Chapter 2731: Ye Luoer's shock

Nine Heavens Shenlong Temple.

An extremely luxurious palace.

A young girl knelt above the hall, her face full of dignity.

And above this hall, there is also a majestic man with dragon spirit.

The man was dressed in a golden dragon imperial suit, a faint blood exuded in his eyes, with his hands behind him, staring at the girl kneeling in front of him.

After hesitating for a long time, he suddenly said: "Are you the baby girl born by the pregnant woman Longchengtian brought to the Nine Heavens Shenlong Temple?"

Ye Luoer lowered her head and nodded seriously.

She knew she must be respectful.

Yong Lao confessed.

Yong Lao told her that she was the only one who could freely enter and exit the Nine Heavens Dragon Palace.

Her blood comes from the Nine Heavens Dragon Palace.

If you want to help Ye Chen in the future, or find the secret of your own blood, you must come here!

She has no choice!

When Elder Yong Yong said something when sending her into here, it deeply shocked Ye Luoer's heart!

She didn't want Brother Ye to fail!

Don't even want to watch Big Brother Ye die!

The Longwei man walked in front of Ye Luoer step by step, stretched out his hand, and clicked on Ye Luoer's chin.

The chin lifted slightly, and Ye Luoer's face was clearly seen.

"It's very similar indeed."

"But, not enough!"

In the next second, the Longwei man pointed at Ye Luoer's eyebrows.

A faint golden light instantly penetrated Ye Luoer's body!

And Ye Luoer's face was also full of pain!

Long Wei man's strength is too terrifying, her body can't support it at all!

"what!"

Ye Luoer suddenly yelled, and her body was instantly covered with golden dragon scales!

In pain, Ye Luoer is about to transform the dragon!

At the same time, a scarlet golden dragon shadow rushed out of Ye Luoer's body!

Suspended above the hall!

He looked at the Longwei man condescendingly.

The Long Wei man's expression was startled, and the hand at Ye Luoer's eyebrows even trembled!

In the next second, he directly released it, and took a step back: "Sure enough..."

The vision disappeared.

Everything is calm.

Ye Luoer opened her eyes. After experiencing such pain, her eyes were a little firm: "Is this enough proof?"

The Longwei man suppressed his inner shock: "Enough...enough..."

Ye Luoer stepped forward: "I'm here to fetch things, you should understand what I mean."

"At the beginning, you forcibly planted in my body and changed my destiny. Now, I think my destiny is in my control."

The Long Wei man had a solemn expression, but in the end he turned around and walked towards a mural in Kowloon.

His five fingers touched one of the murals.

In an instant, the wall opened!

The originally dark corridors were completely revealed.

A candlelight ignites automatically.

Everything is clear.

The Long Wei man glanced at Ye Luoer and said respectfully: "Follow me..."

Ye Luoer's body also sank into the corridor.

One minute later.

Ye Luoer and Longwei men stopped.

Because in front of the two of them was a devil dragon that was imprisoned and sleeping!

And this dragon is similar to the dragon in the abyss!

But stronger!

Long Wei man said: "What you want is on this magic dragon."

"He is asleep, close your eyes, touch him according to your bloodline, and you will understand."

Although Ye Luoer was afraid, she moved forward step by step.

When facing the magic dragon, Ye Luoer swallowed, stretched out her slender hand, and touched it instantly.

At the moment when she touched the dragon scales, Ye Luoer's body was covered with bursts of radiance.

And the chain shook.

As if the dragon was about to wake up.

Even more bizarre is that Ye Luoer's scared face was filled with shock!

As if seeing something incredible!

...

The country of extreme evil.

midnight.

In an extremely luxurious palace, there were bursts of women's sorrows.

A middle-aged man wearing a dragon robe with a majestic face and dark eyes flashing from time to time, sitting on the main seat, his face sinking like water!

In front of him, was kneeling a young woman who looked less than thirty years old with a nice face and was full of noble air. At this time, facing the man on the main seat, she kept crying.

That middle-aged man is exactly the emperor Youyuan of the kingdom of extreme evil!

The woman kneeling in front of him is You Xuan's mother, Ming Concubine.

Concubine Ming was full of sorrow, and said to the emperor sadly: "My Xuan'er, my Xuan'er, it was actually an outsider brought back by the old Qi from nowhere, tortured like this! Emperor, you can You have to decide for Xuan'er!"

The emperor snorted coldly: "Call the shots? Huh! You Xuan's **** thing, for a woman, can't even use his brain? How dare to provoke such a evil star? Give him a lesson, okay!"

The young woman cried more miserably when she heard this.

The emperor of the extremely evil country, but his eyes were raging, and he shouted: "Noisy, get out of the widow!"

Although Concubine Ming was full of resentment, she wished to avenge Ye Chen with all the power of the country, but she had to follow the emperor's order to withdraw.

In the palace, only the emperor was left. At this time, his complexion was extremely ugly!

Just now, even though he said that, You Xuan, after all, is his own son!

Moreover, he is still the prince!

Was it for an outsider to knock 10,000 heads?

This kid named Ye Chen simply rubbed the royal family's face on the ground!

He said coldly: "Wu Ming, you watched that battle, how strong is this kid?"

The shadow behind the emperor was distorted, and the figure of a man emerged.

This man wears a blood-red mask painted with swirls, and is wearing a black robe. He is thin and looks a little weak.

but! No one would really think so!

Because this man is a strong man!

At this time, he respectfully opened his mouth to the emperor: "Although this person only has the cultivation base of the third-tier heaven of the Slashing Evil Realm, his strength is probably comparable to the powerhouse of the sixth-tier Chaos Realm, and what is strange is that he Although it is not a member of my evil clan, the extremely evil aura does not seem to affect him at all."

The emperor's gaze became even more gloomy, and gritted his teeth and said, "That is to say, even you are not his opponent?"

The man named Wu Ming nodded slightly.

"Huh, nothing."

The emperor snorted, and then, on his face, a stern smile appeared: "Everything, wait for the end of the evil spirits ceremony three days later, let's talk about it, this time the evil spirits are over, the old ancestors should also leave. Right?"

"At that time, this king, we must make this kid pay the price!"

"Let him know, not everyone can afford to kowtow to the royal family!!!"

...

Three days later, the entire kingdom of extreme evil was extremely lively, and everyone was celebrating the arrival of this day.

In the formerly strict palace, on this day, from time to time, a luxurious dragon cart drove into the palace.

Chapter 2732: Ye Chen in District 12

Today is the day when the Zhensha ceremony is held. The nobles and ministers of the country will all come to observe the ceremony!

Moreover, the process of the ceremony will also be transmitted to all parts of the country of extreme evil through the shadow crystal, for the people of the country of extreme evil to watch!

At this time, the emperor of the kingdom of extreme evil was standing in front of a dark gate. In front of him, there were twelve envoys who participated in the ceremony of suppressing evil to solve evil!

And around the gate, there are still a group of noble princes and important ministers who come to observe the ceremony.

WINK's Surge to \$1: Join the Wave!

At this time, everyone looked at the seventh-ranked envoy with an extremely strange expression.

This person is indeed Ye Chen!

They looked at Ye Chen with sarcasm, doubts, disgust, and contempt. Many people even directly said, "This outsider in the third level of the Slashing Evil Realm, should he also participate in the Sorrowful Ceremony?"

"I heard that it was brought by the seventh princess. I think the emperor spoiled this girl too much. How can you mess around with the evil spirits ceremony!"

"Hehe, thinking that he can bear the evil spirit in the air, he will be invincible, and start to lose himself? Right away, he will regret it."

"It's a pity that a place was wasted in vain. I can only hope that other holy envoys can absorb more of the extreme evil spirit of the sword stone!"

"I want to see how fast this waste enters the Holy Land!"

"Allowing outsiders to participate in the Summoning Ceremony is simply a blasphemy of the Ceremony!"

The other eleven holy envoys also looked at Ye Chen with a sneer. In their opinion, Ye Chen's existence was an insult to them!

Even all the people in the kingdom of extreme evil are screaming!

Everyone is extremely looking forward to the scene of Ye Chen being instantly crushed by the extremely strong evil spirit after he entered the Holy Land!

