

## Urban 2901

Chapter 2901: evidence?

However, Ye Chen was also curious about Ye Lingtian's achievements.

Seeing Ye Chen's permission, Ye Lingtian turned his head, eyes filled with determination!

As the left and right hand of the Lord of Reincarnation, he must not lose face in this item!

One of his palms was placed on the soul-containing stele, blood poured into the stele, and he immediately received a special power in return, and that power wandered through his body.

then.....

The color of the two pillars of light brightened, at first it was red, and then quickly transitioned to yellow, and then, the color of the pillar of blood became blue, and even a purple light flashed!

The color of the other beam of light is directly formed, beautiful, the same grade as Ye Nishang.

Blue purple! Pure purple!

what does this mean?

Ye Lingtian's bloodline is so rich that it surpasses everyone else, and even goes straight to the third generation of the ancestor's blood. It's even very possible that Ye Lingtian is a direct descendant of the ancestor. It's just that after many generations, the bloodline is slightly thinner, otherwise the final flash. How to explain the purple touch?

Not to mention the potential. Purple is a legendary level. It has to be the highest grade that can only be possible for a person who can match the ancestors of the Ye family in talent. It is hard to come out in thousands of years, and it is rare in the world!

At this moment, everyone was sluggish!

My breathing is short!

Everyone in the Ye family exploded, not only the juniors, but even the senior Ye family members were talking about it.

"Where did this Ye Lingtian come from? This is really... powerful enough to make people desperate!"

"Is it because he is the chief? Brother Ye Sheng and Senior Sister Nishang can't compare to him, what should we do..."

The younger generations of the Ye family were unwilling to do so, and the elders and other high-ranking members communicated with each other, not knowing what to do.

"The test of the Yunhun Stele can't be wrong. This son must be a member of our Ye family, and a descendant of our ancestors, but... he does not come from the three major veins and does not have a strong sense of belonging to our Ye family. In case of unpredictability, We have lost everything!"

"Yes, the chief of the Ye family can only be generated from the three cases we are waiting for. At this very moment, we have to do ordinary things!"

Even if the result of Ye Lingtian's test crushed all the younger generations of the Ye Family, his "origin" prevented the Ye Family from developing a sense of identity with him.

Although the Ye Family still survives, there are interests mixed in between them!

Where there are people, there are rivers and lakes!

What's more, these are inherently arrogant because they are related to the Lord of Reincarnation!

They do not allow their own interests to be contaminated by others!

Especially people they can't control!

The three ancestors of the Ye family were also discussing countermeasures. They had already anticipated this result and were psychologically prepared, but...

"The Blood Reaper's Orb can't be handed to him! The Heavenly Dao Palace has long been watching. Maybe it has locked the exquisite pagoda now. The disaster of extinction will come at any time. How can we waste the precious treasure!"

The ancestor Ye Zigeng had a clear attitude and said directly.

Ye Ziming is in trouble, and he is always worried, selfish, and he has concerns about the overall situation, which makes him seem a little indecisive.

"Sister Xueqing, you brought the Blood Soul Reaper Orb back to Ye's house. Your opinion about this thing is very important. In your opinion, should you give it to him now?"

Ye Ziming asked the old woman Ye Xueqing who was aside.

"Give it to him, whether the ancestor is successful or not, this child may play a decisive role, not because of small losses." Ye Xueqing thought for a long time before saying.

Ye Ziming nodded and transmitted the voice to the senior Ye family members. Ye Zigeng's expression was gloomy, and he didn't know what he was thinking.

A half-step senior of the Ye Family came out in front of Ye Lingtian, Ye Sheng and Ye Nishang.

Among the three, Ye Sheng had a look of despair. Although Ye Nishang could see a little loss from his expression, he was still in a stable mood and talked and laughed with Ye Lingtian.

"The three ancestors have decided. Now I announce that the third generation chief of the Ye family is..."  
At this point, the elder paused for a few breaths, and then said the name.

"Ye Lingtian!"

boom!

The Ye family around the altar was in an uproar!

Ye Sheng even staggered back a few big steps. Although he understood that his strength was not as good as a human and his potential was not better than his opponent, he had always been Ye Jiatian's proud son. Facing such setbacks, he still couldn't accept it.

"No, no, he can't become the chief, I firmly oppose it!" Ye Sheng lost his temper and shouted.

Driven by him, his followers suddenly shouted, and the younger generations of the Ye family from the other two lines also made their voices.

"Never let outsiders control the position of chief!"

"This child comes from a low martial plane, we don't understand at all, if it has something to do with Heavenly Dao Palace! What should we do!"

Ye Chen showed a sneer when he saw this scene.

Based on these goods, how can the Ye Family be able to beat the Heavenly Dao Palace?

As the saying goes, be prepared for danger in times of peace, not to mention the Ye Family, who is likely to be destroyed at any time.

When the heritage left by the ancestors of the Ye family is exhausted, and the younger generations of the Ye family are not as good as one generation, what awaits them will be destroyed.

Moreover, there will be no resurgence.

At this moment, a vast and terrifying aura swept the audience, and Ye Ziming's voice sounded: "On the side of the altar, don't make noise. To disturb the spirit of the ancestors, you are ashamed of the ancestors!"

The crime was too big to bear, and soon everyone was quiet.

"Ye Sheng, what reason do you have to oppose?" Ye Ziming asked again.

Ye Sheng is his descendant. The blood relationship between his uncle and nephew is more mentor and apprentice. For him, Ye Ziming has high hopes and love from the heart. Seeing Ye Sheng speak, Ye Ziming came forward at this time, but he was actually selfish.

"I..." Ye Sheng opened his mouth to speak, but he got stuck in his mouth. Some things he wanted to say must not be said publicly at this time.

Question Ye Lingtian's blood? Not satisfied with his strength? These are all in vain.

Suddenly, Ye Sheng thought of another person, his eyes lit up, and his finger pointed at Ye Chen aside.

"Ancestor, this person came with Ye Lingtian. I suspect that he is an agent of the Heavenly Dao Palace. He has a problem. Then Ye Lingtian can't escape the relationship. You can't let him become the chief of the Ye family, otherwise it will be a disaster. Coming soon!"

Ye Ziming frowned. Ye Chen has a "problem". The three ancestors have already recognized that, but out of fear, he didn't want to "move" him for the time being. When he was about to refute Ye Sheng, another ancestor made a sound. Up.

"Is there any evidence?"

Ye Ziming was surprised by the attitude of Ye Xueqing, who supported Ye Lingtian to become the chief, and gave him the Blood Reaper Orb.

"During the competition, Ye Chen took the initiative to abstain. He must have a ghost in his heart and dare not accept the bloodline test!" Ye Sheng said rhetorically.

These words immediately gave many people a sense of identity, because if they were changed to be them, they would have entered the "Final Four" at that time and would never choose to abstain.

If Ye Chen is wise to think that he is not the other three opponents, this reason is not valid, because Ye Chen defeated Ye Tanzhu head-on.

Chapter 2902: Rootless duckweed!

Ye Chen didn't expect that there would be such a twists and turns, so good, how could it get on him.

Everyone looked at Ye Chen.

anger!

doubt!

Unhappy!

If the eyes can turn swords! Ye Chen was already full of holes!

"Ye Chen, go take a blood test and verify your identity." Ye Xueqing said.

Ye Ziming suddenly understood that Ye Xueqing's real purpose was that.

But after he thought about it, he couldn't guess Ye Xueqing's thoughts even more.

Ye Zigeng Ye had questioned Ye Chen's identity before, but Ye Xueqing watched the changes calmly, and now she came forward again, asking Ye Chen to also go to the soul storage monument.

If Ye Chen really doesn't have Ye Family blood, wouldn't Ye Xueqing's goals contradict herself?

WINK's Surge to \$1: Join the Wave!

Ye Chen calmly and indifferently stared at Ye Xueqing for a few breaths, then flew up and landed in front of the Soul Containing Monument.

Can't hide.

He entered the cemetery of reincarnation and said to Canggu doctor, "Old man, do you know this soul-gathering monument?"

"Will my reincarnation blood be detected?"

Lao Cang fell into deep thought, and raised his head a few seconds later: "You are only activating the Lingfeng Divine Veins and the Chichen Divine Veins. You don't have a complete reincarnation bloodline, you should be fine."

"But this soul-gathering monument is a bit special, and I can't be sure."

"If you are really worried, as the Lord of Reincarnation, you can control this monument if you barely use a bit of power."

Ye Chen was a little relieved, glanced at the Ye Xueqing in the Heavenly God Realm, and said in his heart: "Ye Xueqing, Ye Nishang...what is the idea for the master and apprentice? Suspicion, temptation... Maybe, Tiandao Palace has already noticed I exist."

