"This is the **** formation of cause and effect!"

Yan Kun and Ji Lin were slightly affected at the beginning, but they immediately stuck to their hearts and fought against this big battle.

"The Great Array will start with destroying your physical bodies, gradually to the soul, and then to the cause and effect of the world. Everything related to the world will be cut off."

"This is also the sacrifice of forty-nine Chaos Realm powerhouses, plus the Chaos Realm powerhouses possessing heaven-defying array skills, can we build such a large array."

The voice of the Eternal Saint King once again echoed in the ears of Yan Kun and Ji Lin. The two originally had time to leave here completely before the formation was activated, but they chose to stick to it!

Boom!

Above the sky, there was a roar, and cracks peeked out among the **** colors. The black unknown realm made people feel scared. From the cracks, peeks of strange black matter came out.

The black matter seems to contain the ultimate murderous intent, each group is faintly mixed with a chaotic force, which is chaotic, but it seems to be the source of everything in the world, extremely powerful.

Buzzing!

Suddenly, a group of black matter turned into a 100-meter-long knife, and slammed it violently towards Ye Chen. The huge force caused the air to be rubbed and made bursts of bursts, which could be broken at any time. open.

"This is the attack of the chaos realm peak powerhouse?"

Ji Lin watched the attack and lost his voice.

"No, it's impossible. It hasn't reached the peak of Chaos Realm's power, but it's almost the Chaos Realm's fourth-tier sky, and it's not a normal fourth-tier sky. This power will become stronger and stronger." Yan Kun denied.

The Qi of Chaos is very suppressive for any warrior, so the Chaos Realm is completely capable of massacring countless Slashing Evil Realm powerhouses.

With the fall of the black giant knife, the flame power in Yan Kun's hand had already been charged up.

"Yangyan Gate!"

A door of dozens of miles long formed by brilliant flames appeared in front of the three of them, looking magnificent.

Bang!

The black sword slashed on the gate of the sun flame, and did not make a fierce collision, but the black sword was eating away the flame-built gate step by step.

There is chaos on the black knife, as long as it is given enough time, it can completely swallow all these laws of fire, and continue to grow its body.

However, Yan Kun obviously knew this, so under his full resistance, the gate of Yangyan burst into a monstrous flame, quickly surrounding the black sword.

"burst!"

The flames began to burst, and the black knife in the center was blown to pieces. With the help of Ji Lin's Law of Heaven's Poison, he successfully resisted the first attack, but because Yan Kun forcibly exploded this defensive method, he could not bear it. Minor internal injuries, energy consumption is even greater.

And above the sky, there are forty-eight such attacks!

Flames and poisonous gas surrounded this entire space, and the eyes could hardly see anything, and the next attack appeared after the black sword was destroyed.

The power of Chaos contained in this attack was even greater, and Yan Kun was struggling to withstand severe injuries before reluctantly resisting it. He also discovered that, just like Heavenly Tribulation, the more powerful he attacked, the further he went.

And this was the second attack, he almost felt the great pressure, and there will be more abnormal attacks later, I don't know how long he can block it.

Ji Lin also showed his innate poison to the extreme. The powerful poison mist formed a poison shield in the sky, and Yan Kun's Yan Yang Gate resisted the third attack.

Fourth way!

Fifth way!

...

When the attack came to the tenth path, Yan Kun and Ji Lin's bodies were already crumbling, suffered severe external and internal injuries, and the energy in their bodies had bottomed out. There was almost no way to withstand this terrifying chaotic attack.

But Ye Chen hasn't woken up yet...

"Ah! I fought with you!"

Yan Kun flew to the sky with the power of his flesh, burning flames in his hands, preparing to resist this dark sledgehammer. Under the volley of the hammer, there was a hissing sound, and the shadow enveloped Yan Kun's head.

Boom!

There was a dull loud noise, and only a click was heard. A figure was flown out dozens of miles away by the sledgehammer, and it stopped after knocking down how many major mountains.

The sledgehammer also consumed all energy and disappeared between heaven and earth.

Before Yan Kun got up, the eleventh attack started again. This time it was a sharp arrow, which quickly flew towards Ye Chen. Ji Lin stood up and forced out a drop of blood, even burning blood. All the poisonous gas was concentrated within three meters of its own, forming a natural protective shield, ready to withstand the blow.

This is the only way she can resist!

She certainly used the poison monument to strengthen it many times! And her sister also took her to find some opportunities!

But not enough!

boom!

Ji Lin's small body was shaky, his face was pale, and finally stood up swayingly and hard. She blocked this attack.

A drop of blood that burned the congenital poison.

The cost is huge.

Time and time again, both of them were dying, but for the people behind they stood up again and again, breaking their limits on the edge of life and death again and again.

When the fifteenth attack came, the two could no longer support it. No matter how tenacious the perseverance, but the strength is very limited, even if they use the body to block it, they can't stop another strengthened attack.

"Hope, Ye Bianwang can survive this catastrophe safely."

Blocking in front of Ye Chen again, Ji Lin didn't have any energy fluctuations on the surface of his body. He was just preparing to block more with his body.

Yan Kun's body had long been shocked and couldn't feel his own body. He could only rely on instinctive inner fluctuations to stand up again and again, just to prevent one more attack.

In the cemetery of Samsara, Ye Chen felt the situation outside, and his eyes showed immense anger. He couldn't even protect himself, so what's the point of being alive!

"Hey!"

Ye Chen tried to completely merge the multiple flames, and the terrifying power that erupted was no weaker than the fire of Emperor Lin with a full blow, but he knew that this was far from enough.

Therefore, it needs to be melted again!

The beating flame on his left hand was forced by Ye Chen into the four-color flame of his other hand.

He didn't have any certainty about the fusion of the five flames, but he knew that he couldn't drag on any longer, he couldn't let Yan Kun and Ji Lin face such terrifying danger outside.

The color of madness in Ye Chen's eyes surged, the flames throbbed in his eyes, and the flames in his hands began to fuse together.

...

For the fifteenth attack, Ji Lin and Yan Kun were able to guess one or two for the power alone. I am afraid that the power has reached the late stage of the Chaos Realm, which is simply not what their current strength can stop.

But they have made up their minds to use their bodies to resist this attack.

Seeing that when the power that is enough to shake everything comes!

Life and death are only in one thought!

Suddenly, the abnormality came out!

"Condensation!"

Suddenly, there was a nice voice from afar, and then a woman in white clothes with a veil appeared in the big formation, and in front of the woman, a wall of ten thousand feet of ice appeared out of thin air, and bright runes flowed on the ice wall.

Mysterious and deep.

It easily resisted an attack from the blood-stained causal formation.

The woman has a cold and dusty temperament, like an ice beauty, people want to get close at the same time, but dare not get too close.

The visitor was Wei Ying, the lord of the Absolute Frost Emperor's Palace. She sensed that Ye Chen would be in danger, and rushed to this place at full speed. If it was true, if it hadn't been a step forward, Yan Kun and Ji Lin would have had an accident.

Ye Chen must die too!

Seeing this girl who helped him in the past came again, Ye Chen in the reincarnation cemetery was relieved, and at the same time, the sense of urgency forced him to do some dangerous things.

With a light wave of Wei Ying's hands, the snow filled every piece of sky here, and even the chaotic attacks that contained chaotic air were frozen.

"This...power!"

Yan Kun was overjoyed, and it seemed that the veiled woman should be on his side, which means that the eldest brother is saved, and he doesn't need to die.

Yan Kun, who was about to be knocked into a coma, immediately looked at Wei Ying when he thought of it, and it was rare for a strong man of this level to take action.

The snowflakes in the sky began to condense into thousands of ice needles, and they did not back down in the face of the causal blood-stained array of attacks. It was not until this attack that Wei Ying destroyed several such attacks before the snowflakes began to melt.

Wei Ying looked at the many visions with a cold expression: "My people, you dare to move! Your sins cannot be forgiven!"

In the next second, the figure disappeared and went so far!

Holding the ice sword in his hand, he slashed towards the forty-nine pillars of light!

Wei Ying's sword made the beam of light flash!

The violent aftermath gathered in all directions, and Wei Ying's murderous eyes flashed with surprise.

Her power can't be broken?

It seems that this formation is somewhat unusual.

At the same time, Tiandao Palace.

Xuanyuan Moxie naturally sensed the failure of the blood-stained cause and effect.

"It's really not easy to get rid of this kid."

