

Urban 2941

Chapter 2941: rule!

If he can wake up, he will have a chance to defeat Mo Xueming!

time, Ye Chen needs time!

One is to improve one's own cultivation.

Two Acts is to welcome the arrival of power.

"All of you, find a place to live by yourself."

Ye Shaoqiu made a gesture. In this Sogo Burial Ground, there were palace buildings everywhere, enough to accommodate the Ye family.

After a pause, Ye Shaoqiu pointed to the north.

At the end of the horizon, there is a waterfall.

The rumbling sound of water can be faintly heard even if they are far away.

"No one is allowed to go to the waterfall over there!"

"If anyone dares to commit an order, the old man will kill him first!"

Ye Shaoqiu's tone is serious, it seems that there is something terrifying hidden in the waterfall, which makes him very jealous.

"Yes!"

Ye's family replied respectfully, dispersed separately, looking for a suitable home.

Ye Chen searched for a secluded cottage and settled down alone.

At this time, in the outside world.

Within the main hall of Tiandao Palace

In front of Xuanyuan Mo Xie, there was a light ball-shaped object suspended.

He pinched his fingers and kept deducing the fate of heaven.

Many pictures appeared on the sphere of light.

Finally, the screen stays in the land of Horiha.

a piece of blood.

No one survived.

Even the Heavenly Dao Palace sent out, everyone fell.

"It seems that Horiha Land has failed."

"It is expected."

"I just don't know what happened to the Nine Heavens Dragon Palace."

"For so many days, the blood dragon should be solved."

"Well, the Nine Heavens God Dragon Palace is guarded by the Yantian Dragon God, I don't have to worry, now, I want to see where the Ye family group went!"

Xuanyuan Moxie's eyes would sink like the sun and the moon, and murderous intent would surge.

Pin Jue interlocked, handprints, hitting the ball of light.

One picture after another.

Xuanyuan Moxie is exploring the traces of the Ye family.

噗哧!

Suddenly, as if he was hit hard, he spouted a mouthful of blood.

"what happened?"

Xuanyuan Mo Xie's face suddenly changed.

The picture on the ball of light instantly collapsed.

He was deeply horrified. Just now, he felt a very terrifying breath, blocking his prying eyes.

"What kind of breath is this!"

"I can't survey the fate of that kid, can't I also survey the one who is in the Ye family in Tiandao Palace?"

Xuanyuan Mo Xie's eyes flickered, his strength is unfathomable, looking at the entire kingdom of God, he is a top existence.

But now, there is a breath that can hurt him even thousands of miles apart.

One can imagine how terrifying this breath is.

"The burial place must be the burial place of the **** emperor!"

"Only the legendary **** emperor can hurt me."

"Could it be that the Ye family hid in the funeral?"

"Impossible, even I don't know the location of the burial place, how could they know?"

Xuanyuan Mo Xie looked gloomy.

There are seven burial places in the country of God, each of which is very deep hidden, even he doesn't know where the burial place is.

If the Ye family went to the burial site, he would really be helpless.

Once the Ye Family grows up and breaks through to the highest realm, I am afraid that the entire Tiandao Palace will be destroyed!

"No, there is still a chance, as long as that person makes a move..."

Xuanyuan Mo Xie seemed to have thought of something, his eyes were sharp.

.....

Nether Hall, the dome is supported by magic pillars, and countless dark ghosts and mists are surging.

In the center of the main hall, a man with a red robe and **** hair stands with his hands holding his hands, looking up at the reliefs painted on the dome, thoughtfully.

"Chongguang Burial Site, I didn't think of it, I didn't think of your Ye family, but went to Chongguang Burial Site."

The man let out a sigh of surprise.

has been in a high position all the year round, he is fierce, his face is almost sculptural indifference.

But at this moment, his face changed because of the four words Sogo Burial Ground.

Sogo Burial Site, that is the place where one of the seven gods and emperors of the past, Sogo, was buried.

Even if he met Emperor Sogo, he could only bow down and worship.

What is God Emperor?

The peak realm of the gods is the **** emperor!

At that time, there were only seven **** emperors in the entire kingdom of God.

And these seven **** emperors are not only the peak of the gods!

And their Celestial God Realm is a hundred times the current Celestial God Realm!

One can imagine how powerful and noble the **** emperor is.

This man is naturally the master of the Hades, Mo Xueming!

"Fortunately, I betrayed the Ye family back then and left a secret note on the reincarnation star stone. Otherwise, I don't know that your Ye family hid in the Sogo Burial Ground."

Mo Xueming's mouth raised a slight smile.

Outsiders only know that he is the master of the palace, but they don't know his deep identity.

Actually, he is also the Ye family!

In ancient times, he was an orphan and was adopted by the Ye family.

But later, he defected and took refuge in the Vanishing Demon!

Xuxu Tianma, is the root of the ancient catastrophe!

is also the culprit for the destruction of the Seven God Emperors!

Mo Xueming was able to create the Nether Hall and become the pinnacle powerhouse, the mighty kingdom of God, completely relying on the various benefits that he gained from taking refuge in the Vanishing Demon.

But none of these benefits can compare to a reincarnation star stone!

"The reincarnation star stone is related to the ultimate mystery of reincarnation. If I can get that piece of reincarnation star stone, I might be able to unlock the biggest secret hidden between the world and the earth after the opening of the world!"

"The secret of reincarnation!"

Mo Xueming's heart was turbulent, after he took refuge in the demon, he secretly killed the Ye family, trying to **** the reincarnation star stone.

It is a pity that the Ye Family has a very deep background. Even if they were killed by many powerful people, they still left their blood, which has remained until today.

The reincarnation star stone never fell into the hands of Mo Xueming.

He only quietly planted a secret note back then, but he couldn't get it.

Now, the reincarnation star stone is reborn, this is a perfect opportunity for Mo Xueming.

"Snatch the star stone, unlock the secrets of reincarnation, surpass the heavens, and be immortal!"

"Even if I can't solve it~www.mtlnovel.com~ That special reincarnation star stone is also a unique treasure, which is of great benefit to my practice!"

"If I can grab a hand, it won't take long for my strength to surpass Xuanyuan Moxie!"

"I will replace the Heavenly Path Palace and become the most powerful force in the Kingdom of God!"

Mo Xueming raised his hands to the sky, as if he wanted to embrace the whole world.

The majestic picture of the emperor, great ambition, burning in his heart.

When he took refuge in the demon, he actually had his own abacus.

wants to rely on the help of the demon to unify the kingdom of God and dominate the heavens and all realms.

Unfortunately, the situation went out of control later, causing catastrophes and causing irreversible consequences, which he could not foresee.

"The reincarnation star stone, it's time to fall into my hands!"

Mo Xueming's eyes surged, and with a wave of his big hand, he directly tore through the space, and his body disappeared in a blink of an eye.

Two of his disciples, Mo Lang and Mo Handong, have been killed by Ye Chen.

Now, he wants to do it himself!

With the power of the gods, crush a monk in the Evil Realm!

Even if he bears the sin of heaven, he will also **** the star stone of reincarnation!

The Way of Heaven pays attention to balance.

The strong, there is a strong world.

The weak, there is a world of the weak.

The well water does not violate the river water!

If you cross the realm and bully the weak, it will be contaminated with very large causal punishment.

After practicing, there is a danger of getting confused. .

But at this time, the Samsara Star Stone was in front of him, and Mo Xueming didn't care about that much.

Regardless of God's condemnation, he will kill Ye Chen and seize the star stone!

Chapter 2942: Xuanji is here!

At this time, Sogo's burial place.

Ye Chen's eyes closed tightly and he used the exercise technique. He wanted to try to communicate with the blood dragon of the Nine Heavens God Dragon Palace with the Splitting Beast.

But only intermittent pictures flashed in my mind!

The blood dragon in the screen does not seem to be injured.

And over the abyss, countless coercion and sword intent rushed down!

Ye Chen doesn't know how long the blood dragon can last!

He regrets coming here!

"No, I want to leave!"

Ye Chen's eyes condensed, and he can't take care of everything, he must immediately leave for the Nine Heavens Dragon Palace!

But at this moment, voices came into my ears!

.....

"Help....."

"Lord of Samsara, save me..."

"Save me out..."

A burst of low and painful calls came into Ye Chen's ears.

"Ok?"

Ye Chen's expression changed slightly, and he suddenly got up, looking at the waterfall in the distance.

He felt that a shout came from inside the waterfall.

Someone wanted to call him for help.

"who is it?"

Ye Chen narrowed his eyes, that waterfall must have hidden secrets.

Ye Shaoqiu is forbidden, no one is allowed to approach the waterfall.

Those who violate the order, kill without mercy!

But now, from the waterfall, there is a cry.

Someone is calling Ye Chen.

"Lord of Samsara, save me..."

"I wish to bow down and be your slave."

"Just beg you to show mercy and save me from this endless sea of suffering..."

The cry for help, hoarse and sad, showed great pain.

"Who are you, report your name."

Ye Chen said coldly, his spiritual thought penetrated the void and reached the waterfall, but it seemed that he was blocked by some restrictions and could not detect anything.

