Chapter 2651: God Kingdom Ye Family?

Moreover, the aura in her body is much stronger than before. "

"It seems that this time has been rewarded."

"Fortunately, this person has a good relationship with Ye Chen, otherwise all of our achievements will fall short."

However, there was a sound from the tombstone of the Lingtian Arrow God!

That power actually spoke again.

"Even without the appearance of this woman, that kid would not die so easily."

"Don't forget, the existence above this reincarnation cemetery."

The Kuangwu Overlord and Cangu Medical God suddenly thought of something, and looked at the deepest piece of mysterious and mysterious stone pillar.

The aura from the stone column converged, but both of them felt a little fear.

Fear from the depths of the soul.

Even many times, he dared not look directly at the stone pillar.

"but....."

Ling Tian Jian Shen's voice suddenly paused, and then continued: "In addition to the current woman, there is a girl watching."

"Although the girl is not as strong as this woman, she must not be underestimated."

"Because, there is only endless coldness in her eyes."

The Kuangwu Overlord and Cangu Medical God were slightly startled, there is still someone nearby?

Why did they not feel it for so long?

...

And at this moment, above the sky, in the endless clouds.

A giant beast with its feet on the bright flames gradually revealed.

Above its body, sitting a young girl.

At the moment, the girl did not have a veil.

The original beautiful eyes of Canruo stars, but only the cold of ice is left.

The whole body of the girl exudes a solemn chill.

Like the abyss.

Like a sea of blood.

This was the first time Wei Ying had such a cold killing intent.

She did not make a move.

No shots from beginning to end.

She knew that she was not Yang Chiyuan's opponent.

But it does not mean that she has no means to kill Yang Chihara.

It's just too risky.

Ye Chen might even be hit hard.

This is not the ending she wants.

Fortunately, Tu Lanxin's appearance made her gradually let go of her hand.

Her palms were sweaty.

Even because of the pressure just now, a trace of blood oozes from the palm of his hand.

The blend of sweat and blood made her sober.

"Sure enough... I am still not strong enough."

"Although I have mastered the wealth of the Absolute Frost Emperor Palace, the resources are tens of thousands of times higher than the Divine Kingdom Heavenly Dao Palace."

"But the growth time is still too short."

"If it can be mixed into a special space."

"Maybe there is still a chance."

"But how can this kind of space exist..."

The sound stopped suddenly.

Wei Ying suddenly thought of something, and the cold eyes turned into solemn and hesitant eyes.

A few seconds later, Wei Ying smiled and said lightly: "In that case, Yang Chiyuan, I remember you."

"Maybe, we will see each other soon."

"At that time, the pain you caused to Ye Chen today, I, Wei Ying, will make you repay it ten thousand times."

"Umand, let's go."

In an instant, a shadow like a fire left a trace in the sky.

Everything is calm.

...

A place like a fairyland, clouds and mists, all kinds of strange flowers and plants, competing to shine, heaven and earth aura, extremely dense mountain peaks, exuding bursts of refreshing warm breath.

There is a natural hot spring hidden on the top of the mountain.

What is even more surprising is that the green mist that enveloped the entire kingdom of God was attracted by some inexplicable attraction, condensed in this hot spring, and embellished the spring water like emeralds emitting green light.

And in the spring water center, there is a figure of a man with his eyes closed, and the blood stains all over his body have long been washed away by this wonderful hot spring water. Even the shocking wounds have healed and recovered, and there are no scars left. under.

However, Ye Chen at this time was still in a coma.

Not far away, there is another hot spring. Through the steaming water mist, you can vaguely see an extremely graceful and seductive figure of a woman, who is picking up the spring water and splashing it on the tender body.

Tu Lanxin bathed in the hot spring, and a satisfied smile appeared on her pretty face, feeling the warm spring water stimulating the body, and the hot relief flowing in every pore, she couldn't help but let out a refreshing sigh.

Although the spring water here originally had healing effects, it was not too bad for the heavens. However, after the vision of the kingdom of God, it was completely different.

Tu Lanxin can affirm that this hot spring is definitely one of the top three healing holy places in the kingdom of God!

At this moment, she looked in the direction where Ye Chen was, and a trace of worry flashed through her beautiful eyes. It has been three days, and Ye Chen still shows no sign of waking up...

She muttered to herself a little anxiously: "Immediately, a mystery of the source of God will be opened..."

"Ye Chen, before that, you must wake up!"

At this moment, Ye Chen's eyelashes quivered slightly.

The next moment, his eyes slowly opened.

In his eyes, there was originally a ray of confusion, but less than a ten-millionth of a breath, that ray of confusion was replaced by vigilance!

The sharp gaze shot at that faintly visible, very graceful, charming figure of a woman!

"Wake up!?" A hint of joy appeared on Tu Lanxin's cold and pretty face. At the same time, a faint red glow appeared on her white face. She did not expect Ye Chen's recovery ability to be so strong that she could wake up so quickly. , Otherwise, with her character, she would not take a bath at this time.

Tu Lan left the hot spring as soon as he moved her mind and body. Without a drop of water on the jade body, she put on the black gauze dress in the blink of an eye.

In the next moment, he came directly to Ye Chen's face, and his beautiful face returned to the coldness of the past.

After Ye Chen saw Tu Lanxin, the vigilance in his eyes gradually dissipated. Now, he also remembered everything that happened before the coma. It seemed that Tu Lanxin saved him.

He got up from the hot spring, put on a set of clothes, and said to Tu Lanxin, "Thank you, Fairy Tu for helping me."

However, in Ye Chen's eyes at this time, there were more doubts!

How did Tu Lanxin rescue him?

He knew that Tu Lanxin's strength was very strong! But, it can't be as strong as Yang Chiyuan, right?

Tu Lanxin smiled slightly and said, "Are you thinking, how did I save you?"

Ye Chen nodded without concealment.

Tu Lanxin's beautiful eyes flickered, and a wry smile appeared on her pretty face: "If it is, my own strength is far from Yang Chiyuan's opponent..."

"Ye Chen, my identity is very special, do you know that there is a guardian family in the kingdom of God?"

"The Guardians?" Ye Chen was puzzled.

"The guardian clan is the people who have guarded the kingdom of God for generations. My ancestors signed a contract with a family in the kingdom of God tens of millions of years ago!

That clan controls reincarnation, and its methods reach the sky, even above the heavenly temple.

The Tiandao Palace at that time was much stronger than the current Tiandao Palace, but it was still a trivial dog of that family. "

Ye Chen was startled slightly, he guessed what this family was!

Chapter 2652: How long is there?

"You are talking about the Ye Family of the Kingdom of God?"

Tu Lanxin heard Ye Chen's words with a strange expression, and immediately woke up, "It seems that your master Yu Zhenzi told you. It is indeed the Ye Family of the Kingdom of God."

"It's a coincidence that you are also surnamed Ye. Sometimes I wonder if you have such a terrible talent, will you have a little blood connection with the Ye family."

"This idea was quickly overturned by me, and the Ye family seemed to have no survivors during that time."

"From that day on, the ways of heaven, and even the other five ways, as well as the rules of the kingdom of God, were changed."

WINK's Surge to \$1: Join the Wave!

"In history, there have been two extinctions that touched people's souls."

"One is the disappearance of the Ye family."

"The other way is a force called Absolute Cold Imperial Palace."

"Even I heard that the news of these two forces is faintly connected."

"Unfortunately, no one knows the reason, what kind of conspiracy is behind this."

"I can't say much about the Absolute Frost Palace, but the disappearance of the Ye Family is really devastating."

"You know, the Ye Family is rooted in the Kingdom of God, but his hand has reached any corner, even the upper realm."

"Such a powerful and powerful first man, who can destroy him? I really can't figure it out."

"Hey, let me tell you what to do with this old thing."

"Let's talk about the Guardian family. If there is a disaster in the Kingdom of God, the members of the Guardian family can obtain part of the original power of the Kingdom of God, and their strength has skyrocketed! Once, in the Kingdom of God, there existed many guardian families, these families, It is also an extremely prominent existence, but with the passage of time, the stability of the kingdom of

God, the original power flowing in the guardian body, has gradually faded, and many families have fallen..."

"And I am the descendant of the guardian clan."

"On the day after the Divine Light Ceremony, I was suddenly summoned by the Ye Family Will of Divine Kingdom!"

