

## Urban 2781

Chapter 2781: Professional presence?

Ye Chen pondered for a while. Ye Lingtian may be able to contend against the powerhouse of Chaos, but he is still too small to help himself. If he can quickly improve his strength, he will be different.

He needs Ye Lingtian to be strong!

"Where are these temples?"

"The memory is too messy, I only remember that the first temple seemed to be here, on...at the top of Xuanmo Mountain!" Recalling the previous memories, it seemed that Ye Lingtian had a great burden, and it took a long time to name this place.

"Xuan Moshan..."

If Ye Chen remembers correctly, this place should be on the territory of the Xuanyuan Family, it has been guarded by the people of the Heavenly Dao Palace, and no one has ever entered for thousands of years.

Not to mention someone defending, there is the Xuanyuan family where Xuanyuan Moxie is located nearby, and there are ancestors in the Chaos realm, and their strength is extraordinary.

Ye Chen thought for a while and said to Ye Lingtian: "I know, get ready, three days later, let's go to Xuanmoshan for a while!"

"Yes!" Ye Lingtian said excitedly.

Ye Chen had planned to take Jin Tianwu to Xuanyuan City, but unexpectedly Jin Tianwu wanted to go back to the place where he met Ye Chen once, and finish some things.

Ye Chen naturally agreed, but he didn't let Jin Tianwu go to Xuanmo Mountain to find himself after handling the matter, but let him stay in Shenjizong first.

What happened 15 days ago is still fresh in my memory.

Shenjizong needs strong guards.

...

Three days later, in Xuanyuan City, Ye Chen and Ye Lingtian entered the city and asked someone to inquire.

I heard all kinds of legends about Xuan Demon Mountain. The most reliable one is that it was said that it was once a training place for a powerful family, but later offended someone and the family disappeared, and then this cultivation place was divided into a forbidden place. .

This powerful family should be the Ye Family!

When Ye Chen and the two entered the Xuanyuan City controlled by the Xuanyuan Family, in the direction of the City Lord's Mansion, an old man opened his eyes uncomfortably and ordered the next person: "Strengthen Xuanmoshan's manpower."

"Yes, ancestor."

I don't know what's going on recently, he always feels restless, as if there is some danger coming to Xuanyuan City, so he can't worry about giving orders.

But after careful deduction, he couldn't find any secrets. This was strange. After searching for no results, he could only choose to give up.

Although Xuanyuan City is very prosperous, and the city area is huge and unusual, Ye Chen and the two are not in a hurry, because there is a special flying boat here that can quickly fly to Xuanmo City, the nearest to Xuanmo Mountain.

When he came to Xuan Mo City, the throbbing in Ye Chen's heart became more and more obvious. The reason why he didn't hesitate to take a risk to find the stone statue was because he might be able to help him find some traces of the Lord of Samsara.

Xuanmo Mountain towers high into the clouds, straight into the sky, and the clouds only cover halfway up the mountainside of Xuanmo Mountain. It is extremely mysterious and makes people want to yearn for it, but it is a forbidden land controlled by the Xuanyuan family. Therefore, No matter how curious, no one dares to challenge their majesty.

To deal with these so-called "heavy soldiers", Ye Chen smiled, and easily took Ye Lingtian into Xuan Demon Mountain, and the guards did not find Ye Chen at all.

Nor is it qualified to discover Ye Chen.

From the foot of the mountain to the top of the mountain, there seems to be a mysterious power. Every time you go up a ladder, the space becomes more stable, which seems to be to prevent the powerful and powerful from breaking the space here.

"It seems that in the former Ye family, the strong came out in large numbers."

This handwriting must be the result of the combined efforts of countless Chaos Realm powerhouses and even Heavenly God Realm powerhouses. Unexpectedly, these powerhouses would also willingly follow the Lord of Reincarnation, and Ye Chen admired Ye Lingtian's ancestors even more.

"Who would dare to trespass into Xuan Demon Mountain!"

Suddenly, a strong man at Zhan'er Peak was holding a huge sword, sitting on the top of Xuanmo Mountain, patrolling the surroundings, and seeing the two Ye Chen, he felt like a scream.

Just when Ye Chen wanted to make a move, Ye Lingtian had already done it for him.

"Wild God Fist!"

There was golden light blooming on Ye Lingtian's fist, gathering countless wild auras between the world and the earth, and with a heavy punch, the target was the strongest Zhan'e peak sitting on the highest step.

The middle-aged strong man dismissed it, the sword aura of the giant sword formed a shield in front, and said in secret: "The two mere slashing realms, I don't know what method was used to get on this mountain."

With his cultivation base, crushing such a weak person is tantamount to crushing an ant.

However, when the wild \*\*\*\* fist approached his body, a fist that shook the heavens and the earth struck, like countless sharp weapons slashing towards him. The power has not yet arrived, but he has already sensed the deep danger.

"not good!"

When he sensed something was wrong, it was too late, and the \*\*\*\* punched the giant sword and directly smashed the middle-aged man at the peak of the Evil Realm into nothingness.

Ye Chen nodded: "It seems that your blood is really good, it's not what it used to be, let's go."

If someone hears Ye Chen's words, it is estimated that his chin will fall off. A Zhan'er Peak can easily kill a strong person of the same level, is this just good?

This should be a genius among geniuses, of course, compared to Ye Chen's combat power that can rival the Chaos Realm, it can only barely be called "not bad".

Continuing up, the two of them stood on the top of Xuanmo Mountain within a short period of time. Looking down, through the clouds, they could see Xuanmocheng the size of an ant. The height was so high that the two of them seemed to have the whole world gone. The view is general.

But the two did not go further.

Because there is a strong formation guard in front of him.

This formation seems to exist in ancient times.

No one in the world is allowed to disturb.

Ye Lingtian frowned: "Hall Master, this formation... seems to have blocked us, I'm afraid we can't enter..."

However, Ye Chen showed a smile and patted Ye Lingtian's shoulder: "Speaking of formation, I know the most professional existence."

Ye Lingtian frowned: "Professional existence?"

In the next second, a behemoth with red and blue rays appeared in front of them!

No one else, it is Xiao Huang!

At this moment, Xiao Huang's breath of chaos was circulating around him, extremely terrifying!

After the broken egg, Xiao Huang's cultivation base is soaring in the reincarnation cemetery!

"Xiao Huang, can you swallow this formation?" Ye Chen said.

Xiao Huang showed his hideous fangs, without a word of nonsense, rushed directly towards the formation!

The red and blue light shines to the extreme!

In an instant, the ancient formation was bitten abruptly!

Even if Ye Chen was prepared, he was still frightened.

Could this little yellow become stronger because of the so-called swallowing formation?

As Xiao Huang entered, the nine major formations suddenly appeared in front of the two of them. The great formation absorbed the general trend of the world, almost taking advantage of the trend, which was enough to see that the people who deployed the formation were quite accomplished in the formation.

"Who is it? How dare to break into the forbidden area!"

Chapter 2782: Meet the Lord of Reincarnation

When Xiao Huang began to break through the Xuanyuan Killing Array, several figures hidden in Xuan Demon Mountain were all shocked, and they rushed over. Ye Lingtian glanced intently and found that they were five elders in the early Chaos Realm.

"Unexpectedly, the Xuanyuan family is very important to this place? They sent so many people."

Ye Chen smiled slightly, not caring about the huge gap between the two sides.

"They killed Xuanyuanting and beheaded these two trespassers!"

The headed Xuanyuan family elder said, even if the two of them are not high-level, the five are still in a tendency to encircle them, and they will not leave their hands in a thunderous killing style!

Ye Chen, who broke through the fifth layer of Zhan'er, only felt that the incomparably powerful early stage of Chaos was now too weak in his eyes, so weak that he couldn't resist even his own blow.

"The realm of evil intentions, open!"

With the horrified gazes of Ye Lingtian and the five early Chaos, Ye Chen's evil intention field enveloped them all in an instant, and countless evil intentions rose from the air, setting off a monstrous wave.

boom!

The evil spirit swept through, and the five unfolded their strongest defenses. The initial cultivation base of the Chaos broke out with all their strength, and Ye Lingtian also felt pressure in an instant.

If it is an early stage of Chaos, he may still be able to fight, but if there are five, he must be the loser.

But the five chaos that made him feel the pressure in the early stages of Chaos struggled in the realm of Ye Chen's evil intentions. There was not a little bit of burnt in the defense without a breath, and the flesh faced this endless evil intentions, and the end was naturally self-evident. Metaphor.

Until the initial stage of the five chaos completely dissipated between the heavens and the earth, Ye Lingtian's whole body had not recovered. For him, the impact Ye Chen had on him was too great.

"This....."

