

Urban 2501

Chapter 2501: The power of demon fire!

"give up!"

"Otherwise, if this continues, your immortal divine body and demon body will be directly incinerated by Qinglian Demon Fire!"

Qinglian Demon Fire!

What a existence!

What a powerful flame, an Evil Slayer Realm powerhouse, once tried to refine it without success.

The powerhouse at the Seventh Floor of the Supreme Void Realm also wanted to refining, but after refining for a day and night, he was directly incinerated by the Qinglian Demon Fire!

Qinglian Demon Fire is extremely domineering, extremely cruel, extremely fierce, and it is impossible to refine it without absolute power. Although this is Ye Chen's only way, the only way to quickly improve his combat effectiveness, it is almost impossible. !

"Old man!"

"What a mere Qinglian Demon Fire!"

"If I encounter difficulties, I will give up. Ye Chen would have died a long time ago. How can I get to this step today!"

Ye Chen would never give up, no matter what, what he wanted to do, and the goal he wanted, he would never give up, otherwise he would never know how many times he died!

However, the Qinglian demon fire is only a mere mere mere, others can't subdue you, it doesn't mean that Ye Chen cannot subdue you!

Ye Chen started taking the medicine pill, healed a little bit, and was about to forcefully refine the Qinglian Demon Fire again.

Outside the cave.

Qiu Xuehan sat cross-legged, with formations arranged on the periphery, but many fierce beasts passed by him without ever spotting him.

At this moment, he was taking the pill to re-train the left arm that he had grown out of. The left arm that had grown out was far too weak in strength and strength for his original physical body.

Although he wants to break through, if he is eager to break through now, he will undoubtedly die!

He is healing, and Ye Chen is also healing.

And the cave of the huge blood beast has only one exit.

Qiu Xuehan guarded the exit. Unless he was eaten by the Evil Blood Heaven Beast and went out with the Evil Blood Heaven Beast, with Ye Chen's current cultivation base, he couldn't get out at all, but anyone who wanted to break through would undoubtedly die. !

"Damn ants!"

"Exchange injury for injury, what a decisive way!"

"I will just look at you, I can hide for a few days!"

Qiu Xuehan also became fierce, sitting at the entrance of the cave while healed while waiting!

...

Qiu Xuehan is waiting outside the cave!

Inside the cave, Ye Chen had healed his wounds, and before returning to the room, he completely sealed this cave, so as not to suddenly come over during the refining process. At that time, the sky should not be called the earth. !

After returning to the room!

Ye Chen stared at the green lotus demon fire, which was still like grass and trees, and his expression became fierce. Then he mobilized the power from all parts of his body. The power of the seven laws and the power of the five avenues were gathered in his hands, and the palms were released again Xuan Yan.

Whirring whirring! !

Huhu!

The Xuanyan at this moment is no longer azure blue!

On the contrary, it looks like an orange-red flame, with the power of the Law of Destruction and the Law of Annihilation, especially these two forces are extremely large, and they are the laws of the Great Perfection Realm, and have a certain ability to suppress the Qinglian demon fire!

However, the orange-red Xuan Yan completely enveloped the Qinglian Demon Fire.

Qinglian Demon Fire fought back again, but was quickly directly suppressed by the two forces of the Law of Annihilation and the Law of Destruction.

gradually.

Like a human hand, Xuan Yan kept pushing away the petals of the Qinglian Demon Fire's body, step by step, and soon saw the blood-red stamens. At the same time as they were about to refining, a force from the Qinglian Demon Fire rushed out. Through everything, straight to the sky.

Rumble! !

Boom boom! !

In an instant, thunder and lightning flashed.

Countless blood-colored thunderclouds roared in, and the trained Erley flickered constantly, and they could lift thousands of meters of dust on the ground at random, so that many fierce beasts died under Erley.

Boom! !

Boom!

quickly.

Among the Erleigh clouds, more than a hundred blood-colored thunder and lightning fell on the ground, like a huge force bombarding the earth. The original plain-like blood fiend forest suddenly split into pieces, and groundwater spewed out, many The ground is turned into a lake!

"what happened!"

"Damn it, Erley!"

Qiu Xuehan looked shocked, unexpectedly Erley appeared in the sky suddenly. "Ere! It's Eure! Is it possible that the little beast is going to break through to the Slashing Evil Realm? Otherwise, where did Eure come from!"

This kid has been able to contend with himself in the closed door state!

If it crosses multiple small realms, it is about to cross the Tribulation of Erlei and become an existence in the E'eraï Realm.

Can he still be his opponent?

Don't think about it, not at all!

Qiu Xuehan looked shocked. Just stepping forward, when he wanted to enter the cave to find out, he found an extremely tyrannical aura rushing out. This aura was like a sea of blood, filled with a very strong smell of blood!

"not good!"

"The Evil Blood Beast has recovered!"

"No, it is not asleep, but is resting. At this moment, it was awakened by Erley, who was attracted by this little bastard!"

"Damn little bastard!"

Qiu Xuehan finally decided not to go in and check.

Evil blood beasts are not ordinary fierce beasts. Such fierce beasts are extremely powerful when they enter the slashing state.

He is wounded, and facing the Evil Blood Heaven Beast that can fight the Evil Realm, it is not its opponent at all. Don't say kill Ye Chen at that time, maybe he will die here!

Outside the cave, Qiu Xuehan was shocked!

Inside the cave, in the huge and complex cave, in one of the largest caves, the Hexue Heavenly Beast slowly opened its eyes, his expression was a bit blurred, and then it sensed the smell of Qi and blood, which was something living creatures had.

There is a little guy!

It seems to have entered its own territory!

Still in my own home, fiddle with something!

The blood beast slowly got up, its huge body, walking in the underground caves, did not notice any problem, after all, the cave was dug by itself, and it was naturally very easy to walk by itself. It passed through the caves, and suddenly Came outside a cave filled with stones and formations.

It was indeed the cave sealed by Ye Chen!

Originally, stones were piled up in front of the cave. It was not that there was no such cave. The formation was added and it was a psychedelic formation. Ordinary creatures did not know that it was normal, but for the blood beasts, they could capture the breath and blood of creatures. power.

Living beings, whether humans or animals, have the aura of blood on their bodies, but wherever they go, they will leave a breath unless it is specially shielded.

Obviously, Ye Chen did not expect the Evil Blood Beast to find himself.

boom! !

There was an explosion!

The Hexue Heavenly Beast smashed the stones and formations at the entrance of the cave, glanced at the huge buildings in the cave, but locked Ye Chen in a remote hut in the mountain gate, and couldn't help but step forward slowly. , Ready to swallow Ye Chen.

At this moment, Ye Chen was mobilizing his entire body to refine the Qinglian Demon Fire, but he couldn't get out to deal with the Evil Blood Heaven Beast!

He never expected that Qinglian Demon Fire could provoke Erley!

Wasn't Erley only too virtuous to break through?

How was it caused by Qinglian Demon Fire now?

Ye Chen realized that he had underestimated Qinglian Demon Fire from the beginning!

Chapter 2502: Yan stele!

He can only activate the Red Dust Divine Veins!

Desperately resist!

But the situation is not harmful to Ye Chen!

The moment Erley appeared, the unstable Lingfeng divine veins also awakened!

Actually absorbing Erley's power!

Obviously, Erley has great value to Lingfeng Divine Veins!

It's delicious food!

But right now if he splits up his strength to deal with the Evil Blood Heaven Beast, then if Ere comes, he will die too!

This time, it is true that there are wolves before and tigers behind!

What a special level of power!

How can he stop!

boom!

With the collapse of buildings along the way.

The Evil Blood Beast came into the building where Ye Chen was located, and wanted to swallow it together with the house, suddenly felt an unusual breath!

WINK's Surge to \$1: Join the Wave!

Whoosh~~~

A golden blood burst out.

A dome with ancient patterns floats out!

Ye Chen was ecstatic, it was Xiao Huang!

The countless cracks and ancient lines on the dome burst into light!

The rays of light gather!

The huge body appeared, a pair of huge blood eyes stared at the blood beast in front of him, suddenly let out a low roar, and then the blood boiled all over the body, and an inexplicable breath spread!

Ho Ho Ho! !

Whirring whirring! !

The roar of the Hexuetian Beast became more and more urgent, staring at the little yellow shadow that was no less than his own, but it felt uncomfortable.

It is the suppression from the blood!

It's like a sheep never dare to face a tiger, even if it has a chance to kill a tiger, he will never dare to deal with a tiger.

After a while, the blood beast hung down its proud head, crawling on the ground, and expressed its surrender towards Xiao Huang. As the blood beast, its blood is extremely mixed, and naturally it is not a beast of high bloodline like Xiao Huang. Opponents, bloodline suppression is enough to make them lose their combat effectiveness!

in comparison!