"That's why I didn't even participate in the Divine Light Ceremony, so I directly followed the call and came to a secret realm... There, I received part of the original power bestowed by an old man, and my strength skyrocketed!"

"but....."

A trace of loss emerged in Tu Lanxin's beautiful eyes, "I am not yet Yang Chiyuan's opponent. The reason why I can save you is because he was scared away by my original power..."

When Ye Chen heard this, his face was full of shock. He did not expect Tu Lan's life experience to be so complicated...

It even involves the Ye Family of the Kingdom of God!

He wanted to reveal his identity, but in the end he dispelled the idea.

After all, his secret as the Lord of Samsara is too important.

Even in the poison cave, many people have seen themselves and learned this secret.

But Xuanyuanhan and the outbreak of the Poisonous Beast Tide caused everyone to fall.

No one survived.

The secret is sealed.

Tu Lanxin stared at Ye Chen suddenly and said, "Ye Chen, I have not only gained strength, but also a lot of memories about that period, and the most important thing is that the kingdom of God is going to be in great trouble!"

Ye Chen listened solemnly.

"At that time, the human race repelled the celestial demons and sealed the barriers between the outer domains of the kingdom of God. Therefore, the celestial demons could not invade again over the years, even if occasionally, some celestial demons passed through. The gaps in the seal came to the kingdom of God, and they were all relatively weak and low-level demons!"

"But, now, it's different! After tens of thousands of years, the seal will be wiped out!"

"It can be as short as ten years, and as long as it is not more than a hundred years, the heavenly demons will invade the kingdom of God again!"

"That's why, in the Kingdom of God, there have been frequent visions recently, and those ancient strong people have gradually awakened! Because if the Kingdom of God wants to survive this disaster, it must increase its combat power!"

"In that era, the destruction of the Ye Family seemed to have started from the chaos of the Heavenly Demon Race and the Kingdom of God."

"I'm not sure, what will happen when I appear and wake up this time!"

"Ming Ming Ye's family has disappeared in this world, why is it so?"

"The seal was left by countless Xeons at the expense of their lives. With the current martial arts of the Kingdom of God, it is almost impossible to repair it!"

Ye Chen's face was solemn.

He was thinking, would it be that this time, basically speaking, it was for himself.

Fortunately, there is still time...

The fastest, ten years later...

Ten years is nothing to martial artists, but it seems short-lived, but in fact, there are too many things that can happen!

How long has it been since Ye Chen Xiuwu?

Maybe after ten years, there will be any new opportunities, not necessarily?

At this time, Tu Lanxin suddenly said in a solemn voice, "Ye Chen, although you have no contact with the Ye Family of the Kingdom of God, you, as a genius of the Kingdom of God, must shoulder the heavy responsibility of saving the Kingdom of God!"

There is urgency in her beautiful eyes, ten years, too short for a disaster.

"What?" Ye Chen was a little dumbfounded when he heard this, "Me?"

Tu Lanxin nodded and said, "Yes, it is you! You are the kingdom of God, the best martial artist I have ever seen!"

He couldn't help but smiled bitterly, "Tu Fairy, your current strength is far stronger than me aren't you more suitable than me? What's more, there are those ancient existences?"

But Tu Lanxin shook his head, the loneliness in her beautiful eyes became more intense, and she sighed, "I just got the power of the kingdom of God. I am far behind you in terms of potential!"

"Even those ancient powerhouses can't compare to you!"

"My main task is to find someone who can conquer those ancient powerhouses, make the kingdom of God stable, and be able to meet the coming disaster together!"

She did not tell Ye Chen that her strength has skyrocketed for nothing, not without a price. Her martial arts foundation is already unstable, and it will become more difficult to improve her strength in the future...

Not everyone has Ye Chen's terrifying martial arts foundation. Even if Tu Lanxin can be called the ultimate genius of the kingdom of God, it is the same, even Ye Chen, with such a huge increase in the power of the kingdom of God, in the foundation of martial arts, there will be hidden dangers...

But even so, she still accepted this power, because as a guardian family, this is her destiny. For the future of the kingdom of God, she can even abandon her life, let alone the damage to the foundation of martial arts?

On the pretty face of Tu Lan's heart, he looked at Ye Chen seriously, and said, "You are the most suitable candidate! The reason why those ancient powerhouses were sealed, mostly because they were unruly existences, so they were only in the ancient times. Will be punished by the guardian and sealed for tens of thousands of years!"

She knew that Ye Chen was also very proud, but overall, it was much better than those ancient people who did what they wanted!

"So, what you have to do now is to improve your strength! Increase your strength crazy! Increase it enough to suppress those unruly ancients and let them surrender to you! Otherwise, this disaster will make the kingdom of God difficult!"

"If the Kingdom of God is destroyed, Lingwu Continent will also fall into the clutches of the clutches!"

Chapter 2653: The choice of the Lord of Reincarnation

Ye Chen's gaze was extremely condensed, even if he could fly to other places before the Celestial Demon Clan invaded, what about the others?

His women, his master, his sect, can Ye Chen put it down?

He can't even be sure if China will be touched!

Ye Chen took a deep breath and nodded, "I understand."

Although Ye Chen is afraid of trouble, he will never evade some responsibilities that he should bear!

Hiding has never been his character. If you want to fight, it is naturally best to be led by yourself!

What's more, he is the Lord of Samsara.

Ye Family's blood was flowing inside him.

Since this group of people is related to the Ye Family's extermination, he should walk to the end step by step on the chessboard laid by Grandpa.

Even the master facing the invisible big hand in the dark!

Tu Lanxin breathed a sigh of relief, and then solemnly said, "Okay, since you are healed, now, come with me!"

"Huh? Where to go?"

Tu Lanxin smiled and said, "Go improve your strength! Let alone the situation that follows, you will have a life-and-death battle with the Sect Master of Zhenlong Palace in four months! According to your current strength, you will definitely die.

Moreover, in the next period of time, the heaven and earth aura of the kingdom of God will be unimaginable, even hundreds of times the current level! Moreover, under the stimulus of the original power of the kingdom of God, various ancient bloodlines and law bodies that have long been extinct in the kingdom of God may also be awakened! "

"But these are not suitable for you! I want to take you to a place with greater benefits. It can even be said that this place is much larger than this. You may not have heard of this place!"

"He is called the Nine Heavens Shenlong Palace, the land of the Dragon Clan of the Kingdom of God."

Ye Chen was startled, his pupils dilated, "What! Nine Heavens Dragon Palace!"

Ye Chen thought about going to the Nine Heavens Dragon Palace countless times!

But I didn't expect it to be this occasion!

The point is, the blood dragon is inside!

Tu Lanxin's beautiful eyes are weird, "Have you ever heard of it? Did your master Yu Mako tell you?"

"He tells you everything."

Ye Chen suppressed his excitement and said, "When will you enter!"

"After entering, whether I can go out alone, I have some personal matters to deal with."

Tu Lanxin's expression became more and more weird, but his attitude was extremely resolute "No!"

"Ye Chen, although I don't know what is so important to you, the Nine Heavens Dragon Palace has many rules. If you are not a dragon, you will die if you act rashly."

"I brought you in this time because of the identity of my guardian."

"But you must not leave me half a step before entering."

"The place I'm talking about is a place called Divine Origin Secret Realm in the Nine Heavens Shenlong Palace. Except for this place, you must not go to other places, otherwise you will die."

This time, Tu Lan was extremely serious.

"Divine Origin Secret Realm?"

Following Tu Lanxin's words, Ye Chen's eyes opened wider and wider.

But even if he didn't find the blood dragon, he would definitely enter the Nine Heavens Dragon Palace, and his connection with the blood dragon would be strengthened.

To know the whereabouts of the blood dragon, there should be other ways.

What's more, at the moment, Xiao Huang needs to welcome a thunder tribulation, perhaps crossing the tribulation in this secret realm can solve the possibility of being inspected by the Heavenly Dao Palace.

This is more secure.

And, listening to Tu Lanxin say that the spiritual energy of heaven and earth is hundreds or thousands of times? Can all kinds of ancient law bodies be awakened? Simply scary!

Even those strong men who have stagnated in their cultivation for tens of thousands of years will have to improve frantically, right?

For all the warriors of the entire Kingdom of God, it is an unimaginable opportunity for peerless!

And this so-called Divine Origin Secret Realm is even more beneficial than this peerless opportunity!

