

## Urban 2521

Chapter 2521: Group anger!

Bang bang bang!

Generous~~

The two are fighting in the air, the speed is extremely fast

However, with less than a thousand moves to kill, Ye Chen was punched to the ground by Han Shantai, spurting blood.

"Second-tier Heaven in the Evil Realm!"

"Look at how you deal with Lao Tzu's move!" Ye Chen yelled, and the Qinglian Heaven Slayer Sword stood up sharply, the whole body gathered countless blood demon energy in the sword body, and the tip of the sword shot out a thunder light!

Boom boom boom!

Boom!

Suddenly, in the cloudless sky before, there was suddenly thunderclouds, and the situation was about to come!

The flashing lightning converged into a silver torrent, fed back into the Qinglian Heaven-extinguishing Sword, and a picture of the starry sky appeared again behind Ye Chen, as if the real starry sky emerged, the sky filled with stars shining little by little. Shining sky dome.

Among the stars, a huge dominating star emerged!

The domineering star shone with blood-colored luster, and there was a blood-colored long sword inserted in it. The sword body was carved with countless ancient inscriptions. An ancient breath came out, and the huge blood-colored long sword once again attracted thousands of thunder. , Gathered into a sword offering.

In an instant!

The wind is surging!

A sword pierced out, countless thunder lights suddenly rose, and the scene of the desert behind Ye Chen was the Leihuangba Star Sword!

The sword technique taught by the Devil Emperor himself-Leihuangba Star Sword!

The Thunder Sovereign Star Sword of the Dacheng realm combines the power of multiple laws, and its power is not much weaker than the original move of the Devil Emperor!

With this one sword, deal with Han Shantai who is on the second-tier of the Evil Realm!

Ye Chen even burned a few drops of blood!

Huhuhu!

The wind is howling, the lightning is thundering, the stars are flickering, the dominant star is in the center, and the sword is soaring into the sky!

A picture after another appeared, and Ye Chen at this moment was like a sword god, a sword \*\*\*\* of demon, who walked out of the desolate ancient starry sky, his breath soaring to the sky, dominating the world!

"Vision!"

"Jianguang, Domineering, Thunder!"

"What kind of trick is this?"

Everyone watching the game was stunned!

Looking at the vision of heaven and earth in front of me, I was completely confused!

This move of Ye Chen, the barren ancient starry sky in his right hand, the light of thunder sword, and the aura of the blood evil spirit, how did Ye Chen completely integrate these things?

"This trick!"

"The old man seems to have seen it in what ancient books?"

"Fine, I can't remember it!"

Han Shantai looked rigorous, staring at Ye Chen's tricks, feeling very shocked, the fusion power in it made him very moved, and his hands began to gather energy!

The law of destruction spilled out of the palms of his hands, and the two laws of thunder burst out from behind. The power of the three laws merged, constantly shattering the void, turning the place where it was into a void of space, even the power of the law of space was absorbed!

"Ye Chen, I want to see how strong you are!"

"Shaking Star Palm!"

When the voice fell, Han Shantai shot a thousand-zhang palm, a palm that merged the power of these four laws, and there was an aura of extinction!

In the collision between Zhang Gang and Domination Star, countless light waves spilled out, and the ground cracked greatly as a result, as if an earthquake of magnitude ten or so had occurred. Just the aftermath shakes the ground into dozens of large rift valleys!

Boom boom boom!

Boom boom boom!

The sword light hit the Qianzhang palm, and the thunder and lightning in the sword light suddenly broke apart. Pieces of thunder and lightning fragments rushed out, like a thunder and lightning rain, a scene of doomsday!

Qianzhang Zhanggang further defeated Jiangang in one step, directly knocking Ye Chen to the ground!

"puff!"

"Old things are not weak!"

Ye Chen slowly got up, the blood hole in his body healed on its own, but the injury was also extremely serious, and his combat power dropped by more than 30%!

His spirit body went directly to the tomb of reincarnation, saying: "Masters, please help me!"

"Good boy!"

"Vengeance for your master, bravely rush to the Han family alone!"

"Yes, I am optimistic about you and give you strength!" The Kuangwu Overlord laughed and conveyed his power to Ye Chen!

In an instant!

Ye Chen's breath rose sharply again, and a sea of blood gradually appeared behind him. The endless waves of blood continued to flow. The invisible pressure shocked everyone and gave everyone a feeling of being in purgatory. The murderous aura was full of murderous aura. Cloth around!

"This kid!"

"There is a problem!"

"This breath, the old man also feels a little familiar!"

"Just can't say it's coming!"

Han Shantai sensed the breath of the madman overlord, and he himself was extremely old. Unfortunately, at that time, his cultivation base was low, and how could he come into contact with a figure of the madman overlord level, but he stared at Ye Chen extremely vigilantly, ready to fight!

Ye Chen, the kid, his breath increased sharply!

Vaguely reaching the level of Slashing Evil Realm, it seems unusual!

Breath skyrocketed!

From the pinnacle of Comparing One's Toes with Taixu, once crossed to the realm of Comparing One's shoulders to the Evil Realm!

It must be the expert behind him, who sealed his power in Ye Chen's body, and could burst out at the critical moment!

"Ye Chen!"

"Who is behind you!"

"If you say it, it's my old friend, I can consider letting you go!"

Han Shantai's words have changed a little. He is the second-tier heaven of the Evil Slayer, facing Ye Chen who is comparable to the third or fourth-tier heaven of the Evil Slayer!

It may not be an opponent!

Slashing Evil Realm, a realm of heaven!

Even if it is between the second-tier and third-tier of the Evil Slayer Realm, there is a huge difference!

"You don't deserve to know!"

"Now, I want the Han family to disappear!"

Ye Chen yelled violently, and his figure flickered. When everyone found out, he had already arrived in front of Han Shantai!

Han Shantai could react, with his left hand lying on his chest, but he was blown out by Ye Chen's punch!

"Fast speed!"

"So fast!"

"Ye Chen, what's the matter?"

Everyone was shocked, and just saw the ancestor of the Han family abuse Ye Chen!

How come the ancestor of the Han family was beaten in an instant?

"Ancestor!"

"Ancestor!"

A group of Han family warriors came out from the sky, holding Taixu Saint Soldiers in their hands, to help Han Shantai!

The three elders of the Supreme Void Realm and the two elders from the Evil Realm, who were from the sky, burst out of the ancient artifacts in their hands, and a round of visions emerged!

"Magic sword!"

"Gunsling!"

"Excalibur!"

With the three violent drinking gods out!

The three ancient artifacts were sacrificed each flashed with divine light, and three thousand-zhang \*\*\*\* soldiers appeared, and they all came to Ye Chen!

Ye Chen made a sword sacrifice, and countless sword auras formed a tornado of sword aura, which directly shattered the three ancient artifacts from the attack, and turned to flicker, like a floating light and a flying shadow, instantly came in front of an elder!

Bang~~

There was an explosion!

This elder at the peak of the Supreme Void Realm was killed by Ye Chen on the spot!

Soon, two consecutive explosions were heard, and the two Han family elders who had sacrificed ancient artifacts before were all beaten into blood mud by Ye Chen with one sword and punch, and died on the spot!

"Asshole!"

"Ye Chen!"

The only remaining elder of the Evil Realm, watching the three people die tragically, his eyes were splitting, and he burned his essence and blood one after another, killing him towards Ye Chen.

Chapter 2522: The voice of Tu Lanxin

...

Ye Chen's figure was faster, like lightning. After passing by the two of them, only two explosions were heard, and the two elders of the Slashing Evil Realm also died one after another. He looked at Han Shantai on the ground with a cold expression. Asked: "How do you want to die?"

"Hahaha!"

"dead?"

"What's that!"

Han Shantai broke out completely and sacrificed an ancient artifact, his breath soared, and he stepped out of hundreds of houses, his eyes were blood red, like a demon!

"It seems!"

"You don't want to choose!"

"Then I will choose for you!"

The blood demon halo around Ye Chen flew out instantly, turning into a \*\*\*\* halo of thousands of feet and flying towards Han Shantai!

噼噼噼~~

噼噼~~

With a clear voice came out.

Eighteen blood-colored auras trapped Han Shantai tightly, even if he had been fused with ancient artifacts, he was helpless.

