At this time, the old man shouted in a deep voice: "Boy, calm down and listen to me, don't hide, resist the flame, you don't necessarily die!"

"What?" Ye Chen was startled.

Not necessarily to die?

In his heyday state, he cut out the most extreme sword and was almost killed by the fireball. Now he is extremely weak, and the Qinglian Sky Destruction Sword is also broken! Let him bear this sacred fire again, but he won't necessarily die?

If you don't die, you have to be disabled, right?

Even if Ye Chen believed in the old man, he couldn't help but hesitated!

Old Cang spoke again, "Boy, this flame is different from the fireball just now. The fireball is cast by the dragon soul fire spirit in the true dragon god's fire ball! Bai Yuhuang can only use it once in a short time.!"

"Now this scarlet gold flame is extremely terrifying, but it is far inferior to the fireball just now!"

"Although in your current state, withstand the attack of this true dragon and divine fire, it is extremely dangerous, if one is not good, you will die..."

"But, if you want to defeat Bai Yuhuang, you must take a gamble! Because this is your only chance!"

"Victory against Bai Yuhuang?" Ye Chen's eyes flickered slightly: "What does bearing this flame have to do with defeating Bai Yuhuang?"

The old man spoke solemnly: "Boy, do you remember the Yan stele you control!"

Ye Chen heard this, his pupils contracted, could it be that the old man wanted him to... absorb the flame!

"Yes! The ranks of Xuan Yan and Qinglian Demon Fire are far from those of True Dragon and Divine Fire, but Xuan Yan has an extremely powerful attribute, evolution!

When a person is burned, his body will definitely be contaminated with the power of fire. If your body is used as a medium, although it is slow, it can still allow the profound flame to absorb the flame essence of the true dragon and divine fire, and thus evolve! The reason why I want you to withstand the flames is that I want you to consume the true dragon and divine fire with profound flames! "

"If you swallow this flame, the complete opening of the flame stele will take one step further, and it will even be good for the ancient evil flame!"

"With the engulfing of Profound Flame, your body's resistance to flames will become stronger and stronger, boy, as long as you survive the first wave of damage caused by the flames, you will not only not die, but you will also have unimaginable gains. !"

At this moment, the flame has arrived in front of Ye Chen!

Staring at that scarlet flame, Ye Chen's eyes flashed with a resolute color, he raised up to the sky and let out a wild roar, actually standing in place, letting the flame drown it!

Bai Yuhuang smiled cruelly, and his eyes were full of joy.

This trash does not even have the strength to avoid it?

In an instant, the Chijin Flame ignited Ye Chen's whole body!

His body scorched quickly, making a barbecue-like sizzling sound, and the red gold flames could not help igniting his body surface, and even the meridians, blood, and bones would burn for it!

"Ah ah ah!!!" Unspeakable pain swept through every cell in Ye Chen's body. He let out a scream, and rolled to the ground involuntarily, constantly rolling! It looks miserable!

"Hahahahaha!"

Bai Yuhuang laughed wildly, looking at Ye Chen's painful appearance, his eyes were full of pleasure! The true dragon **** fire is the ancient **** fire! Once contaminated, it is like a tarsal maggot. Unless the contaminated matter is burned to ashes, it is almost impossible to get rid of it!

Moreover, the sacred fire is not an ordinary flame, and the pain of being burnt by the sacred fire can be called the torture of torture!

Chen Xin, Jing Tao, revenge for your teacher!

"stop!!!"

The people of Shenjizong stood up instantly, full of grief and anger, looking at Ye Chen's appearance, their hearts were bleeding!

At this moment, he was going to rush to Bai Yuhuang desperately!

At this moment, the three figures flashed, blocking them!

"You guys, what are you going to do?" Zhao Gu looked at everyone with a smile, "This is a life-and-death battle, and outsiders can't intervene."

These three people are the three ancient god-body geniuses of Zhenlong Temple!

At this time, the aura of their chaos realm was released without reservation, and everyone in the Divine Extreme Sect couldn't take a step forward at all!

Even the strongest Tu Lanxin is not the opponent of the trio!

Tu Lanxin, Chu Ying and the other women looked away, they couldn't bear it...

Can't bear to watch Ye Chen be tortured by the flame!

"Huh? Not dead yet?"

Bai Yuhuang looked at Ye Chen who was constantly tumbling, not only was he not dissatisfied, but on the contrary, his face was full of joy!

"Hahahaha, okay, kid, hold on for a while, let me see more, your painful look!"

Ye Chen, in the divine fire, the longer he persists, the longer he will be tortured!

As for the possibility of Ye Chen's comeback?

Hehe, he has absolute confidence in the true dragon and sacred fire!

A group of warriors, looking at Ye Chen's appearance, all frowned slightly. Is this the end of the first evildoer in the kingdom of God?

No one knew that at this moment, Ye Chen, who seemed to be rolling on the ground in an extremely painful manner, had ecstasy in his eyes!

His body is on the verge of collapse, just a little bit short, he will be completely burned to death! Even if he maintains this state, he can't hold on for long under the continuous erosion of flames!

but!

Ye Chen could feel that as he ran Xuan Yan frantically, his resistance to true dragon and divine fire was improving little by little!

Moreover, the breath of Xuan Yan is gradually growing!

A little red gold gradually appeared on the blue sparks!

One hour, two hours, three hours...

Those warriors who watched the battle looked at Ye Chen, one by one, Chu in his eyes was full of shock! In addition to shock, it is unbearable...

They were shocked by Ye Chen's terrifying vitality...

I can't bear it, it's because Ye Chen has endured the torture of three hours!

If it was them, they had already burst into self-destruction, right?

But Ye Chen, still insisting!

However, everyone knows that this life-and-death battle is about to end...

Because Ye Chen's shouting became weaker and weaker, and his tumbling movements became weaker and weaker...

Ye Chen has reached the limit.

Suddenly, Ye Chen's voice stopped abruptly!

Everyone sighed, finally, is it over?

Bai Yuhuang's face is boring, is this dead? He hasn't seen enough yet.

However, Chu Ying, Sun Yi, Tu Lanxin and other women were swaying, almost fainting to the ground...

Bai Yuhuang stretched out his hand and was about to take back the true dragon **** fire ball.

But at this moment, a figure slowly stood up.

All the martial artists on the scene looked at the standing figure, their eyes were staring out of their sockets!

This, what is going on?

Did you cheat the corpse?

Bai Yuhuang exclaimed even more, with an incredible expression on his face: "Impossible!"

This stood up, full of flames, like a burning figure, it was Ye Chen!

That's the real sacred fire! Ye Chen, how can you bear it? Originally, he was born and burned by the sacred fire for three hours, and he was not dead yet, it was almost a miracle!

Now, actually stood up?

At this moment, Ye Chen sneered, and although his body was wrapped in red gold flames, his eyes were extremely cold!

In his dantian, a flame of half red gold and half blue was flashing quietly, and the whole body exuded extremely fiery aura!

Today's True Dragon God Fire, although it can still cause damage to him, but for Ye Chen's recovery speed, it can almost be ignored!

WINK's Surge to \$1: Join the Wave!

And now Xuan Yan is already qualified to devour the true dragon **** fire!

Suddenly, when everyone was still wondering why Ye Chen hadn't died, he stretched out his hand and pointed at the true dragon **** fire ball, a little farther away!

A bright golden light shot from his finger into the divine fire bead.

In the next moment, a scene that made people unbelievable in their own eyes appeared!

The dragon soul entrenched on the true dragon god's fire bead screamed, and the flames inside the bead surged out, and Ye Chen kept sucking it into his body!

"How is this going!"

At this time, Bai Yuhuang, there is no ridicule, cruel color on the face? Only a deep horror and anxiety are left! He frantically poured spiritual power and manipulated the dragon soul and fire spirit, but he could not stop the flame from being swallowed by Ye Chen!

This true dragon **** fire ball is the treasure of Zhenlong Palace! Even for the Nine Heavens Dragon Palace, it is also a treasure!

If this continues, it will be destroyed in the hands of Ye Chen!

After just a few breaths, the flames in Ye Chen's true dragon god's fire bead completely disappeared, and the red gold flames on Ye Chen's body also merged into his body.

Ye Chen at this time, it seemed that there was no trace of injury at all!

