

## Urban 2891

Chapter 2891: Ye family crappy!

"It's coming, it's coming..." Mo Xueming turned and paced away, extremely deep.

Suddenly, Mo Lang thought of something, and then asked: "By the way, what about Tan'er? Why hasn't it been a long time?"

Mo Xueming's expression was indifferent: "It's fallen."

what!

Mo Handong and Mo Lang's pupils shrank to the extreme! Very scared!

"You can set off as soon as possible. This operation can only succeed, not fail."

...

Half a day later, Mo Handong and Mo Lang flew out of the Hall of Underworld.

"Damn it! That song of Tan'er is my forbidden! I said long ago that I wanted to bring this woman into my harem, but I didn't expect her to die!" Mo Lang looked furious.

Although Mo Lang's cultivation base was a little higher than Mo Handong, the leader of the two was Mo Handong.

"The pink skull, Junior Brother Mo Lang, calm down."

Mo Handong turned and said again: "I asked some people in the temple about the death of Qu Tan'er, and probably guessed something. It is probably related to the Ye Chen that the foster father asked us to pay attention to. Hehe...I am very curious now. Ye Chen, adoptive father seems to take him very seriously."

Mo Xueming had instructed the two of them to deal with Ye Chen, but not to kill them.

"Hmph, the people who are missed by the adoptive father, even if they don't die now, they will definitely end up miserably in the future. Life is better than death!"

Thinking of all the horrors of Mo Xueming, even those close to Mo Lang shudder and fear in his heart.

...

The land of the leaves, located in the contact place between the First Kingdom of God and the Nine Heavens Shenlong Palace, Ye Chen and others rushed at full speed without stopping, and it took some time to arrive.

On the flying boat, Ye Chen also saw the mysterious Elder Huang who was contacted by the eternal holy king.

Elder Huang He expresses a childlike appearance, and he speaks quite a lot.

Although the cultivation base aura could not be detected, Ye Chen knew that the eternal holy king knew nothing ordinary!

After a brief introduction, Ye Chen realized that Elder Huang was already long live and had experienced the last scourge.

However, from time to time talking with the elderly who have lived for ten thousand years, the road is not lonely, and Ye Chen also feels that he has gained a lot.

Soon, the two talked about alchemy.

"Elder Huang, you really admire Ye for your alchemy, and it has benefited me a lot. I have been taught, thank you for your advice." Ye Chen said to Elder Huang.

Elder Huang deserves to be an "old antique" who has lived for thousands of years. Alchemy refining tools are all involved; the attainments in the alchemy are top-notch, and what Ye Chen truly admires is that Elder Huang has unique insights into the alchemy. Ye Chen hadn't even heard of the ancient recipe secret pill, some pill with special effects.

Ye Chen's alchemy was passed on by the old man. Although the alchemy is not his strong point, it should not be underestimated.

Elder Huang was already great for Ye Chen to understand.

"Little friend Ye Chen, you are so humble, this kind of courtesy is absolutely indispensable, undesirable!"

Elder Huang hurriedly responded, admiring Ye Chen again and again. The two cherished each other, and they felt like like-minded people.

"Little friend Ye Chen, your pill, seems to have gotten the true biography of a great man who is capable of medicine and psychic, do you have a relationship with the people of the ancient family in the Holy Land of Pill Emperor?"

Elder Huang asked suddenly.

The hundred powerful people in the reincarnation cemetery are all taboo characters. Elder Huang did not directly mention the old man, but the one who "medicine the way and the god" must be the old man.

Ye Chen nodded and acknowledged Elder Huang's speculation, and then asked in surprise: "The ancient family in the Holy Land of Pill Emperor?"

He has never heard of the Holy Land of Emperor Pill, but according to the ancient family, Lao Cang is surnamed Gu, could it be...

Is that the legacy left by the old man? And the ancient family, the old man still has blood?

Lao Cang never mentioned this to him. To be precise, Lao Cang seldom mentioned anything related to him in front of Ye Chen. When Ye Chen asked curiously, Lao Cang seemed to be secretive and discouraged.

"Huh, talk more!"

The old man's voice sounded in Ye Chen's mind.

A move in Ye Chen's heart directly cut off Lao Cang's perception of the outside world, and temporarily sealed the connection between the reincarnation cemetery and him.

In the reincarnation cemetery, the old man blew his beard and stared. After calming down, he muttered to himself: "Pill Emperor Holy Land...The Heavenly Dao Palace did not exterminate my Taoism, as well as the ancient family, my descendants, and there are really people alive. ?"

Ye Chen was very concerned about the old man. Ye Chen couldn't deal with Mo Xueming in that palace for the time being, and couldn't help old man untie his happy knot and relieve his demons.

Regarding this, Ye Chen felt guilty and always wanted to do something for the old man.

"Old Huang, don't lie to you. The old man of Canggu Medical God is my master. This matter involves some secrets that cannot be easily said. Please forgive me. I can't talk more about this pill emperor's holy land and the ancient family. Can you talk to me? Tell me more about related matters?"

After the shock, Elder Huang knew everything about Ye Chen.

It took a full hour before Elder Huang finished speaking. Ye Chen thanked him solemnly, and seeing him thinking deeply, Elder Huang left and returned to his room.

Ye Chen fell into deep thought, he was thinking whether these things should be immediately known to the old man.

The existence of the Holy Land of Pill Emperor is also a taboo in the kingdom of God, so it is not known to ordinary people. Elder Huang's identity is not ordinary, and he knows more.

Lao Cang might still have descendants alive, but the situation regarding the Holy Land of Emperor Dan and the Ancient Family is complicated.

Moreover, Ye Chen inferred from the news received from Elder Huang that when Lao Cang was trapped, his descendants and disciples might also be involved...

If Lao Cang didn't know, Ye Chen might be shocked after Ye Chen said it.

"Forget it, let's not talk about it for the time being, after you have been to the land of Juiye, you will find the opportunity to enter the Sacred Land of the Pill Emperor, and after inquiring clearly, you will think about it..." Ye Chen secretly said in his heart.

Outside the land of the leaves, various flying instruments appeared frequently in the past few days, and many tyrannical divine consciousness fluctuations watched this place.

An exquisite tower escaped from the void, and then disappeared in a flash, directly shuttled into the land of Juyeah.

The Linglong Pagoda is a self-contained space, with a total of nine floors above and below, each with a size of ten thousand meters. This tower can accommodate a large sect, and has the ability to shuttle space, but also isolates the inside and outside. Even the strong of the Heavenly God Realm could not see the inside.

The breath it exudes is extremely terrifying!

This treasure is extremely rare and its value is almost inestimable.

On the Linglong Pagoda, a big "Ye" is looming, and more importantly, the thousands of cultivators in the tower are the people of the Ye Family who have survived from ancient times to the present!

The only commonality of these people is that their ancestors have assisted the Lord of Reincarnation!

They even have an extremely weak Ye Family bloodline!

They are like Ye Lingtian!

Although the ancient Ye Family was destroyed, the Lord of Reincarnation had fallen, but this group of people survived the endless years of hunting and killing!

They are alive, their only belief is-revenge for the Lord of Samsara!

Chapter 2892: Is blood important?

The bloodline of the sideline Ye Family could never be cut off, and this tower played a vital role.

On the ninth level, more than a dozen cultivators with extremely strong auras gathered together. Among these people, the weakest cultivation level is the first level of the Heavenly God Realm, and most of them are strong people in the early days of the Heavenly God Realm.

The three strongest among them are impressively powerful in the middle of the Heavenly God Realm!

This is the surviving heritage of the Ye Family. Tens of thousands of years ago, the number of powerful Ye Family was more than a hundred times more than this number. Today, there is no one in ten strengths, but if there is no chase by the Heavenly Dao Palace, this force will remain outside. Comparable to the top forces of the Kingdom of God!

WINK to \$1: Secure Your Spot Now!

none of them

It's a pity that after the Lord of Reincarnation fell, these remaining forces knew that they could only hide in the dark forever.

If one day finds the right opportunity, he will inevitably launch a counterattack against Tiandao Palace!

"This time the ancestral sacrifice, all branches of our Ye family must go all out. Only success this time, no failure!"

A collateral Ye family ancestor said passionately.

"We can't fail anymore. If we fail this time, we're afraid we won't have the chance to restore the glory of the sideline Ye Family, and it may even be completely destroyed!"

