Chapter 2861: Real despair!

But at this moment, Ye Chen's eyes suddenly regained the color of clarity. He actually retreated from his comprehension. He turned around abruptly. In his eyes, killing intent was boiling, seven layers of blood, his body surface It broke out, the whole body was surging with great strength, and with a fierce sword, he slashed towards that day!

Originally, the Heavenly Demon who thought Ye Chen should reach the limit was shocked by this unexpected sword, and the sword intent was a little messy!

With a loud bang, the two swords fought each other, feeling the tremendous power that Ye Chen had exploded on this sword, the face of the demon suddenly changed that day!

His power was actually suppressed by Ye Chen!

In the next moment, the big hand that looked like a sharp claw burst instantly, and his whole person was also severely cut and flew out by Ye Chen's sword!

With a bang, hit the earth, and smashed the earth into a deep pit!

That day the demon crawled out of the pit in an instant, looking up at Ye Chen suspended in the sky, with an incredible color on his face!

The sword just now caused him to be frightened, and he felt an extremely dangerous aura!

His complexion changed for a while, the weather was uncertain, staring at Ye Chen, in the purple eyes, a dense color of resentment flashed!

be cheated!

This kid, pretending to run away to attract himself to approach him?

At this moment, Ye Chen, who was in the sky, showed a weird smile at the demon that day, turned around, and fled into the distance again!

The magical eyes flickered that day, and after hesitating for a while, he still chased Ye Chen, but this time, he did not get close to Ye Chen anymore, but followed him far behind.

The corner of the heavenly devil's mouth said with a sneer: "Trash, just run away. When you can't maintain your current state, it will be the moment of your death!"

He will never get close to Ye Chen again, giving Ye Chen any opportunity to threaten himself!

And just now, at the moment Ye Chen withdrew from enlightenment, the hearts of old man and old man were raised!

Ye Chen, too bold!

From the insight of the destruction of Shinto, take the initiative to come forward, this is almost suicidal!

If it is so easy to quit, how can so many people die because of enlightenment?

But, Ye Chen did it!

Moreover, it worked!

The demon that day was stunned by Ye Chen's sword just now. At this time, he dared not get too close, and followed Ye Chen far away!

Ling Tian Jian Shen pondered for a moment, and suddenly said thoughtfully: "Maybe, this kid can really do it, maybe?"

After all, Ye Chen's life experience could not even be seen by the old man, and Ye Chen could withdraw from the insight of Destroying God's Way so easily just now. Could it be that the fall of the Lord of Reincarnation in the previous life had something to do with this Destruction God's Way?

And at this time, in the martial arts artistic conception, the stars of the sky have been completely melted by the fire of killing intent, turned into a river of stars, poured into the sky!

There, they gathered into the shape of a long sword!

Among the golden light hands, there is an extra golden heavy hammer, which is constantly beating against the long sword condensed by the galaxy!

Beating, calcining, and beating, as if, using killing intent as fire, using martial arts as a tool, forging with great power...

During this process, the meaning of true martial arts, the avenue of destruction, and the avenue of killing have become more closely connected!

Ye Chen and the demon chased and fled, and in a blink of an eye, nearly half an hour had passed!

Ling Tian Jian Shen also became more anxious, he knew that Ye Chen's Heavenly Demon Body and Chichen Divine Veins were about to be unable to maintain!

Suddenly, Ye Chen's demon spirit began to weaken suddenly!

The body of the sky demon and the divine veins of the red dust have finally reached their limit!

Seeing this, the sky demon following Ye Chen saw ecstasy on his face. However, his purple eyes flashed, but he cautiously did not approach immediately. He had to wait until Ye Chen could not maintain the body of the sky demon and the red. At the moment of Chen Shenmai!

Finally, Ye Chen's demon spirit completely dissipated, and his figure returned to its original shape!

Even the breath was weakened by a few points. After all, the body of the sky demon and the red dust divine veins consumed too much, and Ye Chen was now almost exhausted!

That day, the demon uttered a roar with great joy, and his figure suddenly moved, turning into a black and purple shadow, and in a flash, he appeared in front of Ye Chen, the sky-shaking sword intent exploded, and the devilish energy was overwhelming, endlessly surging.

A round of extremely blazing pitch black sun condensed on the sword's edge, and on the body of the demon black and purple that day, extremely terrifying power poured out, and this terrifying sword was slashed at Ye Chen!

"Die! Crap, don't you like to calculate and counterattack? Then calculate, then counterattack? Let me see, you, what hole cards have not been used?"

An ant, a trash human, even delusional to defeat this son? Don't worry, my son will not only kill you, but will soon send the woman named Tu Lanxin, and everything you want to protect, to see you! "

On the face of the demon that day, a twisted smile appeared, screaming at Ye Chen arrogantly!

He could see that Ye Chen was not pretending, and now he is completely unable to maintain the body of the demon!

In other words, Ye Chen has been forced to a dead end!

This feeling is so cool!

At this moment, a divine light flashed suddenly in Ye Chen's originally dim eyes!

He looked at the long sword with terrifying power that fell in front of him, and the extremely blazing black sun that seemed to burn everything. This sword was terrifying, even with Ye Chen's vitality, in the absence of a heavenly demon body. In the case of blessing, you will be severely injured by this sword.

But at this time, Ye Chen's expression still remained calm!

In his sea of knowledge, there is a long sword suspended, a long sword shining with stars, simple, heavy, and exuding a heart-palpating rhyme!

At the next moment, Ye Chen moved!

Turning his wrist, a dark long sword with countless blood runes appeared in his hand, it was the evil sword!

The moment when the evil sword appeared the **** rune on the sword body had a strange resonance with Ye Chen, as if it had come back to life, it was actually from the long sword, Wandered over Ye Chen's arm!

At this moment, the evil sword seemed to merge with Ye Chen!

Ye Chen's eyes flashed, at this moment, this evil sword actually had a feeling of blood connection with it!

A smile was raised at the corner of his mouth.

This ancient thing did not really recognize Ye Chen as its master until this moment?

That day, the Demon Purple Eye suddenly shrank, and in a vague way, an extremely unknown premonition appeared in his heart!

However, he still smiled and said with a smirk: "Ant! Until now, I still want to struggle and still don't give up? Ha ha, self-reliance to the extreme! Right away, you will know what true despair is!"

Chapter 2862: Immortal Dragon Emperor!

He doesn't believe Ye Chen now, can he come back? What a joke! If Ye Chen really had any means, where would it be necessary to wait until now?

But Ye Chen was silent, without a glance, his sword-holding arm moved slowly!

Suddenly, the **** rune on Ye Chen's arm flashed with light, and the phantom shadow of the long sword in the sea of consciousness also seemed to echo that **** light, and the stars overflowed!

The long sword is like a dragon, toss the sea of clouds, cut out with one sword!

At the moment when the sword was released, behind Ye Chen, a long sword phantom appeared. This phantom, accompanied by Ye Chen's movements, also slashed his head towards the demon!

Time seems to be still for a moment!

The entire First Kingdom of God seemed to be distorted at the same time this phantom appeared!

The law of martial arts started to crumble frantically!

Why did it crash?

Because the power contained in this phantom is so terrifying that even with the martial law of the First Kingdom, it is unbearable!