"help me....."

"I can't help it anymore."

"Help me quickly."

"Or, kill me and get me out of this sea of suffering..."

The cry for help gradually dropped, and finally there was nothing to hear.

Between heaven and earth, there is only the sound of wind.

The sound just heard seemed to be an illusion.

"No, it's not an illusion."

Ye Chen's eyes were sharp, and he thought to himself: "Could it be that Emperor Sogo is calling me? Isn't he dead?"

This place is the burial place of Sogo!

The burial place of Emperor Sogo must be near the waterfall.

Otherwise, Ye Shaoqiu would not be so cautious.

The call from the waterfall, almost without even thinking about it, was made by Emperor Sogo.

"Unexpectedly, after the fall of Emperor Sogo, there is still a little soul consciousness left, calling out to me."

"I am the inheritor of the Lord of Samsara, he actually knows this secret."

"A master at the Divine Emperor level, I really can't use common sense to guess."

Ye Chen looked at the direction of the waterfall, his thoughts undulating.

Immediately, he pinched his fingers, secretly deducing good and bad luck.

After practicing the Hong Mongol Method, his understanding of the way of heaven has greatly deepened.

'S ability to deduce the fate of heaven has also been greatly improved.

Wow.

At this moment, he pinched his fingers and deduced, and his body suddenly burst into radiance, layers of glow.

This is a good omen!

"If I save Emperor Sogo, there will be great luck?"

Ye Chen deduced this result, and he was immediately overjoyed.

Pinch his fingers, and then calculate carefully, he felt that this auspicious omen hides a monstrous crisis.

If he goes to save Emperor Sogo, he is likely to encounter great danger.

However, behind this danger, there are great fortunes and endless benefits.

When Ye Shaoqiu broke into the Sogo Tomb House, he got a set of Hong Mongol Method.

In that tomb house, I don't know how many treasures are buried.

If it can be captured, Ye Chen's strength will definitely advance by leaps and bounds!

Placed in front of him are the two giants of Mingdian and Tiandao Palace.

It's not right, but the demon should be added!

Only if he improves his strength as soon as possible, can he be qualified to compete with these three giants.

"Old man, what do you think?"

Ye Chen secretly asked the ancient medical **** Cang.

"Emperor Sogo, I also know a little bit. He is one of the seven great **** emperors in the past, and his cultivation base is as high as the sun and the moon. If you can get a bit of his legacy, it will have great benefits."

Cang Ancient Medicine God said: "Go, just ask for wealth and danger."

"Okay! Emperor Sogo, I also want to see how powerful a master of this level is."

Ye Chen's eyes shone like a wolf, and he stopped talking nonsense, and his figure flew out silently, towards the waterfall.

Although Ye Shaoqiu gave a decree forbidden, no one is allowed to approach the waterfall, otherwise he will be killed.

However, Ye Chen doesn't care about so much. His own opportunities are the most important, so he cares about the rules.

Under the cover of the night, no one found Ye Chen's trace.

Soon, he came to the waterfall.

A steep mountain, with a white dragon-like waterfall hanging upside down, the current is mighty and deafening. Under the shining of the moonlight, the water splashes are shining brightly, very beautiful.

"Emperor Sogo, are you still there?"

Ye Chen's spiritual thoughts were communicated, but no response was received.

The Great Emperor Sogo, who just called him, seemed to have exhausted all his strength, and now it was completely silent, and there was no sound.

Ye Chen scanned the surroundings spiritually, and suddenly discovered that there is a cave in the waterfall!

Click!

Right now, Ye Chen stepped on his feet, jumped up and dived into the waterfall.

.....

At the same time, the Nine Heavens Dragon Palace.

The depths of a blood lake are full of ancient and magnificent atmosphere.

The majestic Longwei is rolling, and the heavens, stars, and moons seem to be shaking.

A trace of misty blood, mixed with a vague atmosphere of laws ~ www.mtlnovel.com ~ rolling around.

This place is where Xia Ruoxue refining reincarnation star flame.

Not long after, a woman with a big sword on her back, tearing through the void, sweeping through the sky, and majesty, appeared in the sky.

"The woman should be here."

The eyes of the woman with the sword back are like electricity, flashing sharp murderous intent.

She is Xuanji, and on the order of the Queen of the Upper Realm, she came to the kingdom of God to investigate the secrets of Xia Ruoxue, Reincarnation Star Flame and Blood Dragon.

The aura on Xuanji's body is very vast.

Anyone who glances at it will know that she is not in this world.

The breath on her body belongs to the upper realm!

vast and magnificent!

as high as the sun and moon, as big as the world!

If a person with a slightly poorer cultivation base takes a look at her, he may kneel down and surrender.

brush!

Xuan Ji Lian stepped across the void, trying to break into the boundary of the Nine Heavens Dragon Palace.

However, a layer of inexplicable power, like a curtain of water, blocked her footsteps.

"Heh, it's interesting."

Xuanji's beautiful eyes froze, and she immediately noticed that the law of the Nine Heavens Dragon Palace is very mysterious. If there is no dragon blood or special secret methods, you can't step into it at all.

"Break me!"

Xuanji gave a soft drink, waved her slender hand, and lightly tapped her fingers like green onions. A sharp aura, like a flying sword piercing through the clouds, directly penetrated the rule of the hall.

In the next instant, Xuan Ji walked into the Nine Heavens Dragon Palace like an electric shock.

The legal restrictions here can block outsiders, but it is impossible to stop her.

Chapter 2943: Sinner!

She is a woman from the upper realm. She doesn't know how many ways to reach the sky. It is easy to crush the restrictions of the law.

"It's here!"

"Reincarnation star flame, I feel the breath of reincarnation star flame!"

"If an ant dares to blaspheme the Queen, I will crush you to pieces!"

Xuanji's eyes blasted an extremely turbulent murderous intent.

With her slender fingers, she kept deducing various secrets, and instantly locked Xia Ruoxue's location, and immediately flew away.

At this time, Xia Ruoxue was at the bottom of the blood lake, refining the reincarnation star flame.

This reincarnation star flame is the top sacred fire.

She has been refining for a full month, suffering from the burning of her muscles and bones, and now she has finally seen a glimmer of light.

Just give her a little more time, she will be able to refining successfully!

"Ye Chen, I will definitely not drag you down!"

Xia Ruoxue's clear face was filled with determination.

Ye Chen's figure is always floating in her heart.

She just wants to refine the reincarnation star flame as soon as possible and improve her strength.

Ye Chen is her beloved man, she doesn't want to drag him down, she just wants to share a little pressure for him.

rumbling!

In Xia Ruoxue's dantian, the reincarnation star flames were burning crazily, and a ribbon of starlight flames kept blaring in her meridians.

Burning fire!

The meridians are about to split!

Xia Ruoxue clenched her lower lip with her teeth tightly, supported her hard, her clothes were soaked, and she outlined a nearly perfect curve.

"Sister Xue..."

The star spirits of the reincarnation star stone guarded her side. Seeing Xia Ruoxue's painful appearance, her heart felt sad.

Fortunately, refining has reached the final juncture, and you will be done when it dawns tomorrow.

one night!

Just hold on for another night!

嘭!

In vain, a loud bang came from the lake.

"what happened?"

Xia Ruoxue was frightened suddenly, blood churning between her chest and abdomen, almost vomiting blood.

At this moment, she felt a very powerful breath descending here.

"Sister Xue, it looks like someone is coming."

The Protoss was also panicked, suddenly feeling that something was wrong.

Wow!

Wow!

Wow!

The whole lake of blood was tumbling violently.

Above the lake, there is a woman with a big sword standing on her back, it is Xuanji.

"Move the stars and the moon, dominate the galaxy!"

Xuanji's eyes are like electricity, her delicate hands are constantly dancing, and the magic tricks are continuously displayed.

A dazzling green light poured down from her fingers and landed on the lake of blood.

The blood lake was violently tossing and seemed to be boiled.

Her hand, called "Moving Stars and Moving Moon Dafa", is a very powerful magical power.

Practicing to Dzogchen, you can move the stars, move the sun and the moon, very powerful.

Her cultivation level, although she has not yet reached the realm of Dzogchen.

But moving a lake is really easy.

The bright green light fell like fireflies.

The whole lake of blood was shrouded in blue light, as if covered with a layer of gauze.

Then, a ton of lake water was pumped up out of thin air, turned into a series of blood-colored dragon water columns, rumbling down into the sky.

Wow!

In an instant, the entire blood lake was drained.

The water of the lake soars into the sky, and then falls down violently, like a **** rain in the sky, floating and flying, the air is full of moist steam, reflecting the moonlight, magnificent.

"Hehe, you bitch, you really hide here."

Xuanji looked down.

As the lake emptied, the scene at the bottom of the lake was completely exposed.

A spongy algae spread all over.

Fractured ruins, ancient murals.

A stunning woman, sitting cross-legged.

Xuanji glanced around, and when she saw the empress on the murals in the ruins, she suddenly showed a respectful and fearful look, fell on the ground at the bottom of the lake, and bowed to the murals:

"Disciple Xuanji, pay homage to the Queen."

