Chapter 2961: Stay away

He has only one thought in his heart, become stronger! Become stronger!

If he can escape from birth this time, Ye Chen will definitely practice frantically to make himself stronger.

But it is a pity that there seems to be no way to reverse the death in front of me.

Under the crush of Xuanji Xeon's sword, Ye Chen's Qi machine was locked, and he couldn't even move his hands and feet, and couldn't resist at all.

"Ye Chen, be careful!"

Suddenly, a clear shout sounded.

I saw a pretty figure flying across the sky, blocking Xuanji's sword.

is Xia Ruoxue!

Xia Ruoxue at this moment, with blue silk fluttering and clothes fluttering, her breath is pure and strong, and very powerful.

On top of her delicate body, there are strands of bright flames lingering, revealing strands of obscure breath of reincarnation.

Reincarnation Star Flame!

At the last moment, she actually succeeded in refining and mastered the energy of the reincarnation star flame!

Reincarnation star flame, what a powerful flame is.

Refining, instantly against the sky.

The aura on Xia Ruoxue's body, extremely tyrannical, endless flames, burning on her body, seems to burn the sky and the earth, breaking through the universe.

"Impossible!"

Xuanji saw Xia Ruoxue's figure, and was deeply shocked. She didn't expect Xia Ruoxue to succeed in refining.

Under the huge shock, she trembled all over, and her sword spirit instantly slumped.

"Ruoxue, you..."

Ye Chen was also a big surprise. Unexpectedly, Xia Ruoxue refined the reincarnation star flame at the moment of life and death.

Do not!

Take a closer look. On top of Xia Ruoxue's head, there are still wisps of star-flame energy, constantly venting out.

She hasn't completely succeeded in refining!

To be precise, she has refined 90% of her energy.

The remaining 10% energy, she doesn't want it!

At the most critical moment, Xia Ruoxue was in the heart. She decided to abandon a part of the energy of the reincarnation star flame and only refine 90%.

In this way, refining becomes much easier, and finally at the last minute, you're done!

The full moon is easy to lose. Sometimes the pursuit of perfection is too much, but it is a drag!

This time, Xia Ruoxue gave up, instead, he fits the way of heaven, and his merits are fulfilled!

"This sinner is actually willing to give up part of the energy of the reincarnation star flame."

Xuanji gritted her teeth, and saw strands of starflame aura, constantly venting from the top of Xia Ruoxue's head, spreading into the vast void, and becoming a bubble.

Reincarnation Star Flame, this is the top sacred fire in the heavens and the earth, even a trace of energy has the power of shocking the sky.

But now, Xia Ruoxue is so decisive, to abandon part of the energy, and to achieve refining in advance.

"Very well, Ruoxue, you have finally completed your merits."

Ye Chen stroked Xia Ruoxue's face and looked at the star flame energy that was vented out: "This heaven and earth thing, you can't waste it!"

boom!

In Ye Chen's body, the flame aura broke out.

An ancient stone monument burst out instantly.

On the stone stele, an ancient text is engraved:

Yan!

This is the flame monument among the ten great reincarnation monuments!

The endless flame aura erupted from the flame monument, and the flames turned into chains of flames as the flames tumbling, circling around the flame monument continuously.

嗷嗷嗷!

A burst of majestic suction, diffused from the flame monument.

The star flame energy discarded by Xia Ruoxue, like a hundred rivers returning to the sea, crazily poured into the Yan stele.

"what!"

Xuanji saw this scene and was deeply shocked.

Samsara Flame Monument is the thing of the Lord of Reincarnation.

And now, the Yan stele appeared on Ye Chen!

"Is he the real Lord of Reincarnation?"

Xuanji's eyes widened.

Ye Chen at this moment, dominates the Yanbei, as if he is the emperor in charge of the Heavenly Fire Avenue.

In the dark, Xuanji saw the shadow of the Lord of Samsara!

That's right, Ye Chen is the Lord of Samsara!

This breath, this grace, this figure is exactly the same as the Lord of Samsara!

The power of the law of the Yanbei is very powerful. The abandoned star flame energy was originally going to turn into bubbles and return to the void, but now, all of it has been absorbed by the Yanbei.

Boom!

Reincarnation star flame, how powerful.

Even if it is 10% of energy, it has very powerful power.

Yan stele absorbed the breath of the star flames, and suddenly burst into the sky, and the power contained in it was aroused by the ferocity.

"The sword is coming!"

Ye Chen yelled from the sky, and the flames of the monument burst, and countless flames burned, turning into a monstrous flame epee.

On top of the heavy sword, there is a mighty fire dragon entrenched in a proud posture, swallowing thousands of miles in anger.

"Die to me!"

Xuanji has sharp eyes, calms her mind, and slashes down with a sword.

Ye Chen was not afraid, swung his sword to meet him.

The energy contained in this flame monument is very terrifying, and it is difficult for him to use it normally.

But now, absorbing the breath of the star flame, with the help of the power of the reincarnation star flame, the power of the flame monument burst out frantically.

This sword contains the laws of the Samsara Flame Stele and is unstoppable.

"Ye Chen, I'll help you!"

Xia Ruoxue's beautiful eyes were awe-inspiring, and she erected her sword. Suddenly, the monstrous flame of reincarnation exploded on the sword and turned into a phoenix.

唳!

There was a phoenix sound, which alarmed for nine days.