Ye Chen was faintly excited.

"Ye Chen, there is still something to tell you. The Kingdom of God, thousands of years ago, was originally a barren space that was not suitable for the survival of the human race. The reason why the Kingdom of God was called the Kingdom of God was because it was a half-human and half-god. The ancient Protoss has reshaped the martial law of the kingdom of God with its strong strength, so that humans can thrive here, and use this place as a battlefield to resist the invasion of gods!"

"And the tracing back of the ancient Protoss is the Ye Family mentioned earlier."

"And the Divine Origin Secret Realm is a secret realm that contains the original aura of that ancient God Race! You can imagine how great the benefits are inside!"

As he said, Tu Lan's cold and pretty face suddenly flashed a solemn expression, "However, opportunities are also accompanied by risks. If you enter the Divine Origin Secret Realm with me, Ye Chen, you may die!"

Ye Chen frowned and said, "What is the danger?"

Since it is a secret realm opened up by the ancient gods, there shouldn't be any monsters, right?

Tu Lan took a deep breath and said, "Ye Chen, in the kingdom of God, you can already be regarded as the evildoer among the youth, but the kingdom of God you know is just the tip of the iceberg.

The Lord of Reincarnation back then controlled the supreme divine power. For some reason, with the power of four swords, the entire kingdom of God was divided into seven pieces.

And what you are stepping on is just one of the areas of the kingdom of God.

Even known as the seventh kingdom of God! The remaining six areas have always been blocked by the power of reincarnation ~ www.mtlnovel.com ~ The Nine Heavens Shenlong Temple is at the center of these seven areas.

As for the Mysterious Realm of Divine Origin, it will be opened in three days. Remember, this opening is to the seven kingdoms of God, and it is open at the same time! "

As she said, she pointed her finger suddenly, and a green light group merged into Ye Chen's eyebrows, and continued, "This is a gem of the gods, and with it, you can enter the secret realm of the gods of the Nine Heavens Dragon Palace, the weaker The kingdom of God, the fewer places allocated to enter the secret realm, after all, going below the Evil Realm is almost a death...Because other kingdoms of God, there is no lack of super evil spirits in the Chaos realm!

Don't say it's you or me, in it, none of them may survive! "

Ye Chen's eyes flickered, and he said in a deep voice, "But, after all, the seven kingdoms of the gods should be similar to allies? The Lord of Samsara should have a reason for doing this, and we have a common enemy."

"The invasion of the demon clan is aimed at the seven kingdoms of the gods. Therefore, in order to protect themselves, the people of the kingdoms of the gods will frantically plunder the resources in the source of the gods to improve their strength!

In the world of martial arts, the survival of the fittest, the Lord of Samsara did this for the eternal survival of the kingdom of God... It can be said that the seven kingdoms of the gods are rivals to each other. People from other kingdoms of the gods, in order to grab resources, even , Will kill you without hesitation and reduce competitors! "

"And you... Too Void Realm, I am afraid it will be the weakest existence in the Divine Origin Secret Realm!"

"Let's go!" Ye Chen heard that, not only did he not fear at all, but on the contrary, he became even more excited!

He has never been a person who is afraid of death, he understands the truth of wealth and danger!

And now, with such a huge benefit before him, even if it is a sword mountain and a sea of flames, he has to break through!

Moreover, in Ye Chen's bones, he was originally a character that refused to admit defeat. The greater the challenge, the greater his interest!

Chapter 2654: The special role of reincarnation blood

"Okay! I'll take you into the Nine Heavens Dragon Palace first."

Tu Lanxin didn't talk nonsense either, pulling up Ye Chen, the green light burst out all over, and he fled directly into the void...

Three days later, somewhere in the deep sea of the Kingdom of God, there was an extremely magnificent palace hidden, shutting off the water.

Ye Chen and Tu Lanxin were in this palace.

In the main hall of the palace, there is a huge statue exuding a strong atmosphere of ancient times. This statue has existed for many years.

The sculpture was an extremely handsome young man holding a long sword.

Suddenly, in the man's eyes, a burst of extremely dazzling green light suddenly burst out, with weird fluctuations radiating towards the surroundings.

A crack in the space surrounded by green electric lights slowly opened.

Two figures appeared before the crack in this space instantly.

Ye Chen glanced at the man statue strangely, always feeling like he had seen it.

But I can't remember.

Tu Lanxin stared at Ye Chen and said, "Ye Chen, I know, you are very proud, but in this Divine Origin Secret Realm, the first thing you must guarantee is to survive! Try your best to improve your strength! Your body is responsible for the survival of the kingdom of God. !"

Tu Lanxin's intention is obviously to make Ye Chen keep a low profile and avoid conflicts with other evil spirits in the kingdom of God...

Ye Chen nodded without saying much.

"After entering the secret realm, the location is random. Take care. I hope you and I can meet here when the secret realm is closed..." Tu Lan said in his heart

Suddenly, Ye Chen thought of something, "Fairy Tu, my friend Ji Lin and I have an agreement. I want to see her in ten days. This matter is very important. Can I go back and resolve the matter before entering the secret realm."

Tu Lan frowned, "What is so important?"

Ye Chen said the whole story, and of course erased the whereabouts of the poison monument.

Tu Lanxin hesitated for a few seconds, and still said, "Give me the jade talisman, and I will give it to Yu Zhenzi later, and let him personally protect this person. You can rest assured now."

Ye Chen nodded, right now, this was the only way.

But he believed that Ji Lin would not be in any danger.

Not to mention the mysterious old man, the current Ji Lin poisonous monument may be difficult for ordinary people to shake.

Soon, Ye Chen entered the crack.

Tu Lanxin closed her eyes, disappeared for a while, and finally reappeared and entered.

...

After a while, when Ye Chen opened his eyes again, he appeared in a valley. This valley seemed nothing special, but Ye Chen was extremely shocked!

The aura of heaven and earth here is too rich and pure!

His entire pores are absorbing the aura around him frantically!

Just stay here, do nothing, find a place to hide and practice for a period of time, you will have a huge gain!

However, Ye Chen had no such plan.

His eyes flickered slightly and walked deep into the valley.

Divine Origin Secret Realm, if it were just rich and pure aura, it would be nothing great.

In the secret realm, the biggest benefit is that rich divine source power, in countless years, bred all kinds of strange treasures!

Although, most of these strange treasures were looted by those ancient powerhouses during the previous disasters of the Kingdom of God.

But, after all, there are some things that are not easy to find, or there are strange treasures that have reappeared in these tens of thousands of years!

These are the most important resources in the Divine Origin Secret Realm!

Ye Chen's eyes flickered, he was not walking fast, even slow, step by step, he was very careful and cautious!

He knew that his strength was probably not the weakest in this secret realm, and it was almost the same...

Too fast, too much movement, too easy to be found.

Moreover, in this divine origin secret realm, the power of his divine consciousness has been greatly suppressed, so be more careful.

Suddenly, Ye Chen's expression changed slightly. After a flash of his figure, he hid behind a certain boulder. With a move of his hand, he draped the moondust gauze that had been upgraded on his body.

After doing all this, he quietly looked in a certain direction...

There, two figures suddenly appeared.

One man and one woman.

These two people did not move slowly, and quickly passed through the valley.

Ye Chen stared at the two, his pupils contracted!

So strong!

This man and woman look extremely young, real age, only one hundred years old!

However, even though Ye Chen could not see clearly their strength for the time being, it was certain that they were not much different from Yang Chiyuan!

Moreover, they are not guardians yet!

During the action between the two of them, a faint purple charm exuded from their bodies. Ye Chen knew that that was the original aura of the Fifth God Kingdom...

The ranking of the power of the kingdom of God is the same as the serial number, the fifth kingdom of God, but it is only two higher than the seventh kingdom of God, but the warriors of the fifth kingdom of God are so strong?

One can imagine how terrifying the first kingdom of God is...

Tu Lanxin told herself on the road that the Ye Family of the Kingdom of God, the former temple of the Lord of Reincarnation, was in the first kingdom of God.

"Is there the source of my blood?"

It wasn't until the two of them disappeared completely that Ye Chen let out a sigh of relief and relaxed. Fortunately, he walked slowly and reacted fast enough that he was not noticed by the two!

Immediately, he couldn't help but said a little bit aggrieved, "I am in this mysterious realm of God Source, do I want to hide like a mouse?"