Originally, he thought that Ye Chen's power came from the Lord of Reincarnation, but now he understands that he not only has the inheritance of the Lord of Reincarnation, but he is also an evildoer in itself. Who can kill the five early Chaos in an instant, Ye Chen Turn these impossible into facts.

"What are you doing? The formation is broken, let's go."

"You don't want to look at your ancestors?"

At this time, all the nine-layer formations had been broken by Xiao Huang, and Xiao Huang was naturally restrained in formations. For this, Ye Chen had long been used to it.

Touched Xiao Huang's head affectionately, then put it into the space, and the two continued to explore.

When the formation was completely broken, Xuanyuan Moxie's eyes opened in the Heavenly Dao Palace.

"That kid went there."

Xuanyuan Moxie stood up and thought for a while, and soon ordered: "Quickly use the sound transmission talisman to let the three ancestors and ten hidden powerhouses who are sitting in Xuan Demon City take action. Be sure to remove those who broke into Xuan Demon Mountain. Kill it."

...

Ye Chen and the two moved forward and found countless ruins on the top of Xuanmo Mountain. At a glance, they were full of desolation. Some buildings even touched with their hands and turned into flying ash and flew into the distance.

In the ruins, Ye Lingtian saw a plaque and recognized the ancient characters on it. It was the word "Ye". It seemed that this was indeed the original Ye family.

However, this Ye Family was not Ye Chen's Ye Family, but the side of Ye Lingtian where Ye Lingtian was located.

This place was once the place where the sideline Ye Family practiced.

After walking through a ruin, the two of them saw a complete building. This temple-shaped building was intact, and it seemed that even time could not shake it at all.

"It's not easy to keep it so good after so long."

Here, it should be the temple that Ye Lingtian said, and inside it should be the statue of Ye Lingtian's ancestors.

"finally reached."

Ye Lingtian was a little agitated. His ancestors passed on from generation to generation. For many years, a lot of information has been lost, but there is always one thing that every younger Ye family must remember.

"Guardian of Samsara."

This is definitely not a slogan, this is the belief of Ye Lingtian's family.

Ye Chen stepped forward, but found that no matter how long he walked, the temple in front of him couldn't step into it. It seemed that there was a kind of power struggling in it.

"This is a restriction used by the ancestors, only my blood can enter."

After speaking, Ye Lingtian took the lead in stepping out, and at the same time shot two drops of blood into the front of the restriction, the invisible restriction disappeared, and the two entered smoothly.

As soon as the prohibition disappeared, there was a sacred atmosphere in the temple, as if there was a \*\*\*\* and Buddha enshrined in it, and people couldn't help feeling respect.

"The ancestors of the Ye family at the time followed the Lord of Reincarnation to fight the world, so they were worshipped by countless people, and the idols also had the power of faith." Ye Lingtian said to Ye Chen as he walked in.

Crossing a flat avenue and stepping on forty-nine steps, the two stood in front of the temple and looked forward. However, there were not only the stone statues of the Ye family there, there were two different gods.

"Is this the original Lord of Samsara..."

Before Ye Lingtian said it, Ye Chen already felt a familiar aura from the stone statue on the right. That aura was exactly the same as the aura of the idol that he had seen in the secret realm of the Nine Heavens Dragon Palace.

It's just a bit weak here.

The stone statue was holding his hands behind him, and the whole body seemed to be drawing a mysterious rune. What frightened Ye Chen most was the body of the Lord of Reincarnation, which seemed to be pierced by a sky-shattering sword intent.

At this moment, Ye Chen felt a faint pain coming from his body, and the place of pain seemed to be the place where the Lord of Samsara was pierced by a sword.

"The Lord of Reincarnation in the previous life, is that how he died..."

Even if thousands of years passed, even if the idol was destroyed, Ye Chen could vaguely see from the idol the lord of reincarnation who had been watching the world, standing on the top of all beings, challenging all worlds, and letting all beings surrender.

Ye Chen was deeply shocked by the invincibility and loneliness that anyone would dare to fight me, but he believed that one day, he would become like that.

Even the undefeated \*\*\*\* can fight!

At this moment, Ye Chen's fighting spirit was high, and his eyes were as bright as stars. Looking straight ahead without fear of everything was a kind of heart understanding.

Just as Ye Chen was startled, Ye Lingtian stepped forward and appeared in front of Ye Lingtian's ancestor's idol. Although not as shocking as the idol of the Lord of Reincarnation, it was also very deterrent.

Then, Ye Lingtian directly knelt down in front of the idol of the ancestors of the Ye Family, kowtow respectfully.

Buzzing.

The light surged, and a phantom began to condense in front of the idol. Not long after, a burly phantom in battle armor appeared in front of the two of them, and then the closed eyes slowly opened.

"How many years..."

In the words, there are endless vicissitudes of life, and he can know that the Ye Family outside has turned into a mass of ruins that can be destroyed when touched.

Opening his eyes, the moment he saw Ye Chen, Xu Ying knelt on one knee, saluted, and said, "Worship the Lord of Reincarnation."

Chapter 2783: guard

Ye Chen stared at the phantom in front of him, without any doubt, his arm stretched out: "Get up."

As the Lord of Reincarnation in your previous life!

When the ghost saw herself, she should salute.

"Yes."

Even if Ye Chen only had the cultivation base of Zhan'er Fifth Heaven now, Xu Ying did not neglect in the slightest.

Ye Chen thought for a while and asked, "Do you know what happened to the wound of this statue of the Lord of Reincarnation?"

This is Ye Chen's biggest doubt.

"This... The Lord of Reincarnation has previously explained that he won't let his subordinates tell you."

"Some things, knowing it prematurely, are not good for you."

"The Lord of Reincarnation, lay out at the cost of death, and no link can go wrong."

Ye Chen didn't have many surprises, after all, it was related to ancient things, and there was no need to force it.

But he faintly guessed something.

In my memory, I once saw a mural. The mural was vaguely in between, and a woman pierced through his back.

This woman does not know her identity or origin?

Is it related to the death of the previous life?

Ye Chen looked solemn and continued: "You don't have to tell me the death of the Lord of Reincarnation, but I just want to make sure that the fall of the previous life was due to a woman?"

As soon as he said this, the phantom's expression suddenly changed and he did not speak!

But in Ye Chen's view, this is the answer!

really!

My own fall in the last life, because of a woman!

As for who this woman is, he has enough time to investigate!

Xu Ying didn't want to reveal too much. He looked at Ye Lingtian, the only surviving sideline in the world, Ye Family junior, and said, "Ye Lingtian listens to the order, and then I will instill all the power of faith into you. It's painful, but you must not be unconscious, or you will lose all your previous efforts."

"Thanks to the ancestors."

Ye Lingtian nodded.

Their time is tight now.

As early as the moment when the formation was broken, Ye Chen had guessed that Xuanyuan Moxie had discovered that he would send a strong man to encircle him.

Therefore, we can only seize the time to absorb the power of belief, and it will not be too late to wait for the old things to find other temples.

However, outside the hall, three closed-life ancestors of the Xuanyuan family in the seventh-tier chaos realm surrounded it with ten powerful men who had awakened the ancient gods.

Endless killing intent surging!

"Who would dare to break into the forbidden ground of the Heavenly Dao Palace and come out and die!"

The three ancestors of Chaos didn't know that Ye Chen was in it. They thought it was someone from the Chaos Realm who broke in. They immediately shouted that the sound contains the power of Chaos, but the sound waves that should have caused the landslide and the ground are in The Taoist temple was blocked by mysterious power.

Ye Lingtian's expression suddenly changed. Just thinking of getting up, Ye Chen held on to Ye Lingtian: "Leave it to me next."

Ye Chen asked Ye Lingtian to absorb the power of faith and go out to stop these guys.

This is a fate that belongs to Ye Lingtian.

Ye Lingtian is strong, he is strong!

The moment Ye Chen stepped out, the three ancestors of the Primordial Chaos Realm were slightly startled, and the big man who sent the three of them out was the kid in front of him from the fifth floor of Zhan E?

Seeing this scene, one of the ten strong men who awakened the ancient divine body, flowing green runes all over his body, stepped forward and said: "These opponents are not worthy of the ancestors, so let me do it for you."

Then he approached Ye Chen with a sneer. What he was holding was a weapon of the Heavenly Dao Palace exuding a majestic aura. There was a part of the power of the Heavenly Dao on it. Up."

"Since you don't know what is good and what is wrong, in the next life, if you recognize and recognize the way, where should you go? No one needs to teach it?"

Ye Chen nodded slightly and smiled lightly: "I will return this sentence to you intact."

"Boy, looking for death!"

The power of the Heavenly Way on the Heavenly Way weapon is activated, and the sword in his hand seems to have a thunder arc constantly entwining it. It is the Thunder of Heavenly Punishment that can make all creatures feel afraid.

A strike is of course to be straightforward, and to leave a good impression in front of the ancestors.