"I wish the empress to be honored, for generations to come, prestige in all directions, and dominate the world!"

After visiting the shrine, Xuan Ji's face turned fierce, and her murderous eyes looked at Xia Ruoxue indifferently.

"who are you?"

Xia Ruoxue stopped refining and temporarily suppressed the reincarnation star flame in the dantian.

But the reincarnation star flame is not so easy to be suppressed, and it will soon be violent.

Xia Ruoxue just wanted to calm down and refine the star flame and divine fire.

It's a pity that this woman with a big sword in front of her can't let her go.

"I am a man of the upper realm. You, an ant-like sinful woman, tried to refine the star flame of reincarnation. You are simply bold."

Xuanji drew out the big sword backhand.

hum!

A sword rang, alarming Xingyue.

This sword, named Seven Stars Zhanlang, is made by Qiu Ming's forger, who has spent thousands of years and painstakingly forged by Qiu Ming's forger, using concentrates from the heavens and stars, mixed with ancient mysterious iron, and precious treasures of the upper world.

There is no doubt that this is comparable to the existence of Wushangdao.

And Xuanji's own cultivation is also unfathomable.

People are like phoenixes, swords are like dragons, complement each other and are invincible.

Xia Ruoxue's pretty face turned pale, and when she saw Xuanji drawing her sword, she knew--

This battle is a life of nine deaths!

With her strength, it is impossible to defeat Xuanji.

Moreover, she has to suppress the reincarnation star flame, her strength cannot be fully utilized, and there is no possibility of victory.

"The reincarnation star flame is the supreme thing of the Queen of the Upper Realm. What qualifications do you have, the sinner, to get involved with this kind of god?"

Xuan Ji held the sword hilt tightly in his fiber hand, and suddenly cut out with a sword.

嗤!

An unparalleled sword gang, mixed with the aura of slashing the sky, shot out outrageously.

rumbling!

Sword Qi swept across, and the ground at the bottom of the lake instantly cracked, the mud was surging, and smoke was everywhere.

This sword, just the remaining prestige of the sword aura, cracked the earth, one can imagine how terrifying it is.

Xia Ruoxue's pretty face changed slightly~www.mtlnovel.com~ With her white palm turned over, she took out her cold sword and stood in front of her, trying to resist.

boom!

Sword Gang killed, pneumatic world.

'S tyrannical force shook her back a dozen steps.

fierce sword energy, almost tore her vestments.

"Well....."

Xia Ruoxue opened her mouth slightly, spitting out a trace of blood.

a sword in hand.

Xuanji just casually took a sword, and she was embarrassed.

The strength gap between the two is too huge.

is simply incomparable.

"Hand over the reincarnation star flame, I will leave you a whole body!"

Xuanji smashed the ground with a big sword, and looked at Xia Ruoxue coldly.

is like a supreme god, overlooking a little sheep.

"Bah!"

Xia Ruoxue's eyes were sharp, without a trace of submission.

With her arrogant temperament, even if she is defeated, she cannot bow her head.

"This reincarnation star flame does not belong to anyone, so what if I refine it?"

Xia Ruoxue has a sonorous voice, secretly thinking about how to escape.

"Presumptuous!"

Xuanji was furious: "The reincarnation star flame is the sacred fire of the queen, no one in the world is qualified to get involved, even a strand of remains, it is not your turn to defile."

boom!

Xuanji lifted the sword to cut wildly, the sword wind swept across the void, and a thunderous noise erupted, shaking the world. .

"Finally, I don't want to be too lazy to talk to you."

"The sinner of the lower realm, today, I will smash your corpse into thousands of pieces, thwart your bones, and punish the crime of blaspheming the queen!"

Chapter 2944: Crisis, another crisis!

The violent sword wind seemed to kill the heavens, annihilate the galaxy, and cut Xia Ruoxue straight.

"Ye Chen, goodbye forever."

A wry smile appeared at the corner of Xia Ruoxue's mouth. She could not stop this sword anyway.

The fatal catastrophe, after all, can't escape.

unwilling!

violently unwilling!

Xia Ruoxue is tormented with painstaking effort, the blue silk is floating, looking up at the sun and moon in the sky.

In the sky, is there an upper bound?

Is the so-called queen standing high in the upper realm, looking down like an ant, overlooking her own figure?

She doesn't know, she just feels unwilling.

She also wants to change her fate against the heavens and achieve supreme magical powers, and Ye Chen smashed to the upper realm, to spy on the ultimate mystery of the avenue, and then stayed and stayed in both places, free from all the heavens and worlds, free from all the shackles of cause and effect, eternal freedom.

But now, all the long-cherished wishes will be in vain.

"If I can survive, one day, I will kill the upper realm and annihilate the so-called queen!"

Xia Ruoxue made a big vow and waited to die.

The vows of this life can only be realized in the next life.

"Sister Xue, be careful!"

At this moment, a clear shout awakened Xia Ruoxue.

hum!

A mysterious and quaint stone, filled with stars, flew out of her body.

is the reincarnation star stone!

boom!

Xuanji's big sword smashed into the reincarnation star stone.

The whole stone was directly chopped and dropped to the ground like grass.

But surprisingly, there is no trace of damage on the stone.

One can imagine how terrifying the material of the reincarnation star stone is.

This Xuanji, a full-strength sword, can't damage the reincarnation star.

"Reincarnation Star Stone? A Protoss was born!"

Xuanji's pupils shrank.

Reincarnation star stone, but even the upper realm must be crazy about it.

At this moment, he actually appeared on Xia Ruoxue.

Moreover, this reincarnation star stone is very rich in aura, and it actually gave birth to a Protoss, its quality is much better than ordinary star stone.

"Don't hurt Sister Xue!"

The reincarnation star rock swayed, and the starling voice came out.

Although immature, it shows great determination.

Even if she sacrificed herself, she didn't want to see Xia Ruoxue die.

"Interesting, I still know the protector."

Xuanji smiled, with a hint of appreciation.

She is a subordinate of the Empress Supreme, very loyal.

If the queen is in danger, she is willing to die to protect the Lord.

So, seeing the Protoss Protector, her heart was a little shaken.

"Well, I will let your chiefs return to the west as you wish!"

Xuanji's eyes appeared murderous.

Appreciation is appreciation, she won't have any softness.

Xia Ruoxue, this woman pretends to be the queen of supreme, she will kill without mercy!

No one, no creature, can stop her killing.

嗤!

The sword wind is like thunder.

Xuanji slammed out again and cut Xia Ruoxue straight.

The reincarnation star stone flew out brazenly, protecting it in front of Xia Ruoxue.

"I did it with you!"

Xingling has a childish voice, but with determination, without a trace of cowardice.

bang bang bang!

Xuanji dances his sword like electricity. Although this big sword is huge, she dances like clouds and flowing water, effortlessly.

A sword slashed wildly, bringing up the wind and thunder of heaven and earth.

Each of her swords slashed on the reincarnation star stone, making loud noises that shook the world and lasted for a long time.

The sound of the collision of sword stones crushed the floating clouds in the night sky.

The moonlight is brighter, reflecting on the earth.

The reincarnation star stone is an ancient god, and naturally it cannot be destroyed by Xuanji.

But, under the crush of her sword power, the Protoss will be destroyed sooner or later.

After all, Protoss is just a piece of spiritual consciousness.

She is destroyed, the material of the reincarnation star stone will not be affected at all.

Maybe in thousands of years, new Protoss will be born.

is just her, if she is destroyed, she will never come back again.

"Sister Xue, go away, I'll stop her!"

Protoss shouted anxiously, desperately resisting Xuanji's sword cut.

Xia Ruoxue has a pale face, and her body is shaking slightly.

She knows that the Protoss is desperate to protect the Lord. Her best course is to not let the Prostitution's sacrifices be made and immediately flee here.

Otherwise, both of them will die.

But what is helpless is that Xia Ruoxue's body, the reincarnation star flame violent rebellion, she is suppressing with all her strength, she has no spare energy to escape.

"Protoss, you go."

"Go back and tell Ye Chen, let him avenge me!"

"Kill me, so is the Queen of the Upper Realm!"

Xia Ruoxue gritted her teeth, she was already unable to escape, so she could only let the Star Spirit leave and report to Ye Chen.

"Hahaha, Xia Ruoxue, and you little star, don't talk nonsense."

"Today, with me here, where can you go? Flying ashes and annihilation!"

Xuanji sneered, the sword's might suddenly violent, and the whole big sword burst out with monstrous fierceness, straight out.

boom!

An extremely majestic sword, slammed on the reincarnation star stone.

boom!

The entire reincarnation star stone was hit to the bottom directly, and it was deeply embedded in the mud, silent.

"Protoss!"

Xia Ruoxue yelled, but received no response.

"Next, it's your turn."

Xuanji licked her red lips, her pretty face was full of murderous intent.

She was carrying a big sword, stepping towards Xia Ruoxue step by step, arm in arm with a sword, and cut Xia Ruoxue straight!

Xia Ruoxue is at stake!

.....

At the same time, another place in the Nine Heavens Dragon Palace, the endless abyss!

