

Urban 2911

Chapter 2911: Ling Tian's might!

Ye Chen gave a long roar, and the blood in his whole body was burning like a fire, his spiritual energy was transpiring, and a strong sense of destruction filled the entire small world! His strength was constantly climbing, and seeing that he was about to be unable to support it, he actually stood up slowly, and slowly propped up the Zhutian God Demon Spear with both hands.

"This is... Destroying Shinto?"

"How can the Slashing Evil Realm master the **** of destruction!"

"No, it's not only the destruction of Shinto, this power is weird!"

However, as soon as the voice fell, Mo Lang and Mo Handong's expressions froze suddenly, and their eyes instantly fixed on the bead that emerged from the center of Ye Chen's eyebrows.

Blood Seal God Pearl! !

The ancient things that contain endless life, represent the treasure of the law of life!

Although Mo Lang and Mo Handong could not recognize it, they could perceive its extraordinariness from the fluctuations and Dao Mark Law released from this ancient pearl.

Ye Chen's blood qi, which had been drying up because of the use of the Burning Blood Technique, was immediately replenished after this treasure was urged. In an instant, a steady flow of blood qi poured into Ye Chen's body under the urging of the law of life. Then he was transformed into a powerful force by such a taboo technique as the Burning Blood Jue.

even! Destruction of Shinto and endless life begin to blend! Fusion!

Layer upon layer, continuous flow.

Finally, with Ye Chen's roar, the Zhutian God Demon Spear swallowed the brightest edge, the sonorous sound shook the world, and even passed through the surrounding barriers, causing the black mist outside to roll up.

clang!

The sound of the metal trembling sounded, and the Tian Jue Ming stove trembled, and the entire stove flew high.

This is not just shaking, but completely flying!

"puff!"

Shenlu and Mo Lang's minds understood, Ye Chen's blow not only flew the Shenlu, but also caused Mo Lang's mind to suffer a heavy blow. His face turned pale, and he opened his mouth and vomited a mouthful of blushing blood.

shocking!

Ye Chen's icy eyes stared at the two people not far away, and said lightly: "It's just that the worm can shake the tree."

"You successfully angered me!"

Mo Lang suddenly raised his head, staring at Ye Chen incomparably cold eyes. Before his words fell, his figure flashed in front of Ye Chen!

An extremely cold sword appeared in his hand!

He used all his strength!

As for Mo Xueming's explanation, he was left behind!

He wants Ye Chen to die!

In the next second, a violent force came, and Ye Chen didn't care about his injuries! The blood is surging, and the body of the sky demon is released! Endless demon power gathering!

The meaning of true martial arts, surging out, above the spear, the blood is generous, the billowing sword light, like the falling of the stars, heading toward the other side!

In the spear light, there is an aura of destruction!

Even accompanied by a shocking roar!

In an instant, Ye Chen's gun collided with Mo Lang's sword!

The next moment, Mo Lang took ten steps back!

But Ye Chen hit the ground abruptly!

A huge pit is revealed!

...

"Oh, this person has a murderous heart. He really wants to kill Ye Chen now." In the reincarnation cemetery, Canggu genius doctor looked at Ye Chen's injury, anxious like an ant on a hot pot.

"I can't directly manipulate his body right now. His state can't bear the backlash of the martial arts that I used to display. I blessed my strength on his spear, also considering the restriction of this small world! Damn! "

Ling Tianjian frowned, and he was willing to help, but he did not dare to move.

"Ye Chen, hurry up, seal the God Orb with blood, quickly restore blood energy, at least to recover from the injury, otherwise Senior Ling Tian will not be able to take action." Cang Gu screamed hurriedly.

At this time, Ye Chen's spirit was a little confused.

Mo Lang with the cultivation base of the Heavenly God Realm, a full blow was not something he could resist!

Mo Lang can be cultivated by Mo Xueming! Natural talent is extremely evil!

Together with the cultivation base, it means terror!

Now, Ye Chen's injury is too serious!

However, Cangu's call from the genius doctor still had some effect after all.

With his last breath, Ye Chen exhausted his whole body's energy to spur the blood seal of the gods, and at the same time, Mo Lang's attack came again.

boom!

A cyclone-like Dao pattern exploded, and the shock wave swept away in all directions. In the vague, red light flickered.

Smoke and dust filled all directions, blocking all sight, and even divine consciousness was cut off.

Mo Lang and Mo Handong looked at each other, "Are they dead?"

"You have to pray that his life will be harder. The foster father has confessed that he cannot die for the time being." Mo Handong frowned slightly.

Mo Lang's move was too fast just now. He didn't have time to stop him. If he really violated his foster father's explanation, Mo Handong's heart would be a little frustrated when he thought of the signs of the previous cars in the Palace of Heaven.

As the smoke dissipated, when the two of them saw the situation clearly, their expressions changed.

I saw Ye Chen standing there undamaged, although the clothes on his body looked tattered, but the horror aura of that suit was completely different from before, and it was like two people!

In the end, it was an ancient thing. At a critical time, the Blood Sealing Pearl completed the recovery of Ye Chen's injury and also gave Lingtian Arrow God the opportunity to possess him.

Although Mo Lang was strong, he was nothing in front of Lingtian Arrow God.

"What's the matter? How do I feel that he seems to have changed himself?" Mo Lang frowned.

"The breath is completely different, and even makes me feel a little palpitating." Mo Handong also said.

On the opposite side, Ye Chen's eyes slowly opened, and in his eyes, as deep as two black holes, a scene of disillusionment of stars appeared in the faint.

"The two ants use repair as a pressure to suppress others, which makes me very unhappy! Why not try again? See if I can shake you!"

A slightly hoarse voice came, and when Ye Chen spoke, a spirit of war in the sky suddenly emerged from all over his body.

"Pretend to be a fool!"

Mo Lang snorted coldly, reapplying his skill, and once again broke through in front of Ye Chen, with a scary Dao pattern in his hands.

However, surprised him that this time, Ye Chen was not shattered as he imagined, but took the blow easily, even unscathed!

"You..." Mo Lang's face changed slightly, just about to say something, Ye Chen said: "Although my weapons are bows and guns, you are not worthy of my use!"

The words fell, an extreme fighting intent, and the instantaneous explosion of the meaning of true martial arts beyond the kingdom of God, completely crushed Mo Lang's strength.

puff!

A fist close at hand blasted against Mo Lang's body. He had no chance to evade at all. His entire body exploded on the spot, turning into a **** mist!

The divine mind was directly shattered, and the divine soul was destroyed without even having time to hum!

Even Ye Chen was shocked!

He never expected that Lingtian Arrow God's strength was so terrifying!

Chapter 2912: Deep danger

But then I thought about it, how could Lingtian Arrow God's strength not be strong when he killed countless Heavenly Demons outside the Territory back then!

"Mo Lang!"

Mo Handong's eyes widened and his face was full of horror. He never expected that Ye Chen would suddenly change into a person at this juncture, directly blasting Mo Lang who was in the Heavenly God Realm!

Right now, without saying anything, he turned and flew away from the barrier, not daring to think much.

If the opponent can kill Mo Lang so easily, then Mo Handong is definitely not an opponent.

"Want to go? Locked by my Qi machine, do you think you can go?"

When the voice behind him came, Mo Handong couldn't help feeling a sense of familiarity, how similar it was when he had Xi Luo Yechen before.

But of course, he still has to go!

Even if the mission fails!

Even if the obligation is heavy!

He has cultivated for so many years, but he doesn't want to give up all his achievements!

Fortunately, Mo Handong practiced the secret method and instantly came to the enchantment place!

At such a distance, it should be impossible for Ye Chen to catch up with him!

However, Mo Handong did not notice that at the other end, a huge bow appeared in the hands of a young man!

With the huge bow pulled away, the youth's eyes were filled with indifferent!

At this moment, he seemed to be completely integrated into the giant bow!

With the bowstring pulled apart, a spear phantom was formed instantly!

There are extremely ancient runes flowing on it!

"Ling Tian's arrow, the string moves, God falls! Open!"

In an instant, the whole secret realm resounded this word!

Bowstring release!

A stream of light seemed to break open the world!

At the end, Mo Handong was stiff! At this moment, he felt locked in by death!

A ray of red light flew from behind Mo Handong!

Mo Handong is worthy of being a strong man in the Heavenly God Realm, and he instantly sacrificed a jade medallion from the Palace of Underworld!

