to kill Ye Chen!

The moment Ye Chen was injured, he stopped!

What did he perceive! The devilish energy of the land of ten thousand demons unexpectedly descended on his body!

Then, the breath of the law of death flows crazily.

Under Anlao's feet, a death whirlpool appeared!

This death vortex was obtained by Ye Chen in the Land of Ten Thousand Demons!

A fierce suction came from the whirlpool, trying to \*\*\*\* in the whole body of An Lao.

An Lao stood on the spot, with a superior demeanor, even if there was a death vortex under his feet?

still can't help him!

Ye Chen frowned when he saw this scene, but he didn't say a word!

Atomized magical power is instantly displayed!

The mist and the magic qi suddenly mixed!

One black and one white actually formed a faintly picture of Tai Chi and Eight Diagrams!

The two are blessed together It is not as simple as one plus one equals two!

喂!

In the gossip picture, a golden light burst out instantly, and in an instant, it submerged into An Lao's body.

As soon as he entered, Anlao felt that his life span was disappearing continuously.

His brows furrowed, he felt a trace of pressure, and left from the death vortex.

Inside the dark old body, it was already entangled by the law of death, and then attacked by golden light.

His lifespan is decreasing faster and faster, as if he can't stop at all.

When An Lao left the death vortex, he rushed to Ye Chen frantically!

The sharp sword in his hand was lifted directly.

Cut out with one sword!

The sword light flowed quickly, rushing in the direction of Ye Chen.

Ye Chen took out the Zhutian God Demon Spear and pierced it directly!

The space is trembling constantly, at the moment when the two collide!

Ye Chen spouted blood from his mouth, and the whole figure backed away frantically.

It is true that he underestimated the power of An Lao before he was injured.

It is impossible to leave now! !

An Lao will never let go of such a good opportunity!

As long as he can kill Ye Chen, he will never hesitate, even if he pays some price, he will not hesitate!

Chapter 2412: Demon Eye!

"Ye Chen, this is the gap between the two of us. What's ridiculous is that you actually want to stop Demon Venerable's plan!"

"But if you can shake me in the closed door state, it really shocks me."

"It's worthy of being the supreme genius of Lingwu Continent on the Profound Ranking!"

"But today, it should be over!"

There was a frantic laughter from An Lao, and Ye Chen didn't pay attention to it at all.

Ye Chen didn't say a word, no matter how much it was, it was just nonsense.

Today is either you or I die!

Ye Chen ghostly figure rushed over.

The moment he rushed over, a magical sword appeared in his hand!

That is the Blood Demon Sword!

Only in a state of enchantment can it be reluctantly displayed!

The Blood Demon Sword lifted up suddenly, and the devil qi continued to surge out.

The immortal sword intent on        broke out in an instant!

The golden light and the devilish energy flickered, the two intertwined, and the sword fell directly in the direction of An Lao.

As he fell, An Lao was a little illusory, as if he was tainted with fairy spirit.

The sharp sword in his hand continuously condenses the sword intent.

The sword intent rose to the sky, and there was a hint of dust.

"One sword can cut the immortals!"

An old mouth murmured, and the sword fell in an instant.

Boom!

With a sword, the moment the two touched, the surrounding boulders shattered instantly!

The blood and magic of the Blood Demon Sword burst out like a monster!

A sword went down, and the horror sword intent filled the void.

An old sword was shattered!

The dark old pupil was horrified: "How is it possible! This sword of mine can be crushed to death in the Void Realm!"

"How did this kid die!"

He stared at the Blood Demon Sword in Ye Chen's hand!

instant fanaticism!

He can perceive the power contained in this sword!

If he gets it, he can change everything!

In the next second, An Lao disappeared!

don't know where to hide.

Ye Chen looked around vigilantly with a pair of eyes, always ready to take action.

Boom!

At this time, an extreme sword light suddenly appeared behind Ye Chen.

When the sword light struck, Ye Chen turned around and stretched out a finger, the magic energy of a hundred miles around, constantly poured into his fingertips.

Even the power in the Blood Demon Sword gushes out!

The demonic energy surged, the momentum was huge, and the void was constantly trembling in a vague manner.

"The demon's finger!"

Ye Chen's voice fell, a black light suddenly fell.

Boom!

One touch, a terrifying aftermath, caused Ye Chen and An Lao to keep backing away.

"Roar!"

Ye Chen let out an angry roar, behind a devilish phantom condensed!

suddenly became a thousand feet.

The three heads are fierce and evil, and the six arms are constantly waving behind their backs.

Nine Nether Shura!

Dominate killing, born to fight!

At this critical moment, the power in the Blood Demon Sword is also mixed!

is so strong!

When Nine Nether Shura appeared, An Lao frowned.

Nine Nether Shura's killing intent has been condensed into substance, so that the old man will not dare to get too close.

Nine Nether Shura's three pairs of eyes have turned blood!

Behind him, stretched out six arms and fell directly.

Boom!

Six hands, five fingers clenched into a fist, which fell down almost in an instant.

An Lao's strength, although tyrannical, is hard to beat with four hands.

An endless wave of air penetrated An Lao's body!

Nine Nether Shura's intention to kill is flooded, he lifted his foot and stepped on it suddenly.

boom!

One step down, a huge pit appeared on the ground.

The dark old figure dodges quickly!

Although An Lao's figure is not big, but because of his flexible body, he can quickly evade.

The corners of Ye Chen's mouth rose slightly, and Jiuyou Shura directly extended six fingers!

was originally just a devilish energy within ten miles, and it was completely absorbed.

This time, the magic energy in a radius of a hundred miles rushed into Ye Chen's body madly.

condensed in the fingertips from his body, six heavenly demons pointed at each other, he wanted to see how An Lao could avoid it.

When the six heavenly demons condensed with one finger, An Lao was no longer calm, and only fear remained in his eyes.

With one finger from these six heavenly demons, how can he avoid it!

This makes An Lao feel an urge to vomit blood.

When the demon's finger was condensed, it fell directly in an instant.

嗖! Whoosh! Whoosh! Whoosh!

噗嗤!

a finger pierced his shoulder directly, a \*\*\*\* rush, the whole air was filled with blood.

A trace of blood overflowed from the corner of Anlao's mouth.

There was a pale look on the whole person's cheeks.

He has been seriously injured!

Blood Demon Sword combines the devil energy around, who can bear these six fingers!

darkly glanced at the direction of the Demon Sovereign Palace, no longer talk nonsense, the whole body burned!

repair for burning!

He will fight to the death!

Ye Chen fell on the ground and saw the ultimate energy surging on An Lao's body!

He gave a cold snort and looked at the magic vortex! That is the meaning of the devil's resurrection!

"Devil Emperor, everything starts with the eyes of the devil and ends with the eyes of the devil!"

"Devil's eyes, open!"

In the void, it suddenly turned into night.

The wind is roaring, and the ground is dusty, like the end of the world.

The devilish energy surged wildly, and cracks continued to appear on the ground.

An old whole person's complexion changed slightly, and he felt a breath, which had directly locked him.

Devil's Eye slowly opened his eyes, and the horror breath suddenly swept away.

An Lao frowned, took out the sharp sword in his hand, and the whole figure suddenly rushed over.

Since there is no way to escape , I can only find a way to fight hard.

Devil's Eye, at this moment, slowly opened his eyes, the black breath surged wildly.

The magical energy fell from top to bottom in an instant!

Boom!

At the moment when the magic energy fell, Anlao let out a miserable cry.

The power of the Devil's Eye, he can't resist it!

When An Lao screamed, Ye Chen did not idle, waving the Blood Demon Sword in his hand.

On the top of the Blood Demon Sword, there were four laws of horror entwined, and Ye Chen cut it down with a sword!

An extreme sword light rushed over in an instant.

The sword light was in the void, making a humming sound, and the entire space seemed to have been cut in half.

铮! Zheng! Zheng!

The sword light fell in the direction of Anlao at the speed of lightning!

Boom!

A sword erupted with a heavy noise!

When the eyes of the devil were slowly dissipating, Ye Chen finally saw An Lao's appearance clearly.

At this moment, his body is dripping with blood, and his breath is already extremely weak.

The dark old sword has become two halves, completely broken!

Ye Chen came to the front of An Lao step by step, and the Blood Demon Sword in his hand fell directly!

An Lao slowly opened his eyes, watching Ye Chen suddenly smiled and said: "If you want to kill me, come on!".

At this time, An Lao's eyes are full of death!

He has no power to fight now, and can only be slaughtered.

Chapter 2413: Devil!

Ye Chen didn't speak, the Blood Demon Sword in his hand moved slightly and directly penetrated An Lao's body.

Anlao completely turned into nothingness.

Ye Chen's face was pale, and the energy in his body was almost consumed.

If it weren't for An old man who didn't have the power to fight, he would probably be dead now.

Ye Chen sat cross-legged on the ground, restoring the energy in the body.