Canggu Medical God smiled and said, "If you don't want to do this, then increase your strength as soon as possible!"

Ye Chen nodded, his eyes were firm, and he moved on.

But after not taking a few steps, Ye Chen stopped abruptly!

He frowned slightly and looked at a huge boulder not far from him. The boulder was ordinary and seemed to have nothing special.

His eyes first showed a touch of doubt, and gradually, the doubt turned into shock, shock, and ecstasy!

Even the breath can't help but become agitated!

Ye Chen looked at the boulder with his eyes shining, like a wolf, he saw a sheep!

Canggu Medical God is a little strange, what happened to Ye Chen? Could it be that he still has a hobby of collecting stones?

That huge stone, in the eyes of the ancient doctor **** Cang, was also nothing special. He couldn't help asking, "Ye Xiaozhi, are you okay?"

On Ye Chen's face, an extremely brilliant smile bloomed and said, "Canggu Medical God, it is against the sky, this time, it is really going against the sky!"

"It seems...it seems that the strange treasure in this Divine Origin Secret Realm resonates with the blood in my body!"

"You...what did you say?"

Even Cangu Medical God was so shocked that he couldn't speak. Some even couldn't believe it...

What does it mean that the blood in Yibao and Ye Chen resonates?

Could it be that Ye Chen could sense the existence of those divine origin treasures?

This is impossible?

Even if Ye Chen has the blood of reincarnation, but he hasn't fully awakened, he should not be able to do it...

Chapter 2655: Make a big profit!

Although, this divine origin strange treasure was indeed nurtured by the power of the Ye Family.

But Ye Chen's current strength should be impossible.

unless.....

Even Ye Chen himself couldn't help but swallowed his saliva and murmured, "Unless, this strange treasure is similar to some kind of existence in the blood in my body, and even has the same origin..."

The ancient medical **** Cang stammered, "This...is this true? Boy, your luck is too bad..."

What a coincidence is this to be caught up by Ye Chen!

"Is it true? Just look at it!"

Ye Chen couldn't help it. His figure flashed. Before he came to the huge boulder, he carefully observed the surrounding area, and after confirming that he was the only one here, he punched out!

"Extreme martial arts heavy punches!"

Above the fist, a burst of black light burst out, endless power, in Ye Chen's body, the ultimate gallop!

Facing the boulder, pouring out!

Here is the secret realm of the gods, one grass and one tree, one mountain and one stone, and it has been nurtured for countless years by the breath of the gods, and its hardness can be imagined!

Therefore, Ye Chen tried to break through the boulder and exhausted all his strength!

With a heavy fist with an aura of destruction, it hit the boulder fiercely!

There was a soft crack, a crack appeared in the place where the fist fell, and then it spread quickly!

Ye Chen's power was controlled extremely accurately, and the huge boulder hardly caused any movement, it turned into smash.

A fist-sized crimson spar fell on the ground. At the center of the spar, there seemed to be a white flame burning!

This flame, although enclosed in the spar, did not emit the slightest temperature, but somehow, it actually caused the surrounding space to be slightly distorted.

"Sure enough, there is something!"

Ye Chen picked up the spar on the ground with great excitement. Although he didn't know him, he could clearly feel the extraordinariness of this spar!

Canggu Medical God said with some surprise, "It turned out to be the God Flame Stone!"

God Flame Stone, one of God's source of strange treasures! Looking at the kingdom of God, it is extremely rare and precious!

Even, no less than the value of a true spirit full of blood!

why?

The function of the God Flame Stone is very simple, forging the body to refine the marrow and enhance the strength of the body!

What is reversible is its effect!

Even for Ye Chen's indescribable metamorphosis, it has a terrifying effect!

It could even double the strength of Ye Chen's physical body!

It's still the kind of double the position!

Ye Chen put away the divine flame stone, not in a hurry to refine it.

His current martial arts strength is roughly equivalent to Zhan E's layer of heaven, although he is only one step away from the real Chaos Realm, but this step is heaven and earth!

The gap between the chaotic warrior and the non-chaotic warrior could not be easily crossed even with Ye Chen's metamorphosis.

Although the Shenyan Stone is very strong, it is not enough to push his strength close to the existence of Chaos Realm.

Even his own realm is difficult to break through.

Ye Chen is going to collect more exotic treasures, swallow them together, and use the terrifying energy generated by the gathering of these exotic treasures to directly break through his realm!

For others, there is no difference between devouring so many Divine Origin and Exotic Treasures at the same time, and seeking death, but for Ye Chen, the more they swallow at the same time, the greater the effect it will bring!

If you swallow it alone, although you can increase a part of your strength each time, you have to lose a certain amount of the essence of the gods every time, and it takes more time to calculate.

Ye Chen, always like it, will maximize the income!

His eyes flashed and said, "Hehe, Bai Yuhuang, Yang Chiyuan, wait, wait for me, Ye Chen, the day when I rise!"

How can it not rise? Those strange treasures are mostly hidden in incomparably hidden places, such as this **** flame stone, if there is no blood resonance, Ye Chen himself would not find it!

Naturally the same is true for the evildoers of other great kingdoms!

For example, the man and woman who passed by just now did not find the existence of the God Flame Stone!

In other words, Ye Chen seems to have a strange treasure radar, it is not comparable to other evil spirits exploring the secret realm who smashed around like a headless fly!

An hour later, Ye Chen stood on the edge of a big river, gazing at the rushing water, suddenly plunged into the water, and kept diving against the extremely heavy river!

Directly, dive to the bottom of the river!

He flipped his wrist, and the Qinglian Heaven-extinguishing Sword fell into his palm, and without hesitation, he slashed it somewhere in front of him!

The river was tumbling, turbulent, and somewhere at the bottom of the river, a three-meter-deep pit was directly blasted by Ye Chen's sword!

And in the pothole, lying quietly, a pearl exuding colorful brilliance.

Ye Chen took the pearl in his hand, and the moment his gaze fell on it, he actually felt dizzy in his brain, and the surrounding space began to be distorted and deformed!

His expression changed drastically, and he suddenly looked away before returning to normal!

"Canggu Medical God, just now, what happened?"

"It's an illusion!" Canggu Medical God said solemnly.

"Illusion!?" Ye Chen exclaimed. He has the body of demon thinking, but he can break all the illusions. He was affected by the illusion after just a glance?

This is too scary, right?

"Canggu Medical God What is this stuff?"

Canggu Medical Divine Dao "Illusive rosary beads, divine origin treasures, can be used to create illusions, or to perform divine attacks!"

"The illusion of this phantom rosary is so terrifying, you have also experienced it, almost to the realm of illusion! If you use it to perform a spiritual attack, it is even possible to kill a warrior in the chaos realm. ! Even if it can't, at least, it will hurt them!"

"And if it is used to create illusions, it should be able to trap several chaos in existence for a while!"

"Not bad!" Ye Chen put it away after finishing the illusion beads offering, very satisfied.

Although the phantom rosary cannot be used to enhance strength, it is undoubtedly a good thing to save your life!

In the next few days, Ye Chen has been wandering in the secret realm, and the harvest is extremely rich!

Now, he has a God Flame Stone, a Phantom Bead, a Dragon Fruit, three Baohua Stones, and a Soul Orb in his hand!

The dragon fruit looks like a gilded cantaloupe, but it is much smaller, only the fist is big, and the pattern on it has also become a dragon pattern!

This dragon fruit is also an exotic treasure used to strengthen the physical body. It is the same as the **** flame stone, which can greatly increase the body's strength. However, the **** flame stone focuses on increasing strength, while the dragon fruit improves tenacity and vitality. !

Baohua Stone, a nail-sized gem with a five-color aura, can bring a lot of spiritual power and make the spiritual power in the body pure and condensed several times!

Primal soul orb, off-white, it looks like an inconspicuous round bead, the treasure that nourishes the soul, and the strengthening of the soul is about the same as the strengthening of the body by the flame stone!

These things, just take them out, are all treasures that the evil spirits of the great kingdoms can fight desperately!

Chapter 2656: Shortness of breath!

If these treasures were refined and swallowed, it would be enough to increase Ye Chen's strength several times! It is even possible to directly break through several small realms in strength!

However, even so, Ye Chen did not stop and continued his treasure hunt!

He knows, this, has not reached his limit!

