

Urban 2751

Chapter 2751: Little poison!

"Haha! If you really think Ye Chen is so capable, I will spend so much effort to deal with him? He feels even more terrifying to me, I am not sure to kill him now!"

"Besides, I want to make him worse than death, and draw out his blood and cultivation, and completely reduce him to a waste!"

The hatred in Lin Juelong's eyes was even worse, and then he looked up to the sky and laughed wildly.

The night is getting deeper, and I'm afraid Qingyun City will shuffle the cards once the next day, because Lin Chenhan, who was only on the first day of Qingyun City, has fallen...

Poison Abyss Valley is a huge canyon spread by a mysterious poisonous gas.

Poisonous mist and miasma hovered here all year round. If there is no certain strength, I am afraid it will only become a meal for the poisonous beast in the valley.

In the depths of the gorge, there are many poisonous weeds and flowers, and poisonous beasts are hard to guard against, but a simple wooden house stands abruptly in it.

A little girl was sitting cross-legged on the stone pier next to the wooden house, her face tilted slightly upward, her hands pinched on her legs, her face showing a trace of pain.

There is a huge stone monument floating in front of her.

It is the poison monument.

Ji Lin kept absorbing the poisonous gas in it, just at the critical moment of the breakthrough, but the poisonous gas in the body seemed to be uncontrollable, causing her a headache.

"Don't be distracted. You need to sink your heart and keep trying. Breaking through is not a momentary rush."

The figure of Xuan Lingzi walked out of the wooden house, and said in a deep voice. Ji Lin quickly calmed down and broke through after hearing the words.

Seeing this scene, Xuan Lingzi nodded in relief. It won't be long before the youngest genius powerhouse will appear in the kingdom of God. If he compares his age, Ji Lin can surpass Ye Chen.

Ji Lin's talent is definitely the highest he has ever seen.

suddenly!

Xuan Lingzi, who was observing Ji Lin's breakthrough changes, gave a faint sigh, raised his head and looked up to the sky, his brows frowned slightly.

"The poison gas psychedelic array was disrupted?"

This shows that someone has approached the center of Poison Abyss Valley and is approaching him here.

Looking at the chaotic and chaotic poisonous gas, Xuan Lingzi sighed: "It seems that what has come is not good."

Ji Lin's eyes condensed, and he immediately collected the poisonous stele, waiting for him.

The poison monument belongs to Ye Chen, so she naturally can't lose it!

In the poisonous gas ahead, a cold and cold voice suddenly sounded:

"I actually went to such a place to practice."

"It deserves to be a congenital poison."

The sound was Lin Juelong who came here to look for Ji Lin!

He noticed the existence of Ji Lin from the beginning.

From his point of view, Ji Lin was his last prey!

And the weak Ji Lin, he can control it at any time!

He is the strongest hunter in the kingdom of God!

And after getting Ji Lin's bloodline, he can become the strongest bloodline in the kingdom of God!

Looking at the two people who appeared, Xuan Lingzi's face suddenly sank to the bottom!

His realm is not the opponent's opponent at all!

Moreover, he was immersed in medical skills all his life, and his martial arts strength was far inferior to Lin Juelong in front of him!

"Old guy, give you a choice, go! I only want this girl, and you can go."

Lin Juelong stepped forward and looked at Ji Lin for a while, with a penetrating smile on his lips.

"Who are you? Why enter here?"

Xuan Lingzi stood in front of Ji Lin and shouted loudly. As a result, Lin Juelong was quite impatient, and he waved his hand to make Ling Wuji walk out.

"This person is not strong, the strength you have absorbed during this time is enough to cope."

"I don't want to do it."

Ling Wuji's expression was gloomy: "I know."

"The old guy is really impatient."

In the next second, Ling Wuji will do it!

Afterwards, a translucent poisonous gas barrier stood in front of the Xuanlingzi, but it couldn't stop the menacing Ling Wuji. It was defeated in one blow, but it also won a lot of time.

"Tong Jue Wan Poison Needle!"

Tens of thousands of green poisonous needles condensed on the Xuanlingzi's head in an instant, which turned into a burst of rapid rain under the urging of the Xuanlingzi, and flew towards Lin Juelong.

Lin Juelong's Thunder Divine Body played a role, forming a full protection in front of him by the incarnation of Thunder, and it was impossible to shoot through the hanging spirit child. After all, the realm of the two was too far apart.

"Did you forget that there is still me!"

Ling Wuji soared into the sky, the long sword in his hand suddenly smashed down, and the endless sword intent suddenly descended from under the sky!

Xuanlingzi hurriedly forced a drop of blood, a jade pendant!

But Yu Pei shattered on the spot!

Endless sword intent came directly with a monstrous killing intent!

Xuanlingzi's half body was inserted into the ground, his hands almost cut off.

Blood is flowing!

Lin Juelong's smile under the black robe became more and more ferocious: "I don't like blocking things that are in the way."

"If there is, erase it!"

A thunder sword full of the meaning of Wanjun descended directly at the Xuanlingzi!

Xuanlingzi's eyes are solemn!

He knew he couldn't stop the blow!

He screamed at Ji Lin behind him: "Jilin, go!"

"Go to Shenjizong! Find Ye Chen!"

"fast!"

However, Ji Lin did not leave!

Although Ji Lin is afraid of things, she knows the seriousness of the matter!

Once you leave , the master will fall!

No matter what, she must save the master!

"Master!"

At this moment, a crisp voice sounded, with endless anger mixed in the voice.

In anger, Ji Lin couldn't take care of everything, a drop of blood was forced out, and a trace of power that faintly spurred the poison word monument, and in the blink of an eye, he resisted the place where the thunder sword attacked, and then slammed Lin Juelong.

She knew the blow was useless!

But give it a try!

boom!

The poison tablet and the thunder sword made a huge explosion, and the hanging spirit child on the spot was blown away by the explosion. Ji Lin worriedly rushed to see the hanging spirit child, but was blocked by Ling Wuji.

"Little girl, as long as you follow us obediently, you won't hurt him, how?"

"dream!"

Ji Lin made a move with both hands, endless poisonous gas gushing out of the body, attacking Xiang Ling Wuji, she is a congenital poisonous body, although the strength is not as good as others, but the poisonous mist is more poisonous.

In fact, Ling Wuji and Lin Juelong have been suppressed since entering the poisonous fog range. The strength of the original realm can only be one realm lower, but Ji Lin, who is in the poisonous fog, has the advantage. .

Of course, when the realm gap is too large, it becomes very weak.

Endless poison gas was manipulated to attack Lin Juelong. At this time, it was impossible for Ji Lin to fight against the Chaos Realm's Ling Wuji by himself.

"Little poison!"

However, she still has tricks!

A tiger-type poisonous beast leapt down from the cliff, and a huge body comparable to a few people crouched beside Ji Lin to please him, then leaned back and howled, and more poisonous beasts began to climb out of the forest.

Looking at the poisonous beasts all over the mountains and the poisonous beast full of powerful aura next to Ji Lin, Ling Wuji and Lin Juelong looked at each other, and they could see the jealousy in the eyes of both parties.

Chapter 2752: 1 hit!

"It really deserves to be a congenital poison, this kind of stunt that commands the world's poison beast is really strong."

"I heard that innate poisons can suppress thousands of poisonous beasts. If I can control it, I am afraid the suppressed poisonous beasts will be stronger!"

"Innate Poison Body, I'm going to decide Lin Juelong!"

Lin Juelong's eyes showed the color of greed. With the physique of the innate poison body, if he went to the outside world to summon a few poisonous beasts, I am afraid that in God's country, one person will destroy a city and get something.

WINK's Surge to \$1: Join the Wave!

"go with!"

After receiving the order, all the poisonous beasts began to surround Ling Wuji and Lin Juelong, circle after circle, but due to their extremely strong aura, these poisonous beasts were all cautious.

As long as they find an opportunity, they will definitely deliver a fatal blow.

Looking at Ji Lin's angry look, Lin Juelong thought of something, and with a grip of his five fingers, the wind was blowing!

His five fingers actually strangled the seriously injured Hang Lingzi!

As long as he thinks, the Xuanlingzi must die!

"Jilin, if you want him to survive, then obey him, or else..."

Lin Juelong's five fingers moved slightly!

The violent aura in the body is like countless sharp swords piercing the body of Xuanlingzi!

Xuan Lingzi spit out blood on the spot!

"Master!"

Ji Lin shouted, trying to rush forward, but was stopped by Ling Wuji.

"Go away!"

