### Chapter 2551: Desperate heart

"It turns out to be this kind of disease, no wonder!"

"No wonder the whole body's blood burns like kerosene. Such a disease is a desperate disease!"

Many geniuses said with emotion.

A blue-robed genius doctor looked at Yan Ruoxin carefully, with a look of horror in his eyes, looked at Yan Ruoxin's arm carefully, and whispered: "Look at the purple lines on this arm, it must have penetrated into the bone marrow!"

"But it's okay!"

"This purple pattern did not completely invade the bone marrow, some rescued... some rescued!"

"Give way!"

A genius doctor came forward, pushed the blue-robed genius doctor away, stared at Yan Ruoxin carefully, took a deep breath, and said: "Sect Master Yan, this is a meteoric poisonous flame syndrome that has appeared since childhood!"

Yan Zhendong looked deep, nodded and said: "Yes!"

"Such a disease requires some extremely high-level magic medicine!"

"Wait until the night, with the help of moonlight, can we cure it completely!"

The genius doctor said lightly, he was also a famous genius doctor, and he could see Yan Ruoxin's situation clearly at a glance. He asked again: "How long did he get sick last year?"

"A quarter past three in the afternoon!"

Yan Zhendong remembers very well.

"it is good!"

"It's two forty-five in the afternoon. When it's three o'clock, I will suppress her first, and then eradicate her at night!"

Ye Chen walked up and looked at Yan Ruoxin carefully, with his hands behind him, frowning and saying: "A few genius doctors, I think you are quacks!"

He glanced at a group of genius doctors indifferently, and said: "It's already deep into the bone marrow, and at most only a quarter of an hour will be poisoned. It must be treated as soon as possible. This kind of meteoric flame disease, every time One attack, the next attack will be a quarter of an hour earlier, which is fifteen minutes!"

"Boy!"

"What nonsense are you talking about!"

"What the hell!" An old man with a pointed nose looked disdainful, and he looked like the head of Qianhemen—Yidaozi!

"I'm waiting here, do you need a medicine boy to talk nonsense?"

"Boy, don't brush up on your presence, what are you!"

"Go aside!"

"Yes, stay cool, don't bother me waiting for my illness!"

.....

Many genius doctors sneered at Ye Chen with disdain!

Especially Doctor Daozi, Lan Paocheng, Jiang, etc., who originally saw the doctor carefully, heard Ye Chen's words, they dared to question their remarks. It is simply unforgivable. If it weren't for Emperor Yan Sect's place, these genius doctors could easily decide Ye Chen's life and death!

Who is the genius doctor?

It's the signboard!

It's the rules!

No one is allowed to intervene in the work of the genius doctor, let alone talk more!

Not a genius doctor of a level, you just a young kid, what are you talking about!

Really treat yourself as a gadget?

"Sect Master Yan!"

"Looking at Miss Yan so painful, I thought I would not wait!"

Daozi, the head doctor of Qianhemen, took a long breath and took the medicine box from his disciple. He said: "I will start to heal for the young lady. Meteor poisonous flame syndrome is only a small matter. With our power, naturally You don't have to look at it, just wait a while!"

"it is good!"

"Thank you Senior Doctor Daozi!"

Yan Zhendong held his fist and bowed slightly towards Yi Daozi. In terms of cultivation, he was still far above Yi Daozi, but at this moment he wanted to ask others, and the patient was his own daughter, so the evil \*\*\*\* Yan Zhendong was polite to the extreme!

"Nothing!"

"Please stand back a little bit!"

"This genius doctor is going to use the ancient techniques!"

Yi Daozi made everyone back dozens of steps, and he also backed two or three steps. After a sudden thought, the medicine box opened automatically, and dozens of high-quality holy medicines flew out. There are millions of years of Ganoderma lucidum, almost self-consciousness. , There are also 100,000-year-old ice snow lotus, and hundreds of thousands-year-old snow mountain ginseng, many of which are extremely dark and cold!

Like ice snow lotus, snow mountain ginseng, etc., each of them can suppress the poisonous fire in Yan Ruoxin's body.

The million-year-old Ganoderma Lucidum is used by Yan Ruoxin to nourish the body!

锵锵锵~~

锵锵锵~~

A series of organ sounds appeared.

With the twelve sacred medicines in the air, Yi Daozi Yukong overflowed his own blood from his hands and fingers, and then used the blood to depict a round of five-element and gossip array. With the formation of the five-element and gossip array, he began to use his fingers as a brush to write one A Dao text, every time a Dao text is completed, a mechanical voice comes out!

"The Eight Diagrams and Five Elements Seal!"

"It's amazing!"

"Using the twelve great holy medicines as an introduction, coupled with the power of the five elements in the five elements and gossip array, it is bound to be able to restrain the poisonous fire in the lady's body!"

An elder of the Slashing Evil Realm of Emperor Yanzong sighed with emotion!

He looked at the doctor Daozi in front of him with great power, he couldn't help nodding, and his hanging heart dropped slightly.

Huhuhu! !

Huhu!

Accompanied by the gusty wind howled.

A pale green luster and breath wafted from the Five Elements Eight Diagrams seal, and countless Taoism lingers.

Doctor Daozi has eight of the twelve holy medicines that are from yin to cold: ice snow lotus, ice ginseng, snow mountain ginseng, sea miracle, ice jasper grass, ice blood flower, ice grass Eight sacred medicines, such as the leaf of frost, directly dissolve with supreme mana. In the hall of time, the air of ice overflows, and many warriors in the Taixu realm feel trembling.

The white jade ground has even begun to freeze.

I saw the doctor absorbing the power of the ice with both hands, and then entered the five-element gossip formation, and finally pushed the formation seal towards Yan Ruoxin, saying: "Sect Master Yan, quickly help, dissolve the other four holy medicines, wait By the time I penetrate the mark into Miss Yan's body, the poisonous fire in her body will be gradually eliminated!"

"But at that time, her body will be extremely weak!"

"Need tonic!"

At this moment, Yi Daozi can be finished.

However, when the Five Elements Bagua Seal approached Yan Ruoxin, the powerful poisonous fire power in his body overflowed through the wound in his arm and instantly turned into a fire dragon, directly defeating the Five Elements Bagua Seal.

boom! !

A dull sound came out Yidaozi was hit by a giant hammer. He flew upside down for several tens of meters, sliding on the ground for a long time, vomiting bright red blood in his mouth, and was extremely injured.

"Ahem!"

"Unexpectedly!"

"Unexpectedly, this Falling Sky Poison Flame Symptom is so powerful!"

Yi Daozi was seriously injured. He spurted blood continuously, but saw that his body was burned by flames. After almost saying this, he fainted.

"Hurry up!"

"Come here, send Senior Yidaozi down for treatment!"

Yan Zhendong's expression remained unchanged, as if he had seen this scene many times!

He took a deep breath, then took a step forward, and said to the many genius doctors, "Everyone, please help, save the little girl!"

Chapter 2552: Actually a woman

Many genius doctors looked at each other. Their medical skills were roughly the same as that of Yi Daozi, and they could rescue the severely injured and dying Zhan'er Realm martial artist, but Yi Daozi was no longer good, so naturally they were not good either!

No one thought of it before!

Miss Yan's Falling Toxic Flame Syndrome was so serious that it was worthy of a cure, and Yi Daozi was severely injured by her failure to take back.

"Let me do it!"

The genius doctor Jiang of Ghost Valley Sect walked out slowly, and it was the man in the blue robe who had mocked Ye Chen before. At this moment, he didn't look at Ye Chen at all. Instead, he stepped forward and clasped his fists, saying: "My medical skills are even higher than that of doctors, and my cultivation base is higher than him!"

WINK to \$1: Secure Your Spot Now!

"Everyone!"

"Let me come!"

"But please refrain from speaking, so as not to affect my diagnosis!"

The genius doctor Jiang glanced at Ye Chen, coughed, and said, "Especially some younger generations who don't understand anything and like nonsense. If this genius doctor is fully absorbed in the treatment, there will be one more youth nonsense. Garbage is not a good thing!"

The words came out.

Everyone looked at Ye Chen one after another.

Among the hundreds of people here, the youngest are all middle-aged, and they are also about two thousand years old. The older people such as Yi Daozi are all long live. The younger generation is undoubtedly talking about Ye Chen.

"Not bad!"

"We will be optimistic about this young junior!"

"Please don't worry, doctor Jiang can heal me!"

Several genius doctors spoke, and step by step stood in front of and behind Ye Chen.

It seems to have the meaning of preventing Ye Chen from making trouble.

Ye Chen was holding his hand anyway, his face didn't matter.

"it is good!"