Ye Chen didn't say much, suddenly raised his right hand, ran his spiritual power to bless the Law of Destruction, sacrificed the Qinglian Tiantian Sword, turned into a stream of light and penetrated Han Shantai's eyebrows, and the power of the Law of Destruction directly destroyed his soul.

Boom! !

Accompanied by a loud noise.

Han Shantai's body fell in Han's house, and the unbelievable look in his eyes still persisted to death!

In an instant, thousands of Han family children and clansmen were dumbfounded, seeing their ancestors tragically dying in the family, they felt like the sky was broken!

"How could this be?"

"How could this be?"

"Ancestor! Ancestor!"

"Ancestor!"

The people of the Han family looked at Han Shantai on the ground in despair, some at a loss, some crazy!

Ye Chen jumped down, grabbed the seriously injured Han Feng, and after obliterating his soul, he threw it directly to Xiao Huang to swallow it!

He looked at the people of the Han family and the leaders and ancestors of the various factions in front of him, and said: "From now on, I, Ye Chen, announced that the Han family no longer exists! The surviving Han family members will leave the Han family immediately. Use 'Han' as the last name, or I will kill you all!"

The voice lingered over Han's house for a long time!

When everyone reacted, Ye Chen had already carried Wu Lao's sarcophagus, tore through the void passage, and returned to Lingwu Continent!

"Han family, is this considered dead?"

"It should be considered extinct!"

"Han family, I blame Han Feng, who is not good!"

"It just happened to anger an existence that the Han family can't afford to provoke!"

A group of sect masters and ancestors talked a lot, and they came to the Han family, originally thinking about eating the banquet, but unexpectedly, the banquet was not finished, but it had witnessed the collapse of the Han family, which had been for thousands of years!

The ancestor of the Han family-Han Shantai-Slashing the second heaven of Evil Realm!

The elders of Han's family, the two are at the top of the Evil Realm, and many are at the peak of the Supreme Void Realm!

The above-mentioned powerhouses all died in the hands of Ye Chen. Even if the Han family does not disband, the enemies of the past will gather and attack if they know all this. When the time comes, the Han family will have to disperse!

"Young Master Han Feng!"

"Hey, this guy who harms others and himself!"

"What I want to create a slaying tool that kills Ye Chen's master, an idiot. Not only did he die, but he also destroyed the huge Han family!" A sect master sighed, shook his head slightly, and carried it. The gift I brought back is back!

quickly!

Many heads of sects and families have returned with the gifts they sent.

from now on!

There is no more Han family in this city!

The huge family is destroyed day and night!

...

On the side of the kingdom of God, the turmoil caused has not really begun.

On the Lingwu Continent, at the gate of Shenhua Academy, Dean Ge Qing and others looked at the blood on Ye Chen who had returned from Torn Void, and couldn't help but worry: "Are you okay? Don't take revenge, the Han family is too powerful. !"

"The student has killed all the important people in the Han family!"

"Han Feng is dead!"

Ye Chen responded indifferently, taking off the sarcophagus behind him, and before he came to the tomb, he put down the sarcophagus heavily, and then took out Han Feng's head from Xiao Huang's mouth, placed it in front of the tombstone and knelt in front of the tombstone, saying: "Master, rest in peace, I have taken Han Feng's head, and the Han family no longer exists!"

indistinct!

In an instant!

Everyone in the Shenhua Academy was blindfolded, looking at Han Feng's head in front of the tombstone, one by one seemed like a dream!

Han Feng, the world-famous genius who came to our academy before, died like this?

Ye Chen's cultivation speed!

It's too fast!

After dozens of minutes.

Ye Chen's eyes suddenly opened, and there was an extremely cold voice in his mind!

"Ye Chen, return to the Supreme Sect!"

"You are the one I brought, and I am responsible for you! Not Teacher Zhang!"

Ye Chen smiled bitterly. He wanted to finish dealing with Mr. Wu's affairs and go to Xuan Yuezong, but now it seems to be a waste.

Tu Lan was afraid that he knew that he was in trouble.

Well, it's time to go back, the matter of the God Demon Pool should also be dealt with.

...

At the same time, in a hall at the outer gate of Shenjizong, there is a place with the fragrance of birds and flowers, full of aura and beautiful scenery, just like a fairyland on earth.

This place was originally a place for outside disciples to relax, relax, or comprehend the artistic conception, called Xianxinlin.

But at this time, in this huge fairy heart forest, it was empty, there was only one figure, sitting in a cluster of thousands of flowers, pouring and drinking, leisurely!

The fairy heart forest prepared by this outer disciple seemed to be reserved by this young man!

Who can actually be so arrogant in this genius, rich and powerful children everywhere in the Shenji Sect?

This man is slender and has a clean face. His mouth is always with a faint smile. His eyes look gentle, but for some reason, when he looks at you, he will make you appear from the bottom of his heart. A chill!

He is the first person in the outer door, Qiu asked!

Qiu Wen, a disciple of Li Zhiqi, the most powerful teacher in the Shenji Sect, his martial arts training is extremely terrifying!

In terms of his strength, Qiu Wen has long been qualified to enter the inner gate!

However, Qiu Wen was not in a hurry!

Li Zhiqi has high hopes for Qiu Wen, thinking that he is very likely to become one of the true disciples in the future! Therefore, Qiu Wen has poured a lot of martial arts resources!

With Li Zhiqi's help, Qiu Wen could not enter the inner door temporarily, but they were almost the same.

Therefore, he chose to stay at the outer door. The reason why he did not enter the inner door was because his current strength was not enough!

He didn't want to give the inner disciple a chance to beat himself!

Moreover, he enjoys the feeling of being the number one. If he were the inner door, could he book this fairy heart forest like today?

At this time, at the entrance of Xianxinlin, a man with a bright red rune printed on his forehead suddenly rushed in.

Qiu Wen glanced at him lightly, didn't care, still drinking.

After all, he just left customs today, and he should have a drink and relax.

This person, named Zhao Shangzhi, is also considered the top disciple of the outer sect, ranking 11th!

Zhao Shangzhi quickly came to Qiu Wen's side. Before he could speak, Qiu Wen lightly yelled, "What's the matter, such a panic? My good mood when I went out to taste this pot of wine was affected by you."  
."

When the eleventh Zhao Shangzhi of the outer door heard this, his face turned pale for an instant, and he bent down to Qiu Wen in extreme fear and apologized: "Excuse me, Master Qiu, the reason why I am so anxious is that Because there is something important, I have to report to you!"

One of the pinnacle powerhouses of this outer sect, in front of Qiu Wen, turned out to be like a servant!

Qiu Wen drank all the wine in his hand. This person was a subordinate he cultivated, and he said that he was a servant.

With Qiu Wen's help, Zhao Shangzhi's strength has also improved rapidly. In just a few years, he has risen from a ranking of about 100 to eleven!

It can be seen how terrifying Qiu Wei's ability at the outer door is! It is not an exaggeration to say that it can control the entire outer door!

Therefore, he was extremely loyal and awed to Qiu Wen.

After carefully savoring the taste of fine wine for a while, Qiu Wen said calmly: "Say."

Zhao Shangzhi hurriedly said: "Master Qiu, you don't know many things during the period of retreat. I heard that a handyman disciple appeared in this sect recently. Although his cultivation is only in the

closed state, his talent is extremely against the sky. Yes, the dog we kept in the handyman's house, Wang Baoquan, has been killed by him!"

Chapter 2523: Tu Lanxin's strength

Qiu Wen poured another glass of wine, and said, "It's just a dead dog, just change another one. Is this kind of thing worth disturbing my drinking?"

"I just left the customs, don't want to disturb my mood because of this trivial matter."

"But, Master Qiu, it's not just that! This guy named Ye Chen is still in the restaurant, trampling an outer disciple under his feet!"

"What?" Qiu asked, frowning, his face darkened.

A lowly handyman, dare to attack an outside disciple? Although the one who would lose to this kind of \*\*\*\* is just a rubbish...

However, even if it is waste, it is also the waste of his outer courtyard! To kill, it was Qiu Wen who killed him! This handyman dared to step on his dog?

This is a capital crime.

The cold light in Qiu Wen's eyes gradually solidified, Zhao Shangzhi's shoulders trembled, and he felt a deadly chill!

He knew that this was Qiu Wen, who was intent on killing!

In the past few years, none of the people who caused Qiu Wen to kill will survive!

But this is not over yet.