Suddenly, he opened his eyes and looked at the devilish vortex in the sky!

A drop of blood appeared in the whirlpool!

That is the blood of the Devil Emperor!

The moment a drop of blood entered, suddenly there was an explosion from the sky.

The originally cloudless sky gradually turned blood red, as if at this moment, the sky was angry!

The wind screamed, and the ground began to shake constantly.

Click!

In the sky, the thunder continued to flicker, and in less than a breath, it was already covered with clouds.

In the dark clouds, the thunder is constantly flickering, and it will come down at any time.

Ye Chen's brows furrowed, and he clenched the Blood Demon Sword and Zhutian God Demon Spear in his hands.

At the critical moment, Lei Jie must not disturb the resurrection of the Devil Emperor!

The entire demon sky has turned black, and it seems that it has lost any light.

The warriors who were originally cultivating were awakened one by one, looking up at the void with shocked expressions!

What kind of existence it is, it has already made the sky angry!

Could it be that there is a strong person who has surpassed the peak of the Supreme Void Realm to cross the catastrophe?

Everyone was thinking about it, and no one thought it was just because the Devil Emperor was resurrecting!

Ye Chen knew that this was the most important time!

He flew into the void, hurriedly toward the devilish vortex in the depths!

The forty-nine beams of light outside the vortex are too threatening!

At this moment, the Devil Emperor is still resurrecting, extremely fragile.

Someone must stop it!

Whoosh! Whoosh! Whoosh!

The violent wind moved Ye Chen's robes, and there was a sound in the void.

Click!

A bolt of thunder suddenly landed, directly preventing Ye Chen from advancing!

The densely packed thunder, like the destruction of the world, fell crazily, constantly attacking the formation!

The thunder in front of him can't see the side at a glance, it seems that there is no end at all!

In the entire demons, I don't know how many buildings in the city have been destroyed.

For the warriors of the demons, it is no less than a disaster.

Ye Chen looked at the black whirlpool, probably the whirlpool wouldn't last long before it would break directly.

The protective cover of devilish energy has cracks constantly appearing, getting bigger and bigger!

Click!

The entire vortex was broken directly at this moment!

At the moment of breaking, Ye Chen's whole figure suddenly rushed over to resist the thunder.

He must go!

boom! boom! boom!

Ye Chen looked at the falling thunder robbery, and continued to wave out sword lights.

When the sword light fell, these thunders continued to shatter!

After the thunder that lasted for ten minutes, finally slowly disappeared, but on Ye Chen's cheek, there was no happy appearance, but a worried look on his face.

The Thunder just now wasn't even an appetizer!

So far, the real danger is just the beginning!

The dark clouds did not dissipate, but became more and more dense, as if they were about to press on the ground.

Suddenly, tens of thousands of thunder dragons appeared in the sky, and these thunder dragons continued to overlap.

Thousands of Thunder Dragon's figures, constantly condensing, gradually formed a thunder giant!

The eyes of the Thunder Giant exudes a terrifying cold light, and behind him, there is a dragon tail.

Ye Chen clenched the Blood Demon Sword in his hand and rushed directly!

No more openings are needed now.

When Ye Chen's ghostly figure rushed past, a trace of humanized contempt flashed in the eyes of the Thunder Giant.

In his eyes, Ye Chen is just an ant, and now he is shooting at him, purely overpowering.

The Thunder Giant clenched his fists, made a creaking sound, and blasted his fist directly.

When the fist rushed out, the thunder dragon phantom flashed!

These Thunder Dragon phantoms roared constantly, rushing in the direction of Ye Chen.

When Ye Chen saw this scene, the Blood Demon Sword in his hand suddenly lifted up.

Endless power burst out from his body, and the air was filled with the breath of the law of time.

Ye Chen murmured in his mouth: "Nine Heavens Excalibur!"

The Blood Demon Sword burst out with a brilliant light, an extreme sword light, madly killing towards the Thunder Dragon phantom.

At the moment when the two collided with each other, there was a terrifying explosion suddenly.

The thunder and lightning broke open!

This is an opportunity!

In an instant, Ye Chen passed through the thunder net, and the wind and thunder flashed to the extreme! Straight into the whirlpool and the forty-nine \*\*\*\* beams!

That's too late!

He needs the fastest!

Because of the crisis of the Devil Emperor, it has come!

...

The center of the magic whirlpool!

Huhu! !

At this moment, countless gusts of wind roared out, and the smell of blood filled the sky. Gradually, even the gust of wind was dyed blood red, and \*\*\*\* winds roared on the land of the demon race, in this ancient and black land, All kinds of demonic energy surging, blood flickering, a demon beast whizzing and running around, his eyes are full of bloodshot eyes, it seems to be completely enchanted.

The dragon-shaped beasts are flying high in the sky, the horse-shaped beasts and horseshoes are like a sledgehammer, constantly bombarding the ground, roaring, and the void is constantly collapsing, each neighing sound pierces the sky, ten black foggy sky Overflowing, the millions of demons were shocked, panicked and maddened to avoid the beasts everywhere.

This situation lasted for too long, and the demon energy and blood energy that permeated this demon race land suddenly rose into the air.

The magic vortex on the sky to the north is like the eye of the sky, and like a black hole. The outside is pitch black, and the inside is surrounded by a group of magic flames.

Huhu! !

On the ground of the Demon Race, the devilish energy in the sky turned into tornadoes, which were continuously absorbed by the black vortex in the sky.

Gradually, the demon qi that had previously covered the entire demon earth was absorbed by the vortex, and the vortex in the firmament gradually appeared, no longer in the state of a circular black hole, but condensed into a human form. appearance.

This humanoid appearance looks more illusory, like a projection, wearing a gilt robe of nine magic swords, cloud walking shoes with magic sword on his feet, and a blood-colored robe on his back with five elements on it. The pattern, wearing a magic gold and black jade emperor crown, is full of kingly spirit.

quickly.

The devil energy in the land of ten thousand demons was completely absorbed by this person.

The illusory human form gradually solidified, and this person appeared to be flesh and blood, and his blood-colored pupils, with sword eyebrows and star eyes, seemed particularly domineering!

Even the appearance of middle-aged people gives people a feeling of magic to the extreme.

Black hair is biting and dancing in the wind, and his gestures are like the arrival of an ancient emperor and a demon. Unlike the demon head of the Lingwu continent, he is full of aristocratic aura.

"The Devil!"

"Sure enough... it's the Devil Emperor!"

Chapter 2414: Punish!

"It really is the Devil Emperor!"

A strong man in the Supreme Void Realm hiding in the dark exclaimed again and again, staring at the human figure in front of him, his heart was shaking, and he quickly took out a piece of communication jade pendant and transmitted the situation in front of him to the Heavenly Dao Palace!

A burst of blue light flashed past, and the message traveled through the space to the Heavenly Way Palace of the Kingdom of God.

The figure in the sky seemed to have discovered the situation at this moment, and his expression was a bit cold, raised his hand slightly to look at his body, and whispered: "It's still a little worse, I haven't really resurrected! These gods' bastards, and the monarch and demon Dust! It should dissipate in the heaven and earth!"

His majestic gaze scanned the ground of the Demon Race like a sharp sword. He seemed to analyze the mountains, rivers and rivers, the stars, the sun and the moon, and he saw the dragon veins deep underground in the mainland, and he whispered slightly:

"Emperor Ben, I need these things, I brought these things, and give me a trace of strength today!"

The phantom of the devil emperor is only condensed into form, even if it is flesh and blood, it has not really recovered.

But at the next moment, the Demon Emperor developed countless demon secret methods with his hands, absorbing the power of the sun, moon and stars to help himself. The dark black cloud behind him covered the dim starry sky. He used this as a medium to slap him with a palm. On the ground of the demon clan, countless lands burst and bursts of demonic energy overflowed from the ground, and every spiritual vein turned into pure demonic energy, rushing to the devil emperor.

At this moment.

On the entire ground of the Demon Race, magic light and demon energy continue to emerge, and they are constantly absorbed by the black vortex of the Demon Emperor.

"No, the Devil Emperor is still recovering!"

"He must be stopped!"

This Taixu realm elder looked at the forty-nine beams of blood light and found that these forty-nine people closed their eyes tightly, waiting for something!

He was in a dilemma. He was absolutely unable to stop the Devil Emperor with his own strength, but the order from the Heavenly Dao Palace had not arrived yet.

"Forget it, no matter!"

"If you can drag a little, it's a little!"

A long sword appeared in the hands of the elder of the Supreme Void Realm, and immediately rushed out against the sky. The sword body burst out with ten directions of lightning, and the brilliant sword light resembled thousands of thunderbolts. It attacked and killed the Devil Emperor and burst together, As hot and shiny as stars burst, illuminating the dim Mozu earth in an instant.

He is a powerhouse of the Seventh Heaven in the Supreme Void Realm!

