Chapter 2561: accident

Suddenly Mo Lingzi's expression was extremely puzzled, he glanced around, and finally fell on Mu Yan's body.

The next second, without any hesitation, got out of bed and knelt in front of Mu Yan!

"princess!"

Mu Yan wanted to help but didn't know how to help: "You are still hurt, how can you kneel on me."

"Besides, what kind of princess I am, now the demons have changed."

"Jun Mochen's reign is over."

"But I didn't find the body of Jun Mochen, it should have been destroyed by power."

"Now, except that the Nine Nether Kingdom is more stable, the rest of the world is not peaceful."

Mo Lingzi reluctantly got up. Suddenly, he thought of something and excitedly said: "The Devil Emperor! Has he successfully gone to the Kingdom of God!"

Mu Yan nodded: "My Father has gone to the Kingdom of God."

"I went outside during this period, and Ye Chen also went to the Kingdom of God."

Mo Lingzi exhaled, his eyes solemn: "The Devil Emperor should be regaining his strength now, it is difficult to take care of the Lingwu Demon Clan. Right now, this place is not considered safe, we must go to the Kingdom of God."

"Either, go to the Nine Nether Kingdom."

"Otherwise, it's hard to survive with our strength."

Mu Yan nodded: "You are right, I just want to wait for you to wake up before going to the Nine Nether Kingdom together."

"The royal family of the Nine Nether Kingdom contacted me as soon as possible, as long as I wish, I can go back anytime and be protected by them."

Mo Lingzi's eyes condensed, and he quickly said: "Your Royal Highness, we will set off immediately."

"it is good."

...

After half a day.

The wounded Mo Lingzi and Mu Yan have arrived in the Nine Nether Kingdom.

It is a pity that the atmosphere of the Nine Nether Kingdom at this moment is extremely solemn.

When Mu Yan and Mo Lingzi stepped into the ceremony, the emperor of the Nine Nether Kingdom hurriedly ushered in!

"His Royal Highness, you are finally here."

"I was ignorant, please forgive your Highness."

Mu Yan didn't expect the Emperor of Jiuyou to change so quickly.

The Emperor of Jiuyou's eyes fell on the wounded Demon Lingzi, his eyes were solemn, and he quickly said: "Senior's injury should be caused by the first battle of the Demon Race. I will send all the power of the Nine Nether Kingdom to heal Senior."

Just as Mu Yan and Mo Lingzi wanted to say thank you, the Emperor of Jiuyou immediately said: "His Royal Highness, Senior, I may embarrass you now, please enter the Jiuyou Underground Palace as soon as possible."

Mu Yan raised his eyebrows, and Jiuyou Digong was a place to escape disaster.

Now that Jun Mochen has failed to rule, why should he avoid it?

Could something happen to the Nine Nether Kingdom?

The Emperor of Jiuyou didn't have time to explain, and said directly: "Two, don't worry, the underground palace is absolutely safe."

"There are some tricky things right now, but I can solve them."

Considering the injury of Demon Lingzi, Mu Yan could only agree.

The Emperor of Jiuyou watched the two step into the palace of Jiuyou, and let out a gentle breath.

However, his eyes were full of helplessness.

"The Demon Race has been ruined. I wonder if the Nine Nether Kingdom can withstand this blow."

"If the Nine Nether Kingdom is destroyed, how should I face the Devil Emperor."

"Perhaps, it can only be to die."

After speaking, the emperor of the Nine Nether Kingdom was full of anxiety, pacing back and forth in the luxurious hall.

As if waiting for something.

At this time, outside the main hall, a figure flashed, and there was no notification even in the newspaper, and he entered directly. This person is Huang Jien!

And when the emperor of the Nine Nether Kingdom saw Huang Zixiang, instead of reproaching him, he showed a hint of joy on his majestic face. He hurriedly stepped forward and said, "Have you found out? I found where the Devil Emperor is in the Kingdom of God. ?"

There was a look of loss and guilt on Huang Zong's face: "Your Majesty, your subordinates are incompetent, and you haven't been able to find the trace of the Devil Emperor..."

"What about Ye Chen?" The emperor of the Nine Nether Kingdom continued.

This is his only hope.

However, Huang Gongfeng still shook his head: "There is no news about Ye Chen..."

Ye Chen has joined the Divine Extreme Sect and is a disciple of a first-class force. Is it so easy to investigate?

"Really?" The emperor of the Nine Netherworld Kingdom's expression flashed with despair, could it be that his Nine Netherworld Kingdom, inherited for thousands of years, would be destroyed in his own hands?

Then what face does he have, facing the Devil Emperor?

However, Huang Zifeng said solemnly, "But, I have already spent a lot of money, and the people who asked the heaven to find the pavilion have searched for it. If I find it, I will send a letter!"

People outside the kingdom of God, using the Jade Talisman of Communication, cannot contact the warriors in the kingdom of God. If they want to make contact, they have to spend a huge price to send spiritual letters!

When the emperor heard the words, a ray of hope appeared in his bleak eyes, and Tiansuan Tower was famous even in the kingdom of God.

Immediately, he sighed: "I don't know if it's too late, Ye Chen, whether the Nine Nether Kingdom can survive this time depends on you!"

...

Three days later, Shenjizong.

Before Zhou Yuanxin came to a quiet and elegant jade pavilion, he took a deep breath and showed a look of enjoyment.

This is the lodging place Yu Zhenzi assigned to Ye Chen. The concentration of spiritual energy is the highest level in the Shenji Sect!

If the vitality of the handyman's house is the desert, this is the sea!

If it wasn't for his good relationship with Ye Chen, he wouldn't even be able to get in!

At this moment, Ye Chen, who was cultivating cross-legged in Yuge, opened his eyes and said: "Hey, why is Yuanxin here?"

Zhou Yuanxin, now a celebrity in the Handyman Yard! Ever since Ye Chen became the head disciple, Zhou Yuanxin, who was with him, has actually become the target of a lot of mentors!

In the end, she became a disciple of a female mentor named Zhang Ya.

Zhou Yuan's new cultivation base and qualifications were not bad. With the training of his instructors, his strength has improved by leaps and bounds in just three days!

Now, it has reached a very strong point. In the Handyman Yard, it can be regarded as the top strongest. Moreover, if this momentum continues, it will not be long before you can rise to the outside.

However, Zhou Yuanxin is not in a hurry now, since Ye Chen became the head of the disciple, the treatment of the Handyman Yard has been much better!

Who dares to look down upon the handyman disciple?

You know Ye Chen is still a handyman disciple in name now, he wants to change, of course he can change, but it is not necessary. After all, Ye Chen didn't care much about these false names.

Next to Zhou Yuanxin, a figure flashed, and Ye Chen smiled at Zhou Yuanxin: "What's wrong with Yuanxin, you recently, shouldn't you have a good 'exchange feeling' with Teacher Zhang?"

He knew that Zhou Yuanxin had a crush on the teacher Zhang Ya in the sect from a long time ago.

Zhou Yuanxin blushed and said, "Brother Ye, the environment here is really good!"

"If you want, you can move in."

Zhou Yuanxin laughed and said, "That's not good, I still like to live with Teacher Zhang."

In the Shenji Sect, if the instructor allows, the disciples can live with them to facilitate teaching.

With that said, Zhou Yuanxin took out a letter with aura and handed it to Ye Chen: "I am here this time because the Handyman Yard received a letter, so I will send it to you directly."

Chapter 2562: The blood dragon is fearless

"Lingxin?" Ye Chen frowned.

After opening Lingxin, after reading it, his face was slightly cold.

"Big Brother Ye, what's wrong?"

Ye Chen said, "Yuanxin, can I get a fake Shengguang Order? I'm going to take a few more days off and go to Lingwu Continent."

Zhou Yuanxin smiled and said, "Wrap it on me!"

"Okay, get ready, I'll talk to the master."

The corner of Ye Chen's mouth brought a sneer.

Shepherd of the Kingdom of God?

He almost forgot.

The Nine Nether Kingdom has dragged on for so long, can it finally be dragged?

In the past, this God Country Clan that made him quite jealous, in the eyes of Ye Chen now, was nothing more than a nest of a few ants!

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

One foot can be crushed!

What if he admits Muye's death openly!

He checked in the Tiansuan Pavilion that the Mu Family where Mu Ye is located is nothing more than a small family, and even worse than the Profound Sect of God!

It's just that this time things are a bit tricky.

Because it is no longer a family involving Makino.

Muye's family is just a branch, this time it's the Mu family's main line that is responsible for the Nine Nether Kingdom!

The cause of death of the genius youth Muye, the accountability branch Mujia!

The main line of the Mu Family cannot be underestimated in the Kingdom of God.

But for Ye Chen now, it was just a little trickier.

Soon, Ye Chen came to Yu Zhenzi's room, and he didn't need to tell him to see Yu Zhenzi.