Zhao Shangzhi continued to Qiu Wen: "However, the most unbelievable thing is that...this person killed the giant spirit sword Yuan Dao! Now, Ye Chen's reputation has become more and more popular, and some even said His strength is going to surpass the young master you!"

"Say I'm not as good as a lowly handyman in a closed door?"

Qiu Wen stood up, the smile on his face gradually became obvious, but his eyes were even colder, making it even harder to look directly at him!

"In that case, Zhao Shangzhi, you can go to this mess for me, and let's write down the war."

Zhao Shangzhi looked at Qiu Wen hesitantly. Qiu Wen raised his eyebrows and said, "What else is going on, tell me!"

Zhao Shangzhi said cautiously: "Young Master Qiu, it is said that Ye Chen is not only as simple as defeating Yuan Dao, but also instant defeat! It is so impressive that his strength is unfathomable, far above the door closed. After Ye Chen took the shot, the outer disciples present only felt a tremor from the soul.

Nothing else can be felt! Even... some people even said that Ye Chen was the reincarnation of the Demon God, who gathered the Supreme Divine Body in one! I tried to collect some news about him, it seems... it seems that there are rumors that he has shown the power of the body of tribulation in the trials! "

Qiu Wen glanced at Zhao Shangzhi blankly and said, "You mean, this son is inferior to him? What a little Yuan Island? If there is no Teacher Zhang standing behind him, this son only needs to move his fingers to let him He is going to die!"

It is true that Qiu Wen did not put Yuan Dao in his eyes. To be precise, he did not put any disciples of the outer sect in his eyes. Even the second Lieyang Fist of the outer sect, Wen Jiu, he could still kill it with one blow!

Zhao Shangzhi hurriedly lowered his head and said, "Don't dare!"

"But..." Qiu Wen's eyes flickered, "Is it the Ten Thousand Tribulations Body? Indeed, you can't be careless, so let's set the decisive battle time in seven days."

Zhao Shangzhi looked at Qiu in confusion and asked, "After seven days?"

After seven days, is there any difference?

Qiu Wen smiled slightly and said: "You know this young man never does anything unsure. I have already felt that the quiet blood in my young man is finally awakening! Just within these seven days!"

"You...you mean?" Zhao Shangzhi was stunned, and then he was ecstatic, and said with excitement: "Mr. Qiu, you mean your heavenly blood is finally awakening? Hahahahaha, if you tell me earlier I, I'm not so worried anymore, Heaven asked the bloodline, but one of the bloodlines that is evident in the kingdom of God.

It is said that they can compete with the divine body! If you have awakened the Heavenly Bloodline, you should be invincible at the outer door, right? No matter how bad that kid is against the sky, no matter what kind of god-body evildoer, he can only be trampled under your feet! "

The Tianwen clan was a very terrifying race in ancient times. It is said that the ancestor of this race was a mixed blood of humans and the gods of the heavens. Although the Tianwen clan was in decline due to an unexplained battle. But there are still parts of the blood that have been passed down to this day.

However, because of intermarriage with various races, the purity of blood is far less than that of ancient times, so it is very difficult to awaken!

However, once awakened, it will show a very, very terrifying power!

"But..." Zhao Shangzhi frowned slightly again: "Master Qiu, in your capacity, go to give a handyman a war note. Isn't this an insult to you? Or, let me find someone to find a cause. Pick something up with him and let you do it again?"

Qiu Wen said lightly: "Haha, Shang Zhi, you are still too short-sighted!"

"After this son awakens the Tianwen bloodline, it is time to enter the inner door. It is the time to build momentum and show his strength! Yes, I challenge him personally now, which is enough to give this miscellaneous face. It is estimated that many people will pay attention. Come to him? Even the elders of those inner sect powerhouses and our Divine Extreme Sect, the head will pay attention!"

Zhao Shangzhi puzzled and said, "Isn't this cheaper, this kid?"

Qiu Wen said with a sneer: "Yes, but when they see this kid being completely crushed by this young man and stepping into the dust completely, will all their attention be on this kid? "

"At that time! They will only see me! The proud son of Heaven who has awakened the bloodline of Tianwen! In that case, maybe, after I rise into the inner gate, I will be accepted as a true disciple by the elders on the spot!"

Zhao Shangzhi smiled flatteringly: "High! Really high! Master Qiu, you are not only amazingly talented in martial arts, but you are also so clever in scheming!

What if you have a divine body if you have a handyman at the door? What shall I fight with you? He is only worthy of being a stepping stone to your fame! I'm going to prepare now! "

He is Qiu Wen's dogleg. The stronger Qiu Wen is, the greater the benefits he will get!

...

A day later, Ye Chen finally rushed to Shenjizong.

And, at this moment, in front of him, stood a beautiful veiled woman.

The whole body of the woman exudes a strong power!

This woman is Tu Lanxin!

Tu Lanxin put her hands behind her back and said lightly: "Ye Chen, do you know what's wrong?"

Ye Chen was startled slightly: "I don't know."

A chill flashed in Tu Lanxin's eyes: "Leaving privately Isn't it wrong?"

"It's not wrong to slaughter the Han family?"

"Grass and grievances are greater than the sect, is it right?"

After three consecutive sentences, Tu Lanxin's aura reached the extreme.

Ye Chen's expression was weird, he never expected Tu Lanxin to know everything!

Now that you know, why don't you take action when you deal with the Han family!

Or let yourself come back?

Is this acquiescence?

Also, Ye Chen at this moment was extremely curious about Tu Lanxin's cultivation base!

According to the feeling Tu Lanxin gave him, Tu Lanxin was at least chaotic!

The worst is the pinnacle of Zhan E!

It is too scary for a woman to cultivate in this way.

Chapter 2524: Heart of Budo

Although Tu Lanxin put pressure on Ye Chen, Ye Chen still stepped out and said: "I will be my master and be my father for life, and I will avenge my master. There is nothing wrong with it!"

"On the road of martial arts, the mind is cultivated, and the mind is cultivated without regrets!"

"If you insist on thinking that I am wrong, then I am willing to be punished! But Shenjizong has chilled my heart!"

The words fall.

There is a short pause for a few seconds.

Tu Lanxin waved his sleeves and left.

At the same time, a misty voice came from heaven and earth.

"In the kingdom of God, we must be clean."

"After you leave the Han family, there are 37 people who want to unite their forces against you."

"However, I erased all those who threatened you."

"The martial arts cultivate not only the heart, but also the unfeeling."

"Next time, I won't handle this kind of thing for you again, so I can do it myself."

Ye Chen was slightly surprised.

Did Tu Lanxin wipe her ass?

It seemed that Tu Lanxin had been paying attention to his departure.

Why is Tu Lanxin doing this to himself?

Are you really just looking at your own strength?

"Well, I won't go into this matter too deeply. I will go to the Demon Pool tomorrow. If I don't go for a day, I feel uneasy.

...

No words for a night.

At this moment, outside the God Demon Pool, Ye Chen and Zhou Yuanxin had already arrived before the Sea of Fog. Just as he was about to step into the Sea of Fog, a silhouette of a figure suddenly appeared in front of Ye Chen.

Ye Chen looked at the figure, and saw a gray-haired, wrinkled face, dark skin, and obscure aura. If he didn't look carefully, he might treat this old man as a piece of wood!

However, Ye Chen didn't have the slightest contempt for this old man.

This person is an extremely powerful martial artist, and he is not weaker than Teacher Zhang, or even a stronger martial artist in the Evil Slayer!

If Ye Chen guessed right, he should have reached the peak of Zhan'er!

Shenji Sect is the first-class sect of the Kingdom of God!

Horrible!

Zhou Yuanxin who was not far away was surprised when he saw this!

He knows that there is a legend about the gods and devil pools. In the sea of fog of the gods and devil pools, there is an old man with extremely terrifying strength hidden. This old man is the guard of the gods and devil pools. , I don't know how many years...

But what is certain is that at least it has been more than ten thousand years!

Although this old man had been staying in the sea of fog, there were very few disciples who had entered the Demon Pool, who could see him.

It is said that for hundreds of years, there may be one person who is destined to this old man and can meet him.

After this old man appeared, he would often give some advice to the disciples he met...

Those who followed this old man's advice, without exception, all became inner disciples, even true disciples!

And those who ignored the old man's advice...

The end, but extremely miserable!

Either seriously injured or died directly!

Some people say that this old man could not bear to see the outstanding disciples in the sect withered before he came forward to advise...

Any disciple who can show the old man is an extremely enchanting existence!