That is the ultimate destructive power!

Far surpassed the destruction avenue used by Ye Chen! Not ten thousand times, but hundred billion times!

Ye Chen, it worked!

At this time, he has already understood one of the original gods, the destruction of gods, even if it is just a little fur, it is enough to override the gods!

A second, the devil who was still mocking wildly, the twisted and hideous smile on his face, instantly solidified, and incomparable fear appeared in the purple eyes!

What long sword did he see?

But, death, a real death!

The long sword in Ye Chen's hand silently collided with the dark blazing sun...

There is no explosion, impact, only destruction...

Endless destruction!

The infinite black flames, under this destroying sword intent, were actually like paper, dissipating in an instant, not even a trace of sparks left!

"Impossible! This is impossible!!!"

That day the demon screamed in horror, how could Ye Chen cut such a terrifying sword?

In front of this sword, he was almost like an ant, and even the thought of resistance was completely wiped out. He made a purple and black shadow as a sword, and swiftly ran backwards, actually fleeing desperately!

The reaction of the demon is extremely fast, and the speed is even more like lightning!

But still, it was not faster than Ye Chen's sword!

The blade of the evil sword crossed the body of the demon!

It's just that it's just a passing, the next moment, the extremely tyrannical black and purple demon body that contains terrifying vitality, it burst into an instant, and turned into a burst of black and purple blood!

However, Ye Chen, staring at the dark purple blood mist, Ye Chen suddenly shrank his pupils!

At this time, a black shadow flew out of the blood mist, fleeing towards the distance at an extremely fast speed!

It seems, it seems, is a head, an extremely broken head, almost invisible in its original shape!

"Damn it!"

Ye Chen cursed secretly. This sword didn't completely kill the demon that day. He took a deep breath, condensing the last spiritual power in his body, and he was about to cut another sword at the head that was fleeing quickly!

But at this time, Ye Chen's brain sounded the voice of Lingtian Arrow God: "Boy! Stop, you have not fully grasped this ruining divine way, and your body can't bear it!"

Ye Chen's expression changed slightly when he heard the words, but the next moment, a burst of strong killing intent burst out of his eyes. He remembered what the demon had said to him just now.

He said, kill all the people he wants to protect?

So now, Ye Chen would never let go of this demon and leave alive!

He does not allow any existence in this world that can threaten his love!

"Destroy Shinto, open!!!"

The next moment, it was another sword of extreme destruction. It slashed towards the demon's head that day. The sword light almost teleported and swallowed the devil's head. It's gone!

But at the same time, behind Ye Chen, on the shadow of the long sword, a sword crack appeared, a deep crack!

Ye Chen's complexion suddenly changed wildly, and an aura of destruction broke out in his body uncontrollably!

With a loud bang, Ye Chen's meridians, flesh and blood, were constantly shattered under the raging force of destruction, and the whole person was dying in an instant, blurred, and his figure, a shake, directly moved from high above the sky. In, falling down!

Precarious!

At this moment, Ye Chen didn't notice at all, there was a new tombstone in the reincarnation cemetery that was shining!

The light is getting bigger and bigger!

On the tombstone is a carved dragon pattern coiled around.

Extremely prestigious!

...

At the same time, Tiandao Palace.

Xuanyuan Moxie had been sitting in the hall thinking for a long time.

He was still weighing the words of Yantian Dragon God.

Is it possible to buy the strong at that level?

Indestructible Dragon Emperor was a very prestigious powerhouse in the Nine Heavens Dragon Palace.

This kind of arrogance of the strong is destined to be unable to change with interests.

"This time, Xuanji has appeared, I am afraid that the blood dragon really threatens that one."

"Finally, just give it a try."

Later, Xuanyuan Moxie came to a mural, and his five fingers touched the mural.

A light blue light flickered.

The mural is open!

It was a dark world, without a trace of spiritual power fluctuations, and it was quiet like purgatory.

Xuanyuan Moxie passed through a corridor full of runes.

The corridors were actually plastered with runes.

The symbols on the runes do not belong to the Lingwu Continent, let alone the Kingdom of God.

Extremely obscure!

Prisoners are all over!

There is even Lingtian Arrow God among them.

However, Xuanyuan Moxie did not stay in front of Lingtian Arrow God's prison!

Instead, he came to a special golden cage.

Chains are everywhere in the cage, and the chains are full of forbidden power, which is uncomfortable to suppress!

Even Xuanyuan Moxie frowned slightly.

Soon, Xuanyuan Moxie stopped.

His eyes passed through the prison and chains, and fell on a man.

The man is naked, with extremely **** and majestic dragon tattoos all over his body.

Dragon pattern is a man's armor!

And there was a faint purple glow on the dragon pattern that filled the whole body.

Xuanyuan Moxie smiled slightly, and said, "Indestructible Dragon Emperor, how about making a deal?"

"The bargaining chip is your freedom!"

In the next moment, the dragon tattoos all over the man's body flow!

A faint dragon chant came from his body!

This is Longzun's Wrath!

The man opened his eyes!

Those eyes seemed to drink blood! It seems to eat bones!

He just glanced at Xuanyuan Moxie faintly, and said, "I am the immortal Dragon Emperor! I will never trade with garbage forever."

"Understand or not!"

At this moment, Xuanyuan Moxie's face was completely black.

Chapter 2864: Ye Chen's crisis

At the same moment, in a dark deep sea, a pair of purple eyes suddenly opened, and the eyes were filled with anger, and the violent aura instantly stirred the sea in the deep sea. The strange figure hidden in the darkness gave out a violent shout. : "How is it possible! One of the three origins of the deity's demon worms has fallen?"

You know, using the demon insects to multiply their offspring and invade the body of a warrior can't be done by any demon clan, only the high-ranking demon clan possesses this ability!

The celestial worms cultivated by the higher demons are divided into the original worms and the inferior ones.

Inferior Demon Insects can also transform warriors into Demon Races, but the Demon Races that are transformed are extremely low-level, cannon fodder-like existences, and their strength cannot be improved much.

But the origin monster is completely different!

Inferior demon insects can be cultivated almost infinitely, while the original demon insects are limited in number, and each cultivation of an original demon insect requires countless efforts of the demon clan!

In contrast, the Demon Race created by the Origin Demon Insect will not be low in rank, and the strength of the host will be greatly improved!

In the eyes of the extraterritorial demon, only the demon clan created by the original demon worm can be called a true clansman, and the inferior demon worm is like a slave and cannon fodder!

Not only is the origin monster, it is extremely precious. The human warrior who can become the container of the origin monster is also called rare. Generally speaking, the demon race transformed in this way is extremely precious, especially in the present day. era!

And Gao Yin, is such an existence!

With these three origin demon worms, he believes that there is hope that they can be cultivated into three extremely powerful and terrifying demon races, who will help him realize his grand plan and let the heavenly demon race return to the world!

This demon soul was sealed for tens of millions of years, and finally got out of the trap, and got a new body. There were only three original demon insects in the body, so one fell so quickly?

This is no different from breaking one's arm!

What's more, the original demon insect is equivalent to the biological offspring of this ancient demon clan!

This is called him, how can he not be angry?

His eyes flickered frantically, besides that, there is a great secret hidden in the advanced demons...