But Ye Chen's expression was faint at this time, as if he didn't care about everyone's words.

Ye Chen's attitude made everyone even more angry!

The emperor lightly coughed, "The Ceremony of Suppression of the evil spirits is about to begin. Behind this gate is the Holy Land. The Holy Land is divided into twelve areas! The concentration of evil spirits and the number of evil spirits in each area are different!"

"In general, it can be divided into four grades!"

"The first gear is from zone 1 to zone 3. This is the area where the evil spirit is the weakest and the evil spirits are the least. It is the easiest to complete the evil!"

"The second gear is from zone 4 to zone 6. In this gear, the number of evil spirits and evil spirits is medium."

"The third gear is from the seventh to the eleventh zone. In this gear, the evil spirit is quite strong, and the number of evil spirits is not a small number, but overall, the difference from the second gear is not too big. !"

"The only thing that needs special attention is that the twelfth zone is listed as a separate level! The twelve zones are extremely powerful, and even the three areas of the first gear, combined, are not as good as the twelve zones! Magic number, the same is true!"

The so-called completion of the evil spirit is to reduce the evil spirit in the area to a certain extent to prevent the evil energy from overflowing! The sword stone is located in the center of the holy land. In each area, the closer to the sword stone, the stronger the extreme evil spirit!

Although the envoys had already known about it, their expressions changed when they heard the emperor mention the 12th district!

If you can, no one wants to enter the 12th district!

It's a pity that after entering the Holy Land, all the holy envoys are randomly assigned in which area to complete the evil spirit. Moreover, if you want to enter the Holy Land, you must enter twelve people at a time. There is no possibility that the twelve districts will be by. !

Over the years, the success rate of the evil envoys who entered the twelve districts has been infinitely close to zero. The success of the twelve districts has only existed in ancient legends. Therefore, although every year, the kingdom of extreme evil will be held. Suppression Ceremony, but, the concentration of extremely evil air in the air is still increasing!

Because, in the 12 districts today, the evil spirit is so strong that it is impossible to imagine it!

Generally, as long as the envoy finds that he is assigned to the twelfth district, he will completely give up on Jie Sha, just thinking about how to survive!

But even so, the survival rate of the envoys in the 12th district has been less than one in a thousand for thousands of years!

In other words, only one can survive an average of one thousand years!

Entering the 12th district is almost equivalent to declaring death!

The emperor opened his mouth again and said, "Shenzhen Ceremony, the time is an hour!"

"One hour is up, no matter whether the evil is successfully resolved, you must return to the entrance! Otherwise, you will be imprisoned in this holy place, and the door to the holy place will be opened again, and you can only wait until next year!"

When everyone heard this, they all felt chills!

Imprisoned in the Holy Land for a whole year!

Even if it is a super powerhouse at the pinnacle of the Chaos Realm, it will not be able to resist the erosion of evil spirits and become the food of evil spirits, right?

The safest method is naturally to absorb the evil spirit near the entrance, but if you do this, it is impossible to complete the evil within an hour!

If it fails to solve the evil, it will be removed from the emissary, losing all status and privileges!

Therefore, generally speaking, the holy envoys will approach the sword stone in the center of the holy land, choose a location with extreme evil concentration and a more moderate concentration, and release the evil!

Suddenly, the emperor raised his head and glanced at the position of the gray sun, and said loudly, "The Ceremony of Suppression, officially opened!"

He snorted, and there was a burst of gray and white evil spirits all over his body, and his spiritual power surged. An unclear human figure appeared behind the emperor, and the phantom stretched out a little, a rune, towards the dark gate. , Lasing away!

In the next moment, the dark gate let out a roar, and slowly opened in front of everyone!

Behind the door, there was an extremely deep darkness!

A group of holy envoys stared into the darkness, their eyes were extremely heavy. After a while, they all stepped forward, slowly sinking into the dark shadows.

Ye Chen's expression was faint, with a smile on the corners of his mouth, he entered the door as soon as he moved.

After everyone entered the Holy Land, the huge twelve-faced shadow crystals were suspended in the air. These twelve-faced shadow crystals corresponded to the twelve areas in the Holy Land!

At this time, a group of nobles, ministers, people in the kingdom of extreme evil, and even emperors, all looked at the twelfth shadow crystal!

Everyone, their eyes are full of tension, and they don't know which holy envoy will enter this death zone!

At this moment, above the shadow crystals in the 12th district, light flashed, and a young man with a calm expression appeared in the screen!

Everyone, after seeing the man's face clearly, they were all taken aback, and their complexion became a little weird...

In the next moment, the entire kingdom of extreme evil broke out with a burst of laughter! Laugh with great joy!

The man who appeared in the 12th district was Ye Chen!

Chapter 2733: Spiritual Deed

Countless gloating voices echoed in the kingdom of extreme evil.

"This outsider is actually assigned to the 12th district?"

"Even the evil god, want him to die quickly, right?"

"This is the punishment for blaspheming the Zhensha ceremony!"

"Hahaha, do you think this outsider will be smashed by the pressure of extreme evil, or will it be swallowed alive by the evil?"

At this moment, Ye Chen in the Holy Land squinted his eyes slightly and looked towards the front covered by the gray-black strong evil spirit.

In the imperial palace of the kingdom of extreme evil, a young woman, with eyes full of delight at this time, is the concubine Ming!

At this moment, with a grinning smile at the corner of her mouth, she looked at You Xuan'er and said, "Seven princesses, it seems that this year's Zhensha ceremony will be very exciting, don't you think?"

"Thanks to you, looking for a **** outsider to participate in the Zhensha Ceremony has saved us from losing a precious emissary! Could it be that the Seventh Princess has long known that outsiders will be assigned to the 12th district, deliberately arranged This waste came to die?"

Ye Chen made his son knock his head 10,000 times, and Dao Xin collapsed. How could she not hate him?

At the same time, You Xuan'er, who brought Ye Chen into the palace, also hated it!

Now that Ye Chen is assigned to the 12th district, it is natural to laugh at it!

Everyone heard that they looked at the seventh princess with a sneer. Naturally, they would not really think that the seventh princess was to send Ye Chen to death, so they recommended Ye Chen to participate in the ceremony. You know, the status of the royal family is the same as the one recommended. The performance of the Holy Envoy in the Great Ceremony of Suppression is closely related!

Seven princesses recommended such a waste, and they are destined to die in the Holy Land. In the palace, they will fall out of favor, right?

Upon hearing this, You Xuan'er looked at Concubine Ming with a frosty face and beautiful eyes, and snorted coldly, "Huh, death? Your son looked down on Ye Gongzi in the same way. What happened? I don't need me to tell you. Right?"

Although, You Xuan'er recommended Ye Chen to be a holy envoy, and she cannot say what she intended, but no matter what Ye Chen's purpose is to enter the Holy Land, from the result, he is helping the kingdom of extreme evil to solve the evil. , To benefit the people!

It is not an exaggeration to say that he is a hero of the kingdom of extreme evil!

However, being insulted by these spectators who do nothing?

This is too unfair to Ye Chen!

Even You Xuan'er can't stand it anymore!

In her daily life, although she is a bit coquettish, right and wrong are still clearly distinguished. Since childhood, she has respected those who risked their lives to solve the evil spirits. No matter what Ye Chen's status is, she should not be subjected to this. treat!

After hearing this, Concubine Ming's expression instantly became gloomy, and when she thought of her son, she was biting her teeth with resentment, and now, this You Xuan'er is actually defending that waste in front of her?

A vicious light flashed in the eyes of Concubine Ming, and she suddenly calmed down. She smiled and said, "It seems that the seventh princess is very confident in the strength of this Ye Shengmei. In that case, the seventh princess, dare to be with me. bet?"

A group of nobles and ministers all looked at You Xuan'er with a sigh upon hearing this.

When You Xuan'er heard the words, her beautiful eyes sank, and after a moment of silence, she asked, "How to bet?"

She knew that if they showed weakness and flinched at this time, these people would definitely insult Ye Chen even more vigorously!

Although You Xuan'er and Ye Chen can't talk about friendship, since Ye Chen has become a holy envoy, she will not allow anyone to insult Ye Chen at will!