"At that time, you may no longer be able to avenge the Lord of Samsara."

An old woman crouched, but her breath was terrifying.

"The genius children of each branch family, are they all here this time?"

A majestic middle-aged strong man glanced across the audience and asked seriously.

These three are Ye Family's three mid-stage celestial gods, and they are also the core power holders of the Ye Family's branches.

The current Ye family has dozens of branches and hundreds of sideline families. The relationship is intricate and complicated. With these three powerful people as the core, it is divided into three major forces.

Ye Ziming, the current descendants of the Ye family have the closest blood relationship with their ancestors, and they control the Linglong Pagoda.

Ye Zigeng, the person who talked about the descendants of the vassal forces of the Ye family back then, those vassal forces, mostly the sons and daughters of the ancestors of the Ye family, were also listed as "scourgers" and were all descendants of the Ye family.

The other force is composed of other powerful people who are separated from the first two. The leader is an old woman named Ye Xueqing.

They represent the Ye Family, and they are also one of the strongest remaining figures in the Ye Family.

The senior officials of the Ye Family have discussed and focused on the talented children.

This is because, in order to open the secret realm left by the ancestors of the Ye Family and obtain the extraterrestrial stone, one has to pass the test and pass the rigorous inheritance ceremony.

Only those "juniors" under the age of one thousand are eligible to perform this ceremony.

As usual, the three factions each have ten people, and one seed player is selected from them. These three people have high hopes from them, and they are also the most hopeful figures to open the secret realm through the ceremony.

"Ye Sheng!"

Ye Ziming selected one person. This descendant of the Ye family was amazingly talented. He was only more than 800 years old and had already cultivated to the eighth level of the Chaos Realm. He was also strong in blood, and could even replace Ye Ziming to control the exquisite pagoda.

"Ye Tanzhu, more than nine hundred years old, nine levels of chaos realm." Ye Zigeng did not introduce this seeded player more, his strength trumps everything.

That old woman Ye Xueqing chose her direct disciple.

"Ye Nishang, seven hundred and eighty years old, nine levels of heaven in the chaos realm."

Hearing this, even Ye Ziming and Ye Zigeng both looked solemn and surprised.

"Okay, okay! This time the ancestral sacrifice, we have a lot of evil geniuses among the younger generation of the Ye family. This is the fortune of the Ye family, great fortune!"

The high-levels of the Ye family were excited and full of confidence in this line.

"Where is Ye Lingtian? Why didn't he come." At this moment, Ye Ziming suddenly mentioned one person.

Ye Lingtian came from a special collateral power many years ago. This clan disappeared in the kingdom of God and did not know where it went.

When Ye Lingtian awakened in the Shenji Sect's memory, he had left Shenji Sect to find a sideline of Ye Family, just to verify one thing.

Because Ye Lingtian's ancestor was extremely low-key, most people in Linglong Tower didn't know who Ye Lingtian's ancestor was.

Only know that Ye Lingtian's body hides a part of blood, and it comes from a low-strength plane.

Belongs to one of them.

Ye Ziming didn't favor him, but felt that this person came from a low-strength plane and could come to the kingdom of God within a few years. Perhaps there was something extraordinary. This Ye Family Ancestor's major event, let him Participation may be a surprise.

"Ancestor, there is a flying boat blocking the road outside. The two claiming to be descendants of the Ye family, request to join the ancestors!"

At this moment, an elder Mr. Ye came in to report.

"Who are those two?"

"Unfamiliar faces, I have never heard of them, one is called Ye Lingtian, the other is called Ye Chen!"

Outside the Linglong pagoda, Ye Chen and Ye Lingtian stood in the sky, facing two vigilant Ye family children.

Ye Lingtian was inherited from his ancestors, and his bloodline strength was strong. His response to the exquisite pagoda, a treasure of the Yejazhen clan, was extremely shocking, and he found this place following that mysterious response.

Ye Chen's plan was to hide his identity, join the Ye family grandiosely with Ye Lingtian, blend in with the ancestors, and then watch the changes quietly, determined to win the reincarnation star stone.

One minute later, the Ye family's younger brother who had previously entered to report the news walked out and greeted Ye Chen and Ye Lingtian to enter.

Along the way, there were many cross-examinations about the identities of the two, Ye Chen remained silent, very low-key, like Ye Lingtian's attendant; Ye Lingtian answered all questions.

"In the barren land of the low martial plane, it's really not easy for you to wait for the two of you to cultivate all the way to the kingdom of God. What is commendable is that you still remember that you are a member of the Ye family. I look forward to your performance this time. ."

Seeing that Ye Chen was only slashing the eighth layer of the Evil Realm, the Ye Family's child had the strength of the sixth-level heaven of the Primal Chaos Realm. Although Ye Lingtian's strength could not be seen through, he did not take it to heart and taught in the tone of an elder.

Ye Lingtian thanked him and said yes, and asked, "Senior, where are we going next? Take us to see the ancestor?"

In the Ye Family, only those who are above the Heavenly God Realm, have a lofty generation, and hold a decisive position within the clan, can be called "ancestors".

The old man Ye cried his mouth, thinking what identity you are, the ancestor would be able to see if he wanted to.

"The ancestors are discussing major issues. You will follow me to verify your identity first. If there is no problem, I will arrange where you live. The land of the leaves is full of crises. Most of the time, the Ye family Of people will stay in this exquisite pagoda.

The way to verify identity is very simple. After confirming that there is indeed Ye family blood in the body through a special magical device, simply register the name of the origin and create an identity jade card. With this jade card, it can pass through the huge space in the pagoda.

Then, the elder Ye took the two to the third floor of the pagoda, designated two rooms, left a few simple instructions, and a book of Ye family rules, and then drifted away.

"Just got in so easily? It seems that this Ye family is already riddled with holes!" Ye Chen felt helpless.

In the past tens of thousands of years, the children of the Ye family's surviving clan have drifted away from all sides. In addition to a few big side branches that can form a group, there are also a large number of small branches, small veins and orphans like Ye Lingtian. The Ye family's loose management model is also understandable. of.

But... blood can be faked.

Chapter 2893: hide!

Above the martial arts stage, in one of the stands, the handsome men and women with fewer than ten people were the focus of the audience.

They are the pride of the sky, they are the peerless figures who have emerged from the Ye Family for nearly a thousand years.

The first round of competition below has already begun, and these Ye Family geniuses are above the top, commenting on the battle below.

Three of them are surrounded by other people like stars with superb status.

"Senior Sister Nishang, I haven't seen you for two hundred years. I never thought that you would break through to the ninth level of the Chaos Realm. It really shocked my chin!"

The handsome martial artist standing on the left among the three sighed at the young woman in the middle.

This woman was dressed in goose yellow treasures, with apricot eyes and peach cheeks, very touching.

"Senior Brother Ye Sheng joked, it was just a fluke that the younger sister broke through to the ninth level of the chaos realm. It can't be compared to you, forcibly suppressing the realm, if you talk about combat power, the younger sister is definitely not your opponent."

Ye Nishang covered her mouth and smiled, and his words made Senior Brother Ye Sheng very useful, and he couldn't help showing his complacency.

"Brother Tanzhu, you broke through to the ninth level of the Chaos Realm so quickly. The ancestor Zigeng has given you a lot of benefits, right? Maybe, your family has been hollowed out now, Brother Yi In my opinion, it is unwise to do so..."

Chapter 2894: Yejia Wuxue!

Ye Sheng screamed at the other person again, and directly targeted the other person.

These three are the seed players in the three veins of the Ye family. This ancestral ceremony will select a "chief" from the younger generation of the Ye family to lead others into the secret realm.

This "chief" position, all three of them looked at him closely. Although Ye Sheng had the lowest cultivation level among the three, his personality was exuberant, and he seemed to be confident and confident.

"Ye Sheng, even your ancestors dare to criticize, do you really think that you are the chief?" Ye Tanzhu's face was not good, and he sneered.

"The two brothers, who is stronger and weaker, will only be known after a battle. If we have a dispute now, don't we let other juniors and sisters see the joke? Look at it, this junior is pretty good..."

Ye Nishang played a round, with no crimes on both sides, and looked good at dancing with long sleeves.

"These three people are really good seedlings, but they have their own minds, impetuous and shallow, just like the flowers in the greenhouse, they are unbearable!"