The blood dragon was entrenched under the abyss, and his eyes were shining with the runes of the Taoist laws, and his body was lingering like scarlet blood, and the monstrous might emanating from it.

Above the abyss, the Yantian Dragon God and a dozen elders of the Heavenly Dao Palace felt the fierce breath of the blood dragon, and everyone felt a tremor.

"This blood dragon, although the bloodline is a bit weird, but in any case, it must die today! It can't be delayed any longer! It has been so long! The palace lord is furious!"

Yantian Dragon God shook his body~www.mtlnovel.com~ and turned into a man wearing a python robe, extremely majestic.

This is the first time he is in a human form!

"Kill the heavens and punish the robbery formation! Kill this dragon!"

Yantian Dragon God roared up to the sky, and the sound was like thunder rolling, straight into the night sky.

"Yes, my lord!"

A full twelve elders of the Heavenly Dao Palace, according to the position of the twelve gods and evil spirits of Dutian, immediately completed the array over the abyss.

Their cultivation is very powerful!

At this moment, the twelve gods lined up, their breaths superimposed on each other, and suddenly they burst out with monstrous power.

rumbling!

An extremely dazzling beam of light rushed straight into the sky.

The entire night sky seemed to have been blown through, revealing the atmosphere of the universe galaxy. Actually, there were many planets that were shaken down, turned into meteorites, and fell crazily on the ground near the abyss.

At the bottom of the abyss, the blood dragon's eyes changed color.

This Heavenly Dao Tribulation Array is an ancient killing array secretly passed down by the Heavenly Dao Palace, and its lethality is very terrifying, enough to crush the stars.

I saw an extremely bright formation formation, floating above the abyss, the twelve elders, with solemn expressions, each guarding a position.

And the Yantian Dragon God flew to the eye of the battle.

"Naughty animal, where else can you run?"

Yantian Dragon God has fierce eyes, and with a wave of his big hand, the formation enchantment blows up Rolling Moxi, one after another sky thunder, blizzard, wind blade, and raging fire, madly rolling toward the abyss! !

The blood dragon is also in crisis!

This time, the Nine Heavens Dragon Palace will usher in two major earthquakes!

Chapter 2945: Array! dead! Crazy!

In an instant, the entire Nine Heavens Shenlong Palace heard one after another incredible vibration.

There was an extreme aura surging in the abyss.

This Heavenly Dao's Tribulation Array can explode the energy of the sky thunder, and annihilate all beings in the sky with rolling thunder.

is so powerful that it is earth-shattering.

At this moment, endless wind disasters, thunder disasters, fires, and snow disasters roared towards the blood dragon.

The prohibition of the abyss can block the living, but it can't block the killing of the way of heaven.

"Want to kill me? Stupid dreaming."

The blood dragon watched the sky full of natural disasters, but his eyes were awe-inspiring.

Even if it is dead, it is impossible to bow its head to Tiandao Palace.

"Roar!"

The blood dragon raised up to the sky and let out a roar, the old breath of ancient times, rolling out, a layer of white sound killed the waves, and swept wildly.

嗷嗷嗷!

Sound Killing Wave rushed out, collided with the natural disaster, and suddenly broke out with a loud noise, the entire abyss shook.

噗哧!

The blood dragon spouted a mouthful of blood, and the power of the Heavenly Dao's Tribulation Formation was too great, even if it tried its best, it was difficult to resist.

This is the strongest blow of the Yantian Dragon God and many Heavenly God Realm powerhouses!

If it were the general late stage of the Heavenly God Realm, I am afraid they would have fallen!

The Yantian Dragon God, as well as the twelve elders, were also hit by a huge sound wave.

"This blood dragon burst out with such a powerful aura."

"How long is this, how can he grow so fast?"

"If I face the blood dragon again, isn't it destined to be crushed?"

Yantian Dragon God was secretly frightened, hurriedly stabilized the formation, but did not dare to look directly into the blood dragon's eyes.

A blood-based suppression made him very uneasy.

This blood dragon obviously has a very powerful bloodline, which is definitely not as simple as it seems.

The roar of the dragon just now, the Yantian Dragon God even heard the ancient breath!

"Can't drag it anymore, use the secret method of burning blood to kill it!"

Yantian Dragon God glanced around coldly and issued a command.

"The secret method of burning blood!"

The twelve elders in the audience suddenly showed shocked expressions.

The Secret Method of Burning Blood is a forbidden curse of the Heavenly Dao Palace. It temporarily increases combat effectiveness at the cost of burning its own spiritual essence and blood.

This kind of forbidden spell has very big side effects.

If they use it, their blood will decay, and their cultivation base will fall.

Their current strength is in the Celestial God Realm, and if the blood burning secret technique is used, the cultivation base will at least fall to a half-step Celestial God.

Half-step Celestial God, and the true Celestial God, although there is only a half-step difference, but the difference between the two is undoubtedly the world.

Once you fall, it's hard to reach the sky if you want to cultivate into a god.

"Lord Dragon God, this..."

The elders looked at each other with great reluctance.

"Why, you want to disobey my order?"

The Yantian Dragon God's voice was cold, and he wore a python robe without any wind, showing great majesty.

He is the number two figure in Tiandao Palace, Xuanyuan Moxie has a complicated relationship with him, and his status in Tiandao Palace is very high.

These elders, in Tiandao Palace, although they are also high-ranking figures, they obviously cannot be compared with the Yantian Dragon God.

"Yes, my lord!"

Everyone did not dare to defy, so they had to bite the bullet and agreed.

"Burn my remains, burn my real blood, the holy flame will ceaselessly, and the embers will destroy the heavens!"

The twelve elders raised their hands together, as if praying devoutly.

There was a raging fire on them.

The dazzling fire light illuminates the night sky.

Their breath is also soaring wildly.

In the blink of an eye, he actually climbed two small realms!

This blood-burning secret method, in a short period of time, unexpectedly increased their strength by two levels!

Twelve Heavenly God Realm powerhouses once again promoted. What kind of concept is this? Such a powerful combat power can simply destroy countless realms.

In order to kill the blood dragon, the Yantian Dragon God is fighting.

Yantian Dragon God knows that this blood dragon must die before Master Xuanji descends!

rumbling!

With the improvement of the strength of the elders, the power of the Heavenly Tribulation Array also skyrocketed instantly.

The magnificent light rolled out, countless natural disaster energy rushed into the abyss frantically.

"Do I really do not escape today?"

The blood dragon has a solemn expression. Although he is strong, but the existence of the gods in these heavens is so crazy, he has fallen into this abyss again, unable to exert his full power.

The crisis is unimaginable.

In the next instant, thunders, tornadoes, fire flames, ice disasters, frost and snow all fell on its body.

Huge dragon body, blood and energy rolling.

"it is finally over."

Yantian Dragon God breathed a sigh of relief, in his eyes, with such a blow, the blood dragon would undoubtedly die!

In order to kill the blood dragon, he also paid a heavy price.

The twelve high-level elders have all performed the blood burning secret method, and the cultivation base must fall out of the heavenly gods.

This is a great loss to Heavenly Dao Palace.

But it can kill the blood dragon and solve a hidden danger.

This effort is obviously worth it.

"Ok?"

Just when the Yantian Dragon God just relaxed, in vain, he felt a trace of ancient aura.

This breath, incomparable vicissitudes, incomparably remote, with the immensity of ancient times.

The blood dragon in the abyss burst out with a dazzling light at this moment.

Its dragon scales ~www.mtlnovel.com~ seem to be filled with blood, red and purple, red and shiny, blood lingers around, even forming a layer of armor-like cuticle, firmly covering the body.

"What kind of blood is this! The demon...it's not right...this is an existence outside the territory..."

Yantian Dragon God stared at the blood dragon, exclaiming in shock.

"Impossible! How can you have that bloodline outside the territory!"

Yantian Dragon God's eyes widened, and he couldn't believe the scene before him.

The blood dragon at this time, the ancient aura exuding from his body, made the Yantian Dragon God very familiar and in awe.

This is the blood of the imprisoned extraterritorial dragon!

can even be said to be more powerful!

"Could it be that... the blood dragon really swallowed the outer magic dragon that was sealed here! How could this be possible!"

That extraterritorial dragon can be said to be one of the purest and most powerful existences among extraterritorial dragons.

Compared with the extraterritorial magic dragon, the Yantian Dragon God exists like a bug, and the bloodline quality is too far apart.

"The sky will not kill me, I will stand after it breaks, wonderful, wonderful."

The blood dragon opened his eyes, as if the ancient sun and the moon fell deep in his eyes, the mighty breath whistled out, and the surrounding natural disasters and storms disappeared.

At the juncture of life and death, it broke and stood, completely integrated with the power of the engulfed extraterritorial dragon, and suddenly burst out with a shocking power.

"You wait for the ants, they will be wiped out!"

The blood dragon raised its head and roared, sending out a huge sound wave, violently impacting the formation barrier. .

boom!

The entire Heavenly Dao Jiejie Formation collapsed and separated.

Chapter 2946: Extraterritorial atmosphere

The twelve elders of the Heavenly Dao Palace vomited blood together, and fluttered in embarrassment.

"Damn it!"

