

## Urban 2631

### Chapter 2631: Windfall

Entering the magic cave, Ye Chen gradually felt something was wrong.

This is not kindly, he had to expose a lot of things this time when he had to cross the robbery.

Heavenly Dao Palace is stronger than he imagined.

Such a thunder robbery is so terrifying.

If faced with the blood-stained causal formation of forty-nine Zhan'er peak powerhouses, the consequences would be disastrous.

Now I have no confidence to fight against this level of power.

He must be strong as soon as possible.

Ye Chen leaned out and found that the scope of this poison cave was far beyond his imagination.

The space here is different, and the place where the poison stele appears in this world is really unusual.

"The poison cave is so big, where should I find Ji Lin?" Ye Chen wondered.

"No matter, the only clue is to find the poisonous monument. If Ji Lin is still alive, he will definitely find the monument! In addition, he should seek revenge from the people in the Tiandao Palace!"

Thinking of the two powerful dissipation of the six swords, Shenfeng Qingyang and Xiao Ling, Ye Chen mourned, and his painful eyes were red.

No longer hesitating, Ye Chen went to the position of the poison monument in the depths of the poison cave, Ye Chen returned to the reincarnation cemetery with a thought.

Only Cangu Medical God stood silently outside, waiting for Ye Chen's arrival specially.

Only the ancient medical \*\*\*\* Cang is outside the tombstone.

Seeing that Ye Chen's expression was wrong and his mood was low, Cangu Medical God naturally knew the reason.

A few words of comfort were said, but the effect was not great. Cangu Medical God suddenly said: "Boy, although Feng Qingyang and Xiao Ling have disappeared, it is not a good thing..."

Ye Chen's eyes condensed: "Old man, what do you mean..."

The ancient medical \*\*\*\* Cang stepped out and said, "Feng Qingyang has existed in the reincarnation cemetery for too long."

"Our divine mind is limited after all, so long is it not a pain, and after the divine mind dissipates, part of the divine mind will return to the body."

"He will bring good news to others."

"As for Xiao Ling, I didn't notice the tombstone at first."

"But during this time, I faintly perceive the connection between the tombstone and your pet beast."

"That pet beast is called Xiao Huang."

"In fact, in the reincarnation cemetery, the tombstone transmitted a lot of energy to Xiao Huang."

"Otherwise you think Xiao Huang can make such a big change."

"And Xiao Ling's complete dissipation is not to help you block the enemy, but to give Xiao Huang strength."

"Xiao Huang lives again because of him, changes because of him, and his disappearance is a reincarnation."

"Boy, have you forgotten your identity?" Canggu Medical God said.

Ye Chen was still confused, his mind turned.

Identity? Could it be...

That mysterious power that can compete with Heaven, Lord of Samsara?

"If one day, you can reach the realm of the Lord of Samsara, and let the heavenly path be overwhelmed by your hands, you will understand everything! But this day, I don't know how to come."

The ancient medical \*\*\*\* Cang went straight away after he said it. He was devoted to the alchemy technique, and it was hard to say today.

Ye Chen was stunned, Canggu Medical God's words made him fall into contemplation.

"Heaven? Reincarnation?"

Turning grief into strength, a belief called "becoming stronger" rekindled Ye Chen's fighting spirit.

Ye Chen looked around the tombstones in the cemetery, and after the solemn salute, his spiritual thoughts disappeared and returned to his body.

In the depths of the poison cave, the mountains are vertical and horizontal, and the evil spirit is boundless. The most shocking thing is that the turbulent river is dark red in color and \*\*\*\* waves are overwhelming.

This is... the river of blood!

This place is actually an ancient battlefield.

At this moment, the place that had been silent for a long time became a battlefield again.

Before the poison monument appeared, the fierce and cruel battle had begun.

...

Outside the poison cave.

Two figures stared at everything in the endless poisonous mist.

The two never did it.

As if looking at everything indifferently.

Even witnessed Ye Chen going through the tribulation.

"Ancestor, you are so optimistic about that kid, why don't you do it yet."

Qu Xueyong, the leader of the Qu family, stood behind a veiled girl and said nervously.

Ji Siqing shook his head: "I can't intervene yet. On the one hand, the strength is not recovered enough, on the other hand, this is what Ye Chen will experience."

Qu Xueyong, the leader of the Qu Family Patriarch, hesitated for a few seconds, and still said: "Ancestor, that Ye Chen is really the Lord of Reincarnation? This strength is too low..."

"In the legend, the Lord of Samsara can shatter the heavens with a single look...how could it be so miserable."

Ji Siqing glanced at Qu Xueyong, the ancestor of the Qu family, "If he is not the Lord of Heaven, why does Heaven pay such a price?"

"Fortunately, before the Ye Family's accident, the Heavenly Dao Palace was restricted in advance. Xuanyuan Moxie couldn't forcefully walk out of the Heavenly Dao Palace, that's Ye Chen's opportunity."

"If he doesn't face this matter squarely, Ye Chen will win this game of chess."

Qu Xueyong could only nod his head. Suddenly, he thought of something and said: "Old ancestor, are you really planning to let our Qu family be undercover?"

"If it is discovered, our composer will really be over."

Ji Siqing snorted coldly: "The Qu family starts from becoming a dog in the Heavenly Dao Palace, and it's over. Since you want me to admit you, then listen to me."

Qu Xueyong sighed: "Ancestor, I have given you the things of my destiny, and naturally I will listen to you."

"However, ancestor, when will you act?"

Ji Siqing stared into the depths of the poisonous fog without answering. Instead, he asked: "What happened to what I asked you to do before Ji Lin is okay."

"She is my sister and there must be no accident."

Qu Xueyong patted his chest and promised: "Ancestors don't worry, the Qu family's grand elder is staring, and there will be no accident."

"However, as a last resort, the Qu family won't do anything in this poison monument, otherwise Tiandao Palace will definitely find it."

Ji Siqing nodded with satisfaction: "Perhaps this time it is not only Ye Chen's chance, but also Ji Lin's chance."

"This girl... always doesn't play cards according to routine."

To say that the Poison Monument came out, the first two people to appear were the Qu Family Patriarch and Ji Siqing.

Ji Siqing also witnessed the whole process.

Even Ji Lin was taken away.

But she did not intervene, or even let the Qu Family Patriarch take action.

Because she knew that it was destined to happen.

If she interfered, it would break the balance of the advent of the poison monument.

The butterfly effect can make the whole thing out of control.

She chose to guard.

Hold the last line of defense.

...

This dim area of death was filled with even thicker poisonous gas, and countless terrifying and hideous poisons were hidden under the invisible poisonous fog, looking for prey that came to die.

As soon as some powerhouses at the peak of the Supreme Void Realm stepped into this area, they were swallowed up by the oncoming poisonous mist. It's hard to guard against.

"The poison monument should not be far from here."

Ye Chen galloped from a distance.

After entering the ancient battlefield, a desolate breath rushed towards him, and the scene before him seemed to be a phantom from many years ago, and it is real here, which is really strange.

As soon as Ye Chen entered this ancient battlefield, the ancient doctor \*\*\*\* Cang who was in the reincarnation cemetery opened his eyes, and his eyes seemed to be slightly suspicious.

"Boy, go southeast."

Chapter 2632: Turn on

"I found a windfall."

As Ye Chen was preparing to leave for the Poison Monument again, the words of Canggu Medical God made him stunned, and the southeast direction had already deviated from the area of the Poison Monument.

However, Ye Chen absolutely believed in Old Cang's words, he only slightly hesitated and hurried to the direction designated by Canggu Medical God.

Along the way, Ye Chen met no less than ten people who were vying for treasure hunting. They were all rare treasures in the world. Even the powerhouses of the Evil Slashing Realm were greedy. There were also some heroic spirits who guarded this place, who fell here in ancient times. People, millions of years after their death, have condensed into a strong person, although most of them are unaware.

Ye Chen also found something unusual. Along this path, it seemed that there were more and more people, and it was almost impossible to see the Void Realm. After arriving at the place, a black stone monument appeared at the end.

The stone stele was in a strange black color, and there were a few incomplete golden old characters on it, but it was slanted, and Ye Chen didn't understand a word.

In front of the stone tablet, hundreds of powerful people in the Evil Slashing realm surrounded here, all looking at the stone monument with impatient eyes, especially at the front, there were several powerful people in the middle and late stages of Evil Slashing realm.

"The ancient tomb is about to open!"

I don't know who yelled and looked at the stone tablet in the center. The golden ancient characters on the black stone tablet began to reverse, and a whirlpool seemed to gradually appear on the stone tablet.

