

Urban 2541

Chapter 2541: Refining Pavilion

Zhou Yuanxin was stomping his feet in a hurry, and quickly persuaded: "Brother Ye, half a month, too rushed! Even if you want to fight, I have to give you more time to improve your strength. It only takes one year or even six months. I believe you. You can crush them!"

Ye Chen said lightly: "Don't say more, go."

After that, I closed my eyes again.

Zhou Yuanxin sighed, nodded, and walked out.

After Zhou Yuan left, Ye Chen opened his eyes again, and a faint warfare flashed in them.

Perhaps, these four demons can really pose a threat to themselves? Although he has supernatural powers and many methods, it is not safe enough.

After all, if you have a similar method to the forbidden spirit body, even the special attack method of Chuying's life and death body, you can restrain the atomization of magical powers!

Ye Chen, this is using danger to stimulate his progress!

He slowly stood up and walked out of Xianxin Lin, his cultivation base was almost consolidated.

Next, it's time to go to the Seven-Star Refining Pavilion!

However, before that, he has to rest and adjust his state.

This existence is as famous as the gods and demon pools, I don't know what kind of gains it will bring to me?

Just thinking about it, there was an excited smile at the corner of Ye Chen's mouth.

On the way Ye Chen went to the Seven-Star Refining Pavilion, the entire Shenji Sect was boiling!

The news that Ye Chen accepted the challenge instantly ignited the entire sect!

Originally, everyone was already bitter with the enemy. After Ye Chen refused, he mocked these shameless people and demons, and even if they had any actions, they would directly complain to the senior sect...

But now, Ye Chen agreed so simply!

After all, there is still a gap between the Human Race and the Human Demon Race. It's okay if there is no conflict. If there is any conflict, they will naturally stand on their side!

Therefore, this time, it can be said that the entire sect is Ye Chen's supporter!

They naturally didn't want to see what Ye Chen had missed!

can!

They have all thought of a lot of ways to protect Ye Chen and avoid this battle, but now Ye Chen has challenged himself!

Although they were terrified, they all complained, why is Ye Chen so mad and aggressive?

Even the senior officials of Shenjizong were not very pretty after hearing about it! Ye Chen's potential is far higher than that of Hong Yan and others. It is the true wealth of Divine Extreme Sect. They don't want to take Ye Chen to risk!

However, Yu Zhenzi and Tu Lanxin seemed to have acquiesced to this battle, and the others could only remain silent.

Soon, another news came out.

The four Hong Yan exhausted all the contribution points accumulated over the years, and borrowed an ancient book in the Zangwu Pavilion of Shenjizong.

An ancient book named Four Demon Fengtian Jue!

Although most of the Shenji sect is Human Race, I have also heard of the name of the Four Demon Sealing Heavens!

These people, who set the decisive battle date in half a month's time, turned out to be for the cultivation of the Four Demon Conferred Heavenly Decision?

The four have teamed up, do you want to do this?

Don't give Ye Chen a chance!

It's as if four adults have to dig their swords against a middle school student!

It makes people feel nauseous and disgusting!

This demon clan is really deceiving too much!

Many people are indignant for Ye Chen!

Although there is no absolute fairness in fighting, it is too **** unfair, right?

The most important thing is that Ye Chen has accepted such an absurd battle!

Life and death battles, generally speaking, cannot be reversed!

Early the next morning, Ye Chen walked out of the dormitory full of energy, preparing to go to the Seven-Star Refining Pavilion, but a familiar figure of a woman appeared before his eyes.

Ye Chen raised his eyebrows. In the past few days, Zhou Yuanxin also introduced some famous disciples in the sect to Ye Chen. He knew that this woman was the number one beauty in the outer sect, and even the entire Shenji sect was in line. Three beautiful women, named Wen Min Er.

Wen Min'er looked at Ye Chen coldly, and said: "Do you know that Hong Yan and others have already begun to practice the Four Demon Fengtian Jue?"

"what is that?"

Wen Min'er frowned and said: "The Four Demon Sealing Heaven Jue, as long as they get started, they will at least have the strength to defeat any third-tier Heavenly Warrior of Zhan'er.

Ye Chen was stunned when he heard the words, and then, not only did he not withdraw at all, but on the contrary, his face was happy!

Wen Min'er was dumbfounded when she saw Ye Chen's expression!

She is a person who appreciates pride, but pride does not mean suicide!

Do you still have to fight if 10,000 warriors beat you? That's not pride, that's stupid!

Wen Min'er suppressed the unhappiness in her heart, and continued: "You should retreat, life and death, don't break through Zhan'er, and don't leave the customs. In this way, the life and death battle will be regarded as invalid, and this time Hong Yan and the others are too much. Will be on your side."

"is it?"

Ye Chen said casually, regardless of Wen Min'er, he would continue to move towards the Seven-Star Refining Pavilion.

The Shenji Sect is very large, and it's quite far there, Ye Chen didn't want to waste time.

And Wen Min'er, seeing Ye Chen's disapproval look, even with her cold personality, she couldn't bear it!

"Ye Chen! You are too arrogant! You are indeed against the sky, but you can't be so arrogant? Do you regard the strong insider as a cat or a dog?"

Ye Chen stopped his figure and glanced back at the excited Wen Min'er, his face suddenly turned a little weird.

Wen Min'er was stared at by him and said uncomfortably, "What are you looking at?"

Since childhood, no man dared to stare at her like this!

Ye Chen suddenly said, "You don't like me?"

"You!" Wen Min'er's fair and pretty face instantly turned red and said, "What are you talking about!"

The heartbeat started to speed up inexplicably!

What does this feel like? Wen Miner was a little panicked.

Ye Chen shrugged and said, "I don't care about my business twice, don't we know each other?"

Wen Min'er was stunned for a while, standing still, her brain confused.

At the same time, there was a sense of grievance in my heart.

Ye Chen shook his head, turned around, and waved his hand: "Thank you for telling me about the Four Devil's Fengtian Decision."

Wen Min'er bit her lip and clenched her small fist. She was unwilling, she was sad, why is this person like this?

Be kind as donkey liver and lungs!

She has never cared about other people's life or death, obviously she is for his good, but he...

Suddenly, there seemed to be a flash of lightning in Wen Min'er's mind, and she was a little puzzled...

You and Ye Chen are not relatives, why are you so concerned about him?

She looked at Ye Chen, who was gradually walking away, her beautiful eyes flashed annoyed, but after hesitating for a moment, she still stomped and chased after him.

she does not know.....

But she just didn't want to leave Ye Chen alone...

There were also many disciples along the way. They saw Ye Chen, and they could tell that Ye Chen was heading for the Seven-Star Refining Pavilion!

The news spread immediately!

Ye Chen, want to break into the Seven-Star Refining Pavilion!

The Seven-Star Refining Pavilion is not like a sacred pool, there will be some accidents, but!

The number of disciples who entered the Seven-Star Refining Pavilion to improve their strength was actually less than those who went to the Demon Pool!

why? Because this seven-star refining pavilion is too weird!

Chapter 2542: crisis

No matter how horrible the gods and demon pools are, the true disciples and some highly qualified inner disciples can still withstand the energy of the outer pool. Although it takes a long time to digest the spiritual energy every time you wash your body, you will still go there regularly. of.

But where is this Seven-Star Refining Pavilion?

Even those incomparably defying true biography, inner disciples, have fallen into it!

On the contrary, some outsiders, even handyman disciples, survived!

Who dares to break this?

Unless those guys who are really not afraid of death are willing to go in and take a gamble!

When Ye Chen arrived at the Seven-Star Refining Pavilion, countless disciples had gathered outside the Refining Pavilion, and most of the sects were here!

WINK's Surge to \$1: Join the Wave!

Ye Chen looked at him when he was obviously not particularly tall, but gave him a kind of exquisite attitude with a closed doorway, which was slightly shocked.

With his current spirit power, it is not easy to influence him.

This seven-star refining pavilion is divided into seven floors. What is interesting is that these seven pavilions correspond to the Big Dipper on the earth!

The first floor is Pojun Pavilion, the second floor is Wuqu Pavilion, the third floor is Lianzhen Pavilion, the fourth floor is Wenqu Pavilion, the fifth floor is Lucun Pavilion, and the sixth floor is The Jumen Pavilion, the seventh floor, is the Greedy Wolf Pavilion!

