Chapter 2801: Too many secrets

Even as long as Ye Chen said a word, Yu Zhenzi would inevitably hand over the position of head to Ye Chen.

Not only the status, but Ye Chen's strength is also unfathomable in their eyes.

Several sound transmission jade slips lit up, and soon, the news of Ye Chen's return was known by the senior officials of Shenjizong.

In Shenji Sect, there are rules that cannot be arbitrarily broken. Although Yu Zhenzi has given Ye Chen privileges long ago, the rules of Shenji Sect are not used for Ye Chen, but Ye Chen has never used this "privilege".

As the saying goes, people respect me, and I respect others. In front of his own people, Ye Chen always abides by the rules, treats others and has his own rules of conduct.

Outside the hall of the Sect Master of Shenji Sect, Sect Master Yu Zhenzi went out to greet him in person, and several Supreme Elders also showed up, giving Ye Chen great courtesy and kindness.

"Ye Chen, you can be regarded as coming back, we are very worried these days late." Yu Zhenzi smiled to Ye Chen.

Ye Chen said politely. After some greetings, everyone crowded Ye Chen into the main hall and offered the spirit tea. Ye Chen briefly described some things he had encountered during the trip.

Ye Chen skipped over the experience of the Underworld Hall, not wanting to cause trouble for Shenjizong.

He chooses to carry some things himself.

Suddenly, Yu Zhenzi and many elders' eyes fell on Ye Lingtian's body!

Because Ye Lingtian's cultivation and strength are too far from before he left!

How long is this!

Looking at the entire kingdom of God, even if there is a moon ring vision, it is impossible to have such an incredible speed of cultivation!

The cultivation base is not important, Yu Zhenzi also found that the blood on Ye Lingtian's body is extremely incredible!

Desolate ancient **** vein!

With a strange look on Yu Zhenzi's face, he asked, "Ye Lingtian... but the younger generation who guarded the Ye family before the Kingdom of God?"

As the head of the first-class forces in the Kingdom of God, Yu Zhenzi naturally has countless news!

The aura of blood on Ye Lingtian's body is consistent with the description in the ancient jade slip!

Ye Chen had long regarded Yu Zhenzi as his own, and this master was even willing to protect himself with his life!

As for Ye Lingtian's bloodline, there is nothing to hide, so he nodded and said: "He has been approved by his ancestors and has awakened the ancient gods."

As soon as this remark came out, Yu Zhenzi and the others were suddenly shocked, and their gazes at Ye Lingtian also increased a bit dignified.

The Ye Family of the Ancient Divine Veins was annihilated by the clan. Although the Heavenly Dao Palace has never stopped chasing down relevant forces and bloodlines, the rumor has never ceased.

Yu Zhenzi didn't believe it, now it seems that someone has escaped the catastrophe?

Ye Lingtian stood there quietly, his posture was upright, his expression was neither sad nor happy, and his eyes were calm when he met Yu Zhenzi and the others, which made them feel a momentum of coercion.

This is not Ye Lingtian deliberately doing it, but the divinity bursting out of blood!

Even as a lonely soul, adhering to the will of the ancestors, he was born for the glory of the restoration of the Ye Family and fights for the Lord of Samsara! He possesses the ancient spiritual veins, his status is noble, not weaker than others!

At this moment, Yu Zhenzi looked at Ye Lingtian and Ye Chen, but there was no loss, but only relief.

He knew that in the future, the story of the rise of Shenjizong would be written by two people!

As the head of the generation, having these two disciples is the glory of Shenjizong!

"Ye Chen, you may have been a little **** this journey, and we won't bother you anymore. Take a good rest."

Yu Mako's eyes were red for some reason, and he said.

Ye Chen didn't refuse this time. He did gain a lot. He wanted to retreat for a few days and digest the sentiment during this time!

Soon, Ye Chen returned to Shenjizong's villa, stayed with the daughters several times, and chose to retreat!

...

time flies!

Three days later!

In a secret room of Shenjizong, a man with an indifferent expression suddenly opened his eyes, exuding a strong aura from his body, rising to the sky!

The eyes of several people in the sect lit up, revealing a hint of joy.

Ye Chen actually broke through again!

Cut the Evil Realm Sixth Heaven!

Although this realm is still inferior in Zongmen!

But this is Ye Chen!

They knew that even though Ye Chen was in the Slaying Evil Realm, every breakthrough was extremely difficult!

Even the Moon Ring Anomaly has no stimulating effect on Ye Chen!

The horror of that breath, even a chaos realm expert like Jin Tian'o and Yang Chiyuan couldn't help but trembled!

Ye Chen smiled slightly, condensed his breath, turned his wrist, and the evil sword appeared in his hand.

Holding this pitch-black long sword, Ye Chen actually gritted his teeth lightly, with golden light flowing all over his body, blood looming, and the blue veins in his hands violently, he was quite reluctant to handle it!

He stared at the evil sword in his hand, the divine light flashed in his eyes, and a deep joy appeared on his face!

In these three days, Sha Jian had completely digested the soul of the beheaded!

Especially Song Ze, one of the ten evil spirits who had been killed many days ago, was finally digested!

You know, the evil sword can unlock its seal and restore its own strength through the devouring of souls!

After devouring the souls of many powerful men, although it is still far from fully regaining the strength of the ancients, it has to be said that Song Ze deserves to be called one of the ten evils of the ancients, the ghost of the ghost!

The reason why it can hardly be eliminated is that its soul power has surged to an unimaginable level!

To some extent, Song Ze is the best reinforcement material for Sha Jian!

Swallowing it is even better than slaying hundreds of chaotic realm experts to devour the soul!

Among other things, after swallowing Song Ze, the weight of the evil sword has directly doubled!

If I don't break through to the sixth level of Zhan'er, I'm afraid I can't take it!

Even with Ye Chen's current strength, he can only barely move it!

However, as a weapon, it is perfect!

In addition to its power, the increase in martial arts, etc., using this evil sword, Ye Chen's strength will be increased by one point!

Don't underestimate this point. At Ye Chen's level, it is extremely difficult to improve a little bit!

Ye Chen smiled faintly: "It seems that with my current strength, it is enough to go to the First Kingdom of God."

"The Ye Family...it is said to be in the First Kingdom of God."

"I don't know what happened there in ancient times."

"Who has the power to destroy the Ye Family."

"Which woman can pierce the body of the Lord of Reincarnation with a single sword is it the person around?"

Ye Family, the First Kingdom of God hides too many secrets.

He had planned to go to the First Kingdom for a long time. The original matter with Ten Thousand Fazong was not over yet, and, more importantly, Long Jingyan sealed her extremely evil spirit, fell into a coma, and wanted to find a rescue. If Yan's method is used, he must go to the Long Family of the First Kingdom of God.

but.....

Before that, there is one more place to go!

Ten thousand demons and gods, ancient holy cave!

Jin Tianou emphasized it countless times!

Even back to the Shenji Sect, still talking!

Chapter 2802: What are the qualifications?

Ye Chen's eyes flashed with excitement! Facing the ancient holy cave, full of expectations!

He has an inexplicable hunch that he will definitely get a lot from this trip to the holy cave!

...

The seventh kingdom of God, at the center of the capital of all demons and gods, is an extremely magnificent capital. It is located in it. Outside the capital, the city walls are towering and the weather is strict. Countless soldiers exuding strong evil spirits are walking back and forth above the city. Here, It is the imperial city of Ten Thousand Demon God Capital, the Sky Demon City!

At this time, in an extremely huge fighting arena in the Sky Demon City, there were loud noises, shaking the earth, and at the same time, it was accompanied by countless cheers mixed with beast roars!

Tens of thousands of spectators filled the seats around the arena, countless monsters, all with extremely excited expressions!

This fighting arena is not an ordinary fighting arena, it has not been opened for thousands of years!

Because this fighting arena is only used when the monster race is fighting for the throne!

The demon clan admires strength and the law of the jungle more than the human clan. The demon emperors of all generations have come to the top by challenging the previous demon emperor!

Unless the contemporary Demon Emperor dies unexpectedly, there is almost no possibility of direct transmission!