It is a pity that he is facing Ye Chen!

A guy who cannot be judged by common sense at all.

The man was getting closer, and the Thunder of Heaven's Punishment had already unfolded, blasting towards Ye Chen at a speed several times faster than the weapon.

"Go to hell."

The man's face showed hideous, in his eyes, Ye Chen was afraid that he hadn't reacted at all.

"No matter, I will shoot once for Ye Lingtian."

When the evil sword appeared, Ye Chen's gentle face turned into indifference, and he spit out a few words: "Only I am Lingxiao, slaughter the sky!"

The sword light flashed, the blood was tumbling, the force was surging, and the meaning of Zhenwu burst out!

The person who couldn't react was not Ye Chen.

The violent meaning of martial arts impacted everything, the man showed incredible eyes, and wanted to open his mouth to say something, but he fell halfway through it. When everyone looked over, the heads were separated.

Ye Chen's strength and the severe mismatch of the realm caused the three ancestors to be cautious, and being able to kill an ancient god-body genius so easily, the strength of this person is probably no less than the chaotic powerhouse.

However, how could this be possible, obviously he was Zhan E Fifth Heaven!

"Let's do it together! Kill this one!"

With the scolding of another ancestor, the remaining nine ancient divine body geniuses stepped forward, surrounded Ye Chen in the center, holding the heavenly weapons in their hands, and launched their strongest blow. The endless pressure all attacked Ye. Chen.

Ye Chen smiled disdainfully, the evil sword stood in front of him, emitting a faint energy wave.

"Six Dao Swords! Six Swords into One!"

Ye Chen used the extremely martial \*\*\*\* flash, the six swords unfolded, the six sword lights flashed, and the sword intent of Ling Xiao was like a giant dragon sweeping!

The nine people in front of you instantly turned into blood mist!

Vulnerable!

Until Ye Chen collected the sword, they didn't understand how they lost.

"What a terrible sword intent, what a domineering martial art charm."

One of the ancestors of Chaos secretly said, feeling surprised.

"However, it's over here. No matter how strong it is, it will only be in vain if it does not reach the Chaos Realm."

The three ancestors of the Chaos Realm glanced at each other, no longer hesitating, they all stepped forward, the power of the Chaos in the body surging out, and the three powerful realms instantly surrounded Ye Chen.

This is exactly the realm of Heavenly Dao passed down from generation to generation by Xuanyuan Family!

As soon as the Heavenly Dao realm came out, Ye Chen felt his body sink, as if a mountain was pressing on him.

The depressed breath seems to cover everything!

In theory the blood of reincarnation should not be affected by everything!

But on this Xuan Demon Mountain, it seems that all the pressure is gathering at this moment!

Up!

Ye Chen gritted his teeth and stood up abruptly, staring at the three ancestors firmly.

"Do you think that only you have a field?"

"Shan Yi realm! Xuan Yan impact! Open!"

In an instant, the vision emerged!

In the realm of Heavenly Dao, occupied by a mysterious force, the realm composed of pure killing intent flames has its own set of rules of operation, and the raging evil intent blocks external pressure and is no longer affected by it.

Chapter 2784: Set up!

The three ancestors are like gods in the realm of heaven, draped with holy light, holding the angel holy sword in their hands, and ruthless in their eyes, looking down at Ye Chen like an ant.

At this moment, they had already surpassed their own realm, enough to kill everything.

But when Ye Chen's evil intention domain appeared, the three of them couldn't help it anymore, and there was a deep shock in their eyes. They could have domain power before reaching the chaotic realm, which was simply unheard of.

But this further strengthened the three people's idea of killing Ye Chen. This son is immortal, and when he grows up in the future, it may be a big worry for the Xuanyuan family.

"Sacred Light!"

The big swords in the hands of the three fused together to form a huge sword that could cover the sky, and slashed towards Ye Chen with endless power. This sword seemed to be able to cut away the sun, the moon and the stars!

"Lei Huangba Star Sword!"

The evil sword in Ye Chen's hand felt the master's fighting intent, and the sword body began to tremble happily. At the same time, it also issued a sword intent that was not weaker than the three.

Because the forces of the domains cancel each other out, the gap between the Chaos Realm and the Slashing Evil Realm is reduced to the greatest extent, Ye Chen may not be able to fight the three!

Cang!

In the collision between the sword and the sword, Xuan Moshan couldn't help but sway slightly, and the confrontation between wild and holy made the sky eclipse.

The three ancestors all showed incredible color in their eyes, because they found that they and others were suppressed by Ye Chen, and they could fight against them in the field, but in terms of technique, they lost.

The Sword of Holy Light was constantly being forced back, and Ye Chen's evil sword advanced one more point, and even the Heavenly Dao realm was pushed back to the three of them by Ye Chen.

"The three ancestors of the late stage of Chaos actually besieged a district of Slashing Evil Realm, and I will be ashamed of you if you say it."

Ye Chen's words made the three of them pale for a while and green for a while, and even darkened faintly.

One of the ancestors snorted coldly and said, "Two, this son is immortal. I am afraid that my Xuanyuan family will have no peace in the future. I will do my best to burn my essence and blood. Be sure to kill him!"

The other two nodded solemnly, and they had to worry about their strength.

The three ancestors all looked at each other, the essence and blood came out and burned completely. At this moment, the power of the domain was excited.

"The Array of Heavenly Realm!"

The three ancestors stood in different positions to form a weird formation, and the power of the endless formation and the power of heaven were condensed to the extreme.

The Heavenly Path Formation method pays attention to following the laws of all things in nature, and it can completely transform the domain into a stronger domain formation.

Ye Chen frowned. This was indeed very troublesome. The combined force of the three Chaos Realm late stages was not something he could contend with now.

But Ye Chen is not afraid at all!

"The realm of evil intentions! Ling Xiao broke the sky!"

"Xuan Yan, come out!"

The next moment, Ye Chen's hand made a bang!

A flame different from the realm appeared in his palm, it was Xuan Yan!

What is wrapped in the profound flame is a flame of extremely evil spirits!

Primordial Flame!

A trace of the ancient evil flame is enough to burn everything!

"Follow me!"

Ye Chen snorted, the flame in his hand gradually violent, and the temperature of the flame rose sharply. The evil intention field that could not be resisted originally broke out after it began to merge into the Primordial Fiend Flame.

Boom!

Endless flames are raging everywhere, and that violent energy factor swims irregularly, even if it is the combined force of the three late Chaos ancestors, Ye Chen can't help it at all.

The corner of Ye Chen's mouth twitched, and the power of the domain began to expand, and every time it expanded, the domain of Heavenly Dao shrank by one point.

If the domain power is not too different, such an effect will not be achieved at all. It can only be said that after Ye Chen's evil intention domain was added to Xuanyan, how much more powerful could it be achieved.

"How is this possible, how can a kid in the Evil Realm use the power of the field that Chaos Realm can do to such an extent!"

An ancestor's unwilling roar, he couldn't believe that Ye Chen not only defeated them in martial arts, he was also stronger than them in domain power, which greatly exceeded their expectations.

Now, the horrified expressions on their faces contrasted sharply with the ant-like disdain at first.

The three ancestors struggled to support, almost unable to support it, this kid was a bit too abnormal, the strength is not what a slaying state should have.

Until now, they finally understood why Xuanyuan Moxie wanted so many people to encircle such an inconspicuous boy. If there were not so many people, they would have died on the spot.

Suddenly, the void here fluctuated, and the three Chaos Realm elders were all overjoyed. This showed that their reinforcements had come. Long before they set off, they had resisted the reinforcements, and at this moment became their last straw.

Ye Chen also noticed something was wrong, there were spatial fluctuations here, and it must be someone trying to tear the void and cross over from thousands of miles away.

"Boy, I admit that you are very strong, but it's over."

An old voice came, and then, the void tore open a hole, and countless holes filled with the turbulence of the void appeared.

In the entrance of the cave, a person walked out, wearing a white robe of the Heavenly Dao Palace, white hair and eyebrows, and an extremely powerful aura surged all over his body.

Strong strength!

Then another person stepped out, and then, until the tenth old man walked out of the cave entrance, the cave entrance slowly closed.

Sweeping away at a glance, they were ten powerful experts in the late Chaos Realm. The Chaos Realm that is rarely seen in ordinary days is everywhere at this moment. The background of this Heavenly Dao Palace is really shocking.

Ye Chen also frowned. The strength of these ten Chaos Realm powerhouses, looking at the entire Divine Kingdom, are existences that cannot be ignored. The Heavenly Dao Palace is really a big hand!

Although the opponent's strength is strong, Ye Chen is not afraid at all: "The Heavenly Dao Palace spent such a large price to kill me, but I really can look down on me."

"Oh? It seems that you are the Lord of Samsara in this term?"