Even the shriveled flesh and blood has recovered!

He looked at this moment, and Bai Yuhuang, who looked at the true dragon **** Fire Ball in despair, flashed a chill in his eyes.

Bai Yuhuang was just barely able to communicate with the dragon soul in the Divine Fire Orb to manipulate the Divine Fire. How could it be compared? He directly refined the Divine Fire with Profound Flame, and obtained the original power of the True Dragon Divine Fire?

He is even more friendly to the true dragon and divine fire than the dragon soul!

Originally, the people of Shenjizong who were about to collapse all looked at the scene in front of them in disbelief, wouldn't they be dreaming?

In the next moment, Bai Yuhuang's complexion was extremely hideous, and his eyes were bloodshot, almost as enchanted. Holding the Longhui sword, he shouted at Ye Chen: "Destroy my magic weapon, waste, I will kill you!!!"

The sword light soars into the sky, the sword intent is vertical and horizontal, and the dragon is permeated!

A purple light sword dragon roared towards Ye Chen very angry!

Tu Lanxin and others, his heart tightened!

Ye Chen, although miraculously surpassed the ancient sacred fire, and recovered his injuries, but now that Ye Chen lost the Qinglian Tiantian Sword, can he stop Bai Yuhuang's sword dragon?

Ye Chen looked at the sword dragon coming in, with a calm expression. In his eyes, a thick murderous intent appeared. He chuckled softly, "Go!"

In the next moment, a bright golden light flowed through Ye Chen's body, and at the same time, a burst of richness that almost made all the warriors on the top of the ten thousand gods, the divinity of kneeling against him burst out!

Erupted from Ye Chen's body!

Above the sky, a faint blood dragon phantom appeared!

Old man's voice sounded in Ye Chen's mind: "Boy, how do you feel?"

"What a strong power!" Even Ye Chen himself was shocked!

Now he feels that as soon as he reaches out his hand, he can control the sky! Then you can take off the sun, moon and stars! Then you can control the life and death of all beings!

He is now God!

"Boy, this power is a bit weird! It's not the power of this flame, it's more like power from another dimension..."

Ye Chen was startled: "Another space?"

Is it the blood dragon of the Nine Heavens Dragon Palace?

In the process of being burned just now.

A dragon chant sounded in his ear.

He even saw some pictures in the flames.

The blood dragon seemed to be eating something.

Could it be that the battle between the blood dragon and the outer magic dragon was won?

The old man hesitated for a few seconds, then nodded: "If I guessed correctly, it really is about the blood dragon."

"I know a little bit about that blood dragon. You said it was caused by your killing intent, and then you continue to advance. This is unheard of in history."

"It's like the beginning of chaos, there is a devouring beast, relying on swallowing, become the overlord of the world..."

"Anyway, the origin of that blood dragon is a bit weird."

"Forget it, no matter where this power comes from, you should end this battle."

At this time, the sword dragon that Bai Yuhuang transformed had rushed to Ye Chen's body!

At the corner of Ye Chen's mouth, a wicked smile was raised, and he let out a low voice: "Jiwu: Heavy punch!"

With a punch, above the peak of the fist, the black glow broke out, the void continued to shatter, the four-volume wind, the law of martial arts, gradually broke!

This punch hit the dragon head of the purple sword dragon fiercely!

Black and purple light intertwined Jian Yi and Quan Yi impact each other!

However, that Zilong Jianguang only supported a short breath, and it collapsed quickly!

The space is turbulent, and a blood-colored figure flies upside down, it is Bai Yuhuang!

At this time, he, wearing a white robe, was completely red with blood!

The Longhui sword in his hand was actually broken in two!

Was interrupted by Ye Chen with a punch!

The countless warriors on the top of the pantheon, their brains, can no longer turn...

Suppress the existence of Chaos Realm with one punch?

What is this concept?

This, even in ancient times, can be called a strong one!

Bai Yuhuang's spiritual power turned wildly, barely stopping his figure in the air, he kept panting, his eyes were bloodshot, his pupils trembled crazily, and he was covered in blood...

It's like a beast driven into desperation!

Now, how can he have the style of a chaos realm powerhouse?

In his eyes, only panic was left!

Ye Chen's power was very familiar just now!

It is the power of the Nine Heavens Dragon Palace!

Ye Chen is not a dragon clan, even if he absorbs that flame, it is impossible to control the power of the Nine Heavens Dragon Palace!

impossible!

But how to explain that power!

Ye Chen smiled sullenly, his figure flashed, and he rushed to Bai Yuhuang's body, with another punch!

Bai Yuhuang backed away frantically, shouting wildly: "Zilong protects you!"

Purple scales appeared on the body, and the purple light shone, turning into a dragon scale armor, protecting Bai Yuhuang's whole body!

With a loud bang, the armor of purple light was shattered by Ye Chen's punch!

"No!!! Impossible! This is impossible! The power in you is more than the Nine Heavens Shenlong Palace!"

Bai Yuhuang vomited blood, his breath quickly faded, watching Ye Chen walking towards him step by step, Ye Chen, with a murderous expression on his face, turned around and fled!

A warrior in the chaos realm was beaten by Ye Chen and fled!

Can you escape?

A punch hit Bai Yuhuang's head severely.

With a bang, Bai Yuhuang's body burst into a cloud of blood, slowly drifting away...

This chaos realm warrior who had shocked the entire kingdom of God fell!

A transparent phantom, with an extremely horrified look, flew out of the blood fog, as if it wanted to escape from the top of all gods!

But at this moment, a black hole appeared out of thin air, and a transparent palm stretched out from it, pulling Bai Yuhuang's soul into it!

"Let me go! Let me go!!!"

Everyone's ears faintly echoed the wailing.

At the moment when Bai Yuhuang's spirit was about to disappear, he looked at Ye Chen's figure, his pupils dilated.

He found that Ye Chen's whole body seemed to be surrounded by an extremely terrifying blood dragon.

The blood dragon's cold eyes stared at himself like this.

It seems to be the supreme god.

Suddenly, Bai Yuhuang thought of something, his eyes widened: "Ye Chen turned out to be..."

However, before he finished speaking, he completely disappeared into the darkness.

This is the curse of the pinnacle of gods!

The whole world is completely quiet.

No one expected this result.

The half-year agreement ended in this form.

The lord of Zhenlong Palace, the powerhouse of Chaos Realm's fifth-layer heaven, who controlled such a trump card again, died in the hands of a Slashing Evil Realm.

It's incredible.

And this battle was destined to make Ye Chen the youth myth of the Seventh Kingdom of God.

It can also let the other six kingdoms of God know that the seventh kingdom of God is not the one that was eliminated.

And everyone did not notice, in the corner of the fighting arena.

There are two people with anger burning in their eyes.

The two wore black robes and had a strong aura.

These two people were Lin Juelong and the Ling Wuji Patriarch.

Lin Juelong's aura under the black robe was extremely disordered, and his pupils were green.

The runes surged.

This is not an ancient **** body.

But faintly seems to be a confluence of multiple ancient gods.

Extremely weird.

Ling Wuji's expression was solemn: "Juelong, Ye Chen's battle was too frightening."

"You may not be his opponent."

"I thought we could get revenge after brewing for so long, but now it seems that we are not qualified."

"What kind of evil is this kid, why can he do such an incredible thing?"

"Originally, I wanted to avenge Ling Jiuxiao, but now it seems that we must put it aside."

"Otherwise, you will die."

However, Lin Juelong under the black robe smiled.

The smile was extremely ferocious.

Even he was applauding.

As if celebrating for Ye Chen.

"Juelong, what are you doing?" Ling Wuji asked in surprise.

Suddenly, Lin Juelong's hand stopped, and his hideous face and murderous eyes stared at Ye Chen closely:

"The stronger he is, the more interesting he is?"

"We have swallowed ten ancient divine bodies, and the ancient divine bodies are too nourishing for my body and cultivation."

"Even if Ye Chen is stronger, can it be stronger than my devouring?"

"However, I really can't face Ye Chen directly now."

"I still need to devour a awakened ancient powerhouse!"

Ling Wuji was startled, with a strange expression: "Juelong, you are so ridiculous, how do we start with the awakened ancient powerhouse!"

"Even we were wiped out before we even started!"

"Don't go crazy!"