This kind of existence, personally burst out and sacrificed a sword, even if it can't really stop the devil, delaying it for a while, should it work?

The light went out and the smoke disappeared.

The Devil Emperor's clothes are intact, his hands are still evolving magic techniques, and he is absorbed by the magic vortex. The burst before that can't shake him for a moment. He has a demeanor that is not sticky. He looks at the mainland and sees the elder of the Heavenly Dao Palace. , He stabilized the black vortex with his right hand, and with a light stroke of his left hand, a ten thousand-foot magic sword burst out and directly exploded the elder of the seventh heaven of the Supreme Void Realm.

Boom! !

Along with the physical burst, countless debris and fragments flew away.

Such a scene is like fireworks celebrating the resurrection of the Devil Emperor.

The Demon Emperor is still absorbing the power of the Demon Race, and wants to be truly resurrected.

.....

In the Palace of the Heavenly Way of the Kingdom of God, Palace Lord Xuanyuan Moxie looked at the incoming picture with a shocked expression.

"It turned out to be the Devil Emperor!"

"And it seems only a few steps away!"

"I want to resurrect, no way!"

He no longer hesitated, and directly ordered, saying: "The formation is on! Be sure to prevent the Devil Emperor from resurrecting!"

"Yes."

"I will understand!"

"It will definitely not bring the Devil Emperor back to life."

bang bang! !

The demons went up in the sky, and the surrounding light beam seemed to be torn apart.

Forty-nine Tiandao Palace elders opened their eyes, killing intent condensed!

each occupies the scope of the gossip, and the Devil Emperor who is placed behind the black vortex in the sky is besieged.

An elder in the formation stared at the situation in front of him and said: "The Devil Emperor is still absorbing the power to resurrect, everyone, join hands to break the black vortex of his absorption of power. In this way, the Devil Emperor will not be able to resurrect!"

"Yes, it takes a huge amount of devilish energy and murderous energy to resurrect the Devil Emperor!"

"The demon energy and murderous energy on the surface of the Demon Race has been absorbed by him. Now he is absorbing the underground power, otherwise he will absorb it, otherwise there will be a disaster!"

The other elder also agrees very much!

The current Devil Emperor, judging from his aura and cultivation, has recovered to the level of the peak of the nine-layer heaven of the Supreme Void Realm.

It has not yet recovered to the Evil Slashing Realm, but it is no longer inferior to the powerhouses of the Evil Slashing Realm. The key is that the Demon Race is the domain of the Devil Emperor, not its own home, but in the Devil Emperor's Lair to deal with the Devil Emperor. , It's not easy!

"The palace lord has an order, the ancient slaying demon formation, get up!"

With a violent shout from an elder Zhan'er, the remaining forty elders burst out their respective breaths. In an instant, the ground of the demons shook again and again, the mountains and lakes exploded, and countless creatures of the demons were under his breath. , Exploded one after another.

"Ancient Jade Devil Array!"

"Get up!"

"I'll do it!"

Elder Zhan'er yelled, and took out a burst of flags in his hand, and then flashes of white light on his body, and the chains of the gods of order surged out of the body, and the fire of Nirvana was born under his feet, as if using endless power.

The chain of order gradually shifted to the formation flag.

He suddenly raised the array flag, and the tip of the flag burst out with thousands of brilliance. Each brilliance possessed extremely powerful lethality. At the same time, he carried the unparalleled righteousness, which resonated with the world, and the various auspicious radiances tore part of the black clouds. Gather in the middle of the flag!

"I am Kun!"

"I am shocked!"

"I am Sun!"

Then, three violent shouts came out.

Several elders each occupy the three positions in the gossip The formation flag is also raised in their hands, and countless order chains and awe-inspiring righteousness rush out.

Boom! !

The four-stroke flag is reflected in the distance, countless rays of light linger between the sky and the earth, bursting into pieces of luster, like fireworks blooming, beautiful and dazzling, and at the same time, the awe-inspiring righteousness that permeates, like a godless king Soon to be born.

Four array flags converge according to the sky, the earth, the wind and thunder.

Countless auspicious lights gather at the top of each flag tip to cooperate with the chain of order gods, and they are connected to each other to form a white light net full of awe-inspiring righteousness. As for the height of 10,000 meters, under the shadow of the devil emperor.

"I am a hurdle!"

"I'm leaving!"

"I am Gen!"

"I'm going to redeem!"

Four other elders!

The four Slashing Realm existed, and they also sacrificed their formation flags. The Chain of Order and Haoran Righteous Qi rushed out, forming a white light net which merged with the previous light net to form a circular Haoran Righteous Qi light net with a small diameter. There are thousands of meters.

Eight God Kingdom Elders!

occupies the position of the gossip, mobilizes the eight forces of heaven and earth to form the seal of awe-inspiring righteousness.

"The Eight Trigrams of the Universe Has Been Completed!"

"The remaining forty-one elders followed the order to form a large array of the Eight Lights Starry Sky, and join us and other large arrays into the ancient slaying demon array!"

Elder Zhan'er yelled!

But I saw the other elders, divided into nine groups, of which eight groups, each group has five elders, and the remaining one elder from the Evil Realm, directly occupy the center of the array eye, mobilize the Eight Lights Starry Sky array, and gossip the universe. The Jade Devil Array is inside!

Chapter 2415: The wrath of the devil!

The ancient slaying demon array, where two large arrays came together, appeared!

Huhuhu! !

Huhuhu! !

White light and awe-inspiring righteousness spread all over the world.

The eight-yao star circle covered by the white light net flew directly in the sky, trying to be enveloped in the black vortex, and with its unparalleled awe-inspiring righteousness to dissipate the devilish energy, thus blocking the resurrection of the devil!

Devil Emperor!

Countless years ago, everyone was terrified by the name.

Today, the Devil Emperor is resurrected, and his combat power is less than ten in the past, but even if the forty-nine elders of the Heavenly Dao Palace are gathered, they can only form an ancient slaying demon formation, and dare not attack the Devil Emperor directly. Prevent its resurrection.

The power of the devil emperor is so terrifying!

The Devil Emperor saw this scene beneath him, his stern face, unexpectedly smiled, and said:

"When did the elders of the Heavenly Dao Palace become so courageous? If you want to change it, you should all rush and explode one by one, and use their power to prevent the emperor from resurrecting."

"Instead, it's such a waste now!"

When the voice fell, he killed the elder just like this. He manipulated the black vortex with his right hand to absorb the demon energy to strengthen himself, and his left hand was a knife. With a single blow, the black mist was overwhelming, like a heavenly sword. In the depths of the soul of the Supreme Elder, severe pain accompanied by biting ice!

噗噗!!

噗!

Immediately, dozens of Taixu realm elders spurted blood.

The Eight Lights Starry Sky Array almost exploded, and the power of the ancient Jade Demon Array could not be exerted.

"But that's all!"

"If that's the case, you should go down!"

The demon emperor gave a low cry and turned into a magic spear between his left fingers. A spear penetrated into the void. The plain spear channel did not cause the shock of the space, reaching the level of returning to the original, but when it really fell in the formation, when there was another Dozens of elders spurted blood and fell.

bang bang bang! !

bang bang bang!

In a moment!

Demon Emperor made two moves and directly broke through the Eight Desolate Star Glory Formation, losing the outer formation, and the ancient Jade Demon Formation was broken.

Immediately afterwards, before the elders of the Heavenly Dao Palace could react, the Devil Emperor's left hand suddenly took a picture, and the palm of his hand turned into a ten-thousand-square-meter-size like a demon god. On average, resounding through the generous voice of his debut.

The demon emperor's expression changed slightly, but his left hand quickly turned into a black whirlpool, absorbing the divine power of the entire array at an extremely fast speed, transforming the awe-inspiring righteousness into the supreme demon aura he needed.

Snap!

slap~~

There were several clear and broken sounds.

The universe and gossip array shattered, and the eight elders fell to the ground, spurting blood.

On the contrary, the Devil Emperor stopped the black vortex with his right hand, returned with his left hand, and the breath exploded again. The mighty power of the four directions, the body has absolute real flesh and blood, and it increases rapidly. The body of the Devil Emperor seems to have become a giant of millions of feet, like a \*\*\*\* of heaven. , Standing on the ground of the demons.

Boom boom boom! !

Boom boom boom! !

The heaven and the earth resonate, the space is shattered, and the countless black spaces are shattered by the body of the devil \*\*\*\* of the devil emperor.

The body of a demon above the sky and the earth appeared, the sky and the earth screamed, countless blood rain swayed down, and along with the squally thunder and lightning, the fragments of the city on the ground collapsed, the original indestructible city wall, at this moment, is like tofu It broke down quickly.

The mountains and rivers collapsed, the stars were dim, and countless demonic energy rushed everywhere.

accompanied by the sound of howling ghosts and wolves, it was like the end of the day. The magic sound that penetrated the soul spread, causing many people to burst one by one!

