Chapter 2511: Reincarnation Cemetery Change

He entered the main hall without seeing the coffin. The walls around the main hall were made of white gold chalcedony.

Suddenly, a voice came.

"Here is my junior from the Ye family!"

"As a junior, then kneel down~"

There were bursts of extremely mysterious voices.

This kind of voice seems to come from nine days away, not threatening, but has a sense of temptation. It makes Ye Chen seem to be entering the fairy world, listening to the teachings of the immortal long, which can make people feel very happy. But it also restrains people's minds and has the ability to induce.

"Younger from the Ye Family?"

"My Ye family is here?"

"Kneel down!"

"Kneel down!"

"Kneel down!"

...

The sound of nine days came out, making Ye Chen kneel and let him surrender!

Many of these voices are extremely old, and they should be the voices of elderly people. They seem to be like segments of divine thoughts left on their own. Ye Chen came in and just triggered these divine thoughts!

And the voice of the ancient medical **** Cang also sounded in Ye Chen's ears at the same time: "Boy, you are the tomb owner of the reincarnation cemetery. You should be higher than the owner of this tomb. You don't need to kneel down."

"And this sound is a bit weird...be careful."

Ye Chen nodded, his mind was determined, he looked around and said:

"Everyone, even the ancestors of the Ye Family!"

"But even though I am Ye Chen from the Ye Family, I am also the Lord of Reincarnation. I won't kneel down!"

The words fell, and the sound of anger came!

"Bold!"

"As a descendant of the Ye family!"

"Seeing me waiting for the ancestors of the Ye family, I didn't kneel down, looking for death!"

"Surrender to your ancestors is the kingly way! You are not filial to future generations, and even call yourself the Lord of Reincarnation, you should be punishable!"

These voices are extremely complicated, and they don't seem to be alone.

But soon, an invisible force of law suddenly fell on Ye Chen's body, instantly as if a hundred mountains were pressing on him.

Ye Chen instantly seeped blood from the corner of his mouth, but he couldn't move. His eyes condensed, and his whole body was released on the spot, and even more said: "I, Ye Chen only kneel by the world's parents, and only the Supreme Master. Other than that, even the way of heaven. , Can't make me surrender!"

"The road of martial arts is going against the sky."

"Even if you have the power to destroy the world, I, Ye Chen, will look like a green pine after all."

Ye Chen's voice resounded in every corner.

"Oh?"

"That's good, but you also have to be eligible to resist!"

"With such strength, I dare to be arrogant!"

"Press again!"

Before Ye Chen could react, the pressure on his body was heavier, and he was almost pressing down on his knees.

Immediately, Ye Chen roared again and again, and the power of the blood in his body broke out completely. A sword energy burst into the sky, defeating the invisible pressure, facing the white gold and jade wall, saying: "You are the seniors of my Ye family, why bother to tease people like this? Come if you want to, why rely on such coercion!"

"You only need concrete entities!"

"Suppress the cultivation base and realm to the same level as me, even in the too virtual realm, I can fight!"

The battle between closing the door and Taixu!

Ye Chen is confident and invincible, and he is not afraid of anyone, even these divine mind bodies that emit the sound of nine days can never be his opponent!

The battle of your own door-sealing realm, the battle of the virtual realm, invincible in the world!

"Hahaha!"

"Okay, okay, what a refreshing kid!"

"The old ladies are not joking with you either!"

"In the past, the old ladies were highly respected in the Ye family. Ye family disciples, no matter how high or low you are, you need to bow down to see me!"

"However, you kid, a disciple of the Ye family, is extremely rare. The guy who knows I'm waiting but doesn't kneel is a bit courageous!"

"Fine, let's go in!"

The sound disappeared suddenly, and then a door opened.

On the original wall, a giant bronze door appeared again, and the bronze door slowly opened. This was the real passage to the main tomb.

The previous bronze door leading to this large hall is for defensive purposes. If other people who are not from the Ye family come here, if they think that this large hall is the main tomb, I am afraid that they have been suppressed by the owner of the Voice of Nine Heavens. I don't know how many times I died!

Puff puff~~

Puff~~~

Ye Chen walked into the main tomb, and there was a burst of unique voices under his feet.

He looked down and saw that all the glazed tiles underground contained various blazing divine oils. As long as they were broken a little bit or two, the entire main tomb would be lit, and all the treasures would be turned into ashes. This can also be regarded as a prevention of powerful existence. of!

锵锵锵~~

Huh~

The sound of organs came out.

However, a coffin was quickly raised in the center of the main tomb. The outside was a sarcophagus for wrapping the coffin. There were pictures carved on the coffin, which seemed to be the scene of the battle before the tomb owner's life. Pattern display.

There are countless ancient inscriptions carved on the left and right sides of the coffin.

Ye Chen also didn't know what these ancient inscriptions were, whether they narrated the life of the tomb owner, or did it serve other purposes.

Before he came to the coffin, he stretched out his left hand and opened the coffin slightly. At first glance, he saw an amethyst gilt coffin. However, a white bead was placed on the coffin. The bead seemed to be affected by the air. It is covered with black lines.

Huhuhu~~

Huhu~~

A wave of demonic energy overflowed from the beads.

Ye Chen dispelled the devil energy, making sure that the bead in front of him was the ancient sky demon orb that the devil emperor wanted. The devil energy blooming out of the ancient sky demon orb was not strong, which made him a little surprised, and slowly picked up the ancient sky demon orb. , When preparing to put it away.

A powerful demon's meaning rushed into his mind instantly through his arm.

"what!"

"The meaning of the devil, want to seize the house? Want to swallow!"

Ye Chen's eyes were about to split, his cheeks showed blood on his cheeks, and the black magic flames lingered all over his body, as if he had been enchanted!

He grasped the ancient sky demon bead in his left hand, and drew out the Qinglian Sky Demon Sword with his right hand, and the tip of the sword shot a sword aura into the body.

Click~~

A clear voice came out It was not the intention of the demon to be broken, but the Qinglian Sword Qi that Ye Chen had penetrated was broken.

In an instant, Ye Chen was entangled by the devil qi, and the endless bone-eroding meaning came, and even the pain made his whole body soaked, but the ancient heaven devil beads in his hand were stuck in his hands, unable to break free.

"Why is the power in this bead so strong!"

"Damn it, this bead..."

Ye Chen had some words no matter the time, the power of the soul was quickly shattered by the meaning of the demon, and his entire body was being swallowed by the meaning of the demon!

The reason why the ancient Heavenly Devil Orb was placed in the most critical place was obviously not so easy to be obtained!

Just as Ye Chen was about to lose his mind, the reincarnation cemetery was shaking violently, and a colorful divine light rushed out, seeming to have the meaning of vast sky, directly suppressing the meaning of heavenly devil.

Chapter 2512: Devil's invitation

The stone tablet in the reincarnation cemetery shook quickly, and a unique force penetrated into Ye Chen's mind.

After a while, the meaning of the heavenly devil dissolved, and Ye Chen slowly got up, looking at the ancient heavenly devil beads in his hand with amazement, the meaning of the heavenly devil had been sealed inside by the colorful divine light, and it seemed that he could not get out!

"Huh, no!"

Ye Chen suddenly felt something wrong with the breath he exhaled. Why was there some devilish energy in his breath?

He quickly surveyed his body, but found that in his dantian, there was a demon energy of the heavenly devil, which seemed to be a surviving and uncleaned heavenly demon energy.

WINK to \$1: Secure Your Spot Now!

"The reincarnation cemetery saved my life again, this devilish energy, nothing more, let's save the blessing Qinglian Tiantian Sword after refining!"

He quickly took out the divine light cloth, wrapped the ancient sky devil beads, and personally set a thousand restrictions on it to prevent the meaning of the devil from rushing out again, and then carefully put it away, just as he was about to leave, the crystal coffin was It was a vision.

Divine light burst out one after another!

The divine light shot from the crystal coffin gradually condensed into a phantom, and an old man appeared, wearing a green robe, with a horoscope on his mouth! The ghost seems to be the owner of the tomb, one of the elders of Ye's parents!

Phantom stared at Ye Chen, not looking at Ye Chen's youthful appearance, but seeing through time and space. From Ye Chen's body, he saw a man who defeated millions of powerful enemies with a single sword and was domineering in the world.

This phantom is the original Lord of Samsara!

The Lord of Samsara is in charge of Samsara. He is not among the five elements of heaven and earth. He knows yin and yang and understands the mystery of life and death. He controls the life cycle of thousands of warriors, far above the so-called Palace of Heaven, and is not dispatched by Heaven. Not within the avenue rules.

unfortunately!

The Lord of Samsara did not know what happened to him, and eventually fell.