If you want to absorb the source essence of the foreign treasure to the greatest extent, you must devour it in the limit state every time!

...

After three hours, Ye Chen came to a glacier.

The cold was overflowing, everything was frozen, and a blast of ice wind swept over, even Ye Chen felt a pain on his cheek.

If the ordinary Slashing Evil Realm martial artist were here, I'm afraid they would be frozen to death.

But at this moment, Ye Chen regarded the howling cold wind as if nothing, standing in an ice cave, staring at the ice wall in front of him.

His eyes were burning, and deep in his pupils, there was an extremely strong desire!

At this time, his whole blood seemed to be boiling!

Behind this ice wall, what is sealed...

That is something that is more than a hundred times stronger than the blood resonance produced by other treasures such as the God Flame Stone and the Yuan Soul Orb!

He suddenly took out the Qinglian Destroying Sword, screamed, and slashed the sword on the ice wall!

If this sword is enough to cut an abyss in the kingdom of God...

However, the Qinglian Sword of Destruction of such a weight smashed on the ice wall, leaving only a three-inch deep sword mark...

so hard!

This ice wall, even in this Divine Origin Secret Realm, is considered a hard thing, right?

Therefore, there are almost no other evil spirits from the kingdom of God to hunt for treasure.

Ye Chen looked at the sword mark, his pupils shrank, but he didn't give up, and he continued to swing the Qinglian Detian Sword, bombarding the ice wall!

Soon, under Ye Chen's efforts, he was born on the ice wall, and he cut a 10-inch deep hole!

A **** brilliance bloomed in front of Ye Chen's eyes!

A drop of blood, constantly squirming, the blood of the sixth heaven lying quietly in the ice wall!

This drop of blood, surrounded by seven **** halos, from the inside out, from deep to deep!

Ye Chen's breathing suddenly rose!

What a strong divine essence!

It was ten times more intense than all the treasures he had obtained before!

"Canggu Medical God, what is this?" Ye Chen stammered...

Even the ancient medical **** Cang couldn't calm down anymore!

He laughed ecstatically and said, "Boy, this is a drop of god-origin essence blood! Moreover, it is still a god-origin essence blood with seven levels of blood light! Even ordinary god-origin essence blood is comparable to you. Divine Flame Stone is a more powerful treasure! And the Seven-fold Blood Light is the highest level of Divine Origin Essence Blood, which can be possessed!"

"There are two ways to swallow the essence and blood of the gods, one way, take it slow, a chaos warrior, who spends hundreds of years, may be able to swallow this drop of the essence of the gods with seven blood lights, ten times The essence of one, the other is to use the strong blood as a guide!"

"Boy, if you don't have the blood of reincarnation in your body, even if you want to swallow this drop of essence of the gods, it will take tens of thousands of years, but with the blood of reincarnation, the speed can be increased. Countless times! And if you swallow this drop of Divine Origin Essence Blood, the blood in your body will directly sublimate, and the concentration will be unimaginable!"

"And your strength, even I, can't be sure how many times it can be increased, but I can assure you that after absorbing this drop of the essence of the gods, the promised person in the Dragon Palace, you have a chance to be able to shake !"

Ye Chen was going crazy when he heard this! Go crazy with joy!

As soon as he stretched out his hand, he was about to grab the Shenyuan essence and blood, but the blood radiating from the Shenyuan essence and blood actually brought him immense pressure!

Ye Chen's complexion changed, clenching his teeth, his whole body surged, the veins violently violently, and he stretched out his hand toward the source of God's blood desperately.

His palm was close to the ball of blood and bones inch by inch, but his bones continued to shatter and his flesh and blood collapsed.

This is when he has the blood of reincarnation, activates the red dust and the unstable Lingfeng divine vein!

If so, there is no such incomparably defying reincarnation blood in his body, then, with Ye Chen's strength, I am afraid that he can't get close to this drop of divine origin blood.

After two full hours, Ye Chen took that drop of blood into his palm.

On his face, a satisfied smile appeared, and now, he can devour it, let his strength completely break through the chaos realm!

Just when Ye Chen was about to leave this ice cave to find a hidden place to practice, there was a sound of footsteps outside the ice cave!

Ye Chen's pupils shrank, and his face instantly paled, and cold sweat broke out on his forehead!

"At this time, someone is here?"

Ye Chen cursed secretly. Just now, his mind was focused on collecting the essence and blood of the gods, and he was careless for a while!

Soon, the three men stepped into the ice cave at the same time.

The clothes worn by these three men are somewhat similar, and they all exude a light blue charm, which is the symbol of the Fourth Kingdom of God!

The three of them have different looks. If there is anything in common, they all have extremely cold and arrogant looks on their faces!

And these three people are all warriors of the chaos realm, and each one has an extremely terrifying aura!

Especially the first one, with narrow eyes and deep pupils, a silver-white electric glow flashes from time to time, with a sharp chin and a fair complexion. It looks like a young man with a little femininity among the handsome.

Every time he takes a step forward, there is a feeling that makes Ye Chen's heart tighten!

It seems that the **** of death is walking towards him!

Ye Chen's complexion quickly regained his composure. On the surface, he looked plain, but in his heart, he kept roaring!

These few people are so immortal, they came at this time!

As long as he takes a few more breaths, he can leave here with the essence of God's blood and improve his strength!

These three men are all true disciples of the first-class forces of the Fourth Kingdom of God! Other kingdoms of God are different from the seventh kingdom. There are not a few disciples who enter the secret realm of the source of the gods, and it is naturally easier to meet each other!

The headed one with long narrow eyes and a tall and thin body, named Wu Kelun, is the number one in the True Legend of Chengfengmen, and he is cultivated as the third heaven of Chaos Realm!

The other two people, one of medium build, dark complexion, average facial features, named Zhao Chunwu, cultivated as the peak of the second layer of Chaos.

One is full of muscles, his temples are bulging, a pair of tiger eyes shines brightly, and a strange animal tattoo on his neck, a man with a sturdy temperament and a domineering smile, named Chen Yida, who has cultivated into the second layer of chaos!

After seeing Ye Chen, these three people were all taken aback, and there was a glimmer of surprise in their eyes, as if they had seen something weird!

There is a Taixu Realm in this place?

How can Taixu realm survive?

Chen Yida even frowned unceremoniously and said, "In this Divine Origin Secret Realm, there is such a cultivation base? Is there any mistake? How did this kind of person get in? Let this kind of person compete with us for resources?"

Chapter 2657: Breath of the Lord of Reincarnation

Zhao Chunwu's eyes flashed and he sneered, "Haha, Brother Chen, if you take a closer look, you will know the reason for the breath on this kid."

Chen Yida was taken aback, Ye Chen was too low-level in his eyes, it could even be said that the low-level was too conspicuous! As a result, he didn't even notice the other party's breath!

At this time, after a closer look, Chen Yida smiled and suddenly smiled after the faint green charm exuded from Ye Chen.

"So that's the case. I knew that the seventh kingdom of God was wasteful enough, and I didn't even have the qualifications to participate in the conference of the kingdom of God, but I didn't expect it to be so wasteful?"

Tai Xujing? Hehe, when we take the wind gate, we can only be the lowest class, handyman like a dog, right? After arriving in the seventh kingdom of God, will he become a genius who can enter the secret realm of the source of God? Interesting, really interesting! "

"I don't know why the reincarnation master who controls the supreme divine power wants the seventh kingdom of God to exist."

"This seventh kingdom is simply a blasphemous master of reincarnation."

Originally, the Seven Kingdoms of Gods held regular meetings of the Kingdom of Gods and sent their guardians to communicate with each other. However, the Seventh Kingdom of Gods had fallen for too long and had been ignored by the other six kingdoms of God!

Even the Kingdom of Gods Conference no longer invites the Seventh Kingdom of God to participate.

This is why, guardians like Tu Lanxin did not disclose the existence of other kingdoms in the seventh kingdom, and most people in the seventh kingdom do not know there are other reasons for the kingdom.

Weak countries have no diplomacy!

It's the same everywhere!

But Ye Chen stood there, still silent, even lowered his head slightly.

It's just a pair of eyes, becoming more gloomy, and faintly flashing with killing intent!

He thought this was simply the funniest thing in the world.

As the lord of reincarnation, he was said to have desecrated himself by others?

What is this operation?

However, he did not explode...

He knew that now, it's not time...