"Jie Jie!"

"Jie Jie!"

The sound of ghost crying and wolf howling is all over the land of the demons.

Soon, the land of Hezhi Demon Race, even the Lingwu Continent, began to vibrate violently. The sect sacred mountains collapsed, the rivers flowed backwards, the sun, moon and stars flowed, the starry sky was dim, and the sky and the earth burst out with lightning. Numerous potholes appeared on the ground.

now!

The devil's emperor's power is vast, and the nine heavens and ten earth are shaking!

Countless mountains and rivers destroyed a torch. Countless people could perceive the breath that made people feel like being in hell. Even the temperature of the space dropped by dozens of degrees, and countless people fell to the ground immediately.

Lingwu Continent, five major territories, one by one family, one by one sect, such as the Baili family, the Linghu family, etc., countless powerful men walked out of the room, their eyes were dull, their cheeks were full of fear, and they could not help kneeling down one after another!

in an instant.

The warriors below the gate of Lingwu Continent knelt on the ground one after another.

In the case of bad luck, each strong person is either split into dust by the lightning that falls in the sky, or is blown up by the terrifying demonic energy. Every strong person is a \*\*\*\* of the realm, a \*\*\*\* of creation, and even Yu Xingqiao warriors all knelt down without exception, this magic power, who would dare not kneel!

More than humans!

More than the mountains and rivers burst, countless rivers flooded back, flooding the cities.

Even the fierce beasts in the forests and valleys felt the breath that could put the creatures in the ice hell, and they knelt down. Whether it is the proud king beast or the ordinary fierce beast, they all kneel down. Or rush to the ground, shivering.

now!

Under the magic power, all beings are equal-all kneeling!

Without exception, the exception is dead!

The situation of the Lingwu Continent and the Demon Race Land causing the world to be destroyed is quite good.

In the Nine Nether Hell Numerous cages holding demons and demon veterans are shattered, and a veteran who can cause catastrophes in the past, after escaping from the cage, if you want to rush out, you can be a magic power When this comes.

These incredible demon lords and demons who kill thousands of people and massacre countless cities!

Kneel down one by one, and those who do not kneel die!

Even the emperors and courtiers in the Jiuyou Hell took their place, took off the official hat on their heads, and fell to the ground respectfully. Thousands of ghosts and evil spirits who did not want to kneel were swept in a magic light. After that, thousands of evil spirits burst, and millions of ghosts and demons burst into powder!

The Devil Emperor is back!

The sky and the earth shook, and the rain of blood and lightning followed.

The Lingwu Continent was almost annihilated, but the Demon Race was the most damaged. Every city was severely impacted. Many Demon Race experts rushed to an incomplete palace and knelt down one after another. Wearing a blood-colored robe and holding a blood sword in front of the statue.

among these people: "Please Demon Lord, bless me and other demon people!"

"Please Demon Lord, protect me and other people, please Demon Lord, put away Tianwei!"

"Please Demon Lord..."

.....

A burst of pleading voices came from the major cities, spreading above the big demons.

But I saw every city, every palace enshrined the demon-lord-Monarch Mochen, the blood-colored statues were full of blood, wearing solemnly holding a blood sword, and stepping on the sky, it seemed extremely mysterious! !

But at the same time!

These demon statues seem to have received the power of the faith of the people, and they are also releasing a wave of power in an attempt to stabilize the broken demons!

Chapter 2416: It can be destroyed in one thought!

The body of the devil in the sky, no one dared to stare at this moment, but the real body of the devil.

The Demon Emperor felt a little bit disgusted, and whispered: "Monarch Demon Chen, a mere beast, I didn't expect to be worshipped like this!"

He shouted angrily and slowly raised his right hand. In the palm of his hand, a very cold \*\*\*\* magic energy quickly appeared, and then burst out, and countless \*\*\*\* magic lights filled the sky. His palm seemed to be flipped randomly, and countless magic lights were Pounce towards the ground!

boom! !

In the first city, in the Hall of Demon Lord, the statue of Demon Lord suddenly burst open.

The powerful demon clan who worshipped in the Hall of Demon Lord turned into powder along with the statue.

The \*\*\*\* magic light traverses every city, and the statue of Demon Lord in the city will burst, causing the entire Demon Lord's hall to burst open, and countless people who are paying homage will follow him in their funeral!

bang bang bang! !

bang bang! !

bang bang!

Countless explosions resounded on the ground of the demon clan.

One after another, the demon statues in the city burst open, like fireworks, the bursting sound of one after another was like moving music, making the devil a little intoxicated, looking down at the ground, white lights flashed, every white light meant There was an explosion of the Demon Zun Temple and the Demon Zun statue.

This scene.

is like countless bombs, exploding one after another.

One after another, continuous, countless roars made the rain of blood falling in the sky more intense.

Soon, thousands of cities on the land of the Demon Race, the sound of white light and explosion sounded in turn!

.....

In the kingdom of God.

Xuanyuan Moxie in the Heavenly Dao Palace was shocked when he received the news, his expression extremely embarrassing.

He paced in the hall, thinking about a solution all the time.

Devil Emperor!

Suppress an era of powerful men!

Now, is it coming back?

What should I do?

can cause the earth and the earth to tremble as soon as they are reborn, the Nine Nethers tremble, the demons and the Lingwu continent are almost annihilated, how to deal with such existence?

After a while!

Xuanyuan Moxie calmed down forcibly, as if thinking about something, and whispered: "Devil Emperor, why do you want to burst your own Demon Clan's land? It is simply because the Demon Clan's people worship the monarch and demon dust instead of him?"

"its not right!"

"The Devil Emperor shouldn't be like this, such a move is simply self-destructive!"

He has never seen him, a resurrected powerful man, the first time he exploded his lair into a mess.

There is a problem with the actions of the Devil Emperor.

"correct!"

"The Devil Land and Lingwu Continent Underground!"

"The power absorbed by the Devil Emperor before was only the uppermost layer of strength under the ground, and it has not completely absorbed it, and now it bursts the ground!" Xuanyuan Moxie thought quickly, and quickly guessed the Devil Emperor's intentions: "The Devil Emperor has not yet recovered his true combat power. , He wants to explode various spiritual veins, absorb the power in the spiritual veins, and restore to the peak state!"

Xuanyuan Moxie directly ordered: "Pass the order to the Supreme Elders. The Devil Emperor has a problem. It is not the best state at this moment. Don't let him absorb the power of the underground spiritual veins. Kill the Devil Emperor at all costs, hurry!"

nowadays!

only forty-nine elders can be dispatched at all costs.

on the ground of the demons.

A black-robed elder in the Heavenly Dao Palace took off the jade pendant for communication, raised his head and stared at the body of the demon \*\*\*\* of millions of feet, haunting countless blood fog, looking extremely terrifying, he pressed his heart and said: "Everyone, you must not let the demon The emperor is truly resurrected!"

"Nowadays, such a terrifying Devil Emperor is just illusory!"

"The old man took a survey and found that he has only recovered to the power of the first or second level of the Zhan'er Realm!"

"I wait for the burning avenue and the blood, I will definitely kill him!"

The Devil Emperor is just pretending to be strong, but the inside is extremely weak.

Hearing these words, the black robe elder shot a divine light from his pupils, piercing through the layers of space and the magic fog, but he saw that the Demon Emperor was absorbing the power of the spirit veins from the depths of the Demon Race, he couldn't help but shouted. : "It's true, the Devil Emperor must be killed!"

"it is good!"

"Since I am the elder of Tiandao Palace, I must die for the sake of protecting the palace!"

"Now that the Devil Emperor wants to resurrect, he must be the enemy of my Heavenly Dao Palace after resurrection. At this moment, let me go and burn my blood and the avenue to kill the Devil Emperor."

An elder Zhan'er said.

In an instant, the emotions and atmosphere of the elders have been set off to a certain height, and each of them offered their own avenues, some ten million meters long, some tens of millions of meters long, and all the elders carried out their full shots almost at the same time. On the chest, a mouthful of blood spurted out, and then used this as a guide, bursting out a very strong combat power!

Huhuhu! !

Huhu! !

in an instant!

Forty-nine fire-colored beams of light burst into the sky.

Every elder is full of flames, all burning essence and blood, and even the avenue behind them begins to burn. The extremely long avenue burns and compresses power, which directly causes their combat power to increase several times out of thin air.

Original!

Arrange the ancient slaying demon array, and everyone's combat power is injured by the demon emperor.

The injury is not light. At this moment, the blood and the avenue are burned in exchange for combat power, but it is in danger of death. Even if the injury is minor, it will leave an injury that can never be cured!

Boom! !

Boom! !

There were several explosions.

The black robe elders and a few others sacrificed a sword at the same time. The three sword lights were like stars tracing back time and space, illuminating the dark and \*\*\*\* sky. The sword spirit lingered in the whole body, and the gloss turned into The meteor soared into the sky, hitting the body of the Demon Emperor, causing explosions.