Although the three people's dialogue was separated by formation, Ye Chen heard everything in his ears, and he said to Ye Lingtian with emotion.

"The Ye family has long been decayed. If it were not for the current enemy, it would have fallen apart a long time ago."

Ye Lingtian, who had awakened a part of his memory, knew the Ye Family better than Ye Chen, and he had inquired about the Ye Family's situation after entering the kingdom of God.

"Ling Tian, the burden of purging Ye Family and reviving Ye Family's prestige is yours! This ancestral sacrifice is your opportunity!" Ye Chen said with blinking eyes.

As the Lord of Samsara, he naturally cannot be exposed!

As the spokesperson of the Ye Family, Ye Lingtian is undoubtedly the most suitable.

Moreover, the Ye Family he saw in front of him made Ye Chen a little disappointed. If he wanted Ye Family to be a big help for him, there was still a long way to go, Ye Chen already had an idea in his mind.

"No. 27, right No. 88. Two contestants, please come on stage!"

On the martial arts stage, an elder announced.

Ye Chen shook his head helplessly, stepped out, the endless waves of air rolled, and he flew onto the martial arts platform. His opponent was a sideline of the Ye family who was in the Chaos realm. This person was full of fierce and fierce aura. .

This kind of cultivator must have experienced countless battles and broke out of the sea of blood in the corpse mountain, with amazing combat power.

"Eighth Level of Evil Realm? You give up, I don't want to be contaminated with the blood of people of the same clan under my sword!" This practitioner of Level 1 of Chaos Realm sensed Ye Chen's realm, frowned, and said unhappy. .

The tone of telling the facts does not have a superior posture. Although the words are ugly, they are honest.

"Your major is the Ye Family Sword Technique "Overlord Slash". The more enemies you kill, the stronger this sword technique will be, but unfortunately, your sword technique is incomplete."

Ye Chen had a good impression of this person, and pointed and said.

On the flying boat, Ye Lingtian also demonstrated some Ye Family exercises. According to Ye Chen's current understanding of martial arts, he naturally took control instantly.

It's a pity that Ye Lingtian's memory has never been able to awaken the martial skills of the Lord of Reincarnation in the previous life.

If Ye Chen had obtained the martial arts of the previous life in advance, he would have confidence against the Heavenly Dao Palace.

"It's ridiculous! Don't talk nonsense, if you don't admit defeat, if you are disabled, don't blame me for being ruthless!"

This person is holding a three-foot-long giant knife, the blood of the blade is flowing, and the black evil spirit on the knife is condensed into thousands of dead souls.

This person entered the Dao, his mind was corroded, and he was irritable and impulsive.

Ye Chen shook his head helplessly, with one hand behind him, five fingers and a grip, a giant blade was condensed into shape, and it was also a knife to a knife, and said to the cultivator of the Chaos Realm first layer: "You can do your best."

...

"Huh? This test is really interesting. This guy from the Eighth-tier Heaven Slashing Evil Realm is unlucky, and he actually encountered Ye Zhuang."

In the stands, the Ye family's children talked.

"Not only is the cultivation level down to a small level, the difference in combat power is even greater, Ye Zhuang's "Overlord Slash" is extremely terrifying, capable of defeating the enemy across the border, and the martial art charm is extremely powerful, and his style of play has always been crazy. If you lose to him, you will die or be disabled..."

Ye Zhuang's magical sword was raised high, and a black pike appeared in the sky. Suddenly, a violent wind swelled and the overcast wind filled it. The murderous aura made people feel a bone-piercing chill!

The black blade light cut straight towards Ye Chen!

The long knife formed by the pure martial intent in Ye Chen's hand also slashed directly, only a ray of light red blade appeared, but when facing Ye Zhuang's blow, the blade suddenly burst into shock. Li, a phantom appeared, holding the light red blade light in his hand, and then, the same move collided with the black blade light...

"Overlord God Slash! This... how is this possible!"

Na Yezhuang suddenly let out an incredible roar.

The sword technique used by Ye Chen is also the Overlord Slash!

Moreover, although the vision at the time of the shot was not as good as him, it was more powerful than him.

The control over martial arts Yiyun even surpassed his ancestors!

This shows that Ye Chen's Overlord Divine Slash is more powerful than his cultivation, and I think of what Ye Chen said just now...

His Overlord Divine Slash is the complete Ye Family Sword Technique, without any incompleteness!

If Ye Zhuang knew that if Ye Chen only watched Ye Lingtian's demonstration, he would faint.

boom!

After the first blow, Ye Chen didn't take a step back, his expression was indifferent, and he didn't directly crush his opponent, but such performance also shocked many spectators!

"He... he also used Overlord Divine Slash?!"

"What is the background of this number eighty-eight, it can escape Ye Zhuang's attack, his combat power... even if it loses to Ye Zhuang, it's better to let it go!"

"Zhan'er Realm crosses the Chaos Realm, what the \*\*\*\* is this evildoer!"

In the high-altitude stands, the three Ye family seeded players also gave out surprises.

"It's a good seedling, but it's a pity that the cultivation base is too weak." Ye Tanzhu shook his head.

"This person's face is very much. It is the blood of the Ye family left behind. If he has been nurtured by the family since he was a child, even if he is not as good as us now, he is still a personal thing. It has the value of being overwhelmed. It is just now... Slow, I can't get into the eyes of me!" Ye Sheng just glanced at Ye Chen, and stopped paying attention.

"What I am curious about is, where did he learn this Overlord Divine Slayer?"

Ye Nishang's focus is different Below, Ye Zhuang did not make a second blow, but directly surrendered to Ye Chen, and rushed to Ye Chen excitedly.

"Brother Ye Chen, you teach me the complete Overlord Divine Slash, please mention any conditions!"

Ye Chen smiled indifferently. In this game, he achieved the goal of winning without a fight, right?

This Ye Zhuang was quite eye-catching about Ye Chen, without mentioning the conditions, and directly taught him the complete sword technique of Overlord Slash.

Ye Zhuang got the sword technique, gave Ye Chen a big gift and hurriedly left.

"This guy is really a martial idiot. He is unreasonable and makes the Palace Master laugh."

Ye Lingtian said helplessly.

Chapter 2895: Protector!

Ye Lingtian got the inheritance from the ancestors of the Ye family, and took the revitalization of the Ye family as her own responsibility, and he did not have a strong sense of belonging to the remaining forces of the Ye family.

"This person is upright and has a good temperament. If he can cultivate the Overlord God to achieve great success, he can become a general under your command in the future." Ye Chen narrowed his eyes and said.

There was no pause in the first round of the competition. After two hours, nearly a hundred strong players remained. The second round of competition was continued.

After Ye Lingtian came on the field, he defeated the enemy with one move with a force of destruction, and the strength he showed shocked the audience even more.

Even Ye Sheng, Ye Tanzhu, and Ye Nishang paid attention to Ye Lingtian.

At the beginning of the second game, Ye Sheng and the other three flew to Ye Lingtian's side, turning a blind eye to Ye Chen.

"You're Ye Lingtian? How can you have such a combat power when Kunlun flew up from the low martial plane!"

Ye Sheng seemed to be hostile to Ye Lingtian, and his tone of voice was high.

Ye Tanzhu couldn't see through Ye Lingtian's fictitiousness and reality. With a solemn expression, he arched his hands and said, "My name is Ye Tanzhu. Seeing that you are so tough, Junior Brother, I came here to make friends."

Ye Nishang's wonderful eyes scanned Ye Lingtian, showing a thrilling smile, nodded in courtesy, and said nothing.

Ye Lingtian glanced at Ye Chen subconsciously, Ye Chen remained silent, Ye Lingtian knew it, and dealt with the three of them both.

"Junior Brother Ling Tian, this place is very noisy. Let us go up there. You don't have to participate in the other games in the first round."

Ye Sheng frowned, looked down on the other Ye family juniors, and looked ashamed of standing together.

Ye Lingtian's eyes were cold, and he said coldly, "I am not the same as you, so I can't climb high."

"Boy, don't be shameless, don't think that if you are not far from my realm, you can stand shoulder to shoulder with me. My strength is not what you can imagine!"

Ye Sheng's face made Ye Lingtian extremely disgusted, his eyes swept over, and Ye Sheng's face suddenly changed slightly.

