Chapter 2841: Who are you

In an endless ruin.

Xia Ruoxue's eyes closed tightly.

The blood dragon coiled around.

In front of her, there was a flame of incomparably mysterious, glowing stars.

This flame seems harmless to humans and animals.

Even dreamy.

But as soon as it came out, Xia Ruoxue's face was covered with sweat.

She used all her strength to penetrate it, although she didn't stop it too much, but it was extremely difficult to go deeper.

Crucially, Xia Ruoxue found that the spiritual power of her dantian seemed to be forcibly taken away by some kind of force!

Refining this reincarnation of star flames actually cost such a big price.

In just a few minutes, Xia Ruoxue's face was extremely pale, and all his clothes were wet.

Suddenly, the reincarnation star flame was suddenly enlarged, and an extreme coercion surged vigorously!

Xia Ruoxue's strength could no longer be supported, and a mouthful of blushing blood came out!

Her body even fell to the ground.

"Sister Xue!"

The reincarnation star stone rushed to Xia Ruoxue's body instantly, and a peaceful starlight flowed all over her body, covering Xia Ruoxue's body.

One second, two seconds, three seconds.

Xia Ruoxue moved her hands, and Xia Ruoxue opened her eyes under the trembling of her long eyelashes.

"I'm fine."

"If I can't even refine this flame, what qualifications do I have to be Ye Chen's woman."

"I want to share something."

At this moment, Xia Ruoxue's eyes were filled with determination.

With a single tap of her slender and white finger, she actually touched the star flame of reincarnation.

After that, Xia Ruoxue ran the technique, and the stars behind him turned into a phantom phoenix.

The phoenix screamed up to the sky, waving its wings and rushing in the direction of the reincarnation star flame!

"bump!"

An extreme force collision!

The shackles of the reincarnation star flames were faintly cracked.

A hint of excitement flashed between Xia Ruoxue's eyebrows, and she took her soul into it!

However, when the soul entered this reincarnation star flame, there was a cold, cold female voice in her ear.

"The humble people dare to get involved in the reincarnation star flame, and die!"

In the next second, the reincarnation star flame suddenly changed!

It turned into a sword of starlight and pierced Xia Ruoxue's eyebrows!

Once penetrated, Xia Ruoxue will undoubtedly die!

"Sister Xue! Be careful!"

Reincarnation Star Stone shouted.

Xia Ruoxue didn't hesitate anymore, showing her hand to pinch the secret, a golden shield with ancient inscriptions appeared in front of her!

I thought I could resist one or two!

Unexpectedly, the inscription shield shattered on the spot and turned into powder!

Xia Ruoxue knew that this reincarnation star flame was very powerful, but she never expected it would be so overbearing!

It's just a failure in refining, as to obliterate yourself?

Seeing that the sword of starlight was approaching, suddenly, a thunderous dragon roar sounded at the bottom of the lake.

Suddenly, the wind and clouds at the bottom of the lake stirred, whirlpools!

Then the blood dragon phantom slammed into the starlight sword!

"bump!"

The two extreme forces collide!

The phantom of the blood dragon's dragon scales is a bit dim!

And the fluctuation of the reincarnation star flame also stopped.

The blood dragon looked at the flames solemnly, and said, "Miss Ruoxue, there is a trace of a person's thoughts in this chaotic star flame."

"Just a trace of Can Nian is so powerful, I'm afraid the people behind it are far above my body."

"My dragon scale phantom may be dissipated, but the other party's remnant thoughts will also dissipate. For you, there should be no threat."

"Miss Ruoxue, if you encounter danger in the Nine Heavens Shenlong Palace, quickly go to an abyss forbidden place here. My body is trapped in it and I can't come out for a short time, but if you arrive there, I can protect you one or two."

Speaking of this, the star flame of reincarnation has changed, and a little bit of starlight has gathered into a faint figure of a woman.

As far as Xia Ruoxue's eyes could be, she was shocked to find that this woman was the imperial prestige woman she saw just now.

The phantom of the Emperor Wei woman glanced at the crowd faintly. When she touched the blood dragon, she was slightly surprised, and finally fell on Xia Ruoxue's body.

After a long time, a slightly majestic voice came: "Who are you? See me, why don't you kneel?"

Then, Xia Ruoxue felt that there was a huge mountain on her shoulder and pressed it down!

Her knees are bent! Actually keep pressing down!

Obviously, the Emperor Wei woman wanted her to kneel down.

But Xia Ruoxue was originally a arrogant woman, how could she be willing to kneel on this woman!

She bit her teeth, her spiritual power was released, and her blood burst! There was even a cloud of blood haunting his body.

"Sister Xue!"

The reincarnation star stone protects Xia Ruoxue, trying to relieve Xia Ruoxue's pressure!

But how difficult it is!

Seeing that Xia Ruoxue was about to kneel down, suddenly, Xia Ruoxue's whole body burst out with a breath of reincarnation!

Go straight to the source of breath!

The **** and coercion of the imperial mighty woman disappeared instantly.

"Reincarnation blood! How is it possible!"

"Who are you!"

The expression of the Emperor Wei woman was astonished to the extreme.

What she just wanted to ask, the disappearing blood dragon phantom suddenly dashed!

In an instant, the phantom of the Diwei woman disappeared.

The ruins at the bottom of the lake returned to calm.

A faint star flame of reincarnation slowly fell.

Xia Ruoxue exhaled a sullen breath, stretched out her hand, holding the reincarnation star flame, and said lightly: "It should be easier to refine now."

The reincarnation star stone nodded and shook his head: "Although there is no remnant thought, this reincarnation star flame is not easy to refine. Fortunately, you have a part of the reincarnation bloodline. I can't predict how long it will be."

Xia Ruoxue sat cross-legged, and suddenly thought of something: "Xingling, what is the identity of that woman? It's just a remnant thought, so she has such power?"

Reincarnation Star Stone chose silence.

Xia Ruoxue knew that the reincarnation star stone wanted to conceal it, so she said: "Xingling, it doesn't matter if you don't tell me these things, then you should always tell me where is this woman, in the kingdom of God? Or where?"

The Reincarnation Star Stone hesitated for a few seconds, and finally sighed and said: "Upper bound."

Xia Ruoxue was startled, and immediately her eyes became firmer.

For the upper bound, she knows something.

The pillars in every sect of the Kingdom of God come from the upper realm.

The upper realm has a close relationship with the kingdom of God, but it is mysterious and unclear.

She even read the ancient books of Shenjizong In ancient times, when the Lord of Reincarnation was located, the upper realm and the kingdom of God were closely related, and it could even be said to be an equal situation.

But after the Lord of Samsara fell, for some reason, the kingdom of God became a vassal of the upper realm.

Also, there are too many doubts.

Xia Ruoxue no longer thinks too much, no matter what the origin of this woman, she believes that as long as she cultivates hard, she will definitely be able to surpass this woman!

Stars are surging at the bottom of the lake, as if this blood lake has become an extremely beautiful sea of stars...

...

At the same time, the upper bound.

A magnificent palace.

In the hall, it was extremely quiet, and a woman in gold was sitting on the chair with dragon and phoenix inscriptions in the hall.

Chapter 2842: That woman

Her eyes were closed tightly, her long eyelashes trembled, and a trace of daunting majesty surged all over her body.

The key is that there is no trace of cultivation aura surging in her body.

Without breath, there are only two possibilities!

First, the cultivation base is too low! As low as ordinary people!

Second, the cultivation base is extremely high! Shake the height of the mountains!

Suddenly, the Diwei woman opened her eyes, and a trace of surprise and killing intent flashed through her cold eyes.

Her red lips were outlined, and a playful smile appeared: "How can the blood of reincarnation appear on a woman?"

"The key to that woman's reincarnation bloodline is too weak."

"Even the cultivation technique is completely inconsistent with that person."

WINK to \$1: Secure Your Spot Now!

"Xuanji."

When the words fell, the void in front of the Emperor Wei woman was torn apart, and a capable woman in black appeared.

The woman's makeup is weird, and even more weird is the big sword behind her back.

An extremely Ling Ran killing intent exuded from the big sword.

"Your Majesty, Xuanji is here."