"Ye Chen!!!"

An inhuman roar of rage shook the entire sea area and set off stormy waves. The monster beasts in the sea area and the nearby warriors either wailed or turned wildly!

Although they couldn't hear the roar of the demon soul, the change in the sea before them was as if the evil **** sleeping in the deep ocean was angry!

...

The first kingdom of God, somewhere in the valley near the Inanimate Land.

A figure flew down from a high altitude, his body covered in blood, his eyes closed tightly, it was precisely because of the backlash of the ruined divine way that Ye Chen had lost consciousness!

At this moment, Ye Chen didn't know that at the place where the demon died on the day he killed his body, although his body was completely annihilated by the destroying sword light, it actually left a thumb the size of its annihilation. The purple light group, this purple light group does not have any consciousness, just quietly suspended in the void.

And at the moment when this light ball appeared, in the void, with the fluctuations, a transparent vortex suddenly appeared, exuding an extremely powerful attraction, as if to take the purple light ball into it!

But at this moment, Ye Chen, who was falling, was still holding the evil sword tightly in his hand, and suddenly the blood burst, and on the purple light group, blood-colored chains appeared, pulling it towards Where is the evil sword!

The transparent vortex trembled slightly, as if sensing that the evil sword was competing with it for the purple light group, the attraction in it was instantly magnified several times, and the two, at the same time Ye Chen fell, started a stalemate!

With a bang, Ye Chen's body slammed on the ground fiercely, smashing the ground with cracks, and at this moment, the transparent vortex that was stalemate with the sword seemed to have finally reached its limit.

The entire space oscillated slightly, and a weird shattering sound rang out. The transparent vortex finally lost the power of the Shajian and completely collapsed, while the purple light group fell by Ye Chen's side, turning into a single The tiny purple spar resembling gravel was then sucked into it by the evil sword!

And Ling Tian Arrow God, who had been watching this incredible scene, was completely shocked!

At this time, I came back to my senses!

Just now, what was that transparent vortex?

Ling Tian Jianshen solemnly recalled the breath he felt from the whirlpool...

That kind of rhyme is not the kingdom of God at all, it can appear!

Only the upper bound will have it!

He muttered in disbelief, "Could it be that the invasion of the devil is not as simple as we thought, and there is a shadow of the upper world behind it?"

And what is that purple light group? Even the existence of the upper realm covets it?

All this is getting more and more complicated!

However, at this time, Ling Tian Arrow God was forcibly suppressing his mind, no matter what conspiracy behind this, the current top priority is Ye Chen's state!

At this time, Ye Chen's state was very bad. Even if Ling Tian Jian Shen watched Ye Chen walk along and witnessed countless miracles and his sky-defying vitality, he couldn't guarantee that Ye Chen could survive!

That destructive aura is destroying Ye Chen's body at an unimaginable speed, and the powers of the **** blood, reincarnation blood, and sky demon blood in Ye Chen's body are running frantically, turning into billowing vitality, resisting the aura of destruction The devastation!

In this case, Ye Chen can still hold on to it, changing to another martial artist, even if it is the peak of the chaos realm, and even the strongest existence of the sky **** realm, it will instantly turn into nothingness!

And What worries Ling Tian Jian Shen the most is that this is not a safe place!

This place has left the inanimate place. Although the vitality is avoided from being swallowed, the same also means that other creatures can survive here!

Ye Chen is now on the verge of life and death. Even the slightest external force can cause his death, a hungry monster, a malicious warrior, and so on!

At this moment, there was a roar of the beast, which sounded from not far away. A monster beast with a head like a black bear, black and shiny fur, and blood-colored double horns, directly knocked down a large area of trees, extremely excited, and rushed toward Ye Chen violently. Come!

Ling Tian Jian Shen was anxious. After all, Ye Chen's unimaginable blood energy was, to these monsters, it was unique and extremely delicious in the world!

The black bear demon beast with double horns rushed to Ye Chen's body in the blink of an eye, opened his mouth wide, and directly aimed at Ye Chen's body, biting it down!

Chapter 2865: Taiyuan Sword School

Even Ling Tian Arrow God, at this moment, couldn't help but sigh in his heart!

Today, Ye Chen's body is extremely fragile under the impact of Destruction Divine Dao, and he can't stand this monster beast at all!

Does Ye Chen's legend end here?

But at this moment, the evil sword that was lying quietly next to Ye Chen suddenly exploded with a terrifying evil spirit, piercing blood, and went straight into the sky!

The beast's mouth was wide open, and the sharp teeth were about to tear Ye Chen's body. In this breath, the eyes suddenly showed an expression of extreme horror, and its body also flew away uncontrollably!

With a bang, the monster beast smashed several big trees and stopped its body. It looked at the dark long sword next to Ye Chen with great fear. The instinct of the beast told it if it came close again. Ye Chen, he might die!

Although it was still full of longing for Ye Chen's flesh and blood, but after hesitating for a while, in the end, it was unable to overcome its fear of Sha Jian and left angrily...

Upon seeing this, Ling Tian Jianshen exclaimed with joy: "Automatically protect the lord!"

It seems that this ancient thing, after Ye Chen successfully comprehended the **** of destruction, really regarded Ye Chen as its master!

However, Ling Tianjian's worries in God's heart still did not dissipate. After all, although the Sha Sword is an ancient thing and possesses the ultimate terrifying power, it has been sealed after all, and now it can only exert a part of its power. .

The ancient magic weapon was also very strong, but after all, it was too strong, and the monster beast that rushed to Ye Chen just now was surprisingly a chaotic monster!

A monster beast that appears casually is the Chaos Realm. It is conceivable how terrifying the creatures that exist in this area. If a stronger monster appears, the evil sword can also use its own power to control Is it retreating?

Generally speaking, Ye Chen's situation is still extremely dangerous!

...

Three days later, in the valley, two elegant figures suddenly flashed. Upon closer inspection, they were two women with extremely beautiful faces.

One of them was a younger girl, with a petite body shrouded in white clothes, her face was extremely beautiful, her eyes were pure and agile, and her white and delicate melon seed face was filled with a clean breath, as if she fell into the world. Fairy like mortal.

And another older woman, tall, with a pair of phoenix eyes, the corners of the eyes slightly raised, the bridge of the nose is high, the whole person looks, although it is also beautiful, but a bit cold, a little arrogant, and the beautiful eyes turn, it seems to the world Everything is quite disdainful.

However, when the woman looked at the girl in white, her eyes were soft.

The two, the white-clothed girl, named Yue Rou, and the tall woman, Lin Siqi.

They are all disciples of the Taiyuan Sword Sect of the First Kingdom of God.

The Taiyuan Sword Sect is not among the first-class forces in the First Kingdom of God, and even many people have not even heard the name of the Taiyuan Sword Sect.

but! The strength of the Taiyuan Sword Sect cannot be underestimated!

why?

Because of these two women, Yue Rou seemed to be just over twenty years old, and their cultivation level was already in the chaos realm seven-layer heaven!

Although Lin Siqi was three or four years older than Yue Rou, her cultivation level was a level higher than Yue Rou!

Even in the first kingdom of God, even after the Yuhuan appeared on the moon, the sects with such cultivation level disciples were extremely terrifying! What's more, the two are still so young!