The Devil Emperor's face changed slightly, but he did not expect that these people were dead waiters, with blood leaking from the corners of his lips. He turned around and noticed the people who had been killed. He soon reduced the body of a million-meter demon \*\*\*\* to the size of a human, although it expanded his body and could absorb it. Heaven and earth aura enhances combat effectiveness, but in the face of so many enemies, enlarging the body is equivalent to giving the enemy a living target.

"The Devil!"

"I am waiting to fight you!"

"Devil Emperor, die!"

.....

Dozens of violent shouts came out!

More than a dozen figures fought closely with the Devil Emperor. The sound of countless golden Ge resounded through the sky, and many holy soldiers burst open. Every fragment fell like a meteorite, falling into the night sky, causing the ground to shake.

When the Devil Emperor himself faced the crowd, two magic lights burst out of his indifferent eyes and shot directly through the chests of the two Supreme Elders. Turning around, a \*\*\*\* magic sword appeared in his hands, dancing out, the sword light was cold and solemn. A sword pierced out, the sword light burst out, and hit one of the elders.

boom! !

is like a round of stars exploding.

The body of the elder was broken and he exploded thousands of meters away, and his injuries were serious.

The devil emperor severely inflicted an elder of the Evil Slayer with a single sword. Before he could react, dozens of elders behind him attacked the devil emperor from all sides at the same time. The devil emperor turned around and exchanged injuries, repelling dozens of them. Elder, however, was also hit by a holy hammer in his chest, and his injuries were not light. .

If he recovers to his peak, how can these people have a chance!

can be destroyed in one thought!

Chapter 2417: Familiar 1 sword!

But he must live now!

Otherwise all previous efforts will be lost!

bang bang bang! !

Boom! !

In an instant!

The two sides fought tens of thousands of moves.

After all, the speed of the Demon Emperor was slower. Facing the attacks of dozens of enemies, the injuries were not light. His body was covered with sword and knife wounds. A drop of demon blood dropped on the continent like a star, smashing the ground of the demon clan violently. .

"Wait!"

"Since I want to die!"

"This Emperor fulfills you and waits!"

The Demon Emperor shouted violently, his left hand evolved the Supreme Demon Clan's secret method, and then he swung the magic sword with his right hand to stab it out, and the magic light burst into the sky, directly hitting more than 30 elders, and hitting more than 20 severely.

Afterwards, the Devil Emperor staggered a bit, and quickly came to the ground of the Demon Race, his body grew stronger, and he grabbed several spiritual veins from the ground of 10,000 meters with one hand. The original spiritual veins were shaped like dragons and filled with various crystal stones. When the pulse reached the hands of the Devil Emperor, the huge spiritual power contained in it was quickly absorbed.

Huhuhu! !

Huhu! !

There was a sound like drinking water.

There are tens of thousands of meters of spiritual veins in one section, a total of thirty-seven sections, all absorbed by the Devil Emperor, and burst into the sky.

The devil emperor's aura suddenly increased, completely engulfed, standing in the sky, holding a sword, his whole body exuded the world's demon power, he was like an ancient demon god, his murderous aura spread to the world. !

With the power of one person, another dozen elders of the Slashing Evil Realm were fought again, and the breath broke out, and a scarlet protective shield was produced, which resisted the attacks and killings of many elders!

Boom! !

Boom!

The Devil Emperor pulled an elder to fight, and the weapons collided between the two, flashing various brilliance!

He slammed out with a sword, and with a single forceful stab, thousands of sword auras appeared. Directly with the sword, he defeated the elders in the fifth-tier heaven of Slashing Evil Realm. Although the whole body was overflowing with blood, it showed Be the demon god!

Puff puff!

噗噗!

Dozens of blood spurting sounds came out.

The many elders of the Heavenly Dao Palace almost lost their power in the first battle.

An elder with a strong aura also couldn't afford to be injured. Looking back at his colleagues, he said: "Before it was burning the avenue, now, prepare to burn the avenue and thoroughly burn the blood and blood. If this battle is not won, all the kings will die. , My Heavenly Dao Palace is also in great danger!"

"it is good!"

"Everyone, burn the main road!"

"Everyone, burn your blood and effort!"

There were loud shouts.

An elder in the Heavenly Dao Palace completely burned his blood and blood, and even the road behind it burned with all his strength.

Previously, burning was the physical essence and blood and the avenue, which would only be severely injured, but now that the heart and blood and blood are burned, few people will survive this war. As for the burning avenue, it is a matter of compressing the avenue and burning it out. The avenue is the avenue as the burning material, and it burns completely. Over time, the tens of millions of meters long avenue will be burned into ashes!

bang bang bang! !

bang bang!

Dao Qi and blood burst into the sky.

Forty-nine elders of Tiandao Palace, all of them turned into fire people, even if their eyes were filled with flames, the road behind them would break into pieces every time they burned for a period of time. Based on self-destruction, they burst out beyond. Two or three times the combat power of the body!

An elder rushed to the sky to fight with the Devil Emperor.

After each elder burned his foundation, his speed was much faster and his attacking power was also extremely fast. Especially the strongest elder, the sword in his hand was clacking, and his sword aura was violent, and each heavy was like waves of the sea. Generally turbulent, sweeping through the sky, with countless luster rushing out.

锵锵锵!

锵锵!!

There is constant crackling.

The Devil Emperor swung his sword to resist, and blood-colored shields appeared all over his body. The body was in a state of state, sometimes with a sword splitting an elder, sometimes kicking an elder Fei Ling, turning around and suppressing everything.

The nine strongest men from Heavenly Dao Palace besieged the Devil Emperor.

The rest of the elders all released sword energy and sword light from the periphery, attacking the Devil Emperor from a long distance. Their realm is not high, even if they burn the background, they are still not the opponent of the Devil Emperor, and they will even be killed by a single blow when they are close.

The main force is the nine elders!

is like a ghost, flashing between heaven and earth, constantly attacking the devil emperor.

The devil emperor's body and speed are also extremely fast, constantly offering all kinds of supreme secret methods, sometimes transforming into a magic dragon. The dragon is huge, and its scales are like steel. It sweeps by and knocks several elders into the air. Draw a variety of ancient beasts in between, such as 梟杓, gluttonous and so on.

With the power of one person!

Fight against the forty-nine elders of Tiandao Palace and kill them all.

The blood of the Devil Emperor was splashed, and the elders of the Heavenly Dao Palace were also splashed with the blood of the gods. Many of the elders' limbs were cut off by the Devil Emperor with a single sword, and then quickly recovered, were cut again, and recovered.

To the Supreme Void Realm and Zhan'er Realm, as long as the strength does not reach the level of crushing.

That can almost fight for a long time, and the self-healing ability of both sides is also extremely strong.

At the moment when the Demon Emperor was swaying his blood and nirvana with many elders, in a black space above the sky, faintly black space fragments emerged. A man in black robes slowly walked out of the space tunnel, shielding the breath of the whole body. , Hidden in the dark clouds to observe the battlefield situation.

boom!!!

An explosion sounded.

The devil emperor turned the knife with his left hand, and slashed it out. The blade was so thick and heavy that it seemed to cut through the air.

The other elders came one after another, offering their own saint soldiers to resist the magic sword.

Huhuhu! !

Huhu!

The sound of the shattering void of the sage soldiers came out.

The Devil Emperor yelled violently, and \*\*\*\* shields rose up all over his body, blocking the holy soldiers, and struggling with the elders in the mid-stage Slashing Realm before him.

bang bang bang! !

bang bang!

accompanied by the explosion sound The Saint Soldier could not break the scarlet shield, and the Devil Emperor could not kill the others in front of him. The two sides fell into stalemate.

At this moment, the black-robed man in the black cloud suddenly shuttled through the space and came to the back of the devil emperor. His eyes showed endless sarcasm. He seemed to be very familiar with this environment. The blood sword in his hand was slightly glowing, restrained and powerful. Killing power.

Hoo!

A sword stabbed out.

It looks like the clouds are light and windy, but it is full of extinction demon energy, and wants to kill the resurrected Devil Emperor again.

He is Jun Mochen!

The ancient battlefield, he has fallen the Devil Emperor like this!

The picture reappears at this moment!

The Devil Emperor reacted quickly, hung the Devil Sword in the air with his right hand, grabbed the pierced blood sword, and stared at the black-robed middle-aged man in front of him. His expression was excited and angry: "Jun Mochen, it's you again!"

Jun Mochen!

The Demon Lord enshrined everywhere in the Demon Race!

All his idols were destroyed by the Demon Emperor before, but he did not expect that Jun Mochen would personally attack and kill him.

Click!

Click! !

The blood sword was pinched by the Devil Emperor's right hand, and Jun Mochen burst out and waved the blood sword with all his strength, but saw the blood sword constantly slashing from the Devil Emperor's palm, bursting out sparks of debut.

