

## Urban 2931

### Chapter 2931: Burning Wrath

"We are remnants, so what are you? You are the dogs of the Heavenly Dao Palace."

The person raised his hand, and the spear shook the ripples of the road, returning to his hand with a buzzing sound.

It was this gun that blocked Dao Yan's blow.

The spear exudes an extremely ridiculous atmosphere!

is the Abyss Conviction Gun!

Ye Lingtian shot!

The opportunity of the ancestral land, coupled with the terrifying abyssal conviction gun, and the bloodline is not suppressed at all, let Ye Lingtian have the qualifications for the first battle!

After doing all this, Ye Lingtian returned to Ye Chen's side and said softly and seriously: "Hall Master, you just protected Ling Tian, today Ling Tian will let you witness the ultimate power of the Absolute Ancient Divine Vessel with the Abyssal Sentence Gun!"

Ye Chen squinted his eyes slightly. He wanted to make a move, but considering the many elders of the Heavenly Dao Palace, his identity should be kept secret as much as possible.

In addition, he is also curious about how Ye Lingtian's strength is now!

just use these suppressed powerhouses to evaluate Ye Lingtian's current strength!

At the same time, in the Linglong Pagoda, all the disciples of the Ye family were stunned.

"It's Ye Lingtian and Ye Chen, they are back!"

After a short silence, everyone was boiling!

Ye Lingtian and Ye Chen return safely, what does that mean?

Countless times of ancestral worship experience told them that once the ancestral worship failed, the disciples who entered the ancestral land would die, but this time, they returned safely! !

The spirit spear cut off the sword gas, and the sky-shaking roar shattered the clouds!

The figure that rushed out from the dark mist below was killed with a terrifying blood. The speed was fast to the extreme, and the latter came first. Not only did it block the sword of Dao Yan, it also lay in the Linglong Tower with its true body. Between Dao Yan.

At this moment, both the people in the land of the leaves, or the strong people who spy on the periphery with divine minds, are all horrified. There is no him, because the people are not only cultivated and are not suppressed by the laws of the land of the leaves, but also because he represents An amazing thing:

Ye family, the ancestors succeeded.

In this place known as the 'Fall of the Gods', only the descendants of the Ye family's blood can be unaffected and play freely.

Ye Lingtian himself has the cultivation base of the chaos realm nine-layer heaven, plus the divine object such as the abyss conviction gun and the ancient \*\*\*\* vein! The overall strength is not much weaker than those of the elders of the Heavenly Dao Palace, but these elders have to be suppressed by the laws of this place, and can't exert their normal strength at all. Under the change of the other, the situation here is immediately subverted.

Ye Lingtian didn't give Daoyan and these people much time to be surprised. Under a long roar, his body enlarged, and the vigorous blood inside his body looked like a huge ocean, roaring and roaring.

An extreme sense of ancient times rose to the sky!

There is even an ancient idol floating behind him!

That is the ancestor of Ye Lingtian!

The power of faith is released at this moment!

At this moment, what about the elders of Tiandao Palace?

The meaning of endless coercion and horror spear fell directly! The nine-layer chaos elder who was locked by the Qi machine couldn't avoid it at all, his spear penetrated his body, and his soul was scattered on the spot.

Then, Ye Lingtian leaned forward and leaned forward, curling up an astonishing blood with his big hand, and patted the Dao Yan who had been dazzling in front of Linglong Tower.

Dao Yantian Divine Realm three-tier heaven, under the suppression of rules, can only exert the power of the Heavenly Divine Realm about one level!

Ye Lingtian, who is strong and unrestricted, is enough to fight!

The rumbling sound came under pressure, Dao Yan's face changed slightly.

The abyss conviction gun in Ye Lingtian's hands made him feel a hint of crisis!

As if this gun can judge oneself!

cannot be underestimated!

"Shenlong invites the moon!"

The elder yelled, grasping the long knife in both hands, gathered the spiritual power of his whole body, and slashed towards the violent spear intent.

flew out in a crescent arc, dragged the dragon-shaped body and ran into Ye Lingtian.

"Boom!"

The energy light exploded, and a powerful knife blocked Ye Lingtian's gun, but at the same time, a long spear on the flanks had swept across, and the sharp front was swallowed, and murderous intent was suddenly locked on Dao Yan's body.

"What is conviction! The words of the ancestors! Anyone who threatens the Ye family, I am eligible to judge!"

"Today, use your blood to sacrifice the dead Ye Family!"

"This is... not good!"

Daoyan was frightened, and an anger was suppressed in his heart: "The arrogant child, who is so despised of this seat, is the power of the gods, you said that you can kill in seconds!"

Facing the abyssal conviction spear that was swept across, Dao Yan swung the long knife cast from the Heavenly Star God Iron abruptly and stood in front of him to block it. At the same time, he pinched his hands to print a long knife phantom and slashed towards Ye Lingtian. Head.

Ye Lingtian's breath here is too strong! And there is the blessing of ancestral beliefs! The strength skyrocketed too much! Must be killed as soon as possible!

Clang!

The Abyssal Conviction Gun touched the long knife, and there was a deafening noise, and the terrifying power seemed to disperse the black fog in the dark fog below.

After this blow, Dao Yan kept retreating, but the spear was chasing like a tarsus maggot, and soon the second blow came.

"The Ye Family guards the Lord of Reincarnation, although the Lord of Reincarnation has fallen! But the will of the Lord of Reincarnation is still there!"

"Any ant is not qualified to shake!"

"Even Heavenly Dao Palace!"

Ye Lingtian yelled, bursting out endless blood!

This is the biggest insight he has had with the lord during this time!

Ye family has fallen so is his fault!

The fall of the Lord of Samsara was also his fault!

In this life, he will never allow it.

He must be stronger!

He wants to let out all his anger!

And Dao Yan will endure his burning anger!

"Boom!"

Daoyan's face changed instantaneously, and his opponent's strength increased a lot this time. The hands holding the long sword were severely impacted.

"The long star is full of glory!"

Dao Yan drank low, his brows gleamed, and he unfolded his strongest secret technique-Dao Realm.

This is a secret realm, realm, vision, field and the like.

Within the domain coverage, Daoyan's strength can be greatly increased, while the opponent will be very severely restricted, which can be said to be a step-by-step crisis!

However, such a field secret technique may still be useful in the outside world, but this is the land of the leaves.

itself has a strong force of suppressing the law, and the effect of such a field secret technique is also greatly reduced.

Before had time to unfold, it was pierced by Ye Lingtian with a shot, and the spreading wave pattern of the gun directly shattered the law of the field.

Daoyan's expression was pale, and the young man on the opposite side was like a fish and a tiger in this area. He tried his best to resist and attack, but he only slowed down the opponent's attacking rhythm and could not solve the fundamental problem. .

"Elder Diao, let's shoot together!!!"

In panic, Dao Yan couldn't resist the next shot, turned his head and wanted to escape, calling out for help to his companion.

Chapter 2932: brothers!

"Boom!"

Unfortunately, his cry for help did not have time to receive a response. Ye Lingtian's strength was so great that the Abyss Conviction Spear directly smashed Dao Yan's long knife, even cutting his body into two pieces.

The lower body fell into the dark fog, the upper body flew horizontally and was eroded into the body by the murderous intent of the abyss conviction gun, and it exploded into blood fog before he could stabilize his body in the air.

There was only a ray of spirits left and fled out in horror, and flew towards the outside of Horiba Land without looking back.

Ye Lingtian's breath continues to rise at this moment! The power of faith once absorbed is released at this moment!

He knows that after this blow, his foundation will be seriously damaged, but he does not regret it!

Because this is fighting to protect the Ye family!

This is to protect the lord beside him!

How could he let go of his anger.

He swept through the shocking weather, took a step forward, the mountains and rivers retreated, and caught up with Dao Yan in half a breath, and the power of the sky burst! The atmosphere of endless wildness fills the whole world! Easily grabbed Dao Yan's soul in his hand.

"I am the elder of Tiandao Palace, if you dare to kill me, Tiandao Palace will never die with you!"

Daoyan was so scared that Liushen Wuzhu had carried out the signboard of Tiandao Palace to save his life.

A strong person in the early days of the Heavenly God Realm, as long as the soul is immortal, he can regenerate his body with a drop of blood, and his cultivation is basically not damaged.

This is why he still wanted to escape even after his body was destroyed.

The title of Tiandao Palace may be very useful when placed elsewhere and in front of others, but here is the land of the rising leaves, and it is Ye Lingtian who catches Daoyan.

The two sides are mortal enemies, so why are they afraid of the Heavenly Dao Palace?

Facing Dao Yan's fierce 'threat', Ye Lingtian's response was to clenched his fists hard, his eyes filled with anger!

He glanced at Ye Chen not far away, and saw that Ye Chen nodded, his body's ancient power exploded directly!

