Chapter 2921: Tentative

Among the 21 survivors, except for two disciples from the bottom branches of the Ye Family and Ye Chen and Ye Lingtian, the rest were disciples from the three major forces.

There are seven people in Ye Sheng's line, and they are the disciples with the strongest blood of the Ye family.

Ye Tanzhu and Ye Nishang's line includes themselves, and each has five people. Now, after a series of deforestation, Ye Tanzhu died, two disciples of the bottom branch died, and six disciples of Ye Sheng's line died.

She was the only one left in Ye Nishang's line in the anti-ge blow just now.

Thirty outstanding cultivators of the Ye family came in throughout the Ye Family Ancestor Land, but now only eight people remained.

Ye Chen, Ye Lingtian, Ye Sheng, Ye Nishang, and four other disciples from Ye Tanzhu's line.

From Ye Nishang's sudden violent, his disciples cold-blooded and decisively attacked the disciples of Ye Sheng's line around him, and now Ye Sheng and Ye Tanzhu's survivors joined hands to fight back, the situation here, said The twists and turns can't be overstated.

A wave of unsettled waves rose again, and from round to round, the most inferior...but it was Ye Chen and Ye Lingtian.

One was held hostage, the other was being baptized on the main road, and there was no resistance.

"Look, I'll just say that you have been an undercover agent for too long. You have been fighting all day long and you have forgotten one of the most important things."

Ye Chen seemed to have anticipated the changes just now, and sighed lightly: "No matter how they fight each other, it is a fight between the boss and the second child. Whoever wins or loses is for the Ye Family.

But you are different. You will kill you when you come up, and all you kill are the main vein disciples with the strongest Ye family bloodline. Is this okay?

Although Ye Sheng and the others are a little stupid, they are not so stupid that they can't see your plan. You are going to pull their roots.

There are no eggs under the covering nest. Although they are not disciples of the same branch, they are united to clear away the external forces. Does this need any consultation?

Isn't it just a matter of eyes! "

"you shut up!"

Ye Nishang's face was full of frost, she was indeed missed, but this time it was not a prisoner than Ye Chen to criticize. Her voice was cold, with strong disgust, "Don't forget, even if they kill my person, you will not survive!"

"Then you are wrong."

"Huh?" Ye Nishang's heart tightened, feeling something wrong.

"Do you know? Actually, I was surprised. Judging from your experience of lurking in the Ye family for so many years without being discovered, and even becoming the core disciple, you should not be so stupid."

When Ye Chen looked at Ye Nishang, his eyes met, he suddenly smiled strangely.

"But I really can't imagine. Why do you naively think that you are in control of me and threaten my Sea of Consciousness Divine Soul directly to hold me back. Didn't your palace master tell you that I am not an ordinary opponent?"

Before the words fell, Ye Nishang's heart suddenly shocked, and his eyes suddenly became hazy...

She touched Ye Chen's eyebrows, and suddenly a light from Jiuyou flashed!

Like the eyes of a demon, at this moment, they opened!

Demon phantom pupil! !

The momentary loss of consciousness is fatal for high-level cultivators.

When Ye Nishang quickly adjusted to restore the Qingming spirit, Ye Chen, who was held in her hand by her, was already out of trouble, standing two or three feet away, looking at her with a playful smile.

"I thought at first that you were hiding behind me because you were worried about my pupil technique. But I didn't expect that when you were about to succeed, you would be careless and conceited. It seems that you and you The elders of the Heavenly Dao Palace in the mouth are almost the same."

These words fell into Ye Nishang's ears, which was tantamount to humiliation.

Not long ago, when she had just succeeded, she had laughed and mocked, so she almost bluntly said that even the palace lord of the Heavenly Dao Palace looked at Ye Chen highly, and that those Heavenly Dao Palace colleagues who dealt with Ye Chen in the past were useless.

As a result, I didn't expect that in a blink of an eye, the form would turn straight down, and that was actually sent back by Ye Chen.

"I really regret not killing you directly!"

Ye Nishang gritted his teeth, his whole body tightened. At this time, whether it was Ye Sheng or Ye Chen, their eyes were all locked on her.

"Leave a flaw to you, you really think you are really good." Ye Chen put his hands behind him, his expression was calm, "You won't really feel that you have a chance to kill me directly when you approach me and suddenly violent. Right?"

"What...what do you mean!" Ye Nishang's face was flushed, she was angry, she seemed to have thought of something, and an expression of disbelief quickly appeared on Qiao's face, "You guessed that I am not a disciple of the Ye family. ?!"

"That's not so sure, it's just a little doubtful."

Ye Chen shrugged and said, "From the first time I met you and Ye Tan Zhu Yesheng, your long-sleeved Shanwu left a deep impression on me.

At that time, Ye Sheng and Ye Tanzhu had a dispute, and you were in the middle of the mediation; later Ye Sheng wanted to win Ye Lingtian, because he was a little angry because of the failure, and you were the middle of the mediation.

You are such an image of taking care of the face of others, good at mediating and sleek and friendly, but you are behind Ye Sheng and Ye Tanzhu to draw Ye Lingtian in front of you. Is this a bit of a contradiction?

You know, at that time, Ye Sheng and us were very uncomfortable. You wooed Ye Lingtian in front of him. This was not justified by your usual image. "

"Because of this, you suspect that you are on me?" Ye Nishang frowned.

"It's just doubt, not even doubt."

Ye Chen patted the dust on his clothes, Shi Shiran walked a half circle around Ye Nishang.

There is no need to worry at this moment. The situation in the ancestral land has basically stabilized. Ye Sheng and the four disciples of Ye Tanzhu's line, as long as they are not stupid, it is impossible to do anything to him or Ye Lingtian.

Everyone now has a common 'foreign enemy'.

He calmly said: "The time that really made me wary of you was when I defeated Ye Tanzhu. At that time, everyone was curious about my identity. You alone were not curious, but It's a very pure compliment.

Later, you took the initiative to find us and told us about the ancestors. Reward, chief and so on, if I guess right, you have been testing me and Ye Lingtian since then.

Unfortunately, what you don't know is that such a temptation will only make you exposed faster.

When it is finally determined that you have a problem, it is during the blood test. You and your master calmly guided the thinking of other people, and used Ye Sheng's 'disgust' and 'jealous' towards us to make me go up and test my blood.

Others may not be aware of it, but don't forget that when the bloodline was tested, I was a bystander at first. "

Chapter 2922: Xuanyuan Moxie, Kunlun Xu?

The authorities are fans, the bystanders are clear, the few words of your master Ye Xueqing seem to be just following Ye Sheng's request, but it is precisely this that makes it more problematic.

In other words, it is also the ancestor of a clan, and the Blood Soul Sealing Pearl is also in the hands of your master, which means that she has agreed before the ancestor Ye Ziming announced Ye Lingtian as the chief disciple.

But why do you want me to test my blood according to Ye Sheng's meaning?

It's nothing more than temptation.

You tested me, your master also tested me, and even guessed the relationship between me and Ye Lingtian. Why? Because you have been paying attention to me, in this world, I can't think of anything else except Heavenly Dao Palace.

More importantly, the Heavenly Dao Palace is also very targeted towards the Ye Family. You don't want Ye Family to have a surprisingly talented person, so that's why you are so concerned, and it is not a face, but a private concern. "

"So, you suspected me from the very beginning, and after entering here, you have been on guard for me, and even deliberately let me come to you later and give me a chance to do it. It was all calculated by you!"

Ye Nishang's eyes almost breathed fire, and a deep sense of shame enveloped her mind.

For so many years, their masters and apprentices have been lurking in Ye's family, and no one has ever found the problem, but they did not expect that the method they were proud of was actually seen through by this man in just a few days.

"In that case, why don't you remind them? Ye Family will definitely lose a lot if they survive because of you this time." Ye Nishang took a deep breath and tried to calm her mood.

She has to hold back and buy herself enough time to think of a way to get out.

"Hehe, before these things happen, I am an 'outsider', how much weight do I have to say? And, I don't know how many people like you have in the Ye family. Instead of alerting in advance, let you be alert, Keep lurking, it's better to let you jump out by yourself."