Zhou Yuanxin is excited!

The appearance of this old man is enough to prove Ye Chen's talent!

The old man closed his eyes slightly, spoke slowly, and said in an extremely hoarse voice: "Are you going to enter the pool of the gods?"

Ye Chen politely said to the old man: "Yes."

The old man was silent for a moment, and then said again: "Go back, your aptitude is good, wait until the breakthrough is too weak, or you will die!"

Zhou Yuanxin's expression changed, this old man actually persuaded Ye Chen to leave?

Although Ye Chen created countless miracles, Zhou Yuanxin believed in Ye Chen very much, but! This mysterious old man has not missed it once for thousands of years!

For a while, the air in the foggy sea was a bit heavy.

After taking a deep breath, Ye Chen said to the old man with a calm smile on his face: "Thank you for your concern, senior, but I believe that I can."

Zhou Yuanxin looked at Ye Chen anxiously. He could go to other places to close in the retreat, but if Ye Chen wanted to break into this God and Demon Pool, it would be really dangerous!

To a certain extent, it is more terrifying than being targeted by those outside powerhouses!

In fact, the gods and demon pools have been almost deserted recently, because even true disciples, with their physical fitness, can withstand the surge of energy, there are not many people in the outer pool!

And other disciples, just standing by the pool, are already extremely reluctant, and the so-called God and Demon Pool, if you don't enter the pool, the effect can be said to be minimal!

Zhou Yuanxin originally had expectations and fantasies for Ye Chen, thinking that with Ye Chen's aptitude, maybe he could enter the God Demon Pool?

But now, he regrets it! You shouldn't have brought Ye Chen here!

The very old mysterious old man heard the words, the wrinkles on his face seemed to be deeper, his tone became colder, and he brought a bit of sternness, and said to Ye Chen:

"Young man, the old man was also young. I know you are proud, and I have seen countless, proud evildoers like you. But, do you know, what will happen to them if they don't listen to the old man's advice?

They either have their foundation damaged and disappeared from now on, or they just disappeared from this world, their form and spirit are destroyed!

You don't really think that you are the first person in the ages, do you? There is never a shortage of geniuses in this world, but geniuses who can survive! Boy, life is gone, no matter how high the talent is, it is useless! "

If it were an ordinary disciple, this old man wouldn't say so much at all, but from his eyes, he could tell that Ye Chen's aptitude was against the sky, so he had the heart to cherish his talent.

If Ye Chen still doesn't know what's good or bad, then it's really not a pity to die. Anyway, a guy like this arrogant will not live long even if he doesn't die in the pool of Gods and Demon.

Although what the old man said was extremely harsh, Ye Chen didn't care too much, because he could hear that the old man was kind.

However, Ye Chen said again: "Senior, the younger generation has decided!"

The gray beard on the mysterious old man's mouth moved, and he glared at Ye Chen. For many years, his mood has not fluctuated, but now, he is angry because of this kid!

Why is this kid so stubborn?

However, he did not continue to say anything, but sighed lightly: "Do what you can, if you still want to live, at most one hour, you have to come out, that is your limit!"

After all, the body shape flashed, then disappeared.

"One hour?" Ye Chen murmured, then smiled, not caring.

Ye Chen entered the woods, and the moment he stepped into it, a white light flashed on the token, and some of the contribution points were subtracted. Without taking two steps, Ye Chen stopped and showed a slightly surprised expression. In front of him, a very powerful energy aura rushed towards his face. What does it feel like?

Chapter 2525: Mysterious old man

It's like, I feel the rich, pure aura of heaven and earth countless times!

As the saying goes, medicine is three points poison!

The aura is rich to a certain extent, and it can kill people!

Moreover, judging from this breath, it is essentially different from the spiritual aura of heaven and earth!

The aura of heaven and earth is like water, friendly, gentle and easy to absorb.

And this thing is like fire! Domineering, enthusiastic, in order to be able to enter the body of the martial artist, I am afraid that it will use its energy to forcibly open up the meridian of the martial artist and remove the impurities in the body, right?

Because of this, the effect of washing the muscles and marrow and enhancing the potential can be achieved!

But it is also extremely dangerous!

And after the billowing breath, there was a small lake, the lake water in it was different from ordinary water, exuding a faint white light, constantly flowing.

That is the magic pool.

Ye Chen stared at the gods and magic ponds, his eyes were full of hot, excited expressions!

Such pure energy is what he needs most!

However, Ye Chen still keenly felt that the energy in this small lake was still mixed with impurities, after all, this was just an outer pool.

But even this outer pool has made Ye Chen extremely satisfied, think about the inner pool...

Ye Chen couldn't help but show a smirk on his face, as if he had won a big prize.

Immediately, he no longer hesitated, his figure flashed, and he reached the edge of the outer pond, without even hesitating, he entered directly into the pond of the gods and devil!

"Bastard!" The mysterious old man who hovered over the Demon Pool, watching Ye Chen silently, couldn't help screaming!

This kid! It's too big! ?

Even those true disciples of the Slashing Evil Realm, to enter this \*\*\*\* and devil pool, they need to adapt to the aura of the \*\*\*\* and devil by the water before entering it!

You are just a closed door realm, no matter how talented you are, it is absolutely unbearable to enter the pool directly!

This kid is obviously overbearing to the surrounding environment, and he has no concept of being strong!

Originally, he finally couldn't bear to watch Ye Chen die, and prepared to observe secretly. When he had no other choice, he would rescue Ye Chen!

But if Ye Chen did it like this, he was very likely to be too late to save, Ye Chen would be directly impacted by the spirit of the gods and demons into scum!

His eyes suddenly became serious, and he carefully searched for Ye Chen's trace!

But the next moment, the mysterious old man's heart sank...

Nothing...

Above the lake, there is nothing at all!

Could it be that this kid, without even a momentary struggle, just disappeared? As for Ye Chen diving into the water, he hadn't considered it at all, and simply ignored it.

The energy of the God and Demon Pool will be deposited, that is to say, the more you go to the bottom of the pool, the stronger the energy!

Even the true disciples of this sect, few can sneak into the bottom of the pool, let alone Ye Chen in the closed door realm! Moreover, this kid still didn't even adapt and entered the pool directly.

It would be weird if it could reach the bottom of the lake.

The mysterious old man couldn't help sighing...

Another promising genius died of ignorance.

He shook his head and was about to leave...

and many more!

At this moment, the mysterious old man suddenly noticed on the surface of the lake, there seemed to be something abnormal!

In the Gods and Demon Pools, the lake water that was condensed by the energy of the Gods and Demons, emitting white light, started to flow around the point where Ye Chen entered the lake as the center, and began to spin!

The mysterious old man's eyes that looked a little gloomy, suddenly burst out two dazzling lights!

"How could this be!"

He exclaimed, staring at the center of the whirlpool!

He was familiar with this scene and was deeply engraved in his memory...

but! I haven't seen it for thousands of years!

This is clearly a sign that a large amount of energy of the gods and demons has begun to be absorbed!

Moreover, looking at this scale, it must refresh the record in the memory of the old man!

"How could this be?"

The old man looked at the swirling speed in disbelief, the faster and faster vortex, almost unable to think, watching the look of the vortex, Ye Chen, not only dived into it, but dived directly into the bottom of the pool...

"A closed door exists. He entered the gods and demon pools without any preparation, and even dived into the bottom of the pool? But instead of dying, he started to absorb a large amount of the gods and demon energy in the gods and demon pools?"

Even the mysterious old man who has seen countless evildoers can't help but want to ask...

Is that human being?

It's too abnormal!

At this moment, Ye Chen, who was at the bottom of the God and Demon Pool, was not so comfortable...

He somewhat underestimated the horror of this God Demon Pool...

At this time, his body was bursting continuously, and his meridians, muscles, bones, and internal organs were all crazily shattering!

The energy of the spirit of gods and demons is too domineering!

Even with Ye Chen's foundation, Ye Chen's physique was a bit unbearable! Changing to an ordinary martial artist is a powerhouse in the Evil Realm. If he rushes into the pool like this, and even sneaks into the bottom of the pool, he will die, right?

However, Ye Chen's complexion remained calm, even with a hint of joy!

The more terrifying and overbearing this pool of Gods and Demons, the greater the benefits he will get!

His immortal divine body, demon body, red dust divine vein, and Lingfen divine vein are all activated!