Ye Chen didn't hesitate anymore, and put his palm on the soul-containing stele, and before he entered a wisp of blood into it, he thought of the old man's words to prevent "accidents", and he used the power of the blood of reincarnation.

Red, orange, yellow, green, blue, blue and purple, the seven-color light flashes one after another, the color changes, and the ups and downs!

Everyone's breathing is fast!

Could it be that Ye Chen's bloodline and potential have reached the limit of this monument's detection!  
!!

Otherwise, how could there be seven flashes of light!

Even if the Lord of Reincarnation visits, it is impossible to do it.

Ye Chen's eyes shrank, and he even felt that the soul-gathering monument seemed to be unable to withstand his power and was about to shatter!

In other words, this soul-gathering monument cannot detect its limits at all!

Whether it is blood or potential!

Right!

The Lord of Reincarnation is the true taboo of the Ye Family!

What qualifications does the mere Yunhun monument have?

Ye Chen's mind was concentrated, he injected the power of blood, and instantly felt that he was in contact with the soul-containing monument!

That being the case, he can control it!

Everyone present was panicked! Just when they thought that this mysterious Ye Chen was going to create a miracle, a sudden change occurred! The light of the two beams of light dimmed at the same time, and finally there was no movement.

"This...what's this? It can inspire a beam of blood, but it doesn't have a fixed order. Does he have Ye family blood?"

"This situation seems to have never happened before. Is it possible that the Yunhun monument is broken?"

Several Ye Family ancestors also frowned.

The Pillar of Blood had no color in the end, and even the "Pillar of Potential" had such an abnormality, making them puzzled.

Ye Sheng was in ecstasy when he saw this scene. He pointed to the soul-containing stele that had no movement and shouted: "He has no Ye Family bloodline, have you seen it? You have seen it! He is a spy, a heavenly way. The people in the palace, and Ye Lingtian, colluded with the enemy, and were a thief in the Ye family, even more hateful!"

Ye Chen shook his head. That Ye Ziming had cultivated such an apprentice was really blind.

The sentiment was infuriated, and there were more and more people questioning Ye Chen and Ye Lingtian, and there were even several Ye Family seniors who surrounded the two in silence.

At this time, Ye Chen's palm was once again attached to the Soul Containing Tablet.

Just now he was just trying his control over the Soul Containing Monument!

Now that he is familiar, he can naturally control the result at will!

Next second!

Two light beams light up, and two colors appear.

One yellow, one purple.

The bloodline intensity is the third level, which is the bloodline level of most of the Ye family's children, ordinary, not outstanding, but it is enough to prove the Ye family's children's identity.

The potential level is the sixth level, the same level as Ye Lingtian. Although this potential is enviable and hateful, it is also reasonable that the exposed strength of Ye Chen is beyond doubt.

At this moment, Ye Sheng's hideous face was completely horrified!

He doesn't even know what to say!

Because the Yunhun monument can't deceive people!

Ye Sheng's mood today was ups and downs. Seeing that the opportunity to push Ye Lingtian into the abyss has appeared, he was likely to get the position of chief, but Ye Chen used "facts" to slap him in the face.

Ye Sheng had a hideous face and looked around. Many people avoided his eyes, and some even sneered and mocked him.

"Puff!"

The more I thought about it, the more angry, the blood surged up, Ye Sheng suddenly sprayed blood, his breath fell.

Obviously, this turned into his demon and had an impact on his martial arts foundation.

Many of the road to martial arts are within a single thought.

Today, he Ye Sheng is like a jumping clown. Among the younger generation of the Ye family, his majesty and face are greatly damaged.

The arrival of Ye Chen and Ye Lingtian made Ye family feel threatened. In one day, two geniuses, Ye Tanzhu and Ye Sheng, fell into the sand, and the scenery was no longer there.

Ye Ziming sighed and waved, the two of them stepped forward and carried Ye Sheng away.

The more advanced the cultivator, the more he needs a relatively strong character, otherwise, no matter how strong he is, it will be easy for people to grasp the flaw in the character and defeat.

Like Ye Sheng, the instability of the heart cannot control the emotional fluctuations, and even vomits blood with anger. In severe cases, Dao Xin will be damaged.

The three seed geniuses of the three veins, Ye Tanzhu lost to Ye Chen's hands. Although Ye Sheng was not defeated, he was invisible and seriously injured by Ye Lingtian and Ye Chen, which is no different from defeat.

In this way, only Ye Lingtian and Ye Nishang are left who are eligible to compete for the position of chief.

But whether it was the bloodline potential and concentration or his own strength, Ye Lingtian completely crushed Ye Nishang, the chief Hualuo Home, no longer need to doubt.

As the contemporary master of the Linglong Pagoda, and one of the core powers of the Ye Family, Ye Ziming, the mighty power of the Celestial Realm, reiterated his decision on the spot.

"The chief disciple of this ancestor worship is Ye Lingtian!"

After a word fell, the sound of the gods spread throughout the entire exquisite pagoda, and many disciples of the Ye family showed different colors.

Not everyone knows Ye Lingtian, even in the previous competition, Ye Lingtian has already shown absolutely powerful strength.

Even if many people know it, they are not optimistic that Ye Lingtian can get the position of chief, because he is not one of the three powers of the Ye Family of the Kingdom of God, but a sideline branch that soars from a low-strength plane, like a rootless duckweed. .

He is a disciple of the Ye family who has no 'background' in the clan.

Chapter 2903: Killing intent!

Unexpectedly, the ancestor of the Ye family actually decided to choose Ye Lingtian as the chief of the ancestor disciple, which is very surprising.

You know, the chief disciple will get the temporary control of the family's treasure, the "Blood Conferred God Pearl"!

It is a treasure that transcends ancient artifacts. It carries the "law of life" and contains the supreme life force. Controlling this treasure is equivalent to controlling a mysterious force, and it also gains infinite life and blood. .

Is this really handed over to an 'outsider'?

Until the ancestor Ye Xueqing, who mastered the Blood Conferred Orb, handed this treasure to Ye Lingtian's hands, many people were still in a dream. However, with Ye Sheng's lessons learned, no one jumped out to object this time.

Only a handful of people felt relieved. After all, the Ye Family had already reached this point. What's the use of caring so much?

Once the ancestral sacrifice is unsuccessful, and the once-in-a-million-year catastrophe comes, it is still unknown whether the Ye Family, who is the enemy of the whole world, can preserve the blood lineage.

In that case, it might as well be a good fight.

At the top of the Linglong Tower, when he took the Blood Conferred Orb from Ye Xueqing, Ye Lingtian's expression didn't have much excitement. Although his eyes had always been on this treasure, it was just appreciation and curiosity.

In his heart, he was only temporarily keeping this thing for the Palace Master.

Everything here should belong to the Palace Master.

It's a pity that before the hall master has fully grown up, his identity must not be revealed.

A small ancient bead, the whole body is carved like a blood diamond, crystal clear. The lingering faint red glow made it a little more dreamy, even if you just look at it like this, you can feel the endless life and blood contained in it.

Holding it, it seems to have longevity.

"During the Ancestral Sacrifice, it will be under your control and will be well kept. This item is related to the future of the Ye Family." Ye Xueqing said with a serious expression.

"Disciples should remember."

Ye Lingtian flipped his palms, and put away the Blood Conferred God Pearl, and then clasped his fists in both hands and answered Ye Xueqing.

"After three days of rest, after three days, the thirty disciples in the final, led by Ye Lingtian, entered the depths of the Juye Land and officially opened the ancestral sacrifice!"

Ye Ziming announced loudly that he used the divine voice to shout, and the rumbling sound once again spread throughout the Linglong pagoda, and all the Ye family disciples heard it.

After the announcement, everyone slowly dispersed, Ye Chen and Ye Lingtian also planned to return to their residences, but at this time, Ye Nishang came over.

This very beautiful woman, with her jade feet moving, the feathers of the gods fluttered lightly, which looked like a celestial being.

"Congratulations to Senior Brother Ling Tian, you have become the chief disciple of the ancestor, once the ancestor is successful, you can benefit infinitely!"

There was a soft voice, the red lips and flames, bright eyes and white teeth, swaying heart.

"You also said that the ancestor worship is required to succeed." Ye Lingtian said lightly.

"Brother doesn't have confidence in this ancestral sacrifice?" Ye Nishang was surprised.

Ye Lingtian shook his head, "No one knows what hasn't happened. Rather than being confident, it is better to prepare more methods to avoid being caught off guard after an accident."

Ye Nishang heard this, thoughtful.