The head of a late Chaos Realm powerhouse swept over Ye Chen lightly and said.

Other ancestors heard the name of the Lord of Reincarnation and looked at Ye Chen with scorching eyes. The three Xuanyuan family ancestors who came first were even more secretly shocked. They turned out to be the Lord of Reincarnation, so it's not surprising. Up.

Thinking about the power of the Lord of Reincarnation in those days, turning the hand over is to crush the chaos realm like an ant.

"Hehe, kill me if you want, why bother with the Lord of Reincarnation? I think you are scared?"

Ye Chen didn't care about these chaotic ancestors' angered, iron-green face, and said lightly.

What he has to do now is to delay time for Ye Lingtian!

"Well, since you want to die, the old man will fulfill you!"

That is the case, but the next scene is a bit shocking.

"Position!"

Chapter 2785: The origin of the girl

The thirteen people's Heavenly Dao realm was released together, and the formation was condensed, trying to encircle Ye Chen directly in it.

I'm afraid that they will all become the talk of the ages. When the thirteen Chaos-level powerhouses face a fifth-level sky of the Slashing Evil Realm, they still need to put their full strength in formation?

What's more, the formation used by the strongest domain power really changed Ye Chen's color.

The previous failure of the blood-stained cause and effect formation probably made Xuanyuan Moxie serious.

Ye Chen glanced at the innermost Ye Lingtian!

The power of faith is not over yet!

He must continue to delay!

He stepped out: "Old dogs of the Heavenly Dao Palace, this face is probably thicker than the city wall. I think the name of the Heavenly Dao Palace shouldn't be called. How about the Tianguzong?"

As soon as Ye Chen's voice fell, it aroused the stubborn anger of the old group: "Zhu Zi'an dare to insult my Heavenly Dao Palace!"

The anger rose, they also understood, and let Ye Chen go on, I am afraid that he and others will be mad to death before they make a move. The formation method is activated immediately, and a shock wave of holy light hits Ye Chen with terrible power. People are incomparable.

He shouted, but Ye Chen didn't take the slightest care. The violent flames burned, enveloping the impact of the holy light, trying to burn it completely, but after all, this was the combined force of thirteen strong men and it was easy to break.

No matter how turbulent the flame was, the holy light still struck Ye Chen, and the terrifying energy fluctuation made Ye Chen had to devote himself to it.

"That's too late."

"Lei Huangba Star Sword!"

Together with the power of the domain, Ye Chen held the evil sword, advancing instead of retreating, antagonizing the Holy Light.

The Holy Light has completely locked him in, and there is no way out, but he can only move forward!

boom!

The two energies impacted together, and even the areas of both sides fluctuated slightly, and the top of Xuanmo Mountain couldn't bear the violent shaking. The huge energy obviously exceeded the range that the top of the mountain could bear.

And when the white light dissipated, a figure stood straight in place.

Ye Chen's body was dripping with blood, even if he had the power of the domain, the time of cultivation was still short, not to mention that he had not stepped into the chaos realm, and without the power of the chaos as support, it was unavoidable to appear under the siege of so many chaotic realms. Stretched.

Fortunately, his body is extremely abnormal, and the scars on his body are constantly recovering!

"This kid finally can't hold it anymore."

Seeing Ye Chen's injury, an old man showed joy, shockingly afraid of being beaten by Ye Chen before.

The holy light struck Ye Chen one after another, Xiao Huang wanted to come out to help, but was stopped by Ye Chen, the opponent was too powerful, the multiplayer formation was already equivalent to the peak of chaos!

The appearance of Xiao Huang does not relieve too much!

It is better to keep Xiao Huang and protect Ye Lingtian to absorb the power of faith at the critical moment!

"Lord of Reincarnation, you were very prestigious at the beginning, dominating the world! Unexpectedly, you will end up like this now."

An old man in white said lightly.

The next moment, he took a pill, and his breath rose extremely!

These people are all the backhands of the Heavenly Dao Palace. At this moment, they don't have any hands on Ye Chen.

Because they got Xuanyuan Moxie's order!

Today, those who break into Xuanmoshan must die!

Either this person died, or they died!

There were more and more blood stains on Ye Chen's body, and the Heavenly Dao Palace sent so many powerful men, which made Ye Chen very solemn.

Although he can easily fight the Chaos Seven Heavens!

Even the eighth layer of chaos can fight!

But how to fight so many late Chaos Realm!

If he knew such a risk, he shouldn't have brought Ye Lingtian into this place!

"Jedi Sovereign!"

A ray of sword light appeared from the formation of this domain, and as soon as it appeared, it emitted a light that illuminates the world, and the light on the top of Xuanmo Mountain expanded like a star.

When people in Xuanmocheng not far away saw this scene, they were shocked by miracles, and some knelt on the spot and kept worshipping.

Ye Chen knew that they finally had no patience, and this was preparing to use the strongest blow to end himself.

"I, Ye Chen, even if I die, I will pull your Heavenly Dao Palace as a backstop!"

Ye Chen released Ling Xiao's martial intent and evil intent to the extreme! At the same time, the power of God's blood, God and Demon Reincarnation Art, and the power of the Great Dao continued to pour in, and the power of the evil spirit domain suddenly increased several times, and even condensed into a fireball that was higher than the sun's temperature and hit the Jedi Sect.

The collision between the sword light and the fireball finally made Xuanmo Mountain's top unbearable, and began to make a rumbling sound. Countless boulders fell to the foot of the mountain, and countless cracks appeared on the ground, from the center of the battle. Proliferation is really terrifying.

If it weren't for the stable space here, I'm afraid the entire top of the mountain would have been blown up long ago.

Ye Chen was struggling to support, and his body was almost dead, but he knew that once he let go, when the sword light flashed over, it was when he died.

The thirteen late Chaos powers didn't expect Ye Chen to be so capable. Immediately everyone exploded their full Chaos power, making the sword light brighter, and Ye Chen's fireball was on the verge of breaking.

"Can't stop it..."

Ye Chen looked at the sword light that was almost about to swallow him, there was no despair in his eyes, but a kind of disdain and self-deprecating.

"Isn't Tiandao Palace always pretending to be upright? Why is it now?"

Suddenly, an icy voice sounded!

Then a figure floated slowly from the sky!

A woman wearing a snow-white long dress, but with a veil on her face, can't see the specific features, but at first glance, she looks like a fairy descending to the earth.

The beautiful eyes of the veiled woman swept everyone!

For some reason, everyone felt the chill!

They found that the woman was accompanied by the power of cold ice. The ice and snow seemed to slowly envelope the Xuanmo Mountain as the woman fell, and countless snowflakes fell down, which was truly spectacular.

"Extremely cold field! Open!"

"Cold Forbidden Technique! Open!"

The extreme ice cold, the extreme domain power spread out from the woman's body, and there was a frost dragon made of ice and snow roaring in front of Jianguang, resisting Ye Chen's.

boom!

The ice dragon disappeared, and the sword light that killed Ye Chen also completely dissipated.

"It's you!"

Ye Chen was slightly surprised!

This veiled girl is so familiar to him!

From Lingwu Continent and now the Kingdom of God, this person always appears when he needs it most!

Then it was mysteriously disappeared!

As if I don't want to let myself know her true identity!

Ye Chen asked himself countless times, why did the girl save herself at such a price?

But he has no answer!

What is even more bizarre is that every time a girl appears, her strength will change dramatically!

He has never seen anyone who can practice such speed!

Only when the cultivation resources of the entire kingdom of God are piled up on one person can it be possible!

Chapter 2786: Woman's heart, needle on the seabed!

He didn't even believe that this girl with superb talent and amazing strength would spend time on himself for no reason!

"Extreme Cold Forbidden Technique? Extreme Cold Imperial Palace! How could it be possible!"

The appearance of the mysterious girl easily resolved their blow!

Those old men's expressions were dignified in an instant, and only Ye Chen had them exhausted their means to almost kill him. Now there is another one, it is strange that they have a good expression.

Ye Chen always felt that the girl was a little familiar, and couldn't help but said: "Thank you for saving my life, so many times, I haven't asked the girl's name."

WINK to \$1: Secure Your Spot Now!

However, the girl didn't even look at Ye Chen, and said directly: "Concentrate on the enemy, I can't guarantee."

...

At this moment, in the temple.

Xu Ying perceives the battle outside the Taoist temple, and smiles on his face: "You deserve to be the Lord of Reincarnation. If you cut the fifth layer of heaven, you can have the power of chaos. Only he can do it."

"And that girl, why do I feel a little familiar with her breath?"

"If it is really a descendant of the Absolute Frost Palace, then it will be interesting."

"Perhaps the Lord of Reincarnation in the previous life has broken everything, knowing that this life can resolve the catastrophe."