A gleam of joy flashed in the eyes of Concubine Ming, this stupid girl actually meant to agree?

Since you hurt my Xuan'er and this kid named Ye is about to die, you also have to pay the price!

Concubine Ming said coldly, "Just bet, this young man, can you come out of the Holy Land alive?"

Everyone around heard the words and looked at each other. They all looked weird and came out of the Holy Land? how is this possible? Although the survival rate of the 12 districts is one in a thousand in general, most of them occurred tens of thousands of years ago!

In these tens of thousands of years, due to the accumulation of extremely evil spirits, no emissary has ever survived it.

However, You Xuan'er said blankly, "What about the stakes?"

Everyone was stunned for a moment, and looked at You Xuan'er in disbelief. Listening to the tone of the seventh princess, did she agree?

What kind of medicine did this kid give to the seventh princess?

Fascinated the seventh princess like this? No more common sense?

"Princess Seventh, I heard that this kid likes others to kowtow to him and apologize? If so, he really survived, I am in charge, just now, those of us who insulted him, regardless of our status, kowtow to him and apologize, how about ?"

After that, Concubine Ming looked at the people and said, "Can you agree?"

Those nobles and ministers were all playful and smiled nonchalantly, "Agree."

"can."

"Everything is arranged by the concubine Ming."

Anyway, this kid will die 100%, so what about promise?

Why not please if you can please Ming concubine?

The smile on Concubine Ming's face is even stronger, but she said more and more coldly, "If so, this kid is dead! I want you to apologize to Xuan'er, kowtow, and give up the seventh princess. position!"

When everyone heard this, their faces changed!

Looking at Concubine Ming in shock, this is a bit big, right?

Concubine Ming, this is really going to kill the Seventh Princess!

In the kingdom of extreme evil, the ranking of the royal family is not based on the order of birth, but depends on the contribution of these princes and princesses to the relief of evil!

The most contributor, ranked top twelve!

And the status of the top twelve royal families in the kingdom of extreme evil is not comparable to other royal families at all!

Concubine Ming is now asking the seventh princess to give up the status of the seventh princess. To put it ugly, it is almost equivalent to expelling the seventh princess from the royal family!

Losing the seventh place, even if the seventh princess is still a royal family, can she be better off as a concubine and eldest prince?

Each of them opened their eyes wide and looked at the Seventh Princess.

Seventh princess, even if the kid named Ye Chen is so confused, it is impossible to agree to this condition, right?

The next moment, You Xuan'er looked at Concubine Ming with her beautiful eyes, and said coldly, "Yes, but..."

"If you lose, You Xuan, also give up the position of the prince!"

Everyone was completely dumbfounded!

You Xuan'er, actually agreed!

Is it worth it for an outsider who didn't know where it came from?

It seems that the Seventh Princess is destined to be over!

Concubine Ming's eyes flashed ecstasy, and she smiled lightly and said, "No problem."

After all, it was actually a spiritual deed!

"Make a spiritual deed!"

Concubine Ming smiled viciously, since she agreed, she would not give the other party the slightest chance to repent.

You Xuan'er took a deep breath and left a mark of his soul on the spiritual deed.

Chapter 2734: Shocking 1 Sword

All the nobles around, the ministers couldn't help but swallowed...

At this time, Concubine Ming and Princess Seven really joined together...

At this moment, the picture on Chuan Ying Jing changed.

Ye Chen moved!

In the Holy Land, Ye Chen stared at the heavy evil spirit in front of him, and said to the old man, "It's so heavy, extremely evil spirit, old man, the sword stone that Senior Ren said should be at the end of that evil spirit, right?"

At this moment, Ye Chen's pores were frantically absorbing the evil spirit around him. In the meridians, the power of the blood of the Heaven-Breaking God Ape collapsed, and his body felt refreshed.

If you let everyone in the kingdom of extreme evil know, you will be shocked to the ground!

Even the evil clan, generally speaking, because the evil aura of the 12th area is too strong to bear, they all forcibly close their body meridians and wait for the Holy Land to open!

Even so, for tens of thousands of years, no emissary has survived!

And Ye Chen, just absorbed it in spite of it?

Still the same as okay?

It's indescribable!

The old man smiled and said, "Yes, boy, according to the predecessor, if you absorb the extreme evil energy of the sword stone town, not only will your strength rise to a higher level, but also, maybe you will get a great the benefits of!"

"Great benefit?" Ye Chen's eyes flickered slightly.

"Boy, isn't your Qinglian Heaven Slayer Sword broken? It just so happens that you need a new weapon."

"The thing that Senior Ren gave you on the top of the ten thousand gods, I have seen... the origin of this sword may be extremely surprising."

"He used this sword to punish the gods on the top of all gods! The power can be imagined!"

"If you re-integrate things here, your future achievements...unimaginable!"

There was a light flashing in Ye Chen's eyes, and the expression of excitement flashed on his face. That, but the ancient existence in the legend, what left behind, will never be worse than the real ancient thing, and it may even reach the ancient times. The rank above the absolute weapon!

However, he soon calmed down, frowning and said, "Old man, isn't that left by the evil spirit? The sword-suppressing stone that suppresses the evil spirit alone can kill the existence of the chaos realm with the evil energy alone. I can Conquer it?"

"Haha, boy, you are a little too underestimated of your bloodline, you are the supreme bloodline of reincarnation in the world, in short, first find the sword stone!"

Ye Chen nodded, and immediately had a certain body shape, swaggering towards the depths of the evil spirit, and flew away!

However, Ye Chen himself felt nothing, but others were different!

The entire kingdom of extreme evil fell into a dead silence, as if the freezing winter of everything had arrived!

Countless spectators were all dumbfounded and dumbfounded when they saw Ye Chen rushing towards the depths of the evil spirit! Your brain will be burst like a balloon!

Ye Chen, what are you doing?

Do you think you have a long life?

Are all assigned to the 12th district, still a little restless?

The only trace of the possibility of surviving has been shattered, right?

Didn't you see that the envoys in the other eleven areas were cautiously moving forward at this time, afraid to make a sound?

"Hahahahaha!

"In the palace, after seeing Ye Chen's behavior, Concubine Ming laughed in disregard of her image!

Now, she has the winning ticket!

Even she didn't expect Ye Chen to kill herself?

She looked at You Xuan'er and sneered, "Seventh Princess, do you still think this kid can survive? It seems that you don't have to call you Seventh Princess in the future?"

You Xuan'er ignored Concubine Ming's words, because her current thoughts rested on Ye Chen!

At this time, she was beautiful and wrinkled, and her beautiful eyes were full of worry!

She knew that Ye Chen was going to find the sword stone, but! It's a bit too reckless!

Originally, in her guess, Ye Chen should have no fear of extreme evil for some reason, but the threat in this holy land is not just extreme evil!

Sure enough, everyone around him sneered with disdain.

"Idiot, still voluntarily run in? The concentration of evil spirit...It won't be long before we can see him being blown up by evil spirits?"

"Running, quite fast, looking unscrupulous, thinking that I am invincible? Ignorance is to the extreme, that is the twelfth district, there are countless evil spirits in it, even if you don't be blown up by the evil spirit, immediately, This kid will become food for the evil demon, right?"

"In either case, in short, this kid will die soon!"

At this moment, on the Shadow Transmission Crystal in District 12, there were bursts of harsh and terrifying ghost crying!

When everyone saw this, they showed a cruel smile, here it is!

Sha demon, was attracted by this kid!

In the Holy Land, the experienced holy envoys will try their best to avoid fighting with the sha demon. Who dares to die like this kid?

For one thing, because the extremely evil spirit is too strong, the emissary is greatly suppressed in the Holy Land!

Secondly, although the strength of a single Sha Demon is not too strong, there are so many Sha Demon in the Holy Land that it is unimaginable! If there is a battle, it is extremely easy to attract many evil spirits. The evil evil spirits in the holy land are extremely fierce monsters. In order to devour the flesh and blood of living creatures, they do not know what fear is!

Once you are entangled by them, let alone unraveling the evil spirits, it is difficult to return to the entrance within time!