"The Ye Family guards the Lord of Reincarnation for thousands of years! The fall of the Lord of Reincarnation is related to the Heavenly Dao Palace!"

"So today, I, Ye Lingtian, led the Ye Family to declare war on the Heavenly Dao Palace! Death!"

The blood is flooded! Ye Lingtian's extremely bloodthirsty eyes burst out with killing intent!

How to resist the weak Daoyan with only a ray of soul at this moment! Coupled with the constantly restricting rules around!

His mind and soul was gradually wiped out by this big hand like a grinding plate, turning into a little rain and slowly flying away, the elder of the dignified Heavenly Dao Palace, the person who cultivated in the early stage of the Heavenly God Realm, in the end, nothing was left.

Not far away, when Elder Diao, also from the Heavenly Dao Palace, saw this, he was frightened by Ye Lingtian's strength, but he was more angry.

Very angry!

The Heavenly Dao Palace is above the countless forces of the Kingdom of God, and there is a natural sense of superiority and the right to speak no matter where you go. Except for those who rebel against the heavenly path, who dares to punish the elders of the heavenly path in such a rebellious way!

Especially the Ye family.

Over the years, Ye's remnants heard about the three words Tiandao Palace, and their first reaction was to escape. When is it their turn to kill the elders of Tiandao Palace!

"Ye family remnants, you are speeding up the Ye family's extermination speed!"

Elder Diao roared, raised his hand to split a mountain, grabbed half of it and threw it out. This person followed closely, and his hands drew endless Taoist patterns, intertwined a large piece of martial arts charm between heaven and earth, like a huge spider web covering Ye Lingtian.

Ye Lingtian hated the people in Tiandao Palace. Even if the Ye family had a big fault, countless generations have passed. The entire Ye family has only these collateral branches, and the sin should have been dispersed long ago.

Not to mention the fact that the Ye family is not guilty. It is only because of the turmoil among the upper-level forces that they have to kill them like this. Every 10,000 years, the so-called Tiandao law is used to purify the people surnamed Ye once throughout the kingdom of God.

How vicious!

After Ye Lingtian killed Dao Yan, he turned his head and took the initiative to meet Elder Diao.

The vigorous blood rumbling like a blood dragon, billowing like a \*\*\*\* and thunder.

In this land of Horori leaves, he is the chosen one!

From Kunlun Xu, to Lingwu Continent, and then to China, he was a waste!

He has dragged down the Lord countless times!

He has countless days and nights of powerlessness, who can understand!

He even longed to return to the years of Jiangnan Province in China! At least at that time, the dark temple he owned could protect that young man!

After stepping into Kunlun Xu, he felt that he had lost the opportunity to support the Lord!

He watched the palace lord get further and further away from him! He is unwilling!

And now, under the power of faith and the rules of Rising Leaf Land, he knows that this is his chance to stand up!

This is his opportunity to perform in front of the Lord!

Although he is a courtier, he must be the strongest courtier around the lord!

This is the faith of the family!

Facing the big net of rules intertwined by the overwhelming Dao marks, Ye Lingtian's killing intent was condensed, and the meaning of true martial arts rose to the sky! Swinging the Abyssal Conviction Gun, the fighting spirit was magnificent and sharp, and the spirit of the whole person reached the peak state, and he was assassinated instantly.

"Stab!"

The big net was torn apart, and the endless essence on the sky collapsed.

Ye Lingtian, a man with a gun, is like an ancient \*\*\*\* of war who just emerged from the abyss of hell, with a terrifying aura covering all quarters and his killing intent!

Ye Chen stood in the crowd with his hands behind his back. As far as he could see, it was Ye Lingtian's way.

He was moved.

He really wants to tell Ye Lingtian He has never disliked Ye Lingtian's low strength, and he has no regrets about being the lord of Ye Lingtian!

Even, he never regarded Ye Lingtian as a subordinate, but as a brother!

Explore the territory together, brothers who sprinkle blood!

He vaguely remembers meeting at the Jiangcheng Yuhao Club!

Ye Lingtian knelt down on one knee and called him the lord!

He vaguely remembered how Ye Lingtian took the dark palace to protect himself when he was fighting with the president of the Jiangnan Provincial Budo Association in his most difficult time!

He is grateful for Ye Lingtian's protection!

is even more grateful to Ye Lingtian for his continuous efforts!

Ye Chen knows exactly what the price is for awakening the ancient \*\*\*\* veins!

Others saw Ye Lingtian's power and envy, but everyone present didn't know what Ye Lingtian gave!

Ye Chen clenched his fists at this moment, and his eyes were a little foggy. He swears that as the Lord of Reincarnation, he must protect everyone around him!

My last life, I fell!

In this life, he will definitely find the person who was constrained back then, no matter if the person is a \*\*\*\* or a ghost!

He will pull him down at all costs!

He wants to tell the world that he will never fight alone!

He and his companions are truly unattainable existences in this world!

"boom!".

The land of Horifolia, the sound of shaking keeps coming! Brought Ye Chen back to reality!

The abyssal conviction gun from the ancestors of the Ye family hit Elder Diao heavily. This person was wearing a battle suit. When the spear attacked, dense runes bloomed, trying to block the blow.

Chapter 2933: Back down!

But it doesn't work!

Ye Lingtian, who was directly promoted to the Ninth Level of Chaos Realm after being baptized by the Great Avenue, was at the strongest time. The power carried by the Abyssal Crime Spear banged on Elder Diao with a bang, and endless waves of air rolled.

The runes are in full bloom, and the light illuminates half of the land of the rising leaves. The brilliance reaches the extreme, and immediately...

"Boom!"

The battle clothes exploded suddenly, turning into countless fragments torn apart, each fragment carrying a trace of light, like a meteor shower, dragging a long tail towards the dark fog below.

It's not that this suit is not strong enough, but in this special place, it can't be supported by enough strength, how can it be able to resist the sharp edge of the Abyss Conviction Gun.

"what!!!"

The elder of the Heavenly Dao Palace yelled and tried his best to fight Ye Lingtian's shot. The battle suit on his body was shattered, which was beyond his expectation, but he did not give up.

Diao Mingde opened his mouth, and a small tripod flew out, and the three-legged two-eared bronze ancient tripod was enlarged in front of him. In the blink of an eye, it became a huge tripod with a height of several tens of meters, which was suppressed by Ye Lingtian's gun. past.

"Clang!"

The tip of the spear hit the giant cauldron, bursting out dazzling sparks, and bursts of road marks spread towards the four directions like water patterns. The giant cauldron shook slightly, and opened Ye Lingtian's abyss conviction gun.

"Huh! I have cultivated for thousands of years, and my background is endless. Junior, do you think you can be unscrupulous if you occupy the land here! I know you have strengthened yourself in a short time! This has a great price, I advise you Give up!"

Seeing that Ye Lingtian's offensive was temporarily resisted, Diao Mingde's slightly pale face finally showed a sneer.

"This tripod is made by the top blacksmith of the Heavenly Dao Palace. It has the power of suppressing the heavens and the earth. It is used to suppress the remnants of sins and blood like you. It is really overkill.

But, anyway, since you forced me to take out this Tian Shu Feng Ding, even if you die here, it is not in vain! "

"Get out!"

Ye Lingtian spit out fiercely, "Don't say it is a magic weapon refined by the top blacksmith of the Heavenly Dao Palace, even if Xuanyuan Moxie comes in person, in my ancestral land of Ye Family, I dare to fight with him for a few rounds. !"

"Presumptuous! What kind of thing are you, the lord of the palace upholds the will of the heaven and earth, and is the spokesperson of the heaven and earth, and you can insult!" Diao Mingde angrily scolded.

"That old man is your palace lord, not mine." Ye Lingtian said coldly, "I will not only scold him, if I have a chance in the future, I will kill him myself! Revenge for the Lord of Samsara!"

"Yellow-mouthed child, I don't know how high the sky is. The lord of the palace sits above the nine heavens, overlooking the kingdom of God, not to mention the future, but now, do you think you can go out alive?"

In addition to me, there are also many experts in the Heavenly God Realm from all over the Kingdom of God. Outside the Land of the Leaves, there are countless masters waiting to hunt down the Ye Family.

Could it be that you thought you would be invincible by killing Daoyan and others! "

Diao Mingde said and laughed, his wrinkled face was full of sarcasm.

At this time, he looked at the peak masters from other forces around him, and said, "Everyone, it's almost time to watch the show. Let's do it as soon as possible, and kill this ant together with you!"

The five great abilities of the first and second layers of the heavens from the other forces in the Heavenly God Realm looked at each other, but there was not much reaction.

In fact, they were also surprised by Ye Lingtian's performance.

According to the past situation of Ye Jiazhu's hunting of Ye's children after the sacrifice, nothing like today's happened at all.

In the eyes of these elder masters, Ye Lingtian's Chaos Realm Nine-tier Heaven's cultivation base is nothing. In the endless years, Ye Family has not never had such a master, but it has never been like today.