Lin Juelong showed a ferocious smile: "What about the awakened ancient powerhouse, I can deal with it."

At this point, a stone appeared in Lin Juelong's hand.

The stone gleams with green light, but it faintly reveals great energy.

Ling Wuji's pupils dilated: "This is... a powerful source of power!"

Lin Juelong clenched his five fingers, the light dissipated, and said, "This is a good thing."

"I lost to this kid in China back then, and became an experiment for the blood alliance."

"I have suffered infinitely, and hatred kept me alive."

"Although I have a body that is neither human nor ghost, but I have the ability that everyone envy."

"Of course, not only ability..."

Lin Juelong smiled grimly: "I also got the secret of the blood alliance hidden in the ground... Kunlun Xu is really a very magical place."

"How can a place with such a low military level possess secrets of this level."

"This stone is invaluable in the kingdom of God, so why is it hidden under the blood alliance?"

"Interesting, really interesting."

"Let's go, the game has just begun."

Lin Juelong got up, and instantly disappeared with Ling Wuji on the top of ten thousand gods.

...

At this moment, Ye Chen always felt a little uncomfortable in his mind, and he suddenly looked in one direction.

But he saw two black robes disappear from the back.

Lin Juelong?

This was Ye Chen's first reaction.

"Maybe I think too much. If Lin Juelong sees it, he will only be afraid in the dark."

"However, if this person is not removed, it will ultimately be a problem."

"It's time to do it on him."

Ye Chen just wanted to leave. Suddenly, he was taken aback and his expression was extremely strange.

He looked at the strong man of the alliance who was walking towards him, and said: "Senior, I want to stay on the top of all gods for a while."

"You let everyone go."

The power of the alliance was startled. Although it was a bit out of line, Ye Chen's current potential was extremely amazing.

The future achievements are absolutely terrifying.

It's not bad to sell face.

"it is good."

The crowd soon dispersed.

For many warriors, this battle is over. If you don't leave, you will be affected by this curse.

The gain is not worth the loss.

At this moment, several figures rushed towards this side.

The powerhouse of the Shenmeng just wanted to stop, Ye Chen smiled slightly and said: "She is my friend."

The next moment, a petite figure jumped into Ye Chen's arms!

This person is no one else!

It is Ji Lin!

Ji Lin triumphantly looked at a few children not far away, one of them turned over and climbed onto Ye Chen's shoulders.

"Now you believe it, I will say Ye Chen is my apprentice, you still don't believe it."

After finishing speaking, he also pinched Ye Chen's neck with his small hand, and said softly: "Ye forced the king, Jianghu, please help."

"I have something delicious, I'll share your order when the time comes."

Ye Chen looked at the children who refused to admit defeat, and nodded: "Jilin is indeed my master. Many of my martial arts are inspired by Ji Lin."

The pupils of those children dilated, and the next moment, they knelt down and said to Ji Lin: "Fairy Ji, we are ignorant. Please accept us as disciples. We also want to be like Senior Ye!"

Ji Lin jumped off Ye Chen, with his hands behind him, looked around these boys pretendingly, and said with a look of disgust: "My aunt's grandma looked at your qualifications, it's not good... I accept a disciple. Extremely harsh."

"If it is not an ancient bloodline, it will not be accepted."

"After all, I am working on a genius training program."

"However, you are not without the opportunity. I recently planned to open a Jilin College in the Kingdom of God. When it is time to open, you can give priority to enrollment. However, now the school is under great pressure and funding is tight. I originally wanted to give up, but thought of God. The country's martial arts education cannot be delayed..."

Several people instructed in an instant, took out the storage bag and handed it to Ji Lin cautiously: "Please accept the fairy."

WINK to \$1: Secure Your Spot Now!

The next moment, Ji Lin straightened up his face: "Bold! You are blatantly offering bribes! This kind of evil will definitely not work!"

Several people were startled, they just wanted to take back their things, but found that they were empty!

All the storage bags appeared in Ji Lin's hands.

Ji Lin snorted coldly: "Your behavior must be severely condemned! In order to combat this unhealthy trend, it will be all confiscated for the time being!"

"What are you still trying to do, don't retreat!"

Several people glanced at Ji Lin, then at Ye Chen, and nodded again and again.

The next moment, all left!

Just as Ji Lin was about to count the spoils, Ye Chen directly mentioned Ji Lin: "You are using me as a tool to earn money!"

Ji Lin glanced at Ye Chen, righteously said: "Ye Bian Wang, you don't understand! This is a business opportunity! You are now well-known in the Kingdom of God. I plan to be your agent and open a school. Maybe there is a profit."

"I am very fair, you three, I seven, take care of the whole process."

"Don't look at me like that, or I will lose a little bit, and we will be divided into five to five!"

"I am also earning dowry money for my sister. Some time ago, my sister told me..."

The sound stopped suddenly.

Ye Chen looked solemnly: "Did you see your sister?"

Ji Lin shook his head fiercely and said: "No, you got it wrong, I said...Hey, why is there no one?"

Ye Chen and Ji Lin were the only two left in the bleak world of ten thousand gods.

Ye Chen didn't want to bother, closed his eyes and went to the reincarnation cemetery.

The reason why he stayed just now was because he felt the sound of the reincarnation cemetery!

Let him stay!

This voice is not an old man, nor an old man, nor a new power! But the most mysterious senior in the reincarnation cemetery!

In an instant, the reincarnation cemetery scene changed.

A man appeared in front of Ye Chen.

Only the back.

There were blood and broken swords all around.

And this scene is the pinnacle of the gods.

"Senior!"

Ye Chen was a little excited, after all, this person was the highest cultivation level he had ever seen!

Even surpassed the heavenly gods!

The master of the figure said lightly: "I shouldn't have seen you at this time. It just so happened that at the end of the years, I also stood on this mountain."

"I haven't given you any favors for so long."

"There is a broken sword under your feet. If you recast a new sword and fuse it, it will be good for you."

"This sword is called Luochenjiang Dragon Sword. I have used it before and upgraded it many times, but unfortunately it broke."

"Here you are, maybe some kind of continuation."

In the next second, a broken sword with flowing light appeared in the cemetery of Samsara.

The breath is killing.

And Senior Ren's figure gradually disappeared.

Ye Chen just wanted to say something, the voice of the figure sounded again: "If you have time to go to the First Kingdom, you will have unexpected discoveries."

"Also, the formation that Tiandao Palace wants to kill you is about to be opened, and Tiandao Palace is anxious..."

"You ask for a blessing."

"This is your destiny, it is not convenient for me to intervene."

After speaking, the figure disappeared.

Ye Chen returned to reality.

The formation that Tiandao Palace wants to kill me?

Ye Chen suddenly raised his head and stared at the thundercloud, his expression slightly changed.

He stepped into Zhan E, and he has never experienced thunder tribulation!

Is it going to be postponed again?

Suddenly, Ye Chen noticed something!

"This breath!"

In the darkness, it seemed that there was an extraordinary force locked in him, making Ye Chen feel very depressed, even though his strength was about to recover completely.

Ye Chen mobilized his spiritual power to find the source of this breath. However, he just broke through the space barrier and traced it halfway, but mysteriously disappeared. It seems that the other party's attainments in the laws of time and space are not inferior to him, maybe even To be stronger.

"Ji Lin, pay attention to the surroundings, we are being watched, and the opponent is not weak."

"Also, give me the poison monument."

Ji Lin wanted to say that Ye Chen was joking, but seeing Ye Chen's solemn eyes, he closed his mouth and returned the poison monument directly to Ye Chen.

Ye Chen threw it into the reincarnation cemetery to begin refining. He had a hunch that once the poisonous word monument was successfully refined, he might gain some unexpected abilities.

...

In Tiandao Palace, a hall surrounded by formations, Xuanyuan Moxie stood on the edge of formations, constantly drawing out a series of runes, and the power of the law and the power of the great avenues in the body madly poured into this formation. In the middle, there are countless mysterious and mysterious Dadao Sanskrit sounds.

Above the sky of Tiandao Palace, there were continuous lightning and thunder, and occasionally a few black and purple thunder and lightning shuttled past. Someone seemed to see thunder beasts strolling in the thunder sea countless thunder and lightning began. Gathered here.