A little real spirit went down through the long river of time and space, reincarnated as a human, and became Ye Chen!

Ye Chen's previous life was indeed the Lord of Samsara who shook the kingdom of God!

"What's your name?" Xu Ying asked, but her voice was trembling, and she seemed to be in awe of Ye Chen.

"My name is Ye Chen!"

Ye Chen clasped his fists in salute!

"Well, Ye Chen, you are the bloodline of reincarnation, please gather ten reincarnation monuments as soon as possible to completely activate the bloodline, time does not wait for you!"

Xu Ying sighed slightly, and said with a slight emotion: "You are the descendant of my Ye family, so you are lucky!"

Ye Chen was a little confused, and asked: "I heard that the Ye Family of the Kingdom of God was the real overlord in ancient times, but why would it disappear later? Even the records of the Kingdom of God have no record of Ye Family. ?"

ancient times!

Ancient times!

The Ye family spanned two periods, and after millions of years of reproduction, even in the ancient times, the Ye family was still the dignified overlord. Therefore, the elder of the Ye family only possessed such treasures as the ancient sky magic beads.

But in a certain period of history, the Ye family dissipated.

It was not until later that the Devil Emperor was born, and it took another 10,000 years to reach the present year. Gradually, the Kingdom of God has almost no records of the Ye Family. The long river of

years has buried a lot of things, but it should not be This Ye Family, which spanned two periods, was forgotten!

"Ye Family!"

"Miss my Ye family, dominate the kingdom of God for thousands of years!"

"It's a pity, it's a pity!" Xuying was very emotional, and said: "Back then, our Ye family shouldn't have been involved in that situation. We were exterminated overnight. Even the old man was seriously injured by the aftermath of the battle, leading the guards in the house to flee to the desert. , But the aftermath of the battle alone left me with an eternal and indelible injury!"

"Until the Ye Family is destroyed for a thousand years!"

"I also left because of the recurrence of my injury, and the one outside the tomb is the only one left among the more than a hundred guards I brought out! The rest of the people, even though they are in the Chaos Realm, are also fought. The aftermath of the shock all died in front of me, so I placed them in the tomb of the burial tomb, wishing their bodies will still guard me!"

The ghost explained slowly.

Ye Chen was shocked, and the phantom in front of him, no matter how it was beyond the chaotic realm, would have been severely wounded and unable to heal because of the aftermath of the battle. After only a thousand years of delay, he had to die!

Aftermath of battle?

What is aftermath?

Gate-sealed martial artists like Ye Chen, even if they slaughtered other martial artists, the aftermath of the battle could only kill the martial artists of the Star Aperture Realm and the Gate-sealing Realm, meaning that when that person slaughtered the Ye Family, his cultivation base was at least beyond that. Three great realms of Zhan'er Realm?

otherwise!

How can the moment of shot, the aftermath alone has such power!

"Senior, what's that person's name?"

"Are you still alive?" Ye Chen asked.

Xu Ying took a long breath and said: "The man came to the kingdom of God, eradicated the Ye family, wiped out everything about the Ye family in the kingdom of God, and left. That person's name is—"

Click!

Boom boom boom! !

Boom boom boom! !

Thunder roared out one after another!

It seems that it is the will of heaven and earth that the phantom is not allowed to mention that name!

He couldn't even come up with a name, he just had an idea, but he didn't say it, and it caused the sky to bombard the tomb.

Boom boom boom!

Boom!

The originally extremely strong tomb was suddenly blown away by the sky thunder.

Before the phantom could say the name of 'that person', he was struck by a sky of lightning. The phantom collapsed for most of the time. At the same time, the tomb shook quickly, and the tombs began to collapse everywhere. And so on, one after another turned into dust, and a lot of land above my head fell.

"He is strong again!"

"With my strength, I am not qualified to mention his name!"

"I'll send you out!" The phantom has almost disappeared. At the moment when it is about to completely disintegrate, a light of space is shot out, sending Ye Chen out of the tomb, and then quickly bursting open, and the whole tomb will also burst into pieces.

Huhuhu! !

Boom!

boom!

Ye Chen appeared outside the tomb and looked at the sunken land with mixed feelings.

He looked at the tomb guard, and the other party seemed to know what was going on, so he couldn't help but sigh.

"Your Highness!"

"You leaveThe old slave keeps waiting!"

Even if the guardian knows that the tomb has collapsed, he still chooses to guard the tomb.

Ye Chen sighed, turned and left, took out the ancient heavenly magic orb, and gave it to the devil emperor.

After the Demon Emperor got the Ancient Sky Demon Orb, he quickly stamped several layers of seals, and then cautiously said: "Thank you, Ye Chen, this Ancient Sky Demon Orb seals up an extraterritorial demon. I want to restore my strength during the peak period. , The Kingdom of God has almost no treasures that can help me, it can only rely on this extraterritorial monster!"

Extraterritorial monster!

Demon figures who do not belong to the kingdom of God!

At least the existence beyond the chaos realm, the Devil Emperor uses his power to restore his cultivation and combat power!

"Ye Chen!"

"If you are not in a hurry, let the emperor return to the altar to practice!"

"You have done so much for me, so what should I do."

Chapter 2513: 3 tricks!

The Devil Emperor was a little bit emotional, knowing that he owed Ye Chen, Ye Chen helped him take out the ancient sky magic beads from the tomb, this kindness, he had to repay, and then looked at the situation in the ancient sky magic beads, it is obvious that the inner gods The implication is that the Great Demon from outside the Territory once tried to devour Ye Chen!

But Ye Chen still brought it out!

Ye Chen must have paid a great price!

He owes Ye Chen too much, he must pay it back!

"Ye Chen, let me go back and practice!"

"This time, I will teach you the secret methods of the demons that I have practiced throughout my life, and help you break through!"

The Devil Emperor promised.

The Demon Emperor confessed that he owed Ye Chen, and wanted to take Ye Chen back to the altar to teach his own Demon Clan secret.

When Ye Chen heard these words, he nodded slightly, accepted the kindness of the Devil Emperor, and said: "It just so happens that Senior Devil Emperor is willing to teach me the technique, thank you!"

"it is good!"

"readily!"

The Demon Emperor laughed, waved his hand to tear the space, and returned to the altar with Ye Chen!

The so-called altar is an altar filled with endless demonic energy. It is a huge altar with a height of tens of thousands of meters and an area of hundreds of thousands of square kilometers. It is so common for a monk of the right way to come in. Without being attacked by anyone, he will be The sky is full of devilish qi to life and death.

Huhuhu! !

Huhuhu!

Above the altar, cold winds were blowing everywhere.

Ye Chen looked at it, the sky was dim and there was no sight, surrounded by patches of blood-colored forest, it seems that this is the devil emperor altar, the place where the devil emperor lives, and there are many Evil Slayer masters and Taixu martial artists sitting around!

"Ye Chen!"

"Come on, attack me with all your strength, this emperor will try your power!"

The Devil Emperor slightly stretched out his hand and motioned to Ye Chen to attack!

Ye Chen was not wordy, and gathered all his strength to stab out with a sword, and the unmatched Qinglian Tiantian Sword Qi rushed out, like a **** tornado, attacking the Devil Emperor sideways.

The Devil Emperor stretched out his hand slightly, the palm of his hand flashed with bleeding light, and gradually disappeared from the Qinglian Detian Sword Qi in front of him. Then he nodded slightly and said: "The Emperor knows your situation, so I will teach you three methods that are most suitable. Your technique!"

Three tricks!

No need to be more!

Too many words are mixed but not precise.

The three elite tricks are enough for Ye Chen to use them all the time!

"Look up!"

"The first move, Leihuangba Star Sword!"

"Come on the sword!" The Devil yelled, and the Qinglian Sky Extinguishing Sword flew directly into his hand, only to see him pick up the Qinglian Sky Extinguishing Sword slightly, the sword body was flooded with blood, and then a sword light burst into the sky. Thousands of thunderclouds were created out of thin air.

After that, a picture of the starry sky appeared again behind the Devil Emperor, a huge Domination Star appeared, and a **** long sword was inserted in the Domination Star!

The **** long sword drew thousands of thunders out, converging into a sword to sacrifice.

In an instant!

The wind is surging!

While the blood-colored sword light pierced out, it showed a desert scene, and it was the Leihuangba Star Sword!

Boom boom boom!

Boom boom boom!

The sword light hit the ground, directly setting off millions of blood-colored trees and tens of millions of tons of earth to fly into the sky.

Such a sword, with Ye Chen's cultivation base, was enough to easily kill the martial artist at the peak of the nine-layer heaven in the Taixu realm, even if the Qinglian demon fire was not used, it was enough to severely damage the martial artist at the first-layer heaven in the Evil Realm!

