Chapter 2641: Who knows?

This dragon seems to be a blood dragon surrounded by black magic energy.

And above the blood dragon surrounded by devilish energy, a man stood!

This man is not someone else, but Ye Chen!

"I don't know how many years this pattern has been circulating in the Ye family. In addition to representing the Lord, what else does it represent?"

"The ancestors repeatedly emphasized the need to keep this picture, and even carried the jade pendant."

"Now that I enlarge the pattern on my chest, I always feel that there are many details that I have overlooked."

Ye Lingtian kept looking down.

Suddenly, his pupils shrank!

He found that in the middle of this totem, there was a line of small words.

The Kingdom of God, Long Yanyuan.

At this moment, a disciple of Shenjizong just passed by.

Ye Lingtian quickly put on his clothes and chased after him: "This senior, I have something to ask."

The disciple of Shenjizong stopped and saw that it was Ye Lingtian. He knew that Ye Lingtian was a friend of the Demon God Ye Chen. He quickly said, "Senior dare not be, Brother Ye, Master Ye Chen and I are out of the same door. You call me Zhou Han. can."

Ye Lingtian nodded and asked quickly: "I am not very familiar with the kingdom of God. I want to ask, is Long Yanyuan in the kingdom of God?"

When Zhou Han heard the words Long Yanyuan, his face changed slightly, and he was surprised: "Brother Ye, why did you ask about this place."

"This Long Yanyuan is one of the ten most forbidden places in the Kingdom of God, and few people go there."

"Also, I once heard a legend that Long Yanyuan was originally a piece of spiritual land, but unfortunately, a refugee from the ancient kingdom of God was unfortunate enough to draw dragon anger. A mouth-shaking dragon flame obliterated everything, and that spiritual land also became The forbidden land has become the current Long Yanyuan."

"Long Yanyuan, it's not that no one has been there in these years."

"But after I went, few survived."

"Brother Ye, listen to my advice, your cultivation level, you shouldn't go there, it's too dangerous."

"If you really want to go, you still have to go with Senior Brother Ye. Senior Brother Ye's strength can barely handle it."

At this moment, Ye Lingtian seemed to have a flame burning in his heart.

It seems that this pattern is a guide from the beginning.

Until the kingdom of God.

His ancestors would not leave information on the pattern for no reason.

This pattern must have a connection with the hall master.

Both himself and the hall master are surnamed Ye. It is very likely that the ancestors in his father's mouth are from the kingdom of God!

That Long Yanyuan must have something to do with the Ye Family!

for sure!

Ye Lingtian ignored Zhou Han's words and violently moved towards Ye Chen's residence.

...

Soon, Ye Chen came out of the house.

The bone old problem is barely suppressed, as long as there is enough time to cultivate, there will be no problems.

The whole process almost went wrong.

"It seems that my medical skills need to be strengthened."

"The martial arts of the Kingdom of God are respected, and medical skills are also very important."

Ye Chen muttered to himself.

At this moment, a figure rushed in hastily.

Ye Chen was startled, he was very clear about this person.

Ye Lingtian.

Since bringing Ye Lingtian to Divine Kingdom Divine Extreme Sect, he has seen Ye Lingtian several times, but I don't know why Ye Lingtian always avoid him deliberately.

This is the second time I have seen you.

"Ye Lingtian, in Shenjizong such as..."

Before Ye Chen finished speaking, Ye Lingtian half kneeled in front of Ye Chen: "Hall Master! I found a shocking incident, which is probably related to the Ye Family of the Kingdom of God."

Ye Chen was startled, frowning: "What do you mean?"

He was a little surprised. In theory, Ye Lingtian shouldn't have contact with the Ye Family of the Kingdom of God.

Ye Lingtian didn't talk nonsense, he directly told his findings, and even revealed the totem on his chest.

And Ye Chen also noticed the line.

"The Kingdom of God, Long Yanyuan?"

"Regardless of whether it is the top ten forbidden places in the Kingdom of God, since it is related to the Ye Family clues, I have to go."

Ye Chen murmured, his eyes filled with solemnity.

But at this moment, Ye Lingtian knelt in front of Ye Chen, and said, "Hall Master, Ling Tian wants to go together."

"Ling Tian knows that his cultivation is not enough, but he still wants to go."

"regardless of costs."

Ye Chen hesitated for a few seconds, and finally nodded: "Okay."

...

At the same time, Long Yanyuan.

Ten most forbidden places in the Kingdom of God.

The temperature is extremely high.

No vegetation.

In the center of Long Yanyuan, there is a huge deep pit, as if a meteorite once fell.

At the extreme of the pit, there is a huge stone monument ten meters high.

Lines of ancient words are engraved on the stele.

There is a **** palm print on the text.

Someone has fallen here.

Suddenly, the wind started The wind and sand danced, blocking the view.

Then, in the pit, two old men appeared.

An old man is the eternal holy king.

The other old man turned his back to the eternal holy king, staring at the stele and carrying his hands on his back.

Holding a torn feather fan in his back hand.

I don't know what I'm thinking about.

"Senior Ye, why are you reluctant to see Ye Chen?"

"If he knows you are still alive, he will be very happy."

The eternal holy king hesitated for a few seconds before speaking.

The old man turned around, his face full of wrinkles, but smiled: "My life and death, is it important to that kid now?"

"Hua Xia clone is dead, it doesn't exist in that kid's world."

"I'm going to die after all, why should I add grief in vain."

"This game of chess, the game with those guys, will be on thin ice next."

"Because... those people have already noticed Ye Chen's movement."

"Is this good or bad, who knows?"

When the Eternal Saint King heard those people, his body was a little trembling.

This trembling is not fear.

But anger!

"Senior Ye, what you asked me to do here, I have already arranged."

"Yan Kun has great potential."

"After Ji Lin goes through the poison cave, his strength will also change."

"Plus Long Luoer, I have already sent her to the Nine Heavens Shenlong Palace in advance according to your wishes."

"Her blood is enough to get there."

"Isn't it enough that all these are gathered together?"

The old man squinted his eyes and shook his head: "Now these forces still need room for growth."

"The only thing that can provide some real help right now is the existence of Xiao Huang."

"Of course, there is also the dragon clone of Ye Chen."

"If the dragon clone rushes out of the abyss...maybe, there will be a turn for the better."

Chapter 2642: Ancient **** vein?

When the eternal saint king heard the dragon clone, he naturally knew that the other party was referring to Ye Chen's blood dragon, and said: "I have always had a question, why did the blood dragon and the ancient imprisoned dragon meet."

"Not an order of magnitude at all."

The old man shook the feather fan lightly and said lightly: "I arranged this."

"The blood dragon has to grow, only to swallow that ancient dragon."

"Of course, I was also prepared at that time, the blood dragon was swallowed by the ancient magic dragon."

The Eternal Saint King was startled: "A long time ago, you said that the blood dragon is Ye Chen's biggest trump card. If something happens to the blood dragon, wouldn't it be bad for Ye Chen?"

The old man turned around, looked at the huge stone tablet, and said, "Lao Yong, you should know the origin of this tablet."

The Eternal King's eyes were heavy, and he nodded: "I know."

The old man stepped forward and touched the mottled marks on it with his fingers: "That person, like your eternal clan, has guarded the Ye Family for a lifetime."

"Even if you sacrifice your life."

"He bought time for the Ye family."

"Otherwise, there will be no more rounds."

"Our Ye family must remember his death, and remember it forever."

"If I guessed correctly, his descendants should be here with the kid."

The Eternal Saint King thought of something, and said: "That person's offspring is Ye Lingtian?"

"Ye Lingtian's blood is not suitable for participating in the next round."

"I even ignored him."

The old man touched the **** palm print on the stone tablet with five fingers, and said lightly: "Nothing is absolute."

"The man left something in this stone tablet."

"Maybe it's for his offspring."

"That person's will will always be passed on, not interrupted."

"That person guarded the Ye family for hundreds of thousands of years. He is the most loyal person I have ever seen. He is willing to protect the Ye family with his life and blood. Even after his death, he wants to continue his loyalty."