Yantian Dragon God gritted his teeth and hurriedly fell to the ground.

Looking into the abyss, his whole body was covered with blood-colored cuticles, like a blood dragon in blood armor, his expression became very ugly.

Now that the blood dragon has awakened the power of the outside world, it is not something he can resist.

"go!"

Yantian Dragon God was full of anger and fear, and in desperation, he had to order to retreat.

A group of elders looked at each other, they thought they would be able to secure the victory and kill the blood dragon.

Unexpectedly, at the last moment, the blood dragon broke and stood up, advancing by leaps and bounds.

This time, the Heavenly Dao Palace is simply lost.

The twelve elders of the Celestial Divine Realm all fell into their cultivation bases.

This loss, even Yantian Dragon God, couldn't bear it.

Fortunately, the blood dragon cannot leave the abyss because of the restriction.

This gave them a chance to escape.

Although very embarrassed, but at least able to leave alive, it was not the worst.

"Go!"

Yantian Dragon God shouted again, and flew away first.

The breath of the twelve elders converged, and their appearance instantly aged for an unknown number of years.

"Roar!"

Suddenly, the loud roar of the dragon shook the world.

They saw the blood dragon as if going crazy, madly rushing into the restriction of the abyss, wanting to break through.

"This blood dragon, do you want to work hard?"

Yantian Dragon God and many elders narrowed their eyes, thinking that the blood dragon would chase and kill them at any cost.

However, they didn't know that, in the blood dragon's heart, there was a beautiful figure.

That is Xia Ruoxue's figure!

He sensed that Xia Ruoxue, who was refining the reincarnation star flame, had an accident in the Nine Heavens Dragon Palace!

Xia Ruoxue is not facing ordinary strong people now! It is an extremely terrifying existence from the upper realm!

"Miss Ruoxue, don't have any trouble!"

The blood dragon roared inside.

The relationship between Xia Ruoxue and his master Ye Chen, he knows better than anyone!

He can die, but Xia Ruoxue must not have an accident!

From Huaxia Jiangcheng, to Jiangnan Province, to Beijing, Kunlun Xu, Lingwu Continent and even the Kingdom of God!

The importance of Xia Ruoxue to Ye Chen is beyond words!

"There is a superior family from the upper realm, who came to the Nine Heavens Shenlong Palace, wanting to kill Xia Ruoxue!"

The blood dragon instantly deduced the cause and effect. After it awakened a trace of blood from outside the territories, its ability to deduct the good and the bad of the secret was greatly improved.

In its mind, there even appeared a picture of the Samsara Star Stone desperately defending the Lord, and Xia Ruoxue was about to be killed by a sword.

"Miss Ruoxue, you can't die!"

The **** dragon's eyes were stained with blood, frantically attacking the restriction of the abyss, just wanting to break it out immediately.

"boom!"

"boom!"

Under his impact, the abyss restraint sent out a tyrannical force, and countless lightning and thunder light exploded fiercely.

His head is bleeding!

Shocking blood!

But this can't stop him!

"Break me!"

The blood dragon yelled violently, and transformed into a giant man wearing a blood-colored dragon armor and holding a dragon-print battle axe.

This is the appearance of the blood dragon incarnate!

boom!

The blood dragon swung its battle axe, like breaking the ground, and smashed it on the forbidden energy cover.

Wow!

The entire abyss was forbidden, and he was split instantly.

"what!"

The blood dragon let out a painful cry, and the thunder light of the right arm holding the axe jumped, and it was instantly bombarded to a scorched black.

Although he broke the prohibition, he was also severely damaged by the prohibition law. The entire right arm was abolished. If you want to recover, I don't know how long it will take.

"What a powerful breath!"

In the distance, the Yantian Dragon God and many elders witnessed the stalwart figure of the blood dragon, which was deeply shocked.

Although the blood dragon was severely injured by the forbidden, but the appearance of the axe just chopping, as if to split the chaos, swallowing thousands of miles of mountains and rivers, it is terrifying.

"It's over, we are dead."

An elder wailed desperately, the blood dragon is so powerful, if they chase it over, how can they resist it?

But unexpectedly, the blood dragon glanced at them indifferently, and said coldly: "Fortunately for you, next time you run into me, you will kill me!"

Hoo!

The blood dragon shook its body and restored the appearance of the dragon's body. The front claw was completely blackened. After severe injuries, it would be difficult to maintain its human form.

The huge dragon body rushed across the void and hurried to the blood lake.

Xia Ruoxue is at stake, and the blood dragon has no time to entangle with the Yantian Dragon God.

"My lord, we can go now."

The elders let out a sigh of relief and said with joy.

"Slowly."

Yantian Dragon God's eyes flickered, thinking of the claws of the blood dragon that had just been severely injured.

"Let's not hurry back and stay and investigate some things."

Yan Tian Long Shen said lightly.

"what!"

The elders were shocked, they had fallen out of the Celestial God Realm and needed to return to the palace to recuperate, otherwise the cultivation base would continue to fall.

But now, the Yantian Dragon God actually asked them to stay, which is absolutely unacceptable.

All the elders have anger in their eyes.

"My lord, what are you doing here?" the elders said angrily.

"Hehe, the blood dragon is risking serious injuries and has to break through the prohibition. I don't know what we plan to do. We must investigate clearly."

Yantian Dragon God flicked his fingers, his eyes flickering constantly.

"He has awakened the mysterious power outside the territory, sir, if we stay, I'm afraid we will die." The elders said.

The Yantian Dragon God has recovered his composure, and said: "The evil animal is seriously injured. As long as we are careful ~ www.mtlnovel.com~ there will be no accident, rest assured, after the incident, I will report to the palace lord and reward each of you A superb pill will help you restore your cultivation."

The existence of the blood dragon made the Yantian Dragon God deeply jealous.

Especially now, the blood dragon has also awakened the extraterritorial power and swallowed the ancient sealed dragon.

This is a huge hidden danger for Tiandao Palace.

Therefore, Yantian Dragon God does not want to give up easily.

He wanted to be today, so he killed the blood dragon and cut the roots.

The elders exchanged their eyes, and suddenly they showed fiery expressions.

If they can get the best pill, all their lost cultivation base can be restored, and even their vitality and blood will be transformed, and they will have the opportunity to go to the next level in the future.

"Stop talking nonsense, keep up."

Yantian Dragon God flew around and chased the blood dragon.

"Yes, my lord!"

The elders heard that there was a reward, and immediately followed.

At this time, the blood dragon flashed light, broke through the space, and rushed to the sky above the blood lake.

It just saw it, Xuan Ji held a sword to kill Xia Ruoxue!

"Stop it!"

The blood dragon roared, raised its head to vomit the sun and the moon, opened its mouth and spit, bursting out a horrible beam of energy, and slammed towards Xuanji.

"This is... outside the territory!"

"How can the Nine Heavens Dragon Palace have an extraterritorial atmosphere?"

Xuanji was shocked, and hurried back with his sword to avoid the blood dragon's attack.

boom! !

The terrifying beam of light exploded to the ground, and instantly penetrated the earth.

The lava from deep in the ground rolled out.

Chapter 2947: The power of the blood dragon!

Xuanji's beautiful eyes shrank. Fortunately, she dodged fast, otherwise she would be hit by this energy beam, and she would be seriously injured.

"Miss Ruoxue, are you okay?"

The blood dragon sounded bleak, and flew to the vicinity of Xia Ruoxue.

The huge body guards her tightly.

"Blood Dragon...you..."

Xia Ruoxue saw the blood dragon coming, and she was immediately happy.

"Sister Xue, we are saved."

A little bit of starlight floated out of the mud deep underground, and the reincarnation star rose up again.

The Protoss was also full of joy when he saw the blood dragon coming.

There is a blood dragon guarding, she and Xia Ruoxue at least relieved the immediate danger.

"Hehe, don't be too happy."

Xuanji smiled indifferently, looking at the blood dragon:

"It turns out that you are the blood dragon. The queen has an order, and you have to die."

Click!

The big sword clenched tightly, and Xuanji's beautiful eyes were cold.

Endless killing intent broke out at this moment!

"You are from the upper realm, that woman, is your master?"

The blood dragon's voice was bleak, and a figure of the earth-shattering empress emerged in his mind.

He swallowed the magic dragon outside the domain, and naturally got a part of his memory!

That figure is too lofty and powerful.

Even if it is it, he dare not call his name directly, otherwise he will be punished by God.

Only when the strength is fully restored, the blood dragon dare to say the name of the queen:

Xuan Ji Yue!

The supreme upper realm, the supreme, the queen of all directions, crushing the heavens: Xuan Jiyue!

If anyone in the world can be as famous as the Lord of Samsara!

Then there is only Xuan Ji Yue!

"Hehe, since you know my lord, quickly kneel down and lead to death, lest I waste time."

Xuanji sneered.

"Bah!"

The blood dragon gazes horizontally: "That vicious woman, one day, I will go to the upper realm, so that she can understand what is dragon anger!"

The voice fell, and the blood dragon swayed and slew towards Xuanji. Endless killing intent rises to the sky!

"I can't help myself."

