

Urban 2881

Chapter 2881: doubt!

At this moment, his eyes suddenly burst into purple light, and Ye Chen's face showed an incredible color!

So powerful, so pure energy!

The energy in the purple spar is not only faintly improving Ye Chen's physical body, soul, and spiritual power, but even the injuries that are extremely difficult to recover from the aura of destruction are quickly healed!

This is indeed the Zixiao Rock!

Ye Chen's face was ecstatic, concentrated, and began to refine the energy of the purple stone. In this way, the time for him to recover from his injuries could be greatly shortened!

...

Shenmeng, in a secret room, two men are sitting opposite each other with solemn expressions.

One person, with a fairy style, a childlike face, dressed in a black and white robe, is Geshan, the leader of the League of Gods!

And the other person is a middle-aged man who looks quite kind, he was once the leader of the blood stab, Xiang Yuan!

Now, the blood thorn has been destroyed by Ye Chen with his own power!

The reason why Xiang Yuan came here was naturally because of what Ye Chen explained.

Ge Shan took a deep breath and asked Xiang Yuan, "Brother Xiang, that said, this Ten Thousand Faset is very likely to have taken refuge in the Sky Demon Race?"

Xiang Yuan nodded and said, "Not bad."

Ge Shan's eyes flickered, he pondered for a moment and then said: "Brother Xiang, does anyone else know about this?"

Xiang Yuan shook his head and said, "No more."

Xiang Yuan is a very scheming person. The so-called connector is actually just a brainwashed puppet.

Ge Shan nodded and said, "In that case, then, Brother Xiang, you can go to death."

"what did you say?"

Xiang Yuan was taken aback for a moment, as if he didn't react. The next moment, he seemed to remember something, his expression suddenly changed, and his figure turned into an afterimage, and he flew out of the secret room.

At the same time, an axe surrounded by thunder and lightning appeared in his hand, slashing down toward the door fiercely!

Although Xiang Yuan is not a strong one, he does not rely on force to lead the blood stab!

Facing Geshan, he has no confidence!

At this time, he had already reacted, the reason why Wan Fazong was able to introduce Ye Chen into the Demon Sect Great Array so easily was because there were spies in the alliance of God.

But neither he nor Ye Chen had a blind spot in their thinking!

That is, they subconsciously did not doubt Geshan, the leader of the God League!

After all, those who can serve as the leader of the League of Gods are all selected through thousands of choices. The most important thing is their loyalty to the kingdom of God!

However, there are always exceptions to everything, and Geshan is an exception!

With a loud bang, a brilliance appeared above the door of the secret room, blocking the axe, but above the light curtain, cracks were all over it. Obviously, it can only be resisted. The next blow will shatter!

But Ge Shan smiled coldly, this moment is enough!

A long sword appeared in his hand, black and white light rippling out, the meaning of true martial arts intertwined in the small secret room, the billowing sword light turned into a sky-shattering sword light, and it was under the hood toward Xiang Yuan!

Xiang Yuan felt that he did not want to attack the exit again, he turned around, and his whole body exploded with 200% spiritual power. The essence and blood burned. In an instant, all the secret techniques of life-saving were used. Turned into blood, the thunder light above the big axe became stronger for a while!

Xiang Yuan raised a large axe in both hands, roared wildly, and slammed into the sword net above his head, and slashed away!

But the next moment, this violent axe fell into the sword net, but it was silently annihilated, not even a trace of fluctuations!

"how is this possible!"

Xiang Yuan exclaimed, looking at Ge Shan, this is impossible!

Ge Shan, even if he is much better than him, it is impossible for the gap to be so big!

Xiang Yuan didn't even have a chance to think carefully, and the sword net had already drowned his body.

"Why are you....."

The sound stopped abruptly.

There was also a scream in the secret room.

Ge Shan waved his hand and swept away the blood mist in front of him. This generation of heroes who had been dominated by the first kingdom of God was wiped out, as if there had never been this person in the world.

After finishing his robe, he left the secret room.

At this time, in the hall of the League of Gods, the peak powers of the great kingdoms and guardians of all countries gathered.

Their faces are all ugly!

They have been trapped in this magic gate for several days, and they have just escaped!

Moreover, several guardians died in the formation...

The most powerful of these countries are proud and noble existences. When have they suffered such losses?

If they knew who set the trap, they would definitely make the other party pay the price at all costs!

At this time, Feng Shaoyu said: "You guys, do you think things are strange this time?"

When everyone heard this, they all frowned slightly, and it was too strange to be trapped in the formation this time!

They don't know the origin of the Great Demon Gate, but they also know that this kind of big formation cannot be completed without preparation in advance.

But why would anyone know that they are going to the Mangshen Mountain Range?

Feng Shaoyu's eyes flashed: "If I guess right, there are spies in us or the League of Gods. After all, no one knows about going to the Mangshen Mountain Range except the elites of the League of Gods and me!"

Everyone's complexion changed slightly after hearing this!

spy!

Collusion with the demons, such charges, even the strongest of all countries, can't afford it!

This is a capital crime among capital crimes!

At this time, Xiao Bao said gloomily: "Ye Chen and Tu Lanxin, haven't they appeared yet?"

Everyone shook their heads, Ye Chen, Tu Lanxin, and Song Jinyi from the League of Gods were all missing in the riot, and even the body was not found.

Xiao Bao frowned and said: "Don't you think there is a problem? With Ye Chen's strength, this magic gate formation and those killers are not a problem for him at all, but why didn't he appear?"

Feng Shaoyu also said with a flash of silver light in his eyes: "Yes! Even If Ye Chen could help me to break the formation, we would have come out long ago, why have we been trapped for so many days?"

Xiao Bao and Feng Shaoyu had gleams in their eyes. They were both seriously injured by Ye Chen. Although they had already conceded, it would be impossible to say that there was no resentment in their hearts!

These two people are all genius children of their respective kingdoms!

Or is it a genius who ranks second and third in the kingdom of God, when has he been humiliated?

Ye Chen, it is not too much to say that it is the shadow of their life!

Not to mention them, even the eyes of the rest of the people flashed a haze!

They all trust Ye Chen's strength incomparably, and even in the demon formation, Ye Chen has always been their hope and pillar! !

But what?

At the end, Ye Chen still did not appear...

Chapter 2882: Behind the conspiracy!

The atmosphere in the main hall became heavy and weird for a while, and the faces of everyone became more and more ugly. A terrifying thought could not help but surface in their hearts...

But no one said it...

They dare not say!

Finally, Xiao Bao gritted his teeth and said fiercely: "I didn't appear in the demon formation, and now I am missing? If there are spies among us, I need to say, who is the most suspicious? !"

This statement seemed to stir up a thousand waves!

Everyone's eyes flashed, so it seems that Ye Chen is indeed full of doubts!

People tend to try their best to exist better than themselves, hoping to see the shortcomings and deficiencies in the other party to satisfy the balance in their hearts.

Xiao Bao's remarks were like a fuse, which detonated everyone's suspicion!

What is the biggest doubt about Ye Chen?

He is so good!

This is also the most unacceptable fact for the powers of the major gods!

Therefore, they all hope to see Ye Chen's stains in their hearts, and they all hope that Ye Chen's strength is wrong!

In this case, the gap between them and Ye Chen doesn't seem to be that big, does it?

Feng Shaoyu snorted coldly: "How can a guy from a garbage place like the Seventh Kingdom of God possess such incredible power? I think Ye Chen is very problematic!"

Everyone also agreed: "Yes, this person is too weird!"

"Yes, maybe, this power is obtained by trading with the demons!"

"Slashing Evil Realm, has the strength of the late Chaos? Ha ha, besides betraying my soul and conscience to the demons, I can't think of a second possibility!"

These people actually don't know much about the extraterritorial demon, but they all know that the extraterritorial demon has a weird way to enhance the power of the warrior!

At this moment, outside the hall, a majestic man's voice sounded.

"You are worthy of being the strongest of the great kingdoms of the gods. Sure enough, you can see the details, this seat can prove that this Ye Chen is the spy of the Demon Race!"

When everyone heard the words, their eyes flashed, they all looked towards the entrance of the main hall, only to see a middle-aged man and an old man with a childish face outside the door.

That old man is Geshan, the leader of the God League!

At this time, Ge Shan was half a step behind the middle-aged man. Obviously, the identity of the middle-aged man was not ordinary!

The middle-aged man held his fist slightly to the people in the hall and said: "This seat is the Great Elder of Ten Thousand Fazong, Tian Feiming, I have seen you all."