"He knows the beginning of my plan, in the land where China is almost aura."

"Little River City."

"With the last moment of the remnant soul, future generations will guard that pure land for generations."

"Until I met that Yulong boy."

"His offspring have waited too long. The meeting between Ye Lingtian and Ye Chen is their only belief."

"This may be the cause and effect that I can't understand."

"That child named Ye Lingtian, yes, he is too much like the master of this blood mark."

"Wish to give everything for the Ye Family."

"These people are the most respectable people in this eternal chess game."

"However, the situation in the Kingdom of God will become more and more complicated in the future. Tiandao Palace Xuanyuan Moxie has been passive for a long time, and perhaps he has taken the initiative. The restrictions jointly established by the Ye Family and many ancient powers will not last long.

Once Xuanyuan Moxie lost his bondage, Ye Chen was really dangerous.

And those ancient demons started to commotion, which is not good for our situation. "

"These ancient demons killed many people in the Ye Family before, and even the Ye Family was destroyed. They also got in. Now they want to make a comeback..."

"I'm afraid the vision of Yuexian Yuhuan will appear soon in the Kingdom of God..."

"I hope Ye Chen can suppress all this."

"Otherwise, things will get trickier."

Having said that, the old man suddenly looked in one direction and smiled slightly: "They are here."

"Leave it to you here, I just watch it in the dark."

"I exposed too early, or it will affect Ye Chen's Dao Xin."

The eternal king nodded.

...

A few seconds later, in the darkness, two figures appeared.

It was Ye Chen and Ye Lingtian.

Ye Chen thought that the forbidden land would be murderous, but since they stepped into this place, there was no danger except for the high temperature.

Is this really a forbidden place in the Kingdom of God?

But the surroundings are terribly quiet.

Ye Chen and Ye Lingtian stepped into the deep pit, gusty wind gusts like swords carved on their faces.

Soon, the two stopped, and their eyes touched the ancient stone stele in the center.

An old man stood near the stele, standing in the wind, slightly lonely.

"Forever?"

Ye Chen's expression was a little weird, he never expected Yong Lao to appear here.

The Eternal Saint King turned around, took off the hip flask at his waist, took a sip, and complained:
"Smelly boy, it's really slow."

Ye Chen was puzzled and quickly said: "Yong Lao, why are you here? Do you also know the secret of Ye Lingtian's totem?"

Only then did the eternal holy king set his gaze on Ye Lingtian, looking at Ye Lingtian's determined gaze, he murmured: "It is indeed like that person."

"Ok?"

Ye Chen frowned, "Old Yong, who do you think Ye Lingtian looks like?"

"Nothing, Ye Xiaozi, today, you are not the protagonist, you stand next to me."

Speaking of an extremely mysterious power, he took Ye Chen aside.

Even though Ye Chen knew his general strength, he couldn't think that the eternal old method was so incredible.

He vaguely knew that the eternal holy king came from the eternal clan, and the eternal clan was somewhat related to the Ye Family of the Kingdom of God.

As for the specifics, he is not clear.

Now it seems that the strength of this eternal family should not be underestimated.

Ye Chen and Yong Lao stood on one side, only Ye Lingtian facing the stele. There was a different kind of emotion in his heart.

He stared at the blood mark in the stele, his eyes were flushed and tears came down.

He didn't know why he was crying.

He hasn't shed tears for a long time.

But at this moment, I felt the powerlessness of fate.

It was as if he had experienced something.

He bent his knees and knelt directly in front of the stele.

He couldn't cry.

Ye Lingtian's eyes were covered with tears, and the whole world seemed blurred.

He saw a figure, a figure dripping with blood.

The figure was scarred, and one of his hands was placed on the stone tablet.

He looked behind him, and an endless flame seemed to be swallowed.

There is no fear in his eyes, but perseverance and unwillingness to admit defeat.

"I, Ye Yunhan, have guarded the Ye Family for generations. My life was given by the Ye Family, and my blood shed for the Ye Family."

"It is Ye Yunhan's supreme glory to support the Lord of Reincarnation."

"Although I am dead today, the soul of the Shou Ye family is alive and well!"

"My descendants of Ye Yunhan obeyed the orders, the ancient gods, awakened because of the Ye family! Once awakened, they will guard the Ye family for life!"

"Once you betray, your soul will be destroyed!"

The picture in front of Ye Lingtian disappeared, and his eyes fell on the **** handprint on the stone tablet.

He stood up hard and walked up step by step.

He stretched out his hand to coincide with the mudra.

Completely coincide.

It's like he left it tens of thousands of years ago.

"Ancient Divine Veins?"

Ye Lingtian muttered, but before he finished speaking, his hand seemed to be pierced.

Bleeding.

Ye Lingtian's expression was extremely ferocious and painful!

Ye Chen on the side was a little unbearable, and asked Yong Lao: "Will there be anything wrong?"

The Eternal Saint King touched his beard and said, "If he can't survive this level, he is really ashamed of his ancestors."

Chapter 2643: who are you!

Ye Chen was startled slightly, and looked at Ye Lingtian again.

At this moment, Ye Lingtian was swallowed by a blue flame.

There is a sense of absurdity in all directions.

The extremely high temperature even dropped.

The whole world seems to be in a state of solitude.

And Ye Lingtian's whole body was twisting, as if being pulled away by an invisible force.

Lasted for an entire hour!

Ye Lingtian was in a coma!

His hand also released the stele.

The weird thing is that the blood mark disappeared!

"Ling Tian!" Ye Chen stepped forward and helped Ye Lingtian up.

But the next moment, he discovered that an ancient totem appeared on Ye Lingtian's eyebrows.

Not only that, but Ye Lingtian's body seemed to be surging.

Then, he looked at the eternal holy king: "Forever, what should I do next?"

The Eternal Saint King took a sip of wine and murmured: "Bring it back to the Divine Supreme Sect. For the next few days, don't worry about it."

"He wakes up and will tell you everything."

"This is also his mission."

Ye Chen had too many doubts in his heart, but Yong Lao had said so, and he couldn't say much.

He carried Ye Lingtian and headed towards the outside.

Just when he took the tenth step, Ye Chen noticed something, and his eyes shot in one direction: "Who are you!"

Yong Lao, who was about to drink, heard this sound, and the jug was suspended!

how is this possible!

Ye Chen unexpectedly discovered where his grandfather was hiding!

The gap between the two is so big, how is it possible!

Seeing that Ye Chen hadn't responded for a long time, he suddenly looked at the Eternal Saint King and said lightly: "Yong Lao, it seems that you already knew his existence?"

"Or, is this person related to my Ye family?"

"Since it is not convenient to meet, then I will leave."

"I believe that one day, we will meet."

After speaking, Ye Chen carried Ye Lingtian and disappeared.

A few seconds later, an old figure appeared beside the Eternal Saint King.

The Eternal Saint King hesitated for a few minutes, or said, "Senior Ye, how can this kid know you are there?"

The old man stared at the distant figure of Ye Chen, and said lightly: "The blood of reincarnation, although there is no awakening, it is the strongest blood in the world after all."

What the Eternal Saint King understood, he said, "Senior Ye, where are you going to go next?"

The old man nodded, and suddenly looked at the moon in the sky: "Eternal, do you find this moon a little strange?"

The Eternal Saint King was startled, with a strange expression: "It seems to be a little special... but it's normal..."

The old man stared at the moon and continued: "Ye Chen, help me pay attention. I may have to leave for a while."

"I've calculated it, and then, there will be an abnormal change in the Council of God, just these days."

"I'm afraid something terrible will wake up..."

The Eternal Saint King just wanted to ask what it was, but found that the old man around him had disappeared.

As if never appeared.

...

Kingdom of God, deep in Baigu City, in a dark temple.

This place is somewhat similar to the temple in the depths of the Nine Heavens Shenlong Temple.

It can even be said to be exactly the same!

Even the breath is consistent!