Because of the look Ye Lingtian looked at him, he instantly lost his mind, and even gave birth to an irresistible feeling!

This seems to be the suppression of blood!

But this feeling quickly disappeared, and Ye Sheng felt that it was just an illusion just now. Then, he was furious.

"What evil method you cultivate, dare to use it on me, don't you want to live anymore!"

Such an arrogant character, more domineering than those top powers of the second generation of dandy, almost opened Ye Lingtian's eyes, and also made Ye Chen on the side even more disappointed in the current Ye Family.

Ye Lingtian couldn't hold it back, the ancient meaning swept all over his body, and was about to do it. At this moment, Ye Chen suddenly said to him: "Patience for the time being, it is not time for us to do it."

Ye Chen had a hunch that this time he not only had to resist the Heavenly Dao Palace and other forces, but this time the Ye Family would be involved, and he couldn't count on Ye Family too much.

Ye Lingtian gave a cold snort, turned his head, and ignored the three people.

"I don't know what kind of stuff, let's go, don't pay attention to these side branches!" Ye Sheng said coldly.

"Brother Ye Sheng, Brother Tan Zhu, you go first, I'll wait a while." Ye Nishang still smiled, and the smoke was full of flamboyance, and he did not hide his interest in Ye Lingtian.

Then Ye Sheng suddenly appeared a few blue veins on his forehead, Ye Tanzhu also looked very ugly.

"Ye Lingtian, I hope you can break into the top ten, then I will teach you how to behave on the martial arts stage." Ye Sheng took a deep look at Ye Lingtian.

Facing his threatening words, Ye Lingtian remained unmoved.

In his eyes, anyone's words are meaningless!

Except for the lord!

And he kept an eye on it. When he takes over the power of the Ye family in the future, these scourges must be eliminated!

Ye Sheng and Ye Tanzhu flew up and left here.

Half of Ye Chen's attention was focused on the lofty ancestors of the Ye family. What happened here must not escape their magic eyes, but what disappointed Ye Chen was that they seemed ignorant of the behavior of Ye Sheng and others. indifferent.

It seemed that although the Ye family survived, it was no longer the Ye family.

In the previous life, the fall of the Lord of Reincarnation also meant the fall of the Ye Family.

This land of rising leaves is just the last struggle of this group of people.

In the second match of the first round, Ye Chen's opponent was a cultivator from the Chaos Realm on the fourth layer of heaven. This Ye family's child cultivated a magical power called "Scorpion King Change", the ultimate of the third change. In the form, he also has the strength to defeat the enemy by the next step.

Ye Chen didn't want to expose too much, so he used Extreme Martial God Flash until his opponent was exhausted, and then forced him out of the ring.

This "Scorpion King Change" has strong magical powers, and its weaknesses are obvious. It cannot be against the enemy for a long time. After the ultimate form, there will be a period of "weakness."

At the end of the first round, the remaining forty players will compete for twenty players in the second round.

There were a total of ten people who were exempt from the first two rounds of the Ye Family Sanmai, and these thirty people will enter the finals.

In the second round, Ye Chen's opponent was a female cultivator. This female practised the "Kaishui Charm Technique", which was a charming technique.

This special type of magic technique exerts a much weaker combat power than its own cultivation base, but if the opponent cannot resist the power of this technique, even if the cultivation base is stronger than her, he will be drawn into his mind. In the illusion, let it be slaughtered.

Ye Chen's heart is as firm as a rock, naturally unaffected by it, but pretending to be confused, counterattacking his opponent at a critical moment and easily defeating him.

In the stands where the senior Ye Family members are, Ye Chen's performance has attracted the attention of several elders.

"It's really weird that this son's cultivation base of the eighth-tier sky of the Evil Realm has reached the finals."

"He is a bit interesting, he has captured the opponent's weakness in every battle. The martial arts comprehension ability surpasses many people present."

"I feel that this reluctance named Ye Chen is also considered a genius. Even if he has a trick, he has the fighting power of the chaos realm six-layer heaven even if he explodes with all his strength."

Ye Chen hides, and although Ye Lingtian suppressed the cultivation base, but swept the opponent, has become the most eye-catching focus figure in these few games.

Before the finals, the younger generations of the Ye family were given an hour to recover. At this time, an elder Ye found Ye Lingtian and Ye Chen.

"Ye LingtianYe Chen, the ancestor wants to summon you, come with me."

Ye Chen and Ye Lingtian looked at each other, followed the elder Ye and flew high into the sky.

On the ninth floor of the Linglong Pagoda, the three ancestors of the Ye family sat cross-legged, their eyes gathered at the same time on the two who entered the hall.

Three tyrannical divine consciousness fluctuations directly fell on Ye Chen and Ye Lingtian.

The three ancestors made no secret of their purpose, inspecting the two of them, and even Divine Mind tried to directly intrude into the sea of knowledge of the two to read their memories.

Ye Chen would subconsciously use the meaning of Zhenwu to cover up, but after hesitating a little, he suppressed this idea.

How terrifying is his own divine mind, even if these three people are in the heavenly divine realm, they are not qualified to be shaken.

However, Ye Lingtian chose to stand in front of Ye Chen!

Chapter 2896: Unsurprisingly slash the doomsday!

Clang!

With a shocking sound, accompanied by the powerful chaotic atmosphere fluctuations, Ye Lingtian took out the Abyss Conviction Gun, and the spear suddenly appeared, defeating the three divine minds that were approaching the two people's sea of knowledge.

"This, this is..."

"Abyss Conviction Gun!"

"One of the strongest magic weapons of the ancestors of the Ye family, how did this gun fall into your hand!"

The three Ye Family ancestors were all shocked and could not sit still, looking at Ye Lingtian with shocked expressions.

Everyone present knows what the Abyss Conviction Gun means!

This is only the one who follows the Lord of Samsara is qualified to have it!

That person is the most important person in the Ye family!

WINK's Surge to \$1: Join the Wave!

Could it be that Ye Lingtian is that descendant!

If this is the case, why did that person go to a low-strength plane?

Ye Lingtian's eyes condensed, and he held the Abyss Conviction Gun with one hand, and said directly: "I don't like to see it like this."

"If you want to know who I am!"

"This abyss conviction gun is the best proof!"

Ye Lingtian knew very well that revealing his identity would be beneficial to him and the palace master this time!

But he can reveal his identity, the palace master absolutely cannot!

The secret of the Lord of Samsara must be kept!

The next moment, the three of them stood up, their pupils shrinking to the extreme!

If you really want to talk about seniority, Ye Lingtian's identity may be higher than them!

Combined with Ye Lingtian's performance, everything seems to be explainable!

When the three of them were about to say something, Ye Lingtian directly handed over and said, "I have something to do with Ye Chen, so I won't disturb the three ancestors!"

The next moment, the two turned and left directly!

Only three ancestors who lost their minds left!

...

After the two left, the three Ye Family ancestors looked at each other for a long while, and were silent, still digesting the news they had just received.

"Brother Ziming, do you believe what Ye Lingtian said? The ancestral inheritance, the abyss conviction spear... If they are all true, then he is a person recognized by the ancestors!" Ye Zigeng said first.

"Anyway, it is an indisputable fact that the Abyss Convict Gun recognizes him as the master. Ye Lingtian might become the most critical person in this ancestral sacrifice." Ye Ziming sighed, seemingly relieved, seemingly Lost.

In these tens of thousands of years, the three lines of the Ye family have always been responsible for restoring the glory of the Ye family, taking the Ye family's legacy as their own responsibility, and looking for the "treasure" left by their ancestors or the opportunity to resurrect their ancestors in the worlds.

But no one has been truly recognized by the ancestors.

I never thought that an unknown person who soared up from a low martial plane would be so lucky.

This means that the chances of passing the test of the ancestral realm have greatly increased this time, which is a good thing, but the key figure is probably not from the three lines of the Ye family, which makes the three ancestors a little unwilling.

"These two people are very suspicious. Then Ye Lingtian interrupted my waiting investigation. They must conceal a secret."

Suddenly, Ye Zigeng's eyes flashed and said.

"Such a cultivation base... Controlling the treasure of the Abyssal Conviction Gun, he is none other than the chief of the younger generation of the Ye family, it is not easy to force it." Ye Ziming said.

Ye Lingtian's true cultivation base has been exposed, which is also one of the reasons that shocked the three ancestors.