The jade brand light flashed, and a huge rune shield appeared behind him!

"bump!"

A loud noise!

The rune shield, the guardian of the Hades, shattered on the spot!

then! Puff, the light shuttles! An arrow cut his body into two pieces, and at the next breath, Ye Chen's figure came to him in a few flashes with a bunch of afterimages.

Mo Handong's face was pale, and his pupils were full of panic.

How could this be!

Obviously, he was only a cultivator of the eighth-tier sky of Slashing Evil Realm, how could he suddenly possess such a powerful strength?

He felt that he was not facing a young man, but an arrow **** who ignored everything!

"You...who are you!"

Ye Chen glanced at Mo Handong indifferently, and shook his head: "boring."

After sighing lightly, Ling Tian Jianshen no longer wasted time. He pointed at the center of Mo Handong's forehead, and a blood hole burst out from the thickness of his thumb. It pierced directly from the center of the eyebrow to the ground behind him, with Mo Handong's spirit and soul. Was shattered at this moment.

As one of the most outstanding disciples of the Underworld, when Mo Handong came out to perform the task this time, he never thought that he would die.

More importantly, he never thought that he would die in Ye Chen's hands.

Slashing the eighth-level sky of the Evil Realm, why can he threaten him?

The adoptive father even specially asked to pay more attention to this person, and he could do it, but he could not kill it.

What is the secret in this man?

This kind of thinking, even before Mo Lang was killed, Mo Handong thought so.

But at the moment when Lingtian Arrow God finally tapped him to death with a finger, Mo Handong found that he seemed to understand. The reason why Mo Xueming specifically admonished it was probably because of the problem that this person is like two people before and after, right?

Does the foster father know that this person has some special hole cards, knowing that we can't play, that's why?

It's a pity that this kind of thought only passed by in a flash, and then dissipated with the shattered mind and soul. When he died, Mo Handong didn't know whether he guessed right or wrong.

Before he died, the last thing that appeared in Mo Handong's mind was actually worms, big trees, ants... These words, ironically, in the end, he was only easily 'pressed' to death with a finger. That's ants.

...

Lingtian Arrow God left Ye Chen's body and returned to the reincarnation cemetery.

"Ye Chen, I need some time to recover, these few days, try not to find me again."

"Also, your body is very weak now."

In the next moment, Ye Chen found that Lingtian Arrow God had returned to the tombstone.

But as soon as he took back control of his body, a heavy feeling of exhaustion hit his heart, and Ye Chen staggered and almost fell to the ground.

He opened his eyes with difficulty, looked at Mo Handong who was staring in front of him, and said angrily: "Die...died under the hands of Lingtian Jianshen, you...no...lost."

Ye Chen slumped down on the ground, holding on to his body, trying his best to adjust the breath in the body.

After this battle, Ye Chen's body was already empty. All of his power was consumed, and nothing was left. The downfall was that he had the Blood Sealing Orb, which could replenish his vitality in time. Otherwise, he doesn't have two or three. Heaven's work, absolutely can not wake up.

While conditioning his body, Ye Chen couldn't help but look at the Reincarnation Star Stone, and said in his heart: "I don't know how the inheritance assessment is going."

The people from the Hall of Underworld came here to take the Reincarnation Star Stone, which shows that there are probably other ways to take this stone, not just the Ye Family's ability.

I hope Ye Lingtian and the others will be able to hurry up, and if they continue to drag on, no one can guarantee that they will have more nights and dreams.

"brush!"

At this moment, on the side of the Reincarnation Star Stone, a ray of light appeared in the void, and a dozen figures fell out. It was Ye Lingtian and Ye Sheng.

"What's the matter? It failed?"

"I'm still in the process of assessment, is this over?"

Ye Sheng, Ye Tanzhu and the others looked at each other. Ye Nishang and the other Ye family disciples were all hesitant, but they soon discovered that the number of people here was not enough, and there were more than a dozen Ye family disciples yet to appear.

Only Ye Lingtian was holding a spear in his hand and staring straight at the reincarnation star stone. Although his face was pale, he was still gasping for breath, but there was a hint of excitement in his eyes.

There are even some injuries on his body, and it can be seen that he has just gone through a difficult battle at least.

"Brother Lingtian?" Ye Nishang yelled softly but did not get Ye Lingtian's response.

"Gosh, what happened here?"

At this time, the other Ye Family disciples finally discovered the surrounding situation, and they completely changed their appearance before they entered the inheritance assessment! !

The stone forest was gone, the mountains were flattened, the surrounding area was barren, and the air was still filled with a faint smell of blood.

Everyone looked around and immediately found two corpses on the ground, as well as Ye Chen sitting on the ground, conditioning his breath.

"Young Master Ye!" Seeing Ye Chen's bloodstained appearance, Ye Nishang exclaimed.

She subconsciously wanted to come over and take a look, but someone was faster than her, a black shadow rushed out, came to Ye Chen in the blink of an eye, and kneeled down, her expression was quite nervous, "Hall, are you okay? "

Chapter 2913: Failed?

It's fine for now. Ye Chen said softly.

Caring is chaotic. Ye Lingtian's words immediately stopped Ye Nishang's footsteps, and a strange color flashed in her beautiful eyes, the lord?

This is called...

The other disciples of the Ye Family also all showed suspicion, especially Ye Tanzhu and Ye Sheng, the two were even more skeptical.

"Hall Master, haha, it seems that our chief has hidden a lot of things." Ye Sheng sneered softly.

"When Ye Lingtian faced a few ancestors, he didn't see much respect, but he gave Ye Chen a courtesy to his servants. If there is nothing tricky, who would believe it?"

Ye Tanzhu also said something strangely.

Ye Sheng went on to say: "It seems that our ancestor worship failed this time. As the chief, the inheritance assessment failed and did not care about the survival of the family, but first cared about an insignificant person, ha ha..."

"Om!"

As if feeling in the dark, Ye Sheng had just finished speaking, and there was a cold voice in the void around him!

Along with these sounds, dense array patterns began to appear in the void around the reincarnation star stone. The bright patterns are complex and mysterious. These patterns were originally designed to protect and seal the reincarnation star stone, but at this moment, the patterns are slowly disappearing.

"this is....."

All the disciples were stunned, their eyes widened, and they looked at the dense array patterns in disbelief, watching them shrinking...disappearing from all directions.

"Could it be that...someone passed the inheritance ceremony!" Ye Sheng and Ye Tanzhu looked at each other, and both saw shock in each other's eyes.

As the last pattern dissipated, the entire reincarnation star stone suddenly spread out a powerful wave, just like the sudden release of emotions that people have suppressed for countless years. The terrifying energy forms a shock wave, instantly destroying all People were overturned to the ground.

For the Ye family, it couldn't be clearer what it meant for the seal formation to dissipate automatically.

In the endless years, every 10,000 years, the Ye family will send dozens of elite disciples to this ancestral land to try to pass the inheritance ceremony and get the ancestor's approval to reuse the reincarnation star stone.

But every time it fails.

Repeated failures made the family almost lose confidence from top to bottom.

Just like Ye Sheng, Ye Tanzhu and others suddenly stopped from the assessment process. When they appeared in this small world, their first reaction was that the assessment failed, not someone succeeded.

And now, when this dream-like scene appeared in front of them, everyone was stunned, and they couldn't react for a long time.

Until Ye Lingtian was suddenly sucked in by the reincarnation star stone, the law visible to the naked eye lingered on Ye Lingtian's body, and there were countless traces shuttled through his body.

Upon seeing this, Ye Tanzhu and others changed their colors. This is the gift of the "Reincarnation Star Stone" to the successor who passed the inheritance ceremony!

If nothing else, once the baptism of this avenue is completed, Ye Lingtian can at least climb two more steps!

At the same time, the Blood Sealed God Orb that was originally stored on Ye Chen also flew out automatically and rushed to Ye Lingtian's side with a swish.

Like a cheerful little child, flying up and down around Ye Lingtian, circling back and forth, the laws of life appear one after another, making Ye Lingtian's blood vigorous like a heavenly furnace!

Family treasure, recognize the master!

This means that the person who successfully passed the inheritance ceremony is not someone else, but Ye Lingtian!

Seeing this scene, Ye Sheng suddenly thought of what he had just said.

Inheritance failed?

indifferent?

All this in front of him was like a loud slap, which made him dizzy and didn't know how to describe his mood at the moment.

happy? Should I be sad?