Ye Chen looked at the Seven-Star Refining Pavilion with a weird look. Could it be that the person who set up this pavilion came from China?

However, he didn't care too much. When he moved his figure, he would step into it under the eyes of everyone!

Not only these disciples, but also the senior leaders of Shenjizong and Chu Ying were all present!

They hid in the sky one after another, watching Ye Chen.

His eyes are somewhat solemn.

Just as Ye Chen was about to step into it, suddenly, the entire Seven-Star Refining Pavilion burst out with a burst of strong white light!

Ye Chen narrowed his eyes, and in the white light, he couldn't help but stepped back!

Then, the white light converged, and before everyone's eyes, a white figure that could not see clearly appeared!

Although he couldn't see his face, the aura exuding from this figure made everyone feel extremely shocked!

"Ancestor... Ancestral Spirit?"

The elder murmured, looking at the figure in a daze.

This seven-star refining pavilion was transformed by a ray of divine will left by the ancestor master back then, this divine meaning contains the spiritual master and the understanding of martial arts!

At the same time, it also has a touch of spirituality.

It is said that when a talented disciple challenges the Lian Shen Pavilion, the ancestral spirit will appear!

Ye Chen also looked at the ancestor spirit in front of him quite moved.

This ancestral spirit, although only a divine intent, gave him a feeling that he could instantly put him to death, unable to compete!

It does not come from the realm of Xiuwu, but from the gap in understanding of Wu!

The ancestor spirit suddenly faced Ye Chen a little, white light flashed, and a star map of the Big Dipper appeared above Ye Chen's head!

In the star map, the stars representing the broken army suddenly dimmed after a flash.

Immediately, the star chart dissipated.

The ancestor spirit faced Ye Chen and said: "If you don't retreat, you will die!"

After all, dissipated again.

The voice of the ancestor spirit, although ethereal, reached everyone's ears!

This, this means that Ye Chen can't even break through the first floor of the Breaking Army Pavilion!

The elder was anxious, and said to Yu Zhenzi: "Sect Master, stop him!"

What the ancestral spirit said, they would naturally not doubt it!

Moreover, this seven-star refining pavilion is different from the gods and devil pools, they can't break it if they want to break it!

Ancestral spirits rarely appear, but for ordinary disciples, the understanding of the ancestral spirits of high-level people like them is completely different. They also understand the accuracy of the ancestral spirit's prediction!

Every time the ancestral spirit appeared, the Shenjizong would record that there were 13,000 times in history, of which 11,530 people had left under the warning of the ancestor spirit.

The rest, as predicted by the ancestor spirit, died when they challenged the Star Pavilion beyond their own strength!

But Ye Chen, even the first floor of the Breaking Army Pavilion, couldn't make it through or retreat, what else?

Yu Zhenzi also frowned. After a moment of silence, he shook his head and said, "Fate, in our own hands, we should not interfere with his choice."

Excessive protection is not good, and sometimes it hinders the development of disciples.

This is not what Yu Mako wants to see.

But at this moment, Ye Chen moved.

All the disciples opened their eyes wide, staring at him so surprised that they couldn't breathe.

Ye Chen did not retreat.

Instead, step by step, he walked into the seven-star refining pavilion very calmly.

Although Yu Zhenzi allowed Ye Chen to choose by himself, in their hearts, they were actually praying for Ye Chen to retreat!

can.....

Ye Chen went in after all...

Chu Ying's figure trembled, almost fainted, and was supported by Tu Lanxin, while Wen Min'er below was also shaken by her beautiful eyes. She felt that the moment Ye Chen stepped into the Lian Shen Pavilion, her heart was tightened!

But at this time, Ye Chen came into a strange space.

Here, like a nebula, in the boundless darkness, there is a little bit of bright dust floating.

Here, the concept of time and space seems to be lost, and everything seems forbidden.

Ye Chen frowned, what is this place?

He couldn't help but asked the ancient medical **** Cang: "Old man, this broken army pavilion, after all..."

Before I finished speaking, a cold light suddenly lit up in the nebula!

Ye Chen's pupils shrank, and his figure flickered, he must avoid it!

But when the thought of evasiveness just emerged from Ye Chen's mind, the cold light had already hit him!

There was no time interval at all, Ye Chen vomited a mouthful of blood!

The abdomen is completely penetrated!

But what shocked him most was not that he was injured, but that the attack just now gave him an extremely strange feeling!

At this time, Cangu's medical god's voice sounded with a hint of joking: "Hey, this pavilion for refining the gods is a bit interesting."

Ye Chen took a deep breath, the void in his abdomen was quickly closed, but his eyes became more solemn!

No wonder, the ancestral spirit would say that he can't even pass the first-level Star Pavilion...

The attack just now, replaced by an ordinary disciple, is already dead.

But now, he felt that hundreds of cold lights were shining in the starry sky!

Ye Chen gritted his teeth holding the Qinglian Heaven-Slaying Sword, the power of breaking the sky surged in his body, this cold light attack was almost teleporting, he wanted to strike first!

"Six Sword Gods! Spirit Demon Zhu Tianjian!"

Ye Chen roared, facing the nebula, with the power of breaking the sky, driving the endless weight of Qinglian Tiantian Sword, cut out a sword!

The violent sword intent, mixed with great power against the sky, swept away toward the surroundings!

The next moment, puff puff! Splashing blood!

There are hundreds of blood holes all over Ye Chen's body!

Ye Chen's face became stiff after being beaten into a sieve.

The genie Zhutian Sword had no effect at all!

"Damn it!" At this moment, Ye Chen was also a little panicked, and he shouted in his heart: "Old man, you know the kingdom of God, what is this!"

Although the blood hole in his body quickly closed again, but! In that nebula, there are hundreds of cold lights gleaming again!

Chapter 2543: Ye Chen's intention!

Ye Chen received the Qinglian Tiantian Suppressing Sword and used the technique of atomization!

But at the moment Ye Chen turned into a white mist, he puffed, but the white mist was stained with blood...

Ye Chen transformed into a human form again, panting slightly, a trace of panic flashed in his eyes!

Can't even the technique of atomization be completely resisted? This is too **** weird, right? How did the people who had broken through the first floor before?

If it weren't for his vitality comparable to the ten thousand robbery body, he wouldn't know how many times he died...

At this time, the voice of Canggu Medical God finally sounded.

"Boy, don't you think the cold light feels a bit familiar to you?"

Ye Chen's expression moved, his face was thinking, and in his mind, a picture flashed...

suddenly!

He remembered, this cold light was somewhat similar to the earth-shattering sword intent of a mighty aroused!

"Is this a martial art attack?"

"Not bad." Canggu doctor said: "Boy, although you understand the sword intent of some of the six sword gods, it is too superficial, it can only be regarded as a gourd painting, it has its shape, not the essence at all. The meaning that can really touch the foundation of martial arts comes from my own understanding of martial arts!"

"You have always been crushed by strength, physique, and powerful martial arts along the way, but what about martial arts? What you have done is not enough!"

"At this level, if you want to pass, you must really touch the origin of martial arts. This is also the first step to find your martial arts!"

"I know!"

Ye Chen's eyes flashed, and he was sitting cross-legged in the void.

Now that he knew what was going on, he was confident that he could break through!

Isn't it the foundation of martial arts?

Haha, I, Ye Chen, will touch this deadly cold light to show you! Since others can, he has no reason not to!

He has reincarnation blood! There are hundreds of powerful guardians in the reincarnation cemetery!
How could he not!

The ancient medical **** Cang smiled slightly. Although he said it was easy, how could it be that easy in reality?

This is not the kind of superficial understanding of the origin of martial arts contained in the martial arts of the Kingdom of God.

Instead, let Ye Chen place his hands on the surface of the realm of real martial arts, which is also regarded as the source of the world!

The so-called same goal by different routes, ten thousand hairs as one, is not a joke.

Although Ye Chen just put his hands on it, it is not considered to have truly entered this realm, but if Ye Chen succeeds, let alone other, the martial arts realm will exceed the limit of this Shenjizong, exceed Shenjizong. The law of martial arts itself!

Of course, it is far from enough to break through the first level. In the estimation of Canggu Medical God, at least after breaking through the Greedy Wolf Pavilion, he has some chance to touch the realm of real martial arts.