"Everyone, please wait a moment!"

While the genius doctor Jiang was speaking, there was a miserable cry on the bed of Wannian Hanbing!

"no no!"

"what!"

"Pain, save me!"

"Every genius doctor saves me, I must repay!"

"Genius doctor...please!"

The heart-piercing voice shocked many genius doctors.

Doctor Jiang immediately opened the curtain and saw that Yan Ruoxin's body was hot, and the blood in her body was burning. She couldn't help but said angrily: "Damn, Doctor Daozi, he wastes too much time. Meteorite Flame Syndrome broke out early. !"

"Asshole!"

"This guy, nothing, let me suppress it forcibly!"

He took off his coat, and endless waves of air surged around his body. He took out 108 gold needles from the medicine box, followed the acupuncture points of the human body, and pierced the gold needles into Yan Ruoxin's acupoints. The golden needles burst out with extremely powerful force. , As if the sea water poured in, trying to forcibly extinguish the poisonous fire in his body.

Huhuhu!

Bang~~

boom!

Voices came out one after another.

It seems that in Yan Ruoxin's body, two forces are fighting each other and colliding.

But soon, one hundred and eight gold needles melted quickly, but a fire filled Yan Ruoxin's eyebrows, and the flames burst into the sky, directly opening the roof of the main hall, and then quickly turning into a fire dragon, flying directly to the surrounding area of Doctor Jiang. .

As the fire dragon roared, the temperature in the hall rose rapidly.

Yan Zhendong shot and defeated the fire dragon. When everyone saw that Doctor Jiang was stuck in place, they all showed doubts.

However, the next moment, Doctor Jiang's whole body collapsed and disintegrated, directly turned into ashes in the sky, and drifted away. Everyone could not help but retreat again and again, his expressions were shocked, as if he was approaching an enemy.

Doctor Jiang, turned to ashes?

Was directly burned to ashes by Falling Toxic Flame!

What an overbearing Falling Sky Toxic Flame Syndrome, it burned a dignified existence close to Zhan'e to ashes, just for a moment, it actually has such an overbearing ability!

Huhu~~

Phoo~~

Everyone took a breath of air and looked at Yan Ruoxin, who was struggling on the ice bed for thousands of years, but for a moment he dared not step forward!

This Falling Toxic Flame Disease can incinerate the genius Doctor Jiang with such a cultivation level. Doesn't it mean that I am about to end?

Go up, to die!

Yan Zhendong looked at all this in front of him, and could only act in a hurry.

Ye Chen stared coldly at the embarrassed appearance of the so-called genius doctor around him with his hands in his arms. Just as he was about to step forward, a man in a green robe came out outside the hall!

The Qingpao man wears a hat, standing in the crowd in a green robe is not prominent, but his unique eyes and looks have caused everyone to cheer!

"This...this is the first genius doctor in the kingdom of God!"

"The world's first genius doctor is going to make a move!"

"Unexpectedly, there were too many people before, and the old man was dazzled, and he never saw the first genius doctor here!"

"Fortunately for the heavens, the first genius doctor is here, so he is saved!"

The genius doctors cheered, and their hanging hearts let go again.

The world's number one genius doctor in the kingdom of God made the move, and his medical skills and cultivation base are above the genius doctor Jiang and Yi Daozi, and it must be successful!

Many genius doctors rejoiced, but they did not dare to approach the young genius doctor. They looked respectful and respectful. They obviously respected the first genius doctor. They even showed emotion in their eyes, as if they were looking at a \*\*\*\*\* worshipped. Reverent and respectful.

"metropolitan!"

"Great, the world's first genius doctor has taken action!"

"Even if the stubborn group of Canggumen don't come to the rescue, the young lady will be safe and sound!"

On the side, the elder Zhan'er Realm gratified and said to Yan Zhendong.

The first genius doctor-Qing Qiuyun!

At a young age, he has a great reputation in the kingdom of God. He has treated countless people and is respected by thousands of people as the first genius doctor. His medical skills are far above a hundred genius doctors!

In addition, Emperor Yanzong once had some grudges with Canggu Sect, so Canggu Sect was unwilling to come to rescue.

Now that the first genius doctor appears, he is everyone's hope!

"Thank you genius doctor!"

"Come and rescue the little girl!"

"Thanks to the genius doctor!" Yan Zhendong greeted Qing Qiuyun personally, with deep emotion, and said excitedly, "Thanks to the genius doctor!"

"No need to say more!"

"I'll start treatment, you can wait aside!"

Qing Qiuyun looked cold quite arrogant. He didn't have any conversations with other people, and no one had any face-to-face with him. He opened his medicine cabinet and screened all kinds of holy medicines!

Ye Chen stood by and saw that the first genius doctor Qing Qiuyun in front of him was actually a woman.

An extremely beautiful woman wearing a veil, with long hair in the green robe, looks exceptionally beautiful, like a cold iceberg, even the simple green robe can't hide her graceful posture, she is a natural beauty.

"The first genius doctor of the kingdom of God!"

"It's actually a woman!"

"I still use the gold and silver needle method, but I seem to be more proficient in this method than the doctor!"

Ye Chen stood on the sidelines and watched, but wanted to see if the first genius doctor of the kingdom of God had any abilities.

Qing Qiuyun saw Yan Ruoxin on the bed of ten thousand years of ice in great pain. He directly formed a seal with his left hand. A mark directly hit Yan Ruoxin's heart, and then a powerful force was injected into it, seeming to suppress the poison in Yan Ruoxin's body with a stronger force. fire.

Chapter 2553: That voice

Whirring whirring! !

Huhu!

Accompanied by the sound of heavy breathing!

Yan Ruoxin calmed down, her expression no longer painful, but extremely comfortable.

Qing Qiuyun nodded slightly, as if his methods were extremely good, and it worked!

"As expected to be the first genius doctor in the kingdom of God!"

"The genius doctor deserves to be the first!"

"The Green Genius Doctor is simply a young talent, and he suppressed this powerful Meteorite Flame Symptom as soon as he appeared!"

"It's amazing!"

"It's so much stronger than the superb doctor Jiang and Daozi, it's suppressed by direct shots!"

A group of genius doctors sighed again and again, and each released their own spiritual exploration, only to find that the poisonous fire in Yan Ruoxin's body was really suppressed, and a little excited. When they were helpless as genius doctors, even genius doctor Jiang was burned to ashes by the poisonous fire. , I didn't expect the first genius doctor to make such an effect!

"Do you want to die like this?"

"I thought you would use gold and silver needle technique, or gossip and five elements array, like the doctor Daozi and Jiang the magical doctor!"

"Unexpectedly, you directly suppressed the poisonous fire with the power of the law of the water system, you are playing with fire!"

Ye Chen was very unhappy, what is this genius doctor doing in front of him!

Have you ever seen someone splashing water directly in front of magma?

Yi Daozi and Jiang Shen Yi directly poured water, and the water evaporated instantly, directly causing both of them to be seriously injured and killed.

Now this first genius doctor is good. He directly irrigates the water from the river and directly on the magma. Isn't this a death hunt?

"You are angering Meteor Flame Symptom!"

"It takes less than a quarter of an hour, and the poisonous fire will burst out immediately. At that time, you are afraid that you will be the next genius doctor Jiang!"

Ye Chen coldly reminded that the poisonous fire in Yan Ruoxin's body was not an ordinary poisonous fire at all, and it could not be forcibly suppressed by the law of water.

Over time, the power of the law of the water system will be swallowed by it to increase the power of the poisonous fire. When the time comes, it will explode. Does this first genius doctor want to die?

"You don't understand medicine at all!"

"In other words, you are completely half a bucket of water!"

Ye Chen's words not only did not attract Qing Qiuyun's attention, but instead attracted a lot of anger from the genius doctor and the emperor Yanzong!

"Little bastard!"

"What are you talking nonsense!"

"Little guy, I warn you! Don't talk nonsense, it's hard to control the situation, what are you going to do!"

The two geniuses roared at Ye Chen.

The third genius doctor even rushed up, face to face with Ye Chen, and said: "Boy, I warn you, this is meteoric poisonous flame syndrome, not a common virus, you'd better shut up, genius Jiang He Yi Daozi, who is not a well-known existence, but is unable to deal with this disease, you are an unknown person, what are you talking about!"

"Not bad!"

"What are you talking about, brat!"

"Fuck off!"

"Fuck off!"

"Boy, I don't know what to say, haven't you seen that you have controlled it?"

"The law of the water system is perfect and can fight against everything!"

The geniuses roared again and again.