"Hahaha!"

"Devil Emperor, are you still alive now?".

"Look around you, the forty-nine elders of the Heavenly Dao Palace burn their heritage and want to kill you!"

"If you hold the sword now, your physical body has recovered a bit, but it has only recovered to the second level of the Evil Slash. How long can you last with the energy of the underground spirit vein?"

Chapter 2418: 8 parties help!

Jun Mochen laughed unscrupulously, seeing his blood sword about to pierce the heart of the Devil Emperor, and he was even more delighted.

While increasing the magical power in his body, he was enjoying the thrill of assassinating the devil emperor. He couldn't help laughing and saying, "Devil Emperor, Devil Emperor!"

"My Lord Demon Chen can kill you once, and can kill you a second time!"

"Regardless of whether you can block my sword, the strength in your body alone won't last long."

"At that time, the blood-colored shield will shatter! The deity's sword cannot pierce your heart, and other people's swords will fall on you, and you will be divided again!"

These words are indeed effective. The Devil Emperor, who was full of devilish energy before, was a little beastly at this moment.

He seemed to recall the events of the ancient times. He had a lot of nirvana, but he was attacked by the monarch Mochen. He was pierced into the heart by one of his swords, shattering the whole body meridians, heart nucleus, and brain nucleus, resulting in physical body Cracked and died on the spot.

Could it be!

Do you want to repeat the same mistake today?

The villain, Lord Demon Dust, would actually kill this emperor for the second time?

The Demon Emperor was sad, looking back at the surroundings, he shot everything and was gradually counterattacked by the elders of the Heavenly Dao Palace. It would not last long. Even if the blood-colored shield maintained by his left hand could block the attacks of more than 40 elders of the Heavenly Dao Palace, it could not last long.

Once the scarlet shield shattered, the magic knife was shattered.

Even if he still held the blood sword stabbed by Jun Mochen, he would still be beheaded by the Supreme Elder of Heavenly Dao Palace.

"The Devil!"

"go to hell!"

Monarch Magic Dust exploded with all the magic power, and the magic power soared to the sky, causing the scarlet shield to crack.

He stabs the blood sword in his hand with all his strength, and it has almost penetrated the skin of the Demon Emperor, and the blood of the Devil's Demon has appeared.

"Everyone, work hard!"

"The Devil Emperor is dying!"

"Shoot with all your strength and kill the Devil Emperor!"

"Kill the devil emperor, don't hesitate, don't hide your privates, try your best to kill the devil emperor!"

Many elders of the Heavenly Dao Palace, etc. yelled again and again, and they were fully attacking the Scarlet Guard of the Devil Emperor.

Kaka~~

Click~~

There was a crisp sound from the scarlet shield, and the appearance of cracks grew more and more.

Devil Emperor also hesitated, not knowing how to respond.

At this moment, another space crack appeared!

"I haven't arrived yet, I can't end it!"

Ye Chen stepped out of it, and the Blood Demon Sword in his hand resonated with the Demon Emperor, and he rushed away!

The Blood Demon Sword came in file, and the surrounding area was shimmering with scarlet luster, swept the endless wind, and directly blew many Tiandao Palace elders.

As soon as the Devil Emperor grasped the Blood Demon Sword, a sword was sacrificed, and in an instant the blood cloud surged from all directions, knocking away the monarch demon dust in front of him, and then slashed dozens of swords horizontally. Every sword aura had the opportunity to destroy the world. On every elder and Jun Mochen, it was like a purgatory falling on them.

There were countless resentful spirits crying.

The heart-piercing shouts are always affecting the minds of these strong men!

The Devil Emperor once again offered a sword, and directly killed an elder at the peak of the Supreme Void Realm, and then fought fiercely with the remaining elders.

boom! !

An explosion sounded.

Jun Mochen directly blasted the purgatory that enveloped him, and continued to kill the Devil Emperor.

Ye Chen suddenly rushed, and the Zhutian God Demon Spear appeared in his hand, blocking the blow of Jun Mochen, but he exploded back thousands of meters, spurting blood!

He broke into the core place and was already seriously injured!

How to stop the Monarch Mochen in the Evil Realm now!

Fortunately, at a critical moment, the Red Dust Divine Veins and Immortal Divine Body were all activated!

And that Lingfeng divine vein that has been unstable has been activated!

Continuously absorb the power of Jun Mochen's blow!

"Boy, take the sword back and use it."

The Devil Emperor took a complicated look at Ye Chen, feeling relieved and moved!

After that, he turned around and looked at all of this, and directly threw the Blood Demon Sword in his hand to Ye Chen, and once again used his own Demon Sword condensed with demon energy to make hundreds of moves, but many elders in the Heavenly Dao Palace joined forces to fight back. Down, failed to kill one person!

"The sword is good!"

"Unfortunately, it's not the emperor's!"

The Devil Emperor was a little bit emotional. Previously, Ye Chen sacrificed the bleeding Demon Sword to help him out.

It's a pity that the Blood Demon Sword is not his own. After using it for a while, he received the power of backlash, and Ye Chen was attacked by Jun Mochen and simply returned it to Ye Chen.

"The Devil!"

"Catch it!"

Ye Chen threw the Zhutian God Demon Spear to the Demon Emperor.

The Devil Emperor is worthy of resurrection, and he doesn't have a good weapon in his hand. Otherwise, after fighting for so long, the Heavenly Dao Palace will not completely die an elder, and he would use the Blood Demon Sword to kill.

The Demon Emperor got the Zhutian God Demon Spear, and then fought with the elders of the Heavenly Path Palace, gradually crushing the many elders!

His danger has been removed!

If Ye Chen doesn't come!

He is very likely to fall again!

Huhu!

Huhu! !

Ye Chen confronted Jun Mochen again, and the killing avenue emerged from behind. The blood demon sword in his hand bloomed with magic light, and the whole person exuded a breath of energy that could dominate the world, his eyes were full of blood, and the whole person was enchanted and waved The Blood Demon Sword used the Supreme Sword Art to fight with the Emperor Demon Chen.

"brat!"

"Dare to come and die!"

"This Lord will make you perfect!"

"I was seriously injured, and you can't compete with you now!"

Jun Mochen still holds the blood sword, and fights with Ye Chen, the whole body's demonic energy surges, and countless generous voices are heard.

Ye Chen is no match at all!

Jun's Demon Dust Blood Sword stabbed out, pierced Ye Chen's chest, and knocked it out, but he had never suffered any injuries!

As a terrifying existence in the mid-Slash of Evil Realm, even if he is injured, Ye Chen can't help him!

"Jun Mochen!"

"Suffer to death!"

The Devil Emperor saw Ye Chen seriously wounded, turned around and stabbed out with a shot, thousands of spears appeared, every spear was real, but because the tip of the spear shook very quickly, tens of thousands of spears were produced.

"Blood Sword Warriors!"

"kill!"

Monarch Mochen also offered his own tricks, the blood sword in his hand continued to shine with various sword lights, and the sword light was like a raging sea.

bang bang bang! !

bang bang!

After a burst of sound came out, the \*\*\*\* sword energy was shattered.

Jun Mochen was pierced by a shot in his chest, fell to the ground, and smashed a large hole, the whole body was overflowing with evil blood, and his injuries were extremely serious.

"Damn the emperor!"

"Damn boy!"

"Clearly to kill the Devil Emperor, this kid is here!"

"Looking for death!"

Jun Mochen roared up to the sky, and along with the sound, space cracks appeared everywhere. Dozens of demon clan powerhouses slammed out, some of them were the first and second layers of the sky in the Evil Realm, and some were the peaks of the ninth layer of the Supreme Void Realm. There are more than fifty people!

These strong men were prepared secretly by Jun Mochen, just in case!

For a long time, Jun Mochen likes to prepare with both hands!

"See Demon Lord!"

"See Demon Lord!"

"See Demon Lord!"

More than fifty masters of the demon clan knelt down in the air, staring at Jun Mochen, with absolute respect in their eyes.

Jun Mochen got up, the blood hole in his chest healed automatically, and said: "Kill the Devil Emperor!"

"Yes!"

"Yes!"

Many high-manual shafts are launched, each of the Taixu demon soldiers, knives, swords, halberds, axes, hooks and forks, etc., are attacked from all sides. Each weapon carries the power of the law of destruction, and at the same time attacks and kills the demon emperor!

"You are waiting for the demons!"

"Betrayed the emperor!"

The devil emperor was very angry, hitting an elder with a palm, turned around and waved the \*\*\*\* of death spear, the tip of the spear propped up a blood-colored barrier to resist the attack and killing of the demon soldier!

bang bang bang!

Boom! !

Many magic soldiers bombarded the blood-colored barrier, causing ripples.

The penetrating power was so strong that the Demon Emperor was spurting blood. This side was able to block the Demon Race powerhouse, and the elder of the Heavenly Dao Palace over there killed it again.