Many people speculate whether someone is crossing the catastrophe, but this lightning catastrophe is a bit too terrifying, even the lightning beast appeared!

Boom!

Just when Xuanyuan Moxie finished all the sketches and spewed a mouthful of blood into the formation, lightning rolled in the sky, and a bucket of thunder and lightning crazily smashed toward the formation, and then disappeared into the formation.

"Be careful!"

Ye Chen pushed Ji Lin away, blessed himself with the Chichen Divine Veins, and at the same time punched out a heavy punch of extreme martial arts!

boom!

Just when Ji Lin was pushed away, a vortex black hole appeared directly above their heads, and at the moment the black hole opened, a bucket of thunder and lightning smashed down with lightning speed, but it was just ordinary The thirty-six thunder robbery was easily blocked.

However, what he didn't expect was that one after another thunder and lightning began to smash without stopping at all, from the weakest three or six nine thunder tribulations to the end of the world extinction thunder tribulation!

"Damn god, half a year ago, I just finished the Tribulation of the World Destruction, and want to give it to me again?"

Rao couldn't help but start cursing because of Ye Chen's temperament. Does Heaven's Dao even point his face?

However, Ye Chen's words had no effect other than making the power of thunder and lightning more terrifying.

The black hole in the sky grew bigger and bigger, and in the end it even covered a radius of thousands of miles, and the lightning began to bombard the area indiscriminately.

Before the countless flying beasts could escape, they were firmly locked by the thunder and lightning, and turned into flying ash in an instant. Under the thunder, there was no chance of reincarnation.

"Ye Chen, I'm afraid it's not Tiandao's shot this time."

At this time, the old man's voice rang in Ye Chen's mind, and Ye Chen's heart was suddenly raised.

"I'm afraid that it was the work of the Heavenly Dao Palace. The Heavenly Dao Palace has the ability to communicate with the Heavenly Dao. This heavenly calamity power should be drawn by it, and it is only the Palace Lord of the Heavenly Dao Palace-Xuanyuan Moxie that can cause such a powerful force !"

Ye Chen, who was a little proud of having survived the terrifying thunder tribulation of the world, suddenly became dignified, and realized that he was still far away from the powerhouse like Xuanyuan Moxie.

The opponent is not here at all, but he can summon the divine thunder that makes him feel threatened. Such strength is really unfathomable.

"Never sit and wait!"

"Jilin, let's go to the center of the top of the gods!"

At the same time, he is constantly refining the poisonous tablet, hoping that it will come in handy.

No matter where the two of them fled, the black hole in the sky will move with it, and it is impossible to get rid of it. Countless lightning bombs indiscriminately, and the land of thousands of miles is directly cut into nothingness, and then the thunder beasts start from the black hole. Drilling from above, as soon as he appeared, he grinned and killed Ye Chen.

The Pantheon seems to be the end.

"Spirit Forbidden Realm! Open!"

"Zhenwu means, open!"

In principle, anything, as long as it is a thing, can be destroyed. When Ye Chen's two powers came out, a domain of destruction was formed with him as the center. Those thunderous beasts that came quickly seemed to have entered the Shura field. Numerous destructive factors radiated from the inside and outside, and the thunder and lightning completely turned into nothingness before they got close to Ye Chen.

Ji Lin did not show weakness either, using the law of Heavenly Poison that he had recently understood, and in an instant, a force that was not weaker than Ye Chen's power spread out, and the range was even larger, almost covering the entire area surrounded by the thunder array. local.

The Thunder Beast was poisoned to death. It seemed ridiculous, but only Ye Chen knew that this was the horror of the innate poison body, and it was the poison of all things poisoning itself, so he could comprehend the rare natural poison law.

In a short time, these Thunder Beasts were cleaned up by Ye Chen and Ji Lin.

Rumble!

Above the sky, the thunder and lightning became angry, and countless black and purple thunder and lightning fell down, but this time it did not disappear, but fixed in the place where it fell. It's just that the sizzling sound from time to time means that it has an easy kill. A warrior in the Evil Realm.

More and more lightning like this, as if everything around them had disappeared, leaving only this piece of void and a piece of purple and black, depressing and dull enough to drive a person who is not determined to go crazy.

"Be careful, this is the Heaven's Punishment Array!"

Canggu Medical God reminded, and then said: "The Array of Heavenly Punishment is an array used by people who have the law of thunder and lightning to communicate with the Way of Heaven. It has a peerless array that truly fits the world and cannot be easily broken."

As soon as Canggu's genius doctor finished speaking, a Tai Chi gossip was formed on the soles of the two of them. Purple and black thunder and lightning seemed to represent white and black respectively, forming a strange realm.

"The Hand of Heaven!"

An extremely majestic voice seemed to be heard in the void, and then, a giant hand full of purple lines appeared in the sky. Every streak of the giant hand was clearly visible, but it was so connected that it was impossible to look directly at it. Above it is the destructive power with terror.

This seems to be a source of destruction that is higher than the law of destruction, just like the palm of the hand that controls the life and death of everything, suddenly shooting at the two.

Such an attack, the ordinary chaos realm expert, will also be wiped out!

"Only I Lingxiao, Tushen breaks the sky!"

At the same time, Ye Chen could only draw the **** magic sword. After all, the Qinglian Spelling Sword was destroyed. He used the six swords. The countless sword lights on the sword's edge condensed, and the sword intent merged into a peerless. Jianmang cut to the hand of Heaven.

Invisible ripples swayed in the void, and the law of space was deployed. I wanted to transfer the hand of the heavenly path, but this hand was not affected at all. In the situation of space distortion, it is still locked to Ye Chen and Ji Lin. Photographed in the direction.

It's really difficult!

Fortunately, with the combined efforts of the two, the attack was finally resisted.

However, this is only the beginning.

Countless hands of Heavenly Dao began to emerge on their heads, each palm was exactly the same as the hand of Heavenly Dao just now, but there were hundreds of thousands of them. Even if Ye Chen saw it, his scalp was tingling.

"The successor of the Lord of Reincarnation, dare to provoke my Heavenly Dao Palace, and must be prepared for death."

From above the sky, an angry voice came from the black hole!

Xuanyuan Moxie didn't intend to activate the blood-stained cause and effect array too soon.

But the appearance of the moon ring vision accelerated the formation of the formation!

How can he calm down his anger without killing Ye Chen?

In view of the horror of the Lord of Reincarnation, he will not keep his hands at all, and attack with all his strength, it is bound to kill Ye Chen completely here.

The hands of Heaven began to fill the entire space, and the powerful forces contained in it even if it is a strong mid-to-late Chaos, it may be difficult to survive, but the only thing that makes Ye Chen feel fortunate. Most of the palms are just a rudimentary form, and only a few are condensed into the hands of heaven.

Otherwise, so many really have to go together, it is better to kill him directly.

Ye Chen swallowed several top-grade pill in one breath, and countless powers simultaneously used them, superimposed on Ji Lin's poison domain, and jointly resisted the hands of the heavens that contained the power of terrifying thunder and lightning.

However, as the hands of the heavens increased, the two became more and more strenuous, and an attack suddenly broke through the space and slapped them.

Ye Chen was fine, but Ji Lin was repelled by this violent attack for several tens of meters, vomiting a mouthful of blood, and his face turned pale suddenly.

"Jilin!"

Ye Chen gave Ji Lin a healing pill, which barely made the injury better.

As Ji Lin was attacked, the power of the poison array dropped a lot. Some of the hands of Heavenly Dao began to be unable to suppress them, and they slashed towards the nearby. Ye Chen continued to smash the hands of Heavenly Dao that were offset and weakened by his power. It feels good, Ji Lin is constantly attacked by these all-pervasive fragments.

The most serious thing is that the Hand of Heaven, which had been shattered into very small fragments, was actually merged into a reduced version, and attacked Ji Lin, making her worse, and her injuries were even more serious.

"Ye Chen, what's the situation? How come this kind of thing appears inexplicably, you don't care about me, you go."

"I feel that the power in the sky is going to kill you!"

"Hurry up! Find my sister! My sister is great now!"

Ji Lin said weakly, and now she can barely open the Law of Heavenly Poison to protect Ye Chen a bit.

She knew she was useless.

Although she worked hard to cultivate, it was really boring for her.

"what!"