It's as if someone used a heaven-defying technique to forcefully bring the temple here.

Several people faced the stone statue with great dignity.

"Master, why do you want to leave the Nine Heavens Dragon Palace, it is relatively safe there."

"The subordinates don't understand the cost of migrating everything here."

Suddenly a low voice came from the stone statue: "Since order is to be disturbed, then we must do something on the land of the kingdom of God."

"Of course, there is another reason. The imprisoned dragon in the abyss of the Nine Heavens Shenlong Palace noised me to rest."

"That ferocious dragon's scream, as if experiencing the most terrifying torture in the world..."

"Stupid dragon, being imprisoned and making such a noise, it tarnished that glory."

"Next, the game of the Kingdom of God should also begin."

The others were startled.

"Master, do you really plan to do this?"

"Will this have an adverse effect on us?"

In the stone statue, the strange voice sounded again: "Hehe, since the day of my clan's apocalypse is coming, then the powerhouses of the kingdom of God should also wake up, and even the world will of the whole kingdom of God, in order to resist the imminent The coming disaster of the world will also release the accumulated original power to enhance the strength of the warriors of the kingdom of God, and provide the opportunity for the rapid rise of those super evildoers?"

Everyone around the statue was shocked when they heard this!

If this is the case, then the kingdom of God is going to change completely!

However, this is not what they are most concerned about. What they are most concerned about is how the master wants them to create chaos?

Because they believe that no matter how the kingdom of God becomes, the masters they serve are supreme and unparalleled!

"Then master, what shall we do now?" another person asked.

The voice continued: "Hehe, what you have to do is to wake up those ancient strong men a little earlier."

what!

Everyone was shocked when they heard this! In the eyes under the mask, a thick color of confusion flashed through to wake up those ancient powerhouses? Those ancient strong, even if they were asleep, or were sealed for countless years, how can they be human?

In that case, shouldn't it be a hostile relationship with the owner?

Don't stop them from awakening, forget it...

Why do we need to wake them up in advance?

The strange voice said: "Although they all exist in ancient times, there are also strong and weak ones. The weaker the person, the easier it is to wake up. Of course, it is not for you to wake up the strongest existence among those ancient people. Moreover, it depends on your Strength, even if they are on the verge of awakening now, they cannot awaken the ancient strongest. As long as the weaker ancients are awakened, it is enough."

A strangely physique, apparently not a human being in black robes, asked with a very harsh voice that seemed to be rubbed against gold and iron: "Subordinates, there are still some things that don't understand. I said that these ancient people are not from the demons. Waking them up will help our plan?"

At this time, the voice actually smiled faintly: "Hehe, it is because they are humans that they have to wake up! I don't know, have you ever heard a saying, where there are people, there are disputes? The human race is very interesting. What they like to do the most, isn't it just fighting? When facing other races, they may have the same hatred, but when facing their own people, instead, they have to fight for everything, right?"

"Furthermore, those ancient people, even the weak among them, are able to rule the entire kingdom of God in this era. If you suddenly wake up and discover that this world is the strongest, what will you do?"

Don't you want to conquer everything? What if several Xeons appear at the same time? Now these forces of the Kingdom of God can only rely on one of them to protect themselves? Haha... Then, the Kingdom of God, can it not be chaotic?"

Chapter 2644: Kingdom Vision

After hearing the words, everyone said in unison: "Master Shengming!"

"Well, for the next period of time, as long as one person is left here to guard the temple, others will go to the places I told you for the time being, and use the method I taught you to wake up these people..."

...

Shenjizong.

Ye Chen looked at lying on the bed, his entire body injured, his bones had almost recovered, and he nodded slightly.

Originally, Gu Lao was already on the verge of dying, and even with all kinds of treasures, it would take hundreds or even thousands of years to recover.

However, with the medical skills of Ye Chen and Cangu, it was different.

In just a few days, bone aging has basically recovered.

The only problem is that Ye Lingtian hasn't woken up yet.

It's been a few days.

What did Ye Lingtian experience in that forbidden area?

Who is looking at him in the dark?

Is Yong Lao doing something for this person?

If it is true, does it mean that this person knows the previous Lord of Samsara?

Ye Chen had too many doubts in his heart at this moment, and even a trace of anxiety in his heart.

This is a keen sense of danger.

Suddenly, there were bursts of exclamation in the Shenji Sect, Ye Chen raised his eyebrows and his figure flickered before reaching the square.

At this moment, the sky above Shenjizong, Yu Zhenzi and all the elders stared at the huge full moon under the night with shocked faces!

"Master."

Ye Chen came to Yu Zhenzi's side, followed their gazes, looked up, and instantly, his pupils shrank!

I saw that around the bright moon in the night sky, at this time, a layer of emerald-like halo appeared!

It looks so strange!

Yu Zhenzi's eyes flickered, and he said in a deep voice, "Yuexian Yuhuan! It's Yuexian Yuhuan! The Kingdom of God, it's going to be messy!"

"Yuexian Yuhuan?" Ye Chen frowned slightly, "Master, what is that?"

"According to the legend, if the kingdom of God is about to encounter disasters that will destroy the world, then there will be all kinds of visions, and Yuexian Yuhuan is one of them!"

Ye Chen's expression was also condensed when he heard this!

At this moment, on the bright moon wheel, that jade ring suddenly burst into a burst of green brilliance, instantly spreading to every corner of the kingdom of God!

All of a sudden, countless warriors in the kingdom of God showed incredible colors!

Ye Chen lowered his head, his eyes widened, looking at the green haze floating in the air, at this time, he was completely uncomfortable! Every pore seems to be cheering!

Swallowing this almost endless mist frantically!

This green haze enveloped the kingdom of God, and it was an instant that doubled the concentration of the spiritual energy of the kingdom of God!

Moreover, Ye Chen could feel that the concentration of spiritual energy was still rising!

The most important thing is that, in the faint, he seems to be able to realize that this green light mist has the effect of washing the muscles and marrow, and even promoting the awakening of blood vessels and magical bodies!

This is terrible!

For the many warriors of the Kingdom of God, this is an extremely rare opportunity!

Even more weird is that a large part of this green mist surging towards Ye Lingtian's house!

However, for no reason, why is there such an opportunity?

He looked at Yu Zhenzi and others, and saw that although they were extremely shocked, they couldn't see much joy!

Yu Mako sighed with a heavy heart: "It seems that the legend is true!"

"Yuexian Yuhuan, green is here, and the spiritual energy skyrocketed! This is the upper will, using its original power to enhance the overall strength of the martial artist of the Kingdom of God!"

"In other words...the disaster of world extinction, really, is coming!!!"

"The same is true for the beginning of the demise of the Supreme Family of the Kingdom of God!"

"History seems to reappear!"

Ye Chen was startled: "Master, which family are you talking about?"

Yu Zhenzi glanced at Ye Chen complicatedly, and threw out two words: "Ye Family."

Everyone was silent...

Ye Chen suddenly said to Yu Zhenzi: "Master, I want to go out. There are some things I want to figure out!"

Yu Mako looked at him, nodded and said: "Go, be careful, your man, as a teacher, I will take care of you."

Ye Chen nodded, did not say much, his body flashed, and disappeared under the curtain of night.

Yu Zhenzi and the others knew that Ye Chen is already extremely powerful now, and the things he wants to solve, to put it bluntly, Shenjizong, is no longer qualified to intervene!

Therefore, they would not ask anything too much. If Ye Chen couldn't solve it, anyone in the Shenji Sect would not only be unable to help, but if they forced to follow along, they would very likely become Ye Chen's burden!

Seeing Ye Chen's figure flickering, he disappeared. Yu Zhenzi suddenly spoke to the sixth elder beside him and said: "Old sixth, you go and take out all the spiritual stones stored in our sect, now!"

The Sixth Elder was shocked, but still led his orders: "Yes!"

After a while, the Sixth Elder returned to Yu Zhenzi, took out a storage bag and said, "That's all!"