Ye Tanzhu's mood is also very complicated. As a disciple of the Ye family, he hopes that the Ye family's ancestral sacrifice will be successful this time, but what he doesn't want to see is Ye Lingtian's recognition.

Even if he changed to Ye Sheng or Ye Nishang, two years of competitors, he was willing.

As the final gifting ceremony progressed, some of the Ye family disciples smiled with joy and clenched their fists hard, filled with excitement. The ancestral sacrifice was successful, and Ye Jiadang began to rise from their generation.

They will become the most brilliant and brilliant generation of the Ye family in thousands of years.

Even though they are still just witnesses, they firmly believe that there will be opportunities for meritorious service in the future.

On the way to rise, there will never be a lack of battle.

Others are similar to Ye Tanzhu and Ye Sheng, with mixed feelings.

"Two, are you going to watch it like this?"

Suddenly, a faint voice rang in the minds of Ye Sheng and Ye Tanzhu, and the two subconsciously looked at each other, with a lot of consternation in their eyes.

"He has a very high level of cultivation, and now he has been recognized by the Supreme Treasure, and he has also received a gift from the sky stone. Once the ceremony is over, the state is restored to its peak, and it is too late to regret it."

The man spoke to the two again, and the words contained murderous aura, "The ancestor has already succeeded, and it doesn't matter whether the chief exists or not. After all, the reincarnation star stone does not need the chief to take it away.

Think about it, how many of our families have sacrificed for this day over the years? How much did it cost? Is it so that outsiders pick peaches? "

The successive sound transmissions made Ye Sheng and Ye Tanzhu's look slightly hideous and gloomy.

Nothing else matters, but the last sentence really hit the two of them.

As the three main forces of the Ye Family, whether it is Ye Sheng or the branch behind Ye Tanzhu, over the years, for the revival of the Ye Family, countless resources and sacrifices have been paid.

In the end, the greatest benefit would fall into the hands of an 'outsider', even if he still had Ye Family's blood, even if he was a person who passed this inheritance ceremony, that wouldn't work!

Now that the inheritance ceremony has been passed and the seal of Ye Jiazhen's treasure is lifted, his mission for such an 'outsider' is almost over. However, there is still a problem now...

As the sound transmission person said, Ye Lingtian's strength and bloodlines are extremely strong, after doing it, can he win smoothly?

In addition, this sound transmission person may also have other thoughts, otherwise, why should he instigate in such a secret instead of standing up and leading himself?

Facing the two people's concerns, the voice transmission person chuckled and said: "It is precisely because Ye Lingtian is very strong that we scored soldiers. We can't stand up against them all at once. By surprise, you should always understand, right? "

"Then why didn't we come to be the unexpected person?" Ye Tanzhu said solemnly.

"With the relationship between the two and Ye Lingtian, after the incident broke out, would he not prevent you?" said the person secretly.

Ye Tanzhu and Ye Sheng were silent.

Chapter 2914: Who dare!

Seeing that the two of them hadn't responded for a long time, the person secretly reminded: "Will it be delayed? After the ceremony of accepting the gift is over, he will be stronger and more difficult to solve."

When Ye Tanzhu and Ye Sheng heard the words, they looked at each other and nodded secretly.

Immediately, Ye Tanzhu took the lead to stand up, "Everyone, we can't let him get the chief gift alone!"

The other dozen disciples who were present looked at Ye Tanzhu one after another, some were astonished, and some were surprised. They probably had guessed Ye Tanzhu's thoughts.

Without waiting for someone to stand up to refute, Ye Sheng also raised his arms and shouted, "Yes, everyone, under the leadership of the three ancestors of my Ye family, how much have I sacrificed over the years, and how much have I paid?"

Why did he end up giving a low-strength plane soaring up and benefiting someone who had never done anything to the Ye Family?"

"But... he is the one who passed the inheritance ceremony after all." A disciple hesitated.

"That's his responsibility to have the Ye Family bloodline!" Ye Sheng said with a sullen face, "All of our Ye Family disciples have the responsibility to do our best to unlock the seal of the reincarnation star stone through the inheritance ceremony. This is not a credit. , Just the most basic duty!"

"Yes, our major branches have been in the Kingdom of God for tens of thousands of years, and have sacrificed countless seniors and sages to finally survive to this day. All gifts of this day stone should be distributed within the Ye family, rather than given to him. Outsiders who don't have taken the most part!"

Speaking of this, Ye Tanzhu deliberately looked at Ye Chen, who was sitting cross-legged and conditioning his body not far away, and pointed out, "Don't forget how Ye Lingtian called Ye Chen just now. Here is the ancestral land of my Ye family, how did the two men in black get in?"

Prior to this, countless ancestor worships, but no one from the Ye family has come to this ancestral land!

"

In the Ye Family Ancestral Land, after the seal of the Reincarnation Star Stone was lifted, the countless names of the former sages of the Ye Family sacrifices engraved on the sky stone were revealed.

Ye Zhenghun, Ye Chengfeng, Ye Xiangyu, Ye Zhidao, Ye Taichu...

Each name embodies the Dao Fa insights left by the geniuses of the Ye Family in the past. You must know that those who can come here are at least outstanding disciples in the early Chaos Realm.

In countless ancestral sacrifices, they failed to pass the inheritance ceremony and died in the process of evaluating the seal formation, but this does not mean that they are not good enough.

It's just that the requirements left by the ancestors of the Ye Family are too strict.

After all, the matter is of great importance. Unless it is for the emergence of an absolutely outstanding offspring, it would be better for this treasure of the town clan to be sealed in the ancestral land.

The Taoist insights left by thousands of predecessors, at this moment, after the seal of the reincarnation star stone was lifted, it became a gift to the Ye Family. The first beneficiary was Ye Lingtian.

As the candidate who passed the inheritance ceremony, Ye Lingtian first obtained the automatic recognition of the Blood Sealing God Orb, and put this ancient artifact in his bag. Now he is receiving the baptism of the great principles left by the former sages of the Ye family. Once the work is completed, his cultivation will surely increase.

Facing such a situation, how can Ye Tanzhu and Ye Sheng stand it?

Perhaps, if Ye Chen was not injured and his condition was in full swing, it would be difficult for them to decide.

Because anyway, Ye Tanzhu was once defeated by Ye Chen. If they rushed to take cover, they would really not guarantee success.

But now Ye Chen is injured. He has been sitting on the ground for healing, his breath is a bit disordered, and his state is obviously not good.

Encouraged by the caring people, the two chose to do it. Not only did they do it by themselves, but they also had to bring the dozens of Ye family disciples around to do it together. In this case, even if the elders of the Ye family have to investigate the problem at that time, There is always a saying that the law does not blame the public.

"I suspect that Ye Lingtian and Ye Chen colluded with foreigners to plot my Ye Family's treasure. This matter is very serious. Therefore, Ye Lingtian cannot be allowed to continue to accept the gift of Tianshi!"

After Ye Sheng finished speaking, he quickly arranged manpower and took photos of Ye Lingtian's strength. These people didn't dare to take it carelessly, so they decided to attack Ye Lingtian at the same time, and suppress them first.

"Do you really want to do it?" Among the nineteen disciples who survived, not all of them were willing to follow Ye Sheng and Ye Tanzhu's intentions. Some hesitated, quietly communicating with their close companions.

"We are light-hearted, they are the most powerful branches of the Ye Family, alas..."

"But anyway, if Ye Chen hadn't bought time for us just now, whether the seal of Tianshi could be unlocked or not, it would be too despicable to cross the river and break the bridge."

At the Reincarnation Star Stone, Ye Lingtian's whole person was wrapped in the laws of the Great Dao, clinging to the treasure like a silkworm cocoon, and the atmosphere inside the silkworm cocoon became stronger and stronger.

Faced with such a situation, Ye Sheng and others naturally didn't want to delay any longer. After the order was given, the two of them had to order in unison, planning to forcibly separate Ye Lingtian from the Reincarnation Star Stone. If it didn't work, they would simply kill them.

"Do it!"

"Who dares!"

Two completely opposite shouts came, and everyone looked at each other, only to see Ye Chen, who was still sitting on the ground to regulate his body and restore his supernatural power, unexpectedly did not know when to stand up.

Looks like that, even though his complexion is still pale, he has recovered a little.

Ye Sheng's eyes were slightly cold, staring at Ye Chen, and said, "When is it your turn to speak here? Don't forget, you are also the object of our suspicion."