Powerful people from all countries have their pupils shrinking slightly. They are no strangers to the name of Ten Thousand Fas!

That is, the behemoth that occupies the first kingdom of God and the first power, its reputation, even in other kingdoms, is like a legendary existence!

The guardian of the Second Kingdom of God, Yun Ziyang, frowned slightly and said: "Elder Tian, you said Ye Gongzi is a spy of the demons. Can there be evidence? And, what does this matter have to do with Wan Fazong??"

If one said that among those present, the one who believed Ye Chen's innocence the most was Yun Ziyang!

She did not believe that Ye Chen would be a spy of the Demon Race!

why?

the reason is simple!

To put it bluntly, if Ye Chen is a spy of the Demon Race, they will never survive in the Demon Sect Array, right?

At this time, Tian Feiming showed a trace of sadness on his face and said: "Don't tell me, the disciple Gao Yin of this seat, and the alliance of God Song Jinyi, have fallen into the hands of this spy! As for the evidence..."

He looked at Ge Shan, the leader of the God League.

Ge Shan nodded and said, "Before Jin Yi died, there was already news that Ye Chen was the spy of the Demon Race!"

Ge Shan sneered in his heart. Song Jinyi did send back news that he had found a spy from the Mozu, but the spy he was talking about was naturally Gao Yin, not Ye Chen.

However, even Song Jinyi did not expect that Ge Shan had already known about the collusion between Ten Thousand Fazong and the Demon Race!

Feng Shaoyu and Xiao Bao looked at each other, and they both saw the joy in each other's eyes. They agreed with each other, "Sure enough!"

If this came from the Seventh Divine Kingdom and only had the waste of the Slashing Evil Realm cultivation base, and instead of relying on the Demon Race and gaining power that did not belong to him, how could it be possible to crush them two!

A grim smile appeared on the faces of the two of them!

Haha, Ye Chen, didn't you beat us back then, you played happily and arrogantly?

Now you are done!

Completely finished!

Starting today, countless warriors from the Seven Kingdoms of Gods will all become your enemies!

No matter how strong you are, you have to die!

Yun Ziying frowned her eyebrows and her beautiful eyes kept flickering. Obviously, she did not fully believe what Tian Feiming and Ge Shan said, but she did not refute...

At this time, rebuttal is useless. Elder Ten Thousand Fazong and the leader of the League of Gods all said that Ye Chen was a spy, and she was just the guardian of the Second Kingdom of God. Could it be that she could still question the identities of these two? Status, the supreme existence?

That way, it's just looking for death...

Feng Shaoyu couldn't wait to say: "Leader Ge, Elder Tian, can you find the trace of the spy now? Now that it has been determined that he is the spy, we should do everything we can to eliminate him!"

He is excited and can't wait!

This is a good opportunity for him to retaliate against Ye Chen!

In fact, does Feng Shaoyu really believe that Ye Chen is a spy?

Not necessarily, but he doesn't care at all!

Whether Ye Chen is a spy or not, he just wants to see Ye Chen die!

Tian Feiming shook his head and said, "The spy is hidden very deeply, but there is no way to deal with him!"

"Oh?" Feng Shaoyu's eyes lit up, "Elder Tian, what's the trick?"

Tian Feiming stroked the short beard under his chin, smiled and said: "The first kingdom of God is like a cloud. We only need to issue a reincarnation order to kill him."

"Who can capture Ye Chen, my Ten Thousand Fazong will take out an ancient thing!"

The leader of the League of Gods also condensed his eyes, and said: "In order to maintain the justice of the first kingdom of God, and to prevent this kind of evil from tarnishing the first kingdom of God where the Lord of Reincarnation has long lived! My League of Gods will come up with an eternal gold Dan! Plus the rare things of the three gods!"

At this moment everyone is short of breath!

This handwriting is too big! Don't talk about Chaos Realm! I am afraid that even those heavenly gods cannot refuse!

This time, Ye Chen must die!

Feng Shaoyu was extremely excited, but thinking of Ye Chen's horror, he still said, "What if you still haven't found Ye Chen?"

Tian Feiming smiled: "Then there is one last plan!"

"Hehe, this **** comes from the Seventh Divine Kingdom Divine Jizong, there must be many of his accomplices there, right?".

When everyone heard the words, they were slightly taken aback, and then their expressions became sullen!

Ge Shan also smiled, and then said: "Hehe, you can run to a monk, but you can't run to a temple! My God League and Wanfazong have decided that if you don't see Ye Chen within a month, they will call on warriors from all over the world to score seventh. Kingdom of God, crusade against the demons headed by Ye Chen!"

Chapter 2883: Falling dust down the dragon sword!

A cruel expression flashed in his eyes: "If these accomplices, party members, are going to die, even this spy can't hide, right?"

When Feng Shaoyu and Xiao Bao heard this, they both applauded and laughed: "Okay! Elder Tian and Leader Ge, what a great idea!"

Tian Feiming said: "It shouldn't be too late, I will issue the reincarnation slaying order! It is estimated that in a few days, the powerhouses of the entire First Kingdom will look for Ye Chen! Ye Chen will hardly fly by then!"

When everyone heard the words, they all shouted: "Haha, slay Ye Chen, and flatten Shenjizong!"

However, Yun Ziyang was silent. She lowered her head slightly, no one could see her expression clearly, and at this moment, Yun Ziyang's beautiful eyes were actually burning with rage!

Kill Ye Chen? Stepping on the Shenjizong?

What are these people kidding about!

Here, where is it going to walk the way for the sky and fight against the spies of the demons?

This is obviously to provoke internal fighting among the great kingdoms of God!

Now that the invasion of the extraterritorial demons is imminent, these people are still fighting for their own hatred?

Yun Ziying is both angry and desperate!

Could it be that Human Race really can't survive this catastrophe?

If the Lord of Samsara who overrides everything is still alive, who dares to fight inwardly?

Unfortunately, the Lord of Reincarnation has fallen.

Survive forever in the legend.

Impossible to appear again...

This is Yun Ziying's regret, and also the regret of everyone in the Kingdom of God.

...

Taiyuan Sword School.

In Yangxinyuan, a man sitting cross-legged in the room, his whole body was shining with a faint purple light. At this moment, he suddenly opened his eyes, and the purple light flashed in his eyes, almost shooting through the roof of Yangxinyuan, straight into the sky!

An extremely strong breath rose up, and instantly filled the entire Taiyuan Sword Sect. Everyone in the Taiyuan Sword Sect was trembling slightly, looking in the direction of Yangxin Garden with a frightening face. go with!

This breath is too terrifying!

After a while, that breath slowly converged, and Ye Chen felt the powerful force in his body. This Zixiao Stone was indeed a treasure!

Not only did he recover from his injury so quickly, but he also greatly increased his strength, soul, physical strength, and spiritual concentration!

More importantly, let his realm cross to the eighth level of Zhan E!

It's a pity that he could break through long ago, but he has been suppressing!

Now that he has broken through to the eighth level, his strength is not too scary to increase!

But overall, his combat power has once again increased by 30%!

If you face a half-step Heavenly God Realm, you should be able to shake it!

You can try it even at the first level of the Heavenly God Realm!

It's just that he hasn't had many hands with the Celestial God Realm, I'm afraid the span of the Celestial God Realm is extremely large!

The further the realm is, the more terrifying the front and back distance!

If he wants to leapfrog, it will get harder and harder!

Now he wants to win the heaven of the heavenly realm, and it is extremely difficult!

If you want to make a real change, I'm afraid you have to wait for yourself to step into the chaos realm!

He murmured: "It's almost restored, it's time to leave the Taiyuan Sword Sect."

However, before leaving, he has one more thing to do!

The next moment, Ye Chen's figure flashed, and he appeared in front of Yue Rou's room and knocked on the door.

However, there was no response. He frowned slightly, sensing that Yue Rou was in the room, but why did he not respond?

Could it be that he was hurt by comprehending his own teaching yesterday? The next moment, he pushed the door directly in.

At this moment, Yue Rou held a long sword in his hand, but stood in a daze in the room, looking a little lost.

Ye Chen asked, "Rouer, what's the matter?"

Yue Rou was shocked, only then discovered Ye Chen, she didn't know when she came to her room!

Her pretty face was reddening. Although she was not old, she was already in love. This was the first time a man had come to her boudoir. However, she was not angry. Instead, she was shy and happy.

Yue Rou sighed lightly and said, "Senior Sister Lin and Senior Brother Li have been expelled from the teacher's door."