Ji Lin's hand forced a drop of essence and blood, and she just wanted to do it, but when she touched the seriously injured Xuanlingzi.

Her hand stopped.

The essence and blood also dissipated completely.

Tears kept rolling in the eyes.

She forcibly held back.

She knew she could not cry at this time.

She must be calm.

Only calm can save the master.

"Go ahead, what do you want me to do?"

Ji Lin's calm voice sounded.

Lin Juelong under the black robe was slightly startled, but he didn't expect Ji Lin to have such an attitude.

He stopped thinking too much, and said:

"First disperse these poisonous beasts."

Although the two are not afraid of the poisonous beasts all over the mountains, if the poisonous beasts desperately come, they will also pay some price.

Without any hesitation, Ji Lin responded directly: "Okay, I promise your request!"

After speaking, it seemed that there was a faint air current surging in the air, and all the poisonous beasts left on their own. Even Ji Lin's partner Xiaotou was also driven away. Before leaving, he looked over reluctantly.

"Very well, you are very obedient. If you don't do this, you have to force me to shoot."

Lin Juelong put the Xuanlingzi down, but still held him tightly with his palm.

This is his bargaining chip.

Xuan Lingzi naturally couldn't put Ji Lin in danger, and eagerly shouted: "Ji Lin, run away, don't fall into the hands of these people, I have almost taught you what I should teach, leave me alone!"

Although I don't know what the purpose of these people is, but when it comes to Ji Lin, he will never let Ji Lin have any accidents, even if he trades his life for it.

Looking at the yelling Xuan Lingzi, Ji Lin was in a complicated mood, and then said in a deep voice: "Okay! I am willing to exchange me for my master, but you must guarantee that you must release him. Otherwise, I will blow myself up and won't let you. It succeeded."

Ji Lin's words were very decisive, and Lin Juelong nodded: "No problem, let alone this bad old man is of no use to us."

Hearing the other party's promise, Ji Lin was also relieved, and went forward to prepare to exchange.

"Jilin! Hurry up!"

"you....."

The Xuanlingzi who wanted to say something more was impacted by the violent bloodline power of Lin Juelong's body, his face flushed, and immediately could not speak, but his eyes were blood red. This was the ultimate anger.

"You are not allowed to hurt my master!"

Ji Lin looked anxious, wishing to rush up to fight Lin Juelong, resisting the impulse.

"Don't worry, I said he was useless to me, just told him to shut up, and he wouldn't die so easily."

Ji Lin's eyes turned, standing still waiting for Ling Wuji to come, without resisting.

The Xuanlingzi hate at this moment, hate his own strength is too weak, the last time Cold Toxin City is also the same, if Ye Chen went to rescue Ji Lin, what happened to him, he could only apologize with death.

Thinking of Ye Chen, Xuan Lingzi couldn't help praying. It would be nice if Ye Chen could arrive at this time. If he was there, these people would definitely not succeed.

It seems to be in a sense, Xuan Lingzi looked at the poisonous gas in the sky, and it seemed that there was a new change. This shows that someone has entered here again, maybe that person is really Ye Chen!

Thinking of this, Xuan Lingzi's mood suddenly became excited.

"Old man, give me peace!"

At this moment, an extremely sharp spear burst from the poisonous gas forest!

"Zhutian Demon Spear, go!"

Here comes Ye Chen!

When the murderous Ye Chen walked out of the poisonous forest, Lin Juelong's face was full of surprises.

He didn't expect Ye Chen to come so quickly!

And at this moment, the Zhutian God Demon Spear that was exploded by Ye Chen also came quickly, aiming directly at Ling Wuji's chest and piercing it.

Although Ling Wuji is also a master and reacts quickly, but this shot Ye Chen shot with all his strength, the power is huge, the martial art charm is even more invincible!

After the kingdom of extreme evil, Ye Chen is stronger!

Ye Chen didn't use the evil sword for the first time!

He knew that he still had no way to use the evil sword as he wanted!

Ling Wuji only had time to turn sideways a little bit and was shot through his body, pierced and flew several hundred meters, nailed to the cliff, life and death unknown.

"waste!"

Lin Juelong glanced at Ling Wuji, who was shot and flew, without any pity in his eyes.

"Ye Chen, I warn you, if you dare to take a step closer, I will kill him!"

As a last resort, Lin Juelong can only hope that Xuanlingzi can create a little deterrent.

His blood didn't swallow Ji Lin, and if he confronted Ye Chen, he might fail!

He is not willing to fight at this time!

Ye Chen frowned, his eyes motioned to Ji Lin who was on the side, and Ji Lin also nodded.

"No problem, I can't come."

Ye Chen spread his hands, put his hands behind him, and even closed his eyes.

"Then..."

Lin Juelong looked solemn and focused all his attention on Ye Chen! Even the power of the bloodline exploded, and a sword shadow locked Ye Chen!

Ye Chen moved slightly!

He went all out!

He even backed away slightly while speaking, but before he could finish his words, a poisonous palm attacked him behind him!

This is a palm from Ji Lin!

boom!

Lin Juelong was hurriedly repelled, and at this time, Ye Chen moved, and Extreme Martial God flashed to the extreme!

It is like a thunderstorm bursting on the ground! Wherever he went, a ravine was formed!

Ye Chen came to Lin Juelong in an instant like a wandering dragon!

The blow that broke through the meaning of martial arts in the kingdom of God suddenly came!

With this punch, he wanted to obliterate Lin Juelong!

Lin Juelong was slightly surprised! He shouldn't ignore Ji Lin!

Now facing two people, he will definitely die!

He doesn't plan to keep his hands anymore!

Chapter 2753: Deprived of innate poison?

At this moment, the atmosphere is solemn to the extreme!

Lin Juelong is no longer the same Lin Juelong.

Witnessing the decisive battle on the pinnacle of the gods, Lin Juelong knew what kind of power Ye Chen's punch contained!

If he is hit, he will definitely die!

In a hurry, Lin Juelong gave up the Xuanlingzi, and even threw the Xuanlingzi out!

"Xuanlingzi!"

With Ye Chen's fierce retraction, an endless wave of Qi surging, gently placed the severely injured Hang Lingzi on Ji Lin's side.

"master!"

Ji Lin rushed to Xuanlingzi's side fiercely, and his stubborn tears fell.

Xuan Lingzi showed a gratified smile and touched Ji Lin's head: "Ji Lin, why are you crying? This kind of injury is nothing to me Xuan Lingzi!"

Ye Chen breathed out gently, Xuanlingzi is not in danger, then he should do business.

His anger-filled eyes stared at Lin Juelong tightly, and said: "At the time of China, you were not erased!"

"Now, I personally send you on the road!"

In the next second, Ye Chen turned into a thunder and rushed towards Lin Juelong!

"Damn it!"

Lin Juelong's expression sank!

In the next second, a cloud of extremely chaotic black energy was wrapped around his body!

"Thousand Shadows are destroyed!"

Lin Juelong's palm enveloped Ji Lin like a big net. The black net made of black silk had a shocking force, and the power of law was running on it.

In his opinion, since he lost the Xuanlingzi, he must win Ji Lin if he wants to fight against Ye Chen!

At this moment, Ji Lin has already settled the master Xuanlingzi, watching the big net, his heart is full of anger, not to be outdone, forcing a drop of blood, the poison monument is directly sacrificed, the poison monument is turned over in his hand, and then quickly Expanding, trying to resist in front of her, the poison monument made a loud "bang" sound, and it really resisted Lin Juelong's Qianying Destruction.

Although Ji Lin does not have the blood of reincarnation, she knows how to cleverly use part of the power of the poison monument with the help of her blood!

The poison monument is so hard that there is no power to destroy the kingdom of God!

Although she can't be used to fight, she is more than enough to block!

"Lin Juelong, you despicable villain! You have the ability to go to Ye Chen!"

"I know how to bully the small with the big! Now how do you move me!"

At this moment, Lin Juelong saw that his blow was blocked, and he didn't even have any expression of loss.

There was even a grinning smile at the corner of his mouth.

"The game has just begun."

Ye Chen noticed Lin Juelong's sneer, and his heart sank. He knew it was not that simple.

Just as Ye Chen wanted to go towards Lin Juelong, a black long spear shot out, it was his Zhutian God Demon Spear!

Ling Wuji, who was seriously injured by Ye Chen's sneak attack, suddenly appeared in Ye Chen's field of vision, holding a blood sword in his hand, with blood red eyes, staring at Ye Chen: "Child Ye Chen, kill my nephew Ling Jiuxiao, I want you to pay for my life!"