Xuanyuan Moxie was annoyed by the endless accidents. He clearly only wanted to kill a kid from the Evil Slashing Realm, but he inexplicably led him to so many cards. As long as he wanted to kill this person, he would immediately be obstructed.

"In that case, let's kill one by one!"

Xuanyuan Moxie's eyes were cold, and he didn't care who this mysterious girl was. As long as the other party dared to block his plan, he would be his enemy, the enemy of Heavenly Dao Palace.

The black matter comparable to the attack of the Chaos Realm, constantly morphing into various attacks, but in front of the real powerhouse, it seems not enough.

To deal with these attacks, Wei Ying could almost be said to be easily broken.

Xuanyuan Moxie looked at the forty-nine elders of the Heavenly Dao Palace, with a hint of coldness in his eyes: "Let us teach her how to be a real Chaos Realm expert!"

At the same time, a black seam suddenly cracked above the sky in the causal formation, and a huge black hand appeared in the air.

A giant hand that could easily smash a mountain peak hit Wei Ying, and with the majestic power of chaos, it was actually comparable to Wei Ying.

But on the other end, Ye Chen was no longer protected. When the black sword hit him in the sky, Wei Ying ignored the giant black hand that was entangled with him. An ice sword appeared in his hand, and soon stopped the attack that tried to kill Ye Chen.

However, the **** hand took advantage of it, and Wei Ying received a palm on the back for this, making Qian Ying almost unsteady.

"mean!"

Yan Kun was very angry when he saw this scene. It is really shameful that the palace owner of the dignified Heavenly Dao Palace would use such a despicable and sinister method.

Wei Ying was entangled with the giant black hand again, the power of chaos erupted from time to time, and everything he passed was assimilated into chaos.

It seemed that he had tasted the sweetness, Xuanyuan Moxie kept copying the trick of squeaking east and west, causing Wei Ying to rush back and forth, tired of coping. Her injuries were getting heavier and heavier with the accumulation of time, and to deal with this black giant palm more and more difficult.

At the time of the fortieth attack, the attack was obviously no longer an attack that could be issued by the chaos realm powerhouse, and the attack intensity of those black matter was no less than that of the black giant hand, or even worse.

In the face of such a turbulent attack, relying on Wei Ying's seven-layer chaos cultivation base, there was nothing he could do.

"Chaos is frozen!"

With an ice shield in front of Ye Chen, Wei Ying took a look, and then fought with the black giant hand. The black giant hand does not know any combat skills, but every punch of every palm contains mysterious chaos. The strength, without any combat skills, is enough to fight against the chaos realm strong.

The two chaotic realms confronted each other, the air was blown up from time to time, and some small space-time cracks were opened, revealing the turbulence inside, but it was automatically repaired by Fang Tiandi in the blink of an eye but in both With similar combat strength, as Wei Ying's injuries aggravated, she began to be crushed and beaten, and she could only passively evade in face-to-face attacks. From this point of view, defeat was a matter of time.

When it was stuck in the field, the sudden change occurred. The black matter did not attack Ye Chen again, but merged into the black palm, causing the already strong black palm to soar. At this moment, Wei Ying looked solemn.

There was a trace of blood in her white dress.

Faced with this blow, her experience tells herself that she is not an opponent at all.

boom!

When Wei Ying's speed dropped and the flaws were revealed, the giant hand seized the opportunity and knocked Wei Ying back with a palm!

With the endless cold current surging, Wei Ying actually smashed the Chaos Ice Seal that she had launched, the ice shield smashed, and Wei Ying also spit out a mouthful of blood, her face turned pale.

She held the Han Jian tightly in her hand, her expression extremely solemn.

Yan Kun, who was originally shining with hope, has also become dim, and even the powerful in the late Chaos Realm can't resist this blood-stained causal formation. There has never been a formation that anyone has cracked. There is really no way. ?

Ye Chen, who could feel everything in the outside world, had red eyes, the blue veins on his forehead revealed, the blood flow in the body accelerated, and the power of the invisible blood began to gush out.

The blood of reincarnation in the body continued to circulate, the red dust and Lingfeng divine veins began to strengthen Ye Chen's body and soul, and the fifth flame was completely integrated with the other four in the incredible gaze of the fire of Emperor Lin.

Then, a mild-looking white flame flower bloomed in Ye Chen's palm, but only those close to the flower knew that its high temperature was enough to burn and kill a chaos realm powerhouse.

Ye Chen looked at the white flower calmly, raised his head and said lightly to Di Lin Zhihuo: "Do you think I have this qualification now?"

Chapter 2713: Yan stele!

In reality, Wei Ying looked at a cage of thousands of miles formed by black matter, and the cage was shrinking toward the middle, just like catching turtles in an urn, they couldn't run even if they wanted to.

Soon, the surrounding area was completely enveloped by a black hole, and the three people in the darkness showed hopelessness. In no time, the bodies and souls of the four people will be wiped out by the power of Chaos, leaving no trace. .

The blood-stained formation of cause and effect is the real ultimate move of the way of heaven, destroying all living beings, destroying gods and Buddhas, and omnipotence, because there is nothing in the world that can not be contaminated with cause and effect.

The black matter began to shrink to within a hundred meters, and the three of them tried to use their hole cards to resist, but the consumption was too large, and they could hardly have any effect. They could only watch them a little closer to death.

And at this moment, Ye Chen's eyes, who had been keeping his eyes closed, suddenly opened, and a red flame monument leaped out to illuminate the surrounding area, and Ye Chen's voice also sounded at this time.

"The fire of Emperor Lin! The power of the flame stele, open it to me!"

The white flames above Ye Chen's fists rose up, and the terrifying high temperature could not even stand the space, and it continued to twist and recover.

"Everything has cause and effect, and your cause and effect blood-stained array itself also has cause and effect. In that case, I will completely end your cause and effect!"

Ye Chen's body slowly stood up, and the white flames all over his body were like the same flame war god, and his cold eyes were like a cold knife that made people hurt. Yan Kun, Ji Lin, and Wei Ying were all surprises to look at. The figure in the middle, this moment, is what they have been looking forward to.

Along the way, Ye Chen caused them too many surprises. At such a moment, they felt that no matter how much their opponent was higher than Ye Chen's realm, it was obviously impossible to beat them, but they were willing to believe the man in front of them.

Just because his name is Ye Chen!

The originally violent Emperor Lin's fire is now in Ye Chen's hands like a good boy, letting Ye Chen control it.

There is even a hot stone stele behind him!

This is the Yanbei!

The fire of Emperor Lin can only activate the power of Yanbei for a short time!

Ye Chen dare not take it lightly!

Boom!

Countless white flames gushed out, Ye Chen waved out all the flames to hit this dark area, slammed on the black matter, and suddenly a hole was punched, the flames expanded fiercely, and the encirclement formed by the black matter had not had time. If you resist, you will be wiped out.

They finally saw the light again.

The blood-stained causal formation seemed to have been provoked, frantically communicating with the outside world, countless energies of heaven and earth began to flow into the formation, and then a black giant that was hard to see through the formation condensed and formed.

The black giant opened a pair of eyes that were darker than his own, and there were countless chaos on his body, and he was a powerful man with supreme power.

"Black Flame Demon Light!"

The black giant stood in place, but a black flame was burning on his body. The high temperature of the flame instantly burned everything within a mile. Only he stood quietly in place, unattainable.

boom!

The black flames gathered suddenly and were compressed into a black energy beam, shooting towards Ye Chen at a speed that the naked eye could not detect.

Ye Chen didn't dare to be careless, this was the last few blows of the blood-stained formation of cause and effect, even if he had subdued the fire of Emperor Lin, he would never be so arrogant that he thought that his strength could kill everything in seconds, but he wanted to try it!

The white fire of Emperor Lin burned quietly on the flame stele, and Ye Chen's thoughts moved, it also formed an energy shock wave lasing away, and collided with it, sending out dazzling energy fluctuations.

There is a lot of chaos in the black flame and demon light, and I constantly want to swallow the fire of Emperor Lin, but it may be disappointed in the end. The fire of Emperor Lin is extremely overbearing, and it was the **** of the gods that soared to the upper realm. The emperor's imperial fire, how can a mere black flame swallow it?

The black fire that originally wanted to swallow the white flames was assimilated and absorbed instead. Under the declining effect, the white flames were even better, and soon burst into the black light and rushed towards the black giant again.

The giant used the power of endless chaos to transform into a black sword, and with a single blow, the white flames that were insufficient in surplus power were smashed away.