"Do you doubt me?" Ye Chen couldn't help but sneered, with a smile on his face, "Then I would like to ask, as you said, I have colluded with outsiders and plotted against the law, so what have I plotted so far? ?

Where is the outsider I colluded with?

Not to mention the two people who died on the ground, if they were my collusion, then they shouldn't be lying on the ground now. "

After a few words, I asked Ye Sheng directly, especially Ye Chen's mocking tone, which made Ye Sheng's face flushed, and he stubbornly said, "No one can rule this out. Is it a bitter trick!"

"Hahaha..." Ye Chen laughed What are you laughing at? ! "Ye Sheng was furious.

"Yes, you are right, this is a bitter trick!" Ye Chen nodded repeatedly and said, "Isn't this a bitter trick? Two strong men from the Heavenly God Realm specially came to cooperate with me in performing this bitter trick. You are all right, you are ashamed. He is the most outstanding disciple of the Ye family."

Ye Chen deliberately bit the words 'the most outstanding disciple' very deeply, full of irony.

Hearing the words Tianshenjing, everyone's eyes suddenly shrank!

Ye Chen killed two heavenly gods? What a joke!

Since ancient times, Zhan'er Realm has not been able to shake the Heavenly God Realm!

Ask for a monthly pass! Ask for a monthly pass!

Chapter 2915: Another monument of reincarnation!

At the same time, Yandifeng.

The atmosphere is solemn.

Yan Kun looked at the eternal saint king who was trying to figure out in front of him, and eagerly said: "Yong Lao, according to that person, the God League and Ten Thousand Fsects are not clean?"

"Will Big Brother be in danger now!"

"The League of Gods covers the seven kingdoms of God, and the strength of Ten Thousand Fsects cannot be ignored!"

"Should I go to Big Brother right now! Big Brother may need my help!"

The Eternal Saint King narrowed his eyes slightly and his expression was solemn: "This thing is a bit weird."

"As for Ye Chen, it is fierce or robbery, I can't figure it out."

"The League of Gods actually betrayed the Kingdom of God, it seems that the fall of the Lord of Reincarnation, the forces of the Kingdom of God have long been devastated."

"The disaster comes, maybe the kingdom of God is really going to be dangerous."

Yan Kun looked a little annoyed: "Since the alliance is riddled with holes, then I will uproot the alliance!"

"There are still ten thousand Fsects! As long as all dangers are obliterated, there will be no danger to Big Brother!"

The Eternal Saint King shook his head helplessly: "How can things be so easy, let alone the old antiques behind the League of Gods and Ten Thousand Fazong, you are definitely not their opponent, and the mysterious demon."

"This demon has probably been brewing for a long time, and its strength is extremely terrifying!"

"Even as long as the other person wants to, you can never stand still."

Yan Kun clenched his fists, and his killing intent surged: "Yong Lao, I am going to the last trial! Only in this way can I become stronger! Can I protect Big Brother!"

The eternal holy king looked at the sky and murmured: "Things are not too bad. The Heavenly Dao Palace recently ordered the people of the Ye Family to be hunted down, using various forces. I am afraid that something big will happen in the land of the rising leaves. He Wan Fazong should not attack Ye Chen!"

"But maybe in a while."

"And I feel that kid is in the land of the leaves."

"This time, he really has a wolf in front and a tiger behind him, and he doesn't even stare at him with a single pair of eyes behind him."

"In this game, the more difficult it is to move towards the back."

Speaking of this, the Eternal Saint King's eyes fell on Yan Kun, and he said with emotion: "Fortunately, this is not his fight alone."

"And you."

At this moment, Yan Kun was full of ancient runes, his expression was serious, he no longer hesitated, and jumped directly into the billowing magma!

"Yong Lao, today, I will use my Universe Body to absorb the billowing magma! I want to tell the world that anyone who dares to move my elder brother will bear the wrath of my Emperor Pangu!"

The magma surges! Instantly!

But the figure below ten thousand feet seems to represent an attitude!

Desperate attitude!

This is the Protoss! The Universe!

...

At the same time, the Nine Heavens Dragon Palace.

More than a dozen elders of the Tiandao Palace and Yantian Dragon God are suspended above the abyss.

Everyone closed their eyes tightly, as if something was brewing!

An extreme array surging!

There seemed to be a sky-shattering sword shadow floating above the abyss.

This sword shadow seems to be able to destroy the world!

The Yantian Dragon God had a huge mouth, and an ancient stone tablet floated out.

There are bursts of mystery in the stele!

If Ye Chen were here, he would definitely find that this was the Reincarnation Profound Monument!

This time, the Yantian Dragon God actually wanted to use the power of the Samsara Profound Monument!

Logically speaking, non-reincarnation blood is not qualified to use the power of the reincarnation monument!

But Tiandao Palace was once the master of the Ye Family!

After tens of thousands of years, an ancestor in Tiandao Palace actually developed a set of magic techniques that could use part of the power of the reincarnation monument!

Although this technique requires extremely strong energy!

But it helped Tiandao Palace wipe out many great threats!

And if you look closely, you will definitely find that this samsara mysterious stele is actually exuding an ancient text!

At the same time, that World Extinguishing Sword Shadow was shrouded in an extremely gloomy energy!

Surrounded by countless weird lightning!

As if able to swallow everything.

The Yantian Dragon God smiled and looked condescendingly at the darkness in the abyss.

A failure may still be understood.

But the two failures were definitely beyond his permission.

He opened his mouth and said: "Blood dragon, your existence makes the people of the upper realm unhappy. I must punish you before that person arrives. You should die under the profound monument of reincarnation. I feel proud."

In the next second, the sword shadow filled with extremely dark power unexpectedly broke out!

Connecting thousands of thunder arcs, like a giant beast rushing crazy toward the abyss!

At this moment, the earth is shaking!

An extreme earthquake erupted in the entire Nine Heavens Dragon Palace!

The blood dragon in the abyss naturally felt this power!

This power was so many days down, it made him feel dangerous for the first time!

He rose to the sky in the abyss, wanting to swallow that sword shadow in one bite!

but! The blood dragon discovered that the sword shadow had brought a very strong suppression!

No more hesitation, the blood dragon spits out a fiery flame!

Surefire!

Extremely high-level sacred fire!

The sacred fire that belongs to Ye Chen!

The blood dragon can share resources with Ye Chen!

He must be so!

"bump!"

The flame turned into a shocking sword intent and instantly collided with that dark sword shadow!

Two extreme forces seem to destroy everything!

The Nine Heavens Shenlong Palace ushered in a major earthquake again!

This earthquake made the lake and ocean roll over!

This earthquake caused cracks in the ground!

Countless dragons wailed!

The territory belonging to them seems to be deprived of by a mysterious force!

At the same time, under a blood-colored lake, a young girl opened her eyes.

Feeling the abnormal movement around her, she asked the samsara monument behind her: "Xingling, what happened outside?"

Xingling felt a little bit, and then said: "I am not sure, Sister Ruoxue, you must refine this flame as soon as possible. I feel that next, the Nine Heavens Dragon Palace will usher in catastrophe ahead of time! You must as soon as possible!"

Xia Ruoxue closed her eyes, and the surging power gathered!

There is still some blood at the corner of her mouth.

Obviously, this extremely powerful flame in front of the refining incarnation has paid a great price!

"Reincarnation Star Flame, Xia Ruoxue doesn't believe me, I can't conquer you!"

...

At the same time, the land of the leaves.

Facing the difficulties of Ye Sheng and the many children of the Ye family, Ye Chen's face grew colder.

He just wanted to say something, suddenly, he found that his dantian spiritual power was drained!

Even the mysterious flames and other powerful sacred fires that were blocked by the Dantian have been emptied!

This feeling is very familiar!

Something happened to the blood dragon!

And a picture suddenly appeared in Ye Chen's mind!

It was two extreme sword intent collisions!

The eyes of the blood dragon are filled with stubbornness!

Above the abyss are more than a dozen elders of the Heavenly Dao Palace, and a powerful dragon!

Suddenly, Ye Chen's eyes shrank!

A stone monument is quietly suspended in front of the Shenlong!

This is not something else, but a monument to reincarnation!

Another monument of reincarnation has come out!

Could it be that this is the piece controlled by Xuanyuan Moxie!

At this moment, Ye Chen was not calm anymore!