The blood sword soared into the sky, scrolling around the world, and then slammed down suddenly. This sword changed the color of the world.

Ye Chen faintly discovered that the aura around Ling Wuji was extremely strange! And the strength continues to rise!

What means is this!

It's like burning blood!

Didn't kill Ling Wuji with a single shot just now?

At this moment, the voice of the old man in the reincarnation cemetery sounded: "Boy, you have to be careful. This person, like Lin Juelong, has swallowed a part of the awakened ancient blood. Now he is using some kind of forbidden technique to remove those The power of the bloodline has all exploded!"

"He will hold you back at the cost of his life!"

Ye Chen's eyes became serious instantly!

"Cang Yan destroys the Spirit Palm!"

Facing this sword, Ye Chen's expression remained unchanged, and he slapped directly to accept the move.

boom!

The sword and palm directly made a huge roar, the earth flew up, and countless dust flew up, obscuring everyone's vision, and at this time, Lin Juelong quietly dispatched.

The sound of fighting in the Poison Abyss Valley continued, and countless poisonous beasts looked at the direction of the battle in horror, and then left in the opposite direction. These monsters usually have much stronger senses than ordinary people and can clearly perceive them. There are several very powerful breaths fluctuating inside.

When the smoke dissipated, the scene suddenly appeared clearly, Ling Wuji didn't know what secret method was used, and his entire body expanded several times, and a trace of blood mist erupted from the body and evaporated into the air.

The eyes are even more terrifying, only the white of the eyes can be seen, but the fighting strength is extremely terrifying, and Ye Chen was restrained for a while, preventing him from rushing to rescue Ji Lin in time.

And Ling Wuji's breath is declining!

Obviously burning blood can only explode in a very short time!

At this moment, around Ji Lin, a cold voice sounded!

"Do you know why I want to deprive you of your innate poison?"

"Because I am in a blood alliance and know a secret!"

"There used to be a strong man who plundered the bloodline survived! After he swallowed the innate poison, his strength skyrocketed!"

"And you were born for me, hahaha!"

Ji Lin's face was pale She wanted to cast a spell, but found that a pair of big hands directly strangled her neck!

She lifted her up abruptly!

"If you want a small life, just don't move, otherwise, I won't be merciful!"

After finishing speaking, Lin Juelong clenched his five fingers, and a trace of blood dripped from Ji Lin's neck, making her afraid to move.

"Jilin!"

Seeing that Ji Lin was caught, Ye Chen looked solemn, and pulled out the God of Heaven-Scattering Demon Spear. A violent flame suddenly appeared from the tip of the spear, like blood, stabling Ling Wuji violently.

"Longyou Batian Sword!"

Ling Wuji was unwilling to show weakness, and also used his strongest move, the blood sword quickly became larger, rolling incomparable air waves, and shooting at Ye Chen.

"Break it for me!"

All of Ye Chen's strength gathered on the tip of the gun, and suddenly moved up. A blow that could pierce the sky was about to smash the blood sword, and the **** of death's magic gun penetrated and hit Ling Wuji's body, and Ling Wuji fell unwillingly. Fly out.

"Release Ji Lin!"

Ye Chen turned his spear head and pointed at Lin Juelong angrily.

"Or if you let me kill, I will let her go, how?"

Lin Juelong said playfully, he found this kind of juggling tricks extremely interesting.

"Okay!" Ye Chen said without hesitation: "Since you want to kill me, then let her go and I will leave it to you."

"Ye Chen, don't!"

Ji Lin's tears came out, hating that her strength was too low, and if it weren't for her, Ye Chen wouldn't be like that. She would rather die by herself than never let these guys succeed.

"Don't worry, no one can touch you with me."

"Come on, I'll swap with her."

Ye Chen threw away the Zhutian God Demon Spear in his hand and walked forward, but Lin Juelong's mouth couldn't help but cocked up. Knowing Ye Chen's weakness, why bother to spend such a big Zhou Zhang.

Chapter 2754: Must force him?

"Ye Chen, why are you doing this? Go away, I can't drag you down."

Ji Lin's eyes were full of determination, since she couldn't help Ye Chen, she would never let herself become a burden to Ye Chen, and she couldn't bear to see him in danger for herself.

The breath of Ji Lin's body surged, and a trace of bursting aura spread out, obviously wanting to blow up and end it all.

"Want to die? Not so easy!"

Lin Juelong's five fingers turned into a black mist and disappeared, and then the old trick was repeated, trying to capture Ji Lin like a Xuanlingzi, but Ye Chen was one step faster than him!

"Cang Yan destroys the Spirit Palm!"

This palm is Ye Chen's angry palm, and the palm is full of the meaning of martial arts far beyond the kingdom of God!

Like a giant beast that swallows the heavens and the earth, descending into the world, the whole earth seems to tremble at this earth-shaking palm!

He incorporated the palm of the Devil Emperor into his own understanding in the kingdom of extreme evil!

Make him stronger!

At this moment, Lin Juelong's complexion finally changed. The original calmness and stability seemed a little panicked at this moment, and a black shield formed in a hurry to block him.

clang!

Under the impact, the black shield was shattered into dregs in no more than a breath, and then the endless palms hit Lin Juelong's body, causing Lin Juelong to fly upside down and hit the tree, spraying a mouthful of blood mist.

He did not choose to threaten with Ji Lin!

If Ji Lin is dead, then his bloodline will be completely ruined!

There is only this congenital poison in the world!

Lin Juelong stared at Ye Chen viciously. Ye Chen's talent was far superior to him, and after practicing evil surgery, he couldn't resist Ye Chen, making his heart extremely unbalanced.

"Ye Chen!"

Just as Ji Lin wanted to break free, a voice rang from the side: "Ye Chen, I am at odds with you!"

"I want you to die!"

Ling Wuji, who was almost hit hard by Ye Chen, came out again, rushed towards Ye Chen with all his strength, and came to Ye Chen in the blink of an eye.

And Ling Wuji's body suddenly became bigger in an instant, and there was an aura of destruction brewing in his body. Ye Chen, who had understood the law of destruction, was extremely sensitive to this.

"No, this old guy wants to blow himself up!"

A powerful person in the chaos realm exploded at close range, even at the peak of the chaos, one would lose his life if he didn't pay attention.

"That's too late!"

All the energy in Ling Wuji's body had already begun to collide and was completely out of control. Killing him at this moment could only make the self-detonation happen faster. Lin Juelong had obviously noticed the changes in the field.

Ye Chen breathed a sigh of relief when he saw the poison monument blocking Ji Lin's body. Ji Lin would be fine with the protection of the poison monument. Ye Chen took the hanging spirit child back quickly and quickly retreated into the poison forest.

At this time, the explosion sounded, and the energy burst into the sky, even the valley was rumbling, the boulder was rolling down, and a big crater was formed in the field.

This valley is less than a hundred miles wide, but it can't stand the chaos realm and explode. The **** suspended walls began to fall, one after another boulders fell, and Ji Lin's usual practice room was also turned into ruins in an instant. .

Within a hundred miles, a bottomless pit was formed, and countless boulders filled in.

At the moment when the explosion sounded, no one noticed it, and a voice quietly sounded: "Ghosts!"

After the explosion sound ended, Ye Chen put down the Xuanlingzi in his hand and immediately went to check the poison monument, only to find that Ji Lin's figure had disappeared.

When Ye Chen was looking for it, a voice came from the sky: "Ye Chen, keep your life, I will take it personally!"

Bang!

Ye Chen was unwilling to hit the ground with a punch, and finally let Lin Juelong take Ji Lin away!

He never expected that Ling Wuji would procrastinate himself with self-destruction at the last moment!

Why is a spiritual family leader so loyal to Lin Juelong?

What did Lin Juelong give him!

At this moment, the old man's voice slowly sounded: "Things are not too bad."

"Innate poison, it's not that easy to fall."

"But judging from the speed at which this person looted the blood, you have a three-hour chance."

As soon as the words fell, Xuan Lingzi woke up, he saw Ye Chen for the first time, and said quickly: "Master, how are you, is Ji Lin okay?"

Seeing Xuan Lingzi with expectant eyes, Ye Chen was silent.

Xuan Lingzi has lived for so many years, why didn't he understand the meaning of Ye Chen's expression, his face turned pale, and he staggered back a few steps before saying: "She was taken away?"

Ye Chen nodded.

Then Ye Chen told the matter to Xuan Lingzi exactly. When he heard that these people wanted to extract Ji Lin's innate poison and her cultivation base, Xuan Lingzi couldn't help it immediately.