Ye Chen nodded, not surprisingly.

If the Taiyuan Sword Sect wanted to win over themselves, it was naturally impossible to keep these two people behind.

And the reason for this step is that these two people have taken the blame.

However, no matter what the personality of these two people, in the final analysis, they grew up with Yue Rou, and they still have feelings, and Yue Rou, unlike those high-level members of the Taiyuan Sword Sect, only values interests and completely ignores feelings.

Ye Chen liked Yue Rou's character even more.

However, Yue Rou did not blame Ye Chen. Although she was lost, she also knew that it was not Ye Chen that was at fault, but Li Kun and Lin Siqu.

Ye Chen smiled and said: "Girl, don't think too much about the past. Martial artist is going against the sky. For a truly strong man, no matter what kind of predicament, he can overcome it."

He suddenly stopped Yue Judao: "I will take you to a place."

The next moment, the two disappeared from the room at the same time.

...

In the Taiyuan Sword Sect, before a huge stone tens of meters high, a figure flashed, and a man and a woman appeared here.

It was Ye Chen and Yue Rou.

Yue Rou glanced at the huge stone and curiously said, "Big Brother Ye, isn't this the magical stone of our Taiyuan Sword Sect? What are you bringing me here?"

Shenyi Stone can be regarded as a spectacle among the Taiyuan Sword Sect. However, the sword intent here is too strong. Even the disciples of the Taiyuan Sword Sect are somewhat unbearable. They rarely come here. Only occasionally, they have some qualifications. Qi Gao's disciples came here to comprehend.

At this moment, besides Ye Chen and Yue Rou, there was no one around Shenyi Stone.

Ye Chen smiled and said, "I show you a good thing."

"good stuff?"

A curious look appeared on Yue Rou's small face. There was nothing but the two of them and this big rock. Is there anything good to see?

Suddenly, Yue Rou's face turned a little red. She remembered something that Lin Siqi had said to her a long time ago. Could it be that lonely men and widows, in a place where there is no one, what good things to see would be...

Yue Rou's beautiful eyes were a little flustered, clutching her long skirt uneasily, her breathing quickened.

However, she still plucked up the courage and said to Ye Chen: "Brother Ye...I...I have never seen your boy thing before, but if you want me to see it, I would like to take a good look! help you....."

Ye Chen was stunned for a moment Didn't expect this girl to drive a car without a word?

He shook his head helplessly and said, "What are you thinking about? What I said is, let you see my martial arts charm!"

"what?"

Yue Rou heard this, her original fair face, instantly flushed, it was almost like a burning iron!

Shame to death!

I actually said that to Ye Chen!

"You wait here first."

After Ye Chen finished speaking, he walked towards the Shenyi Stone! !

He took out the broken falling dust and falling dragon sword from the reincarnation cemetery!

As soon as the Luo Chen Jiang Dragon Sword came out, the entire Shenyi Stone trembled violently!

Chapter 2884: The fallen Lord of Samsara!

And the Shenyi Stone erupted with a **** glow!

The blood-red light beam rushes into the sky!

And Ye Chen was also shocked and flew out!

Ye Chen was stunned!

What power is this!

Unthinkable to the extreme!

Even if he hadn't activated the Red Chen divine veins and the body of the sky demon just now, he might have turned into blood mist!

This is just a trace left by Ren, and how many years of strength remain?

Unfortunately, Ren's martial arts is too advanced!

The Taiyuan Sword Sect cannot absorb it at all! It even formed a kind of martial arts suppression!

Let the Taiyuan Sword Sect go astray!

I am afraid that Taiyuan sword intent came from this!

Ye Chen stood up, wiped the blood from the corner of his mouth, and walked towards the Luochenjiang Dragon Sword step by step!

A drop of his blood fell on the Dragon Sword in the Falling Dust!

The next second, the void vibrates!

A crack appeared behind the Shenyi Stone!

Suddenly, the point of a sword rushed out of the magic stone!

And the Shenyi Stone dimmed instantly!

A Ling Lie sword intent seemed to plunge the entire Taiyuan Sword Sect into endless earthquakes!

Ye Chen was short of breath, and the next moment, there was an extremely terrifying shock from the reincarnation cemetery!

Even absorbed this terrifying sword intent!

Everything is calm and calm.

Ye Chen took away Ren's sword intent and part of Luochenjiang Dragon Sword, naturally leaving something behind.

Things more suitable for Taiyuan Sword School.

At the next moment, Ye Chen had an extra black long sword in his hand, and said in a deep voice, "Rou'er, look good!"

The meaning of true martial arts surged out, and the sword light flashed like a star in the sky, falling to the earth!

Originally, Yue Rou, who was still ashamed, was instantly attracted by Ye Chen's sword!

With a sword cut out, in the sword light of the sea, a palpable Taoist rhyme emerged in the sword light!

It is the breath that destroys God's way!

Ye Chen's sword has no reservations!

The sword light instantly poured on the Shenyi Stone, but the black boulder did not shatter.

The next moment, the sword light converged, and a deep sword mark appeared on the surface of the Shenyi Stone!

In the magical stone that originally exuded a faint sword intent, suddenly there appeared another powerful, domineering, and sky-breaking charm with an aura of destruction!

This is exactly Ye Chen's martial arts charm!

In Yue Rou's beautiful eyes, the divine light flashed, and at the same time that the meaning appeared, she actually held a long sword, her figure spread out, the sword light overflowed, and the sword was constantly coming out!

Yue Rou's sword seemed to be messy and unstructured, but gradually, in the light of the sword, there seemed to be something more!

Ye Chen nodded, Yue Rou's aptitude was very good, and her pure and clear mind was also very suitable for kendo.

It seemed that she had already understood something from Ye Chen's martial arts and was groping.

At this time, several more figures appeared before the Shenyi Stone. It was Yue Qingshan, the head of the Taiyuan Sword Sect, and the elders!

Not only them, but more and more disciples of the Taiyuan Sword Sect were also attracted!

And these people, at this moment, looked at the sword mark on the Shenyi Stone with incomparable shock, and they were shocked!

That is Ye Chen's martial arts charm!

Extremely terrifying martial arts charm!

And more suitable for their rhyme!

What does this mean for a sect, especially a sword sect that values the meaning of martial arts?

That means that this rhyme is very likely to bring countless powerful disciples to the Taiyuan Sword Sect in the years to come!

That is simply equivalent to giving the Taiyuan Sword Sect a chance to rise!

Let alone disciples, even people like them, under comprehension, may make progress!

The rhyme in the Shenyi Stone was powerful, but there was an inexplicable sense of suppression!

And everyone knows that it's not for them!

After cultivating, only the sword will go slant!

But they have no choice! There is no suitable martial arts rhyme!

But now, there is it!

Ye Chen's kindness is too big!

Yue Qingshan, as well as the elders, burst into tears with excitement!

At this moment, they were actually a collective, bowing to Ye Chen and saluting: "Thank you Ye Gongzi for the great kindness, I will never forget it!"

Those disciples of the Taiyuan Sword Sect, seeing this scene, were shocked, completely shocked, as if suffocated!

These people, placed in the first kingdom of God, can almost hold up a piece of sky, how can it be possible to kneel down to others collectively?

If you compare the earth, it's as if the senior leaders of various countries suddenly kneel down in front of others!

Ye Chen's martial arts charm has this value!

Ye Chen said with a faint expression: "Nothing, if someone can gain something, it is their own ability."

"Besides, I also got what belongs to me."

Ye Chen was just equivalent to giving a chance.

Moreover, to be honest, although Ye Chen left his own martial arts rhyme, this martial arts rhyme is something he has comprehended and belongs only to him. It is worthy of Ye Chen's martial arts charm.

The most powerful martial art rhyme is purely realized by yourself.

Yue Qingshan and the others also know this, but they are still very grateful!

After all, how many people in the world can comprehend Ye Chen's level of true martial art and magical rhyme?

Don't talk about the kingdom of God, there may not be many in the upper realm and beyond!

With Ye Chen's reference, it has been possible to make the charm of countless warriors several times or even ten times stronger!

Not everyone wants to pursue perfection, nor is everyone qualified to be on the same level as Ye Chen's level of evildoers.

And the people of Yue Qingshan looked at Yue Rou who was dancing the sword at this time, and their eyes were extremely envious. They knew that Yue Rou had witnessed the whole process of Ye Chen leaving his meaning, and understood what he wanted to say. The biggest gain this time is Yue Rou!

At this moment, Ye Chen suddenly said: "Get up all, in fact, I also ask for something."