Xuanji snorted coldly, swiping the big sword, exploding the sky blue light, and cutting the blood dragon's body straight.

If the blood dragon is not injured, she might be a little bit jealous.

But now, she clearly discovered that one of the blood dragon's claws was completely burnt black, which was obviously extremely injured.

"The Great Desolation Breaks the Moon!"

Xuanji yelled, she wouldn't miss such a good opportunity.

The sword's edge broke through, and she slashed in anger with a single sword, and the whole sword gave out the breath of the ancient waning moon, cold and sad.

woo woo woo!

The big sword flew across the void, if it wanted to cut open the bright moon, with a billowing sword aura, slashed and killed.

"Devil Skull Blood Claw!"

The blood dragon uttered a low voice, and his left claw suddenly burst out.

The hazy **** light lingered between its paws, turning into a blood crystal-like existence, firmly covering the entire paw.

Its claws also seem to become transparent.

Vaguely, I can see the strong keel inside, full of power.

嗤!

The claw of the blood dragon seemed to crush the planet, cut through the void severely, and collided with Xuanji's blade.

boom!

The swords and claws collided, and suddenly there was a loud noise.

The blood dragon's body remained motionless, and Xuanji was as stable as Mount Tai.

This confrontation is evenly matched and on par.

"Damn it."

Xuanji gritted her teeth, but she didn't expect that the blood dragon would have such a powerful force after being seriously injured.

If all were restored, the consequences would be disastrous!

The prestige of the dragon clan outside the territories cannot be underestimated.

Beautiful eyes flickered, Xuan Ji's eyes hung in the cold light like a snake, and she didn't know what poisonous tactics she was thinking about.

"Instant Kill Emperor Dao Sword!"

Suddenly, she gave a soft drink and burst out with a sword.

His body shook, and he actually moved in an instant, killing him in front of Xia Ruoxue.

"Be careful!"

The blood dragon was shocked and hurriedly swung its claws to stop Xuanji's sneak attack.

The move of Xuanji is a very powerful sword technique in the upper realm. It is called the Instant Killing Emperor Dao Sword. It combines the powerful laws of space, moves instantaneously, and kills in front of the enemy at once, making it impossible to guard against.

Fortunately, the blood dragon was always on alert, and when he saw Xuanji sneak attack, he immediately responded.

boom!

It hit Xuanji's big sword with one claw.

But the feeling of collision is very weak, without any strength.

"Not good, hit the score!"

The blood dragon's expression changed drastically.

Xuanji's sword was a false move, and he didn't use any strength at all.

"Hehe, evil animal, die for me!"

Xuanji sneered, and suddenly teleported out, hitting the blood dragon head.

She is very smart and uses Xia Ruoxue as bait to lure the blood dragon into fools.

If it is in normal times, with the strength of the blood dragon, you will not be confused by false moves at all.

But now that caring is chaotic, it is just a way.

"Instant Kill Emperor Dao Sword!"

Xuanji yelled at the sky, and the real killer cut out.

Magnificent and magnificent, with the sword aura of the emperor of the upper realm, he slashed down on the body of the blood dragon.

噗哧!

Suddenly, a hideous wound appeared on the blood dragon's body, dripping with blood, and a dull cry from his throat.

"Blood Dragon!"

Xia Ruoxue was shocked and his eyes were red. If it were not to protect her, the blood dragon would not be so embarrassed.

"Damn it."

The blood dragon gritted his teeth, only feeling a sharp pain in his heart.

"You haven't recovered to your peak yet. When you fully awaken that bloodline, it may be me who died.

The queen told me that killing threats is the way to survive in the upper realm. Now, I will send you on the road. "

Xuanji succeeded with a sword, suddenly energetic, and his body teleported, raising the sword to kill Xia Ruoxue.

This time, it was not a false move.

but upright ~www.mtlnovel.com~ an extremely fierce instant killing emperor sword.

Xia Ruoxue's eyes narrowed, and she hurriedly drew back.

"Miss Ruoxue, go away!"

The blood dragon's eye canthus was completely cracked, dragging the seriously injured body, blocking her in front.

"I can't leave, besides, I am Ye Chen's woman, so how can I slaughter?"

Xia Ruoxue's eyes were cold, staring at Xuanji: "No matter, Blood Dragon, today we will join forces and fight with her."

"Go! Even if there is only a chance! I sensed the breath of Heavenly Dao Palace! There are still enemies to be killed!"

The blood dragon picked out a scale and turned it into a dragon scale flying boat with a crash.

"Xingling, take Miss Ruoxue and leave."

The blood dragon waved its claws, sending both the reincarnation star stone and Xia Ruoxue onto the flying boat.

If the enemy is only Xuan Ji, it will fight to lose both sides, perhaps it can save Xia Ruoxue.

But now, the Yantian Dragon God and the twelve elders quickly approached.

Once they arrived, the blood dragon had nothing to do.

Therefore, it must, immediately send Xia Ruoxue away!

嗖!

The blood dragon waved its giant claws and brought a gust of wind, and the entire dragon scale flying boat quickly swept through the void and flew outside the hall.

"Blood Dragon!"

Xia Ruoxue called out, gritted her teeth, her beautiful eyes with a trace of sadness.

"Sister Xue, let's go quickly, don't live up to the sacrifice of Senior Blood Dragon."

The Star Spirit whispered. .

"Where can I go?"

Xuanji's expression was cold, and he suddenly used the Instant Kill Emperor Dao Sword to break through the void and chase Xia Ruoxue.

Chapter 2948: Invincible

"Stay, your opponent is me."

The blood dragon snorted coldly, enduring the pain of the serious injury.

"Damn it."

Xuanji's body fell to the ground, looking at the blood dragon whose wound was still dripping blood, said indifferently:

"You crooked animal, you are so injured, and you want to stop me, are you not afraid of death?"

"Hehe, even if I die, you will have to pay the price."

The blood dragon roared up to the sky, awe-inspiring and fearless, with a trace of extraterritorial power in his body, suddenly erupting, blooming with a thousand rays of aura and a heavy glow.

The wound on his body stopped the bleeding instantly.

boom!

The giant claw swung out, crushed the void, and hit Xuanji's head.

At this moment, the blood dragon madly overdrafts his life, and Xuanji must pay the price regardless of the consequences.

Xuanji narrowed her eyes and hurriedly raised her sword to block.

boom!

The sword and claws collided, but she was shaken back three steps.

"sucker Punch."

Xuanji's pretty face was furious. Although the blood dragon's attack was strong, it was the end of the crossbow. Under severe injuries, the oil was exhausted and the lamp ran out, and it would not last long.

She was not afraid at all, with an instant kill, lifting the sword straight to the dragon.

"Arrived."

And at this moment, the Yantian Dragon God and the twelve Heavenly Dao Palace elders swept over together, just in time to see Xuan Ji cut out with his sword, chuck, and cut a huge wound on the dragon.

"Master Xuanji, it's you."

Yan Tian Long Shen saw Xuan Ji's figure, and suddenly let out a cry.

"Hehe, are you here too?"

Xuanji drew her sword back, and she severely injured the blood dragon with another sword. The blood dragon groaned and sank directly on the ground, the injury was obviously very serious.

"Master Xuanji is worthy of being a noble family of the upper realm, with supernatural powers, this wicked animal has been cleaned up and obedient by you."

Yantian Dragon God looked at the blood dragon's embarrassed appearance, and his heart was very happy.

The blood dragon that made him extremely frightened and fearful was sinking to Pingyang at the moment and was severely injured by Xuanji.

There is no doubt that even the Yantian Dragon God is not as strong as Xuanji.

"Hurry up and chase Xia Ruoxue. Let me deal with this blood dragon."

Xuanji looked into the distance coldly, the dragon scale flying boat had turned into a black spot and was about to escape soon.

"This one....."

Yantian Dragon God paused slightly, he stepped into the Nine Heavens God Dragon Palace this time just to slay the blood dragon.

Now that the blood dragon is seriously injured, it is his chance to kill him.

He doesn't want to miss it!

"What are you doing in a daze! Go! If Xia Ruoxue runs away and angers the Queen of the Upper Realm, you can afford it?"

Xuanji said in a deep voice.

"The Queen of the Upper Realm..."

Yantian Dragon God shivered, his eyes solemn.

The supreme queen of the upper realm, but he can not offend.

Once the Queen's Supreme is delayed, the consequences will be disastrous.

"Okay! Master Xuanji, I will set off right away. This evil dragon will also ask you to kill it. Be sure to smash it into thousands of pieces and thwart its bones and ashes, otherwise the dragon's blood will wake up, I am afraid that there will be a catastrophe."

The Yantian Dragon God gritted his teeth. Although he wanted to kill the blood dragon himself, the situation was critical and he had to chase Xia Ruoxue.

"I don't need to ask you to do things."

Xuanji looked cold and arrogant, and tightened his sword tightly.

"Bah! Stinky lady, what arrogant."

Yantian Dragon God secretly cursed in his heart, saying: "Wait for Xuanyuan Moxie to break through the avenue of heaven, and kill the upper realm with a single sword. Whatever you are, the upper realm, the queen, will be wiped out!"