"I'm going to find her! No matter how big the price is, I must find Ji Lin!"

Afterwards, he went out regardless of his injuries, and Ye Chen did not stop him. Xuan Lingzi regarded Ji Lin more importantly than himself, and Ye Chen had no reason to stop him.

And Ye Chen was also anxious, and quickly said to Lao Cang: "Old Cang, what you said just now, is there any way to find Ji Lin? Nine Corpse Sky Seeking Needle?"

Lao Cang shook his head: "The Nine Corpse Heaven-seeking Needle is aimed at a corpse. The only thing left in this Ling Wuji being blown up is blood mist. Even if it is found, it cannot be used.

Ye Chen had nothing to do with this. No matter how high his medical skill is, people are no longer there, how can he get it?

"However, things are not too bad. Looking for someone, I am not the best."

"But God has the best existence."

Ye Chen's eyes lit up, and he thought of something instantly!

Tianji Pavilion!

Lao Cang knew that Ye Chen had guessed it, and continued: "However, judging from the seriousness of the matter, there is no possibility in the general Tianji Pavilion, only there is hope in that place..."

"The Tianji Pavilion here... has existed for even longer than me..."

...

The seventh kingdom of God, north.

Tianji Town.

Ye Chen finally stopped.

"Didn't the old man say it's here?"

"Baimen Street, Wugan Alley, 500 meters."

Follow the road again and still came here, but don't say anything about the Heavenly Secret Pavilion, the ghost shadows are not seen, can it be that the old man lied to himself? Ye Chen immediately threw this idea out.

The old man has no reason to tell lies, that is to say, someone is fooling around!

"Is this the Tianji Pavilion? I have something to ask for help from Tianji Pavilion."

Ye Chen asked, but no one responded.

Ye Chen's martial arts rhyme, the power of the law, and the power of the avenue all gush out, and he used the law of space and time to search every time and space here, and finally found a clue.

Sure enough, the Tianji Pavilion was indeed here, and immediately Ye Chen asked a few more times, but no one responded.

His face changed slightly, and Tianji Pavilion was really too shameful this time. Is it necessary to force him?

Chapter 2755: Behind Tianji Pavilion

Even the Tiandao Palace's various pursuits and killings have never been afraid, and will they be afraid of other forces in God's country?

"If the friend of Tianji Pavilion refuses to meet, I will wait here until you come out to meet me."

And somewhere in the space, a figure who heard Ye Chen's words showed disdain at the corner of his mouth: "You still want us to do something with this attitude? Dreaming!"

"I really thought we were other Tianji Pavilion!"

"We have existed here for tens of thousands of years, and we don't even look at the Heavenly Dao Palace! A genius who has only recently become famous in the kingdom of God, so breath!"

This Tianji Pavilion is the second one since the existence of the Kingdom of God.

Know the things of heaven and earth!

Fear no one!

Their methods can reach the sky, and even the secrets can be covered up!

As for checking information! It's entirely up to them to choose!

For Ye Chen, they have no plans to show up!

Ye Chen stood where the Tianji Pavilion was, knowing that half an hour had passed and he had no time to waste!

A trace of determination flashed in his eyes, and then two flames appeared in his hands, one was the Qinglian Demon Fire, and the other was the Emperor's Fire of the Extreme Sun. He said faintly: "Since the friends of Tianji Pavilion refuse to help, then I'll do it here, and I will cheer you up until I am willing to help me."

Ye Chen merged the law of space into the flames, and the boy sitting at the gate of Tianji Pavilion suddenly yawned and said in secret, "Why do you feel something is wrong?"

When seeing a faint flame in the space barrier of the Tianji Pavilion building, the flame was like a giant dragon, smashing the space barrier fiercely, and the boy finally panicked. This was the first time he encountered this situation. Don't know how to deal with it at all.

The temperature was getting higher and higher, and the boy found that his dantian was about to be burned.

But soon, the temperature recovered, which made the boy breathe a sigh of relief, saying: "Could it be that Master is cultivating some secret method, it should be..."

Before he could slow down, the temperature rose sharply.

The entire Tianji Pavilion space seemed to be burned by fire, and even stepping on the ground felt like stepping on a hot stove.

At this time, Ye Chen's voice faintly came: "I don't know if this performance can let me enter the Tianji Pavilion?"

The boy immediately persuaded him and went to tell his master honestly, but he was trained.

In the outside world, a light blue whirlpool appeared, presumably this is the Heavenly Secret Pavilion, Ye Chenyi is a master of boldness, and he is not afraid of them playing tricks, even if they enter it.

After entering it, a figure sat on the futon with its back facing Ye Chen, and said lightly: "Your Excellency, what is important?"

After all, Ye Chen respectfully asked someone to do something. "I want to find someone. I heard that Tianji Pavilion knows the laws of heaven and is here to seek help."

"Who recommended?"

"Canggu Medical God."

The figure was slightly startled when he heard these four characters.

Canggu Medical God has been missing for thousands of years, how to recommend?

Is it still alive!

He looked at Ye Chen's eyes and knew that Ye Chen did not lie.

"It turned out to be him, well, in that case, I can help you."

"Master." The boy standing aside, said grievously.

Majestic Tianxiao slapped the boy on the head with the dust, and said, hating iron and steel, "I tell you to be diligent in cultivating, not to let you show power."

Then turned his head to look at Ye Chen, and said: "The disciple is stubborn, just laughed."

Ye Chen smiled and looked at the boy's grieving expression. It turned out that it was this little guy. He thought it meant Tianji Pavilion.

"please follow me."

Ye Chen followed Dao Tianxiao into the Tianji Pavilion all the way. It was simple but pitiful with few people. Apart from Dao Tianxiao, no one else was seen along the way.

Majestic Tian Xiao entered the house and asked Ye Chen to wait outside, before coming out in a while.

"The person you are looking for is Ji Lin?"

"Yes."

This Tianji Pavilion really had the means. After he left there, he came almost at full speed. It was impossible for Poison Abyss Valley to spread so quickly, that is to say, it was calculated by True Person Tianxiao himself.

"Where is Ji Lin now, is there any danger?"

Majestic Tianxiao shook his head, Ye Chen's face showed joy: "That's good."

"You misunderstood me, I mean, I can't guess."

"..."

"Only the name can be estimated, the others are all covered by a purple air, I can't see through."

Ye Chen frowned, purple air?

Someone once said that his destiny was Ziqi Wolongge. In other words, Ji Lin was concealed by himself?

"Where is the headquarters of the Tianji Pavilion, there must be someone who can play the secret!"

Ye Chen is anxious. Every time he delays, Ji Lin will fall into greater danger. The other party will definitely draw out Ji Lin's blood and cultivation base. Ye Chen promised Ji Siqing that he would never let Ji Lin have an accident.

Master Tianxiao shook his head and continued: "When it comes to the purple air covering the secrets, no one can help you except the pavilion master of Tianji Pavilion."

"Where is the pavilion master?"

"do not know."

Ye Chen was completely out of temper by this ignorance. Is this really the Heavenly Secret Pavilion?

Except for knowing a name, I don't know anything, because Lao Cang is so mysterious, even a boy is not allowed to enter. In the eyes of Master Tianxiao, Ye Chen left, and then He looked at the boy and asked, "Can you see this personality?"

"I know this person, his name is Ye Chen, he is a genius who has recently emerged from the Kingdom of Gods. The battle on the top of the ten thousand gods is not bad, but no matter how strong he is, there is no big deal. I haven't seen it."

"For thousands of years, there have been too many such strong people."

"But in the end they all dissipated in the long river of history."

boom!

As soon as he finished speaking, the dust also fell, and the painful boy covered his head and called.

"From now on, I will personally supervise you to learn this heavenly view technique!"

The boy touched his head and said in doubt: "Master, I'm not wrong."

The real person Tian Xiao raised his head, stared at the direction Ye Chen was going, and said lightly: "The origin of this kid is terrifying."

"Even my divination has been backlashed by the cultivation base."

"I have a faint guess, but if it is that person, the kingdom of God is destined to change."

The pupils of the boy were dilated, he had never seen his master so serious!

He didn't even expect that this young man had an amazing background!

"Master, what is the identity of this person..."

Madam Tianxiao shook his head: "If I say it, I'm afraid I won't survive tomorrow."

"Don't pursue it."

"However, we still have to report this matter to the Pavilion Master."

...

Outside the Tianji Pavilion.

Ye Chen was disheartened.

An hour has passed.

There are two hours left.

Can't it really save Ji Lin?