One time.

More than a hundred powerful men of the Supreme Void Realm and Slashing Evil Realm besieged the Devil Emperor.

Even if the Devil Emperor has a handy weapon in his hand, it is difficult to parry, and he is in trouble again!

Snap!

Click!!

The devil emperor's shield was shattered, his chest was pierced by Jun Mochen and the elder of the Heavenly Dao Palace, and he quickly burned his body's magic power to the side. The space he was in was quickly shattered by the major powers, but the speed was fast enough. Otherwise it has fallen on the spot.

So many masters!

Even the ninth-tier heaven-level master of Slashing Evil Realm could hardly stop him.

Just as the Devil Emperor was about to be hit hard again, the space was torn again, a blood-robed middle-aged man was killed, armed with a blood knife, and immediately smashed to death the two powerful demon clan powerhouses at the peak of the Ninth Layer of the Supreme Void Realm. !

嗖嗖嗖!!

Whizzing! !

Soon, more than 30 figures rushed out of the space crack, accompanied by the blood-robed middle-aged man attacking the Heavenly Dao Palace and the masters of the Demon Race!

In just a few moments To the effect of the Heavenly Dao Palace and the Demon Race, they lost more than ten masters of the Eighth Layer of the Supreme Void!

The sound of the sky is even more loud!

"The devil is the beginning of the opening of heaven and earth."

"Devil is not the source of evil in the world."

"The devil, with the common people in his heart, dare to shake the kingdom of God!"

"The devil, dye the sky with blood, shake the courageous world!"

"Devil, dare to laugh at the Emperor of the Three Realms, and destroy the Heavenly Dao Palace with the sword!"

The middle-aged man in the blood robe led a group of masters of the Supreme Void Realm and Slashing Evil Realm, knelt toward the devil emperor volley, and said: "Devil Lingzi leads the crowd, and see the devil!"

The Devil Emperor saw Mo Lingzi, his eyes were happy!

This is the only person he trusts!

"Hahaha!"

"Okay, okay, someone from the emperor's former subordinate has finally arrived!"

"Devil Lingzi, this should be your body, not the clone you saw last time."

Mo Lingzi smiled slightly: "Naturally is the ontology! Since that incident, my ontology has been in the kingdom of God, the devil, I found a chance against heaven in the kingdom of God! This chance is born for your resurrection!"

"I knew that one day, you will come back strong!"

"it is good!"

"Heavenly Dao Palace, Jun Mochen, both of you, don't leave alive!".

The Demon Emperor laughed unscrupulously, and his subordinate Demon Lingzi led many tribes to support him.

Chapter 2419: I can die, but you can't!

Ye Chen looked at the devil in the distance, frowning.

He discovered that the Mo Lingzi at this moment was completely different from the phantom in the hometown of the Devil Emperor in the Nether Canyon!

Is it true that the inheritance of the demon spirit in the Secret Realm of Thang Long is a lie?

Or, in other words, all the legends about Mo Lingzi in Lingwu Continent are only made by the clone of Mo Lingzi?

Mo Lingzi knows that the Devil Emperor will be born again!

Have been practicing in the kingdom of God?

At this moment, Ye Chen found that the cultivation base of Demon Lingzi was in the Slashing Evil Realm!

And there are many Demon Emperor's subordinates who are above the mid-term Taixu realm!

There are even a lot of Evil Realm!

These people didn't have any injuries, they were all peak cultivation bases!

Tiandao Palace and Jun Mochen lay out to kill the Devil Emperor!

And Mo Lingzi has been hiding the kingdom of God, cultivating under the eyes of Heavenly Dao Palace, and even gathering all the loyal people of the Devil Emperor!

only for today!

If the chess of Tiandao Palace today is a kill chess!

Then the chess of the demon spirit piece is a dangerous chess that has been laid out for thousands of years!

But now, it seems that Mo Lingzi is betting right!

At the same time, Monarch Demon Chen and even those hard-hit divine kingdom powerhouses were stunned!

The endless suppressed devilish energy looks like a monstrous monster staring at them!

Headed by Devil Emperor, Demon Lingzi and many subordinates are released with murderous intent, and the devil's energy reaches the sky!

seems to overlap with the ancient picture!

A seriously injured elder Zhan'e of the Kingdom of God looked at Jun Mochen and said coldly: "Jun Mochen, you should know what's going on right now!"

"This time, if you don't use your full strength, you and we will both die!"

Jun Mochen's eyes were cold and jealous. He looked at Mo Lingzi and said coldly: "Mo Lingzi, I should have thought of you as a suspended animation."

"After the outside world reported that you had fallen, I searched the entire Lingwu Continent and Demon Realm with magic techniques, without your breath."

"But I didn't expect you to be in the kingdom of God!"

"Devil Lingzi! Are you sure you want to stand on the side of the Devil Emperor? It is not that simple for the Devil Emperor to restore his peak!"

"And now the power of the kingdom of God can far exceed the ancient times!"

"I can assure you that the Devil Emperor will still die!"

"Even if we are defeated, the power of the kingdom of God is endlessly hunting down, can you bear it!"

"Devil Lingzi, if you choose to abandon the devil emperor now, maybe you still have a living!"

But at this moment, Mo Lingzi smiled, his blood robe danced and disappeared in an instant!

In the next second, he appeared beside Jun Mochen!

Take it out with one palm!

Endless blood entangled in the palm of his hand, and slapped Jun Mochen's face fiercely!

If it were the Jun Mochen at its peak, it would definitely be able to contend!

But now Jun Mochen has been seriously injured! How to fight against the devil!

He was fanned a hundred meters in an instant!

The palm prints on his face are like blood!

"Jun Mochen, you beast! Betray the Devil Emperor! You will die today!"

"Even if I die, my devil will not betray the devil emperor!"

"Because the emperor in the world, only the Devil!"

"You do not deserve!"

Jun Mochen stabilized his stature and hideous face, he looked at the many powerful demons behind him, and roared: "Ning formation, kill me! Don't keep one!"

And the elders of the Kingdom of God did not dare to take it lightly, and also said loudly: "Elders of the Kingdom of God, condense the formation, Emperor Zhu!"

Two formations converge! Like two giant phantoms that pass through the sky!

And the Demon Lingzi didn't talk nonsense, and said to the people behind him: "Everyone listens to the order, protect the Devil Emperor, activate, Ling Tian protects the Emperor formation!"

In an instant, a more powerful formation phantom appeared!

The three giant figures collide at this moment!

Countless blood surges!

In an instant, there are tens of thousands of moves!

Countless blood splattered!

Ye Chen vaguely saw the elders of the Kingdom of God, the subordinates of Jun Mochen, and the subordinates of the Devil Emperor falling continuously!

turned into blood mist and burst in the sky.

The phantom of the three formations is getting weaker and weaker.

And the Devil Emperor also pointed his gun at the sky, killing everyone!

This is a war of mixed worlds!

In the end, only a few people will survive!

Ye Chen slowly rose from the sky, his face was a little pale, but he was also ready for a big fight!

He just wanted to rush to the sky!

Heaven and Earth Vision!

A huge formation revealed!

The power of heaven comes!

This time, Tiandao Palace really can't sit still!

Xuanyuan Mo Xie is terrified!

Even on the basis of damaging Tiandao Palace, kill everything!

An ultimate energy surges in the sky!

Not only to kill the Devil Emperor, but also to kill everyone present!

This is the destruction plan of Tiandao Palace!

Devil Emperor and Demon Lingzi, and even Jun Mochen's face changed drastically!

lunatic!

Tiandao Palace, what kind of lunatic behavior is this!

Demon Lingzi no longer hesitated, came to the Demon Emperor, and said to many demon tribes:  
"Today, you are willing to die for the Demon Emperor!"

The next moment, roars filled the sky!

"I am the Devil Emperor, and I wish to die for the Devil Emperor!"

"I am the Devil Emperor, and I wish to die for the Devil Emperor!"

"I am the Devil Emperor, and I wish to die for the Devil Emperor!"

.....

This is the determination of the Demon Emperor!

Not afraid of death!

Demon Lingzi guarded the devil emperor, and said seriously: "Devil emperor, in a moment we will blow up, tear the void and forcibly send you into the kingdom of God."

"Devil Emperor, please go to that place of inheritance, I have prepared everything for you!"

"Enough for you to recover to the top!"

"If you haven't reached the peak, don't avenge us!"

The devil's eyes are angry!

He is angry with himself!

He is angry and cannot protect his subordinates!

Why!

Why!

At this moment, a teardrop fell from the eyes of the Devil Emperor!

These are the tears of the Devil Emperor!

Tears surrounded by endless demonic energy.

Suddenly, Mo Lingzi thought of something and looked at Ye Chen not far away!

"Ye Chen, at the beginning of the Devil Emperor's hometown, my spirit took Yin Ming from Xuan Yuezong as a disciple."