Ye Chen also took this opportunity to fish in troubled waters, but it was clear that a group of people had already focused on him.

"Master, he has the mark of Tiandao Palace's pursuit and killing!"

A long-haired young man with an eagle nose said to the vice-master of the Tianjianmen who was looking at the ancient tomb eagerly beside him. The Tianjianmen has always been an affiliate of the Tiandao Palace. This time he came in response to the Tiandao Palace, and also in order to be able to stay in Find a chance here.

"Huh? A kid who is not too virtual?"

The Deputy Sect Master of Tianjianmen, who was initially startled by the words of the long-haired young man, turned his head, and found that he was just a wet boy, and couldn't help but sneer.

Immediately waved his hand: "You have to deal with it, you have to report such a small matter to me?"

...

"Boy, you are quite capable of entering here with the cultivation base of the Tai Void Realm, but to blame, you don't know what is good or bad, and dare to provoke the Heavenly Dao Palace?"

"If so, I can only send you to death!"

The long-haired young man came to Ye Chen's side, saw Ye Chen looking over alertly, and said with a sneer, but with a look of contempt.

"Who are you? Heavenly Dao Palace?"

Ye Chen frowned. This long-haired young man did have the breath of the Heavenly Dao Palace. He should be from the Heavenly Dao Palace, but when was he discovered?

After searching carefully, he found a small purple eye mark on the cuff. It seemed that it was left by the ancestor of the Tianmu, who was uneasy even after he died.

Ye Chen shook his head and shook his hand casually, and the mark instantly collapsed.

"I am the Alliance of the Heavenly Dao Palace, a true disciple of the Heavenly Sword Sect!"

"It turned out to be a dog in the Heavenly Dao Palace, who is it?" Ye Chen sneered.

The long-haired young man's nose was about to smoke, and his hand trembling pointed at Ye Chen, who had always been to the sect of the Heavenly Dao Palace, who was not proud of it, but did not expect that this servant would dare to insult him so!

"A dog is a dog, and it's useless to keep it."

Ye Chen's words undoubtedly angered the long-haired young man completely, and roared towards Ye Chen.

"Green Ape Palm!"

The palm of the long-haired young man suddenly became bigger, like a demon ape phantom. The heavy palm of his hand slashed towards Ye Chen. He was confident that his palm, even if he was a strong man in the early stage of Slashing Evil Realm, under his carelessness, Will fall.

Other people also came to see them one after another, all of them looked like a lively appearance. In their opinion, a strong person using a full blow against a Maotou boy in the Taixu realm was really shameless and not a level at all.

"It seems that this kid is going to suffer. Even if he barely has the means to withstand the poisonous mist, his strength is still too weak."

"Being able to enter the depths of this poisonous cave is really lucky."

No one will help Ye Chen. Instead, he holds the idea that there are many dead people and the chance of getting treasures is greater. On the contrary, it is the sect of Heavenly Sword Sect, which makes some people think carefully. Considering a not-so-small sect, the deputy sect lord of the sect is still a powerhouse in the late stage of Slashing Evil Realm.

If you can take the opportunity to lean on the tree, you can at least guarantee your own survival.

"The three-legged cat's kung fu dare to come out ashamed!"

Seeing the long-haired young man bursting in, Ye Chen sneered, and the attack with a strong fist in his palm had been brewed successfully. Pushing forward, it was like a ruin, and instantly blocked the young man's road. It was right. stand up.

Ye Chen's attack was simple and unpretentious, and the young man didn't care much at first, and even looked at Ye Chen with contempt, and made up his mind to torture the boy.

However, when he touched Ye Chen's fists, he was shocked to find that a majestic force surged, and an attack of this intensity was simply not something he could resist!

Facing this punch gave the youth the illusion of facing the strong in the late stage of Slashing Evil Realm. In a moment, his strongest palm was defeated, and Ye Chen's fist mark was even more direct. Hit his body.

"Master, save me!"

But before the words were spoken, the youth had been beaten up and down.

The Deputy Sect Master of Tianjianmen had an old face gloomy as water, and the killing intent in his eyes surged and shouted at Ye Chen: "Little beast, you are looking for death!"

"Dare to kill my apprentice, today I will strip your muscles and break your bones and blood, so that you will die!"

Bai Yan looked at Ye Chen with hatred. This apprentice was his Heavenly Sword Sect's future. He hoped to aspire to the Chaos Realm and let the Sky Sword Sect reach another height, but he died tragically.

The others were also surprised.

"This kid dared to kill the disciple of Thousand Swordsmen, it's really desperate!"

"He's going to be finished now, even if he can kill a talented disciple, it doesn't matter. You must know that this Bai Yan is a master of the Ninth Layer of Evil Realm!"

Every time the Zhan'er Realm rises one level, it is difficult to climb to the sky.

Although this poisonous fog will affect Bai Yan's strength, in their opinion, it is absolutely easy to kill Ye Chen. No one would think that a small area of too virtual realm can shake such a strong person. Of course, if they knew that the previous catastrophe was caused by Ye Chen, they probably wouldn't think so.

"Bonebreaking Sword!"

Bai Yan roared, and the long sword in his hand turned into a meteor. Encouraged by the spiritual power of his body, countless attacks towards Ye Chen killed him.

Those who were weak only saw the white light flying, but they didn't know the murderous intention contained in each white light.

Ye Chen smiled coldly, and the Qinglian Heaven-extinguishing Sword appeared in his hand, even when he used the Leihuangba Star Sword.

Just after experiencing thunder tribulation, a lot of thunder intent remained in the body and above the sword.

This blow is undoubtedly the most suitable.

"Lei Huangba Star Sword!"

Chapter 2633: Old man

The endless sword light flickered, the Qinglian Tiantian Sword exuded a bright light, the blood-colored sword light contained huge power, even the poisonous mist around the body was gathered here, forming a very powerful attack, and the pressure made Many Evil Slayers can't breathe.

"This is the Supreme Void Realm? I believe that it was the late stage of Zhan E!"

"It shouldn't be, is it that my foundation is too floating when I wait for the Supreme Void Realm?"

Many people can't figure it out. He is obviously a weak person in the too virtual realm, but his attacks are far above his own realm, which is really too suspicious.

"hateful!"

The attack was canceled, and Bai Yan was also shocked by the sky-shaking sword intent. A trace of blood spilled from the corner of his mouth. When he was about to use another method, the white light dissipated, but Ye Chen's figure was no longer there.

"That kid has entered the ancient tomb!"

Someone yelled, and a bunch of people looked around, only to find that Ye Chen took advantage of their stunned moments and just got into the tomb just opened. An angry Bai Yan slammed his chest and almost spit out another mouthful of blood.

Looking at the stupid group of people outside, Ye Chen smiled, and then entered inside with lightning speed, he could certainly kill this group of people.

But now he needs time most.

After all, Ji Lin is still in danger.

"Follow me! Whoever killed this kid, I will treat him as a guest of honor at the Heavenly Sword Sect!" He was given the title of honorary elder!" A group of people turned red when they heard this.

...

After entering the ancient tomb, Ye Chen did not hesitate, unfolded at full speed and flew in the direction pointed by the ancient medical \*\*\*\* Cang. It seemed to be in the deepest part of the ancient tomb. Hearing Master said, this thing is very extraordinary, he must To get it!

The tomb is surrounded by green smoke, and the visibility is extremely low. There is a faint cry of horror in the depths, which is shocking to hear. At the same time, a depressed atmosphere comes, making Ye Chen's face not very beautiful. Fortunately, It's easy to get rid of the chasing soldiers here.

His expectations for that thing are getting bigger and bigger.

Before long, a splendid ancient temple appeared in front of you. The golden hall appeared very abrupt in this gloomy ancient tomb, and on the high platform of the hall, an ancient Buddha statue appeared there.

"It seems to be a certain Buddha."

Looking closely, he was wearing an imposing robes. The huge Buddha statue seemed to be looking down at all living beings, but could not see the specific faces. It looked extremely majestic. When approaching some faintly, I could hear countless sounds of ancient scriptures chanting in my ears.

"Master said that the treasure was placed behind the Buddha. I am afraid it is not a good thing. Maybe the Buddha is suppressing some dangerous things here."

But even the phantom of Heaven has chased him down, so what is there to be afraid of? Thinking of this, Ye Chen approached inside.

When I entered the hall, I found that there were thousands of futons placed in front of the hall. When I sat on the futons, there seemed to be a sense of clarity that could speed up my practice. He took all of the good treasures, and didn't leave any.

As he approached the Buddha step by step, the murmur of the Buddha's mouth became louder and louder, like a big bell ringing in Ye Chen's ear, the sound was deafening.