Even Yan Zhendong, the Sect Master of Emperor Yanzong, said: "Little brother, be careful, I'm letting you in, not to make you talk nonsense. If you interrupt the treatment for the genius doctor, the little girl will be in danger. I hope you can keep quiet!"

Yan Zhendong's words were polite.

Although he did not believe Ye Chen's statement, he was respectful of any genius doctor during this period.

Seeing this scene, Ye Chen turned around and left without saying anything!

When many genius doctors saw Ye Chen go, they were still angry. They stood in place one by one, sometimes staring at the situation on the hospital bed, sometimes looking at the back of Ye Chen's departure. If a group of genius doctors are not very good at fighting, they are afraid that someone will go up. Deal with Ye Chen!

The first genius doctor Qing Qiuyun was still suppressing it for a while.

But gradually, Qing Qiuyun sweated on his forehead, his expression was a bit wrong, and he whispered: "No, these poisonous fires are not so powerful. The Great Perfection realm water system law, combined with the abyssal heavy water, can't suppress this poisonous fire! "

wrong!

Something's wrong!

This kind of poisonous fire has a problem, it can absorb the power of water, but strengthen itself.

not good!

Qing Qiuyun pinched the law between his fingers and directly escaped into the void.

But at the next moment, Yan Ruoxin's body emerged with a strong flame power, forming several fire dragons. Wei Neng was still flying around the Wannian Hospital bed after killing the genius Doctor Jiang, and even once the Wannian ice bed Most of it melted.

Everyone hurriedly backed away, daring not to have any contact with the fire dragon.

Until a moment later, the fire dragon dissipated, and Yan Ruoxin fell into a brief coma, and the void shattered. Only then did Qing Qiuyun, the first genius doctor, emerge from the void with a helpless look. Agile, I am afraid that it will also step in the footsteps at this moment, turning into ashes like Doctor Jiang!

"Huh~"

"Huh, this poisonous fire is so strong!"

Qing Qiuyun came out of the void, only to find that his left arm was burned, and even his internal organs had been shaken and displaced.

Unexpectedly, he was hiding in the void, and the void was almost shattered, thus being killed by the fire dragon.

"Green genius doctor!"

"What happened?"

Yan Zhendong stepped forward to inquire, and Qing Qiuyun hesitated with an anxious look on his face.

Qing Qiuyun sighed and said: "This kind of poisonous fire is too powerful. I can't suppress it even with my own water system law and special heavy water. Instead, it absorbs power. If it weren't for hiding fast, I'm afraid I too I must die on the spot!"

As soon as this is said!

Yan Zhendong stood on the side disheartenedly as if he had lost everything, staring at Yan Ruoxin on the ice bed for thousands of years, sighing again and again.

He walked to the bed step by step, stroked Yan Ruoxin's forehead, muttered to himself: "Ruoxin, you are afraid that you are not saved, but it is a pity that your father has not fulfilled your wish. Ruoxin, why are you so lifeless? what!"

"Ruoxin, do you remember when you were a child, you set foot on the Yunhai Mountain of the Kingdom of God with your father?"

"Ruoxin, after you leave, your father will bury you in Yunhai Mountain."

"Ruoxin..."

The first genius doctor!

Qing Qiuyun said that there is no way Ruoxin, what else?

This time, I am afraid it is really hopeless!

The first genius doctor in the kingdom of God, after removing the Canggu Sect, is the first genius doctor certified by the medical pavilion. He has even rescued the figures of the Ninth Heaven Peak of the Zhan'e Realm. This is no way!

"Wait!"

"I suddenly thought of something!"

"When I was treating Miss Yan, I seemed to hear a voice in my ear!"

Qing Qiuyun looked a little confused, and said: "That voice seems to say that everything I do is wrong. Not only can my water system law be unable to suppress it, but will be swallowed by it, enhancing the power of the poisonous fire. This voice , I didn't care at the beginning."

"But think about it now!"

"It seems reasonable!"

Chapter 2554: My rights

"This voice also said that I suppressed at most a quarter of an hour, and the poisonous fire would erupt again after a quarter of an hour!"

"Yes!" A white-robed genius doctor said suddenly: "It seems that these words were said by the kid who left. He said that it will erupt again in a quarter of an hour, but it seems that it really erupted after a quarter of an hour!"

One quarter of an hour?

Broke out?

These two words came to the minds of everyone.

The time of the outbreak is really just a quarter of an hour!

Could it be possible that what Ye Chen said was true, he had known for a long time that the first genius doctor could not treat Miss Yan?

"Green genius doctor!"

"Is that what the kid said is true?"

Yan Zhendong got up quickly and looked at Qing Qiuyun, the first genius doctor, with a firm expression, and asked: "Is he not kidding?"

"Yes!" Qing Qiuyun nodded, couldn't help sighing, paced around, and said: "Maybe that kid, what he said may be true, maybe he really has a way to treat Miss Yan, Sect Master Yan might as well try it. !"

"metropolitan!"

"coming!"

"That kid, when he registered, his name was Ye Chen!"

"Now I live in the Fulai Inn in the city!"

The elder of the Evil Realm, the genius doctor who personally transferred all the information!

After Yan Zhendong heard this, his eyes became sharp again, and he said: "Maybe Ye Chen can save Ruoxin!"

He looked at the many genius doctors, paused for a moment, then clasped his fists and said, "Everyone, please forgive me for being rude!"

When the words fell, he went straight out from the sky and went straight to the Fulai Inn in the city!

In the hall, a group of genius doctors looked at each other, what is this!

The front foot drove people away!

The hind feet have to rush over to invite people back!

"Green genius doctor!"

"Does this Ye Chen really have the ability to treat Miss Yan?"

An old genius doctor asked.

Qing Qiuyun pondered for a moment, and said: "He can anticipate the consequences of everything I do. This kind of ability is only available to my master. If it is true, Miss Yan's meteoric flame syndrome, I am afraid that this person is really needed for treatment!"

Ye Chen!

Where are the young and powerful guys coming up here!

The cultivation base is not low, but the medical skills are so high?

.....

In the Emperor Yan City!

Yan Zhendong went directly to the Fulai Inn. The moment he stepped into the inn, he saw Ye Chen drinking on the second floor. He hurried forward, regardless of anyone's eyes, and bowed directly to Ye Chen, "Mr. Ye, please follow me. Go back and treat the little girl!"

"Kindness without saying thanks."

The appearance of Yan Zhendong instantly exploded the surrounding area.

"This is Sect Master Yan?"

"Sect Master Yan?"

"Sect Master Yan is actually inviting a young man!"

"Who is this young man?"

"Sect Master Yan actually came to invite him personally. I'm afraid it's not a child of some top school?"

In the inn, many people who drank and ate were talking about it.

However, Yan Zhendong ignored him, clasped his fists and bowed again, saying: "The little girl is deeply tortured by the illness, and now, maybe only the husband can save the little girl. I, Yan Zhendong, didn't know Taishan before, so I asked Mr. Ye, The adults don't count the villains, go back to Emperor Yanzong and treat the little girl!"

"Mr. Ye!"

"Mr. Ye?"

"Mr. Ye?"

Listening to Yan Zhendong calling his name over and over again.

Ye Chen put down the wine glass, looked at Yan Zhendong, and said, "Definitely."

"It seems that you didn't let me cure it, right?"

The next moment, something unexpected happened to Ye Chen.

Yan Zhendong actually knelt down directly.

"No no no!"

"Mr. Ye!"

"I apologize for my recklessness before!"

Yan Zhendong paused for a moment and saw that Ye Chen didn't mean to forgive himself at all. He took a deep breath and said: "As long as you save my daughter, I can give you two unique weapons. This is the limit I can come up with.

And I can be regarded as a strong person in the kingdom of God, even I can shoot for you three times, no matter who the opponent is! "

Ye Chen was a little surprised.

A strong man of this level, one shot is enough to shake one side.

The current self is definitely not Yan Zhendong's opponent.

Unexpectedly, in order to save his daughter, Yan Zhendong was willing to make three free shots for himself!

Ye Chengang wanted to agree.

Puff~~

Accompanied by a heavy sound!

Ye Chen was taken aback, then turned to look at Yan Zhendong, only to see blood oozing out of his forehead.

"Mr. Ye!"

"As long as you save my daughter, even if you let me go up and down the fire!"

"I am fearless too!"

Yan Zhendong gave such a big gift just to beg Ye Chen to heal his daughter!

At the same time, at the cost of despising Ye Chen's actions before, I wanted to exchange it for Ye Chen's forgiveness!

"Get up."

"You are also a good father, and I won't be too detour with you!"

The space between Ye Chen waved his hand and Yan Zhendong both entered the private room.