A person was killed, and he was not suppressed by the special laws of the Land of the Leaves. The dragon and the tiger fiercely killed the two elders of the Tiandao Palace in one breath.

What a trick this is!

Put it outside, an elder at the level of Tiandao Palace, if any one dies, it is a matter of heaven.

But I was here recently, but two people died one after another. The third person was just a tie with the young man. The result is still unknown.

In the past, those masters of the Ye family were almost the same as outsiders like them. They either relied on their own strong cultivation to be hard-topped by the law of the land of the leaves, or relied on the protection of the exquisite pagoda to get in the land of the leaves. freely.

Has there ever been a situation like today?

Originally, these people came in, that is, to support the Tiandao Palace. The main purpose was to expel Linglong Pagoda from here. When they were outside, it was the place where everyone showed their power and hunted the children of the Ye family at will.

The lesson from the past is right in front of you. Which of these old masters is not a human being?

The hair is empty, and it can be seen at a glance that Ye Lingtian didn't take much effort to kill the two elders, and it was still a question mark whether he even tried his best.

In this situation, Diao Mingde, the only remaining worship-level elder of the Heavenly Dao Palace, actually wanted them to join him. How could this be possible? In case he was unlucky here, he was killed, or simply, was dragged to death by this person before he died. , That's the worst.

Do you expect Tiandao Palace to compensate the sect after the incident?

After so many years The various forces in the Seven Kingdoms of God have long understood a truth: instead of believing that the Heavenly Dao Palace will compensate for the loss, it is better to believe that the sow can climb the tree.

Diao Mingde's proposal was not answered.

The five masters of the Heavenly God Realm all have a tacit understanding, and they do not respond to each other. Then the Fa will not blame the public. No matter how powerful the Heavenly Dao Palace is, it is impossible to deal with all the other forces in the God Realm at the same time.

Facing the silence of these people, Diao Mingde's face changed slightly, even if he was a little frustrated, "Several people, do you want to fight with the remnants of the Ye family?"

"No!"

One of the old people with silver hair and a crutch in hand shook his head slightly, and said solemnly: "Elder Diao, I'll quit first and make new plans!"

"Why?"

Diao Mingde's face was gloomy: "The Heavenly Path of Heaven's Scourge Order came down, and you all were recruited. This cleansing is going to be done once and for all. If you look on the wall in this way, if it reaches the ears of the Lord of the Heavenly Path, I'm afraid it will be difficult to be good. Right?"

"Elder Diao, it's just that I don't want to work hard, but we really have no advantage."

Another immortal old man sighed and reminded: "Elder Diao must not forget, this Ye Family, even if the strength of this Ye Family is ten thousand years ago, I can still perceive it. Inside the Linglong Pagoda, there are at least a few masters in the Celestial Realm.

Now just this little evildoer jumped out and easily killed the two great powers of the Heavenly Dao Palace. If I really wanted to fight them here, even if I tried my best, I might not win. "

Chapter 2934: Good good!

The old man holding the dragon-head crutches nodded: "Yes, the remnants of the Ye family occupy the best place here. We have no need to fight with them here. When we leave here, we are outside, facing the encirclement and suppression of countless forces in the entire kingdom of God. How can they live?"

"Unnecessary losses must be avoided." Another person said coldly.

Listening to these people what you said and I said that they just wanted to eat meat and didn't want to lose, Diao Mingde turned blue with anger.

Since you all know these things, why didn't you remind them earlier?

The two worship-level elders of the Heavenly Dao Palace died here, now they turn around and leave, and it has spread, what would those outside forces think!

It's okay not to think like this, but Diao Mingde becomes even more angry when he thinks this way.

Because of this incident, no matter how you look at it, it seems that you are a bit stupid.

However, when Dao Yan attacked the Linglong Pagoda before, the Ye family members were all huddled inside, without any counterattack. Such a weak state didn't seem like a force capable of launching a counterattack.

Is it possible... Ye family has been showing weaknesses?

If this is the case, then his call for everyone to work together is really unwise.

If the Ye Family used that junior youth as a bait, and let their masters in the early days of the gods swarm them, and then swept them all out, things would be big.

When the time comes, if these forces can't find Ye Family members, they will definitely have to seek an explanation from the Heavenly Dao Palace.

Thinking of this, Diao Mingde is also a little solemn.

"Elder Diao, let's avoid the edge for the time being. When we get outside, as long as we lay the net, this Ye family will not be able to turn the sky." Another persuaded.

Diao Mingde's face was cloudy or sunny, the Tianshu Fengding Ding still maintained a huge tripod body, and the Huanghuang Majesty suppressed the Quartet Dao marks in the Land of Juyeah.

After a long silence, he nodded slightly, with a bit of unwillingness on his face, put away the giant cauldron, turned around and retreated with the five old men.

Ye Lingtian saw this and didn't chase after him.

He just looked at Diao Mingde in the distance and said: "Tiandao Palace, pray, today is just the beginning!"

Ye Lingtian was holding the Abyss Conviction Gun, and with a vigorous wave, the tip of the gun drew a crescent-shaped divine brilliance. Immediately, with a palm, this divine brilliance slammed across the sky in the land of the leaves, and attacked Diao Mingde. Kill the past.

Not chasing and killing, does not mean that he will not disgust these people.

When        was hit, Ye Lingtian turned around and entered the Linglong Pagoda without even looking at the result.

When he came to the Linglong Pagoda, he came to a corner for the first time, unable to control it anymore, and vomited a mouthful of black blood!

How can his true strength shake those heavenly gods? It's just an overdraft of the power of faith!

This is also a great loss to him!

After his breakthrough, the foundation is still unstable!

is so strong, naturally there is a price!

But Ye Lingtian does not regret it.

At this moment, a voice sounded in Ye Lingtian's ear: "Still strong, take this pill."

Ye Lingtian smiled wryly when he saw the visitor, "Hall Master, I made you laugh."

Ye Chen shook his head: "Today, you made me look at me with admiration! Maybe I will smash the Heavenly Dao Palace in the future and rely on you."

Ye Lingtian's eyes condensed, a little excited: "Hall Master, do you really think so?"

Ye Chen didn't talk nonsense, and directly delivered the pill into Ye Lingtian's body: "I never underestimated you, you were once the overbearing king of Nanjiang! You are now too!"

"This pill is refined by the ancient medicine god, and it has a miraculous effect on your recovery. I will give you a silver needle later, and your injury will be better."

"My brother Ye Chen, don't allow anything to happen."

Ye Lingtian's eyes were red when he heard the word brother!

He has always thought that he is a strong man, but at this moment, he feels sore nose.

This kind of affirmation is better than everything!

"Hall Master, I..."

Ye Chen patted Ye Lingtian on the shoulder: "I'll give you acupuncture first, and go to the ninth floor together later."

"Also, if the Ye Family wants to choose you as the new Patriarch, they can't refuse. I don't want to be a Patriarch. Moreover, the Lord of Samsara in the past was also detached from the Ye Family."

Ye Lingtian wanted to refuse, but after thinking about it carefully, the palace lord might be hiding to the end. If he refuses, and instead elects Ye Chen as the head of the family, the Ye family will definitely doubt it!

He stopped thinking about it, and nodded fiercely: "Yes, the lord!"

.....

Half an hour later, on the ninth floor of the pagoda, Ye Chen, Ye Sheng, and two other Ye disciples who had returned from the ancestral land were all here.

According to the previously prepared statement, the rest of the Ye family had already learned about what happened in the Ancestral Land.

It's just that the deaths of Ye Tanzhu and Ye Nishang were only said to have been sacrificed because they failed to pass the test of the inheritance ceremonies. There were several people involved in matters such as the entry of outsiders into the ancestral land, infighting, and spies in the Tiandao Palace. Concealed it.

The reason is very simple. There are many people and the eyes are mixed. The whole Ye family is paying attention to the situation of the ancestors. If these things are announced without sufficient preparation, it will surely cause a big storm inside the Ye family.

Especially Ye Nishang's master Ye Xueqing, this is one of the most powerful people in the Ye Family, but she is a member of the Heavenly Dao Palace, if this is said in front of everyone Ye Family How can you live in peace?

Don't forget that now is the critical time when the Ye Family needs to work together to break the siege.

Fortunately, because Ye Lingtian showed great power outside the Linglong Tower, he killed the two elders of the Tiandao Palace with his own power, greatly increasing the momentum of the Ye family disciples. After Ye Lingtian returned, people's attention was on Ye Lingtian. Now, they are asking about the situation of the reincarnation star stone, no one pays attention to the sacrificed disciples.

Ye Chen breathed a sigh of relief.

Lying is something you cannot help but cross-examine.

As long as you don't pay attention to how Ye Tanzhu died, this matter will basically be no problem.