If you put it outside, you can crush countless geniuses into slag!

Can such a sect be scary?

But why, no one has heard the name of the Taiyuan Sword School?

This is because the Taiyuan Sword Sect is a hermit sect! One of the hidden forces belonging to the First Kingdom of God.

Many of the so-called hidden forces have been passed on from the generation of the Lord of Samsara!

But after the Lord of Reincarnation fell, the rules of the Kingdom of God changed, and Heavenly Dao Palace was in charge of everything.

Some sects who disdain the management of Tiandao Palace choose to survive in seclusion!

In the eyes of these sects, they will not obey anyone!

What does Tiandao Palace do!

They opened up their own mountain gates and created their own cultivation place!

It is not uncommon to have anything to do with the outside world!

At this time, the speed of the two walking through the valley is not slow, but their looks are completely different.

Yue Rou looked left and right. It seemed that she was full of novelty. She grew up in the clan and rarely came into contact with the outside world. This time, she finally got the opportunity to come out with Senior Sister Lin to gather medicine. Take a good tour.

On Lin Siqi's pretty face, there was a slight dignified color, and she urged Yue Rou: "Rou'er, hurry up, we are not here to play."

Yue Rou spit out her little tongue and smiled: "I see, Senior Sister."

Lin Siqi nodded, she was not the little girl who had never seen the world like Yue Rou. Although the outside world was full of wonderful things, it was also dangerous!

This valley, in the entire first kingdom of God, is a place of danger. It is said that there are no shortage of extremely powerful monsters in the valley! Where can they be allowed to play here?

The two kept walking through the forest, as if looking for something. Suddenly, Lin Siqi's beautiful eyes lit up, and in front of her, there was a dark, ordinary-looking flower!

Even, there is no special breath.

However, Lin Siqi knew that this was the kind of strange medicine they had to look for at the risk of entering this dangerous valley!

Immediately, with a wave of her bare hand, she put the herb in her bag.

But at this moment, Yue Rou behind her suddenly exclaimed: "Senior Sister, look, what is that!"

Lin Siqi was taken aback for a moment, turned her head, and saw that, in the direction of Yue Rou's fingers, there was a man lying unconsciously it was Ye Chen!

"Slashing the Evil Realm?" Lin Siqi's beautiful eyes flashed a trace of disdain, and said to Yue Rou lightly: "Rou'er, just a dead person, nothing to look at. Now, the herb has been found, let's go! "

On Yue Rou's small face, she stared at Ye Chen with concentration, shook her head and said: "No, Senior Sister, his aura is something like that, but obviously, he is not dead yet!"

The corner of Lin Siqi's mouth floated with a sneer: "I haven't died yet. In this state, appearing in this valley, and sooner or later will be swallowed by monsters. What is the difference from the dead? Ha ha, let alone he has been seriously injured. In an intact state, it is almost impossible for a trash to get out of this valley."

I have to say that Ye Chen hasn't been swallowed up yet, and Lin Siqi felt that his luck was incredible.

During the conversation between the two women, a dark shadow suddenly appeared in the distant sky, and at the same time, a terrifying whistling sound came into their ears!

Chapter 2866: Mad!

Lin Siqi's face suddenly changed, and she shouted at Yue Roujiao: "No! It's a bird of heaven! Rou'er, let's go!"

In this piece of Jedi, the adult celestial bird is extremely terrifying, and it is not the two of them that can contend. Fortunately, their Taiyuan Sword Sect's method is extremely delicate, although the celestial bird is a kind of A powerful monster bird, but speed is not its strong point. By relying on speed, the two can completely shake off the bird-eating day!

But Yue Rou did not move!

On Yue Rou's little face, a resolute expression suddenly appeared: "Senior Sister, let's save the fainted person!"

"What are you talking about! Are you crazy?"

Lin Siqi was completely stunned by Yue Rou's words, even a look of anger appeared on her pretty face!

No matter how naive, there should be a limit, right?

They and this kid are not close to each other, so why bother with him?

Moreover, it is still a waste of the Evil Realm, and if you die, you die!

What's more, the sky eater is coming. With such a burden, it is difficult to say whether the sky eater can be thrown away! For an unknown but extremely weak garbage, it is necessary to risk his life to save it?

Only a silly girl like Yue Rou who didn't understand the cruelty of Xiuwu world could have such unreasonable thoughts!

If it weren't for her relationship with Yue Rou, and Yue Rou's status in the sect, Lin Siqi would now want to leave her directly and escape by herself!

She glanced at the celestial eater who hadn't completely approached, suppressed her anger, and said solemnly to Yue Rou: "Rou'er, don't be too naive. This world is not as simple as you imagined. You save him now. , What's the use?"

This person, who obviously only has the cultivation base of the Slaying Evil Realm, appeared in such a dangerous valley. It can only show that this person is not only weak, but also lacks self-knowledge. This kind of person is destined to not survive! "

"Even if you saved him once, can you save him a second time, a third time?"

"Furthermore, after the fall of the Lord of Reincarnation, the seven great kingdoms of the gods have changed! They have become extremely dark and bloodthirsty! The weakness of human nature has been amplified to the extreme! This person is not necessarily good or bad!"

"In other words, if you save this person, there is no meaning to this world! He is not the Lord of Samsara! You cannot save the kingdom of God!"

"Go!"

At this time, Lao Cang and Lao Kuang in the reincarnation cemetery were listening to the conversation between the two, but their hearts were extremely nervous! If these two women didn't take action, Ye Chen might really be dead!

In the past few days, the evil sword has resisted Ye Chen, I don't know how many waves of monsters, and even forced back a few monsters in the late Chaos realm, but the power of the evil sword is almost consumed!

There is no power to repel the bird-eating day!

He secretly hoped, hoping to save Ye Chen from these two women, this is Ye Chen's only chance to survive!

Although they want to do it, their strength is based on Ye Chen!

Now Ye Chen is in a coma, they are also tasteless!

At this time, Yue Rou also looked at the bird-eating that day. The strong demon aura of the bird-eating sky made her tender body tremble slightly, but her face was still firm, and she spoke without any intention of retreating:

"Sister, what you said may be correct, but bird-eating is so terrible today. If we leave him alone, he will definitely die. I can't see injured and helpless people die in front of me without Do not ask!"

Lin Siqi was completely angry when she heard this. Is this Yue Rou spoiled?

At this time, how willful? Her waywardness, but it is very likely that they will lose their lives!

She secretly condensed her spiritual power, looking at Ye Chen's eyes, she became more and more gloomy. Now, I am afraid that she can only kill this kid to make Yue Rou give up. Anyway, he also escaped. But the fate of being swallowed by the eclipse bird, isn't it?

But just before Lin Siqi was about to take a shot, Yue Rou's figure suddenly moved, swiftly rushing towards Ye Chen!

Lin Siqi cursed **** secretly, did this stupid girl really save people without hesitation?

Yue Rou hugged Ye Chen's body, and the evil sword in Ye Chen's hand, as if feeling something, turned into a brilliance and merged into Ye Chen's body.

Otherwise, Yue Rou couldn't take it away with the weight of the evil sword.

In the next moment, it was originally a black-spotted eclipse bird, whose figure has already covered the sky above the two women's heads. It turned out to be a whole body of blue-gray feathers, shaped like an eagle, and a beak that was as red as blood. The huge bird!