"Master, I have something to deal with, and I have to go to Lingwu Continent."

Yu Zhenzi nodded and said, "Do you need to use the sect?"

Ye Chen smiled slightly: "No, this time, I will go as a personal person."

He likes to solve his own affairs, rather than bullying others.

"Okay." Yu Zhenzi nodded, and suddenly raised his hand, "This is for you."

An aura fell into Ye Chen's hands.

"This is?" Ye Chen looked at the token in his hand, and suddenly his pupils shrank: "Shengguang Ling? The real Shengguang Ling?"

That extremely precious order of light? There is only one first-class power in each major, can it enter and leave the kingdom of God and other places at will?

This is a treasure! The order of God's light can not only travel to and from the kingdom of God by itself, but even take people to the kingdom of God!

Yuzhenko, is this for him?

In other words, Ye Chen can bring Sun Yi, Zi Ning, Xia Ruoxue, Fenying, Ye Lingtian and others to the Kingdom of God!

But right now, Ye Chen wouldn't do this yet. He had to wait for his strength to be stronger, so that he could guarantee to protect them in the kingdom of God from any harm.

Yu Zhenzi smiled and said, "It's useless to hold it for the teacher, just give it to you."

Shengguangling, compared to Ye Chen, what is it?

"Thank you, Master!"

Soon, Ye Chen came to the gate of Shenjizong, Zhou Yuanxin was already waiting here.

"Brother Ye, this is an imitation of Shenguang Order."

Ye Chen smiled and said: "No need...Well, since all the imitation divine light orders are taken, you can take a trip with me."

With his current strength, he can contend against everything in Lingwu Continent, and may even spread to others. It is still useful to bring Zhou Yuanxin with him.

...

The flying boat travels at extreme speed.

Ye Chen sat cross-legged.

He must have a good understanding of the process of that battle.

The spirit of the Kuangwu Overlord is already a bit weak.

But the gains that power into the body brought him not long ago were endless.

The road of martial arts has lost too much power.

However, Cangu's medical skills required too little power.

At least for a short time, the old man cannot dissipate.

"Old man, you and the Kuangwu Overlord are both people of this age, why can't you turn the fighting into jade?"

Ye Chen asked.

Canggu Medical God shrugged helplessly: "Boy, I think too. But there is no way that guy doesn't think so."

"That day, the reason why I hurt him with the golden needle was not to humiliate him, but to save him."

"He didn't listen to my explanation."

"What the Kuangwu overlord is powerful is not martial arts, but the understanding of martial arts."

"There are powerful martial arts in all his moves."

"You understand it, it's good for you."

Ye Chen nodded, and suddenly thought of something: "By the way, old man, if you want to save the mad martial overlord, why did you use a golden needle to pierce the mad martial overlord's place...any man would be angry..."

"This..." Canggu Medical God shook his head helplessly, "You think I don't want to. It was urgent at the time, and this crazy martial artist was in an explosive state at that time, and no one could get close."

"There is hope only in the vital place."

"I actually saved that guy, but that guy was too stubborn and thought I was humiliating him, what can I do?"

"Because of this, I have changed places a dozen times."

"Originally, the reincarnation cemetery could be a little quieter, never thought you would summon this guy!"

"I really took you this brat!"

"That crazy overlord is simply..."

Before the words were finished, another earth-shaking voice sounded!

"Canggu medical god, dare you say that I am a stinky boy! You finally came out, today I will let you feel what is a shocking martial art!"

Canggu Medical God's face paled: "Tiansha guy, the old man didn't talk to you again! You are endless!"

"I'm obviously talking about the kid outside!"

The Berserker Overlord didn't listen at all: "No matter who you are talking about, you have to endure my burning sky anger!"

In the next moment, thousands of golden needle phantoms appeared in the reincarnation cemetery, as well as a martial art that transformed a monstrous beast.

Ye Chen was a little bit ridiculous, even thinking that the two guys didn't dissipate in the reincarnation cemetery not because of borrowing power, but because of the fighting between the two in the reincarnation cemetery.

Ye Chen returned to reality, and just about to say something to Zhou Yuanxin, another picture flashed in his mind!

It is an abyss under a cliff.

A magic dragon full of ancient aura was imprisoned by chains and scarred.

Thick dark purple blood was flowing on his body.

There were countless laws and violent lightning in the blood.

The power of this thunder and lightning is far more than Erley.

Ye Chen was very familiar with this scene.

This is the picture of the Nine Heavens Shenlong Temple.

In the picture, he found the blood dragon again!

It's just that the body of the blood dragon at the moment is ten times larger!

The violent flame enveloped his body.

That is like a real dragon god!

Dragon God with a murderous intent!

The injuries on the blood dragon were extremely serious the scales of the dragon were flying.

Scars were flooded with blood, like magma, the blood kept flowing out.

He was out of breath.

But the eyes are full of firmness.

Fearless.

This look is exactly the same as Ye Chen!

Just because the blood dragon is Ye Chen's killing intent!

Ye Chen is a blood dragon!

The blood dragon is also Ye Chen!

This is the most incredible clone in the world.

This is a clone that Ye Chen didn't even know he created.

In a sense, the blood dragon is Ye Chen's clone of the Shenlong killing intent!

Chapter 2563: Death crisis

The clone can only be weaker than the ontology.

But the power of the blood dragon at this moment far surpassed Ye Chen.

Not even Chaos Realm!

"Rumble."

Suddenly, the chain vibrated, and the magic dragon outside the ancient realm stared at the blood dragon and spoke:

"I don't want to swallow you."

"You and I are doomed to lose both."

"If I were not trapped, you would have died early."

"Being peaceful is good for you and me."

"I'm trapped, you are still weak, don't struggle anymore."

However, the blood dragon uttered a trembling dragon chant.

The next second, he also spoke.

"I proclaimed from killing intent, beginning with a young man in Jiangcheng, China."

"He taught me to live and die by myself."

"He taught me to kill the sky."

"He has overcome all obstacles and killed all enemies in the world."

"He has blood against the sky, and he is about to kill nine days."

"I was born for him!"

"I want to devour your dragon!"

"Even if you were born from eternity!"

"Even if you come from outside the domain of the strong!"

"Even if you have killed countless chaotic powerhouses!"

"I am not afraid."

"Because-I want to absorb the glory of the dragon of his life!"

"I want to tell the world, Ye Chen, he is guarded by me!"

"I am willing to destroy everything for him! Destroy all enemies!"

In the next second, the wounded blood dragon went to the outer magic dragon again.

Endless flames burn all over!

The flame on his body has unexpectedly changed.

Two extremely dazzling flames were burning.

One is the fire of Emperor Lin.

One, for the ancient evil flames.

The blood dragon was separated by such a large space, and took a part of the flame from Ye Chen's Dantian!

...

A full hour.

Ye Chen opened his eyes.

His heart was shocked.

He saw his shadow on the blood dragon under the abyss.

The blood dragon fights against that extraterritorial magic dragon that is thousands of times stronger than it is because of itself?

He was moved.

He hesitated.

He still doesn't know how to get to the Nine Heavens Dragon Palace.

The key is his current strength, what will happen if he goes.

At this moment, the weak spirit beast, the only connection between him and the blood dragon, spoke.

"Don't worry about me, you and I will meet eventually."

"What's the matter outside of this area!"

Ye Chen stood up fiercely, his killing intent swept through his body.

Zhou Yuanxin on the side was directly shocked!

Zhou Yuanxin was a little dazed: "Brother Ye, are you... intrigued?"

Ye Chen slowed down, and his killing intent stopped: "Zhou Yuanxin, have you heard of the Nine Heavens Dragon Palace?"

Zhou Yuanxin shook his head: "Where is this? I have never heard of it in the Kingdom of God for so long."

Ye Chen stopped thinking: "How long is it from the Nine Nether Kingdom?"

Zhou Yuanxin said: "Soon! A stick of incense will arrive!"

"it is good."

...

At this moment, in the palace of the Nine Nether Kingdom.

The consecrations, at this time, are all anxious like ants on a hot pot, pacing back and forth one by one, while the emperor of the Nine Nether Kingdom, his fingers are constantly tapping the handle of the dragon chair, cold sweat on his forehead, majesty on his face The color disappeared, and even the body was trembling slightly!

This group of powerful people who are enough to cross the spirit martial arts, and whose status is incomparably respected, are all terrified!

At this moment, outside the palace, there was a violent shout from the guards: "Who is the one who came! To break into the palace of the Nine Nether Kingdom without permission! Kill!"

But the next moment, the shouting disappeared, and the entire palace became extremely quiet. The emperor of the Nine Nether Kingdom looked at each other with the worshippers, and they all saw the fear and anxiety in each other's eyes!

The Nine Nether Kingdom was the beginning, although it was not afraid of the Kingdom of God.