If there is only one person, he can still use the rosary to fight...

But the other party, there are three people, they must wait for the best opportunity!

Although he is arrogant, but arrogance is not reckless, not looking for death, if there is a chance to kill these three instantly, even if it is very slim, Ye Chen will fight!

But the fact is that now, Ye Chen did it, and there was only one...

That's death!

Of course, this does not mean that Ye Chen will let them go...

Those who insult him will definitely pay the price!

Wu Kelun was originally squinting at Ye Chen contemptuously, but suddenly, there was a burst of light in his eyes! A trace of shock appeared on the surface!

With a wave of his hand, he stopped the cynicism of the other two people, and his figure flickered, and he came to the pit that Ye Chen had dug in the ice wall!

Ye Chen didn't seem to have any reaction, but he couldn't help but feel tight!

not good! Be noticed by this guy!

"God source blood!"

Wu Kelun felt the traces of magic remaining on the ice wall, and was instantly excited! I can't control myself!

Divine Origin Essence and Blood, but one of the top treasures in this Divine Origin Secret Realm!

If they get a drop, even the worst blood and blood, they will be considered a worthwhile trip!

Moreover, it seemed that the essence of the gods had just been taken away! The divine will has not completely dissipated!

He turned his head abruptly, staring at Ye Chen firmly and said, "Boy! You took this god-origin essence blood? Hand it over!"

"what?"

A trace of confusion appeared on Ye Chen's face and said, "God source essence blood? What **** source essence blood?"

He looked at the pothole and said, "I just passed by here. When I came, the ice wall was already like this."

"Lying in front of my son? Looking for death!"

Wu Kelun yelled violently, this **** source blood is so gone? It's as if you saw a diamond in front of your eyes, you can pick it up as soon as you reach out, but it suddenly falls into the sea!

How can he not get angry?

Wu Kelun's Chaos Realm aura burst out frantically, rushing towards Ye Chen with a shocking force, Ye Chen's complexion changed drastically, his bones creaked under the pressure of the aura, and he retreated three steps in a row, spitting out a big mouthful. Blood!

He was still bowing his head, and the hatred in his eyes was even stronger!

At the same time, his left hand was tightly held, and the rosary was buckled!

At this time, Zhao Chunwu smiled and said, "Brother Wu, calm down."

He pointed to Ye Chen and said, "This kid in the too virtual realm, can he break this ice wall? It's a question, let alone take away the essence of the gods, you can't even get close to it?"

Wu Kerun nodded and withdrew his breath, but looking at Ye Chen, he was still angry, and coldly said, "This is true." Although Ye Chen took his breath and did not die, he was a little surprised, but , Did not take it too seriously.

In fact, he also understood that with Ye Chen's strength, it was impossible to take away the essence and blood of the gods. He just missed the top-level strange treasure and turned his anger on Ye Chen.

Chen Yida smiled grimly and said, "However, for the sake of insurance, this waste should be killed?"

Ye Chen held his breath and was ready to fight to the death. He knew that in this situation, even if the phantom beads were used to create the illusion, there was a possibility of losing his hand. As long as one person did not fall into the illusion, he would die. .

But only one fight!

Zhao Chunwu looked at Ye Chen with a playful look on his face and said, "Hehe, want to kill, don't rush for a while, most of these divine origins and strange treasures are hidden in secret places, we just need some hard work, don't we? "

Wu Kelun smiled and nodded and said, "It makes sense. This kind of dirty work should have been done by these people, right?" These days, they have been digging and looking around aimlessly for nothing. If you get it and make you feel ashamed, is this what the tianjiao who take the wind gate should do?

Moreover, let Ye Chen do these coolies Can they hurry up and practice?

The benefits of cultivating in this divine origin secret realm are not small!

Wu Kelun flipped his hand and a rune appeared in his palm. He sneered at Ye Chen and said, "Boy, accept this slave mark, and follow us!"

Ye Chen stared at the rune, facing Cangu Medical Divine Tao, "Old man, can this slave mark be cracked?"

Cangu Medical God sneered a few times, and said, "This slave mark has a hint of reincarnation and is very weak. For others, even the strong chaos, it may be able to trap, but for you, there is no effect! But you can pretend to be effective!"

Ye Chen's eyes flashed, and he smiled slightly and said, "Okay."

In an instant, the mark fell on his forehead.

But it also disappeared instantly.

...

At the same time, there is a temple in the deepest part of the Divine Origin Secret Realm.

In the hall, countless idols line up.

And on the top of the palace, there is an ancient text-Ye!

Although the Ye Family has disappeared in the history of the Kingdom of God!

But his legend is always there!

The idol is the best testimony.

The seventh kingdom of God where Ye Chen is located is extremely rare!

But here, it is very common!

Just because this secret realm is also Ye Family's handwriting, carrying Ye Family's will.

In front of the idol, there are three Pu groups.

On the futon, the three old men closed their eyes and practiced.

Suddenly, the eyes of the three of them opened, and the power beyond the chaos spread out.

The old man in the middle stared at the idol of the Lord of Reincarnation in the center, and exclaimed, "You can feel...just now, in the secret realm...it seems...the breath of the Lord of Reincarnation..."

"how is this possible!"

Chapter 2658: endure

Lord of Reincarnation!

These four words are almost sealed in history.

Never be opened!

Almost everything in the kingdom of God was under the control of the Lord of Reincarnation.

That is the power beyond endless and reincarnation.

For many powerhouses in the kingdom of God, the Lord of Reincarnation is God.

The Ye Family is the **** seat.

These three elders witnessed the demise of the Ye Family of the Kingdom of God and the fall of the Lord of Reincarnation.

I also witnessed the destruction of countless gods symbolizing faith in the Kingdom of God.

They experienced the heyday, and also experienced the dusk of the gods.

They slept in a secret realm, burying the only pursuit in their hearts.

They were once a lot of people.

And now, it still is.

The only thing we can do is to have compassion for all beings.

The old man on the far right opened his eyes, there was no trace of panic in the turbidity. He glanced at the idol and made a gesture: "You're crazy again."

"No matter how many years have passed, you have to accept one thing, the Ye family is gone."

"Also, I feel the breath of the secret realm has changed a lot, I am afraid that people from those seven areas have entered."

"Hey, I didn't understand why the Lord of Samsara divided the kingdom of God into seven parts, and each part was completely isolated."

"After sleeping for so long, I finally figured it out."

"Perhaps this is the invisible causal barrier established by the Lord of Samsara."

"If there is no separation, I am afraid that the entire kingdom of God will be smothered by those guys."

"The Heavenly Path Palace is no longer the former Heavenly Path Palace."

After the old man finished speaking, he continued to close his eyes.

But the old man in the middle could no longer keep his inner peace. The moment just now was definitely not accidental!

This truly belongs to the blood of reincarnation!

As for the blood of reincarnation, only the Lord of reincarnation can be controlled in the world.

He stood up abruptly, and there were some cracks in the surrounding space! It shows how terrifying the opponent's strength is!

In an instant, the old man disappeared above the hall.

His decisive voice echoed in the entire hall:

"I always feel something is wrong, I must go and see."

The other two old men looked at each other and shook their heads.

Close your eyes.

However, when his eyes swept across a statue of a man in front of him.

A deep awe lingered.

That was the fear once dominated by the Ye Family.

And this man idol was actually a bit like Ye Chen.

...

At this moment, after Ye Chen refining the mark, no one noticed. Ye Chen quietly crushed a gray-white ball in his hand, sucked it into his body, and slowly refined its power...

The gray-white round beads are the soul beads that can enhance the power of the soul!

Two days later, on a hill, Wu Kelun paused, and suddenly pointed to a certain rocky mountain wall, and said to Ye Chen: "Cut it open, three meters deep."

At this time, Ye Chen, with a gray head and face, looked quite embarrassed. There were even a lot of wounds on his body, but there was still no expression on his face.

Even somewhat indifferent and cold.

Upon hearing this, Ye Chen walked stupidly to the mountain wall, took out the Qinglian Heaven-extinguishing Sword, and chiseled and hit the hard rock.

He was sweating all over his body, and it looked like he was very strenuous, and he didn't chisel fast.

Wu Kerun, Chen Yida, and Zhao Chunwu looked at each other, and they all showed triumphant smiles.