Although his body is somewhat unbearable, it doesn't mean that the energy of the gods and demons can kill him!

Although Ye Chen's body was constantly breaking and decomposing, it was also reborn and healed at an indescribable speed!

Ye Chen's vitality has always been one of his greatest support!

That is comparable to, and even superior to the vitality of the body!

The corners of Ye Chen's mouth that were constantly torn, raised a smile...

If it is not for this level of energy, how can it help him break through the limit and cleanse his muscles?

After half an hour, the mysterious old man in mid-air had already seen a ghost...

Ye Chen, it hasn't surfaced yet...

Stayed at the bottom of this magic pool for half an hour!

According to the old man's understanding of the current concentration of the gods and demons in the outer pool, half an hour at the bottom of the gods and demons pool is almost equivalent to being on the surface of the water, staying for three days!

There was a trace of embarrassment on his old face...

At the beginning, he also said to Ye Chen with an expert appearance, let him come out in one hour...

This hour, naturally, does not mean staying at the bottom of the pool for an hour, and even so, he thinks that Ye Chen will die out of ten...

But now, Ye Chen, not only is alive and well, but the speed of the whirlpool seems to be faster!

However, the old man looked at the whirlpool, and there were more in his eyes, but he was delighted!

Shenjizong has such a evildoer, why can't it rise up?

At the same time, he also complained a bit about the current head and the elders!

Chapter 2526: Horrified

How could such an evildoer wear the costume of a handyman?

These guys even let him start as a handyman disciple! ?

Are these \*\*\*\* little guys violent? !!

There was even a trace of anger in the eyes of the old man. Although his strength is not too strong compared to the head and elders, but in terms of seniority, there are really few people in the Shenji Sect that are higher than him. of!

He decided that after Ye Chen got out of the Demon Pool, he would talk to the head elders, if he didn't accept Ye Chen as a direct disciple, he would personally bring Ye Chen into his clan!

Ye Chen at the bottom of the vortex naturally didn't know what the old man was thinking, his eyes closed slightly, he gathered all his mind and concentrated on refining the incomparably surging energy of the gods and demons!

WINK to \$1: Secure Your Spot Now!

His blood, devil blood, true spirit blood, and reincarnation blood have been completely activated, consuming the energy in the gods and demons frantically, strengthening himself.

If Ye Chen slowed down a little bit and was caught up by the speed at which the energy of the gods and demons poured into his body, even he would probably explode and die!

Gradually, Ye Chen's body seemed to adapt to the energy of the gods and demons, and the speed of body repair also exceeded the speed of breaking!

Ye Chen was overjoyed, he knew that his physique had strengthened again! Although not much, he didn't have a long time to enter the Demon Pool!

Just thinking about it, after Ye Chen has refined the entire outer pool, what level of strength will he rise to, he will laugh out loud!

However, just when Ye Chen felt relieved, what made Ye Chen a little bit dumbfounded was that the speed of the energy vortex of God and Demon suddenly accelerated!

With a bang, Ye Chen made a loud noise in his body, and unbearable pain came from every cell in his body!

It's like hundreds of millions of extremely sharp, tiny daggers piercing into one's body at the same time! Ye Chen grinned because of the pain!

I just recovered some of my body, and it started to break again!

Simply, it is as if this \*\*\*\* and demon energy is forcing Ye Chen to improve and strengthen, and he should not be allowed to relax in the slightest!

Sure enough, extremely overbearing!

When Ye Chen was in pain and happiness, the outer courtyard and the handyman's courtyard of Shenjizong were surging!

The news that Qiu Wen, the first exterminating sword of the Outer Sect, will challenge Ye Chen, a new disciple of the Handyman Hospital, spread!

Qiu Wen, although nominally still a disciple of the outer courtyard, in fact, he already has the strength to enter the inner courtyard, so until now, there are no people in the outer courtyard who dare to challenge him!

And Qiu Wen did not take the initiative to challenge other people in order not to attract the attention of the high level of Shenjizong for the time being. If he showed too strong strength, the high level might allow him to be directly promoted to the inner courtyard.

But now, this disciple in the outer courtyard is like a \*\*\*\* or devil in his heart, but he wants to challenge a handyman disciple?

This news is too great!

For a time, there were almost no outer courtyards, and the people in the handyman's courtyard didn't know the name of Ye Chen!

Moreover, Ye Chen killed Wang Baoquan, the first handyman, as soon as he started, and broke the heart of Li Kuaishu, a disciple of the outer courtyard, and severely injured the outer courtyard genius Lang Shaotian with one move. Nothingness, refuse Mentor Zhang's invitation!

These news have also spread!

For a time, Ye Chen became legendary in the hearts of everyone, it was like a demon descending to the earth. Those who had originally disapproved of Qiu Wen's challenge to the handyman disciple began to look forward to the battle!

But at this moment, another disappearance spread...

Ye Chen seems to be gone!

Once challenged by Qiu Wen, disappeared?

Ha ha.....

Those disciples who had originally expected this battle were all extremely disappointed in Ye Chen.

A group of outer disciples were eating in the restaurant. One of the men frowned and said, "Isn't that, that kid named Ye Chen is so proud that he even ignored the invitation of Teacher Zhang to accept him as a disciple? Why do you start playing missing when you meet Qiu Wen now?"

Another person sneered: "Hehe, the person who knows the current affairs is a Junjie, even if he doesn't accept Qiu Wen's challenge, it is understandable. After all, that is the number one in the outside world, and no one wants to die."

"I see, those rumors about him are all \*\*\*\* and falsehoods. Isn't this man a trash?"

"I think so too, in the closed door realm, join the Divine Extreme Sect? It may be the \*\*\*\* that comes in by the relationship, and blows itself."

In Xianxin Lin, Zhao Shangzhi smiled at Qiu Wen with a disdainful smile: "Master Qiu, that trash seems to be hiding after hearing you challenge him! According to my investigation, he should have entered by now. Divine Demon Pool!"

"God Demon Pool?" On Qiu asked's face, with a more contemptuous color, he sneered: "Only by him, dare to enter the God Demon Pool to improve his strength? It is estimated that you can't even get down the water?"

"Master Qiu, now, what should I do?"

"What should I do?" Qiu Wen took a sip of wine indifferently, "Hide? Ha ha, as long as others are still in the Shenji Sect, there is no way to hide. Don't be anxious. After my blood is awakened, I will go outside the God and Demon Pool Wait for him to come out!

With the concentration of the gods and monsters in the gods and devil pools, even if they don't enter the pool, they can't stay for too long. What's more, can he still shrink inside and not come out for a lifetime? "

"However, what if Ye Chen refuses your challenge? After all, you and that waste are not in the same branch."

Qiu Wen put down the wine glass, and a cruel light flashed in his eyes: "If that's the case, then that's it. My son can't spare him a filthy life, but he must kneel in public for my son, otherwise, wouldn't it be worth it? Someone will say that this son is not an opponent of a small handyman?"

...

But Ye Chen at the bottom of the Gods and Demon Pool At this time, his whole body was wrapped in a cloud of white light. This is a manifestation of the extreme richness of Gods and Demon!

Under the white light, Ye Chen's complexion was indifferent and extremely calm, his whole body, at this time, gave people a crystal clear feeling!

Time, minute and second passed...

And the old man in the sky, at this time, was shocked from the beginning, incomprehensible, and now terrifying!

Ye Chen has been at the bottom of the pool for a whole day!

He has lived in Shenji Sect for tens of thousands of years, and has never seen anything like this before!

Suddenly, there was a loud bang in the Gods and Demon Pools, and the originally spinning pool water suddenly rolled up, revealing Ye Chen sitting peacefully at the bottom of the pool...

The next moment, under the eyes of the mysterious old man who almost stared out of his eyes, the pool of water that rolled up suddenly rushed towards Ye Chen!

Chapter 2527: What is Ye Chen's identity!

"This, this is..." The old man's voice trembled a little!

What's happening here?

It's like, relying on the speed of the vortex of the gods and demons is not enough to satisfy Ye Chen, so the stimulated gods and demons energy directly condenses into a water column, which impacts Ye Chen's body!

This.....

Although this is only the outer pool, under the accumulation of tens of thousands of years, the energy of the outer pool is extremely terrifying, and it is about to catch up with the inner pool of the year. In this case, even the elders of this sect are so If there is an impact, you can't stand it!

Even in the old man's impression, the ultimate enchantment that finally soared was not as scary as Ye Chen back then?