"The Buddha was probably a strongest in his lifetime."

In admiration, Ye Chen came to the back without hesitation and saw under the Buddha statue, a suppressed profound needle appeared in Ye Chen's eyes, and Ye Chen's eyes suddenly lit up.

"This is the Evil Poison Sky Needle, a peerless poison needle formed after years of erosion by the Chaos Sky Poison!" The old voice of the ancient medical \*\*\*\* Cang sounded.

Ye Chen was puzzled and asked, "What is Chaos Sky Poison?"

"That is the poisonous mist that can make the chaos strong person die when touched, this evil poison sky needle is also mixed with other poisons, even if it is the middle chaos realm strong, it will die if touched!"

"It's a pity, there is only one."

"hiss!"

Ye Chen sucked in a cold breath, followed by ecstasy. Even the chaos realm strong can be killed. He really picked up a treasure. For a long time, I am afraid this poisonous needle will be his strongest means of life-saving.

"Then I will put it away quickly."

"No, wrap it up with the original power of the reincarnation cemetery before it can be stored." Cangu Medical God solemnly said.

...

When Ye Chen got these treasures and wanted to walk out of the hall, the people headed by Bai Yan chased up and blocked the way out.

"Good boy, I'm afraid you have scraped all the treasures in this hall?"

Bai Yan looked at the empty hall, obviously not believing that there was nothing here. When he said this, he immediately aroused the desire of a group of people, and looked at Ye Chen with enthusiasm.

"What if I don't say it?"

Ye Chen said lightly.

Bai Yan sneered: "You don't have to tell me. When I kill you, you can still get these things. Kill him, let's divide his treasures equally!"

Hearing these words, some of the Evil Slayers couldn't help it anymore, and they wanted to kill Ye Chen first.

"Boy, just behave and catch it!"

Unfortunately, their wishful thinking is well played.

"The Sword of the Six Paths! The Spirit Demon's Heaven-Player Sword!"

The Qinglian Tiantian Sword in his hand burst into light, and instantly killed the five powerful Slashing Evil Realm who flew over without a chance to resist, it turned into blue smoke.

"This....."

When the others saw this, they couldn't help retreating a little. They were not to blame. They had no grievances with Ye Chen. Killing him was only for the treasure, but no matter how important the treasure was, it had to be fate.

The strength that Ye Chen showed right now far exceeded their estimates.

"Humph!"

Bai Yan snorted coldly, obviously dissatisfied with this group of wastes. Even if it has some skill in the Taixue Realm, is it possible that it can turn the sky, just like this group of rice buckets still want to get treasures here?

However, Bai Yan still said: "This kid is no more than the Void Realm. His own foundation is there. Even if he can make such a powerful attack, he must have used some kind of secret technique. At this time, he is probably already poor!"

"that's right!"

With Bai Yan's lead, everyone suddenly felt that they would be afraid of a little too virtual realm.

A lot of people rushed up again, but these slashers, under the suppression of the poisonous mist, their cultivation bases were limited, and facing Ye Chen, it was really not enough.

Soon, those powerhouses in the late stage of Slashing Evil Realm also joined the battle, which made Ye Chen feel the pressure at this moment, and it would be absolutely unfavorable to continue like this.

"Boy, I'll help you!"

"Canggu Profound Golden Formation! Open it for me!"

The voice of Canggu Medical God resounded instantly.

As soon as the formation method came out, several Zhan'er strong men surrounding Ye Chen were instantly pierced and killed by the golden ancient needles. As the \*\*\*\* of medicine, the whole body's medical skills were at its peak, and the formation method was developed directly for the vital points of the human body. Yes, the power cannot be underestimated.

This was also the basis for the survival of Canggu Medical God back then.

The endless golden needle roars like a golden dragon!

Shake everyone!

Bai Yan was shocked and couldn't speak fluently: "This...this is the Canggu Profound Golden Array, the unique technique of the Canggu Medical God!"

Chapter 2634: Want to go, leave something

Bai Yan was fortunate enough to have seen the ancient medicine \*\*\*\* Cang's use of this formation in the engraving stone back then, easily beheading many powerful slashers. At this time, seeing the formation, he couldn't help but step back.

When other people heard the words Canggu Medical God, their eyes were even more surprised.

"But Senior Canggu Medical God?"

Someone shouted respectfully, obviously because he had been blessed by Canggu Sect or Canggu Medical God.

Ye Chen's eyes condensed, and he stepped out: "I still need my explanation?"

A group of people stepped back a few steps, looking at each other, is it possible that the \*\*\*\* of medicine who shook the kingdom of God was testing his own descendants? But didn't you hear that he was dead?

However, it seems that there is a breath locked in them, which makes them no longer have any doubts, and they are all respectfully bending over to apologize.

As the person with the highest medical skills in this kingdom of God, Cangu Medical God has reached a high prestige. If it weren't for him, I'm afraid that he would die. I don't know how many lives. There is a saying: "I would rather offend one sect than one. The genius doctor!" is the world's awe of the genius doctor.

Even if it was the Cangu Sect, everyone didn't dare to offend, even if they got the treasure, they would become the target of everyone in an instant, and they didn't know how to die.

In this way, under the watchful eyes of Bai Yan who dared to be angry and did not dare to speak, Ye Chen walked out the door slowly, and Ye Chen was sure that they would not dare to do it.

...

Ye Chen didn't know how Ji Lin was doing, and didn't dare to delay. After recovering some spiritual energy, he hurried to the poison monument, which was not far from here.

After encountering several waves of poisonous beasts along the way, Ye Chen quickly arrived near the poisonous monument.

Above the sky not far away, there is a blue-black stone stele hanging in the air. There is a purple word "poison" in the center of the stele. The purple poisonous mist is continuously spreading out, even those peaks of the Slashing Evil Realm. The strong do not dare to get too close.

"Is this the poison monument?"

Worthy of being the world's treasure, just this momentum is also very amazing.

This is also the first of many samsara monuments to come out on the initiative.

Ye Chen looked at the poison monument fiercely, and muttered: "If you get the poison monument, I am afraid you can quickly find Ji Lin within the domain of the poison monument."

In this way, he must have a poisonous monument. The area covered by poisonous fog is too large. I don't know how many tombs like before. Finding someone is no different from finding a needle in a haystack.

"A person from Tiandao Palace?"

From a distance, Xuanyuanhan directly took the poison monument as his own, and countless people underneath could only watch it dryly, and did not dare to oppose the people in Tiandao Palace.

Heavenly Dao Palace is really lingering, no matter where you are, you can see their figure, Ye Chen's face is gloomy, and his hatred for Heavenly Dao Palace deepens.

Xuanyuanhan felt Ye Chen's eyes and frowned.

Suddenly, his gaze shrank, and his cold killing intent shot at a figure!

It is Ye Chen!

"It seems that the elders of the Heavenly Dao Palace died at your hands. I didn't even go to you to settle the account, but you sent it to the door by yourself. I don't know if you should be smart or stupid?"

Xuanyuan Han had a sneer at the corner of his mouth, and the smile in his eyes contained endless murderous intent. His own strength was the pinnacle of Zhan E.

It can even use power close to chaos.

Even at the peak of Slashing Evil Realm, he dared to say that he was hard to meet an opponent, but now a little guy in Taixu Realm, even the one who has not grown up, is not to be afraid.

"Since you are here, let you come and go today!"

Boom!

Xuanyuanhan's spiritual power scrolled around, like a fish in the poisonous mist, without being affected by half, under the full eruption, a wave of air hit, and the pressure caused some of the Evil Slashing realm to directly kneel down.

"It's really too strong. Fortunately, I didn't make a provocation just now." Some of the strong people who were outside were sweating coldly, and were afraid to lift their heads at this moment.

"Boy, no matter what your status is, you killed the five ancestors of my Heavenly Dao Palace. It's time to send you to hell!"

With a flash in Xuanyuanhan's hand, a dark red poison bead appeared, and then threw it into the sky.

"The poisonous dragon is in trouble!"

As Xuanyuanhan's whole body of poison gas surged, he kept pouring into the poison bead, and then, the sky was dim and colorless, and a purple long dragon leaped down, holding the poison bead in the direction of Ye Chen. A thick poisonous mist was spit out, and some strong men who had no time to escape along the way were touched and killed.

The strength of Zhan'er Peak shocked many people, and they were certain that this brat who dared to challenge Heavenly Dao Palace would definitely die here.

"boom!"

The poisonous dragon roared at Ye Chen, and the huge dragon head was about to swallow Ye Chen into his mouth. When the time comes, it will become poisonous, and even the elixir will not be able to save it.