What's more, the area where Ye Chen is located, District 12! The number of evil spirits is three times that of the first gear area!

Even if Ye Chen is not swallowed by the evil demon, don't you want to come out alive?

To sum up, Ye Chen is already dead!

...

In the holy land, Ye Chen's eyes condensed, and the billowing suffocation in front of him surged. Hundreds of heads were pale, rickety, skinny, less than half a person tall, with long slender arms and sharp claws. On the extremely ugly face, there are a pair of strangely big **** eyes!

Those hundreds of evil spirits, when they saw Ye Chen, they let out a stern ghost cry, and the desire for flesh and blood flashed in their blood eyes, and they rushed toward Ye Chen!

Hundreds of evil spirits rolled around, condensed on the sharp claws, countless claw shadows, in an instant, they would completely submerge Ye Chen's figure!

Facing the sky full of claw shadows, Ye Chen did not retreat in the slightest, and even his expression did not fluctuate. He took out a long sword at will, the meaning of real martial arts surged, and the huge force surged out toward the hundreds. Head evil demon, cut out with one sword!

A sword came out, the cold light was everywhere, the strong sword intent whistling, the endless evil aura stirred, countless sword marks, filled the void, the whole holy land trembles slightly!

The holy envoys in other areas all opened their eyes with horror and looked in the direction of the 12th district in disbelief!

Chapter 2735: Not important anymore!

In this holy land, there are people who can cut such a terrifying sword?

There was a loud bang, and the rain-like shadow of the claws dissipated in an instant, and at the same time, there was a life of evil spirit!

Time, as if there was a moment of stillness, the bodies of those hundreds of evil spirits, with a rumbling sound, turned into blood mist and exploded in the extremely cold sword light!

This powerful sword, it is not only the sages that shocked, naturally, between the evil spirits of the twelve districts, there were countless terrible crying ghosts instantly!

Even across the shadow crystal, the horrible howling sound almost pierced the eardrums of everyone in the kingdom of extreme evil, causing their souls to begin to tremble!

This... How many evil demons exist?

Thousands, right?

Everyone was shocked by Ye Chen's ability to slay hundreds of evil spirits with a single sword, but what was even more frightening was the number of evil spirits in these twelve areas!

For a time, ghosts flashed on the screen of the twelve-zone shadow crystal, countless terrifying, weird, thin and pale shadows, shuttled back and forth in the billowing evil spirits, completely surrounding Ye Chen!

Now, even if Ye Chen wanted to withdraw, he couldn't make it!

However, what everyone can't understand is!

Ye Chen, up to now, he still maintains his calmness?

how is this possible?

Is this kid really not afraid of death?

Ye Chen glanced over the evil spirits, and in his eyes, there was a sharp flash, and the whole body was surging spiritual power, bursting out without reservation, the meaning of real martial arts lingered above the sword's edge, and the reincarnation of the gods and demons ran wildly. On the surface of the body, seven layers of blood burst out, and in the blood, a golden light of heaven-shaking power faintly appeared!

A little bit of cold light turned into thousands of sword lights! The violent power, like a mountain whistling a tsunami, accompanied by an icy sword light that seems to be able to cut the world in two, causing the world to collapse, and everything freezes, pouring out towards the thousands of evil demons!

However, this is not over yet!

After the sword was cut out, Ye Chen's muscles shook, and he shouted in a low voice, without stopping, he cut out a sword again!

The meridians all over his body have expanded to the limit. On the surface of his body, black blood vessels flashing with golden glow are formed, and there is a roar of warfare in his mouth, and another sword falls!

Three swords in a row!

Extremely terrifying three swords in a row!

These three swords are full of the charm of the six swords and the clear wind!

Even after Ye Chen's understanding, it became stronger!

The heavy epee light, superimposed in one place, the power surges, the evil spirit is swept away by this sword light, and the sacred ground is madly annihilated, collapsed, the whole holy land, endless vibrations, the earth cracks, and the extremely stable space sealed by the evil energy is irresistible. There are cracks!

The screams and wailing sounds of countless evil demons, one after another!

but!

In less than half a breath, the stool stopped!

In the Holy Land, fell into a strange silence!

More than just a holy place!

The entire kingdom of extreme evil fell into a strange silence!

All those who are watching the Great Ceremony of Zhen Sha, at this time, their eyes are straight, their souls are dragged into the monstrous evil intentions, and they will forget their breath and heartbeat!

They couldn't believe what they saw!

At this time, in the Holy Land, the 12th district where Ye Chen was...

Where can I see thousands of scary ghosts?

Yes, only blood!

The **** fog is so strong that it can hardly be removed!

Flooded in the twelve districts!

Surrounding Ye Chen's body!

So, what blood is it?

That is the blood mist formed by the countless evil spirits that were chopped off by Ye Chen's sword light! ! !

Three, three swords to destroy the ghosts?

Is that human being?

At this time, countless people were shocked by Ye Chen's terrifying strength...

That's tens of thousands of demons!

At each end, in the strong extreme evil aura of the Holy Land, one can possess the power of half-step chaos, and even the first and second layers of the chaos realm!

And under the suppression of the Holy Land, ordinary holy envoys, facing a dozen or so, at most dozens, and no more than a hundred, are they reaching their limits, right?

And what about Ye Chen?

Three swords, killing...

The evil demons who had surrounded him did not leave alive!

Fundamentally, it is not on the same level as other envoys!

At this time, in the other eleven districts, the envoys were advancing cautiously, avoiding a few evil spirits from time to time, or quietly killing the only evil spirits, it seemed that it was also very thrilling, step by step.

If it were in the previous ceremonies for the suppression of the evil, the performance of these envoys can be called outstanding, and they should be able to win the applause of the mountains and the tsunami, attracting the attention of countless people, right?

But now Ye Chen is here!

Comparing with Ye Chen, their performance is like a child playing house! It's unattractive!

Originally, those who insulted Ye Chen, at this time, they all shut up! I was completely impressed by Ye Chen!

Even, they are all excited, extremely excited!

Not only did they have an idea that they couldn't believe in themselves...

Maybe, this extraordinary outsider can really solve the evil successfully?

Became the first emissary in the 12th district to successfully solve the evil in tens of thousands of years!

In the palace, a minister couldn't help shouting, "Okay! Great, these three swords have wiped out a large number of evil spirits. If you are here to deal with evil spirits, you should not be harassed for the time being, absolutely. Great opportunity!"

However, he didn't notice the concubine Ming who was on the side, that extremely gloomy, spiteful look!

"What did you say?" Concubine Ming gave a cold voice.

The minister glanced at the concubine Ming, and immediately fell silent.

At this time, You Xuan'er had even forgotten to take revenge on Concubine Ming. She was extremely excited, her beautiful eyes glowed, and she looked expectantly at Ye Chen, who was like a blood sea war god!

In the holy land, Ye Chen at this moment gasped slightly, he was able to make three swords in succession. In fact, part of the reason was the strong and extremely evil spirit around him!

Extremely evil spirit, for others, may be a kind of restriction and shackles, but for Ye Chen, it is a great tonic!

In the next moment, Ye Chen was stained with blood, and continued to move towards the depths of the Holy Land!

Everyone was taken aback!

Ye Chen, even going to go deeper?

Obviously here, is the best position to solve the evil?

Going further inside is really dangerous!

However, at this time everyone's minds were already affected by Ye Chen, no one dared to continue talking, just staring at Ye Chen nervously one by one, wondering what he wanted to do?

Only the concubine Ming sneered and said, "Go deeper? Very good, go ahead and die, there is always a time when you die!"

At this time, there were also some emissaries who began to solve the evil, but in the kingdom of the extreme evil, no one paid attention to them. Compared with Ye Chen, these emissaries were unsuccessful in solving the evil. Important!

Chapter 2736: bad!

Once the twelfth area, the evil spirit is successfully solved, even if the other holy envoys all fail, the extremely evil spirit leaked will be reduced by countless times! Starting

Ye Chen has become the focus of everyone!

Ye Chen's figure flashed rapidly in the twelve districts, and the picture changed with Ye Chen's movements. At this moment, someone shrank and pointed to the shadows that flashed by from time to time in the picture, exclaiming. : "Look!"