And now, most of the true disciples can only barely stay on the surface of the water for a day, absorbing part of the energy of the gods and demons...

Right now, this gate-closing kid is going to \*\*\*\* up the entire outer pool, as well as the outer pool that has accumulated tens of thousands of years of leaking power from the inner pool!

Under the elder's gaze, the white light around Ye Chen became more and more intense, but the water column, visible to the naked eye, began to shrink!

Ye Chen, not only is it okay, but he really wants to \*\*\*\* up the outer pond!

This mysterious old man was almost frightened.

And at the moment when the water column soared into the sky, the seven elders and the head of the Divine Extreme Sect, Tu Lan Xin, all at the same time, their expressions moved, and they looked towards the direction of the gods and demon pools.

In the next moment, in the space, with the fluctuations, several figures appeared beside the old man!

The elders, head of Shenjizong, and Tu Lanxin are here!

When they looked at the scene in the outer pool, they were all shocked!

At this time, Ye Chen, like a starving ghost who saw the full table of Han Han, completely let go! Incomparably madly swallowing torrents of gods and demons energy! The whole person is about to become a ball of light!

The Great Elder asked in an incredible way: "Lao Zuo, this...this is the same thing...this person, isn't this a handyman disciple..."

The old man called Zuo Lao also replied in a dazed manner: "You ask me, I don't know! Where did this kid come from? It's too abnormal! The old man has guarded this \*\*\*\* and demon pool for tens of thousands of years. Now, I've never seen anything like this! How can you let such an enchanting behave as a handyman?"

At this time, everyone could clearly see the clothes of Ye Chen's handyman disciple under the white light! The shock on the face adds another point!

The head of Shenjizong, named Yu Zhenzi, is a middle-aged man with a fairy-style road bone and a face like a crown jade. He stared at Ye Chen who was under the impact of the water from the gods and demon pool, suddenly turned his head, and spoke to Tu Lanxin. :

"Lan Xin, is he the disciple named Ye Chen you brought back?"

Tu Lanxin nodded and said, "Yes."

She looked at Ye Chen's beautiful eyes, and there was a deep shock. She knew that Ye Chen was very good and would definitely rise in the sect, but it would take time, right?

Ye Chen, how many days have passed since I started, are you going to \*\*\*\* up the outer pool of the Demon Pool?

When all the elders heard this, their expressions changed, and they looked at Ye Chen in the white light with a dumbfounded look...

This is the closed disciple who is unwilling to conduct a true transmission test for him, and even has great opinions on Tu Lanxin's admission to the sect?

In an instant, the complexions of the seven elders were extremely difficult to look like...

They regretted, almost vomiting a mouthful of blood in regret!

Now it's a pig, you can see that Ye Chen, even in the kingdom of God, is definitely one of the peak evildoers! It is even possible to rewrite the existence of the history of the Kingdom of God!

And one of them could have become Ye Chen's master!

But now, I can only sigh!

After Ye Chen started, they heard from Tu Lanxin that Ye Chen volunteered to join the Handyman Yard, starting from a handyman disciple, and would not become a disciple of any of these elders...

At the beginning, they even sneered at this, and even felt that this arrogant boy would die or quit the sect soon...

But now, when they look at Ye Chen, they all have a crying expression...

They knew that with Ye Chen's pride, it was impossible to worship them again...

Now that they know the facts, how can they not regret it?

I almost want to slap myself twice!

Tu Lanxin glanced at them and snorted coldly.

But Yu Zhenzi looked at Ye Chen, but his eyes flickered, not knowing what he was considering.

At this moment, the water column formed by the energy of the gods and demons was completely absorbed by Ye Chen!

And Ye Chen's cultivation base suddenly rose to the ninth level!

He opened his eyes, and his eyes were full of ecstasy!

The increase in cultivation is only incidental, and the real benefit is the change in his body!

Now, his body and various abilities have been greatly enhanced! Even Ye Chen felt the possibility of a qualitative change...

It's a pity that although this outer pool has accumulated the essence of the inner pool for thousands of years, it is after all the outer pool, and its energy is still not enough!

At this moment, Ye Chen, standing at the bottom of the empty pool, turned his head and looked at a white jade gate not far away.

After that gate, it should be the inner pool of the God Demon Pool, right?

Everyone looked at Ye Chen strangely. Why did this kid look at the gate that entered the inner pool?

After seeing Ye Chen's incomparable performance, everyone couldn't help but think a little speechlessly, this kid wouldn't have not eaten enough, would he want to go to the inner pool and continue to eat?

In fact, if the soul stone is still there, Master Yu Zhenzi, after seeing Ye Chen's performance against the sky just now, might actually let Ye Chen enter the inner pool...

It's a pity that without the soul stone handed down by the patriarch back then, even the head can't enter the inner pool.

But at this time, Ye Chen walked to the entrance of the inner pool, thinking about how to use this soul stone. At that time, he asked Gu Lao, but Gu Lao just smiled and said that when he did Naturally...

When Ye Chen was pondering, suddenly, a red light burst out from Ye Chen!

What is going on?

Just when everyone was a little puzzled.

The faces of Zuo Lao and the head Yu Zhenzi showed incredible expressions!

Zuo Lao stared at the red light blankly, the tears in his eyes suddenly welled up, and he tremblingly said: "That...that is the light of the soul stone, it is really the light of the soul stone!"

what?

Everyone's pupils shrank, how could the soul stone that had been missing for ten thousand years be on Ye Chen?

Without waiting for them to think about it, under the shining of the red light, the white jade gate in front of Ye Chen opened again after a loud bang after ten thousand years!

Chapter 2528: Crazy choice

At the moment when the door opened, Ye Chen couldn't control it, after being brought into the door by the red light on his body!

The moment Ye Chen entered it, the door closed again!

With the loud noise of the door closing, everyone came back to their senses!

The elder looked a little anxious and said to the head Yumako: "Head! This kid has just been sucked into the inner pool. He, isn't he in danger?"

Ye Chen now is the treasure of the entire Shenji Sect!

To be honest, the Shenji Sect is brilliant, but for the first-class sect, it has declined in recent years...

Although it is still the first-class sect, the strength of the Shenzhizong, among the first-class sect, is gradually getting the bottom...

For nearly ten thousand years, the strength of the Divine Extreme Sect has even been somewhat inferior to those of the families that used to be behind!

why?

The reason is not from the strong inside the sect, but because the disciples under the Shenji sect are really inferior to other first-class forces!

Naturally, it was overwhelmed by other forces!

and so! Ye Chen's importance to the entire sect is self-evident!

Even if he is unwilling to worship the elders, the elders cannot but worry about Ye Chen's safety!

Yu Zhenzi also frowned slightly. After a moment of silence, he suddenly said, "Let's release all his spiritual thoughts and feel Ye Chen's state. If he is in danger, we will take action together. There should be a chance to break this inner pool restriction!"

"what!?"

Everyone was shocked when they heard this!

Even Tu Lanxin glanced at Yu Zhenzi unexpectedly.

The existence of this sacred pool is maintained by prohibition...

If the ban on the inner pool is broken, it means that the gods and devil pools that have been passed down in the Divine Extreme Sect left by the gods and demons will be completely destroyed!

This sacred pool is not only used to enhance the potential of disciples!

For Shenjizong, the essence of the gods and demon pools can be used to maintain the guardian gate formation!

If the God Demon Pool is lost, the strength of the Divine Extreme Sect itself may be weakened by 10 to 20%!

Unexpectedly, Ye Chen was so important in Yu Zhenzi's heart!

This is the future of Nazongmen, betting!

Gambling Ye Chen is worthy of the Zongmen paying for him!

But why is the soul stone in Ye Chen's hands?

At this time, Ye Chen had already arrived in the inner pool, staring at the scene in front of him dumbfounded...

This so-called inner pool is like an outdoor hot spring!

The full-bodied to the extreme spiritual essence, turned into a mist of seven colors, filled Ye Chen's body, and under the mist was the liquid essence exuding terrifying energy.

Ye Chen couldn't help but swallowed his saliva. Don't look at the beauty here, like a fairyland on earth...

However, Ye Chen believed that if he had not absorbed all the spiritual energy of the outer pool, he would not be able to bear it just by standing here and surrounded by the mist of this overflowing spiritual essence!

And even though the area of the spring water formed by the liquid spiritual essence is much smaller than that of the outer pool, even if Ye Chen stood in front of it, there was a trace of fear!

why?