Yu Mako nodded and said lightly: "You set out now, sweeping the major auctions, and at all costs, snap up martial arts resources, high-level weapons, body armor, pill, and mountain protection array or It is a material that can reinforce the big array! Replace everything with resources!"

All the elders were shocked when they heard this. What is the suzerain?

Why, there is a scent?

However, the sixth elder respectfully said: "Follow the orders of the lord!"

After that, he headed outside of Shenjizong.

Yu Mako looked at the other elders and said: "Let me pass on the order, take my Zongzangwu Pavilion, the Elixir Pavilion, etc., wherever it can help disciples to improve their strength, they will all be open for free!"

"All instructors, from now on, will guide the disciples in the courtyards day and night! There must be no slack! Any disciple of our Divine Extreme Sect should be treated as a direct disciple!"

"You all choose the best disciples and train them, each one will train a hundred! Don't care about resources, even if you run out of background, you will not hesitate!"

All the elders also looked stern, but they still couldn't tell, is the kingdom of God really going to change?

Immediately bow and lead!

Finally, Yu Zhenzi stared at the huge round moon with the emerald halo in the sky and said: "From today onwards, my Shenjizong is officially closed! We will protect the mountain, fully open!"

...

In the kingdom of God, somewhere in a forest of towering old trees with countless dark red trunks and dark branches and leaves, a man in a black robe moved quickly among the trees. Suddenly, he was somewhere and stopped. Come down.

The eyes under the mask stared at an ancient tree that looked indistinguishable from other towering ancient trees!

Suddenly, he stretched out a hand, and a dark purple flame burst out in his palm!

Chapter 2645: An unprecedented crisis

After this flame emerged, the surrounding void was slightly distorted!

The man looked at the flames, his eyes were extremely solemn, and in the solemn he carried deep respect!

This flame was transformed from a strand of natal demon element given to him by the master!

The man took a deep breath, shook his wrist, and shouted at the old tree: "Go!"

The magic fire swayed, and followed the man's low drink, and flew towards the ancient tree!

In the next moment, the magic fire was silently blended into the trees!

Among the trees, a strange wave suddenly appeared!

"It's done!"

A hint of joy flashed in the man's eyes, he let out a sigh of relief, and he was about to turn and leave.

But at this moment, an extremely cold, rather strange tone, with an ancient voice, echoed in the forest.

"Who, awaken the deity?"

The black-robed man suddenly turned around and looked at the ancient tree with shock in his eyes!

Was he awake so quickly?

In an instant, there was a loud bang, and the ancient wood burst in an instant!

A naked young man with an animal skin wrapped around his waist and a bright red tattoo like the sun painted on his chest. His muscles are extremely beautiful and appear in the eyes of the black robe man!

"You awakened me?" The young man frowned slightly while looking at the black robe man.

At this time, the black-robed man in the late stage of Xiu Zhan'e, his whole body trembled uncontrollably!

why?

Because the breath of this awakened ancient is too terrifying!

It was so terrifying that he felt that the other party could kill himself ten thousand times with just one thought! A look in the eyes of the ancient man made him almost breathless!

He couldn't believe that this man turned out to be only the lowest existence among the ancients?

Hearing this, the black-robed man couldn't help but calmly said: "Respected strong man, I wake you up..."

Since he awakened the other party, presumably, the other party shouldn't be against him, right?

Maybe, can you get some benefits?

Thinking of this, the black robe man couldn't help getting a little excited!

"Oh." The young man wrapped in animal skins only faintly responded, and looked at the black robe man blankly and said: "Then, you can go to death."

He raised his hand casually, a red light, and lased towards the black robe man!

"What!?" The black-robed man exclaimed, his complexion changed wildly, his whole body surged, and he punched out!

The boundless devilish energy condenses a terrifying fist mark, which instantly shatters the thousands of miles of void! With a trembling of the fist marks, it greeted the red light!

but.....

This black-robed man in the late stage of Zhan'er, punched with all his strength, in front of the red light, it was like a puff of smoke, instantly vanished!

The black-robed man disappeared from this world without even screaming!

The animal skin youth said coldly: "A demon worshiper, dare to appear in front of my Yang Chiyuan?"

As soon as he moved, he appeared in the sky above the forest, opened his hands, embraced the warm sunshine sprinkled on his body, and laughed with great enjoyment: "Ten thousand years, full ten thousand years! The deity has finally returned. !"

The same scene is still happening throughout the kingdom of God, one after another ancient Xeon, returning to the world!

...

Two days later, over a valley.

A slender figure of a man stood out of thin air, looking down at the lavender miasma in the valley.

This person is naturally Ye Chen!

In the past two days, after passing through Jiang You's traces, he quickly investigated the Tiansuan Pavilion in Baigu City and was slaughtered. The victim was exactly the same as everyone in the Shen Xuanzong. This technique was exactly Jiang. Especially!

In the past few days, he has been exploring near Baigu City.

Finally, I found this valley covered by miasma!

He came this time to investigate clearly the forces behind Jiang You!

If the demon soul lurking in the tower of the gods is deliberately arranged by its body, that ancient demon is definitely an extremely dangerous existence!

It is even true for the entire kingdom of God!

No matter what the other party is planning, Ye Chen can't let him get his wish casually!

"It should be here..."

Ye Chen murmured, and when he moved his figure, he would rush into the billowing poisonous miasma!

This is a poisonous miasma that poses no small threat to the warriors in the late Zhan'e period. With Ye Chen's physique, it is nothing at all.

But at this moment, a man dressed in a black robe, was extremely tall, his arms were nearly ten times the thickness of an ordinary warrior, and his entire body was filled with a horrible figure exuding a dangerous aura, blocking Ye Chen's body!

This black robe man is wearing a grimace mask, under the mask, a pair of gray eyes, condensed with infinite death spirit!

Ye Chen's pupils shrank and stared at the black-robed man. Like Jiang You, this man was the cultivation base of the late Zhan E!

Moreover, he can feel that this person is several times stronger than Jiangyou!

These people cannot be measured by realm at all!

Ye Chen took a deep breath Turning his wrists, he held the Qinglian Slayer Sword!

It seems that I have found the right place!

The man in front of him was so strong that he was almost inhuman, and he had a slight similarity with the aura that Jiang You exudes, and the black robes they were wearing were exactly the same!

The black-robed man looked at Ye Chen and smiled disdainfully: "Hehe, it seems that you are the kid who killed Jiang You? Actually, there is only the cultivation base of the Taixu Realm? Jiang You's trash is dead. Your hand like this? What a shame to our master, even if he was not killed by you, I will crush him by myself! It's a pity, he is dead, I'm very curious, this one likes to torture others What did you say when you killed the rubbish?"

Ye Chen's whole body's spiritual power slowly condensed on the long sword, the meaning of true martial arts, slightly rippling, he looked at the black robe man, a cold smile appeared on his face and said: "Curious? Don't worry, right now. You can go and ask him what he will say."

Hearing this, the black robe man heard that the evil spirit of death in his gray eyes was violently agitated, and his killing intent surged out of the late Zan'e aura in an instant, like a bomb erupting from his body!

When did a waste from the Supreme Void Realm dare to be so presumptuous in front of him?

Immediately, I can ask what Jiang You would say?

What does this kid mean he can kill himself?

This is looking down on yourself!

This! Not only an insult to his Shiba! It is also an insult to his master!

Oneself is the believer of the master, the master, the embodiment of glory in the world!

Oneself will be invincible and will not tolerate insults. The master is the supreme ruler. His believers will naturally have power over all living beings!

He is the embodiment of terror!

Chapter 2646: long time!

Mortals, in front of them, the only thing allowed to do is to kneel on the ground, shaking, shaking in awe! Not allowed, there is a sense of resistance!

And now, a trash in the emptiness realm, dare to kill himself?

The believer who is the master must take the place of the master and punish God! With endless pain, to wash away this unforgivable blasphemy!

Shi Ba stared at Ye Chen fiercely, and snarled viciously: "Boy, do you think you are invincible if you kill a Jiang You? Jiang You is just the most useless one of us. Now, the deity will let you see what a terrifying existence the master's believer is!"