The capable woman Xuanji said.

The red lips of the Diwei woman moved slightly: "The trace of reincarnation star flame that I left in the kingdom of God many years ago has passed back some interesting things."

"The kingdom of God seems to have the blood of reincarnation come out, but the blood of the other party is too weak."

Xuanji frowned: "Your Majesty, will it be the hidden descendants of the Ye family?"

"Before the accident, the Ye Family's sphere of influence was complicated, and since ancient times, the Ye Family has been a precautionary person."

"Maybe that woman is a manifestation of the Ye Family's reserve."

The Emperor Wei woman Liu Ye frowned, after thinking for a few seconds, she said: "You go to the Nine Heavens Dragon Palace and investigate the origin of that woman."

"Also, there is a blood dragon with a weird aura in the Nine Heavens Dragon Palace, which cannot be underestimated."

"For some reason, her strength clearly cannot threaten me, but it makes me feel uncomfortable."

"You go to investigate. If you need strength support, you can go to the Heavenly Dao Palace and find Xuanyuan Moxie."

"understand."

In an instant, Xuanji turned into starlight, disappearing,

As if never appeared.

...

The First Kingdom of God, atop a sky-reaching peak shrouded in five-colored clouds and mist, countless exquisite buildings, looming in the clouds and mist, here is the first peak of the First Kingdom of God, the Five Cloud Peaks, and the one located above the Five Cloud Peak, is the first-class power of the first kingdom of God Wanfazong!

Inside Wan Fazong, in a secret room, a middle-aged man with a majestic face, at this time, his face was full of coldness. This person is Tian Feiming, the great elder of Wan Fazong!

Tian Feiming was sitting on the main seat, reading two secret letters. On top of these secret letters, one was with a black background and gold border, and the other was with a white background and black border. In the two envelopes, there were two different symbols.

One is a long sword with a weird shape and a strange curve on its blade. If there are warriors who understand the underground forces hidden in the darkness in the first kingdom of God, they will be shocked when they see this strange long sword. Terrible!

This long sword is surprisingly the No. 1 Kingdom of God, the No. 1 assassination organization, the symbol of Absolute Sword!

And the sign on the other envelope with white background and black border is a pair of red, gloomy eyes!

That is the first kingdom of God, the second-ranked assassination organization, the symbol of the eye of death!

Tian Feiming snorted suddenly and crushed the two envelopes in his hands to smash them!

Standing next to Tian Feiming was a handsome man with a frivolous face, a deep outline, and a curl of fringe bangs hanging down his left forehead, with an exotic look.

What is striking is that in the eyes of this man, there are faintly flashing golden runes.

The young man smiled at Tian Feiming and said, "Master, what's wrong?"

Tian Feiming's eyes flickered with cold light and said: "The leaders of Absolute Sword and Death Eye turned out to have rejected our mission! Waste!

When did the two major assassination organizations of my first kingdom of God even dare not even attack a kid in the Evil Slayer Realm? "

Having said that, Tian Feiming's heart was slightly shocked. He knew that the price he gave was definitely a temptation for these two big killer organizations!

But even so, they still refused!

Ten Thousand Fsects cannot rashly cause a war, this is the rule of the Kingdom of God!

Otherwise, he would have done it himself!

That handsome man was the true disciple of Wanfa Sect and one of the ancient gods and geniuses in Wanfa Sect, his name was Gao Yin.

Gao Yin asked with an unexpected look on his face when he heard the words: "Master, the mission target you mentioned, but the Ye Chen who killed Brother Kong?" He recently heard that the strongest of the great kingdoms came first. The Kingdom of God, Ye Chen should also be among them, right?

Tian Feiming nodded and said: "The ancestors have already explained that this kid with the surname Ye must die!"

Gao Yin said indifferently, "With the strength of our Ten Thousand Fsects, why bother with others? Directly, to suppress this kid, if the master agrees, the disciple is willing to take action."

Ye Chen, even though he killed Kong Xian, in Gao Yin's eyes, Kong Xian was nothing more than a kid who relied on his ancestors. Only by this did he get the opportunity to enter the mysterious realm of God's Origin. There was nothing remarkable. .

Wan Fazong, there are many more outstanding geniuses!

What's more, since the Divine Origin Secret Realm was opened, after so long, this waste is still the Slaying Evil Realm?

Didn't even reach the early stage of Chaos?

The color of disdain in Gao Yin's eyes is even more intense!

This is the pride of Wanfazong genius!

Tian Feiming frowned slightly and shook his head and said: "Gao Yin, don't be impulsive, this kid, but killed the existence of Kong Xian, and also resisted the method of descending spirits and appeared in the ancestor of the secret realm of God's Origin. Breath blow! Be careful!"

Besides, our ancestors also told us not to act personally. After all, this kid is a warrior who came to help me in the first kingdom of the gods. It is not good for my reputation. At this time, we should all be low-key. , You and I know very well! "

Gao Yin heard this, although he didn't say much, but his complexion was gloomy!

Don't be impulsive? Be careful?

Let him be dignified and genius Don't be impulsive about a waste, be careful about a waste?

Hehe, is this saying that this waste can threaten oneself?

Not to mention Ye Chen, even Gao Yin felt that it was an insult to compare Kong Xian with himself!

The killing intent in his eyes was writhing. Originally, Gao Yin just said casually, but Tian Feiming's persuasion made him even more eager to kill Ye Chen with his own hands!

At this time, Tian Feiming finally took out the third letter, an envelope that was blood-red, like a letter stained with blood!

On the blood-red envelope, there is a sign like a ghost hand, this is the first kingdom of God, the third-ranked assassination organization, the sign of the blood blade!

After opening this letter, Tian Feiming's eyes finally flashed a hint of joy!

Bloodblade, agreed to accept their mission!

Chapter 2843: Xuanji

Immediately, Tian Feiming took out a piece of jade slip and handed it to Gao Yin along with the blood-colored envelope: "Bloodblade has accepted our task. Tomorrow, you will go to the designated place to meet the joint person of the bloodblade. , Is Ye Chen's information."

Gao Yin took the jade slip and the envelope, and said lightly, "Yes."

Tian Feiming smiled helplessly and said: "Gao boy, don't be arrogant, I know that with your strength, you will be able to kill this waste, but let the blood blade deal with this boy surnamed Ye, you and I still have More important things need to be dealt with, right?"

When Gao Yin heard the words, his complexion eased a little, and he walked toward the secret room.

Tian Feiming said again: "You tell the people of Bloodblade, tomorrow, Ye Chen will go to Mangshenshan, let their people lie in ambush there and do something, I have already recorded the specific matters in the jade slip, yes, this mission , Must assign the bloodblade's first killer'Blood Stabbing' Wantong to take action, there must be no mistakes!"

"Yes." Gao Yin responded, and his figure disappeared from the secret room.

With a cruel smile on Tian Feiming's face, this kid with the surname Ye, no matter how badly he is, under the circumstances of tomorrow, if he is killed by Wantong, he can't escape death, right?

Hehe, a boulder in his heart finally fell.

...

In a restaurant, Gao Yin sat in the box with a man who was covered in black robes and whose face was invisible.

The black-robed man, after seeing the jade slip in his hand, gave a weird smile and said: "Hey, Wan Fazong, such a big hand, dealing with the waste of the Evil Realm, he has paid such a large capital."

Gao Yin waved his hand casually, stood up, and walked outside the door: "It's cheaper, let Wantong pay attention to me, don't miss it, huh, if it wasn't for the master to stop, my son, he would do it himself, Which round will I get you!"

The black-robed man smiled and said: "Please don't worry, my son! Our number one killer, Blood Stabbed Wantong, has accepted a total of 189,800 orders in his life, with a success rate of 99.9%. The only time I missed, and only, was to let the other party's remnant soul escape!

Such a record, even in the eyes of Absolute Sword and Death, can rank among the top three existences!
"

...

Tiandao Palace.

Above the main hall.

Xuanyuan Moxie crossed his legs above the Yantian Dragon God.

The reincarnation profound stele in front of him constantly overflowed with a strong breath.

And Xuanyuan Moxie's cultivation base gradually increased.