Speaking of this, Ye Chen glanced at the opposite Ye Sheng, "I came to the Ye Family, originally with hope, but this hope is gone, anyway, the Ye Family has long been rotten to the bones, using people like them who like to fight inwardly. It's always worthwhile to perform a thorough deboning operation on Ye Family's death."

"You are actually taking advantage of me!" Ye Nishang screamed, trembling with anger, and the full place kept undulating.

The waves are magnificent.

"Huh? What do you do so angry? We are enemies. Isn't it normal for enemies to use each other? Just like before, aren't you also using Ye Sheng and Ye Tanzhu to kill me with their hands? You can even guess your plan. First let your subordinates kill the disciples of Ye Sheng's line, and leave the people of Ye Tanzhu's line, and then drive them to kill Ye Lingtian, and finally put all this to blame Ye Sheng and Ye talk about bamboo.

As long as you return to the Ye Family with the Blood Conferred God Orb and the Reincarnation Star Stone, no one will doubt what you say, because you have brought back the hope of revival to the Ye Family.

After that, you and your master will quickly become the most important figures in the Ye family. With the reincarnation star stone in hand, the Ye family will definitely summon all the Ye's disciples scattered outside to gather somewhere.

And this place is the grave chosen by your Tiandao Palace for the Ye Family. "

Listening to Ye Chen's analysis and speculation, Ye Nishang couldn't help but shudder, and the beautiful eyes of Danfeng were full of shock.

He...he actually completely guessed the plan of their master and apprentice!

In the cognition of Tiandao Palace, that mysterious young man is an arrogant kid! Now it seems that under Ye Chen's arrogance, there is still a meticulous heart!

On the other side, Ye Sheng and the others were also shocked.

If it is like Ye Chen said, then Ye Family...

Thinking of this, these people couldn't help but feel a little grateful. Fortunately, they didn't dazzle their heads. At least they knew to let go of their internal fighting at a critical time. Otherwise, if they were

defeated by everyone and walked down according to Ye Nishang's plan, Ye Jiake would be really good
It's over.

"Ye Nishang, how many resources the Ye family has given away to your masters and apprentices over the years, I am really blind!" Ye Sheng gritted his teeth and said, "Ten thousand years ago, Ye Tan Shizu entrusted the blood seal beads to your masters and apprentices. Are you worthy of Sejo's sincerity?"

"Haha... we are not from the Ye family." Ye Nishang looked at Ye Sheng with a sneer at the corner of his mouth, "The matter is over, I am not afraid to tell you, the blood seal of the gods is just my master who killed the serious injury. Ye Tan just snatched it from behind."

"What!" Ye Sheng stared angrily, "You turned out to have killed Ye Tan Shizu."

"Otherwise? Do you think that the blood of the Ye family is really flowing through us?" Ye Nishang sneered.

Ye Shengman couldn't believe it, "This is impossible! So many bloodline tests, you obviously are!"

"Nothing is impossible, don't you know that in ancient times, there were many forces that studied bloodlines? They even worked out how to deprive others of bloodlines. As for disguising bloodlines, it's easier! Tiandao Palace has a lot of secrets."

Ye Nishang looked at Ye Chen, with a joke on his lips, "Ye Gongzi, are you right? You should have a good understanding of a special experiment."

"As for you, you shouldn't be the Ye family in some sense."

"It's a pity that I haven't brought your identity back to the palace owner this time, otherwise the palace owner must be very excited."

"By the way, let me tell you another interesting thing. The Palace Master has been to Kunlun Xu."

Ye Chen's eyes condensed slightly, he knew who Ye Nishang was talking about!

Lin Juelong!

He never expected that Heavenly Dao Palace controlled so much information! Even Lin Juelong's existence is known!

and many more!

What did Ye Nishang say just now! Xuanyuan Moxie has been to Kunlun Xu?

One is the Supreme Palace Lord of the Kingdom of God, how could he go to Kunlun Xu on the lower martial plane?

What is he looking for there!

Xuanyuan Moxie couldn't leave the Heavenly Dao Palace now, could it be before he became the Palace Master?

All kinds of mysteries flashed through Ye Chen's mind!

Chapter 2923: Represents the darkest world!

At this moment, Ye Chen felt that he had entered a huge vortex.

The truth of the whirlpool is confusing, and the only thing that can be determined is that it confirms the particularity of Kunlun Xu.

As for why Xuanyuan Moxie of the Heavenly Dao Palace went to Kunlun Xu, this can only be known by seeing Xuanyuan Moxie.

Could it be that Xuanyuan Moxie's reincarnation monument was obtained from Kunlun Xu?

It seems that when Yong Lao has confirmed the information of the Huaxia Reincarnation Profound Stele, he should also go there.

Ye Chen shook his head and stopped thinking about it.

On the other hand, Ye Sheng grasped what key points about Ye Chen and Ye Nishang's words, and looked at Ye Chen suddenly, breathing tightly, "What she said is true? Could it be you too... "

Seeing this, Ye Chen couldn't help looking at Ye Nishang and shook his head, with a helpless expression on his face.

This woman, it's time now, still thinking of instigating discord.

Bloodline fraud is possible, but... the magic circle that seals the reincarnation star stone cannot be faked. If there is no Ye Family bloodline on the body, the magic circle is not approved, that is, it will not be taken into it for inheritance evaluation.

Before that, Ye Nishang and the others were all sucked in by the magic circle and participated in the inheritance assessment.

Up to now, Ye Nishang hasn't understood that these people are all chess pieces of the Heavenly Dao Palace. They have Ye Family's blood flowing through them, but they have been adopted by the Heavenly Dao Palace since childhood and instilled by the people of the Heavenly Dao Palace, "You are not The Ye family is just thinking of going undercover.

But at this time, it's useless to say these.

Could it be that you told Ye Nishang that you were the Ye family, but you were kidnapped by the Heavenly Dao Palace to train as chess pieces, would they believe it? Can Ye Sheng and the real Ye family not be held accountable?

So Ye Chen didn't point out the matter, but looked at Ye Nishang with pity, and soon told Ye Sheng about the fraudulent bloodline. Of course, he himself admitted.

"Are you really not the Ye family? But what you did is clear..."

Ye Sheng glanced at the corpses on the ground around him. If Ye Chen was not the Ye Family, then why did he help Ye Family like this?

"I am not from the Ye family, and that doesn't mean he is not."

Ye Chen's eyes swept towards Ye Lingtian who was undergoing the baptism of the avenue, and said in a cold voice: "On him, there is the Abyss Condemnation Spear used by your ancestors of the Ye Family, the absolutely pure Ye Family bloodline. Now I know why I won't let you interfere with him. Right?"

The Abyss Conviction Gun.

As a disciple of the Ye family, I might not recognize it, but this name is definitely not unfamiliar.

Thinking of the things he had done before, and looking at it now, Ye Sheng couldn't help but feel very upset.

Not to mention the internal fighting, and deliberately targeted a heir who was approved by the ancestors' weapons, and even was almost instigated by spies, causing a big mistake...

If it wasn't for Ye Chen to be here today, I'm afraid they would only be able to wake up when they were dying.

Ye Sheng lifted a sigh and bowed his hand to Ye Chen, looking very serious: "Ye Chen, don't intervene in this matter, I will kill this woman myself. Now that Ye Lingtian has been approved by the ancestor weapon, then from then on, My Ye family appointed Ye Lingtian as the head of the family. Before the battle is over, please take care of it."

"That's best."

Ye Chen smiled, watching a movie or something, it is always more comfortable than doing it himself.

This Ye Sheng, at least not to the point where he could not be cured, the key to knowing what matters was serious or serious.

"Brothers, Brother Ye Tanzhu's death must be counted on this demon girl. If you want revenge, follow me."

After Ye Sheng finished speaking, he took the lead and went straight to Ye Nishang.

Budo Yiyun rises from the sky!

Although he was a level lower than Ye Nishang on his cultivation base, he still had the strength to fight as long as they were not too far apart.

Moreover, at this moment, he secretly burned his blood!

As the most outstanding disciple of Ye Family's main line, Ye Sheng's strength naturally cannot be underestimated, and under the full eruption, he did not fall under Ye Nishang's.

The two of you come and go, and the methods used are all Ye Family Clan's secret techniques. After several fights, the secret techniques used by both sides are the same. This kind of battle is obviously very interesting for Ye Chen.