He took a deep breath and said: "I can save your daughter, but I need the fire of your Emperor Yanzong, the Fire of Emperor Lin." It is very important to me. Therefore, as the price of treatment, you must Give me the fire! "

The fire of Emperor Lin.

The most precious thing of Emperor Yanzong!

It is also the treasure at the bottom of the Emperor Yanzong's box, Ye Chen said so, I don't know if Yan Zhendong will agree!

however.

In less than a moment.

Yan Zhendong said directly: "Yes, although the fire of Emperor Lin is in charge of several elders, as the Sovereign, I have the right to take out the corresponding things to the elders and exchange the fire of Emperor Lin. What you want, I I can give it to you!"

"Sect Master Yan!"

"Don't you think about it three times?"

"This kind of flame is extremely rare!" Ye Chen asked repeatedly.

Yan Zhendong stood up and shook his head: "Don't think about it!"

His expression was a bit deep, more sighing and helpless, and said: "Furthermore, the fire of Emperor Lin, since the ancestors of the mountain used it, no one has been able to use it for thousands of years!"

"It's useless to guard such a baby."

"It's better to to give you Mr. Ye, instead you can make the best use of it!"

Listen to this sentence.

Ye Chen looked at Yan Zhendong a bit high, and stood up and said: "Refresh, let's go now!"

He flew back to Emperor Yanzong with Yan Zhendong Yukong and asked along the way: "Miss Yan Ruoxin, this meteoric poison flame syndrome is caused by congenital, right? It recurs once a year, but it will happen once every three months. Little burst, right?"

"When an outbreak occurs once a year, the whole body is burned with blood, and it must be treated by bleeding. After the bleeding, the body is weakened to the extreme, and there is even a crisis of death, and the outbreak is a continuous outbreak, at least seven times?"

These words came out.

Yan Zhendong's heart was shocked, and he was even more certain that Ye Chen had the ability to treat his daughter!

Because of the frequency and symptoms of these diseases, even those genius doctors can't find out. It requires repeated and careful investigations to draw conclusions. However, Mr. Ye Chen can draw general conclusions only after looking at it for a while. Is a genius doctor!

Chapter 2555: Old man's killing intent

"Not bad!"

"It's in the main hall!"

"Mr. Ye, please!"

Yan Zhendong took Ye Chen back to the hall.

There are still many genius doctors in the hall, watching Ye Chen, many of them let out cold snorts and dismissive expressions.

Some people are curious as to what method Ye Chen has to treat Miss Yan Ruoxin!

"I don't know!"

"How is Mr. Ye going to treat?"

"Mr. Ye, what is the method?"

"Mr. Ye, why didn't you make a move before?"

Facing many questions from genius doctors.

Ye Chen did not respond. Instead, with a wave of his right hand, a burst of turquoise light emerged, but he saw seventeen golden needles wrapped in dark blue flames emerging, and a breath of ancient times permeated!

Whoosh~~

Ye Chen immediately pierced Yan Ruoxin's forehead with a golden needle.

Then, he quickly shot seven golden needles, hitting Yan Ruoxin's limbs and the three areas of the northeast and south of the Wannianhan Ice Bed.

Huhuhu~~

锵锵~~

锵~~

Waves of ancient voices emerged.

But seeing the ancient inscriptions appearing on the eight golden needles at the same time, bursts of blue light emerged, and along with the howling of the strong wind, it gradually formed a glare-like scene. The pale blue ancient runes were like healing medicine. , Enter Yan Ruoxin's body back and forth!

The blue ancient rune, the moment when it touches Yan Ruoxin's body, it is like touching the void, directly penetrating out, but leaving behind a very primitive substance, it seems that the poisonous fire touches these substances, and it is surprisingly stable. .

Whoosh~~

Whoosh~~

Ye Chen once again shot the other nine golden needles and pierced Yan Ruoxin's internal organs and cheeks, on the tip of his nose, and so on. The blue ancient inscription became more and more vigorous, and the mysterious substance became more and more mysterious. !

"This!"

"this is!"

"This is Cang Ming's seventeen needles!"

"Using the power of Cang Ming, combined with the power of the golden needle, combined with the power of the five elements of heaven and earth, can heal all things!"

An old genius doctor whispered out, and when he looked at Ye Chen, his previously dismissive look completely disappeared, changed to a look of longing and hope, and muttered to himself. !

"what?"

"This is Cang Ming's seventeen needles!"

"Cang Ming Seventeen Needles!"

"It could be this!"

The other geniuses woke up in shock.

He also looked at Ye Chen with shock, as if he was looking at a new world, the excitement and indescribable expression completely enveloped them!

"he!"

"Unexpectedly, such medical skills!"

"No wonder, no wonder he can see through my actions at a glance!"

Qing Qiuyun was also in shock, and he didn't expect Ye Chen to have such an ancient spell. It seems that its origin is extremely extraordinary!

Yin~~~

A goshawk-like cry came.

But when Ye Chen raised his hands, the aquamarine life energy gathered on the top of his head, condensing a life goshawk, and suddenly the goshawk flew into Yan Ruoxin's body, and the latter was like a new one. Life Goshawk seems to have the ability to heal all the wounds in the world!

"this is!"

"This is Canggu's desperate technique!"

"Even a person who has been desperate can recover instantly after using this trick!"

The old genius doctor burst into tears with excitement, and said: "I finally saw this transcendent technique again, Canggu desperate technique, this is the ancient Canggu medical god's unique trick!"

"Is it impossible!"

"Is this Ye Chen the descendant of Canggu Medical God?"

"Canggu doctor's magical skills reappear in the world!"

"how can that be!"

In the Kingdom of God, both martial art and medical art are great ways.

There may be many martial arts legends!

But there is only one person in the medical legend!

That is Canggu Medical God!

His medical skills are the pinnacle of the Lingwu Continent. Even if it is an existence that can resurrect the fallen strong, he can kill a peak strong with only one move of the Canggu Golden Needle. His temper is extremely weird. God, however, is notoriously unsuccessful at death, or even accepting disciples. He has only shot seventeen times in his life, and he has saved all the top powerhouses in the Slashing Evil Realm!

There is even a half-step chaos!

And all these pinnacle powerhouses are struggling!

Even among the 17 people, 15 people have knelt outside the door of Cangu Medical God for more than ten days!

The dignity of the strong is unbearable in front of Cangu Medical God!

All the genius doctors present got cold behind their backs.

They actually feel that they have sinned against the descendants of Cangu Medical God!

This is a capital crime!

However, Ye Chen at the moment didn't care about everything.

During this time, at night, he would learn the medical skills of the ancient doctor \*\*\*\* in the reincarnation cemetery.

At first, he didn't think so, but at this moment, he thoroughly felt the power of ancient Cangu doctor's magical skills!

"Old man, did the half-step chaos powerhouse really kneel outside your door for more than ten days?"

Ye Chen asked suddenly.

However, after a long time, the voice of Cangu Medical God rang:

"Ye Chen, the meaning of medical skills is to give desperate people a chance to survive."

"No matter how strong the world is, facing life and death, it will expose the weakness of human nature."

"What about half-step chaos, they are flesh and blood people after all, they have no immortality."

"What about kneeling me when they are desperate?"

"Actually, back then, I didn't fail to save myself. I studied medicine to help the world. It's a pity that after that happened, I understood that saving people is a double-edged sword."

"At the beginning, I accidentally saved a person, but I didn't expect that person killed millions of people in the Kingdom of God..."

"In my whole life, I am redeeming myself."

"If I didn't save it back then, maybe millions of people would not die."

"No matter how many people I have saved in my life, they can't compare to those who killed them."

At this moment, Ye Chen stiffened.

He was shocked.

He thought the old man's stubbornness was due to his character.

Unexpectedly, the old man's story is more profound.

One person, slaughtered millions of people in the Kingdom of God?

Is that man a demon?

"Old man, the man you saved..."

However, before the words were finished, Canggu Medical God interrupted: "Ye Chen, don't mention this matter anymore."

"I teach you medicine, I don't regret it."

"But I still won't save others."

"This may be God's punishment for me."

"That brute If there is a chance to let me see you again, even if I blew myself up, I will kill him!"

In an instant, tens of thousands of golden needles appeared in the reincarnation cemetery!

Killing intent!

This was the first time that Canggu Medical God broke out murderous intent.

Ye Chen's expression was solemn.

It is definitely not easy for the old man to have such a murderous intent.

If he really met one day, Ye Chen would never let the old man explode!

He wants to use monstrous power to make that person desperate!

Let that person understand the pain of Canggu Medical God, and his disciple of Canggu Medical God will end it personally!

After a few seconds.

Ye Chen opened his eyes and everything recovered as before.