The Devil Emperor immediately retracted his sword, and the vision of thundercloud and stars collapsed!

He stared at Ye Chen and explained: "This sword requires proficiency in the laws of the thunder system. Use your talent to practice the laws of the thunder system. One day is almost the end. The subtlety of

this sword is that when a sword comes out, ten thousand Thousands of thunder and lightning are combined with the power of starlight. The power of thunder and lightning can paralyze the enemy, and it can also destroy the enemy in an instant. The power of starlight can protect itself from the loss of time and space!"

"Finally, the desert scene when Jianguang hits has the effect of a psychedelic enemy!"

"A sword, containing three kinds of power, is enough to suddenly double your combat power by more than three times, and can destroy everything in an instant. The power is still above the pure law of destruction, at least ten times the power of the law of destruction. !"

Listening to the explanation of the Devil Emperor, Ye Chen instantly understood the exquisiteness of the sword move, and quickly understood this Leihuangba Star Sword!

Lei Huangba Star Sword!

The first move!

Ye Chen also grabbed the Qinglian Heaven-extinguishing Sword, and followed it out, the first time it was used, the power was just a little like!

After several consecutive uses, he successfully exerted the power of 50% of the sword tactics, and has cultivated the sword tactics to the perfect state, greatly increasing his combat effectiveness!

"The talent is great!"

"This sword move!"

"The emperor took a thousand years to figure it out!"

"Unexpectedly, you actually cultivated to such a degree in half a day. No wonder you are so young, but your cultivation base is so high, and your combat power is far beyond your own realm." The Devil Emperor sighed with emotion, Ye Chen in front of him is indeed Too enchanting.

Whether it is comprehension, speed of cultivation, or severity!

Each one is of an extraordinary degree, far away from other geniuses!

"The first trick, slowly understand it!"

"I believe that in less than a month, you will have completely mastered this trick of the Thunder Sovereign Star Sword!"

"I teach you the second trick!"

The devil emperor's figure calmed down, his luck began, the devilish energy surging all over his body, his pupils began to change, from blood red to dark blue gradually, and then two luster shot out from the pupils, and he suddenly hit one of them. Elder of Tiandao Palace.

"what!"

"The Devil, are you a bastard, you—"

"you....."

The elder of the Zhan Evil Realm of Heavenly Dao Palace, gradually began to fall asleep from his anger.

After he was irradiated by the two blue light beams, his expression began to change a little, and then his body began to twitch, and he fell straight down in less than a moment. When Ye Chen looked at it, the other party's spirit was broken!

and!

It's not that the light beam smashed the soul!

On the contrary, the opponent crushed his own soul, this scene made Ye Chen pale in shock!

After the Devil Emperor restored his original eyes, he smiled and said, "This second trick is called the Demon Phantom Eye!"

He explained: "This trick is to use the huge magical energy to create the illusion of death for the enemy, making the enemy's consciousness and soul think that he is dead, but further fragments his own soul!"

After the explanation, the Demon Emperor spread his hands and said helplessly: "This emperor does not have Demon Eyes, but Ye Chen, you have Demon Eyes. This move can be regarded as an upgraded version of your Demon Eyes. The power is multiplied. When the time comes, the soul A guy who is not as powerful as you, if you look at it, you will create the illusion of death for others and make them'self-end""

"This trick!"

"Are you looking at the dead at a glance?"

"That's right!" He seemed to be talking to himself somewhat humorous, saying: "Look at the dead man, this kind of exercise also exists, and he can cultivate to Dzogchen. The light emitted by my pupils is hidden in the void, so I can avoid other people's spiritual search at that time, and truly kill people invisible!"

Listening to these words, look at the self-closing elder of Tiandao Palace.

Ye Chen couldn't help swallowing, this trick was made for himself.

He listened to the Devil Emperor's explanation of the cultivation method of this trick, and then began to practice on his own, and tried to test those Tiandao Palace elders who were captured by the Devil Emperor, and found that the effect was indeed good, but he also needed some time to cultivate to Dzogchen. Only the realm can truly exert its full power!

"it is good!"

"Now I teach you the third trick!"

"Cang Yan destroys the palm of the spirit!" The Devil Emperor said slowly.

Chapter 2514: Devil's Education

"Cang Yan destroys the Spirit Palm!"

"This trick is mainly a combination of the law of destruction and the law of immortality, and the law of nirvana, which is more powerful in attack and killing!"

"Plus the three laws of Thunder, Wood and Fire!"

The Devil Emperor explained slowly: "Actually, in your realm or mine, almost all of the martial arts practiced develop in two directions. The first one is martial arts, strength, Spells, sword intent, etc. released based on heaven and earth induction.

The second is the changes in the rules. Some will freely combine the power of the rules to enhance the offensive power of the moves! "

"There are."

"Will purely use a law, such as the Great Perfection Realm Destruction Rule!"

"Of course, the fighting at the power level mainly relies on the great power, the power of the heavens and the earth, and the power method of oneself, coupled with the inner power of the exercise method,

to drive the body meridians and dantian to cooperate with the body, perform moves, and display it. His moves are based on weapons as the carrier, and all kinds of laws are used as the fundamental force to release!"

"As for the higher-level powerhouse, you have come into contact with too many other powers, and you have not reached this level, so don't talk about it!"

Ye Chen nodded slightly, listening to the Demon Emperor's explanation of the basics of warriors.

He practiced all the way, the speed was too fast, and his understanding of martial arts was far inferior to the Devil Emperor.

Suddenly, he thought of something and asked: "In this way, the battle in the emptiness is divided into two parts! One is the spiritual power of the Dao, and the other is a combination of various laws?"

"Correct!"

"The power of the law is divided into the five elements law of wood, water, fire, earth, time and space, these seven are the most common laws, such as the law of destruction, the law of indestructibility, the law of killing, the law of death, the law of guns, etc. Wait, the small rules are different rules figured out by different warriors!"

The Devil Emperor explained the knowledge of martial arts to Ye Chen in great detail, and then said: "The coordination of these laws, such as the demon phantom pupil I taught you before, transforms its own spiritual power into devil energy, and then releases it through the avenue. The law of space hides the light in the void, and after hitting the target, the law of destruction suddenly erupts to kill the enemy!"

"In this way, Devil Qi and Dao are the main power!"

"Then the space and the law of destruction are used. This order cannot be changed. If it is changed, this trick is that the pupils emit light directly with the power of the law of destruction. The law of space is useless, so there is no hidden effect. There are important points, such as how to hide in the void, how to

suddenly burst out the laws of destruction, I have also taught you before, you can understand it by carefully comprehending!"

"Of course the warriors of the Kingdom of God are somewhat special, they don't like the power of the law, and they rely more on the perception of heaven and earth."

The Devil Emperor talked a lot about martial arts, and even explained the combat methods of their respective realms!

Finally, he said: "The more rules of combination, the stronger the power, but the higher the requirements for the caster. For example, the third trick I teach you now, Cang Yan destroys the palm of the soul, is to use his own spiritual power to transfer For the devil qi, use the avenue to amplify the devil qi and increase the power of the devil qi!"

"After that, the magic energy was gathered in the palm of the hand, and the law of destruction was circulated between the fingers, and the law of indestructibility was circulated in the palm of the hand, reaching the level of extinction and immortality, continuously collapsing and compressing the power of the two laws, and then integrated into the thunder fire wood three great perfections The laws of the environment, with a final shot, the power can far exceed other attacks!"

"Among them, the laws of the lightning system have the power to imprison them!"

"The law of fire has the ability to be rage and range splash."

"The laws of the wood system can self-repair the power of the laws of the palms, so as to achieve that even after the palm prints of Cang Yan Annihilating the Spirit Palm are issued, even if it is blocked or hit by other attacks, the power can be weakened. Self-recovery in a quick time and restore power to its peak state!"

Ye Chen listened very carefully to Cang Yan Destroying Palm that the Demon Emperor carefully explained.

Devil Emperor personally explained!

It's much easier than comprehending the moves by yourself!

When the Demon Emperor saw Ye Chen thoughtfully, he snorted and said: "I will demonstrate to you myself, you can take a good look!"

He waited until Ye Chen was ready, and his figure moved. The magic energy in his body quickly exploded and turned into endless magic energy, and a avenue that was several kilometers long appeared behind him, hanging like a milky way in the night sky.

Huhuhu! !

Huhuhu! !

gradually!

This avenue shone like a galaxy, and then the power was injected into the body of the devil emperor, but he saw that the devil qi in his body became stronger and stronger, at least ten times stronger!