She suddenly looked at Ye Chen, who was silent next to her, and asked: "Young Master Ye, how about you?"

Ye Chen's eyes were extremely indifferent, and he smiled a little: "What am I? Do my best, and let the fate."

"I'm afraid that Ye Gongzi's words are not quite right. If we obey the destiny, our Ye family would have died long ago."

Ye Nishang's beautiful eyes turned to Shen Xia, looking at Ye Chen scorchingly, she didn't believe Ye Chen's perfunctory nonsense.

Ye Chen sneered: "The destiny in my mouth is not the Heavenly Dao Palace, what kind of destiny is the Heavenly Dao Palace."

"In my hometown of Huaxia, there is a saying, "Man will conquer the sky!"

"Oh, sure enough, I know that Senior Brother Ye Chen is a bold person. Three days later, the ancestors, I hope the two seniors can take more care of the younger sister." Ye Nishang pursed her red lips and smiled lightly, Gu Pan Shenghui Said.

"Not to mention that Miss Nishang's master is a figure like the ancestor Xueqing, who possesses the strength of the nine-layer heaven in the chaos realm. With this immortal look alone, I am afraid that there are countless flower protectors among the disciples in the family. Do we need to protect it?" Ye Chen said with a smile.

"The more the better." Ye Nishang said with a smile.

...

This conversation didn't last long. After a while, Ye Nishang said goodbye to the two, turned and left the top of the Linglong Tower.

Looking at the direction the woman was leaving, Ye Chen's eyes were filled with suspicion.

So far, Ye Nishang's performance can hardly find any flaws, and I can't guess Ye Nishang and Ye Xueqing's plan to master and apprentice.

But intuition tells Ye Chen that this Ye Nishang is definitely not as simple as it seems on the surface.

"In the ancestral sacrifice three days later, we should pay more attention to these people in the Ye family." Ye Chen quietly transmitted to Ye Lingtian.

"Hall master is worried?"

"I have to guard against it. I just tried a few tricks to get in, and I became a core disciple who participated in the ancestral sacrifice. If someone is willing to bother to calculate, no one knows what will happen then." Ye Chen sighed.

But soon, his eyes became resolute, and his words were full of war intent and murderous aura: "That's good, take this opportunity, and simply kill all these monsters. When you take over the Ye Family, you will be even more comfortable. Up."

After returning to the residence, Ye Lingtian handed over the Blood Sealed God Orb to Ye Chen. Ye Chen didn't have a good reason to refuse, so he temporarily accepted it.

This thing may be really useful to him.

But Ye Chen was a little worried about Tu Lanxin's whereabouts.

I don't know whether the eternal old school sent the news to Shenmeng.

The collusion between Wan Fazong and the Heavenly Demon is not a trivial matter for the seven kingdoms of God.

I hope Shenmeng has already taken action.

Otherwise, the consequences will be disastrous.

...

At the same time, the first kingdom of God, the League of God.

Above the hall, two men were sitting opposite each other, their expressions solemn.

One person, with a fairy style, a childlike face, dressed in a black and white robe, is Geshan, the leader of the League of Gods!

And the other person, with a strong aura, dressed in a Taoist robe, is Tian Feiming of Ten Thousand Fazong!

And not far from them stood a middle-aged man.

The middle-aged man didn't have the slightest breath of cultivation, and his eyes were extremely indifferent.

He glanced at the two of them rather weirdly, and said, "I don't know which of the two... is the leader of the God League."

Ge Shan said: "I am."

"I heard you have important news to provide?"

"About Ye Chen?"

The middle-aged man nodded and carefully handed out the inscription stone in his hand: "This inscription stone records some words of Mr. Ye."

"It's about Tianma and Wan..."

Before he finished speaking, the middle-aged man's pupils shrank, because he felt the killing intent from the man next to Ge Shan just a moment ago.

Chapter 2904: I am Pangu the Great!

Horrific killing intent.

Ge Shan smiled slightly and stood up: "It's a big deal about the demon, please make it clear."

The middle-aged man's eyes fell on Tian Feiming's body, and he said word by word: "This is..."

Ge Shan narrowed his eyes and waved his big hand, unexpectedly a restriction appeared on the door of the hall!

Block all prohibitions!

Tian Feiming stood up and walked towards the middle-aged man step by step: "I am Wan Fazong, Tian Feiming!"

"Are you trying to say that the Heavenly Demon is colluding with Ten Thousand Fazong?"

The middle-aged man's face changed drastically, and the next moment he took out a piece of jade pendant.

Blood coagulated into the jade pendant, his whole body was shining with light!

The void is torn around!

He is ready to escape!

Tian Feiming and Ge Shan looked at each other and showed a grinning smile.

"You have something to do with Ye Chen. Now Ye Chen is a sinner of the Seven Kingdoms of God, a traitor of the gods, and you are the Yu Dang! I am waiting to represent the first Kingdom of God, and I will hunt you down today!"

The middle-aged man's face changed drastically!

When did Ye Chen become a traitor to the Kingdom of God!

Although he didn't know Ye Chen, he had heard about Ye Chen more or less from Yong Lao!

How could such a person be a traitor!

In the next second, two extreme powers shook the entire hall, and the violent air wave instantly passed through the middle-aged man's body!

"bump!"

Although the middle-aged man's cultivation is good, how can he compete with the two powerhouses!

Obviously it is a mortal game!

His body smashed heavily on a statue in the hall.

The statue was shattered, the dust was rolling, and a mouthful of blood gradually stained the hall.

Tian Feiming walked towards the middle-aged man step by step with a grim face: "You should have been in contact with Ye Chen, where is this little beast now?"

The middle-aged man did not speak, but closed his eyes tightly, and a strange force broke through the sky!

As if communicating with something!

Tian Feiming frowned slightly, with a bad premonition.

At the same time, Yandi Peak was thousands of miles away.

A burly man was completely immersed in the billowing magma.

On the shore, an old man was drinking and relaxing.

Suddenly, the eternal holy king opened his eyes and stood up abruptly. He stared at some kind of information above the sky with a solemn expression: "Something happened to him! Is there a change in the alliance?"

In an instant, the eternal holy king guessed what! He looked at Yan Kun: "Yan Kun, stop the trial! Later I will tear the void at all costs. You only have three seconds to bring that person back from the alliance!"

"bump!"

The magma rolled, and a burly man who was flushed red and glowing with a faint flame came to the shore!

It is Yan Kun!

"Yes, forever!"

In the next second, the eternal holy king pinched the tactics with his fingers, and the blood in his body was forced out, and then an ancient jade plate appeared.

There are two words on the jade plate! eternal!

This is the holy thing of the eternal race! It is also the hole card of the eternal holy king!

The essence of blood fell on the jade plate, and the jade plate turned instantly!

At the same time, the surrounding void became unstable!

The space seems to be torn apart!

The eternal holy king is pale!

Crossing such a distance and breaking through the constraints of space is extremely difficult for his current cultivation base!

But he can't let that person die because of himself!

Even at the price!

The Void Gate gradually condenses!

The eternal holy king spit out a mouthful of blood, and said fiercely to Yan Kun: "Yan Kun! Hurry up! Go!"

In the next second, Yan Kun stopped hesitating and stepped directly into the door of the void!

At the same time, the first kingdom of God, the hall of the League of Gods.

Tian Feiming walked step by step toward the seriously injured middle-aged man.

"Since you don't choose to answer my question, then I can only send you on the road."

"Anyway, that little beast will eventually fall into our hands."

"If it wasn't for the Tiandao Palace, maybe that kid would have knelt before us and begged for mercy!"

"Don't talk nonsense, let you understand today! What is fear!"

In the next second, Tian Feiming punched out!

This punch actually caused the temperature of the entire hall to rise!

Even more bizarre is that this punch not only has the power of Ten Thousand Fazong! It even carries a very strange power of the devil!

Seeing endless power is about to swallow middle-aged men!

The eyes of the middle-aged man are also full of regrets!

He knew that he was going to die!

However, at the very moment, the whole hall seemed to be distorted!

In front of the middle-aged man, a door to the void appeared!

Tian Feiming was slightly startled!

This hall of the God League has the blessing of the Heaven-defying Array, who can tear the void into it?

In the next second, a fiery red figure rushed out!

It is Yan Kun!

Yan Kun's icy eyes glanced at Tian Feiming, and without hesitation, he punched out!

This punch even contains a trace of the supreme coercion of the universe!

"bump!"

Two trembling forces touched like this!

The world-destroying air wave broke out at this moment!

In an instant, the furniture in the whole room turned into powder!

Tian Feiming was shocked ten steps back!