Even Xuanyuan Moxie's eyebrows flashed with an extremely strange inscription.

This inscription is mysterious and solemn, as if it represents something powerful.

Suddenly, Xuanyuan Moxie opened his eyes, his eyes flashing solemnly.

And in front of him, there appeared a middle-aged man wearing heavenly palace robes.

"See Palace Master."

"You want me to collect the list of young powerhouses who have recently risen from the first kingdom to the seventh kingdom under the moon ring vision."

Xuanyuan Moxie nodded, "Are these people all ancient gods?"

The middle-aged man shook his head: "Some of them are not, and among these geniuses, there is also an existence that has gained fame recently."

"This child is named Ye Chen, and there is no sign of an ancient **** body."

"But you can kill people across a big realm."

"The Kongxian of the First Kingdom of God, the Second Kingdom of God, and even the rest of the Kingdom of God, have been enthusiastic about the deeds of this son."

"I think this child can be included in the Tiandao Palace."

"Oh?" Xuanyuan Moxie was slightly surprised, "This son is amazing?"

But Xuanyuan Moxie didn't like the surname Ye very much.

After all, what he hates most is the existence of the surname Ye.

But he is not a superstitious person. If this son is really talented, Heavenly Dao Palace can promote him to an elder exceptionally.

The middle-aged man carefully handed over two jade slips, and said: "The first jade slip records all the information of this name Ye Chen, and many achievements, and his subordinates feel that it is indeed a rare talent in Tiandao Palace. "

"If you master this person, perhaps Tiandao Palace will be able to go to the next level."

"As for the second jade slip, it records the sudden rise of the moon ring under the anomaly, and the potential is also amazing."

"The palace owner can evaluate."

Xuanyuan Moxie glanced at the middle-aged man in surprise.

This middle-aged man named Sima Xun, although his strength is not high, is one of the think tanks of the Heavenly Dao Palace, and many important decisions of the Heavenly Dao Palace go through this person's hands.

That Ye Chen can be so respected by this person, there is absolutely reason.

Xuanyuan Moxie shook his five fingers, and two jade slips appeared in the palm of his hand. When he was about to open the message that recorded Ye Chenyu slips, a shock came from the space of Tiandao Palace.

The void is torn apart.

A woman carrying a huge sword unexpectedly appeared in the main hall of Tiandao Palace.

When Xuanyuan Moxie saw this person, his pupils suddenly shrank.

This person is actually Xuanji from the upper realm!

Xuanyuan Moxie put down the jade slip in his hand, stood up, and said, "Master Xuanji, long time no see."

Xuanji's face was indifferent, her killing intent was condensed, she glanced at the Yantian Dragon God, and directly said: "What major event has happened in the Nine Heavens Dragon Palace recently?"

"Even that the human race is mixed in?"

Xuanyuan Moxie and Yantian Dragon God all changed their colors.

After that, Xuanyuan Moxie arched his hands and said earnestly: "My lord, only the blood of the dragon clan can enter the Palace of the Nine Heavens God Dragon at this time. It is impossible for ordinary people to enter it."

Xuanji frowned: "A human woman has mixed in."

"Also, do you guys know that there is a blood dragon in the Nine Heavens God Dragon Hall that is covered in blood."

"This time I came here to look for clues to this dragon."

"I only have a few days. I need all the information about the Nine Heavens Shenlong Temple."

"Have you ever heard of the whereabouts of this blood dragon."

When these words came out, Yantian Dragon God and Xuanyuan Moxie had extremely strange expressions!

They are also looking for the blood dragon!

I thought that the blood dragon had fallen or was injured, but I didn't expect it to stoke the matter to that place!

How did the key blood dragon do it!

Xuanyuan Moxie thought for a moment and said, "My lord, what happened?"

Xuanji obviously didn't have the slightest patience: "There are some questions you can't ask, understand?"

"Do you have the whereabouts of the blood dragon? If not, I will go to the Nine Heavens Shenlong Temple to find it myself."

Xuanyuan Moxie hesitated for a few seconds, and shook his head: "We have never seen that blood dragon before. Please go to the Nine Heavens Shenlong Palace to find it."

"If you have resources to use, you can contact Xuanyuan in time."

Xuanyuan Moxie knew very well that he could never tell about his failure!

Once it is said that there is such a time bomb hidden under the kingdom of God, the upper realm will definitely be angry.

Xuanji snorted coldly, "No need." The words fell into starlight and disappeared.

Chapter 2844: Magic Gate

After Xuanji left, the whole hall fell into an extremely solemn scene.

Even Xuanyuan Moxie couldn't take care of the jade slip in front of him. He forced it aside, and then said to Yantian Dragon God: "Yantian, what should we do next?"

The Yantian Dragon God hesitated for a few seconds: "Under the Moon Ring Vision, my cultivation base is advancing by leaps and bounds. If I face the blood dragon again, I will have the strength to fight."

"Of course, to be on the safe side, I want to take this reincarnation monument."

"I now increasingly suspect that the blood dragon is in the abyss."

"And the location of the abyss, that Xuanji will definitely find out."

"I must make sure first."

"Then kill the threat in the cradle."

Xuanyuan Moxie nodded, "Okay."

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

"By the way, if circumstances permit, I would like to ask you to borrow someone." Yan Tian Long Shen said suddenly.

Xuanyuan Moxie was startled, and asked, "Who?"

The Yantian Dragon God looked at a wall and said lightly: "The Immortal Dragon Emperor imprisoned by the Heavenly Dao Palace, this person is very familiar with the Nine Heavens Shenlong Temple, and is powerful. He has been trapped for so long. If he can be used by us, he might be punishable. There is hope for killing the blood dragon."

"Although this person has an arrogant personality, he might compromise with sufficient benefits?"

"He and the ancient and even the ancient Xeons have been trapped for so long, he must be very eager for freedom, what if he uses this as a bargaining chip?"

Xuanyuan Moxie's eyes were extremely serious.

These ancient powerhouses are trapped, it is an order.

Although he is in charge, if it is used casually, what should the anger do?

But now, the anger of the upper realm has been ignited.

The blood dragon must die!

"Give me some time to think about it, this matter is not trivial." Xuanyuan Moxie said.

"Okay, I'll wait for your answer, I'll go to the Nine Heavens Dragon Palace first."

After the words fell, the Yantian Dragon God released a strong aura, rose into the sky, and instantly disappeared into the Heavenly Dao Palace.

...

Mount Mang, located in the northwest of the First Kingdom of God, is said to be a mountain, but in fact, it is a super mountain range that stretches for tens of millions of miles!

Suddenly, in the space, a wave of fluctuations, dozens of figures appeared in the sky above the Mangshen Mountain!

Most of these people are dressed in black and white gowns, but there are more than a dozen people in different costumes!

It is Ye Chen and others!

And the others who came with them were some of the elite powerhouses in the League of Gods, all of them exuding a powerful aura!

Song Jinyi was also in it.

At this time, Song Jinyi opened his mouth to everyone: "According to our investigations during this period of time, in this Mangshen Mountain Range, hidden in this Mangshen Mountain is extremely thin and almost imperceptible, but it is extremely pure and pure!"

"We guessed that this may be the hiding place of the demon of the day. However, it used some means to deliberately suppress the emission of demon energy, and we could not determine the specific location. Now, the people of our alliance will separate and explore Mountains."

As he said, he looked at Ye Chen and said, "Young Master Ye, you can make your own arrangements. At that time, if you find the demon of the day, you are not a last resort, don't make a move and contact with a jade card!"

Ye Chen nodded and said, "Okay, this mountain range in the southwest, leave it to me to wait."

Song Jinyi naturally has no objections.

After the people of the League of Gods left, Ye Chen looked at the strongest and guardians of the great kingdoms, Feng Shaoyu and Xiao Bao, among them.

Both their complexions looked extremely pale, and their auras were a bit unstable, but, anyway, they recovered about 70% of their combat power!

The arm that Xiao Bao had lost has also grown again, but that arm looked a little thin and his left and right hands were completely uncoordinated.

At this moment, the two of them lowered their heads slightly, and they looked like only promises, and they were completely convinced by Ye Chen.