Ye Chen roared unwillingly, and a steady stream of devil energy emerged from his body until his body was completely entangled by the devil energy.

Ye Chen's cultivation base steadily climbed, and under the influence of the devilish energy, he directly reached the peak of Zhan'e, and even opened the demon phantom pupils, and Ye Chen's anger reached the peak!

"Are you angry? But in the punishment formation of this day, your cultivation level can't be broken at all."

Xuanyuan Moxie saw Ye Chen's anger and enchantment, and felt it was particularly interesting. He shook his head and said, with his three-legged cat skills, he didn't have the qualifications to break the big formation.

Putting down Ji Lin, the Blood Demon Sword in Ye Chen's hand seemed to feel something. A black blood dragon loomed above the sword body, constantly absorbing the magic energy, making the sword body even more weird and sharp.

Ye Chen lowered his head, gritted his teeth in his mouth: "Then try!"

Ye Chen's Dantian power surged, and all blessed it on the Blood Demon Sword. The sword body seemed to be unable to withstand this power, and it kept humming and trembling, and it seemed to be the Blood Demon Sword... Excited!

And those hands of heaven, seeing this good opportunity, rushed forward without hesitation, and some even rushed directly to Ji Lin, bound to kill the two.

"Only I Ling Xiao! Six swords into one!"

Rumble!

The sword glow of the Six Dao Swords that blessed the meaning of true martial arts was so strong that all the oncoming hands of Heavenly Dao shattered under this sword, and even the fragments were absorbed by the law of space.

"Old crazy, give me strength!"

"I'm going to try, is your formation is hard, or my sword is sharp!"

"Lei Huangba Star Sword!"

All of Ye Chen's sword intent and strength gathered at one point of the sword. The terrifying pressure caused almost all of this world to collapse. Even Xuanyuan Moxie, who was far away in the Heavenly Dao Palace, suddenly changed color. Such an attack really appeared. Unexpectedly...

"go with!"

The attack collided fiercely with the Heaven Punishment Array.

A loud and deafening noise rippled in this space, and all Ye Chen's attacks were concentrated on one point, and the power caused by this was naturally earth-shattering.

The Heavenly Punishment Array built by the Thunder Sea began to shake. Even if Xuanyuan Moxie increased the intensity of the Thunder Tribulation, it would be difficult to stabilize the formation. The Thunder Sea began to riot, and the thunder and lightning seemed to dance wildly.

The Heaven Punishment Array sensed Ye Chen's attack, and began to mobilize its full strength to gather where it was attacked. The purple-black lightning became darker, giving people an extremely depressed feeling.

"what!"

"Break it for me!"

Whether it is the soul or the spiritual power, as long as it can be used, he has almost used it, just to increase the power of this point, the big formation has been shaken violently, and it seems that it is not far from the broken formation.

Click!

With a sound like glass breaking, cracks appeared on the large array, and at the same time countless thunder and lightning became more violent, Ye Chen gritted his teeth to support, and immediately, he could break the array!

Click! Click!

The Xuanyuan Moxie shadow above the black hole was even more shocked, and kept muttering: "How is this possible..."

"This kid's power has already crossed the chaos?"

The formation from the inside must be broken through the Chaos Realm. The opponent's cultivation base is completely inaccessible, but now even this large formation is shaken.

The potential of this kid is so terrifying that the current Xuanyuan Moxie can't help but worry, and if he is allowed to grow up for a period of time, I am afraid that at that time, even he will not be his opponent.

"puff....."

Xuanyuan Moxie of the Heavenly Dao Palace spat a spit of blood again, and at the same time turned an ancient mirror into a thunder tribulation, and merged into the thunder tribulation, so that the formation of Heaven's Punishment that was almost shattered gradually recovered.

However, Ye Chen could no longer support an attack of such intensity, he vomited blood and flew upside down, causing serious internal injuries.

But everyone did not notice that a fiery red figure came towards the top of the gods!

Even the obstacles of the League of Gods are useless!

Strong to the extreme!

The figure lies with muscles like huge rocks.

The eyes are very firm!

There are even more words in the mouth!

"Big brother, wait! I'm on the road!"

This is Yan Kun's voice!

...

And the top of pantheon!

"Ye Chen!"

Ji Lin looked worriedly at Ye Chen. The killing intent in his hand burst out, the law of natural poison unknowingly expanded by three points, and the poison became more refined, but without Ye Chen, the law of natural poison failed to cause any effect on the Heaven's Punishment Array.

Ye Chen was defeated, and Ji Lin had nothing to do at this time. Seeing such a good opportunity, Xuanyuan Moxie immediately urged the Heaven Punishment Formation, and suddenly several Heavenly Dao hands appeared, and they attacked the formation mercilessly. The two of the French Central Committee!

Ji Lin smiled desperately, and the endless poisonous mist in her body began to flow into the black hole. She made up her mind that even if she tried to die, Xuanyuan Moxie would suffer from the pain of the poisonous heart.

At this moment, Xuanyuan Moxie's expression suddenly changed and he shouted, "Who is it?"

"Your grandfather Pangu is too!"

A loud laughter came, and then there seemed to be a huge force hitting the formation from outside. The whole formation was swaying around, and even the hand of Heaven did not know when it stopped before Ji Lin and Ye Chen and disappeared. .

And the big formation made a loud bang, a **** fist pierced through the gap, and the entire big formation was on the verge of breaking, and the owner of the voice actually broke the formation of Heaven's Punishment with one punch and one punch. This scene made Ji Lin was dumbfounded.

boom!

With another punch, the big formation was completely shattered, and the black hole above the sky was revealed again. Yan Kun looked at Ye Chen who was almost in a coma, angrily, his legs bent, and he rose into the air!

He hit the huge black hole with a punch, and the flames above his fist burned, and the boundless fire filled the entire black hole.

On the other side of the Heavenly Dao Palace, flames soared into the sky, and the picture was directly lit, and the unique fire could not be extinguished in a short time.

"Big Brother, Yan Kun's **** is late!"

A domineering voice instantly resounded on the top of all gods!

Hearing Yan Kun's voice, Ye Chen's eyes were extremely surprised!

He never expected that Yan Kun would appear at this time!

In addition, he discovered that Yan Kun's strength and strength had exploded from the previous meeting.

Where did the eternal holy king take Yan Kun?

Has Yan Kun's power recovered?

The current Yankun is in Ye Chen's eyes, at least the Chaos Realm!

It would be unbelievable to add the power of the blood of the universe and the gods!

In an instant, Yan Kun came to Ye Chen's face wearing flames.

He looked at Ye Chen's injury and burned with anger: "Heavenly Dao Palace! When I return to my peak, I will set foot on the Tian Dao Palace again!"

Ye Chen's eyes were puzzled: "Again? Have you been to the Heavenly Dao Palace? Also, why do you call yourself Pangu?"

Yan Kun touched his head, and just about to speak, Ji Lin on the side opened his mouth and said: "Ye Chen, Yan Kun must be pretending to be forced, and deliberately chose a domineering name."

"You men, it's really inexplicable."

Yan Kun: "..."

Ye Chen: "???"

"Don't talk about this, let me smash the phantom! Xuanyuan Moxie can't leave the Heavenly Dao Palace, the power of this phantom is naturally not enough!" Yan Kun was passionate, his eyebrows turned into flames.

"No, this time, I'm afraid it's hard to deal with, let's withdraw first!"

Ye Chen shook his head. The Heavenly Dao Palace didn't know how much he had left. At this time, if he resisted hard, there would be no good results.

"Okay, I have a flying magic weapon here, the Skymark Ark. The fastest can be as fast as the full flight speed of a Chaos Realm warrior."

After speaking, Yan Kun magnified the Skymark Ark by a factor of ten, and the three of them rode up and flew away from here in an instant.

There was murderous intent in Xuanyuan Moxie's eyes, and he would never let that person leave this time.

At this moment, the giant dragon Yantian Dragon God who was guarding the side seemed to understand Xuanyuan Moxie's unwillingness, and he pulled out a scaled armor directly from his body, then muttered a large spell in his mouth, flames began to emerge from the scales, and finally quickly Drill into a black hole.

"I will do it."

...

The speed of Tianhen Ark is extremely fast, but the movement speed of the black hole is not slow at all. Suddenly, a bright light shoots out from the black hole, and the target is Ye Chen who is healing.