And Yan Kun didn't move at all!

Because of strength, Yan Kun is confident in the world!

Geshan on the side was stunned!

He just wanted to make a move, Yan Kun directly lifted the middle-aged man on the ground with one hand!

Then walked towards the door of the void in full view!

Ge Shan and Tian Feiming glanced at each other, and one after another they offered their swords and prepared to shoot!

But the next moment, Yan Kun stopped!

"I am the Great Emperor Pangu, you dare to move once and die!"

Threat!

Naked threat!

But the powerful Geshan and Tian Feiming really didn't dare to move!

Because the aura and bloodline suppression in Yan Kun's body are too mysterious!

When Yan Kun completely stepped into the door of the void, a smile appeared on the corner of his mouth: "It's no wonder that big brother likes to pretend so much. It seems that pretending to feel is not bad."

"The name Pangu is really good, so I will use this in the future."

The door of the void is closed.

Yan Kun completely disappeared.

Only Ge Shan and Tian Feiming, who were absent and solemn in the hall, remained.

They couldn't see through the burly man.

I can't see through.

If this person is related to Ye Chen, it will be in trouble.

Fortunately, this man seemed to save the middle-aged man.

Maybe it has nothing to do with Ye Chen...

Ge Shan solemnly said to Tian Feiming: "What do you think of this person."

Tian Feiming shook his head: "I can't read his cultivation base."

"Also, this person will only repel me instead of killing maybe it will be fine."

"Emperor Pangu...I have never heard of such a domineering name, does it come from outside the territory?"

Ge Shan fell into silence: "I don't know, it seems that for Ye Chen, we need to take measures as soon as possible."

...

For the cultivator, three days' time was just a moment, and in these three days, more and more other forces arrived in the land of the leaves.

Due to the peculiarities of the land of rising leaves, it would be difficult for practitioners in the chaos realm to survive without the Ye Family bloodline.

Therefore, although many forces have come outside the land of the leaves in the past few days, not many people dared to enter it. Happening.

Before the critical moment, these people won't take any shots casually.

Chapter 2905: doubt!

In the depths of the ancient land, the Linglong pagoda slowly bloomed with a halo in the darkness. On the top of the pagoda, the thirty disciples who participated in the final stage of the ancestor worship were all ready. Before departure, the three ancestors of the Ye family were telling Ye Chen and Ye Lingtian about things that need attention.

"After leaving the pagoda, you need to rely on your own abilities to pass through the dark fog below and go to the ancestral land of our race."

"In the ancestral land, there is a bloodline spiritual pool, that will be the key to your ancestral sacrifice. After getting there, you will condense a drop of blood that is the most pure and contains your understanding of the Taoism and drip into the spiritual pool. ."

"According to the ancestor worship etiquette, sincerely worship the secret treasure of the town clan in the ancestral land-the reincarnation star stone. On it, the names of the countless elite disciples who have sacrificed in the ancestral land for tens of thousands of years are inscribed on it."

"I hope you can get the approval of the bloodline spirit formation left by your ancestors, lift the seal of the sky stone, and bring it back. The victims engraved on the sky stone will help the Ye Family create countless strong people in the shortest time!"

...

"Whether the glory shines on the world, in one fell swoop, for Ye Jiahe!"

"Roar!"

Following Ye Ziming's last words, all the Ye family children roared in the entire Linglong Pagoda, roaring in unison, the sound was thunderous!

Thirty disciples successively stood at the various exits on the top of the ancient pagoda, their expressions full of firmness, and an indomitable momentum radiated from these disciples, and there was still a hint of desolation.

No one knows whether this will succeed or not. Perhaps many of them will appear in front of people for the last time.

"set off!"

As the chief, Ye Lingtian raised his arms and shouted, and rushed out of the Linglong Pagoda first. Ye Chen followed closely, and the two of them almost escaped into the darkness below at the same time.

The other disciples also rushed down with them quickly, but it was Ye Sheng, Ye Tanzhu and Ye Nishang that finally left.

Before he left, looking at his companions who were constantly disappearing in the darkness below, a ruthless color appeared in Ye Sheng's eyes.

"The chief was robbed, but it doesn't mean that the ultimate winner of this ancestral sacrifice is you, Ye Lingtian, Ye Chen, you are waiting!"

Not far away, Ye Tanzhu's face was also cold.

As a well-known generation of Tianjiao of Ye Jia, he unexpectedly lost to Ye Chen in the previous competition, the outsider who said that only Zhan'e eighth level cultivation base actually possessed the peak strength of Chaos Realm!

This is a great shame to Ye Tanzhu, he doesn't think he really lost to Ye Chen, it's just being overly careless!

"This time, I will let you know who is the real strongest among the younger generation of Ye Family!"

Among the three, only Ye Nishang had the calmest expression. She just closed her eyes lightly, as if she had become a statue, without any movement for a long time. When he opened those enchanting eyes again, only firmness remained in his eyes.

Then...

He jumped, turned into a red glimpse, and sank into the darkness.

...

Outside the land of the leaves, several strong men set off together.

They had already sensed that the Ye Family had begun to act, and the last step of the ancestor's ceremony was coming, and this process would not last long. These big forces from all over the kingdom of God, the time to wait has arrived.

Regardless of whether the Ye Family's ancestors are successful or not, they will gnaw a bite of meat from the Ye Family here.

It has nothing to do with good and evil, right or wrong, it's just the weak.

At the same time, in the dark fog, Ye Chen, Ye Lingtian and the rest of the Ye Family disciples quickly walked through this thick black fog.

Divine Mind is isolated here, and they can't see the five fingers when they reach out. The only thing that can guide them is the Ye Family bloodline in the body.

They can perceive the direction of the ancestral land through the power of blood in the body, which is the advantage of being a descendant of the Ye family in this area.

In other words, this black fog area is an invisible barrier for Ye Family Ancestor Land. Even the strong at the peak of Chaos, if they don't have a sufficient concentration of Ye Family blood, it is difficult to pass through this area.

Once you lose your way in it and cannot pass quickly, the black mist will not only corrode the flesh, but also accelerate the flow of power. By then, even if you find the direction, it will be difficult to go out again.

This is why before the ancestral sacrifice, the Ye family chooses the best disciple with relatively strong ancestral blood to be the chief, and leads the other disciples to perform the ancestral sacrifice.

However, in the process of walking, Ye Chen found that although he was not a pure collateral Ye family, he also had a very special perception.

He was shocked to discover that he could even perceive the direction of Yejiazhu's land!

And extremely strong!

"How is this going?"

Ye Chen was surprised, and he was very sure that this kind of induction had nothing to do with bloodlines and the like, but... the strange perception similar to when the Reincarnation Poison Monument appeared.

Could it be said that in the ancestral land of the Ye family, there are things related to the reincarnation cemetery?

This thing is the reincarnation star stone? Or something else?

After a short period of thought, Ye Chen suppressed his doubts. In any case, the Ye family was also a behemoth who fought with the Lord of Reincarnation. If the ancestral land stores something related to the Lord of Reincarnation, it should also be normal.

With the passage of time, whether it was Ye Chen, Ye Lingtian or the other Ye Family disciples, they didn't seem to feel their bodies moving, and the surroundings seemed to be completely forbidden.

Until suddenly, the eyes were bright.

"Are you here?"

Ye Chen stared at the scene in front of him, frowning slightly.

This is a small world about twenty or thirty miles in a radius of one party. There is a thin barrier around it that completely isolates the black mist from the outside. If there is no accident, everyone has crossed in from that barrier.

The entire enchantment is like a half-buckled hollow glass ball, protecting the Ye Family's ancestral land in it, and it also exudes a faint luster to make this ancestral land bright.

After a brief look, Ye Chen and Ye Lingtian looked at each other, "You go to the bloodline spirit pool, I will look around, beware of accidents."

Just turned around, before the front foot went out, a strange yin and yang word rang, "Beware of accidents? This is my Ye family ancestral land. What can be the accident? I think you have other thoughts?"

The weird words immediately caused all the Ye Family disciples present to look sideways, one after another at Ye Sheng.

Many people think Ye Sheng's doubts are quite reasonable.

This place is Ye family ancestral land anyway, and it has been maintained for thousands of years without being breached by foreigners, how could accidents happen.

For a while, several disciples who came from the same branch as Ye Sheng also joined together, and expressed doubts about Ye Chen's saying and motive of "Go and look around, beware of accidents".

Chapter 2906: Ancestral land

In the end, it came from the low martial plane. "

Before Ye Chen could tell the reason, another sneer came from the crowd.

I saw that Ye Tanzhu, who had previously been defeated by Ye Chen, also stood up with a slightly sarcasm: "If there is an accident in the ancestral land of the Ye family, it must be related to you."