Ye Chen's eyes flashed slightly and said: "For the sake of safety, a few of us, let's act together. This way, although the speed will be slower, it is better than meeting the demon alone."

Everyone nodded when they heard this. This was also discussed by them yesterday.

Although they came to the First Kingdom of God and helped to slaughter the demons, no one wanted to be cannon fodder. It would be safer, safer, and slower to act together. What's the harm?

Immediately, Ye Chen and the others fell into shape, separated from each other by no more than ten meters, and while walking through the forest, they took out the compass handed to them by the Shenmeng, and probed whether there is devilish energy around them.

This compass can detect even the devilish energy that is so thin that the soul cannot perceive it, but the range is only ten meters.

The moment Ye Chen fell into the forest, he frowned slightly. In this mountain range, he actually vaguely felt an extremely abnormal feeling, which made him quite uncomfortable.

A black light flashed in his eyes, the body of the demon was activated, and the spirit was surging.

Seeing this, Yun Ziyong couldn't help asking: "Young Master Ye, what's wrong?"

Ye Chen pondered for a moment, and finally shook his head and said: "It's nothing, let's go."

At this time, in a cave deep in the Mangshen Mountain Range, dozens of figures in black robes lurked here.

And the spar in this cave shone with a faint light, dispelling the darkness in the ground.

On the stone wall surrounding the cave, there is a deep purple spar inlaid with each side, which looks similar to the shadow crystal.

What is strange is that on this spar, the figures of the people in the Mangshen Mountain Range are reflected on it!

Those strong in the alliance, as well as Ye Chen and others, have been under surveillance somehow!

And on the spar reflecting Ye Chen and the others, there stood a somewhat thin man.

This man looks in his twenties, with an ordinary face, not tall or short. It can be said that he will be submerged in the crowd.

The only thing special to say is his eyes.

Those eyes are very cold, bitterly cold!

No one would believe that the number one killer of the blood blade is comparable to the three killers in front of the sword and the eyes of death, and even the "blood stab" Vantone, one of the three strongest killers in the first kingdom of God. He is such an ordinary man.

Wantong looked at Ye Chen in the picture blankly, and said coldly: "The magic gate array, are you ready?"

A black robe man behind him smiled and replied: "Ready, haha, this time the guest, in order to destroy Ye Chen, he really paid a lot of money! Even the Demon Sect Array is used? "

Another person said solemnly: "I think, this time the guests may not just kill this kid named Ye Chen. Their goal, maybe, is the strongest of the great kingdoms, isn't it?"

"So, this guest is afraid that it is not clean? We know where this magic gate came from."

"If that's the case, do we still have to do this task?"

Chapter 2845: Turtle in the Urn

The hearts and minds of all people are shaken. After all, they are not stupid, and in the face of the disaster of the world, they can't stand alone. In general, people in the kingdom of God have common enemies.

Wantong drank softly: "Shut up."

Everyone's expressions were stunned, and they were silent.

Wantong said indifferently: "If this is the case, then we will kill the person entrusted with this task. For now, focus on the current task and don't be distracted."

As killers, the organization will conceal the identity of their guests. This is the rule of the killer. However, if the visitor is really found to have anything to do with the demons, there will be no rules to talk about.

However, there is no real evidence yet.

Everyone answered, their eyes flashed: "Yes!"

Wantong is worthy of being the number one killer of the bloodblade, with one word, the general will be stable!

At this time, a black-robed man opened his mouth and said: "Boss Wan, now, the Demon Sect Array can be activated."

Wantong nodded and said: "Now, inspire the Demon Sect to separate them, you go to contain the strongest of other gods, and I, personally take action to deal with the target!"

Suddenly, Wantong seemed to have thought of something, and added: "By the way, follow Ye Chen, that woman from the Seventh Kingdom of God, don't act on her."

Everyone was taken aback for a moment, but still responded: "Yes!"

As soon as the voice fell, the dozens of figures flashed and disappeared from the cave.

And just at this moment, a sudden change occurred in the entire Mangshen Mountain Range!

The deep purple rays of light erupted in the Mangshen Mountain Range, forming a large formation covering the entire mountain range. Everyone in the mountain range was surprised.

What exactly is going on?

Upon seeing this, Song Jinyi's expression suddenly changed and said, "It's not good, it's a hit!"

At this time, Ye Chen's eyes sank, and he shouted: "Everyone, gather around me!"

When everyone heard the words, they were about to move towards Ye Chen, but at this moment, in this big formation, a strong spatial force was exuding, and the few people only felt a whirl of the sky, and they were teleported to each other. In an unfamiliar location.

However, they can be sure that they are still in the mountains!

"Damn it!"

Ye Chen cursed secretly, and at this moment, the billowing black demon energy gushed out from the ground like a flood, and instantly drowned these tens of millions of miles of mountains.

Ye Chen's pupils shrank, and there was such a strong devilish energy under the God Mountain Range?

Where does this devilish energy come from?

Suddenly, countless incomparable roars erupted in the devil's energy, as if a ten thousand demons were born!

And in front of Ye Chen, the same is true, one after another weird figures, breaking through the mud, floating in the dark demon energy, and instantly surrounding Ye Chen!

Ye Chen looked at the strange figures, but couldn't help being surprised!

That figure is actually a corpse!

Moreover, it is the corpse he is very familiar with!

These corpses, he has seen countless times in the illusion of the Zhenshen Tower, they are the corpses of the demons!

Under the Mangshen Mountain Range, there are countless corpses of demons buried?

At this time, the voice of Ling Tian Arrow God sounded in Ye Chen's mind: "Boy, this is the magic gate!"

"Magic Array?" Ye Chen asked with some doubts: "What is Magic Array?"

Ling Tianjian said: "The Great Demon Array is an array invented by the demons outside the territory during the war between humans and demons in ancient times. It was specially used on the battlefield.

This magic gate must be arranged in a place filled with the corpses of the demons, and its role is to wake these corpses to attack the enemy like this! "

Ye Chen's eyes flickered, who is laying the magic gate here? And why, knowing that they will come here?

The most important thing is that even the League of Gods doesn't know about this Mangshen Mountain Range, where countless corpses of demons are buried, but how did the people who set up the formation know?

An ominous premonition faintly surged in his heart.

At this moment, the hundreds of demon corpses around Ye Chen let out a stern roar, and they all rushed towards Ye Chen!

Ye Chen snorted coldly, the evil sword appeared in his hand, and the sword light surged, and immediately drowned the hundreds of demon corpses, turning them into dust and dissipating!

However, in the next moment, there will be countless more demon corpses, pouring out from the ground, endless sources!

Ye Chen's eyes flickered slightly. For him now, these demon corpses were not so strong. Each head was probably at the early stage of the Chaos Realm. From time to time, some demon corpses of the late Chaos Realm appeared.

However, his complexion is getting more and more gloomy!

It's nothing to him, but it may not be so to Tu Lan!

Immediately, he took out the jade card of the Shenmeng. Under the influence of the big formation, the jade card could not accurately show their specific positions. However, this jade card is worthy of the token of the Shenmeng, even in the big formation of the demon. Among them, it was actually able to vaguely show the direction of the opponent.

Ye Chen immediately swept away all the demon corpses with a sword in his hand, and then moved towards the direction where Tu Lanxin was!

And the strongest of the great kingdoms are also approaching people who are close to each other. These demon corpses also cannot pose too much threat to them, and as long as they can be gathered together, with the power of everyone, they should be able to break through the formation. Out!

But at this moment, the strong bodies of the great kingdoms, several figures hidden in the ocean of demon corpses, suddenly moved, each holding a blood-colored hidden weapon in their hands, toward the strongest of the countries. , Lasing away!

Everyone's expression changed slightly, and there was someone in this demon corpse!

Suddenly, attacked them! ?

However, they are all the strongest and young geniuses of the major gods, naturally, they are not the general generation!

That hidden weapon, although fierce, would not really make them fearful!

But with a miss, those people were actually hidden in the devil's corpse again, their bodies are extremely weirdcooperating with the devilish energy in this demon formation, the devil's corpse, even these countries Strong, can't clearly capture their location!