Puff puff!

Hundreds of blood holes appeared on Ye Chen's body, but his figure remained motionless. Every time, the power of this extremely pure martial arts artistic conception caused an impact on him. A trace of understanding.

A trace of understanding of the foundation of martial arts.

In fact, there are many ways to break through the first layer of the military pavilion!

For example, the martial arts of the ancient kingdom of God, the source of martial arts, although shallow, but based on this, a trace of understanding of the source of martial arts is enough to pass the barrier.

Although it is not easy to do this, it can be said that it is easier than Ye Chen to explore the ethereal realm of real martial arts by himself.

Ye Chen was actually born under the flicker of the ancient doctor **** of Cang, to pursue the real martial realm he felt when the six sword gods used their swordsmanship...

In this space, time doesn't seem to exist, but this doesn't mean that Ye Chen can perceive forever.

Even with his vitality, there are limits.

He was pierced by the cold light time and time again, enduring the severe pain that tortured him all the time, but his expression remained unchanged, and he was immersed in enlightenment...

However, Ye Chen's face inevitably gradually turned pale.

...

Outside the Refining Pavilion, seven days have passed!

Seven full days!

The high ranks of the Divine Extreme Sect in the sky are full of miserable colors!

why?

Because they have all gone through the Refining Pavilion, and it is clear that staying on the first floor for seven days basically means that there is no hope of breaking through the first floor! The most terrifying thing is the levels after the first level, and there is hope of exiting the refining pavilion, but on the first level, you can only break through, you can't break through, and you won't be able to return!

Realization of this kind of thing is not accumulated by time.

One day, it is already the limit. What can be done is what can, and what can't be done is not! Normal people cannot stay on the first floor for more than a day!

But Ye Chen has been here for seven days...

If it weren't for the first layer of stars, they would have no doubt that Ye Chen was dead!

They are all ready to go in and collect Ye Chen's body!

However, the Seven-Star Refining Pavilion, relying on vitality to support it, is useless at all.

No matter how bad Ye Chen is, there are times when he can't hold it.

Chu Ying had already left tears at this time, and her pretty face was full of pain and despair!

Tu Lanxin's beautiful eyes were also dignified, and there was a trace of regret, but she still helped Chu Ying and comforted: "Believe him, Chu Ying, he has already created many miracles, hasn't he?"

Chu Ying nodded vigorously, staring at the starlight emitting from the broken army pavilion!

At this moment, the starlight suddenly flickered!

...

Ye Chen in the Pojun Pavilion was covered with blood and looked miserable. He no longer knew that he had been pierced by cold light hundreds of billions of times, but he knew that his body was reaching its limit!

But at this moment!

Ye Chen suddenly opened his eyes!

In the eyes, the light flashed. He stretched out his **** and pointed them as swords, facing the shining cold nebula, facing the boundless darkness, and shouted in a low voice: "The martial art is true. cut!"

After all, the sword was severely cut down!

...

Outside the Seven-Star Refining Pavilion, the first layer of light suddenly disappeared!

Everyone's hearts were tight Chu Ying's tears burst out instantly!

Yu Zhenzi looked at the dim Pojun Pavilion with a dull face, as if he was tens of thousands of years old.

Normally, if Ye Chen passed the first layer, the starlight would gradually dissipate, and there is only one possibility of direct extinction, that is, Ye Chen has fallen!

Numerous disciples, looking desperately at the darkness in the first layer, fell to their knees, desperate, as if their backbones were drawn. Most of them were disciples in the handyman's courtyard.

Their **** has fallen?

...

As soon as the word cut fell, Ye Chen's sword fingers suddenly lit up a brilliance, a light, without any spiritual power, any power of the soul, or even any energy brilliance!

That's it, appeared out of thin air!

A kind of comprehension was brewing in Ye Chen's heart, and in an instant, it spread to the entire starry sky!

Chapter 2544: evildoer

For a time, the countless flashes of cold light and the floating light and dust all stopped!

In the next moment, the silent sound reverberated in the starry sky, and everything was transformed into nothingness with the brilliance that Ye Chen cut down! Even the darkness is shattered!

Ye Chen was panting, his eyes throbbed with joy!

It's done!

It really became!

He caught that trace of true martial arts! Although it is not clear enough, it is not at all able to accommodate the martial art realm of the broken army pavilion!

Others, through martial arts, condensed a trace of martial arts origin to resist, and Ye Chen directly broke the whole Pojun Pavilion's artistic conception!

...

Yu Zhenzi sighed and said, "Go and collect..."

He originally wanted to say, let's collect the corpse, but suddenly he was stunned, his pupils trembling...

Not only him, but everyone present, the pupils began to tremble!

As the starlight of Pojun Pavilion disappeared, the starlight of Wuqu Pavilion on the second floor turned on!

Ye Chen broke through?

This... is incredible! All signs show Ye Chen has failed?

However, he really broke through!

Jade Zhenzi and the elders looked at each other, and their faces were full of ecstasy, and the decay was swept away!

Ye Chen did not disappoint them!

Became the first existence in the history of Shenjizong to let the ancestor spirit fail to predict it!

Not only them, but also the many disciples surrounding the Seven-Star Refining Pavilion, cheered together!

At this time, Ye Chen had already reached the second floor.

The second layer is a darker darkness!

Nothing, I can't see my fingers!

Ye Chen frowned slightly, but he was not so flustered as when he was on the first floor.

Although the darkness of the second layer has the feeling of gradually devouring people's minds, he can feel that, as long as the mind is empty and clear, and not lost in it, he even has the opportunity to withdraw from the refining pavilion.

However, how to break through this second layer?

He asked Canggu Medical God: "Old man, how can this second layer be broken?"

Canggu Medical God said: "Wuqu, also known as Kaiyang, the so-called Kaiyang is the law, and the light is the star. In this sentence, there is also the principle of martial arts. Now that you are holding the stars, why do you think of the law? What?"

For the rest, you need to do your own comprehension. Talking too much will be bad for you. "

Ye Chen nodded, meditating in the darkness.

In fact, he had some unexpected behaviors of Canggu Medical God.

For the interpretation of martial arts, Kuangwu Overlord is obviously more suitable.

But even though the Overlord of Kuangwu made many shots for Ye Chen, they all shot against the enemy. At this moment, it is impossible to do so.

As the genius doctor of the kingdom of God, Canggu doctor, why would he understand this?

Does the old man have any unknown past?

But Ye Chen didn't think much anymore, and the words of old man woke him up.

His star is naturally the real meaning of martial arts he has realized. Although this is not a substantial thing, Ye Chen knows that this real meaning of martial arts has already changed him qualitatively!

Under the influence of the true meaning of this martial art, his martial arts, the direction of his advancement, his martial arts, and his actions have all been subtly changed and become more pure!

So, what is his law?

In the darkness, time goes by, ordinary warriors may gradually fall into this darkness, perish endlessly, and eventually die after exhausting their souls.

But Ye Chen, with his thinking, his eyes became brighter and brighter!

...

At this time, outside the Seven-Star Refining Pavilion.

Time, three days and nights have passed!

Ye Chen, has not broken through the second layer.

Yu Zhenzi asked: "In the history of this school, how long did it take for the disciple to break through the first level?"

The second elder said: "Nine hours, that disciple is the body of ten thousand tribulations."

Only the Ten Thousand Tribulations Body can persist for so long without resisting with artistic conception.

However, it was also extremely thrilling. Fortunately, in the end, he grasped a trace of understanding and successfully broke through.

Yu Zhenzi nodded: "In other words, Ye Chen, it took ten times as long as the limit time, what about the second floor?"

The second elder's eyes flashed and said: "The nature of the second layer is essentially different from that of the first layer. The disciple who spent the longest time took three months to break through! Even the shortest It's been a day!"

Yu Zhenzi smiled bitterly. If Ye Chen, like the first floor, would take nearly ten times the limit time to break through, then it would be nine hundred days...

On the second floor, the longer the stay, the more dangerous. The disciple who had stayed for three months, although he broke through, he also withdrew from the third floor without further challenges. When he came out, others discovered his spirit. , Are almost exhausted, and only recovered after a hundred years of cultivation.

If you stay for 900 days...

Even if they were, they probably would have to die inside.