Although Xiao Huang is still in the dome, he is still a step away from breaking the shell, and in his current state, his cultivation strength may not be as good as the blood beast!

But even if the entity is strong, the Evil Blood Beast cannot change the humbleness of its bloodline, so it has to rush to the ground!

"Boss!"

"You can refining the flames at ease, I'll take care of you!"

"Although I haven't broken my shell, this kind of garbage can still be awe-inspiring!"

Xiao Huang turned to speak, and before he stood on his own in the hut, staring at the blood beast in front of him!

Ye Chen didn't talk nonsense, and fully activated the Lingfeng Divine Veins and Chichen Divine Veins!

The spiritual power of the dantian is fading rapidly!

Countless thunder and lightning surround the whole body!

Erley's strength makes him desperate!

Fortunately, the Lingfeng Divine Veins absorbed most of the power, otherwise Ye Chen might instantly turn into blue smoke!

After an hour.

Ye Chen opened his eyes and let out a gentle breath.

The light in his eyes is like the sun in the night!

Even, with a hint of ecstasy!

Qinglian Demon Fire was really refined by him!

And his cultivation base has also entered the Sixth Heaven of the Sealed Door Realm! !

"Since the Qinglian Demon Fire has been refined, let's try today if you can completely refine the Yan Tablet."

"If you want to fight against Zhan'er, the only thing is Yanbei."

Ye Chen didn't hesitate anymore and took out the flame stele of the samsara mysterious stele. Taking advantage of the powerful momentum of refining the Qinglian demon fire, he wanted to refine the flame stele to enhance his cultivation and combat effectiveness!

Huhuhu! !

Huhu!

A ray of mysterious light burst out from the Yan stele.

Qinglian Demon Fire zooms in instantly! It was like a giant beast swallowing the Yan stele!

The mysterious light dissipated, and an old man appeared. The old man stared at Ye Chen for a moment, and was a little surprised: "Qinglian Demon Fire was actually refined by a gatekeeper? Something."

Then he said: "Come in with me!"

When the voice fell, Ye Chen was dragged into the world of the samsara mysterious stele by the old man without any resistance.

The world of the Reincarnation Stele is filled with endless flames, magma all over the ground, and occasionally some lapis lazuli floats in the magma, which can only settle down, and the old man stands in the air, looking at Ye Chen and saying :

"If you want to refine the reincarnation profound monument, you can defeat me!"

"but!"

"I watched you refining the Qinglian Demon Fire, there should be a little hope!"

"After all, once you fail, you will be swallowed by this flame. I have killed many geniuses over the years!"

"You are the only guy with hope!"

Six layers of heaven in the closed door realm!

He can actually refine the Qinglian Demon Fire, this alone is enough to make this kid in front of him famous!

Qinglian Demon Fire used to be the ultimate flame that could not be refined in the Evil Realm, but he did not expect to be refined by this kid!

But the power of law, martial arts, and blood in this kid are too messy.

The six-tier sky of the ordinary Sealed Door Realm can at most master a few laws, and it is only the degree of completion. Other laws, such as the law of space, the law of destruction, the law of killing, etc., can only be regarded as a small achievement at best. This boy, the seven laws of destruction, transformation, killing, time, space, time and space, and immortality, all practiced to the realm of Dzogchen, and he was extremely young, which is really rare!

The level of cultivation of the principles is divided into five levels: introductory, minor achievement, great achievement, perfection, and great perfection!

It takes thousands of years to practice a law to reach Dzogchen, and hundreds of thousands more years!

Therefore!

The old man said that Ye Chen is the only person who has a chance!

"senior!"

"I want to fight, I don't know how seniors are called?" Ye Chen asked!

"The old man's name is Tianburn!"

"But don't worry, since you have closed the door, I will converge a bit and tend to your limit."

The old man snorted coldly, seeing that Ye Chen did not take the initiative to attack, but jumped out, his left hand surging slightly, the power of countless magma gathered together into a magma divine sword, and killed it towards Ye Chen.

Huhuhu! !

Huhuhu! !

Every time the magma sword swings, it is accompanied by a large amount of magma.

The magma here is different from the ordinary magma. The ordinary magma is like the body of a warrior in the closed door state. It is not a problem to lie in and bathe. On the contrary, it is a level where the magma heat is at least one million degrees. Some are in danger of falling.

Generous!

Generous~~

There was a sound of metal crashing.

Ye Chen waved the Qinglian Tiantianjian Sword, repelled the magma sword, and fought against Tianfen. The two have similar attack and killing power. Com is far less defensive than Tianburn!

Tian Fen's martial arts are extremely strange, all moves are wounds for injuries, but the defense is extremely strong, Ye Chen's Qinglian Tiantian Suppressing Sword smashed on his body, almost did not strike, even if the power of the sky broke A wound, he went directly into the magma, and reappeared after a while, the injury was completely healed!

The home game is here in Tianburn!

The advantage lies here!

Ye Chen didn't take advantage of it, but was restrained everywhere! !

Boom! !

Ye Chen and Tian Fen fought a thousand moves, not only didn't take advantage of it, but the wound healed just became more serious!

As Ye Chen was blown out and landed on a floating lapis lazuli in the distance, he once again saw the power of Tianfen extracting magma as a supplement, and he couldn't help but look surprised and thought: "This is his home court. His body is extremely powerful, and his power can be said to be endless, and he certainly cannot resist!"

Chapter 2503: The power of Yanbei!

"normal circumstances!"

"I'm afraid there are only two ways to defeat him!"

"The first one, when you come in, kill it directly, but I can't do it!"

"Second, cut off his ability to absorb magma, or in other words, make him unable to absorb the power of magma!"

Ye Chen's eyes suddenly lit up, and he stretched out his hand to test the magma under his feet. It was a bit hot but couldn't burn himself.

"Since he can absorb it, so can I! Skyburn is the realm of the fire law of Dzogchen, so I control this magma world, but what if I practice the fire law to Dzogchen?"

"Instead, turn his home court into my home court!"

"At that time, I won't be hurt, and I will be the one with infinite strength, and he is getting weaker and weaker. If one goes down and the other grows, I must win!"

Just do it!

Ye Chen directly released the Qinglian Demon Fire in his body. The Qinglian Demon Fire could provoke Erley's flames. Even if he hadn't practiced the law of the fire system, but he had a very powerful Qinglian Demon Fire, he was enough to absorb the magma!

Cuckoo~~

Gu Gu Gu~~~

Countless magma converged into a water column, flying towards Ye Chen's palm continuously.

Ye Chen couldn't help but feel a lot of the content of the law of fire in his mind, and the sixth avenue, the avenue of fire, gradually emerged behind it, and at the same time, the law of fire in his body began to emerge!

Even Xuan Yan is extremely strong!

Originally, the five-system law of gold, wood, water, fire, and earth was that talents with insufficient blood needed to practice in order to break through.

But Ye Chen doesn't need it, he is the strongest blood of reincarnation in the world!

Bang bang bang! !

The sound of collision came out one after another!

Just like opening a road, the avenue of fire continues to extend and grow, and the law of fire in Ye Chen's body is also breaking open at a very fast speed, directly entering the realm of entry, and then Xiaocheng, and less than a moment will be Dacheng Realm, rushing towards the realm of Consummation!

Ye Chen has mastered too many inheritances, and has countless avenues in his hand, and his ability to control avenues far exceeds anyone!

"Good boy!"

"Enlightenment before the battle, it's not bad!"

"The talent is excellent. In just a short moment, you can cultivate the law of fire and the avenue of fire to such an extent, you deserve to be the pride of heaven!"

Tian Fen did not stop, instead he kept attacking Ye Chen and began to increase Ye Chen's difficulty.

He is a tester, and he didn't want to kill Ye Chen, but he didn't mind the increase in the difficulty of Ye Chen's enlightenment, so he could hone his character and enhance his combat effectiveness!

Tian Fen was not fighting Ye Chen up close, but instead constantly mobilizing the power of magma from a distance to transform into various weapons to attack Ye Chen.

Ye Chen is not a vegetarian, his right hand grasps the avenue of fire, the spirit in his body begins to practice the law of fire, and his left hand condenses and absorbs the power of magma, and begins to counterattack the sky burning. He knows that if he cultivates the law of fire to the realm of great perfection, the combination of the Great Dao and the Profound Flame and Qinglian Demon Fire is enough to seize the control of the entire magma world, and then this will be your own world!

"Good boy!"

"There are so many trialists who have thought about enlightenment in the battlefield and cultivating the laws of the fire system, but it is the first time to see him with such a fast enlightenment speed!"