But now the Nine Nether Kingdom has fallen a bit long ago!

Even the energy under the Demon Territory was pulled away by the Demon Emperor in a battle.

The Nine Nether Kingdom is now a lean camel.

It's bigger than Marathon!

But now the Nine Nether Kingdom is not facing the branch Mujia!

It's the main line of the Shepherd Family of the Kingdom of God!

That's a big difference!

You know, in order to take precautions, they have replaced all the guards with warriors of the Supreme Void Realm!

These warriors are extremely loyal to the royal family of the Nine Nether Kingdom, and even if they die, they will fight to the last moment!

But now...

For an instant, without even screaming, it was silent?

The emperor of the Nine Nether Kingdom stood up all at once, flipped his wrist, and held a sword. There was a long sword of a golden dragon on the hilt. As soon as the sword came out, the entire palace was rippling. From an extremely majestic breath!

The emperor of the Nine Nether Kingdom, who was originally full of horror, felt a little relieved after holding this sword.

This sword is called the Ancient Dragon Sword!

It is the treasure of the Nine Nether Kingdom! A real ancient artifact!

Moreover, this ancient dragon sword can also be used in the Nine Nether Kingdom, which has accumulated tens of millions of years of imperial power.

In this imperial palace, the emperor of the Nine Nether Kingdom holds the ancient dragon sword, and can even compete with the half-step slasher!

For a while, Taixu worshipped, and they also held the holy soldiers, staring at the gate of the palace as if facing the enemy.

In this dead silence, puff and puff, and suddenly, a strange noise came from outside the door.

Everyone's pupils shrank, and the next moment, they turned pale instantly!

In their sight, black and red things rolled into the palace along the gate of the palace!

Looking intently, there are big heads!

"Lin Zongfeng!?" Huang Zongfeng exclaimed, his old face suddenly became even older!

He could tell that one of the heads was worshipped by his friend Lin!

When he and Lin worshiped their youth, they were a life-and-death friendship. They had been in friendship for thousands of years, and the two were like brothers!

But now, the head of his brother just rolled in front of him!

Huang Zifeng's eyes were bloodshot, and he gritted his teeth, suppressing his urge to rush out of the palace and fight the murderers desperately!

At this time, other worships also recognized those heads.

"Li Gongfeng!"

"Ouyang worship!"

"Zhang Gongfu!"

...

These more than a dozen heads, unexpectedly, were all sent by the Nine Nether Kingdom to delay the main line of the Mu Family!

The emperor of the Nine Nether Kingdom, his eyes cracking, holding the ancient dragon sword in his hand, shaking slightly, these are his loyal ministers!

For the Nine Nether Kingdom, countless contributions have been made!

Right now, just like this? Moreover, they were so arrogant and so hateful that they brought these heads into the palace!

Brought to him!

How can he not be angry?

Angry, what can I do? Can only bear it!

Because he knew that the people outside the door were definitely not something they could contend!

Step on...

Outside the palace, there was a sound of footsteps, and five men with arrogant faces in brocade clothes walked in slowly.

The headed man, with long hair fluttering, his hands on his back, a black costume, a face somewhat similar to Muye, with a cold killing intent on his face, staring at the emperor of the Nine Nether Kingdom.

Everyone looked at the black-clothed man with a horror. This man was a powerful slasher!

Moreover, he is still a powerhouse in the third-tier realm of Zhan'er!

This person is the eldest son of the main line of the Mu family, Mu You!

Chapter 2564: it's me!

And behind him, the four people who followed were the children of the main line of the Mu family. They were Mu Liu who had half-stepped to cut E'er, Mu Fei at the peak of Taixu, Tianmu Bay at the eighth floor of Taixu, and Tian Mucang at the eighth floor of Taixu.

All the elders, including the emperor of the Nine Nether Kingdom, were sweating coldly. The original anger was dissipated because of the strength of these people!

Not to mention that these are five people, even if there is only Mu You alone, it is enough to crush the Nine Nether Kingdom, which is not as good as it used to be, to pieces!

The emperor of Jiuyou Kingdom took a deep breath and forced himself to say: "How many, but are the guests from the Mu's family?"

WINK to \$1: Secure Your Spot Now!

Mu You did not answer, but smiled contemptuously: "Emperor of the Nine Nether Kingdom?"

The emperor of the Nine Nether Kingdom nodded and said, "It's just a widow."

"Hehe." Mu Cang sneered beside Mu You, and his voice suddenly fell cold and said: "I saw everyone in our Mu family, the emperor of the Nine Nether Kingdom, why don't you kneel!?"

"Is it possible, do you really think that you are still the Nine Nether Kingdom under the protection of the ancient Devil Emperor who covers the sky!"

All the people in the Nine Nether Kingdom changed their complexions when they heard this!

Did the emperor kneel down?

When other people saw the emperor, they would kneel down. These shepherds of the Kingdom of God actually met the emperor and made the emperor kneel?

Overbearing to the point that it can no longer be overbearing!

If the emperor kneels, where is the emperor's might?

This is to directly rub the faces of their Nine Nether Kingdoms under their feet!

It even wiped everyone's faith, the face of the Devil Emperor who covered the sky!

Mu You and others sneered, what happened to his domineering family? A declining Nine Nether Kingdom, what else can they do?

Lingwu Continent was once very strong! But it is not antiquity now!

The Kingdom of God is getting stronger and stronger, and the Lingwu Continent is in decline!

The Nine Nether Kingdom is even more!

The branch Mujia where Muye is located is not much in the kingdom of God.

But their main line, Mujia, is qualified to speak!

The main line of the Mu Family is in this Lingwu Continent, in this Nine Nether Kingdom, the Mu Family is heaven!

Huang Zifeng's complexion changed drastically, and he stepped forward with a flattering smile, and said to Mu You: "Are you the Mu You's son of the Mu family? There may be some misunderstanding about this matter..."

However, before he finished speaking, standing next to Mu You, a man with a cold face and a pointed mouth monkey cheeks flashed sharply in his eyes, and his breath burst out!

This person is an animal husbandry who cuts E'er in half a step!

The tyrannical breath rushed out, and instantly bombarded Huang Zong's body. Huang Zong's body flew upside down like a broken kite. Blood was vomiting, and his body was sunken. I don't know how many bones were broken!

The whole person is like a deflated ball, falling to the ground, seriously injured and dying!

Just relying on the breath, a Taixu existed and blasted to death!

"We are talking to the emperor of the Nine Nether Kingdom, how can you be a \*\*\*\* to interrupt?"

At the same time, a trace of unpleasantness flashed in his eyes, and his casual burst of aura did not directly kill this rubbish?

"Huang Gongfu!" Enshrined in the Nine Nether Kingdoms, they roared, staring at the Mu family in anger, and howling with murderous intent, they looked like they were going to fight hard!

Enshrined in the dignified Nine Nether Kingdom, in the palace, being seriously injured in front of the emperor, can you bear it?

"Get out!" But at this moment, a majestic man's voice sounded in the palace.

The worshippers were taken aback and looked towards the emperor of the Nine Nether Kingdom.

The emperor of the Nine Nether Kingdom took a deep breath and said, "This king has life, no one can do anything to the guests of the Mu Family!"

After all, he actually bent his knees, and he was really real, so he knelt in front of Mu You and the others!

In an instant, those worshippers looked ashamed!

The emperor whom they admired and surrendered actually kneeled for others!

The emperor, shouldn't it be a symbol of the Nine Nether Kingdom, shouldn't he stand and die even if he is dead?

The emperor kneels, the country will not be the country!

And the children of the Mu family laughed sarcastically.

"Hehe, I really kneel!"

"Great, is this the king of the Nine Nether Kingdom?"

"That's right, instead of lying on the ground like a dog, how can it be passed on for so many years? It has long been trampled by the people of our kingdom of God, right?"

Those who wanted to worship desperately before, at this time, they are powerless to refute...

As for the emperor of the Nine Nether Kingdom, he lowered his head slightly at this time, his face sinking like water, and his eyes flashed with cold anger!

Why did he kneel because he was afraid of death and abandoning the dignity of the country?

Do not!

of course not!

Although he is snobbish, although he is always pleasing to the people of the kingdom of God, he is the lord of the country after all, and he has his bottom line and dignity!

The reason why he knelt was because he knew that this was the only way to protect the Nine Nether Kingdom!

The only way to protect the blood of the Devil Emperor in the Jiuyou Digong!

He can die and be humiliated!

But Mu Yan can't die!

Otherwise, he would really be sorry to the Devil Emperor!

The people of the Kingdom of God have never divided up the Lingwu Continent because of the supervision of the Shenmeng.

But this time, Muye died in the Nine Nether Kingdom. Although Ye Chen killed it, it has an inseparable relationship with the Nine Nether Kingdom!

In this way, the Mu Family has an excuse to destroy the Nine Nether Kingdom!