At this moment, Ye Chen felt something, his body turned abruptly, and an old man appeared in his eyes.

The old man Ye Chen felt familiar.

But it can't be said!

He sensed that the old man's face was obviously covered by a spell!

As if hiding something.

Chapter 2756: Main bloodline!

And he discovered something even stranger!

The chaotic star tree in the body was exuding bursts of stars!

The starlight went to the old man!

It turns out that this sense of familiarity comes from the Chaos Star Tree!

At this moment, the old man's voice rang in Ye Chen's ear: "Boy, that old man is extraordinary, and I can't see through it."

"Perhaps, he is an opportunity to find Ji Lin."

Ye Chen suppressed his excitement, stepped forward, arching his hands:

"Has the senior ever seen a little girl?"

Just when Ye Chen wanted to describe Ji Lin's face in detail, the old man waved his hand and said, "The girl's name is Ji Lin, isn't it?"

"Exactly!"

Ye Chen was overjoyed. Could this old man know the whereabouts of Ji Lin?

"I also hope that seniors will tell you that seniors can make any request."

"Uncle Master...really?" The old man suddenly said with excitement.

Ye Chen frowned: "Which Master Uncle?"

The old man patted his mouth, glanced at the sky, and cautiously said: "I mean, are you serious?"

"Naturally take it seriously."

The old man looked excited, and the look in Ye Chen's eyes also made Ye Chen feel tense, as if the two should have known each other and had a good relationship.

"You have a purple Wolongge on your body. It's not easy. No matter what, I will help you push the location of this little girl."

"Senior is..."

"Pavilion Master Tianji Pavilion!"

After the old man finished speaking, he sat in the same place and began to meditate, leaving only the shocked Ye Chen. He had countless calculations, but he didn't count that this turned out to be the pavilion master of Tianji Pavilion that no one had seen in the legend!

According to the real person Tianxiao, the pavilion master of the Tianji Pavilion never sees anyone, even if something happens, he just orders to let people pass on, but there are many legends about the pavilion master of the Tianji Pavilion.

Every pavilion master of Tianji Pavilion possesses great powers. It is said that he has gone beyond what people know, touched the height of the real heaven, and can face the sky directly and know everything without going out.

Although the rumors are not credible, if the Lord of the Heavenly Ji Pavilion does not have the ability, it is impossible to maintain such a supernatural power in the kingdom of God.

Countless purple air began to appear on the old man with coarse cloth, and the originally clear sky began to gloom, which indicated that someone was going against the sky and couldn't stand it anymore.

"This....."

Looking at the thunder and lightning coming from the sky, Ye Chen seemed to realize the seriousness of the matter. He thought it was a simple matter, but when it comes to himself, is it possible that even this person can't solve it?

"Roar!"

In the sky, there was a faint purple dragon roaring downwards and turning over in the sky. Finally, it turned the dragon's head and swooped down.

Just as Ye Chen was about to intercept, the Taoist Heavenly Journey came over: "You don't need to stop it. If you want to understand the secret, you will inevitably encounter the backlash from heaven."

A spit of blood came out of the Taoist Heavenly Mystery's mouth, and his face seemed to be pale, but then the essence and blood disappeared, and the purple dragon on his head began to fade away. When he reached the Taoist Heavenly Mystery's head, the purple dragon completely disappeared.

After a while, the Taoist of Heaven asked Ye Chen to close his eyes, and immediately a scene appeared in Ye Chen's mind. It was Ji Lin and Lin Juelong!

After remembering their positions, Ye Chen bowed to the old man: "If you have anything to do with seniors in the future, you can just come to me and I will do my best."

"It's easy to say, it's easy to say, I just lost a thousand years of life and lost some realm."

"..."

Ye Chen didn't know what to say, anyway, the favor was too big.

"Don't call me seniors either. In terms of seniority, I have to call you a master uncle..."

After speaking, the figure of the Taoist Heavenly Mystery disappeared.

Xuanyuan Moxie sent people to stare at him everywhere. This time he came here, covering everything and even changing his face.

But it still attracted anger.

I'm afraid that when Xuanyuan Moxie's retreat ends, he still has to be investigated.

However, for him, it was enough to help Ye Chen.

After all, he was the real junior in front of Ye Chen.

Ye Chen frowned, he really didn't understand, why would someone with such a big background call him Shishu?

Could this person also walked out of Shenjizong?

He had never heard of the connection between Shenjizong and Tianji Pavilion!

Although the Lord of the Heavenly Pavilion is a little weird in character and still out there, it is real for helping him. When I meet you next time, I must thank you very much.

The next moment, Ye Chen's eyes stared in one direction, endless killing intent swept!

A raging fire ignited in his heart!

Now that he got his whereabouts, Lin Juelong will be completely resolved today!

...

After an hour.

The Kingdom of God is among the mountains.

The moon ring vision changed many places in the kingdom of God.

Among them, there are fifteen places with the biggest changes.

Tianniu Mountain Range is one of them.

There are many unknown secrets here, and even the chaos realm strong must be careful when entering, otherwise no one will discover if one accidentally dies in it.

And in its depths, there is a place called the forbidden area of death. No matter who enters, it will disappear mysteriously. Many shriveled corpses will appear on the periphery of the mountains. Just standing on the periphery of the forbidden area is a panic. , Let alone go in.

And in this uninhabited area, there is an area composed of countless mountains and rocks, and two figures appeared at this moment!

It is Lin Juelong and Ji Lin.

There was a huge altar around the two of them Forty-nine sarcophagi were placed around the altar.

In the center of the sarcophagus, ancient runes flow!

It seems to be some kind of mysterious sacrifice!

"Ji Lin, I advise you to stop struggling. It's useless. If I had given up the idea of running away and begged for mercy obediently, maybe I would let you go with a soft heart."

"To be honest, we have some connections."

"You and I are all from the earth."

"It's a pity that you and Ye Chen are contaminated with cause and effect, then you are my enemy."

"Bah, Lin Juelong, don't pretend to me! People like you won't survive three episodes in a TV series! Although I don't know why you are still alive! But I'm sure you will die! And it's in Ye Chen's hands!

and also! My grandmother, even if I die, I won't be soft to you! "Ji Lin's eyes were filled with resentment, staring at Lin Juelong, if his eyes could kill people, the latter would have died thousands of times.

"If you obediently dedicate your blood, I can keep your cultivation base, how about?"

Lin Juelong's eyes were filled with excitement. He discovered a secret technique. As long as the person who casts it willingly, he can perfectly inherit the blood of this person. Once he gets the perfect innate poison, let alone Ye Chen, even if it is. Facing the chaos realm strong, he also has the ability to protect himself.

"Don't think about it!"

"Wait for Ye Chen to find you, you must not die."

In any case, Ji Lin is like a master who doesn't buy in, saying nothing is useless.

This means that Ji Lin has a congenital poison. If it is someone else, Lin Juelong will kill him without trying to persuade him. Then he will forcibly strip off his blood and cultivation, and he will be finished immediately.

However, the innate poison body was more powerful than he had imagined, and even stronger than his own bloodline. He wanted to **** the innate poison body and become his main bloodline.

Chapter 2757: Don't keep your hands!

"Oh? You mean Ye Chen?"

"Hahaha... Even if everyone in the Kingdom of God is mobilized to find me, no one can find me. He will never come."

Lin Juelong was trying to destroy Ji Lin's heart a little bit, but no matter what Lin Juelong said, Ji Lin just kept believing in Ye Chen, which made him quite angry.

After grinding for a while, Lin Juelong didn't have the patience to coax him, and said: "Since you don't listen to advice, it doesn't matter if you can't get a perfect innate poison."

After speaking, he forced a drop of blood on a sarcophagus!

Forty-nine sarcophagi shook in an instant, the runes of the altar began to circulate, and the sarcophagus and the sarcophagus were surrounded by chains that flashed with powerful lightning arcs!

And one of the chains entangled Ji Lin!

Such a good bloodline, of course, can't be as hasty as removing Lin Chenhan, because the absorption of the bloodline is only part of it, which will seriously affect its own development.

Shenlongxiong, Zhuguo, Sanqingpetal, Rootless Ups and Downs...

Lin Juelong forcefully swallowed it!

He is going to perform the final ceremony!

He even left one of the most precious things for himself-God and Demon Lingguo!

This **** and demon spirit fruit was only found by him after hard work and almost lost his life. Now using it here, he must be able to raise the bloodline power to nine levels, maybe even close to ten levels.

As soon as the spirit fruit of the gods and demons came out, the chaos surrounding the sarcophagus was overflowing, and even Ji Lin couldn't help but look over.