And this battle of the Demon Emperor will be carried out under the witness of countless people of the Ten Thousand Demon Gods!

Whenever a new Demon King is born, the Demon Race of the Ten Thousand Demon Gods will be extremely excited and even celebrate!

Because, that means that the Yaozu has a stronger emperor!

Therefore, the audience present are extremely looking forward to this battle!

In the arena, two young men stood!

One person, a black robe, a cold face, a pair of pill and phoenix eyes, cold light overflowing, holding a slender long sword in his hand, the whole body is extremely frightening, and all black flames are lingering around him!

This person is indeed the contemporary Demon King!

The contemporary demon emperor comes from the black phoenix clan, named Fengtian, who has been in power for thousands of years. In terms of the life of the demon clan, he is still very, very young. However, thousands of years ago, Fengtian was already a demon today. The family deserves to be the number one powerhouse!

For so many years, there hasn't been any monster race that can shake Feng Tian's majesty!

It is a pity that all of this ceased to exist after Yuhuan appeared on the moon!

Yuexian Yuhuan, not only has a huge impact on the human race of the Kingdom of God, but also the demon race!

Even the influence on the monster race far exceeds the human race!

The entire Ten Thousand Demons and Gods, today, has undergone earth-shaking changes!

Compared with the awakening of the ancient divine body of the human race, the bloodline variation of the monster race, the return of ancestors, etc., the improvement is more obvious. The entire ten thousand monsters and gods are blooming for a time, and countless geniuses have emerged!

Demon Emperor Fengtian, although he also got great benefits because of the Yuhuan Moon, but!

Gradually, there are still many demon geniuses who are born out of nowhere, faintly above Fengtian.

Finally today, Fengtian ushered in the first challenger!

Standing opposite Feng Tian was a young man dressed in a white robe, with a fairer complexion than the robe, with loose blond hair, and a pair of jewel-like blue eyes shining proudly.

In the depths of the boy's blue eyes, he was astonishingly as genius as the ancient gods, with green glow floating.

This young man is a demon genius whose blood is returned to his ancestors under the stimulation of the power of the source!

The boy's name is Bai Xiefei!

Feng Tian's expression was extremely solemn, and he gave a violent shout. The black flames all over his body burned and poured onto the long sword in his hand. The long sword was instantly stained with a layer of black flames. His wrist moved continuously, and the sword intent surged. The sword struck out, and the black flame surged towards Bai Xiefei like a huge wave!

A phoenix chirping sounded through the sky, and the billowing black flame turned into a huge black fire phoenix, emitting infinite heat, instantly burning the surrounding void into distortion! Wrapped with the shocking sword intent, swoop down!

This sword is unexpectedly stunning!

It is hard to believe that such a terrifying sword came from the hands of a monster!

Feng Tian, as the demon emperor who has lived for thousands of years, is indeed not in vain!

However, such an amazing sword did not win the slightest applause from the audience. Instead, there were boos!

why?

Because the use of martial arts is not a monster's fighting style!

What the demon race advocates is to break through ten thousand laws with one force, and crush everything with a powerful demon body and talented supernatural powers!

Martial arts?

That is just a trick created by weak humans. They are proud, noble monster races, and they don't need such a trick at all!

The face of Fengtian Demon Emperor at this time was extremely ugly!

If it wasn't really impossible, he would never use martial arts!

He is the Demon King! Do you still need martial arts to suppress a challenger? Even if you win, you won't get a good reputation, right?

After all, using martial arts is an expression of weakness!

In other words, the white robe boy in front of him has already driven him to a dead end!

Many people even ridiculed directly: "Hehe, are you going to use this technique so soon?"

"It seems that the Fengtian Demon Emperor is really going to give way?"

"Return to the Demon Emperor? What qualifications do you have to be the Demon Emperor with this kind of tricks that humans use?"

And Bai Xiefei, faced with such a horrifying sword, was still in shape, and had no meaning to dodge, and a smile appeared on his face!

The next moment, a tiger roar resounded throughout the fighting arena!

Bai Xiefei's body was actually rapidly expanding and changing, and its magical power was shaking. A pair of white wings spread out behind it. In a flash, this young man turned into a head of tens of meters high, and his whole body was white. With wings on his back, a pair of blue eyes, a flying tiger shining extremely cold! ! !

Upon seeing this, the countless monster races cheered unanimously. For a time, the huge cheers resounded through the entire Ten Thousand Monster Gods!

Bai Xiefei, turned into a body to fight!

This is what they want to see!

Many people began to cheer for Bai Xiefei!

The huge white tiger spread its wings, and without hesitation, it flew towards the black flame fire phoenix that swooped down, and the frightening tiger claws turned towards the head of the fire phoenix. He slapped it fiercely, and the huge power instantly shattered the void, and the violent wind swept all around!

The tiger roared to the sky, the cold light of the claws pierced the heart, and there was a loud bang, and a claw of the white flying tiger slammed on the head of the black phoenix!

The powerful aftermath impacted the entire world. Cracks appeared on the protective light curtain of the Arena, the flames rolled, and the earth turned into scorched black. The auditorium was originally extremely noisy, but at this time, it was a dead silence!

It was just this blow, a ray of power leaked through the protective light curtain, which made them tremble and their thinking burst, as if they had fallen into the abyss of death!

too scary!

After a few breaths, the demons came back to their senses and looked into the fighting arena. Their eyes shrank again!

Chapter 2803: Terran, surrender?

At this moment, a huge white flying tiger, in the eyes of the tiger, was full of pride, and under the huge tiger claws, a phoenix covered with black feathers was stomping on!

This black phoenix was supposed to be an extremely mysterious and powerful monster race, but at this time, how can there be a half-divided and majestic appearance?

This ten thousand demon gods have spanned thousands of years. He has created countless legends of the Phoenix Demon Emperor, but now he is like a black-bone chicken waiting to be slaughtered, his breath is weak, his body is scarred, his feathers are all tarnished, and he is seriously injured and dying. , Under the tiger's claws, there is not even a trace of resistance!

The white tiger let out a roar, awakening countless monster races from the shock!

What followed was that the wandering clouds at the end of the sky were all shaken out, and the mountains whispered and tsunami-like cheers!

The new Demon King was born!

It is also a great monster who easily crushes the previous demon emperor and is extremely terrifying!

Their monster race is about to rise again!

But at this time, Bai Hu looked down at Feng Tian, who was extremely disdainful, and mocked: "Huh, using human martial skills, only this level of power? Such a waste, also worthy of being a Demon King? And mine? Compared to the master, it's almost one place every day!"

In the fighting arena, there is another silence!

Bai Xiefei, what are you talking about?

the host?

Countless monster races, as if they were suddenly struck by lightning, the horror was about to dissipate!

Like Bai Xiefei's strength so terrifying, almost beyond their imagination, and extremely proud of the Yaozu, even willing to bow to others?

And it seems that there is not even a trace of dissatisfaction!

How terrible is the master in his mouth?

Even the legendary demon **** is nothing more than that, right?

At this time, in the fighting arena, a figure flashed. A young man dressed in a green robe, tall and straight, with a face like a crown jade, but with an extremely indifferent expression, appeared in the fighting arena, actually putting the protective light curtain. Regardless!

The moment countless monsters saw this man, they felt that the blood in their whole body was about to solidify, the heart stopped beating, and the whole body muscles trembled involuntarily!

They are familiar with this feeling!

This, this is the pressure on the bloodline!

However, the blood pressure, usually the monster race with extremely powerful blood, will only appear when the breath is released!

But this young man, just standing there, even his expression, was extremely calm, without the slightest change, unexpectedly, the countless monster races felt a sense of fear!

Originally, Bai Xiefei, who was still full of arrogance, now turned into a human form again, with an extremely respectful expression on the young man and said: "Master."

He is the master of Bai Xiefei!

The strong man who crushed the Demon Emperor Fengtian with just one subordinate!

The man's blue vertical eyes lightly swept across a group of monsters, and said: "My name is Qingdi."