"Fight!"

Following Ye Chen's thoughts, the Qinglian Devil Sword appeared in his right hand, and his left hand clenched the Blood Demon Sword.

Many people were puzzled about what Ye Chen wanted to do, but after a while, they took a breath of air. This guy used both hands to perform powerful martial arts at the same time.

"Lei Huangba Star Sword!"

"Six sword gods three swords into one!"

Ye Chen knew very well that he could not release Feng Qingyang's ultimate sword, but he could still do the three swords into one!

Two almost completely different sword intents occupied Ye Chen's left and right, and the howling sword intent was about to tear him in half. The meaning of martial arts seemed to break the meaning of martial arts of the kingdom of God!

Go straight to the upper bound!

"open!"

Ye Chen's eyes were bloodshot, and there was blood on the corner of his mouth, but he still smiled.

"go with!"

Buzzing!

The sword intent raging in the air seemed to be damaging everyone's bodies all the time, the ears hummed, and the power was terrifying, no less than Xuanyuanhan's poisonous dragon attack.

boom!

The attack touched in the sky, and the white and purple formed a bright light in the sky. However, in the end, it seemed that the poisonous dragon had the upper hand, and only a little remaining force impacted and formed a large pit with a radius of 1,000 meters. The depth of the pit was not bottomed.

Xuanyuanhan couldn't help but pay attention to it, what kind of martial arts charm is this!

Very strong!

And release two meanings of martial arts at the same time?

He thinks that it is still a little absurd, a warrior in the Taixu realm can actually issue a blow that is no weaker than the powerhouse of Zhan'er Peak. What if the two are of the same realm?

There is no doubt that he has no chance of winning.

And just now his power also contained the meaning of heaven!

Who can resist the addition of heavenly power!

This is the foundation of Tiandao Palace!

"Heh, is it dead?"

But in the end, the successor to the Lord of Reincarnation died in his own hands, and even the rest of the people who watched the battle from afar shook their heads. After receiving such a blow, they would definitely not die again.

But just as Xuanyuanhan was about to leave, a voice came from the ruins.

"If you want to go, then leave the poison monument."

Chapter 2635: Dare to move my family to force the king?

In the bottomless pit, a figure slowly flew out of it, all in tatters, but could not stop the violent killing intent on his face.

Extremely hideous.

At this time, the power surging in his body was the power of the Kuangwu Overlord!

"You are not dead?"

"You really deserve to be the inheritor of the Lord of Reincarnation, no wonder you hide from the chase and kill of the phantom of the heavens, you have some ability."

Xuanyuanhan was slightly surprised. The other party was obviously unable to resist it. He didn't expect that there were other methods, which really surprised him.

Above the pit, Ye Chen appeared with an overlord halberd in his hand. The halberd glowed with a rustle, and the golden light dissipated the poisonous mist. Ye Chen didn't know when he was covered with a layer of golden armor. The tall and straight posture in the air, at first glance turned out to be like a peerless God of War!

Crazy Overlord rarely uses weapons, but once used, it must be a very powerful blow!

A ray of light tore through the sky, greeted the sky with Xiaoxiao, and then killed Xuanyuanhan with an unparalleled dominance.

Although Xuanyuanhan didn't know why, but seeing Ye Chen's aura suddenly became stronger, he didn't dare to take it carelessly. The poison pearl in his hand appeared again, and he was ready to repeat the trick.

However, the "Poison Dragon Troubled World", which was clearly stronger than the previous time, was torn apart by Ye Chen's blow this time.

Controlling the poisonous mist, Xuanyuanhan and Ye Chen fought together, facing this endless trump card Taixu martial artist, he dare not care at all.

The attacks of the two erupted in the sky with bursts of thunder and lightning crashing. Many people did not dare to get too close, and evacuated backwards. Some even left this place of right and wrong, unwilling to get here. Wading in the muddy water.

The power of the Kuangwu Overlord is indeed domineering and arrogant, and the meaning of martial arts is extremely strong, and it can even be said that it can break ten thousand laws with one force, but today Ye Chen has used the power of the reincarnation cemetery too many times.

If ordinary people bear the mighty power, it would have long since turned into blood mist.

Only Ye Chen's immortal divine body could barely persist.

But there are limits too!

"Boy, your dantian spiritual power is no longer enough."

"I can only support me using one trick at the moment."

"I'm not sure if it's enough."

"This weapon is not suitable for me, but it is difficult to fight."

"Shocking the ancients and breaking the sky!"

The halberd began to absorb the endless force of nature, and even the poisonous fog around it was not spared. Under this suction, the light on the overlord halberd became more and more prosperous, and the space seemed to be faintly fluctuated. The circle pattern made a slight clicking sound.

Xuanyuanhan was shocked, no longer his previous arrogance: "How is this possible!"

How could it be possible for Taixu Realm to issue such a powerful blow? This is simply impossible, but no matter how much he doesn't believe it, the facts are right in front of him.

Xuanyuanhan no longer had any scruples, holding the poison bead, a purple light burst out of his hand, trying to interrupt Ye Chen's blow with a punch.

Ye Chen's eyes were red, and an unparalleled killing intent burst out. The light on the overlord's halberd condensed into an overlord's halberd phantom that was dozens of times larger, and it was cut to Xuanyuanhan first.

Locked by this breath, Xuanyuanhan gritted his teeth, threw the poison bead forward, gritted his teeth and shouted: "Xuanyuan origin, poisonous dragon sky burst! Everything, open!"

Above the sky, the battle that broke out really made people in the distance dumbfounded. Is this the peak of the Evil Slashing Realm vs. the Supreme Void Realm?

Many people who don't want to miss a duel of the strong are almost deaf by the shockwaves, but they still stare at the sky without blinking. This battle is really exciting.

When all the dust settled, everyone saw a figure half-kneeling on the ground, holding a halberd in his hand, and in the sky, there was also a distressed figure, but the situation was much better.

Naturally, it was Ye Chen on the ground. After playing the strongest blow, he was already unable to fight anymore, and his spiritual power was hollowed out, and there was not much energy left.

"Boy, I admit that you are very strong, but it's just that!"

The corner of Xuanyuanhan's eyes throbbed, and the explosion of the Poison Pearl made him feel distressed, and he suffered a lot of injuries, but it was undoubtedly much better than Ye Chen.

Thanks to the body armor Xuanyuan Moxie gave him.

That body protector is a unique weapon!

A trace of blood overflowed from the corner of Xuanyuanhan's mouth, but still resisting the urging of the spiritual power in the body, a large wave of poisonous gas was mobilized and rushed towards Ye Chen continuously. At this moment, he regarded Ye Chen as a great enemy.

"Is there really no way..."

Ye Chen's gaze was locked into the reincarnation cemetery. Above the cemetery, a black poisonous needle was wrapped in the power of reincarnation, suspended there quietly, and as long as his mind moved, this poisonous needle could be used for him. , Kill Xuanyuan Han.

But Ye Chen thought it was too wasteful and not worthy for the Evil Poison Sky Needle that could kill the Chaos Realm powerhouse and used it to deal with him, but there was really no other way right now.

"It doesn't matter just use it, the old one won't go, the new one won't come!"

Ye Chen's face was fierce, and when he was about to launch an attack, the ground began to rumbling noises, as if a major earthquake had occurred.

But when Ye Chen was about to launch the Tiansha Poison Needle, a pure poison gas blocked Ye Chen's front first, counteracting Xuanyuanhan's attack.

"Smelly old man, dare to move my house, Ye Bianwang, I want you to go to hell!"

An ethereal and crisp voice came, and Ye Chen's body was startled!

This is Ji Lin!

When he turned his head abruptly, he happened to see a little girl in a purple dress sitting on a giant beast, staring at Xuanyuan Han with stern eyes.

Behind him, thousands of poisonous beasts roared to the sky and roared at Xuanyuanhan. The strength of the poisonous beasts here is not weak, at least they are at the peak of the Supreme Void Realm, and there are even peaks of Zhan'e. Not to mention that their strength will be further improved in this poisonous mist!

With such a large number of them, even if they are the strong chaos, they have to retreat.

Ji Lin looked at Ye Chen's supporting figure on the ground, and looked at him tenderly. Then there was endless anger. A soaring might radiated from Ji Lin's body. The ground within ten miles was even more intense. After being wiped out by this boundless poisonous intent, there was nothing left, and a hemispherical deep pit appeared under Ji Lin.

"This is... Innate Poison Body!"