...

In the darkness, Ye Chen's eyes became brighter and brighter.

What is the law? The law is the heart, the principle, and the real spirit, and so is his martial arts!

The so-called "opening the sun" as the law is to make one's own understanding of the meaning of true martial arts into one's own unique symbol!

Incorporate your true spirit and heart into it!

From then on, his martial arts took on his color, which is only his artistic conception!

At the next moment, Ye Chen stood up and raised his sword fingers. Above his fingertips, the white light condensed with the true meaning of martial arts flashed again. His wrist moved in tandem with the emptiness of darkness. Four characters are written!

In the darkness, a ray of light appeared, and the four characters were like the scorching sun rising in the darkness!

Only the four words I Lingxiao are Ye Chen's martial intentions!

What is solipsism? Egoism means insisting on self. Given his knowledge of all things, it seems that there is only one person between heaven and earth, unmoved.

What is Lingxiao? Even if the sky was blocking his front, even this day, it covered his eyes! If he can't be the only one and lose his heart, then he must override it! Out of the sky!

In an instant, the darkness dissipated and Ye Chen came to the third floor.

...

Just when Yu Zhenzi and others were worried about Ye Chen, the second layer of starlight suddenly appeared on the third layer!

When everyone saw this, they were instantly sluggish!

Ye Chen broke through again?

Break through so quickly?

Normally the speed of breaking through the refining pavilion is getting slower and slower, because the first layer is more difficult, but Ye Chen does the opposite?

Yu Zhenzi swallowed and looked at Tu Lanxin and said, "Lan Xin, you created the third-tier record? How long did it take you?"

Tu Lan said heartily: "Eighteen hours."

Could it be that Ye Chen was on the third floor, would give them a surprise? Beyond eighteen hours?

...

On the third level, in front of Ye Chen, Sun Yi, Fen Ying, Cang Ye, Bai Zhentang, Zi Ning and others appeared...

They are all being tortured at this time, but they are stepped under their feet by namelessness, and they have no power to resist!

Everything is so real! It is not based on the power of the soul, but the body of Nian Mo can be distinguished!

It is fundamentally different from the illusion created by the Japanese gift of heaven!

But Ye Chen at this time was calm.

Chapter 2545: Unstoppable!

Lian Zhen, also known as Tianheng, opens the sun as the law, shakes the light as the star, and balances the sound!

What is sound is to carry out the true meaning of martial arts, sound in your ears, and shake the world!

Now, no matter what the situation is, no matter how desperate the situation is, Ye Chen's martial arts has been integrated into his soul, and he will only make a sound!

"broken!"

Ye Chen said lightly, everything around him disappeared instantly!

The starlight appeared on the fourth floor!

Even Cangu Medical God was a little shocked, this kid's understanding of Wu, integration, and progress were a bit beyond imagination.

Even the sleeping Feng Qingyang and the stone tablet of Kuangwu Overlord appeared a strange sound.

The people outside the Refining Pavilion were completely dumbfounded...

Ye Chen, from the third floor to the fourth floor, let alone a dozen hours, it only took a moment!

Vaguely, they seemed to understand something...

Ye Chen spent a long time on the first and second floors, not because of his lack of understanding...

On the contrary, he has a deeper understanding than anyone else!

So, after that, it was all the way horizontally, unstoppable!

The expressions of Tu Lanxin and others became weird...

They are the best in the kingdom of God, they are not proud, they are fake, but now they are compared to Ye Chen...

Can you still be proud?

However, in their hearts, there is more joy!

The fourth floor, Wenqu Pavilion, also known as Tianquan!

Balance is sound, power is time!

Ye Chen, appeared in the deep sea, unable to breathe, extremely depressed, he could see the light on the sea from afar, he swam, but he could not get close to the sea anyway!

He has swam for thousands of years, tens of thousands of years, hundreds of millions of years, and his body has long been exhausted, but Ye Chen's eyes are always locked on the surface of the sea, without the slightest change, shake, or relaxation!

Implementing principles is easy for a while, but difficult to implement forever!

The real martial arts can stand the test of time!

Ye Chen seemed to have spent hundreds of millions of years, but in fact it was just a moment, and the surrounding scenery changed again.

Outside the refining pavilion, watching the starlight flashing at almost no time interval, it was directly on the fifth floor!

Countless disciples will be out of their bodies shockingly!

What speed is this?

This is an extremely terrifying Seven-Star Refining Pavilion! I don't know how many geniuses fell into it! And one level is harder than the other!

Ye Chen, after two consecutive levels, why is it the same as playing? It only took a moment?

Even in the history of Shenjizong, there are no more than ten warriors who have broken through to the fifth floor!

Compared with Ye Chen, let alone being a warrior, there is no need to be a human!

The elders, Yuzhenzi, and Tu Lanxin also opened their mouths as if they were petrified.

Among them, most of them stopped at the fourth floor. Only Tu Lanxin broke through to the fifth floor. Knowing how difficult it is to break through the fourth floor, this qualification is too annoying, right?

On the fifth floor, Ye Chen paused.

Tu Lan's eyes flickered, her record is the sixth level, if Ye Chen can break through the fifth level, her record will be leveled!

It also evened the record of the entire Shenjizong!

But at this time, Ye Chen faced himself, countless selves. He saw his once, including his most ordinary, weakest, and the past that was hidden deep in memory when he didn't even set foot on the martial arts.

Yunhu Villa!

Lin Juelong!

Destroyed everything in the Jiangcheng Ye family!

He is powerless!

He is struggling!

His mother Jiang Weirong pushed him off Dongqian Lake at the last minute!

He was rescued and came to Kunlun Xu!

Five years in the blink of an eye!

In such a moment, Ye Chen felt a little homesick, some missed China, and some missed his parents.

Bai Libing, Zhu Ya, Dragon Soul, Jiangnan Province, God of Medicine...

Are they all okay?

Perhaps, when the things at hand are over, it is time to go home and have a look.

People, sometimes, the most difficult thing to face is themselves.

Lu Cun, also known as Tianji, is a man!

Even with Ye Chen's disposition, he was slightly moved when he saw this.

Looking further, his martial arts heart may be shaken!

In fact, Ye Chen had already gained a lot when he came here. Even if his current martial arts artistic conception cannot completely surpass that level, he is still standing at the pinnacle of Shenjizong!

However, Ye Chen chose to continue watching.

Look carefully!

His martial arts is only me, Ling Xiao, no matter what is in front of him, there can be no retreat.

He is here, bowing his head, then the Ling Xiao martial intent he just condensed may just collapse.

An hour later, the starlight of the refining pavilion appeared on the sixth floor!

All the elders began to laugh wildly, as if they were drunk and crazy!

pass! Really passed!

Ye Chen, already equalled Tu Lanxin's record!

No one knows how terrifying Tu Lanxin's qualifications are!

But at this time, in the hearts of the thousands of disciples, they are not thinking about the issue of recording or not!

It's Ye Chen, can he create miracles?

Climb to the seventh floor!

Shenjizong, hundreds of millions of years have passed since the beginning of the sect, and no one has ever been able to reach the seventh floor!

The seventh pavilion of refining gods, the Greedy Wolf pavilion, is a mystery to everyone!

Now, this mystery is likely to be revealed in front of them!

In that case, Ye Chen is the well-deserved number one!

Yu Zhenzi was also excited, and couldn't help but ask Tu Lanxin with some excitement: "Lan Xin, this sixth level, only you have entered, what is it like?"

At this time, Tu Lanxin's face was extremely calm, her eyes flashed and said: "Sect Master, calm down and don't expect too much."

When everyone heard this, they were all taken aback.

Why do you say that?

A hint of fear flashed over Tu Lanxin's pretty face that seemed to never melt.

Including Yu Mako, everyone, their pupils contracted!

They have never seen Tu Lan be afraid!

This is simply more incredible than seeing the sun explode in front of them!

Tu Lanxin said coldly: "I'm afraid no one in this world can break through the sixth layer..."

At this time, Ye Chen arrived on the sixth floor, but UU reading www.uukanshu.com frowned slightly, all the visions in front of him disappeared, it was an ordinary room, the first floor of the attic.

He was standing at the top of the stairs leading to the sixth floor from the fifth floor, and not far from him, he was ascending to the seventh floor.