"I am the ancient demon emperor. Now I am awake and re-enter the throne. From now on, our demon clan will surely become the true ruler of the seventh kingdom!"

"Not even afraid of that **** Heavenly Dao Palace!"

what did he say?

The ancient demon king?

This Qing Emperor turned out to be the ancient demon emperor! ! !

The brains of the demons are completely unable to function, and today's shock is too much, even with the powerful nerves of the demons, they can't bear it...

Moreover, what Qing Emperor said, becoming the master of the kingdom of God, could it be...

The Qing Emperor said lightly: "I will allow those weak and low-level humans to act arbitrarily in the Seventh Kingdom. It has been too long. Now that the disaster of extinction is coming, these ants themselves cannot resist this disaster. of.

Now that the emperor returns to the throne, he naturally shoulders the responsibility of saving the monster race, and the first step is to completely conquer these weak humans!

Perhaps, they have become a disaster, the cannon fodder used by our monster race, dead, and still have some value. "

"Seven days later, the emperor will hold the ascension ceremony at Emperor Jueshan. At that time, the emperor will invite all the first-class forces of the Seventh Kingdom of God to come and participate!"

"On Dijue Mountain, this emperor will step on any strong human beings in the human race to let them know that in front of our monster race, they only have the right to survive by surrendering!"

When the countless monsters heard the words, the blood boiled instantly, and the excitement was about to burn! ! !

The monster race pays the most attention to blood, and in their eyes, human beings are nothing but a creature with extremely poor blood!

It is the bottom of the bottom!

If you compare the average strength of individuals, the monster race is much higher than the human race!

And why are these creatures occupying more land than them in the kingdom of God?

Why is it equal to these noble monster races?

Don't these humans just deserve to be their slaves?

Therefore, Yaozu has always looked down upon humans! In their hearts, they all have the idea of conquering the human race and coming to the kingdom of God!

However, it has been impossible to achieve...

Because they have a nightmare strong in their hearts!

That is the Lord of Samsara in the past!

The lord of reincarnation is human, and it suppressed everything from the monster race!

Even if the Lord of Samsara falls, the demon kings of the past dare not make a second!

But now, everything has changed!

Although the individual strength of the Monster Race far exceeds that of the Human Race, it is much more difficult for the Monster Race to breed descendants than the Human Race. The growth process of the Monster Race is generally relatively slow, and the number of people is far less than that of the Human Race. .

In addition, most monsters are basically ignorant of martial arts, magic weapons, formations, etc., and monsters often fight straight, relying on strength to crush everything, regarding tactics, warfare, tactics, etc. Compared with human beings, there is also a big gap.

Therefore, if a battle between the two races really breaks out, it is still hard to say who wins and who loses.

Over the years, the two races in the kingdom of God have basically maintained a certain balance. Although the Yao race still despises the human race, they have to admit that the brains of these lower creatures are indeed very useful. The houses built by the human race, Forged weapons, refined medicines, etc., are far beyond the original level of the monster race. The exchange of materials between the two races brought benefits to both parties.

but!

All monsters have primitive wildness in their bones!

What they yearn for is not common prosperity and harmonious development. What they yearn for is plunder, aggression, and enslavement of the weak!

This is the nature of the Yaozu!

Qingdi's bold words completely awakened the nature of these monster races, and the entire ten thousand monsters and gods were caught in a passionate atmosphere!

This is the emperor they hope to have!

One who can lead them and release their nature!

They couldn't wait any longer, couldn't wait, saw the scene where humans bowed their heads to the court seven days later, at the ceremony of the Demon Emperor's ascension!

Chapter 2804: Xiao Huang's secret!

Upon seeing this, Qingdi smiled slightly.

Sure enough, the monster race has always belonged to the monster race. Even today's monster race has a much weaker bloodline compared to tens of millions of years ago. However, that kind of wildness, that kind of fierceness that comes from the depths of the soul, has never change!

In his green eyes, the light flashed!

Human beings are just a group of despicable ants who are good at using conspiracies and tricks, but in the face of absolute power, are any conspiracies and tricks still useful? It's all crushed!

Only their monster race should be the real master of this world!

He glanced at Bai Xiefei and said, "Are there any amazing talents in the Human Race of the Seventh Kingdom of God? Have you checked it out?"

"Oh, yes, except for two people, Xuanyuan Moxie and Mo Xueming."

Bai Xiefei nodded and said: "It is clear that there are many strong people in the kingdom of God, but recently there was a genius strong who surprised the entire seventh kingdom of God. This person, named Ye Chen, seems to be extremely young, but he is only over twenty years old. , From the first-class sect of the human race, the extremely sect."

As he said, on his face, there was a sneer of disdain from his heart, "I heard that this person is just a martial artist in the Evil Slayer, but he has the super strength to leapfrog? , And only those humans who are wasteful can leapfrog one another, right?"

...

Shenjizong.

Inside the main hall, there are so many people.

Although the costumes they wore were different, they all exuded extremely powerful aura!

Moreover, between every gesture, there is a power that has been in the top for a long time!

These people are all the powers of the major sects in God!

At this time, the air in the entire hall was extremely heavy. These powerhouses at the peak of the power of the kingdom of God were without exception, and everyone's complexion was extremely severe!

Huo Quan, the master of the Crazy Bone Sect, looked at Shen Jinkun, the leader of the Alliance of Gods, and said: "Brother Shen, so this time the Azure Emperor Demon Emperor ascends the throne. Not only does he want me to wait, but also all the disciples under the door?"

Shen Jinkun sighed lightly, nodded and said, "It seems that this new demon emperor is about to break the balance between our two clans."

Patriarch Shaohao coldly snorted: "Huh, these stupid monster races are even going to provoke internal fighting at the time of the disaster!?"

"Otherwise, we will fight with these **** monster races! It would be too risky for all our first-class forces to go to their territory!"

Another person shook his head and said, "If we don't participate in this enthronement ceremony, we will undoubtedly go to war directly with the character of the monster clan... And, we are not completely out of chance, are we?"

After all, everyone is looking towards Yu Mako!

The person that the Blue Emperor Demon Emperor wants to challenge is Ye Chen. If the Human Race wants to be safe and sound this time, they can only look at Ye Chen's performance!

Otherwise, it is probably these first-class forces that bear the brunt of destruction.

Yu Zhenzi let out a sigh of relief and solemnly said: "At the moment, we only have to believe in Ye Chen."

When everyone heard this, they were all refreshed!

If we say that Qing Emperor is the emperor of the Monster Race, Ye Chen is the pride of the Human Race!

Today, Ye Chen is already the worthy number one in the Human Race youth!

A rising legend!

Now, they have no other feelings about Ye Chen except for admiration!

If the gap between two people is ten, you may want to catch up and surpass, but what if the gap between two people is 100,000?

Then, we can only respect!

This Demon Emperor Qingdi is said to be an ancient demon clan with extremely powerful bloodlines. With just one subordinate, he completely crushed the former Demon Emperor Fengtian!

The horror of strength is unimaginable, and it is impossible to even mention the thought of resistance...

However, with Ye Chen, everything is different!

It can be said that everyone present has absolute confidence in Ye Chen!

Otherwise, the rulers of these first-class forces would not even consider going to Emperor Jueshan!

At this moment, a figure appeared at the entrance of the main hall, and a slightly indifferent male voice sounded in everyone's ears.

"Master, are you looking for me?"

When everyone heard the words, they all showed joy and looked at that person!

Ye Chen looked at the crowd of first-class powers, and he was slightly taken aback, why is it so grand?

Yu Zhenzi said in a solemn tone: "Ye Chen, seven days later, the newly appointed Demon Emperor Qingdi will fight you at the ceremony of ascending the throne..."

After listening to everyone's explanations, Ye Chen looked weird and smiled slightly. Whatever he really thinks, he will come!

He was originally considering how to enter the capital of the Ten Thousand Demons and Gods. After all, the people of the Ten Thousand Demon Gods are extremely exclusive and forceful. Not only would it be easy to reveal the traces, but also, with the character of the demons, doing so would easily cause the two races to start a war.