Yue Qingshan and others stood up and said, "Ye Gongzi, but it doesn't matter."

Ye Chen said: "The disaster of extinction is imminent. If circumstances permit in the future, I hope that the Taiyuan Sword Sect will help the Seventh Kingdom of God and survive this disaster."

Although all the great kingdoms of God have to bear the disaster of world extinction, in general, the pressure of the first kingdom is the least, and the seventh kingdom is the greatest!

Yue Qingshan nodded without hesitation: "Leave it to Young Master Ye!"

To be honest, if Ye Chen had nothing to do, and left such great benefits, they would be uneasy.

Ye Chen nodded and said, "Thank you, this is the matter, I still have important things to deal with, so I will leave now."

As he said, he looked at Yue Juu and said, "Rou'er is a very good girl. Train her well."

At this time, Yue Qingshan suddenly said, "Young Master Ye, before leaving, do you want to go to the holy land of my Taiyuan Sword Sect?"

All the elders around Yue Qingshan were shocked upon hearing this!

The holy land of the Taiyuan Sword Sect, but it takes only a thousand years to get an opportunity to start. Before even Li Kun, who was known as the eternal genius, Yue Qingshan was not willing to let him enter. Now, he wants to let him not belong to Taiyuan. Ye Chen of the Sword Sect enters it?

The key is that the Holy Land is somewhat related to that person!

In fact Before Ye Chen left this martial arts rhyme, Yue Qingshan didn't have such an idea, but now, he has decided!

Ye Chen is worthy of heart!

What is heart-to-heart? Just don't put interests first, but get along with each other sincerely!

Let Ye Chen enter the Holy Land of Taiyuan Sword Sect, Yue Qingshan's way of showing sincerity!

Ye Chen said in a daze, "Holy Land?"

Yue Qingshan nodded and said, "This holy place is very mysterious. Only one person entered it once."

Ye Chen was a little weird: "Who?"

Yue Qingshan hesitated for a few seconds and said, "The fallen Lord of Samsara!"

Chapter 2885: Sword Soul?

The fallen Lord of Samsara?

Ye Chen looked solemn.

He didn't understand how the Taiyuan Sword Sect could get involved with the Lord of Samsara.

The self in the previous life also visited the so-called holy land!

Although the Taiyuan Sword Sect does have a statue of the Lord of Reincarnation, this statue is just an ordinary stone statue, without any power of belief or energy fluctuation!

It should be made by the Taiyuan Sword Sect.

There is even a big gap between the deity's appearance and the Seventh God Kingdom Xuan Demon Mountain.

This was ignored by Ye Chen.

But now it seems that the part of Senior Ren's Falling Dust Dragon Sword, if coupled with the holy land related to the Lord of Reincarnation.

Some things are not that simple.

Even, in the dark, it is destined to enter the Taiyuan Sword Sect!

In other words, the Taiyuan Sword Sect has been in hiding for so many years, is it waiting for itself?

Is this the layout of the previous life?

Across such a span, layout?

How did my last life do it!

After all, there are too many variables!

If I didn't fight against the demon a few days ago, I'm afraid it would be impossible to accidentally step into the Taiyuan Sword Sect!

Ye Chen was serious: "Head Yue, I am not a member of the Taiyuan Sword Sect. Are you sure you want me to enter such an important place?"

This is a taboo for anyone!

What is Yue Qingshan making?

Yue Qingshan took a step and said very seriously: "In fact, there is another reason."

"The Taiyuan Sword Sect has a group training. If someone who is predestined to provoke the divine vision stone, you can step into the Holy Land."

"I'm extremely sure right now, Ye Gongzi is the destined person."

"As for why, it is not something I can speculate."

"According to legend, entering into it is very likely to be in the holy land and get the inheritance of swordsmanship, or in the holy land, to comprehend the super martial intent, the worst and the worst, and it will be qualitatively above the sword. Metamorphosis!"

Ye Chen heard this, but his eyes were pleasantly surprised.

He doesn't care about Kendo!

He wants to know why he stepped into this so-called holy land!

"Then it's better to be respectful than fate."

Under the leadership of Yue Qingshan, Ye Chen quickly came to the edge of a cliff.

Under the cliff, there is an extremely deep darkness.

It turned out to be an abyss!

Ye Chen raised his eyebrows and said, "Headmaster Yue, the holy land you are talking about is this abyss?"

Yue Qingshan nodded, his eyes appeared sacred and reverent, and said: "At the beginning, my founding father of the Taiyuan Sword Sect was in this abyss and understood the sword intent of the open school!"

As he said, he took out a strange stone, filled with spiritual energy, poured it into the stone, above the stone, the light was bright, Yue Qingshan handed the stone to Ye Chen and said: "Master Ye, this This strange stone was left by the ancestors. Only by using this stone can you enter the abyss. Otherwise, even the peak powers of the Heavenly God Realm will be excluded from this abyss! And this strange stone can only be aroused once ."

Ye Chen heard the words, took the stone that shone with white light, and jumped into the abyss when he moved.

A little white light, in the darkness, keeps falling!

I don't know how long it took, Ye Chen finally fell to the ground.

He looked around with the white light of the strange stone, and saw the strange stones around him, vaguely filled with a strong sword intent.

Ye Chen nodded slightly, this strong sword intent could indeed make people make progress in martial arts!

But he didn't sit down immediately to enlighten, but moved his mind, following the sword intent, and marching in the abyss. Suddenly, Ye Chen's footsteps stopped, and a soft sound came into his ears!

Ye Chen's expression changed. In this abyss, is there someone?

However, he soon reacted, that soft sound, not in his ears, but directly in his mind!

At this time, the voice of Ling Tian Arrow God suddenly sounded: "Boy, it's the soul of the sword!"

"Sword Soul? What is Sword Soul?"

Ye Chen's eyes narrowed, could it be that it was pure presence similar to a sword spirit?

The arrow **** Ling Tian said in a deep voice: "The soul of the sword is not a sword spirit, but an extremely powerful sword repair. After the death, its remnant soul, for some inexplicable reason, merges with the sword spirit and becomes a new existence. !

Sword Soul, but extremely rare, and each one is extremely powerful! If you can attach the soul of the sword to the evil sword, the power of your sword light can instantly skyrocket several times! "

Ye Chen heard this and said with joy: "Then, how do I take it down?"

The arrow **** Ling Tian was a little bit dumbfounded: "Boy, with the current you, I'm afraid, I don't have the strength to subdue him!"

"what?"

This time, it was Ye Chen's turn to be surprised. He wasn't boasting. Now with his strength, he could completely shake many existences!

Actually, not as good as a sword soul?

The horror of this sword soul can be imagined!

Ye Chen frowned and said: "Then am I in danger?"

Ling Tianjian said divinely: "It shouldn't be, this sword soul, seems to be bound by this abyss for some reason!"

At this time, the voice of the sword soul sounded in Ye Chen's mind again: "Boy, are you the blood of reincarnation? Have you comprehended the **** of destruction?"

This voice sounded very weird, cold, like a crow of gold and iron, unable to distinguish between men and women.

However, Ye Chen's heart was shocked!

This sword soul could see him through at a glance? Moreover, do you know the destruction of Shinto?

Destroying the divine way is one of the three primitive ways. It does not belong to the martial arts plane at the level of the kingdom of God. Even if it is the peak powerhouse of the first kingdom of God, let alone recognize it, you should have never heard of it. Yes indeed?

Ye Chen was about to communicate with the sword soul, but the next moment, before Ye Chen could speak, an extremely condensed sword light suddenly burst out of the darkness, like a thunderous world, and instantly moved towards Ye Chen. Cut it!

This sword actually gave Ye Chen an extremely dangerous feeling!

Cold sweat all over, flowing like rain!

He didn't have time to think about what happened. He flipped his wrist and held the evil sword. He was full of demonic energy, rising to the sky, the seven blood shining, and the power of breaking the sky surging!

A sword cuts out The sword light flashes, the meaning of real martial arts and the **** of destruction are condensed on it!

This sword has reached the extreme of Ye Chen!

If he didn't make a full shot, he felt it was impossible to block the sword light!

With a loud bang, Ye Chen's body flew upside down in an instant, smashing a huge rock behind him severely.

This full-strength sword was actually suppressed by the sudden emergence of sword light!

At this moment, Ye Chen was full of blood, and a big hole was blasted out of his shoulders. His pupils shrank to the extreme, staring at the sword light fiercely, extremely nervous!

If he had a few more swords, even he might not be able to withstand it!