Everyone looked at the shadow and frowned. What is that?

It seems that he is avoiding Ye Chen?

All of a sudden, everyone took a breath!

It is the evil spirit who hides in the evil spirit and avoids Ye Chen!

It seems that the evil spirits are not really afraid of death, but that you have not killed them to the point of being afraid!

Once you kill them, they will still be afraid and avoid!

Now, Ye Chen has obviously killed them for fear!

But at this moment, Ye Chen, who had been advancing at high speed, suddenly moved his body, his pupils contracted and flashed to one side!

At the moment Ye Chen stepped away, a huge stone pillar thundered and slammed into his original position!

One is completely different from the evil demon, it is extremely tall, with muscles and muscles knotted all over, the figure with blue face and fangs appeared in front of Ye Chen!

"what is this?"

Countless people, seeing the horrible figure, shocked their eyes.

I never saw such a monster in the previous ceremony of Zhen Shao?

and! Judging from its attack just now, it turned out to have some intelligence? Know how to attack and use weapons?

This is not comparable to Sha Demon at all!

At this time, in the palace, a gray-haired, seemingly elderly minister, looked at the figure with trembling eyes, and his whole body began to tremble!

If it wasn't for someone nearby to support him, I'm afraid he would be limp to the ground!

When all the ministers and nobles saw this, they all asked incomprehensibly: "Prime Minister Wang, what's wrong with you?"

Prime Minister Wang pointed to the terrifying figure with trembling fingers, and said, "That...that is the Sha Devil! The legendary Sha Devil!"

When everyone heard this, their faces were extremely frightening!

Sha Devil, that is something that only exists in the legend, I did not expect Ye Chen to run into it!

This evil demon king is an evil thing that will be born when the evil spirit is strong enough to a certain level in the holy land. It is said that even in ancient times, all the holy envoys who met the evil devil Without exception, all were killed by the Sha Demon King!

It is said that once in a certain area, there was a Sha Demon King. In the Holy Land, it swallowed countless holy envoys and became the fear in the hearts of all the holy envoys. Later, the emperor of the extreme evil country made a decision. It means that all the emissaries who encounter the Sha Demon King must explode without hesitation!

Even so, it took thousands of years to destroy the Sha Demon King by the blow of countless envoys...

Since then, the Sha Demon King has become the shadow that envelopes the entire Kingdom of Extreme Sha!

The national power of the country of extreme evil has been weakened for thousands of years because of the evil demon king! Even mentioning the name of the Sha Demon King has become a taboo!

Now, this legendary shadow, Taboo, was hit by Ye Chen!

Ye Chen, even though he has shown extremely high strength against the sky, can he be the opponent of the Sha Demon King?

You Xuan'er, even the countless citizens of the Extreme Evil Country, their complexions have become difficult to look...

Ye Chen's luck is really no one...

was assigned to the twelfth district, and even if it were, he even ran into the Sha Demon!

Ming Concubine looked at the Sha Demon King and almost couldn't help laughing. It seemed that even God didn't want to let this waste go! The Sha Demon King, a rare encounter in thousands of years, has been met by him!

At this time, in the Holy Land, Ye Chen frowned slightly, and the monster in front of him had the strength of the chaos realm six-layer heaven!

The evil demon king roared, with a rolling evil spirit, he rushed towards Ye Chen, his whole body of evil energy, instantly turned into a dark color, all over his cyan skin, black blood vessels bulged out, extremely ferocious! New 81 Chinese network update the fastest computer terminal: <https://>

This monster raised his hand with a punch, and turned into a huge ghost head. In the whole holy land, there was a harsh and ear-piercing ghost cry in an instant. The ghost head was bloody, and its sharp teeth were like swords, cutting the surrounding void. Become a crush!

Ye Chen's pupils shrank, and the punch of the evil demon king was better than the combined attack of thousands of evil demon!

But, that's all.

Ye Chen snorted coldly, and the long sword danced in his hand. The meaning of true martial arts swept out like a hurricane. The sword light was surging, covering the world, like stars falling to the ground, the sky collapsed, like an endless wave of power, like a god-eater, To engulf everything, exuding an endless aura of extinction!

That sky full of ghosts crying, at the moment the sword light flashed, they were suppressed one after another!

The next moment, the sword light and the ghost head collided, and the aftermath radiated towards the surroundings. In the suffocation, the screams continued. Many of the evil demons hidden in the 12th area were affected by this aftermath. And seriously injured or even died!

clicked, because the two fought against each other, there was a crack on the shadow crystal!

Fortunately, this shadow crystal was projected through the position of the emissary using a secret method, and it was not like when Ye Chen and Bai Yuhuang fought against each other completely shattered!

But, it was enough to see that the attack on both sides was terrifying!

"Roar!" The Sha Demon uttered a roar, and in a pair of blood eyes, there was a flash of shock like a human!

On its chest, there was a deep sword wound that could reach the bone!

Even more shocked than that, it is the people of the extreme evil country who are watching this battle!

In this legend, no one is invincible, a terrifying monster with a fierce reputation, and once brought a shadow to the entire kingdom of extreme evil, is it that Ye Chen was hit by a sword?

Is there any limit to Ye Chen's strength?

Repeatedly, again and again shocked everyone, even these warriors of the extremely evil country who have long been used to the suppression of the evil spirits, their nerves cannot bear it, and they have fallen into a coma!

The previous ceremonial ceremony of Zhen Sha, no matter how thrilling and exciting, it can't compare with Ye Chen's one ten thousandth!

Ye Chen looked at the evil demon king, but his brows were slightly frowned. Just now, that was his full-strength sword, unexpectedly, only caused it to suffer this degree of damage?

Moreover, this Sha Demon King is not a human being, and its vitality is not comparable to ordinary human warriors!

Specially, in this holy land, the evil spirit king uses evil spirit as energy, and the evil spirit here can be said to be endless!

At this moment, the wound on the Sha Demon King's chest, as expected, began to heal under the slow creeping movement!

Ye Chen took a deep breath, his whole body surged, sword light burst, and another sword, slashed towards the evil devil!

Chapter 2737: Than recover?

If you want to defeat this Sha Demon King, you must not give it any breathing time!

Especially, Ye Chen is in this holy land, but there is a time limit!

For a time, in the twelve areas of the Holy Land, violent winds raged, boundless evil spirits continued to roll, space neighed, and the earth broke apart!

In a blink of an eye, Ye Chen and the Sha Demon had already fought dozens of times!

"Extreme Martial God Flash!"

Ye Chen let out a low cry, his body flashed in an instant, avoiding the powerful punch of the Sha Devil, the long sword in his hand was cut out like the lightning that tears the sky, and the sword light was like a sea like a dragon! The martial intent was violent, and instantly enveloped the evil demon!

The cold light flashed, and a trace of fear flashed in the eyes of the evil demon king's blood, and he yelled up to the sky, boundless evil spirits, gathered in front of him and turned into a giant demon, blocking Ye Chen's sword light!

With another loud bang, the Sha Demon King's huge body was actually knocked into the air by the terrifying power contained in Ye Chen's sword!

"Roar!"

The evil devil screamed again, blood dripping on the blue-black body, he was cut out by several hideous sword wounds!

The billowing evil spirit, like two big hands, gathered behind the Sha Demon King, dragged its body, and rushed into the wound crazily. It looked extremely serious, and any wound that could easily take the life of a human warrior, actually it is quickly bridged!

Ye Chen snorted coldly, and a icy smile rose from the corner of his mouth. His figure quickly bullied the Sha Devil's side, his muscles swelled to the limit, and the seven blood lights all over his body suddenly shone, like a **** sun rising in a sea of evil spirits!

With a stern look on his face, he raised his hand fiercely, with another sword, slashed towards the Sha Demon King's waist!

The galloping force compresses the air. Before the sword arrives, that terrifying force has already twisted the Sha Devil's waist!

The Sha Devil seemed to feel the fatal danger, his **** eyes trembled frantically, his whole body was throbbing with black blood vessels and his muscles were tight, as if being pushed to the limit!