Tian Fen was a little bit emotional, ready to deliver a full blow to interrupt Ye Chen's enlightenment, this is a necessary move as a tester!

Huhuhu! !

Huhu!

Tianfen shot with all his strength, endless flames emerged from the palm of his hand, gradually forming a blazing divine sword, one sword was sacrificed, countless magma erupted, like the eruption of millions of volcanoes, the entire magma world is surging rapidly, countless magma Keep rolling!

"call!"

"The law of fire, yes!"

Ye Chen yelled, the road of fire behind it quickly expanded to a length of one million meters, and the law of fire in his body directly broke through to the realm of Dzogchen. His hands floated in the air, and countless magma overflowed from the palms of his hands and turned into purity. Source of power!

The world of magma!

Full of the power of the law of fire!

Tian Fen has the law of the fire system Great Perfection Realm!

At this moment, Ye Chen also possessed the same. With a circling body shape, countless auras burst out, completely submerging all the magma explosions, his left hand slowly squeezed, and countless magma moved with his fingers.

It is no longer the dominance of the world in which Tianfen holds magma!

"Endless magma!"

"Listen to my orders, condense into generals, kill!"

Ye Chen's soul was surging, and his mind was constantly exerting the dominance of magma in the world.

However, in the sea of countless magma, waves of magma rose up, tens of thousands of magma rushed out, and gradually condensed into tens of thousands of magma gods, who were wrapped in magma, and the weapons in his hand were also made of magma.

Whoosh whoosh!

Whoosh whoosh!

Millions of magma gods will burn towards the sky.

Tian Fen slapped dozens of palms violently, shattering thousands of magma **** generals, retreating again and again, with his left hand behind him, trying to absorb the power of magma, but found that he could not absorb it anyway!

With the extent to which he smashed the magma gods, he couldn't keep up with the degree to which Ye Chen made the magma gods.

gradually.

Tian Fen's breath is getting weaker and weaker.

One decayed, and Ye Chen soon recovered to his peak state, but Tian Fen had weakened to the extreme, and he could not even stand up!

Controlling the dominance of the magma world, Ye Chen did not intend to fight anymore. A flash, like an instant movement, came to Tianfen's body, hit Tianfen with a palm, and knocked it out thousands of meters away. Along the way, lapis lazuli mountains were smashed.

"Boy!"

"Unexpectedly, you could grasp the dominance of the magma world so quickly!"

Tian Fen was able to climb up, even if it fell in the magma, it was like falling into the water, and the thousands of magma did not even touch his body.

He clutched his chest, coughed twice, and stood up slowly, with a smile drawn on the corners of his lips, staring at Ye Chen with quite admiring eyes, and smiled: "It's not bad, no need to fight, and if I fight again, my soul will It broke!"

"With the blood of reincarnation, the Yan Tablet was born for you. I am also considered to be a person."

"You have beaten me!"

"That's it?" Ye Chen was a little dazed and thought it was necessary to disperse Tianburn's divine mind body.

"You kid wants to kill me, don't you?" Tian Fen said grimly: "You enlightened the way, quickly mastered the law of fire, and within a few minutes, you cultivated the law of fire to the realm of great perfection. , And control the world of magma, there is endless magma here!"

"It means that you have infinite power to restore you."

"And the old man is gone, so, what is it that is not losing to you?"

It's not a complete defeat.

Tian Fen is unwilling to fight!

He knew that if he continued to fight, he would only be beaten by Ye Chen on the ground, losing face and simply surrendering.

Of course, he can choose to use real power!

But he promised to suppress his strength from the very beginning, naturally it is impossible to embarrass a gated youth with the power of Zhe E and even Chaos!

Chapter 2504:

"it is good!"

"Thank you senior!"

Ye Chen slowly clasped his fists, his eyes filled with respect again!

Tian Fen shook his head, "You don't have to thank me yet. The strength of the Yanbei is far from enough by Qinglian Demon Fire."

"Originally, your Qinglian Demon Fire couldn't fully open the world of Yanbei, but I was a little curious about your identity and wanted to verify the thoughts in my heart."

"This will give you a chance."

"At the moment, I guessed right."

"You passed my level with the Qinglian Demon Fire. In fact, I violated the principle. I may be punished, but it doesn't matter."

Before disappearing, I want to explain some things to you. The flame stele is one of the main battles among the ten reincarnation steles, and the energy required is endless! "

"It's like an abyss, always filling dissatisfaction!"

"Even now, you can't even activate the blood of Yanbei."

"According to your Qinglian Demon Fire, you can only use one-thousandth of the Yanbei's power, and if you use it once, the Yanbei may have to cool down for a long time."

If you want to break this confinement and use the full power of the Yanbei, I am afraid that you have to refine another extremely powerful evil flame first. "

"And it's not enough that the evil flames are refined!"

"You must find a stronger flame! Let the energy of the Yanbei fill to the extreme!"

"I know a flame in the kingdom of God, but unfortunately, your current strength cannot be refined."

"It depends on fate, if you have fate, maybe you can meet it."

"Fine, leave."

"Qinglian Demon Fire mobilizes one-thousandth of Yanbei's power, and it should be able to help you solve external problems."

In less than a moment, the surrounding environment changed drastically. The magma world had long since disappeared, and he also came out of it and returned to the original cave.

"Qinglian Demon Fire can only mobilize one-thousandth of its power? How strong is the Yan Stele in its heyday? Is there any stronger existence in the remaining Reincarnation Profound Stele?"

"I want to see what this one-thousandth represents!"

Ye Chen directly sacrificed the Qinglian Demon Fire and touched the Yan Tablet!

Huhuhu! !

Suddenly, a very mysterious gust of wind was generated in the tight space.

In the flame stele, a **** luster gleamed, and scarlet flames rushed out and merged into Ye Chen's body.

Gradually, Ye Chen opened his eyes, his eyes filled with extremely terrifying flames, and a word emerged in his mind-Ancient Flame Demon!

Ancient Balrog?

What is this?

Before Ye Chen could react, he saw that his left arm was quickly wrapped in blood flames.

There was a burst of pain, and when Ye Chen eased over, he saw that the flames were already covered with fiery red meaning, some resembling blood-colored dragon scales, and each dragon scale was directed at extremely powerful power, which could destroy the world. Might, and at the same time he felt his own combat effectiveness, suddenly increased several times!

"Ancient Flame Demon!"

"Is this one-thousandth of the power that I unlocked after refining the Reincarnation Profound Tablet?"

"So strong!"

"It's a pity, if you use it once, it will freeze for a long time!"

Ye Chen was a little stunned. He waved his left arm slightly, but saw fierce flames spilling out of his fingers, and the flames quickly condensed into seven blood demon killing swords, and he slammed out and penetrated the cave.

Bang bang bang!

Boom!

Along the way, the Qinglian Sky Extinguishing Sword smashed dozens of connected caves.

On the edge of the seventh cave, the Hexuetian Beast sensed the aura on the Qinglian Heaven-extinguishing Sword. It trembled all over, and did not dare to look up. It seemed to sense the suppression of the noble bloodline, which was caused by a single point of the ancient flame demon. The Qinglian Destroying Heaven Sword made it feel even more terrifying than Xiao Huang's presence.

"One thousandth is so strong!"

Ye Chen sighed for a moment, and his left hand shook slightly, the fiery red meaning dissipated, and he returned to his original arm.

He dare not use it much.

At this moment, he felt that his mind was extremely happy, his whole body was full of power, he suddenly saw the figure outside the cave, and said coldly: "Qiu Xuehan, it's time to send you on the road!"

Ye Chen took a step into the air and went directly out of the underground cave.

Qiu Xuehan at the entrance of the cave shook his eyes. He fixed his eyes to see that Ye Chen had come out, and then felt Ye Chen's breath a little bit, and couldn't help laughing loudly: "Hahaha, little bastard, you haven't broken through to the Evil Realm! Only broke through a small realm!"

"It seems that Erley's situation just now wasn't that you kid broke the border!"

"In this way, you will definitely die!"

Erley!

Generally, Erley will only arrive when the Ninth-level Heaven Peak of the Supreme Void Realm crosses the tribulation.

Originally, he thought Ye Chen was going through the robbery inside, and he had not dared to go in for fear of being killed.

But at this moment, I saw Ye Chen coming out, but he only had the cultivation base of the sixth level of the Sealed Door Realm. I knew that Ye Chen was not the one who broke through the Tribulation. Then, Ye Chen only took a few hours to enter. What can change? Don't let him torment him?

"Qiu Xuehan!"

"Before you chased Laozi, you were very happy!"

"I heard you are good at the law of ice and the law of blood evil!"

"It just so happens that I have now enlightened the law of fire, and mastered the demon fire of Qinglian, so let's try your moves!"