However, that sword light, although suppressing Ye Chen's ultimate sword, itself slowly began to dissipate, revealing its body.

Chapter 2886: Mysterious woman

The main body was actually a rusty, almost decayed sword, exuding a very strong atmosphere of ancient times. I don't know how long it has existed.

The Remnant Sword trembled slightly, and suddenly, it collapsed completely, turning into dust and dissipating.

The Arrow God Ling Tian breathed a sigh of relief: "Fortunately, that remnant sword should be the sword of the soul of the sword. It only has the power of one blow."

Ye Chen's expression was also loose, but in his eyes, there was full of anger!

He didn't provoke this sword soul, right? As for the sword just now, it is possible to kill himself directly!

At this moment, a faint white light suddenly appeared in front of Ye Chen.

Turned into a nearly transparent phantom of a woman, that woman, in a white dress, was actually beautiful! However, her expression was extremely cold, like a doll with no emotions, and at the same time, she was entwined with several extremely thick black chains.

This woman is obviously that sword soul!

But Ye Chen, looking at the sword soul at this time, his eyes were cold.

The sword soul girl, seemingly indifferent, said, "You have passed the test, and you are qualified to become the master of the deity. Since you have the **** of destruction, you have the ability to cut this chain off and take action."

When Ye Chen heard the words, he smiled coldly and said, "Why should I make a move?"

He actually rejected this extremely powerful sword soul!

test? Test a fart! Cut him a sword, now, do you want him to save you? Dreaming?

In the next moment, Ye Chen slashed directly at the sword soul, yelling: "The Way of Soul Eater, open!"

He not only refused, but also cut it back!

Above the evil sword, a powerful soul-eating power was exuded, but the moment it touched the sword-soul woman, it actually passed through her body as if hitting smoke.

Originally, the expressionless sword soul woman, at this time, a look of surprise flashed across her pretty face!

Before she was alive, she was an unimaginable existence, let alone refused, no one had ever dared to be rude to her?

But now, the man in front of him not only rejected her, but also acted on her.

Ye Chen saw that the soul-eating way of the evil sword was invalid for the soul of the sword, and he couldn't help but snorted. This was also expected. After all, the soul of the sword itself is not entirely a soul body, and its strength requires far above the ghost king Song Ze.

In the next moment, he turned around, regardless of the shocked sword soul woman behind him, he was about to stand up and leave the abyss.

The benefit in the abyss comes from this sword soul. Now that he has fallen out with this sword soul, it is naturally impossible to get anything more.

After seeing that Ye Chen wanted to leave, the sword soul woman couldn't help but flashed a hint of anxiety in her eyes: "Wait, don't go!"

The person who can comprehend the destruction of the divine way and take it out of the abyss will not necessarily have one after tens of millions of years, right?

Seeing Ye Chen unmoved, the sword soul woman said anxiously: "Boy, why are you angry?"

Ye Chen turned his head abruptly, staring at her fiercely and said, "Why are you angry? You almost killed me with a single blow, and asked me why you were angry?"

He is a little speechless. Is there a problem with this sword soul?

The sword soul woman said in a daze, "That sword was not cut by me, but a test left by my main sword spirit. When a warrior suitable for my master appears, it will be automatically activated... "

Ye Chen was slightly taken aback when he heard the words, there is such a test?

In case, the so-called master is killed, what should this sword soul do?

What Ye Chen didn't know was that half of the sword soul was a sword spirit. As far as the sword spirit was concerned, rather than serving an unqualified master, it would be better to sleep in the abyss forever.

However, he still shook his head and said, "Even so, I can't trust you."

This sword soul almost killed him with a remnant sword. If he really releases it and the opponent is not good for him, what should I do?

No matter how good this sword soul is, it is not his current strength, it can be controlled.

Moreover, even if what this sword soul said is true, wouldn't it remind yourself in advance? Ye Chen was still upset.

Now, that sword soul is really anxious!

She hurriedly said: "Your usage of Destruction Shinto is wrong, I can teach you the true usage of Destruction Shinto!"

"Oh?"

Ye Chen couldn't help but his eyes flashed when he heard the words.

This sword soul, which belongs to the half of the soul, is really in this abyss, so scared...

Seeing Ye Chen, she seemed to be moved by herself. The Sword Soul Woman was overjoyed and continued: "If you don't trust me, you can just cut off the abyss chain and the junction with the abyss. In this way, I am connected with the chain Take it away, what do you think?"

Ye Chen heard this and asked Ling Tian Jian Shen, "Is it okay to do this?"

Ling Tianjian said: "Yes, in the future, when you have enough strength, you can completely cut off the chain. After all, this sword soul is extremely rare. It is a pity to miss it."

Ye Chen nodded and said, "Okay, but you have to teach me how to destroy the gods first!"

The sword soul woman seemed to relax a little when she heard the words. The expression on her face became cold again. She looked at Ye Chen and looked down on the authenticity: "Your talent is pretty good. At this age, she can understand the **** of destruction. It can be used, it is too rough, it is a miracle that you have used the power of destroying the divine way like you, and you have not died.

Now you, in a short time, can only use the destructive power to cut out a sword, and can't attack continuously, right? "

She shook her head and said, "It's a violent thing."

Ye Chen's expression was ugly when he heard the words. Indeed, if he continuously used Destructive Power, he would suffer backlash.

This sword soul woman suddenly stretched out a finger, and a very thin silk thread appeared on the tip of the finger, floating slightly in the abyss.

She said to Ye Chen: "This is the silk thread transformed by my life sword qi Only the power of destruction can be cut off. Now, what you have to do is use the power of destruction. If this thread is completely wiped out, cut it off!"

Ye Chen was slightly taken aback when he heard the words, is this sword soul playing with him?

How hard is the destruction of the supernatural power to control? To cut this sword qi silk thread, only by condensing and compressing the destructive supernatural power to be as slender as silk thread, can it be done!

Otherwise, it will only wipe out the entire silk thread...

The sword soul woman frowned slightly when she saw Ye Chen in a daze, "What are you waiting for? Hurry up!"

Ye Chen took a deep breath and suppressed the urge to turn around and leave directly. This woman's attitude really made him unhappy.

However, in order to improve his strength, he endured it!

At the next moment, Ye Chen raised his sword fingers together, a destructive aura, blooming from his fingertips, and slashed away at the silk thread in the woman's hand!

Chapter 2887: Reincarnation 2

The powerful destructive power instantly turned the entire silk thread into nothingness.

The sword soul woman shook her head, looking extremely disappointed.

As soon as Ye Chen gritted his teeth, he brought up another destructive power, tried his best to compress it and condense...

A day later, Ye Chen at this time, lying on the ground, panting violently. He didn't know how many tens of thousands of destructive powers he had cut out on this day. Although he didn't make a full shot, it would not be like the previous battle with the demon. , A strong backlash.

But even so, the meridians are tortured to great pain!

However, on Ye Chen's face, there was a deep joy.

He stretched out a finger, and on the tip of the finger, a faint black aura like a thread appeared, it was the power of destruction!

He succeeded!

Sword Soul looked at Ye Chen lying on the ground, also quite shocked, shocked by Ye Chen's martial arts qualifications!

Originally, she thought that Ye Chen would need at least one month to do it.

But Ye Chen was ten times faster than the time she had estimated!

She opened the mouth and said: "Now, you can try to draw a sword. This time, turn the destructive power into silk threads and condense on the blade!"

Ye Chen slowly stood up, turned his wrists, and held the evil sword, his eyes fell on the chains that bound the sword soul, and the chains were connected to the depths of the abyss.

At the next moment, Ye Chen suddenly shot, and towards the depths of the abyss, he cut out with a sword!

The sword light was surging, and the cold light burst, and above the sword's edge, a sword of black silk thread, condensed on it, was the destructive power!

With this sword cut out, an incredible color appeared on Ye Chen's face!

So easy!

In his current state, he can withstand dozens of swords, hundreds of swords, right?

Moreover, the most important thing is that the power in it has not declined at all!

Before, Ye Chen used the destructive power, most of which was wasted, and at the same time, it caused a great burden on his body!

In fact, the power can only be concentrated at one point, even if the output of the destructive power is reduced, the same effect can be achieved!

There was a loud bang, and there was a clicking sound in the depths of the abyss, it seemed that something had broken!

On the pretty face of the sword soul, a beam of joy flashed, and the next moment, it directly turned into a brilliance and merged into Ye Chen's evil sword.

Ye Chen let out a sigh of relief, this time he got the guidance of the sword soul, invisibly, his strength has skyrocketed by several percent!