Yan Ruoxin's terrifying poisonous fire completely disappeared.

Chapter 2556: Are you afraid of me?

The girl's face was pale.

But the blood is constantly condensing.

There was even a small smile at the corner of his mouth.

Yan Ruoxin opened her eyes and looked at Ye Chen's resolute eyes under the black robe, and a crisp voice sounded: "Thanks to the genius doctor for his life-saving grace, the little woman has nothing to return."

Ye Chen awake from the story of Cangu Medical God, shook his head, raised his hand, looked at the falling poisonous flame on the palm of his hand, and replied: "This is a deal, you and I don't owe it."

After speaking, the Falling Sky Poison Flame came into his hands and entered the reincarnation cemetery.

Although this flame is not comparable to the Primordial Fiend Flame, it is comparable to Qinglian Demon Fire.

It is also a windfall.

Now that he has harvested the flame monument, what he needs most is a powerful flame.

Qinglian Demon Fire, Xuan Yan, and even the current Falling Poison Flame are all good.

If the Primordial Fiendish Flame and the Fire of Emperor Lin are recovered, the bloodline of the Awakening Flame Stele will be just around the corner.

Ye Chen's eyes fell on Yan Zhendong: "She is fine."

"From then on, there will be no disease."

"The poisonous fire, I have accepted it."

Yan Zhendong was extremely excited at this moment!

He knew that this young man in black robe was a descendant of Cangu Medical God!

Although Cangu Medical God disappeared.

But if you have a good relationship with these descendants, you have one more chance of not dying!

He thought of something, and quickly said, "Sir, please follow me."

Ye Chen nodded, and followed Yan Zhendong toward the outside of the hall.

However, he did not take a few steps.

A beautiful girl in Tsing Yi appeared in front of Ye Chen!

Kneel down directly!

"Qing Qiuyun hopes to study medicine with her husband!"

Ye Chen was startled, then shook his head: "Sorry, I won't accept disciples."

The next moment, it disappeared.

Qing Qiuyun watched Ye Chen leave, but her pretty eyes were filled with determination!

"Ye Chen...you and I will meet again."

"I swear by Qing Qiuyun, you will accept me as a disciple!"

...

The deepest hall of Emperor Yanzong.

The atmosphere is solemn.

Yan Zhendong looked at a \*\*\*\* statue, took out a jade card, and forced a drop of blood.

The essence and blood fell on the idol, and a violent flame appeared in an instant.

The moment this flame appeared, Ye Chen even sensed that the Primordial Flames had reacted!

Even become extremely strong!

Ye Chen knew that the flame in the idol must be the fire of Emperor Lin.

Yan Zhendong's eyes were solemn: "Sir, although I have received the promise of the Supreme Elder and can successfully draw out this fire of Emperor Lin, it is difficult to get it..."

"This flame is alive and proud. It is not a chaotic powerhouse, and it is difficult to conquer."

"Considering Mr.'s current strength, don't wait for you to step into chaos, come again..."

But the words have not been said yet, the fire in the hall shines.

The high fire of Emperor Lin flew towards Ye Chen!

"not good!"

Yan Zhendong thought that the fire of Emperor Lin would harm Ye Chen, and just wanted to stop it, but found that the fire of powerful Emperor Lin directly shook him away!

And rushed towards Ye Chen at an extremely fast speed!

Yan Zhendong's heart hung in his throat!

If Emperor Linzhi's fire wounded the descendants of Canggu Medical God, he couldn't bear the price.

However, at the very moment when the fire of Emperor Lin stopped!

It even stopped in front of Ye Chen.

The fire of Emperor Lin gradually turned into a human form!

The human form is exactly the same as the deity!

"Aren't you afraid of me?"

A sound like nine days suddenly sounded.

Ye Chen shook his head: "Not afraid, and I still want to refine you."

In the next second, the fire of Emperor Lin will be released continuously, the endless flame seems to swallow everything!

"Okay! If you are not afraid of such ants, then I will see what qualifications you have to refine me!"

The fire of Emperor Lin went straight into Ye Chen's Dantian!

Ye Chen planned to resist, but found that the fire of Emperor Lin was sealed by his Dantian!

It's exactly the same as Taigu Shayan!

Two groups of sky-defying flames are constantly approaching, just like a Tai Chi eight-legged figure.

No blending, no confluence!

Desire is higher than the sky.

Yan Zhendong was a little dazed: "Sir, the fire of Emperor Lin chose you?"

Ye Chen didn't know how to explain it either. He remembered the agreement with Tu Lanxin and said: "Sect Master Yan, I still have things to do, let's say goodbye."

"Please also sir not to let outsiders reveal my reputation."

"I don't want to disturb Qing Jing."

Yan Zhendong nodded fiercely: "That's natural. I will warn the people of the sect and let the elder Taishang personally erase the memory of some genius doctors."

"However, that green genius doctor has a very special status...Her background, I dare not touch it casually...I hope..."

Ye Chen understood what Yan Zhendong meant, and suddenly remembered the girl who was kneeling in front of him. The other party did not look like a talker, so he said: "She doesn't need to think about it."

After explaining everything, he took a piece of Yan Zhendong's communication jade card, and Ye Chen was about to rush to Shenjizong.

Because the day of the duel is coming soon!

...

One day later, the day for Ye Chen to fight against Hong Yan and others arrived.

Hong Yan and the others were standing in the battle arena. At this time, their faces were full of presumptuous smiles. Today, Ye Chen would be dead as long as he came.

why?

Because they cannot lose!

Hong Yan's cultivation base at this time had risen to an extremely powerful level!

Moreover, a few of them have already sealed the Four Demons to the Heavenly Judgment and have cultivated to the realm of Xiaocheng!

With the four people working together, the strength will increase several times!

In general, it can basically kill the so-called Demon God who has talent against the sky!

Ye Chen, what to win?

And countless disciples, at this time, all looked at Hong Yan and the others with red eyes. The fact that Hong Yan killed Lian Xuanqi and a group of inner disciples spread!

This demonic race is completely lawless, don't you regard the human race in his eyes!

However, in resentment, but helpless...

Hate, what can I do?

Don't talk about inner disciples. Now, even true disciples have no confidence in defeating Hong Yan and the others...

Hate, I can only swallow it in my stomach!

Soon, Ye Chen's figure appeared in the sight of everyone, Hong Yan and others smiled again, and sure enough, this idiot did not escape.

Everyone looked at Ye Chen, but felt a tragic moment...

Although Ye Chen cleared the Seven-Star Refining Pavilion, it seems that his strength has not changed...

The key is to ask for leave these days and don't know what to do!

Compared with the progress of Hong Yan and others, the gap is too big...

Ye Chen stepped into the battlefield, his expression calm.

However, Hong Yan and others were mocking, disdainful, and even more presumptuous.

The Fourth Elder appeared in front of a few people. He gave Hong Yan and the others a cold look, and was about to announce the start of the battle.

But at this moment, a breath fell from the sky!

An extremely terrifying breath that makes one's heart palpitating!

In the air, a young man with purple eyes fell down, his face was cold and proud and Hong Yan was somewhat similar!

This person is Hong Yan's brother, the current head of the Hong family, Hong Bi!

Hong Yan saw Hong Bi and said excitedly: "Big Brother!"

With Hong Bei sitting on the scene, he is naturally more assured!

Hong Bi smiled and said, "Brother, my father asked me to see you."

However, the smiling eyes fell on an indifferent young man, and in an instant, it was endless pressure and murderous intent!

Killing intent directed at Ye Chen!

Canggu Medical God also sensed the threat, and said to Ye Chen: "This time, you may be really careful."

"The comer is not good."

Chapter 2557: Demon Lock

Ye Chen looked at Hong Bi, his eyes shrunk.

No fear!

Even if the monstrous coercion is coming, Ye Chen's eyes still remain unchanged or shaken.

Although the opponent is extremely powerful!

so what!

If the opponent really intervenes in the duel, even if Ye Chen dies, he will make the opponent pay a painful price!

This is his martial arts.

It's a pity that time is too tight, and there is no time to refine the newly acquired Fire of Emperor Lin.

The eyes on the field looked at each other, and the atmosphere suddenly became serious.

At this moment, the four elders stood up.

He sneered at Hong Bi and said, "Brother Hong, you really care about your brother? If it's okay, leave the scene quickly." Although Hong Bi is Hong Yan's brother, the two of them are far behind. Long live, Hong Bi is the older generation.

Hong Bi looked at the four elders with some dread, and said, "Brother Zhao, this year is my brother's twenty-nine years old. His longevity lock is changed every twenty-nine years. I'm here this time and just give him a new one. Long life lock."