As the battle continued, the four surviving disciples of Ye Tanzhu's line all joined the battle, and the five besieged Ye Nishang.

Ye Nishang was able to deal with one Ye Sheng calmly, but it was a bit difficult to deal with five opponents of the same level in one go.

Ye Sheng and the others are angry. Ye Nishang deceived the entire Ye family and even destroyed the Ye family, so they didn't keep their hands at all. They were all killer moves. Every time they attacked, they were taken away. Ye Nishang died.

A series of sword intent, and even the meaning of real martial arts spread to the entire small world, and even made a crack in the barrier.

Ye Chen knew that they were washing themselves away from shame.

Only by killing Ye Nishang, the things that happened in the ancestral land today can make them reluctantly lift their heads, and they will not be completely marked as 'weak, stupid'.

In the face of such a fierce attack Ye Nishang was obviously unable to stand up to it. Not to mention the steadily defeating, he even had only the power to block, it was difficult to draw half of the gap to fight back.

"I want to see how long you can hold on, it's time to hide it?" Ye Chen, who was watching the show with his hands in his hands, smiled deeply at the corner of his mouth, his eyes didn't last for a moment. Leaving Ye Nishang.

How could the person who was selected and sent in to **** the reincarnation star stone only have such a realm? Such a cultivation level is not enough to support the entire plan.

If Ye Nishang's companions weren't dead, perhaps it could be said that there were other plans, but those companions were all killed, so it seems that Tiandao Palace must have high hopes for Ye Nishang.

Those people firmly believe that Ye Nishang can steal the reincarnation star stone by himself in the ancestral land and complete this plan, so...

Therefore, Ye Nishang's strength is definitely more than just now!

The true strength of this under-thousand-year-old woman is definitely to crush people like Ye Sheng and Ye Tanzhu. Otherwise, Tiandao Palace would not send her to the ancestral land to implement this most critical link.

"Ye Nishang, you will die harder if you resist, you will die!" Ye Sheng shouted.

"Stop talking nonsense, you can't kill me with you."

Ye Nishang made a strong support posture, resisting Ye Sheng and the others' attack in a hurried manner, and strongly refused.

"boom!!"

Ye Sheng sacrificed a treasure box of one party, and when the treasure box made of four-sided divine jade appeared, it exuded an overwhelming blood.

This blood seems to represent evil! Represents the darkest world!

"I originally kept this box to deal with the Heavenly Dao Palace in the future, but now it's not a loss when I use it on you." Ye Sheng's face was ruthless, he raised his hand and knocked out the treasure box, and at the same time with the other four Join hands to inject spiritual power to completely refine Ye Nishang's income.

Chapter 2924: True strength!

"Demon Blood Nether Box!" Ye Nishang's face changed slightly, and something unexpected happened again.

Ye Sheng actually has this kind of evil thing on his body. The demon blood in this box can even contaminate ancient artifacts. Even those half-step heavenly gods are absolutely unwilling to contaminate this kind of thing. , The severe cases will be directly turned into blood.

It is said that there was a peak powerhouse who died in this artifact.

How could Ye Sheng have this thing?

It seems that the ancestor behind Ye Sheng is not as simple as he thought!

The blood-colored demon aura spread out from the ancient divine jade box. Under the urging of the four of Ye Sheng and the others, the treasure box formed a huge gravitational force, and Ye Nishang was completely taken in.

Equatorial Dao scars are constantly intertwined in the void, and Dao flowers like the flowers on the other side of the riverside of the river bloom in this space, murderously cold, and directly through the flesh, constantly stimulating the spirit of Ye Nishang.

Ye Chen, who was watching the battle not far away, was also shocked by the methods of Ye Sheng and the others. This guy was like an arrogant family, and he actually hid such a ghost in private.

It would be really hard to tell if this is to be given to someone abruptly.

"Keng! Keng!"

Suddenly, when Ye Nishang was about to sink into an unforgettable place, the mutation happened.

I saw the sound of metal crashing from the woman's body, and piece after piece of armor began to cover her bulging body, and the bright light isolated the **** demon around her.

She seemed to put on a pair of fairy gods battle clothes, and the golden glow illuminates the entire ancestral world.

Like a Valkyrie, her heroic posture, her snow-white skin and the golden armor are shining brightly, giving people a feeling of inferiority, so she dare not look directly.

"Om!"

The battle clothes protected Ye Nishang's body, allowing her to ignore the erosion of these **** monsters, but she did not stop and break free, instead, she took advantage of the trend and used her spiritual power to directly hit the monster blood box.

In an instant, the sky shone brightly, and the endless blood on the sky was shaken away on the spot, and the terrifying coercion swept the surroundings. Ye Sheng and the other four Ye family disciples jointly urged the monster blood box to explode.

"Boom!"

The treasure box cast with the tetragonal sacred jade was smashed, and the red clouds spread out suddenly, covering the sky, raiding the entire small world like a tornado storm.

Endless energy light surged wildly, and when he looked up, there was a mist of coquettish blood everywhere. Even Ye Chen had to activate the Red Dust veins and hold up a light curtain to prevent himself from being contaminated with the blood.

And Ye Sheng and the others, they all flew out all over the place. Facing Ye Nishang's power, even the Demon Blood Nether Box was so vulnerable. With just a few of them, how could they resist?

This is an extremely tragic picture. The fragmentation of the monster blood and the dark box forms a very terrifying law turbulence, wherever it passes, destroys everything, even the enchantment circle is lit up, and the dense rune pattern will move the sky. Woven into a coarse cloth-like picture.

"Puff!"

A handful of golden light rushed out from the blood mist and caught a disciple of the Ye family who was flying upside down. Ye Nishang's palm was like smashing a watermelon, killing him instantly.

The meaning of Zhenwu is extremely powerful!

On the other side, Ye Sheng reluctantly stood up, a wisp of blood spilled from the corner of his mouth, he stared blankly at Ye Nishang's companion who was killing him in a certain direction, a little disheartened.

"How can it be like this! The Demon Blood Dark Box has to retreat even the power of the Heavenly God Realm, how can she not be affected!"

This is Ye Shengbo's method at the bottom of the box, and when he takes it out, he has the heart to kill.

I didn't expect that even the treasure box would be directly smashed by Ye Nishang. For Ye Sheng, this was a huge impact. The spirit of the whole person was withered at this moment.

What makes him even more frightening is that Ye Nishang, a competitor who has always been regarded as the same level by him and Ye Tanzhu, has already stepped into the Heavenly God Realm, not the Chaos Realm he had seen before.

She... has been hiding the true cultivation.

"Forcing me to reveal my true identity, you all will die today!"

Ye Nishang shouted loudly, and the sharp voice was full of endless murderous intent.

Hundreds of feet away, Ye Nishang evolved into the world, a plain hand suddenly appeared in the air, suddenly grabbed the second Ye family disciple, and just like this, he squeezed him to death.

噗, the blood mist exploded, the form and spirit disappeared.

"Hehe, as if they didn't force you, you would let them go."

The next moment, Ye Chen moved!

His eyes condensed, his injury has recovered a bit, and the Red Chen divine veins opened!

Extreme Martial God flashes out!

In an instant, he rushed to Ye Nishang and blocked her attack on the third Ye family survivor.

Ye Chen held the evil sword in his hand, and on the surface of his body, seven layers of blood burst out. In the blood, a golden thunder flashed faintly, and that smooth hair, no wind, automatically!

At the same time, Ye Chen's eyebrows were shining, like a golden lake, and like a round of sky.

Cut out the evil sword!

The powerful sword intent came out.

The sword intent broke through the void, and under the blessing of the law of space and time, the electric shot shot out and pierced Ye Nishang.

"Shocked!"

Ye Nishang drank sweetly, his willow brows were upside down, his bare hands condensed the brilliance, and he clicked on the sword.

Two waves of light collided in mid-air. The center bloomed with dazzling brilliance. Fragments of the Dao Mark Law were scattered everywhere, tearing the space into numerous cracks.

And the most central position turned into a small black hole in the blink of an eye, and a space collapse was formed in a short time. If it weren't for the black hole formed by violently breaking the void, such a small collapse, it is possible that the entire small world will be destroyed.