"Xue Qing, what do you think of these two people?"

Ye Zigeng heard what Ye Ziming meant to show favor to the two Ye Chen and turned to another ancestor.

Ye Xueqing said in a hoarse voice: "After the trial, there is still a blood test. What's more, there are three of us here, and these two can't beat the waves."

Ye Zigeng's face was a little ugly when he heard this, but soon disappeared.

The last pass of the ancestors, opening that secret realm is not necessary for the Ye Family bloodline, but Ye Zigeng's bloodline is controlled by very few people with the real Ye Family bloodline.

Ye Tanzhu, who was placed high hopes by Ye Zigeng, had a strong strength and a meager Ye Family bloodline, but he might not be able to pass the bloodline test.

This alone meant that he would miss the position of chief of the Ye family juniors.

And the position of chief is not only a status symbol, if the ancestor is successful, the chief will get the greatest benefits.

"Ahem... Ye Lingtian won't talk about it first, I think that Ye Chen is more mysterious than that Ye Lingtian, and even I feel like I can't see through."

"Even, have you found that Ye Lingtian is more like Ye Chen's servant?" Ye Xueqing frowned and said.

Upon hearing this, both Ye Ziming and Ye Zigeng were surprised.

"It's nothing more than a slasher of the eighth-level sky of the Evil Realm. Under our investigation, he can't hide his cultivation. What is special about this kid?"

"And how could Ye Lingtian be this subordinate? Have you ever seen a subordinate who has a higher cultivation base than the master?"

Ye Ziming asked in confusion.

Among the three ancestors of the Ye family, Ye Xueqing had a lot of means, and she controlled the power of destiny, she would definitely not aimlessly.

"Ye Chen, I can't see his destiny. Either there is a transcendent existence who personally takes action to cover up the secret for him; or, this child is carrying a divine treasure far beyond everything!"

Ye Xueqing felt that no matter what the reason was, the degree of attention to Ye Chen should be raised to the same level as Ye Lingtian.

In fact, her speculation was not wrong. The inheritance of the Lord of Reincarnation was something that once shook the way of heaven and made it coveted by the way of heaven. The value of the gods is incomparable.

"I hope that the appearance of these two people will be a blessing or a curse for my Ye family." Ye Ziming sighed again.

...

"Hall Master, what should I do next?" Ye Lingtian asked on the way back.

He has now exposed his true cultivation base, even the hole cards of the Abyssal Conviction Spear have been exposed, and the original plan needs to be changed.

"Even if the three ancestors of the Ye family have doubts about us, in this case, at most monitor us. Before the success of the ancestral worship, they still dare not act rashly. There are Ye family juniors who dare to provoke, don't have to worry about anything, take action to punish and shock."

The two returned to the stand next to the Wudoutai, when the final was about to begin.

The first three were decided out of the thirty. These three will select a chief disciple after passing the bloodline test. Under the leadership of the chief disciple, thirty descendants of the Ye family will enter the secret realm for trials.

What surprised Ye Chen and Ye Lingtian was that genius kid named Ye Nishang hadn't left yet. Seeing them come back, he walked closer with a smile.

"It's really gratifying that the two younger brothers have been favored by the ancestors. Nishang intends to make friends with you. Let's talk?" Ye Nishang said to the two.

This woman is long-sleeved and good at dancing. It is difficult for people to give birth to malice. Ye Chen transmitted the sound to Ye Lingtian, so that he might as well have more contact with this woman.

Ye Lingtian and Ye Nishang made a few polite sentences, and the two of them had the intention of being close to each other, and they soon became warm and talked like no one else.

Although the low-key Ye Chen did not attract much attention, in the eyes of some Ye family juniors, the performance of Ye Chen, a dark horse in the previous competitions, was also brilliant, and several people gathered around.

Soon, Ye Chen also merged into the circle of the younger generations of the Ye family, without showing up or showing up.

Among these thirty people, Ye Chen is the only Slashing Evil Realm with the lowest cultivation base!

Chapter 2897: Ling Tian's might!

But everyone didn't regard Ye Chen as the Evil Slashing Realm!

After all, in the martial arts world, strength is respected, not cultivation base!

In the finals, Ye Chen's first opponent was a cultivator from the sixth layer of the Chaos Realm. His unique skill was a unique \*\*\*\* technique of the Ye Family called "Ling Xi Yi Zhi".

In this battle, Ye Chen only released a hint of real martial arts, and he defeated the opponent with one finger.

An uproar suddenly occurred.

In the eyes of everyone, there are not many people who can do this. Ye Chen has risen to the middle and upper ranks among thirty people in terms of comprehensive combat power.

This move is still a trick, but in addition to jealousy and anger, the Ye family children can only accept reality.

Ye Lingtian didn't know if it was luck or other reasons. The opponent he encountered in the first place of the finals turned out to be a genius child of Chaos Seventh Floor.

This person belongs to the ancestor of Ye Ziming, named Ye Jing. Standing beside Ye Sheng all the time, he seemed to be a follower of Ye Sheng.

"The barbaric junior from the lower martial plane, there are things with no eyes, you dare to offend Brother Ye Sheng, today I will teach you how to behave!"

As soon as he stepped onto the martial arts stage, Ye Jing provoked Ye Lingtian below the stage!

A cold light flashed in Ye Lingtian's eyes, his complexion was waveless, he flew onto the martial arts platform, and then straightly took out the abyss conviction gun.

High in the sky, the three Ye Family ancestors suddenly changed their expressions!

"Learning from each other, don't hurt the harmony of the same clan, let alone intentional killing!" Ye Ziming's voice suddenly sounded, he was warning Ye Lingtian.

Ye Jing's face was sullen and even more arrogant with a sneer. He took a big step forward, and a majestic Buddha appeared on his head.

Tathagata Buddha Yin, taboo magical powers!

"The ancestors intervened and didn't let me kill you, then I will cross you out of the sea of suffering. From then on, you will work for me!" Ye Jing grinned.

This type of Buddhism supernatural power was not created by the Ye family, but it was an important secret in the Ye family's supernatural power pavilion.

During the heyday of the ancestors of the Ye family, he once surrendered to a Buddhist power, the Buddhist power, at that time, he was one of the founders of Buddhism in all the worlds, and he was a rare transcendent existence!

Tathagata Buddha Yin is the Buddha's unique knowledge. This supernatural power is extremely domineering. If it is transformed by him, even the soul will be controlled by the other party, losing oneself, life is better than death.

Ye Jing performed this \*\*\*\* to Ye Lingtian, with a vicious intention.

Ye Lingtian snorted coldly, put away the Abyss Conviction Spear, and decided to give Ye Family Patriarch a face.

Ye Lingtian glanced at Ye Chen with a mysterious smile in the distance. Seeing Ye Chen nodded, he no longer hesitated and closed his eyes!

The ancient meaning rushed out of the body, straight into the sky!

At the same time, seven stars loomed out of Ye Lingtian's body, combined into the shape of the Big Dipper, and then struck Ye Jing with a silver starlight.

The Buddha's virtual shadow folded his hands together, his face was sorrowful, and his mouth was open. A word of Buddha was spit out from his mouth, and accompanied by bursts of Buddha's chanting, he attacked Ye Lingtian.

The silver starlight collided with the Buddha character, and the Buddha character collapsed when touched. The starlight continued to bombard Ye Jing like lightning.

On the side of the Martial Fighting Platform, the two powerful Ye Family experts of the Chaos Realm 7th-tier Heaven changed their expressions as referees. They made a decisive shot. Trying to defeat the "Big Dou Shen Fist" that Ye Lingtian just blasted!

In the dazzling state, I saw two figures flying away, one was Ye Jing on the martial arts stage, and the other was the strong Ye Family who attacked Ye Lingtian.

Ye Jing fell to the ground, her face like gold paper, blood spilling from the corner of her mouth, unconscious, and anger like gossamer. She was still alive, but she was destined to be a waste in the future.

The Ye family referee also had blood on the corners of his mouth, looking at Ye Lingtian in amazement, his whole body trembled slightly, and he realized that he was far from Ye Lingtian's opponent!

He even felt the suppression of the bloodline at the moment of the fight!

this moment!

The whole audience was silent, the kind of silent silence that could be heard when a needle fell on the ground.

Ye Lingtian just defeated Ye Jing, this is still reasonable, but what just happened?