Lin Siqi's pretty face sank completely, and now that there is nothing to do, she can only take this kid and run away together!

Yue Rou had already hugged that kid, if she tried to attack Ye Chen now, Yue Rou would definitely stop him desperately? Once the two entangled, they would definitely die under the claws of the eater!

"let's go!"

Lin Siqi yelled violently, raised her bare hand, and a round ball flew out, burst into pieces in front of the bird, turning into a billowing white mist, blocking the bird's sight!

But the two women moved their bodies, and flew away in a certain direction, but at this moment, Yue Rou's small face was obviously with a trace of hard work, and the speed was slower than Lin Siqi. one fifth!

Originally, Yue Ruan and Lin Siqi, although there was a difference in cultivation level, Yue Rou's martial arts talent was even higher than that of Lin Siqi. He had cultivated the Taiyuan Sword Sect's body technique to a realm close to perfection, and their true speed , There is not much difference.

The reason why Yue Rou's speed is so slow now is because she is carrying Ye Chen!

Don't look at the weight of just one person For the body of the Taiyuan Sword Sect, it is a huge difference!

That day, the bird-eater seemed to be irritated by the white mist released by Lin Siqi. With a whistle, the wings spread out, and the wind swept across, instantly blowing away the white mist around her body, and at the same time the figure soared towards Lin Siqi and Yue Rou , Rush away!

Lin Siqi looked back at Yue Rou and was shocked. Because of Ye Chen's burden, Yue Rou slowed down a lot. If this goes on, it won't be long before she will be overtaken by the eater!

She couldn't help but yelled at Yue Rou again: "Rou'er! Senior sister ordered you to quickly throw that kid to me! Otherwise, you will be overtaken by the eater! Otherwise, even if you take this kid If you save it, Senior Sister will kill him too!"

The always well-behaved and obedient Yue Rou, at this time, she didn't seem to hear Lin Siqi's anger, her small face was covered with sweat, but she still hugged Ye Chen tightly, without any intention of letting go!

"Damn it!"

Chapter 2867: Familiar breath

Lin Siqi is really going to be mad! In the eyes, a deep hatred flashed!

What she dislikes the most is being dragged down!

Because of her relationship with Yue Rou and Yue Rou's background, she couldn't hate Yue Rou, so she hated Ye Chen!

The distance between Lin Siqi and Yue Rou was getting bigger and bigger. At this time, the bird-eating bird was about to catch up with Yue Rou. The blood-red bird's beak opened wide, and it uttered a scream, a powerful suction. , Spread from the bird's beak, sucking everything around into the bird's beak!

At this moment, Yue Rou's delicate body seemed to be frozen, and she was completely unable to move a single minute. Just resisting the terrifying suction force almost exhausted her whole body's strength, and the sky-eating bird was fast. The speed, approaching her!

"No!"

Yue Rou looked back and saw that one side of the huge bird's beak was blood red, exuding a strong stench and decay. If she and Ye Chen were inhaled into it, they would be transformed into a pool of blood in an instant. Right?

In her beautiful eyes, there was a deep color of fear, and her small face was pale, but her hands still didn't mean to relax, instead they held them tighter! Even if he was afraid, Yue Rou didn't want to be a person who couldn't save him!

Yue Rou took a deep breath. Although her delicate body still couldn't stop shaking, she could still calm down a bit. In her beautiful eyes, a flash of determination, a sword light, suddenly shot out from Yue Rou's body, towards That day, the bird eater was severely cut off. Since it couldn't hide, there was only one battle!

As for Lin Siqi in the distance, seeing this scene, after hesitating for a while, she gritted her teeth and moved her bare hand to hold a long sword. On the long sword, the light of the sword surged like a thunder and turned towards the bird-eating bird that day. Swept away!

If something happened to Yue Rou, she would not be safe when she returned to the sect. After all, abandoning the same sect would be a big taboo among the Taiyuan Sword Sect!

If it is an ordinary disciple, if you abandon it, you will also abandon it. The world of martial arts is cruel, no one will really care about this, but Yue Rou is not an ordinary disciple!

On that day, Bird-Eater faced the sword lights cut by the two women, but in the blue-gray eyes, a anthropomorphic ridicule appeared. In its view, the two sword lights could not cause the slightest threat. !

Although it was attracted by Ye Chen's blood, these two human women are obviously also rare and delicious!

Just when the two sword lights were about to slash the sky-eating bird, there was a long cry in its big mouth, and a blood-red wave rippling. In the blood-red sound wave, the sword lights of the two women were instantaneous. Time, turned into smash!

On the pretty faces of Yue Rou and Lin Siqi, there were extremely shocking colors!

The two of them are Jian Xiu! The sword repairers from the Taiyuan Sword Sect, the Super Sword Sect. In terms of attack power, the two women have always been quite confident. But in the face of the bird-eating day, the two combined a blow, let alone a general It was injured, but he didn't even touch the opponent's feathers!

How terrible!

This can only be said that the difference in strength between the two and the sky eater is too big!

The hearts of Lin Siqi and Yue Rou sank completely!

In the eyes of the bird-eater that day, the color of extreme ecstasy flashed, and Yue Rou and Ye Chen would be swallowed directly. If the flesh and blood of these two humans were refined, especially the man, his power might be able to once again Break through?

But at this moment, in the void, the fluctuations together!

A big snake shining with purple light suddenly appeared, with a mouth, spit out a purple thunder, and slashed at the bird-eater that day!

There was a loud bang, and the bird screamed that day, in the big mouth, it was scorched to black!

"It's Purple Thunder Snake!"

When Yue Rou saw this, the ecstasy of the rest of his life appeared on her pretty face. The sky-eating bird is one of the natural enemies of the purple thunder snake. It often captures the purple thunder snake as food, but because of this, the purple thunder snake often swallows the sky. Bird eggs!

These two kinds of monsters are extremely powerful in adulthood. Because of the hatred accumulated by the two generations, once they meet, they will desperately fight to the death!

Originally, this purple thunder snake was also attracted by Ye Chen's blood, but it was a coincidence that it happened to collide with the eater of this day! For a while, the Purple Thunder Snake couldn't even take care of Ye Chen, and directly attacked the Sky Eater!

Naturally, Yue Rou would not let go of this good opportunity. Taking advantage of the battle between the two monsters, she brought Ye Chen and flew towards Lin Siqu with a single flash!

Soon, the figures of the two women disappeared into the sky, leaving this dangerous valley completely!

Until then, Lin Siqu's complexion lightened slightly, but she still shouted at Yue Rou extremely angrily: "rouer! You know, you almost killed yourself just now! Just because of this waste, is it worth it? ?"

Yue Rou spoiled her tongue and said, "Senior Sister, can't I make a mistake? But you see, aren't we all all right now? Besides, I think this man is not as simple as it seems."

"I feel his breath, very familiar."

"It seems a bit like the stone statue standing in the sect that we often worship."

"Hehe." Lin Siqi glanced at Ye Chen and sneered: "What can be so simple about a slashing waste?"

Not easy yet? It made her nauseous when she saw it!

