

Urban 2851

Chapter 2851: No longer exists!

Moreover, they could see that this kid was pretending to be calm. In fact, his heart was so panic that he couldn't describe it, he couldn't think normally, right?

This sword, they can see clearly, Ye Chen did not use any martial arts, above a sword, without a trace of spiritual power, it is an ordinary sword, completely relying on physical strength, slashed out!

The sarcasm smiles on the faces of the two became more intense, attacking the Blood Inferno with pure power?

Seeking death while looking for death!

The Blood Hellhound is originally a monster with an extremely powerful and powerful body, but what about the Human Race?

The actual combat power of the human race is mainly in spiritual power. Even if it is physical cultivation, unless the existence of those eternal evildoers, it is difficult to compete with the powerful monster beast!

All this shows that Ye Chen can no longer maintain his rationality!

This sword is a panic-stricken sword. It can't have any effect. Even the skin of the blood prison dog can't be cut, right?

Just when the two of them thought about this, Ye Chen's sword finally fell on the head of the **** prison dog that flew over!

The next moment, there was a loud bang, and an incredible scene appeared!

Ye Chen, under this casual sword, the blood-hound dog that looked extremely fierce and solid muscles was actually direct, exploding into a cloud of blood, and dissipating out of thin air!

In the darkness, when two men, one fat and one thin, saw this, they were completely sluggish!

The ridiculous smile on the original face instantly solidified, and for a time the two of them seemed to be frozen directly by an extreme cold storm!

What happened just now?

They rubbed their eyes in unison, thinking they had seen an illusion!

However, what they saw standing in front of the blood red gate, under the dim torches on both sides of the gate, was always Ye Chen!

Everything is real!

On the contrary, the blood hound they just released did not even leave a trace of existence, just like an illusion!

The thinking of the two is about to burst!

The young man in the Evil Slashing Realm in front of him was actually able to annihilate the Blood Prison Dog with a single sword.

It seemed that he was very relaxed, and he didn't use all his strength at all!

What kind of horror is this?

The two tremblingly took out a jade medal and wanted to send a letter to the blood stab companions. They didn't know why Ye Chen possessed such incredible strength, but such strong men had no knowledge. Appeared at the door of Bloodstab Headquarters, I'm afraid, the visitor is not good!

But without waiting for them to speak, the young man raised his long sword again!

The fat and thin man's pupils shrank, Ye Chen, what is he going to do?

next moment!

There was a loud bang, and the fat and thin men were all with their mouths open and dumbfounded, and their chins were about to fall to the ground!

Ye Chen, with a sword, directly smashed the **** door in front of him!

That gate was made of countless top-quality materials, several ancient formations, and reinforced. The chaos realm peak existed, and it couldn't be broken at all, so it was smashed by Ye Chen's sword?

The two of them trembled, and their hearts were cold. After a glance, they all directly dropped the jade card in their hands, fleeing away from the stone cave!

As for all the killers in the entire Bloodstab headquarters, their faces were shocked at this time!

Because of Ye Chen's sword, the entire Bloodstab Headquarters was in a violent shock, as if a magnitude ten earthquake had occurred!

A silhouette of a man rushed into the blood stab!

Several assassins in black robes appeared at the entrance of the headquarters with a flash of figure. They wanted to see what happened outside the door, but suddenly their pupils shrank!

Because they saw at the broken gate, a young man with a cold face holding a long sword rushed directly into the headquarters!

"stop!"

"Who would dare to break into my bloodstab headquarters?"

"Don't want to live anymore?!"

Several people shouted violently, and shot at Ye Chen. For a time, the boundless murderous intent curled up, and in the passage at the entrance of the blood stab headquarters, there was a violent wind, agitation, all kinds of martial intent, and the void filled the void!

The killer who can stay in the headquarters, how can there be weak? The lowest is also the pinnacle of the Evil Realm!

The first shot is full of weather, a sea of blood churning, murderous intent, and extremely fierce!

This passage is like a death road to hell!

But in the face of the attacks of these assassins, Ye Chen didn't even change his expression at all. The speed of advancement did not drop at all, and he slashed towards these assassins with a single sword!

Unpretentious sword!

But this simple and unpretentious sword brought endless wind pressure, blowing out cracks in the walls and floors!

That kind of martial intent and attack were suppressed by the wind at the same time, suppressed, and dissipated!

The elite assassins of the Chaos Realm actually vomited blood in an instant, and they flew backwards and slammed into the wall. They carved the wall made of extremely strong spar. Crashed!

They fell to the ground limp, covered in blood, dying!

This strength gap, one place every day!

With a single sword, you can kill three Chaos Realm killers in seconds. It's terrifying!

Along the way, more and more killers were blocking, but Ye Chen could easily kill and suppress these killers in seconds!

In an instant, most of the assassins in the blood stabbing were defeated by Ye Chen. This dazzling No. 1 Divine Kingdom and the third-ranked assassin organization was almost destroyed by Ye Chen alone!

Finally, Ye Chen entered the hall of blood thorns!

On the first seat of the hall, sitting a middle-aged man, the middle-aged man was pale with a wisp of mustache, and looked kind, like a businessman.

Ye Chen's eyes narrowed. According to Wantong, this seemingly friendly middle-aged man is the leader of the bloodstab, named Xiang Yuan!

At this time, the leader of the blood stab smiled at Ye Chen mildly and said: "This son, come to my blood stab, what's the point?"

Ye Chen is clearly an intruder or an extremely overbearing intruder, but this distant tone is extremely gentle, as if he is treating guests and friends.

Ye Chen stared at Xiang Yuan and said, "You don't know me?"

Xiang Yuan smiled and said, "It should be the first time the son and I have met. How can I recognize the son?"

A cold light suddenly burst into Ye Chen's eyes, and Sen Han said: "I don't have time to talk nonsense with you here. I will only give you a chance to tell me who is going to kill me. Otherwise, you will regret!"

Hearing this, Xiang Yuan picked up the tea cup on the table unhurriedly, lifted the lid, blew it gently, and took a leisurely sip of tea before he smiled and said to Ye Chen: "My son, how can I let me regret?"

Ye Chen looked at the teacup in Xiang Yuan's hand, and his whole body became more murderous, and said coldly: "From now on, the blood thorns will no longer exist!"

Chapter 2852: Believe it!

Ye Chen's voice was like a cold wind blowing from Jiuyou, causing the entire hall to fall into dead silence!

The next moment, Xiang Yuan, who was sitting on the main seat, suddenly burst into laughter!

After three laughs, the gentle expression on Xiang Yuan's face disappeared. He cruelly squeezed the teacup in his hand to smash, and shouted at Ye Chen with an extremely vicious expression:

"You really treat me as a blood thorn, are you a soft persimmon that anyone can knead!"

"Shihej, Zheng Ye, come on to me!"

He is the dignified leader of Bloodstab, and Bloodstab is the third-ranked killer organization in the First Kingdom!

Dare to take a blood stab and threaten him Xiang Yuan?

This is not seeking death, what is seeking death?

The assassination business, to a large extent, is a business of reputation!

If today, he was threatened by Ye Chen, and if Ye Chen was let go, then the blood thorn would be real, or it would cease to exist!

Therefore, Ye Chen must die!

If you threaten anyone, don't threaten a killer, let alone the killer's boss!

He didn't know why Wantong would let Ye Chen go, but his blood stab was more than just Wantong a powerful killer!

As for Wantong to be defeated by Ye Chen?

Xiang Yuan never even thought about it! That is impossible!

Ye Chen said faintly, "Xiang Yuan, the choices you have made in your life should be very successful, otherwise, the blood spurs will not develop to where they are today, but this time, you are wrong, and the wrong is very serious. !"

"One wrong step, you lose every game!"

The next moment, two figures suddenly rushed out of the shadow in the corner of the hall, and at extremely fast speeds, one left and the other right, attacked Ye Chen!

Ye Chen knew that these two people were the second and third killers in the blood stab!