Ye Lingtian actually defeated the referee!

That referee, but the powerhouse of Chaos Realm Seventh Heaven!

This silence lasted for dozens of breaths, followed by the sound of inhaling cold breath, and a burst of discussion.

"Sure enough, you have hidden your strength... The gun just now seems to be the Ye Family Zhibao, the Abyssal Conviction Gun, which the ancestor once mentioned! This ancestral sacrifice has shocked some hidden players in the Ye Family, mine The opportunity is here!"

Ye Nishang, who had just been dating Ye Lingtian, said in his heart.

Ye Sheng and Ye Tanzhu were shocked and sluggish, and immediately afterwards, the two broke out in a cold sweat!

More than an hour ago, the scene of them humiliating Ye Lingtian is still vivid, if Ye Lingtian was angry...

Even if they use the hole cards their ancestors prepared for them, I'm afraid the consequences will be disastrous!

"Late Chaos Realm! He hides his cultivation base, who is he? I don't believe that he is not a thousand years old now!" Ye Sheng said with a hideous expression in a low voice.

"Damn, this man pretends to be a pig and eats a tiger. He is a ruthless man! Senior Brother Ye Sheng, I'm afraid we won't be able to fight him together. The ancestors... seem to have recognized him!"

Ye Tanzhu saw it very clearly. Just now, Ye Lingtian was summoned by the ancestor, which means that the ancestor passed Ye Lingtian.

The two referees looked in the direction of the ancestors high in the sky. Facing this kind of accident, they didn't know what to do.

"Ye Ling Tiansheng! The test continues." Ye Xueqing's ancestor's voice sounded.

The referee read out the list of the two sides for the next duel until after the four or five sounds, the two players played, because everyone's thoughts had been on Ye Lingtian just now, and they hadn't slowed down.

Ye Chen was still low-key, and the whole process even seemed a little strenuous on purpose.

He knew very well that this time, he couldn't be too amazing!

There are more people hiding behind!

The second game of the final, Ye Lingtian's opponent directly surrendered. In the third game, his opponent was a practitioner of Chaos Realm 7th Floor Heaven, who lost in just one round.

The reason why this person is playing is not to win, but to test. After this battle, the younger brothers of the Ye family eliminated the only fluke in their hearts.

They have confirmed that Ye Lingtian is a hidden genius, undoubtedly, his strength makes them desperate!

The strange thing is that in the first two games, Ye Sheng, Ye Zigeng and Ye Nishang never met Ye Lingtian and Ye Chen, and they did not match each other.

Ye Chen felt like a mirror in his heart. This game seemed fair, but it actually had a black box operation.

His "good luck" seems to be also the preference of the Ye family's senior management. In several games, he staggered with the seeded players.

In fact, this is because the three ancestors also attached great importance to him and did not dare to test easily.

Chapter 2898: The crisis of the blood dragon!

In the second game, fifteen people were divided into eight groups, one of which was a bye to advance directly; in the third game, it was eight to four. In this game, Ye Chen's good fortune also ended here.

There are only four advancement places, and the three seeded players plus Ye Lingtian have no place reserved for Ye Chen.

"The next duel, number two to number eighty!" the referee announced on the martial arts stage.

This is Ye Chen's third game. His opponent No. 2 is Ye Tanzhu!

"Talk about bamboo, you have to be careful, this Ye Chen is not easy, if you lose, just give in!"

Before entering the field, Ye Tanzhu suddenly received the voice of the divine sense of the ancestor Ye Zigeng.

Ye Tanzhu, who didn't care about Ye Chen in the first place, suddenly stagnated...

That's it for Ye Lingtian. Ye Chen, the "weak man" of the eighth-tier heaven of Slashing Evil Realm, is also pretending to be a pig and a tiger?

Ye Tanzhu couldn't believe it that the two barbarians of low martial planes were so "against the sky".

But the ancestor specially reminded him that it meant that the ancestor thought that he was probably not the opponent of Ye Chen, who had killed the eighth-tier sky of the Evil Realm.

This scene is a bit weird to the extreme.

On the Wudou stage, Ye Chen stood with Ye Tanzhu in pairs.

The audience is surprisingly quiet!

Because in their opinion, the strength gap in this game is too great!

The disparity was so great that Ye Chen had no chance of winning at all!

"Junior Brother Ye Chen, it's just to learn from each other, just click as far as you can, what do you think?" Ye Tanzhu arched his hand to Ye Chen, forced a smile, and said.

This made everyone in the Ye family who watched the game almost shocked their chins. When did Ye Tanzhu, the pride of heaven at the pinnacle of Chaos, treat his peers so politely?

Ye Chen smiled faintly, nodded noncommittal, and sacrificed the evil sword in the next second!

When the evil sword appeared, Ye Chen's gentle face turned into indifference, and he spit out a few words: "You do your best!"

The sword light did not move, but the blood was tumbling, the force was surging, and the meaning of true martial arts came out!

Ye Tanzhu's face changed drastically just by his momentum!

This is the eighth-tier heaven of Zhan'er Realm! It's more cruel than the late Chaos!

Ye Tanzhu didn't dare to be careless, the next second, the blood was sacrificed, and he actually summoned a monster.

Even the blood in the body has the breath of extraterritorial monsters!

This is his greatest support.

The three heads of this beast are full of evil spirits and forceful spirits.

It is the product of the combination of extraterritorial monsters and spirit beasts of the Kingdom of God!  
!

Hell Dog!

As soon as the \*\*\*\* dog came out, the three heads screamed and roared at the same time, and under Ye Tanzhu's drive, they rushed towards Ye Chen.

At the same moment, Ye Tanzhu's meaning of true martial arts exploded, and the endless chaotic spirit power gathered into the long sword in his hand, and the sword was cut towards Ye Chen!

The two forces are superimposed, and the horror is extreme!

It's almost a dead end!

No one thought Ye Tanzhu would make such a move!

This is too despicable!

Ye Chen held the evil sword in his hand with a calm expression. He was about to stimulate the real martial arts to suppress Ye Tanzhu's realm. He suddenly sensed a wave of aura that was not right under his punch.

The other party actually hit a dead hand.

Ye Chen's eyes flashed sharply, he did not use the evil sword, but the spiritual power gathered, and the red dust veins activated! A Cang Yan exterminates the spirit palm.

In his opinion, the opponent is not qualified enough to let him use the evil sword!

The swords and palms collided, and a blast of spirit sounded through the sky, and the power of the formation around the fighting platform was stimulated, suppressing the aftermath of the battle forcibly.

A black light as thin as a cow's hair flew out from the shadow of the fist and shot towards Ye Chen.

Soul-killing needle! The evil and poisonous thing that specifically hurts the soul, this is Ye Tanzhu's hidden method just now, his sword is just a feint, the real purpose is to use this soul-killing needle to directly defeat Ye Chen's soul.

It's despicable!

But no matter how despicable means, in the face of absolute strength, it is in vain!

Ye Chen felt it naturally, so he played "Cang Yan Destroying Spirit Palm", but he also kept his hand, if he hit with all his strength. This Ye Tanzhu is bound to be wiped out with a single palm.

"what!"

Surging endless force! The dust is billowing, like a thousand feet!

Amidst the dust, a scream sounded, Ye Tanzhu flew like a kite with a broken wire, and there was no movement after landing.

He followed Ye Jing's footsteps and did not die, but this lesson may be unforgettable for a lifetime.

Above the sky, Ye Zigeng saw this scene, suddenly got up, his breath fluctuated even more uncontrollably, his eyes stared at Ye Chen fiercely.

"Junior Brother Zigeng, what do you want to do!" Ye Ziming's aura locked him, and if Ye Zigeng dared to attack Ye Chen, he would stop it.

Ye Xueqing also looked at Ye Zigeng, revealing a hint of helplessness: "The good apprentice you taught, used that method under the eyes of everyone to lose face."

Ye Tanzhu was purely asking for trouble. Seeing that the other two ancestors did not support him, Ye Zigeng stopped impulsively and sat down again with a cold snort.

"They are outsiders after all. I now suspect that Ye Lingtian and Ye Chen are spies sent by Tiandao Palace!"

Ye Zigeng said coldly.

"Even spies, before they are worthy of use, let them do what they do."

Ye Xueqing's mind was unpredictable, and she was more aggressively on Ye Chen's side than Ye Ziming.