He knew that as long as he showed a trace of resistance, not only would he die, but the royal family and the people of the Nine Nether Kingdom would all die!

The daughter of the Devil Emperor will die too!

He knew that if the Nine Nether Kingdom still had such a glimmer of hope, it would be procrastination!

Delayed, when Ye Chen arrived!

For the sake of his country, sacrificing his dignity, like a dog, kneeling in front of the shepherd family, what about?

If the Nine Nether Kingdom can survive this calamity, he would not be the emperor, so what!

It's just him Gunanfei who is ashamed!

He would rather die than suffer such a great humiliation, but he would rather suffer such humiliation to preserve the Nine Nether Kingdom! Save Mu Yan, the daughter of the Devil Emperor! Even if it is just to increase such a trace of hope, he is willing.

This is his responsibility as an emperor!

Mu You looked down at the emperor of the Nine Nether Kingdom who was kneeling in front of him, and said coldly, "My brother, you killed it?"

While speaking, the powerful aura of the Slashing Evil Realm burst out frantically, suppressing the emperor of the Nine Nether Kingdom!

Muye is a mediocre talent, but he is a soul cultivator anyway, and more importantly, he can be regarded as the shepherd, and to die in such a backward place is an insult to the Mujia.

Therefore, the Mu family must wash away the shame.

The emperor of the Nine Nether Kingdom puffed out, spit out a mouthful of blood, the ancient dragon sword buzzed loudly, and the emperor rose, resisting the infinite pressure.

If there is no Ancient Dragon Sword, just this breath can crush him alive, right? Even, he felt that as long as any thought of deceiving Mu You arises, he will die.

He said with great difficulty: "No."

Mu You's eyes flickered, and he knew that under the pressure of his breath, the emperor of the Nine Nether Kingdom had no possibility of lying.

"Who is it?" His tone was cold.

The emperor of the Nine Nether Kingdom, his eyes trembled, the heart was already cold, and after saying Ye Chen's name, they were of no value to the Mu Family.

So, do you need to talk about the end?

Don't you say? He is the one who is dead. If he is dead, it will be Xiao Jiu or Mu Yan who will be tortured!

at this time!

Outside the palace gate, a faint male voice suddenly sounded.

"it's me."

Mu You and the others frowned, turned around and looked out the door.

Two men walked in at the door.

These two people are naturally Ye Chen and Zhou Yuanxin!

Only at this time, neither of them was wearing the costumes of Shenjizong disciples.

And the emperor of the Nine Nether Kingdom, after seeing Ye Chen, was instantly excited, tears came out of his eyes, and he trembled: "Master Ye! You are finally here!"

Chapter 2565: Mujia genius?

"Young Master Ye? Hahaha, don't you tell me, what you are waiting for is such a waste of the Void Realm? With these two wastes, can you save your Nine Nether Kingdom?"

Mu You sneered coldly, staring at Ye Chen and said, "You said, is it you?"

"It's me." Ye Chen nodded, "I only give you one chance now, kneel down and apologize to the Emperor of Jiuyou, and then take the people from the Mu's family to roll."

"This thing ends here."

Although Ye Chen had some opinions about the emperor of the Nine Nether Kingdom before, he had changed after experiencing this time.

A current emperor is willing to give up his dignity for a country.

Such people are worthy of respect.

Everyone in the Mu's family looked at each other and couldn't help laughing, their waists bent!

Where did the clown, a vain trash, give them a chance to be her husband? Kneeling to apologize? Go away?

Mu You looked at Ye Chen playfully, and said: "Oh? Then I refuse, what can you do?"

Ye Chen said blankly: "Destroy your pastoral family."

The entire palace of the Nine Nether Kingdom fell silent instantly!

The enshrined people, and the emperors of the Nine Nether Kingdom, their eyes widened!

Ye Chen, their deeds in Lingwu Continent, they all know that they are invincible in the Supreme Void Realm, it is against the sky, and the gap between the Evil Realm and the Supreme Void Realm can not be crossed so easily!

Ye Chen, when he spoke, he was about to destroy the Mu Family! ?

The playful color on Mu You's face disappeared, staring at Ye Chen.

Now, a Taixu existence who didn't know where it came from, dare to open his mouth and will destroy his pastoral family?

Beside Muye, the half-stepping Mu Liu coldly snorted: "Mucang, Mu Fei, Muwan, this person is resolved."

On the opposite side, there is nothing more than a Taixu first-level heaven and a late Taixu existence. Muwan and the three are enough, and they don't even need his mobile hands.

They hadn't noticed that Zhou Yuanxin in the late Taixu period had been following behind Ye Chen, cautiously.

There is obviously a difference in status.

"Yes!" the three of them responded at the same time, looking at the two of Ye Chen, a cruel smile appeared on their faces.

Mu Fei at the peak of Taixu said coldly: "I'm blocking the guy in the late Taixu period. After you kill the madman, you will solve him with me."

Zhou Yuanxin faced the three of them, but a strange color flashed across his round face.

At the next moment, the three of Mu Fei only felt that the figure flashed in front of them, and they had not yet realized what was happening. They only felt a pain in their chest!

Immediately afterwards, they saw Zhou Yuanxin in front of him. Although he was still standing on the spot, he did not know when he had an extra long sword.

A long sword dripping blood...

A icy cold rushed from the limbs.

Puff, puff, puff...

The bodies of the three of them fell forward together, revealing a group of worshippers, the emperors of the Nine Nether Kingdom, and even Mu Liu and Mu You, with horrified and inexplicable eyes!

The three of Mu Fei died like this! ?

how can that be?

Isn't that round-faced man just a warrior in the late Taixu period?

At this time, Ye Chen sneered.

Yes, Zhou Yuanxin, but it is the late stage of Taixu.

But is he an ordinary late Taixu?

Can anyone join Shenjizong's handyman's house?

Even if it is a house of handymen, it is also a house of handymen of first-class forces!

It can be said that Zhou Yuanxin, if it is placed in the kingdom of God, is enough to be called an evildoer! In the Shenji Sect, there is no way to go beyond the rank, it does not mean that facing the warrior of the family like the Mu family, you can't go beyond the rank!

Don't say, it is the existence of a few Supreme Void Realm that killed a few seconds! In Ye Chen's view, even Zhan E's Mu You may not be Zhou Yuan's new opponent who broke out!

The talent for Xiuwu is too big!

Although Mu You slashed E, his strength may not be better than the disciple of the Shenji Sect in the late Tai Xu!

It is also the weakest Zhan E that Ye Chen has seen so far!

Relying on the pill to cut the Evil!

Zhou Yuanxin smiled faintly: "Now, do you still think that Big Brother Ye was joking when he said to destroy your Mu's family?"

"Damn it!" Mu You's eyes were blood red, his heart was full of anger, and he was burning!

I am here to wash away the shame of the Mu Family!

Why, another inexplicable Taixu Martial Artist killed three shepherds?

If it is spread out, how can his shepherd gain a foothold in the kingdom of God?

"Mu Liu, kill him, kill him for me!" He roared, his breath raging, but he didn't make a move for a while!

This round-faced man looked ordinary, but he gave him an extremely strange, even dangerous, breath!

He is looking for an opportunity! In the process of fighting against Mu Liu, find a chance to kill with one blow!

Mu Liu gave a low cry, and the half-step slashing surging spiritual power lifted up like a huge wave. A giant eagle phantom hovered continuously around Mu Liu. The killing intent burst out in his eyes, and the palms of fear were filled. In the entire palace, in the void, there are many black palm prints!

Although Mu Liu is proud, he is not stupid. Facing Zhou Yuanxin, he must exert his strength 200%!

Those offerings of the Void Realm, under Mu Liu's full burst, their figures trembled, their complexion changed wildly, and they couldn't even stand. For a moment, they were suppressed to the ground, and their eyes were full of panic!

This is just a hint of palm sent out! It's so scary!

It is enough to imagine how guarding Mu Liu's palm is!

"Xuan Ying Divine Palm!" Mu Liu yelled violently, and between the circling giant eagle phantom, the palm power blended with the palms, and it blasted towards Zhou Yuanxin with the original breath of martial arts!

For a time, in the imperial palace of the Nine Serenities, the sky shook and the earth shook, and everything died out with one palm!

Zhou Yuanxin looked at the giant eagle's palm print, but he sneered slightly, his face was disdainful, his wrists turned, the ancient swords and swords were dazzling, and he said indifferently: "Wan Jue Sword!"

Wan Jue Sword~[www.mtnovel.com](http://www.mtnovel.com)~ A half-step ancient martial arts of Shenjizong, Zhou Yuanxin has cultivated to the realm of Dacheng, and it is more than enough to deal with this mysterious eagle palm!

The sword qi surged and turned into tens of thousands of sword lights in an instant, shattering the palm print of the mysterious eagle's palm, and crushed it toward Mu Liu!