Eight shifts will be delivered, the excitement will continue tomorrow, ask for a monthly pass! Ask for a monthly pass! Brothers, duck!

Chapter 2916: roll!

The picture in Ye Chen's mind became clearer and clearer.

He faintly felt that the attributes of the reincarnation mysterious stele controlled by the Heavenly Dao Palace were a bit weird.

Wind stele, dust stele, poison stele, spiritual stele, these are all well understood.

The Reincarnation Profound Stele of Tiandao Palace is full of extremely dark attributes.

More like a dark attribute.

As for the specific name, Ye Chen is not clear.

At this moment, a voice rang in Ye Chen's mind!

This is the voice of the blood dragon!

"Master, I'm really sorry, now I can only ask you to take advantage of it."

"The power of this group of people is beyond my imagination, but I can handle it."

"Trust me."

"Also, if they completely break this prohibition, it would be good for me!"

Ye Chen communicated with the blood dragon, and said solemnly: "Why did the Heavenly Dao Palace suddenly find the abyss? And the Yantian Dragon God himself came forward? The price is too high."

The blood dragon pondered for a moment, and then said: "Master, I suspect that someone has discovered me. This person does not belong to us."

"By the way, Miss Ruoxue is near the Nine Heavens Shenlong Palace."

"In this, I still have a lot of questions, but I faintly feel that the sudden move of Tiandao Palace has just begun."

"They are determined this time to kill me."

"You have to be careful too."

After the words fell, the picture in Ye Chen's mind completely disappeared.

His injury has recovered somewhat, but his face is still pale.

Ye Chen glanced at Ye Lingtian behind him. He knew very well that the top priority must be to guard Ye Lingtian.

Ye Sheng seemed to feel the decline of Ye Chen's breath, looked at the corpse and blood on the ground, and smiled coldly:

"Ye Chen, Ye Chen, did you say that they are in the realm of the gods? There is no proof, so let's say it!"

As soon as these words came out, even some of the Ye Family disciples standing on Ye Sheng's side couldn't help but frown.

Ye Tanzhu naturally found that Ye Chen's state was not right, so he stood two steps forward and temporarily blocked Ye Sheng. And looked at Ye Chen coldly, "It's useless to take advantage of your tongue. This is the ancestral land of my Ye family, but some foreigners broke in. Although the ancestral worship was successful, I had to guard against it."

"I have to guard against? What are you guarding against, against me? Or against Ye Lingtian?"

Ye Chen walked towards these Ye Family disciples step by step, his eyes filled with three-point anger and seven-point killing intent: "Without me, I will help you buy time, and even let yourself be seriously injured to cover you to accept the assessment of the inheritance ceremony. Can it go so smoothly?

Without Ye Lingtian, relying on you waste to pass the inheritance ceremony? Can you unlock the seal of the sky stone? Halfway through your assessment, you were suddenly interrupted and sent out. Don't you understand why? "

These naked words caused many Ye Family disciples to bow their heads, and some were afraid to look at Ye Chen's eyes.

Ye Tanzhu's face was also ugly.

In the family competition, he accidentally lost to Ye Chen, and he was not convinced at all. Many people in the family doubted whether he had an empty name.

As a result, now Ye Chen actually called him trash in front of so many people, even if Ye Chen scolded everyone present with this 'trash' sentence, Ye Tanzhu was still very annoyed.

But Ye Tanzhu is not Ye Sheng, he is not so easily irritated.

Especially now that the situation is still under control, Ye Lingtian accepts the gift of Tianshi, unable to care for him, and even unable to move.

And Ye Chen was seriously injured, how much strength could he exert?

In Ye Tanzhu's view, Ye Chen had previously dragged the two Heavenly God Realm level masters with his own strength, and also desperately killed these two people, he also used some taboo methods.

Ye Chen is definitely in an extremely weak stage right now, and there is no threat at all!

However, Ye Chen desperately killed two Heavenly God Realm masters in succession, which was shocking.

It is precisely because of this that Ye Tanzhu strengthened the thoughts in his heart. In any case, Ye Chen and Ye Lingtian must not be left behind.

These two are already so powerful that people are a little suffocating.

How can you miss such an opportunity!

Ye Tanzhu took a deep breath, and said firmly: "You are not afraid of shadows. We are not aiming at you two, but considering the family."

For the family...

Ye Chen smiled. It's no wonder that the remaining sideline Ye Family has declined so far.

Does this person think that if they just agitated the other disciples, he would not notice when healed at a distance of tens of feet?

Ye Chen's eyebrows are burning with anger, like the sound of nine days: "For the family's consideration, then we should act according to the family's rules!

Before coming, the ancestor of the Ye family also said that after the ancestral sacrifice is successful and the inheritance ceremony is successfully passed, the chief disciple will automatically be recognized as the master of the Blood Sealing Orb and enjoy the gift of Heavenly Stone first. The rules of this ancestor worship are the rules of the Ye family that have remained unchanged for thousands of years! "

When he said this, Ye Chen's eyes suddenly became fierce, and he shouted and asked: "What? Have you not even followed the rules of the family?"

Ye Chen's questioning made the disciples of the Ye family who hesitate about this even more vacillating. After all, they are all young people, and they are somewhat ashamed. Let Ye Sheng and Ye talk about it. Speaking of breaking the sky, it is still not authentic after all.

Their previous standing in line was due to the forces behind Ye Tanzhu and Ye Sheng on the one hand, and profit-driven on the other.

But at this moment, Ye Tanzhu looked rather cold, and there was a lot of chill on his handsome face. He was not scared by the family rules Ye Chen said, but sneered:

"Who said we are going to break the rules? We just want to temporarily prevent Ye Lingtian from getting the gift of the family stone.

After all, this Tianshi has just released the seal. No one knows how many Ye family disciples can be gifted by the Dao insights left by the former sages. I can't just let me wait here to divide it up in a confused way?

If there is any difference, how can we explain to the family! "

Ye Chen showed a playful smile: "You are welcome, now that the reincarnation star can be unblocked, it is all the credit of me and Ye Lingtian. What is your Ye Tanzhu? You are actually embarrassed to say it is for the family?"

"Send you a word, get out!"

The sharp words, and the relentless words once again, it is true that Ye Tanzhu has a good temperament, and his expression completely sank, "Ye Chen, don't be mad, do you really think you can beat me?"

Ye Tanzhu knew very well that with Ye Chen's current state, it was impossible!

"If I can beat you once, I can beat you a second time." Ye Chen squinted at this person, with his hands behind him, and said lightly.

Ye Chen, who was defeated by Zhan E's eighth-level heaven with the cultivation base of Chaos Nine-layer Heaven, was an eternal shame for Ye Tanzhu.

Ye Chen emphasized this, and Ye Tanzhu's eyes immediately burst into anger, but soon he sneered, "If it is normal, I might still believe you, but now... I have to say, you Very courageous!"

Chapter 2917: Completely defeated

At this moment, Ye Chen put his hands behind his back and stood upright in a firm and high-spirited posture.

But that pale complexion betrayed Ye Chen's physical condition.

In this situation, not only Ye Tanzhu, but the rest of the Ye Family disciples almost felt that Ye Chen was holding on, barely maintaining.

"Young Master Ye, Brother Tan Zhu, everyone is born at the same root, or... let's all give in."

Ye Nishang, who had been watching the theater for a long time, finally spoke: "Young Master Ye, the matter of the reincarnation star stone is related to the family's grandfather, so you can't take it lightly. Talking about bamboo, he is just a little too nervous, don't take it to your heart."

It is a pity that these fluttering words are actually useless.

Ye Tanzhu was still indifferent, and directly ordered Ye Sheng: "I'm staring at him, you go and stop Ye Lingtian!"

"I see who of you dare!"

Ye Chen's eyebrows flashed, and the evil sword flew out, with a tyrannical sound of breaking through the air over the heads of Ye Sheng and the others, and with a bang, it inserted into the ground between them and Ye Lingtian.

Endless pressure surging! The extreme blood is amazing!

A crack was created on the ground, spreading in all directions like a spider web.

Seeing Ye Chen showed off the weapon first, Ye Tanzhu's eyes were happy. Isn't this an excuse for him to do something?

However, he was soon disguised by him, and turned into a touch of anger.

"Do you dare to fight against the children of the same clan and kill you!"

Ye Tanzhu scolded angrily, his figure drifting like a fright, suddenly approaching Ye Chen like a ghost and patted Ye Chen with a palm up.