How is this going?

He stood by the fence and turned his head, and he could also see the cheering and excited disciples outside the Refining Pavilion.

He even saw Wen Min'er at a glance.

Could it be that this sixth floor, just walk up?

"Old man, this is..." Ye Chen asked.

However, what shocked him was that there was no response at all!

"Old man?" Ye Chen called again, but he was still silent!

He couldn't sense the existence of Cangu Medical God!

Chapter 2546: Go to death!

His eyes were wide open, dumbfounded, this has never happened before!

However, after a while, Ye Chen calmed down. Anyway, he passed the sixth level first, let's talk about it!

...

On the other side, in the past few days when Ye Chen entered the Seven-Star Refining Pavilion, the inner courtyard has been sensational!

"Hong Family Heaven Devil Soul Stone, send it!"

"Hong's three-eyed magic wolf sky eye, send it!"

"Hong Family Primordial Demon Soul Essence, delivered!"

...

First of all, Hong Yan's family, the Hong family!

The Hong family is a second-class family, and it is the second-class family at the pinnacle of the second-class!

In the past few days, there has been a steady stream of supreme treasures that the inner sect disciples of the Shenji Sect will be shocked when they hear it!

There are many of these treasures, even if they are placed in the Divine Extreme Sect, they can be called the most treasures!

And the Hong family actually sent them all to Hong Yan at this time?

What does this mean, it goes without saying!

That is to kill Ye Chen at all costs!

Everyone now, it's not that the Human and Mozu are shameless, but are really angry! All have the idea of starting a war between the two races!

You **** four demons, fight a human race, even if you use super combined martial arts, still rely on family power, use all kinds of treasures to build up strength crazy?

This is not cheating, what is cheating? What is the life and death battle, this is the power of the family to kill? To bully, there must be a bottom line, right?

The sect allowed life-and-death battles to allow the disciples to improve their strength, not to give you an excuse to kill!

Even the human disciples who ranked second in the inner door and fifth in the inner door, at this time, had already arrived in front of Hong Yan's dormitory!

The dormitories of inner disciples are like single-family villas!

The second inner door, Tulong Shenguang Lian Xuanqi.

The fifth inner door is Qin Yueming with Fengyun.

Zhou Wuxia, the eighth Xuanyin sword of the inner gate, and others stood outside the gate, aggressively.

Lian Xuanqi's spiritual power surged, and he shouted at the dormitory: "Human demons tribe, Hong Yan, get out of here!"

As human disciples of the Inner Sect, they can't stand it anymore!

Their human races may fight against each other and climb up on others, but they are also united in front of the alien races!

My man, I can fight, you, no!

If you don't care, what face do they have to face their compatriots?

Therefore, they decided to unite and let Hong Yan and others cancel the life and death battle against Ye Chen!

Humans and demons are strong, but those present are all disciples from the pinnacle of the Inner Sect, and they are not necessarily afraid of them!

But at the moment Lian Xuanqi's voice fell, four magical shadows suddenly rose up in Hong Yan's dormitory!

The terrifying aura exuded by these four magic shadows made the faces of these inner gate peaks changed wildly!

How could this be? The aura of Hong Yan and others could not be so terrifying! ?

Zhou Wuxia's eyes trembled, and her voice tremblingly said, "Here! They have practiced the Four Demon Conferred Heavens Decree!"

Qin Yueming shook his head fiercely: "This is more than that, it's an introduction! At least, Xiao Cheng!"

For a time, these inner gate peaks began to fear and shrink.

And at this moment, among the four magic shadows, the one with the strongest demon qi, the breath of the whole body suddenly began to climb wildly!

Everyone was stunned, the four magic shadows had not yet begun to merge!

Why, the breath began to rise?

Soon, the breath of the demon shadow broke through, even so, it has not stopped!

At this moment, Lian Xuanqi roared wildly, "Run! This is Hong Yan, who has made a breakthrough with the help of these Four Demon Sealing the Heavens Judgment and the help of the Hong Family's many treasures! It is no longer something we can contend! "

Everyone trembled. At this time, the breath of the demon shadow became stronger and stronger!

Its breath even instantly covered the entire Shenji Sect!

"Roar!!!"

Hong Yan's magical shadow made a long roar to the sky, and ecstasy flashed in his purple eyes!

At this moment, he felt that he had controlled the world and everything, and he was God!

"Want to run?"

Above the demon shadow, a weird smile appeared: "Between the same courtyard, can't help but fight life and death?"

After that, he stretched out a finger and tapped a finger at the inner door peak disciples who fled in panic at the fastest speed.

The next moment, boom boom boom!

Several clusters of blood mist burst out of thin air...

These evildoers who slashed the second layer of heaven, unexpectedly, none of them survived and was killed by the completely enchanted Hong Yan...

...

Seven-star Refining Pavilion, sixth floor, giant gate pavilion.

Ye Chen, took a step slowly, and at the moment when Ye Chen's foot fell on the sixth floor, invisible, a strange wave spread!

"what?"

Ye Chen's complexion changed, he felt the breath of death amidst the fluctuations!

Real death!

This wave of fluctuations seemed to be the will of the kingdom of God!

At this moment, the kingdom of God will be annihilated!

"How could this be!!!"

Ye Chen frantically surged with spiritual power and wanted to resist, but in front of the world's killing intent, what's the use of any struggle or resistance?

Vitality, for the world, is useless!

In an instant, Ye Chen's body burst, his soul, annihilated, and more than that, he even felt that the traces of his existence had been erased!

No one will remember him!

At this moment, fear flooded Ye Chen's heart!

Suddenly, a white light enveloped him, as if it was the true meaning of martial arts he had trained, and this true meaning of martial arts only persisted for a moment before it was annihilated.

The next moment, Ye Chen opened his eyes, and he returned to where he was standing, the stairs from the fifth to the sixth floor.

He was panting heavily, his body was wet with cold sweat, and the panic in his eyes had not completely dissipated.

He looked at his hand, he was still alive?

Is it the true meaning of martial arts that saved yourself?

Ye Chen felt it for a while, and his face became paler, his martial arts true meaning disappeared!

"How could this be....."

Ye Chen gritted his teeth, what should he do now?

Now continue to challenge the sixth layer, it is meaningless!

Moreover, one step further, there is no real meaning of martial arts, can save him!

Is it because your martial arts is not pure enough?

This is too scary, right? Could someone be able to break through this sixth layer?

Now, although his true meaning of martial arts has been annihilated, his life has been saved. If he retreats, he is still very hopeful to reconsolidate the true meaning of martial arts...

Ye Chen stared at the ground of Jumen Pavilion, hesitated, frightened, and even his heels had moved backward!

Yes, the next moment!

Ye Chen uttered a wild roar, "I don't believe it! Come on! If you have the ability, kill me completely! Otherwise, I will never back down!!!"

Ye Chen took a step! Landed on the sixth floor!

He is ready to die!

Chapter 2547: The Fire of Emperor Lin!

but! Even if he died, he must thoroughly implement his martial arts!

However, when Ye Chen's footsteps fell, nothing happened.

Ye Chen was stunned. Suddenly, he could feel his high spirits again.

"what's the situation?"

Ye Chen murmured.

At this time, the long-lost Feng Qingyang's voice suddenly sounded: "Boy, you succeeded."

"Master!" Ye Chen was overjoyed!

Feng Qingyang fell asleep after using that ultimate sword!

Now he is awake!

Feng Qingyang smiled weakly and said:

"The giant gate is also known as Tianxuan. The xuan is the earth. The earth is the world, and the world is your enemy. There are all kinds of tricks, and there is no way to use it.

However, there is only one thing that can fight against it, and that is your will. You did a good job and defeated the world with your will! "

"My proudest thing is to accept you as a disciple!"

At this time, Starlight was frozen on the seventh floor!

"impossible!"

Tu Lanxin exclaimed!

Ye Chen, broke through the sixth floor?

How did you do it?

At the beginning, her martial arts artistic conception, but on the sixth floor, completely collapsed! After regaining her life, she withdrew and reconfirmed her martial arts.

In her imagination, only those who have a real cultivation base beyond the limits of the kingdom of God can pass the sixth level, right?

Although Ye Chen is against the sky, the current Ye Chen is different from himself in terms of strength. He said bluntly that he can kill Ye Chen in seconds with his fingers, but how did he pass the sixth floor?