Originally, Mu Liu, who was still quite contented after a palm shot, changed his face wildly when Zhou Yuan's new sword was released!

The palm prints that seem infinitely powerful are actually like paper, vulnerable to a blow!

Just now, in front of the emperor of the Nine Nether Kingdom and the others, he was incomparable, extremely proud, casually wounded and worshipped Huang, like a god-like shepherd, but at this time he looked like a panicked child!

He looked pale, retreated frantically, and screamed at Mu You in terror, "Brother You, help me!!!"

This sword is too terrifying, it is just like \*\*\*\* death, the sickle sword that reaps lives!

Mu You looked anxious. This time he came to the Nine Nether Kingdom and had already lost three of the Mu family's children, and the Mu Liu who had been slashed in half a step, even though he was separated, was enough to be considered a core child! How could you just die like this?

Chapter 2566: Patriarch!

Not to mention, Mu Liu and him have a very good relationship! Brothers who grew up together since childhood!

As soon as he moves, he must help him!

But at this moment, Zhou Yuanxin sneered at the corner of Zhou Yuanxin's mouth, and said: "Hehe, Brother Mu, is it a lack of style to intervene in other people's battles at will?"

As soon as the voice fell, a golden yellow rope actually shot towards Mu You!

Almost immediately, he entangled Mu You! Chained in place!

"No!!!" And this moment's delay, the ten thousand sword lights completely submerged Mu Liu!

Mu Liu, only having time to let out a scream, was chopped into countless pieces of flesh by the vertical and horizontal sword light, and even the soul was annihilated!

"Mu Liu!" Mu You witnessed the tragic death of his family in front of his eyes, his eyes cracking. He looked down at the rope that was shining with golden light on his body, but he couldn't help but exclaimed: "Gold Pin Bundle Golden Rope!?"

This bunch of golden ropes is a kind of special magic weapon that is quite famous in the kingdom of God, dedicated to restraining martial artists. It is divided into three ranks, gold, silver, and bronze!

And the price of gold bundle gold rope is extremely expensive! Even his shepherd's family only has a silver-grade golden rope, and it is still in the hands of his father!

Now, this seemingly ordinary young man took out a gold string with gold rope in his hand!

This.....

Doesn't this mean that the opponent's backing is likely to be the second and third-class forces?

Mu You, a little trembling...

This can also explain why, the combat power of this round-faced youth is so terrifying!

The potential is higher than the sky!

On Zhou Yuan's new face, the color of disdain was even stronger. This gold grade tied with a golden rope, within the Divine Extreme Sect, can be exchanged for a little contribution point.

However, it is useless in the Shenji Sect. As long as the martial arts conception, the martial arts cultivation level is higher, or the body protection magic weapon is of higher grade, this gold product bundled with a gold rope cannot cause any threat!

It's just about dealing with families like Mujia.

Just when Mu You was shocked by the golden rope, Zhou Yuanxin made another move!

"Wan Jue Sword!"

Tens of thousands of horrible sword lights are condensed in the palace, and on the dragon stone pillars carved from solid materials, sharp sword marks appear on the debut!

His eyes were fixed on Mu You, and his contemptuous color almost became substantive.

This Mu You, not only his background, his combat experience, but also \*\*\*\* too!

It is estimated that it depends on cultivation base, family background, and bullying in small places, right?

Even the real life-and-death duel, haven't you experienced it?

I don't know how this guy survived Zhan'er, I'm afraid the whole main line, Mu Family, did their best to help this person withstand this blow.

If he were a disciple of the Shenjizong, he would never lose his mind so easily in battle.

Even if his cultivation base is much higher than Mu You, Zhou Yuanxin still looks down on such waste!

Killing him is easy!

Mu You looked at the sword light coming to him, cold sweat raged, if he hadn't been distracted just now, he might untie the \*\*\*\* of the golden rope, but now, it's too late!

Even if he is Zhan'er Third Level Heaven, he still has no confidence, relying on his divine weapon-level body protector to resist Zhou Yuanxin's horror so much that Mu You can't believe it. It comes from the hands of a Taixu existence. Sword!

With a puff, Mu You, who was still alive just now, actually knelt directly in front of Zhou Yuanxin's existence, tears streaming down, and cried out, "Spare me! Spare me!!!"

"Waste!" Zhou Yuanxin said coldly.

Seeing, tens of thousands of sword lights will completely drown Mu You!

At this moment, a figure suddenly appeared in the void. In his hand, he held a crimson spear with complicated runes imprinted on it. In his eyes, the light flickered, and he shot it with one shot!

The gun was shot like a dragon, and the red light flashed!

Those tens of thousands of sword lights disappeared in an instant!

Everyone looked into the air, but it was an old man with a long spear, a black robe, white hair and a burly figure.

This person has a gun in one hand and his back in the other. Although his face is old, his eyes are full of divine light, looking down at everyone present, like a hidden master!

Everyone in the palace was stunned, and no one thought that there was such an old man hidden in the palace!

Only Ye Chen, with a faint expression, had already discovered the existence of this person with his current strength.

Mu You looked at the old man, but he was ecstatic and said: "Old ancestor!"

This old man is indeed the ancestor of the Mu family, Mu Zhengting, with a cultivation base!

Although the realm is not much different from Mu You.

But the sense of solidity is very different!

The foundation is extremely stable!

How can Zhan'e who has cultivated for a hundred years be compared with Zhan'e who has cultivated for thousands of years!

The breath of this ancestor, if it enters the Divine Extreme Sect, I am afraid it can also become an inner disciple.

Mu Zhengting glanced at Mu You and didn't say a word. To be honest, he was disappointed with Mu You's performance.

However, Mu You, as the main line of the Mu family, is also a prodigal son with quite good martial arts talents. This time he came to the Nine Nether Kingdom and the ancestor of the Mu family followed in secret. He had hidden in the void early in the morning.

At this moment, he was staring at Zhou Yuanxin with solemn eyes.

The reason why Zhou Yuanxin didn't even kill the Mu family's children was because he was afraid of the forces behind Zhou Yuanxin!

As soon as Zhou Yuanxin entered the palace, he could feel that this seemingly ordinary youth was extremely extraordinary!

But now, for Mu You, he had to take action. After all, Mu You is the future of the Mu Family!

Mu Zhengting faced Zhou Yuanxin and said, "This little brother, you should be a member of the kingdom of God, right? Can you tell me which family or sect you are from?"

When everyone heard this, they were all taken aback!

Zhou Yuanxin, killed several young children of the Mujia family. This seemingly tyrannical ancestor of the Mujia family actually seemed to be polite to him?

Even Mu You was a little dumbfounded, and hurriedly said, "Old ancestor, kill him! He killed several people in my Mu family!"

"Shut up!" Mu Zhengting screamed, watching Mu You even more disappointed. This idiot still doesn't know the situation yet?

Mu You was so scared that she stopped quickly.

Zhou Yuanxin sneered, "Do you really want to know?"

Mu Zhengting said sternly: "I think this little brother has a very good face. Maybe he has a relationship with our Mu's family. I hope to tell."

"Haha." Zhou Yuanxin said with a sarcasm: "Forget it, you are not worthy."

Inside the palace, there seems to be a cold wind blowing over it, engulfing a long killing intent!

Mu Zhengting stared at Zhou Yuanxin with a pair of eyes. He was the ancestor of a clan at any rate. Zhou Yuanxin in front of him, no matter how strong his background, was nothing more than a vain warrior. As for Ye Chen next to him, he was directly by Mu Zheng Ting overlooked that an existence of the emptiness of the sky is at most Zhou Yuanxin's entourage, right?

Chapter 2567: Welcome!

Although it was strange that Zhou Yuanxin called him Big Brother Ye just now, Mu Zhengting didn't take it seriously.

He might not even dream of it. If he was a follower, Zhou Yuanxin would be more like Ye Chen's follower.

At this moment, Ye Chen said lightly: "Old fellow, do you remember that I gave you two choices?"

At that time, when he spoke, he naturally included Mu Zhengting.

"What?" Mu Zhengting furrowed his brows. This was a vain level of trash, he didn't mean to say that he found himself right from the beginning?

Here, pretend to him?

Ye Chen pointed to the emperor of the Nine Nether Kingdom and said: "Kneel down with the emperor, apologize, and then, take the people from the Mu's family, get out, I don't want to say it a third time."

Mu Zhengting must be furious, his old face was blood red, his anger surged wildly, and he shouted angrily: "Junior, you really don't know how high the sky is!?"

How dare you call him to Mu Zhengting, kneel down and apologize?

Repeatedly, ignoring his majesty?

it is good! well! very good!

In his eyes, the killing intent was concentrated. Even if he slaughtered these two wastes in this savage land today, can anyone really find it out? Moreover, the children of the big forces must have a lot of money, right?