The one on the left is a bald man with dark skin and a few hideous scars on his face. His name is Shi Hei. He has been cultivated to the eighth level of Chaos Realm. He has performed missions in his life, 139,200 pieces, and failed, 130 Ten pieces, the blood assassin list, ranked third, known as the Black Fiend!

On the right, there is a man who looks personable and always has a smile on his face, showing two dimples. Naturally, he is Zheng Ye. This man has been cultivated to the nine-level chaos realm, and he has performed missions for one hundred and fifty thousand. Three thousand five hundred pieces, the number of failures, 13 pieces, the blood stab killer list, ranked second, known as the smiley ghost, is the blood stab second only to Wantong killer!

The weapon Shi Hei uses is a meteor hammer. At this time, the meteor hammer is spinning frantically, at an unimaginable speed, accumulating energy crazily, while Shi Hei rushes towards Ye Chen, while constantly pouring his spirit power into it. In the Meteor Hammer, on the Meteor Hammer, the rolling black awns erupted, like a black evil star in the sky, with an aura of annihilating the world, it slammed towards Ye Chen!

But Zheng Ye used a long sword. Its sword intent was turbulent, and the sword body buzzed. In the buzzing, it seemed to contain the cry of thousands of ghosts. Obviously, the sword was contaminated. The blood condenses the resentment of countless souls!

His entire figure is also moving, becoming more and more weird, more and more blurred, looking light and fluttering, like a ghost, but the speed is extremely fast! Obviously, a very special body technique was used!

This Shi Hei and Zheng Ye, one is fierce and the other weird, but they all have a common feature in their moves, that is, killing intent!

The two men shot extremely fiercely, their killing intent almost turned into substance, whistling in the whole hall, they all shot with full force 200%, and there was only one thought in their hearts, that is to kill Ye Chen!

Moreover, under their cooperation, they are incomparably incomparable tacit understanding, almost seamless. Obviously, the two have no idea how many times they have joined together!

But at this moment, Ye Chen stood still and didn't move!

The two of them are indeed very strong, already extremely terrifying killers, under their joint hands, it is even more suffocating!

However, even if they join forces, there is still a gap with Wantong!

And even if it is the No. 1 killer Wantong, if there is no Demon Burial Ground as a backing, facing Ye Chen, there will only be one result!

That is, defeat!

At the next moment, Ye Chen moved!

He exploded with the intent of real martial arts, with great power, galloping in his body, with a sword in his hand, and a flash of blood, a killing intent that was more terrifying than the stone black, Zheng Ye, swept against the sky!

All of a sudden, Shi Hei, Zheng Ye, and Xiang Yuan's complexion changed!

What a murderous!

Shi Hei and Zheng Ye are super killers who kill countless people, but now they find that their murderous aura is not as good as Ye Chen?

how can that be? It's incredible!

Ye Chen sneered slightly, killing a lot of people, must the murderous aura be stronger?

What level of terror did Ye Chen kill? What's more, in the illusion of the Zhenshen Tower, Ye Chen has experienced the baptism of the battle between humans and demons!

How can the murderous spirit honed in this way be comparable to an ordinary killer?

The extremely terrifying Senhan sword light, accompanied by the power against the sky, poured out, colliding with the black light on the black meteor stone black meteor hammer and the sword light on the smiling ghost Zheng Ye's long sword!

With a loud bang, the blood stab headquarters, actually under the aftermath of the three attacks, began to shake wildly, tremble, countless rubbles fell, the walls and the ground cracked, and they actually tended to collapse!

Two figures flew out fiercely, like a cannonball, flying past from the sides beside Xiang Yuan!

With a loud bang, their bodies slammed into the palace wall behind Xiang Yuan, and the wall shattered instantly!

And this powerful impact directly smashed the flesh and blood of the two of them like mud!

Xiang Yuan, who dominated the blood stabbing for tens of thousands of years, became the first underground power of the kingdom of God, and one of the three giants. At this time, he was already completely scared and stupid, his face completely lost blood. !

He turned his head innocently, and glanced at Shi Hei and Zheng Ye beside him. These two fierce names have made countless warriors of the Kingdom of God and terrifying peerless killers. At this time, he was completely dead, dead, and extremely dead. miserable!

The blood stab ranked second and third assassins, together, they were actually killed by Ye Chen! ! !

Xiang Yuan trembled all over looking at the man in front of him with incomparable fear. The words Ye Chen said before have been lingering in his mind...

He will regret...

The blood thorn will no longer exist! ! !

Xiang Yuan, who originally sneered at this, has now completely believed it!

In his life, he has gone through countless storms, how big a crisis, he has survived smoothly!

There have been countless people threatening him, intimidating him, and he is still the last ridiculous! !

But this time, he was wrong!

Xiang Yuan, who has been in the top position for a long time and has been in charge of the blood stab for many years, has long lost his heart of awe. He now fully understands that for so many years, he can laugh to the end not because of his choice and how good it is, but Because he hasn't met a truly terrifying opponent!

Chapter 2853: Ji Siqing's stubbornness!

Now he met!

He provokes an existence that he can never provoke!

This ruling the First Kingdom of God and the Third Killer Organization has made countless people of the Kingdom of God fear and dare not even think of the bloodstab of the leader, but now, it is like a scared child!

He knew that the blood thorn was going to die...

Being crushed by the young man in front of him with his own power is as simple as crushing an ant nest...

Just like Ye Chen said, one step is wrong and all the games are lost!

Ye Chen walked to the front of Xiang Yuan, suppressed by the strong aura, this horrible hero, amidst this terrifying aura and the stormy sea, had no resistance at all, and he knelt directly in front of Ye Chen.

Ye Chen looked down at him and said coldly: "Say!"

At this time, where did Xiang Yuan care about the rules and reputation?

He just wanted to stay away from Ye Chen quickly, at all costs!

Xiang Yuan said tremblingly: "The person who delivered the task is a genius disciple of Ten Thousand Fazong, Gao Yin..."

Ye Chen's heart was shocked, it turned out to be Ten Thousand Fazong?

Although he killed the disciple Kong Xian of Ten Thousand Faset and offended Kong Chi, the ancestor of Ten Thousand Faset, but!

This time, it's more than just revenge!

This time, the people targeted at him are obviously inextricably linked with the demon. Ten thousand Fazong is the first kingdom of God, an extremely powerful first-class power. If Ten thousand Fazong betrays the human race and colludes with the demons, the consequences will be Unimaginable!

Even Ye Chen's face changed after hearing the name of Wan Fazong!

At this moment, Ye Chen suddenly understood why he divided the Kingdom of God into seven parts in his previous life.

Any part of these seven parts may be contaminated with the demons, but if there is a country that can take care of itself, there is hope for the kingdom of God!

He looked gloomy, but even if the person who commissioned the blood stab to assassinate him was really the Ten Thousand Fazong, there was no substantive evidence to prove that it was really implicated in the Demon Race. Now, the top priority is to rescue Tu Lanxin!

Ye Chen exhaled heavily and shouted at Xiang Yuan, "Do you have evidence?"

Upon hearing this, Xiang Yuan respectfully took out the jade slips and other things Gao Yin had handed over to them.

Ye Chen took the jade slip and scanned the past carefully...

Suddenly, Ye Chen opened his eyes, and the light flashed in his eyes!

At the end of this jade slip, a position is recorded, which looks inexplicable.

Moreover, with Ye Chen's body of demon thinking, this position was obviously added later, if he guessed correctly, it should be the work of the ten thousand Fazong!

There was a sneer at the corner of Ye Chen's mouth, ha ha...

This Gao Yin kidnapped Tu Lanxin, and left a position in this jade slip. It seemed that he had guessed that the blood thorn would miss his hand?

But the most important thing is that even if this person knows that he has the strength to crush the blood stab, he is not afraid to leave such a message, it is as if he is inviting himself!

The cold light flashes in his eyes, and the address left by Gao Yin is probably a trap, but!

Whether it is a trap or not, Ye Chen can only break through!