Ye Chen's cheeks were extremely confident, only Qiu Xuehan, and the other party was seriously injured, his current strength was nothing but eighty or nine layers of heaven, not to be afraid, just use it to practice hands!

"brat!"

"You want to find death so much!"

"This elder can tell you that there are thousands of missions performed by this elder, and there are dozens of them at the first level of the Slashing Evil Realm, and there are more than a thousand people at the peak of the 9th floor of the Supreme Void. Failure, you are no exception!"

Qiu Xuehan was full of joy, thinking that he would stay at the entrance of the cave for three or five years.

Unexpectedly, after a few hours have just been guarded, his injury has recovered a bit!

The mission goal was delivered by himself.

Huhu! !

Without waiting for Qiu Xuehan to react.

Ye Chen raised his right hand slightly, and the power of the flame monument was released!

He dare not take it lightly!

A ball of flames spilled out of the palm A ball of scarlet flames, as if there was life, formed a huge palm of their own accord. With an overwhelming trend, they directly caught Qiu Xuehan, and he was very positive. It is the power of the flame stele inspired by Qinglian Demon Fire!

Zi Zi Zi~~

Zizi~~

After the violent flame trapped Qiu Xuehan, he quickly roasted a large amount of Qiu Xuehan's flesh and blood directly into coke.

You know, Qiu Xuehan's body is a powerful physical body that can't be touched by ancient artifacts. Under the demon fire of Qinglian, it was like ordinary vegetation, and it was burned in an instant.

"Damn it!"

"What is this?"

Qiu Xuehan's expression changed drastically, and the law of ice in his body was swiftly activated. A stream of extremely cold aura overflowed, which was worthy of coming out of the skin. When he wanted to resist the power of the green lotus demon fire, when he came out, he saw it like a spark. The water was just like, and it was quickly annihilated.

Chapter 2505: fear!

"impossible!"

"Absolutely impossible!"

"My ice law is the realm of Dzogchen."

"Boy, even if your fire law reaches the state of Dzogchen, it will never have such an effect."

Qiu Xuehan's external skin was almost completely clean after being burned.

He tried his best to release the power of the law of ice, but every time the power of the law was overflowing, it was quickly wiped out, and the power of the two was not at the same level!

what happened?

Where did this little beast get such a powerful flame?

Damn it!

If he knew it earlier, he should break into the cave and directly kill this kid.

"Ice Sword!"

"Blood Fiend Blade!"

"Out!"

As Qiu Xuehan violently shouted, a sword came out of his back, and the ice long sword had a self-healing function, even if it was beaten by Ye Chen before, it flew back behind him.

Huhu! !

The ice long sword rushed out, and the tip of the sword kept venting cold, and the extreme cold caused the ground to crack quickly.

However, he couldn't rush out of the range of Qinglian Demon Fire, but saw that the violent flame power split dozens of flames, like a rope, firmly grasped the ice long sword, and continuously corroded the sword body of the long sword.

As for the blood fiend long sword.

It was swallowed the moment it rushed out.

He only heard the sound of clicking, and an ancient artifact was directly melted into metal fragments in the sky by the flame.

"Do not!"

"It can't be so, how could I have failed!!"

Qiu Xuehan was extremely uncomfortable. He was ruined with his Millennium Sabre. More importantly, he didn't seem to be Ye Chen's opponent at all!

Obviously this is the last task!

I thought it was the easiest task!

Unexpectedly, it is the most difficult task!

This task should be carried out by the core elders of the Kingdom of God. How could it fall on him? The palace lord is simply harming me!

"Qiu Xuehan, send you on the road!"

Ye Chen sneered, and slowly raised his right hand, the palm of his hand also overflowed with flames.

Holding the extremely strong flame power in both hands, with a very domineering attitude, he directly abolished Qiu Xuehan's whole body of cold energy, and directly burned most of Qiu Xuehan's entire body, even his soul was burned in Qinglian Demon Fire Under the circumstances, because he couldn't bear it, he broke down on the spot!

Huhuhu~~

Huhu~~

Several breaths passed.

The breeze howled, blowing the green dust all over the ground.

Qiu Xuehan, a well-known killer in the kingdom of God, completely fell under the attack of Qinglian Demon Fire.

...

Kingdom of God, in the Palace of Heaven!

Inside a very mysterious palace.

Some of the furnishings in the palace are like mourning halls, with thousands of plaques on display. Each plaque seems to be made of pure crystal, but the size of a foot, with a personal name written on it.

These are the life jade cards of the strong in the Heavenly Dao Palace!

The presence of the jade card of life means that people are there!

If the person is no longer and died in a foreign war, the life jade card will automatically shatter.

This kind of life jade card is also extremely simple. As long as the stranger divides a part of his soul power and stays in the life jade card, it can be activated. If a person is killed in battle, the soul is broken or reincarnated, the corresponding life The power of the soul in the jade card will also be broken, causing the jade card to be broken!

This palace is huge!

Go up to the palace lord and the elders.

Down to the ordinary inner disciples, inner and outer doors, the elders of the branch hall, etc., dozens of millions of life jade plaques are placed!

Just as the guards were cleaning the dust in the palace as usual, suddenly a clear voice came out.

A dozen guards felt bad and looked up at the surrounding life jade cards, looking for them in rows.

"it's here!"

"This jade card of life is broken!"

A strong-breathed guard pointed at a broken life jade card, staring at the font on the broken residue, his expression was shocked, his figure was shocked, and he said, "Elder Qiu Xuehan's life jade card is broken!"

"How could this be?"

"Elder Qiu Xuehan, isn't he going to kill a martial artist in the closed door realm?"

"How can the jade card of life be broken!"

The captain of the guard yelled, stopped everyone, and ordered: "Report to the palace owner quickly that Elder Qiu Xuehan's life jade card is broken and he has died in battle!"

quickly!

A guard walked out from the sky and came directly outside Xuanyuan Moxie's palace.

"Palace Master!"

"I am the guard of the Life Jade Pai Palace. I just discovered that the life jade card of the elder Qiu Xuehan was broken!"

Click~~

A clear voice came out!

Xuanyuan Moxie suddenly smashed the jade cup in his hand, his expression was cold, and with a wave of his hand, he flew the guard who was reporting!

He walked down slowly, staring at the rules in the room, he couldn't help but sighed, and then ordered several guards to be recruited and said, "Go, come to Mr. Yun!"

"As Qiu Xuehan's master, his apprentice is so wasteful, he should bear the price!"

"It's just an ant, can it only be ended by sending elders of this level?"

"I shouldn't despise this kid."

"This kid has escaped from the Heavenly Dao, perhaps the biggest threat to my Heavenly Dao Palace!"

"In just a few years, from the ant's cultivation base, he has cultivated enough to kill the Slashing Evil Realm!"

"Too fast, too fast!"

Xuanyuan Moxie muttered to himself, with a look of amazement, wandering in the palace.

"I remember!"

"Not long ago, the people sent by this palace to kill him were only too virtual."

"That time he nearly killed him, but now, after only a short interval, he can already kill Qiu Xuehan!"

"Too fast, really too fast!"

Xuanyuan Moxie even felt a strong threat.

Why do you feel this way?

Because the speed of cultivation and combat power of that mysterious young man is so fast that it is unprecedented!

This made Xuanyuan Moxie unacceptable!

"hateful!"

"The Lord of the Palace is subject to the power of law!"

"You can't step out of the Heavenly Dao Palace, otherwise the Lord of the Palace will kill this person with his own hands, so as to avoid future troubles and kill all threats in the cradle!"

Xuanyuan Moxie's expression is extremely complicated. There are feelings of worry, anger, and fear. In short, it is very complicated. Every time he thinks that he can kill the opponent, but he just lets the opponent escape!

Simply this time!

He directly sent out enough power to obliterate everything!

Lao Yun Xuanfeng went to kill him, and no matter what it was, he had to kill the threat in the cradle!

Bang bang bang~~

There were heavy footsteps.

An old man with a powerful stature walked in slowly. His figure was more than two meters tall and weighed several thousand kilograms. It seemed like a mighty force. Even if he looked extremely heavy and powerful, the old man was still wearing a Taoist robe and carrying a wooden sword on his back, a special wooden sword type ancient artifact!

He is Lao Yun, Qiu Xuehan's master!

The strength is extremely terrifying!

Qiu Xuehan's strength is no match for this master!

Chapter 2506: He is a demon!

"See Palace Master!"

"Excuse me, what task does the palace give the old man?"

Old Yun paused for a moment, pondered for a while, and asked: "I heard that the old man's disciple Qiu Xuehan died in battle, and the palace owner asked him to chase and kill a guy in the gated state. Such a move, it is impossible that there is a huge behind the gated state. power?"