"That is, an ant that soars up from a low-strength plane, although the strength is good, but after all, he doesn't know much, so it's better not to run around."

"Our most important task is the ancestors. We should find the bloodline spiritual pool as quickly as possible."

Seeing Ye Tanzhu speaking, several disciples who came from the same branch as Ye Tanzhu also stood up immediately.

Two of the three major forces of the Ye Family actually united at this time.

"enough!"

Ye Lingtian reprimanded in a deep voice, "What are you doing?"

"Hehe, Ye Lingtian, don't hold a chicken feather as the arrow. Although you are the chief, we all know that you and Ye Chen are in the same group. If you want to stand up and help him, just say that you are not qualified to use this Rebuke us!" Ye Sheng said coldly.

He was unconvinced that Ye Lingtian had become the chief, but now that he caught the 'opportunity', he would naturally vent his anger, even if it was only verbal.

After saying this, Ye Sheng stared at Ye Chen again and sneered: "Ye Chen, this time the ancestor worship is very important. I advise you to be careful. If it interferes with the ancestor worship or makes the ancestor worship fail, I will not forgive you first."

Hum!

There was a dull roar in the air, and the long spear cut a crack in the void, and the tip of the spear slammed straight to the center of Ye Sheng's eyebrows, murderous!

Ye Lingtian made it!

Although it was just a weapon condensed by the force of law, it was not Ye Family's Supreme Treasure Abyss Conviction Gun, but it was equally sharp.

The tip of the gun hadn't touched Ye Sheng, but the murderous intent it revealed had pierced through the skin of Ye Sheng's eyebrows, and a trace of scarlet slowly slipped from the eyebrows.

The surrounding air seemed to have lowered its temperature a few times, and everyone was stiff, looking at Ye Lingtian in horror.

No one thought that he was so overbearing that he would directly take out the spear with a disagreement.

How do they know that it is the master who insults the officials to death, and Ye Lingtian is Ye Chen's right-hand man!

If it wasn't for Ye Chen to send him a voice message in advance to keep him from getting angry, then relying on the words of these people's yin and yang that threatened Ye Chen, Ye Lingtian was carrying the Abyss Conviction Gun.

"You..." Ye Sheng opened his mouth, his face pale.

As a defeated man in the true sense, before Ye Lingtian made a move, Ye Sheng dared to say a few words, but when he put a spear on his brow, Ye Sheng's back vest was soaked with a brush, and the neck Cold sweat!

In the crowd, Ye Nishang's beautiful eyes opened slightly, and a dignified light flashed under his eyes. This Ye Lingtian, just shot too fast, she didn't even react.

"Ye Lingtian, what do you want to do?!"

On the side, Ye Tanzhu's face suddenly became gloomy when he saw this, and he asked in a cold voice, "A few words, do you want to kill someone?"

Ye Lingtian glanced at him, "If I want to kill him, at least half of the spear head has already penetrated his head."

These words obviously did not put Ye Sheng in his eyes at all. As one of the three most outstanding geniuses in the Ye Family, Ye Sheng's entire face was flushed, but he did not dare to move.

He could feel that Ye Lingtian had a ray of energy locked on his body. Once he moved, the spear in front of him would probably pierce his head.

At this moment, the atmosphere is solemn to the extreme.

But everyone did not notice, Ye Chen's eyes were extremely ecstatic!

This ecstasy did not come from Ye Lingtian's protector!

It's a change in the reincarnation cemetery!

Extremely violent change!

At a critical moment, Ye Nishang stood up.

"Well, everyone, we are here for the revival of the Ye Family, not here to fight inwardly, Brother Ling Tian, you should put your things away."

This woman had the attributes of a long-sleeved dance, and Ye Chen also secretly transmitted the voice, Ye Lingtian followed the words, squeezed his right hand hard and made a fist.

The light blue shiny weapon also slowly dissipated, as if it had never appeared before.

However, in order to prevent such things from happening again later, Ye Lingtian was released with murderous intent and said lightly: "I only say one thing, who dares to insult my friend again, kill without mercy!"

"Even if the Ye Family Patriarch is here!"

The cold murderous intent between the words made everyone subconsciously tighten their minds, and when they looked at Ye Lingtian, there was a little more jealousy in their eyes.

"Hehe...that's natural, and we must restrain it. As long as the ancestor worship is successful today, the entire Ye Family will open a new chapter from now on. Don't let everyone lose too much."

Ye Nishang slightly covered her red lips and chuckled lightly, her eyebrows full of smiles, trying to ease the somewhat rigid atmosphere.

"Brother Ye Chen, why don't you take a step back and act with everyone?" Ye Nishang said.

Ye Chen narrowed his eyes slightly, and secretly said a powerful cry.

The same thoughts as Ye Sheng and the others were concerned, worried that they had other calculations, but this woman had been enduring it and only then said it.

If he didn't say anything, he still proposed it as a persuader. If he objected, he might be self-defeating.

After all, he really had no other thoughts.

The reason why he wanted to look around first was because he guessed that people of non-Ye family blood could also perceive the location of the ancestral land.

Just like the reincarnation poison monument, he can perceive the appearance of the poison monument through the traction of the reincarnation cemetery, and Ji Lin, who has an innate poison body, can also perceive it.

There are always a few people in this world who can find the same thing in different ways.

Coupled with the fact that Ye Family is now full of holes, even if the ancestral land has not been breached for tens of thousands of years, it can't be prevented.

In desperation, Ye Chen could only nod his head and agreed with Ye Nishang's meaning.

But to be on the safe side, he still suggested: "It's okay to move together, but everyone is spread out a little bit. First, expand the search area and find the location of the bloodline spirit pool as soon as possible. ."

"Stop it!"

The unwilling Ye Tanzhu snorted in a low voice. Naturally, he couldn't escape other people's ears, but seeing that Ye Chen didn't respond to it, everyone thought it hadn't heard it.

The group of people spread back and forth nearly half a mile away, searching for the location of the spiritual pond in this small world in a fan.

Because there are many stone forests of varying heights in this small world and some rocky mountains, coupled with the suppression of strange laws, it is impossible to fly in the air, so if you want to find the bloodline spiritual pool, you can only Search slowly like this.

Fortunately, everyone's luck seemed to be good, and within a quarter of an hour, someone discovered the location of the spiritual pond.

It was exactly the same as described by the ancestors before the departure, the one-foot-square hexagonal pool, which was no more than half a foot deep, was made of mysterious stones. The whole is completely integrated, without the slightest gap, as if it was from the hands of the top sculptor, quite extraordinary.

The small pool was placed on a stone platform, and the outside of the pool wall was carved with a scene of chaos, auspicious clouds floated, and road marks appeared in the void.

The long years passed by, and a thick layer of ash accumulated on the barriers around the spirit pond, but the water in the pond was clear and bright, with rich spiritual energy and life essence exuding.

There is no doubt that such a pool of precious liquid, if taken outside, is definitely priceless.

Chapter 2907: Goodbye Hades!

That's right, this is it. "

Seeing the spiritual pond, the Ye family disciples present were extremely excited. Everyone quickly sat down around and began to use the exercise technique to condense their blood. No one even thought whether to take some of the precious liquid in this spiritual pond first. .

After all, this is a good thing that is of great benefit to cultivators.

Seeing these people so consciously, Ye Chen couldn't help but look at them. He didn't expect these Ye Family disciples to see that their previous styles seemed not very effective, but they didn't have any strange thoughts at this moment.

While everyone was still condensing this extremely special drop of blood, Ye Chen cast his gaze on the opposite side of the bloodline spirit pool, a short mountain that was only a few meters away.

If there is no error in my perception, the fluctuation that led me to Ye Family Ancestral Land came from there.

What the \*\*\*\* is it?

Could it be the reincarnation star stone of the Ye family's town clan?

There is nothing peculiar about that low mountain, and even looking at this whole small world, you can find many small hills similar to it. Ye Chen stared at it for a long time, until Ye Lingtian and the others got up one after another, dripping the condensed essence and blood into the spiritual pond.

"Om..."

As drop after drop of essence and blood entered the spirit pool, the liquid in the entire pool was rapidly turning red, dense patterns began to appear on the pool wall, and red silk threads continued to spread to the outside world.

When the red silk thread like a cobweb continued to spread and touched the low mountain, the whole small world shook slightly.

On the low mountain, the dust was shaking off, and the sand was flying, revealing a crystal with a strange light.

"That's..." Ye Nishang's beautiful eyes widened, and joy appeared on his face, "Reincarnation Star Stone!"