All cleaning must wait until the Ye Family is out of danger.

"Good, good!"

Ye Ziming tremblingly took the reincarnation star stone from Ye Lingtian, and the reincarnation star stone that surrounded the lustrous luster was densely engraved with the names of countless sages of the Ye clan. Many of the people represented by those names were present. Grandparents.

The shrunken star stone is crystal clear as a whole, and there are continuous visible Dao patterns spreading, and many elders of the Ye Family look at this treasure and their eyes are red.

"

How many years have passed, generation after generation of people have passed on and succeeded in sacrificial rites, after all, this generation has results. "

"Ye Jia Dangxing! Revenge for the Lord of Samsara finally saw a glimmer of hope!"

"The ancestor's weapon of the abyss condemnation spear is present, and now the ancestor worship is successful, and the family treasure has been unlocked. As long as we are free from the chase of the Heavenly Dao Palace, within a thousand years, the Ye Family will have a firm foothold in the first kingdom of God. Inside, it is not difficult to reproduce the glory of the ancestors of the Ye Family!"

Chapter 2935: Terrible background!

Ye Ziming, Ye Zigeng, these old people of the Ye family were very excited, and the turbid eyes of the past were filled with water, especially Ye Ziming, holding such a treasure in his hand, it was supporting the entire Ye family.

The reincarnation star stone itself is not heavy and can change its shape, but its significance at this moment is more than ten thousand.

The success of ancestor worship is a huge boost for the Ye family.

In the face of Dao Yan's attack before, only some ordinary disciples of the Ye family and Ye Ziming gritted their teeth to support them. They wanted to wait here for the results of the ancestral sacrifice to appear before leaving, so even with the shelter of the Linglong Tower, the defense shield was broken. Up.

Many Ye's disciples were seriously injured as a result.

But now it's different. If someone comes to attack again, then the entire Ye clan will urge Linglong Tower with all their strength. A dozen masters at the pinnacle of the Chaos Realm and the Heavenly God Realm will work together, unless the main force of the Heavenly Dao Palace arrives. , Otherwise, it would be difficult to destroy the entire Ye Family.

Soon, the most important figures in the Ye family gathered on the ninth floor of the pagoda. Ye Ziming announced a decision:

"In this ancestral sacrifice, the younger brother Ye Lingtian has a great contribution. Not only did he successfully pass the assessment of the inheritance ritual, he also had an excellent qualification for cultivation. He is less than a thousand years old, but already has the strength of the chaos realm nine-layer heaven, and it is for the Ye family. At the critical moment of the revival, I want to re-establish the position of the Patriarch of the Ye Family who has been vacant for ten thousand years, and this Patriarch is Ye Lingtian, what do you think?"

If it were before the ancestors, such a decision would naturally be without thinking about it, and there would be countless people who would oppose it.

Apart from anything else, didn't even let Ye Lingtian be the chief disciple of the ancestors, hasn't many people opposed it?

But it's different now.

The Blood Sealed God Pearl recognized the Lord. Ye Lingtian not only brought back the family's most precious reincarnation star stone, but also received its approval. Not long ago, he killed the two heavenly gods in the Heavenly Dao Palace in front of everyone. Elder.

Such a record, such a credit, there is absolutely no problem with being the new Patriarch of the Ye Family.

Even some of the Ye's children who are pregnant with ghosts did not say much.

After all, after the establishment of the new Patriarch, the Ye clan members in the entire Kingdom of God will gather. This way, the plan to destroy the Ye family will be easier.

Ye Ziming glanced around, and after confirming that there was no objection, he spread the Taoist tone throughout the Linglong Pagoda, so that all the Ye's children in the tower could hear clearly:

"From today onwards, Ye Lingtian has been the first Patriarch of the Ye family who has set foot on the road to revival after ten thousand years of fall! All children of the Ye family, from the ancestors to the newborn babies, will unconditionally obey The order of the new Patriarch!"

After finishing speaking, Ye Ziming turned around first, bowed to Ye Lingtian and saluted, "See the Patriarch!"

"Meet the Patriarch!"

Above the ninth floor of the pagoda, all the backbone of the Ye family saluted and shouted in unison.

Ye Chen is naturally not listed, but when he saw him, he still gave Ye Lingtian a message in advance, because he knew that with Ye Lingtian's personality, he would definitely not accept such a 'great gift' from himself, but at this time, he could not reveal the two. The situation between people.

Therefore, Ye Lingtian could only accept this gift properly.

nervous and uneasy.

Even the body was shaking.

"Elders, Ling Tian is still young, and the Ye family still needs everyone to work together! The top priority is that we need to find a way to leave here, escape the blockade and tracking of the enemies outside, find a place to cultivate and restore the Ye family vitality.

How did Ling Tian come here? I don't know much about the affairs of the clan, and I hope that the ancestors can take more trouble to break through. "

Ye Lingtian said while holding his fists in return.

"The success of our Ye family's ancestors must have been known to the outside world. This time we want to get out of trouble, I am afraid it will be several times more difficult than the previous few times." Ye Zigeng sighed.

"Yes, the Heavenly Dao Palace meant to destroy my Ye Family. The Patriarch just killed the two powerhouses in the Heavenly Dao Palace outside the pagoda. Now he will definitely become angry and deal with it twice." Ye Xueqing also said.

"Anyway, I must be more careful when I break through this time." Another Ye's old man said.

Ye Ziming saw this, his voice was low, and his expression was solemn: "We can all die, but the Patriarch must not have any accidents. Even if he tries his best, he must send the Patriarch and the Reincarnation Star Stone together."

"Brother, can I ask for the background information?" Ye Zigeng suddenly looked at Ye Ziming and asked.

Hearing what he said, everyone in the Ye Family who was present couldn't help looking at each other, with surprise in their eyes.

Background.

The word , for a family, means 'live and die'.

That is the power that can only be used at the most critical moment of the family's survival.

Before this, even if the ancestor worship failed several times, facing the encirclement of the Heavenly Dao Palace and the rest of the kingdom of God, the Ye family shed countless blood, and the Ye family rarely used the family heritage.

The reason is actually very simple. It's not that they don't want to use but... they dare not.

Family background, with the state of the Ye family over the past ten thousand years, it is definitely a 'thing' that is used once less once.

No one knows whether the next ten thousand years of ancestral sacrifice will succeed. If it is taken presumptuously, once the ancestral sacrifice is not successful, it will be difficult for the Ye Family to stand up when the real dead race is extinct after exhausting its heritage. The day is up.

Therefore, the use of the background requires the opinions of most of the Ye family, not just a single person.

"In the past, our ancestors failed time after time. With the effect of the exquisite pagoda to shield the heavens, we reluctantly used huge sacrifices to preserve the family fire every time.

But this time is different. The ancestors are successful. Everyone knows that the Ye family owns the reincarnation star stone. As long as we give us time, the Ye family has a great chance to recover.

The Heavenly Dao Palace and other forces in the Kingdom of God will not sit idly by, they will definitely work harder to deal with us.

Maybe at this time, there is already a net of heaven and earth outside the land of Horifolia. No matter how we divide our forces or cover important people, it may not be effective.

Therefore, the past break-through methods are not appropriate. We need an absolutely powerful force, not to mention that it can directly crush the outsiders, but it is definitely a force that can deter most people.

This kind of patrons and young people like them have a chance to escape. Ye Zigeng said very seriously.

This ancestral sacrifice, although his direct disciple Ye Tanzhu died, the elite selected by his line still retained two people, and these two people must be sent out together with Ye Lingtian.

In the future, this will be the core strength of the Ye Family.

Chapter 2936: Has fallen to this point!

Therefore, even if Ye Sheng from Ye Ziming's line is still alive, Ye Zigeng has put down his little abacus and carefully planned for the family, instead of thinking about how to save his life like the previous ancestors.

"Yes, I will ask an ancestor to come out, no matter what, let the ancestor protect the family head and leave safely. What about your other people's opinions?"

After a brief thought, Ye Ziming looked at the others and asked.

"Old ancestors, please understand, the hope of Ye Family's rejuvenation has appeared, and enough fire must be kept!" The powerful old Ye Family nodded together.

The background of the Ye Clan is sealed in the small enchantment in the Linglong Tower.

According to several ancestors, it can be regarded as the tenth floor of Linglong Tower. It is not big, and there are no furnishings or scenery. It is just a very ordinary small barrier.

If you have to say something special, it is that this small enchantment is very rich in aura, full of all kinds of heaven and earth treasures that can gather aura, and even a magic circle that gathers the aura of heaven and earth.

In the entire small enchantment, the aura is so strong that it almost turns into liquid. Even if you stand outside, you can feel the comfortable breath like a fairyland. With a gentle breath, the pores all over your body are relaxed, which is refreshing.