Yue Rou said seriously: "Senior Sister, have you forgotten? Three days ago, before we came out to collect medicine, we sensed a wave of extreme fluctuations that even the powerful in the clan were shocked?"

Lin Siqi heard this, her pretty face changed slightly. Taiyuan Sword Sect was not too far away from this valley. The terrifying fluctuations came from the valley direction. She still shuddered a bit when she thought about it.

She nodded and said, "That might be caused by some kind of existential battle close to the Celestial Realm It's hard to imagine, what's wrong?"

Yue Rou suddenly showed excitement and said, "This young man seems to be seriously injured. Will it be related to the super war a few days ago? Maybe, he is a terrifying powerhouse we can't imagine. What?"

As he said, in a pair of extremely clear big eyes, shining, looking at Ye Chen's eyes, it was like seeing a baby!

But Lin Siqi smiled, smiling contemptuously!

She coldly said: "Rou'er, stop dreaming. Do you think that strong people of that level are all over the street? This trash, let alone participating in a battle of that level, is just a ray of aftermath from the battle. , Can it be wiped out, right?"

Yue Rou touched her head with some embarrassment, Ye Chen was only the cultivation base of the Slashing Evil Realm, it is indeed impossible to trigger the battle fluctuations at the peak of the Chaos Realm...

Chapter 2868: Watching in the dark

However, Yue Rou was even more curious about Ye Chen. How did he fall into this dangerous valley? And when she rescued Ye Chen, the dark long sword that was directly integrated into Ye Chen's body also gave her a frightening feeling!

In the dark, Yue Rou had an intuition, that is, this man who was rescued by her was definitely not simple!

When Ling Tian Jian Shen listened to the conversation between the two women, he was a little bit dumbfounded. The woman named Yue Rou was really whimsical.

However, she was really right!

At the same time, he was also somewhat fortunate that a kind-hearted and innocent woman like Yue Rou could be said to be an endangered species in the world of Xiuwu. It may not be possible to see one in ten thousand years, but Ye Chen happened to be caught up!

Thanks to Yue Rou's kindness, Ye Chen got his life back!

This luck can be said to be against the sky!

At this time, Yue Rou suddenly spoke again: "Senior Sister, I want this young man to join our Taiyuan Sword Sect."

"What?" Lin Siqi raised her eyes and looked at Yue Judao incredulously, "Rou'er, what are you thinking about? Our Taiyuan Sword Sect, as a hermit sect, has strict requirements for accepting disciples. Twenty How old are you, and you are only a person from the Evil Realm, what qualifications do you have to join our Taiyuan Sword Sect? Don't be too willful!

Let Ye Chen's ants become the same with himself? Thinking about it makes Lin Siqi feel sick!

As a disciple of the Taiyuan Sword School, she is extremely proud! How could any cat or dog become a disciple of the Taiyuan Sword Sect at will? Didn't that reduce her status?

To put it bluntly, she just looks down on a man with a poor cultivation base like Ye Chen. And seeing that this kid died in the wilderness without any care, he must have no background, right?

Like this kind of ants with no strength and no background, 10,000 or 100 million dies a day, she might still be too few!

However, Yue Rou pouted and said, "Now that you are in the Evil Realm, doesn't it mean that you have always been in the Evil Realm? Brother Li Kun, it was only when he was twenty years old that he suddenly rose up and his cultivation level advanced by leaps and bounds..."

Lin Siqi's face suddenly fell cold and said: "Yue Rou, what are you talking about? This kind of person is also worthy of being compared with Senior Brother Li?"

Listening to Lin Siqi's tone, Yue Rou closed her mouth in fear.

Li Kun is the first person in the younger generation of the Taiyuan Sword Sect, and his strength is terrifying. In addition to possessing the nine-tiered sky-defying cultivation base of the chaos realm, his comprehension in the sword is also scary enough to be unspeakable!

Li Kun is only thirty-one years old this year, and he has made such an achievement, and he has created countless miracles in the Taiyuan Sword Sect.

However, Li Kun's martial arts training was not smooth sailing. Before he was twenty, he was only an ordinary to no more ordinary disciple of the Taiyuan Sword Sect. Until he was twenty, he was For some reason, madness has risen!

And Yue Rou also knew that Li Kun had always liked Lin Siqi, and Lin Siqi was also full of affection for Li Kun. They only had a layer of window paper to establish a relationship.

Although Lin Siqi has not agreed to Li Kun's pursuit for the time being due to the reservedness of a woman, being pursued by such a genius can undoubtedly bring great satisfaction to a woman who loves vanity like Lin Siqi, intentionally or unconsciously. , Lin Siqi has regarded Li Kun as her own man.

Is his own man like Ye Chen who can be compared?

In terms of Lin Siqi's vanity, comparing Ye Chen to Li Kun is an insult to Li Kun and her Lin Siqi!

At this moment, Ye Chen's eyelashes suddenly trembled!

Old man was overjoyed, Ye Chen came through! The destruction aura raging in Ye Chen's body, under the suppression of various powerful bloodlines, finally began to converge!

Yue Ruan and Lin Siqi all had a look.

However, Yue Rou was delighted, while Lin Siqi was speechless!

Ye Chen slowly opened his eyes, looked at the two women beside him, and was slightly taken aback.

He secretly asked in his heart: "Ling Tian Arrow God, old man, old man, what happened? Why am I here?"

Immediately, Ling Tian Jian Shen told Ye Chen everything that happened after he forcibly killed the escaping demon.

Including the mysterious transparent vortex, the purple light group, and Yue Rou saving him.

A strange color flashed in Ye Chen's eyes, and his heart was shocked. If someone from the upper realm really intervened in this disaster, things would be troublesome!

At the same time, he was also very curious about the purple spar in the evil sword!

If there is time, perhaps the broken sword of senior Ren should be cultivated into it.

Seeing that Ye Chen woke up, Yue Rou smiled and said to Ye Chen: "Hello, my name is Yue Rou. This is my senior sister, Lin Siqi. Both of us are disciples of the Taiyuan Sword Sect. I found you falling in the valley, and I brought you out."

And Lin Siqi on the side was speechless: "I didn't wake up when I was chased by the eater bird just now. Once I got out of danger and heard that I could join the Taiyuan Sword Sect, I woke up? Would you really choose the time? ?"

This undoubtedly thought that Ye Chen was pretending to be dead just now!

Ye Chen nodded, and said sincerely to Yue Rou: "My name is Ye Chen, thank you Miss Yue, let me help!"

Although what he said is brief, he will never forget this kindness!

As for Lin Siqi, he completely ignored it and didn't even look at it.

Lin Siqi is pretty good, but compared with Zi Ning, Ruoxue, Ji Siqing, Long Jingyan, Chu Ying and other women, the gap is huge, so how can Ye Chen be interested?

The most important thing is that a woman with Lin Siqi's personality is useless no matter how beautiful she looks, and Ye Chen will only be disgusted!

Seeing Ye Chen treating herself as air, Lin Siqi became even more disgusted when she looked at Ye Chen's eyes!

How dare this ant ignore me?

Thank you only to Yue Juu?

Although she has no interest in Ye Chen at all, she can't stand Ye Chen's attitude towards her!

Even Li Kun's kind of genius is polite and caring to him in every way, a low-level figure, in front of him, unexpectedly behaves so indifferently?