After all, he handed a small dark purple lock to Hong Yan's hand, and whispered: "Take it, don't embarrass us Demon Race!"

After all, his figure flashed and he arrived in the audience.

But everyone's eyes fell on the small lock, but they were taken aback.

What the \*\*\*\* is this longevity lock! ?

This is clearly the well-known magic lock in the kingdom of God!

It is said that the magic lock in this town is the most precious treasure of the human and devil clan.

Although this demon lock has no offensive power, it is said to be used to suppress the treasure of the ancient demons! The power of ban is extremely powerful!

Locked by the magic lock of this town, even the human martial artist of Zhan'er Peak will be unable to break free for a while!

Now, before this life and death battle, bring it to Hong Yan? What kind of longevity lock is it?

Damn it, don't you treat our human race as human beings! ? ? ?

The four elders looked at Hong Bi fiercely, is this not even their Divine Supreme Sect? Do little moves in front of him?

Do you want to point your face?

He even wanted to use the town patriarchal tool for Ye Chen!

However, he knew that with Ye Chen's pride, he would not accept it!

For a while, the disciples of Shenjizong were full of resentment and looked at Hong Yan and others and Hong Bi with contempt!

However, several members of this demon clan still looked calm.

Haha, in the face of life and death, of course, it is desperate, what kind of face do you need?

If you want to save face, you won't fight one out of four!

Hong Yan himself knew that doing so would definitely be disgusted by the Shenjizong collective, he was betting!

After betting that Ye Chen died, Shenjizong needed himself!

Otherwise, I'm afraid this Divine Extreme Sect cannot tolerate them.

Even any big forces will not take them in, because their reputation is completely broken!

The only thing that is likely to stay is the Shenjizong who has few extreme enchanting disciples.

Hong Yan also pretended to look at Ye Chen and said, "Master Ye, the longevity lock sent by my father is okay to wear? If you refuse, I don't have to wear it!"

The four elders and a group of disciples shook their eyes and focused on Ye Chen. You must know that in a battle of this level, even if it is controlled for a moment, it is enough to decide victory or defeat! If Ye Chen refuses, the winning rate will undoubtedly be greatly improved!

However, Ye Chen just said indifferently, "Whatever."

The reason for answering this is not because Ye Chen is arrogant.

But just now, a voice that dominates the world sounded in the reincarnation cemetery!

From the Kuangwu Overlord!

"Human demons are too shameless! I can't stand it anymore!"

"Although I don't want to dissipate prematurely, boy, listen carefully! As long as you are in danger, I will give you strength!"

"Fucking Human Demon Race, bullying Human Race to this point!"

"Today, let them feel how powerful my power and your power can be."

Ye Chen still has some good feelings for the Kuangwu Overlord.

Every Mighty character in the reincarnation cemetery is different.

The wind is clear and free.

Canggu medical \*\*\*\* is stubborn.

But this madman overlord is frank and can not tolerate any sand in his eyes.

Even in many cases, you don't need to speak yourself, and you take the initiative to ask for a fight.

At this moment, after receiving Ye Chen's reply, Hong Yan showed a smile and looked at the Fourth Elder and said: "Then, Fourth Elder, please start quickly."

Everyone was silent, looking at Hong Yan's gaze, even more disgusted!

nausea!

to disgasing!

Cheating, cheating, and setting up an archway when a bitch?

Want to take advantage of Ye Chen's pride to ask the last sentence?

It's almost vomiting!

However, since Ye Chen agreed, no one else could say much.

Chu Ying in the stands clenched her fan fist fiercely, her beautiful eyes stared at Ye Chen with annoyance, and said bitterly, "This fool!"

The Fourth Elder glanced at Ye Chen, his eyes were full of worries, but he still said with an urn, "Life and death battle, start!"

After that, his figure flashed and he left the battlefield.

Yu Feiye looked at Ye Chen, who looked indifferent in front of him, and smiled at Hong Yan with a hint of sarcasm: "Brother Hong, I heard that our Young Master Ye successfully broke through the seventh floor of the Seven-Star Refining Pavilion. The first person ever!

Why, this cultivation base doesn't seem to have grown a bit? "

Everyone frowned upon hearing this!

Originally, they heard that Ye Chen cleared the Seven-Star Refining Pavilion, and they were very excited. Ye Chen's strength surged in the God Demon Pool. It was obvious to all that Ye Chen came out of the Refining Pavilion with the same name as the sink. Yes indeed?

However, Ye Chen's martial arts realm has not changed in the slightest, and it is still too empty.

This makes many people even more worried.

"Didn't I hear that Ye Gongzi created the record of the Seven-Star Refining Pavilion? There seems to be no change in strength?"

"Uh...The Refining Pavilion, it seems to be an improvement in artistic conception..."

"artistic conception?"

Everyone shook their heads when they heard this. Even if the vain thing like artistic conception is improved, how much strength can it strengthen?

Ye Chen had a hard time in this battle!

One side is frantically stacking strength and frantically accumulating resources, while the other side has increased the mood?

How do you fight this?

Everyone's hearts are squeezed, they don't want to see the human and demons triumph!

I couldn't help shouting: "Ye Chen, come on!"

"Get rid of these despicable demons!"

"Avenge for Lian Xuanqi and the others!"

The people of the human and devil clan smiled slightly when they heard the words, and they did not care about the one-sided support of the audience. It would be themselves anyway.

Hong Yan's eyes flickered, and his heart settled down. A few days ago, he heard that Ye Chen had successfully broken through the Refining Pavilion, and he was still very disturbed.

He had already bet all of them, and if anything went wrong at this time, he would be finished, and even the entire Hong family would be implicated!

However, seeing Ye Chen's cultivation level now, he finally calmed down.

Chapter 2558: Not afraid

However, Hong Yan still faintly said: "Feiye, concentrate on fighting!"

Even if he has the chance to win in his heart, he can't afford to miss anything, he must do his best and do his best!

Yu Feiye also looked down, and replied: "Yes!"

"Four Demon Sealing Heaven Jue, rise!"

Hong Yan shouted in a low voice, and worked together with Qi Xin and others!

All of a sudden, the devilish energy surged from Hong Yan and others, overwhelming the sky!

The Jie Yin in the hands of a few people changed wildly, and they were incomparably synchronized, and the overwhelming breath also condensed!

Huhuhu!

The wind is whistling, the lightning is thundering, the world is changing!

WINK's Surge to \$1: Join the Wave!

The four magical shadows, in the black air, are flying up like an angry dragon going out to sea!

In an instant, almost all the spectators on the entire death battle field felt an aura of fear from their souls!

They stared at the four demon shadows, as if they saw the ancient true demon!

As if seeing one's own ancestor, torn to pieces by this demon, shaking involuntarily!

This is actually a pure and true demonic aura!

These four demon conquests have brought out the real demon aura in these celebrities and demons!

Especially Hong Yan!

In that black air, the magical shadow shining with purple light was especially terrifying!

It's not unreasonable that Hong Yan is called a demon!

As a returnee, at this time, the power of the ancient demons has been undoubtedly displayed!

Hong Yan smiled slightly. The power of Qi Xin and others was quickly blending into his body, and his power was swelling wildly!

Now, Hong Yan feels that he is heaven!

With a playful, contemptuous, and contemptuous gaze, he swept towards everyone present.

The gaze seemed to say that your human race is rubbish, so you should be trampled under the feet by the human being and being a dog of the human being!

However, the people who were still glaring at Hong Yan, who swear to fight against the human and demons, trembled and bowed their heads the moment they met Hong Yan's gaze!

Some strength, slightly weaker will directly foam!

Fear, awakened!

Why do people, or some weak animals, are naturally afraid of beasts?

This is because fear is engraved in their genes and souls!

Survival is the instinct of animals!

And now Hong Yan is the embodiment of death!

In ancient times, the ancient demons slaughtered countless humans. The fear of humans towards the demons has not disappeared. Now, it is awakened by Hong Yan!

Among the crowd, there was a woman who did not lower her head. She desperately raised her beautiful face. Even her eyes were pierced by Hong Yan's gaze, but she was still clenching her teeth!

She is Chu Ying!

Chu Ying's spiritual power turned far to the limit, resisting the monstrous magic power, took a deep breath, struggled to be injured, and shouted at Ye Chenjiao: "Ye Chen! What are you waiting for, take action!"

After saying this, Chu Ying spit out a mouthful of blood, her breath quickly decayed, severely wounded and dying!

"Chu Ying!"

A young girl who had a good relationship with Chu Ying exclaimed. Under the coercion of Hong Yan, she did not dare to help her. When she moved, she would end up just like Chu Ying!