In the aura that can't be melted like water, there are three old people sitting cross-legged. Their clothes are all very old. The oldest person is even a figure tens of thousands of years ago.

may even exist in ancient times!

witnessed the fall of the Lord of Reincarnation and the rise and fall of the Ye Family!

The three old men, whose breath is almost so weak that they are imperceptible, are sitting cross-eyed like statues with their eyes closed. The only thing that can make people feel frightened is the terror pressure that automatically spreads out of these three people.

The peak of the heavenly god? Or... higher?

Ye Chen and Ye Lingtian looked at each other, their eyes were full of surprise.

"It's amazing, I thought Ye Shaoqiu would have been annihilated in the long river of history, but I didn't expect it to be a self-styled cultivation base and turned into a family heritage."

In Ye Chen's mind, Ling Tianjian's words came, full of wonder.

"Master, do you know these three seniors?" Ye Chen asked.

"I don't know the other two, but I am familiar with the person on the far right."

Lingtian Arrow God's voice was somewhat reminiscent, and he sighed: "He was a famous existence back then. He is a man of arrogant talent, amazing speed of cultivation, and a master of Void God Spiritualism. It's almost hard to find opponents of the same rank."

After a short while, Ye Chen got a lot of information about Ye Shaoqiu from Lingtian Arrow God.

Ye Shaoqiu, an outstanding Gedai figure from endless years ago, possessed a special physique-a virtual \*\*\*\* body, and became famous as a teenager. At that time, the Lord of Reincarnation and Ye Family were the real giants of the kingdom of God!

No one dared to shake it even in the upper realm and beyond!

Leaning against the big tree of the Ye family, Ye Shaoqiu grew up smoothly.

rose all the way, defeated countless masters of the same generation, and finally played the name of a Xutian Saint Emperor.

However, the term "Tian Jie Yingcai" is not just a casual talk.

Ye Shaoqiu was at the peak. When he traveled out, he was in a desperate situation. Although he finally returned from the trouble, he still left a whole body of injuries, especially the most serious road injury, which was almost incurable.

From then on, Ye Shaoqiu disappeared, and until the end, people never saw this person reappear.

Like many people, Lingtian Arrow God also thought that this person had been wounded and died, but he did not expect to be alive, and incarnate as one of the Ye Clan's heritage.

The so-called background is like this.

The family and sect have been passed down from generation to generation, and there will always be some amazing people. Among these people, some will die in battle, some will sit normally, but some will quietly hide.

Self-appointed cultivation base, self-appointed vitality, let the body enter a state of suspended animation.

This allows them to have an extremely long lifespan. In the future, if the family encounters any disasters or strong enemies, they can be awakened in the shortest time and exert their peak combat power.

Then...

At the end of the war, whether you win or lose, it is death.

Yes, it is death.

Such characters, they have lived for endless years with the posture of "fake death", maybe thousands of years, maybe tens of thousands of years, but once they are out of the state of suspended animation, then after they exert a powerful force, their life skills will quickly Elapsed, cannot survive for too long.

Years, invisible, intangible, but the most terrifying.

If you want to take more time from it, the more you will pay in the end.

This is also the reason why the background information will be used less and less, especially for the forces in the declining period. Such background information is very important, and it must be used on the blade every time.

Under the leadership of Ye Ziming, many Ye's disciples began to pay homage to these three ancestors. After three kneelings and nine knocks, Ye Ziming stepped forward and slowly moved his spiritual power to the old man Ye Shaoqiu.

"Boom!"

Within a moment, a tyrannical wave suddenly dispersed from the shriveled old man's body, forming a visible shock wave, spreading directly beyond the Linglong Tower.

"brush!"

When the old man opened his eyes, the golden glow in his eyes gleamed, and the terrifying aura immediately filled the whole land of the leaves. Some of the Ye family's children who were not well cultivated immediately fell to the ground, unable to withstand the powerful pressure. .

"Who would wake up the old man?"

A dull and hoarse voice came from As thunder blasted in the ears, many young disciples' heads were buzzing.

"Ye Ziming, the unscrupulous descendant of the family, has met his ancestors!"

Ye Ziming directly knelt down and knocked to the end.

"The ancestors, the ancestor worship that has plagued the family for thousands of years is successful today, and the family rejuvenation is just around the corner, but when the time is most dangerous, I am not sure enough to be able to escape the danger and reserve the fire for the family, so I wake up..."

唻!

Before he finished speaking, the old man in the ancient costume raised his hand and grabbed Ye Ziming directly in front of him. Then, his finger touched Ye Ziming's forehead.

When the other Ye family children saw this, their expressions changed slightly, but they soon became quiet.

Because this old ancestor is actually reading the memory of Ye Ziming's ancestor.

"Sure enough, just like the rumors back then, this person hasn't changed at all." Ling Tianjian said with a smile, "He couldn't listen to other people's verbosity back then, and often read other people's memories like this. For this reason, it was almost Make yourself confused."

It goes without saying how complicated his memory is for a character who has lived for so many years. Reading it directly in this way is tantamount to experiencing what others have experienced.

Two different memory collisions can easily cause cognitive confusion. .

This is still when others do not resist. If the person being read resists intentionally, the danger of reading the memory is even greater.

After a short while, the old man learned the specifics of the matter from Ye Ziming, and his gray hair stood up, "Huh, one generation is inferior to one generation, my dignified Ye family has fallen to this point!"

Chapter 2937: Horror comes out!

The old man pushed Ye Ziming away with a light palm, glanced at the crowd with those deep eyes, and became angry again, "These are all crooked melons and jujubes, there are not many of them!"

Hearing this, all the Ye's children present were a little embarrassed. Even if they were unconvinced, they could only grieve their faces. Facing such ancestors, they were not qualified to refute.

"Huh? It's a miss, there is still a good one." After the old man's eyes swept around, he suddenly fell on Ye Chen's body.

"Huh? No, why is this kid a bit like your Royal Highness?"

The old man's eyes suddenly shrank, his spiritual sense penetrated into Ye Chen's body, but he found nothing.

The shelter of the reincarnation cemetery, how can he find it casually!

The old man frowned and shook his head, dispelling the bizarre thoughts in his mind, and said:

"You little guy, with good qualifications, even if you look at the ancient times, you are by no means ordinary people."

The old man Ye Shaoqiu narrowed his eyes and nodded in satisfaction.

In his eyes, it seems that Ye Chen is the only one, and the others are all rubbish.

"what!"

"The ancestors actually added blue eyes to him?"

"How is this going?"

The people around were shocked.

In the family competition just now, although Ye Chen also showed good strength, his sharpness was obviously not as good as Ye Lingtian.

But now, Ye Shaoqiu doesn't care about others, only looking at Ye Chen.

"This old guy has a nasty look."

Ye Chen grinned.

The ancestor of the Ye family is worthy of being a big figure of the old monster level, and he can see his extraordinary aptitude at a glance.

Fortunately, he just covered all the breath with the reincarnation cemetery.

Otherwise, Ye Shaoqiu will definitely find that he is the Lord of Reincarnation!

If discovered, the consequences would be disastrous!

Although Ye Shaoqiu can't see through Ye Chen's details, with a bitter vision, he is convinced:

This son is extraordinary!

Given time, it will surely shake the ages!

Ye Lingtian was left out in the cold.

However, Ye Lingtian looked at ease and stood aside with his hands down.

There are no complaints!

He is Ye Chen's arm.

respect Ye Chen!

just revealed his sharp edge, he still feels uneasy.

Now that the old ancestor was born, he cast a blue eye on Ye Chen, but he was relieved.

was afraid of being too sharp, and defeated the friendship of the minister.

Although Ye Chen doesn't mind, he feels sorry for it.

"If I didn't guess wrong, my Ye family, only you can solve this catastrophe."

Ye Shaoqiu carried his hands on his back, with sharp eyes, as if he wanted to see through Ye Chen.

But he faintly felt that there was something covering everything about Ye Chen.

Not even fate can be broken.

It is by no means ordinary people who can have such means.

"Senior praised me too much."

Ye Chen smiled slightly, he didn't want to be too pushy.

But the surrounding Ye family members, hearing Ye Shaoqiu's words, were already in shock.

Outside the land of the leaves, I don't know how many strong people are around.

Only when the Ye family rushed out, could they escape and seek respite.

Ye Ziming, Ye Zigeng and others are all looking forward to their ancestors personally taking action to repel the enemy tide and turn the tide.

But unexpectedly, Ye Shaoqiu actually said that only Ye Chen can solve this catastrophe.

"Little guy, if I can do it, how can I still need you?"

"The old man just woke up, his breath is still unstable, only let you take action."

"Stop talking nonsense, the enemy is waiting outside, if we stay behind, we will all turn into fly ash."

Ye Shaoqiu flipped over his palm, and a simple jade slip emerged.

"The jade slip recorded in this jade slip is one of the 33 Tianhong Mongolian methods, called Tianlong Bashen Yin. You can practice quickly and kill the enemy with the power of the Tianlong sound, so that we can escape from birth."