And once they want to destroy the corpses and get close to each other, these assassins will make another move, blocking everyone's footsteps!

For a while, the powerhouses and geniuses of the great kingdoms were actually restricted by these killers!

However, there are exceptions.

The Second God Kingdom Feng Shaoyu's expression was gloomy, his body was full of silver lights, and he gave a cold snort, swept across with a halber, and slashed towards a certain direction. Wherever he passed, the devil's corpse was wiped out, and a scream resounded across the mountains. , A man in a black robe was cut into two pieces by Feng Shaoyu's halberd!

The several assassins in the group of corpses were shocked, and they all retreated quickly. This person is not something they can resist!

"Want to go?"

Feng Shaoyu sneered and looked in the direction where those figures disappeared. He actually moved and chased away!

Chapter 2846: angry!

He was severely injured by Ye Chen yesterday, and he was already suffocated. Now, a group of people seeking death just happened to come and let him vent. How could he let it go?

On the other side, several blood beams shot at a man with a slightly wretched face. The man sneered and disappeared from the spot instantly when he moved his body!

The next moment, he appeared behind a killer and smiled grimly: "Hehe, I found you."

The assassin's expression suddenly changed, when did this person walk around behind him? Moreover, still in this group of demons?

This speed is too scary!

But before he could react, a long sword pierced the assassin's chest instantly!

Although Feng Shaoyu and Xiao Bao were crushed by Ye Chen and seriously injured, that was for Ye Chen!

WINK's Surge to \$1: Join the Wave!

Even if only 70% remain, their strength is not weak among the strongest of the major gods! These bloodblade killers, although they are considered elites and well-trained, are not worth mentioning against such an existence!

Not only them, but the strongest of other kingdoms of God, gradually punish the killers who hindered them!

...

However, the guardians are not so lucky. Although the guardians of the great kingdoms are not weak, they still have a big gap with the strongest countries. In this demon formation, Resisting the endless corpses made them exhausted. At this time, several powerful assassins proficient in assassination suddenly attacked! One can imagine how dangerous it is for them!

Fortunately, the main goal of this group of assassins is obviously the strongest of the great kingdoms of the gods. As for these guardians, they just randomly send one person to solve it.

With a soft bang, a **** light penetrated the eyebrows of a man, who was wearing a red robe with an incredible expression on his face, and slowly fell backward.

This person is Zhao Guang, the guardian of the Third Kingdom!

The guardians of other countries were mostly injured or killed by the killer's sneak attack.

...

Ye Chen walked through the billowing devil qi at extreme speed, and while the sword light flashed, the infinite demon corpse seemed to be nothing, and instantly turned into smash, and there was no way to stop Ye Chen's footsteps!

But at this moment, Ye Chen's pupils shrank suddenly, and a sense of crisis emerged in his heart. Without thinking at all, under the action of his fighting instinct, Ye Chen's spiritual power circulated at a rapid pace, and his body instantly changed. Move sideways!

Just as Ye Chen's figure moved horizontally, a brilliance that was almost transparent but contained terrifying coercion penetrated where he was just now, leaving a black void in the void, which was directly penetrated. !

Ye Chen looked towards the black hole and his expression sank. This blow seemed to have only penetrated the void through a small hole. It seemed that the power was flat, but Ye Chen knew that this was because the energy of this blow was extremely concentrated and concentrated. s reason!

Moreover, the position that this light aimed at was indeed the center of Ye Chen's eyebrows, and his shots were extremely harsh!

This is definitely not an attack method that can be used by an unreasonable demon corpse that is awakened by the demon gate!

Ye Chen Jueqiang's Spiritual Sense was released, and a breath of humanity was locked in an instant!

Although this person seems to be very good at hiding, if there is no aura, even Ye Chen, in the middle of this demon formation, and there are other demon corpses interfered, did not notice!

However, no matter how strong the concealment technique is, after an attack, the effect will be greatly reduced.

Feeling that he was completely locked in by Ye Chen, a cold voice sounded from the group of demons: "Sure enough, you are not that easy to deal with."

A man walked out of the group of demon corpses, his face was ordinary, he could not see anything special, it was the blood stab Vantone!

In his hand, he held a bloody, incomparably evil three-sided thorn. At this time, staring at Ye Chen, his expression was quite stern, although Ye Chen was just a martial artist in the Evil Slayer.

However, Vantone has killed countless people throughout his life, wandering between life and death countless times, just like an extremely capable hunter. Gradually, he has a strong intuition about the object he assassinated. You can tell if this person is good or not!

And now, Wantong's intuition is roaring at him!

The man in front of him is extremely dangerous!

Moreover, with his sneak attack just now, there has never been a warrior below the late Chaos Realm who has successfully avoided it, but Ye Chen easily avoided it. It was still under the interference of this magic gate and countless corpses. Avoided!

Even, he can faintly feel that Ye Chen exudes an aura similar to himself, that is the temperament that he has experienced countless blood battles and defeated death for countless times!

On Vantone's cold face, for the first time, there was a smile, an excited smile!

This time, who is the hunter and who is the prey, it seems, still not sure...

However, this kind of battle is what Vantone has been looking forward to!

Ye Chen stared at Wantong, his expression was a little condensed, this seemingly ordinary young man was a powerhouse of the chaos realm nine-layer heaven!

And it is completely different from Feng Shaoyu's Jiu Tian Tian.

Wantong, gave him a feeling far more dangerous than Feng Shaoyu who possessed the body of a **** general!

It is the intent to fight between life and death.

Ye Chen's eyes flashed, his sword pointed at Wantong, and he said coldly: "I don't care who you are, get out of me, otherwise, you will die."

Although, he found that those demon corpses did not respond to Wantong, there is only one explanation, that is, this magic gate is arranged by Wantong!

However, there is no time to entangle with Wantong, Tu Lanxin's current situation is very bad!

Wantong said lightly: "I'm here to kill you. If you want to find that woman quickly, it's best to beat me quickly."

He suddenly showed a weird smile and said: "But I remind you, you'd better do it quickly. Over time, I can't guarantee that the woman will have any accidents."

At this time, Vantone, who had always been cold and unfeeling, had flushed cheeks and looked extremely excited.

He can't wait to fight Ye Chen!

Over the years, Vantone's assassination skills have become stronger and more terrifying. It is almost impossible for any target to escape his sneak attack. This kind of numb killing, Vantone has long been tired of it!

One of the reasons why he is still killing and accepting missions is to meet opponents like Ye Chen and let him re-experience the life-and-death confrontation that he experienced when he joined the blood alliance at the very beginning. The excitement and pleasure!

Moreover, Wantong knows that only this level of battle can make itself break through and become stronger!

Ye Chen's pupils shrank severely when he heard the words, and the killing intent filled his eyes. Although he remained calm and calm on his face, anyone could tell that Ye Chen was already extremely angry!

Chapter 2847: death!

What he hates most is that others threaten him with his relatives, friends, women, and master!

At the next moment, Ye Chen's body was pulled up suddenly, his hair turned red like blood, surrounded by demonic energy, and a horrifying demonic energy burst out suddenly, and went straight into the sky. It was actually impossible for even the great formation of the magic door to take it. suppress!

Ye Chen did not hesitate to display the body of the sky demon!

Originally, the blood stab Vantone with an excited look was shocked!

Demon?

What a strong demon! ! !

He looked at Ye Chen in disbelief. It was not that he had not assassinated the monster race, and even the monster race of extremely high bloodline had a lot of death in his hands!

But there has never been a demon clan with such a terrifying demon spirit!

This demon gas actually caused the Vantone that came out of the sea of blood and was stained with countless souls, and all of them trembled!

Those so-called high-level monster races, compared with Ye Chen in front of them, are almost like little monsters just born!

Could it be that Ye Chen is a monster? Or an extremely powerful monster?

At this time, Wantong was full of doubts.

However, Wantong is a professional assassin after all, and his psychological quality is too good to imagine, and he calmed down in an instant. No matter what Ye Chen is, his goal is always only one, that is, kill!

The blood-colored three-sided thorns in Vantone's hand flashed with light, and a strange blood color appeared all over his body. Inexplicably, Vantone's figure was actually blurred, as if it turned into a burst of blood-colored smoke that made people unable to capture. !