Pursing his face, Yantian Dragon God was on the surface, but he dared not expose a trace of rebellion. He looked back at the twelve elders and said:

"Elders, there is absolutely a problem with the blood dragon guarding that woman like this, we just happened to capture her back to the palace, let's go!"

The elders said in unison: "Oh, yes!"

The Yantian Dragon God led a group of elders, following the traces left by the flying boat, and quickly chased and killed them.

The blood dragon saw this scene, his eyes were cracked, his heart roared and called:

"Master! Come on!"

.....

At the same time, Sogo Tibetan.

Wow!

His body penetrated the waterfall directly and came to the cave inside.

"Sure enough, there is another cave."

Ye Chen was overjoyed, but saw a stone plaque hanging at the entrance of the cave mansion with the words "Chongguang Tomb Mansion" engraved on it, and a couplet on both sides:

Sogo Emperor Mansion, Shuilian Dongtian!

As soon as Ye Chen approached the entrance, a swarm of aura, mighty auspicious aura emerged from his body, rolling over.

In this Sogo Tomb Mansion, there must be a great fortune waiting for him.

"Even if there is Longtan and Tiger's Den, I have to break through!"

Ye Chen sacrificed his weapon, holding the evil sword in his right hand, holding the Zhutian God Demon Spear in his left hand, fully guarded, and strode into the tomb.

Chongguang Tomb Mansion, at the end of the cave mansion.

This cave is just an entrance.

Ye Chen entered the cave, and immediately felt the water vapor puffing his nose, a damp, and the sound of ding-dong water droplets was endless.

The world in the cave is bizarre.

is full of colorful strange stones, the ground is full of strange flowers and weeds he doesn't recognize, and blood and jade bats hang upside down on the ceiling of the cave. A trace of aura is condensed into a mist, floating around.

"what is this?"

In vain, Ye Chen saw a green fruit growing on a big tree on the cave wall.

This fruit, green like jade, filled with a trace of fairy aura, it turned into a heavenly dragon, a phoenix, a unicorn, a fox, ground water, fire, wind, and so on.

Endless aura emanating from the fruit.

"Ah~www.mtlnovel.com~ This is the fruit of the **** emperor. It is made from the spiritual power of the **** emperor. It has a lot of spiritual power. If you refine it, you will have great benefits."

Cang Ancient Medical God exclaimed.

Rao is very knowledgeable, but when he saw this **** emperor green fruit, he couldn't help but shake.

"God Emperor Green Fruit?"

Ye Chen narrowed his eyes, this Sogo Tomb Mansion was indeed full of adventures, and a fruit on the cave wall tree was actually a god.

Ye Chen didn't hesitate right now, and immediately jumped onto the big tree and stretched out his hand to pick the fruit.

Squeak!

In vain, the blood bat on the top of the cave yelled violently.

Immediately, blood bats were densely packed and overwhelming, with murderous fierce gleams in their eyes, flapping their wings, and slaying towards Ye Chen fiercely.

Obviously, this **** emperor green fruit is their guardian.

Ye Chen wanted to start picking, which simply took their lives.

Ye Chen immediately swung his sword out and danced into a sword wall to resist the attack of blood bats.

One by one blood bats slammed into the edge of his sword desperately, becoming sludge.

"What a fierce bat!"

Ye Chen was secretly frightened, each of these bats has powerful strength and sharp minions, which seem to be able to shred everything.

If it were an ordinary cultivator in the Chaos Realm, he would have been attacked by so many bats, I am afraid that he would instantly turn into bones. .

Even Ye Chen felt tremendous pressure.

The overwhelming bats are invincible.

Chapter 2949: The devil comes?

Ye Chen waved his sword and chopped the bats into sludge, but more bats came surging from all directions and attacked him frantically.

Gradually, Ye Chen felt weak, and if it continued like this, he might be exhausted.

"Xuan Yan! Open!"

Between the electric light and flint, Ye Chen put away his weapon and sank his dantian. The terrifying mysterious flame of the dantian erupted at this moment, making a sound that shook the world.

The power of God and Fire, with the power of stirring the void, swallowing the sun and the moon, outrageously burst out.

Ye Chen burst into flames all over, as if condensed into a fire dragon, entangled with each other into dragon pillars, and rushed out.

hum!

The mighty power of flame swept all around instantly.

The blood bats around were directly stunned to the ground.

The bats in the outer layer screamed, turning around and flying back to the depths of the cave.

rumbling!

The whole cave house shook violently.

A piece of stone, constantly falling, aroused a cloud of smoke and dust.

Fortunately, this Sogo Tomb Mansion itself is very restrictive, otherwise, it might have collapsed long ago.

"Huh..."

Ye Chen spit out a turbid breath, took out an elixir and took it, and slightly adjusted his breath.

The ground was covered with a thick layer of silt. It was the corpse of the bat he had just killed, and there were bats that had been stunned, struggling in the silt.

Ye Chen didn't bother to take care of it either. He reached out his hand and took off the **** emperor green fruit. This time, nothing stopped him.

The whole **** emperor green fruit is like a gentle jade.

Ye Chen took it in his hand, and suddenly he was fully comfortable, and bursts of spiritual energy rushed towards him, unable to stop it.

"After eating this fruit, my cultivation level will definitely improve!"

Ye Chen's eyes were filled with joy, and he was about to swallow the **** emperor green fruit. Suddenly, he spits out blood!

The power of the dantian was actually taken away!

Not only that, but a picture appeared in his mind!

A picture from the Nine Heavens Dragon Palace!

Xia Ruoxue! Blood dragon! crisis!

can't delay any longer!

"Something happened to the Nine Heavens Dragon Palace!"

Ye Chen burned with anger. He wanted to go deep into the Sogo Tomb House, but now he obviously can't!

He stopped hesitating, and went straight to the outside!

came to Ye Lingtian in an instant!

"Hall Master!" Ye Lingtian's eyes condensed, and he felt that the Lord was not right!

Ye Chen looked serious, and only left one sentence: "Ling Tian, two things! First, solve the traitor Ye Xueqing placed in the Ye Family by the Heavenly Dao Palace! Second, help me tell Senior Ye Shaoqiu that I'm leaving for a while! Nine Heavens Dragon Something happened to the temple!"

Before Ye Lingtian could react, Ye Chen disappeared instantly!

The next moment, Ye Lingtian's eyes were solemn, and he disappeared into the house!

He knew that something big was about to happen to the entire Ye family!

High-level traitors, how serious!

But he must solve it as soon as possible! Set foot on the Nine Heavens Dragon Palace together!

.....

The screen turns!

Xuanji looked at the blood dragon's struggling eyes, and sneered: "What are you struggling with, do you think someone will come to rescue you at this time?"

嗤!

Xuanji stopped talking nonsense, clutching the hilt of the sword tightly, her body flashed in place, and instantly passed through the void, with a fierce sword and blast, with a sky-shaking glow, straightly cut the head of the blood dragon.

"In such a prosperous battle, how can I hide the Devil Emperor without me!"

"My Devil Emperor, I also want to challenge the people of the upper realm today!"

Suddenly, a shocking violent shout ran through the entire void.

In an instant, the bright moon faded and the dark clouds surged.

The overwhelming devilish energy covered the entire night sky.

Above the nine heavens, there were countless demon chants, shaking the heavens.

The mud abyss of the earth also blew up endless black mist, and it seemed that hundreds of millions of creatures were crying.

Nine born earth, as if it has evolved into a world of magic.

A huge eye pupil, imprinted on the sky, filled with the fierce demon energy of ancient times.

"Devil's Eye!"

Xuanji's face changed drastically.

Rolling demon energy, condensed into an extremely mighty, extremely arrogant, extremely stalwart figure,

is the devil emperor that covers the sky!

"Senior Devil Emperor... actually came."

The blood dragon's eyes shrank slightly, with a hint of surprise.

It did not expect that Ye Chen had not come yet, but the Devil Emperor Zhetian had arrived.

"In my mind, I seem to hear your call, are you okay?"

The stalwart body of the Devil Emperor covered the sky, dressed in a robe of black energy.

On the robe, embroidered with swords, mountains of fire, purgatory Shura and so on.

He strode boldly, descended from the sky, landed beside the blood dragon, and stared at Xuanji in front of him coldly.

"The breath of the outside world, so magical, it seems that I underestimated the kingdom of God!"

Xuanji's eyes shrank, and the hairs all over her body suddenly stood upright, with crises.

She felt that the power of the Devil Emperor was very powerful, reaching the seventh heaven of the Heavenly God Realm! Maybe even higher!

She is naturally not afraid of her peak state, but her current state is still a little far away from the Devil Emperor!

If she fights, she has no chance of winning.

A strong blow from the Devil Emperor covering the sky was enough to severely inflict her on her.

"Leave quickly, the blood dragon is my good friend, I don't allow anyone to hurt it."

The Devil Emperor's voice was extremely cold.

Extreme bloodthirsty!

cold to the bone marrow!

While speaking, countless demonic energy surged, exploding a number of law runes, condensed into chains, brushing and chatting in the void.