In his hand, a half-step Yuan-level giant axe exuding bursts of devil suddenly appeared in his hand. On the face of the axe, countless blood runes were inscribed, and the evil spirit was rolling!

"Extremely Destroying God Axe!"

Shi Ba yelled violently, full of suffocation, gushing out like a flood, and it was so thick that it turned into substance!

A hint of surprise flashed in Ye Chen's eyes!

This evil spirit is so strong?

It is hard to imagine how many creatures died in the hands of this person!

Shiba saw Ye Chen's expression, among his gray eyes, his contempt and cruel color became more intense, bursts of gray and white evil spirits, blended into the giant axe in his hand, **** runes, extremely shining, shocking, as if raging the world, Everything is twisted into a storm like shattering, swept out!

In the deep valley, it was extremely terrifying, and it had not dissipated for thousands of years, the extremely dense purple miasma, under the agitation of this axe, it dissipated quickly!

At the next moment, Shiba's arm muscles swelled, and his body was shockingly powerful, and he slashed towards Ye Chen with a single blow!

A black shadow of axe, like a giant beast that swallows the sky and the earth, descended into the world, and the whole earth seemed to tremble with this earth-shaking axe!

The sky was dim, the sun and the moon were dark, the earth wailed, countless huge mountains collapsed, cracks appeared on the ground, magma poured down, thousands of miles of mountains and rivers instantly turned into scorched earth!

With a single stroke, it seems to have cut out a doomsday!

Even Ye Chen was shocked when he saw this!

The power in this axe is absolutely strong!

Ye Chen's eyes flashed, and the scene of fighting with a demon holding a giant axe in the illusion of the Zhenshen Tower reappeared extremely quickly in his eyes. Suddenly, a burst of light burst into his eyes, and his eyes were concentrated and locked. The weakness in this axe!

The sword he had brewed for a long time, burst out!

"Six sword gods! Four swords into one!" Ye Chen sipped his body, his whole body was surging with golden light, and his whole body was like gilded. The power of breaking the sky stimulated the ultimate,

the ultimate power, swayed within one-tenth of a breath. Then came out, poured on the extremely heavy Qinglian Tiantian Sword!

Six sword gods, kill gods with swords!

Ling Xiao Wuyi, shocking the world!

Endless sword light, turned into cold light!

A bit of cold star, with the aura of endless destruction, rises extremely rapidly in this doomsday scene!

With a loud bang, Axe Ying Hanxing collided!

The endless lingering power swept all around, thousands of miles away in Baigu City, all were violently shocked, and even many martial artists, under the impact of the aftermath that swept thousands of miles, vomited blood and looked in a certain direction in shock. !

The boundless power surged, Shiba's gray eyes burst out with a look of incomparable horror, his bones broke out, and the blood mist filled, the whole person stepped on the void, and withdrew more than a dozen steps before stopping. Body shape!

how is this possible!

The grimace mask on his face has turned into dust at this time, revealing under the mask, a pale complexion, like a rock carved into a general face!

At this time, on Shiba's face, where is the slightest contempt and cruelty?

Yes, only extreme shock, unwillingness, anger, and...

A trace of fear!

Shouldn't an ant in the Supreme Void Realm be completely crushed by his extremely powerful axe?
Why, this kid in front of me, is still alive?

Even, the injured person is himself!

how could this be?

Moreover, when the sword and the axe struck just now, he clearly felt that there was almost infinite physical power in that sword!

Physical strength, but he Shiba is most proud of!

He has the body of heaven and stone, and his talent is indescribable in terms of physical training!

After becoming a devotee, he used the power of the ancient demons crazily to continuously temper his physical power for thousands of years!

Shi Ba, has always regarded that power that has almost broken the limit of his thinking as a gift from God!

But now, in the duel of power, he lost to a human warrior in the too virtual realm?

This is an extremely insult to God!

Shiba's eyes were full of anger, and a strange zeal appeared on his face!

Like a **** warrior fighting for the gods!

Ye Chen's life is a trampling on the dignity of God, this person must be annihilated!

However, it was not only Shiba who was shocked!

Ye Chen looked at his slightly trembling, blood flowing, holding the long sword arm, his eyes flashed wildly!

Even, under the flesh and blood, it is extremely crystal clear, like a beautiful jade The arms that are even more rigid than anything else have **** cracks!

The strength of this stone tyrant is still above his imagination!

Especially, the strength of the opponent!

Although his power is better than Shiba, it is definitely not much!

The main reason why his sword made Shiba injured was because he saw through the flaws in Shiba's shots!

And this, after he fought against the demon worshiper Jiang You in reality, he had a deeper understanding of the martial arts of the demon clan, and he did it!

In exchange for the self before the fight with Jiang You, he may not be able to hurt Shi Ba like this!

but!

He knew that the horror of Shiba was more than power!

His vitality and recovery ability are also extremely powerful!

Even in a sense, it is more difficult than Xuanyuanhan in the Heavenly Dao Palace!

"You blasphemous humiliation! Must be removed from the world!"

Shiba roared wildly, holding a giant axe, and rushing up again. He didn't care about his injuries, even his life and death, like a mad dog!

However, Ye Chen's eyes also burned with a blazing war spirit!

The stronger the enemy, the more excited Ye Chen is!

The rumbling sound is endless, every time the sword and the axe collide, blood mist erupts on the two of them!

but!

Ye Chen and Shi Ba, as if nothing was wrong, continued to attack each other frantically!

In less than a stick of incense, the two of them had cut a thousand times in a crazy way! With every attack, Shiba's injuries were several times more severe than Ye Chen!

Although Shiba's Heavenly Stone Body is powerful, its recovery and defense capabilities are amazing, but it is not infinite after all!

Under the constant accumulation of damage, Ye Chen at this time finally gained the upper hand!

However, it is only able to suppress Shiba, and it will take a long time to kill him!

Chapter 2647: Servant of the deity!

But at this moment!

A red light suddenly flashed in the horizon!

A man wrapped in animal skins appeared in front of Ye Chen and Shi Ba like a ghost!

Ye Chen's expression changed, how did this person appear?

Actually, even he didn't see it clearly!

What is even more shocking is that the moment this man appeared, he hit Shiba directly with a punch!

Without any momentum, the explosion of spiritual power, etc. are just ordinary punches!

At this time, Shiba had red eyes, bloody, almost in a state of enchantment, the man in front of him punched, as if he had been irritated by some greatness, he roared, his potential erupted, and he was dead. Qi and surging power, madly poured into the giant axe in his hand, and cut his head at the man!

This axe slashed endlessly into the void, and it was even more terrifying than the axe slashed against Ye Chen at the beginning!

In an instant, fists and axes collided!

An eye-catching, bursting scene appeared!

That young man, under the seemingly unpretentious punch, the sky-shaking axe suddenly collapsed, and even the handle in Shiba's hand was tempered from the ancient magic element, which can be said to be indestructible, and is blessed by Ye Chen's endless force. The Qinglian Destroying Sword underneath collided one after another, without the slightest damage to the large axe. They were all made of flour and turned into a little dust...

And this punch, after breaking the axe's light, the big axe, it didn't even stop at the slightest point!

Shiba stared into his gray eyes, the rapidly magnifying fist, and the frenetic fire in his eyes, finally quickly extinguished!

Replaced by that cold fear, indescribable shock!

"the host!!!"

Shiba shouted in horror, the defensive power of the heavenly stone body, in front of this fist, could not support even a ten millionth of a breath, so it burst completely.

Shi Ba was annihilated from then on, leaving behind a blood mist that quickly dissipated between the heavens and the earth.

Ye Chen's breathing stagnated!

"Fuck!" He cursed secretly, looking at the young man with a sun tattoo on his chest in disbelief.

too scary!

Although he couldn't see the strength of this man, he knew that the strength of this man exceeded his own countless levels!

If nothing else, let's just say that Shiba, although Ye Chen is confident that he can defeat Shiba in the end, this Shiba is definitely not a weak one!