Ye Chen's realm has skyrocketed again after the fire of Refining Emperor Lin, and he has been improved in all aspects.

boom! boom! boom!

Two voices in the air appear and disappear from time to time, wherever they hit the battlefield.

And Xuanyuan Moxie, who was in the heavenly palace, looked at this scene with a cold expression. He didn't expect that the young man who was once regarded as an ant would grow so fast. Only a few days later, he would be able to fight against this level of existence. Up!

If he is allowed to grow up for a few more years, I am afraid his status is in jeopardy.

Such as the young man surnamed Ren who trampled on the dignity of the Heavenly Dao Palace!

Even if Xuanyuan Moxie knew, this was the power Ye Chen gained for a short time! Not his true power!

And it's the flame stele from the reincarnation mysterious stele!

The power of the Yanbei is really incredible!

He wanted it more!

Ye Chen became a trouble in his heart. He turned his head and looked at the forty-nine Chaos elders, his eyes narrowed slightly, and no one knew what he was thinking.

...

In the formation Ji Lin and Yan Kun looked at Ye Chen in the field with admiration, and Ye Chen did not disappoint them.

"Ye forced the king, come on!" Ji Lin yelled regardless of his injury.

Wei Ying, who was healing, glanced at Ji Lin, who was incarnate as a fan, and shook her head helplessly.

Ye Chen's palm inflammation stele, endless flames rushed out, even if it was a black giant, some places were burned and white spots appeared. Although there was no blood flowing out, he could see a painful expression on his face.

Ye Chen didn't go head-to-head with this guy, but instead found a chance to burn everything, so that he could keep the upper hand.

Boom!

In the end, when the last trace of chaotic power on the black giant was burned by the fire of Emperor Lin, he fell to the ground and disappeared, that is to say, Ye Chen won.

Ye Chen let out a breath, he found that his strength had begun to degenerate.

Dantian's spiritual power was almost empty.

The power of the Yanbei was about to disappear.

He must fight quickly.

The faces of the three people behind were full of joy, and they might be able to break the remaining blows of this blood-stained causal formation.

...

At the moment Tiandao Palace.

"Pursuing your lives for his lives, you are not wronged in your death!"

Xuanyuan Moxie held up an ancient jade plaque with gleaming light in his hand, muttered to himself, listening carefully, did not seem to make any sound, but this is the great language that can communicate the nature of heaven and earth, and everything fits together. Heaven and earth, no sound is normal.

The forty-nine elders were originally dedicated to maintaining the formation, but suddenly found that their bodies were out of control and could not even move them.

Then, their bodies began to petrify from their feet and gradually moved upwards until the entire body was drained of all the spirits and spirits in the body and completely turned into a stone sculpture. Forty-nine Chaos elders also died here.

The expression on Xuanyuan Moxie's face showed a trace of hideousness: "This is all you forced me!"

The ants that were supposed to be slaughtered with one's hand are now about to become elephants. If they don't get rid of them, there is really no chance.

"Thousand Demon Purgatory!"

Xuanyuan Moxie muttered softly, and then a huge qi spirit followed the line of cause and effect into the big formation madly.

"Cause and effect are stained with blood, and when this burst comes out, it will be sacrificed with blood!" In other words, it is to use cause and effect to cut off cause and effect.

The big formation that was already blood red at this moment really made the four of them feel like they were in a sea of blood. There were countless corpse mountains and seas of blood slapped over like a wave. In a blink of an eye, they disappeared.

The four of them stared carefully around, this vast array that has never been broken through the ages is definitely not that simple.

A stray wind blew past, with countless screams and screams in the ears of the four people. Inexplicably, the four felt that the empty array seemed to be full of phantoms. Upon closer inspection, they seemed to have not seen them. Weird.

"Could this be the purgatory of ten thousand demons called by the eternal holy king?"

Ji Lin's face that had been washed away by joy suddenly regained its dignity. The Purgatory of Ten Thousand Demons is the second line in the blood-stained formation of cause and effect, and it is to completely destroy what a person belongs to in the world.

Coming to nothingness, to get rid of nothing, is precisely to cut off all objects related to it.

"How to cut?"

Although Wei Ying is a powerful person in the late Chaos Realm, she does not have a deep understanding of the power of cause and effect, and it is difficult to understand the power of it.

The previous one was specifically to destroy a person's body, but this time of ten thousand demons purgatory is to capture a person's spirit, through the spirit, forcibly strip the cause and effect of people and things, and then cut it off!

In the end, the soul will dissipate without a reason to exist in this world.

"But don't we still have physical bodies?"

"It is very likely to become a body without any thoughts and feelings, which is more painful than death."

Wei Ying felt cold behind her back. If it were so, she might as well die.

No one had expected that the power of causality, which had never been valued, could be so powerful, and they had never heard of anyone in the Heavenly Dao Palace who could use a causal attack.

The howling wind gusts hit, the surrounding temperature dropped sharply, and countless illusory shadows overlapped, seemingly not visible, appearing in the distance for a while, in the sky, and behind for a while, it is impossible to prevent it.

Suddenly, the phantoms in the sky began to solidify, and thousands of black figures with invisible faces appeared. These phantoms were scattered around the four people, and any corner was sealed.

The illusion is imaginary and real, and it seems to be real inadvertently. After a serious look, it seems that no one is there, and the four of them have indeed seen it.

"Unexpectedly so many? Each one has the strength of a chaotic powerhouse?"

Yan Kun almost jumped up. The four of them had to face tens of thousands of chaotic powerhouses, and in the case of injuries on their bodies, they would not give anyone any way to survive.

"Brother, let's today, I'm afraid..."

Yan Kun didn't say the rest, but several people also knew what he meant. In the face of such a lineup, he would have to despair.

"Trust me!"

Facing the eyes of the three, Ye Chen stepped forward. Since they chose to believe in themselves, Ye Chen would never let them down.

A wave of hope gradually rose on Yan Kun's face. Being Ye Chen's younger brother will not lose money in this life.

Ji Lin and Wei Ying didn't speak, but Ye Chen was there, but they were not afraid of anything, even if they died, they died willingly.

Thousands of phantoms stared at them, all surrounded, there were so many phantoms, and it was very difficult to deal with one on weekdays, let alone so many.

However, Ye Chen was not afraid of this, just standing in front of the three of them, quietly looking at the phantom flying over, his eyes never looked so firm.

The flame monument is the limit of his current strength.

Before the flame monument dissipated completely, he had to break this formation.

But is it really possible?

Ye Chen didn't dare to think more!

Because he has no choice!

"Since you want to erase my existence, then you must also plan to be removed by me!"

Ye Chen forced out a drop of essence and blood, and the essence fell on the inflammation monument. A raging flame appeared on the inflammation monument, and there was a little power of reincarnation remaining on it.

And this power of reincarnation can possess a trace of the power of the power of the Lord of Reincarnation.

Even a trace is his only choice.

"Come on, let me see how strong you guys are!"

Ye Chen communicated with the Yan stele. After a while, the Yan stele turned into a stone stele with a height of a few people. Inside the stele, a terrifying force is awakening. Ye Chen can perceive this power, which is very cordial, but But powerful enough.

Roar!

The roar of the dragon came from within the flame stele. A fire dragon formed in it, and then was released through the flame stele. A five-clawed golden dragon with flaming red body, two horns and five feet on its head appeared. As soon as the fire dragon came out, Stirring the world, rolling in a blood-red cloud, the huge dragon head looked down.

Seeing that tens of thousands of phantoms are about to approach the four of them, the fire dragon roared, and the unmatched dragon tail swept over and collided with the black shadows. The black shadows flew upside down one after another, and the drawn ones were photographed on the spot. Up the air.

With just this one, thousands of shadows were killed.

The remaining dark shadow powerhouses want to gather all their power to form a mysterious and obscure formation. The formation is condensed and formed, and when they are about to kill the five-clawed fire dragon, the fire dragon's angry eyes turned towards several Thousands of people attacked, opening their mouths as huge as swallowing the sky and sucking them all into their mouths.

The strongest blow broke out in the fire dragon's body, but in the end it failed to break free from the fire dragon's stomach and disappeared in the explosion together with the fire dragon.

If it were not for this blow, it would be hard to imagine how four people could withstand this horrible blow. It was almost impossible.

The fire dragon's explosive damage was no weaker than the attack it sent out, but even so, the blood-stained causal formation only fluctuated for a while before it became calm.