Xuanyuanhan was shocked. The refining of poisons naturally divided up and down, and those with innate poison bodies would naturally have to overwhelm those acquired poison bodies. Xuanyuanhan couldn't help but give birth to something that wanted to surrender. Mind, but as soon as he appeared, he was dispelled.

What's a joke, how can he surrender to a little girl as an elder of the Heavenly Dao Palace?

"Little girl, as long as you worship me as a teacher, I don't need to kill you."

Chapter 2636: Meet

Even if the opponent is a congenital poison, but it seems that the cultivation base is not high at all, it is not to be afraid!

If it is used by Heavenly Dao Palace, this person will definitely become his strongest puppet!

Ji Lin smiled slightly and ate a bite of the fruit, revealing a mouthful of white teeth: "Worship you as a teacher? It's not impossible, you raise your head and bow down, and then call me grandma, I... I just barely agree to you."

"how is it?"

As soon as he said this, Xuanyuanhan's killing intent surged.

"Little girl, don't be too arrogant, otherwise even if you are a congenital poison, the old man can't kill it!"

Ji Lin was too lazy to talk to him, throwing a fruit in his hand, and loudly said: "A cloud-piercing arrow, thousands of horses will meet you! Crush!"

Ye Chen: "..."

Xuanyuan Han: "..."

In an instant, thousands of poisonous beasts moved violently!

The ground shakes! It's like a stormy sea swept across!

Even the endless poisonous mist surged towards Xuanyuanhan.

"Damn it, if you want to die like this, the old man will fulfill you!" Xuanyuan Han was also so angry that he almost lost his mind!

Ji Lin is indeed no match for Xuanyuanhan, but she is not ready to go heads-up. There are thousands of poisonous beasts also attacking Xuanyuanhan at the same time. As the saying goes, "double fists are harder than four hands." Even if there are more ants, she can't. The elephant is overwhelmed.

Soon, Xuanyuan Han's whole body was covered with scars, and the ubiquitous attacks made him exhausted to cope, and the consumption of spiritual power in his body was very fast, almost almost bottoming out.

"If you don't know what is good or bad, let's go to death together!"

The overwhelming poisonous beasts completely surrounded Xuanyuanhan, and even if he wanted to run at this moment, it was too late. He wanted to die together!

Blew!

Boom boom boom!

Countless poisonous gas burrowed out of his body, and instantly filled all areas within a hundred meters radius, forming a black and violent air wave, and Xuanyuan Han's face appeared crazy in the middle of the air wave.

By slaying an innate poison body and the Lord of Reincarnation, it is considered that Xuanyuan Moxie's mission has been successfully completed.

Seeing the violent storm is about to rush to Ye Chen and Ji Lin.

That self-destructive force has disappeared!

An old man with a fairy wind and bones suddenly appeared, his arm shook!

Xuanyuanhan's eyes widened!

Just because this old man is not someone else!

It is the person from Tiandao Palace!

And he is also the Supreme Elder of the Divine Kingdom Song Family!

how is this possible!

The old man grabbed Ye Chen and Ji Lin and dissipated in the world!

"go!"

In an instant, the endless wave of air instantly razed the entire poison cave to the ground.

...

At this time, Xuanyuan Moxie, who was far away in the Heavenly Dao Palace, was pacing back and forth in the main hall, but he didn't expect that a clicking sound came from his hand.

His body was startled, but saw that the jade plate with Xuanyuan Han's life engraved in his hand was shattered.

Even turned into powder.

An endless anger swallowed Xuanyuan Moxie

"Who is it, who on earth killed him!"

In the Heavenly Path Palace, countless people trembled, afraid to make a noise.

"No matter who it is, I want him to pay for my life!"

...

A hundred miles outside the poison cave.

The elder Qu family placed Ye Chen and Ji Lin gently on the ground.

Say nothing.

Leave a back, and prepare to leave.

Ye Chen stood up and hurriedly said: "Senior stayed aside, I don't know how to call it, today's grace, I am Ye Chen..."

Before he finished speaking, the old man said indifferently: "I am only entrusted by others."

"No thanks."

In the next second, the old man disappeared between heaven and earth.

Ye Chen is a bit solemn, the opponent is obviously a chaotic powerhouse, and the aura on his body is not Divine Extreme Sect.

Why save him?

Entrusted by others?

Who has the ability to send such a strong person?

At this moment, Ji Lin's eyes were a little red, because she felt something.

She was very familiar with the smell of her sister.

Her sister is nearby.

She went from Kunlun Xu to Lingwu Continent, and then to the Kingdom of God, just looking for her sister!

At this moment, she was sure that her sister was watching her nearby!

Look from afar!

This mysterious old man must have something to do with his sister!

But why didn't sister come out!

Ji Lin glanced at Ye Chen, with a faint guess, she hesitated for a few seconds, and said: "Ye Chen, you first return to the Divine Supreme Sect."

"I still have something to deal with."

"Can you give me the poison monument first, I'm useful."

Ye Chen's eyes were solemn: "No! I am responsible for your safety."

However, Ji Lin shook his head fiercely: "Ye Chen, you are very annoying, someone wants to see me, she is very important to me."

"You return to the Divine Supreme Sect first, and I will come to you in a few days."

"Not more than ten days."

"Lend me the poison monument for ten days."

"please."

"Ye Biwang...you are the best!"

Ji Lin played both soft and hard.

Ye Chen glanced around and found something, presumably the old man was connected with the person in the dark.

If that person wanted to attack them, he would have done it long ago.

Ye Chen finally nodded, leaving a piece of jade charm, and turned and left.

"If there are any special circumstances, break this jade talisman and I will be there immediately."

"understood."

Ji Lin gave Ye Chen a white glance.

After Ye Chen left completely, Ji Lin showed a smile, and his body trembled: "Sister, can you come out now?"

One second.

Two seconds.

Three seconds.

A girl with a veil appeared. The next second, Ji Lin rushed into the girl's arms.

Ji Siqing touched Ji Lin's head: "How did you find me?"

Ji Lin hugged Ji Siqing's waist fiercely, buried his entire head on Ji Siqing's chest, crying, "Sister, the smell of you."

Ji Siqing smiled knowingly: "Go, you must be hungry, my sister will take you to eat delicious food."

Ji Lin's tears stopped instantly, and his tears broke into a smile: "Sister, I want to eat you, I can eat now."

"I must have developed."

"Let's see if I am growing longer."

"I measure every day. After so long, I've grown six centimeters taller."

...

At the same time, in a wing room of the Shenxuanzong, an extremely skinny old man suddenly opened his eyes, his breath continued to condense, his cultivation base rose wildly, and an extremely powerful pressure instantly enveloped the whole Shen Xuanzong!

Everyone in the Shenxuanzong changed their expressions and looked in the direction of the pressure in shock!

Isn't there the courtyard where Gu Lao lived?

Before the Divine Light Ceremony, Ye Chen returned the Gu Lao things to Gu Lao.

And set up a large formation in Shen Xuanzong.

In this way, Gu Lao and others can be relatively safe.

Xu Mengqiu and the others appeared outside the wing room for a moment.

And that coercion also instantly converged.

The next moment, the door of the wing opened.

A middle-aged man who looked quite handsome, vigorous, full of flesh and blood, and even faintly exuding strong vitality, walked out of the room.

Everyone looked at the middle-aged man in disbelief, and stammered: "Bone, old bone? Are you old bone?"

The man in front of him had a breakthrough in his cultivation!

Moreover, he directly broke through to the eighth layer of Zhan E!

Even surpassed the old cultivation base.

Chapter 2637: Jiang You!

The middle-aged man smiled slightly and said: "Sorry, I disturbed you all. I am Gu Lao, my real name is Zuo Tiancheng."

This middle-aged man is the bone-old man who has recovered his cultivation!

The surrogate left by him in the gods and demon pools is basically equivalent to his clone, and this clone is immersed in the gods and devil pools for tens of thousands of years. How terrifying is the energy contained in it?

Gu Lao, after fusion and refinement of this clone, not only his injuries were completely recovered, but he also directly recovered his previous cultivation base! Even higher part!

And as long as he is given enough time, he can even break through the chaos realm as quickly as possible!

This is the benefit of the God and Demon Pool!

Xu Mengqiu and others, naturally it is a wave of congratulations!

But at this moment, a gloomy laughter suddenly sounded in the Shen Xuanzong!

Everyone changed their expressions!

The original bone is old, and now Zuo Tiancheng's pupils shrink crazily!

How did this laughter make him so familiar?

Could it be... it was him! ?

Even if the bone-old, who is now soaring in strength, thinks of that person back then, his face can't help but change wildly!

In the eyes, there was a deep color of fear!