Originally, he was planning to seek help from the League of Gods and let him mix into the City of Ten Thousand Demons and Gods, but now, there is such a good opportunity to send it to the door?

Moreover, this place is precisely on Dijue Mountain!

This is simply an opportunity from heaven!

Ye Chen said indifferently to the crowd: "If this is the case, let's fight, I am also curious, what kind of strength is this so-called ancient demon king?"

When everyone heard the words, there was a strong joy in their eyes!

They looked at Ye Chen, and there was an inexplicable confidence in their hearts.

As long as Ye Chen is still alive, the human race will not fall down!

...

Seven days later.

In a certain sea area of the Ten Thousand Demons and Gods, an extremely high mountain pierced into the sky!

This huge mountain, with a sharp top and a round bottom, looks like a tall tower from a distance, extremely steep and powerful!

Here is Emperor Jueshan!

At this time, the inaccessible Di Jueshan in the past was full of voices, and from time to time, there were roars of beasts!

Countless monsters that either turned into human forms or revealed their original form were walking in the mountains, looking at their appearance, they were all extremely excited!

Suddenly, the sky dimmed, and an extremely huge flying boat that almost covered the entire sky came from the sky!

In the blink of an eye, he reached the sky above the Emperor Jueshan!

Thousands of figures fell from the flying boat like rain. These people are the disciples of the first-class sect of the Kingdom of God!

Seeing this, the monsters looked at each other, and there was a thick bloodthirsty and hideous meaning in their eyes!

These lowly humans are finally here!

On the flying boat, Ye Chen lowered his head and stared at the many monster races, his eyes were a little shocked.

He knew about the Monster Race of the Seventh God State.

But there are so many monster races?

And under the moon ring vision, the strength seems to be no weaker than the human race!

It's interesting!

It seems that the peace that has lasted for a thousand years is about to break again.

When Ye Chen was thinking deeply, a shock suddenly came from the reincarnation cemetery!

This shock did not come from the tombstone!

It's from Xiao Huang!

At this moment, the red and blue aura wrapped around Xiao Huang's body turned into an odd shape!

"Master...below...there seems to be the source of my blood..."

"Something seems to attract me!"

Ye Chen's eyes were startled What did he think of!

Xiao Huang is also a monster to some extent!

Is there any secret that belongs to Xiao Huang hidden in the ground! !

Chapter 2805: Qingdi's strength

For the origin of Xiao Huang.

The only thing Ye Chen knew was a great power in the reincarnation cemetery.

Xiao Ling.

This can be said to be the shortest existence among the many powers.

Dissipated in the cold town.

Ye Chen is also the one who has the least knowledge of the many great abilities in the reincarnation cemetery.

Is there any connection between Xiao Ling's life experience and this monster race?

Or could it be said that the weird red and blue light of Xiao Huang's body is related to certain existences in the Yaozu underground?

Ye Chen frowned, especially solemn.

"Xiao Huang, are you sure?"

Ye Chen asked.

Xiao Huang's light from the reincarnation cemetery became more and more dazzling: "I'm sure, very sure."

"Okay." Ye Chen's eyes condensed, "Next, we will act on the occasion, and don't act rashly if we haven't received orders."

"It's time to go down and meet these monster races."

Xiao Huang didn't answer, some kind of weird rune reflected in the red and blue pupils.

It seems to be a taboo of the Yaozu.

Taboo that no one dares to care about!

...

Soon, countless first-class sect disciples gathered at the foot of Emperor Jueshan.

And there stood a glamorous woman with red hair, phoenix eyes, a sharp chin and a tall nose.

With a playful smile on her face, she looked at the top leaders of the first-class forces and said: "Welcome everyone, come to our Demon King's ascension ceremony. To be honest, are we really afraid that you dare not come?"

When everyone heard this, their complexions changed!

Taunt when you come up?

Do these monster races really don't wait for me in their eyes?

These first-class experts, disciples, who is not the proud generation?

All of them flashed with anger in their eyes!

The red-haired woman didn't care, and turned around and said, "Please come with me. I will arrange a place for you. The ceremony will be held tomorrow."

After all, walk forward.

And everyone, although angry, no one dare to really do it here!

As far as the combat power of a single body is concerned, the monster race far exceeds the human race, no one wants to have a head-on conflict with the monster race!

Ye Chen just looked at the people indifferently, feeling the strangeness of the underground.

And communicate with Xiao Huang from time to time.

As for the ridicule of Yaozu?

He didn't care at all, wondering if the Azure Emperor Demon Emperor was trampled under his feet, could these demon races still laugh at it?

Afterwards, Yaozu arranged a room for Ye Chen and others.

They were frank, and did not secretly attack the first-class forces.

Because in their view, this is the last day of the human race.

At the ceremony tomorrow, the human race will be insulted unprecedentedly.

...

After Ye Chen entered the room, he set up a protective formation. This formation was not very complicated and had almost no defensive power. However, it was enough to block others' spirit exploration and prying.

After doing all this, Ye Chen and Xiao Huang continued to communicate: "Xiao Huang, have you determined the approximate location now?"

However, at this moment, the little yellow eyes were closed tightly, and he was lying on his stomach, as if entering a state of concentration.

Not even paying attention to Ye Chen.

Ye Chen's expression flickered, and suddenly he thought of something, will the place Xiao Huang perceives coincide with the holy cave in Jin Tian's mouth?

He no longer hesitated, and said lightly: "Xiaojin, come out."

A golden light flashed in Ye Chen's arms, and he crawled out of a mini crocodile with a golden body and double horns. As soon as this crocodile fell on the ground, it turned into a human form, exactly Jin Tian's.

Ye Chen asked, "How about it, when you arrive at Emperor Jueshan, can you feel where the holy cave is?"

Jin Tian's spirit released, and smiled after a moment: "Young Master, it seems that the environment here has not changed much after tens of thousands of years. The holy cave of the ancient monster race should be in the deep sea in the southeast! "

Ye Chen was overjoyed upon hearing this.

Jin Tianwu frowned slightly and said, "My son, that Azure Emperor Demon Emperor, you better be careful."

"Oh?" Ye Chen raised his eyebrows, "Why, do you know this Azure Emperor?"

Jin Tianwu nodded with a wry smile and said, "It's more than just a acquaintance, it's so familiar. In ancient times, he was the super enchanting villain among our monster races that have been seen for thousands of years..."

"However, with the appearance of the moon ring vision, his strength did not return to its peak so quickly...This is the only good news for you."

Originally, Jin Tianwu was not sure yet, but when he released his divine mind just now, the breath that he sensed was indeed the Azure Emperor back then!

Ye Chen was slightly startled. He knew that Jin Tian's bloodline was very powerful even in ancient times, but even he called this Azure Emperor a super enchanting evildoer?

In other words, the strength of this Azure Emperor is far superior to Jin Tian's?

Jin Tianyu said with a solemn expression: "In ancient times, the human race had many kings and the Ye family who controlled everything. However, no one of our demon race can shake the status of the Azure Emperor Demon Emperor. It is the absolute emperor of our time!

I can say with certainty that even if the three kings I have seen before join hands, there is no possibility of defeating Qingdi. "

"In the ancient times, the Qing emperor had the cultivation base of the Heavenly God Realm, but I don't know if the Moon Ring Vision restored him to the Heaven God Realm.

Not only that, his body is the Canglong, even in the upper realm, it is an extremely rare bloodline, the Qing Emperor can be described as the number one powerhouse of the monster race in that era!

However, it was precisely because the Qing Emperor was so good that it broke the balance between the Seventh God Kingdom Human Race and the Monster Race. The Qing Emperor wanted to conquer the Seventh God Kingdom Human Race, which led to a war between the two races, which was surprising. Yes, the Ye Family of the Kingdom of God did not interfere too much.

Instead, let the guardians of the Seventh Kingdom of God solve it. In order to quell this war, they had to fight together and paid an extremely heavy price to seal the Qing Emperor..."

Ye Chen's eyes flickered, Heavenly God Realm?

Even if you haven't recovered the peak!

Then there should also be the peak of the Ninth Heaven in the Chaos Realm!