The Devil Emperor stretched out his left hand slightly, a scarlet luster appeared between his fingers, the law of destruction gradually formed, but his fingers began to be destroyed by the law of destruction, and pieces of flesh and blood were festering. "Ye Chen, you remember that the Dzogchen Realm Destruction Law, if you don't reach the Slashing Evil Realm, you have to throw it away as long as you gather together, otherwise your body will be destroyed. However, understanding the law of immortality is an exception!"

The next moment, a light red luster appeared in his hand, which was the law of immortality, but he saw that the law of immortality was like a wave of light, spreading through the damaged finger. It could be seen that the wounds of the white bones were healed, and the power of the two laws was entangled. No one can destroy one piece!

Another moment.

A part of Lei Guang's palm burst out.

Another burst of sparks overflowed and merged with the thunder light to form the power of thunder and fire, which is the fusion of the power of the thunder system and the fire system in the Dzogchen Realm!

Huhu~~

Whirr

In the palm of the hand, a trace of aquamarine luster emerged, which is the wood law of the Dzogchen Realm!

Immediately, the three laws of Leimuhuo merged with the laws of destruction and immortality, producing a light ball surging with endless power, lingering out of the palm of the Devil Emperor's left hand, and he immediately shot it out with a palm. The palm prints whizzed out, causing the sky to burst in an instant. Numerous space cracks emerged.

Huhuhu! !

Huhuhu! !

The jade red palm prints whizzed out, cutting the space on both sides, creating a large number of space cracks and countless black space fragments. These fragments alone are enough to quickly strangle the warriors of the Sealed Door Realm and the Supreme Void Realm!

However, the palm of the hand suddenly hit a demon mountain in the distance.

Only heard the sound of an explosion, the Wanzhang Demon Mountain hits, and then the law of destruction in the palm of the hand, like a devourer, quickly swallows countless magic stones and cleans it, a huge one. The mountain was hit by the waist, but no stone fell, and it was completely destroyed by the law of destruction so that there was no ashes left!

Seeing such a scene, Ye Chen couldn't help swallowing.

With such a palm, if it hits a person, even a powerful person in the slashing state will die directly because of the powerful internal power of destruction. Moreover, there are rules of immortality and characteristics of immortality inside to ensure that the laws of destruction will not be excessively consumed. , The law of the wood system can nourish the power consumed by the law of destruction, making it still powerful!

Chapter 2515: breakthrough! Wrath of heaven!

Boom boom boom!

Boom boom boom!

The consumption part of the continuous thousands of zhang palm prints was quickly nourished by the laws of the wood system, and it still flew forward!

Eleven Wanzhang Devil Mountains were hit, and without exception, there were no scum left, as if they had never existed in this world. Until they hit an Evil Slashing behemoth sealed on the altar, Qianzhang's palm stopped slightly. Down.

"The Devil!"

"I want to surrender!"

This behemoth of the Evil Slayer, struggling constantly, watched his flesh and blood being destroyed by the law of destruction, but he could not destroy the power of destruction hitting him in any way, even if he tried his best to destroy it. The law of the system will still restore some of the power of the law of destruction, until the power of the law of wood has all disappeared, the power of the law of immortality has also disappeared, and the power of the strongest law of destruction will disappear.

Huhu!

With the devil wind howled.

This giant beast suddenly burst open like fragments, but every fragment is a scarlet light wave circulating. Before that, it was still a fragment. After the light wave circulating, it suddenly became nothingness!

"Such a blow!"

"If the power I use is replaced by a pure palm technique that is completely supported by magic energy and magic, at most I can kill Slashing Evil Realm!"

"However, after blasting eleven mountains in a row, you can also kill a behemoth in the mid-Slashing Evil Realm!"

"This is the Cangyan Destroying the Spirit Palm, but after this palm, the soul will be crushed and destroyed in the first place, and then the flesh will be completely destroyed and swallowed by the law of destruction, and no trace of matter will remain!"

The eyes of the Demon Emperor became extremely sharp. After he stopped looking at the giant beast, he turned to Ye Chen and asked: "The subtlety of this palm lies in the fusion and combination of the power of the five laws. Based on your current cultivation Because, I'm afraid that it will only be displayed after reaching the Supreme Void Realm!"

"But you must remember that you have learned this palm!"

"When you step into the Supreme Void Realm and fully comprehend the laws and the sense of heaven and earth, you can use this palm to instantly kill the existence of the early stage of Slashing Evil Realm, without requiring you to use other power!"

"Of course, you can try to replace the fire law with a powerful flame, maybe the power will be stronger!"

Ye Chen nodded slightly, and said: "Understood, thank the Devil Emperor for his three great tricks!"

Three tricks!

The first trick is Leihuangba Star Sword!

This sword art has the meaning of thunder, but Ye Chen can use other methods to replace the law of thunder to induce the thunder to kill the enemy.

The second trick, the demon phantom pupil, is based on the magic energy, the law of space and the law of destruction!

The third trick, Cang Yan destroys the Spirit Palm, with five powers: destruction, immortality, thunder, wood, and fire!

There are three moves, each of which is extremely powerful, and the cooperation between them is enough to increase Ye Chen's combat effectiveness several times!

He also has the power of the Qinglian Demon Fire, the power of the profound stele, and the power of multiple avenues, which can make up the gap between the emptiness. In fact, the real martial arts, he is not particularly elite, mainly relying on various The suppression of pure power!

If these forces can be matched with each other, Ye Chen's combat power can even skyrocket tenfold.

Except for his lower realm, his various power systems are far beyond the scope of this realm!

"Get the teachings of the Devil Emperor these days!"

"I also feel it!"

Ye Chen seems to have realized something, even if he wants to retreat!

The Devil Emperor nodded slightly, and the space between waves changed, Ye Chen had already closed in a quiet magic palace.

A powerful magician came from the sky and fell beside the demon emperor. He watched Ye Chen in the magic palace together, and said with emotion: "Master, this Ye Chen, how do I feel that he shouldn't only have the door closed. what!"

The Demon Emperor smiled slightly.

Along the way, only he knew what Ye Chen had experienced.

"Ye Chen!"

"His training time is too short!"

"I don't have enough insights in his own realm, so even if he has more things, his own realm can't keep up with combat power."

The Devil Emperor slowly explained: "This kind of enchanting talent is extremely rare, and the speed of progress is too fast. It is different from those who only improve the realm without improving the strength. Only a few people have appeared in thousands of years. We are in front of us. It's already great luck to meet one!"

"the host!"

"Do you mean that Ye Chen will soon surpass the Slashing Evil Realm?"

This Demon Dao powerhouse also exists in the Slashing Evil Realm, and couldn't help being astonished at the Demon Emperor's guess!

The Devil Emperor did not change his expression, saying: "No one like Ye Chen can restrict him! He will break through the boundary extremely fast, and it may not even take ten or eight years to leave us far behind. Behind us, all we can do is stand in the same camp with him!"

"Besides, I owe him too much. Without him, I wouldn't be able to resurrect."

Invest in a future great power!

Ye Chen's speed is unprecedented, and there are only a few of these young talents even for thousands of years. The combat power far exceeds the realm by more than one realm, but those few will undoubtedly not be Ye Chen. Opponent!

The devil said a few words indifferently, and suddenly thought of something, and asked: "Let you investigate the whereabouts of the devil, what happened?"

The demon master nodded: "There is already whereabouts."

"it is good!"

...

Ten days later!

In the magic palace where Ye Chen was located, bursts of light surged, and then the sky thunder gathered to overcome the catastrophe!

Huhu!

The shocking air is continuous like waves.

A suffocating aura emerged from the demon palace, like a sea wave, constantly beating the surrounding space, but seeing the devil palace open, Ye Chen stepped out of it like a demon god, with eighteen blood-colored auras lingering around his body, and a faintly exposed eyebrow. Only eyes.

What an eye is that!

Bloodthirsty!

Cold!

Extreme!

"The eighth-tier sky in the closed door realm!"

"So you have to cross the catastrophe?"

"Hey, it seems that this day, don't wait to see me!"

Ye Chen was a little bit emotional. He had just broken through to the eighth level of the Sealed Door Realm. He hadn't stabilized his realm before, and then the sky thunder came!

Is this a catastrophe?

It's not too big, I'm broken, but Tian Lei is late?

I have never heard of Tian Lei being late. Obviously, I don't want to see him this day!

"What about Tianlei!"

"It just happens that I try my current strength!"

Ye Chen fearlessly The Qinglian Tiantian Sword in his hand burst out into the sky, and the whole body was filled with demonic energy, forming a demon general, all rushing towards the sky of thunder!

Boom!

Boom!

Dozens of crackling sounds came out.

Dozens of demon generals comparable to the mid-term of the Supreme Void Realm burst into the thunderclouds, but exploded many thunderclouds.