The harvest is not small!

Now, it's time to leave the Taiyuan Sword Sect.

Ye Chen looked at the evil sword in his hand and communicated to the sword soul woman: "There is one more thing I want to confirm."

"What." The sword soul woman asked curiously.

"Why are you here?"

The sword soul woman fell into a short pause, seeming to be thinking about something, and then said with great difficulty: "I don't remember, it seems that something has been erased from my memory, it is a vaguely war of times. Countless corpses, blood everywhere..."

"Also, there seems to be someone telling me to wait for a master who has both the ruined way and the blood of reincarnation."

"If you wait, he will take me away."

"Although I have a lot of memory loss, I am sure now that it is you that made me wait for that voice."

The sword soul woman's voice stopped, and Ye Chen fell into contemplation.

Sure enough, it was prepared by himself in the previous life.

It can even be said that the self in the previous life deliberately left this sword soul girl here.

Can be controlled by the Lord of Reincarnation, I am afraid that the origin of this sword soul woman is extremely terrifying.

This is also one of the layouts?

Ye Chen faintly felt something, but couldn't be sure.

If there is a chance, he must go to the Ye Family of the First Kingdom of God to see.

Just when Ye Chen was about to turn around and leave, the Sword Soul Woman suddenly spoke again!

"Wait, it seems that the voice said, if that person appears, let him stare at the northern stone wall for a few seconds."

Ye Chen was startled, and immediately stepped out a few steps before reaching the empty northern stone wall.

Shibi is no different from ordinary ones, and Ye Chen stared at it and found no clues.

Just when Ye Chen planned to communicate with Lingtian Arrow God, Shibi suddenly changed!

The countless stones gathered together to form a figure!

A figure very similar to yourself!

It's just that the master of the figure, it seems, has endured more experience than him!

With a trace of godless power! With a trace of vicissitudes!

Ye Chen is sure that this is the Lord of Samsara!

My last life!

"Ye Chen?"

A divine dragon that looked like nine heavens slowly fell.

The whole world seemed to fall into silence.

Ye Chen's eyes condensed: "I am."

"Have you hated me?" The voice of the Lord of Samsara sounded again.

Ye Chen didn't know whether to shake his head or nod.

He once hated the Lord of Reincarnation, this layout spanning the ages, changed his life!

In his whole life, he was destined to be unable to enjoy peace!

He must hold a weapon in his hand and walk down step by step, even if he bleeds, he must get rid of everything hidden behind him!

He even put people around him in endless danger again and again!

How can he not hate!

But after a full ten seconds, Ye Chen replied: "No hate."

Because Ye Chen knows very well that the layout of the Lord of Reincarnation is not selfish.

But for the whole world, for the billions of people.

The Lord of Samsara gave a smile: "I never doubted my choice, nor did I doubt that I chose you."

"Perhaps, in the end, we can all win."

"However, the road ahead will be extremely difficult, and the existence you face will be beyond your reach."

"The reincarnation bloodline suppresses you and makes it extremely difficult to break through. That is the bloodline protection mechanism."

"Because only in this way, those guys won't notice you."

"This time difference is your chance to grow."

"When they react, maybe you are already standing in front of them."

"Ye Chen, remember, you are never a chess piece, but a chess player."

"Everyone thinks I laid out everything, but in fact, this game was created by you, broken by you, and ended by you."

"The word reincarnation is a very mysterious existence. I hope you can understand it one day."

Having said that, the phantom disappeared.

The stone wall was restored to its original state.

It seems that it has never changed. Ye Chen savored the last sentence carefully, sat cross-legged, and realized something.

I don't know how long it took, Ye Chen suddenly opened his eyes!

A wave of Taoism rose to the sky!

"It seems that this game of chess will be very interesting next."

"I'm really curious about the people behind this!"

Thinking of this, Ye Chen appeared on the cliff above the abyss when he moved his figure, Yue Qingshan was still waiting there.

Seeing Ye Chen, he smiled and said, "Young Master Ye, what can I gain?"

Ye Chen heard the words and said with a bit of embarrassment: "That... in this abyss, the reason why it can bring many benefits, in fact, is because there is a sword soul hidden in it... and now, this sword soul, Decided to follow me and leave the abyss..."

Chapter 2888: Repressive vision!

Although, this can't be regarded as Ye Chen deliberately, but, in the end, it is equivalent to Ye Chen, who directly took away the entire holy land of the Taiyuan Sword Sect!

Yue Qingshan, the whole person is stupid!

Originally, he just wanted to show his sincerity, let Ye Chen enter the Holy Land, get some benefits, and repay Ye Chen's sword intent...

But now, it is equivalent to giving the entire Holy Land to Ye Chen!

"This this....."

For a moment, Yue Qingshan was speechless.

Ye Chen smiled helplessly. Now that the sword soul is out of trouble, even if he wants to keep the sword soul, he probably can't do it...

Yue Qingshan sighed, but said with a wry smile: "Congratulations, Master Ye."

Ye Chen solemnly said: "Yue Zhang, don't worry, I have acquired the Soul of the Sword this time, which means I owe you a favor from the Taiyuan Sword Sect. Ye will not forget it. Now, I still have important things to do. Do it, let's say goodbye."

A beam of joy flashed in Yue Qingshan's eyes. A holy place might not be as good as Ye Chen's favor!

The key is that his daughter and Ye Chen have this relationship!

Ye Chen will definitely aspire to the peak of the entire Kingdom of God in the future!

It may even surpass Tiandao Palace!

Waiting for Ye Chen to fly Huang Tengda in the true sense, the benefits he Yue Qingshan and Zongmen get is incredible!

At the next moment, Ye Chen moved towards the distant sky and flew away.

...

In the distance, there was a slender figure, with her chin raised, looking at Ye Chen's distant figure somewhat lost.

Yue Rou knew that Ye Chen had completely left.

It will be hard to even want to see you again in the future.

She never hoped that something could happen to Ye Chen.

She knew that Ye Chen only regarded her as a younger sister and was more likely to be a lifesaver.

The two are like two parallel lines, destined to not intersect.

But she still had some illusions in her heart.

Dare to ask the world, which girl does not cherish spring? Which girl has no sweetheart?

But Yue Rou didn't dare to say, she was shy and could only bury this love in her heart silently.

She hopes to stand proudly in front of Big Brother Ye one day.

I even hope that Big Brother Ye can take a look at himself.

She could only pin her thoughts for Big Brother Ye in the divine meaning stone that contained Ye Chen's sword intent.

She started practicing crazy every day.

Just because...is not that far away from that man.

...

At the same time, Tiandao Palace.

Xuanyuan Moxie once again came to the prison of the Immortal Dragon Emperor.

With his hands behind him, he looked at the Immortal Dragon Emperor who was sitting cross-legged, and his aura weakened a bit, said, "Senior Immortal Dragon Emperor, is this feeling comfortable?"

"so what have you thought of?"

"Once you agree, I give you freedom, and then you don't have to enjoy this pain anymore?"

"You and I win together, isn't it better?"

Emperor Immortal opened his eyes, glanced at Xuanyuan Moxie, and said lightly: "The feeling of this bead is almost like tickle to me."

"Uninteresting."

"Can you add another one?"

In the next second, Xuanyuan Moxie's eyes sank, and his sleeves waved: "I hope you can still talk to me so calmly for a while!"

Afterwards, Xuanyuan Moxie returned to the hall.

Above the main hall, there are already a few old men with fairy wind and bones.

These elders, any one, are extremely respected in the Heavenly Dao Palace!

One of the elders saw Xuanyuan Moxie, stepped out and said, "Palace Master, everything is ready."

Xuanyuan Moxie nodded, sat back in his position, and said, "This time, the two forces of our Heavenly Dao Palace are parallel. According to various signs, the blood dragon has something to do with the mysterious youth! I don't want us to deal with the blood dragon. This guy is making trouble."

"However, everything is a coincidence, I almost forgot that today happened to be that day."

"Interesting, really interesting."

"Since the nightmare is coming, let the remaining Ye Family associates feel the fear of Heaven."

...

Ye Chen left the Taiyuan Sword Sect and hurried towards the direction of the First God Kingdom Alliance!

The collusion between Tianma and Wanfazong is not a big deal!

He must rush back as soon as possible!

In the sky, like a thunderbolt passing by!

Ye Chen stopped suddenly.

He found the void around him shaking!

A sense of familiarity appears!

It seems... Ye Lingtian!