The reason why he remained incognito after Ye Chen's rise was that he didn't want to be found by that person! Even if it is only a little bit possible! He doesn't want it either! I don't want it, because I am implicated in Ye Chen!

Many people simply cannot understand Gu Lao's thoughts.

Why do you still hide? Wasn't Ye Chen already an evil genius in the Kingdom of God, and Shenjizong was also famous in the Shengguang ceremony?

Without Ye Chen's half-year appointment, Shenjizong's potential is amazing!

Who else can move the bones?

Gu Lao, what are you afraid of?

Only he knows himself!

The Kingdom of God is a very, very ancient space. As early as the last session, the town \*\*\*\* tower and \*\*\*\* pillar were lowered to cultivate talents here and become a battlefield against the demons. Many primitive and terrifying creatures lived here. , Including some demon clan who came here a long time ago!

The demons on this day are different from the demons on the Lingwu continent.

The demons of the Lingwu Continent are just human beings who practice magic skills.

And the Demon Race of God Kingdom is the embodiment of true evil! Inhuman!

Although the Human Race is fighting against the Celestial Demon Race in the Kingdom of God to resist the invasion of the Celestial Demon Race, but really speaking, it is the Celestial Demon Race who came to the Kingdom of God first.

And if Gu Lao didn't guess wrong, that year, the younger brother who had conspired against him had become a believer of the sealed ancient demon!

And that person is Jiang You!

If it is really Jiang You, even Ye Chen is probably not his opponent!

After all, in the legend, those believers who existed in ancient times were all incomparably against the sky!

Gu Lao burst into the sky with the breath of the eighth layer of heaven, and shouted, "Who is it! Get out of me!"

"What? Zuo Tiancheng, don't you remember me?"

In the darkness, a figure emerged, his pale complexion, at this time, it looked like it was extremely permeating!

Seeing that familiar face, Gu Lao trembled all over, and couldn't help but step back for a while, and said with fear in his voice: "Jiang You! It's really you!"

Xu Mengqiu and the others were shocked to see the look of Gu Lao!

The bones nowadays are not the half-dead old guy who used to be!

But the real strong!

Its strength can crush Long Chen, the young master of the third-class sect!

But at this time, he was actually afraid?

In front of them, this weird young man who could not see his strength was really so terrifying?

Everyone looked at each other and couldn't help but swallowed.

"Hehe." Jiang You smiled slightly, "It seems that you haven't forgotten me yet? Huh? Unexpectedly, not only did you not die back then, but now you are still recovering your cultivation base?"

He shook his head somewhat dissatisfiedly and said: "It seems that I still underestimate you. At that time, you should be killed directly, and you should not be 'played' for so long."

Old Gu was shuddering when he heard the words, and the fear in his eyes was about to materialize! Originally, the memory that had been sealed in the deepest part of my heart was actually awakened again!

Back then, the reason why he was able to survive was that he had a second hand, a substitute for death!

The most important thing is that Jiang You gave him a chance!

How did you give him a chance?

Jiang You is born evil, his only interest is torturing people and enjoying the pain of others!

After defeating Gu Lao, he did not directly kill Gu Lao, but tortured Gu Lao for three days and nights before giving Gu Lao a chance to escape!

"But..."

Jiang You's smile was filled with evil ways: "It's a good thing that you are alive."

He licked his lips and said, "Torture you, but it makes me very refreshing. It's exciting to be able to experience that taste again. Tsk tsk, think about it!"

"It took me a lot of money to extract your information from that day's cabinet."

"Shut up for me!" Gu Lao shouted hysterically, his fear had almost overwhelmed his heart, facing Jiang You, he recklessly shot!

With a move of his hands, Gu Lao grabbed two short swords, and the spiritual power of Zhan Er's peak revolved like a violent wind, and the sword intent was violent, and the two swords were cut out!

"Yin and Yang divide the sky sword!"

One black and one white, two sword lights, shining each other, strangling away at Jiang You!

The void trembled and shattered continuously, and the ground of Shen Xuanzong was torn apart, and two bottomless gullies appeared! Even the entire flower city, under the blow of Old Gu, trembled slightly, countless martial artists looked in the direction of Shen Xuanzong, and there came a sword aura that made them extremely palpitating!

However, in the face of such a terrifying sword, Jiang You's complexion did not change at all, instead, he said lightly: "Okay, I like your desperate character. In this case, let's play a game."

As soon as the voice fell, Jiang You's figure disappeared instantly, and he easily avoided the sword!

The sword light was raging, bombarding the Divine Xuanzong, countless buildings collapsed, dust and smoke were four volumes, and an extremely large hole appeared on the ground!

In the smoke and dust, a figure suddenly appeared behind Shen Xuanzong alone!

The man's complexion changed, and he didn't even have time to react, and a hand penetrated his body!

"Ahhhhh!!!" The man let out a scream, echoing in the night sky.

Gu Lao's pupils shrank and he shouted angrily: "Stop! It's none of his business!"

Jiang You slowly withdrew his hand, holding a kidney in his hand!

He actually dug out one of the opponent's kidneys directly!

The eyes of Xu Mengqiu and others trembled, and they all showed horror...

Jiang You smiled and said: "Stop it? Yes, if you can touch me before I finish playing with these three toys, I will let them go, or even let you go, how about?"

He said, before Gu Lao could answer, he laughed wildly, crushed the kidney with his hand, and waved his arm, actually tearing off one of the opponent's thighs strangely!

Chapter 2638: 1 point cold light!

"Damn!!!" The old man yelled, fit his body and cut with both swords!

And Jiang You, clutching the other party, flickered.

In the dark night, there was only a stern scream, and Jiang You's crazy and evil laughter continued to echo...

Half an hour later, the bone old man fell to the ground like ashes, with despair in his eyes! Two daggers fell beside him, and there were countless broken limbs scattered around him!

Not only the corpses of Shen Yong, Xu Mengqiu and others, but also the corpses of the disciples of the gods Xuanzong!

Jiang You actually directly slaughtered Shen Xuanzong and the whole sect!

Fortunately, Yin Ming and Lin Yaqin went to Shenjizong, but the results would be disastrous.

Jiang You looked at Gu Lao's appearance with a smile on his face and enjoyed it very much. This despair was what he wanted to see.

Now, it's time for dinner.

...

Ye Chen, who came out of the poison cave and returned to the Divine Extreme Sect, has completely recovered, and even gained a lot this time.

He plans to retreat for ten days.

If Ji Lin hasn't contacted himself, he will look for it himself.

He moved his hands and feet in the jade talisman, and he could find Ji Lin's position the fastest.

Suddenly, his expression changed and he came to the attic.

Zhou Yuanxin ran over anxiously.

"Yuanxin, what's the matter?" Ye Chen frowned slightly.

"Brother Ye! You, go to the hall, something big happened!"

Ye Chen's figure flashed before he came into the hall.

Yu Zhenzi and others are all here, while Lin Yaqin and Yin Ming are lying in the hall, having passed out in a coma.

"Master!"

Ye Chen looked at the two women, her pupils contracted: "What's the matter?"

Yu Zhenzi sighed: "Ye Chen...this matter, you should be mentally prepared first, don't worry.

That... Shen Xuanzong was annihilated, Gu Lao was taken away, Yaqin and Yin Ming almost lost their minds after learning the news, I knocked them out first. "

"What!" Shenxuanzong is now under the protection of Shenjizong, and the current Shenjizong is not the bottom first-class sect, but an existence that cannot be ignored in the first-class sect!

There are still people who dare to attack Shenjizong?

Moreover, according to his estimation, the old bones should have been restored, right?

Was taken away so easily?

This matter looks very strange!

Yuzhenzi said with a gloomy face: "This person can't be the revenge of the first-class sect. At first, I suspected Bai Yuhuang in Zhenlong Hall, which you had a half-year appointment with, but Bai Yuhuang was closed after the Shenguang ceremony. Impossible to shoot.

More importantly, this method is not like Bai Yuhuang did.

According to the current investigation... it is likely to come from the hidden forces of the Kingdom of God! The strength is even more terrifying than that cloud invisible clone! "

"Hidden power?"

"Legend, in the most dangerous places of the kingdom of God and those inaccessible forbidden places, there are many extremely ancient existences, and even some powerful people who are trapped in a seal or asleep! These ancient existences, any of them, are capable Destroy the current kingdom of God in an instant, and it will exist like a \*\*\*\* or a monster!"

Ye Chen's eyes flickered. It seems that there are many things in the kingdom of God that he doesn't know. Moreover, he faintly feels that this person is related to the devil soul that he swallowed!