Otherwise, how could Qiu Xuehan be killed in battle?

"No!"

"I still can't detect that person's identity, it's extremely weird, and I can't see anything in the heavenly disk!"

"The reason why I bother Yun Lao you here is because the Lord of the Palace has sent many people to kill him. Every time the person who kills him is at least a lot higher than the realm, according to normal circumstances, he will definitely be able to strangle him quickly! "

Xuanyuan Moxie sighed.

Later, he explained: "But every time I failed! There must be an immeasurable existence behind him!"

"Although I don't know who the person behind him is, they have never come forward!"

"I believe that either this kid has got some special hole cards, or someone thinks that he has been injected with the corresponding strength to protect him!"

"And Mr. Yun, your strength is above average in the Heavenly Dao Palace!"

"Qiu Xuehan is your disciple again. Since he is not his opponent, and he died on the spot, you should solve it!"

"I hope you don't have any contempt, just erase it!"

Xuanyuan Moxie's expression was solemn, otherwise he wouldn't be able to deal with a Martial Artist in the Sealed Door Realm, sending such a powerful man.

In terms of the two great realms of Yun Lao Gao and Ye Chen, in terms of other genius combat power, facing an enemy who is one great realm higher than himself, he would be killed in a moment.

But not this!

So, dispatched Mr. Yun, who was two great realms above him, to strike, strangling Ye Chen!

"it is good!"

"I see, it just so happens that the old man wants to see, this weird kid, what's the skill!"

After Yun Lao gestured towards Xuanyuan Moxie with his fists, he withdrew from the palace and ran through the void directly.

He had Qiu Xuehan's broken life jade card in his hand, and there was a broken soul in it. He used this to track down the place where Qiu Xuehan died in battle, believing that the kid should have not left before, and he would catch up with him, no matter what, he would directly strangle him. thing!

...

In the blood fiend forest!

Ye Chen did not leave, but returned to the cave.

Previously, he used the power of the Yan Tablet to strangle Qiu Xuehan, but it seemed that it was too strong to cause the flame to bounce back, and the meridians were partially destroyed. He needed to be healed and simply hid in the cave. Let the Evil Blood Beast go out and block it!

Just as Ye Chen was healing.

Suddenly.

The world changed color, and colorful auspicious light appeared in the clouds.

Eight directions of auspicious auspicious gatherings, real dragons flying into the sky, Xuanwu disengaged, phoenix roaring, and unicorn roaring, patches of auspicious brilliance emerged.

Originally it looked like a fairyland, but under these peaceful scenes, there was an extreme murderous aura, a murderous aura hidden in the void, a weird power that ordinary beasts could not find!

Ho Ho Ho!

Ho Ho Ho!

A roar came out!

Thousands of fierce beasts walked out of their nests, bathed in auspicious light, and looked very comfortable.

On the contrary, Ye Chen in the cave felt that something was wrong. He turned to look at the Evil Blood Beast, and found that the Evil Blood Beast did not desire to bathe in auspicious light like the Fierce Beast outside, but felt something extremely fearful. Yes, curled up on the ground, did not dare to move, and even lost his breath!

The scene of the Evil Blood Beast seems to be pretending to be dead!

"Something's wrong!"

"Powerful beast, fear these auspicious lights!"

"On the contrary, it is other fierce beasts, facing these auspicious lights, they are extremely jubilant!"

"Xiangguang has a problem!"

Ye Chen looked confused, came to the entrance of the cave slightly, watching the situation outside, his eyes were a little blurred, and suddenly he saw space channels appearing in the sky, like a group of people tearing through the void!

Huhu~~

Phoo~~

Xiangguang swept away with the breeze.

Many fierce beasts were bathed in the auspicious light, and even no violent look, lying on the ground one by one, like basking in the sun.

Suddenly, Yun Lao slowly stepped out of a spatial channel, and then more than a hundred spatial channels around him closed at the same time!

"What a pomp!"

"Tear the void!"

"Ordinary people tear apart a void passage, he tore a hundred void passages."

Ye Chen looked at the person in front of him, and took a closer look, but found that this person was wearing the robes of the Heavenly Dao Palace. He couldn't help but sighed. He should have left early. Unexpectedly, the strong man in the Heavenly Dao Palace would come again!

So quickly.

But the first time!

Old Yun tore through the void and landed in the blood evil forest. He glanced at the tens of thousands of fierce beasts who were bewildered by his own law of light, and said to himself: "It doesn't matter if you are here or not!"

The voice fell.

He raised his left hand, and a burst of mysterious light flew out.

All the fierce beasts that have been irradiated by the Daoguang, especially the fierce beasts bathing in the 'Xiangguang', burst open one by one, and the ground is filled with a strong smell of blood.

Bang bang bang~~

Bang bang bang~~

The crackling sound continued.

Whether it is a Beast in the Sealed Door Realm, or a Void Realm, even a Beast in the Evil Slash Realm, its flesh bursts with no resistance.

Old Yun directly eradicated more than 90% of the fierce beasts in the Blood Fiend Forest. He swept through the entire forest and found no trace of Ye Chen, but he suddenly found the traces of the Blood-

Evil Heaven Beast. He turned to look at those deep His eyes directly saw through the space and saw Ye Chen hidden underground.

"Good guy!"

"Hidden here."

"Cultivate the law of time and space, or there is a problem with the bloodline, otherwise it will not be able to stop the old man's law of light!"

Lao Yun didn't intend to speak more, and directly killed Ye Chen.

He was cultivating a variant law in the law of light. When he shot it, he was full of auspicious light, possessing the ability to confuse, but a powerful existence, or a creature with a very powerful bloodline, could find a problem. This was also the first time Ye Chen didn't have the first time. The reason for the obliteration.

"Damn it!"

"Old stuff!"

"Qinglian Demon Fire!"

Ye Chen knew that he had been discovered, and he burst out with all his strength.

He swung the Qinglian Heaven-extinguishing Sword, the sword body lingered in the Qinglian Demon Fire, a sword pierced out, countless evil flame sword aura rushed out, tearing out a black space trace along the way, possessing extremely powerful destruction power!

The power of the Yanbei is about to dissipate, he must fight quickly!

Otherwise it will die!

...

At the same time, a group of terrifying monstrous demonic energy surged from above the sky!

The extreme speed caused the **** sky to be shrouded in darkness in an instant.

Where the devil energy passed, the surrounding void was ruthlessly torn apart.

In the devilish energy, there is a stalwart figure that dominates the world vaguely!

The figure is holding his hands behind him, his eyes are cold and murderous!

Endless anger like the Nine Nether Abyss!

If Ye Chen is here , he will definitely find that this person is the Devil Emperor!

The Devil Emperor Stepping into the Kingdom of God!

Although the demons are separated, the kingdom of God will finally meet!

And at this moment, the Devil Emperor with endless killing intent has already sensed the crisis of Ye Chen in the Blood Fiend Forest!

He does not allow Ye Chen to be injured!

He does not allow anyone to be approved by the Devil Emperor!

He is a demon, a demon in the sky!

He is a demon, and he reads Burning Cang, and his thoughts burn the sky!

He is a demon, demon refers to the endless nightmare of Heavenly Dao Palace!

Chapter 2507: Endless magic sea

"Qinglian Demon Fire, the power of the profound stele, open it!!"

When Ye Chen saw the appearance of Lao Yun, he felt a strong threat!

It is even possible that the power of the flames of the profound monument fading quickly can't be matched!

It is impossible for you in the reincarnation cemetery to make a move in this situation!

The opponent is too strong!

I can only rely on myself now!

Tiandao Palace was obviously anxious, and it sent such a master to deal with himself!

"It has such a strong meaning of flame, even with a trace of original aura. No wonder Qiu Xuehan actually died in your hands!"

Old Yun waved his hand to annihilate the evil sword aura that struck him, and then his figure moved forward slightly, afterimages appeared, his fingers glowed, and he came to Ye Chen's body in an instant, and pointed his finger on Ye Chen's chest. .

boom! !

There was a heavy noise.

As if a mountain hit Ye Chen's body, his body fell directly into the cave for several kilometers.

"The cave?"

"There is actually a blood beast here!"

Old Yun's breath was shocked, but he saw a thick soil layer at the bottom of the cave. The soil layer of tens of millions of tons was directly lifted out. The original appearance of the cave was revealed on the land. He also saw Ye Chen in the depths of the cave. Refers to severely injuring Ye Chen, but did not kill it!

Such a talent, what a pity!

He didn't feel much emotion, his figure surged rapidly, and afterimages appeared in the cave tunnel, almost to the extreme, hundreds of afterimages appeared, extremely terrifying, and the **** practice of his fingers was called Lingxi God Finger , Extremely fierce, almost killed Ye Chen with one finger!

now!