It's a powerful existence who can fight against himself with thousands of moves!

That's it, was killed by this young man with a punch?

Or the kind that is so blast that there is no scum left?

Just thinking about it, he couldn't help but feel cold!

Ye Chen's pupils shrank crazily, watching the sudden appearance very cautiously, and inexplicably punching Shiba to kill the horror, he was extremely nervous! He asked Cangu medical **** in a deep voice, "Old man, how could there be such a terrifying existence in the kingdom of God?"

Even the so-called hidden forces are too far apart from this man!

Cangu Medical God did not speak, but the Berserker Overlord spoke very solemnly: "Ye Xiaozhi, never irritate this person. This person's strength is not something you can contend with now! He wants to crush you, just follow It's like playing! His body has an extremely strong antiquity aura, and he should be an antiquity powerhouse who has just awakened!"

"Ancient strong?"

Ye Chen's heart sank again!

He has experienced the re-emergence of the Zhenshen Tower. He knows how cruel it was in that era. He also knows how shocking the powers who can survive the war and rise in that era are! How dazzling!

In comparison, the so-called evildoers of the Kingdom of God are not even bullshit!

But at this moment, the man turned around and glanced at Ye Chen, revealing an expression of interest.

He looked at Ye Chen up and down for a while, and saw that Ye Chen felt a flurry of hair!

The man suddenly smiled at Ye Chen: "The deity's name is called Yang Chiyuan, Yang Chiyuan, Lord of the Fiery Sun, what is your name?"

Ye Chen was taken aback for a moment, this person was actually interested in him?

However, he replied very politely: "My next name is Ye Chen!"

He is not a fool, he will not be stupid enough to pretend to be in front of such a strong man, and since the other party has not been rude to himself, then he should be polite.

However, Ye Chen didn't put away the Qinglian Heaven Slayer Sword in his hand!

Instead, the grip was tighter and harder, and the joints turned white!

He will not take the initiative to provoke this ancient powerhouse, but he has absolutely no intention of handing over his fate to the opponent!

Regardless of whether this man can crush him at will, he is still accustomed to controlling his own safety, not depending on the mood of others!

Yang Chiyuan nodded and said: "In my twenties, in the Taixu Realm, it is good to have such strength. Even in my time, it is enough to be called a monster!"

Originally, Yang Chiyuan walked all the way, and saw that in the kingdom of God, the strength of the warrior was extremely disappointed. He knew that the martial arts of the kingdom of God had completely declined!

And just when Yang Chiyuan sighed, when the situation changed and things were not human, he suddenly sensed the fluctuation of Ye Chen's battle with Shiba.

Curious in his heart, he came over and took a look.

After discovering the identity of the stone tyrant who served the demon, Dang Even shot and annihilated.

However, Ye Chen surprised him a little!

Originally, he thought that the kingdom of God had fallen. In such an environment, how could he cultivate any powerful evildoers?

It's all a bunch of waste.

But at this time, Ye Chen's qualifications shocked him!

In his twenties, with the strength of Ye Chen, in ancient times, in ancient times, he was definitely a rare existence, a genius among geniuses!

However, this is about Ye Chen's potential.

As for Ye Chen's strength?

Hehe, it can only be regarded as a larger ant.

After hearing Yang Chiyuan's compliment, Ye Chen bowed his head slightly and said, "Senior praised."

The other party seemed to be young, but it was a genuine ancient existence, and called Senior, not excessive.

At this moment, Yang Chiyuan suddenly flipped his palm, and in the palm of his palm, there appeared a mysterious rune wrapped in crimson flames.

Ye Chen's eyes fell on the rune, frowning suddenly, and the aura all over his body began to agitate...

This rune gave him an extremely uncomfortable feeling!

Yang Chiyuan smiled at Ye Chen and said, "Ye Chen, accept this rune."

Although he had a smile on his face, he used an unquestionable command tone!

Ye Chen stared into Yang Chiyuan's eyes and said, "Senior, what is this?"

"Ye Chen, the deity is optimistic about your talent."

Yang Chiyuan looked at Ye Chen faintly, "So, the deity wants you to be, the servant of the deity, and work for the deity, haha, this is your glory, you should be happy."

Chapter 2648: If you are a slave, you would rather die!

"In this era, there are too few warriors who can enter the eyes of the deity!"

"And you are one of them!"

Canggu Medical God couldn't help sighing, "It's over..."

He understands Ye Chen's character...

But at this moment, Ye Chen's eyes were filled with cold anger.

Play domineering with Laozi?

When you speak, I want Lao Tzu to be your servant?

Honor?

Perhaps, becoming a servant of Yang Chiyuan will have many benefits. For example, the martial arts inherited from ancient times, for example, the status of one person above ten thousand people...

But, what are these?

Compared with Ye Chen's pride, it's not even a fart!

He will never be subjugated to anyone!

Ye Chen said with a hint of coldness in his voice: "If so, what if I refuse?"

The air above the deep valley, for a moment, seemed to be frozen by the cold wind blowing from Jiuyou...

Deadly...

Yang Chiyuan looked at Ye Chen with a trace of astonishment...

How does he feel now?

It's like seeing a wild dog, you want to take it home to watch the door, but it calls at you?

Yang Chiyuan smiled and smiled contemptuously. He put his hands on his back. The rune disappeared instantly. He shook Ye Chen and said, "Originally, I thought you would be a smart person, but Ye Chen, you let me down."

"You are kind of stupid."

The smile on his face disappeared instantly, and he said coldly, "Although you are stupid, but what the deity wants to get will definitely get."

"I now give you two opportunities, one, accept, and two, be beaten by me until you accept it!"

In Yang Chiyuan's eyes, two cold glows burst out suddenly, but at this moment, what surprised him was that Ye Chen took the lead!

Ye Chen's face was full of madness and fierceness. Since Yang Chiyuan wanted to force him to become a slave, he didn't have the habit of just waiting to die!

One sword, the ultimate sword!

The power of the violent overlord gathers all over!

Ye Chen didn't keep any hands!

Facing this person, he must use the power of the reincarnation cemetery!

Even Ye Chen was strong when he was strong. When facing an insurmountable opponent, this sword made a little breakthrough!

The meaning of true martial arts surged out, and under the blessing of Ye Chen Lingxiao's martial arts, it was already extremely sharp and terrifying sword intent, even more powerful!

Everything around is broken...

Everything tends to collapse...

Law, cracks...

The sky, almost fallen!

However, Yang Chiyuan didn't care about all this! As if you can't see it!

This destroying sword light that made countless gods warriors tremble, in the eyes of Yang Chiyuan, simply cannot exist!

However, Yang Chihara was still surprised!

Very surprised!

Ye Chen, being able to shoot with the pressure he brought, has already surprised him very much!

Now, in Ye Chen's sword, he saw a little charm of the meaning of Zhenwu!

More than 20 years old, comprehend the meaning of Zhenwu! ?

Even in his time, within ten thousand years old, those who could touch the meaning of real martial arts a little, were the ultimate evildoer!

Yang Chihara smiled.

He knew that he had found Bao! Ye Chen's potential is incalculable!

Even at this moment, his eyes on Ye Chen brought a trace of heat!

He must let Ye Chen become his servant!

He believed that Ye Chen would become his most powerful assistant in a short time!

And Ye Chen even shot a violent sky needle after one sword was cut out!

Evil poisonous needle!

The evil sky needle against the chaos powerhouse!

Do everything possible!

This is his only chance!

After that, he ran his spiritual power frantically and fled in the opposite direction!

Although he was proud, he was not blindly self-confident. He knew very well that his sword and evil poison sky needle could not threaten Yang Chiyuan.

He did this just to buy a little time.

Yang Chiyuan didn't care at this time, but instead smiled as if looking at a naughty child.

Just before Ye Chen's icy sword light was about to touch him, the sun tattoo on Yang Chiyuan's chest suddenly burst into horror and burst, as if it could burn the world!