This is to shake Ye Chen to death with a palm directly, without giving any opportunity to argue!

When Ye Tanzhu took this palm, there was a purple light shining in the palm of the palm, and then the entire palm was covered with a layer of purple awn, and when he stroked it, a dull sound of breaking through the air rang out.

Perhaps the speed was too fast, and the void where the palm passed by was melted, with a hazy feeling of flame burning.

"boom!"

Like a **** of thunder, thunder blasted, and a deafening roar came out. People only had time to see Ye Chen raising his hand to meet Ye Tanzhu's palm at the last moment, and then a mass of terror broke out in the field. The dust!

When the energy was swept up, the purple radiance illuminates the void, and the scorching brilliance is like aurora, like a tulle, floating in the void continuously.

One part spreads in all directions like water patterns, and the other part rushes up into the sky, forming a terrifying pillar of spiritual power, which brightens the enchantment of the entire small world several times.

Above the barrier of the dome, a dense array of patterns lit up in the void, counteracting this force.

"Senior Brother Ye Tanzhu is too powerful, how many people of the same rank can take over this palm power?"

"It seems that Brother Ye Tanzhu was careless to lose to Ye Chen in the martial arts competition. With such an outbreak, plus Ye Chen's serious injury, the outcome is already set."

The confrontation of a palm, the power that erupted, actually touched the self-protection circle of the entire enchantment, and all the other Ye family disciples couldn't help but sigh with emotion.

As the smoke slowly dissipated, when the situation in the field slowly became clear, many disciples were stunned, even Ye Nishang couldn't help being dumbfounded, his red lips were slightly open, and his beautiful eyes were full of horror.

In the center, Ye Chen stood with his hands in his hands, his clothes fluttering, his face was still pale, but he kept standing.

But that Ye Tanzhu's appearance changed drastically, half of his arm was bloody, and the bones broke directly from the joints and penetrated from the flesh and blood, extremely tragic.

In front of Ye Tanzhu, there was a retreat that was three feet long, and blood was spilled on the ground.

There is no doubt that Ye Tanzhu lost again in this match just now!

More than a dozen disciples of the Ye family were in a daze. Didn't it mean that Ye Chen was seriously injured?

His face was so pale, he could still show such strength!

"Brother... is he careless again?"

Someone murmured in the crowd.

Perhaps it was stimulated by this scene, this person did not deliberately lower his voice, so that many people heard this sentence and showed a weird look.

One after another, what a lot of meaning is contained.

There is helplessness, more of the sourness in the tone.

You must know that Ye Chen faced the attack of two masters of the Heavenly God Realm alone, and it took a half-death to get enough time for the other disciples of the Ye Family to carry out the inheritance ceremony.

In the state of being seriously injured, after a short breath adjustment, he fought against Ye Tanzhu who was in good condition.

As a result, in just one face-to-face meeting, Ye Tanzhu was defeated like a martial arts competition in Linglong Tower, and suffered heavy injuries, which had to surprise people.

Many disciples began to re-examine Ye Chen, especially Ye Nishang and Ye Sheng, their eyes stared at him solemnly, as if they wanted to see him thoroughly.

It's a pity that what Ye Chen showed was still the attitude of 'holding up', which seemed to pretend to be strong and strong outside, but the facts were in front of them, making people totally unable to see through. Can't guess.

If anyone on the court has the most direct sensitivity to Ye Chen, it is undoubtedly Ye Tanzhu The half of his body with his broken arm, who was half kneeling on the ground, is numb, and he just kept it.' Human-like', in fact, there is no difference between the presence and absence of that arm.

With this attack, Ye Tanzhu was confident that he could win before he really collided with Ye Chen.

This time, he didn't use shameless means. This time, he gathered enough strength to make this palm.

He firmly believed that he could shake Ye Chen to death with a palm of his hand, especially when he saw that Ye Chen didn't dodge and raised his hand to resist at the last moment, he almost laughed.

How is this different from looking for death?

However, reality gave him a huge slap in the face.

After that palm was hit, it was like shooting on an impenetrable sacred mountain that violently bumped into. In an instant, he lost consciousness on the right side of his shoulder. It wasn't until a few breaths that there was severe pain and numbness.

When I opened my eyes and saw clearly, I didn't know when I had stepped back several feet.

The defeat was very complete.

"you....."

Ye Tanzhu opened his mouth with difficulty, only spit out one word. When he looked at Ye Chen, a touch of horror appeared in his eyes, his face faded and pale.

I wanted to say 'you are not hurt', but Ye Chen's equally uncomfortable expression made him doubt again.

Is this person injured, or is he playing a pig and eating a tiger?

He was already uncertain.

At this moment, Ye Chen did not attack Ye Tanzhu again, but looked down at him condescendingly, "It doesn't seem to be enough if you want to kill me. Dogs, after all, are just dogs."

Ye Tanzhu's expression froze, and his whole body trembled with anger.

After all, the dog is just a dog, and this meaning cannot be clearer. Ye Chen is turning a corner to indicate that he has not fallen into the Pingyang, and it is not his turn to bully.

Chapter 2918: Really hurt?

Roar! "

Ye Tanzhu gritted his teeth, and under a roar, his left hand violently pushed back the broken bones and joints of his right arm, and immediately mobilized his spiritual power in his body, and at the same time took two pills to accelerate recovery.

In an instant, the right arm recovered at the speed visible to the naked eye.

In the final analysis, no matter how weak he is, he is also a generation of masters of the chaos realm nine-layer heaven, a chaos realm cultivator, let alone a broken arm, even if his body is broken, as long as the soul is still there, he can quickly recover.

This is his background.

Ye Tanzhu, who had recovered from a few breaths, snarled and attacked Ye Chen again. This time, the secret technique he displayed was stronger and the methods more powerful.

WINK is growing to \$1 - Don't lose you chance - Buy On Binan...

It is a pity that Ye Chen is like a peak that he can never shake. With this blow, he failed again.

Most of his body was shattered, and the profound flame that Ye Chen sacrificed burned his wound to **** blood, as if he had fallen into the molten slurry and then came out again, even his appearance was unclear.

Ye Tanzhu, who flew out several tens of meters, struggled to stand up from the ground, and shouted at the other disciples with a hoarse throat, "What are you waiting for? Are you waiting for me to die and waiting for Ye Lingtian to absorb the sky stone? Do you give it a gift before you shoot!"

Shouting such words proved that Ye Tanzhu had given up in a certain sense.

Fight alone, a fair fight, he has no chance of winning.

After recovering again, Ye Tanzhu opened his mouth and vomited. It was a half-hanging picture of the gods. The mountains, rivers and shrines flowed in it, and the six airs of reincarnation floated.

The scroll was rustling, hovering above its head, hanging down the Law of Ten Thousand Ways, protecting it like a water curtain.

"Ye Zigeng ancestor's Tianhe six road map!" Several disciples exclaimed, their eyes staring.

Ye Tanzhu actually took out such a clan item, which was not much weaker than the Blood Sealed God Orb.

"Ye Chen, I can't beat you, but you don't want to kill me easily. I will let you watch your own people die under their siege!"

Ye Tanzhu roared frantically, and there was light floating in his eyes, and two magic weapons flew out one after another.

The left eye is a lotus platform with colorful **** lotus.

On the right eye is an ancient sapphire bead called Dingshui Lingzhu, both of which are rare defensive magic weapons.

He has already suppressed all his capital, fully armed himself, just to be able to hold Ye Chen.

Two gods, one ancient artifact.

Such a combination wouldn't make Ye Chen afraid, but what changed him was Ye Tanzhu's plan.

With these three things as shelter, I really may not be able to completely take this person in a short time, but if this happens, what should Ye Lingtian do?

He is absorbing the insights of the Dao law left by the former sages of the Ye family in the reincarnation star stone. This is of great benefit to him, but his body cannot move, and he has even fallen into a state of enlightenment. To.

Ye Tanzhu ran into him like crazy.

Hum!

In the void, tyrannical coercion swept through, and wherever Ye Tanzhu passed, many cracks broke open on the ground.

Three rare things were spurred by this person at all costs, and the effect was more than just stacking. He was like a moving mountain, with powerful might, making the air around Ye Chen thick and heavy.

"Ancestor! Why did Ye Chen come after I gave birth to Ye Tanzhu!"