And in this smoke, suddenly, the blood light burst, and several blood lights, like a laser, shot towards Ye Chen!

Where the blood light passed, in the void, there were black marks left behind. That was what was pierced by the blood awn!

Ye Chen snorted coldly, and at the moment when the blood glow flashed, a sword was severely cut out, and the terrifying force surged wildly, blessing above the sword light!

This world-shaking power, and that extremely awful, high-level martial art that transcends the level of the seventh kingdom of God, after sublimation, the further meaning of true martial arts, perfect integration, radiates a terror that tends to destroy power. Jianmang!

This sword swept across, the sword light was unknown, and the few blood lights collapsed and dissipated!

Originally, Wantong, who was still excited, was already in horror at this time!

In his life, he has seen countless strong men, and he has fought life and death with countless strong men, but such a stunning sword is something he has never seen before!

The fight was just a moment, and Vantone felt the unparalleled dangerous aura!

However, it is unbelievable that Vantone laughed, laughing crazy!

"That's how it should be, that's it, it's interesting!"

He roared suddenly, and the figure hidden in the blood mist flew back towards the group of demons at lightning speed. At the same time, a strange wave escaped from Vantone's body!

After the sword light passed, countless demon corpses were instantly annihilated, and they rushed towards the blood-colored figure. Almost immediately, this extremely strong sword light was about to catch Vantone!

But at this moment, Wantong suddenly shouted, "Bloodthirsty Dafa!"

The weird fluctuations around his body suddenly became intense and swept away. When the tens of thousands of demons came into contact with the fluctuations of Vantone's body, the whole body melted directly, turning into a burst of black and purple blood. In Vantone's body!

"what!?"

Ye Chen was slightly surprised, what is this method?

In the blink of an eye, tens of thousands of demon corpses were completely absorbed by Vantone. His entire body was also covered with dark and purple blood vessels. The whole person was full of demonic energy and his eyes were red!

It seems that his body is almost collapsed!

At this moment, that Jianmang finally came to Vantone!

Wantong let out an inhuman roar, and the black and purple blood vessels squirmed crazily, making him look terrifying!

The next moment, he suddenly raised the blood-colored three-sided thorn in his hand, and slammed toward the sword light!

The blood-red Mitsubishi thorn actually seemed to be connected to the Wantong bloodline, flashing a black and purple light!

With a loud bang, the black and purple rays of light collided with Ye Chen's sword light!

A strong shock wave swept towards the surroundings. Within a hundred miles, the densely packed corpses were instantly annihilated, and the entire gate of the magic door trembles!

In the Mangshen Mountain Range, soil and rocks collapsed, trees collapsed, cracks appeared on the earth, and the mountain was broken!

The collision was extremely terrifying!

The light was condensed. At this time, a figure covered with black and purple blood appeared in the dust. Ye Chen looked at the figure, and his pupils shrank!

This person is Wantong. In his eyes, the fighting spirit is burning, and he stares at Ye Chen, although his body is covered with countless hideous wounds, his arms tend to be broken and burst, but the dark purple light floats. In time, Wantong is actually healing quickly!

Ye Chen's complexion suddenly became gloomy. The sword just now was his ultimate sword. It was actually blocked by this Wantong?

Moreover, looking at him like that, although miserable, Ye Chen knew that this sword did not harm the origin of Wantong!

He unwillingly looked at Wantong, while adjusting the spiritual power in his body, he was gaining momentum! Ye Chen hasn't gained momentum in the battle for a long, long time! Because, no need, his attack is already horrifying enough, where can he gain momentum? If you have time to gain momentum, it is better to cut a few more swords!

However, facing Wantong at this moment, Ye Chen's battle intuition immediately told himself that the next sword should be stronger and more terrifying, otherwise, this battle will be delayed for a long time! And if you want to reach a higher level of power, you can only gain momentum!

The protracted battle, even if it can win in the end, is definitely not what Ye Chen hopes to see!

While recovering his body, Wantong actually smiled admiringly at Ye Chen: "What a terrifying sword! If it were normal, I should be dead, right?"

Even now, recalling the feeling when facing that sword just now, Wantong, the whole body muscles, are still trembling slightly!

In that sword, Wantong felt death!

For a long time, the death that I haven't felt!

However, his tremor was a tremor of excitement, not a tremor of fear!

This kind of stimulation of facing death is what Vantone has been pursuing!

Only with this kind of stimulation, can make his long numb soul, once again, a wave of waves!

Only when facing death can Vantone feel that he is still alive!

Wantong smiled in a fascinating way: "It's a pity, our battleground is in this demonic burial place, haha, Ye Chen, don't you know? I was called a blood stab, why is it called Where's the blood stab?"

"Because, I am the first kingdom of God, the first genius of blood for thousands of years! I can directly inhale the power of blood into my body to attack!

And these countless demons corpses that were awakened by the Demon Gate Array, in the eyes of others, may be waste, but to me, they are inexhaustible treasures! As long as the trace of blood remaining in this corpse is transformed into the body, not only my strength will be greatly improved, and even my injuries will be able to recover extremely quickly. "

He suddenly showed an evil smile and said: "Ye Chen, if you want to defeat me, you have to be stronger and more shocking. Don't let me down, go on, let me feel death!"

Chapter 2848: He was finally afraid

Damn it! "

Ye Chen cursed in a low voice when he heard Wantong's words.

In a sense, the Vantone at this time, like the ancient ten evil Song Ze, is almost immortal in this demon burial land!

He also had to admire Vantone's blood genius. You must know that Vantone's approach, even with the support of countless corpses, is almost impossible!

Even worse than Lin Juelong's abnormal absorption!

After all, forcibly absorbing so much blood qi, it is still the blood qi of the demon race, entering the body, almost 100% will explode and die, at least, it will also cause serious injuries.

But Vantone, for some reason, can directly convert blood energy into an attack, keeping the body in a balance that will not collapse. He has even calculated how much blood energy he needs to recover from damage!

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

In this way, the impossible becomes possible!

But even so, Ye Chen is naturally not afraid of recovery. He is confident that Vantone can be suppressed, but he does not have so much time!

At this moment, seeing that Ye Chen did not move, Vantone moved directly towards Ye Chen. The place where Vantone had absorbed tens of thousands of demon corpses and vacated, at this time, actually crawled out again. Countless strangely shaped figures, and the moment this figure appeared, it once again turned into a billowing purple-black river of blood, poured into Wantong's body!

The three-sided thorn in his hand burst out with a purple-black light!

But Ye Chen's eyes flickered, and suddenly his figure flew back!

Wantong was taken aback for a moment, and then, an angry expression appeared on his face!

Ye Chen quit?

It turned out!

How can I return? Keep attacking! Keep on letting me experience death!

He roared wildly, with purple and black rays all over his body, and the whole person seemed to have turned into a black hole. More demons corpses melted into a river of blood and poured into Wantong's body, and the speed of Wantong skyrocketed in an instant. Regardless of the risk of his body breaking down, he wanted to catch up with Ye Chen and force Ye Chen to take action!

And while Ye Chen retreated, he frantically condensed all the power in his body!

The red dust and Lingfeng divine veins are running!

Xuan Yan gathered all over!

The endless magic is rolling!

The violent force, condensed in one point, controlled by force!

The meaning of true martial arts, combined with the way of killing, erupts with stronger power!

Blood Burning Art, God and Demon Reincarnation Art, Extreme Operation, Divine Blood, Reincarnation Blood and Sky Demon Body, and other strong bloodlines, inspire, inspire and inspire!

Since the ultimate sword cannot completely annihilate Wantong, then go beyond the ultimate!

At this moment, the purple-black figure flashed in front of Ye Chen, and Wantong had already caught up with Ye Chen. He laughed wildly and said, "This way, you can't hide it!"

The three-sided thorns in his hand flashed with purple light, smashing towards Ye Chen fiercely!

There was a loud bang, blood flashes, and strong wind pressure swept around, blowing countless demon corpses to pieces, flying to the distance, but the smile on Vantone's face suddenly solidified!