Shouldn't a man like Ye Chen lower his posture and kneel and lick himself very humbly, just in exchange for a trace of his own favor, or say a word with himself?

Yue Rou smiled at Ye Chen and said, "Ye Chen, we are going to return to the Taiyuan Sword Sect now, do you want to go back with us?"

Ye Chen heard the words and nodded and said, "Then it's better to be respectful."

His current injury is not completely healed, and he needs to find a place to recover quietly, and there are countless tyrannical monsters around here, which can be described as dangerous, and only the Taiyuan Sword Sect can make him feel at ease.

But at this moment, Ye Chen's eyes flashed, but he frowned at Yue Rou and said, "Miss Yue, someone seems to be spying on me!"

Chapter 2869: Another ghost beast!

what? "Yue Rou exclaimed, and immediately released her spiritual thoughts and swept around, but she found nothing!

Lin Siqi, who was on the side, gave Ye Chen a very contemptuous look, and sneered: "Started to pretend? We two exist in the chaos realm, and nothing was sensed. You, a martial artist in the Evil Slashing Realm, can still detect someone spying. I wait?"

Haha, is it just to attract our attention? It's so ridiculous, a man who has no strength can only play this little trick! "

Yue Rou pulled Lalin Siqi's sleeves and said, "Senior Sister, you are too much to say that."

She is a little strange. Although the usual senior sister's temper is not very good, it shouldn't be so? Why do you hate Ye Chen so much?

She glanced at Ye Chen, and saw that Ye Chen's expression hadn't changed, and she was slightly relieved. She still wanted Ye Chen to join the Taiyuan Sword Sect, but she didn't want to run Ye Chen away because of Lin Siqi.

As for Lin Siqi, the coldness in her eyes is even more intense. After being said so, she dare not even say a rebuttal?

However, it can be regarded as a waste of knowledge, otherwise, if you find an opportunity, you must teach him a lesson!

Although Yue Rou didn't think Ye Chen was deliberately attracting attention, she still said, "Ye Chen, do you feel wrong?"

After all, with Ye Chen's cultivation base, it is almost impossible to outperform both of them in spirit.

Ye Chen said: "Is it wrong? Go and see and you will know. Wait for me here for a while."

Lin Siqi heard the words and said with a deep look in her eyes: "We saved you and took you back to the sect. You are starting to push your nose and cheek now? Do you want us to wait for you? Rou'er, don't wait for him! He wants to see , Let him see enough!"

Yue Rou pulled Lalin Siqi and smiled at Ye Chen: "Well, then you go and have a look, we are waiting for you."

Here, the most dangerous area in the valley has been left, and there are basically no monsters above the Chaos Realm nearby. Wait a minute, it's not a big deal.

Ye Chen nodded and said, "It won't take too long. I will be back within a maximum of one stick of incense."

After all, his figure flashed, and he escaped directly into the void.

After a few flashes, Ye Chen stopped his figure, looked at a certain place and said, "Come out."

Fluctuations in the void, a young man in a blood-colored robe appeared in front of Ye Chen.

This young man seemed to be about twenty-seven years old, with delicate features, but his complexion was somewhat abnormally pale, and there was blood floating in the depths of his eyes.

At this moment, this young man looked at Ye Chen with a look of surprise, he did not expect to be discovered!

Ye Chen squinted his eyes, and the man in front of him was very strong, with the eighth-level chaos realm, and his strength was about the same as the blood stabbing Vantone, the first killer of the blood alliance!

However, there is no fluctuation in his heart!

Although Ye Chen is now injured, in a bad state and impaired in strength, the lean camel is bigger than a horse. Even with his current strength, he can still defeat the man in the blood robe!

It's just that a forced shot may aggravate his injury and make him take longer to recover.

Ye Chen asked the man in the blood robe lightly: "Why peep at me and wait."

Hearing this, the man in the blood robe smiled slightly and said: "The blood on your body is too strong, and I, who happens to be a blood cultivator, is attracted by your blood, so naturally I want to take a good look."

A cold light flashed in Ye Chen's eyes, blood repair?

So, this person is trying to plunder his own blood?

He smiled coldly and said: "My vitality is indeed very powerful. If you get it, there will be great benefits. Why, do you want to plunder my blood?"

Spiritual power surged in Ye Chen's bloodline, and he was ready to fight, but at this moment, to Ye Chen's expectation, the man in the blood robe shook his head and said, "No."

"No?" Ye Chen raised his eyebrows, "Why?"

The blood in the blood-robed man's eyes suddenly burst, as if he wanted to see Ye Chen through, he looked at Ye Chen carefully for a while, and said: "Because, I feel that if I shoot you, I will die! You give me it feels very dangerous! Even the super monster beast at the peak of the Chaos Realm has never given me such pressure!"

He then smiled again: "I am a person, but I cherish life very much."

Ye Chen was taken aback for a moment, and then smiled. This person has a good vision, and a person with a good vision generally does not live a short life.

The man in the blood robe arched his hands towards Ye Chen: "I am named Ouyang Xi, the Blood Yuanzong from the First Divine Kingdom, this Xiongtai, can you get to know him?"

Ye Chen said lightly: "Ye Chen."

In Ouyang Xi's eyes, a frenzy flashed suddenly: "Brother Ye, can you discuss a trick with me?"

He is a genius of the Blood Yuanzong. It can even be said that he is a good figure looking at the entire First Kingdom of God. Ouyang Xi is confident and talented in martial arts. Among the younger generation of the First Kingdom of God, he is absolutely qualified. Existence in the top 20!

But now, he was shocked by a martial artist who was even younger than him by his cultivation base, who was only in the Evil Realm?

If you don't want to challenge Ye Chen, that's impossible!

Ye Chen shook his head: "No time!"

After speaking, he turned and left!

But at this moment, Ouyang Xi stopped Ye Chen and offered a cage: "There is another reason why I am staring at you, that is, this ghost beast. If I guess right, there is also a cage inside you. Spirit beast."

"If you promise me, this ghost beast will be given to you."

Ye Chen's eyes condensed, and his heart was shocked!

His connection with the blood dragon is intermittent, because the spirit beast is not strong enough, if another spirit beast is merged!

Maybe, his connection with the blood dragon can be very strong!

You can even share each other's power!

He suppressed his excitement, nodded and said, "Okay."

Comparing with each other is not a fight between life and death, but just a trick, which will have little effect on his injury.

Moreover, rejecting Ouyang Xi now may cause some trouble instead.

At this moment, in Ouyang Xi's hand, a **** long sword suddenly appeared, a **** breath, filled with madness, almost drowning the entire world, and a river of blood, lingering around Ouyang Xi's body, turned into a The blood-colored angry dragon suddenly poured into the long sword in his hand!

He shouted violently: "Blood Dragon Dances Sword!"

A blood-colored mad dragon, accompanied by extremely violent, tore up all the sword intent, surged out, and instantly cut the space around the two of them to pieces, the blood dragon danced with a sharp aura. It skyrocketed, and in a short moment, on the surface of the blood dragon, a black light appeared on the surface of the blood dragon. The sharp sword intent directly cut the martial arts law out of the crack, and brought an aura of destruction!

This sword is extremely terrifying!