When everyone looked at Chu Ying, their pupils shrank!

Chu Ying was struggling with serious injuries, even life-threatening, just to remind Ye Chen?

Yes, if Ye Chen has any chance to win, it is now, in the state of the Four Demon Sealing Heavens Judgment, not yet fully operational!

When the Four Demon Fengtian Jue is fully operational, then Hong Yan's strength will be directly investigated!

Ye Chen glanced in the direction where Chu Ying was. Although there was no change in his expression, a deep chill flashed deep in his pupils!

Although he and Chu Ying did not develop to the last step.

However, he is not a fool, and he can see who is really good to him.

Chu Ying died in the Nine Nether Kingdom, just to help her block a blow.

Although Chu Ying is now resurrected.

He naturally wants to guard.

"Shoot? Haha..." Hong Yan smiled coldly: "Can he get it?"

In the next moment, the Demon Suppression Lock on Hong Yan's neck flashed a deep purple light!

There was almost no time interval, and he appeared around Ye Chen, completely locked Ye Chen!

Everyone's complexion changed again!

So cruel!

Hong Yan didn't feel the slightest distress when using such a precious Suppression Lock! You know, this town magic lock can be used to save lives at critical moments!

Hong Yan used it directly, in order not to give Ye Chen a chance!

Let the Four Demon Seal the Heavens, fully operate!

The faces of everyone were completely pale and bloodless, and they fell into despair!

Ye Chen lost even the last chance to comeback.

Even Yu Mako, who has remained calm, has a little change in his face!

"Hahahaha!"

Hong Yan laughed wildly, steady! Stable to nowhere!

"Ye Chen, do you feel wronged? I admit that your aptitude is against the sky, even above me, you could have been brilliant, so brilliant that I can't bear to look at it!"

"But, you did one thing wrong, do you know where it went wrong?"

"Hehe, you are wrong, you are too sharp!!! Too arrogant!!!"

"If you are willing to lie on your stomach, take the initiative to subdue to me, bow your head, or even not accept my challenge, you will not get to where you are today!"

"Understood? You have to use your brain to be a man, with well-developed limbs and simple mind, and you will only die faster..."

"Hehe, what's the use of telling you this? Anyway, from now on, you won't have a chance to use your brain. Give me death! The devil's finger!!!"

As soon as Hong Yan's voice fell, his aura reached its peak. The overwhelming magic aura, all gathered on Hong Yan's fingers, turned into an extremely dazzling purple light spot!

Upon seeing this, Hong Bei smiled, and above the ancient martial arts, it was the ancient martial arts, even in the kingdom of God, the ancient martial arts are almost lost!

And the God and Demon Finger is a half-step ancient martial arts passed down by the Hong Family since the era of demons!

Originally, with this martial skill, the Hong family was qualified to aspire to the first-class power, but unfortunately, half a step in ancient times, too difficult and too difficult, no one in the history of the Hong family could learn it until Hong The emergence of Yan!

Although Hong Yan has only cultivated to the entry level, the power of this martial art has surpassed Dacheng's ancient martial art!

When Hong Yan resorted to this trick, Hong Bi knew that Ye Chen would have to die no matter how enchanting he was!

All the elders changed their expressions horribly. They looked at Yu Zhenzi and said in horror: "Sect Master!"

Yu Zhenzi's breath broke out, and he couldn't sit still!

He must stop!

Even if you lose the reputation of the entire Shenjizong, you must stop it! Shenji Sect cannot lose Ye Chen!

However, cold sweat slipped from Yuzhenko's forehead...

That's too late! ! !

This half-step ancient martial arts, too fast!

At this time, the only person who could keep calm was Ye Chen.

Chapter 2559: What does this mean?

He already held the Qinglian Sky Destroying Sword in his hand, the infinitely heavy Qinglian Sky Destroying Sword.

Not only that!

The power of the violent overlord has swept the whole body!

He didn't intend to borrow the power of the madman overlord.

However, the Kuangwu Overlord has taken the initiative to give him power!

What can he do!

Now Ye Chen felt that the power between his hands far exceeded everything!

Extremely scary!

Suppression lock?

If he wants to make a move now, the Suppression Demon Lock can't stop him at all.

It's just that there is no need.

Just let this demons reach the strongest state, how about performing the strongest blow?

"Boy, how much did you absorb the martial arts rhyme left by that person?" Cangu Medical God's voice sounded.

"20%." Ye Chen said lightly: "I can only absorb 20% for the time being."

Too much, even if he can't digest it, he can only waste it.

The ancient medical \*\*\*\* Cangu smiled gently: "Sometimes, it's not bad to kill chickens with a sledgehammer."

"Although I don't like the Kuangwu Overlord, the Kuangwu Overlord's character is not bad."

"At least this time, I would rather consume your own strength, but also let you gather the strongest blow."

"Furthermore, the power of the Kuangwu Overlord is extremely dependent on the meaning of martial arts."

"Your strength, coupled with the martial arts, coupled with the madman overlord, is almost invincible in the face of this group of demons.

At this moment, the purple light from Hong Yan's fingertips burst out!

A ray of light, like the sight of an ancient demon god, shot Ye Chen directly!

But Ye Chen stared at that purple light, and a slight smile appeared at the corner of his mouth.

Is this half-step ancient martial arts?

At this time, Ye Chen, not only did not feel the slightest fear, but wanted to laugh!

why?

Because in his opinion, Hong Yan's martial arts are full of flaws!

With his current martial arts mood, Hong Yan's shocking blow was like a child imitating an adult's punching.

At the next moment, the sword in his hand moved, the cold light flashed, and an inexplicable martial arts charm spread from Ye Chen!

In an instant, everyone who was overwhelmed by Hong Yan's magic power and could not lift their heads all felt their bodies loose!

That magic power, at the moment when the meaning of martial arts emerged, disappeared!

"this is!"

Yu Zhenzi and Tu Lanxin exclaimed at the same time, only they can truly understand what Ye Chen exudes!

Even the elders have not reached such a realm!

"The meaning of Zhenwu! It turned out to be the meaning of Zhenwu!!!"

"Only I Lingxiao, Tushen breaks the sky!"

Sword light appeared in the world, like a \*\*\*\* and a devil punish the world!

At this moment, Ye Chen seemed to be immersed in a strange realm. At this moment, he felt the martial arts laws of the Kingdom of God, slightly loosened in his sword light!

He felt how terrifying the monstrous fighting intent of the Kuangwu Overlord's body was!

Ye Chen smiled, is this the feeling of touching the true meaning of martial arts? Cool, really cool!

For him now, the destruction of the world with one sword is definitely not just a description!

Rather, it can be done! !

The purple light diffracted by Hong disappeared instantly...

It dissipated like a puff of smoke...

The four Hong Yan were sluggish for an instant!

The brain is blank!

Then there was panic, fear, madness, and unbelievable!

They want to escape, but in front of this World Destruction Sword, where can they escape?

The world is destroyed, where can you escape?

Therefore, the expressions of Hong Yan's four quickly turned into despair...

"Little brother!!!"

Hong Bei stood up abruptly, his eyes were bloodshot, he roared sternly, and his spiritual power roared out, but at this moment, a figure stood in front of him!

Tu Lan looked at him coldly, and said without any emotion: "Those who intervene in the death fight, die."

Tu Lanxin's eyes were extremely cold.

Her hands even burst with extremely violent energy.

Her sword is unsheathed.

But to get out of the sheath.

The person in front of you must die.

The only thing she can do now is to keep Ye Chen from being disturbed by anyone!

Facing Tu Lanxin's killing intent, Hong Bi almost slumped to the ground. Although he was very strong, he could even kill Ye Chen at will, but he couldn't compare with Tu Lanxin at all!

In addition, Yu Zhenzi also appeared at Tu Lanxin's side.

The two of them are like an indestructible stone wall, blocking everything in Hongbei.

In the Kingdom of God, there is a monument to the gods with a thousand names recorded on it.

These thousand names are the strongest thousand people in the kingdom of God!

And Yu Mako, ranked in the top 100! Is the real super power!

During this moment of delay, the screams of Hong Yan and others had already sounded.

"No!!! I don't want to die!!! Brother save me!!!"

"I give up! Give up! Let me go!!!"

"I am willing to be a human dog!!!"

But, in an instant, the screams disappeared, and they disappeared at the same time...

The four Hong Yan disappeared without leaving a trace in this world! ! !

In the battlefield.

The power of the violent overlord disappeared.

The martial art mood that crushed everything has also disappeared.

Ye Chen felt a sense of loss.

If the Kuangwu Overlord did not give part of his power to himself, he would never be so relaxed.