The spirit fruit of the gods and demons is an extremely rare kind of spirit fruit. It is said that the root is rooted in the chaos. The branches and leaves grow in the places where the spiritual energy of the world is extremely dense. In this way, it will take tens of thousands of years to bear a fruit, precious. The place is naturally self-evident.

After eating the spirit fruit of the gods and devil, it can even make a person temporarily ascend a part of the chaos realm, enough to sweep everything. This is what really gives Lin Juelong the confidence, but abandoning a short-lived fruit and having long-term development, More cost-effective.

After all, now that he has swallowed many strong blood vessels, he feels the bottleneck. If there is no innate poison, he would have no hope of breaking through this bottleneck.

But he is not in a hurry to subdue the gods and demons Linguo!

He has to choose the most suitable time!

For example, after plundering the innate poison body!

After preparing everything he needed, Lin Juelong put Ji Lin on a scarlet formation and began to sacrifice.

"Ji Lin, if the formation is completed and the innate poison is removed by the time, you will have no bones. If I change my will before I complete the formation, I only want your innate poison!"

After that, Lin Juelong didn't persuade him anymore, the blood was filled, and the formation began to work.

Rolling thunderclouds above the sky!

A crimson beam of light rose through the sky!

Lin Juelong's mouth outlines a hideous smile!

He enjoys it all!

He will complete the final sacrifice and become the strongest ruler of the kingdom of God!

When the time comes, he will not only want Ye Chen to die, he will also control the Heavenly Dao Palace!

However, in the next second, Lin Juelong's smile stiffened!

Because of a shocking sound, resounding through the sky!

"Lin Juelong, come out and die!"

Boom!

There was a shout from outside, followed by an earth-shattering noise.

Ji Lin, who was originally afraid of closing his eyes, opened his eyes abruptly, and said in surprise: "Ye Chen actually found this place! He came to save me, I knew he would definitely come..."

Lin Juelong's expression was gloomy, and the formation he wanted to complete was also disrupted. He stood up and walked outside.

"Unexpectedly, you can even find it here. I underestimated you."

This is a forbidden place in the Tianniu Mountain Range. No one has come here all the year round. He really can't figure out how Ye Chen would find it, but it won't help to ask about it now.

"Hand over Ji Lin, I will make you die happy!"

Ye Chen's eyes were as ice as he said coldly.

In any case, Lin Juelong must not stay this time, who knows what he will do to threaten him.

"Ye Chen Ye Chen, do you think I'm stupid?"

Lin Juelong was unmoved.

Ye Chen's eyes condensed, and he vaguely discovered that the aura on Lin Juelong's body had changed dramatically.

There is even a hint of threat.

He dared not take it lightly.

"Lin Juelong, this is your grievance and my grudge, I said, let Ji Lin go, you can die happily!"

Lin Juelong seemed to have heard something funny and laughed loudly: "You think you are stronger than me, so you will take me down?"

"I originally wanted her to contribute her own congenital poison, but she didn't expect to fail. If it weren't the case, I would have snatched it."

"Since the plan cannot be carried out normally now, even if I get a half-damaged innate poison, I will kill you!"

Ye Chen's existence made him too jealous. Every time it was a good thing for him to stop him, he had to kill him if he said anything this time.

Not much to say, Lin Juelong appeared in the hand of the **** and devil spirit fruit, and sneered: "As long as I take this thing, it is easy to kill you!"

"China's grievances should be over today!"

In the next moment, Lin Juelong swallowed the spirit fruit of the **** and devil. The spirit of the **** and devil erupted in his body with extremely terrifying energy.

Even the ground under Lin Juelong's feet spreads in all directions!

The deep rift is a hundred feet long!

The **** and devil Lingguo is so terrifying!

After eating the spirit fruit of the gods and demons, Lin Juelong's aura suddenly soared, arousing countless heaven and earth auras.

Not only the breath changed drastically, but even his body shape began to change. Half of his body began to darken with the refining of the spirit fruit of the gods and demons. Layers of hazy chaotic air appeared on the surface of the body, covering his whole person. Within the range of black air.

"open!"

Just heard a loud roar, Lin Juelong's breath was completely stabilized!

It is even more stuck in the chaos realm seven-layer heaven!

The key is still the unusual chaos realm seven-layer heaven!

Even faintly stronger than the ancestor of the extremely evil country!

"Jie Jie, the sense of fulfillment that this power brings is really good."

The black mist dissipated, and a half-human, half-black monster appeared in front of the two of them. If they hadn't known that this was Lin Juelong, it would really be completely indistinguishable from the previous appearance.

"Your appearance matches the name of the Tianniu Mountain Range, a forbidden place. No wonder some people say that monsters run rampant here all year round."

Ye Chen put his hands behind him, and said coldly.

"Huh! My mouth is great, I don't know if I have this strength!"

After finishing speaking, a cloud of black energy filled Lin Juelong's black palm. During the flip, countless Chaos powers seemed to flow in his palm, aiming at Ye Chen, rushing away quickly, and the speed after the promotion was frightening. .

"Either you die or I live today!"

Lin Juelong roared, the green veins on his arms were revealed, and he was not prepared to keep his hands!

Ye Chen's complexion remained unchanged, but profound flames had already condensed in his hands, and the violent flames reflected Ye Chen's cold eyes. When Lin Juelong was about to approach Ye Chen, Ye Chen moved, and the flames in his hands set off a torrent of flames. , And contend with the chaos of the other party.

Chapter 2758: The realm of evil intentions!

Zi Zi Zi!

A sharp and piercing voice sounded, and the black mist was filled, constantly devouring Ye Chen's profound flames, and even attempting to envelop Ye Chen.

Ye Chen was not in a hurry, the power of his left hand surged, and the power of several laws added to his body, so that Xuan Yan began to become weird and erratic, but it was obviously more powerful, and he began to slowly resist the black energy. Swallowed.

"What about taking the fetish for a short time? I can't kill it!"

Although the aura has risen, but after all, it is not well secured, Ye Chen still has the power to fight!

It really can't, Ye Chen is willing to sacrifice the evil sword!

Enchanting and killing!

There was a noise in the collision, and both of them retreated tens of meters!

Lin Juelong's expression was extremely weird, and his pupils suddenly enlarged!

As if seeing something frightening!

"It's impossible. You can't kill the Evil Realm in a mere mere sack. Even if you kill Bai Yuhuang on the top of ten thousand gods, how can you counter my current strength!"

Lin Juelong felt incredible for what was happening before him. He obviously felt that his strength had been improved several times, but when facing Ye Chen, he still didn't have the pleasure of destroying the dead, but facing the same level. The illusion of the opponent.

Ye Chen sneered: "There are too many impossible things. For example, I will take your head soon!"

Up to now, Lin Juelong had put away all his contempt, and if he were to look at Ye Chen in a normal state, he would undoubtedly die miserably.

"Dark Realm!"

Suddenly, the sky was overwhelmed by darkness, and countless darkness completely enveloped the two of them. In addition to the darkness, there was also a sound that made people feel the heartbeat.

The cold killing intent in the dark!

Ye Chen frowned and realized that his strength was actually suppressed.

"Enjoy the dark feast, I will harvest you one by one in the dark..."

In the endless darkness, Lin Juelong's voice resounded from all directions, with echoes in his voice, it was impossible to distinguish his position.

Looking at the black area, Ye Chen's fighting spirit aroused instead!

"Jiwu! Heavy punch!"

Ye Chen roared and smashed his punch!

However, the darkness was not broken at all!

On the contrary, a chaotic and depressive aura bound Ye Chen!

Let Ye Chen suffer the extreme!

Ye Chen stopped hesitating and closed his eyes.

A sword appeared in his hand.

A sword wrapped in evil intentions!

The weight of the sword made Ye Chen unable to conquer even.

Ye Chen knew that now he couldn't use the full power of the evil sword!

But no matter what, he has to give it a try!

The evil sword appeared in his hand, with the aura of blood mist at the same time, emitting a red light, opening the half-meter field in front of him.

"Only I Lingxiao, Tushen breaks the sky!"

"Thunder Sword of Ten Thousand Demon!"

Cut off with a sword, it seems that the ages are shattered, and the dawn reappears, a sword light rushes out from a distance, but completely disappears at the end of the unknown, extremely strange.

A few seconds later, the power of the Shajian fluctuated, and it cut away a glimmer of light!

It's just that the light quickly disappeared.

Ye Chen looked solemn.

The power of the evil sword can't be broken?

What exactly did Lin Juelong master?