After that, his gaze turned to Ye Lingtian's body. This junior was not bad in terms of aptitude and xinxing, and following the Lord of Reincarnation, this made him relieved.

"The Ye Family will eventually rise again, and those enemies will fall at the feet of the Lord of Samsara."

"Ling Tian, you still have some of my power left in you! Only five minutes! Go and guard the Lord of Samsara!"

The phantom disappeared, and this also represented the completion of the transmission of the power of faith, and Ye Lingtian's closed eyes opened sharply.

At this moment, his cultivation has been raised to the chaos realm level!

This is not the most important thing!

The important thing is that at this moment, part of his ancestor's power is circulating around him!

Although only five minutes, it is enough!

Rumble!

Countless visions appeared in the sky, surrounded by thunder and lightning, and strange beasts roared. Everything was a sign that something extraordinary had happened. Ye Chen saw this scene with a smile on his mouth, it seemed that Ye Lingtian had succeeded.

It is not in vain to bring him here with such great efforts.

These chaotic powerhouses obviously saw that something was wrong, and immediately stopped hesitating, and prepared to repeat the old tricks, and then make another 'jedi sacred judge'.

Some ancestors of Chaos even did not hesitate to spend their essence and blood, wanting to forcibly kill Ye Chen here, so this attack was stronger than the previous one.

"The realm of evil intentions!"

"Fever Forbidden Technique!"

The two realms that can be said to be opposites merged into one at this moment. There was not much rejection, and they resisted in the blink of an eye. However, compared to the full strength of the other 13 people, they were still weak.

"And me, Ji Dao Wild Fist!"

Ye Lingtian's voice rang from the Taoist temple, and then a fist with a wild aura suddenly increased and rushed out.

Although Ye Lingtian seemed to have a weaker cultivation base than thirteen, this attack was no weaker than the late Chaos Realm powerhouse who possessed the domain!

The meaning of endless wildness tears the void!

The violent coercion caused the thirteen people to step back ten steps!

As soon as he joined, Ye Chen occupied a huge advantage, and the originally low situation instantly reversed.

The attack was broken, and the thirteen old chaotic elders spit out blood and fell backwards. The scene was very strange.

Some old chaotic elders pointed at Ye Chen trio with trembling fingers, trying to say something, but they couldn't say anything.

If you let the world know that you can end up in this situation with more battles!

That is the shame of Tiandao Palace!

"Hall Master, I can temporarily sustain part of the ancestor's power in my body now! I will kill them!"

Ye Lingtian was furious when he thought of the fact that the Hallmaster had almost died in the hands of these people. A pair of divine fists contained boundless power, and the power of chaos wandered in it.

Ye Chen just wanted to say something, suddenly a vision appeared in the sky, a faint phantom seemed to form in the sky, and that majestic posture made sentient beings unable to help but worship.

"No, it's the phantom of Xuanyuan Moxie!"

Ye Chen and the others are exhausted at this time, it is indeed not suitable for head-to-head with each other.

Even if Ye Lingtian now possesses part of the ancestor's power, he can't fight against Xuanyuan Moxie Void!

Crucially, they also discovered that this time, Xuanyuan Moxie's aura became stronger!

Unexpectedly, the other party would choose this method of self-damaging the foundation again, and would also kill him when he crossed such a long distance. It seemed that Xuanyuan Moxie was already impatient, indicating that he was already a great threat to him now.

"Ye Chen, go!"

Wei Ying looked solemn under the veil, her face was a little pale.

In the next moment, she actually grabbed Ye Chen's hand directly.

Ye Chen's body was startled.

Feeling the delicate hand with a faint chill, he was suddenly a little surprised.

Wei Ying never thought that she would be like this at this moment.

If the veil were lifted, she would definitely find that her cold face was already flushed.

Ye Lingtian didn't notice the strange two people at all, and urged: "Hall Master, don't hesitate! Go!"

Hearing Ye Lingtian's voice Wei Ying and Ye Chen fully reacted!

Wei Ying sacrificed a snow lotus in her hands!

Snow lotus zoomed in instantly, and it enveloped 13 people!

The 13 injured must not leave alive!

Just because they knew Ye Chen's identity!

Snow lotus was released, and in an instant, the meaning of extreme cold turned into a murderous intent!

Thirteen blood mists broke out!

Completely dead!

And Wei Ying also vomited a mouthful of blood!

Obviously, releasing that snow lotus extremely consumed her power!

Ye Chen just wanted to say something, Wei Ying said directly: "Come on, Xuanyuan Moxie's phantom has not been solidified yet, my painstaking effort can only delay a little time!"

The three of them didn't hesitate anymore and fled here quickly. When the phantom was solidified, they opened their eyes and found that the locked target had already escaped the farthest range.

"Lord of Samsara, next time, this deity will definitely want you to be annihilated!"

A big hand suddenly slapped on Xuan Mo Mountain, the towering Xuan Mo Mountain was directly destroyed by this palm, and was forcibly cut off by more than half of its height.

And that palace also lost its former power, and a breeze hit!

Turned into a piece of yellow sand.

And countless people under Xuanmo Mountain saw this scene in awe, praying for God's forgiveness.

...

After an hour.

The three people stopped.

Ye Chen looked at the weak veiled girl, took out the golden needle, and said directly: "Girl, I have some medical skills, and your injury is very serious."

Ye Chen was about to apply the needle, but Wei Ying's slender hand gently pushed away: "Take care of yourself, I don't need it."

After speaking, the girl closed her eyes, and a special radiance was flowing all over her body.

As if calling something!

Ye Chen was quite surprised, why did this girl change so fast?

Is there anything unspeakable!

Chapter 2787: Promise by body?

At this moment, above the sky, a flame swept over!

Stepping on a violent flame, a giant beast descends majestically!

What surprised Ye Chen was that this was the monster he had tamed in Lingwu Continent, Umang!

It's just that now, which is the same among!

Regardless of bloodline or momentum, there is a difference of thousands of miles!

Ye Chen looked at the girl weirdly, could it be that the girl had a chance against heaven?

Even beyond the reincarnation cemetery?

Otherwise, how could he have the confidence to turn Umang into this way.

Wu Mang obviously recognized Ye Chen, and wanted to run towards Ye Chen, but he noticed Wei Ying's injury and returned to Wei Ying's side.

Wei Ying didn't talk nonsense, and stepped onto the black awn, the chill of her whole body rolled.

She didn't leave immediately, but turned her back to Ye Chen and said lightly: "Ye Chen, although Umang is your monster, but I like it very much, let me take care of it for some time."

"I need it."

Ye Chen smiled slightly: "You have saved me so many times, don't talk about Umang, even if you want me to promise me, I will agree."

Wei Ying's body was slightly startled, and the extremely cold face under the veil turned red.

In the next second, she did not expect that she would speak: "Okay, then it's a deal."

"I'm waiting for you to agree."

When the words fell, the black mans stepped on the flames, dissipating in the sight of Ye Chen and Ye Lingtian.

Ye Chen looked at the figure of the girl going away, slightly lost?

He was just a joke.

Is this girl taking it seriously?

Want him to agree? ? ?

Ye Lingtian walked to Ye Chen's side, frowned, and said: "Hall Master, I don't know if I should say something."

"Say." Ye Chen said.

Ye Lingtian smiled and scratched his head: "I feel that this veiled woman seems to like you."

"A woman willing to stand up for you means that she cares about you."

"And a woman who leaves because of your injury shows that she is reserved."

Ye Chen gave Ye Lingtian a white glance and said:

"What do you know! Let's go, return to Shenjizong."

When the flying boat started, the scene below was getting smaller and smaller, and the city was almost reduced to a small spot. Sitting on the flying boat was a very good situation.

"Ling Tian, what plans do you have in the future? You don't have to follow me, you can have your own life."

Ye Chen asked casually.

Ye Lingtian didn't hesitate, and said, "Ling Tian just wants to be your right-hand man and then revive the Ye Family of the Kingdom of God."

"Hall Master, Ling Tian has been destined for this mission since he was born."

Ye Chen knew that it was useless to say more, so he said "um" and looked at the horizon, not knowing what he was thinking.

Suddenly, a black shadow flashed.

And Ye Chen also stood up abruptly!

The breath of that figure is actually very similar to Situ Xin!

No, it's even richer than Situ Xin!

"Looks like you found out too."

"This thing will stop here."

At this time, the voice of Cangu Medical God rang in Ye Chen's body and attracted Ye Chen's attention.

"Old man, I promised you, I will avenge you."

Fully urged Feizhou, and soon, Feizhou was far behind Scarlet Light Shadow.

The scarlet figure seemed to be aware of it, his speed increased, and he wanted to get rid of the tracking behind him, but it was obviously futile.

The figure in front seemed to know his own situation, and stopped outside an ancient temple, waiting for the people on the flying boat to get off.