Although I survived this wave of attacks, I don't know if I can survive the next wave, because no one can predict what might happen in this causal formation.

It's impossible for this kind of formation to be man-made at all, and Heavenly Dao must have participated in it, and it also wanted to obliterate Ye Chen.

Obviously after Ye Chen got through the thunder tribulation, Tian Dao has not given up looking for the opportunity to kill Ye Chen, and this time the blood-stained formation of cause and effect that caused the heaven and the earth is a good opportunity.

Ye Chen was obviously aware of this, and sneered: "It seems that even if it is the way of heaven, you must follow certain rules. Since you want me to die, I am not as good as you want."

"One day, I will overturn this day, even if the heavens are not in my eyes."

...

At the same time, the seventh kingdom of God, bordering on a mountain top with endless demonic energy surging outside the territory.

A stalwart figure is sitting cross-legged, and in front of him, there is a mysterious and faint blue bead suspended in front of him.

The beads kept circling around and gradually disappeared.

After a breath, the stalwart figure suddenly opened his eyes.

The light from the eyes is extremely cold.

Those are the eyes of the devil!

The darkness in the deepest part of Jiuyou!

"It's such a good show, how can the Devil Emperor cover the sky without me!"

Chapter 2715: cause and effect

Cause and effect are in blood.

Ye Chen's eyes are full of confidence in his own strength. Heavenly Dao can only take advantage of the opportunity to have a chance to kill him, and as long as Ye Chen keeps getting stronger, Heavenly Dao can't kill him!

Boom!

Thunder and anger sounded above the sky, it seemed that Heavenly Dao was angry, angry that Ye Chen was disrespectful to it, and wanted to drop something to punish Ye Chen, but for a long time he saw nothing fall.

Ye Chen looked up to the sky and laughed. It seemed that he was right. Tiandao really couldn't take action for no reason. I am afraid that it might be contaminated with cause and effect. Of course, this is only Ye Chen's conjecture.

However, Ye Chen's move to provoke Heavenly Dao is indeed unwise, because the power of Heaven and Earth that was originally consumed has poured into the big formation one after another, and it seems to be preparing for the final blow.

Cause and effect disappear! It was the last blow of the blood-stained formation of cause and effect. As for how it was, it seemed that no one had seen it before, because no one was the last resort to provoke it.

There was a **** drizzle in the sky, which was not harmful, but the four of them saw that the battered ground after the war had recovered under this **** rain, exactly the same as when it first entered.

"This is preparation for the final clearance..."

The four of them didn't dare to be careless, and they all used their strongest strength to resist. The ghost knew what would happen after being drenched, but it was a little bit sad.

Ye Chen has learned the formation method, and it is considered to have a certain understanding of the formation method. Knowing that the difficult formation method is broken from the inside, then there must be a place outside it that can be easily broken, and vice versa.

Ye Chen looked for every corner of the formation, almost all of them were exactly the same, so he would inevitably need to attack from the outside to get out, or else he would resist the final blow.

This is a causal formation. There is an effect if there is a cause. If the three attacks fall and there is no cause for existence, then disappearance will be its result.

Although they were all guesses, Ye Chen felt that they were inseparable from each other.

"I come!"

With a wave of Ye Chen's sleeve, he rolled away the other three people in an instant, and he landed on the other side as well, and a strange door began to rise from where they stood just now.

Why is it weird?

Because from any angle, you will see a door. This seems not something that this dimension can have, but it exists.

It is extremely suspicious that a door appears in this extraordinary formation. No one in the room will believe that the door is for display purposes.

Just when Ye Chen was puzzled, the empty door changed, showing something different.

"this is me?"

Ye Chen looked at the baby in the swaddling door, a familiar feeling came to his heart, and the person holding the baby was Ye Chen's mother Jiang Hirong!

With a gentle expression on her mother's face, she is happy to have added a newcomer to the family.

And all the surrounding buildings are the old houses of the Ye Family in Huaxia Jiangcheng.

Not only the mother, but the father with a majestic face in the old house.

Even the old grandpa is there!

Ye Chen's grandfather stared at the child from a distance, and muttered, "Ye Chen, I'm sorry, let you be involved in this storm."

"But you are the only hope of the Ye Family."

"This time, the Ye Family can't lose anymore."

The picture changes, and suddenly there are naughty pictures of young people, youthful looks, joy of adulthood, the tragic experience of the murder of their parents at Yunhu Villa, the adoption of Huaian from the medical gods, the road to revenge, the battle between heaven and earth, and finally come now. .

Like a fast-paced movie, it seems to look back on a lifetime, and time has only passed for a moment. It is really amazing. At the same time, it also made Ye Chen sigh and comprehend a lot.

Ye Chen looked at the other people with the same dazed expressions, thinking that coming to this door would reflect his life, but he could only see it.

Every time I recall, I feel that my experience seems to be quite long. In fact, when I look again, I will find that it is too fast. Almost before much has happened, he has grown up.

However, Ye Chen quickly realized that the appearance of this door here was definitely not to help them understand their lives, it must have another purpose.

"This is the gate of desperation. Once a person is reflected in it, he will experience what has happened in this life, and then all of this will become a dream, and the person who reflects the dream will eventually become Nanke Yimeng."

And the four of Ye Chen, the so-called Yingmeng people, came from the voice of Canggu Medical God, seeming to be sighing, full of endless vicissitudes.

Ye Chen couldn't help being shocked. This is probably far beyond the scope of the formation method. This is the ability that the Heavenly Dao that controls everything can possess. If the original cause and effect blood stained formation has such power, Ye Chen would not believe it. .

"This heavenly Dao, in order to kill me, really took great pains, and even used this kind of heaven-defying thing."

This kind of powerful ability is simply not something that a warrior can possess. Ye Chen has never heard of it, even a chaos realm pinnacle powerhouse can't achieve this level at all.

What a desperate door!

When the other three woke up, there was a feeling in their hearts, as if they were more at a loss, and their hearts were ashamed!

"Old man, what is going on?" Looking back on his life, how could such a big change occur.

"In your life there is a reincarnation cemetery to cover up the secrets, so this deadly gate will only show what you have experienced, and the three of them..."

"It's okay, although the first half of the life shown by this door is real, but the second half of the life is fake, you don't care."

Ye Chen understands that anyone who has experienced the second half of his life without experiencing everything, the feeling of sweeping through life, will not be so easy, not to mention Ye Chen doesn't know how God arranges the second half of their life.

Ye Chen could even see that blood and tears flowed from the cheeks of the veiled girl, which was obviously caused by excessive sadness. The other two were also pale. What did they experience for the rest of their lives?

At the same time, Wei Ying saw her life.

I was originally a teacher at the Beijing Normal University, and he has lived a lifetime.

Even knowing that I have a cold body, it will be extremely painful.

In the end, it was still Xiang Xiaoyu's death.

But a turning point of destiny appeared.

She met the most important person in her life.

Professor Ye young, smart and mysterious.

It was her first impression of this young professor.

She thought that the two were like parallel lines, but gradually realized that the two parallel lines merged.

Her heart will plop.

Her cold heart seemed to be different because of something.

She saw a vast world because of this man.

It is from an English teacher in China that he has stepped into his own mission.

She joined the Absolute Frost Sect, set foot on the Absolute Frost Imperial Palace, and controlled the supreme resources, she handed in the contract.

Having the resources of strength and cost is revenge for the Absolute Frost Imperial Palace.

Chapter 2716: That's too late!

This journey will be difficult, but she believes she will travel to the sky.

She instinctively crosses the shackles to the maximum, but her heart is concerned.

It was the young man named Ye Chen.

She wanted to protect him, just as the young Chinese guarded herself.

Is this a reward?

Still interceding?

Wei Ying didn't know.

But she was pretty sure that she fell in love with this man.

Fell in love like crazy.

Even if you sacrifice your life.

At this moment, she wanted to tell Ye Chen aloud her identity, but she thought of what the Absolute Frost Palace had to face.

She flinched.

Ye Chen is already hard enough. If he adds his own affairs, how many hardships will Ye Chen face?

She doesn't allow it.

WINK's Surge to \$1: Join the Wave!

She silently suppressed her inner desires.

She looked forward to one day when she could complete the revenge of the Absolute Frost Emperor Palace, and then confessed to Ye Chen loudly.

Take off the veil.

Tell that fool, she is Wei Ying.

The ordinary female teacher at the door of the former teacher's apartment.

but.....