The next moment, on top of the spear, red light flashed, this Mu Zhengting did not hesitate at all, and shot directly!

Zhan'er's spiritual power surged, the wind and clouds roared, the heavens and the earth's color changed, and the masses of the heavens and the earth's aura, attracted by Mu Zhengting, gathered in the spear, almost, the entire Nine Nether Kingdom was drained!

Slashing Evil Realm was originally beyond the power of Lingwu Continent!

This shot was locked by Zhou Yuanxin!

With one shot, a phantom red dragon leaped up, roaring at Zhou Yuanxin, the entire palace was on the verge of collapse, and the entire Nine Nether Kingdom was violently turbulent, on the verge of collapse!

The moment the Chilong was flying, the void in the palace was crazily shattered. This blow had already shaken the martial law of the Nine Nether Kingdom!

What does it mean to shake the law of martial arts? It is its power that has transcended the shackles of the law and can turn this area into a real chaos, and everything will no longer exist!

Zhou Yuanxin's expression changed. Although he was able to fight at a higher level, he still had a limit. Mu Zhengting's attack was enough to kill him in a second!

This is the power of the inner court!

He is invincible!

The emperor of the Nine Nether Kingdom and the others, their expressions changed drastically, it was over, it was really over, who would have thought that the ancestor of the shepherd family would come together?

On Mu You's face, there was a flash of excitement and delight!

At this moment, Ye Chen raised his hand faintly, and he raised his sword fingers and waved it at Mu Zhengting.

This blow contains his perception of the madness overlord martial arts these days.

At this moment, he seemed to be driving away disturbing flying insects at will.

At the next moment, time seemed to stand still, and a golden light appeared between heaven and earth!

In the hearts of everyone, there was an illusion that the world was divided into two in golden light!

The golden light flashed, the red dragon, the storm, the shock, all disappeared.

Between heaven and earth, return to peace.

But at this moment, Mu Zhengting, who was full of murderous face, looked unbelievable.

Solidified, incredible look.

A blood line appeared on Mu Zhengting's waist. His upper body and lower body slowly separated, and fell to the ground from the air.

Ye Chen glanced at Mu Zhengting's corpse lightly, somewhat surprised.

It seemed that he had been in Shenjizong for a long time, and he had been accustomed to seeing the geniuses of the sect, but he had overestimated the ancestor of the shepherd family.

The strength of this person may not be as good as that of one of the demon clan.

It seems that in the road of martial arts, age and cultivation are not the most important.

The most important thing is talent.

Zhou Yuanxin wiped the cold sweat on his forehead, and said respectfully to Ye Chen: "Thank you, Brother Ye, for help!"

Look at that attitude, it's Ye Chen's little brother at all!

And everyone in the palace was completely sluggish!

They were actually like Mu Zhengting, thinking that Ye Chen was nothing but Zhou Yuanxin's entourage. The reason why they were called Ye Chen Ye Big Brother might be because they helped Zhou Yuanxin for something, so that he brought a respect to Ye Chen. Nothing more...

After all, the realm of the two is too far apart, and Zhou Yuanxin's strength is too bad!

How could this kind of evildoer with incomparable experience in the kingdom of God be a little brother? Will be willing to follow others?

But now! They fully understood Zhou Yuanxin's attitude at this time! Zhou Yuanxin, more than just a little brother! In that tone, although Ye Chen is called Big Brother Ye, it is almost like seeing his own god!

However, this is still second, the most important thing is the strength that Ye Chen demonstrated! ! !

Shocked to the breakdown of thinking!

Just now, what was that?

Ye Chen waved his hand and gave them a feeling that the world was about to collapse!

That extremely powerful, almost capable of shaking the Nine Nether Kingdom's martial arts law, was it wiped out by Ye Chen's wave?

That ancestor of the Mujia family didn't even make a sound, so he died?

The ancestor of the God Country Clan, in front of Ye Chen...

Really, like an ant!

However, if they knew that this was not Ye Chen's full strength, they might faint with fright, right?

At this time, Mu You looked at the ancestor who had been cut in two and could not die anymore, but his face was dull, his eyes were gloomy, his pants were already soaked...

Directly, I was scared to pee!

Ye Chen slowly walked in front of Mu You, looked down at him, and said lightly: "Kneel and apologize."

Hearing this, Mu You was so terrified that he heard the whispers of the devil. He rushed in front of the emperor of the Nine Nether Kingdom like crazy, kowtow frantically, and shouted hysterically: "I'm sorry! I'm sorry! I beg your pardon. I was wrong! I am a bastard! I offended you! Please forgive me for this bastard!"

"Go away." Ye Chen said.

Looking at this kind of person makes him sick.

As if he had heard an oracle, Mu You turned around without hesitation, crawled out of the Nine Nether Kingdom Palace on all fours, hands and feet, as if he had really regarded himself as a dog.

Just when Mu You was about to leave completely Zhou Yuanxin blocked Mu You's path, then squatted down and spoke in Mu You's ear.

"Hey, take the news back. From now on, the kingdom of God does not want to have a shepherd."

"Of course, if you want revenge, you can."

"The one who killed your ancestors was a disciple of Shenjizong."

"Welcome to Shenjizong as a guest."

When Mu You heard the three words Shenjizong, he instantly fell to the ground! Feeling weak!

That is the first-class sect of the Kingdom of God!

How could the Mu Family be shaken!

He couldn't figure out how could Muye offend such existence!

...

Ye Chen looked at the emperor of Jiuyou Kingdom and said with a trace of apology: "Emperor of Jiuyou, I am late."

Chapter 2568: who is it?

In the Nine Nether Kingdom, when Xuan Yuezong was in trouble, he helped him. He naturally wanted to protect the Nine Nether Kingdom. In fact, after defeating Hong Yan, he wanted to go to the Mu's family, but he was with Hong Yan. After World War I, I felt that I was able to absorb more of the martial arts of the Kuangwu Overlord, so I was delayed.

Fortunately, I arrived in time this time.

The emperor of the Nine Nether Kingdom is still a little confused at this time, I can't believe it, but he is the lord of a country at any rate, and soon recovered his composure, and he looked at Ye Chen with joy and said, "Where can Ye Gongzi come? It is already the great fortune of my Nine Nether Kingdom! Gu Nanfei congratulates Ye Gongzi, his strength has greatly increased!"

WINK to \$1: Secure Your Spot Now!

He knew that he had concealed the news for Ye Chen at the beginning, although he had paid more than a dozen lives as a lie, but he was right!

It can't be more right!

With Ye Chen's existence, the Nine Nether Kingdom is bound to rise!

Ye Chen raised his eyebrows, and heard the emperor of the Nine Nether Kingdom's words.

He calls himself Gunanfei?

Could it be...

At this time, the emperor of the Nine Nether Kingdom was full of grief. He picked up the head of the person on the ground with his own hands, and said solemnly to the worshippers beside him:

"According to my order, these deceased sacrifices will be buried in the highest rituals of the Nine Nether Kingdom, and their families will be sealed and rewarded! Engrave their names on the ancient stone!"

These people are the real heroes! Originally, the ancient stone was used to record the names of the Jiuyou emperors in the past. Only those who have saved the country can be listed with the emperor!

"Yes!"

After that, he turned to Ye Chen and smiled and said: "Young Master Ye, it's time for me to abdicate..."

Ye Chen frowned and said, "Why?"

Although the emperor of the Nine Nether Kingdom is snobbish, he is also considered for the interests of the Nine Nether Kingdom.

The emperor smiled bitterly and said: "No matter what the reason is, I finally kneel to someone else, what face dominates the throne?"

Ye Chen was silent, sometimes people really can't help themselves.

The emperor smiled again and said: "Young Master Ye, I want to pass on to Xiao Jiu."

Ye Chen is now the biggest backer of the Nine Nether Kingdom, whoever inherits the throne naturally needs Ye Chen's permission.

Ye Chen nodded and said, "Yes, but Xiao Nine is still young, so he should be the master of cultivation. Normally, you should take care of the affairs of the country."

The emperor respectfully saluted: "I listen to Master Ye's instructions."

At this moment, between the heaven and the earth, a terrifying devilish energy suddenly descended!

Ye Chen's eyes condensed, murderously gathering.

Is there another person from the Mu family?

All the people above the main hall have serious expressions.

If the shepherd family of the Kingdom of God descended on some powerful people, the entire hall might be destroyed!

"Far new, prepare for war."

Ye Chen spoke suddenly.

Zhou Yuanxin nodded, holding a long sword in his hand, and his spiritual power was running to the extreme.

As long as the other party is not good, do it immediately.

The atmosphere is solemn to the extreme.

Suddenly, a ball of billowing demonic energy descended on the hall.

A middle-aged man in a black robe appeared in the sight of everyone.