With the addition of the Canglong bloodline, the Azure Emperor might be even more difficult to deal with than the ghost king Song Ze!

A dignified color flashed on Ye Chen's face, and it seemed that he looked down on his opponent a little...

He stood up abruptly and said to Jin Tianyi: "Let's set out now to the ancient holy cave. There is still some time before the ascension ceremony. Time should be enough."

Before the battle with Qingdi, Ye Chen had to increase his strength again to be more secure!

Jin Tianwu nodded. Immediately, the two of them flashed their figures and left Di Jueshan silently and headed to the southeast.

...

"Ok?"

At this moment, at the peak of Dijue Mountain, in the secret room of a palace, the Qing Emperor who was sitting cross-legged suddenly opened his eyes. Just now, he seemed to sense a familiar breath?

How did the key aura appear here?

"Illusion?" After a while, the Qing Emperor closed his eyes again, and the aura in his body was faintly enhanced!

He is recovering!

It's the nine-tiered chaos!

Chapter 2806: Ye Luoer's anger

At the same time, the Nine Heavens Dragon Palace.

In the depths of a magnificent palace.

The dim candlelight showed a sense of solemnity.

A trace of ancient Sanskrit is engraved on the wall where the candlelight hits.

In the darkness, a shocking dragon was trapped in chains.

It's just that this magic dragon is not agitated at all.

Even surprisingly quiet.

And in front of it, stood a slim girl.

The girl's white hands touched the dragon scale.

Eyes closed tightly.

But his face was full of pain and suffering.

WINK's Surge to \$1: Join the Wave!

As if some painful picture flashed in my mind.

It is Ye Luoer!

Suddenly, a strange light wave in the air vibrated in all directions.

Behind Ye Luoer, a man full of Longwei was shaken back a few steps, his expression changed drastically.

"Finally... is it over?"

Longwei man said in relief.

After the words fell, Ye Luoer's long eyelashes trembled and opened his eyes.

With this opening, the light she had once been agile disappeared.

It was replaced by a vicissitudes of speechlessness.

The Longwei man stepped forward and said: "Have you seen it all?"

Ye Luoer didn't speak, she began to stroke the outer magic dragon with her hand.

Some pity unexpectedly?

After a long time, Ye Luoer's voice sounded: "How long have I been here?"

The man Long Wei condensed his eyes and replied, "I don't know, but it should be almost a month."

"Now, you should understand why we asked your father Long Chengtian to bring your mother here."

"Your home is the Nine Heavens Shenlong Palace."

Ye Luoer smiled.

"Don't you feel cruel like this?"

"You did this to me, did you ask me?"

"Or, I am a **** after all?"

"You forcibly changed everything about me, even changed my destiny? Think this is fun?"

"Or do you want to use me to contain those guys outside the territory?"

"Am I right?"

"My identity, my blood, everything about me, are you those in power a bargaining chip?"

Ye Luoer's voice became louder and louder, and the whole hall echoed.

Even with a hint of crying.

Ye Luoer once thought that the truth was the missing father Long Chengtian, but thought that this was a normal game of the Shenglong family.

Now she found out that she was wrong!

Wrong mess!

Her values and worldview have completely collapsed!

"Why do you treat me this way! Why!"

Ye Luoer suddenly caught the Longwei man's clothes.

The authority of the Nine Heavens Dragon Palace, at this moment, did not resist!

Even his face was full of guilt!

After a long time, the Longwei man spoke: "Luo Er, this world is unfair."

"This world is peaceful on the surface, but no one knows how terrifying there is in the depths of darkness!"

"The small ones cannot control their own destiny."

"The powerful cannot control their own destiny."

"If you want to resolve the dispute, you must fall into it."

"do you understand?"

Ye Luoer shook his head fiercely: "I don't want to listen! I Ye Luoer can't be your pawn!"

"will never!"

"I just want to follow Big Brother Ye! And Ji Lin! There are others!"

"I want to go back to Kunlun Xu, where there is my master, where is mine!"

"I want to leave! Yes, I will leave now!"

Ye Luoer slammed toward the exit!

And when Ye Luoer's hand touched the door, a voice rang from behind:

"It was not me who made this decision."

"It's the Lord of Reincarnation."

"That is your Big Brother Ye."

At the next moment, Ye Luoer stopped.

She turned her head sorrowfully: "Why...why..."

The Longwei man did not speak, but walked towards a mural: "This may give you the answer."

Ye Luoer moved to the mural.

The murals are **** and dark, filled with countless brutality.

And in the darkness, a light shines down!

Under the light, there is a man of imperial power!

The man is holding his hands behind him, and no darkness can be swallowed!

This man is a bit like Brother Ye!

There is a line in the key mural!

"When swallowed by the boundless darkness, there is no other way but to move forward."

Ye Luoer seemed to understand something.

...

The seventh kingdom of God, Yaozu.

Under the sea, two figures flickered quickly, heading towards the depths of the sea, it was Ye Chen and Jin Tian'g!

At this time, the two of them had reached a depth of hundreds of thousands of meters under the sea, and the pressure here was terrifying to the extreme, even the general Chaos realm could not bear it!

However, to Ye Chen and Jin Tian'g, it was nothing.

Soon, an abyss on the seabed appeared in front of the two!

Ye Chen stared at the abyss. This abyss looked extremely dark and profound, but for Ye Chen, it was filled with an inexplicable attraction!

Ye Chen's eyes flashed: "Xiaojin is this here?"

Jin Tianwu nodded and said, "Master, this abyss is the entrance to the ancient holy cave. A person can only enter the holy cave once in his life. Then, you will go down by yourself. However, before you enter the holy cave, I want to remind you that although you may be able to obtain great benefits in this holy cave, it is also extremely dangerous!

Countless talented monster races, because they could not bear the demon energy of the holy cave, fell into it and turned into the nourishment of the holy cave..."

"So, in this holy cave, it is best not to stay too long, even if it is the record created by the Qing Emperor who was the number one evildoer in the ages, it is only three hours! Three hours are already called. It's incomparably against the sky!"

Recalling the incomparably surging, fierce demonic energy in the ancient holy cave, Jin Tianyi's eyes involuntarily showed a trace of fear, even with his blood, it was only in the holy cave, Supported for an hour...

Moreover, this is still so unbearable for the monster race!

For Ye Chen this human race, everything is unknown. It is even possible that as soon as he enters the sacred cave, he will be directly exploded by the evil spirit...

Ye Chen nodded and didn't say much. When he moved, he rushed into the abyss without hesitation!

Wicked?

After all, it is just a kind of energy, his physique has always been fearless of all energy! Besides, he still has several kinds of true spirit blood in his body! Reincarnation blood! The power of the mysterious stele! God blood! Devil!

Ye Chen could withstand the extremely evil spirit that was a hundred times more violent than the evil spirit, let alone this evil spirit?

In the blink of an eye, Ye Chen ignored the water pressure and dived to the end of the abyss.

An extremely large **** door embedded in the seabed appeared in front of Ye Chen's eyes!

Chapter 2807: Demon!

A faint smile appeared on Ye Chen's face. Originally, this gate was to be opened with the magic of the monster clan, but for Ye Chen, it didn't need to be that complicated.

Seven layers of blood burst out on his body surface, all golden lights shining, and the ultimate force surged!

Ye Chen flipped his wrist, holding the evil sword, the meaning of true martial arts, surged out!

In the next moment, he slashed fiercely towards the blood-colored gate and cut it away with all his strength!

There was a loud bang, the sea was tumbling, and the blood-colored giant gate trembled crazily. On the surface, blood flashed wildly, and a crack was cut by Ye Chen's sword!

Ye Chen's eyes flashed, his full strength sword, unexpectedly, only cut open the door with a thumb-wide crack?

However, that's all, since there are cracks, it means that the Scarlet Gate cannot completely resist his attack!

In the next moment, Ye Chen moved his arm, the blade flashed wildly, and he attacked the giant gate with sword after sword!

The roar continued, and the strong impact stirred the sea. In this deep sea, countless creatures trembled under Ye Chen's slash!