What is the connection between these things and Kunlun Xu?

"This field is really terrifying."

To deal with such a strong person, once the field opens, who can be the enemy?

The domain seemed to have an isolation effect. He found that everything around him had disappeared. Ye Chen could only sink his heart to find the flaw and attack again, so as not to waste the spiritual energy in his body.

The realm should be nothing more than a space with new laws constructed by the Qi of Chaos. Perhaps even the passage of time may not necessarily occur. Master said that everything has its own way to crack, even the way of heaven is not invincible. He needs to find such a breakthrough now.

At this moment, Lin Juelong's expression on the outside world was extremely frightened.

In just an instant, Ye Chen split his darkness with a sword.

how is this possible!

There should be no weapons and power to break open!

What happened in the dark just now!

Fortunately, the dark field only broke open for a moment.

Lin Juelong relaxed now.

"Ye Chen, aren't you pretty good? What, is this feeling good now?"

"This space is in a completely static state, I can imprison you to the point of collapse, and the outside world may only have passed one second."

"Hahaha..."

Ye Chen calmly faced these ridicules, now it is not impulsive, the other party must be looking for his flaws.

But the other party was telling the truth. If he was imprisoned here forever, no one could not collapse.

Why does Lin Juelong master this kind of existence, all this has far exceeded the realm of killing he once possessed!

"Domain...Domain..." Ye Chen muttered, thinking about what a realm is.

Ye Chen held the evil sword in his hand, and if there was nothing in his heart, he turned a blind eye to Lin Juelong's endless ridicule, and his thoughts returned to the source.

After a long time, I don't know how long it has passed, it can be a second, it seems it can be tens of thousands of years, Ye Chen's eyes suddenly opened, the light flashed, and there was a hint of understanding in it.

"I know."

Ling Xiao's martial intentions began to move around in Ye Chen's body, and countless factors began to try to combine in his body. The world is everywhere, could it be the power of law and the construction of martial art, could it not be the combination of two by following the rules of Dao, Only when the real universe can appear in the body can the realm power in the depths of martial arts be understood.

The dark field fluctuated for a while, making Lin Juelong secretly startled. He didn't know what Ye Chen wanted to do, but he didn't move. Because Ye Chen's breath was very dangerous, he wanted to wait for Ye Chen to reveal his flaws. A fatal blow.

However, as he continued to wait, his inner anxiety grew.

It was as if Ye Chen wanted to break through everything, Lin Juelong couldn't believe it, and threw this idea out of his mind: "Ye Chen...how could it be..."

But that feeling is true...

In the dark realm, it is absolutely quiet, quiet and terrifying, no one can stay for a long time, and Ye Chen, who is in it, is constantly feeling within the safety range slightly supported by the evil sword.

boom!

I don't know when, a flame wrapped in violent evil spirits began to appear in the space, and burned in the dark realm, completely breaking Lin Juelong's imagination.

"No, we must never let him go on like this."

Ye Chen seemed to have a hole card that could never be used up, and it felt like a vast ocean. Even the flames that shouldn't be in the domain began to appear, which made him threatened.

Compressing the dark realm to the extreme, a strange long sword appeared in Lin Juelong's hand.

"Dark demon thorns!"

The long sword carried an extremely chaotic aura, and silently attacked in the dark field, and within a moment, it rushed towards Ye Chen.

Ye Chen, who had closed his eyes suddenly opened, did not evade in the face of this powerful blow, causing Lin Juelong's lips to curl up: "This time, it should be over."

"The realm of evil intentions! Open!"

Chapter 2759: Dark hand, Diyuan Hall!

boom!

With Ye Chen as the center, countless flames began to emerge around them, these mad flames were extremely strong, and even the dark realm was burned by it.

And at the moment when the evil spirit domain was opened, that attack was also restricted to one inch of Ye Chen's body, but it was this short distance, but the sky was separated!

The flame was burning, and the world that had been flooded with darkness suddenly became bright, and the dark areas shrank back like natural enemies.

And that long sword was burned into a cloud of black smoke by the flames that burned all things, disappeared into the air, and was no longer noticeable.

The realm was broken, Ye Chen also managed to break free from the dark realm, and the sky suddenly regained its light. This is still the land of the Tianniu Mountain Range, and Lin Juelong also looked at Ye Chen uncertainly, with horror in his eyes.

"No, it's impossible at all. How can you comprehend this kind of thing in the Slaying Evil Realm? This is impossible."

Ye Chen's domain power almost completely crushed Lin Juelong's dark domain as soon as it was formed. After all, because this dark domain was just a **** and demon spirit fruit that made him comprehend forcibly, it was not obtained by his own cultivation, so the power It can't compare with Ye Chen's evil intention field.

"It's useless to say more, starting to take Ji Lin away, your ending is doomed, only death!"

Ye Chen's words made Lin Juelong's face pale. His greatest reliance was on the Dark Domain and bloodlines, but the bloodlines were of no use to Ye Chen!

As if the blood in Ye Chen's body can suppress everything!

Even if he used the blood of forbidden technique!

With the evil intention domain open, Ye Chen is not a generous person, if Lin Juelong's previous methods were used on any warrior, it would undoubtedly be extremely miserable.

Therefore, he decided to use his own way to treat his body!

The fierce flames hit, and the power of the domain was centered on Ye Chen, enclosing the world.

Flames wrapped around Lin Juelong's body, and even the internal organs began to sprout flames, but these flames did not burn him, they just made him feel endless pain.

"Ye Chen, I want to kill you!"

"You are bound to be smashed and burned!"

"Ye Chen, you can't kill me!"

"One day, you will die in my hands!"

"what!"

The screams made Ji Lin couldn't help but sympathize with Lin Juelong. It was too miserable, and he could see that the opponent's body was scorched by the flames and seemed to recover completely in an instant, repeating the process over and over again.

This is of course Ye Chen's masterpiece. Through the application of time and space in the field, it is easy to torture a person from life to death, comparable to hell.

Ye Chen is not a villain.

But there was no mercy for Lin Juelong.

Yunhu Villa, Kunlun Xu, Lingwu Continent, Kingdom of God!

The grievances between the two should also end!

After enduring the torture for not knowing how long, Lin Juelong was on the verge of collapse. He didn't know how long it had passed, but he knew that as long as Ye Chen thought about it, this time would be...forever!

Under the dual destruction of spirit and body, he couldn't stand it anymore.

"Ye Chen, let me go, I promise I won't embarrass you again, and let the girl go, and never show up in front of you again."

He regretted it, and under the extreme torture, he could not afford any resistance at all, begging for mercy again and again.

Ye Chen was unmoved.

"Ye Chen, no, Mr. Ye, I know I was wrong, please forgive me, you can kill me!"

"It's my fault, it's all my fault, I shouldn't mess with you, nor should I show up in front of you, let me die, let me die!"

Lin Juelong was completely insane, his eyes were full of blood red, he didn't look like a normal person at all, even his eyes were not right.

Ye Chen looked solemn, thinking of something, and said to Lin Juelong: "What did you find in the blood alliance of Kunlun Xu?"

"What is the connection between the blood alliance and Kunlun Xu?"

At this moment, Lin Juelong was extremely ferocious. He hesitated for a few seconds and said: "Ye Chen, as long as you let me go, I will tell you everything!"

"Huaxia Kunlun Xu was created by a powerful person from the Ye Family of the Kingdom of God. He was in order to resist a force called Diyu Palace!"

"Kunlun Xu is just the last place where the Ye Family of the Kingdom of God retains hope!"

"Away from the kingdom of God, far from the upper realm, there is hope!"

At this moment, Ye Chen was stunned!

Kunlun Xu was not formed naturally!

It was developed by the strong Ye family!

But why did Lin Juelong know?

"Are you sure? Also, what exactly is the Emperor Yuan Palace you are talking about?"

Lin Juelong nodded fiercely: "I can assure you! There is a mural in the secret of the blood alliance, I only remembered part of it at the time."

"By the way, there is another name!"

Ye Chen's eyes shrank: "What name!"

Just as Lin Juelong wanted to speak, suddenly, a black flame burst out!

From Lin Juelong's body burst open!

The realm of evil spirits actually bite Lin Juelong!

Lin Juelong, die!

"Damn it!"

Ye Chen looked serious!

Why is it like this at the most critical time!

He can get more news!

In the next moment, Ye Chen shook his five fingers, and a jade pendant with weird patterns appeared on the palm of his hand. The evil spirit field destroyed everything, but this jade pendant actually existed?