What about the trap, just smash the trap with one punch!

At this time, Xiang Yuan glanced at Ye Chen and said: "Young Master Ye, the villain is ignorant. He has offended you and has already known his mistake. Can you spare the villain a dog?"

Ye Chen looked down at Xiang Yuan, suddenly raised his hand, a slave carved into Xiang Yuan's body, coldly said: "If you still want to survive, go to the Shenmeng now and tell everything you know. The leader of the God League."

When Xiang Yuan heard this, instead of being angry, he kowtowed with great joy: "The villain understands!"

Ye Chen planted a slave engraving on him, which meant that he was really going to let him go!

Ye Chen's figure flashed, and instantly disappeared from the bloodstab headquarters.

Xiang Yuan knelt on the spot, his face looked stunned. After a while, he took out a book with four big characters on the cover.

"The banned list!"

Every killer organization will have such a banned list, which represents an existence that must not be violated no matter how big its interests are!

And such powerful forces as Blood Spike, Eye of Death, and Absolute Sword, often have very few names on the ban list!

This banned list is mostly blank, with only one name written on each page, and the entire book, with names written, does not exceed ten pages!

Moreover, the first page of the banned list is blank, because so far, Xiang Yuan has not found an absolute existence that can be written on the first page!

At this moment, he slowly wrote Ye Chen's name on the first page with his own blood, sighed, buried the list under the main seat, and left here when he moved.

He knew that the blood spur was completely over, and it had lost the top three killers. What capital did the blood spur have a foothold?

...

At the same time, Samsara Valley.

The two figures just stood there without taking a step.

These two people are Ji Siqing and Qu Xueyong.

The two have been standing here for a few days.

It's not that two people don't enter it, but they can't enter at all.

There is a very strong barrier in the transparent air.

And deep in the barrier, there is an ancient inscription.

"Life and death are endless reincarnation, who dares to say victory or defeat."

This line of text is so powerful that it can control Ji Siqing and Qu Xueyong from taking a step.

Qu Xueyong's legs were slightly numb.

After all, it has been standing here for too long, even if there is enough cultivation base, it will be suppressed by the restriction under the feet.

He looked at Ji Siqing, hesitated for a long time, and still said, "Ancestor, when are we going to stand?"

"It's been several days."

"That person won't open the ban, let us in."

However, Ji Siqing still hugged her chest with her hands, her eyes closed tightly, the breeze hit, her eyelashes trembling.

Quite beautiful.

"Keep waiting."

The simple three words represent Ji Siqing's attitude.

Qu Xueyong was a little helpless, so she could only close her eyes and listen to Ji Siqing's words.

He used the remaining spiritual power of his dantian and continued to suppress the **** from the ground.

After another hour, Qu Xueyong couldn't hold on anymore and sat down on the ground. of

Then, a faint trace of lines circulated on the ground he was sitting on!

Suddenly, a few black vines grew out of the ground, and the vines spread quickly, instantly locking Qu Xueyong.

Even more bizarre, an invisible force seemed to swallow Qu Xue bravely underground.

"Ancestor, save me."

Qu Xueyong at the moment was a little flustered and said loudly.

However, Ji Siqing still closed her eyes, but her delicate hand moved slightly.

It's secretly pinching! !

When the pinch was over, Ji Siqing's body burst out with a blue light!

The black vines seemed to have seen something terrifying, and they disappeared and returned to the ground.

Chapter 2854: Pull down the altar! Eternal Purgatory!

Qu Xueyong exhaled a long breath, and quickly arched his hands: "Thanks to the ancestor."

Ji Siqing ignored it. Suddenly, he opened his eyes and stared at the end of Samsara Valley.

Then, a faint voice sounded: "You old, long time no see."

Qu Xueyong was startled, there are people nearby?

But why didn't he feel it?

When Qu Xueyong was puzzled, the space in front of him fluctuated, and a black spatial vortex suddenly formed.

And there was an old man standing in the middle of the whirlpool.

The old man's eyes are flowing with runes, and his whole body is exuding extremely terrifying power of reincarnation!

Obviously, the old man's cultivation is extremely strong!

The old man looked at Ji Siqing weirdly, and said curiously: "Girl, do you know me?"

"interesting."

"It's been a long time since no one came to see the old man."

"Although I am interested in you, the Valley of Samsara is not waiting for people to come."

Ji Siqing smiled slightly: "Wait, do you really think I'm a busy man?"

"Ye Jiuyou?"

In an instant, the old man's expression changed!

There are many people in the world who know that his name is You Lao, but only a few people can accurately tell his name!

He raised his eyebrows and asked, "Girl, who are you!"

The next moment, the old man exudes a strong sword intent!

And Jian Yi abruptly left towards Ji Siqing!

If you hit, you will die!

Ji Siqing did not dodge, let alone fight back!

"Snapped!"

The sword intent passed by, like a thunder flashed by.

Ji Siqing's veil instantly turned into a white feather.

A beautiful face appeared.

That beautiful suffocating face is like a rare item in the world.

Even gods dare not blaspheme this.

More importantly, Ji Siqing's eyebrows were flashing a faint rune.

Mysterious and mysterious.

When Old You saw this scene, his expression was extremely strange. He thought of something, his body stepped back unbelievably, and said with a trembling voice: "Who are you...Who are you? Are you...Miss Qu?"

He has seen the rune on the eyebrows!

And very familiar!

Only one person in the world has this rune.

This was once a taboo in the world.

He thought that the ancient time was over, the owner of the rune had fallen to the world, and he could not even enter the cycle of reincarnation.

Unexpectedly, this time, he actually saw it!

The key is that temperament, that look, exactly the same!

Can't be wrong!

Ji Siqing nodded: "Then am I eligible to enter now?"

The old man suppressed the shock in his heart, thought for a few seconds, and shook his head: "Miss Qu, although I don't know why you are on this body, you still can't. There is an order on it that no one can step into the core of the reincarnation valley. Half a step."

But in the next second, Ji Siqing took a step.

Space vibrates, an invisible force collides!

Ji Siqing's red lips turned out to be a trace of red blood.

Ji Siqing's current cultivation base could not stop the power in front of him.

It can be seen how terrifying the core of this reincarnation valley is!

"Ancestor!" Qu Xueyong was extremely moved, but didn't know what to do!

And Old You's expression became more and more ugly: "Miss Qu, why are you doing this?"

"With the fall of the Lord of Reincarnation, the situation has changed a long time ago. Now it is the one who controls everything, not to mention the kingdom of God. Outside the territory, the last term was controlled by that one."

"Even if you go through reincarnation and come back here, but now it is not ancient."

"Miss Qu, you give up."

"I won't tell anyone, you have been here."

However, Ji Siqing took another step!

A stronger force that does not belong to the kingdom of God is coming!

"puff!"

Ji Siqing vomited a mouthful of blood this time.

The white clothes are stained a bit, like an aloof plum blossom picture.

"If you don't let me in, I will break through, do you understand?" Ji Siqing's weak voice sounded.

This is her stubbornness.

Old You You's eyes are a little bit reluctant, but how to open the restriction here.

Because once opened, the situation of the girl in front of her will be more dangerous.

"Miss Qu, you really don't force me."

"The old man is just a gatekeeper, don't make it difficult for the old man."

After the words fell, Ji Siqing took another step!

This time, Ji Siqing's white clothes turned into blood.

Her hands are dripping blood!

Her eyebrows were dripping blood.

The pale face seemed to tell the injustice of the world!

Seeing this scene, Qu Xueyong was already kneeling on the ground!

"Ancestor, what are you doing!"

"You are the composer's only hope!"

However, Ji Siqing was unmoved, his stubborn eyes fixed on the old man not far away!

Keep going step by step!

It seems to take a small step very hard.

No one knows what level of power her slender and weak body bears!

This power even surpassed the chaos realm, even surpassed the heavenly **** realm!

The violent power crushed everything in her body!