The next moment, the Sha Demon King let out a stern sound, and on the surface of the body, a thick black glow, like a carapace, enveloped the Sha Devil's body!

"Huh?" Ye Chen raised his eyebrows, his eyes flashed with surprise!

Amidst the black light, there was an incredibly strong aura!

Even above the concentration of evil spirits in these twelve districts!

The most important thing is that this evil spirit is extremely condensed, turned into essence?

At this moment, this sword, with the power of destroying the world, collided with the body of the Sha Demon King!

In the Holy Land, there is another shock!

The eyes of everyone in the kingdom of extreme evil had begun to straighten, and the battle between Ye Chen and the evil devil was almost beyond the limit of their imagination!

Don't say it's the evil spirit, just this terrifying battle has already wiped out a lot of evil spirits...

Of course, if other holy envoys use Ye Chen's method to consume evil spirits, it will be nothing but death. Just absorbing evil spirits and suppressing them in their own body is already extremely dangerous, and they will have to resist evil spirits to corrode and take action desperately. ?

What's more, if you do this, you will undoubtedly be besieged by the evil demon!

This also shows how Ye Chen is against the sky!

Even the evil clan who had lived in the extreme evil country for a long time couldn't do things, Ye Chen easily realized...

Booming, the blood mist exploded, the black light collapsed, and the Sha Devil's body flew upside down again!

but! This time, Ye Chen did not pursue it!

He looked at the long sword in his hand with an extremely ugly expression. On the long sword, black stains appeared, and it was still spreading fast. The spirit energy emitted by the whole long sword was declining rapidly!

"Corrupted?"

This long sword was completely corrupted by that extremely condensed evil spirit!

When the stains dyed the entire long sword into black, there was a cracking noise on the long sword, and this weapon was shattered like a block of soil!

There was a gloom in Ye Chen's eyes, but that was the last sword in his hand, the weapon of martial intent that suits him!

The fragmentation of the Qinglian Heaven Slayer Sword had too much impact on Ye Chen!

Although Ye Chen has some other swords, such as the Blood Demon Sword, but the level is not enough!

The weapon was repeatedly destroyed, causing Ye Chen's heart to feel an extremely strong sense of irritability. It seems that the sword of the predecessor must be repaired!

The Sha Demon King stopped his figure at this time, even with the protection of the condensed black light, a huge blood hole was still blasted from its waist!

Moreover, at this time, the Sha Demon King's broad chest was up and down. Obviously, the black light just now was not arbitrarily used, and it was very expensive!

However, its **** eyes showed a hint of joy when looking at Ye Chen!

"Damn it!" Ye Chen cursed. If he loses his weapon, he would not be easy to defeat this evil demon!

The Sha Devil roared, his whole body was tumbling, and he turned into two demon heads, condensed on his fists. With a movement of his figure, he turned into a blue shadow. This time, he took the initiative to rush towards Ye Chen!

"Extreme martial arts heavy punches!"

Ye Chen yelled violently On top of his fist, a burst of annihilation erupted. The laws of martial arts were all shaken by Ye Chen's fist!

But in the face of this punch, the Sha Demon King was not afraid at all, and the fist with the demon slammed it at Ye Chen!

Two fists struck each other, with a loud bang, endless fists swept across the square!

The dust was full of smoke, and a cyan figure was blasted to fly back!

However, this time, it was not only Sha Demon King who stepped back, Ye Chen's body also stepped back!

With a click, blood filled his fist, and cracks appeared in his bones!

The fist of the Sha Demon King in the distance was also **** and bloody, even more severely injured than Ye Chen, but at this time, the muscles of his hand squirmed, and the evil spirit poured into it like a moth to the fire. The wound quickly healed, even broken. The bones are all being reborn!

It looked at Ye Chen with a pair of **** eyes, full of hideous and happy colors!

Even above the terrifying face, there was a hint of smile!

As if to say, have humans seen it? I can recover indefinitely!

However, at this moment, Ye Chen's eyes flashed with quiet anger, and he sneered, "Compared with me to recover?"

The injured fist was healed at a faster rate than the Sha Demon King, almost instantly, it had recovered as before!

Originally, the Sha Devil who was still grinning, the smile on his ugly face instantly solidified!

As if frozen by the ice of eternity, immortal and immortal, it will not be solidified!

Ye Chen, the greatest support has always been his almost immortal body!

...

Half an hour later, a man covered with blood and blood holes all over his body, his complexion was slightly pale, his fists bombarded something frantically, and the huge force made the whole holy place sway endlessly, as if a major earthquake was coming!

.

Chapter 2738: The might of Lingtian Arrow God!

Suddenly, his figure paused, and the bombardment stopped. The blood hole on his body was also quickly closing. His eyes were coldly looking down at a pool of blue fleshy mud in front of him. This person is naturally Ye Chen!

And the fleshy mud in front of him is undoubtedly the Sha Demon King.

The Sha Demon King, who is known for his physical strength, was turned into mud by Ye Chen with a pair of flesh fists!

Everyone in the kingdom of extreme evil no longer knows what the shock is...

They looked at Ye Chen and felt it, only reverence and fear...

Awe from the heart...

After Ye Chen killed the Sha Devil King, his expression was not at all relaxed, but extremely dignified. The next moment, he flew toward the depths of the evil spirit without hesitation!

time is limited!

At this time, there were already some envoys, and they successfully solved the evil spirit, returned to the entrance, waiting for the door to open again!

Everyone in the country of extreme evil is puzzled...

Ye Chen's battle with the evil demon king consumed a huge amount of extremely evil spirits, and even reached the standard for successfully eliminating evil!

The twelfth district, the first time that the evil spirits were solved successfully in tens of thousands of years!

But now, what else is Ye Chen doing?

Originally, Concubine Ming, whose face was already gray, suddenly flashed in her eyes. She had an intuition that Ye Chen wanted to die!

"Young Master Ye..."

You Xuan'er frowned, she knew that Ye Chen was going to look for the sword stone...

However, there is not much time left!

With Ye Chen's movement, the unknown image in the depths of the twelve districts of evil spirits slowly unfolded before everyone's eyes. Suddenly, the original gray-black evil spirits turned into thick ink colors!

That is a symbol of the horrifying intensity of evil spirits!

Even the saint ancestor realm martial artist of the evil clan, in such a place, I am afraid that even a breathing time can not be supported!

Ye Chen rushed into it without changing his face!

Amidst the black air, a huge black shadow appeared in front of Ye Chen!

"What, what is that?"

Everyone looked at the dark shadow with trembling eyes...

Gradually, the black shadow became clear...

A huge boulder, a huge boulder that is pitch black all over, but is covered with countless blood runes and exudes billowing black air!

The most shocking thing is that a long sword is inserted on the top of the boulder!

The whole body is pitch black, and it is also inscribed with countless blood runes, which looks rusty, a shabby long sword!

But, even so, everyone, the moment they saw this long sword, still couldn't help but trembled!

That is the kingdom of extreme evil, the foundation of existence, evil sword and sword stone!

Ye Chen, what are you going to do?

Ye Chen stared at the Sword Suppressing Stone and Sword Sword in front of him, his eyes flashing, the evil spirit here was so strong that even he felt intense discomfort!

However, he didn't hesitate to move toward the sword stone town, and at the same time asked the old man, "Old man, how can I absorb the extreme evil spirit of this sword stone town? How do I get this evil sword?"

Already, there is no time for him to hesitate.

After being silent for a moment, the old man opened his mouth and said, "Boy, it's a miscalculation. This is not only the evil spirit, but there is also a strong evil spirit on the evil sword, and it has been integrated with the evil spirit of the sword stone!

Even if you want to absorb, there are certain risks! Are you sure you want to continue? "

"I even suspect that the senior is harming you!"

Even the old man was a little frightened secretly, how many lives was harvested by this evil sword to create such a terrifying evil spirit?

Now, he somewhat understood why the ancient evil **** would suppress the evil sword here...

If this evil sword is left free and no one can subdue it, I am afraid it will cause great harm, right?

Ye Chen said solemnly, "OK, we don't have time, we're spending it here!"

That demon soul, still does not know where, his women, teachers, and friends are all in danger, how can he be trapped in this extremely evil country?