Whether it is shooting, the meaning of true martial arts, the understanding of swords, and the control of blood qi, it can be said that in terms of the martial arts level of the first kingdom, it has reached the point of impeccable!

This sword is undoubtedly a sword that can shake the late Chaos Realm!

Even Ye Chen's eyes flashed a hint of appreciation.

However, it was just appreciation. His martial arts level had already transcended the martial arts level of the kingdom of God at the moment he realized the destruction of the gods.

This strong sword now poses no threat to him, and even Ye Chen stands in place, his figure does not move at all!

Chapter 2870: Refused?

Ye Chen had no plans to move.

But when Ouyang Xi saw this scene, there was a flash of blood in his eyes, revealing a trace of disappointment.

Ouyang Xi knew the power of his sword very well. Although it was just a discussion, he also had reservations. However, this sword is definitely not something that can be resisted motionlessly. In Ouyang Xi's view, as long as Ye Chen understands his martial arts, if he is weaker than himself, he will dodge, temporarily avoiding the first sharp edge of the blood dragon dance sword, and then attack the weak point of this sword.

However, Ye Chen's performance now is motionless.

This is the most wrong judgment in the face of the blood dragon dance sword, whether Ye Chen is a big tutor or a poor understanding of martial arts, it is disappointing to Ouyang Xi!

WINK is growing to \$1 - Don't lose your chance - Buy On Binan...

Even he thought, could it be that he missed it?

Ye Chen, isn't that really great?

However, although Ouyang Xi is not a good person, he still has his own principles. He said that he would not attack Ye Chen, and he would not attack Ye Chen. Even if Ye Chen was defeated by himself, Ouyang Xi would also have no intention of turning back.

Just before the blood-colored angry dragon was about to swallow Ye Chen completely, Ye Chen moved!

A pitch-black long sword appeared in Ye Chen's hand, and it seemed to be slashing down at the blood dragon in front of him slowly! He didn't even use the body of the sky demon and the blood of reincarnation!

Above the long sword, a touch of destruction exudes!

That is the power to destroy Shinto! However, Ye Chen only used a little bit.

This little bit is enough!

In the next moment, a scene of extreme horror appeared!

There was no violent impact as imagined, and the lingering prestige scattered, shaking the sky loudly.

The blood dragon that Ouyang Xi slashed out of that extreme sword collapsed silently!

It turned into a faint blood mist and dissipated in the air!

At the last moment, Ouyang Xi, who was still full of disappointment, was completely sluggish at this moment!

Looking at Ye Chen in disbelief!

Ye Chen, what did you just do?

That sword, with his martial art realm, can't even understand it!

Shocked so much that the soul began to tremble!

The blood burst in his eyes, and his expression was extremely embarrassed. Just now, he thought that Ye Chen's martial arts realm was not enough, and thought he overestimated Ye Chen?

As a result, in the next second, I was severely slapped in the face!

Not enough martial arts?

He could see that Ye Chen seemed to be hurt, and he didn't fully use his power when he shot. The reason why he was able to suppress his blood dragon dance sword so easily was entirely because his martial arts realm was much higher than Own!

He did look away, but he greatly underestimated Ye Chen!

To tell the truth, Ouyang Xi can see it, let alone compare with him, speaking only on the martial art realm, he doesn't even have the qualifications to give Ye Chen shoes...

Take it, take it completely!

Ouyang Xi, an extremely proud genius warrior, for the first time in his life, admired such a degree to a person!

If it is said that Ouyang Xi is an eternal evildoer, Ye Chen is a **** and demon-level evildoer who can change the history of the entire plane!

He laughed at Ye Chen and said: "What a horrible sword! Brother Ye, today, I really learned a lot! I am convinced of defeat!"

At the same time, he secretly rejoiced, but fortunately, he didn't attack Ye Chen!

Ye Chen smiled slightly and said, "You are also good."

It's true, if Ye Chen didn't comprehend the destruction of the divine way, I am afraid that facing the sword of Ouyang Xi would be quite difficult.

Ouyang Xi waved his hand, and the ghost beast in the cage moved towards Ye Chen!

Ye Chen is breathing fast, and there are few things that can make him so excited. When the time comes to refine this spirit beast, maybe he can see the blood dragon!

I don't know what happened to the blood dragon in the Nine Heavens Dragon Palace.

Of course Ouyang Xi also noticed this detail. He was a little surprised. The Spirit Beast was actually not a good thing. Why did Ye Chen care so much?

Is it possible that Ye Chen is practicing as a clone?

After that, he didn't think too much, and threw a jade medal to Ye Chen and said, "This is my token, and it's also a jade medal for contact. From now on, Brother Ye will need help if he encounters anything in the First Kingdom of God. Find me."

Ouyang Xi's identity is not simple, he knows that there is absolutely no harm in meeting a world-shattering genius like Ye Chen!

After that, he saluted Ye Chen again: "Brother Ye, originally, I should have invited you to the Blood Origin Sect to gather together, but at the moment, I still have things to do, so I have to make another appointment another day."

Ye Chen nodded and said, "There will be a period later."

Just as Ouyang Xi was about to disappear, but thought of something, she turned around and said to Ye Chen rather solemnly: "Brother Ye, here is a reminder, be careful of Mo Xueming. Recently, there have been many things in the First Kingdom of God, except for the devil. , Mo Xueming, who has long shrouded the shadow of the kingdom of God, seems to have begun to act."

After all, Ouyang Xi's figure flickered, sinking into the void.

Ye Chen looked at Ouyang Xi's back and fell into deep thought.

Did Mo Xueming touch his minions to the First Kingdom of God?

But it's right to think about it, Mo Xueming has existed for too long, and he was frightened in his old age, not to mention now.

...

In the next moment, Ye Chen returned to Yue Rou and Lin Siqi's two daughters.

Yue Rou asked curiously: "Ye Chen, have you found anything?"

Ye Chen said lightly: "No, I felt wrong."

He didn't say anything about Ouyang Xi, it was unnecessary, and he would waste his words to explain if he said more.

He has never liked trouble.

Lin Siqi snorted coldly: "Waste our time just for grandstanding? Ha ha, if it is because of you, we meet a monster, I will make you pay!"

Ye Chen, as if he hadn't heard Lin Siqi speaking, said to Yue Juu: "Go on."

In fact, he had already explored before he left, and there were no powerful monsters in the vicinity for the time being.

Although Lin Siqi was unhappy, under Yue Rou's persuasion, she didn't say much anymore. The three of them continued to move towards the Taiyuan Sword Sect.

As he walked, Yue Rou asked Ye Chen: "Ye Chen, are you interested in joining our Taiyuan Sword Sect? Although our Taiyuan Sword Sect is a hermit sect and not very famous, I can guarantee that we will never be much worse than the first-class forces of Wanfazong!"

Speaking of Zongmen, there was a hint of pride on Yue Rou's small face.

Ye Chen shook his head without hesitation and said, "I already have a sect."

"Is that so?"

Yue Rou lowered her head regretfully when she heard the words. She didn't know why, she hoped Ye Chen would join the Taiyuan Sword Sect.

Lin Siqi was overjoyed. In her opinion, what powerful sect could this waste come from?

It is estimated that you have never heard of the reputation of the Taiyuan Sword Sect, and you don't know what is good or bad, so you refused?