She saw her future in the door of desperation.

She is dead.

Ye Chen even watched as he left.

She didn't know if it was a fantasy or what.

But I feel distressed and want to cry.

The pressure for so many years is all vented at this moment.

Turned into blood and tears.

Is there really no ending for the two?

At this moment, Ye Chen's eyes condensed, and he said to Wei Ying, Yan Kun and others: "Don't be silent!"

"Those futures are just the demons set by the Heavenly Dao Palace!"

"why?"

"Because even Heaven cannot predict our future!"

This is Ye Chen's confidence.

Hearing Ye Chen's words, the three of them realized that they and the others had been swayed by Heaven, and their expressions couldn't help but change. Wei Ying was even more murderous, and the whole body exuded a blue and pure brilliance!

Very dazzling!

She cut out with a sword, everything in front of her shattered, and her back looked extremely cold.

Ye Chen couldn't help laughing, and then turned his head to look directly at the door of the deadly death, and shouted: "God, you don't have to play with me. If you have any tricks, please charge me, I will follow them one by one."

Boom!

The clouds in the sky are more depressed, and with the blood red, it is indeed a bit infiltrating, but more seems to be angry.

sough!

Countless winds struck, and countless terrifying sights appeared in the door of desperation. It seemed that something was suppressing. He wanted to roar and rush out of the door, but he was bound to death.

The image in the Desperate Gate began to rotate, getting faster and faster, turning into a chaotic vortex, and a powerful suction force appeared along with the vortex, and the pressure on the four of them increased.

"Go!"

The four Ye Chen wanted to stay away from the Desperate Gate quickly, but the strange thing was that whenever Ye Chen turned around, the Desperate Gate would appear behind him, exactly the same distance from him when he left. It seems that the four of Ye Chen , Has been targeted.

"I really thought I was afraid of you?"

Ye Chen stopped, five flames of different colors appeared in his hands, and then mixed into a ball in the incredible eyes of the other three, and turned into a small white flower, which can be felt from above. Even higher temperatures of the fire can easily cause spatial fluctuations.

"go with!"

The white little flower was gently pushed out by Ye Chen, the goal was the desperate door.

Ye Chen knew that the power of the Yanbei was about to disappear!

This flame is his strongest blow right now!

There was a banging sound in the desperate door, and a huge black shadow suddenly appeared in the chaotic vortex. A huge mouth appeared behind the door, swallowing Ye Chen's five different fires in one bite, without causing a wave of waves.

Behind the giant gate, there is always a low and hoarse voice. Listening carefully, it seems that there is a sound of shaking iron chains, and there seems to be some kind of great terror hidden inside.

Ye Chen's expression also became extremely solemn, and even the late Chaos might not be able to receive this kind of power blessed by the Yanbei, and it was swallowed without even making a sound, which was inexplicably frightening.

"run!"

This time, even if Ye Chen was chasing after him, Ye Chen didn't turn his head back. This trick had no effect on it, and other methods would not be much stronger, it was just a futile effort.

The four urged all their strength and shuttled through the formation at a fast speed. The blood-stained cause and effect formation seemed to have almost completed its mission. The dark clouds in the sky were receding little by little, and the blood around them was not as sticky as before, just like blood. The same sticky feeling.

However, Ye Chen felt bad!

boom!

Ye Chen stopped in time, and in front of him, a small area within the range covered by the formation suddenly collapsed, and a large area was shattered into the chaotic turbulence. Even the blood-tainted formation of cause and effect failed to escape in time. Drop.

The space was rapidly collapsing, and the desperate door behind was still closely behind Ye Chen.

Suddenly, the space behind it collapsed, and the Desperate Gate fell into the chaotic turbulence and disappeared completely, but at the last moment, it seemed to flicker.

The disappearance of the Desperate Gate did not give Ye Chen half of the luck. In this formation, the space suddenly collapsed, and they could not get out, they would definitely be involved in the chaotic turbulence.

As for what will happen after entering the chaotic turbulence, even things that can be shattered in space will only end up in death, and they will die very fast, and there will be no time to react.

The space collapsed every inch, but the outermost periphery was still surrounded by the blood-stained formation of cause and effect. Ye Chen and the other three made the strongest blow to break the weakened formation.

Boom!

The attack bombarded the formation, and the big formation made a violent trembling sound.

"It works!" The four of them were overjoyed, but at this moment, the other three vomited a mouthful of blood, which was an injury caused by the force of forcibly mobilizing blood.

As early as the previous battle, the three of them were exhausted, and at this moment, they used extremely spiritual energy-consuming great moves, almost all of them infiltrated their own bodies. The side effects were so great that they could no longer bear them at this moment.

Ye Chen hit the blood-stained causal formation with a fist. The completely dark chaotic turbulence behind it was hitting, and the space debris was involved in it and it was wiped out only for a moment. There was no way at all.

At this time, the chaotic turbulence had shattered half of the space in the large array, and it would not be long before it spread to them.

Chaos turbulence represents chaos, and space is a stable form in chaos, and it must exist in chaos. If it is disrupted at this moment, it will immediately spread like dominoes.

Ye Chen didn't want to think so much. He just wanted to escape with his own people. Heavenly Dao would definitely not just sit back and watch this mess.

Bang bang bang!

Ye Chen's hands burned with white flames, it was the fire of Emperor Lin, and the terrifying high temperature bombarded the formation again and again. Ye Chen's hands were already dripping with blood before long, but he had to do this.

He was gambling, gambling to break the formation faster than chaos.

No, it's too late!

Chapter 2717: long time no see

The formation has been fluctuating, but it has not been broken for a long time, and the shaky appearance seems to be able to resist for a long time.

Ye Chen has been calmer now. There are five flames in his left hand, and a trace of unrefined ancient evil flames in his right hand. The only solution for this is to fuse the six flames together, although the chance of success is very small. , But it must be able to break the formation.

Ye Chen was familiar with the road, and the six flames quickly merged, but when the Primordial Flames approached, the two conflicted strongly.

"I don't want to merge with this kind of flame!"

Taigu Shayan resisted and didn't give Ye Chen face at all.

Ye Chen is not a vegetarian either. He greeted the Yanbei, ready to fight the chaotic turbulence below, and said coldly: "Are you going to live in the chaotic turbulence, or are you going to rush out of the formation with me?"

Taigu Shayan hesitated for a few seconds, but also sensed the crisis and quickly mixed into the flames, but the other five flames were extremely frightened, causing Ye Chen to have a headache. Even if the two flames agreed with each other, they wanted to integrate different violent factors. Together is not a simple thing, let alone this is still in an unfriendly situation.

"I don't believe in fusion!"

Ye Chen's eyes lit up with different white flames, and his heart was ruthless, so he slowly pushed the two flames forward and began to collide with each other.

That's right, it was a collision, and the fire and the fire instinctively attacked each other, and the raging fire was in full swing, and the terrifying high temperature almost burned Ye Chen to death.

When it merged to one-third, white flames burst out of Ye Chen's whole body, which looked extremely tragic, and the other three people looked at Ye Chen worriedly. This man was burdened with too much.

Nothing. If you continue to merge, Ye Chen can almost imagine the situation of himself being burned to death by the flames. Now his situation is not optimistic.

"Follow me!"

No matter how much pain he suffers, he must break this **** formation!

In an instant, the sky was filled with dark clouds!

Sweeping endless magic energy!

The silent world seemed to be transformed into Jiuyou Purgatory in an instant.

In purgatory, countless creatures cried and cried, they raised their heads and stared at the sky!

As if something terrifying is coming!

Gradually, the devilish energy has covered the sky!

The whole world was plunged into incredible darkness.

A huge eye pupil emerged!

It seems to be the eyes of the Primordial Demon!

Ye Chen naturally noticed everything in the sky, and his eyes were pleasantly surprised!

Demon Eye!

Devil Emperor!

The Devil Emperor is here!

Suddenly, a voice rang out from outside the array: "Ye Chen, I will help you!"

"Fighting against the Heavenly Dao Palace, how can there be less Devil Emperor Wuzhetian!"

The magic of the sky instantly converged into a stalwart figure!

It was the Devil Emperor who hadn't seen for a long time.

And the Devil Emperor is just outside the blood-stained causal formation!

A sword of billowing devilish energy was flowing in the hand of the Devil Emperor, and it was cut in the air!

The huge sword intent penetrated from the outside, and the world seemed to be torn apart!