"Be careful!"

Yan Kun has been standing in front of Ye Chen, his fist wrapped the flames again, and collided with the scale armor flying from the black hole. The flames on both sides were scorched, and even the space was burned unstable. The space burned to pieces.

"The flame of Yankun is probably a mutated divine fire of the universe, otherwise it would definitely not be so powerful."

Fortunately, the heat wave was blocked, otherwise Tianhen would be burned into slag.

And the power of the flames on the opposite side would probably not be weak.

"Roar!"

There seemed to be a dragon roaring above the void, and the scales flew into the sky, and the large black clouds began to burn, making half of the sky red, while the scales in the center turned into a fire dragon. Look carefully, and the heavenly palace The Yantian Dragon God in the hall is exactly the same!

The fire dragon shuttled in the burning clouds, like a Wushuang dragon **** overlooking all living beings, the external energy is being rapidly absorbed by it, and the fire dragon is rapidly expanding.

"Roar!"

The fire dragon covering the sky and the sun completely enveloped the sky above the sky-scarred ark, a pair of eyes larger than a mountain stared at the two or three people on the sky-scar, then spit out a dragon's breath, mixed with boundless heat!

Yankun's eyes were solemn. Yong Lao asked him to come not long ago. The situation is urgent. He has not yet completed the trial and has not reached the peak. He has just stepped into the second level of Chaos. Although he has the ability to leapfrog battles, it is still Not enough!

However, even so, the Qiankun family will never shrink back!

When he stretched out his hands, a huge flame shield appeared to resist the entire Skyscar Ark.

The flame spread in the void, and the Flame Shield was almost unable to support it.

"I'm coming too!"

Ji Lin was a little unbearable, and poisonous gas broke out all over his body, and the Law of Heavenly Poison turned into a shield to resist against the sky.

"If the guess is correct, this guy probably relied on my previous Thunder Tribulation position to locate us. As long as we leave their certain range, Xuanyuan Moxie cannot lock us."

It is too far away from the Heavenly Dao Palace, even if the Heavenly Dao Palace Lord has great power, it is difficult to forcibly lock a person's breath at such a distance.

After Ye Chen finished speaking, several powers were also blessed on the shield, allowing Tianhen to move forward steadily.

"Hohoho!"

The dragon above the sky roared again, but this time the fire dragon rushed over and the three of them all changed color.

Under the fierce impact of the fire dragon, countless cracks appeared in the shield immediately, only supporting the three breaths, and it was returned to nothingness, but the three people standing on the sky scar couldn't bear to spit out a violent mouthful of blood, and knocked back onto the ark. on.

The fire dragon saw that it was about to launch a second attack, but the three of them were no longer able to fight.

Ye Chen was seriously injured from the beginning.

Neither Ling Xiao Wuyi nor Ji Wu had a chance to use it!

"Boss, let me come!"

At this moment, a giant beast soared into the sky!

The bright red and blue light of the burning person!

Then the body continued to expand, like a giant standing upright on the ground, four big pits were punctured on the ground.

"Leave it to me here, you leave first."

Ye Chen nodded. Tianhen had been destroyed by a hit, and Yankun took it away. Now he can only escape from this area as soon as possible. As long as he walks out of this ruin, it is extremely difficult for Xuanyuan Moxie to track down. Things go! "

The three of them flew at low speeds, forming an extremely simple formation that allowed the speed of the three to be evenly divided.

The fire dragon's eyes were ferocious, swooping down, just when it was about to chase!

Above the sky, a ferocious behemoth rushed at extreme speed!

The giant beast is dressed in red and blue chaotic light, and its lines are mysterious and powerful.

Smashed the giant palm! He slapped the fire dragon on the ground abruptly.

Xiao Huang wanted to swallow it in one bite!

But the flame dissipated instantly!

Then suddenly gathered behind Xiao Huang!

The fire dragon opened its huge mouth and swallowed Xiao Huang abruptly.

Everything is calm.

Fire Dragon showed a smug smile, just about to chase in the direction where Ye Chen left!

Suddenly, its body burst open!

Xiao Huang rushed out without warning!

At this moment, the pupils of the fire dragon were shocked!

It was transformed by the scales of the Yantian Dragon God!

Contains the fire of the sun!

The fire of the sun can burn everything!

Not only is this behemoth not dead, but torn from the inside?

What kind of monster is this!

The fire dragon condenses again, and this time, Xiao Huang will not give him another chance!

A huge mouth, a formation directly spit out!

Limit two of them!

Xiao Huang's eyes are full of madness: "You don't want to go anywhere today, stay with me here for fun."

...

Tiandao Palace.

Xuanyuan Moxie and Yantian Dragon God naturally saw this picture.

The eyes of the two were weak and angry.

The Yantian Dragon God hesitated for a few seconds, once again tore off a piece of dragon scale and threw it into the darkness.

Converged into a fire dragon again in an instant.

Xuanyuan Moxie forcibly calmed down, and he walked in one direction.

He knew that this method could no longer kill the mysterious young man.

Chapter 2708: Causal Blood Array

That is a secret place in Tiandao Palace.

Don't have a hole in the sky.

And forty-nine stone statues stand in this open area.

There is a drop of blood condensed between the eyebrows of each stone statue.

Forty-nine people with different blood.

This is the root of cause and effect.

And beside the forty-nine stone statues, forty-nine existences with powerful auras stood!

Among the forty-nine people, there were some green runes in their eyes.

Xuanyuan Moxie glanced at everyone, "How are you preparing?"

An old man headed by hand said: "Palace lord rest assured, everything is ready, only the east wind is owed."

Xuanyuan Moxie hesitated for a few seconds, then waved his big hand: "This time, I want to completely erase that kid. Karma is bloodied! Open!"

In an instant, forty-nine Heavenly Dao Palace experts sat and stood in the void, and a soul-forming lamp lit up behind each of them, and the yellow-green light illuminated the entire sky.

If you can feel their energy fluctuations, you will find that everyone is actually a powerhouse in the Chaos Realm, which is too frightening.

Ordinary sects of the Kingdom of God can have a chaotic powerhouse to sit in, which is already considered a second-class power. On weekdays, it is used as the last trump card of the whole sect. But now forty-nine such powerhouses sit quietly. Formed into a blood-colored skull.

"Causality is bloodied!"

The soul of each strong man seems to be connected with another soul in the dark, and the object of the connection turned out to be the 49 trapped strong men in the tomb of reincarnation!

These forty-nine people may be Ye Chen's former master!

It may also be the current master!

It is more likely to be Ye Chen's future master!

They are contaminated with Ye Chen's cause and effect!

But Xuanyuan Moxie used cause and effect to kill people!

"not good!"

In a dark prison, Luo Yuntian, Xiao Ling, Mo Ning'er, Cangu Medical God and other strong men wanted to stop, but the force of causality was too strong, relying on their trapped bodies. Can't resist.

But the speed of the three people in the outside world dropped sharply, and the three fell to the ground. Ye Chen was shocked to find that the power of his whole body could not be used.

It seems to disappear completely!

"How is this going?"

All the power was completely blocked, and now he is just like before on earth without cultivation, an ordinary person without any power.

Yan Kun and Ji Lin hurried to Ye Chen's side and asked eagerly, "What happened?"

Ye Chen looked solemnly: "I don't know, but the strength of my whole body has disappeared somehow."

"Damn it! It must be Xuanyuan Mo Xie's ghost!"

Except for Xuanyuan Moxie, they couldn't think of a second person with such ability.

Just when everyone paused, another flame appeared!

Everyone discovered the second fire dragon!

Flames spouted from the fire dragon's mouth, and the heat wave swept across Ye Chen's trio, but they were blocked by Yan Kun. The dragon body quickly disappeared and rushed to Ye Chen. The only order it received was to kill the mysterious at all costs. youth!

Looking at the dragon's body covering the sky and the sun, if it were on weekdays, perhaps Yan Kun would still compete with him, but today...

"Boss, I'm sorry first!"

Yan Kun picked up Ye Chen and began to run, Ji Lin followed closely behind him. The giant dragon head of the fire dragon struck, but was blocked by Xiao Huang who appeared again. Xiao Huang grabbed the giant dragon tail fiercely. The body was twisted, endless power surged, and the fire was violently thrown dozens of kilometers away, smashing out a large amount of smoke.