Ye Chen's spiritual consciousness penetrated, but was instantly beaten back.

"It seems that the secret of Lin Juelong's body should be related to this jade pendant."

Ye Chen murmured.

And at this moment, Ling Tian Jian Shen, who had not spoken yet, spoke: "Boy, your evil intention domain was disturbed by someone..."

"In other words, there was a force that transcended everything just now!"

Ye Chen's expression changed.

He knew what Ling Tianjian's words meant!

A shocking powerhouse used taboos to erase the possibility of Lin Juelong's name!

Although I don't know what the shocking power is called!

But it definitely has something to do with Diyuan Hall!

Diyuan Hall, Nine Heavens Shenlong Hall, Lord of Reincarnation, Heavenly Path Palace, and what kind of secrets are hidden behind this jade pendant!

Ye Chen no longer thinks about it. After taking back the evil spirit domain, Lin Juelong's body and spirit have been burned into nothingness, but Ye Chen walked to the altar without looking back, and found Ji with a surprised face. Lin, Ji Lin's arrogant face, there is a string of tears hanging on the face at the moment.

Ye Chen touched Ji Lin's head: "Is this the Ji Lin I know? He still cries!"

Ji Lin pouted: "Ye Chen, don't touch my head, it's not tall!"

After finishing speaking, Ji Lin paused for half a second before reaching out and suddenly hugged Ye Chen.

Tears that had been suppressed for a long time welled up again.

"Ye Chen, thank you."

Ye Chen was startled, but he rarely heard Ji Lin say thank you.

It seems that this time, it really has a great impact on Ji Lin.

Ye Chengang wanted to say something more, suddenly, the head of Shenjizong Jade Pei received a change!

Yu Mako's voice sounded directly!

"Ye Chen, quickly return to Divine Extreme Sect, Ye Lingtian... seems to be waking up!"

Chapter 2760: Ye Lingtian's changes

Ye Lingtian is about to wake up!

This is the best news Ye Chen has heard recently!

He no longer hesitated, and looked at Ji Lin with excitement, "Jilin, let's go!"

Ji Lin's little hand grabbed Ye Chen, "Okay."

In the next second, the two of them left an afterimage on the spot, completely disappearing into the rubble.

And after Ye Chen left, a strange air current surged in the darkness!

The door of the void seems to open!

A figure walked out of the gate.

The figure's costume is a bit weird, with an ancient rune drawn on the center of his eyebrows, and the aura around him is extremely indifferent.

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

It seems that there is no cultivation base.

He looked at the direction Ye Chen was going away, and a smile appeared at the corner of his mouth, "Ye Chen? Interesting..."

"That sword, I really want to own it."

"If it wasn't for that person's face, you might be dead."

"But if I don't kill you this time, it doesn't mean you can challenge authority."

"If you continue to investigate, I promise, I will let you disappear in this world forever."

After speaking, the master of the figure shook his five fingers, and a black air was held in the palm of his hand, and then tore the void!

Step in!

Everything returns to calm!

...

After half an hour.

Ye Chen finally came to the Divine Extreme Sect!

He and Ji Lin stopped!

Two pairs of eyes stared at the sky above Shenjizong!

At this moment, the sky above Shenjizong was very depressed, and the gray clouds and mist shrouded Shenjizong in a gloom. From time to time, thunder and lightning passed through the clouds, which was quite thrilling.

Roar!

Suddenly, a roar of an ancient beast sounded, the sound penetrated the sky and the earth, causing countless vibrations, and when everyone heard the reputation, they saw an ancient beast stepped out on top of the clouds, stepping on the thunder and lightning to the sky. roar.

After that, more ghosts and ghosts descended, roaring sounded through the world, and even those with weakened ears spilled a trace of blood, but even if they could not hear, the suppression from the level still existed. The superior majesty made these The sacred animal seemed to be looking down at sentient beings, and the gaze of the world made people afraid to look directly.

"This is... Ye Lingtian wants to overcome the catastrophe?"

Ye Chen didn't hesitate anymore, the Extreme Martial God flashed, and instantly came outside Ye Lingtian's door!

There was already someone standing outside the door!

It is Yu Zhenzi, the head of Shenjizong!

Ye Chen quickly handed over, "Master, what happened to Ye Lingtian?"

Yu Zhenzi glanced at Ye Chen, and solemnly said, "People should wake up, but we can't replace this disaster, we can only rely on him."

"I have checked the blood of Ye Lingtian before, and it is not strong."

"Could it be that the moon ring vision of the Kingdom of God caused him to awaken the ancient divine body?"

"That's not right. I have also seen geniuses who awakened the ancient gods. There is no such a vision at all."

Ye Chen didn't speak!

He remembered the stone stele that Ye Lingtian touched not long ago!

The blood mark in the stele was left by Ye Lingtian's ancestor! 2k novel network 2kw

Ye Lingtian's ancestors followed the previous Lord of Reincarnation and the Ye Family.

The strength and blood are absolutely terrifying!

It may even be second only to reincarnation blood!

But Ye Lingtian's realm is not high, can he really handle such a vision?

Ye Chen was a little worried!

At this moment, in the room, powerful energy fluctuates.

Boom!

With the fall of the first thunder tribulation, Ye Lingtian's eyes awake in the house are filled with determination!

He clasped his five fingers, surrounded by countless ancient and faint runes, and he used his own strength to resist, but found that Thunder Tribulation was too strong, and a single blow was enough to destroy the power of heaven and earth.

He knows that he is just a low-strength warrior, not even strong in Shenji Sect!

This kind of thunder robbery, I am afraid that the Lord can resist! So he couldn't resist it at all!

The defense set up was almost instantly destroyed like paper.

Seeing that Lei Jie was about to fall, Ye Lingtian's heart was struggling extremely, he didn't want to die, he also assumed the responsibility of family guardianship, and he must live.

"what!"

With a shout, a golden light began to appear on Ye Lingtian's body, and a faint shadow of an ancient giant beast rushed out of his body!

Something in Ye Lingtian's body seemed to be awakened, and the countless golden lights formed a defensive shield with extremely strong defense.

The sky fell on the defensive cover with a blow that could destroy the world, but it did not move at all.

"This, can this be the ridiculous ancient divine vein that our ancestors said!"

The flesh, the skin and the blood, all turned into gold at this moment, like an ancient **** of war!

"This....."

Yu Mako outside naturally perceives something!

His face was full of emotions, this kind of thunderous calamity power, but extremely rare, was resisted by Ye Lingtian!

Ye Lingtian is very clear about his cultivation base!

Could it be that all of this... is a sign of the awakening of the power of blood against the sky!

The rise of the bloodline and the phenomenon of falling from the sky shows that even the Dao of Heaven is afraid of this kind of bloodline. It also shows that this kind of bloodline is rare and powerful!

Now, awakening on Ye Lingtian of the Supreme Sect, God bless him!

Does this mean that Shenjizong is about to rise?

There were more and more visions, and many elders of Shenjizong also appeared around Yuzhenzi and Ye Chen.

These noble elders in the Divine Extreme Sect are also very excited. Although there is Ye Chen, the ups and downs of a sect depends on most people. Unless a person's strength is really strong to the extreme, otherwise it is. Can't control the prosperity of a sect.

It's just that some elders don't know Ye Lingtian.

One of them took a deep look at Ye Chen, and said to Yu Zhenzi, "Head, who is this vision coming on?"

"This son's name is Ye Lingtian."

When an elder uttered the name Ye Lingtian, the others were surprised, also the surname Ye? Could it be a coincidence?

The savage beasts in the sky seemed to be dissatisfied with Ye Lingtian's resistance to the catastrophe. A purple thunder and lightning condensed in the mouth of a phantom, and a huge thunderball comparable to a house spewed out unstoppably, and it hit the top of Ye Lingtian's head in the blink of an eye.

Remembering what the ancestor of the Ye family said, Ye Lingtian's heart settled, and a mysterious magic trick was pinched in his hand, and then the ancient divine veins in his body were activated autonomously. On Ye Lingtian's body.

With Ye Lingtian's hand grabbing, the purple lightning ball was directly caught and exploded by the phantom, making a loud "boom"!

Countless people watched this scene in shock. Those who knew Ye Lingtian knew that as long as he could survive the thunder tribulation, his future achievements would be limitless, and it was not impossible to directly become a true disciple from an outer disciple.

The lightning in the sky is still erupting, and the first heavy is more powerful than the other. In the end, it has far exceeded the limit that the inner disciple can bear. Ye Lingtian has a lot of blood from the corner of his mouth, but still insists on resisting thunder.