"Quickly, visit the ancestral stone immediately, open the ancestral sacrifice, and unlock the final seal!"

At this moment, no matter it was Ye Lingtian, Ye Sheng, Ye Tanzhu and others, there was a touch of enthusiasm and excitement in their eyes.

Everyone knows that they may make history and become the heroes passed down from generation to generation in the history of the Ye family!

The group quickly crossed the Lingchi, ran a few steps in the direction of the low mountain, and began the final sacrifice ceremony.

Ye Chen also followed, and the eyes were more solemn.

The breath of this reincarnation star stone was stronger than any reincarnation star stone he had ever seen!

Even the reincarnation star stone owned by Mo Xueming is incomparable!

Even inside it exudes a strong power of reincarnation!

This did not make Ye Chen solemn!

What made Ye Chen dignified was that he discovered that it was not this reincarnation star stone that could make the reincarnation cemetery change!

There are others!

Here, there must be something more important than this reincarnation star stone!

Ye Chen didn't hesitate anymore, just about to go to the place behind!

But soon, he stopped!

"what?"

Suddenly, Ye Chen perceives another breath from the direction of the extraterrestrial stone, which is very faint. If it is not for him to feel a little familiar, he might even ignore it.

"How come it seems to be... Mo Xueming's breath?"

This breath is too similar!

That strong blood!

It was the same feeling when he stepped into the Nether Palace!

Ye Chen's heart jumped, and a bad feeling rushed into his heart. Could it be that his previous worries have come true? Really, there are other powerful people who are not of the Ye family's blood have entered here?

He subconsciously walked around, wanting to walk around to the other side of the low mountain, because he sensed that the breath was coming from behind the low mountain.

Not long after, he saw the situation on the other side of the low mountain. Two men in black robes were at the foot of the low mountain, paying respect to the reincarnation star stone inside the mountain.

No, that's not going to worship anymore, but bowing down! !

Seeing that the two people's expressions were very serious, there was no blasphemous intention, and the attitude of worshipping was very pious, and Ye Chen was immediately puzzled.

How could this be?

These two people clearly had the breath of Mo Xueming in the Palace of the Underworld. How could they worship the 'Ancestral Stone' of the Ye Family so religiously?

"Senior Brother Ye Chen, what are you doing there?"

Ye Nishang's voice came from behind, not only for the other disciples of the Ye family to pay attention, but the two black-robed men who had just completed the 'visit to worship' also looked over coldly.

"Oh? These little guys finally found us."

Mo Lang grinned and said, the white teeth made people feel like a cold.

"Who is talking over there?" Ye Nishang and the others looked at each other in surprise.

"Someone else has also come to the ancestral land!" Ye Chen's eyes condensed, and he said, "You will soon complete the ancestral sacrifice and start the final inheritance assessment!"

"what!"

Hearing Ye Chen's words, everyone's complexion changed drastically, and Ye Lingtian took out the Abyss Conviction Spear with a clanging sound, and raised his foot to come towards Ye Chen, and the others were no exception.

Seeing Ye Lingtian's actions, Ye Chen quickly raised his hand to make a stop, and said coldly: "Don't all come here, the person with the highest cultivation level should quickly pass the inheritance assessment, and the rest will be responsible for buying time with me! "

"But, the lord..."

brush!

Before Ye Lingtian finished speaking, the entire low mountain suddenly developed a powerful attraction. Ye Lingtian, Ye Sheng, Ye Tanzhu and other Ye family disciples were all sucked in and disappeared from sight.

Seeing this, Ye Chen's face was shocked, and he immediately understood that this was the beginning of the Ye Family's final inheritance assessment.

All the disciples who had the blood of the Ye family were sucked into the different space of the magic circle left by the ancestor of the Ye family, and went to participate in the legendary rigorous inheritance ceremony, and there was no time for everyone to react.

All of a sudden, Ye Chen became a lonely man, and a wry smile appeared on his face...

People from the Palace of Underworld appeared in Ye Family's ancestral land. Even though they suspected that someone else might enter here before, Ye Chen still had a headache after seeing it.

Especially when the reincarnation star stone of the Ye family suddenly started the inheritance ceremony, sucking Ye Lingtian and others into the sealing circle, and it was even more helpless when he couldn't support him.

At this time, the two powerhouses from the Underworld no longer suppressed their own cultivation level fluctuations, the powerful pressure struck, and Ye Chen suddenly felt solemn.

"Are you Ye Chen?"

Mo Lang from the Hall of the Underworld stared at Ye Chen, with murderous intent floating in his eyes, and he said word by word: "Did you kill Qu Tan'er?"

"What are you talking about? Qu Tan'er is dead?"

Ye Chen was stunned. He didn't expect that the first thing the two asked about him was actually about Qu Tan'er.

Ye Chen still has some impressions of the woman who had a brief encounter before being expelled by herself, but...

She actually died.

"It seems that he still doesn't know the news of Qu Tan'er's death." Mo Handong who was next to Mo Lang said.

"I don't believe it has nothing to do with him, that mysterious woman might be from this son!" Mo Lang looked gloomy.

That was his forbidding but he died inexplicably. Even though Mo Handong had said things like "Pink Skull" many times on the way, he still couldn't let him dispel the hatred in his heart.

Ye Chen's eyes condensed slightly.

The mysterious woman killed Qu Tan'er? Who is this woman? Is it the woman who helped her countless times?

Or is it the disappeared Xia Ruoxue? Ji Siqing?

Ye Chen faintly felt something was wrong.

More importantly, Mo Xueming already had the reincarnation star stone, why didn't he even let the Ye family go?

What is he brewing?

Chapter 2908: Don't get blood

Ye Chen faintly sensed that Mo Xueming might not be as simple as he thought.

At that time, the other party was even capable of strangling oneself, but easily let go of oneself, the complexity contained in it was unimaginable.

It is by no means easy for a person to be frightened in the kingdom of God for so many years.

When Mo Lang saw Ye Chen speechless, his eyes condensed, and his icy voice sounded:

"The kid surnamed Ye, tell me clearly one by one the affairs between you and Qu Tan'er!"

Ye Chen stopped thinking about Qu Tan'er itself, and the mysterious woman killed Qu Tan'er for her own good.

He stepped forward and said lightly: "You guys are here for Qu Tan'er?"

"I just say one thing, I don't know Qu Tan'er!"

"How could you not know? When I sent her out from the Underworld, it was for you!"

"Oh?"

Ye Chen suddenly showed a sneer when he heard the words, "If you came to me, if you want to say that, she is dead, but it is normal. Mo Xueming sent her to approach me, wanting to use beauty tricks against me. Wrong calculation.

It's a pity, I didn't know where she came from at the time, otherwise I would kill her myself. "

"you wanna die!"

Mo Lang suddenly became angry and turned into an afterimage. Even if there are special rules here, they can't fly in the air, but their speed on the ground is not limited, just as fast!

In the blink of an eye, he appeared less than ten feet away in front of Ye Chen, flipped his hand to shoot, and a huge handprint appeared in the void, slamming it towards Ye Chen.

The pitch-black handprints linger in the black mist, appearing from the void in an instant, and even when the terrifying pressure just appeared, a huge trace of palmprints appeared on the ground.

Ye Chen's expression changed, and the opponent's strength was even stronger than he thought. He didn't dare to ask for it.

He waved his right hand, the light of his palm floated, and a long sword haunting \*\*\*\* runes appeared in his hand.

Sword!

It's a pity that the sword soul woman entered the evil sword and was in a deep sleep state.

Otherwise, his strength can be increased.

At the same time, the spiritual power in his body was surging, fully stimulating the evil sword in his hand, and his body was full of demonic energy, soaring to the sky, the seven blood lights shining, and the sky-breaking power surging! Between the sharp sharpness, the sword intent cried.

"Keng!"

Hearing a sharp trembling sound, where Ye Chen stood, all the rubble and dust in the four directions floated up, and the blood and blood gathered on the evil sword, and the next breath, a sword pierced out, facing the dark one. Palm print.

The ultimate meaning of Zhenwu seems to break this small world!

When the evil sword pierced out, Ye Chen's body suddenly showed eighteen sword auras, and along with the evil sword, he flew towards Mo Lang's palm print.

"broken!"

A dragon chant moved the Nine Nethers, and the Qianlong lingered and cut the sky!

The sword is soaring!

Boom! !

When the black big handprint collided with the sword light, a big collapse occurred, and the energy instantly exploded, spreading in all directions, forming a powerful shock wave, and the surrounding mountains and stone forests were silently turned into powder.

Where the star stone of reincarnation is located, that mountain has been cut alive.

shocking!