"Okay!" The old man said solemnly, "In that case, it's very simple. You only need to pull out the evil sword directly!"

"During the process of pulling out the evil sword, the evil spirit of the Sword Stone will stop you and crazily flood into your body. In addition to that evil spirit, there are also extremely terrifying evil spirits that invade your soul, even if you have It is extremely difficult to resist the body of Nian Demon, boy, be mentally prepared!"

Ye Chen nodded fiercely, his eyes locked on the evil sword, and the next moment, when he moved, he appeared directly at the peak of the sword stone!

He shouted in a deep voice, stretched out his hand, and grabbed the evil sword. In the extremely evil country, everyone in the country of extreme evil, unbelievable, almost crazy, holding the hilt of the evil sword!

With a bang, boundless evil spirits, evil spirits rose into the sky, and instantly drowned Ye Chen's figure!

"Ah ah ah ah ah!!!!"

Ye Chen, who was in the evil spirit, let out a painful roar, the surging extreme evil energy, cutting his meridians like a sharp blade, even with the protection of the red dust divine veins, it still can't relieve his pain, only barely Maintain the body, not be completely destroyed by this extremely condensed extremely evil spirit!

This is simply unimaginable torture!

What does it feel like being cut by countless sharp blades inside the body?

Just thinking about it makes people creepy, right?

However, what Ye Chen couldn't bear the most was not the pain caused by this evil spirit!

It's the evil spirit that invades the soul!

Ye Chen's eyes were constantly changing in blood red and pitch black!

With the stability of its soul, there are faint signs of enchantment!

The feeling of gradually losing oneself and falling into the abyss of murderous desire made Ye Chen the most fearful and painful!

In his mind, scenes of **** scenes flashed crazily...

Scenes, scenes of my beloved woman, my respected master, and my fellow siblings, dying under my own sword!

And what made him tremble the most was that when he saw these tumbling images in his mind, Ye Chen's heart was filled with joy!

How could this be!

I...I'm already, have I been in a demon?

Thinking of this, Ye Chen's heart was greatly moved. If he is really infatuated and will really kill those he loves, he would rather stay here, while he is still sane!

He has lost his old voice in his mind!

No sound is useful!

The power of the old God's mind has dissipated a lot, and it is impossible to break all this!

At the time of life and death, a suspended spear fell on the giant bow in the reincarnation cemetery!

A stalwart phantom emerged!

It is the new power of the reincarnation cemetery! Ling Tian Arrow God!

Lingtian Arrow God opened the huge bow, and the sharp arrow pierced the stars and the moon, shooting out like a meteorite outside the territory!

It's like a cracked time and space!

Forcibly break the endless evil spirit and evil intentions!

Then, with a stern shout, "Boy! Steady mind, this is not your own feeling, but evil is at work!"

This is the first kind reminder from Lingtian Arrow God!

Eight more sent! After reading, remember to vote for recommended votes and monthly tickets~ I love you!

Chapter 2739: kill!

What sounded in Ye Chen's mind was the voice of Lingtian Arrow God!

With this violent shout, a trace of the strength of Lingtian Arrow God was used, Ye Chen's originally bewildered soul suddenly woke up!

Such a strong combination of evil and evil spirits, generally speaking, cannot be broken at all!

But Ling Tian Jian Shen's meaning of martial arts is even far stronger than that of Kuangwu Overlord!

The Kingdom of God once rumored that when Lingtian Arrow opened the huge bow, he could break the sun and the moon high in the sky! It can even break the barrier between the seven kingdoms of God!

Witnessing the power of Lingtian Arrow God with one arrow, the meaning of martial arts will greatly increase!

One arrow is better than ten thousand years of cultivation!

Ye Chen glanced at the reincarnation cemetery and saw a burly man phantom.

The man is wearing armor, with a long spear and a huge bow floating around him.

With his hands behind him, the whole body exudes an aura that makes people afraid to approach.

"Thank you senior!"

Ye Chen knew that if there was no such thing as Ling Tian Jian Shen's action!

The consequences could be disastrous!

Ling Tian Jianshen shook his head: "I saved you, I didn't ask you to thank you."

"It's just because you are alive and beneficial to me."

"That's it."

The next second, the burly figure entered the tombstone.

Ye Chen retracted the consciousness of the reincarnation cemetery, and his eyes fell around.

"What a terrifying evil spirit! If there was no Lingtian Arrow God, I might have died."

Ye Chen couldn't help taking a breath!

This evil spirit can be called a horror, but he has the body of demon minding, and he is not afraid of any illusions and bewildered!

Actually, he almost caught the evil spirit?

Lao Cang also took a breath, took a deep look at the still silent tombstone of the Arrow God Ling Tian, and said to Ye Chen: "Boy, use the meaning of true martial arts! This evil spirit enters your mind, and it is an opportunity to polish the meaning of true martial arts!"

Ye Chen nodded secretly, and said solemnly: "Only I am Ling Xiao!"

A mysterious charm filled Ye Chen's body, faintly, and the surging evil spirits collided with each other!

This evil spirit, in the final analysis, was transformed by countless souls and resentments who died tragically under this evil sword, and it was also a kind of Yiyun!

Naturally, it can be resisted with the meaning of Zhenwu!

but!

The more he resisted, the more frightened Ye Chen became!

How many creatures are this, or is it the evil thoughts that can be condensed after the death of extremely powerful creatures?

hundreds of millions?

Billions?

Even if Ye Chen was in that town's **** tower, he was shocked by the grind honed in the battle between humans and demons!

If this continues, even if his martial arts conception has touched the real martial level, it will be difficult to resist!

For the present plan, he can only improve his martial arts mood in the confrontation with the evil thoughts of these powerful creatures!

However, this is not without risk!

If you want to resist evil spirits while enhancing the meaning of true martial arts, you can only sink your mind completely into the balance of this rhyme. In that case, if Ye Chen fails, his spirit will be instantly overwhelmed by that evil spirit!

When the time comes, it is not him who controls this evil sword, but this evil sword controls him!

And if he resists with all his strength, although it is possible that his true martial meaning will be broken, Ling Tian Arrow God should still wake him up again!

If you are an ordinary person, you might choose the latter? That way, it's more secure!

Moreover, as long as he supports it to absorb the extreme evil spirits, he doesn't need to take such a big risk to defeat this evil sword, right?

As for the kingdom of extreme evil, what is it to do with the evil spirits, the blood sacrifice of this evil sword?

Even if this evil sword broke through this realm and entered the kingdom of God, causing countless warriors' deaths and injuries, what could it be?

With Ye Chen's improvement speed, even this evil sword, no matter how blood sacrifices, can't compare to him, right?

When the time comes, just take the Sha Jian again!

but!

Ye Chen, is he an ordinary person?

He knew that his martial intent was never to bow his head, it was I, Ling Xiao!

If he had given up fighting this evil here, then he would never have a chance to overcome this evil!

Even flaws will appear in the mood!

Ye Chen would never allow such things to happen to him!

His eyes flickered and said: "Old man, if I lose, please use your strength to let me explode!"

He can risk his life, but he must not risk his own woman!

The old man was silent for a while, and said in a low voice, "Don't worry."

Ye Chen's complexion loosened when he heard the words, and then a trace of madness flashed in his eyes, and he grinned and said: "The resentment formed by the death of trillions of powerful creatures, evil spirits?"

"Even if it is doubled again, I will suppress it for you! The meaning of Zhenwu, open!!!"

The invisible vibration broke out in Ye Chen's whole body. In his eyes, the divine light dimmed, and the whole mind was integrated into the martial art mood!

Ye Chen's soul opened his eyes. At this moment, his body was empty, only wisps of white clouds, flying with the wind, and under his feet, there were thousands of stars!

Ye Chen is standing at the end of the sky! Standing at the extreme of martial arts!

This, UU reading www.uukanshu.com is the meaning of Ye Chen's true martial arts, the scene of the artistic conception that has been transformed!

But at this moment, at the end of the sky, there are countless terrifying, hideous, and indescribable horror things, carrying billowing blood, staring at Ye Chen with incomparable bitterness in his eyes, and roaring towards him. !