If Xuanji dared to say "no", he would go against the sky! Challenge the upper bound!

His rebirth is entirely because of Ye Chen!

He is willing to offend everything for Ye Chen!

What is an emperor, an emperor is not a respect, but a righteousness in the heart!

"I am the upper realm, dare you to kill me?"

Xuanji gritted her teeth: "This evil dragon has offended the Empress Supreme, it will die today, and it will cover the Devil Emperor. It is for the face of the Empress Supreme, please don't stop it."

"Don't talk nonsense, give you three breaths."

"Go!"

"Or ~www.mtlnovel.com~ die!"

The Devil Emperor Covering the Sky is extremely aloof, without the slightest flinching.

The Queen of the Upper Realm is the most powerful existence in the Upper Realm.

Even if it was him, he would be extremely jealous.

But now, this is the territory of the kingdom of God.

The hand of the upper bound can't reach.

Therefore, he is fearless. If Xuanji dared to talk nonsense, even if he blasphemed the heavenly power of the upper realm, he would kill it.

This is the arrogance of the Devil Emperor!

fear nothing!

Crush everything!

What about the upper realm, what about the queen, the Devil Emperor Zhetian has never been afraid.

"The Devil, please consider carefully, once you offend the upper realm, the empress's supreme anger is not something you can bear."

Xuanji was fully alert, stepped back slightly, and spoke again.

"time up."

"Very well, since you don't roll."

"My, send you on the road!"

The words of the devil emperor cover the sky like thunder, and the magic power is overwhelming.

There is no nonsense.

With a big wave of his hand, the devil energy of the heavens condenses and turns into a long sword.

The fierce glow is rolling, seeming to kill all the people, and it blows up from the sword.

A chain of black mist chains, bursting out the runes of the law, wrapped around the sword.

"Cut!"

The Devil Emperor drew up to the sky and shouted, swinging his sword and slashing.

With a sword, the world seemed to collapse. .

The heavens and the universe seemed to fall under the magic power of this sword.

Endless magical energy, endless majesty, rolling out.

Chapter 2950: Entangled!

"This guy is so arrogant."

The blood dragon also secretly nodded his approval when he saw the vicious appearance of the Devil Emperor.

The upper realm family, the queen supreme, and the heavenly palace, all must be afraid.

But the Devil Emperor Zhetian is not afraid at all.

People in the upper realm, kill if you say kill.

The sword of the seventh layer of the heavenly divine realm, powerful enough to crush endless.

This sword is definitely not something Xuanji can resist now.

Xuanji's eyes were shocked, and she was deeply terrified.

Unexpectedly, this devil emperor dares to blaspheme the might of the sky, disobey the queen, and kill her.

"The Emperor's Castle Sword!"

At the juncture of life and death, Xuan Ji raised his slender hand, offering a flying sword with the thickness of nine pinky fingers.

These nine small flying swords burst out with a monstrous yellow light as soon as they appeared, and they instantly turned into huge pillars of carved dragons, rumbling to the ground, forming a circle, tightly guarding Xuanji.

A vast expanse of Essence of the Earth circling around Feijian.

boom!

The Devil Emperor slashed with a sword, and slashed on the huge sword pillar, blowing up waves.

Nine sword pillars broke and shattered instantly, were beaten back to their original shape, and turned back into nine small flying swords.

The sword body broke, and it fell into scrap metal.

"Zhen Tianhuangcheng sword, so you still have a hole card to protect your life."

The Devil Emperor nodded.

The Imperial City Sword in this town is a flying sword made by the upper realm refiner. It is cast with pure earth energy. It is not a sword of killing, but a sword of protection. It can be built around the sword to form nine swords. Column, guard life.

"Damn, your strength is actually so strong?"

"Where did you go outside the domain?"

Xuanji gritted her teeth and panicked completely.

The flying sword that the empress gave her was cut to pieces in an instant.

The strength of the Devil Emperor who covers the sky is not weak in the upper realm.

In time, he stepped into the highest realm and smashed to the upper realm, not knowing how earth-shattering it would be.

"Take me another sword, I want to see how many cards you have."

The devil emperor covered the sky with aloof eyes, waved his hand again, and the sword danced violently.

Sword Qi is rolling, like a mountain like a prison.

噗哧!

This time, Xuan Ji did not have any protection, and was directly retreated by a sword, blood spurted wildly, and her body hit a broken wall in the ruins at the bottom of the lake, then wiped the blood and fell down.

"Hmm, not dead yet?"

The devil emperor's eyes narrowed slightly.

He felt that Xuan Ji's vitality had not broken yet. Although he was seriously injured, he did not die.

This is impossible.

The opponent was injured a bit because of the suppression of the blood dragon and the rules of the Kingdom of God.

He took advantage, he should be eligible to kill!

But things backfired!

Now, she happens to be alive.

"Ahem..."

Xuanji coughed up blood, stood up swayingly, and bowed to the empress mural on the broken wall in the distance: "Thank you for help."

Her body is filled with light.

A trace of mighty Tianwei, constantly rolling.

The entire night sky was instantly illuminated.

Her light seems to penetrate the universe, tyrannical.

"Damn it, it's the majesty of the queen!"

The devil emperor's expression changed slightly.

From Xuanji, he felt a majesty that shakes everything.

This is not the breath of Xuanji.

This is the domineering of the immortal empress!

"The empress, even if she did not hesitate to offend the rules, dropped an imprint of the emperor!"

The Demon Emperor who covered the sky took a step back slightly, his face extremely solemn.

Xuanji actually had a mark on her body.

That is the emperor's mark of the Queen of the Upper Realm, possessing the supernatural power to crush all living beings, which is enough to make the great road collapse and the world pales.

The Upper Realm and the Kingdom of God are two completely different worlds.

If you cross the boundary wall and plant a mark, it will trigger a huge backlash.

But now, the Queen of the Upper Realm actually took the risk of backlash, and also offended the rules, dropped an emperor's mark and planted it on Xuanji.

Xuanji's eyebrows condensed, and evolved into an ancient totem pattern, like the sun and the moon.

This sun and moon ornamentation is the mark of Emperor Wei.

Relying on the power of the imprint, she withstood the sword cut of the Devil Emperor.

Even the injuries on his body are rapidly recovering.

"The woman is crazy, let's go."

The Devil Emperor who covered the sky did not hesitate, waved his hands, rolled up a gust of wind, and flew away quickly with the huge body of the blood dragon.

Although he is arrogant, he is definitely not a rash person.

Now that the Queen of the Upper Realm is taking action, he won't be stupid and head-on.

Anyway, this imperial prestige mark cannot be left for too long.

Otherwise, the rules will break out, and the Queen will be beaten back without him!

As long as he delays for a while, he can kill Xuanji at any time when the Emperor Prestige Mark disappears. There is no need to take the risk now.

"Zhetian Devil Emperor, blaspheme the Queen, you have to die."

"Leave it to me!"

Xuanji flew up, her body blooming with divine light, and the rolling emperor's prestige filled the world, with the sun and moon imprints on the center of her eyebrows, the rays of light overwhelming the eternity, as if to illuminate the universe.

boom!

With a wave of her slender hand, the endless aura spread out like the Emperor of Heaven.

Suddenly, the surrounding void was completely sealed off.

The Devil Emperor Zhetian took the blood dragon, and was about to tear the void and leave.

But now, the void between heaven and earth, under the cover of Xuanji's imperial prestige, was locked in an instant, and it was impossible to escape from it.

"Damn it."

The devil emperor's eyes flickered, and if trapped in this void, he would face Xuanji.

Although, he is not afraid to fight.

But this kind of battle has no value, it's just a waste of energy ~www.mtlnovel.com~ a waste of spiritual power and magic.

What's the point of fighting with a mark.

"Instant Kill Emperor Dao Sword!"

Xuanji yelled, with the help of the power of the Emperor Prestige Seal, a sword burst out.

rumbling!

The huge blade of the sword flew across the void in an instant, causing a shocking wave.

Under the perfusion of Emperor Prestige, her sword moves have greatly increased the lethality.

"Moxi transforms into a shield, eternal guard!"

The Devil Emperor yelled violently and waved his hand. The devil energy in the sky was condensed and turned into an extremely huge shield, erected between the sky and the earth.

boom!

Xuanji's sword stood fiercely on the shield.

Wow!

The shield light shattered and disappeared directly.

But Xuanji's sword power is also eliminated.

"This guy can actually block the Emperor Sword Slash."

Xuanji was deeply shocked.

She was accompanied by Emperor Wei's kendo ultimate move, and her lethality was amazing, enough to cut through the galaxy sun and moon, but now, she was dispelled by an air shield of the Devil Emperor.

The strength of the Devil Emperor that covers the sky can be imagined.

What happened to the Kingdom of God?

How could such an evildoer be born!

"Devil Emperor, it's meaningless to fight this woman, let's go!"

The blood dragon's eyes flickered, and his injuries recovered a lot. .

After it awakened the blood from outside the territory, its physical recovery ability was amazing. The wound that was severely injured by Xuanji has now healed, and its internal injuries are also recovering rapidly.

Now it needs time to rest, there is no need to entangle with Xuanji.