"Thirty-three days of Mongolian law!"

Hearing this, Ye Chen's heart was shocked, and his spiritual thoughts secretly spread to the reincarnation cemetery, and asked Ling Tianjian Shendao: "Senior, what is the thirty-three days of the Mongolian method?"

"Unexpectedly, unexpectedly, Ye Shaoqiu actually hides such a powerful magical power!"

Ling Tian Jian Shen's surprised voice spread to Ye Chen's sea of knowledge:

"The Thirty-Three Heavens Hong Mongol Method is the 33 secret methods condensed by the Hongmeng original energy when the heaven and the earth first opened!"

"This kind of secret method is not created by humans, but created by the creation of heaven and earth. Each of them has the power to shake the universe against the sky and destroy all realms."

"Even if it's me, I don't have Hong Mongol method on hand."

"Unexpectedly, Ye Shaoqiu has such a powerful supernatural power."

"Thirty-three days of Mongolian law?"

Ye Ziming and Ye Zigeng exclaimed in unison, with deep shock in their eyes.

Ye Xueqing beside        also said in shock:

"Old ancestors, you, you...you have such precious things on hand!"

Obviously, none of them knew that Ye Shaoqiu had such a heaven-defying existence in his hands.

"The background of our Ye family is not something you can imagine."

Ye Shaoqiu sniffed and threw the jade slip in front of Ye Chen:

"Boy, you drop your blood to practice."

"The power of this kind of cheat is simply against the sky, I see the entire Ye family, and only your qualifications are reasonable and can withstand the power of ancient law."

"is it?"

Ye Chen held the jade slip, his eyes twinkling.

He originally wanted to keep a low profile, so as not to expose himself, but after hearing the words of Ling Tian Jian, these 33 days of Hong Meng Fa seemed to be very powerful, he didn't want to miss it.

"Old ancestors, such precious cheats, you can't just hand it over to a junior to practice."

Ye Ziming hurriedly jumped out to block.

"Why, you are capable, have you practiced?"

Ye Shaoqiu sneered coldly: "I see your old bones, if you get a hint of humongous breath, I'm afraid it will turn into pus in an instant."

"....."

Ye Ziming was at a loss for words.

Indeed, the thirty-three days of the Mongolian method, each of which has the power against the sky.

Just practice, you have to endure tremendous pressure.

If you don't have strong aptitude, you will die if you touch it.

"Boy, do it, the life and death of our Ye family is up to you."

Ye Shaoqiu narrowed his eyes and said.

rumbling!

Outside the land of Horifolia, there were roars.

Obviously, I don't know how many powerful enemies are surrounding the gods, trying to slaughter the Ye family and \*\*\*\* the reincarnation star stone.

"Senior praised me, I will do my best."

Ye Chen arched his hand, bit his fingertips immediately, and blood dripped on the jade slip.

Wow!

The monstrous brilliance bloomed in an instant.

The ancient aura is longer than the ancient times, and even more mysterious than the ancient times, rolling and surging.

The aura contained in this jade slip is very ancient and contains the mystery of the beginning of the world, which is shocking.

A line of Mongolian characters, like a flying butterfly, fluttered out of the jade slip of Guanghua, lingering around Ye Chen's body.

"Hong Mongol Method, Heavenly Dragon Eight God Sound!"

In a short time, Ye Chentii gave an initiation and felt the majestic grandeur.

This jade slip is very strange.

After Ye Chen drops his blood, he can automatically cultivate the magical powers recorded in it, without having to study hard by himself.

Eight ancient syllables, with a loud sound that shook the kingdom of God and resounded across the world, they were deeply blasted into Ye Chen's sea of knowledge.

boom!

In an instant, Ye Chen felt that his head seemed to be exploded.

The mighty golden light burst out from his body.

The golden light was tossing, forming eight dragons.

Zhang teeth and dancing claws, majestic and majestic.

Pain!

huge pain!

Ye Chen's head is about to split The sound of the dragon and the eight gods is so majestic that it almost burst his head.

"The blood of reincarnation, the meaning of true martial arts!"

Ye Chen sat down cross-legged, took a deep breath, blood boiled all over his body, and the energy of reincarnation blood radiated out, suppressing his own disordered breath.

"Almost, break through, rush out!"

Ye Shaoqiu's eyes were sharp, and before Ye Chen could comprehend it, he gave the order.

"Ancestor, temple... Ye Chen hasn't practiced well yet."

Ye Lingtian looked worried.

At this time, Ye Chen, sitting cross-legged, surrounded by the Mongolian characters, and eight golden dragons, the weather is very huge.

But, seeing his eyes closed tightly, it is obvious that he has not finished his cultivation.

"Don't worry, rush out!"

Ye Shaoqiu carried his hands on his back, as if he was in control of everything.

Without waiting for Ye Ziming, Ye Zigeng, and Ye Xueqing to do anything, Ye Shaoqiu waved his big hand, and a wave of vast aura spread out, and the whole exquisite pagoda oscillated and burst into colorful light.

rumbling!

In the next instant, the Linglong Pagoda whizzed across the void and flew towards the outside of the land of the leaves.

At the same time, the entire First God Kingdom and the Nine Heavens God Dragon Hall spread an extremely terrifying shock! !

Something extremely terrifying is about to come out!

Chapter 2938: Ye Chen is powerful!

On the edge of the leaf land, crowds of black and heavy people, like a flock of ants, guarded.

The worst cultivation base all have the early stage of Chaos.

There are several auras that soar to the sky, and they have reached the point of heavenly gods, such as the elder Diao Mingde of the Tiandao Palace, and several powerful giants who have just broken into the land of the leaves.

Pieces of weapons, ancient artifacts, unique artifacts, and even extremely rare Taoist artifacts are blooming with brilliance, reflecting the sky, and the scene is magnificent.

Inside the Linglong Pagoda, the Ye family took a breath as they looked at the black and heavy repairers outside.

How can this iron barrel-like formation rush out?

Can Ye Family really survive?

How should the belief in the Lord of Reincarnation go on!

"Out!"

A sharp shout sounded, it was Diao Mingde.

In the land of the leaves, the cultivation base was suppressed, and after witnessing Daoyan being killed, the power of several gods could only retreat.

In desperation, he had to retreat outside, waiting for the opportunity.

is densely packed with people who want to \*\*\*\* the reincarnation star stone.

In addition to the Heavenly Dao Palace, there are the powers of the First Kingdom, the Second Kingdom, and even the rest of the Kingdom.

"Destroy the Ye Family and \*\*\*\* the Reincarnation Star Stone!"

I don't know who shouted, everyone was boiling, and one after another they sacrificed magic weapons and smashed them toward the exquisite pagoda.

Inside the exquisite pagoda, Ye Sheng and the other disciples turned pale, how could they resist such a big battle?

And Ye Lingtian's palms were also sweating.

Although his strength has reached the nine levels of the Chaos Realm, the power of faith has disappeared. It is impossible for him to be as strong as before. Facing this siege like a tide, he is helpless.

"My Ye family, is it going to be destroyed here?"

Ye Ziming's body was trembling, his eyes were solemn, and he looked at Ye Shaoqiu with a little panic.

"What to panic."

Ye Shaoqiu snorted, glanced at Ye Chen, and muttered:

"Boy, it's up to you."

"唵!"

In vain, Ye Chen opened his eyes.

An ancient syllable came from his throat.

This syllable is full of the wild atmosphere of the beginning of the world.

Ancient, mysterious, and mysterious, not to look up.

Every bone, every meridian, and every pore in Ye Chen's body was shaking.

This syllable was not simply emitted from the throat, but mobilized the power of the whole body.

even with a hint of reincarnation!

The reincarnation bloodline broke out, the red dust divine vein, the Lingfeng divine vein! Even a part of Yan Stele's power was called by Ye Chen!

The power of reincarnation makes this power stronger!

Ye Shaoqiu's eyes were slightly lost, he found that the power that Ye Chen released exceeded his imagination!

Even the look and actions at this moment are a bit like the Lord of Samsara!

He stared at Ye Chen quite carefully, but he looked more like it!

"How can this be...impossible! The Lord of Samsara has fallen! This is impossible!"

He shook his head and suppressed the thoughts in his heart again!

Wow!

Wow!

Wow!

In the void, layers of ripples appeared.

The syllable broke out, actually shaking the void.

The magic weapons that came flying in were all attacked by the sound waves, and they actually stopped in the air.

"噫!"

"Ba!"

"It!"

"Ba!"

"Hey!"

"Hey!"

"Moo!"

"Woo!"

"波!"

Ye Chen suddenly got up, the billowing syllables vibrated wildly.

The violent sound-killing aura turned into flying knives, sharp swords, crossbow arrows, Shura, bone spurs, etc., flooding out all over the world.

"What sound is this?"