Ye Tanzhu, who was in a frenzy, cried and laughed on his face, completely like a broken jar.

He rushed towards Ye Chen with a long smile, "Hahaha...Ye Chen, you successfully broke my Dao Xin, but what about it? Even if it is difficult for me in this life, you would never want to easily win against me!"

However, what Ye Tanzhu didn't know was that his aggressive attack like this did not form an effective cover. The rest of the Ye family's disciples, even Ye Sheng, didn't even attack Ye Lingtian immediately. Staring closely at him.

Some people didn't want to get involved and didn't want to attack Ye Lingtian.

And in part, I wanted to see the final result between Ye Chen and Ye Tanzhu. At this moment, even Ye Sheng, a core disciple who firmly opposed Ye Chen and Ye Lingtian, had begun to hesitate.

If Ye Chen really pretended to be a pig and eat a tiger, would he still be able to escape?

In this way, Ye Tanzhu's 'crazy' completely lost its meaning.

After realizing that those people didn't take action against Ye Lingtian for the first time, Ye Chen guessed some of the reasons, his eyes condensed and he began to be serious.

I saw the law of his body quickly lit up, no longer keeping his hands.

It also referred to as a sword, swallowing the sun and the moon, the endless sword energy began to condense in the void, an aura of destruction filled this small world, and the sound of thunder was faintly heard from the sky.

Attack is always the best way to defend against the enemy!

Seeing that Ye Tanzhu was about to hit Ye Chen finally made a move.

boom! !

With a sword, thunder is coming! God lotus shattered!

Keng!

With one sword, the Nine Heavens divine brilliance fell straight down to three thousand feet, and the Dingshui Lingzhu could not shake and destroy the divine way!

Stabbed!

With one sword, the edge is as bright as a golden rainbow, the sword is radiant and nineteen states, the Tianhe is rolled back, the six smashed, the **** figure dissipates!

This is a terrifying and moving scene!

Ye Chen didn't use any powerful weapons, but only based on his own perception and mastery of the meaning of kendo and true martial arts, supplemented by powerful spiritual power.

And just such a method, but it smashed three good magic weapons in one breath, and was destroyed by his fiery and sharp sword intent, just like paper.

Ye Tanzhu was like a kite with a broken string. Even on this land where flying was suppressed, he was shot and flew out instantly, his body exploded and blood was everywhere.

Even if he could not kill him, Ye Tanzhu was still afraid!

He was covered in blood, got up quite embarrassed, then turned his head and rushed towards the direction of the barrier.

Such an opponent is the tragedy of his life. Even if he actively shatters Dao Xin, the attack with suicide and hole card out mode can not shake the opponent by half. How can he fight?

The strong sense of frustration made him feel ashamed, and he can no longer give birth to the heart to fight. Now he just wants to escape for his life, regardless of the situation.

People are like this. After the courage and desperate defeat, it is no longer difficult to raise such a fearless and crazy heart. This time, Ye Chen completely interrupted the most outstanding genius of the younger generation of the Ye family. Spine!

"It turned out to be such a result."

"One of the three recognized geniuses who was defeated so thoroughly, has chosen to escape."

"Senior Brother Ye Chen is really seriously injured? How can he be so strong."

Chapter 2919: Who is the layouter

Not far away, the faces of the remaining Ye Family disciples were shocked.

The so-called genius is so vulnerable.

Seeing Ye Tanzhu want to leave this small world, Ye Chen would naturally not stop. Such a person would always be a curse to keep.

He didn't catch up, but he condensed a sword intent with his divine mind, and locked Ye Tanzhu's aura to chase him up.

"With this sword, if you can survive, I will spare you not to die!"

After playing the sword intent with the destruction of the divine way, Ye Chen stood there, looking coldly at the result of the chase. No matter how fast Ye Tanzhu is, can he pass the sword intent that is not restricted by the laws of this place?

He can only stop and fight back, otherwise, a chase that locks the Qi machine will quickly overtake him and then pierce his head.

Ye Tanzhu, who was in a panic and fleeing for his life, naturally understood the situation. When even temporarily stopped, he turned around and worked hard to run the technique, trying to resist the sword.

At the same time, Ye Nishang and Ye Sheng, who finally reacted, also shot.

Although the three major forces of the Ye family are competing with each other, they cannot watch Ye Tanzhu be killed like this.

"Master Ye, be merciful!"

Ye Nishang yelled, and together with Ye Sheng wanted to stop the blow.

"Hey!"

It is a pity that this evil sword intent not only contains the destruction of the divine way, but also has the effect of the law of space and time, and the speed is too fast.

At that moment, time and space seemed to be stagnant, and only a wisp of cold light was left passing through the vacuum, passing through Ye Tanzhu's divine body, with Ye Chen's fingers connected behind it, no matter how Ye Tanzhu resisted it, it had no effect.

puff!

The body full of horrified eyes exploded completely, and the red and white things did not even have time to splash, they were already shattered by the murderous and ruinous gods released by the sword intent.

As for Ye Tanzhu's soul, not to mention, there was no chance of escape.

A generation of great men fell.

The remaining corpses, under the erosion of Destruction Shinto, were quickly torn apart and completely unrecognizable.

"Ye Chen!!!"

Seeing this, Ye Sheng was furious, and suddenly looked back at Ye Chen.

This person was so rampant that he completely ignored his and Ye Nishang's face and killed Ye Tanzhu in front of him. What a!

Does he think he can already surpass the entire Ye Family?

Ye Nishang pulled her body forward and stretched out a colorful glow, trying to wrap Ye Tanzhu's body. In any case, it is always a family. Ye Tanzhu is still a direct disciple of an ancestor of the Ye family. If he can't even bring the body back, how can he explain?

But when she just touched Ye Tanzhu's tattered body, the corpse was shattered and turned into a pile of flesh and blood, and was quickly annihilated, completely 'purified' by the Destroy God, with nothing. Staying, only a smell of fishy smell spread.

Ye Nishang frowned her eyebrows, and a ray of anger flashed in her eyes, but she quickly concealed it, but said with a slight sense of concern: "Ye Gongzi, you are so mercilessly attacking the children of the same race. How to explain to several ancestors?"

"Explain? Did I do it first? Who disregarded the family's rules first? If you want to explain, I won't be my turn." Ye Chen stood with his hand in hand, and he didn't even finish his words.

As the Lord of Reincarnation, even if he destroys the entire Ye Family, why should he explain to the Ye Family?

The huge Ye family, one generation is inferior to one generation, relying on the solid foundation laid by the Ye family's ancestors following the Lord of Samsara to conquer the Quartet, it has survived to this day.

Finally, there is hope of re-emergence. These so-called outstanding disciples of the Ye Family have to start with themselves first, thinking about themselves only, what use is keeping such a person?

Faced with Ye Nishang's children of the Ye family, after killing Ye Tanzhu, Ye Chen didn't feel any guilt, and didn't even want to give these people a good face.

Ye Chen's arrogance made Ye Sheng, who had been vomiting blood and faint in public, completely gloomy: "Ye Chen, do you really think my Ye family is no one? You want to kill people in my Ye family's ancestral land so unscrupulously Is the entire Ye family an enemy?"

"Am I unscrupulous?"

Ye Chen smirked: "I just want to prevent you from interfering with Ye Lingtian's acceptance of the gift and inheritance of Tianshi, and Ye Tanzhu was murderous to me!"

"We just want to temporarily prevent Ye Lingtian from accepting such a great baptism. We don't want to deprive Ye Lingtian of the reward for this ancestral worship here. You can wait until the elder arranges it after returning to the family before accepting such a baptism and gift."

Ye Sheng's face was stern and plausible, as if everything was considered from the perspective of the family, without any selfishness.

He accuses loudly: "Although Ye Tanzhu had a murderous intention towards you, he didn't kill you or even hurt you. Don't you understand the truth about forgiveness and forgiveness? , We all see it in our eyes, it is clearly you who are arrogant and bloodthirsty!"

"Yes, Brother Ye Tanzhu is not guilty of death."

"There are people of the same family on the left and right, why bother to kill them like this."

The disciples who came from the same line as Ye Tanzhu also followed suit. The most outstanding person in his line died. After returning, the ancestor must be punished.

"Before he wanted to fight against me when he wanted to fight Ye Lingtian, why don't you not stop them, but also follow him to do it?" Ye Chen sneered, "Since you know the righteousness so well, then Ye Lingtian What he gets now is the reward he deserves. Why are you blocking it? Don't tell me that this is also arrogant and domineering."