Zhou Yuanxin just wanted to do it, but the middle-aged man's eyes fell on Ye Chen: "Mr. Ye!"

Ye Chen's eyes condensed, his killing intent stopped: "Do you know me?"

The middle-aged man in the black robe smiled: "Mr. Ye, I am the devil emperor's entourage in the kingdom of God. I have heard that the devil emperor mentioned her husband many times."

"I'm here this time. The Devil Emperor asked me to pick up Senior Demon Lingzi and His Royal Highness Mu Yan."

At this time, the emperor of the Nine Nether Kingdom reacted, pinching his fingers, and a door opened.

A girl with a sweet temperament came out.

It is Mu Yan!

And what followed behind her was naturally Mo Lingzi.

"Ye Chen!"

Mu Yan never expected to see Ye Chen here, very excited, and regardless of his image, he rushed up and hugged Ye Chen fiercely.

In her world, Ye Chen rescued her from the Demon Sea.

Except for the Devil Emperor, Ye Chen is her closest person.

At this moment, Ye Chen could even feel the softness in front of him.

He didn't expect Mu Yan to be so gaffe.

For a few seconds, Mu Yan seemed to feel everyone's gaze, and quickly let go of Ye Chen: "That...this is the etiquette of the demons."

Mo Lingzi smiled: "Your Highness, why don't I remember this etiquette?"

Afterwards, Mo Lingzi's eyes fell on the black-robed man: "How is the Devil Emperor now?"

The black-robed man arched his hands: "The Devil Emperor is currently refining the power of a great demon outside the territory, and he is still in a state of retreat. His subordinates don't know when to leave."

"He confessed to his subordinates before retreating and will connect his Highness and you to the Kingdom of God."

Mo Lingzi exhaled: "It seems that all of us's efforts were not in vain."

"The dead brother may be able to rest in peace."

"I hope that the next time the Devil Emperor leaves the customs, it will be able to shock the God Kingdom Heavenly Dao Palace."

At this moment, Ye Chen noticed the wounds on the Demon Lingzi's body. Now that he has good medical skills, he naturally wants to take action.

Moreover, that day of the battle of the Mozu, Mo Lingzi's free and easy still made him extremely moved.

He came to Demon Lingzi, with hundreds of golden needles in his hand.

The golden needle flickered, and instantly pierced the whole body of the devil.

After that, the spiritual power of Ye Chen's Dantian surged, all gathered between his fingers, and it gradually turned into a colorful color!

In the end, Qi Qi rushed into the golden needle and passed to the whole body of the devil.

But Mo Lingzi's pale face gradually turned rosy.

The faces of everyone present changed drastically!

They knew that Ye Chen's martial arts talent was amazing, but they didn't expect Ye Chen's medical skills to be so powerful!

Mo Lingzi's injury was caused by a self-destruction.

For this kind of injury, let alone the genius doctors of Lingwu Continent who are helpless, the genius doctors of the Kingdom of God cannot recover in such a short time!

Is there really a medical martial artist in this world?

The most shocking one was Mo Lingzi, who could feel that his whole body was wrapped in a strong energy.

The key is that this energy actually gave a new life to the internal organs he had suffered hard that day!

Incredible!

After a full minute.

Ye Chen retracted his hand and looked at Mo Lingzi: "How do you feel?"

The next moment, Mo Lingzi directly knelt down: "Mr. Xie Ye treats! Mo Lingzi has nothing to pay for!"

With a wave of Ye Chen's arm, an invisible force lifted the Demon Lingzi: "You and I are also considered to be your own people, you don't have to be stuck here."

Then his gaze fell on Mu Yan's body: "Since someone sent you to the Kingdom of God, then we will see you in the Kingdom of God."

Then, Ye Chen threw a communication jade talisman: "Mu Yan, if something happens in the kingdom of God, you can contact me."

After all, the Devil Emperor is still in retreat now, and it is definitely impossible to leave it in a short time.

As the head disciple of Shenjizong, he can protect nature and protect him.

Mu Yan held the communication jade talisman tightly and nodded: "Ye Chen, I am the daughter of the Devil Emperor, and the blood in my body has not been fully awakened, but after going to the Kingdom of God, I will surpass you soon!"

"Don't relax!"

Chapter 2569: The Eternal King's Game

Ye Chen smiled knowingly: "Then I have to work hard, I don't want to be beaten to the ground by you."

"Just know."

Mu Yan raised her chin triumphantly, but she looked quite cute.

After that, the black-robed man spoke: "His Royal Highness, Senior Demon Lingzi, without further ado, let's leave as soon as possible."

"When you come out this time, your subordinates cannot stay in Lingwu Continent for too long."

Mu Yan looked at Ye Chen reluctantly, and then left with the black robe man with Mo Lingzi.

After Mu Yan left, Ye Chen flipped his wrist and threw a special jade talisman to Gunan Fei, and said lightly: "Here, you can take it out if you encounter anything. Basically, no one I can see this jade symbol, and dare to move the Nine Nether Kingdom."

The Emperor of Jiuyou looked at his hand, engraved with a mysterious character, an extremely exquisite jade charm, and asked with some doubts: "This is..."

Ye Chen turned around and walked outside the palace, generally speaking indifferently: "Shenjizong, the head of the clan has given a token, see the talisman like see the Shenjizong, whoever violates my \*\*\*\* will be punished even though it is far away!"

When the voice fell, Ye Chen and Zhou Yuanxin had disappeared.

Only the dull people in the palace were left.

In the eyes of Gu Nanfei, a shocking look gradually emerged! Even more shocked a thousand times, ten thousand times than Ye Chen's killing of Mu Zhengting!

"Shenjizong... Then, isn't that, the first-class sect in the kingdom of God..."

Ye Chen, this is going against the sky! ! !

...

Ye Chen and Zhou Yuanxin set foot on the special flying boat of Shenjizong, planning to return to the kingdom of God.

Although he can tear the void, he can't tear the void of the kingdom of God.

Unless there are special circumstances, the flying boat is still needed.

And the flying boat of the Shenjizong is extremely fast and more suitable.

After he came to Lingwu Continent this time, he contacted Cang Ye with the Jade Talisman of Communication, and learned that Xuan Yuezong was all well, so he did not go back.

Although he also misses Xia Ruoxue, Sun Yi, Zi Ning, Fen Ying and other women, Cang Ye, Bai Zhentang and others, and Ye Lingtian!

However, he knew that if he really missed it, he should work harder, practice harder, and improve his strength!

Only after they have the strength to protect them can they truly reunite!

However, after he returned to the Kingdom of God, he went to Shen Xuanzong once. At this time, Yin Ming and Gu Lao had already temporarily moved into Shen Xuanzong.

Long Chen didn't break his promise, and took good care of Shen Xuanzong, and Shen Xuanzong also took this opportunity to develop rapidly!

Ye Chen passed this time and returned Gu Lao's dead thing to him, which is considered to have officially completed what Gu Lao explained!

Gu Lao was the heir of the former Divine Extreme Sect head anyway, if he could restore his cultivation, Ye Chen would naturally feel more at ease.

And just as Ye Chen rushed to Gu Lao Mountain Villa, an extremely rich aroma of wine suddenly came.

Zhou Yuan's new round face suddenly appeared intoxicated: "Brother Ye, such a strong fragrance! I am used to seeing good wine in Shenji Sect, and I have never smelled such a fragrance before!"

Ye Chen glanced at Zhou Yuanxin and said, "You can drink as you like, without asking me what I mean."

The two went directly to a mountain shop.

The mountain shop is very remote, quiet and empty.

Only an old man sat in a wicker chair and seemed to fall asleep.

The old man had a wine bowl on his face, his face was ruddy, and he was obviously drunk.

Zhou Yuanxin scratched his head and said to the old man: "Senior, how do you sell the wine here?"

I thought that the old man couldn't hear it, but he didn't expect that the old man said directly, "It's free, and those who are predestined can drink.

Zhou Yuanxin was taken aback, and then he didn't think much about it, he smiled, and directly found a place to sit down and drank it.

After counting the cups, Zhou Yuanxin fainted directly.

At this moment, Ye Chen showed a weird smile.

He stepped to the old man's side, took down the wine bowl that covered the old man's face, and said helplessly: "Yong Lao, which one are you?"

"Selling wine in the kingdom of God?"

This old man in a wicker chair is no one else but the eternal holy king!

Ye Chen felt that the aroma of the wine was very familiar from the beginning, and then he saw the old man's posture and he understood something!

The Eternal Saint King opened his eyes, stretched his waist, touched his beard, and pretended to be surprised: "Oh, isn't this Ye Chen? What a coincidence! Has this come to the kingdom of God to do business without money? "

Ye Chenbai glanced at the Eternal Saint King, then at Zhou Yuanxin: "Is my friend okay?"