Finally, the crack on the **** giant door grew bigger and bigger, and finally, Ye Chen cut a wide crack open!

Ye Chen moved through the rift in an instant. He glanced back, and the rift on the **** gate behind him was quickly closed the moment he passed.

He turned his head, his pupils shrank!

This so-called ancient holy cave is actually like a small world!

On one side, a small world filled with blood, filled with the atmosphere of ancient times!

He halted with both feet and landed on the scarlet ground, just at this moment!

An extremely strong demon energy burst out suddenly, swept towards Ye Chen, and crazily penetrated into his body.

"this is....."

On Ye Chen's face, a touch of astonishment appeared, that billowing demon aura was incomparably pure, and, with a certain strange aura, as if it could stimulate the potential explosion in the depths of his blood!

At this moment, the white tiger spirit blood in Ye Chen's body, the heaven-shaking **** ape spirit blood, the unicorn spirit blood, etc., all boiled under the effect of this strange aura. Vaguely, Ye Chen actually felt the power of these bloodlines increased!

Not only that!

Chichen divine vein, Lingfeng divine vein! The blood of reincarnation has been improved strangely!

The color of ecstasy flashed in Ye Chen's eyes, he was about to cross his knees on the ground, and began to absorb this strange demon energy, but suddenly, in his mind, the old man's exclamation sounded!

"This... is this the air of the sky demon?"

Ye Chen stunned: "The air of the demon?"

What is the demon's air of the sky that can make old man so surprised?

Lao Cang was a little excited at this moment!

He said with great excitement, "Boy, you have made a lot of money! This demon spirit is a good thing!"

"The sky demon is a kind of monster race that exists in the legend. Some people say that the sky demon is the ancestor of all the monster races! The sky demon possesses the blood origin of all the monster races in this world!

It is precisely because of this that the aura of the sky demon can be said to be the origin of the blood of all the ancestors of the demon race, and it can easily make the blood of the demon race with excellent qualifications mutate or return to the ancestor! "

"In the beginning, the purpose of creating the sacred cave was to infiltrate the corpses of countless high-level demon races, and form a ray of sky demon aura the day after tomorrow, but the chances are extremely small. Have the aura of a sky demon!"

Ye Chen couldn't help but let out a big laugh even with his xinxing!

This ancient sacred cave is really right!

Old Cang said: "Boy, there should be a core in this small world, where the sky demon aura is the strongest. Although the sky demon aura absorbs too much for humans and even most monster races, it is extremely fatal, but I believe that with your physique, it is enough to endure, and it is very possible that you can become the body of the sky demon!"

Ye Chen's eyes lit up and said, "Is this Heavenly Demon Body very powerful?"

"Hehe, the body of the sky demon, although not as terrifying as the sky demon in the legend, it is far above the average ancient **** body. Think about it, the blood origin of countless high-level demon races, you Absorb, how strong will your physical body be?"

Ye Chen nodded in excitement, his powerful divine consciousness swept out, looking for the strongest demon energy that day!

After a while, the divine light flashed in Ye Chen's eyes, and his figure flickered, and he appeared above a blood-colored lake. He stared at the blood-colored lake under his feet. In the lake, blood bursts came out, causing People disgusted, but!

In addition to the **** air, there is also an extremely strong sky demon air!

With the next breath, Ye Chen plunged into the **** lake!

The blood water in the entire lake suddenly flowed at an extremely fast speed, turning into a **** vortex, and in the center of the vortex, it was Ye Chen!

That billowing blood poured into Ye Chen's body frantically, and his face was filled with pain. Even with the strength of Ye Chen's physical body, he could bear so much Qi of the Sky Demon at once, the meridians had begun to burst!

However, he did not stop. Instead, according to the instructions of the old man, he quickly led the sky demon energy that poured into his body, and injected it into each acupuncture point in a mysterious way!

Time goes by every minute...

...

Beyond the abyss, Jin Tian'o frowned and his expression was extremely condensed!

Ye Chen, eight hours have passed since he entered the demon clan holy cave, but he hasn't come out yet!

His eyes flickered, even if he had trust in Ye Chen's strength, his heart couldn't help but be shaken!

Ye Chen, wouldn't it have fallen into that holy cave?...

Otherwise, why didn't it come out after eight hours?

Impossible, it's been so long, still cultivating in the holy cave, right?

Even the ancient demon clan, the first strongest of the year, the Qing Emperor, set a record of only three hours, but these three hours is already unprecedented, almost A miraculous achievement!

But now, the time Ye Chen stayed in the holy cave was several times that of the Qing Emperor!

how can that be?

Ye Chen is indeed very enchanting and against the sky. Even Jin Tianwu admires Ye Chen sincerely, but reason tells him that even if Ye Chen is stronger, in the final analysis, he is just a human being. Stay longer in the cave?

But even so!

Jin Tianyi still didn't leave. He stared into the dark abyss. He didn't know why, even if it was against reason, he believed that Ye Chen must not be dead!

Ye Chen, is not an existence that can be measured by reason, is it?

At the same time, an extremely strong demon spirit rose up into the sky on Di Jue Mountain!

Chapter 2808: Believe Ye Chen!

In an instant, on Di Jue Mountain, whether it was Human Race or Demon Race, their complexion changed suddenly, with their eyes wide open, as if they were hit by a bolt of thunder! Shaking all over, lying on the ground!

Some humans with weaker cultivation bases, monster races, amidst the shock of this aura, vomiting blood one after another, their auras wilting!

It was seriously injured and dying!

Yang Chiyuan, Yu Zhenzi, Shen Jinkun and others, at this time, stepped back unstoppably, their entire clothing was soaked in cold sweat, their eyes were covered with bloodshot eyes, and their pupils were trembling frantically!

Is this, this, the breath of that Azure Emperor Demon Emperor?

He, at this time, broke through?

Such a terrifying aura, if they didn't guess wrong, it should be a half-step Heavenly Divine Realm that can have it! ! !

Originally, those first-class powerhouses who had full confidence in Ye Chen were shaken at this moment!

Shaken frantically!

The horror of this Qingdi far exceeded their imagination!

Half a step into the Heavenly God Realm, this is about to touch the Heavenly God!

Ye Chen, no matter how strong he is, he can't beat the strong in the half-step Heavenly God Realm, right?

Not to mention, generally speaking, the strong monsters can crush human warriors of the same level!

One by one, their faces were gray and desperate.

Human race is really going to die...

I'm going to become a slave to the Yaozu...

Suddenly, the terrifying aura receded, and everyone dared to breathe out at this moment. Under the awe of the aura, they couldn't even breathe...

At this moment, a tiger roar resounded through the entire Emperor Jueshan. In the tiger's roar, a young man's voice said: "The demon emperor has fate, all human beings, climb to the top of God's absolute mountain, see Your Majesty the Demon Emperor! "

Everyone looked at each other, and many disciples of the first-class forces were even so frightened that their legs became weak, and even if they were better, their faces were extremely pale.

The many human races on Mount Di Jue were completely shocked by the sky-shattering demon aura just now.

However, no matter how scared, no one dared to disobey the demon emperor's orders, and one by one, under the leadership of the sect master and the patriarch, walked towards the peak of Emperor Jueshan...

Soon, most of the human races who came here gathered at the top of Dijue Mountain.

All were trembling.

And the surrounding monsters looked at them, with undisguised contempt, disdain, countless ridicule and ridicule, echoing on the top of the mountain.

"Hahahaha, how come these humans are so scared to death?"

"It feels like a pig in a pigpen."

"This is the so-called first-class sect? Human beings are really weak and disgusting."

But at this time, the proud children of the first-class sects of the Kingdom of God, but they all bowed their heads, letting these monsters insult, let alone refuting, they didn't even dare to look at those monsters!

And at the top of this mountain, on the only stone seat, sat a man in a green robe, who was the Qing Emperor.

He faintly moved in the direction of Shenjizong, glanced at him, and said: "Are you from Shenjizong?"

The moment the Qing Emperor spoke, even those rebellious monsters immediately calmed down.

Yu Zhenzi's face condensed, and he said in a deep voice: "Yes, Your Majesty Demon Emperor, Yu Zhenzi, the supreme master of the Divine Extreme Sect.