In an instant, this woman who could almost trample many powerhouses in the kingdom of God, stepped on her feet, actually seemed a little depressed.

She felt that for the first time in her life, she had lost...

Lost to a warrior in the Supreme Void...

And outside the Lian Shen Pavilion, the cheers of the mountains and the tsunami sounded again!

Ye Chen, really made history!

Yu Zhenzi and others looked at each other, ecstatic, Shenjizong, really **** rising! Right now, Ye Chen is an extremely important existence in their hearts. Even if Ye Chen tells them to sell the Divine Supreme Sect and cultivate for him, they will all agree!

This kind of evildoer is worth doing!

...

The seventh floor, Greed Wolf Pavilion.

Standing in front of Ye Chen was a white attraction, it was the ancestor spirit!

At this time, Ancestral Spirit looked at Ye Chen, but smiled.

"You surprised me."

Ye Chen was slightly startled, and hurriedly said: "The disciple has seen Patriarch."

Ancestral Spirit waved his hand and said, "You are the first person to enter the Greedy Wolf Pavilion. I have something for you."

"Connected!"

In the next moment, the ancestor spirit had an extra long sword in his hands, a long sword that seemed to be made by the true meaning of martial arts!

He was holding a long sword, and without a word, he stabled at Ye Chen directly!

In an instant, Ye Chen's body could no longer move!

Greedy wolf, also known as Tianshu, is the sky!

Heaven is the supreme avenue in this secret!

Facing this great road, even the will to resist can't be born!

However, a white light was shining from Ye Chen's body...

Ye Chen's only self, Ling Xiao martial arts, actually rose up on its own, as if facing the slashed supreme martial arts, rising up the meaning of resistance!

The next moment, the aura of the avenue dissipated, leaving only a cloud of white light in front of Ye Chen.

Ye Chen's eyes trembled, this white light seemed to be an extremely pure martial art charm?

Zu Ling smiled and said: "Very well, you have passed the test, and my mission has been completed."

This white light trembled, and it was actually integrated into Ye Chen's body!

In an instant, Ye Chen was originally, still growing, and Ling Xiao Wuyi, who was in its budding state, had madly swallowed up this martial art charm and began to grow rapidly!

Canggu Medical God was shocked and said: "Boy, you are really making a lot of money. This martial art charm does not belong to the kingdom of God at all! Only the people of the upper realm can get it!"

At the next moment, Ye Chen's figure flashed and appeared outside the Seven-Star Refining Pavilion.

And behind him, a faint white shadow rose up, facing the sluggish face of Yu Mako, and Tu Lanxin who looked a little strange, nodded slightly, and then, it flashed and disappeared into the distant space.

"Passed..." Yu Zhenzi sighed softly, "The task of the ancestor spirit is completed..."

All the elders almost shed tears, too excited.

Yu Zhenzi said suddenly: "Ye Chen, this Sect Master will personally accept him as a disciple."

Everyone looked at Yu Zhenzi and nodded. They knew that Yu Zhenzi had a very high vision. He hadn't accepted a disciple for hundreds of thousands of years, just to wait for a genius like Ye Chen!

Ye Chen stood in front of the refining pavilion, and his temperament had changed. The original sharpness seemed to be restrained, but the temperament of the whole person became more refined!

It's like a divine sword that is about to be unsheathed, cutting the sky up and down the ghosts!

The gain this time is too great, not worse than the Gods and Demon Pool!

Although his martial arts realm has not been improved in the slightest, his body and soul are the same in all aspects.

However, his whole person has undergone a qualitative change.

Now, based on the so-called Ling Xiao martial intent, he uses martial arts, and its power is probably the ultimate improvement!

Does this improvement look excessive?

In fact, this is still conservative.

You know, Ye Chen's current martial arts artistic conception is beyond the martial arts law of the Kingdom of God!

Ye Chen smiled slightly, although his current strength is somewhat unable to keep up with the height of his artistic conception, he is confident to fight those demon martial artists!

In the next moment, he left the Lian Shen Pavilion, and he wanted to return to the dormitory to consolidate his gains.

At this moment, the voice of Canggu Medical God suddenly sounded.

"Ye Chen, the decisive battle has not yet begun, I suggest you find a flame."

"Just now, there seems to be a flame change in the kingdom of God."

"If I guessed right, this flame should be called the Fire of Emperor Lin!"

"If there is this flame, you will have nothing to fear from the hole cards of those people and demons."

"Besides, now you want to use the Yanbei completely, it's useless to rely on Qinglian Demon Fire."

"You can't refine another Taikoo Shayan in a short time."

"This fire of Emperor Lin may be your only opportunity."

Chapter 2548: Ye Chen's opportunity

"The Fire of Emperor Lin?"

At this moment, Ye Chen had some interest.

The Yan stele is the battle stele among the ten profound steles.

Too important to him.

Even compared with those of the Demon Race, it looks vast.

The difference between heaven and earth.

It is a pity that because of the strength of the Yanbei, the energy required is terrible.

Qinglian Demon Fire is already against the sky, but it is far from enough.

At this moment, Canggu Medical God continued: "There is another reason."

"This is the key to letting you find the Fire of Emperor Lin."

Ye Chen frowned: "What?"

Canggu Medical God pondered for a while before he said: "Because of the Chaos Star Tree, you haven't completely refined it. The refining in the early stage is fairly easy, but in the later stage, it needs very strong nutrients, and the special nature of the fire of Emperor Lin happened to be him. One of the nutrients."

Ye Chen's eyes condensed: "Okay, I'm going to find the fire of Emperor Lin."

Canggu Medical God nodded: "I will continue to teach you something during this period, which can be regarded as your feedback."

"By the way, how good have you mastered the medical skills I taught you during this time?"

Ye Chen thought for a while and replied: "Nine points."

A hint of relief appeared on the face of Canggu Medical God: "Not bad."

"Although medical doctrine may seem weaker than martial art, in many cases, medical doctrine can decide everything."

"Ye Chen, I hope you can inherit my mantle and become a true generation of the best medical god."

Ye Chen glanced at Canggu Medical God in surprise, he always felt that that stubborn old man was gone.

Even slowly accepted himself.

He was actually a little moved in his heart.

What he just wanted to say: "Old man..."

Suddenly, a sound of shocking anger resounded through the cemetery of Samsara!

"Going to your mother's medical doctrine determines everything! In the eyes of my wild martial master, martial art is invincible!"

"Canggu Medical God, get out of me if you are special!"

Canggu Medical God's face stiffened, and he instantly returned to his stone tablet.

"Ye Chen, you will consume more of this barbaric! If this barbaric does not dissipate, the cemetery of Samsara will never be quiet for a day!"

Ye Chen: "..."

Another gust of wind blew up in the reincarnation cemetery: "Canggu, come out to me! Who do you say is a barbarian! I am the overlord of wild martial arts! The overlord of heaven!"

"Don't persuade you if you are a man!"

"come out!"

"Get out! One must die!"

However, only silence remains in the reincarnation cemetery.

Ye Chen was a little bit ridiculous, no longer thinking about it, and went straight to Tu Lanxin's residence.

This time he asked for leave, he must personally ask Tu Lanxin.

...

A quiet temple of Shenjizong.

"what!"

"Are you asking for leave again?"

Tu Lanxin frowned slightly.

"Ye Chen, how long have you entered the sect? Why are you leaving again?"

"Besides, you and those guys in the inner door are about to fight, you want to go out?"

"More importantly, you just came out of the Refining Pavilion, and you need to rest and recharge."

"What makes you so urgent?"

Tu Lanxin's surprise was justified.

He has seen countless disciples, but none of them has Ye Chen's talent.

She cares about Ye Chen.

She wants to protect Ye Chen!

In Shenjizong, she can still protect.

If you are out of the Shenjizong, the kingdom of God is sinister, and you don't know the life or death.

Ye Chen arched his hands and said, "Fairy Tu, the disciple has some personal matters to be dealt with. It is very important and we must go."

Tu Lanxin fell into deep thought for a long time.

After a full minute, she said: "Okay, I will allow you to go out."

"But prerequisite, you have to come back early in the duel."

"Don't be conceited."

Ye Chen didn't even think about it, and agreed, "Don't worry."