He can perceive that the opponent's strength is not too high, and he will not be afraid of any conspiracy or tricks the opponent has.

"Who is it that dare to follow my blood ghost?"

Obviously, this scarlet figure is called a blood ghost.

The next moment, Ye Chen and Ye Lingtian stepped into the air and landed in front of the blood ghost.

In front of the two of them, the person known as the blood ghost, dressed in red, even had red hair and pupils, was extremely weird, but his face was abnormally pale and dark, and it was oozing.

The blood ghost was called Lin Ying, but because of the rich blood on his hands, he was called the "blood ghost" in awe, and he was always proud of it.

Lin Ying shouted again: "Boy, I want to ask you something!"

"Okay! Since you don't say anything, then take the words to \*\*\*\* and speak!"

Ye Chen stood in front of Lin Ying, and a strong fishy air was indeed coming at him.

"This person is very different from Situ Xing. They should have a close relationship with that person. The auras of the two are really similar."

Canggu genius doctor said solemnly.

Seeing that the two were dumb, Lin Ying couldn't help it anymore. A murderous aura containing countless corpses rushed towards Ye Chen. The normal early Chaos Realm powerhouse faced such oppression, I am afraid that he would be lost on the spot. In the sea of blood in that corpse mountain.

But for Ye Chen, this level of attack was far from enough.

Ye Chen's martial arts will is comparable to a stubborn stone, and his determination to become stronger, no matter what, he can't erase his determination to become stronger.

As soon as the will of the martial arts came out, not only did Lin Ying's murderous aura be useless to Ye Chen, but was affected by Ye Chen's will. The powerful spiritual energy impacted Lin Ying, directly knocking it away several meters away, and blood spewed out.

"I'll ask you if you know Mo Xueming this person."

Ye Chen was condescending, walking towards the blood ghost step by step, and asked.

And this Mo Xueming was the demon in the heart of the old man who had massacred millions of people.

"I have no grievances with you, why do you want..." The blood ghost wanted to say something, but was pierced by Ye Chen with a sword. This kind of person is not worthy of mercy, and asked again: "I ask if you know Mo Xueming!"

The blood ghost's face changed, although it was extremely weak, it was still well captured by Ye Chen.

"Very well, it seems you know each other."

"Tell me everything about Mo Xueming, I can make you die happy."

If Ye Chen's words were unheard of, the blood ghost just looked at Ye Chen resentfully. He didn't expect that this time he would have missed it. Although the opponent's realm is only the fifth level of the Evil Realm, his strength is far higher than the realm itself, saying What secret method may be used to cover the realm.

"Your Excellency has an enmity with Palace Master Mo?"

The blood ghost cautiously tentatively said but Ye Chen just stared coldly if he said that it broke the sky.

"Well, I can tell you, I know Mo Xueming, but my relationship with him is..."

The blood ghost deliberately stretched his tone, and after Ye Chen was attracted by his words, a smile appeared involuntarily at the corner of his mouth, he was still too young.

"Blood Bat Vientiane!"

Suddenly, a strange bat shadow appeared behind the blood ghost, and then countless blood bats flew out from under their wings, rushing towards Ye Chen with \*\*\*\* air.

Ye Chen remained unmoved. Instead, he stood there and looked at this blood ghost like a clown. He had long known that such a wicked fellow would not be obediently arrested. As long as he could kill the opponent, they would use whatever method they could. Out.

However, these blood bats were really too weak and did not pose a threat to Ye Chen at all. Profound flames were sacrificed in front of him, and these blood bats instantly turned into blue smoke.

Chapter 2788: Hades!

However, behind the blood bat, the voice of the blood ghost came: "Haha, you have been tricked, the real good show is yet to come!"

From behind the densely packed blood bats that made people unable to see the direction, a \*\*\*\* spear stabbed over with the words of the blood ghost, and the target was Ye Chen.

The cold light surged on the spear tip of the spear, and the blood ghost was confident that even in the early stage of Chaos, he would be killed by this blow. No matter how strong Ye Chen was, he did not believe he could resist it.

Ye Lingtian didn't take any action on the side, because this blood ghost, not to mention in Ye Chen's eyes, could contend even in his eyes!

The fact is also true. Ye Chen sacrificed the God of Heaven Slaying Demon Spear, and there was demonic energy gathered around him. On the tip of the spear, a dark spot also pierced the blood ghost, and the heavy blow caused the blood ghost to be swept away directly. , Fell to the ground unbearably.

Ye Chen walked in the direction of the blood ghost, and the badly injured blood ghost got up and looked at Ye Chen with fear. This man is really too strong, even if he used his strongest blow, he was still attacking. Under the circumstances, they were easily defeated by the opponent.

Now the blood ghost finally realized what kind of character he had provoked, this Ye Chen must be a hidden chaos realm powerhouse.

And it's not a general chaotic realm, at least in the late chaotic stage!

Damn it, even pretending to be Zhan E's fifth heaven, the blood ghost has never seen such a shameless person!

The tip of the gun moved with Ye Chen to the blood ghost, pointed at his neck, and said lightly: "I don't believe what you said, so I am going to use some special methods for you, and then I will wait for you to tell the truth. "

Canggu doctor god's medical skills can pull people out of the ghost gate, and of course they can also be sent to the ghost gate. If they cultivate to a high level, they are also a killer that can make people collapse.

"This set of Primordial Soul Burning Needles can burn his soul, and it burns at an extremely slow speed, but it is tens of thousands of times more painful than Ten Thousand Ants Heartbreaking. The true life is worse than death."

Ye Chen recalled the steps of applying acupuncture in his mind. He did not expect that the old man would play this role one day. It is quite rare, but even if the blood ghost did not slaughter a million people, according to his judgment, there are tens of thousands of people. , I can only say that evil is rewarded.

Three golden needles appeared in Ye Chen's hand.

"What are you doing..."

Before the blood ghost had finished speaking, he found that he could not move, and there seemed to be something moving in his mind.

Immediately afterwards, he sensed that his soul was starting to spontaneously ignite, and when a handful of flames rose up in his brain, a scream was also spread throughout the world at this time.

"Ah!"

"pain!"

Even if he was almost cut off his arm by someone once, and boasted that he could stand any test, he discovered that this was real pain!

Pain of addiction!

The pain struck, making the blood ghost almost faint, but whenever he was about to faint, Ye Chen would stimulate his acupuncture points to keep him awake.

Occasionally, it will help him refresh his mind and increase his pain sensation.

Ye Chen smiled faintly, and inserted the golden needle into an unknown place on his body. The pain suddenly increased. This is definitely the most memorable thing in the blood ghost's life. The pain that I don't know how to describe, plus the inability to coma, compare Death is even more painful and can't describe him at this time.

"Let... let me go..."

The blood ghost looked very miserable, and he had no intention of struggling.

"Do I need to repeat the question I asked before?" At the same time, another golden needle appeared in Ye Chen's hand.

"no, do not want!"

"I said, I said, I would say anything, as long as you let me have a way out, no, give me a dead end."

"well."

Ye Chen nodded, and then quietly listened to the blood ghost telling all about Mo Xueming.

"I am the outer disciple of Hall Master Mo, Moon Ring Vision, the Hall Master arranged for us to go to the Kingdom of God to find the secret realm.

"Once there is a secret realm and an ancient powerhouse awakens, it must be brought back as soon as possible."

"Because I don't have a high status in the temple, I don't know much about Master's information. I only know that he walks secretly around the kingdom of God all the year round, and I heard from the brother that Master is planning to plot a major event that concerns the entire kingdom of God. future."

"this matter....."

The blood ghost was still preparing to tell what he knew, but suddenly, a mark appeared between the blood ghost's brows, and the spirit burned uncontrollably and violently. This burning spread throughout the body. After a while, the blood ghost was gone. Turned into fly ash.

Where the flame went out, a black shadow floated out, stood in the air, and turned to look at Ye Chen.

Dark Shadow's eyes are extremely permeating.

Bloodthirsty and gloomy.

Even if Ye Chen had the blood of reincarnation, he felt the crisis.

The black shadow's face was unremarkable, and it didn't seem like a bad person, but Ye Chen saw blood in his eyes that was ten thousand times more terrifying than a blood ghost.

And the old man trembled violently at this time, because it was the person in front of him who slaughtered millions of people.

If the old man did not save this person, the kingdom of God at that time would not fall into dire straits.

This is the eternal demon of the old man.

At this moment, Sombra spoke!

"Boy, you have something familiar to me, but you shouldn't get involved in this matter."

"I only warn once."

Then the black shadow dissipated, and the invisible blood mist seemed to disappear in the air. This Mo Xueming, just a phantom shadow was quite terrifying.

After the excitement, the old man fell silent.

After a long time, he said:

"Ye Chen, give up, he was too strong in ancient times, let alone now, this matter should not be your care, it is my own fault."