Out of strong confidence in their own strength, the three ancestors reached an agreement and wait and see for now.

...

"What just happened? This Ye Chen defeated Senior Brother Tan Zhu head-on?!"

"He and Ye Lingtian are companions. Both of them have hidden their strengths. It's really hard to imagine how they did it!"

"In this way, this time the Yejiazu sacrifice, didn't I and the three veins have become a joke? Two outsiders, we all together might not be their opponents!"

Ye Chen's low-key can only end here. After returning to the stands, the younger generations of the Ye family who had been chatting with Ye Chengang had changed their attitudes, and quickly stayed away from Ye Chen and stayed away from him.

It would be fine if Ye Chen was just a little better than them, but when they found out that each other's strength was vastly different, he developed an xenophobic psychology, and he was afraid of Ye Chen and no longer had good intentions.

But Ye Chen closed his eyes tightly, as if he didn't care about everything around him!

That Ye Nishang went the other way, and just wanted to take the initiative to find Ye Chen, but was blocked by Ye Lingtian: "The hall...My friend needs a rest, and I hope that the Nishang girl will not bother."

Ye Nishang's eyes turned, he didn't know what he was thinking, and then he lightly nodded his head and left directly.

The entire martial arts battlefield, after Ye Nishang left, fell into an extremely strange atmosphere.

...

At the same time, the Nine Heavens Dragon Palace.

Above that forbidden abyss.

A dragon full of flames suspended above the sky.

It is Yantian Dragon God!

There are more than a dozen terrifying existences around him!

Everyone is an existence that cannot be ignored in Tiandao Palace!

Everyone's eyes are full of seriousness!

Because in their opinion, this time, they are going to kill the blood dragon that is extremely threatening to Heavenly Dao Palace!

The key to the strength of this blood dragon, they don't even know it!

Above the abyss, the strange energy flicked, Yantian Dragon God knew that it was the restriction of the abyss.

The Yantian Dragon God looked down at the abyss, and suddenly said, "Have you brought everything? The only possibility for this blood dragon is to hide here, and now above the abyss, the blood is full of energy, and this breath is so familiar to me. Today, no matter what, this blood dragon cannot leave the abyss alive!"

In the next moment a huge mouth of the Dragon God of Yantian, a huge black tripod appeared!

The black tripod is pouring!

"Do it!"

More than a dozen elders of the Heavenly Dao Palace forced out their blood and gathered on the black cauldron!

In an instant, billowing lava flowed out of the black cauldron!

That magma is constantly flowing, and it is even more damaging!

Heavenly Dao Palace, unexpectedly turned this abyss into a lake of magma!

At that time, at the bottom of the lake, no creatures will survive!

Blood dragon is dangerous!

Seven more sent! Ask for a monthly pass! Ask for a monthly pass! Ask for a monthly pass! Say the important thing three times!

Chapter 2899: The blood dragon swallows!

The billowing magma fell from the sky instantly!

Like a dragon rushing into the abyss!

And the prohibition of the abyss obviously discovered something, a faint transparent rune surged!

However, this prohibition can only stop living creatures, and this intensely hot magma can't stop it at all.

The point is, this magma is not ordinary magma!

This is the blood accumulated in the body of a fallen flame dragon \*\*\*\* emperor in ancient times!

Everything you see can be burned instantly.

The Yantian Dragon God smiled: "Blood Dragon, you can hardly fly with your wings today!"

Last time he lost to the Blood Dragon, which almost became the nightmare of the Yantian Dragon God.

Of course, under the moon ring anomaly, the Yantian Dragon God's strength has improved by leaps and bounds!

But he knew that if he met that blood dragon again, it would still be dangerous!

Even, he doesn't know the current strength of the blood dragon!

The other party is mysterious like a realm that cannot be crossed!

And when the magma rolled down, in the abyss, a scarlet dragon that was devouring the body of the remaining devil dragon suddenly opened its eyes.

The hot lava reflected in his eyes.

No fear.

Did not flinch.

Some are disdainful.

The next moment, he gave up devouring!

Scarlet eyes flashed with weird runes!

The runes flowed, and the thick blood enveloping him!

The next moment, the blood dragon's huge mouth opened, and the billowing magma surging with the aura of extinction was swallowed by him!

He chewed carefully.

There was even a hint of joy in the eyes.

"It tastes good. This magma has a certain boost to my flame."

"It's a pity, too little."

In the next moment, a trembling dragon chant resounded!

As soon as this dragon chant came out, the entire Nine Heavens Shenlong Palace's eyes were filled with horror!

This is a suppression from blood!

Complete suppression!

And above the abyss, the black tripod dumping magma seemed to be touched by a mysterious force!

Then, go straight to the abyss!

Yantian Dragon God's face changed drastically, and he just wanted to take back the black cauldron, but found that his power could not be regained at all!

This is not the most important thing, what is important is that he feels a threat from the soul!

Just below the abyss!

Could it be... Could it be that blood dragon!

Hei Ding disappeared, and the dozens of elders with a trace of dragon breath spit out blood!

Their faces paled a little, and their breath waned.

Everyone looked at the Yantian Dragon God and said, "Senior Dragon God, what should I do next?"

The Yantian Dragon God's eyes condensed, and his anger burned: "Judging from the eyes, the blood dragon seems to be unable to rush out of this abyss."

"This is our opportunity."

"Since he is so mad, let's let him feel what it means to punish him!"

"Array!"

...

At the same time, at the junction of the Nine Heavens Shenlong Palace and the First God Kingdom.

The land of the leaves.

The third game of the final ended soon. The top four were Ye Chen, Ye Lingtian, Ye Sheng and Ye Nishang.

Ye Sheng was also considered a genius, the cultivation base of the chaos realm eighth-tier sky, but he definitely had the power of the chaos realm peak, and after a few games, he did not reveal any hole cards.

Ye Nishang's performance in several competitions is also not very amazing, people can't see the depth.

According to the rules, the four people are divided into two groups, and the winner fights another game to decide one or two. The loser fights and decides the third place. The first three will undergo the next round of blood test. According to comprehensive considerations such as blood strength and talent qualifications, a chief is selected.

But what surprised everyone was that Ye Chen stood up at this moment.

"I still have a little injury on my body, so I voluntarily abstained. I won't have to play in the next two games."

Ye Chen's eyes were calm, as if he didn't care about all of this.

Reincarnation blood does not need to be tested.

If he reveals his identity, his previous efforts have been wasted.

Everyone was startled, the referee and several senior Ye family members could not be the masters, and could only look at the three Ye family ancestors.

The three Ye family ancestors who have been following here after discussing, passed down the word "may".

The bloodline test was scheduled in the early morning of the second day, and the test ended here, and everyone dispersed.

But this night was destined to be a sleepless night for the vast majority of the Ye family's three veins.

The names of Ye Chen and Ye Lingtian quickly spread throughout the Ye family. This time the ancestral sacrifice has just begun, and there is already a feeling of a mountain rain.

At night, someone knocked on the door of Ye Chen and Ye Lingtian.

This is an old acquaintance, it was he who took the two into the Linglong Pagoda, and this residence was also arranged by this person.

"Two nephews, please don't be surprised if you have been negligent before. As you two are now in the Ye family, it is not appropriate to live here again. The above has been taken care of, and the two of you will have a rest. "

This elder faced Ye Chen and Ye Lingtian with different attitudes and a respectful tone.

Ye Chen understood what was going on after a little thought.

The ancestors are imminent, and when foreign enemies may appear at any time, those high-level Ye family actually have the intention to "carry" their treatment?

This is just an excuse. In fact, it must be that the senior leaders of the Ye family are not at ease with the two of them. This is to change places to make it easier to monitor them. If there is an accident, you can respond in time.

Ye Chen didn't care about this. If they insisted, the Ye family wouldn't dare to force it.

Ye Chen nodded and agreed, and the elder took them to the seventh floor of Linglong Pagoda.

The more this exquisite pagoda goes up, the more important it is at the core, and the more powerful the formation of the pagoda is.

The seventh floor is where the seniors of the Ye Family live, and most of them are powerhouses above the Chaos Realm or even the Heavenly God Realm.

Ye Chen and Ye Lingtian were greeted with scrutinizing eyes.

As soon as the two of them entered a palace arranged for them, someone came to the door, it was Ye Nishang.