In the next moment, the sword light that Ye Chen cut out was turned into nothingness!

Yang Chihara smiled.

He just wanted to leave, but found that poisonous gas swept through the sky!

A wicked poisonous needle swept down!

Penetrated his body!

Yang Chihara's hideous smile stiffened.

He held his five fingers, and the evil poisonous needle appeared in the palm of his hand.

Seeing the Evil Poisonous Needle in his hand, stormy waves were set off in his heart!

Such potential! Such a means!

This one is by no means ordinary!

Moreover, he found that his whole body was poisonous, although it was very difficult for the chaos realm strong.

But to him, it's nothing!

It's just to reduce some strength.

...

At this moment, Ye Chen turned his head slightly and witnessed the disappearance of his sword light, his pupils shrank again!

He is not sure whether Sha Du Tian is effective against such a strong person!

There is only running in his mind!

Stay in the green mountains without worrying about no firewood!

He knew that his sword could not threaten Yang Chiyuan, but he didn't expect that would be resolved so easily?

Yang Chiyuan, he didn't even move his hands!

Fortunately, in this instant, he has ran a thousand miles away!

But suddenly, an extremely dangerous feeling came to my heart!

Ye Chen didn't hesitate to move his figure, turning into a billowing white mist!

"Atomization supernatural power!"

At this moment, a red light appeared where he was at almost no time interval!

This red light rises to the extreme!

In the red light, the meaning of Zhenwu is pouring out!

That is like a blazing sun hanging high above the sky, and the magnificent charm of the world!

One kind, people can't even give birth to the will to resist, so they dissolve the broad martial arts in it!

The power of the law of the kingdom of God, even, was melted and changed by it, and the sky above this deep seemed to instantly become a domain dominated by Yang Chiyuan!

In the next moment, the red light broke out completely, drowning the white mist that Ye Chen had turned into!

The red light converged, and a scorched, dilapidated figure was blasted into the distance!

Ye Chen spit out a big mouthful of blood, and he stared at the figure of Yang Chiyuan far away, with a shock that could not be hidden in his eyes!

The red light just now, it can be said, exceeded Ye Chen's thinking limit...

Even with his current physical fitness, he couldn't resist using the atomizing magical powers, and he was seriously injured!

And he knew that this was Yang Chiyuan, and in order to take him as a servant, he didn't try his best to get the result!

Yang Chiyuan shook his figure and easily caught up with Ye Chen. He looked at Ye Chen's embarrassed appearance, his lips moved slightly, as if he wanted to say something.

But at this moment, Ye Chen, in his eyes, suddenly a frenzy, fierce meaning burst out!

In his heart, he resolutely said to the ancient medical **** Cang: "Old man, I will blew myself up!"

"If you are a slave, you would rather die!"

Chapter 2649: This woman!

"Boy, you..." Cangu Medical God didn't know what to say for a while...

He wanted to persuade Ye Chen, but how?

Persuade Ye Chen to be someone else's slave?

Ha ha.....

Then, what kind of martial artist? Ye Chen, what I cultivated was Ling Xiao's martial intent, a martial intent that never bowed his head. Is it necessary to make Ye Chen go against his own heart?

Instead of him, standing in Ye Chen's position, he and Ye Chen will make the same choice!

What about that game of chess!

Cang Gu Medical God thought of something, his eyes suddenly fell on a tombstone!

"Senior, if you don't make a move, you will be trapped for a lifetime!"

Above the tombstone that Canggu Medical God could see, there was a long spear and a huge bow floating!

The thick meanings of martial arts converge.

This is the awakening power of the reincarnation cemetery not long ago!

Nothing happened for a long time!

Now, Canggu Medical God knew that the mad martial overlord and his own power were not enough to deal with it!

After all, they are not the main body, and consume too much power in the poison cave!

Not enough to deal with the current situation!

Only this person!

One second!

Two seconds!

Suddenly, in the tombstone, a faint voice resounded:

"I don't need to do it."

"He doesn't need to blow himself up."

Canggu Medical God and Kuangwu Overlord were dumbfounded.

This mighty can't save you?

Does he not think about himself?

If the owner of the reincarnation tomb showed it, all of them would be imprisoned forever!

Ye Chen outside was also startled, and immediately smiled bitterly.

The next moment, Ye Chen's breath, for an instant, became violent!

The violent sweeping away everything!

That being the case, then blew up!

He, Ye Chen, does not serve as a slave to anyone!

Even if you die!

At this moment, Ye Chen seemed to be confident, vanishing thousands of miles into nothingness!

Ye Chen raised his face, facing Yang Chiyuan, showing a wild smile!

This is crazy!

Yang Chiyuan was taken aback, then his complexion changed drastically!

Suddenly, Yang Chihara's figure disappeared!

Ye Chen was taken aback for a moment. Could it be that Yang Chiyuan felt his power? Scared and ran away?

He was excited, and there was ecstasy in his eyes!

Ye Chen, although he is not afraid of death, who wants to die if he can live well!

He wants to blow himself up, that is being forced to help!

Feeling unhappy after the disaster?

Cool!

Of course cool!

But at this moment, Ye Chen's heart suddenly tightened!

Because, he felt it, there was danger behind him!

He didn't look back, but almost frantically urged his spiritual power to accelerate the explosion. After almost a ten-millionth of his breath, Ye Chen's extremely violent aura climbed to the top, and his waist burst!

However, Yang Chihara's punch is faster!

Faster than Ye Chen's self-destruction!

Ye Chen hastily activated the Chichen Divine Veins!

He knew that the Red Chen Divine Veins were of little use to such a strong person! But at least it can minimize the damage!

"boom!"

The fist hit Ye Chen's back fiercely!

"Puff!" A large mouthful of blood mixed with broken internal organs spouted from the mouth!

The original manic breath was also instantly suppressed!

Ye Chen's body, like a cannonball, shot out, and the power of this punch oscillated, destroyed, and continuously spread in his body!

He shredded his meridians, flesh and blood, shattered his bones, dantian!

This punch is very heavy! It was so heavy that Ye Chen's physique was almost unbearable, and it was on the verge of collapse!

If there is no Chichen Divine Veins! He must die!

But the only advantage is that all damage to his body will be repaired in time!

Ye Chen's body was filled with blood mist, and the whole person was like a blood person!

He didn't know how long he had been flying. At the moment he began to fall, his consciousness also began to blur...

He couldn't help but smiled bitterly: "In front of Yang Chiyuan, I don't even have the strength to choose to explode?"

This punch made Ye Chen, who was already seriously injured, to the limit...

Although this punch would not kill him, for Ye Chen, it was a result tens of thousands of times worse than being directly bombed and killed...

Because if he loses his consciousness, he can only let Yang Chihara push him, and he can't resist the slave rune at all.

Yang Chiyuan suddenly appeared beside Ye Chen, slightly surprised on his face.

The power of this punch was actually held by this kid.

What level of physical body is this?

After sleeping for so many years, the kingdom of God has such an evil spirit?

Even if you give this kid enough time, he is absolutely qualified to surpass himself!

Yang Chiyuan didn't think much anymore, and a smile appeared.

The triumphant smile turned into a fire in Ye Chen's gradually blurred eyes!

A fire that burns the soul!

If it weren't for now, his body was almost broken, and he couldn't even move his fingers, even if he died desperately, he would slap this guy severely!

Too much to fight!

Ye Chen secretly swears in his heart!

Yang Chiyuan, if I, Ye Chen, don't die today!

In the future, I must give you back what you let me bear today!

Yang Chiyuan, but no matter how many, his eyes narrowed slightly, his wrists turned, a golden rune appeared in his palm!

And Ye Chen's consciousness will also be completely plunged into darkness...

Canggu Medical God and Kuangwu Overlord were a little nervous.

They noticed that the aloof tombstone has changed.

The imaginary bow was about to move.

That... is going to shoot!

But suddenly, the giant bow converged, and an indifferent voice sounded: "He doesn't need me to act, I think too much."

But outside, just before Ye Chen was about to fall into a coma, his dim eyes saw a figure...