He stared blankly at the scene in front of him, blood flowing along the three-sided thorns, flowing to the ground, bright red blood!

This blow actually penetrated Ye Chen's chest directly, and opened a fist-sized blood hole in his chest!

Ye Chen didn't dodge, but he directly took this terrifying blow from him!

Suddenly, a powerful force came from Vantone's arm. His complexion changed, and when he looked down, he saw a hand, like an iron hoop, firmly clasping Vantone's wrist!

That is Ye Chen's hand!

"how is this possible!"

Rao is an extremely high-quality Wantong, and he couldn't help but let out an exclamation!

It's a miracle that he didn't die after taking such a blow. How could he still hold his hand?

Moreover, what's the matter with that power? Feeling the tremendous force surging in Ye Chen's body directly, Wantong's brain is about to burst!

At this moment, Ye Chen's eyes suddenly burst out with an extremely dazzling light, and shouted: "Don't you want to experience death? Don't you want me to attack? Then, just experience enough!!!"

He clung to Wantong, the long sword in his hand and the **** runes, as if burning up, bursting out dazzling blood!

At this moment, Ye Chen brewed his various powers to the extreme, and merged to the extreme. Even when he was hit by the deadly attack, Ye Chen did not dodge, just to push the limit desperately!

With this sword, Ye Chen was about to cut the so-called limit directly!

"Only I Lingxiao, Tushen breaks the sky!"

The moment the long sword was raised, Vantone's eyes seemed to have only this long sword left, his heartbeat speeded wildly, his blood was almost boiling, and his eyes were extremely obsessed...

This is what he wants to feel, this is the sword closest to death!

Time seems to slow down, everything is still for it, even the extremely fast sword slows down gradually, but Vantone, who was still obsessed with his face, suddenly appeared in his eyes. fear!

He was finally afraid.

Wantong, who has always been pursuing death, couldn't help but fear in front of this sword!

With a bang, the arm that Wantong was grasped by Ye Chen directly turned into a blood mist and burst into pieces, and the whole person turned into a purple-black afterimage, and retreated toward the rear.

His **** magical powers were used recklessly, and the endless demons turned into a river of blood, poured into Vantone's body!

Doing so may leave very serious sequelae, but at this time, Wantong knows that it can't take care of that much, life and death are on the front line!

In the next moment, there was almost no time interval, Ye Chen's sword light directly hit Wantong's body fiercely!

And Vantone's whole body has been enveloped by the extremely rich purple-black blood light, that blood light, like a cicada pupa, turns into protection!

The sword light and the purple light collided instantly, without the expected explosion or shock, but silent.

The purple cicada pupa-like blood light, the blood light that has condensed countless heavenly demon essence blood, under this sword, is silent and silent directly turned into powder and dissipated!

This sword severely slashed on Wantong's body! A huge force like a world-destroying tsunami and an indescribable sword intent poured into his body, shattering his meridians, flesh and blood, and internal organs!

Wantong's body flew backwards madly, flying backwards and crazily collapsed at the same time. He roared and roared again and again, constantly absorbing the countless corpses in this demon burial land, but it was impossible to drive away. The speed at which the body collapses!

With a bang, Vantone's remnant smashed a huge mountain directly into powder, and the whole person was buried in the dust.

Ye Chen panted lightly, his whole body was soaked with sweat and blood, the blow just now, even if it was him, was extremely reluctant!

If it weren't for the critical moment, Lingtian Arrow God in the Reincarnation Cemetery had released a part of his power to protect himself.

Otherwise, the consequences will be disastrous.

Chapter 2849: Survival instinct

This is, in the recent period, Ye Chen has been constantly fighting against Xeon Existence, invisibly, absorbing countless combat experience, martial arts insights, can do it.

At this time, there are only a handful of demon corpses around. It seems that even if this place is buried with a large number of devil corpses, it cannot withstand the absorption of Vantone. The devil corpses in this area should already be Exhausted by him!

Ye Chen appeared before the huge mountain that turned into smashed powder. With a wave of his hand, the dust fluttered, revealing the figure of Wantong buried underneath.

Ye Chen looked down at him, and Wantong took the sword that surpassed the extreme, and he still had a sigh of relief!

This first kingdom of God, the first blood genius in thousands of years, seems to be absolutely not a boast!

However, even if he is alive, he is in an extremely miserable state!

Wantong's body was almost completely shattered, only part of the upper body remained, and even the limbs completely disappeared.

He was full of breath, extremely weak, and now Wantong, I am afraid that a mortal has the ability to put it to death!

However, Ye Chen didn't immediately kill him!

Wantong looked at Ye Chen with difficulty, but could still show an extremely ugly smile and said, "Young Master Ye, should you ask me something?"

Ye Chen said lightly: "Who sent you here?"

Wan Channel: "I am the number one killer of the blood stab from the No. 1 Kingdom of God and the third ranked killer organization, the blood stab Wantong. As for Ye Gongzi, it should be the identity of the guest who commissioned our blood stab to kill you. This, I don't know either."

"Oh." Ye Chen said with a cold light in his eyes, "Then, you are of no use."

After all, Ye Chen lifted his foot and stepped on Wantong!

But Wantong smiled weirdly: "Young Master Ye, kill me, you won't see Fairy Tu anymore."

When Ye Chen heard the words, his pupils shrank suddenly, and his strong murderous intent burst out: "You guys, have you shot Tu Lanxin?"

Wantong still maintained his composure and said, "It's not us. I specifically confessed to the other killers and don't shoot girl Tu Lanxin. However, if I guess right, our guest seems to be restless."

Ye Chen frowned and said, "You mean, the person who entrusted you not only entrusted you to do something to me, but also secretly kidnapped Tu Lanxin?"

Wantong nodded and said: "Yes, it seems that this customer is not at ease with me. If I fail to wait, Tu Xianzi will become his bargaining chip against you!

And to find out the identity of the client, only to find the headquarters of the blood stab.

My blood stab headquarters, although it is hidden, with Ye Gongzi's ability, it must take a little time to find it, but, Ye Gongzi, do you think you have that time? "

Ye Chen's expression sank. If Tu Lanxin really fell into the hands of the gangster because of him, he would naturally rescue her as soon as possible. Even if it was a second earlier, Ye Chen was willing to pay countless prices for it!

Ye Chen stared at Wantong Channel: "Can you tell me where the bloodstab's headquarters is?"

Wantong laughed and said, "I am also the number one killer of blood stabs, of course, but Ye Gongzi should be able to find where Fairy Tu is now, right?"

Why not take me to that place first, confirm what I just said, and then make a decision? "

Ye Chen looked at Vantone's expression, but his heart became heavier, because at this time Vantone was incredibly confident!

At the next moment, Ye Chen grabbed the remnant of Wantong abruptly, headed in a certain direction, and moved quickly!

...

Somewhere in the Mangshen Mountains, a woman wearing a black gauze dress with an extremely cold face was dripping with sweat and she was struggling to brandish a long sword in her hand to resist the attacks of the corpses!

This woman is really Tu Lanxin!

As Ye Chen expected, with Tu Lanxin's strength, even if it were to resist these demon corpses, it was already extremely hard!

But suddenly, the thousands of demons stopped their movements at the same time!

Seeing this, Tu Lan was taken aback for a moment. What happened?

At this moment, a figure in the group of demon corpses appeared in Tu Lanxin's beautiful eyes, a figure of a man.

A touch of joy appeared on Tu Lan's pretty face, "Is Ye Chen you?"

To be able to frighten these tens of millions of demon corpses at the same time and find himself again, Tu Lan thought of Ye Chen subconsciously.

However, when the man heard the words, he let out a chuckle and said: "Xianzi Tu is so infatuated. The first time he thought of that kid?"

That is a completely strange voice!

Tu Lanxin's beautiful eyes trembled, which could stun thousands of demons, find herself, and know her name...

With her wisdom, she naturally thought that she and others were designed by others, and that this person is very likely to be related to the demon!

And that mysterious man, if it weren't Ye Chen, it was very likely that he was the man behind everyone trapped in the formation this time!

Her complexion changed, and the sword intent all over her body was agitated, and the sword pointed at the slowly approaching man's voice, and said softly, "Who are you, don't come over!"