The rocks and soil on the surface were all shaken apart, revealing the complete body of the reincarnation star stone.

"Sure enough, there are some doorways, the ants in the slashing realm can actually block this blow from this seat!"

A ray of surprise flashed in Mo Lang's eyes, and his eyes scorchedly fell on Ye Chen.

Ye Chen's ability to withstand this blow greatly exceeded his and Mo Handong's expectations.

"Ahem..."

The smoke dissipated, Ye Chen coughed slightly, he looked at the two traces drawn in front of him, his heart was a little serious.

Celestial Realm! !

Underworld Palace has sent such a powerful expert, and he is too dear to himself.

Although he resisted Mo Lang's blow, it was actually uncomfortable. You can see it just by looking at the foot marks that forcibly slide backward.

"It's no wonder that the foster father named him by his surname so that we should pay attention to you. It is really special."

Mo Handong also came to the front, this person with his hands on his back, looking down at Ye Chen with a condescending attitude, with a look of arrogance: "I believe that people like you will not tell lies, since the death of Qu Tan'er is related to You have nothing to do, then I advise you to leave here.

We came this time only for this reincarnation star stone, not wanting to kill the innocent. "

Reincarnation Star Stone?

Ye Chen glanced at the Ye Family Reincarnation Star Stone that had been completely revealed, and after a closer look, he suddenly realized it.

It's no wonder that the people of the Hades will be here, because the Hades also has a reincarnation star stone. With their understanding of the reincarnation star stone, it is not a problem to capture the special fluctuations of the reincarnation star stone and enter it through the black mist.

just.....

How did Mo Xueming know that the treasure of the town clan of the Ye family was the reincarnation star stone? There is no such rumors outside.

"If I don't leave, I want to leave, but my friend is still here to accept the inheritance ceremony. If I leave, wouldn't I be selling friends for glory?"

Regarding what Mo Handong revealed, Ye Chen spread his hands and said that there was no way.

"There is a way to heaven, you don't go, and there is no way to hell, you just want to come!" Mo Lang said coldly.

Mo Handong's expression is also a bit cold: "Ye Chen, today we are here for the Star Stone, and it is not advisable to get blood on our hands. Let me give you another chance and get out of here!"

Should not be bloody? Don't want to kill the innocent?

Ye Chen smiled coldly.

He had already guessed the reason why the two men didn't kill him. When he ventured to the Hall of the Underworld last time, he was blocked by Mo Xueming when he left. At that time, Mo Xueming let him go weirdly!

Although he didn't know the reason, Ye Chen was certain that these two people must have been specially explained by Mo Xueming and could not kill himself.

Otherwise, with the temperament of these people in the Underworld Hall, they would have used a killer move long ago!

That's good, anyway, I'm at a disadvantage now, and I have to buy time for Ye Lingtian and the others to pass the inheritance ceremony. These two people didn't dare to really kill themselves, and they would let him deal with it calmly.

The genius doctor Cangu rescued Mo Xueming, but after that, because of this man's self-proclaimed medical skills, he no longer held the pot to help the world.

The last time Mo Xueming's true body came, and he sealed Ye Chen with his hands up, leaving him completely unable to resist, even unable to commit suicide. It shows how strong this person is powerful.

But it was just such an executioner who had slaughtered countless creatures in the kingdom of God and was called a butcher, but after knowing that Ye Chen had broken into the realm of the Nether Palace, he still did not attack him, but instead reminded him that he should not go to the Nether Palace.

Fortunately, he escaped a catastrophe. Before he had enough strength, Ye Chen would naturally not have the idea of attacking the Palace of Underworld.

But the problem is that he deliberately let go of his Mo Xueming, and afterwards sent Qu Tan'er to hide his identity to approach Ye Chen. If it weren't for the masters who met Mo Lang and Mo Handong today, Ye Chen wouldn't even know that Qu Tan'er was a member of the Underworld, and had already died.

Then there are many problems.

Why should Mo Xueming send Qu Tan'er to approach him with such a murderous existence? If this person wants to get what he has, there is no need to do so.

Chapter 2909: Shake the heavens?

Obviously Qu Tan'er's task was to get close to Ye Chen and gain enough trust. In a sense, he had no intention of killing Ye Chen.

What exactly does Mo Xueming want to get from him?

Besides, how did Qu Tan'er die? Who laid hands on her?

Ye Chen felt as if there was a big net shrouding him invisibly, but he couldn't even figure out the thoughts of the master behind the scenes, and his eyes were blackened.

He took a deep breath. In any case, it is not the time to consider these issues. The top priority is to consider how to hold the two people in front of him.

"I'm very curious, what method did Mo Xueming send you to seize the reincarnation star stone of the Ye Family? Ye family members try once every 10,000 years in this land of rising leaves, but they can't solve it. Opening the seal left by its ancestors, how can you \*\*\*\* it away?"

Ye Chen glanced at the 'Reincarnation Star Stone' that exuded lustrous luster, and asked Mo Lang and the two of them: "Could it be possible that Mo Xueming can figure out that this time the Ye Family's ancestor worship will be successful?"

"This doesn't need you to worry about it." Mo Handong said with a cold voice, "Finally, I will give you a chance to leave here, or... die!"

The strong man in the heavenly \*\*\*\* realm will follow the law as soon as he speaks, and the dead word will appear, and the whole small world is rumbling.

Sen Han's murderous intent spread. With Mo Handong as the center, countless rubbles nearby were quietly shaken by this murderous intent.

"I bet you dare not kill me."

Ye Chen smiled, his thoughts moved, and the next second, it was to use the extremely martial arts flash!

The blood of the evil sword is full of intensity! A sword is cut out, the sword light flashes, the meaning of true martial arts and the \*\*\*\* of destruction are condensed on it!

This sword has reached the extreme of Ye Chen!

For the strong of the gods, he must do his best!

However, with a loud bang, Ye Chen's body flew upside down in an instant, fiercely pretending to shatter a huge rock behind him.

But Mo Handong and Mo Lang in the distance did not suffer any damage!

Is this the difference between the Heavenly God Realm and the Slashing Evil Realm?

Ye Chen thought that stepping into the eighth level of the Slashing Evil Realm could at least contend against the early days of the Heavenly God Realm!

Now it seems that the gap between the Heavenly God Realm and the Chaos Realm is like a great moat!

really! The more you get to the back, the harder it is to leapfrog!

He must find a way to break through chaos as soon as possible!

"Are you sure you are not rolling now?" Mo Lang's indifferent voice sounded in Ye Chen's ear.

Ye Chen's eyes condensed, and his killing intent surged: "The body of the sky demon, open!"

"Red Chen Divine Veins, open!"

At this moment, the Arrow God Ling Tian in the Reincarnation Cemetery suddenly said: "Boy, don't use a sword, if you use a gun, I can help you!"

Ye Chen was startled, and the evil sword retracted in the next second!

A spear full of faint light appeared!

Zhutian God Demon Spear!

Ye Chengang wanted to ask Ling Tian Jianshen how to help himself! However, a faint light was found around the Zhutian God Demon Spear!

At this moment, Zhutian God Demon Spear was somewhat similar to Lingtian Arrow God's spear!

"I gathered on your spear with a trace of spiritual power, at least giving you the capital to fight them!"

next moment!

The waves of Dao Marks spread out, and Mo Handong and Mo Lang couldn't help but look at each other, their eyes were a little surprised.

The little ants in this region of Zhan'er Realm unexpectedly sacrificed a weapon that made them lose their minds for a moment.

There are not many such weapons, even if they are in the hands of the major forces in the kingdom of God.

"I have to say, you really surprised us. But you probably think too much. The foster father did not let me kill you, but he didn't say that he could not do it to you!"

As soon as the voice fell, Mo Handong raised his hand to form a world of Fa Xiangdi with a distance of more than ten feet, and a big hand grabbed Ye Chen directly.

A blow from a strong person in the Heavenly God Realm, once it fell, was enough to turn most of this small world into ashes. Even if Mo Handong deliberately controlled the power, this simple one could still turn the land within several tens of meters around Ye Chen into scorched earth.

Such an attack method obviously despised Ye Chen extremely, and the other party didn't think Ye Chen was qualified to resist.

It's like an adult facing a three-year-old child, raising his hand and grabbing it directly, not thinking you can escape.

"Hey!"

Ye Chen waved his spear, and the seven-fold blood burst suddenly!

The opponent turned the cage with the palm of his hand, and he had to break the 'sky' with absolute sharpness!

The God's Demon Spear shook lightly, and as far as the tasseled front came, the void did not break open. Nine-color illusion appeared in the cracks, and the marks were washed away like water waves. With a full blow, this shot The power of, is by no means weaker than a strong one in the heavens of the gods!