Even Wei Ying, who is the highest among the four people present, has slightly changed color. This person's strength is definitely not under her.

It may even reach the realm of the gods!

Devil Emperor's sword! Wanmo is angry!

The monstrous meaning is like the end of the world!

The blood-stained formation of cause and effect, which was already a bit of power dying away, was on the verge of breaking, and the sound of creaking creaked, and ripples appeared on the formation, spreading around, and it was about to break open.

But at this time the chaotic turbulence behind is already in front of you, but after three breaths, the shattered space will spread to the four people. At that time, although the big formation was swallowed, the people would die.

Realizing this, Ye Chen frantically urged the Primordial Fiend Flame in his body!

Although there is no refining, at the time of crisis, even the slightest breath of reincarnation in the reincarnation cemetery was invoked, and the flame seemed to be undergoing a little bit of transformation.

A trace of extremely powerful flames appeared at the intersection of the two flames. Ye Chen was overjoyed. This was a sign that the fusion was about to succeed!

At this time, the time from the arrival of the chaotic turbulence is less than two breaths.

Behind was the endless darkness. Ye Chen, who was threatened by his life, couldn't care about so much. He directly pressed hard and completely integrated the two flames. A flower bone wrapped in endless evil spirit appeared in Ye Chen's hands, Taigu Sha Homura, the fusion is finally successful!

At this time, the darkness had stretched to the feet of the four, and was about to swallow them.

And Ye Chen just pressed the fused flame against the devil emperor's attack, and the already loose array was completely unsupported, and it shattered with a bang.

Faced with the darkness, the Devil Emperor didn't have time to think about it. After the devil sword in his hand stretched out, he quickly took the four of them away from here.

The chaotic turbulence was also cut off by the Devil Emperor.

Until they escaped from the area affected by the darkness, everyone breathed a sigh of relief.

But at this moment, a shocking sword intent fell from the sky!

It seems to represent the unwillingness of the failure of heaven!

Even if Ye Chen can't be killed, Ye Chen will have to pay a painful price!

How can the four have the strength to fight at this time!

When everyone changed their color, the Demon Emperor swept his hands, and his body appeared in front of Ye Chen.

The Devil Emperor's eyes were cold: "Heavenly Dao Palace, now I want to learn your power!"

The next moment, the Devil Emperor stretched out a finger!

Just one finger!

This finger burned the soul-refining fire in the depths of Jiuyou.

This finger represents the endless anger of the Devil Emperor Zhetian!

This means that he wants to compare with Tiangong test!

The two extreme energies collided instantly!

Everything shattered in an instant!

The thunder robbery disappeared.

The dark clouds disappeared.

Everything returned to calm.

Only the chaotic turbulence not far away.

Yan Kun and Ji Lin sat down back to back.

He was covered with blood, extremely hideous.

Yan Kun looked at the sky, his eyes flashing with incomparable determination: "I finally understand the meaning of Yong Lao, and sure enough, my strength is still not enough."

"If the ultimate trial is completed, maybe it will be fine."

"This time, I almost made Big Brother fall."

Ji Lin glanced at Yan Kun, but said nothing more this time.

It's just that she subconsciously grabbed Yan Kun's clothes with her hands.

This is not fear.

I feel that I am too weak.

The innate poison body, such a good talent, was actually used by her.

She felt it was a waste.

For the rest of his life, Ji Lin's eyes grew somewhat.

And all this is unknown At this moment, Ye Chen's gaze fell on the stalwart body covered by that devilish energy.

"Devil Emperor, long time no see, if it weren't for you this time, we might be in danger."

Ye Chen's face was pale, his forehead was covered with sweat, and he reluctantly smiled.

The Devil Emperor also sighed for a while, he rushed to this place quickly after sensing Ye Chen's breath, and immediately shot Ye Chen when he saw that Ye Chen was in danger. He didn't expect such a thing to happen.

Everything in the distance was occupied by the chaotic turbulence, and it seemed to be constantly devouring the world, but it was extremely slow, as if it had encountered great resistance, and a giant purple eye appeared in the sky.

Ju Yan seemed to glance at the direction where Ye Chen was, and then stared at the chaotic turbulence.

The turbulence disappeared.

Chapter 2718: Half a step in the sky?

The Devil patted Ye Chen on the shoulder: "This time, you did a great job."

"But too risky."

"This time the failure of the blood-stained formation of cause and effect, Tiandao Palace Xuanyuan Moxie's pursuit of you will only win even more."

"This battle has just begun."

Ye Chen looked solemn, suddenly remembered something, and said: "Devil Emperor, what is your current cultivation base?"

The Demon Emperor sighed: "At the peak of Chaos, it is still impossible to enter the Heavenly God Realm."

"But my combat power can barely compete with some of the early existence of the Heavenly God Realm."

Ye Chen is overjoyed, although he can now fight against the existence of the fifth layer of Chaos Realm!

But the first level of Chaos Realm is very different!

What's more, the Devil Emperor is still the peak of Chaos!

Almost half a step into the Heavenly God Realm!

"The Devil Emperor, does it mean that we can set foot on the Heavenly Dao Palace?"

Ye Chen was a little excited.

Xuanyuan Moxie did not obliterate, after all, it was the biggest hidden danger.

However, to his surprise, the Devil Emperor shook his head: "Not enough."

"The appearance of the moon ring vision changed the pattern of the entire kingdom of God."

"And Tiandao Palace is the place that has changed the most."

"And the closest place to the Moon Ring Vision is also Tiandao Palace."

"I heard that there are so many people in the Heavenly Dao Palace who awakened the ancient bloodlines, and the cultivation base is a crazy breakthrough!"

"If I'm not wrong, the blood-stained formation of the Heavenly Dao Palace should have been forty-nine slashers, but the moon ring anomaly has also aggravated this formation. I am afraid that the elders of the Heavenly Dao Palace rely on the moon ring. The vision has entered the chaotic realm."

"Otherwise, you can resist without me."

The Devil Emperor just wanted to say something, another thunder robbery surged above the sky.

This Thunder Tribulation is a bit weird.

But it is full of unmatched power.

Ye Chen's eyes were solemn: "Could the Heavenly Dao Palace come back again?"

The Devil Emperor shook his head: "Ye Chen, this is your Erley."

"The Thunder Tribulation just now was just controlled by the Heavenly Dao Palace."

"Now it is Erley that belongs to you in the Evil Slashing Realm, but usually Erley comes when you break through the Essence Slashing Realm, and your Thunder Tribulation is delayed by a few points."

"It's a little weird, but you have survived the **** cause and effect, this Erley is not enough."

Ye Chen exhaled, sat cross-legged, and Erley descended one after another!

Although the Devil Emperor said it was an understatement, Ye Chen spent the last trace of his strength in breaking Erley.

He looked at Yan Kun and the others in a daze, and finally couldn't support it, his head went dark and he passed out.

...

Far away in the Heavenly Dao Palace, Xuanyuan Moxie's body, where he was sitting cross-legged, was suddenly severely injured, a lot of blood flowed out of the corner of his mouth, and his whole person was also shaking.

This is the first time in so many years so embarrassed!

If he could step out of the Heavenly Dao Palace, how could it be so troublesome!

One blow was enough to kill the kid.

This time he wanted to kill the Lord of Reincarnation but failed to kill it. Instead, he was placed aside. It is conceivable that Xuanyuan Moxie was angry and unwilling at this moment.

Half of this injury was backlashed by the Great Array, and half of it was unable to kill Ye Chen's anger by using such a means. Killing a mere ant in the Evil Realm, with the use of even the Chaos Realm peak can be crushed. The big formation can't help him in the slightest, this is really an evil thing.

And for the forty-nine Tiandao Palace elders, the stone statues that originally exuded a faint light were completely dimmed, as if there were countless unwilling to shout from them, but Xuanyuan Moxie left unchanged, and the moment he walked out, behind The stone statues collapsed and turned into dust flying in the sky.

Xuanyuan Moxie returned to the body of Yantian Dragon God.

A stone stele emerged.

Yan Tian Long Shen solemnly said: "What should I do next?"

"This time, the blood-stained cause and effect failed. If you want to kill that kid, it will be difficult."

Xuanyuan Moxie glanced at the Tiandao Pan not far away, and snorted coldly, "Just let him breathe a few more breaths."

"To kill him, I have ten thousand ways!"

"The situation in the Kingdom of God is chaotic. Whether he can survive is a question."