The terrifying strength of the two of them, once they collided, it was enough to amaze Ye Sheng and others.

"With you, I can't stop me! This reincarnation star stone, I have to decide!" Ye Nishang said coldly.

"Hehe, if you can't stop it, you have to fight until you know it. So sure, you won't forget what happened before?"

Ye Chen smiled slightly and waved his hand to make Ye Sheng and the two remaining Ye Family disciples get out of the way. The three of them were already shocked by Ye Nishang's sudden soaring strength, and let them go down. Different from death.

"铮!"

Jianmang traverses the void, with great momentum!

"锵!"

Plain hand-painted moon, with a light touch of the lush white jade finger, is the horrible scene of the long river turning backwards.

The tit-for-tat, the avenue between heaven and earth, the battle between Ye Chen and Ye Nishang, completely subverted Ye Sheng's understanding of the word 'powerful', what is the battle of Tianjiao, this is it!

Ye Nishang, who has been hiding for nearly a thousand years, and Ye Chen, who is not well known.

The means and combat power displayed by the two of them completely exceeded their imagination. .

"Boom!"

A sigh of heaven was struck out, breaking all the sword light displayed by Ye Chen, the gods swayed, the jade hand was crystal clear, and the whole small world was shaken rumblingly.

Chapter 2925: Exit!

This is an extremely powerful jerk.

The power is so powerful that it condenses the mystery of the Taoism of the former sages. After practicing to the extreme level, it is impossible to break the galaxy with one finger.

But Ye Nishang played five times in a row!

The terrible energy impact turned the entire small world into a water-like water, the Dao marks continued to form water ripples, and the five Regret Heaven fingers bombarded one after another, and the heart-palpating breath swept the Quartet.

Since the two played against each other, the formation pattern that sheltered this small world has never been extinguished.

Ye Chen responded with six sword intents, and his understanding of martial arts became stronger and stronger with the meaning of true martial arts!

He even added his own insight into Feng Qingyang's Six Paths Sword!

Make the sword stronger!

The first sword broke Ye Nishang's finger, and the second sword broke another finger. Then, the third sword swept across the void, smashing the remaining three Kantian fingers in one breath, and the world became clear instantly.

Seeing this, Ye Nishang was surprised secretly in her heart. The secrets she had learned condensed the most essential part of the Heavenly Dao Palace and Ye Family's heritage. Such a regretful Heavenly Finger, I am afraid that I can't even hold a finger when I change it to another opponent. Let alone hit five fingers in a row.

You need to know that this is what she broke out in her peak state, not the attack that suppressed her own strength as before.

"The gods are angry!"

Ye Nishang raised his hand and scribbled Dao Mark, and displayed another kind of genius. A huge idol appeared behind her, with sword eyebrows and stars, glaring with majesty!

The magnificent idol raised his hand with a palm and pressed it down, his handprints covered half of the small world, but Ye Chen could not evade.

"Destroy Shinto! Open!"

Ye Chen's eyes condensed, and a beam of light went from bottom to top, instantly flipping the handprint, and following that, Ye Chen held the evil sword in his hand and turned into a black light, breaking through the suppression of the law of the small world at that moment. , Rose in the sky, and instantly broke half of Ye Nishang's shoulder.

噗!

Ye Nishang snorted, and the kite flew out like a broken line on the spot. Even if she controlled her figure at the last moment, she still spit out a mouthful of blood. The scarlet liquid stained the corners of her lips, which was charming and dazzling.

The white face was even more white because of the injury.

"Impossible! I fully respond to this person with the strength of the first level of the heavenly **** realm. Why can he be so powerful?" Ye Nishang felt extremely difficult to accept.

Suddenly, Ye Nichang's eyes shrank, and he looked at Ye Chen in horror!

He found that Ye Chen had broken through!

Ye Chen now turned out to be Zhan'e Nine Layer Heaven!

Just now, this kid actually broke through without paying attention!

The key is why there is no breath for this guy to break through?

Ye Chen outlines a smile at the corner of his mouth: "I broke through to Zhan'er Nineth Floor, you seem surprised?"

Ye Chen just fought with the two Heavenly God Realm powerhouses in the Underworld, plus the feeling of Lingtian Arrow God possessing him!

directly took his true martial meaning to the next level!

He didn't expect that he would break through while watching Ye Nishang and others do their work?

But when I thought of Ling Tian Arrow God, but against the existence of the demon!

What about the benefits of possessing one's body?

Ye Nishang is just one level of the heavenly **** realm, and now he has enough advantages!

The evil sword is sharp, and every time it is swiped, there will be a dull sound of breaking through the air. Even if it is just listening to such a sound, it will make people feel uneasy.

The brave power seems to be the coming of the **** of war, even if there is no armor to wear, Ye Nishang still loses.

The two sides have come out with magic skills, and many methods have not been seen by Ye Sheng and others. In the battlefield, Ye Nishang's decay had already appeared, and with Ye Chen's endless secret methods, the woman's heart was already cold.

She stepped into the Heavenly God Realm when she was less than a thousand years old. Such strength, coupled with the long-term lurking in the Ye family, gave her enough confidence, even conceit.

In the past, when I was in the Ye family, I watched the so-called geniuses fight each other. In Ye Nishang's eyes, those methods were nothing more than pediatrics.

She has always looked at those people with a downward attitude.

But today, she met an opponent.

"Om!"

When the mood was growing, Ye Chen turned his wrist, and the dark sword carried an extremely heavy blood, and the blood flashed. He used the blood burning technique, the power of the sky, etc., to be used together!

The continuously enlarged sword intent finally formed a giant like Optimus Prime, which hit Ye Nishang unstoppably.

Click!

'S tyrannical force caused a crack in the golden armor of Ye Nishang's body, and the whole person rolled out uncontrollably.

"How is it possible, this power..."

Ye Nishang's pretty face was white, and he kept coughing up blood while rolling, and before she could adjust, Ye Chen's second blow came!

"Boom!"

Shajian touched Ye Nishang with the killing intent.

"Puff!"

The golden armor on the woman's body was completely shattered, and most of her body was shattered. Ye Chen had already arrived first and raised his hand.

"Eye of the devil, six swords into one, open!"

Endless magic swept, as if to swallow the whole world!

A scarlet eye appeared!

is like coming from Jiuyou Hell!

Kill!

Bloodthirsty!

Too many strong men died in the entire small world, and the strong blood just used the eyes of the devil!

If you add six swords into one! What a layer of heaven in the Heavenly God Realm!

Ye Chen wants to cast a strong sword under the eyes of the devil!

"Not good!" Ye Nishang's pupils shrank sharply, and it didn't matter if his body was destroyed, and those who were strong in the realm of the gods could regenerate easily.

But if she can't escape this blow then she has absolutely no chance of survival.

This is the sword of the six ways!

The evolution of reincarnation, the profound meaning of the Great Dao blends into it, and there is even a hint of magic.

Ye Nishang desperately used the Secret Technique of Divine Mind, and wanted to regenerate the body in the shortest time, but at this time, how could Ye Chen give her a chance.

"哧!"

Sword Qi traveled through the void, cut two black cracks, and instantly arrived in front of Ye Nishang's head. At this moment, there was no more blood on the woman's face.

噗!

Six sword auras broke open the eyebrows and instantly shattered Ye Nishang's spirit and soul, and at the same time, he burst out murderously. The entire Zhenshou completely instantly turned into a cloud of blood mist, completely disappearing from the fragrant jade, and leaving no strands of hair!

The battle is over.

On the side of the reincarnation star stone, Ye Sheng and the others were still looking at it blankly, buzzing in their ears, and then suddenly regained consciousness after a long time.

When he looked at Ye Chen again, Ye Sheng's eyes were extremely complicated.

An outsider, in terms of blood, this is a real outsider, but he saved the entire Ye family at a critical time. And these people who have known themselves as geniuses of the Ye family since childhood and want to revive the entire family are only left. Only three.

I am afraid that even the Lord of Samsara would admire this kind of enchanting genius.

If Ye Sheng knew that the young man standing in front of him was the Lord of Samsara, he didn't know what he would think.

"Roar!"

Suddenly, a roar came out, the earth shook, and Ye Sheng and the others jumped. .

turned around and found out that it was Ye Lingtian.