With another finger, Ye Chen can be killed!

In the distance, Ye Chen was lying on the ground and could hardly move. He felt that the meridians all over his body were bursting with bones. He couldn't get out even when he thought of it. Facing the powerful existence in the mid and late stages of Zhan'e Realm, he didn't even have the power to parry. Qinglian demon fire can burn Qiu Xuehan alive, but it doesn't work at all when facing Yun Lao!

Seeing.

Ye Chen was about to die under the finger of Yun Lao's Lingxi god.

A blood-red figure appeared, and it was the giant egg's Xiaohuang. From its huge crack, a flame of life suddenly burst out, almost enveloping Old Yun.

Bang bang bang~~

Bang bang bang~~

The sound of crackling came out.

The flames of life were defeated, Yun Lao himself killed Xiao Huang, and his right index finger directly hit Xiao Huang.

Boom! !

There was an explosion.

The big egg Xiaohuang was completely knocked out, and even if the eggshell was violent, he couldn't stop this finger at all. It could only be regarded as a move that prevented Ye Chen from killing.

However, something strange happened.

With such a strong blow, Geng Jin might suffer a bit!

However, the dome with all its lines was not damaged at all!

Weird to the extreme!

Old Yun can only repel, but cannot destroy!

"What is this dome?"

Lao Yun stopped, staring at Xiao Huang who was shot a hundred meters away by him, frowned slightly, and then once again transported the spiritual power in his body, gathered Lingxi's fingers, and killed Ye Chen!

Xeon One Finger!

As long as it hits, Ye Chen will die!

However, in the next moment, something strange happened again!

The giant egg appeared in front of Ye Chen again!

Want to resist Yun Lao's blow!

At this moment, Ye Chen's eyes were solemn: "Xiao Huang, return to the reincarnation cemetery! You have not broken your shell now, you can't fall short!"

"This blow, I activate my blood, I should be able to bear it!"

In the next second, before Xiao Huang reacted, he was forcibly sent back to the Samsara Cemetery by Ye Chen!

Ye Chen looked at this strong palm, and countless ways of coping flashed through his mind!

Atomizing magical powers!

Thousands of soldiers burst!

Soul skills!

Will not work!

The powerhouse with such a gap cannot be solved by these means at all!

"Red Chen Divine Vessel, open it for me!"

"Ling Feng Divine Veins, **** me!"

Two bloodlines open!

But Ye Chen's eyes were still solemn!

Because even if he uses these two forces, he is not confident that he can resist it! He could only watch the spirit of Lingxi attack!

Just when he was about to touch him, a sound of thunder resounded across the earth.

A magic light was projected from the clouds, enveloping Ye Chen, like a protective cover, resisting Yun Lao's finger, but knocking Yun Lao hundreds of meters away!

"Who dares to move the man who covers the devil emperor!"

A voice that runs through nine days sounded!

This is the voice of the Devil Emperor!

This is the voice of the devil's eye!

This is the first time that the Devil Emperor has fallen from the ancient times to call out his title!

Devil Emperor!

He wants to cover this unfair sky to the world!

He wants to serve the sky, the supreme heaven that covers the darkness!

The corner of Ye Chen's lips outlines a smile, staring into the sky, the **** devilish energy is rolling like waves. The sky that was still auspicious before has disappeared, and the visions such as the real dragon and Xuanwu also burst directly!

Boom boom boom! !

Boom boom boom!

The thick **** magic clouds gathered, and the magic electricity flashed constantly.

The strong devilish energy is rolling again and again, the sky seems like the sea, the clouds and mist of devilish energy are tumbling, and the ground is lingering with endless **** magic light. Nowhere is not covered by the devilish energy, the sky is dim, lightning flashes, thunder, and wind The rainstorm started suddenly.

gradually.

These demon qi gradually condensed, condensing a body shape.

A domineering, unparalleled and proud figure standing in the sky, it is indeed the Devil Emperor!

The devil came and fell from the sky, and thousands of meters of blood cloud appeared behind him. With every step taken, a kilometer radius turned into pure magic soil. For thousands of years, no grass would grow, but the supreme demon!

"Ye Chen!"

"You are hurt?"

The Devil Emperor came to the cave and stared at Ye Chen, who was seriously injured lying on the ground, with an angry expression, but he did not kill Yun Lao for the first time. Instead, he lifted Ye Chen up and slightly lifted Ye Chen with his left hand. , The palm of his hand overflowed with magic light, and he was healing Ye Chen's injury!

At this moment, Mr. Yun suddenly woke up.

Regardless of his injuries, he stared at the man who dominated the world not far away!

Devil!

The nightmare of countless people in Tiandao Palace in ancient times!

He even vaguely remembered that that day, Tiandao Palace was almost reduced to purgatory because of this man!

"Devil... Demon... Demon-Demon Emperor!"

"how is this possible!"

Yun Lao's pupils seemed to burst His face was filled with extreme horror.

When he saw the arrival of the Devil Emperor, he trembled all over, but he had seen each other in the ancient times!

Ancient times!

At that time, he was just a young monk.

I once saw a battle where various sects joined forces to strangle the Devil Emperor. In that battle, hundreds of Slashing Evil Realm existed, thousands of Tai Void Realm warriors and hundreds of thousands of Sealed Gate Realm warriors gathered together to kill the Devil Emperor!

At the beginning, he was a member of hundreds of thousands of martial artists in the closed door state.

I saw with my own eyes that the Devil Emperor's hands were like cutting grass, slaughtering the powers of the Evil Slashing Realm known as gods, and reaping the lives of the Evil Slashing Realm's powers like cutting grass. The Supreme Void Realm martial artist was even among them. After the cold snort came out, it exploded hundreds of people on the spot.

Chapter 2508: Tomb Keeper

Martial Artist of the Sealed Door Realm!

Fortunately, he didn't get close, so many weren't killed. He also survived.

He had seen with his own eyes that the Devil Emperor slaughtered the powerful, should be placed in the collapse of heaven and earth, blood raining, the entire kingdom of God is like the end of the horror, the sky is shattered, the ground is cracked, and the endless rain of blood is swaying down. One scene that he has never remembered!

Devil!

In the end, he died of his confidant Monarch Mochen and several top powerful hands!

But I didn't expect that the demon emperor who once slaughtered the kingdom of God was actually resurrected!

At this moment, Old Yun turned around to tear the void to escape, only to find that the void had already been sealed off. He wanted Yukong to leave, but found that he could not move!

"The humble beast?"

"Want to run?"

The Devil snorted and waved his right hand casually.

Countless blood-colored thunderclouds surged in the sky, and then they smashed down thousands of blood-colored thunder and lightning, each of which was ten thousand meters in size. It directly hit Yun Lao, and then a crackling sound came out, killing Yun Lao in the Evil Realm on the spot. Burst, the soul is destroyed, no longer exists!

One move!

Is this the power of the Devil Emperor?

Ye Chen was completely dumbfounded!

He knew that the Devil Emperor was very strong, but he didn't know it was so strong!

Could it be that the current Devil Emperor has returned to its peak?

Old Yun is dead!

Ye Chen has almost recovered from his injuries. He was overjoyed when he saw the Devil Emperor, and said: "Devil Emperor, have you recovered your peak strength?"

"After the battle of the demons, where did you go?"

"Why are you giving me news now?"

"Also, this time you are looking for me, but you want to set foot on the Heavenly Dao Palace with me!"

Ye Chen raised many questions one by one.

There are too many doubts in his mind.

Only the Devil Emperor can solve his puzzles.

The Devil Emperor shook his head: "During this period, I practiced in the altar prepared by the Demon Lingzi for me."

"Unfortunately, I haven't reached the top yet."

"Although the power of the altar that Mo Lingzi gave me is strong, it is far from enough."

"The only good news is that Mo Lingzi is still alive, and I can perceive the weak connection he released to me in Lingwu Continent."

"As for the Heavenly Dao Palace, my current strength is destined to be unable to compete!"

The Devil Emperor's emotions were a little complicated, he sighed slightly, and said: "So, I can't set foot on the Heavenly Dao Palace with you to eradicate this power."

He paused for a while, and then said, "The reason why I let you come is that I need you to go to a place with me. I can't get in that place, only you can."

"Where?" Ye Chen calmed down and asked: "Devil Emperor, wherever you are going, you can't get in, let alone me. I am in the gated state. You can kill and kill. It's mid-to-late stage in Evil Realm!"

The Devil Emperor smiled slightly, waved his hand, and said: "That place is rather peculiar. People who are not from that clan can't enter, even if it's me!"

He explained: "That place is actually an ancient tomb, a very special ancient tomb. It is the tomb of one of the strong men in the ancient times of the Kingdom of God! A strong man from the Ye family is buried!"