Isn't Ye Lingtian in the Divine Supreme Sect of the Seventh Divine Kingdom? How could it be here!

When Ye Chen was puzzled, two lights flashed quickly!

Then stopped in Ye Chen's body!

What surprised Ye Chen was that not only Ye Lingtian, but also the Eternal Holy King!

At this moment, Ye Chen was stunned!

How did the two of them break through the barriers between the first and seventh kingdoms of God!

"Smelly boy! Fortunately, the old man has the secret method of the eternal clan! Otherwise, you really can't find you boy!"

The eternal holy king found a rock and sat down, took a sip of wine, and complained a little.

Ye Lingtian also came to Ye Chen's side, a little excited, and knelt down on one knee: "Ling Tian has seen the lord!"

Ye Chen quickly got Ye Lingtian up and curiously said: "Ling Tian, how did you get here?"

If Tu Lanxin was the guardian and had special permissions, Ye Chen wouldn't be able to enter!

Not to mention Ye Lingtian!

Ye Lingtian took out a jade plaque and said seriously: "A senior gave me this thing and I came in, but I encountered some troubles on the way in, which has been resolved."

Ye Chen took the jade pendant with a strange expression. He found that there was some kind of energy like the guardian.

This jade pendant is definitely not a mortal thing, how could it be given to Ye Lingtian casually?

As soon as Ye Chen wanted to ask, the Eternal Saint King said: "I know who gave this jade pendant, Qu family."

"The Qu family has an important position in the Heavenly Dao Palace, and controls many rights, even the few families that have survived from ancient times. If this is not true, it would be funny."

Ye Chen frowned slightly: "Why did the Qu family help Ye Lingtian?"

The eternal holy king blew his beard: "Boy, you think I'm a know-how, you ask me, who do I ask, maybe the composer will change his mind? After all, although the composer has betrayed the lord of reincarnation but it is also a last resort betrayal, and in the kingdom of God, it is also human nature."

Ye Chen thoughtfully, suddenly, his eyes fell on the eternal holy king: "Then eternal old, why can you come and go freely?"

The next moment, the Eternal Saint King stood up and said angrily: "Smelly boy, what do you mean! The old man is an eternal clan! Let alone this kind of barrier, even if it is a barrier between the kingdom of God and the upper realm. It's nothing to the old man!"

"If it wasn't for the eternal race to have an order, I..."

The voice of the eternal holy king suddenly stopped.

His pupils shrank, his expression extremely solemn.

Not only the eternal holy king, but Ye Chen and Ye Lingtian's expressions are wrong!

I saw dark clouds surging in the sky, and an extreme aura filled the first kingdom of God!

Very depressed!

Chapter 2889: Although it has fallen, Yu Wei is still there

A thick **** light gradually condensed above the sky.

What a vision is this! Almost more than the Lunar Ring Vision!

Ye Chen even found that above the sky, an ancient "Ye" character appeared in bursts of Sanskrit sounds.

Even the appearance of this word made Ye Chen extremely uncomfortable!

The eternal holy king's expression was solemn to the extreme: "Damn! Why did I forget this day!"

Ye Chen was startled: "Forever? What day?"

The Eternal Saint King glanced at Ye Chen and Ye Lingtian, shook his head and said: "This is a sign of scourge, which means that anyone with the surname Ye will be cast aside by heaven!"

"Boy, this will happen again every 10,000 years. Counting the time, this time the Ye Ziwen came out, it's time..."

When Ye Chen heard this, he was angrily interrupted by the Eternal Saint King, and said: "Who made this so-called ten thousand years of life? How bad is the Ye family? Why should I suffer this disaster!"

Ye Lingtian was even more angry, and the abyss conviction spear rose from the ground.

"Hall Master, no matter who it is, Ling Tian is willing to set foot on the nine days with you and kill the beast who set this omen!"

The Eternal Saint King sighed: "Ye Chen...Oh, this matter is very complicated, it is not clear, Ling Tian, do you know the death of the Ye Family, the secret hidden in the place where the Ye Family sacrifices?"

The Eternal Saint King turned to Ye Lingtian.

On the way here, the Eternal Saint King had already learned that Ye Lingtian had revived some of the memories of his ancestors.

But Ye Lingtian shook his head. Obviously this part of the memory has not recovered, but he looked solemn and even a little excited, "Forever, please tell me the details of this, Ling Tian is grateful..."

Eternal Saint King: "Hey, the details can't be spoiled too much, but I can still say a part..."

Then he glanced at Ye Chen and said, "Ye Chen, the Ye family mentioned here has nothing to do with the Ye family behind you."

"The Heavenly Dao Palace clearly targets the Ye Family, but it is aimed at the Ye Lingtian-like collateral Ye Family. As for the true Ye Family in the ancient times, it has long disappeared. Even if it disappears, the Tiandao Palace does not dare to target the ancient Ye Family in this way."

"Xuanyuan Moxie didn't dare to send too many people into the First Divine Kingdom from the very beginning. A large part of the reason was that the First Divine Kingdom was located in the Ye family ruins."

"Although it has fallen, Yu Wei is still there."

"But those collateral Ye family like Ye Lingtian's ancestors, and the remaining bloodline, suffered."

Next, the eternal holy king described this matter about the Ye family in detail.

In the Kingdom of God, the Heavenly Dao Palace is currently above all forces.

Even Xuanyuan Moxie has hardly entered the First Divine Kingdom for tens of thousands of years!

But it can't change this authority!

Tiandao Palace is the well-deserved ruler of the Kingdom of God!

After the fall of the ancient Ye Family, the Ye Family's collateral family was listed by the Heavenly Dao Palace as a "Scourger" as early as 10,000 years ago. Every 10,000 years, the Heavenly Dao issued runes and laws aimed at the Ye Family.

Any individual or force that strangled the Ye Family would be blessed and rewarded by Heaven.

And every time Ye Ziwen came to the world, many forces in the Kingdom of God surged, and the remnants of the Ye Family and related forces would also face the disaster of extinction!

There is a place of worship in the Ye family. Whenever this catastrophe occurs, the distant relatives and forces related to the Ye family will gather here to start a game with the Tiandao Palace.

"The land of the rising leaves!" Ye Lingtian thought of something and said a few words.

Ye Lingtian, who was inherited from his ancestors, knew part of the secrets related to the Ye Family. The reason why his family survived the disaster of extinction and the blood was endless. This place of worship of the Ye Family played a vital role. .

And the place where the Ye Family's sacrifice is located is the land of Juye.

A special area close to the First Kingdom of God and Nine Heavens Shenlong Temple.

The land of the rising leaves, in the legend, is the land where the gods fell, extremely terrifying, even if the chaos realm peak powerhouse, dare not step into it.

Hearing Ye Lingtian's words, Eternal Saint King nodded, silently, waiting for Ye Chen and Ye Lingtian's response.

And Ye Chen looked at the word Ye in the sky, thought for a long time, and finally said: "I am very curious about the things of that era. Since it is once every ten thousand years, I want to see it."

The Eternal Saint King took a sip of wine and asked, "Ye Chen, are you sure?"

"It's not a good thing for your current strength to touch the land of the leaves."

However, Ye Chen's eyes were filled with determination.

He wanted to know what happened in that era!

Why did my last life die in the hands of a mysterious woman?

Even he faintly felt that this was deliberately done by himself in the previous life.

There are too many doubts in his heart that must be resolved.

And the land of the leaves may be the key to open this door of doubt.

"By the way, Yong Lao, can you go to the Shenmeng and help me inform the senior officials of the Shenmeng that the first-class power of the first kingdom of God, Wanfazong, is in collusion with the demon.

"This matter is very important."

Ye Chen said seriously.

The eternal holy king has a strange expression. Although he came to the first kingdom of God not long ago, he still knew everything about the kingdom of God.

Collusion between the first-class forces and the evil demon is a matter of heaven's justice!

However, he also rushed to Yankun's place. Naturally, he would not go there in person. He said: "Ye Chen, it is not convenient for me to come forward, but I am an informant in the First God State. You will record your words in the burning stone, I will send That person sent it!"

Ye Chen nodded, and soon he handed a stone flowing with a faint light to the eternal holy king: "Eternal Lao, trouble."

"No problem. Ye Chen, before leaving, I can tell you two pieces of information. First, there is a special reincarnation star stone in the land of rising leaves."

"Second, the land of the rising leaves is very dangerous. Not only the Heavenly Dao Palace will be involved, but also many forces under the Kingdom of God will be involved, and even Mo Xueming. For Mo Xueming, you really have to be careful. This person was in that era. It is an extremely dangerous existence...Finally, hold this jade pendant. If you want to go to the land of the leaves, you still have to rely on this person to lead the way."