In the past few days, they drove Ye Chen to dig here and there. Although they didn't dig anything, they felt a lot easier, as if, in this Divine Origin Secret Realm, they were the fourth place. The first-class forces of the Kingdom of God really pass on the superiority of the disciples!

At this time, a cruel light flashed in Chen Yida's eyes, and he shouted at Ye Chen violently: "You **** broke your bones? It took an hour to gouge it out! Are you lazy for Laozi?"

In the next second, endless waves of air vibrated, as if passing through Ye Chen's body.

Ye Chen really didn't give his full strength, only used about one-tenth of his strength. This was to hide his strength and prevent Wu Kelun and others from being vigilant.

But he knew that Chen Yida did not act on him because he chiseled slowly!

Even if he only used one-tenth of his power, it was still comparable to most of the warriors in the late Zhan'e period!

Ye Chen's eyes were crazy killing intent!

Wu Kelun, Chen Yida, Zhao Chunwu! I promise, Ye Chen, that everything you do to me, I will get back thousands of times!

Give me a little more time, it won't even be long...

In the past few days, as long as Chen Yida has a slight dissatisfaction, he will find an excuse to act on Ye Chen!

All the injuries on his body came from this!

But Wu Kerun and Zhao Chunwu watched with interest, without any intention of stopping them.

Ye Chen took a deep breath, and when he stood up again, his complexion returned to a dull look. Before returning to the mountain wall, he chiseled it one after another, as if nothing had happened.

In Zhao Chunwu's eyes, a different color flashed: "This Taixu realm is really resistant to fight! Is it that the people of the seventh kingdom of God are all basalt? Thick skin?"

In the past two days, Chen Yida shot Ye Chen many times.

Generally, the Taixu realm should have fallen long ago.

And Ye Chen turned out to be just a few minor injuries, which is really incredible for them.

Chen Yida didn't care walked in front of Ye Chen and stared into Ye Chen's eyes. After a while, he turned his head and smiled at Wu Kelun and Zhao Chunwu:

"Brother Wu, Brother Zhao, come and take a look. This kid is hurt like this and has no temper at all? Hahahaha, is this kind of virtue for the martial artist of the Seventh Kingdom of God? Is this also considered a martial artist? This kind of person, in our Fourth Kingdom, is only worthy of being ants, right?"

"I finally understand why the Lord of Reincarnation back then divided the kingdom of God into seven regions and separated them with Heaven-defying Spells."

"It's probably to isolate some lowly blood."

Ye Chen was silent, just looking at the stone wall in front of him, chiseling.

In the past few days, there were waves of dragons in his mind.

He knew very well that this was the reply of the blood dragon.

After all, this secret realm belongs to the Nine Heavens Dragon Palace.

At this moment, I and the blood dragon are extremely close!

The blood dragon should be trapped in that abyss, unable to break the ban.

Moreover, Ye Chen felt that the aura of the blood dragon became stronger and stronger.

But the aura of the extraterritorial dragon that once appeared in the picture is getting weaker and weaker.

In this confrontation, the blood dragon seemed to have won.

And what about yourself?

Of course Wu Kerun, Chen Yida and Zhao Chunwu do it on themselves!

But he did not give up!

He is brewing!

Every time this group of people act on him, the Lingfeng divine veins and Chichen divine veins will be activated.

The Chichen Divine Veins prevented him from being injured.

And Lingfeng's divine veins continuously absorb power!

Soon, this time the power of Lingfeng's divine veins will be full again!

This is his chance!

Chen Yida's expression sank, and seeing Ye Chen still calm, he said sensibly, "I'm talking to you, didn't you hear?"

Ye Chen lowered his head slightly and said, "Oh."

The three of Chen Yida glanced at each other, all laughing wildly: "Look! I'll just say it!"

Chapter 2659: plan

Interesting, so interesting!

It's great to bully the weak!

...

After the three-meter-deep chiseling was completed, there was nothing in the stone wall.

A few people, continue to walk forward.

Came to a sandy beach.

Wu Kelun closed his eyes for a while and asked several people: "Did you feel that the aura here is a bit special?"

Chen Yida and Zhao Chunwu nodded and said, "I feel so too."

"Not bad!"

Wu Kelun pointed to the beach under his feet and looked at Ye Chen playfully, "Ye Chen, here, dig ten meters."

Ye Chen didn't say a word, and started digging!

It didn't take long to dig five meters!

At this moment, a burst of joy broke out in Ye Chen's eyes!

The Soul Orb is finished!

The power of his soul has nearly doubled in an instant!

Lingfeng's divine veins have also absorbed energy!

Can be used!

Although these three people are very strong, Lingfeng's divine veins have experienced too much and absorbed countless incredible powers!

Heavenly Lightning Tribulation, Divine Light Ceremony, Ancient Battlefield, Toxic Cave, Chaos Realm Powerhouse, Xuanyuanhan, and even the secret realm!

Ye Chen was even a little excited.

A crazy, severe smile appeared on Ye Chen's face.

He suddenly said coldly: "Three, I found a treasure!"

what!

I really found it!

A breath of divine origin surged from the pothole.

Wu Kerun and the three looked at each other, and they were all very happy!

"Ye Chen, bring the treasure quickly!"

Ye Chen's figure flashed, and he returned to the beach. In his hand, he held a pearl emitting seven colors of brilliance!

It is the rosary!

The joy in the eyes of the three is even more intense!

Sent!

Phantom rosary! not bad!

Wu Kelun was full of spring breeze, as soon as he stretched out his hand, he would take the illusion beads from Ye Chen.

But at this moment, Ye Chen violently shouted: "Take it!"

The superb divine power almost turned into substance, whizzed out, poured into the phantom rosary, and the seven-color brilliance instantly shone to the extreme, submerging everyone's figures!

Ye Chen, the reason why he endured it for so long was because, with his original power and strength, he was not sure to fully exert the power of the illusion beads while trapping the three of them in the illusion!

Therefore, he quietly refined the Soul Orb!

This can be done with Ye Chen's anti-celestial physique! He restrained his strength, in addition to confuse Wu Kelun and others, another part of the reason was to concentrate and refine the soul orb!

At this moment, Wu Kerun and the three people were confused, standing still on the spot, smiling silly.

Canggu doctor said divinely: "Boy, now, what are you going to do? I suggest you don't use the power of Lingfeng's divine veins! This will allow you to save your life in the future!"

"And the power of Lingfeng's divine veins is not enough to kill three people. Once one of them survives, you are still in danger."

Ye Chen stared at the three of them and asked, "How long can this rosary bead trap them?"

"One month!"

Ye Chen smiled, and his killing intent surged: "Then I will go first!"

Now, if he attacked at will, the three of them might wake up from the illusion.

To the surprise of Canggu Medical God, Ye Chen actually pinched his fingers and left his mark on the three of them.

"Boy, what are you doing? This mark is left, and they can find you no matter how far you go!"

"Who said I'm going to run?"

Ye Chen's eyes surged with killing intent.

"Let's go nearby, find a hidden place, and retreat!"

One month is enough!

Enough for him to absorb all the foreign treasures!

Wu Kelun, Chen Yida, Zhao Chunwu, when we meet again, I will definitely let you know what the warriors of the Seventh Kingdom of God are like...

Soon, Ye Chen found an extremely hidden cave, drilled into it, and arranged a hidden array outside the door.

Sitting cross-legged, he is actually a brain, he will be the **** flame stone, Baohua stone, Shenglong fruit...

And the drop of Shenyuan blood, took it out.

Then a mouth, swallow it all!

In an instant, the violent divine essence swept the whole body!

A ball of blood flame wrapped it up, as if the whole person was burning!

But after that, Ye Chen's cultivation base rose rapidly!

So many benefits have made Ye Chen's originally difficult breakthrough extremely easy!

A raging anger arose in Ye Chen's heart!

Chaos Realm is very strong?

The Fourth Kingdom is very strong?

so what!

He is Ye Chen!

...

A month later, the three of Wu Kelun, who were originally dull-faced, were all taken aback, and then their eyes suddenly regained their clarity!

"Ye Chen!!!"

Wu Kelun let out a roar, now, where does he know Ye Chen's way?

Zhao Chunwu and Chen Yida also looked grim!

The three of them, the dragon among the dignified gatekeepers, gave a waste of the emptiness realm, so play?

If it is spread, how will they gain a foothold in the Fourth Kingdom of God in the future!

More importantly, they didn't come to this Divine Origin Secret Realm for vacation!