"Hall Lord!"

Chapter 2926: The right to refuse!

Ye Lingtian, who had finished his baptism in Dadao, rushed to Ye Chen's side for the first time and held him.

Repeated battles, coupled with the severe injuries he had received before, Ye Chen had reached the time when he was weakest. Fortunately, at this time Ye Lingtian was out.

Ye Chen smiled lightly, "It's okay, I just take a rest, Ling Tian congratulates, and broke through again."

The ancestor worship was successful, and Ye Lingtian became the biggest beneficiary!

The key, Ye Lingtian's body is surrounded by extremely mysterious energy!

I am afraid that Ye Nishang will have the power to fight against the peak state!

This is what Ye Chen hopes to see!

His right hand man must be strong!

I don't know what happened to Yan Kun!

Yong Lao personally took Yan Kun's trial, which shows how much Yong Lao values Yan Kun!

Ye Lingtian exuded the meaning of ancient times, and said: "It is Ling Tian's mission to guard the palace lord! Ling Tian will be stronger!"

"If anyone wants to move the Lord, they have to ask me if Ye Lingtian can say yes!"

Benefiting from the Taoist insights left by countless sages of the Ye Family on the Reincarnation Star Stone, after the baptism of these Dao principles, Ye Lingtian jumped up and broke through several levels!

even reached the nine-layer chaos!

This kind of promotion speed is enough to make all the geniuses dull.

It can be said that in this very short time, Ye Lingtian achieved a cultivation level that others would take hundreds of years to complete.

However, promotion is too fast, and sometimes it may not be a good thing.

Ye Lingtian now has a powerful cultivation base, but he does not have a solid foundation. Once he encounters an enemy with an extremely terrifying cultivation base and cannot fight hard, he is likely to have problems first.

"This is the matter, you need to find a place to retreat and consolidate the foundation. The ten thousand-foot high-rise building is on the ground, but the foundation under the ground is the top priority." When Ye Chen sat down to adjust his body, he instructed Ye Lingtian.

"Don't worry, the lord, I have a sense of measure."

Now, there are only Ye Sheng and two disciples from Ye Tanzhu's line. After this ups and downs of battle, the relationship between Ye Chen and Ye Lingtian no longer needs to be concealed.

"Go and put away the star stone. After I have taken care of the injury in my body, we will return to the Linglong Pagoda."

After speaking, Ye Chen glanced at the three of Ye Sheng, Ye Chunzhi, and Ye Chunnong, and said with a smile but not a smile: "Why? Don't heal your injuries quickly, are you going to wait and drag your injured body through the black fog outside? Don't worry, I am not Ye Nishang, and I am not so murderous towards you people."

"you....."

Ye Sheng gritted his teeth, looked at Ye Chen with a complex expression, and looked at Ye Lingtian who had already begun to look for the star and took the star stone away. After all, he asked, "Who are you?"

No one will help others for no reason, especially like Ye Chen, who is desperate to help.

Ye Lingtian has now been recognized as the master of the Blood Conferred Orb, and just now, he handed the Blood Conferred Orb to Ye Chen again. The name of the 'Hall Master' was the subordinate relationship between the two. Needless to say.

But this is the problem.

Ye Lingtian is undoubtedly the greatest contributor to the ancestral sacrifice, because he passed the assessment of the inheritance ceremony, unlocked the seal of the reincarnation star stone, obtained the recognition of the blood seal of the gods, and mastered the family ancestor. The weapon of the year-the abyss conviction gun.

also received the biggest gift from the Ye Family's 'Ancestral Stone', and was promoted. You know, that's the Chaos Realm, not a low-level cultivation base, how can there be such a casual breakthrough!

After this battle, if nothing goes wrong, the Ye Family will probably appoint Ye Lingtian as the Patriarch, raise the sideline Ye Family banner again, and embark on the path of recreating the glory of the Ye Family at its peak.

But such a person, but appoints the young man in the Ninth Floor of the Evil Slashing Realm in front of him as the head of the palace. It looks like this is completely willing.

In this way, wouldn't the entire Ye family have to treat this person as their master in the future?

This is even a bit like the relationship between the Ye Family and the Lord of Reincarnation.

Ye Sheng once thought about whether this Ye Chen would be the Lord of Samsara in this life, but it was quickly eliminated.

According to his understanding and ancient books, the Lord of Samsara was taken by a woman, and his soul and spirit were destroyed, and it was impossible to return to Samsara.

is even less likely to appear in front of him.

"It doesn't really matter who I am, you just need to know that I am not malicious to your Ye Family."

Ye Chen, who closed his eyes and adjusted his breath, said lightly, without even looking at Ye Sheng, "Do you think there is anything in the Ye Family now worthy of my desperate conspiracy?"

Ye Sheng's face flushed, and these blatant words are tantamount to contempt and humiliation for every disciple of the Ye family.

But he couldn't refute it, because what Ye Chen said was correct.

The Ye Family now really has no conspiracy. Even if there is, it is not worth a young man with a bright future to gamble his life to fight and conspiracy.

But Ye Chen did just that.

Ye Sheng stalked his neck, unwilling to give up: "There is no malice now, it doesn't mean that there won't be in the future."

"Who knows the future?"

Ye Chen opened his eyes, his eyes burst out, looking at the core disciple of the Ye Family who had been quite arrogant the first time they met, and asked: "Even if I do have any thoughts about the Ye Family Do you have the right to refuse?"

Ye Lingtian was brought by me. Without me, your ancestors would still fail this time.

If this ancestral sacrifice fails again, the entire Ye Family's heart will vent. Faced with the full encirclement and suppression of the Tiandao Palace, it is impossible to wait until the next millennium.

To be honest, I am your greatest contributor to this ancestral sacrifice, because I have helped you find the descendants with the strongest blood from the Ye family, and I am still a young man with very good talent.

Even if Ye Lingtian is my subordinate, are you eligible to refuse?

Even if the ancestral sacrifice fails, what you should do at this time is to unite all and all the forces that may be united, and find all people who may provide you with help, even if they have requirements of the Ye Family, as long as they are not too excessive, Should be accepted.

Not to mention that we helped the Ye Family complete this ancestral sacrifice and lifted the seal of the reincarnation star stone. "

"But..."

"But what?"

Ye Sheng wanted to say something more, but was interrupted by Ye Chen very directly, saying, "If I were you, I would not consider my identity at this time, but immediately take care of my body, and then leave here as soon as possible and return to Linglong Tower. Inside.

Ye Nishang's death does not mean that the hidden dangers within your Ye Family are gone. Her master is more terrifying than her in the power of the Heavenly God Realm. Coupled with the infiltration of the Ye Family by the Heavenly Dao Palace over the years, do you think the ancestors Does success mean everything is well? ?

Ye Family, but they have not escaped from the crisis. What's more, if the people in Tiandao Palace know that the ancestor worship has been successful, they are afraid that they will be more vigorous to encircle Ye Family.

but that..."

Chapter 2927: Mo Xueming's plan!

Ye Chen's voice turned, and the corner of his mouth raised a touch of mockery, and said: "It's not to blame you, after all, haven't you been like this since you were young? Even though the family is shaky, they have never stopped talking to each other.

On the surface, he is extremely repulsive to external forces, and even took out some bloodline tests to prevent spies and undercover agents.

What's the actual situation? Needless to say, you have also seen it. Therefore, at this time, your mind has not been able to turn the corner, and you still remain wary of me, thinking that I want to use the Ye family or have other plans. This is normal. "

Ye Chen's words made Ye Sheng flush with shame.

Yes, even though the people of the major branches of the Ye Family have been calling for the revival of the Ye Family and reviving the glory of the Ye Family, the peak of the year, secretly, the rivalries and intrigues between the branches have never stopped.

The so-called blood test is just like a joke. Now that he thinks of Ye Nishang, Ye Sheng feels embarrassed.

ridiculed and ridiculed, with a series of facts, Ye Chen crackled his words, and he was so ashamed that Ye Sheng, Ye Chunzhi, and Ye Chunnong lowered their heads to find a gap in the ground and got in.

But the result is also obvious, even if he was arrogant and arrogant like Ye Sheng in the past, he no longer speaks much, and sat down obediently to regulate his body.