She knew that since this man was able to control these corpses, no matter what his strength, in this big formation, she could never be the opponent's opponent!

All she can do is procrastinate!

At this time, the man finally walked to Tu Lanxin's body. His face was handsome, his facial features were deep, and a curl of bangs hung in front of his forehead. He was the genius disciple of Ten Thousand Fazong, noble!

Gao Yin seemed to know Tu Lanxin's plan, with a faint disdain in his eyes, but he introduced himself in a polite manner: "Fairy Tu is polite. Next, his name is Gao Yin. He is a true disciple of the Ten Thousand Fa Sect."

Wan Fazong!

Tu Lan's heart was shocked, as if she had been struck by lightning!

Wan Fazong, the first-class power of the First Kingdom, has colluded with the demons!

And this Gao Yin, since he told himself this kind of thing, obviously, he didn't intend to let her go...

The next moment Tu Lanxin, without hesitation, cut towards Gao Yin with a sword! It's not her habit to sit and wait!

Gao Yin's expression was faint, as if he didn't even mean to dodge.

And the sword that exuded extremely strong sword energy, at a distance of less than an inch from Gao Yin's eyebrows, stopped, rolling sword energy, and instantly turned into nothingness!

Tu Lan's pretty face was pale, and her beautiful eyes were full of incredible colors!

How could this be?

Why can't I cut my own sword? It seems that her body is not under her control! !

Gao Yin smiled sarcastically: "Fairy Tu, isn't it curious, why can't you do something to me?"

"Hehe, if the difference in strength between the two is too large, they will instinctively fear, shrink back, and slaughter Fairy. Your martial arts instincts and survival instincts are all telling you, my son, it's not something you can offend, you, do you understand?"

Chapter 2850: Forcing the blood stab!

Tu Lan's pretty face was full of frost, and as soon as she retreated, she was about to flee towards the back, but at this moment, she only felt that a flower in front of her, the high-yin figure disappeared!

At this moment, a high-pitched voice sounded from behind her: "Fairy Tu, don't make senseless struggles, okay?"

Gao Yin actually appeared directly behind Tu Lanxin.

Tu Lanxin paused, then turned around in an instant, looking at her nobility, her pretty face was full of shock.

She clenched her silver teeth, her beautiful eyes kept flashing...

Think about it, is there any way to delay...

She believes that Ye Chen will find herself soon. As long as Ye Chen comes, even if it is so weird and terrifying, there is nothing to fear!

Gao Yin seemed to see through her mind and smiled and said, "Are you trying to delay time?"

WINK to \$1: Secure Your Spot Now!

Tu Lan was silent.

Gao Yin continued: "Actually, it doesn't matter if Ye Chen finds him here, but it's a pity that when my son came to look for you, he was accidentally discovered by the kid named Song Jinyi.

Although, he has been seriously injured by this son, it is estimated that he will not live long? However, this kid is indeed a bit weird, this young man was accidentally escaped by him?

In order to avoid extra-junctions, I can only choose another place to be the venue for my decisive battle with Ye Gongzi, and you are the bait. "

He smiled at Tu Lan's heart, showing a clean white tooth and said: "After all, you also know that, in case I have a connection with the demon clan, if someone discovers it, spreads it out, and is besieged by the seven gods, even if it is My Wanfazong is a bit too much."

"Scum!"

Tu Lanxin's beautiful eyes were full of resentment. Whether Gao Yin wanted to use himself as a hostage, or as a human being in collusion with the demon, only this word can describe it!

"You scold me?"

Gao Yin's complexion sank, his figure flickered, and he reached Tu Lanxin's body and slapped him towards Tu Lanxin's pretty face!

With a snap, Tu Lan's heart didn't even react, she was knocked to the ground by Gao Yin's palm, her pretty face was slightly swollen, the corners of her mouth were bleeding, and the whole person was fainted by this palm!

Gao Yin squeezed Tu Lanxin's chin playfully, and said with a smile: "She looks extremely beautiful, such a beautiful woman, Ye Chen will never give up, right? Haha..."

He sighed suddenly: "Unfortunately, my son is not interested in women."

After that, he opened Tu Lanxin's storage bag, threw a jade card on the ground casually, and disappeared from the place with Tu Lanxin.

The corners of Gao Yin's mouth with a playful smile, like a cat playing with a mouse.

After all, since it is a hero who saves the United States, it has to be a little bit more difficult, a little bit twisty, right?

Isn't it boring to be found by Ye Chen too easily?

Soon after, Ye Chen rushed here with Wantong, and he saw the jade card thrown on the ground at a glance. In his eyes, it seemed to flash through the thunderous thunder that extinguished everything!

At this moment, the surrounding demons roared towards Ye Chen.

"Get out of here!"

Ye Chen yelled violently, the sword light exploded and annihilated everything!

The biting sword light, like a giant frost dragon, not only swallowed thousands of demon corpses, but even the demon sect's large formation was cut open by Ye Chen's angry sword, and Ye Chen's figure flashed. , Broke out directly!

He wanted to find the location of the bloodstab headquarters immediately, and figure out who did it all!

He promised that no matter who it is, he must pay the price!

...

Somewhere in the wilderness of the First Kingdom of God, where all kinds of tyrannical monsters and beasts are rampant, it is a deserted land, in the wilderness, there is a stone cave, this stone cave, which seems to be an ordinary existence, has been extended to the ground. Knowing how far, there seems to be something in the darkness, watching the entrance of the cave.

Suddenly, at the entrance of the cave, a figure flashed, and a gloomy young man appeared there!

This stone cave is where the entrance to the blood thorn that Wantong said!

Ye Chen flickered and flew towards the cave, and in a blink of an eye, he reached the bottom of the cave!

At the bottom of this cave, there was an extremely magnificent **** gate!

On the door, there is a ghost hand-like pattern engraved, which is a sign of blood thorns!

Ye Chen stood in front of the gate, flipped his wrist, and a dark long sword appeared in his hand!

Two figures, lurking in the darkness on the side of the gate, seem to be two men in black robes, one fat and one thin!

The thin man among them exclaimed: "Hey, someone is coming!"

The fat man's face changed when he heard the words, and he immediately looked at Ye Chen, but when he saw Ye Chen's figure clearly, he smiled disdainfully and said: "Hehe, Slashing Evil Realm? This kind of waste, dare to break in. I bloodstab the headquarters? I'm afraid I'm lost, right? I took action and solved it!"

"and many more!"

At this time, the thin man suddenly grabbed his companion.

"What's the matter?" The fat man looked at the thin man, with a hint of incomprehension flashing in his eyes. Solving an Evil Realm waste is a matter of crushing ants, so wait?

What can I wait?

The thin man smiled and said, "It's too boring to kill you directly. That **** prison dog hasn't eaten people for a long time, right? Hey, don't you want to see, the **** prison dog killed this kid alive and swallowed it? The scene? Think about this kid's fear and screaming appearance, that must be interesting, right?"

The fat man's eyes brightened, he patted the thin man on the shoulder and smiled: "You are still smart, I'm going to release that blood prison dog!"

Just as Ye Chen raised his sword and was about to cut to the **** gate In the darkness, there was a sudden roar of beasts, a burst of extremely stench, rushing towards Ye Chen!

A pair of blood-colored eyes gleamed with cold light in the darkness, and the **** eyes exuded extremely bloodthirsty, extremely hungry color!

In the next moment, a blood-red giant dog with sharp fangs and cold claws, like a giant bear, rushed towards Ye Chen!

The giant dog's body exudes extremely strong blood, as if it has swallowed countless flesh and blood, it is a terrifying monster with strong blood!

The two black-robed men in the darkness both had cruel smiles and their eyes gleamed, looking forward to seeing the scene where Ye Chen was bitten to death by the blood prison dog, and they seemed to have heard what Ye Chen said. Scream! !

Ye Chen glanced at the blood prison dog indifferently, raised his hand with a sword, and slashed towards the blood prison dog!

When the two men saw this, they both showed sarcasm. An idiot, a trash from the Evil Realm, saw the blood prison dog rushing forward, not wanting to run, dodge, and even attack the blood dog?