Because, under the influence of his divine mind, what kind of spring is he facing! It's a vast ocean composed of energy!

Moreover, what exists in this vast ocean is not sea water, but high-temperature magma that can instantly melt and evaporate people!

This inner pool, which has accumulated tens of thousands of years of spiritual essence, is so terrifying!

Ye Chen showed a wry smile, and now he finally understood why Gu Lao warned him not to stay in the Demon Pool for a long time.

He couldn't help asking Canggu Medical God: "Old man, you say, with my current physical strength, can I withstand the strength of this inner pool and dive into the bottom of the pool?"

The ancient doctor \*\*\*\* Cang was silent for a moment and then said: "Boy, honestly tell you, even if you are a martial artist in the Evil Slayer, the moment you step into this inner pool, it will dissipate like steam...Your body strength is now Above the Evil Slayer, but, I can only say that you may not die, if the probability is 50%..."

When Ye Chen heard this, he couldn't help showing a trace of horror, and he hesitated for a while...

His current gains, to be honest, are already great. To put it sensibly, he should now withdraw from the inner pool. After all, the risk is too great!

However, Gu Lao said to him that even if he has a soul stone, he can only open the inner pool once every 100 years. That is to say, if he uses the soul stone to exit the inner pool, next time he wants to enter, it will be a hundred years later. ...

Soon, Ye Chen took a deep breath, and a firm light flashed in his eyes, walking towards the inner pond!

He can't wait!

Together with Xiuwu, they are going against the sky, no matter what difficulties and dangers block in front of them, they must cross over!

If Ye Chen is afraid of death, can he go to this day?

His strength was originally created with his own life!

Although entering this inner pool that has been accumulated for tens of thousands of years is extremely dangerous, the benefits are extremely huge!

Seeking wealth and insurance!

Ye Chen stood on the edge of the inner pool, staring at the seven-colored water, and suddenly a smile appeared on his face: "Hehe, 50%? Even if there is only a one-in-a-hundred-billion chance, I, Ye Chen, are destined to survive!"

"I am the Lord of Reincarnation, and even the hope of a hundred powerful people! I must not die!"

After all, as soon as his body moved, he was completely submerged in the pool of gods and demon!

The moment Ye Chen entered it, the water in the inner pool boiled like magma! Ye Chen was like a drop of water, falling into a pan of oil!

This spiritual power essence, which had been silent for tens of thousands of years, found the host, like an excited child, rushing towards Ye Chen!

With a bang, in an instant, Ye Chen's body heard a bursting sound, extremely surging, domineering spiritual power essence, frantically poured into his body, and instantly burst Ye Chen's body meridians!

Every minute, every inch of ground burst!

Originally, when he was in the outer pool, he felt that it was painful enough to absorb spiritual energy...

But compared to now, the pain in the outer pool is like a massage!

Ye Chen endured the pain desperately refining the spiritual essence.

However, with his refining speed, it is still slow!

Boom boom boom, the blood mist drifted away, not only the meridians, but his flesh and blood burst together!

However, even so, Ye Chen still held on!

That terrifying vitality is completely revealed! Only the skeleton is left, and it is still alive!

But now, Ye Chen's meridians, flesh and blood, and dantian have all been exploded, how to absorb this spiritual essence?

After losing the spiritual power essence of the target, after a moment of silence, it actually rushed towards Ye Chen's bones!

Ye Chen clenched his teeth and supported him, and as time passed, his bones were stained with a bright golden color...

And he didn't notice at all, the black stone that carried the reincarnation cemetery was blooming with bright light!

Chapter 2529: hide?

...

Seven days later, the elders of the Shenji Sect, the head Yu Zhenzi, Tu Lanxin, and Zuo Lao, all looked at the white jade gate with solemn expressions, but their eyes flashed with extremely excited light!

Ye Chen, he has been in this inner pool for seven days! History is about to be made!

In the history of Shenjizong, the longest time that the heir of the head stayed in the inner pool was only three days!

Moreover, Ye Chen stayed in the inner pool that had accumulated tens of thousands of years of the essence of the gods and demons!

It is not comparable to the former Neichi!

It's absolutely heaven-defying!

If not, they could still vaguely feel the aura of Ye Chen's life, and they all thought that Ye Chen would have died inside!

At the same time, there was a shocking news from the Shenji Sect!

Qiuwen, the first exterminating Heavenly Sword in the outer courtyard, had been in retreat for seven days. After leaving the gate, he actually awakened the body of Tianwen!

Moreover, his martial arts cultivation level, suddenly broke through to the extreme! !

The ultimate in the history of the outer courtyard!

Frightened countless disciples of the outer courtyard, handyman, and even many disciples of the inner courtyard!

You know, above Taixu Zhan'er, every level of realm that wants to break through is extremely difficult. It is not surprising that it takes thousands of years to break through a small realm!

And Qiu asked, in just seven days, he broke through all at once?

It even motivates Earley!

This is too evil, right?

At this level, even if it is placed in the inner courtyard, it is not a weak person!

Not to mention, he still has the body of heaven!

Just when everyone was shocked by Qiu Wen's horror, another news spread.

After Qiu Wen left the customs, he went straight to the Demon Pool!

It is said that he is here to wait for the enchanting Ye Chen from the Handyman Yard to leave!

This... simply doesn't give people a way to survive! ! !

He wants to fix Ye Chen to death!

Outside the woods in front of the God and Demon Pool, there was a sudden noise.

It's already crowded! Surrounded by countless disciples, the inner three floors and the outer three floors!

Looking at their costumes, most of them are outer disciples and handyman disciples, but there are also some inner disciples mixed in!

And standing in front of the crowd was a handsome and energetic man, Qiu Wen who had awakened the Heavenly Body!

Everyone felt the powerful aura emanating from Qiu Wen's body, which was extremely frightening, and many people felt sad for Ye Chen.

"Hey, this Ye Chen is really unlucky, hitting the gun."

"I also blame him for being too mad. If he constricts a little bit, he won't be targeted by Qiu Wen."

"It seems that Qiu Wen is going to completely use Ye Chen as a stepping stone, stepping on him, and entering the eyes of high-level people!"

"Hiding in the gods and demon pools and staying for so many days, Qiu Wen is still unwilling to let him go..."

"Qiu Wen, it's too ruthless, you must not provoke it in the future!"

Everyone talked a lot, no one was optimistic about Ye Chen!

It is said that Ye Chen was injured when he defeated Yuan Dao. In other words, Ye Chen's strength was very poor, let alone Qiu Wen now, even if it was Qiu Wen before the retreat, it was all day long. One place.

But now, Qiu Wen is heaven to Ye Chen.

How can manpower conquer the sky?

Even if Ye Chen could really enter the water of the God Demon Pool, how much improvement could he have?

In just seven days, no matter how improved, the gap between the two sides cannot be made up.

Qiu Wen sneered, he deliberately made a big announcement and let out the wind, so that more people could see it.

Seeing that Ye Chen was stepped on by him!

When he thought about it, Ye Chen's best result was that he didn't dare to accept his challenge, surrendered to him in public, bowed down, and apologized. In that case, naturally the more audience the better.

In the crowd, there is a man and a woman standing alone in a corner. The two have outstanding temperaments. More importantly, the woman has an extremely beautiful face and is extremely eye-catching. It stands to reason that such beauties are often surrounded by Many men will gather.

However, there was a faint space around the two of them, no one dared to get too close to them, and some of the disciples looked at the woman without daring to show the slightest color of greed. Of awe.

These two people are Wang Bin, the second at the outer door, and Wen Miner, the third at the outer door!

At this time, Wang Bin, with a hint of playfulness on his face, said to Wen Min'er: "Min'er, why are you interested in this handyman disciple? You even came to watch the battle specially? I've said it a long time ago, he definitely doesn't dare Fight against Qiu Wen."

Wen Min'er didn't say much when she heard the words, but a trace of disappointment flashed through her beautiful eyes.

She originally heard Ye Chen's rumors, but she was attracted by such a mysterious, powerful, and talented handyman disciple, but she was only interested in it.

In her imagination, Ye Chen was definitely a man of extreme pride. The reason why he entered the God Demon Pool was only for cultivation. Even if his strength was not as good as Qiu Wen, he would never avoid fighting!

When she learned that Ye Chen had entered the Demon Pool, she came outside the Demon Pool...