Withered vegetation! The ground is broken! It spreads in all directions like a spider web!

There was a strong sense of shock from all ten miles!

"Miss Qu! Don't go! Really don't go! Take another step and you will die!" The old man actually roared.

At this moment, Ji Siqing smiled!

She stretched out her hand, the blood-stained hand, pointed at You Lao!

Word by word:

"Ye Jiuyou! It's been so long, have you forgotten your last name!"

"Your surname is Ye! You are from the Ye family, the first clan of Eternal Age!"

"What you cultivate is the Ye Family's technique!"

"What is flowing in your body is the blood of the Ye Family!"

"What are you afraid of!"

"Afraid of the tall woman? Afraid of the sovereign holding the supreme power? Afraid of the ambitious and mean villain?"

As soon as these words came out, the sky thunder rolled!

The sky above Ji Siqing actually tore a void!

The violent Crimson Thunder Tribulation flashed!

This Thunder Tribulation is incredible!

Once it comes! Ji Siqing at this moment must die!

If Ye Chen endured the thunder tribulation before, it was the wrath of heaven!

Then this scarlet thunder robbery is something no one dares to touch, the anger of rules!

Ji Siqing looked at the thunder robbery above the sky and smiled. She stretched out her hand, pointed at the thunder robbery, and said a sentence she had never said before and said: "Smelly bitch, do you really think you won? "

"The game, but it has just begun!"

"In my last life, I lost to you!"

"In this life Ye Chen and I will pull you off the altar! Seal purgatory forever!"

In an instant, thousands of red thunder descended!

It's like a disaster of annihilation, wanting to obliterate everything!

Billowing Leiyin even caused the warriors within a hundred miles to spit out a mouthful of blood.

The sky is depressing!

Ji Siqing at this moment is in danger!

However, Ji Siqing had no fear in his eyes!

On the contrary, what is reflected in the pupils is extreme determination!

A sword appeared in her hand! !

A sword as unyielding as her!

She wants to challenge the rules!

Chapter 2855: Ji Siqing? Qu Chenyan?

now.

The scarlet thunders converged into an ancient rune unexpectedly.

The rune carries the mighty power, like a thunder grave that suppresses countless strong men!

Qu Xueyong was short of breath and wanted to blow himself up to save Ji Siqing, but found that he was confined by an invisible force!

Even he was blown out abruptly!

Spit out an extremely rich blood!

Old You's eyes were complicated. He wanted to make a move countless times, but it was no longer where he could intervene.

This is more than just anger!

This is a violation of the rules of the world!

This girl shouldn't do anything wrong, just insult that one!

"Boom!"

Seeing that the scarlet thunder was about to touch Ji Siqing's sword intent!

Suddenly, the abnormality came out!

The weird mark on Ji Siqing's eyebrows burst out with an extremely bright light.

Then, a phantom suddenly shot out from the center of the eyebrows.

That is a woman!

A woman like Ji Siqing.

However, regardless of temperament and force, it far exceeds Ji Siqing!

Your old body is trembling!

His knees fell on his knees unexpectedly!

"Ye Jiuyou has seen Miss Qu!"

If Ji Siqing can't shock the old man, the virtual presence in person seems to have brought the old man back to the age of war!

However, the arrogant phantom just glanced at You Lao indifferently, and in the next second, it was cut towards the scarlet thunder!

One sword!

Surrounded by petals!

Void torn!

Everything vibrates!

This sword surpassed the martial arts rules of the Kingdom of God!

With this sword, countless gusts were set off, and the whole world seemed to be in a scene where chaos had begun!

This sword smashed the extremely terrifying scarlet thunder directly!

The wind stopped.

The dust fell.

The phantom returned to Ji Siqing's body.

And Ji Siqing also vomited a mouthful of blushing blood.

The strength of overdrawing her previous life will naturally cause some loss to her.

But she must do this.

Ji Siqing slowly raised his head, his eyes fell on You Lao, and said lightly: "Ye Jiuyou, are you sure not to open the restriction now?"

Just as Old You was about to say something, Ji Siqing interrupted directly and continued: "There is something, you may not know, this life is not the only one for me."

"And the Lord of Reincarnation."

"Your emperor is back."

As soon as he said this, the old man was dumbfounded.

The sunken eye sockets turned red.

His scalp was numb and his body was trembling, he couldn't believe it.

"Miss Qu...really...is this true?"

Ji Siqing's eyes were calm: "Ye Jiuyou, do you really think the Lord of Reincarnation will fall so easily?"

"He controls reincarnation, can't it be arranged in reincarnation?"

"Or, for so many years, you have long believed this ending?"

"I'll tell you again, not only did he come back, he is now on the land under your feet!"

"He is in the first kingdom of God!"

Ji Siqing knew very well that Ye Jiuyou could not betray.

It's just that in the endless years, I slowly accepted the result and became cowardly.

The most terrifying situation for people is that there is no hope.

Ye Jiuyou is like that!

Ye Jiuyou was breathing fast, he stared at the girl in front of him!

Suddenly, he stood up and took out a somewhat special jade medal!

A drop of blood is forced out!

The jade card broke free from his hand and flew into the air.

A faint colorful light covering!

Suddenly, Ji Siqing's ban on fluctuations!

It's like a drop of water falling on the calm lake!

Then, waves of waves were set off!

A few seconds later, Ji Siqing stretched out his hand, this time, there was no pressure again.

Moreover, she found that where she was, everything had changed.

All kinds of trees in Samsara Valley disappeared, but a simple and mysterious bridge appeared.

The bridge is surrounded by fog.

Vaguely you can see the end of the bridge connecting a central floating island.

"Miss Qu."

You Lao arched his hands, respectfully said.

Ji Siqing nodded: "In this life, I am not Qu Shenyan, I am Ji Siqing."

After speaking, he took out a pill from his arms and threw it to Qu Xueyong.

"Thanks to the ancestor."

Qu Xueyong took the pill and adjusted it slightly, and his breath recovered somewhat.

Ji Siqing glanced at the central island, as if lost in memories of the past, and sighed for a long time: "Let's go, there are some things to face after all."

After speaking, he stepped on the bridge.

Under the bridge is the abyss, and even dragons and beasts roar from the abyss.

It seems that an extremely terrifying existence is imprisoned below!

...

The First Kingdom of God, an extremely deserted place, the soil here is as black as ink, exuding bursts of black air, here, let alone people, even plants, can't grow here!

At this time, two figures appeared on a high mountain made of black earth and rocks.

Gao Yinduan was sitting on a chair made of jade, manicuring his nails leisurely, and beside him, there was a pitch-black stone pillar. The black air on the pillar was more intense, even, Engraved with all black runes!

And above the stone pillar, there is a beautiful woman bound with a chain, it is Tu Lanxin!

Tu Lan's heart was full of frost, and she stared at Gao Yin, but even if she tried her best to suppress it, a painful color appeared on her pretty face!

Gao Yin turned his head and smiled at Tu Lanxin slightly: "Tu Fairy, how do you feel? Haha, this place is a forbidden place in the kingdom of God, called the land of inanimate, very strange, capable of devouring all living beings. Even the life of plants, and the stone pillar behind you, is several times stronger than the black soil."

He looked at Tu Lanxin playfully, and said jokingly: "You better pray, Ye Chen, you can find this place quickly, otherwise, with the passing of vitality, your youth and beauty will no longer exist, I don't know. , At that time, your Ye Chen, can you still treat you like now?

Hahahaha, maybe, after seeing your old Zhuhuang, this Master Ye will turn around and leave? "

He had a sneer on his face. Although he was not interested in women, it did not mean that he would not use Tu Lanxin to hurt Ye Chen.

Ye Chen and him can be regarded as having no grievances and no grudges, but Gao Yin hates Ye Chen!

Master Tian Feiming said more Gao Yin knew in his heart that if he was against Ye Chen, he would be at risk!

This, in Gao Yin's view, is an insult to him!

And this insult was brought by Ye Chen!