...

Ye Chen left the Divine Extreme Sect and didn't tear the void, instead, he chose to fly in the air and came to the city of Emperor Lin according to the instructions of the ancient medical god.

When he walked into a teahouse and was about to rest, he heard some extraordinary sounds!

"Eh eh!"

"Do you know that something happened to Emperor Yanzong!"

A middle-aged man sat in the teahouse, as if he had nothing to do, he sighed and said: "These days, there are many visions in the city, and the Emperor Yanzong calls the world's genius doctor to rush to the mountain gate!"

"Could it be the end?"

"what?"

"The world's genius doctor?"

"Could it be that someone from Emperor Yanzong had an accident?"

"Need a genius doctor to treat?"

"Didn't Emperor Yanzong have a large number of genius doctors? I remember that it seemed to be released last month, saying that they were calling for genius doctors to treat a person, and also said that as long as that person is saved, a large number of them will be given. Reward!"

People in the teahouse, you talked to me, and the discussion started!

Ye Chen also became interested and asked, "What the **** is going on? Summoning the genius doctor, is it possible that the Sect Master of Emperor Yanzong was injured?"

"This little brother!"

"You are wrong, call a genius doctor, that is to save the sovereign's daughter!"

A man in Tsing Yi said vividly: "This Emperor Yanzong is the marquee in this area. It is said that there are strong people in the Chaos Realm sitting in town. If the Sect Master is injured, how can I need the help of an outside genius?"

"Yan Zhendong, the lord of the Emperor Yanzong, has a daughter named Yan Ruoxin!"

"That's our Emperor Lincheng, a great beauty!"

"It's a pity that this great beauty suffers from symptoms that I don't know what it is. I have heard of painful and unbearable day and night. Many genius doctors are helpless after seeing them. This is less than 18 years old. This symptom is getting more and more serious!"

"That's why Yan Zhendong, the lord of our Emperor Yanzong, personally released the mission!"

"We must summon famous doctors from all over the kingdom of God to treat our Miss Yan!"

Yan Ruoxin!

One of the top ten beauties in Dilin City, she has been a country of beauty since childhood!

However, I have been under some kind of curse, or be surrounded by unknown injuries. I have to take medicine every night and every day. I am so weak that I am almost becoming a sick beauty. Sovereign Yan Zhendong publishes tasks every quarter every year and seeks famous doctors. Heal my daughter!

"in this case!"

"Is that Miss Yan injured?"

"Leave the root of the disease and cannot be cured?"

Hearing this Ye Chen wanted to help a little bit. After all, he inherited from Canggu genius doctor, he has always been no problem with medical skills, even if there are really intractable diseases, he can fix it!

Even this may be the key to getting the fire of Emperor Lin.

The young man turned to stare at Ye Chen, and said with a smile: "Brother might as well try it?"

"I heard that as long as Miss Yan is cured, Sect Master Yan will send a special weapon!"

"For this reason, many families and sects want to treat Miss Yan, but they have been unsuccessful! By the way, the North City Gate is the place where Emperor Yanzong convenes. No matter what kind of genius doctor, you can go there. Try it, maybe you can cure it?"

"Absolutely!"

"There are no ordinary slashers!"

Taixu Realm Warrior!

There are too few holy soldiers of the same rank!

Not to mention ancient artifacts and unique artifacts.

Chapter 2549: Emperor Shenhua

Emperor Yanzong!

Sect lord Yan Zhendong can be considered to have lost his blood!

Listening to his words, Ye Chen's eyes flickered, and he paused for a while before leaving the teahouse. He wanted to go to Emperor Yanzong for a try and treat this Miss Yan Ruoxin's illness!

Of course, the more important thing is to come to the fire for the Emperor!

.....

In the distance, within the gate of Emperor Yanzong.

In an extremely exquisitely decorated side hall!

On the wide bed lay a handsome woman, with her skin as fat and snowy peaks. Her black hair was like a waterfall, like a holy fairy. Unfortunately, this woman felt like she was burned by flames, painful. extremely!

"what!"

"No no, why..."

"Ah, father... father!"

Almost every inch of the young woman's body was burned by flames, but she couldn't see anything from her appearance.

The middle-aged man standing next to him was distressed and helpless, so he could only cut his arms and use his own blood to lower his daughter's body to relieve her pain! With a distressed look in his eyes, he said: "Ruoxin, Ruoxin, don't worry, father will find you a genius doctor!"

"Come on!"

"Come on!"

With the roar of the middle-aged man.

Several men carrying the medicine box hurried in, each took out the gold needles and the corresponding utensils, and then forced the gold needles to break open the blood of the woman and perform

bloodletting. However, when the scarlet blood dripped on the ground, it seemed to be burning. The kerosene is average.

Zi Zi Zi!

Zizi~~

The white jade floor was burned with blood, and there were bursts of unpleasant smells!

The body in front of me was like a woman burned by flames, she was indeed the daughter of the Emperor Yanzong Sect Master, Yan Ruoxin!

The middle-aged man next to him is Yan Zhendong, the lord of Emperor Yanzong!

Four doctors from the Taixu realm teamed up to bleed Yan Ruoxin's blood, but burned most of the white jade ground with blood, drifting out of the blue smoke, until Yan Ruoxin's blood was drawn out, and then took out the high-quality pill for her to take it as a therapy.

"Huh~"

"Thank you guys!"

"Thank you!" Yan Ruoxin's face was pale, and she nodded slightly to the four genius doctors.

Yan Zhendong took a long breath, sighed slightly, and went out with the four genius doctors, and asked: "This method is not a long-term solution. Every time you bleed, you must drain all the inflammatory blood in Ruoxin's body, and then Hang your life with magic medicine!"

"For the long-term!"

"Ruoxin's body is just abolished!"

Hearing this, the four geniuses were also sad.

One of them said: "Sect Master Yan, Miss Yan is suffering from Falling Toxic Flame. I can't eradicate it, or even treat it. This is a congenital illness of Miss Yan. I can't do anything about it, but I will know that Miss Eighteen There will be a catastrophe at the age of one year, please be cautious!"

"What do you mean?"

"You speak clearly!"

"What is the disaster for my daughter?"

"Say!" Yan Zhendong got anxious, stared at the four genius doctors in front of him, and asked: "I tell you, if you delay the treatment of my daughter's condition, if something happens in the end, I won't let you go!"

The four genius doctors looked at each other and couldn't help but sigh, helpless.

The thin and tall genius doctor said again: "Meteor Flame Symptom is a congenital cause. It is a desperate technique. If you don't hide from the Sect Master, if you get this disease, once the time comes, the whole body will be bloodied. The poisonous flame is ignited, and the blood will be like kerosene, with a burning effect."

"However, its blood burns, but it does not burn bones and meridians."

"But it will continue to hurt until a day and night pass."

"About three times a month!"

"However, according to our latest understanding, probably when Miss Yan is 18 years old, Meteorite Flame Symptom will reach the limit. It should be said that Miss Yan's meridians and bones will reach the limit of tolerance. The biggest offense!"

"Meaning!" He took a deep breath, and said with courage: "That means that on the night of the eighteenth year, Miss Yan's blood will directly boil and burn, burn meridians and bones, and turn it into a burning person. The degree of burning far exceeds the mighty flames of the Kingdom of God, which will burn him to ashes!"

Falling Toxic Flame!

A terminal illness!

And it's still a desperate disease. Since ancient times, almost people who have suffered from it can't make it through that night at the age of eighteen.

The next day it will turn into a cloud of ashes and drift away.

"This!"

"Is there no solution?"

"Can I suppress the burning of her blood with my Zhan'er True Qi?"

Yan Zhendong asked, he was very anxious at the moment, and he didn't even dare to see the daughter in the palace, and asked, "Is there any other way, you guys talk?"

"No way!"

The tall and thin genius doctor spread his hands and said helplessly: "If external force suppresses it, the blood will not explode, but once the external force is no longer suppressed, it will explode instantly. There will be no burning process at that time, and Miss Yan will be burned instantly. To ashes!"

overbearing!

Extremely overbearing!

Other diseases can be suppressed.

However, the Falling Sky Poison Flame Symptom cannot be suppressed. After the suppression, the moment when the patient is released is the moment of death!