"After I actually took her to the Kingdom of God!"

"I know that the Devil Emperor will be resurrected this year, so I can only give her to the old man in Mangshan Villa."

"Bone is always my friend in the Kingdom of God, enough to be Yin Ming's teacher!"

"He also knows the whole thing. If you go to the Kingdom of God in the future, you can go to the Mang Mountain of the Kingdom of God to find Yin Ming!"

"However, my energy is limited and I cannot teleport the Devil Emperor with you. I can only send you back to Xuan Yuezong."

Ye Chen was startled slightly, but he nodded and silently noted the position.

He is going to the Kingdom of God after all.

Now it seems that the Devil Emperor will also go to the Kingdom of God to restore his peak.

As for where the land of the kingdom of God is, Ye Chen knew that he didn't need to know.

The next moment, Mo Lingzi finished explaining everything and knelt before the Devil Emperor!

All the Demon Emperor's subordinates knelt down!

"The blood of my waiting, shed for the devil!"

a heavy kowtow!

Then, they stood up, their eyes definitely reaching the extreme!

Resolutely to die!

Five-finger pinch, the blood burns!

Devil Emperor and Ye Chen tore the void behind!

The Devil Emperor glanced at Ye Chen complicatedly, and threw the Zhutian God Demon Spear!

"Ye Chen, thank you for your help!"

"I will repay this kindness with eternal life, and I will return this gun to you!"

"You have more important things to do, this emperor doesn't want you to fall."

"Even, you are more important than the emperor!"

"I can die, but you can't!"

## Chapter 2420: Another reincarnation monument

The Devil Emperor threw the Zhutian God Demon Spear to Ye Chen, waved his hand to step into the torn space, and said, "Goodbye to our kingdom of God!"

"I hope you and I can smash the Kingdom of God Tiandao Palace together!"

This scene instantly made Jun Mochen and the elders of the Kingdom of God angry!

How can the Devil Emperor leave!

All of them can die, but the Devil Emperor can never live!

All the strong survivors Qi Qi released to the extreme!

ready to kill the Devil Emperor!

But it's too late!

Their eyes are full of disappointment and hatred!

Just when the Devil Emperor is about to step into the gate of the void!

An old man wearing a Taoist robe suddenly appeared!

"Devil Emperor, my uncle died because of you! You can stay!"

Dao robe old man has a strong aura!

In an instant, he held a sword and stab at the Devil Emperor!

With this sword, the Devil Emperor must die!

And this scene made the elders of the Kingdom of God Tiandao Palace ecstatic!

"It's a heavenly man!"

"Tianji Taoist made a move!"

"Haha, the devil is dying!"

"Tianji Taoist, but the palace owner personally invited him out of the mountain!"

"The lord of the palace is too wise, who knows this dangerous game!"

The Tianji Taoist who suddenly appeared broke all balance!

is destined to ruin everything!

The Devil Emperor who stepped into the Void Gate obviously felt something!

But he is destined to be unable to fight back at this moment!

because of his power has entered the kingdom of God on the other side of the Void Gate!

He gave the most dangerous back to someone else!

If this sword pierces the body, everything is over!

An accident appeared in the eyes of the Devil Emperor, but he quickly recovered: "Perhaps, this is my fate."

Jun Mochen was in ecstasy, with a ferocious face: "Devil Emperor, you are familiar with this scene, but the sword behind it is not my stabbing this time, but someone will do it for me!"

Mo Lingzi and many subordinates are discouraged!

They can't stop them now!

It's too late!

Angry! Disappointed! pain!

Countless complex emotions surging!

Everything fell short!

Tianji Taoist also showed a smile: "I have been hiding in the dark for this moment."

"It's over."

Just when the sword intent was about to pass through the body of the Devil Emperor, a young man suddenly appeared!

Ye Chen!

Ye Chen is here!

"The Devil, go!"

At this moment, Ye Chen chose to stand in front of the Devil Emperor!

The Devil Emperor saw this scene and quickly said: "Ye Chen! Go! Go!"

"How can you die!"

But the sword still fell.

Wuji Taoist knew that Ye Chen would appear for a long time, and snorted coldly: "It's only a closed door, I still want to die."

"And, you can't save the Devil Emperor!"

Just when Dao Sword was about to pierce Ye Chen's body!

Ye Chen's whole body unexpectedly released a very strong light!

The rays of light converged on a Tai Chi gossip picture and blocked Ye Chen's body!

Not only that, Ye Chen's dantian gushes out countless chaotic lights, just like branches and leaves!

At this moment, no one noticed the expression of Taoist Wu Ji.

Extremely shocked!

His hands are shaking!

"Uncle Shi..."

He thought that Shishu died in the hands of the Demon Emperor, but he did not expect that the young man in front of him was his Shishu!

This array, this chaotic power, is only possible with Uncle Master!

The next moment, he slammed back his power!

Even the bones of his hand holding the Dao Sword shattered!

That powerful sword went to the elder of the Heavenly Dao Palace!

At this moment, everyone was stunned.

The heavenly secret Taoist of the Kingdom of God, who is aloof, did not kill Ye Chen!

instead dealt with them Tiandao Palace!

What's happening here!

What a joke!

The nearest elder of the Kingdom of God said in horror: "Tianji Taoist, you are wrong!"

"The palace lord asked you to kill the Devil Emperor, not us!"

However, at this moment, the Heavenly Ji Taoists gather for murder! Shouted!

"Uncle mover, Zhu!"

"The Kingdom of God Tiandao Palace is no exception!"

The door to the void of the Devil Emperor closed.

Ye Chen was also teleported away by another void gate.

Ye Chen knew that at the most critical moment, Chaos Star Tree had taken action.

And the Chaos Star Tree, that is, the little Taoist that I met in the land of ten thousand demons, turned out to be this powerful Taoist master's uncle!

Soon, the power of the sky and heaven came!

.....

Three days later.

After Ye Chen teleported back to Xuan Yuezong, he slept for three full days!

He is too tired, he has been asleep these days.

And Master Du Cheng from the Kingdom of God also came to pick him up.

Master Du Cheng delayed too many days for Ye Chen, and tomorrow is the last day.

He must go to the Kingdom of God.

Then, Ye Chen, Xia Ruoxue, Sun Yi and others kept warm.

The effect of transmitting bloodline power is obviously reduced.

But according to Xia Ruoxue and Sun Yi's current cultivation speed and resources, the Taixue Realm is not too far away.

Of course he wanted to take them to the Kingdom of God, but Ye Chen knew that he was full of dangers in the Kingdom of God.

is not stable yet.

Only by rooting down can they protect them.

In the Lingwu Continent, Xuan Yuezong is enough to protect everything.

Yin Ming is in the kingdom of God, the devil is in the kingdom of God, Ji Lin is in the kingdom of God, and Ji Siqing is also in the kingdom of God.

No matter what, this trip to the kingdom of God, he wants to meet these people!

There are more important things!

The masters of the reincarnation cemetery are in the kingdom of God!

Tiandao Palace is also in the Kingdom of God!

The secret of my own life experience is more in the kingdom of God!

At night, Ye Chen stood on the square outside the Xuanyuezhong hall, his face was filled with memories, thinking that when he first came to Xuanyuezhong, he clashed with Zhao Ping here and was seriously injured by his breath...

But in a blink of an eye, he has become the number one power in Lingwu, the first genius on the Xuan list helped Xuan Yuezhong become the most terrifying and powerful force in Lingwu Continent, and now, he is going to leave here.

Go to the Kingdom of God, I don't know when I can come back again!

Can you really find the Devil Emperor?

Shen Kingdom Tiandao Palace, Reincarnation Cemetery, Shen Kingdom Ye Family, Nine Heavens Shenlong Palace, what kind of connection is there?

Perhaps the game set by Grandpa, the real battlefield, should be the so-called Kingdom of God.

At this moment, behind Ye Chen, a soft and charming female voice said: "Junior Brother, what are you doing here?"

Ye Chen turned his head, Zi Ning was standing behind her, her beautiful eyes rippling with the moonlight.

Ye Chen smiled and said: "I remembered the past, Senior Sister, how is your injury?"

Zi Ning said with a playful smile: "My cultivation base can be improved a lot. With the help of opportunity and the resources of Xuan Yuezhong, it has become a lot stronger. What is this little injury?"

"However, I have always felt a bit weird in my body lately, and the speed of my cultivation has become a bit weird."

"If I guessed correctly, it is because of the samsara monument sealed in my body by the master."

"The reincarnation monument faintly nourishes my whole body."

"This is the first time that has happened in years... Is it because I am now stepping into the lockdown? This is effective?"

As she said, she also looked at the square and couldn't help but smile: "You were really capable of causing trouble at the beginning. Once you came to Xuan Yuezong, you offended the elder's disciple. You are the first one I have ever seen, but I it is because of your arrogance, this kind of spirit of never bowing your head, that will fancy you."