Outside the pagoda, everyone was deeply shocked.

Under the impact of the strong sound killing, the weapons in their hands actually showed signs of losing control.

"唵, 唵, 唵, 咩, 咩, moo, 啾, 啾!"

"The Eight Gods of Heavenly Dragons, Foguang Zhentian, if I smell it!"

Ye Chen's eyes are like electricity, and the ancient sounds are surging out.

His whole person, as if incarnate into an ancient Buddha, the golden light is mighty, with the sound waves rushing out, there are eight extremely bright five-claw golden dragons.

Ye Chen knows very well that this spell is most effective only when it is cast in the land of the leaves!

There is part of the luck of the Ye family here!

Thirty-three days of Hong Mongol method, it is not used casually!

There are too many restrictions!

Since it can be displayed here, then Ye Chen must use it to the extreme!

As the Lord of Reincarnation, the Ye Family protects himself, and he should also protect the Ye Family!

Even if the current Ye Family is no longer the same Ye Family!

Roar!

The loud dragon chants pierced the sky.

"Ah, it is actually the legendary thirty-three days of the Mongolian method, the eight gods of the heavens!"

"Cover your ears!"

"Be careful!"

Someone recognized Ye Chen's sound killing magical power, and suddenly exclaimed.

The mighty sound waves impacted everyone's mind. Some people wanted to cover their ears to resist the sound waves' attack, but it didn't work at all.

These ancient syllables, with strong penetrating power, seem to reach the human soul directly.

Everyone, there was an eternal shock.

In front of his eyes, there seemed to be an unpredictable and impermanent atmosphere.

哐当, 哐当, 哐当!

Pieces of ancient artifacts, unique artifacts dropped to the ground.

Under the impact of the Tianlong Eight Gods, everyone lost control of the magic weapon.

The huge pressure of Ye's family suddenly collapsed.

"Break me!"

Ye Chen flashed to the outside of the exquisite pagoda. He looked down at the dense crowd in front of him. He yelled up to the sky, and the rolling syllables were like thunder, blasting out wildly.

Eight dragons, twisted and strangled, formed a dragon pillar, which penetrated fiercely.

boom!

The enemy tide ahead was blasted through instantly.

The strong person whose cultivation level is below the middle stage of Chaos Realm is directly shaken to death by the endless sound.

A corpse fell to the ground.

"What a terrifying power!"

Everyone witnessed this scene and was deeply shocked.

A sound killing magical power, unexpectedly has such a powerful power.

One syllable can kill people.

What a terrifying picture this is!

There was a gap in the originally dense encirclement.

"Take advantage of this, rush out!"

Inside the pagoda, Ye Shaoqiu's eyes were condensed, and he immediately controlled the Linglong pagoda, leading the Ye family members, and quickly flew out.

Although this Tianlong Eight God Sound is powerful, it takes a huge breath to display it, and it is difficult to hold on for a long time.

Ye Chen swept his body, just about to return to the pagoda.

"Boy, want to run?"

At this moment, Diao Mingde looked angry, sacrificed the Tianshu Shufengding Ding, and blatantly chased him down.

"Roar!"

Ye Chen's eyes condensed, and the sounds of the Heavenly Dragon and the Eight Gods merged into one, turning into an extremely loud syllable, with a shocking golden dragon beam of light, rushing out fiercely.

hum!

This is a more terrifying existence than Soul Attack!

Suddenly, Diao Mingde's head shook and his eyes were dizzy.

Under the crush of the Tianlong Eight Gods, his brain instantly appeared blank. .

"not good!"

Diao Mingde was terrified. In fact, he had been prepared for a long time. He sealed his eardrums and secretly held his mind, but under the impact of the Tianlong Eight Gods, his protection had no effect and was directly shattered.

Chapter 2939: Burial place

"Die to me!"

Ye Chen's eyes were cold, his palm turned over, and the evil sword appeared.

Seven blood lights are clamped, and the surging power is gathered between the five fingers!

A fierce sword light, with a terrifying aura of destruction and divine Dao, directly cut Diao Mingde.

Diao Mingde was caught off guard, he was directly beheaded, his body and soul were destroyed!

"what!"

"Actually beheaded the master of the Heavenly God Realm!"

"This is impossible!"

The Ye family in the Linglong Tower was shocked.

You need to know that Ye Chen's strength is only the nine-layer heaven of the Evil Realm, and there is a very big gap between the peak of the Chaos Realm.

But now, with a sword, he actually beheaded these giants, it is incredible!

Huh.

Ye Chen let out a sigh, and flew back into the Linglong Pagoda.

If in normal times, he wants to kill the master of the gods, it is very difficult.

But now that he has trained into the Eight Gods of Heavenly Dragon, and coupled with the rules and blessings of the Rising Leaf Land, his comprehensive combat effectiveness has been greatly improved, enough to kill a giant of this level.

It's only a pity that the Tianlong Eight Gods Music wants to be displayed outside, and it takes a great opportunity.

If he can play it casually, maybe he has another hole card!

"Boy, good job, I will give you this thing."

Ye Shaoqiu saw Ye Chen return, smiled slightly, and threw a stone to him.

"This is... the reincarnation star stone!"

Ye Chen's eyes condensed, this stone, lingering with layers of starlight, contains a trace of ancient reincarnation, it is the reincarnation star stone.

Ye Shaoqiu didn't know when, he brought Ye Family's Reincarnation Star Stone, and now he gave it to Ye Chen directly.

The Ye family around, looked at each other, no one had any objections.

Because, if it weren't for Ye Chen's move, they would probably be trapped in the land of the leaves.

At this time, the Linglong Pagoda had already flown out of Juye's Land. Looking at the corpses in one place, especially the corpse of Diao Mingde, everyone was in deep fear, and no one dared to chase after.

In the complicated eyes of everyone, the Linglong pagoda gradually flew away and disappeared.

"Go back and report to the palace lord!"

A few disciples from Tiandao Palace, exchanged their eyes, took Diao Mingde's corpse, and prepared to leave quickly.

And just as they were about to leave, a girl riding a black giant appeared!

There is a bright flame at the feet of the giant beast, and the whole world seems to heat up!

The key to this girl's appearance, she seemed to turn the warming world into a piece of ice!

The disciple of the Heavenly Dao Palace's eyes sank: "Who is here, we are from the Heavenly Dao Palace, I advise you not to get in the way!"

The girl glanced at the people indifferently, and then condensed her murderous intent: "Tiandao Palace, that's right!"

In the next second, Han Jian bloodied!

The power of the gods shakes everything!

This land of rising leaves seems to be turned into a sea of blood!

Even purgatory on earth!

Wei Ying is here!

.....

Inside the Linglong Pagoda, the Ye family rested separately, and Ye Chen was also in a primitive room, recovering from his injuries.

"Thirty-three days of the Mongolian method, the power is indeed huge, but the consumption is also amazing."

Ye Chen shook his head helplessly, only feeling severe bone pain all over his body, and every inch of pores seemed to burst.

used the Tianlong Eight Gods, he directly mobilized the power of the whole body, and the consumption was very alarming. It would take at least two days of recuperation for the body to recover to perfection.

However, he was quite satisfied with the power of the Tianlong Eight Gods.

Now, he has just started his cultivation, and he possesses such a great power. If he reaches the realm of Great Perfection, or even Great Perfection, it would be terrifying.

When the time comes, I am afraid that if a syllable is blown out, it will be able to shake the early stage of the Heavenly God Realm.

Regrettably, there are too many restrictions on the display of the Tianlong Eight Gods.

area, spiritual power, and many more!

If only there is a way to get rid of these restrictions!

The breath recovered a bit, Ye Chen took out the reincarnation star stone and rubbed it carefully.

Feeling the breath of the reincarnation star stone, Ye Chen's heart throbbed.

Immediately, he felt a tombstone in the reincarnation cemetery, which seemed to show signs of loosening!

Perceiving this scene, Ye Chen showed a frenzy of joy.

This reincarnation star stone is more special than other reincarnation star stones, and it really is the key to building a reincarnation cemetery.

Now that he got the star stone, there has been a change in the reincarnation cemetery. I am afraid that it will not take long for the new power to wake up.

One day later, in the discussion hall of Linglong Pagoda.

Ye's family gathered together, everyone had a rest and their mental state recovered a lot.

Ye Shaoqiu sits at the chief, and the three high-levels, Ye Ziming, Ye Zigeng, and Ye Xueqing, sit alongside.

The disciples of the Ye family stood on both sides of the hall.

Ye Chen was also there, standing in the first place with Ye Lingtian.

"Our Ye family finally broke through the enemy tide and escaped."

Ye Shaoqiu pinched his beard and glanced at Ye Chen.

I was able to escape this time, thanks to Ye Chen.

"Next, we need to find a place to recuperate."

"As long as we give the Ye family enough time, we will be able to revive the majesty!"