No matter how Ye Chen laughed at them, at least one sentence is correct: Ye Family, the success of the ancestor worship does not mean that Ye Family is out of danger.

Next, there may be even more dangerous situations waiting for them. If they can't survive this level and the whole army is wiped out, what is the use even if the ancestors succeed?

.....

At the same time, Hades.

Not long ago, the soul lamps of Mo Lang and Mo Handong shattered, leaving Mo Xueming, the master of the hall of darkness, silent for a long time, and the frowning of his brows revealed his uneasy heart.

In this short period of time, Qu Tan'er died first, and now he has lost two powerful sons. Even in Mo Xueming's eyes, these people are dispensable chess pieces. Their death will not let him. There is half sadness.

But such successive losses are still unacceptable to Underworld.

No matter how many chess pieces there are, there will always be a day when it runs out.

Especially, there is almost no interval between the deaths of Mo Lang and Mo Handong, and so far, he doesn't even know how his three subordinates died.

Qu Tan'er needless to say, Mo Lang and Mo Handong are both masters in the Heavenly God Realm. Looking at the entire God Realm, there are not too many people who can kill them one after another.

Thinking of meeting Ye Chen outside the Ming Palace that day, the familiar aura he felt from the young man, Mo Xueming was a little puzzled, but he was also very excited.

Because he was on Ye Chen, he not only sensed Canggu's genius doctor, but also some traces of other 'old people'.

Those are characters from ancient times, and they are characters who have been proven dead.

The traces of these people appeared on a young man. Others may not know why, but Mo Xueming, who alone has mastered a reincarnation star stone, is very clear.

He knows a legend about the reincarnation star stone, and if that legend is true, it means that the opportunity he has waited for a long time may be coming.

On Ye Chen's body, Mo Xueming saw the possibility of this legend being true.

This is why he deliberately explained that Mo Lang and Mo Handong should pay attention to Ye Chen, and could compete, but could not kill Ye Chen.

It's just that, judging from the current situation, the two sons who have always been able to take advantage of the Ye Family's reincarnation star stone this time have failed.

not only failed, but also lost people.

This is a headache.

Before he can figure out the situation, it is impossible for Mo Xueming to send other disciples of the Underworld to investigate the situation. Mo Xueming stood with his hand in his hand, standing at the gate of the Hall of the Underworld, his eyes staring at the distant starry sky, deep and cold.

"Perhaps, I need to take a trip myself."

.....

In the depths of the land of the leaves, inside the exquisite pagoda of the Ye family.

Since Ye Chen and the others entered the dark fog below to go to the ancestral land, almost all the Ye family elite personnel have gathered on the top level of the pagoda, and several ancestors have also sat here.

The ancestral sacrifice once every ten thousand years is related to the future of the entire Ye family.

Prior to this, the Ye Family had never interrupted the ancestral sacrifices, but never succeeded.

Every time the ancestral sacrifice fails, it means that the Ye's disciples will embark on countless years of escape, and enemies of the world!

Failure again and again, for the entire Ye Family, it is tantamount to scraping bones and fleshing out meat again and again. Today's sideline Ye Family, the Ye Family who once guarded the Lord of

Reincarnation! There are not many people left in the main line, and there are some people in the other branches, but there are not many strong people.

As for those affiliated forces, they have already fallen apart.

This time, the ancestral sacrifices are led by three chaotic peak Tianjiao, Ye Tanzhu, Ye Sheng, and Ye Nishang, as well as Ye Lingtian and Ye Chen, two enchanting figures with the peak power of Chaos. There are high hopes for the family up and down and in a sense, this is probably the last time the Ye family has gathered the only elite disciples of the whole clan to carry out ancestral worship. If this If you fail again...

Then probably the Ye Family will completely dissipate from then on, and annihilate in the long river of history.

When setting out, the Ye family was not confident enough, but there was still hope, but as time passed, when the soul lamps in Linglong Tower continued to shatter, people's hopes quickly dissipated. .

Now, thirty of the most outstanding young disciples of the Ye Family, the soul lamps are almost broken, only five are left.

Even the soul lamps of Ye Tanzhu and Ye Nishang are broken, which means that two of the three core disciples most valued by the Ye family have died in the process of this ancestral sacrifice.

This has to be a huge blow to everyone present.

can even be said to be a nightmare blow.

Is it going to fail again this time?

In the first place, the two ancestors of Ye Zigeng and Ye Xueqing had very ugly expressions, with a lot of sadness. Ye Ziming's face was also so good that he couldn't see where he was going. The loss was so great that this time the ancestor sacrifice would probably fail again.

In the crowd below, the faces of many Ye Family disciples are also full of sadness.

The Ye family's children selected are already the most outstanding genius among the young people of the Ye family's generation, but now they are completely damaged, and many of them are their best friends.

"Is there any hope?" A Ye's disciple whispered quietly to his familiar companion. .

"Who knows, in fact, we are already mentally prepared, right?"

Chapter 2928: crisis!

The same conversation also happened between Ye Ziming, Ye Zi Geng and Ye Xueqing, the three big Ye family.

The continuous withering of the core disciples cast a shadow over the hearts of these three ancestors.

Ye Ziming knew about the Jin Liang of his own disciple Ye Sheng. Although the soul lamp is now strong, indicating that Ye Sheng is in good condition, he does not think that Ye Sheng can also complete this ancestral sacrifice.

The two remaining Ye's disciples: Ye Chunzhi and Ye Chunnong, these are the brothers of a female compatriot, come from the line of Ye Zigeng.

Ye Zigeng also had no hope for the strength and luck of these two people.

The rest are Ye Chen and Ye Lingtian.

After entering the ancestral land, the two Ye family descendants who had ascended from Kunlun Xu had encountered some difficult battles during this period of time. Whether it was Ye Chen or Ye Lingtian, the soul lamp flickered for a while. The light and darkness proved that their life state for a period of time was very unsatisfactory.

But it's all back to normal now.

Especially Ye Lingtian's, the soul lamp was suddenly brighter not long ago, and the state is extremely exuberant. No one knows what happened, and they don't think this is a sign of the success of the ancestors.

The only thing I can do is wait.

Waiting is the most painful.

The waiting time is very tormenting, and the waiting without hope is even more torture.

I don't know when, all the Ye's children at the top of the pagoda became quiet. All of them learned the posture of the three ancestors, sitting cross-legged, practicing, trying to calm themselves, waiting for the final 'trial'.

Invisibly, a sad and desolate breath permeated the pagoda, and the desperate future suppressed the mind of every Ye's child.

The only thing that can make these people feel at ease is that when they open their eyes occasionally, they can see that the five remaining soul lamps are still bright without any fluctuations.

Maybe they will bring hope?

"Boom!"

Suddenly, the entire Linglong Tower shook, as if it had been hit hard by something. Everyone opened their eyes for the first time, and their faces were shocked.

"Enemy attack!!!"

The ancestor Ye Ziming got up quickly. He who was in charge of the Linglong pagoda quickly learned about the situation outside. There were no less than ten half-step Celestial Divine Realm and Celestial Divine Realm masters who entered this land of rising leaves. Yu.

"They are so aggressive, what should we do?" Ye Zigeng's expression was a little frightened. There were more than a dozen masters in the Heavenly God Realm. In the entire Ye family, apart from their three ancestors, almost no one could fight the enemy.

"It shouldn't be. In the past, during the ancestral sacrifice, even if we were to encircle and suppress us, we had to lay a net outside of the land of Juyeah, and never came into it to attack."

Ye Xueqing has a lot of hesitation in her eyes, is it true that the Heavenly Dao Palace is really ruthless this time, intending to completely exterminate the Ye family, and finish her work?

But it's impossible for them not to know the peculiarities of Horiha Land?

Except for the Ye Family bloodline, other warriors can't get in at all. Even the strong in the realm of Celestial God will be greatly suppressed here, and it is difficult to exert their true strength.

"Perhaps, we have reached the weakest time after all." Ye Ziming said with a wry smile.

I think that back then, when the ancestors of the Ye family had never sat down, there were at least a thousand masters of the Ye family at the peak!

There are even many powerhouses of higher realm!

But now, the entire Ye Family has only three of them left.