However, in the next moment, thunderclouds several times larger appeared in the sky again. The thick thunderclouds almost completely blocked the sunlight. The blood-colored thunder and lightning flashed constantly, and every thunder and lightning smashed and killed the eight layers of ordinary too virtual. The mighty power of Tianwuzhe!

This is the catastrophe?

No, it should be God's Wrath!

Tian felt that Ye Chen was too enchanting, and felt that he shouldn't exist in the world, so he came to Thunder Tribulation ahead of time and wanted to kill Ye Chen!

Chapter 2516: Lingwu change

"What thunder robbery!"

"I tore you apart!"

Ye Chen yelled violently, and the Qinglian Heaven-extinguishing Sword stood up sharply, and the tip of the sword shot out a burst of thunder. Instead of breaking the thundercloud, it mobilized the power of the thundercloud. A picture of the starry sky appeared again behind him, just like The real starry sky emerged.

A **** long sword flashed in the stars!

The **** long sword of thousands of feet drew thousands of thunder, converging into a sword.

In an instant!

The wind is surging!

A sword stabbed, countless thunder lights suddenly rose, showing a scene of desert, it was the Leihuang Overlord Star Sword!

The sword technique taught by the Devil Emperor himself-Leihuangba Star Sword!

WINK to \$1: Secure Your Spot Now!

Ye Chen has already realized the realm of Dacheng, even though the power is much weaker than the move played by the Devil Emperor!

But this is the result of the gate closure!

Boom boom boom!

Boom boom boom!

The sword light hit the sky full of thunderclouds, and the thunder and lightning blasted apart suddenly, and pieces of thunder and lightning fragments swelled out, like a thunder and rain, a scene of doomsday!

Boom!

Tian seems to be even more angry!

The thunderclouds gathered again, angered by Ye Chen, and directly cast a net of thunder!

The thunder net contained thousands of thunder and lightning, completely enclosing the space around Ye Chen, and suddenly looked at the surroundings, except for the countless thunder rays, there was nothing else!

"in this way!"

"Want to kill me?"

"That's not enough!" With Ye Chen's violent shout, the blood veins in his body seemed to have changed. A crimson luster spread out, turning Ye Chen's entire person into crimson, an extreme. The force is vented, as if the autumn wind sweeps the fallen leaves, it directly wipes out all the lightning around!

"Red Chen Divine Veins, open!"

"Lingfeng Divine Veins, open!"

The Devil Emperor was beside him, very shocked, looking at Ye Chen in front of him, he was shocked again and again!

He hadn't completely calmed down yet, but saw Ye Chen's whole body burst out an unparalleled whirlwind again, blowing away most of the thunderclouds abruptly, and even shattered most of the will that contained the heavenly way!

"This kid has been in retreat for ten days, has he reached this point?"

The Devil Emperor was even more shocked. Seeing Ye Chen's original trapped thundernet, he didn't expect that the power of his own two bloodlines would be completely activated, destroying most of the thunderclouds in an instant, and he couldn't help being shocked.

How many bloodline powers does Ye Chen have?

How come each one is so powerful!

If you turn on ten kinds, what point will it reach!

"Ling Feng Bloodline!"

"Crimson Bloodline!"

"Open again!"

After Ye Chen finished speaking, his eyes turned like ghosts and charms. Suddenly, the eyes of the demon in the center of his eyebrows opened again, and an invisible force penetrated the space and went straight to the thundercloud!

Boom boom boom!

Boom boom boom!

A series of explosions emerged!

The thundercloud spreading thousands of miles in the sky was suddenly exploded by the power of the demon's eye!

Prior to this, it was the magic taught by the Devil Emperor-Demon Phantom Eye!

Ye Chen changed a little and added more powerful destruction power and soul abilities. The moment he hit Leiyun, a large amount of destruction power contained the ability of two bloodlines, directly destroying Leiyun!

Before that, it was extremely tyrannical!

Even the Devil Emperor couldn't help the Thunder Cloud and Thunder Tribulation!

In an instant he was beaten up by Ye Chen!

Huhu~~

"Finally solved it!"

"What kind of thundercloud!"

Ye Chen looked disdainful, shaking his robe to clear the dust and ashes!

Suddenly, when he was about to go down, his mind was slightly throbbing, as if he had sensed something, and he said to himself: "I have left a power of divine mind in Lingwu Continent. Is it possible? A line of divine power is broken?"

"Have changed in Lingwu Continent?"

"Otherwise, why is my divine power broken?"

Ye Chen was a little unstoppable, and then came out from the sky to meet the Devil Emperor, holding a fist and saying: "Devil Emperor, I sensed something happened in Lingwu Continent, I need to go back!"

"Leaving this time, I don't know when to see you again."

"By the way, you have that magic orb, how long will it take to recover to your peak?"

The Devil Emperor's eyes sank, with strong determination surging, and he said: "The magic beads contain the power of the great demon outside the territory. If you want to absorb all of it, it will take as little as half a year or as long as a few years."

"Tiandao Palace will not give us too much time."

"So, I will as soon as possible."

"When I completely recover to the peak, or surpass the peak, I will come to you."

"You and I will kill the Heavenly Dao Palace together and destroy the heavens!"

Ye Chen nodded, blood boiled all over, blood pulse surged.

But he was more worried about the Lingwu Continent.

The power of mind!

I have only given it to a few people.

And the power of their own spiritual thoughts that everyone carries is different!

The power of the divine mind that caused the accident seems to come from the Shenhua Academy!

His refining master-Mr. Wu!

Although Elder Wu taught him for a few days, Ye Chen always respected him.

He knew that Elder Wu had a special status and was originally a genius refiner of the Kingdom of God, but he didn't know why he chose to bury his talents in Lingwu Continent.

Did something happen to Old Wu?

Just thought of this!

Ye Chen didn't even bother to ask the Devil Emperor for some unskilled things, so he wanted to rush to the Lingwu Continent!

The Devil Emperor nodded slightly and said: "You are too slow to go by yourself, I will send you there! It just so happens that I have a special jade card that can enter and leave the kingdom of God and Lingwu."

When the voice fell, he waved his hand to break the void, and directly built a space channel directly to Lingwu Continent, and then said: "Remember to be careful, it is not a day or two for Tiandao Palace to kill you. After that, I need to retreat and use the ancient sky magic beads. Coming to restore your strength will shield all senses. If something happens to you, I may not be able to sense it, and I may not be able to rescue you in time!"

"Thanks a lot!"

"I will be careful!"

Ye Chen clasped his fists in response and stepped directly into the space channel!

The space channel is extremely stable, mainly because the power of the Devil Emperor is too strong!

Endless turbulence!

Not long after Ye Chen came to Shenhua Academy, this once very familiar academy, but there are some cracks on the door at this moment, the original Shenhua totem is a bit broken, and the disciples who come and go are in different steps. Be cautious, there is no longer the sound of laughter and scolding in the past.

"stop!"

"who are you?"

A gatekeeper suddenly spoke.

Ye Chen raised his head, the look of the gatekeeper changed, and when he saw Ye Chen's appearance, he was extremely excited. The person here was Ye Chen, the world-famous genius of Lingwu Continent!

Ye Chen is finally back!

He hurriedly took Ye Chen into the Shenhuo Academy, and said with emotion as he walked: "Senior Ye, I heard that you have embarked on the kingdom of God to find the supreme way."

"Why are you back now?"

Ye Chen said: "Some feelings came back, why has the atmosphere in the academy completely changed?"

Chapter 2517: Burning Wrath

As soon as he said this, the elder closed his mouth, his expression was a bit gloomy, and he stopped replying.

Soon, Ye Chen followed the elder and found Dean Ge Qing.

When Ge Qing saw Ye Chen, he also sighed, saying: "Ye Chen, you... why are you back!"

"The Dean!"

"Why the academy atmosphere is not right, so quiet and solemn?"

Ye Chen asked, speaking urgently and feeling a little uneasy, but he still asked, "How is Mr. Wu? Why didn't he see him?"

The words came out.

Dean Ge Qing looked even more sad, sighed, and said: "Ye Chen... Mr. Wu... Mr. Wu has already driven to the west! You are sorry!"

Mr. Wu is also one of the leaders of the Shenhua Academy. The funeral was only held before. Therefore, the Shenhua Academy is extremely quiet and solemn these days. The disciples dare not laugh or scold, and they know the seriousness of the matter!

"President, Mr. Wu is my master! My life is not over yet..."

"Why died suddenly?"

Ye Chen's voice was extremely low, and his eyes drooped, like a awakened hero.

He suppressed the murderous intent and anger in his heart, and asked, "Is it because I offended which force in Lingwu Continent, dare to move my master after eating the ambitious leopard?"

"Ye Chen!"

"I can understand your mood!"