Qingdi nodded, his gaze swept over the faces of the disciples of Shenjizong, but he couldn't help but frowned slightly and said, "Ye Chen, the first genius of the seventh kingdom of God, where is it?"

When Yu Zhenzi heard the words, cold sweat broke out on his forehead, and his heartbeat accelerated wildly. When he just left the residence, he also didn't see Ye Chen!

And a group of human warriors on Dijue Mountain, when they heard Qingdi's words, all were taken aback, and subconsciously looked in the direction of Shenjizong. Suddenly, countless human warriors shrank their pupils slightly!

Ye Chen, where did you go?

Yu Zhenzi took a deep breath, tried to calm his mind, and said: "Return to your Majesty, Ye Chen is in retreat in preparation for that battle."

Yu Zhenzi, in fact, is not sure whether Ye Chen is in retreat, but he can only say that.

At this time, a group of Terran warriors all looked different!

Retreat?

When they arrived at the Emperor Jueshan, there was only one day left to fight the Qing Emperor. What else could be shut down?

Could it be that Ye Chen could still break through directly like Qing Emperor?

At this time, a sneer, suddenly sounded.

A white-robed youth standing next to the Qing Emperor, with blue eyes looking at Yu Zhenzi playfully, said: "Retreat? You, the number one human being, are you really working hard?"

Is it this time, still in retreat?

I don't think you escaped right away, right? Haha, but he is no wonder he, you humans, have always been very smart, if he flees after feeling the terrifying breath of His Majesty the Demon Emperor, it would be a wise move. "

As soon as Bai Xiefei said this, the top of Dijue Mountain fell into a dead silence.

The countless human races are extremely difficult to look at their faces, and their eyes are full of fear. If Ye Chen is really shocked by the Qing Emperor's breath and escapes, he may be fine himself, but everyone on this Emperor Jueshan, It's dead!

They will take the anger of the Demon Emperor instead of Ye Chen!

Apart from fear, there is more resentment!

The reason why they are willing to come to this Emperor Jueshan is because they believe in Ye Chen, this young warrior who stands on the pinnacle of the Seventh God Kingdom Human Race!

But Ye Chen ran away by himself?

Left so many compatriots and escaped?

How can they not resent?

Yu Zhenzi gritted his teeth, staring at Bai Xiefei, sternly shouted: "Shut up! There is no proof, why slander others? Ye Chen is the pride of our seventh kingdom of God, and the belief of our Divine Supreme Sect. It is absolutely impossible. Avoid war, and it is impossible to escape!"

As he said, he looked at a group of human warriors and said: "Everyone! We came here because we believe in Ye Chen, have you forgotten what kind of warrior Ye Chen is!

If we doubt Ye Chen's words just because of a word from others, why should Ye Chen fight for me! On the day of the decisive battle, Ye Chen will definitely stand in front of me! "

Yu Zhenzi knew that Bai Xiefei was much stronger than him, even stronger than all the warriors of all races present. At this time, he was fighting against Bai Xiefei, almost looking for death!

But even so, he did not allow anyone to insult Ye Chen in front of him!

Everyone was shocked when they heard this!

Yes, as proud as Ye Chen, how can you escape?

If Ye Chen was a person who would escape, he wouldn't come to Di Jue Mountain from the beginning!

In an instant, a resolute color appeared in everyone's eyes!

What they can do now is to believe in Ye Chen!

Chapter 2809: Where to flee?

At this time, Bai Xiefei's eyes were full of anger, full of demonic energy, and a pair of blue eyes, locked on Yu Mako, like a giant beast that chooses people and eats!

A trash can no longer be trash, humble human beings dare to confront themselves?

Even in front of so many demon races, in front of Demon Emperor Qingdi, scolding and blaming oneself?
Let yourself lose face?

Hehe, it seems that these human races really think that they can sit on an equal footing with him?

Bai Xiefei's demon power surged, and in the blue eyes, murderous flashes, it turned out to be without a word, directly at Yuzhenzi, with a palm!

A phantom tiger claw made of demon power appeared out of thin air, moving towards Yu Zhenzi's head, suppressing it!

The tremendous power contained in this tiger paw actually made the entire Emperor Jueshan tremble faintly! The aura of extinguishment, lingering on the tiger's claw, this claw is enough to shake the law of martial arts!

And under this tiger's paw, Yu Zhenzi's expression changed wildly, and he raised his head in horror. At this moment, in Yu Zhenzi's eyes, it seemed as if the entire sky was falling down in his eyes!

Not to mention, it was dodge, he couldn't even move!

The tiger's claws have not really fallen yet, the bones of Yu Zhenzi's whole body have already begun to creak, blood flowed wildly, and his body was already on the verge of collapse!

Terran warriors, have a look of horror!

The demon race is really fierce, cruel, and will kill people at any time. Is it true that Yu Zhenzi, the strongest generation of the gods, is about to fall here today?

At this moment, a figure flashed in front of Yu Zhenzi, actually blocking the terrifying tiger claws!

Everyone's eyes lit up, could it be Ye Chen?

They looked intently and saw this person, holding a spear, his complexion extremely solemn, and shouted, the sun's breath surged, the meaning of true martial arts, surging out, condensed on the spear, the tip of the spear, the golden light shining, like a one The sun rises from the tip of the gun!

This person was actually Yang Chiyuan!

The next moment, with a loud bang, the tiger's paw collided with the blazing sun, and a strong aftermath swept through the Western Zhou Dynasty.

Yang Chiyuan's figure flew upside down, his gun-holding hands, blood flowed across his hand, and his hand bones were shattered, and his body was also hit by the palm of Bai Xiefei, hitting the ground severely, vomiting blood. The breath quickly decayed!

This casual blow actually severely injured Yang Chiyuan, an ancient powerhouse in the middle and late stages of the Chaos Realm!

And even if Yang Chiyuan resisted, Yuzhenko still burst out with a **** mist, and his whole body fell weak, tending to die!

Bai Xiefei's strength is so terrifying!

Everyone, looking at Bai Xiefei with a hideous face, they couldn't help their legs trembling!

Is this the strength of the Yaozu?

Bai Xiefei stepped forward and coldly looked down at Yu Zhenzi on the ground. When he raised his hand and was about to kill Yu Zhenzi completely, the Qing Emperor on the stone seat said indifferently: "Enough, step back. ."

Bai Xiefei was taken aback when he heard the words, his eyes were full of unwillingness, but he put down his hand and returned to the side of Qingdi.

The Qing Emperor said lightly: "Yes, the battle between the emperor and Ye Chen really still has some time. Now, if he has not appeared, the emperor will not pursue it."

After he finished his words, he suddenly became cold and cold for three points: "But if Ye Chen broke the letter, and if there is still no one else here in a few hours, the emperor promises you that he will use all of your lives to wash the emperor with blood. mountain!"

Most monsters attach importance to promises. Since the time for the decisive battle has been agreed, it cannot be changed. However, because of this, they hate those who violate their promises!

In everyone's hearts, it's all stunned!

...

In the sacred cave, Ye Chen was immersed in the **** vortex. On the surface of his body, the **** lines of miracles gradually appeared. At the same time, his aura became extremely strange...

In fact, it exudes an extremely strong demon spirit!

It's like a top monster with extremely powerful blood!

Moreover, this evil spirit is still growing rapidly!

At the same time, the pure demon aura, blood, and sky demon aura in the entire sacred cave are constantly pouring into Ye Chen's body. He actually seems to absorb all the accumulation of the entire sacred cave!

If Jin Tianou was here, he would be frightened and dispelled!

Where is Ye Chen still a human being?

Simply, even more monster than monster!

Even the Azure Emperor, let alone the aura of the sky demon, even if he absorbed such a large amount of pure demon aura, he would explode and die long ago?

but!

Ye Chen, as if he hadn't reached the limit, was devouring everything in the holy cave madly!

This is the power of reincarnation blood!

There are all kinds of blood in the world, if the blood of reincarnation is second!

No blood, dare to speak first!