The Canggu doctor looked sad, even in his heyday, I am afraid he would not be able to defeat this demon. He didn't want Ye Chen to take risks for him, it was not worth it.

"Could it be that Mo Xueming has reached the Heavenly God Realm?"

If so, it is really tricky.

However, this is not the reason for Ye Chen to shrink.

Ye Chen's Ling Xiao martial arts, can't shrink back!

If it is fear, this has become his demons!

How to keep going on the road of Budo!

Moreover, he faintly felt that Mo Xueming also had a connection with the Lord of Reincarnation!

This is his instinct!

"Old man, since this journey, you have helped me too much. If it weren't for you, I wouldn't have the chance to stand in this kingdom of God. Maybe I would have died long ago. Therefore, this Mo Xueming, I will kill! "

"This time, let me help you!"

Ye Chen said with a firm expression.

If you succumb to life, greedy life and fear death, then he, the Lord of Reincarnation, will be a bit too untrue.

Earlier, Ye Chen had already obtained this blood ghost's storage ring, and found that there was nothing good. It was a token that made him a little curious, with the word "Medical Hall" written on it.

Chapter 2789: Goodbye reincarnation star stone!

When Ye Chen used Divine Soul to perceive it carefully, he could still detect that there seemed to be a place like the Underworld, and there was an invisible route guiding Ye Chen.

"It seems that this palace of the underworld probably changes positions often..."

Knowing the specific location of the Underworld Hall, Ye Chen and Ye Lingtian followed all the way. After a short while, they came to a hundred thousand mountains. The terrain here is quite dangerous. If it were not for the guidance of tokens, it would be difficult to distinguish the specific ones. position.

Soon, Ye Chen found the entrance of the Underworld Hall, which was just below the highest peak of the 100,000 Great Mountains. There was a formation on it to cover up the breath, allowing only token holders to enter.

"Hey, the lord, I found the breath of ancestors here."

Just as Ye Chen was thinking about it, Ye Lingtian said excitedly.

Ye Chen also asked curiously: "Is it the idol left by the ancestors of the Ye family?"

If you can absorb the power of faith again, I am afraid that Ye Lingtian will become stronger!

"No."

"But if I'm not wrong, this should be a weapon mentioned by the ancestors. It is a magic weapon used by the ancestors, specifically for the ancient gods!"

"An ancient battle, accidentally stayed here."

Ye Lingtian's ancestor was a powerful fighter next to the Lord of Reincarnation. The weapon he used was definitely not a mortal thing, and it could also greatly improve Ye Lingtian's combat power.

"Then you go find this thing, I will go to the Underworld Hall to check the situation first." Ye Chen said to Ye Lingtian, before Ye Lingtian said more, he went to the Underworld Hall alone.

...

After Ye Lingtian left here, following the Ye Family's special tracking technique, he searched all the way to the edge of the Hundred Thousand Mountains before he raised his head thoughtfully and looked ahead.

According to the breath, it should be near here.

But let alone any weapons, it was completely a shade of green, he doubted whether he had come to the wrong place, and after repeated confirmation that he was correct, he began to pay attention to every detail here.

Shiwan Dashan is a magical place in the Sky Blue Mountains of the Kingdom of God. The danger is comparable to the forbidden land, but at the same time opportunities are also eager for people.

There used to be a cave mansion where a peerless power was born, there are magical medicines that can live and die, but there are also terrifying beasts that choose people to eat. Opportunities and crises coexist, mysterious and unpredictable. This is the famous 100,000 mountains.

Ye Lingtian inherited the memory of his ancestors, as well as the memory of Shiwan Dashan. It seems that some major events have happened here, but I can't remember the details.

Anyway, the Shiwan Mountain should be a very special place, and the ancestors should have his reason for putting weapons here.

After searching for a long time, Ye Lingtian found that he couldn't find anything. He was a little depressed. He suddenly remembered something and slapped his head: "Yes, it should be this way!"

Only then did he remember that if this peerless magic weapon was discovered so easily, wouldn't it have been taken away long ago?

There must be something that only a disciple of the Ye family can start.

Ye Lingtian began to try to guide the remaining power of faith on his body. It was the power that the ancestors of the Ye family absorbed the beliefs of sentient beings. As soon as this energy appeared, it immediately changed the air flow around him.

Seeing this scene, Ye Lingtian was overjoyed, as expected.

As the output of the power of faith increased, the air flow began to accelerate. Soon, a huge formation emerged from the void. The formation was ten thousand meters wide and up to several hundred meters, completely covering this open space. Up.

"This... is such a big deal!"

If it weren't for a baby, it would be hard to imagine that just a weapon could have such a sky-reaching formation, which is really shocking.

However, the more so, the greater Ye Lingtian's expectations of this treasure, the treasure of the Ye Family's ancestors who fought in the Ten Thousand Worlds, is now inherited by his younger generation!

After the formation appeared, with the transmission of Ye Lingtian's faith, the formation that originally contained countless ultimate moves slowly melted away, and then a sacrificial platform appeared in the center of the formation.

Ye Lingtian looked over, and his pupils shrank sharply. On that stage, there was an unforgettable peerless magic weapon for him to take a look!

And its name is called the Abyss Conviction Gun!

The gun \*\*\*\* overall was dark red and looked ordinary, but what surprised Ye Lingtian was that the blood contained in this spear was by no means a minority.

He had a hunch that the person killed by this gun would probably not be weaker than the demon Mo Xueming.

Every further step, Ye Lingtian could feel huge pressure coming from above, it was the Abyss Conviction Gun that was pressing him.

No matter what weapon it is, once there is spirit, it will definitely not choose a waste host. If it does not get its approval, it will be difficult to exert the power of the gun itself.

Ye Lingtian felt as if he had entered an ancient battlefield. Here, he was a general who was smashed through thorns and red eyes all the way. The blood was splashing and gathered into a river. The corpses were trampled and piled up into mountains.

Countless warriors stepped forward and succeeded. In order to survive, there is no retreat. The only hope left is to kill. Until they kill everyone on the opposite side, they can live by themselves!

Under this endless killing, a blood moon appeared in the sky, and red became the main color here.

Ye Lingtian knew that this was a test, and if he couldn't pass it, he would have no chance with this abyss conviction gun in this life.

The killing had just begun, but Ye Lingtian didn't know why he was killing, and where he was going to kill.

Confusion began to emerge, and the more questioned, the more he doubted himself.

"I shouldn't go on like this! I will die, I still have things to do, I want to protect the palace master, I can't be trapped here forever!" Ye Lingtian's expression climbed up a bit of hope.

"I don't want to die because I also have things I want to protect, Lord of Samsara, and the Ye Family. I want to protect everything!"

Ye Lingtian's eyes gradually bloomed. He is here, not simply killing for the sake of killing, he has something to protect, so this war, he wants to win, and must win!

The blood-colored eyes faded. Since entering this ancient war, Ye Lingtian's heart has been confused, and his eyes have been trapped by the killing. Now, he is sober, he knows what he wants and what he is doing.

The blood of slaughter filled the front, Ye Lingtian looked back, the blood disappeared without a trace, and the ancestor of the Ye family was wearing a battle armor, looking at Ye Lingtian with a kind face.

"Congratulations, you have passed the test. From now on, the Abyssal Conviction Gun is yours."

Ye Lingtian also smiled slightly. In the laughter, it was not pride, but approval, and a kind of responsibility grew in his heart.

"You are very good, not to be blinded by the killing, so that in the future, you can really see what you want, and never forget your original intention."

The phantom also gradually dissipated. I don't know how long this formation has existed. The phantom should have disappeared in the heaven and earth long ago, but because this formation concealed some secrets, the phantom continued to this day.

After stepping forward to drop the blood, the Abyssal Conviction Gun blended with his blood. During the swing, the strong wind made the surrounding mountains unbearable, and numerous cracks appeared.

...

at the same time.

Ye Chen took out a black robe and put it on, which even covered his face.

After that, he came to the periphery of the ancient temple. Not long after, someone came out to stop him and said, "Who is coming?"

Ye Chen didn't speak, and took out the token with the word "Nether Palace" written on it.

Seeing this token, the man immediately reverently said: "Master Blood Ghost."

But what makes this person a little strange is that today's Lord Goregod seems a bit different, but it can't be said.

Walking all the way, Ye Chen also discovered that this place is really a cave, it can be compared to a large city, countless buildings appear after entering the mountain, but the architecture of the palace is unique.

However, on the whole, it was still a dark red, which made people feel very depressed. It seemed to be washed away by countless blood. There was almost no anger on the street, and they were all pedestrians in black rushes coming and going.

Suddenly, the reincarnation cemetery trembled, making Ye Chen stunned.

"Is it possible, is there anything here related to the reincarnation cemetery?"