The Eternal Saint King smiled: "It's just a strong drink, and the stamina is very strong, and even the strong can't bear it. His realm should be fine after sleeping for a while."

Ye Chen was relieved: "You don't need to act like this in order to find me."

The Eternal Saint King glanced at the dilapidated wooden house on the side, and his eyes motioned: "Smelly boy, God's Kingdom is full of the eyeliner of the Heavenly Dao Palace, you think the old man wants to come in with me."

...

Among the wooden houses.

What surprised Ye Chen was that this small wooden house was isolated by hundreds of formations.

And don't have a hole in the sky.

At the very center is a chess game.

Still an endgame.

Very eternal style.

Ye Chen hasn't figured it out yet, why Yong Lao always likes this way of playing?

The eternal holy king is already sitting on one side.

Ye Chen naturally sat opposite the Eternal Saint King.

Although Ye Chen now has the power to fight Zane's Third Layer of Heaven, he found that he couldn't see the Eternal Saint King before him.

The old man clearly broke through again.

And it's not just a small state.

After cutting E'er, isn't it difficult to break through a small realm?

But after another thought, Yong Lao had stayed at the peak of Tai Xu for too long, and he might have the strength to break through Zhan E ten thousand years ago.

The foundation is not what most people can imagine.

Yong Lao doesn't talk nonsense: "Boy, now do you control several reincarnation monuments?"

Ye Chen stunned and said solemnly: "Dust stele and wind stele have been completely activated, and the flame stele is considered refined, but it is a pity that the energy required by the flame stele is too strong, and I can't fully activate it, or even use the power inside."

"Also, the reincarnation mysterious stele and the spiritual stele in Zi Ning's body can also be considered as control."

"It's just that I can't take it out now He has learned the medical skills of the ancient medical gods, only to find that it is extremely difficult to take out the reincarnation mysterious tablet in Zi Ning's body. He can't be selfish enough to give up for the mysterious tablet. Zi Ning.

The eternal holy king nodded: "Ten reincarnation monuments, you currently have four."

"Not enough."

"It's not long since that day."

Ye Chen's eyes condensed, and he said curiously: "What day?"

The eternal holy king changed the subject and said: "There are some things I can't reveal too much."

"Next, on the one hand, you will improve your strength, and on the other hand, you will find the samsara monument as soon as possible.

"I know the whereabouts of some reincarnation monuments."

Ye Chen stood up and said excitedly: "Old Yong, do you know the rest?"

Chapter 2570: The whereabouts of the Samsara Xuanbei remains

The eternal holy king nodded: "This is not a secret, it's okay to reveal it to you."

"Many years ago, Palace Master Xuanyuan Moxie of the Heavenly Dao Palace got a reincarnation monument. He gave this reincarnation monument to a dragon."

"This profound stele is extremely tricky, you don't have the strength to compete against Xuanyuan Moxie at all."

"Fortunately, Heaven is destined to be unable to detect your existence, Xuanyuan Moxie can't kill you in a short time."

"But the blood-stained cause and effect formation hasn't been long since the formation. At that time, the forty-nine Zhan'er peak powerhouses will use your causal connection with your master to break through the shackles and come to slaying. That blow is also the chaotic powerhouse. It can't be stopped."

"My friend will find a way to delay the success of the causal blood staining array, but I don't know how long it can delay."

Ye Chen's eyes became extremely serious.

Forty-nine slashing powerhouses killed themselves with the sky-defying array method?

Heavenly Dao Palace is too much handwriting.

The strong chaos can't stop it, so how can I stop it?

As soon as Ye Chen wanted to say something, the Eternal Saint King interrupted: "The whereabouts of the second samsara mysterious stele, if I guessed it correctly, should be where it started."

Ye Chen was puzzled: "Where to start?"

The Eternal Saint King nodded, his turbid eyes suddenly sharpened.

"There is a monument of reincarnation in China."

In the next second, Ye Chen was stunned.

The Reincarnation Profound Monument is such a thing against the sky, is it actually in China?

how can that be!

The eternal holy king explained: "That piece of reincarnation profound monument is extremely special, it can even be said to be extremely cunning, possessing spirituality, fully capable of transforming into an ordinary person, and possibly into something, my strength, sweep the whole thing with my spiritual sense China, or even the earth, has not found it."

"Even the strong above the chaos can't detect it."

"The Reincarnation Profound Tablet is really a wonder in the world."

"However, my clone named Guo Haiyun in China already has a clue."

"You may have seen this magical shape of the samsara monument."

"But, not sure yet."

"Once you determine the location of the profound monument, you must leave immediately and head to Huaxia."

Ye Chen's expression was extremely strange.

Can the reincarnation monument turn into an adult?

And I have been exposed to it?

This is too incredible.

However, on second thoughts, the attributes of each reincarnation mysterious stele are extremely special, with amazing energy, and normal transfiguration.

It just so happened that he hadn't returned to Huaxia and Kunlun for a long time. If the Eternal Holy King got the news, he would leave.

"Ye Chen, the mysterious stele I set up in the Kingdom of God recently has changed a bit, indicating one thing, a reincarnation mysterious stele may come out."

"This may be the seventh piece coming out, you have to pay a little attention."

"Today, I am looking for you mainly for this matter."

"I can't talk to you too much, otherwise the people in the Heavenly Dao Palace will find you."

"Your companion should wake up soon, leave as soon as possible."

After speaking, the Eternal Saint King hurriedly walked outside.

Seeing that the eternal holy king was about to leave, Ye Chen thought of something and said: "By the way, how is Yan Kun?"

The eternal holy king stopped, hesitated for a few seconds, and said: "The Qiankun clan is worthy of being called the Protoss. Yankun's strength has grown incredibly. I'm doing my best to stimulate his potential and talent."

"If I'm right, you will see each other soon."

"It's just that there are not many places suitable for him in the Lingwu Continent and the Kingdom of God."

"If there is a need, I may send him to an extraterritorial trial. That is the real ancient battlefield. Only there can he release his true nature."

"gone."

Ye Chen came out of the wooden house and found that the Eternal Holy King had long since disappeared.

Zhou Yuanxin stood up swayingly and cursed: "This old man must be selling fake wine. Why do I get drunk when I drink it?"

"Huh? Where's the old man?"

"Damn, this old man took away even the fake wine! Damn!"

Zhou Yuanxin staggered to Ye Chen's side. Seeing Ye Chen's solemn look, he woke up most of the time: "Brother Ye, you won't be angry anymore, have I slept for a long time?"

Ye Chen shook his head: "Let's go."

"it is good."

...

at the same time.

The Kingdom of God, a land covered by ice and snow, from time to time you can see some ice monsters wandering around. In a cold canyon, an exquisite ice and snow palace is located!

Here is the first-class sect, where the Qihan Sect is.

In the ice palace, a man with white hair and a plain white robe, his complexion also pale, exuding a strong coldness, was sitting in a cold pool with his eyes slightly closed. This cold pool was extremely cold. Strange, the temperature here has reached hundreds of degrees below zero, but the liquid in this cold pool shows no signs of freezing!

Suddenly, the young man opened his eyes suddenly!

Two cold glows, like real ones, shot out from the eyes, with a strong aura, soaring into the sky. Originally, in an environment of hundreds of degrees below zero, there was no freezing cold pool, but it was actually under the influence of this young man's breath. Frozen into ice instantly!

After a while, the man took his breath and broke out of the ice, with a look of cold arrogance and excitement on his face!

He walked out of this ice palace. Outside the door, two beautiful and respectful women were waiting there, holding clothes.

Seeing the man coming out, they all laughed softly: "Congratulations, Young Master Han, you have broken through again!"

The young man smiled slightly, obviously in a good mood.

"By the way, hasn't anything major happened in the Kingdom of God recently?"

One of the women pondered for a moment, and then suddenly said, "Recently, a mysterious woman who also practices cold system techniques came out. This person has a terrifying cultivation level. There is no root in the kingdom of God, and every time she appears, it will be weird. To break through a small state."

"She's like...like carrying unparalleled training resources on her body."

"The subordinates have never seen such a breakthrough evildoer."

"Even the first-class sect cannot support such a person in the kingdom of God."

"The point is, every time this mysterious girl appears, a sect falls."

"Some people say this woman is here to avenge the kingdom of God."

The young man was slightly surprised: "What cultivation level was the last time this woman appeared?"

The woman didn't hesitate, and said: "Zhan'er Eighth Heaven."

Ok?

The young man was a little restless.

However, soon, a trace of relief flashed through his icy blue eyes.

This woman has nothing to do with him, there should be nothing to do with him.

He thought of something, and said to the two women: "Go, take out the plaque I prepared before, and then inform Mentor Wu and Mentor Zhou to let them go with me."

The two girls were taken aback for a moment and couldn't help asking: "Young Master Han, where are you going?"

The white-haired youth said with a cold smile: "Shen Jizong!"