"You have to know!"

"In the past, the Ye Family of the Kingdom of God, in the ancient times, was an extremely powerful family, extremely powerful, and much more powerful than the Heavenly Dao Palace of the Kingdom of God today, and the Ye Family was also very domineering. In the ancient tomb, it is extremely dangerous, even if the people of the clan enter, they may fall!"

"But people of this clan are the only chance to enter."

"And you, the blood on your body is the Ye Family of the Kingdom of God!"

ancient time!

It is different from the prestigious ancient times of the Devil Emperor!

In ancient times, the Ye Family of the Kingdom of God, these four words alone were enough to shake nine days, no matter all the gods, demons and evil spirits, they had to kneel down when they saw Ye Family, even the power of Slashing the Evil Realm Nine Layers of Heaven. !

"I am still a lot away from the heyday!"

"Actually, I have recovered a lot of combat power, but if I want to fully recover, I need a treasure from the Ye Family's tomb, called the Ancient Sky Demon Orb, which can be regarded as one of the funeral objects of the senior Ye Family!"

"When I get it, I have a chance to recover my strength."

"Even beyond the peak."

"At that time, I can kill the Heavenly Dao Palace with you."

The Devil Emperor personally said he needed Ye Chen's help.

The Ye Family of the Kingdom of God, even if it doesn't exist anymore.

However, the remaining power in the tombs was enough to isolate the Devil Emperor, and no one in the Kingdom of God could move. Of course, except for the pure Ye Family, Ye Chen had blood from the ancestors and was related to the ancient Ye Family.

Ye Chen is the only person who can find the ancient Heavenly Devil Orb for him.

Therefore, the Devil Emperor will come to him!

"In that case!"

"This is about my Ye family tomb."

"The ancient Celestial Devil Orb was buried in the tomb as a funerary object, and it has no other effect except as an ornament."

"It just so happens that I am also curious about my identity."

"This may be my first contact with people from the ancient Ye family."

"Yong Lao said a long time ago that the Ye Family is powerful, this time, I want to feel a little bit!"

After that, his gaze fell on the devil emperor's body, and said: "OK, devil emperor, I will get you the ancient sky devil beads!"

"Thank you!"

"We set off at once! But, it's better that I can enter with you."

"You seal the door to enter it, I'm afraid it's dangerous."

"If you fall into the tomb because of my business, it will be the guilt of my life!"

Ye Chen smiled slightly: "When the time comes, act by chance."

The Devil Emperor waved his hand to tear the void, and took Ye Chen through the space tunnel, spanning thousands of miles of space, and came directly to a Jedi!

Huhuhu~~

Yeah~~

The crows and animals cried out.

It seems particularly harsh, if the timid heard , I would be so scared to kneel.

Ye Chen stepped out of the space tunnel and saw that he came to a mysterious place. It seems that this place will never be daylight. The dim environment is full of dry tree vines, and the scarlet crows live around the tree vines. , But every crow has an extremely powerful aura, it's a bit like a tomb guard animal group.

He stared forward, and an extremely glorious tomb emerged. It could not even be said to be a tomb. Instead, it was a palace. A tomb full of dry trees and vines and formations exuded an atmosphere of destruction!

Suddenly.

An old man appeared with an indifferent expression, as if he was a grave guard.

He looked at Ye Chen, then looked at the Demon Emperor behind him, and said indifferently: "The deceased is gone, don't disturb, you two should go back!"

Ye Chen looked intently, and the old man in front of him seemed very ordinary, wearing a gray robe, holding a cane in his hand, his face wrinkled, and he looked like an ordinary old man in his eighties or nineties, dying to death. , And there is no breath fluctuation in the whole body, it looks very simple.

Not worth any fear.

Chapter 2509: Ye Family Ancestor

But in fact, the voice of Canggu Medical God came in his mind!

The old man in front of him is actually a powerful existence at the peak of the Ninth-tier Heaven in the Slashing Evil Realm!

And the strength will only be higher! Even across chaos!

The other party must be the guard of this tomb.

A warrior at the peak of the Ninth Floor of the Slashing Evil Realm, as a tomb guard, the Ye Family in ancient times is really domineering, such a peak powerhouse is actually just a tomb guard!

Ye Chen was dumbfounded.

No wonder, the Devil Emperor can't get in!

Such existence is already extremely powerful, but willing to guard the tomb, this tomb is indeed extraordinary!

"Old man!"

"I am a junior of the Ye family!"

"As a younger generation, the meaning of coming here is to pay homage to the ancestors. Here, there is something in the tomb that is extremely important to me, so let me take it out and make the best use of it! Revitalize the Ye Family!"

Ye Chen didn't intend to hide it.

He also knows that concealing such a strong person is undoubtedly seeking death!

And Ye Chen didn't feel ashamed at all, the tomb in front of him was a good senior Ye Family.

However, the ghost knows how many generations have passed!

I don't know if it is a direct blood relative.

What if it is the partial Ye family?

Even if it is a direct blood relative, according to the ancient times described by the Devil Emperor, this senior Ye Family is at least his ancestor.

Hearing Ye Chen's words, the guardian did not fluctuate at all, closed his eyes slightly, sighed, and said: "You can do it, the people behind you can't enter!"

"As a younger generation of the Ye family, the Ye family does not exist, but the family rules that should be in place are still necessary!"

"You go in, whether you are paying homage to the ancestors, or taking the ancestors' items to use, you can be alone. The martial artist behind you does not need to go in!"

"Also, if you fall in the tomb, it has nothing to do with me, everything is your fate."

As a grave guard, he didn't know how long he had been there.

He could naturally feel the extremely weak blood aura on Ye Chen's body.

Although the bloodline was weak, he couldn't stop it.

He could accept Ye Chen's words like this in front of him, but he couldn't accept the Devil Emperor following in.

The Devil Emperor was taken aback, and learned from the old man's mouth of the danger inside, he must not let Ye Chen take risks for himself! Only one step can be taken, and he said:

"Senior, excuse me."

"I heard that there are many formations and killing formations in the Ye Family Cemetery. If I don't follow in, what if my friend encounters a crisis?"

"Rules are dead, people are alive."

"This son is the only opportunity for the Ye Family, and it absolutely cannot fall."

"Senior, please accompany me."

"I won't move anything inside, just to protect Ye Chen."

"Senior should be able to perceive all this."

The Devil Emperor took Ye Chen and prepared to go inside.

The guardian of the tomb slightly pushed his hands, an invisible force of law seemed to communicate with the world, but saw the Devil Emperor and Ye Chen take a step, not only did not appear in the tomb, but appeared in the opposite position. , Farther from the tomb!

"Damn it."

"What a powerful law."

"This magical technique has already touched chaos."

The Devil Emperor was somewhat unstoppable, no matter what he was holding Ye Chen, he took a step forward again, and the result was like just now, not only did not go forward, but even more backward, making him feel a little helpless, let's take action, it is not appropriate.

Don't make a move.

The two are destined to be unable to step in.

"Fine!"

"Ye Chen, when we came to the tomb of the ancestors of the Ye family, it was a request!"

"You and I shouldn't do it, you try to explode the power of blood! Maybe there will be a turnaround."

The Devil Emperor didn't plan to do it, his personal grievances were clear, and he directly let Ye Chen resolve it with his blood.

He believed that if the old man felt Ye Chen's blood, he would definitely compromise.

Boom! !

A burst of breath vented.

A force originating from reincarnation radiated out invisibly.

Devil's eyes appeared on Ye Chen's eyebrows, and three phantom shadows of profound tablets hovered all over his body. The surging breath was like a sea of blood rushing, a strong smell of blood wafting out, and strange blood faintly appeared behind him. Light.

Ho Ho Ho! !

Ho Ho Ho! !

gradually!

Behind Ye Chen appeared a group of figures, there are gluttonous neighing, Yinglong leaping into the sky, 犼 roaring, 狻猊 Galloping and so on. The four great sacred beasts have the same effect, but the four great beasts that have emerged behind Ye Chen!

Gourmet, 栲杙, 狻猊, Yinglong!

The four great beasts of ancient times, each of them was a groundbreaking existence!

Boom boom boom! !

Boom boom boom!

Followed by.

The tomb was violently surging, and it seemed that a unique aura was responding. In the ancient tomb, a divine light soared into the sky, attracting thousands of dark clouds, and the thunder and lightning reflected in the shadows of the four beasts. It seems extraordinarily appropriate, as if it was originally a family.

Reincarnation blood is excited!

The tomb shakes!

A burst of divine light and the shadows of the four beasts!

Puff! !

There was a dull noise.