Ye Chen was helpless and wanted to communicate with the reincarnation cemetery, but found that he couldn't get in at all. This was the first time he encountered such a situation.

"Old man!"

"Old crazy!"

...

Those who could yelled yelled one by one, but there was no one in the sea of consciousness to speak. There seemed to be a kind of causal force over the reincarnation cemetery, which prevented Ye Chen from entering.

Ye Chen's last impression was that his back was so hot, and then he fainted.

...

After escaping hundreds of thousands of miles, Yan Kun sighed when he could no longer see the shadow of the fire dragon and the black hole, and found a cave to rest.

After some investigation, it turned out that Ye Chen didn't have any energy fluctuations in his body at this time. In addition to the thicker meridians, his body was completely ordinary.

This situation is incredible.

It seemed that there was some power in the darkness that temporarily deprived Ye Chen of everything.

"How is Ye Chen! Master gave me some pills to see if it works."

Ji Lin walked forward anxiously and took out a milky white pill from Qiankun Ring, but it was stopped by Yankun.

"You..." Ji Lin wanted to say something but was stopped by Yan Kun. The latter said: "Now the body of the eldest brother is very weird. It is completely indistinguishable from ordinary people. If you rashly take the cultivator's medicine, I am afraid it will appear. accident."

Ji Lin frightened his hands and almost dropped the pill to the ground, but fortunately he didn't do anything stupid.

"Om!"

Suddenly, a white light phantom flickered, and there was a figure sitting in the white light, surrounded by Ye Chen, but there was no movement.

Yan Kun seemed to feel that the scene in front of him was a bit familiar. After looking at it carefully, he realized, and was shocked: "This turned out to be a **** formation of cause and effect!"

"This kind of formation is really too scary. No, I have to find a way to prevent Big Brother from dying here."

And far above the Tiandao Palace, one of the forty-nine Tiandao Palace elders, a white light seemed to shoot out of his body, and then disappeared into the sky.

Xuanyuan Moxie was in front of the formation, and the power of invisible causality continued to show through, enveloping the forty-nine elders, and at the same time connected to the cave where Ye Chen was.

The gathering of purple dark clouds in the sky, this terrifying power even attracted the prying eyes of heaven.

The power of causality is the most terrifying of the countless powers. By mobilizing the power of heaven and earth, forcibly changing the cause and effect of a person against the sky is tantamount to changing one's fate, but at the same time, it can also kill people invisible. , Such as this **** cause and effect!

After hearing the horror of the blood-tainted causal formation, Ji Lin was silent for a while. When it comes to the power of causality, even her innate poison body has nothing to do.

"The matter is not at the last moment, I will find someone who can definitely help Big Brother get rid of this **** cause and effect!"

"You take care of your eldest brother, I'll be there when I go!"

As soon as Yan Kun was about to leave, an old man with a gourd hanging around his waist appeared at the entrance of the cave, as if he was waiting here on a special trip.

"No, I'm already here."

An old voice sounded, the owner of the voice seemed to be drunk, and his speech also smelled of alcohol.

"Forever old, you can count."

Standing in front of Ji Lin and Yan Kun was the eternal holy king who hadn't seen for a long time.

"Yong Lao, you must know how to remove this formation, as long as you are willing to help Ye Chen, you can do anything you want me."

Ji Lin resolutely said, she must not let Ye Chen die like this, she would not allow it.

The Eternal Saint King shook his head, took a sip of his wine, looked at Ye Chen, and said nothing.

After a long time, he said, "This Ye Chen's doomed robbery, what ability do I have to break the curse of cause and effect under the Supreme Palace of Heavenly Dao Palace?"

The eternal saint king's slightly drunken face also showed a trace of helplessness, obviously helpless.

When Ji Lin heard that there was no way, his face became pale after brushing, and he didn't know what to do in a daze.

"but....."

Ji Lin's face was filled with hope again, and said, "But what?"

"But there is still hope."

"It depends on whether he can block it these days."

Yan Kun frowned: "Yong Lao, don't say half of your words, what do you need now, brother? I'll look for it! Even if the sword is in flames!"

The eternal holy king shook his head: "The only thing needed is to wait."

"Wait for this blood-stained cause and effect array to come."

"Once it is turned on, no one can avoid it, even Ye Chen."

"And then, when the formation is opened, no matter what power you use, you must stop it."

"I am going to find another person now."

After speaking, the eternal holy king left.

Obviously something has not been dealt with.

...

"Is what Yong Lao said true? Ye Chen really hopeful?" Ji Lin asked puzzled.

Yan Kun nodded affirmatively, and said, "Don't worry, he is definitely a person that Big Brother can trust."

Ji Lin held Ye Chen's slightly cold hand, her face faded away from the strangeness, only deep worries, she secretly said: Ye Bian Wang, no matter what happens, I will always be by your side, this time, change me To protect you.

The moonlight is like water, and there is a trace of loneliness in the cold, especially the long night of the kingdom of God, it seems to be extraordinarily long, and the air is full of quietness.

Ye Chen's consciousness had long been awake when the first white light appeared, and the reincarnation cemetery was also reopened at that time. Ye Chen's consciousness entered it and found that the masters were still there. He could not help but breathe a sigh of relief, but suddenly watched To a place not far away is usually different.

In the depths of the reincarnation cemetery, forty-nine tombstones seemed to be shrouded in a white light. Upon closer inspection, there was an inexplicable avenue of heaven and earth in the arrangement.

"Old man, this is..."

The ancient doctor Cang looked at the forty-nine tombstones with a solemn expression, and muttered: "The blood-stained formation of cause and effect has come early."

"Boy, this will be your biggest life and death disaster so far."

Ye Chen's eyes condensed: "Old man, tell me specifically about this blood-stained formation of cause and effect."

Five minutes later, after Lao Cang finished talking about the cause and effect of the blood-stained formation, Ye Chen lightly opened his lips: "In other words, after forty-nine white lights appear, I will die. The time is... three days later... "

The blood-stained cause and effect formation is a long-lost formation. Once the formation is activated, it cannot be reversed. The power of cause and effect will consume a person's past and present lives, cutting off all cause and effect in the world, until everyone thinks this. People never show up.

This is the horror of the blood-stained formation of cause and effect, it will obliterate everything about this person, and from the moment the formation appears, no one has ever been able to break it.

Ye Chen is silent. He has too many concerns in this world. Women, brothers, masters, partners, friends, enemies, and many other things are waiting for him to do. One is free.

Ye Chen's thoughts are flying, as if a devil is startled, there is such a formation in the world...

"Ye Chen! Wake up!"

The voice of the violent overlord blasted in Ye Chen's ears, suddenly pulling him back to reality.

Ye Chen was also shocked and sweaty, a question that would not be tangled in normal days, and almost became his heart demon. It seemed that this blood-stained causal formation had begun to affect him.

He can no longer think about it, but should concentrate on dealing with this formation. Since it is a formation, there must be a way to crack it. Ye Chen has always believed in this.

Ye Chen looked at the poison monument not far away.

The poison monument is what he just got from Ji Lin.

Tried refining, but found that it takes an extremely long time.

Now it's too late for refining!

Ye Chen's eyes fell on the rest of the reincarnation profound monument again.

Dust monument, no!

Wind monument, no!

Suddenly, Ye Chen's eyes fell on the Yan stele!

There are many profound monuments of reincarnation, the one that Ye Chen uses the least!

Any cracking requires sufficient strength.

The strongest power in him now should be Yanbei!

Suddenly, Ye Chen thought of something!

"The Fire of Emperor Lin!"

"I have refined the flames of Bai Yuhuang from the Nine Heavens Dragon Palace. On this basis, I should be able to completely refine the fire of Emperor Lin!"

"At that time, maybe the power of the Yanbei can be released! Break the formation!"

He almost forgot, the fire of Emperor Lin, which had been placed in the reincarnation cemetery, if he could refine it, he would not believe that he could not deal with this formation.

Everyone in the cemetery nodded in relief when they saw Ye Chen's enlightenment. They are Ye Chen's master, yes, but they don't want him to form dependence. Every strong person cannot avoid death in his growth. Threat Only by self-breaking can we aspire to the road at the end of cultivation.