"Also, the prohibition set by the Ye Family and Jianzun in the Heavenly Dao Palace is about to break."

"Once it breaks, no matter who that person is, he will die!"

"Right now, I need to retreat immediately!"

"No one can enter the temple!"

"You keep guard for me!"

Yantian Dragon God's eyes hesitated, and finally he said, "Okay."

...

Among the first-class sects of the Kingdom of God, the Divine Extreme Sect, the spiritual aura in the sect is ethereal, and many people are immersed in cultivation.

However, when everyone heard the news of Ye Chen's return, they suddenly boiled, but in the Shenji Sect, no one did not know the name of Demon God Ye Chen.

The name Ye Chen not only represents a disciple of a sect, but also represents the hope and miracle of Shenjizong!

Regardless of whether he is convinced or not, Ye Chen is now very prestigious in the Shenji Sect. Not only does the head favor him, but even most of his disciples use Ye Chen as their example, and hope that one day they can catch up Ye Chen could be regarded as setting off a wave of cultivation.

However, when these disciples arrived, they were blocked outside the door. The reason was that Ye Chen was cultivating and it was inconvenient to meet guests.

After dismissing those curious disciples, Sun Yi closed the door and looked after Ye Chen who was unconscious on the bed with a worried expression. It has been half a month since Ye Chen was unconscious.

Every day for the past half month, someone wanted to see Ye Chen, but she dismissed them all.

"Where am I?"

Just as Sun Yi stared out the window, Ye Chen opened his eyes, and at a glance he saw Sun Yi, who was dressed in blue clothes and fluttering with fairy spirit, and couldn't help but blurt out.

Sun Yi looked back and saw Ye Chen wake up, and said in surprise: "Ye Chen, you are awake, of course this is Shenjizong."

Ye Chen nodded, and then got off the bed. His physical condition was not too bad. Originally, he was not qualified to use the Primordial Evil Flame, and his cultivation base was not enough. Now, when he uses it forcibly, his whole body is burning with flames. Suffered a very serious internal injury.

But under the rotation of the blood of reincarnation, a body that seemed almost powerless to return to the sky was miraculously healed, and now it is even more vigorous, without any discomfort.

The two chatted, and went to see Yu Mako together.

"Disciple You can be considered as waking up. With such a severe injury, the people of Canggu Sect said that there is no way, but you are healed..."

The originally frowning Yu Zhenzi saw Ye Chen and suddenly smiled. Before Ye Chen was able to take action when the Divine Extreme Sect was in distress, it was really the good fortune of his Divine Extreme Sect. Even with this life, Ye Chen wouldn't have an accident.

"In other words, what the **** is going on, how can you get so badly injured?"

After chatting for a while, Yu Zhenzi asked, when Yan Kun sent Ye Chen back, almost his whole body was scarred, and even the inside of his body was almost torn apart. In the end, he would not hesitate to see that Ye Chen's body improved on its own. The power of the whole family, please bring out those hidden existences to treat Ye Chen.

"It's okay, the enemy chased the door and it has been resolved."

Ye Chen didn't want Shenjizong to get in touch with Tiandao Palace, so he told a little lie. At present, Shenjizong could not be the opponent of Tiandao Palace.

Chapter 2719: Time for revenge

Seeing that Ye Chen didn't say much, Yu Zhenzi and others were also very witty and didn't ask much.

After leaving Yuzhenzi's place, Ye Chen came to his residence and saw Yan Kun walking back and forth with a solemn expression.

"Brother, are you... okay?"

Yan Kun rushed up instantly!

A huge bear hug!

Even faintly made Ye Chen feel that his injury has increased a bit!

"What can I do, I won't cry and lose my face." Ye Chen was obviously joking about Yan Kun's scared expression after escaping from the **** causal formation.

Yan Kun, who is usually bold and unrestrained, couldn't help feeling a little embarrassed at this moment, and he was also squeezing in his words, causing Sun Yi to tremble and smile.

"By the way, where are the Devil Emperor, Ji Lin and the mysterious veiled girl?"

It stands to reason that they came back together, and they should have been in the Shenji Sect, but it was strange that there was no trace at this moment.

Yan Kun replied honestly: "It was Ji Lin and I who brought you into the Divine Supreme Sect. Ji Lin left early this morning, and the Devil Emperor had already left before entering the Divine Supreme Sect. The veiled girl didn't say a word. , Left directly.

The woman has a weird temper and her body is so cold. She should be your friend to save you. Why is this attitude? "

Ye Chen thought of the veiled girl and couldn't help shaking his head.

friend?

Neither of them said a few words yet.

But what made him wonder was why this veiled girl always appeared when he was in danger.

It's like, always protecting yourself?

Moreover, every time it appears, the increase in strength is incredible.

It can even be described as opening!

This kind of evildoer, why protect yourself?

Is it related to the Ye family?

"By the way, brother, this is left by the Devil Emperor."

Ye Chen took the sound transmission note that Yan Kun handed over, input a little spiritual power, and suddenly a message came.

"Ye Chen, I have already left. This time I am looking for a secret of the Demon Race. When I solve it, we will see you again."

The Devil Emperor has always been vigorous and resolute, so it's not surprising to make such a move.

At this moment, Ji Lin opened the door and walked in. When he saw Ye Chen, his eyes were filled with joy. It seemed that he was finally relieved and said: "Ye Chen, fortunately you are fine, otherwise I will surely kill him. The palace avenged you."

"The dog thief in Tiandao Palace, I remembered Ji Lin."

"When my congenital poison rises, I will let this dog thief **** smiling half-step poison!"

Ye Chen was amused by Ji Lin's words, touched her little head, and said softly: "Ji Lin, it's been hard for you these few days."

Ji Lin immediately avoided: "Ye Chen, you can't touch my head! You have to become stupid!"

"Also, you can't have a bigger idea than me! We are the same generation!"

"Yan Kun wanted to touch my head before, so you can ask how he ended up?"

Ye Chen looked at Yan Kun, and the look in Yan Kun's eyes clearly saw an extremely terrifying feeling.

Obviously, Ji Lin has been torturing Yan Kun in the past few days.

"By the way, the master is here too."

Ye Chen looked up, and sure enough, Xuan Lingzi also appeared in front of Ye Chen, and said excitedly: "Master!"

In the eyes of Xuan Lingzi, Ye Chen controls the ancient medical **** Cang, the incarnation of the ancient medical god!

Naturally Master!

"By the way, how is Master's body?" Xuan Lingzi asked worriedly.

"Since you said that I am your teacher, my body is naturally healthy."

Suspended Lingzi suddenly said: "I am the one who worried too much."

"By the way, Master, this time, Ji Lin asked, I might take her somewhere."

Ye Chen looked weird: "Where to go?"

When Xuan Lingzi was about to say something, Ji Lin rushed up, grabbed Ye Chen, and then came to the corner: "Ye Chen, don't care about so much, okay, mother-in-law, they are not like men at all."

"

Of course I have important things. Also, if you lend me the poison monument, I really need it. "

Ye Chen hesitated for a few seconds before nodding.

As for the poison monument, he also gave it to Ji Lin.

He tried to refine the poison monument, but the effect was slow.

Right now, it might be the most suitable use for Ji Lin to take practice.

Suddenly, Yan Kun also thought of something, stepped forward, and said seriously: "Brother, since you are awake, I have to leave."

"Yong Lao came to me a few days ago."

"I'm worried about the situation of my eldest brother, so I just stayed. It has been delayed for some time now."

"I must now reunite with Eternal Lao."

Although Ye Chen wanted to stay Yankun in Shenjizong for a few more days, but seeing Yankun's resolute eyes, he understood something.

He didn't say much, and agreed.

After Yan Kun and Ji Lin were sent away, Ye Chen returned to the house.

This time the meaning of martial arts has gained a lot, and it is time to try further.

And this time, with so many flames, there is always a variety of fusion dangers and risks too.

It is better to gather all the power of the flame in the profound flame.

After all, Xuan Yan can absorb flames and keep getting stronger!

...

Ye Chen sat in the secret room.

Suddenly, Ye Chen opened his eyes suddenly, a burst of red golden light flashed in his eyes, and the surrounding air was a bit hot instantly!

He sighed softly, his face showed an expression of excitement that could not be concealed!

Ye Chen lightly clicked, among the red gold, wisps of blue light flashed from time to time, and appeared in front of him.

It is Xuan Yan!

At this time, Xuan Yan had completely absorbed the true dragon and divine fire, the fire of Emperor Lin, and had evolved to the divine fire rank!