When Tu Lanxin heard this, her pretty face changed color slightly. Every woman cared very much about her appearance and her youth, even for a frosty woman like Tu Lanxin.

She looked at Gao Yin's gaze and became more resentful, this person is really shameless!

Gao Yin didn't care, and said with a sneer: "I want to see, this Ye Gongzi, who once shocked the genius of the Seven Kingdoms, is that sacred?"

Fairy Tu, you said, could I be Ye Chen who overestimated you? Maybe he has died in the hands of Wantong or Bloodstab now, he can't find this place at all? "

Chapter 2856: All laws return to the sect, the sword shines

He shook his head and sighed: "In that case, it's a waste of my son's hard work. I hope Ye son, don't let me down."

Tu Lan said coldly when he heard the words, "Don't worry, Ye Chen will definitely kill you."

"Oh?" Gao Yin glanced at Tu Lanxin and said with sarcasm on his face, "By him? Killing me is not something anyone can do."

At this moment, a golden light suddenly flashed in the sky!

Gao Yin's expression moved, he stood up instantly and looked in the direction of the golden light. On his face, a morbid excitement appeared:

"Come, really come, hahahaha, that trash blood stab was really defeated by such a trash? Or is it the third killer organization of the Kingdom of God? Tian Feiming, that old idiot, would rather send this group of trash to kill this Ye Chen, Don't want to let this young man take action?"

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

Tu Lanxin frowned slightly, this noble state seemed a bit abnormal, every move was full of weirdness, as if mentally, it gradually degraded and turned into a wayward child...

From a distance, Ye Chen saw the two people on Heishi Mountain. His spirit swept out wildly. After a while, he breathed a sigh of relief. Although this inanimate land can swallow the vitality of creatures, Tu Lanxin watched it temporarily. Come, it doesn't matter.

In the next moment, he locked his gaze on Gao Yin, with a strong killing intent, overwhelming the sky, heading towards Gao Yin!

Gao Yin looked even more excited, holding a golden sword in his hand!

The breath of the whole body is also the ultimate eruption, and its cultivation base has reached the ninth level of the chaos realm!

The next moment, there was a loud bang, and in the blink of an eye, the golden glare, like a meteor falling to the ground, hit the Black Rock Mountain severely, revealing a man's figure.

Ye Chen didn't even look at Gao Yin. As soon as he landed, he hurried towards Tu Lan's heart!

Gao Yin was taken aback for a moment, and then, on his face, a very angry expression appeared: "Ye Gongzi, you just ignored me like this? How would I be sad?"

After all, a strong sword intent, shocking the sky, the long sword in Gao Yin's hands burst out extremely dazzling golden light, just like a golden sun rising on this inanimate ground, it exudes infinite black Above the qi soil, as the golden sun rose, countless deep sword marks appeared!

In this sword, there is actually not a weak sense of Zhenwu!

The surging spiritual power of the nine-tiered sky in the chaos realm, the golden sun above the sword tip, became more and more huge, as if to cover the entire inanimate land!

What a horrible sword!

The power of this sword, even, is about to approach the thunderball that the ancient demon emperor Qingdi turned into by the sky-defying blue thunder!

Tu Lan's expression suddenly changed, and the sword power in the golden sun almost made her mind wiped out. On her pretty face, there was a color of incomparable pain, as if she had been extremely hot by thousands of people. The sword light penetrates the soul!

This lofty spirit, although shameless and scum, he really has the proud capital!

"Ten Thousand Laws to the Sect, the sword light shines, the blazing Shenyang sword!"

With a loud shout, the golden sun with infinite sword intent flashed, and then slashed towards Ye Chen!

Ye Chen's face changed slightly, his figure flashed, and he was directly blocking Tu Lanxin's body!

"Ye Chen!"

Tu Lan exclaimed in exclamation, and she was extremely worried and nervous in her beautiful eyes! Ye Chen actually had to resist head-on to protect her, such a sword against the sky!

Even if she trusts Ye Chen so much, but with such a terrifying sword, if she resists hard, even Ye Chen might be injured, right? What's more, Ye Chen has to take care of her!

A burst of guilt surged in Tu Lan's heart, and the mist filled her beautiful eyes, all because of herself. If it weren't for her own, how could Ye Chen be in deep danger and had to face a terrifying lunatic like Gao Yin?

He is simply Ye Chen's burden!

Ye Chen stared at the golden sun that occupies all of his vision. Not only did he have to resist this sword, he even had to endure all the remaining power, otherwise, a ray of aftermath would be enough to kill Tu Lanxin!

Like a sea monster gas, surging out, Ye Chen used the body of the sky demon in a flash!

Not only that, Ye Chen also activated the Chichen Divine Veins! A golden barrier shrouded Ye Chen's body.

The sword intent was pervasive, and the cold light flashed suddenly, as if the heavens and stars were falling, accompanied by the monstrous power, bombing towards the sword intent sun!

There was a loud noise, endless rays of light erupted, and the entire inanimate land was violently turbulent. Countless black soil was burned into red by the violent and hot energy, turned into billowing magma, the earth cracked, and a scene of doomsday!

The two attacks collided, and the burst of dazzling light made Tu Lanxin unable to look directly. Her beautiful eyes closed tightly. After a while, she reopened her eyes, and she saw an extremely strong and tall figure, like a copper wall and iron wall, blocking it. In front of him, wisps of smoke appeared on his body, and the surface was covered with burn marks, but the scars were healing quickly!

In her beautiful eyes, there was a burst of joy, Ye Chen actually blocked that strong sword, it looked like he was able to do it!

The man in front of him seemed to be able to block everything in the world, as if he was in the secret realm of the source of God that day, just like the undefeated God of War!

At this moment, Ye Chen waved his hand and made a soft click, and the chains that bound Tu Lanxin were broken. He turned his head slightly and showed an apologetic look at Tu Lanxin, smiling: "Fairy Tu, you first Leave, rest assured, I will be fine."

Tu Lan nodded obediently when he heard the words. She flew behind her when she moved her figure. She knew that she was only a burden to Ye Chen if she stayed here. This level of battle

She can no longer intervene. Now, all she can do is to believe in Ye Chen!

Gao Yin, however, didn't care about Tu Lanxin's departure. The fish had already taken the bait. Does it still need bait?

No need at all!

Not only that, Ye Chen blocked his own sword so easily, and Gao Yin actually looked faint!

As if, no surprise to all this!

Ye Chen stared at Gao Yin and suddenly said, "You are Gao Yin? You tried your best to draw me here. Could there be any trap here?"

Gao Yin was taken aback when he heard the words, then, as if he had heard a big joke, he laughed wildly and said: "Hahahahaha, Ye Gongzi, you are quite good at telling jokes? Don't tell me, are you serious?"

Ye Chen frowned slightly as he looked at Gao Yin who was laughing wildly.

Chapter 2857: Weird to the extreme!

Gao Yin, who was still laughing wildly just now, suddenly, an extremely angry color appeared on his face, and he shouted at Ye Chen: "With an ant like you, do you deserve to let this young man set up a trap? Are you? Don't you praise yourself too much?"

At the next moment, the long sword in his hand flashed with golden light, and he was desperately attacking Ye Chen madly!

Ye Chen's eyes flashed, and he also noticed Gao Yin's abnormality. This person laughed wildly for a while, furiously for a while, and his spirit seemed extremely unstable!

Moreover, looking at his desperate attack method, it doesn't seem to be pretending at all, it is really furious!

But what about rage?

Ye Chen raised a sneer at the corner of his mouth, and said lightly: "Oh? That's angry? I heard that the more inferior, the easier it is to get angry, aren't you?"

Hearing this, Gao Yin's eyes were instantly covered with bloodshot eyes. It was so easy that he was almost maddened by Ye Chen's words!

He was full of blood, and instantly burned, the sword light on the long sword in his hand became more and more intense, and an abnormal red color appeared on his face, and the breath of the whole body was also faintly rising!

At this moment, even Ye Chen was slightly surprised!