However, seven full days have passed, and she hasn't seen anyone leave the pool of Gods and Demon.

She knew that she was wrong, she looked away, Ye Chen was not the proud man she imagined.

No one can stay in the water of the God and Demon Pool for seven days.

Ye Chen is hiding!

But in the faint, she still had a slight expectation, expecting that she had misunderstood, expecting Ye Chen to face Qiu Wen...

But now, she was completely disappointed with Ye Chen.

However, she still hasn't left. She has been waiting for so many days. It's not bad for a while, right?

Anyway, Ye Chen estimated that he couldn't stay in the Demon Pool any longer.

At the same time, she also glanced at Qiu Wen with a rather jealous look. She knew that Qiu Wen's strength was countless times stronger than before!

This time, I wanted to see how terrifying Qiu Wen is now and Ye Chen at this time didn't know what was happening outside.

After seven days of torture that life is not as good as death, Ye Chen at this time has already grown flesh and blood, but his muscles and blood vessels have shown a nearly transparent state!

And through his body, you can see that his bones have become like the best ice jade, faintly, still shining with pale golden light.

Suddenly, Ye Chen opened his eyes, and there was a burst of seven-color light flashing in them, as if there was the essence of the gods and demons, blending into his eyes.

He let out a foul breath, and there was a hint of joy on his face!

He has survived!

In seven days, he had no idea how many times, he was confused and was on the verge of death, but in the end he survived!

Now, he finally got used to the essence of the gods and demons!

Chapter 2530: breakthrough! Too empty!

A smile appeared at the corner of Ye Chen's mouth. Now, it's time for him to fight back!

As soon as he moved, he dived towards the bottom of the inner pool. More and more concentrated essence of the gods and demons swarmed. Ye Chen now seemed to be advancing under the pressure of tens of thousands of tons. He gritted his teeth, the slightest There is no retreat.

After an hour, Ye Chen, covered in blood, finally came to the bottom of the pool, where the essence of the gods and demons gathered for tens of thousands of years!

That extremely domineering energy almost made Ye Chen's blood boil and dry!

After reaching the bottom of the pool, Ye Chen swept his eyes, and soon locked on the target.

A weird human form the size of a palm, carved from some unknown wood, has countless blood runes printed on it.

On the human form, there are dense cracks, as if the next moment, it will be completely shattered and dissipated. However, on the unknown wood, there is a faint blood-colored gloom, which continuously devours the surrounding gods and demons essence, maintaining itself, not completely broken.

This should be the dead thing that Old Gu needs.

Ye Chen's eyes flickered, and with a wave of his hand, he took the human figure into his hand, took out a jade box, and sealed it in the box.

The matter that Gu Lao confessed to him is considered complete. As long as he hand over the dead thing to Gu Lao, he should, hopefully, restore his strength back then.

After doing all this, Ye Chen sat cross-legged at the bottom of the pool, took a few pills, closed his eyes slightly, recovered from his injury, and adjusted his own state.

After a long while, Ye Chen opened his eyes again, and the light in his eyes flashed with a breath, reaching the peak state!

He sneered at the essence of the gods and demons that were constantly rotating around him: "Since you like to drill into my body so much, then let me swallow the entire inner pool!"

A burst of seven-color light suddenly burst out from Ye Chen's body. Around Ye Chen, there was an extremely powerful attraction. The originally peaceful inner pool turned frantically around Ye Chen, tens of thousands of gods. The magic essence poured into Ye Chen's body at the same time!

The essence of the gods and demon has the characteristics of condensation and aggregation. After seven days in the inner pool, Ye Chen condensed a very pure essence of the gods and demon in his

body. At this time, Ye Chen used this essence as a guide, crazy Attract, swallow the essence of the gods and demons around!

If you let others know, you will be shocked, even your chin will fall to the ground!

This is totally a death-seeking behavior!

Originally, the essence of the gods and demons that had gathered for tens of thousands of years was already extremely surging, and it could kill people casually. Even tens of thousands of years ago, the heirs of the leaders were trying their best to let the gods The magic essence enters one's body at a slower rate, so that one has time to refine and absorb it!

But Ye Chen, he did the opposite!

This is too abnormal...

Time passed by, and the water column that revolved around Ye Chen had gradually become thinner!

...

Outside of the inner pool, Tu Lanxin suddenly gave a soft hey.

The elder looked at her and asked, "Lan Xin, what's wrong?"

Tu Lanxin's beautiful eyes looked at the white jade gate, a hint of surprise flashed, and she said: "The breath of the essence of the gods and demons in the inner pond has weakened..."

Everyone looked at each other, and they all saw the incredible look in each other's eyes!

What does it mean that the essence of the gods and demons in the inner pool is weakened?

This means that the essence of the gods and demons accumulated for tens of thousands of years has begun to be swallowed up by Ye Chen!

Originally, it was a miracle that Ye Chen could live, but now...

The Great Elder couldn't help murmured: "This, this is to completely \*\*\*\* up the inner pool..."

Ye Chen, always beyond their expectations!

Such a huge amount of energy, even if the elders present together absorb it, it will take hundreds of thousands of years before it can be refined!

But what about Ye Chen?

Swallowing at this speed, I'm afraid, within an hour, this inner pool will be absorbed by Ye Chen!

For a moment, these powerful men who were originally confident in their martial arts talents couldn't help showing a wry smile...

Compared to Ye Chen, they really are nothing...

Presumably, even the people above Chaos didn't expect this to happen, right?

The second elder frowned slightly and turned his head to look at Yuzhenzi and said: "Sect Master, what should I do now? Ye Chen swallows it like this again, and Neichi will probably have to wait thousands of years to recover.

In this way, within thousands of years, the guardian formation of the Divine Extreme Sect will be weakened by a few points, and if Ye Chen died in the process of swallowing, the essence of these gods and demons would be wasted!

Ye Chen is indeed very good, but worthy of the sect, do you gamble for him? "

Yu Zhenzi just said lightly: "Wait."

He is optimistic about Ye Chen!

An hour later, the inner pool at this time was already empty, not even a drop of water was left!

Sitting on the bottom of the pool, Ye Chen suddenly raised his eyes to the sky and let out a long roar, his whole body burst out, and he went straight to Jiuxiao!

His realm has directly broken through to the heavens of the Supreme Void Realm!

This cultivation speed is simply so horrified that people can't breathe. Others practiced martial arts, breaking through a small realm, and Ye Chen, once retreat, directly broke through a large realm!

However, Ye Chen just smiled slightly, not caring too much about his cultivation.

This is just incidental, his strength has never been measured by his cultivation base.

He sucked up the accumulation of tens of thousands of years of the entire spiritual power \*\*\*\* and demon pool, and only broke through a large realm, which is already very rare.

This is because most of the energy is integrated into Ye Chen's flesh, bones and meridians!

Although the essence of the gods and demons is extremely overbearing, its effect is also extremely powerful!

Moreover, Ye Chen discovered that he originally needed a weapon to break through, and the power of the essence of the gods and demons far exceeded the weapon, and it was no longer needed!

Today's Ye Chen, even if he doesn't use the supernatural power of atomization, he is almost immortal!

If you use the magical power of atomization, I am afraid that a strong man in the early stage of Zhan'er will be able to blast him day and night without hurting his origin, right?

Even more terrifying is Ye Chen's power!

Now, even if he does not use any magical powers, his physical power alone has reached an extremely high level. If he uses various blessings and the power of breaking the sky, his power can directly break the limit!

This kind of power is enough to crush all existence under Zhan'er Realm!

The gain this time is really great!

Ye Chen took a soft breath stood up slowly, it was time to go out.

"But this time the thunder tribulation did not appear, I am afraid it will be coming soon, I should go out to bear the thunder tribulation, I don't know how Heavenly Dao destroyed himself this time!"

The red light of the soul stone bloomed again, and in the blink of an eye, Ye Chen left the inner pond.

And the high-levels hidden in the air were all excited when they saw Ye Chen really walked out of the inner pool alive!

Even Yu Zhenzi, who had always been calm, had a reddish complexion and was a little gaffe.

The Great Elder looked at Ye Chen, who had broken through to the Supreme Void Realm in just seven days, and asked Yu Zhenzi with a trembling voice: "Sect Master, how terrible is Ye Chen's potential? How do I feel, God China, is going to change?"

The second elder also swallowed and said, "Lan Xin, you really brought a monster back this time..."