Today, using the Burning Blood Technique, his physical body will get an unimaginable huge increase, and his strength alone can increase to an incredible level.

Now Ye Chen, under his full force, his power can crush some of the powerhouses in the early Chaos!

Of course, this was mainly because the divine blood in Ye Chen's body had undergone sublimation.

A battle with Bai Yuhuang, a battle with blood-stained cause and effect, is a huge gain!

The current Ye Chen's strength is comparable to a powerhouse in the Chaos Realm five-layer heaven.

In the event of an outbreak, you can even fight the chaos realm six-layer heaven!

He smiled slightly, stood up, his figure flashed, and he appeared outside the gate of Shenjizong. Now, there are some things that he has to deal with.

On that day, Yang Chihara hit himself hard!

Let him almost blew himself up!

Such pain and despair made Ye Chen extremely resentful at that time!

He vowed to have enough strength! Be sure to let the other party pay back!

Now is the time to have enough strength!

...

Huayang Mountain is located in an extremely remote place in the Seventh Kingdom of God. Here, there is only one Xiuwu Sect, Huayang Sect.

The warriors of Huayang Sect are mostly hidden from the world, and they rarely communicate with the outside world. The news is extremely lagging, and even the warriors of Huayang Sect have never heard of the decisive battle on the top of the ten thousand gods that caused a sensation in the entire kingdom of God. .

On weekdays, Huayang Sect is deserted and deserted, but on this day, the whole family of Huayang Sect is extremely lively, with lights and festoons everywhere, it is almost like a holiday.

Chapter 2720: Goodbye Yang Chihara!

Yang Xiuming is the Sect Master of Huayang Sect. He does not seem too old. He is in his thirties. He has a sharp chin and a yellowish complexion. He is dressed in a red robe and his cultivation level is chaotic. Looking at the aura, it was quite unstable, apparently after Yuhuan appeared on the moon, he broke through with the extremely rich spiritual energy of heaven and earth.

And beside Yang Xiuming, there was a chubby middle-aged man standing with the same level of chaos. He was the great elder of Huayang Sect, Zhang Xin.

At this time, Zhang Xin smiled excitedly at Yang Xiuming: "Sect Master, today is the day when the ancient great power left the customs?"

Yang Xiuming's face was full of rich joy, and he nodded.

Zhang Xin exquisitely smiled and said: "Hahahaha, with the support of this ancient powerhouse, our Huayang Sect is going to rise completely! Haha, those first-class sects? From then on, in our eyes, we are all in harmony with the ants. Is there no difference?"

WINK's Surge to \$1: Join the Wave!

A few months ago, an ancient powerful man, passing by Huayang Mountain, suddenly came to their Huayang Sect. After seeing Yang Xiuming, he said that Yang Xiuming was a descendant of the ancient Yang family!

After that, he stayed in Huayang Sect and told Yang Xiuming that he wanted Huayang Sect to become the number one power in the kingdom of God!

Everyone, although they knew that this person was very strong, they were dubious about what he said.

But when he felt that Huayang Zong's Xiuwu resources were too few, he personally shot and killed several monsters in the early stage of Chaos, and even a supreme monster that broke through the fifth layer of Chaos after the moon appeared in the jade ring. After bringing back Huayang Sect, everyone was completely convinced!

In their eyes, this strong man is the true god!

After that, this ancient person began to retreat.

This person is Yang Chiyuan!

And today is Yang Chiyuan, the day of exit!

This also means that it is time for him to lead the rise of Huayang Sect!

At this moment, a loud laughter sounded from the Huayang Sect, and the laughter went straight into the sky!

Yang Xiuming and Zhang Xin looked at each other, and they both saw the joy in each other's eyes!

That's Yang Chihara's laughter!

But at this moment, a figure suddenly came from a distance, and soon fell directly in front of Yang Xiuming.

When Yang Xiuming and Zhang Xin saw this, they both frowned slightly, and their eyes flashed with gloomy colors.

Who, so arrogant, broke into their Huayang Sect directly?

Now, Huayang Sect is about to become the first behemoth of the kingdom of God!

However, they did not have a direct attack, because they saw the cultivation base of the faint-looking young man in front of them, and cut the third layer of the Evil Realm!

This person is naturally Ye Chen!

Ye Chen glanced at the two of them, and said lightly: "Yang Chiyuan, here?"

Yang Xiuming and Zhang Xinwen said that they were both taken aback for a moment. This person actually came to see Senior Yang?

However, immediately in Yang Xiuming's eyes, a raging anger flashed, staring at Ye Chen, a boy who was in the third level of the Evil Realm, dare to call Senior Yang as Yang Chiyuan?

This is simply an insult to the God in his mind!

For Yang Xiuming, it is more unacceptable than mocking him directly!

Immediately, Yang Xiuming yelled angrily: "Laughter! How can you call Senior Yang's name!"

Although Ye Chen's breath was a bit stronger than Yang Xiuming, Yang Xiuming actually didn't have much fear of Ye Chen.

why?

Because, Yang Chiyuan is about to leave the customs!

In front of Yang Chiyuan, what counts as the garbage from the third floor of the Evil Realm?

Even the ants are not counted. He may be the only person in this world with Yang Chiyuan who has a trace of contact. If the boy in front of him, if he did something to him, would Yang Chiyuan let him go?

Ha ha.....

So, he Yang Xiuming, what is there to be afraid of?

This loud shout attracted many Huayang Sect disciples.

"In other words, Yang Chihara, are you here?"

Ye Chen ignored Yang Xiuming's big drink, just an ant. Is it necessary to bother?

Yang Xiuming's complexion instantly became gloomy!

This kid not only ignored him, but also called Senior Yang's name directly again?

He is Yang Xiuming, but he is about to become the sovereign of the first power in the kingdom of God, under one person and above ten thousand people!

A small trash who slashed the third-tier sky in the Evil Realm, dare to be so arrogant, presumptuous, and defiant before him?

Had it not been for his limited strength, Ye Chen would have been a killer!

But soon, a sneer appeared at the corner of Yang Xiuming's mouth.

Soon Senior Yang is about to leave the customs, I see you ant, when the time comes, can you continue to be arrogant?

At this moment, there was a rumbling, a strong aura, soaring into the sky, stirring the situation, the spiritual aura of heaven and earth, all messed up because of this aura!

Everyone in the Huayang Sect, at the moment they felt this breath, their hearts trembled, and they involuntarily thumped and fell to the ground!

This breath gave them an irresistible heart of worship!

However, although everyone knelt down, their eyes were full of excitement and ecstasy!

That is the breath of Yang Chiyuan, Yang Chiyuan, it is out!

At this moment, a figure flashed and appeared in front of the Huayang Sect.

This person has a handsome face, a red robe, long hair draped, and red and green lights gleaming in his eyes. It is Yang Chiyuan!

At this time, Yang Chiyuan, his cultivation base, has already entered the chaos realm six-layer heaven!

Yang Chiyuan's original strength was not too strong among the ancient warriors, and it could even be said to be the bottom.

This is also the reason why the soul of the ancient demon first released it.

However, this ancient demon soul didn't know that Yang Chiyuan's talent for martial arts cultivation was extremely against the sky!

Even, relying on the power of the origin that filled the world, awakened the ancient divine body and broke through to such a realm in one fell swoop!

Ye Chen looked at Yang Chiyuan and said with a cold smile: "Oh? A breakthrough?"

As soon as Ye Chen said this, the entire Huayang Sect fell silent for an instant.

Yang Xiuming, Zhang Xin, and that kind of disciple were all dumbfounded, looking at Ye Chen in disbelief...

This kid, is he **** crazy?

Knowing that Senior Yang is in Chaos Realm, how dare he be so presumptuous?

"Oh? Have you broken through the Chaos Realm?"

In this tone, talking to Senior Yang?

Does he regard such an ancient existence as a cat or a dog?

Immediately They all sneered and looked at Ye Chen cruelly.

Senior Yang, it's not a good temper...

This kid will die miserably.

Especially Yang Xiuming, his face was full of pleasure!

Originally, he was still thinking about how to let Senior Yang teach this kid, this kid just hit him?

I really don't know how to write dead words.

Everyone turned their gazes to Yang Chiyuan, looking forward to their gods, and let this brazen kid pay the price!

However, a scene that shocked everyone appeared.

Yang Chiyuan glanced at Ye Chen, but he was not angry!