Ye Shaoqiu has a sonorous voice, and now he escapes, the next step is to find a way to recuperate.

The land of Horiha cannot go back, and I must find a new place.

"Old ancestors, I suggest going to the depths of Samsara Valley."

Ye Ziming said cautiously, he had planned a recuperation place long ago.

The Valley of Reincarnation is an extremely special place in the kingdom of God. Few people know that it is full of spiritual energy and is suitable for seclusion Valley of Reincarnation? We can't enter there, we are going to Sogo Burial Ground. "

Ye Shaoqiu squinted his eyes and said a little lightly.

"Sogo Burial Ground!"

Hearing this name, the top of the Ye family were all shocked.

"Where is Sogo's burial place?"

asked a junior disciple.

"Hey, burial place, burial place, that's where many gods are buried!"

Ye Shaoqiu sneered coldly: "Nahong Mongolian method, the Eight Gods of Heavenly Dragon, I got it in Sogo Burial Ground by chance."

"Buried the gods!"

All the junior disciples looked at each other, and they were all shocked.

"Tenjin, you little guys, do you know what a deity is?"

Ye Shaoqiu tapped his fingers on the desktop, and said word by word: "The gods, that are the existence beyond the chaos realm, high above and despising the world. Every \*\*\*\* has the power to cut the galaxy and shock everything, which is not what you can imagine."

"Although our Ye family now has several Celestial Divine Realms, and not long ago, there were also several Celestial Divine Realms who attacked our Ye Family."

"But their Celestial Realm is far from enough! They don't even deserve to be called a Celestial God!"

"The gap between ancient times and the present is too big!".

"At one time, there were seven \*\*\*\* emperors in each of the seven kingdoms of gods, and each of them had the power to crush the heavens and the realms. It was an existence that surpassed the peak of the gods of the sky. However, the fall of the Lord of Samsara, the appearance of the gods, the eruption of ancient catastrophes , The seven \*\*\*\* emperors are all destroyed!"

"Today's Kingdom of God has seven burial places, which are the burial places of the seven gods and emperors in the past."

Chapter 2940: New power!

"The Sogo Burial Site contains the bones of the former Emperor Sogo. I was lucky enough to go to the Sogo Tomb, and was severely injured by the tomb's ban. I ended up with what I look like today. However, the old man also made a profit when I snatched a set of Hong Mongol Dharma. ."

Ye Shaoqiu recalled the past and showed an inexplicable smile.

Everyone was shocked.

It turned out that Ye Shaoqiu's decline to the present day was injured by the ban in the Tomb Mansion of the Great Emperor, and the sound of the Dragon Eight Gods was also snatched from the Tomb Mansion that day.

"The gods, the gods, I don't know how many gods and gods there are in my reincarnation cemetery."

Ye Chen thoughtfully, projected his divine mind into the reincarnation cemetery, watching the cold tombstones.

He only awakened a part of the power, and many other powers were silent.

I don't know how many masters there are in these great abilities.

Among these, there must be a stronger presence.

Also, what is the limit of that person?

This is unknown to Ye Chen.

In his cognition, Ren's strength absolutely exceeds the realm system of the kingdom of God!

may even transcend the realm system of extraterritorial and upper realm!

The question is, why does this level of existence lay out itself?

Even meeting several times, Ye Chen discovered an incredible thing!

Ren has high hopes for himself!

seems to lay out everything, to help him at a certain node for himself!

How can his strength help this level of existence?

Ye Chen shook his head, no longer think about it, all this is too brainstorming!

"Old ancestor, are you planning to go to Sogo Burial Ground?" Ye Ziming asked.

"Yes, when I was young, I lived in the Sogo Burial Ground for a long time. I am familiar with that place."

"Now that our Ye family is making such a big disturbance in the Kingdom of God, I don't know how many forces will be disturbed, especially the Palace of the Underworld and the Heavenly Dao Palace. They will definitely not let us off easily."

"If we go to an ordinary place, it's easy to be deduced from the secret and the specific location is calculated."

"But if you go to Sogo's Burial Ground, relying on the cover of God Emperor Yuwei, no one can find us."

Ye Shaoqiu said, using his hands to pinch the tactics, and every aura poured into the exquisite pagoda.

The entire exquisite pagoda quickly penetrated the void and drove towards a mysterious place.

"From now on, Sogo Burial Site will be our stronghold!"

At this moment, Ye Chen suddenly said: "I may not be able to go to Sogo Burial Ground. I need to go to the Nine Heavens Dragon Palace and the First Kingdom of God."

Tu Lanxin's safety is unknown, and the blood dragon seems to be in danger.

The demon infiltrated Ten Thousand Fazong, and he was not even sure whether Yong Lao would send the information back.

Many things made him unable to go to this so-called Sogo Burial Ground.

He was delayed too long in the land of Horiha.

He can't consume it here anymore.

Ye Lingtian in the Ye family is enough.

At this moment, Ye Shaoqiu stared at Ye Chen, as if wanting to see through Ye Chen, and then said: "Are you sure not to go?"

"Although I don't know what important things you have, in the Kingdom of God, martial arts strength is the key."

"You should also feel the power of the Tianlong Eight Gods, but its display has many restrictions. Don't you want it to be your strongest technique, free to use?"

"I think everyone present can not go, but you must go!"

"Besides, you can get there first and come back immediately!"

Ye Chen hesitated. At this moment, the Immortal Dragon Emperor, who had not spoken, spoke:  
"Boy, I also suggest you go."

"You are worried about the First Kingdom of God and the Nine Heavens Dragon Palace, but do you think you can change anything now?"

"Only strong can shake everything."

"If there is really no chance you want, you can leave and rush to the First Kingdom of God and the Nine Heavens Dragon Palace!"

Ye Chen never expected that the Emperor of Immortal Dragon would remind himself like this.

He hesitated for a few seconds, and finally nodded: "Okay."

In the next second, Ye Shaoqiu's eyes were sharp, and the exquisite pagoda quickly shuttled through the space tunnel, and soon reached an extremely sacred place.

This place is like a heavenly palace, with endless mountains, green pines and cypresses, and islands floating in the sky. The aura around it is condensed into smoke, refreshing, and the ground is full of palaces, Qionglou, and Yuyu.

"Is this the Sogo Burial Ground? I have lived in the Kingdom of God for many years, but I have never heard of this place."

Ye Ziming was surprised.

The younger disciples of the Ye Family also looked at the world like a heavenly palace in amazement.

The aura here is much richer than the outside world.

Cultivating here will surely get twice the result with half the effort.

"Hey, the burial place of the seven gods and emperors, this is the most obscure secret of the kingdom of God, you are still young, it is normal to have not heard of it."

Ye Shaoqiu walked out of the exquisite pagoda and strode into the burial ground, as if returning to his hometown, looking around, revealing a touch of vicissitudes.

Everyone also went out. In this Sogo Burial Ground, strands of runes faintly appeared on the sky. Obviously, there were restrictions, and it was almost impossible for the outside world to detect the situation here.

It can be said that this place is a paradise!

"This place is very suitable for my practice."

Ye Chen secretly surprised.

His biggest worry is that his traces have been exposed, but now he has come to Sogo's burial site. With the cover of the \*\*\*\* emperor Yuwei, neither the Underworld Palace nor the Heavenly Path Palace can spy on his existence Underworld, Mo Xue deep! "

Ye Chen shook his fist, his eyes vaguely haunted with murderous intent.

Compared to the Heavenly Dao Palace, the more important thing now is to kill Mo Xueming!

Because Mo Xueming is the heart demon of Canggu Medical God!

If it can kill Mo Xueming, and solve the happy demon for the ancient medical \*\*\*\* of Cang, it is also a great merit.

Mo Xueming's two disciples, Mo Handong and Mo Lang, both possess the strength of the heavenly gods.

This Mo Xueming's strength may have reached the mid-to-late stage of the Heavenly God Realm, even more terrifying!

"His existence at that level, I don't know how tyrannical it is!"

Ye Chen secretly calculated that his current cultivation base is the nine-layer heaven of the Evil Realm, not even the Chaos Realm, and it is very far away from the God Realm.

With his current strength, even if all his cards are played, he cannot be Mo Xueming's opponent.

Even relying on the power of the reincarnation cemetery, it is difficult to defeat.

After all, Mo Xueming is a master who has survived from ancient times to the present.

And his current awakening power is possessed by himself, and it is impossible to shake this existence.

Unless, it is to awaken a new power!

Ye Chen's spiritual consciousness was projected into the reincarnation cemetery.

Suddenly, he saw a new tombstone, which became looser.

The new power will wake up soon!

This tombstone is covered with thunder patterns, and the power buried in it seems to control the power of heavenly thunder. .

Ye Chenguang looked at the thunder pattern on the tombstone, feeling a kind of heart trembling.

This great power is definitely not weaker than the Indestructible Dragon Emperor!