This time, Ye Nishang wore quite sexy.

The collarbone was exposed, and a hint of whiteness on his chest was looming.

It makes people think about it.

However, Ye Lingtian's eyes were dignified in an instant glanced at Ye Chen, and when he saw Ye Chen nodded, he said: "Lady Neon, please come in!"

Ye Nishang smiled slightly, took the seat, with beautiful eyes like water, and directly asked Ye Chen: "Ye Gongzi, do you abstain from voting, don't you care about the position of the chief? You know, this ancestor worship is different from the past, as long as After winning the position of chief, even if the final trial in the secret realm fails, the chief can still get the treasure left by the ancestor..."

This topic successfully aroused the interest of Ye Chen and Ye Lingtian.

The two actually don't know much about the ancestors of the Ye family. Ye Lingtian has inherited the ancestors, but they understand the core secrets of the Ye family, as well as the ultimate goal of the ancestors.

But the specific process of this "ancestor worship" was set by the three branches of the Ye Family, and Ye Lingtian didn't know the particulars in it.

This was also the reason why Ye Chen had liked Ye Lingtian not to reject Ye Nishang's deliberate approach and asked for information.

Chapter 2900: How could it be weak!

After the bloodline test, the chief will obtain the temporary control of the treasure of the blood seal of the gods. If the ancestor is successful, this treasure will automatically recognize the master; if it is not successful, in order to deal with the aftermath of the Ye Family catastrophe, the chief who controls this treasure, Will be able to obtain a great fortune. If facing the final moment of the extinction of the whole clan, with this treasure to save your life, the chances of escaping this disaster will also be greatly increased..."

Ye Nishang said in a whisper, that he didn't hide any private information, and shared information with Ye Chen and Ye Lingtian.

Ye Lingtian suddenly looked different, suddenly thought of something, and excitedly said: "Really it is the Blood Conferred Orb? This treasure is said to have been lost for a long time, and there are even

rumors that when the ancestors fell, this treasure was also destroyed. What happened to the Ye family? Found it?"

In the inheritance memory left by the ancestors to Ye Lingtian, there is indeed the existence of this "Blood Soul Sealing God Pearl", which is a treasure beyond ancient artifacts!

"My master found it." Ye Nishang's beautiful eyes turned and smiled.

According to her, more than 10,000 years ago, Ye Xueqing, who was still the second-generation high-ranking member of the Ye family at the time, was able to establish herself in the family precisely because she recovered the great contribution left by the "Blood Soul Conferred God Pearl". Prestige, then gradually took control of the line, and finally became one of the three ancestors.

According to legend, the blood soul-removing pearl is made by sacrificing the power of the kingdom of God. This pearl is the manifestation of the "law of life" and contains the meaning of endless life, which is closer to the power of reincarnation.

A cultivator who controls this thing is equivalent to mastering a world-shaking card, and can even have an infinite life span and blood.

This treasure comes from the hands of the chief refiner under the Lord of Reincarnation, and there are restrictions and special methods left during the refining. Only the Ye family bloodline has the opportunity to let it recognize the master before it can be used.

According to Ye Nishang's words, this precious treasure will belong to the chief hand selected by the ancestors. This is a great temptation for all the children of the Ye family, even Ye Chen was moved.

The power of reincarnation is terrible, he knew it!

And this power is actually close to the power of reincarnation!

If there is such a thing, his strength can rise by one level!

"Hall Master, I have the treasure of the Abyss Conviction Spear. If I can get the position of the chief, I will definitely offer the "Blood Soul Reaping Orb"." Ye Lingtian said to Ye Chen.

Ye Chen didn't say anything. Whether Ye Lingtian uses this treasure or belongs to him, it's nothing to care about, but Ye Chen is bound to win this Blood Soul Orb. Ye Sheng or Ye Nishang can't let Ye Sheng or Ye Nishang pick it up. .

Ye Sheng is domineering, Ye Nishang is unpredictable, and Ye Chen doesn't trust either of them. Only Ye Lingtian can take on the important task of revitalizing the Ye family.

"Brother Ling Tian, what is the relationship between you and this Ye Gongzi?" Ye Nishang suddenly asked another question.

Ye Lingtian was surprised, could it be seen by her?

Ye Chen looked at Ye Nishang deeply and didn't respond with a smile.

The wisdom of this woman is very rare. She was just showing good wishes before, but when we visit here tonight, there are many temptations in her words.

The initiative to mention the "Imperial Blood Orb", the treasure, must have a deeper meaning.

Seeing Ye Chen's expression, Ye Nishang glanced at Ye Lingtian again, only to see that Ye Lingtian was also indifferent, and she covered her mouth and smiled to resolve the embarrassment.

"Two brothers, it's too early, so I'm leaving now."

When the door was closed, Ye Nishang showed a playful smile: "Two interesting people, I am afraid that Ye Chen has a lot of background behind it."

...

The land of Juyeah is chaotic and gloomy throughout the year, and there is no change of day and night in the four seasons, but the exquisite pagoda forms its own space. This magic weapon simulates the rotation of the sun and the moon, and the celestial phenomenon changes, which is quite strange.

Early the next morning, after the bell rang, the Ye family children took the initiative or were directed to the first floor of the pagoda.

The two strong Ye Family members at the pinnacle of the Chaos Realm accompany Ye Chen and Ye Lingtian, not only to prevent the inconspicuous Ye Family descendants from coming to trouble the two, but also to prevent them from taking the initiative to cause trouble.

In short, the Ye Family's attitude towards Ye Chen and Ye Lingtian is very subtle.

The first floor of Linglong Pagoda has a different style from other floors. A giant altar with a radius of one hundred meters stands in the center. The building surrounding the altar is full of various statues.

Human sculptures, weapon sculptures such as swords, guns, swords and halberds, and even natural scenery such as majestic mountains and flowing rivers.

The place was full of primitive vicissitudes of life, and the Ye Family's expression became solemn after entering it.

The first layer is the foundation of the Linglong pagoda formation. The altar here was created for the ancestors of the Ye family. For thousands of years, the younger generations of the Ye family have dreamed that one day, the soul of the ancestors will be resurrected on the altar!

Below the altar, in front of a stele, the Ye family's children gathered here.

The soul-containing stele, this treasure has no grade and no order, and its only function is to detect the richness of the Ye Family's blood and the comprehensive potential of the Ye Family's children.

This object also came from the hands of the ancestors of the Ye Family. Although it could not be used for combat, to the Ye Family, it was a treasure comparable to the most precious.

The three ancestors of the Ye family walked in front, kneeling three times before the altar and chanting the incantations used in prayer and sacrifice, which was very ritual.

The cumbersome etiquette lasted for an hour before the bloodline test began.

Ye Lingtian, Ye Sheng, and Ye Nishang stepped forward in turn, pressing their hands on the monument to contain the soul, and the two beams of light fell almost simultaneously, one on the left and the right.

The color of the light beam increases in order of red, orange, yellow, green, blue, and purple.

The pillar of blood can inspire light, which means that the body has the blood of Ye family, but it is very weak, the highest level of purple, that only the direct line of the ancestors of the Ye family has.

The other pillar of potential is based on the tester's age, cultivation base, combat power, and background. Red is the lowest grade and purple is the highest.

Ye Sheng came forward first, and his test scores were: one green and one green.

In other words, his bloodline intensity is "green" and his potential is "green".

The second person to be tested was Ye Nishang. This woman's test results were a blockbuster, which surprised and delighted the ancestors of the Ye family.

One green, one blue!

The bloodline intensity is only one level lower than Ye Sheng, but the potential is two levels higher than Ye Sheng.

When the two beams of light on the Yunhun Tablet burst into light Ye Sheng's face suddenly turned pale!

But at this time there was very little attention to him, because Ye Lingtian, the last one to play, was the focus of everyone's attention!

In terms of combat power, few of the younger generations of the Ye family are his opponents; now some people with ulterior motives can only hope that Ye Lingtian's blood is not strong, so that there is an excuse to prevent him from becoming the "chief."

Ye Lingtian's eyes condensed, and he glanced at Ye Chen behind him.

Ye Chen showed a smile and nodded slightly.

In his opinion, Ye Lingtian's results are definitely not weak!

The ancient \*\*\*\* vein is one of the Ye Family bloodlines!

And it is second only to the existence of reincarnation blood!

How could it be weak!