The flame temperature of the Dilin Fire was extremely high. As soon as Ye Chen approached, he felt like his whole body was being roasted on a shelf, and sweat could not be restrained from flowing out.

Ye Chen once thought of a gentle way of subduing, but no doubt they were denied by the masters. This fire is a very strong flame in the world, and its power is very terrifying. His own temper is also unruly and rebellious. The method of tame pets is tantamount to setting fire to oneself.

If you want to subdue it, you have to show enough strength and get its approval, and it will naturally recognize you as the master. This is the original words of the masters.

"Then let you see, I am not a weak person!"

Here, Ye Chen's body is at its peak, so he can naturally display his full strength without any scruples.

"Oh? You kid again? Come, show the deity your power!"

The change in the form of the fire of Emperor Lin actually formed a human face, and the face was full of jealousy, and said to Ye Chen with a little disdain.

"Since you want fire, then I will show you enough!"

boom!

A flame sprang out from Ye Chen's right hand, and the cyan demon fire radiated high enough to burn everything. Ye Chen slowly pushed it forward, but for a while, two flames of different colors burst into waves. However, due to the high degree of spatial stability of the reincarnation cemetery, it did not affect the space.

But this wave of air can definitely burn out a Zhan'er Peak powerhouse in an instant, even if it is a general Chaos early stage powerhouse, it is difficult to resist the close body of the flame.

Ye Chen's body was soaked and dried again, as if he was in a stove. Through the monster green lotus fire, Ye Chen seemed to be able to see the strange laughter from the fire of the opposite Emperor Lin, which seemed to be mocking. He is overpowered.

Sure enough, when the temperature of the fire of Emperor Lin suddenly increased, even the ever-unfavorable Qinglian Demon Fire was assimilated by it.

"Xuan Yan!"

A flame of half red gold and half blue, flashing quietly, exuding an extremely blazing aura!

A flame appeared in Ye Chen's hands almost at the same time, and was thrown into the fire of Emperor Lin one by one, trying to crush it by quantity and let it surrender.

"If only this is the case, you are not worthy of being my master!"

The fire of Di Lin made a violent sound, and the flame suddenly expanded, bursting with a strong white light. After a short silence, Ye Chen's flame was swallowed up, and even a little spray could not be turned out.

"hiss!"

It is worthy of the fire of Emperor Lin, even his flames can't fight it, worthy of this name, this also made Ye Chen think to subdue it.

"It can't go on like this."

The Kuangwu Overlord shook his head. Although Ye Chen has always been optimistic about Ye Chen, the fire of Emperor Lin is too difficult to conquer, even the original...

Thinking back to the past, he couldn't help being stunned, then smiled and shook his head to drive these thoughts out of his mind.

"Do you think Ye Chen can subdue the fire of Emperor Lin?"

The Fire of Emperor Lin has never been subdued by anyone. Not only is its strength too terrifying, but also too high for its owner. How many arrogances have been folded on it, but there are still countless people who are not afraid of death.

Seeing Kuangwu Overlord's question, Canggu Medical God knew his answer.

"How about a bet? A bet is a condition..."

...

In the outside world, Ye Chen's body was still in a coma, and Ji Lin and Yan Kun were always by Ye Chen's side.

Three days are fleeting. During this period, Ye Chen seems to be tirelessly attacking the fire of Dilin. Sometimes the fire of Dilin will transform into a human or animal form to tease him, but it doesn't matter. , Ye Chen only wanted to subdue it.

In the outside world, Yan Kun was serious, and kept putting some magic weapons around Ye Chen, hoping to protect Ye Chen.

But Ji Lin frowned, looking at Ye Chen, who hadn't awakened for three days, not knowing what he was thinking.

The cave has been shrouded by white beams of light. From a distance, it seems that some treasure has been born, and the white light has reached the forty-eight beams of light at this moment, and it is still one step away. This blood-stained causal formation will be completely activated.

Each beam of light is inserted straight into the cloud and connected to the other end thousands of miles away through the force of causality. It seems that it is affected by cause and effect, and even the sky becomes gloomy.

In the Heavenly Dao Palace, Xuanyuan Moxie waved his hand and said to the people around him: "Notify the forty-nine elders that the blood-stained cause and effect formation will be fully opened immediately. If it can help me get rid of the thieves this time, it will be a great reward!"

Naturally, the background of Tiandao Palace is not to say, it is the biggest power in the kingdom of God, and Xuanyuan Moxie's reward as the palace lord is undoubtedly a treasure that makes people ecstatic.

"It's almost time."

"punish!"

Forty-nine elders, like sculptures, moved, and all spewed a mouthful of blood to infect the big formation, and then these blood was turned into a stroke of shocking symbols of heaven and earth, which can easily dispatch nature. Power.

When the blood-stained blood formation of cause and effect condenses and forms, a vision appears above the sky, with dark clouds, lightning and thunder, like the end of the world.

Such a formation, even if it is based on the power of the Heavenly Dao, seems to be unacceptable in the world. It is questioned by the Heavenly Dao above the Nine Heavens, and all kinds of terrifying visions appear over the originally clear Heavenly Dao Palace.

"The inheritance of the Lord of Samsara will be ruined here today!"

If the inheritance of the Lord of Samsara falls in the middle, it will disappear completely, and as a part of the power of the Lord of Samsara, he will receive the gift of heaven, and he will become the world's biggest winner.

And Tiandao Palace is just his chess piece.

"The last beam of light..."

Ji Lin stared blankly at the appearance of the forty-ninth pillar of light, and the sense of urgency was getting closer. A huge threat was forcing her to leave here, otherwise she would face death.

Each beam of light changed from white to blood red, and Ye Chen, who was entwined with the power of causality, seemed to be able to see his own shadow in it.

But she will not leave, even if there is still a glimmer of hope, she will guard it to the end!

Yan Kun also had the same idea.

Ye Chen, who was in the reincarnation cemetery, looked breathlessly at the fire of Emperor Lin that he didn't know how many times he had played, and could not help but feel angry in his eyes.

"Even if you are the emperor in the fire, if I make you surrender, you have to do it!"

The Qinglian Demon Fire and the True Dragon God Fire appeared in Ye Chen's hands at the same time, and the fire of Emperor Lin thought that Ye Chen was going to re-execute the old tricks, and when he threw the two kinds of flames at him, it made a harsh sarcasm, in this barren grave. It's like a ghost.

"Ha ha."

Ye Chen sneered, the two flames kept approaching in Ye Chen's hands, and finally they merged slowly. The cyan and gray flames beat in the palm, but they couldn't escape Ye Chen's control anyway.

"melt!"

As soon as the two flames merged, they exuded extremely high temperatures, and they looked even more coquettish. Even the fire of Emperor Lin was slightly shocked, and the secret path was not simple.

This kind of flame fusion is definitely more difficult than directing the same number of flame attacks at the same time, because as a heaven and earth flame, aside from its own temperament, although they are all flames, they are almost completely different in nature. Want to merge, like a fantasy.

Ordinary people can master a flame, which is already remarkable.

But this time, the fire of Emperor Lin put away the heart of underestimate, but this attack was still resisted by him.

"Since you can block the fusion of two flames, how about three, four, and five?"

Ye Chen's face is full of madness, the explosion of the failed integration is enough to cause his soul to be severely damaged, and it will be a dead end, but if you don't subdue the fire of Emperor Lin, you will also have a slim chance to face him. Go on!

"Lunatic, this guy is definitely a complete lunatic!"

When the fire of Emperor Lin heard Ye Chen's words, there was a rare trace of fear on his face. It was a flame left by the supreme emperor. Although he had seen countless geniuses and strong men, he dared to say that there was no one like it. Ye Chen is so crazy.

...

The blood-stained array completely covered tens of thousands of kilometers of the area. All the creatures in the array seemed to be in a trance, as if they had seen their past and present lives. In the dark, those memories are getting farther and farther away from themselves. , As if not my own memory.

Those who are not steadfast in their minds have completely lost themselves within a few breaths, completely ignorant of who they are, their surname, and their first name.

The forty-nine pillars of light around Ye Chen also burst out of light enough to cover the sky and the earth, turning into forty-nine pillars of light, guarding different areas in the large array.

In the big formation, it was wrapped in blood red, and everything in the line of sight was turned into blood.