One, a figure that made him quite familiar...

Who is this woman...

Could it be her?

In the next moment, Ye Chen completely lost consciousness.

At this moment, a black dress with an extremely beautiful face, even the gods in the sky, could not help but look at him, but she was extremely cold, like the goddess of the night, and appeared strangely on Ye Chen's body. beside!

Even Yang Chihara was slightly surprised when he saw this woman, showing an unexpected look!

The next moment, the woman raised her hand without hesitation, and suddenly there was a slender long sword in her hand that was full of light black, like a black crystal, and a sword was cut towards Yang Chiyuan in front of her!

And this woman is indeed Tu Lanxin who has been missing for more than a month!

The ultimate sword intent burst out, the pitch-black sword glow, just like when a storm comes, the overwhelming dark clouds seem to cover the entire kingdom of God!

The sword intent collapses, like ten thousand dragons rushing into the night, breaking for nine days, turning into a horrible rain of swords, and bringing destruction to the world!

The power of this sword can break thousands of miles of mountains and rivers!

The endless void, in the vanishing, cut time and space with one sword, almost collapsed!

Tu Lanxin, Ye Chen, and Yang Chiyuan were instantaneous, as if they had fallen into an empty darkness with nothing but nothingness!

If there are warriors of the Kingdom of God, they will sigh if they have witnessed this almost miraculous scene:

"Is this the ultimate martial arts?"

Chapter 2650: The origin of Tu Lanxin

A blow from Tu Lanxin and Yang Chiyuan.

This is simply a blow that surpasses everything and the kingdom of God!

Even Yang Chihara has a solemn face!

He was surprised that the kingdom of God had such a strong person.

And the other party's blood is very special.

This kind of special, he can't say.

There is a faint sense of danger.

Although this feeling was revealed from Ye Chen.

But Ye Chen's bloodline obviously hadn't fully awakened, so he couldn't cause a mandatory danger to him.

If Ye Chen's cultivation base stepped into the Slashing Evil Realm, it might be close to chaos.

Then he Yang Chiyuan may have lost.

However, he is only solemn at this moment!

In his hand, a weapon appeared for the first time.

A spear full of redness and intense golden light flowing!

Yang Chiyuan whispered, "Yaoyang Great Spear!"

A shot is fired, and light flows on the spear, and the light golden brilliance instantly gathers at the tip of the gun!

The entire tip of the gun burst out with dazzling brilliance, as if a round of shining sun rose above the tip of the gun!

The gun spirit that exudes ancient and fierce rhyme sweeps through the wilderness, like the sky!

On the tip of the gun, every ray of light that bursts out is like a deadly gun that can penetrate the stars!

This shot collided with the dark sword rain that wiped out time and space!

Infinite energy, diffuse out!

The nothingness that enveloped the world is broken!

Shattered nothingness!

Under this extreme blow, the figures of the two of them burst back instantly!

However, the number of steps Yang Chiyuan took to withdraw was obviously a dozen steps less than that of Tu Lanxin!

A smile appeared on his face, but the next moment his eyes condensed, his smile stiffened.

why?

Because, he found that Ye Chen was gone...

To be precise, Ye Chen is in Tu Lanxin's hands!

Tu Lanxin held Ye Chen's body with a pair of icy eyes, staring at Yang Chiyuan, her chest was slightly undulating, and her forehead was covered with fine fragrance and sweat.

Yang Chihara was so strong that she was beyond her expectations...

The sword just now was extremely expensive to Tu Lanxin, but it still lost Yang Chiyuan by half.

What about Yang Chihara? The look was calm, obviously, that shot has not reached the extreme...

Tu Lan couldn't help but cursed in her heart, what kind of monster is this?

Tu Lanxin was looking at Yang Chiyuan, and Yang Chiyuan was also looking at Tu Lanxin.

The more he looked, the tighter his brows became!

He could see that there was no ancient aura in Tu Lan's heart, and it was not from that era!

How could such a terrifying existence be born in the martial arts of the Kingdom of God! ?

Just now, even though Yang Chiyuan defeated Tu Lanxin by half, basically, Tu Lanxin can be regarded as a martial arts powerhouse of his own rank!

And Yang Chiyuan, what level of existence is it?

Well, normally speaking, it is impossible to appear in the kingdom of God...

Regardless of those devotees, they are powerful, but they are far behind him, like snails and supersonic planes...

Although Tu Lanxin is not as good as him, he is definitely a Chaos Xeon!

However, this is not the most critical...

The most important thing is that Tu Lan's heart faintly exudes something that makes him extremely disgusted...

It can even be said to be a breath of disgust...

A breath that can awaken the past that he doesn't want to recall...

"who are you?"

Yang Chiyuan asked Tu Lanxin.

But Tu Lanxin didn't answer him. After a moment of silence, he said faintly, "Yang Chiyuan? You have time to leave now."

"How do you know my name?"

Yang Chiyuan's eyes flashed, and then he showed a sneered smile and said, "Go? My deity, why are you going? You don't think you can defeat me?"

"Not going?"

Tu Lanxin smiled faintly, her face suddenly stern, and shouted violently, "Don't go! Then be sealed again!"

As soon as the voice fell, Tu Lan's heart suddenly burst out with a burst of green light. The green light was extremely gorgeous, revolving around Tu Lan's heart and quickly condensed into an emerald-like halo!

It seems that it is very similar to the Yuhuan outside that moon wheel!

At the same time, an inexplicable mighty, inexplicable majesty, and irresistible aura filled the world!

The faintly flowing green light dust, under the stimulation of this breath, actually shined instantly!

This time, the smile on Yang Chiyuan's face was completely gone!

Facing Tu Lanxin's horrible sword, Yang Chiyuan, who didn't even see the slightest timidity, turned pale at this time, and his eyes filled with fear deep into his bones! Exclaimed, "Descent of the Guardian!"

Then, he turned around without saying a word, a few flashes, and disappeared...

Seeing this, Tu Lan couldn't help but breathe out softly. The jade ring around her body instantly collapsed, and the shining haze returned to normal.

She looked at Ye Chen, and a hint of self-deprecating appeared on her pretty face. "Finally, she scared Nayang Chiyuan back, ha ha, how could I really have an ancient Xeon who would seal it if he said it was sealed? power?"

He breathed out slightly, his tight heart, only then did he relax a little...

Just now, it was actually very dangerous!

If it weren't for Yang Chiyuan's great psychological shadow on the guardian who sealed it for tens of thousands of years Otherwise, Tu Lanxin would never be able to rely on the original power of this guardian. Drive it back!

However, she looked at Ye Chen, who was already so unnaturally hurt, with two crescent eyebrows, and she frowned slightly.

"Injured like this? I don't know, can I recover before that place is opened?"

Tu Lanxin looked worriedly at the deep valley hidden in the miasma. She knew that there was a place where an extremely powerful ancient demon was sealed.

It is a pity that she was a step late. If the seal hadn't been worn to this level before, she could still kill those devotees, and it might be possible to re-strengthen the seal...

Now the power of the ancient demon has been partially restored. Even if there is no way to do anything to her, she still cannot have too much influence on the ancient demon. It will even take a lot of time to enter the temple!

But now, there is no time!

If this continues, those ancient powerhouses will surely upset the entire kingdom of God!

Originally, these ancient powerhouses would wake up under certain arrangements, and there would be a few strongest people to control the overall situation...

But now it is disrupted...

Tu Lanxin sighed, with some headaches, but soon, she calmed down and murmured, "Now, it's important to heal Ye Chen first!"

After all, the figure flashed and disappeared.

And at this moment in the reincarnation cemetery.

Canggu Medical God and Kuangwu Overlord stared at the tombstone not far away.

A huge bow and spear are still floating above the tombstone!

A faint breath flowed.

The ancient medical **** Cang said, "It seems that you have already sensed this person's appearance."

"The blame has to be shot."

Kuangwu Overlord's eyes condensed slightly, and he muttered, "The origin of that girl...I always underestimated it."