If they had pure Ye's blood, they would not be afraid of the enemies besieged outside Linglong Tower, because in this land of rising leaves, the strength of those people would be suppressed a lot.

But they are just the collateral branches of Ye's family. Even at the peak of that year, the children of these collateral branches didn't have much Ye's bloodline flowing through them. Now, they are even thinner.

Ye Sheng Ye Tanzhu, these core disciples who have the phenomenon of reversion of blood, the blood concentration in the body is only 'green' or 'green' in blood tests, and even the 'blue' concentration is not counted.

And Ye Ziming and their ancestors, the bloodline concentration is even less comparable.

Only Ye's children whose blood concentration in their body reaches the 'blue' or 'purple' level will not be affected in any way in this land of rising leaves, and they can exert their strength normally, which is impossible for others.

Therefore, these people in Linglong Pagoda, even the opportunity to rush out of the pagoda to fight back, can only do their best to inject their spiritual power into the pagoda, urging the pagoda to hold up a powerful light curtain to resist. Attacks by those outsiders.

"We must hold on, everyone insist, the Ye family in the ancestral land have not sacrificed all of them, we will not leave until they come out." Ye Ziming shouted.

It is a pity that these words are not enough to encourage the members of the Ye family in the pagoda, or even raise their spirits.

Many disciples know that Linglong Tower can isolate the Qi machine from tracking, but this is not invisible, and it takes a **** fight to escape in front of others' eyelids.

In the land of Horifolia, they can huddle in the pagoda like this to fully support the shield light curtain, except for the consuming spiritual energy, there is not much crisis.

This is also the reason why the people in Tiandao Palace will not enter this area to strangle the Ye Family's bloodlines since countless ancestor worship.

Of course, no one wants to do things that do more than half of the effort. What's more, as long as the land of the leaves is sealed in all directions, after the failure of the Ye family's ancestors, it is difficult to get out without taking off a layer of skin.

Now that it consumes spiritual power so much, even if they survive until Ye Sheng and others return from the ancestral land, what can they do?

The ancestor worship failed, and they consumed a lot of spiritual power. When they left the land of the leaves, it was when countless Ye family disciples died.

Revenge for the Lord of Samsara, it is even more impossible!

Judging from the enemy's offensive this time, everyone understands that Tiandao Palace is mostly determined to cut off the Ye family line this time. The thousand-year-old purge may no longer exist from today.

The shadow of death enveloped the hearts of all the children. Some people gritted their teeth, their eyes flashing with hatred and unwillingness, and they spared no effort to support the pagoda with their own spiritual power to withstand external attacks.

There are also people with flustered and panic eyes. They want to survive and save their strength. Therefore, they fish in troubled waters and want to have a bigger and more chance of survival when they wait to stand out.

"Boom!".

"Boom..."

Attacks outside the Linglong Tower one after another. Every time an attack comes, the entire pagoda will vibrate. The dull sound is like a heavy hammer hitting everyone's heart. No one knows when the next hammer will arrive, this pagoda How long can the protective light curtain last?

Chapter 2929: What a day!

The strong man in the heavenly realm, raising his hand to destroy the mountains and rivers, stomping the ground will also tremble a bit.

A figure of this kind, even if he is suppressed in the land of Horiba, he can definitely show his strength!

If Ye Ziming, Ye Zigeng, and Ye Xueqing were fierce and rushed out to fight, they would definitely be able to kill a few people, but in this way, the most powerful force of the Ye family would be consumed in advance.

This will have a great impact on the subsequent breakout operations, so no matter whether it is Ye Ziming, Ye Zigeng or Ye Xueqing, they have not taken any action yet.

Good steel always has to wait until the most critical time.

With the passage of time every minute, many of the Ye's children's power in Linglong Tower has been exhausted. After one batch, the next batch will be replaced. However, as the opponent's attacking rhythm accelerates, the passive beating is always It's a disadvantage.

"Puff!"

Finally, a disciple couldn't stand it anymore, cracks appeared in the light curtain, and a trail of traces overflowing between the gaps touched them, and the weak disciple turned pale on the spot, and his throat was sweet.

"It seems that they are really planning to catch it all in one go. We can't wait any longer, we have to leave immediately!" Ye Zigeng got up and said in a flustered expression.

"No, Ye Sheng and their soul lamps are intact, indicating that the ancestors may not have failed completely. We must wait for them to come out!" Ye Ziming rejected the proposal immediately.

At this critical juncture, the two of the Big Three had disagreements. This is undoubtedly a situation that made many Ye's children feel worse.

Ye Zigeng advocated to withdraw immediately, find a way to break out and preserve the last bloodline of the Ye clan, even if the line of Ye Ziming is included, they are just a sideline of the Ye clan in the past.

"Leave the green hills here, I am not afraid that there is no firewood. What is the use of carrying it here? Have you thought about it, this time they directly sent so many masters in, how many people will be waiting for us outside?"

has consumed the only remaining power here, even if Ye Sheng and the others come back, can we kill it again? "

Ye Zigeng's face was full of grief and disappointment: "It's not the first time that you and I have participated in such an ancestral sacrifice. In these years, which time did we not escape from the dead? Do we really want to completely cut off the entire Ye family?"

"Can't go!"

Ye Ziming just said this, although his face also has struggles and difficulties, but it is more determined and serious.

"Those juniors are fighting for the entire Ye family in the ancestral land. They haven't come back yet. If we abandon them and go, will we be considered alive and conscience?"

"You must be willing to have us all dead!" Ye Zigeng roared furiously.

"You can choose to save your strength, I will personally take action to withstand the attacks of these people outside, until Ye Sheng, Ye Lingtian and the other juniors come out, or... the soul lamp is broken."

There is no doubt that Ye Ziming is an extremely stubborn person at this point.

It happened that the Linglong Pagoda was under his control. Even if Ye Zigeng was anxious, it would be of no avail. It was impossible to attack Ye Ziming at this time.

"Ah! I am so angry!" Ye Zigeng slapped a palm on the table next to him, and the whole table was turned into powder.

"Brother Zigeng, stay calm. Since Brother Ziming has decided, then we will support him. We have reached this point. Arguing and arguing is useless. In my opinion, even if we leave now, we can escape. I'm afraid that the chances are minimal.

In that case, when and how to leave, what is the difference? The left and right are dead. It's better to wait here with peace of mind. When the juniors come back, even if they can't bring back the good news, everyone will have a few more companions on Huangquan Road. "

Ye Xueqing sighed softly.

After all, she was unstoppable. She was once a fairy with a crown of beauty in the world. Now she is late and yellow, and when she encounters such a desperate situation, the wrinkles between her eyebrows seem to be more.

The heavy words suppressed the atmosphere in the entire exquisite pagoda. Quietly, some emotional female disciples had begun to weep, and the sound of sobbing made people sad and uncomfortable.

"Ye clan's remnants, you can catch them with your hands. In the face of the Ye clan's ancestors in the past, I can show mercy and leave the life of the youngest baby in your clan."

Outside, a loud chant came in, rumbling like thunder, shaking many Ye's children pale.

"Surrender? My ancestors of the Ye family started from the strongest clan in ancient times and guarded the Lord of Reincarnation! The entire kingdom of God was once my Ye family! The Lord of Reincarnation took us to conquer the world, and never bowed his head after numerous hardships and dangers. You need to wait for mercy!"

Ye Ziming responded unceremoniously. With a tough attitude, he directly rejected the opponent's desire to surrender.

"The negative corner is stubbornly resisting, after all, the moths are fighting the fire, and the worms are shaking the trees!"

The speaker was full of breath, but the cold voice made people unable to admire.

"Now that the general trend is, Ye's lingering life has been a gift from heaven. This seat can represent the Temple of Heaven. It is up to you to choose the youngest child to survive. Don't make mistakes!"

"God, what kind of 'heaven' are you guys! If this **** is inconsistent, it will destroy all the creatures of the whole clan. Then what is the significance of such a god? Even if my Ye family is weak, to do that defying move, see if the spokesperson of the heaven chosen by the thief God has such a good mouth!"

Ye Ziming cursed loudly. As soon as this remark came out, he immediately greeted several curses:

"Presumptuous!"

"If you speak arrogant words, God is punishable!"