So, can you directly use the secret technique to burn your blood and stimulate your potential?

No matter how angry you are, you shouldn't be irrational, right?

Even on the battlefield where life and death are struggling, only those cannon fodder will use this method to fight?

This is noble, obviously there is a problem!

However, it was only a slight shock. The next moment, the evil sword in Ye Chen's hand, the same blood burst!

The meaning of true martial arts, surging between the heavens and the earth, has rendered this inanimate place a little bit of starlight!

Starlight is cold, like an invisible blade!

Extremely violent, the infinite power surging almost beyond the level of the kingdom of God, slashed out the heavy long sword with blood and light!

The sword light raged, collided with the hot golden sun, and burst into pieces, and the whole inanimate land tended to collapse!

In the void, large tracts of fragmentation spread, as if even the space is about to burst!

At this moment, a blood-stained figure flew upside down, smashing a huge black stone mountain!

That figure is impressively Gao Yin!

At this time, his chest, arms, and thighs were all covered with hideous scars, it looked miserable!

On Ye Chen's arm, there was also blood red, bones shattered, and flesh and blood were all scorched in the hot sword light. However, compared with Gao Yin, the injury was too slight, let alone with Ye Chen's vitality , Recovery, only in a flash!

When Tu Lanxin left, Ye Chen no longer had any scruples and was able to make a full shot!

This sword is Ye Chen's true power!

Suppress Gao Yin with one sword!

But what surprised Ye Chen was that Gao Yin, who was slashed by a sword, laughed wildly and stood up instantly from the gravel. The injury seemed to have no effect on him!

How could this be?

Ye Chen's complexion was condensed, and this lofty Yin gave him an extremely strange feeling for some reason!

Gao Yinming was slashed by Ye Chen with a sword, but he smiled at Ye Chen: "What is the undefeated God of War, what is the genius of the Seven Kingdoms? Is your strength that's all? In this case, Ye Chen , Today this inanimate place is your grave!"

In the next moment, Gao Yin's flesh and blood dries out quickly, his hair turns white, and instantly becomes old! But contrary to that old face, the noble aura is swelling and swelling!

Faintly, they all gave Ye Chen, a kind of light pressure!

Ye Chen was really surprised this time!

This lofty spirit is actually squeezing his origin crazily, using secret techniques to enhance his strength!

What is he doing?

If you continue to fight like this, even if Gao Yin can win, there is no possibility that he can survive?

But there was no time to think about it. That Gao Yin was seriously injured just now. This time, he was extremely fierce. He rushed towards Ye Chen violently. The light of the long sword in his hand was even more gorgeous, almost making the entire inanimate land Plated with a layer of Jinhui!

Its sword is fierce, and it is still the same, desperate fighting style!

Is this man a lunatic?

You know, although Ye Chen would also use this fighting method, it was based on his unparalleled vitality!

And Gao Yin?

Now, the wound on his body has not healed yet!

His vitality is obviously far inferior to Ye Chen's!

But still, choose crazy offensive, and fight for life regardless of defense. This is not a lunatic, what is it?

However, Ye Chen just snorted and rushed towards Gao Yin!

Desperately with him?

That is tantamount to looking for death!

What he fears most is to fight hard with others!

With a bang, the two swords struck each other, burning potential one after another, at this time Gao Yin could barely keep up with Ye Chen's attack!

The biting sword light was surging, and the force was tumbling. The air in the entire world seemed to be compressed at the moment Ye Chen swung the sword!

The high-yin sword light is incredibly hot, as if to burn the emptiness into nothingness!

In an instant, the two have already fought hundreds of times!

Under the influence of the two attacking, flame tornadoes continued to reach the ground, extremely frightening!

Even with the strength of the martial law of the First God Kingdom, cracks have appeared, the aura of obliteration is overflowing, and the aura of heaven and earth has a tendency to dissipate!

However, Gao Yin's attack can keep up with Ye Chen's strength, but!

His body is far from good!

The Gao Yin at this time, his body was already broken, and the whole person was too old to be old anymore, as if he would die at any time!

However, it seems that he has no pain, no fear, he can't recognize his own situation anymore, and is still laughing wildly?

Suddenly, just as Gao Yin was about to slash away at Ye Chen with a sword, he clicked, the blood was dripping and the bones shattered, making people wonder why he could still hold the long sword's hand, and finally he was overwhelmed. , Fell directly from Gao Yin's shoulder!

Gao Yin was stunned for a moment He changed his hand and grabbed the sword on the ground, but the moment he bent down, his leg bones uttered a whine and burst completely, Gao Yin also fell to the ground!

At this time, in Gao Yin's eyes, there was a look of confusion and thinking, as if he hadn't figured out what happened!

Why can't he hold a sword? Why, I can't stand up anymore?

He glanced at Ye Chen not far away. Why, that ant is still alive? Shouldn't it, be killed by yourself, right?

The noble breath finally weakened.

Seeing this, Ye Chen let out a sigh of relief. It seemed that Gao Yin was just a simple lunatic. At this time, he finally reached his limit!

He smiled coldly at Gao Yin, "Didn't you just say that this inanimate land is my cemetery? Why, now that one foot is in the grave, it seems to be you, right?"

Chapter 2858: Kind of magic?

After that, Ye Chen raised his hand and slashed towards Gao Yin with a sword!

He originally planned to question whether it was related to the Heavenly Demon, but this guy really made him feel quite weird. In order to avoid extraneous branches, he had better kill him directly!

With a bang, Gao Yin's body was completely submerged by sword light, and Gao Yin's breath of life completely disappeared.

With a move, Ye Chen put Gao Yin's storage bag in his hands, with a look of thought on his face. If Gao Yin is really connected with the Demon Race, there may be something in the storage bag.

But at this moment!

The place where the dust was flying by Ye Chen was actually a strange noise!

Ye Chen's expression moved, his hand waved, and the dust dissipated.

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

His pupils shrank instantly!

In front of him, a very strange scene emerged!

Originally, it should have turned into a high-growth that dissipated. At this time, the whole body was emitting bursts of black and purple light, guarding his body, so that his body was not shattered.

But even so, Gao Yin's head was completely shattered by Ye Chen, and most of his face disappeared!

Should die too much!

But the weird thing is that this high-level person who can't die anymore is actually, slowly crawling towards Ye Chen!

His only remaining eye was dim, but it shone with an extremely cold, creepy look, and he kept whispering in his mouth: "Trash, kill... My son, is the most powerful..."

This scene was extremely frightening, weird, and uncomfortable!

A look of surprise appeared in Ye Chen's eyes. It was clear that there was no aura of life anymore, but he hadn't died yet? This person is really weird!

However, he snorted coldly, and raised the long sword in his hand again, and he was about to cut it towards Gao Yin, one sword, you are not dead, two swords, can you still not die?

If you haven't died completely, cut it until you are completely dead!

Suddenly, a purple-black bug came out of Gao Yin's broken head!

Ye Chen was taken aback for a moment, his complexion changed slightly, the breath of that insect...

It was actually very similar to the Demon Soul he had come into contact with in the Tower of God!

At this moment, the old man's voice suddenly resounded in Ye Chen's mind: "Ye Xiaozi, be careful! This is a demon bug, this person has already been planted!"

"Seed demon? What is that?"

Old Cang said solemnly: "That's a way for the Celestial Demon clan to breed offspring. By planting the original Demon Insects that they have bred into the bodies of other races, they gradually transform this person into a Demon Clan!"

"After the host is planted into the Demon Insect, in a short time, the strength may increase rapidly, but! As its strength increases, the brain and even the internal organs will also be eaten by the Demon Insect that day.

The host will often become irrational, extremely violent, and extremely indulgent of their inner desires. At the same time, they also completely lose their pain and do things without regard to the consequences! "

"And in the end, it is also the most terrifying. Once this day demon insect develops and matures, it will completely swallow the body of the boarder and truly transform into a rebirth of the day demon!