"But, don't make trouble, they are people you can't afford to make!"

Dean Ge Qing sighed helplessly: "I can't tell you what happened to prevent you from causing trouble and die. This is also the wish of Mr. Wu before his death. Mr. Wu hopes that you will never know about it. Besides, Wu Please always ask me to give you something!"

After speaking, he took out a very simple stone from his arms and said, "I don't know what the function of this stone is, but it was left by Mr. Wu. Take it!"

He put the stone in Ye Chen's hand, then turned and left!

Ye Chen is now in the kingdom of God and is in the development stage. According to Ye Chen's temperament, if he knows the inside story, he will definitely be held accountable.

So he dared not tell Ye Chen, lest Ye Chen go to trouble and die!

He thought so.

Ye Chen did not forcefully persecute, put away the simple stone, turned and left Shenhua Academy!

The murderous intent and anger in his heart were forcibly suppressed by him, and the moment he walked out of the courtyard, when he was about to go to the backyard to worship Mr. Wu, he met Xia Ruoxue in black.

Xia Ruoxue obviously represented Ye Chen's coming to Shenhua Academy.

"Ye Chen...you...how did you come back! Aren't you in the kingdom of God?"

Xia Ruoxue's eyes trembled, some teardrops.

In the next second, he hugged Ye Chen tightly.

Although Ye Chen didn't go to the Kingdom of God for long, Xia Ruoxue's yearning was increasing every day!

"Ruoxue! What the **** happened? I sensed something wrong in the Kingdom of God, so I came back!"

Ye Chen paused for a moment and asked, "Do you know how my Master Wu died?"

Xia Ruoxue nodded slightly, staring at Ye Chen, after hesitating for a long time, she said: "President Ge asked me not to tell you."

"But as your woman, I know you, and I choose to break my oath and tell you."

She sighed slightly and said: "Old Wu originally came from the kingdom of God, and it is the supreme kingdom of God where you are!"

"Lao Wu used to be a well-known craftsman in the kingdom of God, and he once crafted many holy weapons and ancient weapons!"

"But because of some things, I came to Lingwu Continent and stayed in the Shenhuo Academy all the time, planning to get rid of the grievances of the Kingdom of God!"

"But a few days ago, Mr. Wu inadvertently refined a special weapon, which is also strange. The news that Mr. Wu refined this weapon reached the Kingdom of God, and the Kingdom of God came to a family called the Han family. A genius who claims to be called Han Feng wants to let Mr. Wu go to the Han family for refining!"

Xia Ruoxue slowly recalled and said: "Wu Lao is unwilling, Han Feng also insisted on taking Wu Lao, that Han Feng is also considered a young talent, actually is the peak of the late stage of the Taixue, there should be many adventures!"

"In this way, Mr. Wu didn't want to leave, and Han Feng was furious, and... tortured Mr. Wu!"

"In the eyes of the Han family, anyone who refines artifacts for the Kingdom of God Han family is a supreme honor."

"But Elder Wu once vowed never to step in the kingdom of God again. He would rather die than go."

"After Mr. Wu died, the Han family even controlled Mr. Wu's sarcophagus and prevented Mr. Wu from being buried... So..."

"Asshole!" Ye Chen exploded, his heart ignited with terrible anger, and said: "The Kingdom of God Han family? Why have I never heard of it in the Kingdom of God? No matter what the origin of his Han family, I Ye Chen wants to The whole Han family is destroyed, but the chickens and dogs are not left!"

With Ye Chen's roar!

Everyone in the Shenhua Academy felt Ye Chen's powerful aura, far surpassing the Han youth at the time!

"This!"

"This, Ye Chen..."

The deans and elders were still in shock.

Ye Chen exerted his power to break the sky, and he directly carried Wu Lao's sarcophagus and rushed to the kingdom of God!

As a disciple of Shenjizong, he naturally has the right to step into the kingdom of God!

But at this moment, in his heart, what he represented was not Divine Extreme Sect!

Only represents one person, Mr. Wu!

Although he only learned to refining tools from Mr. Wu for a few days, those few days were one of his most precious treasures!

One day as a teacher and a lifelong father!

"Master, I'm sorry, today the disciple will personally take you to the Kingdom of God to avenge!"

...

Ye Chen carried Elder Wu's coffin, came out of the void passage, and directly set foot on the land of the kingdom of God!

The Han family is not a big family, but they got the whereabouts of the Han family from the Tianji Pavilion. The Han family is located in Tiankun City!

Ye Chen went straight to Tiankun City!

In Tiankun City!

It's the time to celebrate.

Today is the day when Han Shantai, the ancestor of the Han family, went out and closed the door. The existence of the second-tier heaven in the Slashing Evil Realm created the Han family name Zhenshen Kingdom Tiankun City. Tiankun City can only be regarded as the Kingdom of God. One of the cities, the scale is small, but with the blessing of such an ancestor, the disciples of the Han family can be described as extremely domineering!

today!

When the ancestors broke through the border and left the customs, naturally they had to publicize, and naturally they had to put on a banquet!

However, outside the Tiankun City Lord's Mansion, countless Han guards wear red ribbons, holding pieces of red jade medals in their hands, which contain a lot of wealth, but everyone who comes to participate in the banquet is under the command of everyone. There is this thing.

"Welcome to the ancestors of Shenshanmen!"

"Welcome to the ancestors of the Lin family!"

"Respectfully welcome the arrival of Sect Master Bloodblade!"

The two little servants in front of the gate yelled loudly while checking the invitation letters from all the visitors to show the identity and status of the visitor!

Those who came were all ancestors, masters, etc., naturally there were many disciples and elders who followed, and the Han family specially sent many people to welcome these people!

Chapter 2518: So what

The Han family lives in the main mansion of Tiankun City.

This city lord's mansion occupies one third of the huge city. It is extremely vast. There are tens of thousands of tables for today's banquet. There are ancestors and sect masters, and masters of the world have everything!

Although these people are not powerful in the kingdom of God, they are enough to win in this small Tiankun city.

Ten thousand seats!

Divided into three grades, each sect boss, ancestors, etc., in the first grade, you can see the Han family ancestors.

The second stage is the seat of the strong man in the Taixu realm. Many sect elders and the Jianghu free-cultivation strong are gathered together, and the Han family also sent many young talents to accompany. The third class is naturally the seat of the martial artist in the closed door state. Specially for some of the younger visitors.

WINK to \$1: Secure Your Spot Now!

At this moment!

In a hall of the Han family.

A young man hesitated and walked back and forth in the empty hall. He couldn't help but sighed and said: "I originally wanted to refine an ancient artifact for the ancestor, but I didn't expect that the old guy would not come. what!"

"Cut the ancient artifact!"

"The ancestor is in the Evil Slayer, and Taixu Saint Soldiers must not be used!"

"But as Young Master Han, what gift should I give my ancestor?"

This person is amazingly Han Feng. In order to give the old ancestor the gift of Guan, he originally wanted to get the message of that old Wu, and planned to go to the Lingwu Continent to ask Elder Wu to come over to the ancestor to refine an ancient weapon for the old ancestor. .

did not expect!

That old guy, actually doesn't follow?

But I didn't expect that he was hurt. As a refiner, his cultivation level was not enough. Originally, he just wanted to torture him half to death and he could almost bring it back. He didn't expect that the old guy would not resist the fight!

"Now!"

"The old guy is dead, what should I give this gift!"

Han Feng was a little anxious. He finally used countless pills to forcibly reach such a level. It is impossible to go further, but if he can please the ancestors, maybe he can shorten the promotion time?

"What a pity, what a pity!"

"The old man surnamed Wu would rather die than surrender!"

Han Feng couldn't find a suitable gift for his ancestors.

But the banquet is about to begin again!

"The son!"

"Let's go out first, son, you also have an unexpected artifact in your hand!"

"The ancestors might be happy! You don't have to find someone to refine it yourself."

A person in the Taixu realm next to him narrated: "You give this thing as a gift to the ancestor. This is the best gift you can come up with under normal circumstances. The ancestor will think a little bit and know that you are very hardworking. I won't treat you badly!"

"I hope so!"

"Let's go!"

Han Feng sighed, then left the hall with his servants and rushed to the front hall to attend the banquet!

He came to the front hall of the Han family and sat in the first class of banquet seats. In front of him was Han Shantai, the ancestor of the Han family. As everyone was celebrating and preparing to toast to congratulate the ancestor of the Han family, an explosion sounded!

Boom! !

With the sound of loud noise came out.

Seeing that the Han family's door was shattered abruptly, a young man with a black robe carrying a sarcophagus walked in.

A strong killing intent is surging in the youth!

Furious!

Obviously it is not here to celebrate birthday!

"Who is this person?"