Boom!

The gunshot collided with the palm, and the whole small world shook!

A deafening loud noise came out, the void in the center collapsed, and the terrifying divine glory burned and melted the nearby space!

When the force exploded, the surrounding stone forests, sand and rubble were hit the most violently in an instant, and disappeared suddenly, as if they had never existed.

Even the nearby mountains are rapidly melting and vaporizing. Except for the reincarnation star stone, everything no longer exists.

"puff!"

Ye Chen staggered backwards, opened his mouth and spit out a mouthful of blushing blood, his face became a little more moist.

He slammed his body on the ground with the God Slayer's Spear. Although this blow was resolved by him, and he was not seriously injured, the spiritual power in his body was consumed a lot.

After all, the gap is too big, and it's more than a big realm.

If the opponent hits randomly, he has to go all out, and he can resist it once or twice, but this will not solve the problem.

Of course, Ye Chen's shot was not without results.

Mo Handong, who was opposite, was now frowning and looking at his palm.

The tingling sensation kept coming, and a cross-shaped wound in the palm of his palm was bleeding, and there were still traces of the law made by Ye Chen on the hideous wound, which eroded the flesh and blood and prevented the wound from recovering.

A small opening is naturally nothing to a powerhouse like Mo Handong.

He just squeezed it lightly and ran the technique for a while, then the murderous and residual laws in the wound were resolved, the wound healed at a speed visible to the naked eye, and it returned to normal in an instant.

But in Mo Handong's view, such a wound is already a shame to him.

In the Heavenly God Realm, an ant that suppressed the eighth layer of the sky was actually wounded, even if it was just a small wound, it would not be acceptable. Mo Handong's eyes narrowed slightly, Sen Han's murderous intention locked on Ye Chen's body in an instant, he said coldly: "You are very good, with a full blow, you can actually burst out power beyond the peak of chaos."

Throughout the ages, few people have been able to do this.

but.....

Not enough cultivation is not enough.

The gap between you and me is like heaven and earth. To me, you are at best a sad one with sharper tongs among the ants.

Your pliers hurt me, and I will give it back to you with ten times a hundred times the strength.

After all, dung is dung, so ants dare to regret the sky?

Courage is nothing but the sad self-comfort of the weak. Now, prepare to meet my anger! "

Chapter 2910: Destroy Shinto, open!

I want to kill you, as easy as crushing a chicken! "

Mo Handong's voice was cold, and the murderous intent caused a layer of frost on the ground that had been razed to the ground.

He shot again, without any fancy movements, just pointed towards Ye Chen, and in an instant, a piece of golden light flew out from the fingertips, and after disappearing suddenly, it instantly appeared in front of Ye Chen.

Ye Chen's killing intent surged, and just about to make a move, Ling Tian Jian Shen's voice sounded in his ear again!

"It's impossible to hit the opponent hard with your current strength!"

"I teach you a magic trick, this magic trick is to hide from the sky! Kill everything!"

Ye Chen's eyes constricted: "Thank you senior!"

Next second!

Mo Handong's brilliance burst out between his fingers, and endless killing intent bloomed at one point, and the vacuum was suddenly shattered, even if Ye Chen had reacted extremely fast, he had moved a hundred feet away in the shortest time and was still affected.

The blood on his body stained the ground under his feet.

If he hadn't had an extremely powerful physical body and amazing resilience, I am afraid that he would be able to kill his half-life in just one shot.

Spiritual power is transpired, and the injured body is quickly reborn and recovered.

Ye Chen's expression is also quite solemn. The two powerful men in the dark hall in front of him are obviously different from the people he encountered in the dark hall before. This is definitely the strongest in the dark hall except Mo Xueming. One of the big ones.

The seemingly simple finger, actually has the power of lore.

"The body shape is good, but, locked by this seat gas machine, how many times do you think you can avoid in this small world?" Mo Handong looked cold and sneered.

Even if it is impossible to fly in Yejiazu's land, for a strong man like him, there is no real restriction.

Stepping out, he suddenly appeared beside Ye Chen, raised his hand and pinched Ye Chen's neck.

boom!

However, unexpectedly, the body of 'Ye Chen' suddenly broke out, and a terrifying brilliance burst into the sky, and countless laws and orders burst out in the void, forming the most lethal attack!

Rao is Mo Han Dong's strong cultivation base, and still suffered a lot of injuries. The whole person snorted. The black robe on his body was completely broken into pieces, revealing the black strong clothes inside, and dozens of \*\*\*\* scars appeared on his body. .

Obviously, what Mo Handong held was only Ye Chen's illusion, not his real body.

Ye Chen used him as a bait, and boldly calculated Mo Handong!

This strong man in the Heavenly God Realm suddenly turned his head and looked in a certain direction, where Ye Chen was standing with a pale face!

Like a proud bone standing upright in the world, even looking at him with a faint smile on his mouth.

"It's a pity, I took the risk like this, and I couldn't hurt you."

This is half a mockery, and half a real pity.

After all, he was a strong man in the Heavenly God Realm. Even if he used some secret methods, it was almost the same way, but it only caused Mo Handong to suffer some injuries and failed to kill him.

Ye Chen sighed faintly in his heart, this was just a few tricks, but the strength in his body was almost exhausted.

Fighting against the God Realm is really something that humans do.

"Mo Handong, are you playing cat and mouse, or are you really becoming a waste? You were injured by such an ant twice and passed it back, and the people in the hall of the underworld are afraid they will treat you. 'Admirably'."

Mo Lang's voice sounded not far away. He was also surprised at Ye Chen's combat effectiveness, but he didn't think that this would make any waves.

So he is in a good mood now. Although the relationship between the two is good, it does not prevent him from teasing his companion at this time.

"Open a mouthful of ants, shut up a mouthful of ants, do the people in the Hall of the Underworld have the Chaos Realm cultivation at birth?" Ye Chen sneered.

Mo Lang glanced at him with a scornful expression: "Ye Chen, what do you think you are? Do the weak also want to be respected?"

"Hahaha..."

Ye Chen's icy killing intent surged, and Ling Xiao's martial intent rose to the sky!

"Indeed, I am not a strong person, but it is not that easy for you to kill me. I also want to see how much work it takes for you 'big tree' to kill my worm?"

But don't let me shake the treetops in the end, it will lose face. "

"The worm shook the tree, so what happened? The spiritual power in the body is exhausted. What is the difference between you and the lamb to be slaughtered?" Mo Lang narrowed his eyes and said lightly.

After finishing speaking, his brows flickered, and a small stove flew out, and then enlarged, and in a flash, it became a giant.

The off-white stove is called Tian Jue Ming Stove, which is an ancient artifact beyond the absolute weapon.

It can be seen how profound the foundation of the Underworld!

However, the power of this ancient artifact in Mo Lang's hands is not the same as that of Zhutian God's Demon Spear.

From the moment it appeared, this ancient artifact flew to the top of Ye Chen's head, and then, the endless pressure and laws instantly imprisoned the space below the furnace, making Ye Chen's entire body restricted and difficult to move.

This is to suppress him in the most direct way!

"Now, can you still struggle?"

Mo Lang let out a sneer, raised his hand and gently pressed it down, the coercion increased several times, Ye Chen's knees heard intertwined sounds, not moving!

If it hadn't been for the support of the gods and demons, he would almost have failed.

puff!

I stopped, but the internal organs received the most direct impact, and the corners of Ye Chen's mouth kept overflowing with blood.

Seeing this, Mo Lang and Mo Handong laughed together, their eyes joking, especially Mo Handong, who seemed to be taking revenge, flipped his hand and took it out of the air! However, something strange happened!

A golden light covered Ye Chen!

The power of that palm was completely dissipated!

But in the eyes of the two of them, this is just a secret method, nothing!

The ending is under their control, isn't it?

"Haha The ants are ants after all, so they dare to challenge me!"

"What about the inferior talent in the Evil Slayer? Before it grows up, it is still a waste."

"Don't worry, I won't kill you anytime soon, aren't you a genius? Want to shake a tree? Okay, you can shake my heavenly fire first!"

After Mo Lang finished speaking, the coercion released by the divine furnace became a lot stronger. Only after hearing a click, Ye Chen felt that his bones were cracked.

His teeth were clenched, the veins on his forehead were exposed, seeing that he had reached the limit.

But that's it, Ye Chen still raised his head firmly, looking at Mo Lang and Mo Handong, while spitting blood, he said: "It's not easy to shake your broken furnace. I can really do it. Here!"

"Ling Xiao Wuyi! Tushen breaks the sky! Destroy the divine way, open!"