"This person's name is Huang, he is familiar with that place."

The next moment the space fluctuates, and the eternal holy king disappears in front of the two.

Ye Chen looked at the words on the sky and clenched his fists: "Perhaps, the matter of the Heavenly Dao Palace must be advanced."

"Hall Master, the Heavenly Dao Palace is very powerful. Now I am far from its enemy. I will wait for some time."

Ye Lingtian was unwilling, but knew the severity, and said to Ye Chen.

Ye Chen smiled indifferently, "The next time it will be ten thousand years later, ten thousand years is too long, and we will fight for the day and night. Although the Heavenly Dao Palace is strong, there are restrictions now. If the plan is properly planned, it is not certain who will win and who will win. .

Ling Tian, about the place where the Ye Family's ancestors worshipped, you and I told me in detail that the Heavenly Dao Palace wants to completely exterminate the Ye Family, as everyone knows, this is also the best time for us to counterattack! "

Ye Lingtian was instantly refreshed, and there was a dazzling light in his eyes, extremely excited!

After being chased by the Heavenly Dao Palace, Ye Chen understood a truth after being chased by the Heavenly Dao Palace and the dangerous encounter in the Underworld: Passive will lead to beating!

Chapter 2890: The time has not come!

Those top powers in the kingdom of God have too strong backgrounds, and strong people come forth in large numbers. No matter how fast Ye Chenxiu base progresses, it will be difficult for them to grow to the point where they can stand against them in a short time.

Moreover, those transcendent beings will not let Ye Chen grow all the way. When they feel a greater threat, Ye Chen's crisis will come again.

As the Lord of Reincarnation, Ye Chen and the forces of Heavenly Dao Palace are destined enemies, there is no way to escape, and Ye Chen doesn't want to escape!

In this case, it is better to turn passive to active and look for every opportunity to attack the enemy.

The remaining people related to the Ye Family are a force that Ye Chen must support and help. In the future, this will be a big help for him.

Moreover, because of the disaster of the Ye Family, Ye Lingtian will definitely rush over to live and die with the Ye Family, and Ye Chen can't stand by.

After learning in detail from Ye Lingtian about the Ye Family's ancestors in the land of rising leaves, Ye Chen pondered for a while, and then conspired with Ye Lingtian.

After hearing Ye Chen's plan, Ye Lingtian was anxious: "Hall Master, you are personally involved in the risk, this can't be done!"

The ancestors of the Ye family are descended after ten thousand years. One of the important purposes of the ancestors of each time is to select people from the Ye family's legacy, trying to open a secret realm left by the ancestors of the Ye family, so as to obtain the outer sky stone.

This is the only opportunity for the Ye Family to rise. Every time the Ye Family's ancestors worship, the Heavenly Dao Palace will send a large number of powerful men to encircle and suppress the Ye Family's survivors, but the Ye Family never gave up.

Ye Chen wanted to start from here, conceal his identity, mix into the secret realm, and give the opponent a surprise blow when the strong man of Heavenly Dao Palace arrives.

"What's the danger in this? Didn't you just say that most of the participants in this ceremony are the newly promoted children of the Ye family within ten thousand years. Competing with such juniors, don't you have confidence in me?" Ye Chen asked with a smile? .

Ye Lingtian didn't even dare to say anything, he was just worried about what Ye Chen would do if something went wrong. In Ye Lingtian's mind, Ye Chen was ten thousand times more important than the entire sideline Ye Family.

...

At the same time, the "Ye" character text appeared, and an edict was issued from the Heavenly Dao Palace, and the Heavenly Scourge was imposed on the Ye family survivors of the Seven Kingdoms. Anyone who strangles the Ye family survivors will be rewarded by the Heavenly Dao Palace.

Many powers of the Kingdom of God are ready to move, but all of them are responding.

Because of the special nature of the "Land of Rising Leaves", those outside of the Ye Family's bloodline, the cultivators under the chaotic realm, will die after entering it, which is terrifying.

The League of Gods of the First God Kingdom and Wanfazong naturally received the news, and they were also a little surprised.

Tiandao Palace rarely intervenes in matters of the First Kingdom of God, but this day is an accident.

Above the hall of the League of Gods.

Ge Shan drank the spirit tea with an interesting taste: "That Ye Chen is really lucky, originally we planned to activate the reincarnation chase order, and Ye Chen will definitely die."

"But now the Tiandao Palace suddenly drops orders, which has disrupted our position."

"The matter of chasing Ye Chen, I am afraid it will be delayed."

"However, your Ten Thousand Fazong and our God Alliance cannot be taken lightly. Our two forces are in the same boat."

"Then if Ye Chen is alive, you should know better than me how serious it is."

Tian Feiming also took a sip of tea and said seriously: "That's natural."

"I have used all the power of Ten Thousand Fazong, maybe there will be news soon!"

"But I have an interesting guess wrong, so Ye Chen is also surnamed Ye."

"If Ye Chen also has some connections with that Ye family, isn't that reincarnation chase order stronger?"

Ge Shan raised his eyebrows: "Although I hope so, it is obviously impossible."

"For now, let's rely on ourselves."

...

Hades.

The blood is strong, and the depressed atmosphere is constantly flooding.

Mo Xueming sat on the main hall, looking at the old man kneeling in front of him, with playful eyes.

But the old man was shaking all over.

After a long time, Mo Xueming spoke: "In other words, you haven't found the woman who killed Qu Tan'er."

"I understand that, right?"

The old man was soaked and kept kowtow, his forehead was full of blood: "Hall Master, that woman is a little weird, the only thing that can be determined is the cultivation of the cold system, her strength has grown terribly!"

"The old man has lived for thousands of years, and he has never seen this kind of evildoer."

Mo Xueming stood up, showing a smile: "Monster? How can there be so many evil spirits in the world."

"Some words are just excuses for waste."

"And I don't raise waste, understand?"

After speaking, Mo Xueming patted the old man on the shoulder!

It seems to be comforting!

However, when the palm of the hand touched, the old man turned into a blood mist!

The billowing blood mist poured into Mo Xueming's body!

Extremely weird.

Mo Xueming's expression recovered, as if nothing had happened, he sat back in his position, and then a divine thought came out, and soon two tyrannical figures appeared in front of him.

"Mo Handong, pay homage to the foster father!"

"Mo Lang, see your foster father!"

These are two men who knelt down immediately after seeing Mo Xueming and bowed their bows.

Mo Handong had white hair, a youthful face, and his whole body was filled with the breath of pale death, his cultivation base was extremely terrifying!

Mo Lang, dressed in black, is different from ordinary people in that he has a tattoo on the center of his eyebrows, like a third eye!

The tattoos were so powerful that he was heart-palpitating, and his breath was a bit stronger than Mo Handong! !

These two were secretly cultivated geniuses by Mo Xueming, and Mo Handong and Mo Lang were more important to him than Na Qu Tan'er.

"Mo Handong, Mo Lang, wait until the two of them finish their retreat, and go to the Land of Jueah to retrieve something."

A strangely shaped stone phantom appeared in Mo Xueming's palm, which also imitated a special breath fluctuation.

"This is... the reincarnation star stone?"

Mo Handong and Mo Lang looked at each other, surprised.

The reincarnation star stone forbidden in the Hades Hall is the treasure of the Hades Hall, and it is also the reason for the horror of the cultivation of Mo Handong and Mo Lang.

The stone that Mo Xueming had revealed was obviously not the one in the forbidden ground, but its aura was exactly the same as the Samsara Star Stone! It can even be stronger!

"Yes, not Ye family people are more accustomed to calling "it" an extraterritorial stone."

Speaking of the Ye Family, Mo Xueming's eyes flickered, causing waves.

"I want you to take this thing."

The three masters and disciples chatted for a while, and Mo Xueming's attitudes towards Mo Handong and Mo Lang were obviously different, which showed that they attached great importance to them.

"After going out this time, the two of you are acting in the name of the Underworld. Someone can pay more attention to him. That person is Ye Chen. I think you will meet him in the land of Juyeah this time."

Mo Xueming said.

"Foster father, we are finally going to join the world!" Mo Handong and Mo Lang asked in surprise.

There is a quiet corner of the Ming Palace, where it has been low-key dormant for many years. The people in the temple with earth-shattering cultivation bases have long had the idea of showing their power and sweeping everything in the kingdom of God.

But Mo Xueming kept saying that the time had not come.