"The eighth-tier sky in the closed door realm, dare to break into Han's house?"

"Boy, what do you mean!"

"Today is my Han family banquet, what do you mean by bringing a coffin with you!"

Some powerful Han family began to speak, and even the elders of individual sects were confused!

But when I saw an elder from the late Han family's Tai Void Realm, he snorted and said: "Boy, give you three seconds, kneel and kowtow to apologize. I'll treat you as if you haven't been here, at most torturing you half-dead, don't fight. Damn you!"

"Kill me?"

"Sorry, I will disappoint you today!"

Ye Chen looked ghostly and enchanted, surrounded by majestic demonic energy, and suddenly pierced with a sword, directly smashing the elder Han who had spoken!

Boom!

The elder Han, in the late stage of the Supreme Void Realm, the physical body was broken directly, and there was no whole body!

A group of Han family members stood up instantly, looked at Ye Chen extremely vigilantly, unknowingly they all held weapons around their waists, and wanted to make a move!

This kid in front of you!

Something's wrong!

Eight layers of heaven in the closed door realm!

Can actually strangle the elder Han Nie in the late Taixu realm in an instant!

There is something wrong, something very wrong!

"Who is this person in front of me!"

"Although there is only the eighth-layer heaven of the Sealed Door Realm, the battle is at least comparable to the eighth-layer heaven of the Supreme Void Realm!"

"What a great kid!"

"For such a talent, why come to Han's house with a coffin on his back?"

The ancestors and masters of the sect began to whisper again and again, looking at Ye Chen with a little shock!

It is extremely easy to die tragically in the eighth-level heaven of the gate-sealing state and against the first-level heaven of the Taixu state. Unexpectedly, the young man in front of him would instantly kill the elder Han of the eighth-level sky of the Taixu state. It was extremely strange!

"Junior!"

"Today is the joy of my Han family!"

"You leave quickly!"

The Patriarch of the Han family couldn't see through Ye Chen, and felt that his combat power was so extraordinary, at least ordinary geniuses could not compare, and there must be a strong presence behind him, so he wanted to drive Ye Chen away and avoid provoke him!

Boom! !

Ye Chen suddenly put down the coffin, and the endless waves of air directly lifted dozens of Han family warriors, completely disrupting the banquet, countless strong men stood up and glared at Ye Chen!

Ye Chen glanced viciously at the Han family in front of him and said: "If the Han family kills someone, then you have to be killed or annihilated. If you want to die first, you can come as soon as possible!"

"My name is Ye Chen!"

"I once studied art with a teacher at Lingwu Continental Shenhua Academy!"

"While you and others from the Han family are acting recklessly in the Shenhua Academy, even killing my teacher Wu Lao, just to refine weapons for your so-called old lady. If my teacher doesn't want it, you will kill my teacher!"

"just now!"

"I'm here!"

"The one who killed my teacher, Han Feng, get out of me!"

With Ye Chen's violent shout, the tyrannical spiritual power swept away like a whirlwind, and immediately shocked all the strong people, staring at him not to do anything wrong!

But he said: "Murder pays for life, let me get out of that gangster named Han Feng!"

"otherwise!"

"I will destroy your Han family destroy your ancestral grave and completely eradicate your family members!"

As soon as this is said!

It was like thunder and explosion, the entire hall was at a loss, and they all looked at the Han family!

Patriarch Han's eyes fell on the eldest son Han Feng, his expression was cold, and he said, "Han Feng, you did it?"

"father!"

"How am I doing!"

"A warrior in the closed gate state dare to come to my Han's house to provoke!"

"I don't want to live anymore!"

When Han Feng walked out of the side hall and looked at Ye Chen, his expression was extremely bad, with disdain in his arrogant eyes, he slowly walked to Ye Chen's body, stared at Ye Chen, and smiled: "Old Wu? The old man is your master?"

Chapter 2519: How to kill

"Yes, I killed it!"

"Originally, my son wanted to ask him to come over to refine an ancient chopping tool as a gift to my ancestor!"

"It's a pity, why is he unwilling?"

He looked a little helpless, and smiled: "I tortured him a bit. I didn't expect that this old guy was injured and his body is too fragile. I just hit the key with eighteen palms. !"

"If you change to a general strong, you won't die!"

"At most, you will be disabled for the rest of your life, but I didn't expect that your master is too weak!"

"Sorry, I killed your master, I will give you two hundred divine marbles, go and bury your master, get out!"

Ye Chen?

What the hell!

My son killed a man of Lingwu, so what?

My son admitted that the funeral expenses have been paid to you, what can you do?

"So...you haven't regretted it yet?"

Ye Chen set off a great anger in his heart, drew out the Qinglian Tiantian Sword, and directly killed Han Feng, the sword body flashed with a rich blood, and a sword cleaved out, and a hundred sword gangs whistling in succession, superimposed on each other, forming a composition An extremely tyrannical scarlet sword flew towards Han Feng!

"I don't know good or bad waste!"

"My son killed you personally, don't want the funeral expenses!"

Han Feng took out a long spear that was shining with golden light from his space storage ring, and immediately pierced it out. The body of the spear overflowed with flames, forming a fire dragon, crushing the space along the way, sweeping hundreds of black space fragments. Get out.

Peng! !

An explosion sounded.

Under the Scarlet Sword Gang, the fire dragon was chopped in half. The small half of the sword struck Han Feng, causing him to step back dozens of steps.

Han Feng's whole body shone brightly, and when you look closely, it is an ancient weapon-level soft armor. The sword gun hit the soft armor before, but it did not hurt him, but it also made him greatly annoyed, and five appeared on his left hand. A sharp claw, holding a golden spear in his right hand, slew towards Ye Chen!

Bang bang bang!

Click~~

Click, click~

The sound of collision came out.

The two figures were fighting in the hall, so fast that only the afterimages were left, and everyone could not even see their fighting movements!

I saw a wave of figures and the aftermath of ripples, completely overturning thousands of banquets, some patriarchs, etc., also looked at everything in front of them with indifferent expressions, without any intention of intervening!

Han Shantai, the ancestor of the Han family, sighed slightly, and whispered: "The old man has just left the customs, you guys performed a good show for me!"

He sat on the main seat with his hands in his arms, and didn't have the idea of intervening, he just wanted to see what Han Feng and Ye Chen could be like!

As the existence of the second layer of the Evil Realm!

He feels that he has the qualifications to take charge of the overall situation!

Boom! !

Rumble!

There were bursts of explosions.

Han Feng returned with a burst like a sack, his body fell heavily on the wall, the golden spear in his hand broke into three pieces, and the golden armor on his chest was also shattered, covered in blood, with more than one hundred blood holes. , Looks very hideous!

Ye Chen fell down slowly, waving the Qinglian Tiantian Sword at Han Feng, and snorted coldly: "How do you want to die? Skin cramps, bones and ashes, or the soul will always be burned by the sun for thousands of years. Endless?"

"It depends on what you have the guts to bear!"

"I won't let you die!"

"Ahahahaha, kill me? You Ye Chen are not worthy!" Han Feng yelled, hands on his chest, a starlight picture appeared behind him, his aura suddenly skyrocketed, directly flying off the roof of the hall, Yu Coming out of the sky, stepping on the gods, there is a dragon-shaped phantom lingering around him!

A starlight stone appeared on his chest, his eyes sharpened, and he said, "Ye Chen, Ye Chen, you let me use the starlight stone, this back hand I finally got, you should be content, because of you Successfully forced me to use my back hand!"

Starlight God Stone!

Originally obtained in the ancient secret realm, it can increase the combat power of this son twice!

This is my son's biggest back-hand, used to deal with the other sons of the Han family.

But Ye Chen!

You force me to use the Starlight Divine Stone, and I won't let you die easily!

"Starlight Sword!"

"Listen to my call and kill the enemy!"

Han Feng seemed to dedicate his vitality to enter the Starlight Divine Stone, but saw countless starlight gathering above the Divine Stone, condensing a yellow long knife the size of hundreds of meters, full of endless power and dominance!

"It's the Starlight Sword!"

"The starlight sword made by the starlight **** stone!"

"Starlight Sword!"

.....

The heads and elders of a group of sects became excited after seeing all this in front of them.

The elder of a certain sect sighed: "I thought that in the secret realm a hundred years ago, no one got the starlight divine stone, and no one got the starlight stone left by this ancient sect starlight gate. Unexpectedly, it was obtained by Han Feng in advance. Ye Chen, I'm afraid the world still doesn't know it!"

Starlight Gate!

Starlight God Stone!

A special school that uses the starlight stone as a carrier can absorb the ability of starlight or human vitality, thereby releasing an attack beyond its own realm. This kind of starlight stone originally

disappeared with the collapse of the starlight gate, and finally appeared a hundred years ago. This piece disappeared later, but it was in the hands of Young Master Han Feng!