The guardian of the tomb was shocked and knelt directly. The turbid pupils were also full of respect. He clasped his fists in both hands and gestured towards Ye Chen, saying: "Your Highness, I have seen Your Highness before, I don't know if your Highness arrived, please Your Highness, forgive me!"

Your Highness!

The strongest bloodline of the main line of the Ye family——reincarnation bloodline!

There is only one person in the world!

This is the Ye Family's Royal Highness. The old man knew that Ye Chen was from the Ye Family, but he never thought that he was the one with the blood of reincarnation!

His body was trembling, and tears filled his eyes!

"Please get up!"

"The old man has worked hard, and has kept the tomb for my tribe for many years. Ye Chen thanks you!"

Ye Chen slightly clasped his fist towards the tomb-keeper, after all, the other party had no credit and hard work, and it was not difficult for him to say thank you!

Ye Chen looked back at the Devil Emperor, nodded slightly, and the two of them had to walk forward again into the tomb.

The tomb guard no longer made any contribution instead, kneeled in front of Ye Chen and said sincerely: "Your Highness, you are the Ye Family's Highness, the old slave dare not stop you, but Ye Family According to the rules of the clan, only members of the clan are allowed to enter the tombs of the clan, and this warrior of the magic way is not allowed to enter anyway!"

"Please forgive your Highness!"

"If this demon martial artist is forced to break in, the old slave will not allow it even if he died."

See this scene.

The Devil Emperor was completely gone, and he didn't expect this tombkeeper to pay such attention to rules.

Upon seeing this, Ye Chen said: "Devil Emperor, in that case, you can stay, I can go in by myself, my Ye family's tomb, will it still kill me!"

He persuaded the Devil Emperor to stay, and after beckoning the tomb-keeper to get up, he held the God Slayer's Demon Spear in his left hand and the Qinglian Tiantian Sword in his right hand, and entered the tomb alone.

Take a look.

The entire ancient tomb is like an underground palace.

Chapter 2510: Monstrous Killing Array

It was said to be an ancient tomb, but it was actually a tomb. Two or three huge halls were passed along the way. Hundreds of coffins were seen in the halls, but they were all burials and so on. They never entered the main tomb.

Although it is a funeral, there is also a strong aura flowing in the tombstone!

Is this the strength of the Ye Family?

The old man outside is so powerful, why only guard the tomb instead of avenging the Ye Family?

Could it be that the existence of the Ye Family was destroyed, and it was stronger?

Tiandao Palace or something else?

Ye Chen had more and more doubts.

Squeak~~

Zi~~

A wooden door was pushed open.

Ye Chen entered a thousand-square-meter hall, and a scene of a hundred coffins was revealed before his eyes, but he saw that there was a formation on each coffin, and the hundreds of formations were interlocking and directly blocking the way!

Whirring whirring! !

Huhuhu!

In the tomb, there was a gust of breeze, and there should be vents on the side, but the breeze was blood red.

There are more than a hundred big formations, one big formation protects a coffin, each blood-colored big formation is like an upside-down bowl, extremely mysterious, the formation is covered with criss-crossing red silk threads, a stream of destruction The breath came out.

"Every big formation!"

"They all have the power to kill the Supreme Void Realm and even the Evil Realm!"

"Hundreds of large formations are intertwined with each other, almost equivalent to a giant killing formation, which can pull the whole body with one move!"

Ye Chen scrutinized the formation in front of him, frowning slightly, the killing formation in front of him, of course he could break it, but his position, not to mention the main tomb, was that he hadn't arrived at the left and right tombs, so he went to the companion tomb. There is already such a killing formation!

If you get to the main tomb, isn't there a killing array that can kill the Chaos Realm of Zhan'er Realm?

Generally, even if the Ye family came in without the cultivation base of the Slaying Evil Realm, they would not be able to break the formation continuously!

Ye Chen paused for a long time and took a deep breath. The Qinglian Tiantian Sword in his hand suddenly pierced out, and hundreds of **** sword auras burst out from the tip of the sword, which gathered into a **** tsunami, directly submerging dozens of killing formations, and Qinglian killed the sky. Sword Qi kills each other in the same killing formation.

Bang bang bang~~

Zi Zi Zi~~

Click~~

The sound of collision came out one after another.

Qinglian Mietian Sword Qi continued to wipe out the killing arrays, but the only remaining more than 80 killing arrays, but each large array was surrounded by a burst of red luster, and it shot out the Qinglian Mietian Jianqi tsunami that directly defeated the front. By the way, Ye Chen repelled dozens of steps.

"No!"

"These killing formations not only have extremely strong attack power, but also stronger defense!"

Ye Chen's expression flickered, carefully observing the situation in the killing formation, suddenly felt a familiar aura, and muttered to himself: "How do I feel this aura in Xiao Huang's body, I have also sensed it. ?"

"Xiao Huang!"

"Come out, look at these killing formations!"

Whoosh~~

A red light flew out from the reincarnation cemetery.

The dome fell beside Ye Chen and couldn't help being overjoyed. He said, "Boss, did you specially prepare these formations for me?"

"What do you mean?"

"These killing formations, can you also swallow them?"

Ye Chen was a little surprised. He had thought that Xiao Huang could swallow the formation, but could it also be swallowed by such a powerful formation?

That would be too bad.

The little yellow dome swayed and cheered: "These formations are of the same origin as me. These killing formations are a deadly threat to outsiders, and to me, they are a great tonic!"

"That's great!"

"Go and devour these killing formations!"

Ye Chen was overjoyed and directly sent Xiao Huang out.

Xiao Huang slightly expanded his body, the lines of the dome spread out, and he stepped directly into the killing formation. The dome's breath shook away like a sea of rivers. The wind absorbed the surrounding killing formations, but saw a stream of purity in the killing formations. The power turned into red light and merged into the dome!

Huhuhu~~

Huhu~~

Huhu~~

Time passed quickly.

The killing array burst one after another, because it was unable to support it without its strength, even the vessels of the array turned to ashes.

The Dome exhaled quite contentedly, ate a lot, and staggered back to Ye Chen's side, saying: "Boss, I have eaten a bit full of these formations. If there is another formation like this Fa, I'm afraid I can't eat it!"

"Nothing!"

"You go back and rest first!"

Ye Chen asked Xiao Huang to return to the reincarnation cemetery, and walked through the burial chamber alone, scanning the hundreds of coffins, and the situation inside the coffins could be clearly seen as soon as the divine mind came out.

In a hundred coffins are buried a hundred strong men.

Wearing blood-red battle armor, hands placed on the chest, with a unique sword beside him, each corpse is well-preserved, not ulcerated due to the passage of time, and every corpse is left with a little corpse. Puppet powder.

Ye Chen guessed, if it wasn't his own words that came in just now.

These hundred warriors will quickly transform into corpses and come out of the coffin. Each of them has at least the power of the Evil Slashing Realm, and because it is a corpse, only the physical power left is equivalent to the Slashing Evil Realm. At least the existence of the pinnacle of Zhan'er Realm.

"These powerful bodies!"

"It seems that all the burials are voluntary. It seems that the Ye family in this tomb is not simple!"

"The lowest level must be an elder to have such a configuration."

Ye Chen muttered to himself, his own breath bloomed, and the body of the strong man in the coffin did not respond when it sensed it.

He left the burial chamber and walked through the narrow tomb passages without traps.

The owner of the tomb obviously knows that the people who can walk here are either his own or his enemy.

The enemy who came here had to be at least the pinnacle of the Evil Realm, so no traps were set up, because even setting traps would be a joke to such a powerful person.

Ah~~!

The voice of the Scarlet Crow came out.

The tomb is extremely wide, at least several thousand square meters in size. There are many silver locust trees growing around, and the dry trees are surrounded by blood demon crows a kind of corpse gas and devil gas. The special crows that make a living are the size of a person, and they emit horrible and blurred sounds.

This kind of creature that lives in the tomb all the year round, if one goes out at random, it is enough to destroy a hundred top powerhouses, and even many Slashing Realm have to die under his mouth, and there are hundreds of them in front of him.

Since Ye Chen walked into the tomb, a group of blood demons and crows flew around him one after another, not only did not attack, but made a very permeating sound, seeming to welcome Ye Chen.

Ye Chen swallowed, looking at the battle in front of him, and whispered: "Fortunately, it is his own family! I can estimate that Elder Yun's level of Zhan'er Realm has entered, and I am afraid that he will be torn by these crows in an instant!"

Huhu~~

Phoo~~

In the center of this tomb, there is also a flashing red killing array.

Ye Chen didn't choose to destroy, he avoided it, and went to the depths of the tomb, staring at a huge bronze gate, which seemed to be the only way to enter the main tomb. He gently pushed it aside, and a magnificent hall appeared in his eyes. The dark tomb he was in was a world apart.