Moreover, based on its host, its original strength, after rebirth, its strength will skyrocket! "

Even the old man had a chill after he finished speaking. Fortunately, the seeding demon needed his consent to succeed. Otherwise, in the ancient times, the extraterritorial demon could defeat humans without blood by relying on such demon methods!

This method of reproduction is too scary!

In this way, all the abnormal behaviors before Gao Yin can be explained!

At the same time, this is also the best evidence of the collusion between Wanfazong and the demons!

Sure enough, the next moment, that day, the demon insect began to madly devour the noble stump, and the whole body was rapidly swelling!

Ye Chen's complexion was also difficult to look at in an instant, this Heavenly Demon Insect was clearly about to develop into a Heavenly Demon!

The state of Gao Yin using the secret technique is almost equal to Ye Chen. If he turns into a heavenly demon and his strength soars again, even Ye Chen is not sure that he can defeat this heavenly demon!

Immediately, Ye Chen yelled, and his entire body surged wildly, slashing frantically towards the demon insect that day!

One sword after another, Ye Chen kept slashing madly, he must not let this Heaven Demon Insect be born into the world!

The rumbling sound continued. After counting the swords, Ye Chen was sweating and panting violently. The entire earth was chopped out by Ye Chen's sword light, and countless deep cracks were cut out. Originally, the place where the Heaven Demon Insect and Gao Yin were. Has been completely turned into a bottomless pit!

At this moment, in the deep pit, there was a dead silence, not even the slightest movement.

Ye Chen stood on the edge of the pit, staring at the darkness in the pit, his expression extremely condensed.

Was the demon insects wiped out that day?

Finally, before it turned into a demon, was it beheaded?

Ye Chen stopped on the spot, for a full quarter of an hour, there was still no movement at the bottom of the pothole, his expression relaxed a little, but he didn't mean to leave.

He must enter the bottom of the pit to make sure that the Demon Insect is really dead that day, to be relieved.

But at this moment, a sudden change occurred!

A black shadow rushed out of the pothole at an extremely fast speed, and at the same time, it hit Ye Chen's face with a fierce punch!

Ye Chen's complexion changed wildly, his figure flashed, while avoiding that punch, the long sword in his hand was severely cut towards the opponent!

There was a loud bang, the speed of that punch was too fast, even with Ye Chen's body, it could not be completely flashed, although the punch did not hit Ye Chen's face, but it fell on the shoulders. !

Ye Chen's muscles stiffened, and there was a horror, even a huge force that was not under him at all, accompanied by the billowing devilish energy, surging out, directly bombarding Ye Chen's body upside down, and the blood mist burst. !

Ye Chen's body, like a cannonball, crashed and collapsed several black rock mountains in succession before it stopped flying backwards!

At this time his shoulders are already bursting into pieces, and countless blood is everywhere!

He didn't even have time to activate the Chichen Divine Veins just now!

The key power is too terrifying!

Ye Chen's face showed a look of astonishment. This was because he was in the state of the body of the sky demon, and he was hit by the opponent casually, and it was like this!

However, fortunately, with Ye Chen's extreme vitality, the injured shoulder is rapidly regrowing new bones, and the flesh and blood are rapidly healing!

In the distance, a black and purple figure appeared in Ye Chen's field of vision. The monster was covered in black and purple skin, his figure was slightly squatting, and his arms were so long that he was almost hanging down on the ground. On top of his arms, growing Sharp claws the size of a human head!

The most weird thing is that on its head, there is a face resembling a human, which is a noble face!

Chapter 2859: Destroy Shinto!

At this moment, an extremely cold expression appeared on the face of "Gao Yin". He looked down at his waist. There, Ye Chen had cut a wound out of it, like purplish black blood like pus. Flowing out.

At this moment, the wound is slowly creeping and healing!

Ye Chen's pupils shrank, what a strong vitality!

That was a sword he slashed out. Although it was a hurried sword, it also possessed terrifying power and sword intent! When the opponent resisted it, he still caused only this degree of damage? And it can heal!

This kind of vitality can be compared with yourself, right?

Ye Chen's heart is almost sinking to the bottom, this demon is too abnormal!

Now, his position with Gao Yin seems to be reversed. Now, relying on the enhancement of the Heavenly Demon's body and the Chichen Divine Veins, he can still fight the Heavenly Demon, but if he reaches the limit, he can no longer use the Heavenly Demon. At the time of the demon body, it was not there yet, how about defeating the opponent?

At that time, I am afraid I will be killed by this demon!

Thinking of this, Ye Chen gritted his teeth fiercely, moved his body, and stood up directly, ignoring that his shoulders had not completely recovered, and with a scream, he rushed towards the demon that day!

Can't drag!

No matter how much the price is paid, you must slay the demon before it can't maintain the body of the demon!

At this time, "Gao Yin" glanced at Ye Chen contemptuously, and in such a terrifying posture, he vomited: "Hehe, what, I'm going to work hard? Not that I have stepped into the cemetery with one foot. ?"

Ye Chen's expression changed. Isn't this Gao Yin still dead? And it seems that he has completely recovered his sanity!

Old Cang spoke again: "Boy, don't be confused by him, the demon insect can inherit the memory of the host, he is just pretending to be a human!"

Ye Chen nodded, no matter whether the monster in front of him is Gao Yin or a demon, it makes no difference to him. All he has to do is to kill it, thoroughly!

But just as Ye Chen was about to rush to the front of the demon that day, the opponent's bendy feet, like animals, were actually bulging their muscles, exerting force, and flying towards the rear!

Ye Chen was shocked again when he saw this!

This monster evades the battle!

At this moment, Ye Chen's complexion was completely condensed!

This demon is too cunning and too smart!

"Gao Yin" sneered at Ye Chen: "Hehe, your state can't be maintained for too long, right? I don't know, after you return to the original state, there is still a slight possibility to kill this young man?"

Ye Chen yelled violently, and slashed his sword towards "Gao Yin". The sword light raged like lightning, and almost instantly, he reached the front of the newly born demon.

That day, the dark purple eyes of the demon condensed, the wrist turned, and a golden long sword appeared in his hand. The devilish energy was surging. In a flash, the golden long sword was corrupted into pitch black!

The next moment, "Gao Yin" raised his hand with a sword, and slammed the sword light that Ye Chen had cut!

A dark blazing sun rises in the inanimate land!

With a bang, the scars of the debut appeared on the horrible body of the heavenly devil, and the purple and black blood flowed violently, but the sneer at the corner of his mouth was even more intense.

He can bear this kind of injury!

In other words, after such consumption, the first person who cannot maintain the body of the sky demon must be Ye Chen!

At that time, this human trash, even the slightest possibility of overturning, will be gone?

In the eyes of this demon, Ye Chen can be said to be the only hope to prevent the demon from outside the territory from invading the kingdom of God. As long as Ye Chen dies, this kingdom of God will be in their bag!

Although the demons are cruel and fierce creatures by nature, what is even more terrifying is that this evil creature is also extremely cunning and wise!

In the face of Ye Chen, he would not give the opponent a chance, so he would never fight Ye Chen head-on!

"Damn it!"

Ye Chen yelled angrily, and gradually became anxious!

With this demon's physical strength, only by close combat and fully exerting his power can he have a chance to kill him!

what should I do now?

With the passage of time, Ye Chen could feel that his body of the Sky Demon became more and more difficult to maintain!

The spiritual power of the dantian is also fading rapidly!

Ye Chen's brain was running fast, while swinging his sword successively to attack "Gao Yin", while thinking about countermeasures!

What must we do to defeat this demon?

This demon is simply invulnerable!

Not only the vitality, strength, etc., have been greatly improved, but even the noble martial skills and even the martial arts artistic conception are perfectly inherited.

It wasn't just the martial arts of high spirits. Gradually, Ye Chen discovered that as the number of shots increased, even the demon clan owned by the soul of the demon who had fought Ye Chen in the tower of the gods. The shadow of martial arts appeared on this demon!

He is constantly evolving and becoming stronger!