"Young Master Han Feng has a starlight **** stone!"

"It means that he can explode with a full blow from a half-step slashing power!"

"As a result, this young man named Ye Chen is afraid that he will be over!"

A sect elder sighed slightly, like Ye Chen, a young talent who avenged Master, but unfortunately, there is no background, and there is no hidden treasure. Master was beheaded by Han Feng, not to mention Ye Chen himself. Up!

As a sect elder who came to participate in the banquet, this matter has nothing to do with me!

Just leave it alone!

This kind of thing happens every day in the Kingdom of God, so how can it be managed!

To blame, I can only blame Ye Chen for being too weak, and wanting to come for revenge, the eighth-tier heaven in the gated state, but a hundred years old!

It's a real genius, but what a pity!

The mentality of this elder is almost the mentality of all the strong sect family members who came to the banquet. Although he felt a little pity for Ye Chen, he felt that Ye Chen was a genius, and he was a Heavenly Martial Artist of the Sealed Door Realm at a young age.

unfortunately!

How could he be the opponent of Master Han Feng?

But just looking for death!

"Ye Chen!"

"Dare you come to disturb the banquet of my ancestor's exit!"

"My son tells you Today, you will definitely die!"

"No, you will definitely die, but you won't die in my hands. I will abolish you, and then let my beast pets eat you alive, feed you to the dog, you bastard!"

Han Feng broke out completely, his black hair fluttered like a madman, and the single markings gradually appeared on his cheeks, which seemed a little old!

At the cost of vitality, gather the starlight sword!

Even if Ye Chen is killed, his life span will be greatly reduced!

"A mere starlight sword!"

"Since you want to die, I will send you on the road!"

Ye Chen looked at everything in front of him, slightly raised his left hand, the palm of his hand was gleaming with blood-red luster, it was Qinglian Demon Fire.

Chapter 2520: Want it!

For guys of Han Feng's level, the cultivation base is completely reliant on the pill, not even comparable to the provocative handyman killed by Shenjizong!

He didn't even have the thought of using the Devil Emperor's unique learning!

Huhuhu~~

Phoo~~

The blood-red Qinglian Demon Fire gradually condensed into a blood-colored heavenly sword.

Ye Chen waved his hand down, the **** heavenly sword slashed down, as if to split the entire world, the ripples caused shattered the space one after another, the breath was like an ocean, endless, and Han Feng in front of him also split the starlight god. The knife, the blade slid through the space, leaving black marks!

boom! !

The Scarlet Heavenly Sword and the Starlight Divine Sword collided.

The latter actually collapsed at an extremely fast rate of consternation!

Slap~~

A crisp sound spread.

The Starlight Sword burst open and turned into countless fragments flying down. Han Feng also fell to the ground like a torn sack, spurting blood.

"impossible!"

"How could this be!"

"Master Han Feng, defeated!"

"Using the Starlight Divine Stone, have you all defeated?"

Everyone was shocked, looking at Ye Chen with amazement, and then seeing that they were seriously injured. They almost didn't even have the strength to stand up to Han Feng, feeling like a dream!

Such a cultivated Han Feng!

Using the Starlight Divine Stone, a full blow was exploded that was equivalent to a half-step slasher!

Against a warrior who closed the door, he was actually defeated and severely injured by him?

what's up?

How could this be?

Are we dreaming?

More than a group of people have this idea. Even if it is the contemporary Patriarch of the Han family, Han Feng's father is at a loss. His son will not die if he fights half a step against E'er, and he is beaten to a half body when he fights against a gated Ye Chen?

Are you kidding me?

Is there such a powerful in the Gates?

Is Ye Chen a closed door realm?

The people on the side were still in a state of consternation, a situation that was originally crushed, but it was reverse crushed, and it was difficult for normal martial artists to accept it!

Ye Chen was still suspended in the air, and his body was filled with **** aura, and eighteen **** halos lingered around him, like a devil!

He looked at Han Feng, and in the tone of judgment, he chopped off a **** sky sword to kill Han Feng!

Bang bang bang~~

Bang~~

With the sound of the Scarlet Heavenly Sword breaking the space getting more and more rapid, the blade almost fell on Han Feng at the same time.

The power of the five elements burst out, directly supporting the **** heavenly sword that was split.

Everyone reacted, and they were surprised to see that Han Shantai, the ancestor of the Han family, who was on the second floor of the Evil Realm, made the shot himself.

But seeing Han Shantai slightly raised his hand, holding the Scarlet Heavenly Sword, and then stood up, his expression was a little indifferent, after a sigh, he came out from the sky, came to Ye Chen's body, and said: "Little friend Ye Chen, Gong Li Very high!"

"The eighth-tier sky in the closed door realm!"

"My clan who severely inflicted the Great Void Realm!"

"To kill the enemy across a large realm, you are a genius, a well-deserved genius!"

"I wonder, can I have a chat with you?"

With a wave of his hand, he brought Han Feng back to the back of the banquet, seeming to be at the forefront as an ancestor.

Han Shantai sighed a little, and it was a bit unpleasant. Obviously his descendants are so incompetent, and he is also extremely helpless. He said through voice transmission: "Little friend, I will definitely give you an explanation about your master, but today is the old man's banquet. Will such a matter be discussed tomorrow?"

"Han Feng is the eldest son of the Han family!"

"However, the Han family will have a new eldest son, and he won't exist anymore!"

"But, on the day of the old man's banquet, if the Han family is knocked on the door, wouldn't it be a loss of face? Little friend, what do you think?"

The implication is!

The old man knows that you have a very high fighting power, and there may be someone behind him, and the old man is willing to kill Han Feng.

However, it cannot be today. Today is the big day of the Han family!

Today is the old man's banquet, you can't let you kill and do it unscrupulously!

After today, everything is easy to say, my Han family can execute Han Feng, but face is better than everything, you want revenge, yes, wait for tomorrow!

"old man!"

"Your Han family's face is important, isn't my master important?"

"You people from the Han family killed my master, and I will avenge you. Do you want me to wait for tomorrow?"

Ye Chen looked angry, but he didn't fully explode. The Han Shantai in front of him was the second-tier Heaven of Slashing Evil Realm. He wasn't necessarily an opponent, but today he must kill Han Feng, and let the Han family make the matter public and apologize in public. Only after disbanding the family!

otherwise!

What is Ye Chen?

Be bullied?

Before I came to avenge him, why didn't you, an ancestor, kill Han Feng again?

When Lao Tzu shows strong combat effectiveness, I think Lao Tzu may have a backing behind, but you old thing is coming out, you want to turn big things into small things? Lao Tzu tells you, small things turn into big things, big things turn into disintegration of your Han family!

I didn't intend to hide his identity!

"Little friend!"

"So, don't you plan to give up?" Han Shantai's expression was completely cold, staring at Ye Chen, like a terrifying beast staring at its prey!

"Ye Xiaoyou!"

"I can warn you!"

"My Han family is not rootless. It has existed in the kingdom of God for thousands of years, and the old man has supported the family for thousands of years!"

"I believe you will not be so stupid, and I also believe that there are not a few of my opponents in the whole city. Moreover, the old man's friends are not too few. Higher than me, but my Han family is not a vain family!"

Han Shantai was so old that he didn't make a direct shot. Instead, he continued: "My Han family has lasted for so many years. For nothing else, the old man has also looked down a lot. Only because of this face, the old man can't make it through!"

"Retreat for many years!"

"Little friend, you have to come and kill the descendants of the old man, so that the old man and the Han family will lose face!"

"This is not martial arts!"

In a word.

Han Shantai values face and is unwilling to deal with this matter today!

After today, everything is easy to say!

"Old stuff!"

"Do you know what I hate most?"

Ye Chen's expression became cold. With a cold breath lingering all over, he said: "I hate my enemy the most. I am at ease. My master was killed by your descendants, but you want to. So, is the face of your Han family more important than the life of my master!"

"Old stuff!"

"I will give you a word!"

"Or, immediately kill Han Feng, and the entire Han family will wear sackcloth and filial piety for my master for three years. You and the Han family contemporary family, as filial sons, kneel before my master's grave and apologize!"

"Either!" The corner of Ye Chen's lips outlined an evil smile, and the aura of the Qinglian Tiantianjian in his hand became more and more violent, "Or, I will destroy your Han family!"

Boom~~~

A wave of light came and killed.

Ye Chen's figure flashed, and he slightly avoided Han Shantai's sword-finger attack. Then the corners of his eyes were sharp, and he went straight to kill Han Shantai!

This is the first time he has dealt with an old guy of this level!