At this moment, at the gate of Shenjizong, there were bursts of exclamations suddenly! At the same time, the entire sect was shaken!

Ye Chen's pupils shrank, his figure flashed, and he appeared outside the mountain gate!

Outside the mountain gate, a figure was frantically bombarding the protective body with bare hands!

In an instant, the mountain guarding formation of this class of sect was bombarded out of a hollow!

A young man fell at the gate of the mountain!

At the same time, he also threw a black shadow on the ground.

There was a dull noise.

Everyone looked intently at the black shadow, and many of them had their expressions drastically changed, although almost every one of the disciples of Shenjizong had a lot of blood on their hands!

Not some flowers in a greenhouse!

But when I saw the thing on the ground, I couldn't help it, and I felt sick!

Well, it was a person!

A tortured figure that is almost impossible to distinguish!

What is even more offensive is that this \*\*\*\* human figure is still alive!

It is hard to imagine what kind of pain he endured!

Ye Chen's eyes flashed with killing intent!

He could see that this human figure is old-fashioned!

Jiang You glanced over Shenjizong, smiled slightly and said: "Here, it is really nostalgic."

Soon, he saw Ye Chen standing in front of him. In his eyes, a dim light flashed, and he smiled: "You, you are Ye Chen who is now called the number one evildoer by the Kingdom of God, right? I... Jiang You."

This Jiang You, at this time, looked so calm and calm, as if he were usually visiting!

In Ye Chen's eyes, a wicked light flickered slightly. He flipped his wrist and held the Qinglian Heaven Slayer Sword. He also smiled faintly: "Oh? Are you looking for me?"

"Yes." Jiang You seemed very happy. He could complete the task so quickly.

After that, wouldn't he have time to play in the kingdom of God?

Haha, why don't you slaughter the first-class sect of the Kingdom of God first?

"Since you are here to find me, why do you want to attack Shen Xuanzong?"

"Huh?" Jiang You looked at Ye Chen strangely: "You trampled a bunch of ants to death do you need a special reason?"

"Oh." The smile on Ye Chen's face became more intense, and the killing intent ignited, "Then you go to die, I think you are very upset."

Jiang You may indeed be very weird and against the sky, but Ye Chen really looked down on this kind of person!

The real strong will only be interested in challenging the strong and climbing higher mountains, instead of slaughtering the weak!

This kind of person, no matter how strong, is nothing but an ant existence in Ye Chen's eyes!

Jiang You was stunned, but some reaction came...

Ye Chen, what do you mean?

He meant that in his eyes, he was no different from those ants?

Jiang You suddenly laughed wildly.

Hahahahaha...

How many years has it been?

How many years have you heard such a mockery?

How much he misses, how much he misses those people who will mock him, after tormenting frantically, when looking at their desperate faces begging for mercy, the pleasure surging!

At this moment, Ye Chen made a move!

"It just happens that the meaning of martial arts is felt in the poison cave!"

"Ling Xiao Wuyi, Tushen breaks the sky!"

The violent power rushes in the blood, the strong meaning of true martial arts, flows above the sword's edge, cut out with a single sword, and the terrifying sword light seems to be able to break the galaxy, and put those above the sky, looking down The mortal gods, cut down the altar!

Endless power is condensed in the sword light, and this sword light is compressed to the extreme by the power of the weird forbidden spirit!

Become a little bit cold!

One point, it can wipe out everything!

When Ye Chen shot, he was full!

Because he could see that Jiang You is very strong!

Even stronger than those guys in the Heavenly Dao Palace in the poison cave!

It was the most terrifying existence he had ever seen!

Chapter 2639: Trust me!

Originally, Jiang You, who was still laughing wildly and still immersed in his own fantasy, suddenly smiled stiffly!

With deep eyes, looking at the cold light that flashed towards him, there was a flash of fear!

This cold light actually gave him a dangerous feeling!

In Jiang You's hand, suddenly there was a weird and devilish long sword!

Ye Chen stared at that long sword, his eyes sank!

This long sword is so powerful!

Even far beyond the Blood Demon Sword!

"Devil soul swallows Yuanjian!"

Cut out with a single sword, like thousands of demons, whistling in the sky, above this sacred mountain, it turned into an infernal purgatory where demons are rampant!

The world trembles for it!

Above the sacred mountain, that huge pillar of sacred pillars, in the power of this sword, appeared to make their debut!

The martial law of the Kingdom of God, amidst the attacks from both sides, constantly exudes an aura of destruction, and the disciples of the Shenji Sect are all chilling!

This, this continues, I am afraid, it will cause a backlash in the martial arts!

If there is a warrior who is too powerful, it will be possible to attack the law of martial arts, then the world will counterattack it!

This is also the reason why some strong people in the upper realm rarely come here, even if they do, they can't use their full strength.

In the next moment, the ten thousand demon souls turned into gloomy sword aura and collided with the cold star that Ye Chen had cut out!

There was a bang, a loud noise!

The ten thousand demon soul sword auras died away, but Ye Chen's sword light also disappeared!

And the aftermath of the two fights directly annihilated the void of one party.

Jiang You's complexion changed wildly, and he took a few steps back, but he was directly blasted out of the gate of Shenjizong by Ye Chen's sword!

Even blood surged, and a trace of blood overflowed from the corner of his mouth!

He looked at Ye Chen in disbelief, not knowing what happened just now!

I was suppressed! ?

Also, was injured?

What blood of this kid!

He even felt the horror of the bloodline just a moment ago.

That is suppression from the depths of the bloodline.

It seems that the bloodline for the Celestial Demon Race is only the \*\*\*\* in the sky.

He looked at the hand that he was holding the sword, was shaking slightly, and the look at Ye Chen completely changed!

Just now, the power contained in that sword and the extremely pure meaning of true martial arts made him extremely frightened!

but!

What makes him unable to understand the most is why Ye Chen seems to know the flaws of his sword?

At this moment, Ye Chen walked towards Jiang You step by step, and sneered: "Devil soul swallows Yuanjian? It seems that you are really the subordinate of the devil soul that I swallowed?"

He clearly remembered that the Demon Soul Swallowing Yuan Sword was one of the sword techniques that the Demon Soul used when fighting against him!

"What!?" Jiang You was dull...

Completely sluggish!

Isn't the master's demon soul destroyed?

It turned out to be swallowed! ?

impossible!

It's absolutely impossible!

No human being can swallow the soul of such a terrifying ancient demon!

He has served the ancient demon for tens of thousands of years. It can be said that no one in the kingdom of God understands the horror of the ancient demon better than him!

He knew that in these heavens and all realms, no matter how terrifying the human beings were, they would at best wipe out the devil soul, not swallow them!

This can only explain...

Ye Chen, not a human!

Definitely not a person!

"You're not a human!" Jiang You suddenly pointed at Ye Chen and yelled almost frantically. He was so scared that he lost his mind!

As soon as he turned around, he fled away from Shenjizong!

His soul is shaking madly!

why?

Because, the only creature that can devour the soul of the ancient demon is a higher and more terrifying creature than the ancient demon!

That is definitely not what he can contend!

Ye Chen looked a little silly looking at Jiang You's fast fleeing figure...

what happened?

I just shot it once, and even it didn't count as a fight, just ran away?

Still like seeing a ghost?

The ancient medical \*\*\*\* Cang smiled lightly: "Boy, it seems that he knows how terrifying your bloodline is."

"Really?" Ye Chen showed a murderous intent on his face, "Well, it fits well, Ant's choice."

But, can you run away?

He hurt his bones and destroyed God Xuanzong!

How could Ye Chen let him go!

"Jiwu: God flash!"

Ye Chen's figure, in the void, a flash spanned countless distances and appeared directly in front of Jiang You!

"Jiwu: Heavy punch!"

Jiang You's expression changed, he stopped his figure abruptly, and screamed: "Don't come here!!!"

Going crazy, he slashed out at Ye Chen with another sword!

Ye Chen condensed his eyes, and said softly: "Jiwu: Soul Punishment!"

The incomparable power of the soul, rushed out, turned into a soul sword, and slashed into Jiang You's sea of knowledge!

"Ahhhhhh!!!" Jiang You cried out painfully, the sword moves in his hand inevitably became a little messy!

And it is these slight mess, Ye Chen's fist, has already reached the front of Jiang You!

Jiang You hurriedly turned the sword front, blocking the fist that flashed black.

At this moment, the sword in Ye Chen's hand moved!

"This sword, pay tribute to my master, the wind is clear!" The black light on the fist dissipated, and a golden cold light shone on the cyan blade!

With a crash, blood was splashing, and the hand of Jiang You holding the sword was chopped off by Ye Chensheng!