The power of the Kuangwu Overlord is extremely compatible with that martial art.

Played to the extreme.

If not, he may even be seriously injured and dying.

Four strong insiders joined forces, plus many hole cards.

This is a breath of death.

Ye Chen put away the storage bags of a few people, his eyes were cold, and said: "Behind you may be the monstrous gods and demons, and behind me is the existence that you can never touch."

"That's taboo."

The disciples and elders of Shenjizong were all dumbfounded, so terrified that they even forgot to breathe...

Using the Four Demon Sealing Heaven Jue, plus the Suppressing Demon Lock, and half a step of ancient martial arts, Hong Yan and others died so easily?

Was slashed by a sword lightly?

Ye Chen is so strong, too strong, right? Everyone's brains are all muddled!

With a crisp sound, reverberating in the battle arena, a disciple actually slapped the person beside him severely!

The disciple who was beaten looked at him angrily and said, "Why are you beating me!"

The beating disciple scratched his head in embarrassment cautiously said: "I...I thought, I was dreaming..."

"Then you hit yourself!!!"

Even Tu Lanxin looked at Ye Chen in disbelief, the meaning of Zhenwu, that was the meaning of Zhenwu!

The Kingdom of God can be regarded as a connection with the higher planes, inheriting many martial arts of the upper realm, but there are basically no people in the Kingdom of God who can understand the meaning of true martial arts!

In the history of the Kingdom of God, the most famous one is the Kuangwu Overlord.

However, the Kuangwu Overlord mysteriously disappeared for some reason.

And on a certain day, the Kingdom of God has lost many strong players in the top field.

There are swordsman geniuses, martial arts overlords, monster saints, and wild myths...

And just now, the meaning of Zhenwu released by Ye Chen was like possessing a Kuangwu overlord!

Chapter 2560: The blood I am waiting for, shed for the devil emperor!

No, the meaning of real martial arts seems to have surpassed the overlord of Kuangwu.

The meaning of true martial arts has surpassed the martial law of the kingdom of God, and the upper realm would not be able to pass it down. Besides, the meaning of true martial arts in the upper realm is not something that everyone can understand!

Those who can comprehend the meaning of true martial arts, in the upper realm, can also afford the word genius!

Even her own, martial arts qualifications, can be said to crush the entire kingdom of God, and, with an extremely special identity, she has no realm to enter!

But how long did Ye Chen enter the Divine Extreme Sect? Can you touch the realm of Zhenwu? Although it can only be touched very reluctantly, it is also enough!

But what made Tu Lanxin the most unacceptable was that she clearly remembered that before Ye Chen entered the Seven-Star Refining Pavilion, his martial arts artistic conception could not even be called an introduction!

Even Tu Lanxin was stupid, really stupid.

"My brother!!!"

But at this time, the Hongbei is about to split!

The whole body's devilish energy was suppressed by Yu Zhenzi and couldn't break out, and they poured into their minds, killing intent, and Dao Xin was filled with killing intent, screaming like a mad dog: "Damn human race, humble human race! Me! I want you to pay for my life! I will use your blood to pay homage to my brother!!!"

Hong Yan, but the hope for the rise of the Hong family!

He is also a powerful candidate to become the head of Shenjizong in the future!

Even among the entire human and demons, it is all pride! That's it? How can he not be crazy?

Hong Yan, to the Hong family, is like Ye Chen to Shenjizong.

However, even if he desperately wanted to pounce on Ye Chen, his nails had caught blood on the ground, but he still couldn't move forward.

It was suppressed to death by Yu Zhenzi and Tu Lanxin.

Looking at the struggling Hong Stele, Yu Zhenzi and Tu Lan looked at each other. Seeing Tu Lanxin nodded, Yu Zhenzi suddenly waved his hand and said lightly, "Insulting my human race, the crime is to be blamed."

In the next moment, this powerful man who overflowed with devilish energy turned into blood mist and exploded.

What happened to killing a direct line of a second-class force? Even if his Yuzhenzi destroyed the Hong family, what happened?

When the Hong family targeted Ye Chen so much, he had already sighed.

At this moment, Ye Chen had already appeared beside Chu Ying, and personally handed a pill to her lips, a red pill.

His blood was smeared on the pill.

"Eat." Ye Chen smiled slightly: "After eating, your injury will be fine."

Since Ye Chen used his own blood to help Chu Ying heal his injuries, he regarded Chu Ying completely as his own woman.

But Chu Ying's original cold and pretty face was blushing at this time. Ye Chen's movements were too ambiguous, and he was still in front of so many people!

However, she did not refuse, but in the bottom of her heart, she was very happy! Just want everyone to see this scene!

Everyone looked at Ye Chen enviously, this cold beauty who had just become famous in the clan was just conquered by Ye Chen?

Everyone naturally didn't know that Chu Ying and Ye Chen had such a deep relationship before Shenjizong.

At this time, Yu Zhenzi suddenly came to Ye Chen with a smile on his face.

Ye Chen said: "Good Sect Master."

With his current vision, it is natural to see that Yu Zhenzi's strength is higher than that of the elders.

At least above the chaotic realm.

It may even be higher.

Yu Zhenzi smiled and said, "You don't need to be polite, Ye Chen, I want to ask you, would you like to be my disciple?"

After that, Yu Zhenzi looked a little nervous, for fear that Ye Chen would refuse!

In the death battle arena, like a storm, swept once again and flooded into everyone's minds! The disciples who had just become sober, fell into horror again!

Sect Master, are you about to accept disciples? ? ?

Many people, entering the Divine Extreme Sect, have heard that Yu Zhenzi has a very high vision. For tens of thousands of years, he confiscated a disciple. Now he wants to accept Ye Chen as his disciple?

The most important thing is that Yu Zhenzi's look...

People even think that Ye Chen is the head!

And the head disciple, everyone knows what it means, especially when there is only one disciple...

In other words, Ye Chen is almost certain that he is the head of the future Shenji Sect!

The ancient medical \*\*\*\* Cang in the reincarnation cemetery couldn't help but speak: "Ye Chen, this Jade Zhenzi is not ordinary, it would be nice to be his apprentice."

"And I helped you observe, Yu Mako is a very good person."

"You need a decent master in the kingdom of God."

Ye Chen understood the words of Cangu Medical God, with a smile on his face, politely politely said to Yuzhenzi: "Master is here, the disciple is willing!"

Just now Yu Zhenzi was anxious for him, angered, etc., he saw it, and he knew that he could \*\*\*\* up the gods and demon pool without any hindrance. Without the acquiescence of the senior sect, he would never do it. .

At that time, the estrangement between Ye Chen and Shenjizong basically disappeared.

Besides, he now has proved his excellence, right?

"Good apprentice!!!"

Yuzhenzi was overjoyed and directly helped Ye Chen up. He looked around at the crowd and suddenly said, "Now, I officially announce that Ye Chen is my disciple of Yuzhenzi and the heir to the head. Within this sect, the heir to the head has only one generation. Under the elders, all of you, when you see him, you will be called Senior Brother!"

Everyone shouted without hesitation: "Brother Ye!"

Within the sect, the human and demons are rampant, killing the human disciples at will, no one dares to attack, and Ye Chen, beheading Hong Yan and others, then, is the pride of the human disciples!

This senior brother is justified!

Ye Chen smiled slightly and did not refuse.

In the world of Xiuwu, the strong is always respected.

...

Lingwu Continent, Demon Realm.

The demons in the demons.

A bleak.

Sad all over the ground.

No vegetation.

Since the battle between Tiandao Palace and the Devil Emperor, the demons in Lingwu Continent have completely declined.

The statue of Jun Mochen was destroyed.

The Mozun Palace was reduced to ruins.

Everything seems to have entered a new era.

And in an ancient temple.

A young girl looked at the scarred person on the jade bed and let out a gentle breath.

"Senior Mo Lingzi, everything you did for your father that day, Mu Yan will never forget."

"Although my father went to the kingdom of God and his whereabouts are unknown, Mu Yan believes that your efforts will not be wasted."

It is the Demon Lingzi lying on the jade bed!

That day Mo Lingzi and many of the Demon Emperor's men blew their way!

He is dead!

Unexpectedly, the power of heaven's coming interrupted everything about him.

He was hit by an endless turbulence.

Become unconscious.

Eventually the battle subsided, and Mu Yan appeared and took away the Demon Lingzi.

I don't know how long it took, Mo Lingzi's eyes suddenly opened: "Devil Emperor!"

"The blood of my waiting is shed for the Devil Emperor!"

He sat up suddenly!

Although his body was full of pain, his eyes did not blink.

That is the determination of a strong man.