Ye Chen's expression remained unchanged, but he headed in the direction directed by the reincarnation cemetery.

The Reincarnation Cemetery is Ye Chen's most powerful trump card. The things that can evoke the Reincarnation Cemetery are definitely not mortals. In any case, Ye Chen has to check it out. Of course, he will always pay attention to the movement around him.

Ye Chen still doesn't know whether Mo Xueming is here, so it's not suitable for him to start an investigation, and if he finds an opportunity, Ye Chen will do it without hesitation.

Fortunately, no one seemed to notice him. Ye Chen went all the way to the place where the cemetery of reincarnation trembles violently, and then stopped and looked over.

A towering palace is located in the deepest part of this hall, where it seems to have come to an end.

Looking at this scale, I am afraid that it is equivalent to the existence of the City Lord's Mansion. If Mo Xueming is in the Underworld Hall, the possibility here is the greatest.

After Ye Chen took out the token, he easily mixed in, but he found that he was locked, and several dark eyes stared at him.

"Sure enough, it's not that easy."

Even with the help of the reincarnation cemetery to cover up his own cultivation base, I am afraid it will give people a very suspicious feeling.

Ye Chen was not in a hurry to find Mo Xueming, not to mention that he could not beat him. Now he has no information about the palace of the underworld. If he rushes out, he will be in a dangerous situation. To escape here is not an easy task.

"That is....."

When Ye Chen came to a remote place in the Nether Hall, UU read [www.uukanshu.com](http://www.uukanshu.com) and looked through the open door and saw that there was a shining boulder covered with starlight.

And it is this stone that makes the reincarnation cemetery tremble, and as expected, it is the reincarnation star stone!

This reincarnation star stone is even bigger than the reincarnation star stone Xia Lingqiu got!

Even the energy source is pure!

The reincarnation star stone is the foundation of the reincarnation cemetery!

The Kingdom of God is so few!

Why did the Hades appear again?

The key is such a brilliant reincarnation star stone!

Chapter 2790: I'm in a hurry!

At this moment, Ye Chen looked completely solemn.

This reincarnation star stone must be obtained no matter what!

What surprised him, however, was why it seemed that such an important place was not heavily guarded?

What exactly is Mo Xueming doing?

I'm afraid it's not that simple behind it.

Ye Chen forcibly suppressed his excitement, deliberately pretended to come here unintentionally, and began to return to the original road, silently remembering the route here, anyway, the reincarnation star stone was not in a hurry.

When Ye Chen was about to leave, his eyes condensed and stopped!

He found that he was locked by a strong breath!

"Bold! Dare to trespass into the Nether Hall, don't you know that this is the forbidden area of the Nether Hall?"

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

When Ye Chen turned around, an old man appeared in front of his eyes. The old man's eyes glowed sharply like falcons. He scanned Ye Chen up and down, and then sneered: "Without the fluctuations of my Hades Hall, I'm wondering which one it is. You don't have long eyes, it turns out that you are not from the Underworld!"

After the old man finished speaking, an extreme blood qi fluctuation radiated from his hands. Within a few breaths, more than a dozen strong men gathered around and trapped Ye Chen in the center.

And these dozens of powerhouses are all the Chaos Realm powerhouses!

"This person is not a member of my hall of darkness. I arrested him, tortured me severely, and asked for any information he knew."

The old man's status seemed to be very high. With a cold snort, all the chaotic realm experts leaned towards Ye Chen, with killing intent in their eyes.

There is a strong blood surging in these dozen people.

Everyone is contaminated with many lives!

It is even possible to kill one's dearest relatives himself!

Ye Chen knew that he couldn't hide it anymore, so he didn't have to cover it up. He took off the black robe and revealed his cultivation base. The whole person was immediately exposed, making the surrounding air seem to be quiet for a few seconds.

"Zhan'e Fifth Heaven, can you even get into my Nether Hall? Send the guardian today to the blood pool to show punishment!"

"Yes, Zuo Hufa."

Those chaotic realm powerhouses showed sneers on their faces, Zhan'e Fifth Heaven looked at the kingdom of God, it was just an ordinary level.

What's more, the appearance of the moon ring vision has made the martial arts of the kingdom of God continue to rise!

Such a realm, for them, is too low and too low, so low that they disdain to shoot, but they dare not disobey the order of Zuo Jiao Fa, and immediately a person with a wicked smile on his face walked out and turned towards Ye Chen walked.

"Let me teach you, this palace is not so easy to enter."

This powerhouse of the underworld who stood out had the cultivation base of the chaos realm seven-layer heaven!

That powerful aura fluctuating, even a strong person at the pinnacle of the Evil Realm could not bear it, but Ye Chen was not affected at all, the meaning of martial arts was brewing, the power of the law was condensed in the body, and at the same time, a \*\*\*\* light appeared in his hand. The sword was held in his palm.

"This sword is not bad, I want it! Elder Chai Yun, don't miss it and ruin it."

When Zuo Hufa saw Sha Jian, his eyes lit up and said.

Although he can't see through the evil sword, the breath that radiates from the sword is absolutely extraordinary!

Ye Chen sneered in his heart, the evil sword is not something ordinary people can control!

The strong in this hall of the underworld is strong but strong, but sitting in the well and watching the sky, really think that he will be eaten?

"Left guardian can rest assured."

Elder Chai Yun let out a grin, and then said to Ye Chen: "Boy, you trespassed into the forbidden area of the Underworld Hall, I will sentence you to death!"

The chaotic air burst out, and a giant hand covering the sky condensed above Ye Chen's head. The power of this palm was to smash Ye Chen directly!

Ye Chen's eyes flashed with a cold color, running the Burning Blood Jue, using the evil sword to use the Leihuangba Star Sword martial arts, the \*\*\*\* light rushed towards the giant palm above his head.

This counter-attack, the seventh-level heaven of the chaotic realm versus the fifth-level heaven of the slashing emperor realm, Zuo Hufa and other chaos realm experts in the Hades pointed and laughed, and they knew the result for a long time, and felt that nothing would appear. accident.

"A junior in the Evil Realm can touch this core forbidden area. It seems that our disciple's life has been a bit more comfortable, and it is so irresponsible!"

"We have guarded this place for thousands of years. This kid is the first to break into this place in so many years. It adds a little bit of fun to our boring time!"

"Elder Chai is too soft-hearted. It's too cheap to slap him to death. According to me, he should be tortured for seven to forty-nine days before he is put to death!"

All the strong, you say and I say, that Ye Chen will undoubtedly die!

The moment the \*\*\*\* light lit up, the left guard frowned and his face changed drastically.

"No! Elder Chai be careful!"

boom!

A earth-shattering sound rang, the Shajian defeated the giant palm, and the remaining power was still there. Under the control of Ye Chen, he turned to the elder Chai Yun.

The grinning smile on Chai Yun's face was still there, but his eyes shrank suddenly, his heart was cold, and the aura permeating his body became more vast and terrifying, and he was about to greet the sword light with his hands...

The sword light was incredibly fast, sank in from his left shoulder, and then escaped from his right waist.

"you....."

Chai Yun's eyes were round, and only had time to say a word, before falling down suddenly, his breath gradually dissipated.

Kill the powerhouse of Chaos Realm Seventh Heaven with one sword!

This is the current Ye Chen's true combat power, and his realm has long lost its meaning to him.

Ye Chen hasn't even used his Ling Xiao martial arts!

To Ye Chen, killing enemies by higher ranks was just commonplace.

The gap in realm will make the enemy underestimate him.

This elder Chai Yun is the best example. If he understands Ye Chen's combat power, Ye Chen would also need some effort to kill him.

Solving a formidable enemy so easily, Ye Chen made plans when he took the shot, and his whereabouts were seen through. It would be difficult to break out of this palace, and there must be a fierce battle.

Then use the thunder method to kill one by surprise, and treat the enemy without being merciful.

hiss!

With the sound of breathing air-conditioning, Zuo Hufa and others were shocked, shocked by the death of Elder Chai Yun, shocked by the power of Ye Chen!

"This... how is this possible?! Elder Chai Yun just died like this?"

An elder of the Underworld muttered to himself, seemingly unable to accept this result.

Zuo Hufa took a deep breath and looked at Ye Chen with extremely cold eyes.

"Huh! I underestimated this person, but the dignified Chaos Realm powerhouse disguised as a junior of the Slashing Evil Realm. Such behavior is disgusting!"

Zuo Hufa was actually able to hold his breath, blood was surging all over, and said lightly.

Ye Chen was taken aback for a moment, and his heart was full of laughter.

This Zuo guardian would think this way, but it is also human nature. After all, the combat power he showed was too strong. Even if Ye Chen deliberately explained it, they would not believe that Ye Chen was really just the fifth level of the Evil Realm. The repair of...

"I'm in a hurry, why do you guys talk so much!"