"In the end it is a sin-blooded barbarian, only worthy of ant pariahs living in darkness. They do not respect heaven, do not respect heaven, and have no heart to awe, so they can destroy the family and destroy the family!"

Don't ask, these people are all elders from Tiandao Palace.

This time, Xuanyuan Moxie sent a different elder!

The Temple of Heaven, which claims to be the spokesperson of Heaven, is naturally the most sensitive to this kind of 'great infidelity' language. After hearing it, immediate refutation has become their subconscious reaction.

can become an elder at the level of Tiandao Palace, and his cultivation is at least halfway through the Celestial God Realm, but this time, the Tiandao Palace has sent a number of people at once, and it is impossible to determine how many people are outside the land of the leaves.

This is obviously a very big handwriting.

Compared to when the Ye Family was strongest back then, this lineup could almost be ignored, but the Ye Family now has to face such an adversary, and also face the eye of countless other forces in the Kingdom of God, which is no different from a desperate situation.

"Boom!".

Ye Ziming's firm response that walked all the way to the black level finally annoyed these people. They launched a more violent attack. Even if they would be suppressed in the land of the leaves, these people are powerhouses in the heavens.

Under the repeated attacks, Ye Ziming couldn't bear it.

Chapter 2930: Cold eyes Ye family desperate!

"Boom!"

There was another violent tremor, and the people in the entire pagoda shook violently, and many of the disciples who had exhausted their strength directly fell to the ground.

Ye Ziming snorted, an abnormal flush appeared on his face.

The sweetness of his throat was quietly swallowed by him. He was one of the main bones. Ye Ziming knew that he had to hold it for as long as he could, at least... at least until Ye Lingtian and his juniors came back!

In fact, Ye Ziming still has some considerations in it.

It was not because of others, but because of Ye Chen and Ye Lingtian, especially Ye Lingtian. With Ye Lingtian, Ye Ziming saw the hope of the revival of the Ye family.

The weapon used by the ancestors, the weapon called the Abyssal Conviction Spear, has already recognized that junior son as the master, and the young Ye Lingtian possesses a powerful cultivation base.

Ye Lingtian is still alive now, as long as he returns, with the abyss conviction gun and chance, coupled with the blood concentration and potential, Ye Lingtian can ignore the laws in the land of the leaves.

may even change the game!

"Boom!"

Click...

The light curtain of the Linglong pagoda cracked dense cracks like a spider web, and bursts of cold aura entered the light curtain from those gaps, not only letting the Ye's children who are struggling to push the defense of the pagoda to keep bleeding, but also it made the rest of the disciples uneasy.

is so shaky, the opponent's offensive intensity has not fallen much, how long can it last?

Although the old ancestor Ye Ziming still has such a serious and old-fashioned face, his eyes are still firm, but his look is not reassuring.

The pale face and the muffled hum every time the pagoda was attacked all explained the physical state of the ancestor.

He can't hold on for long.

If the light curtain is broken, it will be difficult to hold on to the end just by relying on the defense of the pagoda itself, facing those peak powers.

"Huh, I have to see, how long can you carry it!"

"When the tortoise shell is broken open, this time I will kill a blood stream. Those who dare to rebel against the heavens will be blamed forever!"

Successive loud voices came, and the rumbling sound shook countless Ye Family disciples. It was not that they were timid and afraid, but that the opponent's strength was too strong. This kind of coercion was entirely a shock at the level of the soul.

is not controlled by their thoughts at all.

If it were not for the shelter of the Linglong Tower, if facing such an enemy directly, the opponent snorted, and a ray of energy revealed, it would make countless low-level disciples limp to the ground, and it would be impossible to stand up.

"Clang!"

The sharp metal collision sound is deafening. Inside the Linglong Tower, Ye Xueqing's face has also changed slightly. The opponents actually used weapons of this level. Do they want to smash the entire Linglong Tower directly?

The difficulties of the Ye family continue to this day, and there are not many good things left in the family.

Heavenly Dao Palace surrounded and suppressed for so many years, it has long been not purely trying to eliminate the Ye clan, but for the treasures of the town clan of the Ye family.

To destroy the Ye family's children was just their incidental. After all, to say something unceremonious, the current Ye Family, even if they let them all escape, it would not affect the Heavenly Dao Palace at all.

As long as they want, they can limit the development of the Ye Family at any time, just as they have always been doing.

Without living space, they can only practice in the Linglong Tower all day long, and there are not enough resources for cultivation. Even if the Ye Family is talented, it is difficult for the Ye Family to grow up quickly to provide shelter for the Ye Family, let alone the Heavenly Dao Palace. Wrist-wrenched.

This is also the reason why the elders of the Heavenly Dao Palace and other powerful people did not use weapons to attack Linglong Tower in the first place.

This pagoda, but a veritable treasure, can isolate the heavenly qi machine and avoid being estimated to be traced. This is a rare good thing for any force.

At a critical time, it is possible to extend the lives of the family children like the Ye family.

"Boom!"

There was another violent collision, and the protective light curtain that was struggling to support eventually shattered with a crash and was completely broken up.

The man who did the hands-on was named Dao Yan, a very high-level elder in the Heavenly Dao Palace, and the third-tier heaven in the Heavenly God Realm.

In the entire Tiandao Palace, the status is extremely noble!

The elders of the Heavenly Dao Palace, not all listen to Xuanyuan Moxie!

Only important things will be shot!

And this time, it is extremely important to Heavenly Dao Palace!

What he used was a long knife. After the sword qi splits the light curtain, all the subsequent power fell on the Linglong Tower, and the spreading sword qi invaded the Linglong Tower.

The ultimate Zhenwu meaning seems to break the limits of the entire Horiha land!

Terrifying!

"not good!"

Even if Ye Xueqing and Ye Zigeng reacted quickly and quickly opened the shield to protect the disciples around them as much as possible, many people still exploded into a cloud of blood on the spot.

As for Ye Ziming, he flew upside down on the spot and hit the wall on the other side of the tower, coughing up blood, his spiritual power was exhausted long ago, and half of the attack with this sword fell on him. On him.

"The remnants of sin and blood, this seat has already smelled your dirty blood!"

Daoyan licked the corners of his mouth, his broad face was covered with a beard, and he was wearing a white elder robe. He couldn't see the semi-gentleness, and he looked like a monkey crown.

"You old man, be careful, try not to ruin this secret treasure!" the person beside Dao Yan reminded.

"Hmph, if it is ruined, it will be ruined. This ancient pagoda has been in charge of the remnants of the Ye family for so many years, and every corner inside is full of that dirty atmosphere. I don't want to give it to this seat!"

Dao Yan snorted coldly, holding a long knife with both hands. This is a true artifact made of the Heavenly Star God Iron. It has been psychic with Dao Yan for many years.

Feeling the master's heart The long knife is also shaking lightly, and wisps of breathtaking waves come out.

"Hey, fellow daoists, don't you think it's weird? It stands to reason that we are on such an offensive. These remnants of blood and sin should have been fleeing desperately, but they have always stood by here and have not moved half of it. It's a bit tricky." An ancestor-level expert from other forces frowned.

"There is nothing to guess." Another elder of Tiandao Palace disapproved: "There are still little mice on the left and right that have not come out in the so-called ancestral land. These remnants don't want to leave the elites. That's good, just stay here. It's all here, saving a lot of trouble."

"This knife will send you to the west!"

"Om!"

With Dao Yan's full strength, it finally fell.

The sharp light of the knife illuminates the land where the gods have fallen, and the vacuum is broken. All the more than a dozen strong men around are holding their hands and watching this scene with a lot of time, wanting to see if this knife can kill Ye Family. how many people.

"哐!"

"Clang!"

Suddenly, in the dark fog below, a brighter light rushed out, wrapped in dazzling sacred radiance, like a flying fairy from the sky, it shot out in the sky, blocking this terrifying knife instantly.

"Old bastard, it's you who should go to the West!".

Along with this long howl, a proud figure rushed out of the dark foggy ground, with a few strands of black mist lingering around his body, hair flying, sword eyebrows erected, and glaring at Dao Yan. Et al.

"The remnants of the Ye family!" Dao Yan was taken aback. He didn't expect that his full blow would be stopped by a young man.