That's why it is an extremely overbearing terminal illness!

"What about now?"

"You four are the pinnacle genius doctors of Emperor Lin City!"

"Speak, give a solution!"

Yan Zhendong roared out, and the four genius doctors were stunned.

The four genius doctors discussed and jointly said: "Sovereign, you publish the document, please ask some supreme genius doctors of the kingdom of God to take action, I am helpless!"

"waste!"

"Four wastes!"

"roll!"

Yan Zhendong cursed so much, and turned around to discuss with many elders about finding a famous doctor!

As for the four genius doctors, they walked out of the palace with innocent faces.

The destiny of the genius doctor, the sign of the genius doctor, is considered smashed today.

When they walked out of Emperor Yanzong, they met Ye Chen under the mountain gate.

"Huh, little brother?"

"you are?"

The tall thin genius doctor looked at Ye Chen and wondered, he was not wearing the costume of Emperor Yanzong, and he was still carrying the medicine box?

The genius doctor who came to take the task?

It's too young to look like it!

"Good guys!"

"I heard that Miss Yan, need a genius doctor to treat?"

Ye Chen asked, he came to Emperor Yanzong not only because of Absolute Weapon, but also because of the fire of Emperor Yanzong's Emperor Lin!

According to legend, the founder of Emperor Yanzong, Emperor Shenhua!

A top power level existence beyond the chaos realm, who is good at using various fire powers. When he leaves the kingdom of God, he hides the most proud of the fire of Emperor Lin in the Emperor Flame Sect!

He hopes to take this fire as an opportunity to protect Emperor Yanzong for thousands of years!

Chapter 2550: Meteorite Flame

Emperor Shenhua!

He has a variety of flames, including the Qinglian Demon Fire that Ye Chen now possesses, and it was also one of the many flames in the Divine Fire Great Emperor, and the most special one is the flame of the "Emperor Lin Fire". Even far above Qinglian Demon Fire.

Ye Chen came here because he wanted to get the fire of Emperor Lin!

At least, your own strength will skyrocket when you get the Fire of Emperor Lin!

The refining of the Chaos Star Tree will also have a turning point!

In addition!

The flame stele in the Reincarnation Profound Stele obtained last time also needs to swallow a large amount of fire power to improve, so as to stimulate a large amount of internal power and the power of Ye Chen's own blood. The power of his own blood also needs to swallow the fire, plus The Falling Sky Poison Flame Symptom is a unique flame in itself!

Many elements are added together!

As a result, Ye Chen came outside the Emperor Yanzong without hesitation!

"Uh, right!"

"The top is the Emperor Yanzong Mountain Gate, you can go by yourself!"

"We are at a loss!"

The four genius doctors stepped down the steps of the gate helplessly!

Ye Chen slowly stepped onto the steps of Emperor Yanzong's mountain gate, and walked thousands of steps before reaching the front of Emperor Yanzong's mountain gate!

However, I saw a huge mountain gate that was hundreds of meters high and hundreds of meters wide. It was extremely majestic and majestic, and hundreds of disciples were stationed in front of the mountain gate!

"Who!"

"What are you doing here!"

"Wearing a black robe, what do you mean?"

"What's the reason?"

Several disciples guarding the mountain looked at Ye Chen in front of them with a look of alertness.

A few Taixu realm disciples came up to look at Ye Chen and said, "So young? What are you doing here? Why are you wearing black robes?"

As soon as this is said!

The hundred people who originally gathered around the mountain gate looked at Ye Chen one after another!

Many of these hundred people have low cultivation bases, but they all look proud, most of them look like middle-aged people, and the others look like old people. Looking at their age, they should not be low. Everyone has a boy following. Look. They are all genius doctors!

Emperor Yanzong publishes a list!

Call the genius doctors from the kingdom of God to treat Yan Ruoxin!

No, not long after the announcement appeared, all genius doctors came!

"I'm also a doctor!"

"Here comes to treat Miss Yan's injury, you wait to get out of it!"

Ye Chen's expression was indifferent, and the handsome face under the black robe narrated serious words!

The disciple of the Supreme Void Realm was taken aback when he heard it, looked at Ye Chen's appearance in confusion, and asked, "Do you have a medical license?"

"What medical brand?".

Ye Chen was also taken aback, looked at this disciple, and asked, "What is a medical card?"

"Look, this is it!"

The disciple took out a light blue sign from his arms, took it in front of Ye Chen, and said: "This is a medical card issued by the Shenguo Medical Pavilion, which is equivalent to a license for a divine doctor to treat patients. If you don't even have this, you too Don't come!"

No medical license!

What kind of patient are you looking at!

Stay cool and go!

"Medical card?"

Ye Chen thought about it, he didn't seem to have it.

This thing is a bit like a job certificate. If you want to get this thing, you need to go to the medical cabinet for further study. After that, doctors and doctors who come out will have a medical license, otherwise there will be no such thing!

As a person with such heaven-defying medical skills, Canggu Medical God needs a medical card.

Basically others ask him for help, he has never taken the initiative to save someone!

Then he didn't tell Ye Chen about the medical license.

"Forget it!"

"Let him in without a medical license!"

"One more person is more hope!"

Yan Zhendong greeted his disciples to let Ye Chen in. He looked at Ye Chen and couldn't help but sighed: "One more hope, and I don't know which disciple of the genius doctor, they all came to heal Ruoxin, forget it. !"

He was too lazy to reject Ye Chen.

After all, Ye Chen is young and has a good cultivation level. He is probably a disciple of a certain genius doctor, right?

It doesn't matter what his status is, and it is a lot of hope, this is also the last chance for my daughter to be treated!

One more doctor.

There are many ways.

Furthermore, Ruoxin was almost unable to hold it.

"Oh?"

"Little brother, so young, under which doctor in the Kingdom of God?"

"Little guy, so young, you want to be rewarded?"

"At that time, we will be short of a helper. Your speed can be faster. Remember to come up and help deliver some tools!"

"Little brother, don't make trouble later, if you make trouble, the old man will slap you!"

...

Voices came into Ye Chen's ears.

There are so many genius doctors here, there are not 80 but 100, and they are all genius doctors at the late stage of the Taixu realm, and there are even many genius doctors from the Slashing Evil Realm, each carrying the medicine box alone, and finally see Ye Chen. When I came, I thought Ye Chen was a disciple of a certain genius doctor, and ordered him to stay alive.

"So young!"

"too young!"

"What a young boy..."

Ye Chen ignored these voices.

Yan Zhendong clasped his fists towards the hundred genius doctors, saying: "Everyone, come in here, Ruoxin can't wait!"

"it is good!"

"Okay, please lead the way, Lord Yan!"

"Please lead the way, Sect Master Yan, I will wait to see what kind of disease it is that has caused Miss Yan to suffer for so many years!"

"Thank you, Lord Yan!"

A genius doctor spoke.

Yan Zhendong nodded slightly, turned around and stepped out, leading a hundred genius doctors to a magnificent hall on the top of the mountain!

Ye Chen followed the team of genius doctors and saw the misty ice mist before entering the main hall. He couldn't help but sigh: "This is the effect that can only be achieved with the ice bed for thousands of years!"

Don't wait for others to respond.

As everyone walked forward, they saw a huge bed of ice, exuding strands of ice.

It is Wannian Bing!

And it is not the ordinary ice of ten thousand years, and it is the bed of ten thousand years of ice in the abyss of the sea. It has the ability to never melt, and it also has an extremely cold temperature. Ordinary warriors will be instantly frozen when approaching.

however!

There are curtains hanging around the Wannianhan ice bed A woman is lying on the ice bed. The heat from her body is constantly dissipating the cold air of the ice bed!

"Everyone!"

"This is the little girl Yan Ruoxin!"

"It's a pity that the little girl Ruoxin has been tortured by illness, her blood burning like fire oil, no matter what holy medicine is used, it can't be suppressed, please use your best to save the little girl!"

Yan Zhendong bowed to the many genius doctors.

The only daughter.

Naturally very important!

Seeing Yan Ruoxin, who has suffered since childhood, is the most anxious as a father.

"Sect Master Yan is welcome!"

Many genius doctors said, faintly walked to the Wannianhan ice bed.

Appreciably close, many genius doctors approached: "This...this is actually a meteoric poisonous flame syndrome!"