Moreover, every time Ye Chen breaks through a level of realm, the resources he needs are tens of millions of times that of a warrior of the same level!

This is why Ye Chen's realm is so low!

Because the blood of reincarnation made his breakthrough too difficult!

...

At this time, on Dijue Mountain, in a house, a simple formation was arranged, and the powerhouses of the first-class forces of the Kingdom of God gathered here!

Including Yu Mako, who just regained consciousness after a serious injury, even lying in bed, unable to walk around!

But apart from Yu Mako, the looks of everyone else seemed to be about to fall into hell!

Very terrified!

They just got news that Ye Chen was not in the room, and even the entire Emperor Jueshan could not find Ye Chen!

Huo Quan stepped forward, grabbed the badly injured Yu Zhenzi's collar severely, and roared: "Why do you still believe Ye Chen? Ah? I cheated you! What about Ye Chen now? You mean? Ah, where is Ye Chen?"

His whole body was about to explode, and Yu Zhenzi, who was already badly injured, spit out another mouthful of blood, his expression even more wilted.

However, the strong ones among the first-class forces did not stop them!

Instead, he looked at Yu Mako blankly.

They were completely disappointed with Ye Chen!

What is the strongest human race?

What kind of human pride?

Ha ha.....

Extremely ridiculous! This Ye Chen is nothing more than a scumbag!

At first, thinking that he was invincible and able to crush Qingdi at will, he accepted the challenge and came to Di Jueshan. After feeling the breath of Qingdi, he was immediately scared and flee?

But at this time, Yu Zhenzi, faced with the questions of everyone, could only remain silent, he didn't know where Ye Chen had gone.

"Okay." Shen Jinkun said coldly, "Don't embarrass him anymore, he shouldn't know it either. This is the end of the matter, and I can only fight to the death by then! How much can I escape?"

Everyone nodded when they heard the words, but everyone's eyes were bleak...

escape? On this Emperor Jue Mountain, there are countless monster races, not to mention, they are still among the ten thousand monsters and gods, where are they going to flee?

Chapter 2810: Who moved the hand!

If Ye Chen still did not show up at that time, it is estimated that they would all have died in the hands of the monster clan because of Ye Chen.

Only Yu Zhenzi, his eyes still shone with a firm light!

No matter what other people said, he always believed that Ye Chen would definitely rush back to Di Jueshan before the decisive battle!

Huo Quan snorted coldly and let go of Yu Zhenzi. The powerhouses of the gods turned and left.

...

A few hours later, at the top of Dijue Mountain, a group of human warriors stood here with their faces like ashes, as if on the execution ground, waiting for execution.

Now, Ye Chen still didn't show up...

Everyone, after searching the entire Emperor Jueshan, did not find Ye Chen.

The surrounding monster races looked at them with mocking and playfulness, as well as extremely bloodthirsty colors.

The strongest human race, really escaped!

Now that Ye Chen has escaped, today, they can kill them!

Bai Xiefei laughed and said: "Yesterday, didn't you still believe in the pride of the human race? Isn't the first strong human race will never escape? Huh? Did you find your pride?"

Suddenly, he smiled, looking at a group of human martial artists with a look of rubbish, and said: "As for the low-level trash like you, talk about pride? Don't laugh to death!"

A group of warriors were so insulted and mocked, but they were still silent. They didn't even have the will to refute and gave up completely.

People are dying, what's the use of dignity?

"Ye Chen, I will definitely come back."

At this moment, a hoarse, weak, but extremely firm voice entered the top of Dijue Mountain and everyone's ears.

That was Yu Mako's voice.

Bai Xiefei glared at Yu Zhenzi fiercely, and still believe that Ye Chen?

He sneered: "Old thing, who allowed you to speak?"

Trash, it should be right in front of them to continue to be humble, even if they are still playing against him?

"Today, no one can save you!" Bai Xie yelled fiercely, "Humans betrayed the Demon Emperor. This is a big crime of disrespect. Now, kill me!!! Get one! No more left!"

The countless monster races all cheered!

It's finally time to release your nature!

They turned into their bodies one by one, one by one extremely ferocious monsters, rushing towards the panicked human warrior!

When those human warriors saw this, they only screamed in horror and fled in different directions, and even the slightest will to resist was wiped out.

If this continues, these millions of human race warriors will be hunted to death by the demons here within a few breaths, right?

Bai Xiefei's eyes flashed sharply, and he was about to slap Yu Zhenzi to death, but at this moment, there was an explosion in the sea surrounding Di Jue Mountain!

Two figures, flying out of the water at extremely fast speeds, came to the top of the mountain in the blink of an eye!

One was dressed in a golden robe, and the other looked indifferent.

It is Ye Chen and Jin Tianwu!

Finally, at the last moment, Ye Chen caught up!

In an instant, countless monster races all had their bodies and stopped their movements, and the human race who was about to flee, saw Ye Chen's eyes, all of them burst out with divine light! An incredible color appeared on his face!

Ye Chen, he really came back!

Then there was ecstasy!

The ecstasy of the rest of my life!

Although they still didn't think that Ye Chen could defeat the Qing Emperor, but even if Ye Chen died, their fate was saved!

But the monster races looked at Ye Chen, but they were extremely contemptuous, a human race of the Evil Slashing Realm, thinking that what could really be changed?

On the contrary, the man in the golden robe beside Ye Chen attracted the attention of more monsters!

They looked at the man in the golden robe, and in their eyes was writhing jealousy!

They could feel that Jin Tianwu was also a monster race, or a monster race with terrifying blood!

At this time, Ye Chen's expression was as indifferent as ever, but the temperament of the whole person had changed faintly! It's just that this kind of change is too introverted to be discovered!

Ye Chen glanced at the people on Dijue Mountain, but his complexion suddenly sank. His figure flashed, and he came to Yu Zhenzi's side, and turned a pill that had been contaminated with his blood into Yu Zhenzi's body, apologizing. Said: "Master, I am late, which makes you worried."

Yu Mako smiled and shook his head and said, "I believe you will come back from beginning to end."

Ye Chen nodded, turned around, glanced at the demons with extremely cold eyes, and said, "Who is it that hurt my master?"

The demons were taken aback for a moment, and then burst into laughter!

Shocked the whole Emperor Jueshan with laughter!

This person can really pretend?

Hurt his master?

Just kill his master, what can this person do?

With a faint smile on Bai Xiefei's eyes, he walked to Ye Chen and sneered: "It was I who injured your trash master. You, do you want to avenge your master? I will give you a chance. Are you doing it?"

What qualifications does a lowly human like you have to fight against the monster emperor? "

After all, Bai Xiefei's whole body of demon energy burst out suddenly, and the demon power in his body circulated extremely fast. In an instant, he turned into a white tiger with wings on back, and roared at Ye Chen: "Let me take action for the Demon King. , Crush you, the so-called first genius of the Seventh Kingdom of God, into fleshy flesh!"

Having said that, he was full of great strength, the tiger's claw moved, the violent storm rolled, the air was compressed, the space screamed, and the world was turbulent!

This claw slapped Ye Chen's head fiercely!

Upon seeing this, the demons seemed to have seen Ye Chen's blood mist dissipating under Bai Xie Feihu's claws!

This claw is extremely strong, even more terrifying than the claw Bai Xiefei crushed against Feng Tian!

Bai Xiefei has already done his best! The chaos realm's cultivation base is vividly reflected in this claw! Even the human warriors of the general chaos realm will be killed by a single blow under this tiger claw!

Frightened the mind to collapse!

But at this moment, Ye Chen faced this extreme claw, but he moved continuously, without moving!

Those countless human warriors, their eyes trembled, intense fear, welled up from their hearts...

Is Ye Chen like Yu Zhenzi, under the coercion of the tiger's claws, is there no power to escape?

But the next moment, Ye Chen raised a hand, seemingly incomparably random, and punched the huge tiger claw.

After one-tenth of a breath, Ye Chen's fist collided with that shocking tiger claw!

With time, there was a moment of stillness, and everyone present, no matter whether it was a human or a demon, had their eyes contracted rapidly, and took a harsh breath!