Those are the evil things transformed by resentment after the death of countless creatures!

This evil thing has no entity, not even a spirit body, it is between existence and non-existence!

However, it is precisely because of this that it is more difficult to deal with!

Ye Chen's eyes flashed, his wrist turned, and a transparent long sword containing countless stars appeared in his hand, transformed from pure martial intent!

"kill!!!"

He locked his eyes on the evil thing that was rushing forward, and his sword danced, with a breath of surpassing the sky, and I was the only one, and slashed towards the evil thing!

Thousands of stars flickered and swayed with Ye Chen's sword, and the entire martial arts mood, at the moment Ye Chen took out the sword, seemed to turn into an incomparably cold icy blade!

A peerless sword that can be smashed even if it is the sky!

The turbulent sword light instantly enveloped the evil thing, the evil thing in the sword light, like ice and snow under the blazing sun, screamed and melted quickly!

But at this moment!

"Puff!" A soft sound was heard from Ye Chen's body...

Ye Chen gritted his teeth, clutching his chest, behind him, a monster that looked like a giant octopus, but gave birth to a pair of human long-legged monsters, a tentacled, pierced Ye Chen's body!

In Ye Chen's eyes, a fierce color flashed, and he firmly grasped the tentacle, evaded, and had no meaning to retreat. He turned around, and with another sword, he cut his head fiercely!

This sword, compared to the previous one, is actually a bit sharper...

Chapter 2740: Clues to the Reincarnation Stele?

In an instant, Ye Chen extinguished two evil thoughts!

but.....

How many evil things are there in Ye Chen's whole body?

Hundreds of billions? Trillion?

I can't count them!

It is simply a sea of evil thoughts!

The trillions of evil thoughts let out a cry of resentment, filled with evil spirits, and filled the entire martial arts mood!

In the next moment, countless resentments, turned into fangs, turned into sharp claws, turned into long swords, turned into venom, and completely submerged Ye Chen's soul...

At this time, everyone in the palace was gazing at the shadow crystal in the twelfth district!

In the picture, Ye Chen still stood at the pinnacle of the sword stone, holding the hilt of the evil sword in his hand, not loose at all!

Between the pitch-black suffocating energy tumbling, Ye Chen's slightly pale, extremely solemn face can be vaguely seen!

From time to time, there is still a black air flashing above the face!

This symptom, everyone in the palace, is very familiar...

That is a sign that the body is about to be unable to bear the evil spirit!

However, at this time, no one dared to despise Ye Chen's heart!

Because, now, Ye Chen has been at the pinnacle of the sword stone in this town for nearly half an hour!

At the root of this evil spirit, it has absorbed nearly half an hour of extreme evil spirit! Even the concentration of evil spirit emitted from the sword stone has been reduced countless times!

It is conceivable that Ye Chen has already absorbed how much evil spirits. To put it bluntly, the amount of evil spirits absorbed by Ye Chen alone may be much higher than that of all the holy envoys and thousands of years of hard work...

Now Ye Chen, no matter whether he can come out alive or not, he is already a hero in the hearts of everyone in the kingdom of extreme evil!

Many people have already begun to pray for Ye Chen!

In the other eleven areas, the Sha had been completed, and the envoys returned to the entrance one after another.

If this continues, the Holy Land will reopen the door, and if Ye Chen missed it...

Maybe Ye Chen stayed in the Holy Land for a year and won't die, but anyone can see that Ye Chen's current state is very bad, almost on the verge of collapse...

Even if he sucked up the sword stone, the remaining evil spirit in the Holy Land was still very terrifying. In this state, staying for a year, it can be said that it is extremely dangerous...

"Young Master Ye!"

You Xuan'er couldn't help shouting, even if she knew Ye Chen in the Holy Land couldn't hear it at all!

"Young Master Ye, come out soon! The Holy Land is about to be closed!"

Concubine Ming on the side with a sneer, come out?

Still come up with this state?

Damn boy, this is God's punishment for you, the punishment for my son to be humiliated! You die in that holy place!

However, at this time, even she did not dare to ridicule anymore, as that would inflict public anger.

...

In the Holy Land.

Ye Chen's meaning of true martial arts, the collision with that evil thought is getting more intense!

At the end of the sky, there are countless fragments of stars, which is caused by Ye Chen's battle with evil things!

If the stars in this artistic conception are completely annihilated, it also means that Ye Chen's martial arts artistic conception has collapsed!

but!

What floats in the void is not just star fragments!

And the corpses of evil creatures that are counted in trillions and countless!

At this moment, Ye Chen's soul looked dilapidated, and it was even thinner. Obviously, fighting against such a huge evil thought caused his soul to suffer a lot of damage, not only his body, but also the soul. To the limit!

However, his eyes were sharper instead!

In front of him, there was only one evil thing left, the last one!

This evil thought, looks extremely strange, is actually more terrifying, distorted, and indescribable than the countless evil thoughts killed by Ye Chen!

It looks similar to humans, but it has countless hands and feet growing up and down all over its body, while the lower body, in the jungle of hands and feet, is a head!

An ugly head that is beyond description!

What makes the back even more chilling is that on the countless hands and feet, there are many bumps, and on each bump, there is a tiny face!

Ugly, extremely hideous face!

Ye Chen didn't act immediately, but stared at the object transformed by this evil thought, his expression extremely calm.

He was realizing, colliding with these countless evil thoughts, his true martial meaning, on the verge of collapse, is also on the verge of sublimation!

Break and stand!

After a while, there was a faint enlightenment in Ye Chen's heart. The starlight in the long sword in his hand seemed to echo Ye Chen's state of mind, instantly radiant!

Dispelling the darkness, those evil corpses, among the stars, dissipated one after another, and a star was revealed behind Ye Chen.

A water-blue star.

There, Ye Chen's heart, the last perseverance!

The evil thing seemed to be stimulated, and the countless faces on the hands and feet made a scream and wailing, the evil spirits roared and madly rushed towards Ye Chen like a beast that had endured hunger for tens of thousands of years!

Ye Chen's expression remained unchanged, even though his current situation was very dangerous.

If one is bad, it will vanish!

At the next moment, Jian Guang was shocked, glorious for nine days!

With this sword light, the scenery around Ye Chen gradually changed...

A round of scorching sun rose from behind Ye Chen, and the endless darkness dissipated and turned into blue. Originally, Ye Chen, who should be at the end of the sky and the ultimate martial arts, seemed to have returned to the beginning of everything...

One, where the legend began.

"So that's it..."

Ye Chen murmured, that billowing evil spirit collided with Jianguang but it was like a fire meeting with water, instantly disappeared, turning into blue smoke and dissipating in the sky.

"You are free."

Ye Chen stared at the evil thought, and said lightly. In an instant, the evil thought was drowned by the sword light and quickly dissipated.

Vaguely, a whisper sounded in Ye Chen's ear.

"thank you."

Ye Chen was silent for a moment, looking down at the high-rise buildings at his feet, like spider webs, road lanes all over the earth...

Here is everything he is most familiar with.

He saw China and Jiangcheng.

Saw Yunhu Villa.

At the banquet at Yunhu Villa, he was pushed down Dongqian Lake by his mother.

The mother's eyes hoping Ye Chen could survive, lingered.

There is also Lin Juelong's eyes that control everything.

He swept away, slightly surprised, he found another person.

By his father's side, there was a little girl looking at everything indifferently.

Ye Chen just remembered that the beginning of Yunhu Villa was not caused by this little girl?

The father tried to save the little girl.

Although Lin Juelong had other reasons to deal with the Ye family.

But this little girl is indeed a fuse at Yunhu Villa.

After so many years, Ye Chen would even forget this little girl.

But I didn't expect to think of it again at this time.

Mainly because this little girl is too weird.

Under normal circumstances, shouldn't this little girl cry at this time?

Why is it so indifferent?

It's like living indifferently in the world.

Could it be that she is the Chinese reincarnation monument that the eternal holy king said?

Ye Chen shook his head, feeling that his thoughts were really nonsense.

Maybe someone else.

It is better to wait for the clone of the Eternal Saint King to get clues in China.

Let's go out from here now.