Just because of this kid, was stuck here for a month for nothing?

This month, they could break through one or two small realms for cultivation, right?

"Brother Wu The mark of that kid seems to be there, even if we run farther, we can still find him!" Zhao Chunwu said coldly.

In Chen Yida's eyes, he said cruelly: "Hehe, I really didn't see it, this dog really dares to bite people? It seems that we have to learn a lesson."

Wu Kelun suppressed the anger in his heart, nodded, a little bit between his eyebrows, a rune appeared between his eyebrows, an invisible wave, spreading towards the surroundings!

After a while, Wu Keren opened his eyes, frowned slightly, and said with some doubts: "This kid, who has trapped us for a month, hasn't escaped far?"

Zhao Chunwu said: "Let's take a look first!"

It stands to reason that Ye Chen should have escaped as far as possible. However, what a waste of the Seventh Kingdom of God, can he turn out a flower?

Is there another rosary in this kid's hand?

Haha, thought that the phantasmal rosary is really all over the street?

Immediately, the three of them moved towards the cave where Ye Chen was located!

...

Soon, a few people came outside the cave!

Ye Chen in the cave suddenly opened his eyes, his face was indifferent, and he sneered: "Is it finally here?"

At this time, Ye Chen's cultivation had already broken through to the peak of Tai Xu!

It's only half a step away from Zhan'er Realm!

You know, he is suppressed by the blood of reincarnation, and it is extremely difficult to break through!

And now that you have stepped into such a realm, you can think of the benefits of this secret realm!

The three fell in front of the cave. Wu Kelun stared at the dark cave, the anger in his eyes became more and more intense, and he coldly shouted: "Ye Chen! Can't escape? Give this son, get out!"

There was a sound of footsteps in the cave.

Ye Chen's figure gradually appeared in front of the three of them.

The three of them glanced at each other, their eyes full of anger!

Did you hide here to practice?

Chapter 2660: ambush

Wouldn't this ant have the ridiculous idea of defeating the three of his own?

Well, one month, breaking through the peak of Taixu, even close to Zhan'er, not bad...

Unfortunately, in their eyes, it is still rubbish!

Even the gap between Zhan'er and Chaos is vastly different!

Wu Kelun sneered: "I thought Master Ye used a rosary bead to trap me. What did he want to do? It was for cultivation? You said you wanted to practice? Why waste a rosary? "

"Waste?" Ye Chen smiled faintly: "It's really wasted for you bastards."

The air in front of the cave suddenly fell silent...

The three of them all looked at Ye Chen in disbelief...

What did they hear just now?

Ye Chen insulted them as bastards?

That ant who is hardworking, kicked and kicked for no reason, who dare not complain at all?

Now, dare to speak to them like this! ! !

The spirits of the three people were instantly ignited by anger!

If Ye Chen was so arrogant and presumptuous at the beginning, they might just think Ye Chen was stupid, and they wouldn't be so angry!

But once, the person who was respectful to you suddenly abused you indifferently?

But it is even more unacceptable!

It seemed that Ye Chen had stepped on his dignity all of a sudden!

Zhao Chunwu's eyes were cold, his wrists turned over the sky, and he held a golden half-step magic sword. He was full of killing intent, raging like a storm. He stared at Ye Chen with his eyes and sneered:

"Waste is waste. After breaking through a few small realms, I don't know the sky is high and the earth is thick?"

Chen Yida smiled grimly: "Brother Zhao, don't kill this kid directly, just chop off his limbs first. I haven't taught him well yet."

Zhao Chunwu smiled coldly, and the spiritual power of the second-tier chaotic realm broke out against the sky, like a super storm, instantly swept over a hundred miles, wind and sand and rocks, and even some trees were directly uprooted!

Condensed incomparable spiritual power, madly poured into the golden long sword in his hand, the blade is shining, the sword intent is vertical and horizontal, like a dragon that hangs from the sky, descending to the world!

Exudes extremely domineering, majestic charm!

With a long sword dance, golden light overflows, every ray of golden light shakes the incomparably stable void of this divine origin secret realm, every ray of golden light is like a sword world!

In the world, Wanlong is flying!

"Yellow Dragon Dance Heaven Sword!"

Zhao Chunwu let out a low cry, a sword cut towards Ye Chen, billowing golden light, suddenly condensed, divided into four golden dragon-shaped sword intents, and roared towards Ye Chen!

Each dragon shape contains the ultimate sword intent, a kind of domineering, fierce, like the sword intent that can cut through the mountains!

This cave, under the weight of the sword intent, was slightly shaken!

Zhao Chunwu's eyes were like poisonous snakes, locked onto Ye Chen, and seeing Ye Chen still standing still after his sword was cut out, still standing still, a trace of joy flashed in his eyes!

With this sword, he almost used his full strength!

On his lips, although he looked down on Ye Chen, he didn't know why, Ye Chen actually gave him an extremely strange feeling!

His combat experience tells himself never to leave Ye Chen any chance!

At this moment, facing the four dragon-shaped sword lights, Ye Chen's pupils also shrank slightly! Zhao Chunwu's martial arts realm with this sword is not low!

Although, it is not as good as Ye Chen's martial arts.

However, this Huanglongwu Heavenly Sword has completely stepped into the realm of ancient martial arts, and, among the ancient martial arts, it can be regarded as superior!

Zhao Chunwu has even cultivated to the realm of Dacheng!

Chen Yida and Wu Kelun sneered and nodded slightly, as if they had seen the blood splashing everywhere, and Ye Chen's limbs were directly cut into nothingness!

Zhao Chunwu's sword is very strong!

Even if they want to take over, it is not so easy!

A Supreme Void of the Seventh Kingdom of God?

One hundred more Ye Chen, there is no resistance at all!

Seeing that the four sword lights were about to fall on Ye Chen.

Ye Chen, moved!

When the three of them saw this, they almost laughed out loud!

At the moment of the Four Golden Dragon Sword Qi, Ye Chen actually punched out seemingly casually!

A simple punch!

Even the extreme martial arts, heavy punching and other martial arts are of no use!

Is this funny?

There should be a limit too, right?

A punch, obviously an ordinary punch, but with an inexplicable attraction!

Originally, the sword light that was slashed towards Ye Chen's limbs actually seemed to be attracted by some kind of inexplicable attraction, and hit Ye Chen's fist!

Everyone was slightly taken aback, what is going on?

Only Zhao Chunwu's complexion changed suddenly!

At that moment, there was a loud noise!

The powerful force rushed towards the surroundings, the rocks broke and the wind was rolling!

Chen Yida, Wu Kerun, the sneers on their faces, solidified instantly!

They don't even believe their eyes!

Those four sword lights were actually hit by Ye Chen and directly shattered?

Moreover, Ye Chen's fist is still advancing!

The four sword lights didn't even let his figure lag behind!

After one-tenth of a breath, this punch came in front of Zhao Chunwu!

"Die to me!!!"

At this time, Zhao Chunwu's expression had completely turned into horror. Only he himself could realize how terrifying the punch that looked like a child's fight, and how terrifying it was! !

His whole body's spiritual power poured out unreservedly, the dragon's voice shook the sky, and the sword light came back!

Amidst a loud bang, blood mist erupted, and the air flow compressed. Zhao Chunwu's ultimate sword was instantly broken, and this punch fell on his shoulder!

Zhao Chunwu's whole body, flesh and blood and bones, burst in an instant, and his whole body flew upside down like a cannonball, slamming on the mountain wall, it was directly embedded in the extremely hard rock, dying...

Wu Kelun and Chen Yida looked at Zhao Chunwu almost foolishly, then turned their heads to look at Ye Chen.

With a flesh fist, even in the Chengfeng Pavilion, Ye Chen who belongs to the Huanglongwu Heavenly Sword of top martial arts!

In an instant, their pupils trembled!

I saw that on Ye Chen's fist, only a finger-long wound was left, and it was still healing quickly!

In the blink of an eye, it has been restored to its original state!

Let them even feel that what they saw just now is just an illusion!

Ye Chen retracted his fist and said lightly: "I don't know the sky is high and the earth is thick? Maybe, but I still know a little bit about fighting dogs."

The reason why his seemingly ordinary punch was so shocking, in fact, Ye Chen has almost poured the harvest of this retreat into this punch!

Therefore, this almost miraculous scene was created!