Ye Chen originally wanted to defeat him with the intent of real martial arts. After all, no matter how strong this demon is, in martial arts, it should be equivalent to a newborn...

However, Ye Chen was wrong!

The demon of that day always had a murderous smile on his face. He didn't rush, he had time, didn't he? Now, it was Ye Chen who was anxious!

Suddenly, Ye Chen's eyes flashed, and he asked the old man: "Old man, if I use what I used to deal with Wantong, can the ultimate breakthrough sword hurt this demon?"

The old man shook his head: "I don't have much research on martial arts, but there is one person in the reincarnation cemetery that should be able to answer your question."

Ye Chen instantly cast his gaze on Ling Tian Jian Shen.

Lao Cang and Lao Kuang's spirits were already on the verge of disappearing.

At present, the strongest person in the reincarnation cemetery should be Lingtian Arrow God.

"Senior..." Ye Chengang wanted to say something.

A phantom emerged from the stone stele of the Lingtian Arrow God.

After the phantom was silent for a moment solemnly said: "Not enough! But you are in the right direction!"

Ye Chen's eyes lit up and said: "How to say?"

Ling Tianjian Shendao: "Last time, when you used the sword that broke through to the extreme, I vaguely felt that your killing avenue, destruction Shendao, and the meaning of true martial arts, have a tendency to merge. You know, these three Fusion, what is born?"

Ye Chen was shocked, the killing avenue, the meaning of destroying the gods and the real martial arts, actually merged?

In his eyes, the color of ecstasy and expectation emerged. Although he didn't know what the combination of these three could give birth to, he knew that it was definitely an extremely powerful force!

Especially, in this crisis, this is undoubtedly a breakthrough.

Ling Tian Jianshen continued: "If I guess right, the combination of these three will produce the so-called divine way-destruction of the divine way!"

Chapter 2860: determine!

Among the heavens and worlds, there are various divine ways, but three of them are called primitive divine ways! What is primitive Shinto? Primitive Shinto is the origin of thousands of Shinto! These three kinds of Shintoes are destroying Shinto, creating Shinto and Time Shinto! "

"If your avenue of years has the opportunity, it may be able to evolve into a time god, but unfortunately, you are not qualified now."

"If you can really master this destructive divine way, even if it is just a trace of fur, your attack is enough to make this demon unable to recover!"

After all, if you want to touch the original Shinto, the first condition is to understand the meaning of Zhenwu! And the realm of your true martial intentions is also extremely reluctant, one can imagine how terrifying this primitive divine way is! "

In Ye Chen's eyes, the divine light flashed, his meaning of true martial arts was already above the level of the kingdom of God, that is to say, this destruction of the divine way also belongs to the power that transcends the present plane!

However, he asked with some doubts: "Senior, in that case, why didn't you tell me earlier?"

Lingtian Arrow God seemed to hesitate for a moment, and sighed: "How easy is it to destroy God's way? Do you know how many amazing and amazing warriors are there even in the outer and upper realms? Realize the original divine way, and perish by going crazy?"

And destroying Shinto is even more dangerous in danger! "

"Let me tell you this, the martial artist who understands the meaning of true martial arts and controls similar avenues can be qualified to comprehend the original divine way, which can be described as one in ten thousand, and among them, the one who can succeed is one in ten thousand! Those who come out of the ruined divine way have a lower chance. If one is not good, they will die!"

"That's why I don't plan to tell you for the time being. Even if you are much stronger than you, there are countless people who have died in enlightenment. However, at the moment, if you want to defeat this demon, there seems to be no better choice. Up!"

Boy, I will ask you one last time, are you sure, do you want to enlighten the destructive way? "

In fact, although Ling Tian Jian Shen didn't say it clearly, he and Ye Chen knew in their hearts that if they wanted to survive, they had other options!

That is, run away!

Ye Chen, even though he could not kill this demon, relying on the body of the demon, he could still save his life if he flees with all his heart!

But, would Ye Chen choose to escape?

If it is really a last resort, he will, but as long as there is a slight chance of winning, Ye Chen will never escape!

This is Ye Chen's martial arts! Only me Ling Xiao's martial arts! Even if it is the sky, he will cut it to pieces when he stands in front of him!

Moreover, if he escaped this time, Ye Chen couldn't be sure whether there was still a chance to kill this demon again.

Ye Chen took a deep breath, and a decisive expression flashed in his eyes: "I'm sure!"

He stopped abruptly, stood quietly, and stopped attacking the demon.

The demon in the distance had purple eyes flickering, why didn't this ant keep fighting? In the process of resisting Ye Chen's attack, he was constantly absorbing the demon martial arts inherited from blood.

A cold smile appeared on the noble face, isn't this kid afraid?

The two of them, in this dead place, looked at each other.

At this time, the voice of Lingtian Arrow God sounded in Ye Chen's mind again: "To comprehend this ruining divine way, you must buy time, so, the first step, all you have to do is to escape!

Of course, it is not really trying to escape, but while fleeing, while comprehending the destruction of the Shinto! "

"Most of your mind will be put above comprehension, and the speed of escape will decrease. Moreover, you will continue to withstand the attacks of this demon. Originally, comprehension and destruction of the divine way is already extremely dangerous. The risks in it are even greater. If you are ready, I will teach you the method of enlightenment that destroys Shinto!"

To be honest, Ling Tian Jianshen did not approve of Ye Chen doing this. It was already **** difficulty, so Ye Chen actually took the initiative to increase the difficulty?

Even if Ling Tian Jian Shen watched Ye Chen walk along the way and witnessed countless miracles, he felt that doing so would be a bit deadly!

Ye Chen said: "Let's start!"

At the next moment, he put away the evil sword in his hand, and said in a low voice: "Jiwu: God flash!"

With a flash of his figure, he flew towards the rear at an extremely fast speed!

The heavenly demon standing in place was taken aback for a moment, and then burst out into a wild laugh!

"Hahahahaha, this kid is really scared? Isn't he the undefeated God of War? Why, like a dog, ran away from this son with his tail sandwiched between them?"

However, he didn't mean to let Ye Chen go!

The slightly curved beast feet suddenly exerted force, stepped on the ground under their feet, and smashed toward Ye Chen, chasing them!

While escaping, Ye Chen condensed his mind according to the enlightenment method taught by Lingtian Arrow God, and merged the Slaughter Avenue and Destruction Avenue with the meaning of true martial arts!

His mind was immersed in the martial art mood, as if he had returned to the blue sky. In the sky, countless stars shone, guarding the earth under his feet.

Suddenly, a big golden hand stretched out from the sky. This big hand seemed to contain infinite power, capable of holding up the entire sky!

As this big hand stretched out, a blood-colored flame burned across the entire sky. It was a flame of killing intent!

And the countless stars in the sky began to melt under the burning of the flame!

At this time, the old man's heart was extremely nervous. If he fails to understand, even if he does not die, Ye Chen's true martial meaning, destruction of the avenue, and the avenue of killing, I am afraid that they will collapse, his soul will be greatly injured, and his strength will drop!

Under such circumstances, what is the difference between death and great injury?

At this moment, a dark sword light slashed from behind Ye Chen, and in a flash, it penetrated Ye Chen's chest!

With a puff, Ye Chen spit out a mouthful of blood, but his expression did not change in the slightest, as if he hadn't noticed his injury at all, still fleeing quickly, and the blood hole in his chest began to close quickly!

Upon seeing this, Ling Tianjian gave a wry smile, and while running away, while enlightening, while taking the attack, only Ye Chen could do it, right?

Behind Ye Chen, the demon laughed contemptuously that day: "Boy, why, don't you even dare to fight back? Just ran away?"

In the eyes of this demon, Ye Chen was obviously about to reach the limit, so he could only flee desperately!

Soon, this demon approached behind Ye Chen!

On its face, a cruel color appeared, and the whole body was surging with demonic energy. On the dark long sword, the sword light flashed, a fiery sword intent, whizzed out!