"Ahhhhh!!!" Jiang You cried out in pain, his body burst back, his other hand was holding a long sword again, but the next moment, that hand was cut off again!

Then, there are his feet!

Then, with a sword, pass through the chest!

Jiang You looked overwhelmed by pain, his eyes were dissatisfied with bloodshot eyes, and blood was vomiting at the mouth. How could there be any pleasant, relaxed appearance?

He looked at Ye Chen in front of him, his eyes were full of fear!

But at this time, Ye Chen was panting slightly. His extremely surging spiritual power was almost exhausted, the extremely tough meridians, at this time, it was also a dull pain!

The three types of extreme martial arts, connected with Feng Qingyang's sword intent, extreme switching, the consumption of spiritual power increases exponentially, that is, Ye Chen, if you change to another person, even if you have the intent of true martial arts, you can turn the spirit far away so far. If you are strong, I am afraid that my meridians will burst first before I make a move!

Ye Chen looked at Jiang You who was not dead on the sword, and said coldly: "Now, are you talking about the devil soul yourself, or let me 'please' you speak? You? You should be familiar with how to make people talk, right?"

At this time, Jiang You stared into the void as if he hadn't heard Ye Chen's words, as if he had seen something terrifying, tears raging, and frantically begging for mercy: "Master! I was wrong! Give it again! I have one chance! Give me another chance!"

Ye Chen was taken aback for a while, before he could even speak, Jiang You's body was burning a thick black flame, and in a flash, it turned into fly ash, and there was no soul left!

A strong man of such strength, just like that, died unclearly?

Ye Chen turned around and looked towards the void that Jiang You had just stared at. His complexion was uncertain.

No one doesn't like the feeling of having an extremely powerful existence, peeping at you in secret?

But Ye Chen couldn't care about anything, the old bones were at stake right now.

Ye Chen quickly helped Gu Lao and went to Shenjizong.

"Ye Chen..."

Gu Lao's weak voice came.

Ye Chen quickly said: "Old bone, don't say much, I can save you, trust me."

Chapter 2640: Ye family guard?

Soon, Ye Chen put Gu Lao on an ice bed.

His eyes were solemn.

As the \*\*\*\* of medicine, he has received the inheritance of the \*\*\*\* of Canggu, and he can naturally see that the old bone is in danger at a glance.

Even the soul faintly disperses.

"Old man, where do you start?"

Ye Chen communicated with the reincarnation cemetery.

The ancient medical \*\*\*\* Cang hesitated for a few seconds, and then said: "The torture method of that person came from outside the territory. While hurting this person, it was a bit tricky to bring in magical intent."

"If it is someone else, it will definitely die."

"But for me, it can only be considered troublesome."

"You do what I said."

"May have to borrow your fire."

Ye Chen took a long breath after hearing the last sentence.

In the next second, ten golden needles floated out of Ye Chen's hand.

These golden needles are a bit special, and each one carries a strong flame!

There was the Qinglian Demon Fire, as well as other flames, which even seemed a bit violent.

"It's now, piercing into Dantian, Tianling, Baihui, Zhonghai..."

The fire-like golden needles in Ye Chen's hand gush out instantly and insert them all at once.

The tail trembled violently.

"Boy, shatter the sky cold stone, controlled by spiritual power, and gather it in powder."

"it is good!"

"Boy, I need your blood to gather in this person's forehead."

"it is good."

"Boy, speed, a little bit of autumn touches the acupuncture point, luck in the whole body."

"it is good."

Ye Chen's forehead was already covered with sweat. This was the first time he and Lao Cang were treated together.

Nothing can go wrong in any link.

And under Ye Chen's action, that old and hideous \*\*\*\* body gradually began to repair.

And the vitality of bone old is getting stronger and stronger.

...

In that inaccessible temple covered by miasma, the terrifying and low inhuman roar sounded again!

"Trash! What a trash!"

"puff!"

This time, the figures sitting around the statue vomited blood one after another under the shock of the violent aura of the ancient demon!

However, a few people looked at each other, and there was a flash of joy in their eyes!

One of them congratulated the stone statue with a little excitement: "Master! Your strength has become stronger!"

The voice fell silent for a moment, it seemed to calm down, and he said again: "You did a good job, the seal has been loosened."

"but....."

Those powerful people listened very carefully, as if listening to the oracle.

"The kid who wiped out my devil soul is trickier than I thought."

"Jiang You's trash has already been killed by him."

"In order to prevent this kid from interfering with my plan, it seems that a second plan is needed."

...

At the same time, Shenjizong.

Outside of a side hall.

There is a Zhenwu stone standing proudly in the courtyard.

A stubborn man kept hitting Zhenwu Stone with his fist.

Zhen Wu Shi can withstand a blow from a strong man in the late stage of Zhan'e.

But at this moment, the strength of this man was still unable to make Zhenwu Shi shake a bit.

A faint air surging.

What is surprising is that this man's cultivation base is only in the Taixu Realm.

Taixu realm four-layer sky.

Ye Lingtian went from Huaxia, to Kunlun Xu, to Lingwu Continent, and even now Shenjizong.

He enjoyed a lot of resources given to him by Ye Chen.

These resources are extremely scary to any sect.

But Ye Lingtian's cultivation only stayed in the fourth layer of the Supreme Void Realm.

It's as if the potential is exhausted.

He felt like a trash.

Out-and-out waste.

He missed the scene of the battle with Ye Chen.

He regretted countless days and nights.

He asked himself why there is no blood against the sky.

And why did the ancestors think that he could always follow Ye Chen.

Although he is not much different from Ye Chen's realm now, his strength is very different.

Many times, he felt that he might no longer be qualified to fight with the "Hall Master" in his life.

This kind of pain reminded Ye Lingtian of that term in China.

"middle age crisis."

Ye Lingtian's hand was bleeding and dripping with blood, but he still smashed Zhenwu Stone.

"Perhaps, the only contact I have with the lord is my surname Ye."

"Or maybe, I can only guard the palace master to Kunlun Xu, the next road, I may be like the masses of beings, submerged."

"Well, it might be good to be able to cultivate in places like the Kingdom of God."

Ye Lingtian laughed mockingly, staring at the blood stains on Zhenwu Stone, he suddenly felt that Zhenwu Stone was laughing at him.

He thought of his father's phantom confession after burying his father that year.

That day, it was also the advent of the Jiuyou Skykiller.

His father Ye Jinming seemed to reveal a lot,

Even his family is a chess piece on this chessboard.

He even clearly remembered what his father said to Ye Chen at that time.

"Young Master, some things are heavenly secrets, you can't say more, but one thing is not a secret, you are the Ziqi Wolongge, the destiny of a natural emperor, anyone who has contact with you can bless the offspring."

"Of course, I also believe that Ling Tian can protect you from wind and rain on this road!"

"Ling Tian, your cultivation base is too low, so how can you win the world for the young master?"

"Ling Tian, in fact, the ancestors in advance had anticipated the defeat of the family a long time ago, and in your area the ancestors' spiritual roots are almost diluted. You want to achieve great achievements in cultivation. impossible."

"The ancestors set the overall situation for the millennium. Being a father is just a pawn. You can see this drop of blood. This is what the ancestors left for you."

Ye Lingtian's father, Ye Jinming, didn't accidentally go to a secret realm, but this secret realm was the secret of their family and guarded it for thousands of years.

Until now it was completely turned on.

Why is it so painstaking?

The Ye family has a lineage, guarding the young master for generations.

In theory, he should always follow, why can only do this now?

He even thought of the last two words his father said to them before he disappeared.

"Young Master, Ling Tian, I have completed the mission given to me by the family, and after today, it should be the world of both of you."

"By the way, Young Master, let me remind you that if you meet a four-character person, you must be careful!"

At this moment, Ye Lingtian next to Zhenwu Stone suddenly became sober, as if he was giving an initiation.

He came to Shenjizong and gradually understood who the four-character man was!

The palace owner of the Heavenly Dao Palace, the supreme existence, Xuanyuan Moxie!

Then why might his father know about the kingdom of God?

This is totally unscientific!

Even incredible!

Ye Lingtian felt cold behind his back, suddenly thought of something, and quickly pulled off his clothes, revealing himself.

The jade pendant with an ancestral design was shattered, and Ye Lingtian printed the design on his body forever using magic techniques.

Occupy the entire upper body.

That is a majestic dragon, soaring for nine days!

To Ye Lingtian's surprise, the previous pattern looked like a black dragon.

Looking closer now, he found that this so-called black dragon was just covered by a mass of billowing black magic energy.

Under the breath of the black devil, this dragon actually carried a faint blood.