"Sophistry is useless, fairness is in the hearts of the people." Ye Sheng's expression was cold, and the hostility in his eyes was very obvious, "Anyway, it is a fact that you killed Ye Tanzhu, and everyone sees it!"

"Oh."

Ye Chen smiled, his shoulders shrugged lightly, his face full of carelessness.

Seeing him so lightly teasing, Ye Sheng and Yigan Ye family disciples were a little angry, but they opened their mouths but found that they didn't know how to answer this.

Think about it carefully, isn't it what they took the initiative to question?

After Ye Chen killed someone, he didn't even plan to defend himself, nor did he deny that he killed Ye Tanzhu.

For a while, everyone was quiet, only the slight noise that Ye Lingtian made when he was baptized by the Dao on the reincarnation star stone.

"Ugh....."

With a faint sigh, Ye Nishang walked out of the crowd, the golden feathers fluttered gently, the jade feet were white and delicate, and the beautiful face was full of helplessness.

"Everyone, let's stop arguing. The deceased is dead. Let's think about it and send the sky stone back to the clan as soon as possible."

After speaking, Ye Nishang walked up to Ye Chen on his own, ignoring the surprised gazes of the other Ye Family disciples, and slightly tilted towards Ye Chen, with a little grievance and pleading in his tone:

"Young Master Ye, just take it for the sake of the little girl's face. Everyone should give in. The family is the first priority. I apologize to you on their behalf. You can also wait for Senior Brother Ye Lingtian to finish the baptism, but you have to help. Let's **** Tian Shi back to Ye's house, can you?"

Chapter 2920: The plan of Tiandao Palace

Ye Nishang's words made Ye Sheng and other disciples all annoyed.

"Ye Nishang, what do you want to do? You can't represent us!" Ye Sheng scolded.

Ye Chen looked at the low-brows and pleasing woman in front of him, and then at Ye Sheng who was furious over there, a little playfulness evoked at the corner of his mouth: "Look, they say you can't represent them, and don't want to accept me at all. ."

Ye Nishang couldn't help sighing again, as if feeling deeply powerless, after looking back at Ye Sheng's people, he bowed to Ye Chen again!

Suddenly, an extreme killing intent surged!

Ye Nishang has changed!

"Forget it, since they don't appreciate it, then I... I have to do it myself!"

Before the words fell, Ye Nishang's body suddenly exploded with a very strong aura, the jade hand suddenly protruded, forming a claw shape, and the terrifying power swept out towards Ye Chen.

Killing intent!

At the same time, on Ye Sheng's side, several disciples from the same line as Ye Nishang also broke out together, and instantly acted on the other Ye Family disciples around him. Of course, the main target was the people in Ye Sheng's line and the other two. A disciple from a small branch.

As for Ye Tanzhu's line, he didn't suffer.

The sudden change completely shocked all the survivors, including Ye Sheng, and even had some downtime, and there was no reaction for a long time.

"You...you..."

Ye Sheng stared in horror, raised his finger at Ye Nishang and the disciples around him who were still stained with blood, and could not speak.

"Glitter... Brother Ye Sheng, what's the matter with us? Aren't we together?"

Ye Nishang pointed a finger at Ye Chen's eyebrows, and a shocking force lingered between his fingers.

It seems that as long as Ye Chen moves, he will definitely die!

But Ye Chen still had a smile on his mouth.

Fox, did he finally show his tail?

"Senior Brother Ye Sheng, the opportunity is right in front of you, let's do it, kill the guy who is doing the baptism of the avenue, and then the advantage of this reincarnation star stone is that you are evenly divided with our family, how about it? The younger sister still cares about you very much. Right?"

The corners of Ye Nishang's eyes and eyebrows were filled with a touch of enchantment, and his voice was light and charming.

"Tsk tusk, I guessed right, you really are not easy."

Ye Chen revealed a pity of failure, as if he had accepted his fate.

"Young Master Ye also gave the little girl a big surprise." Ye Nishang said with a small smile on her lips.

"You are not from the Ye family, are you?" Ye Chen asked suddenly.

"Is it important?" Ye Nishang asked back, "Ye Gongzi is not a member of the Ye family, right? Actually, you and I have similar goals. They are all here to deal with the Ye family and seek opportunities for the Ye family. Working with you."

Ye Chen couldn't help laughing when he heard the words, "Are you working with me like this?"

"There is no way, who made Ye Gongzi too powerful? The younger sister must first limit the uneasy factors. Senior brother, rest assured, the younger sister will not kill you."

Ye Nishang, who successfully hijacked Ye Chen, almost completely changed a person, the original fairy spirit on his body completely disappeared, replaced by a charming and enchanting state.

The blazing red lips were close to Ye Chen's ears, and between the opening and closing of the lips and teeth, strands of delicate fragrance sprayed on Ye Chen's ears, which was extremely provocative.

When speaking, the expression was full of seductive meaning. I don't know when the three scarlet emblems were printed on the eyebrows. In Danfeng's eyes that were flowing in the water, although there were joking and smiles, but more of them were black. Sen cold like a widow.

"The Ye family, it's really full of holes."

Ye Chen couldn't help sighing that even the core disciple was someone else's undercover. It was really not easy for Ye Family like this to continue to this day.

Fortunately, he has never exposed the identity of the Lord of Reincarnation.

Otherwise, the consequences will be disastrous.

Ye Nishang said that he would not kill him, which is obviously unlikely.

This woman was immobile, she moved astonishingly, instantly violent, and the disciples who were in the same line with her, the situation in this ancestral land had completely changed.

"I'm actually very curious, since you have already started, why do you want to keep Ye Sheng and the disciples of Ye Tanzhu's line? Don't tell me you are thinking about the Ye family." Ye Chen Xiao asked.

"Why not? The younger sister is also from the Ye family."

"You? Ye Family?" Ye Chen smiled coldly, "Isn't it, it's all like this, are you still planning to use the identity of Ye Family? Don't the people in Tiandao Palace always value their identity."

"Gluck..." Ye Nishang laughed softly, and the two almost faced each other, "I wasn't sure that you were the mysterious young man, but now I am sure, the Lord Palace Master has suffered from you repeatedly. It seems that you are not so good now. The elders of the Tiandao Palace in the past are really useless."

Ye Chen's eyes narrowed slightly: "It seems that the Heavenly Dao Palace is planning to wipe out the Ye Family in this ancestral sacrifice."

"Hahaha..."

Seeing Ye Chen's attitude, the woman couldn't help laughing. "You are very smart, you guessed my identity, but Ye Gongzi don't you think you've just found out now. Is it late?"

"Probably." Ye Chen was noncommittal, "I'm afraid that in the Linglong Pagoda at this time, the Ye family has been completely messed up. Tiandao Palace is really a big hand. It has been planned for so many years, and the cost is high?"

"Take Ye Family, these costs are nothing. Shouldn't the threat be destroyed?" Ye Nishang said with a sneer.

"That's true." Ye Chen nodded thoughtfully, "But what is the use of controlling me if you want to take down the Ye Family? Shouldn't the Ye Family disciples be solved first?"

"You mean them?"

Ye Nishang looked at Ye Sheng and the rest of the Ye Family disciples, with a trace of contempt at the corner of his mouth: "Ye Sheng is lonely and widowed, and the other disciples have no heads. Do you think they are a threat to me?"

"Oh...I can't tell." Ye Chen said meaningfully, "You may have been undercover for too long and you have forgotten one thing."

"What?" Ye Nishang raised his eyebrows lightly.

boom!

As soon as the words fell, when Ye Sheng and Ye Tanzhu's disciples walked towards Ye Lingtian and were about to stop Ye Lingtian, the battle broke out suddenly.

After Ye Sheng had condensed a powerful enough seal, he blasted towards Ye Nishang's subordinates. They couldn't reach it. Two disciples were beaten to death on the spot.

If Ye Sheng's rebellion had already surprised Ye Nishang, then the scene of the four surviving disciples of Ye Tanzhu also fighting back in an instant, completely stunned her.

In a short while, Ye Nishang also became a 'lonely family', and all the disciples who came in with her died.

Earlier, including Ye Chen and Ye Lingtian, after the seal of the reincarnation star stone was lifted, there were 21 Ye family disciples surviving in the ancestral land. The other nine disciples have died in the process of inheritance assessment.