Xia Ruoxue slashed out with a sword, and the Phoenix sword whizzed past, crushing the endless void.

And Ye Chen also swung his sword madly.

The huge flame epee shot out a fire dragon sword qi, slashing fiercely.

One dragon and one phoenix, the sword and energy are intertwined, reflecting the sun and the moon!

Two sword auras, and Xuan Ji's sword, collided fiercely!

Pedal Pedal Xuan Ji's body was directly shaken back three steps!

"The lord... actually shook the upper realm god!"

Ye Lingtian, who was next to , was deeply shocked to see this scene.

Ye Chen and Xia Ruoxue returned to their hearts, their two swords combined, with the help of the energy of the reincarnation star flame, they actually shook Xuanji back!

This is simply incredible.

You must know that Xuan Ji is not an ordinary Celestial God Realm master, she is very powerful.

The world, there is almost nothing that can shake her.

But now, Ye Chen and Xia Ruoxue have done it!

Xuanji's face was slightly pale, she was greatly frustrated, and she felt shame in her heart.

Her dignified upper realm powerhouse was actually repelled by two ant-like characters. This is absolutely intolerable!

Actually, the power of Ye Chen and Xia Ruoxue is very different from Xuanji, and there is almost no possibility of shaking.

However, the reincarnation star flame and the flame monument, these two things, are too powerful.

was able to shake Xuanji just now, not by the strength of Ye Chen and Xia Ruoxue, but by the power of the reincarnation star flame and the flame stele.

Reincarnation Star Flame and Flame Stele are the most precious treasures between heaven and earth. The heavenly power exploded by these two things, even Xuanji, can't compete.

"Ruoxue, Ling Tian, let's go!"

Ye Chen put away the Yan stele, shouted, and wanted to take the two of them away.

After all, Xuan Ji's strength is too tyrannical.

was able to shake her back just now, it was all luck. .

If the fight continues, the three of them will undoubtedly die!

So, avoiding the edge is the best way.

Chapter 2962: Mysterious Ren!

"Want to run?"

Xuanji snorted coldly, waved his hands, and played a series of magic tricks, which actually blocked the surrounding void directly.

Perceiving this scene, Ye Chen's expression suddenly changed.

"Sick lady, don't you want to burn the jade and the stone?"

Ye Chen's voice is cold.

Now the energy of the Yanbei, he has been able to mobilize a lot, and Xia Ruoxue has also successfully refined the reincarnation star flame.

If you really put it together, Xia Ruoxue will explode the star flames, and Ye Chen will explode the flame monument. He can completely kill Xuanji, it is impossible to be easily crushed, and at most it will hurt both.

"Hahaha, what about burning jade and stone?"

Xuanji looked up to the sky and laughed, like a madman.

"Lord of Samsara, you must die today! Even if I fight this life, I can't let you leave alive!"

Xuanji knew very well that the queen never wanted to see the Lord of Samsara resurrected.

She will not spare her life, but will also kill the Lord of Reincarnation and share the worries for the Queen.

"Do you know who I am?"

Ye Chen's eyes flickered, looking at Xuan Ji's decisive appearance, he clearly knew that he was the inheritor of the Lord of Reincarnation.

"What is the grudge between me and the Queen of the Upper Realm? Why do you hate me so much?"

Ye Chen asked in a voice, he always felt that his previous life was inextricably related to the Queen of the Upper Realm, but the secret of the sky was elusive, and he could not calculate any cause and effect.

"Hahaha, you want to know, go to **** and ask!"

Xuanji's eyes were fierce, and she lifted her sword into the air, igniting a blazing fire.

"Burn my remains, burn my real blood, the holy flame will ceaselessly, and the embers will destroy the heavens!"

Xuanji knotted both hands and chanted again and again, unexpectedly resorting to the secret method of Tiandao Palace:

Burning Blood Dafa!

This blood burning technique, at the cost of burning all of your own essence and blood, temporarily increases your combat effectiveness. The actual combat effect is very terrifying.

"not good!"

Ye Chen's face suddenly changed.

I saw the blood on Xuanji's body, burning wildly, without any reservation.

She actually burned all the essence and blood and cultivation base.

In order to kill Ye Chen, he didn't even want his life!

"Lord of Samsara, I have fought this life today, and I will crush you to dust!"

Xuanji's voice was loud, and the words were like thunder, shaking the world.

She was covered with blue silk, and instantly turned into white snow.

The life span of the whole body's essence and blood was burning fiercely, and her head turned white for a moment, revealing a breath of incomparable vicissitudes.

Click!

Xuanji gripped the hilt of the sword tightly, and under the burning of his body's vitality and blood cultivation, the sword body exploded with a monstrous fierce glow, and the sword glow turned into an asura, a Hades, a skeleton, a flying yaksha, and ten palaces.

She did everything, as if she had fallen into the magic way, and wanted to kill Ye Chen.

This is a terrifying determination.

No one can stop!

boom!

Finally, Xuanji's body's vitality and blood were all burned out. The original beautiful and plump body became shriveled and thin, and his head was covered with blue silk into white snow.

But her sword exploded with a bright and fierce light.

"kill!"

The fierce light condensed, and the black energy turned into an incomparable sword light, slashing Ye Chen straight.

Ye Chen's pupils shrank and his hairs stood upright.

The sword of Xuanji is too powerful to imagine.

Her life's cultivation base, the whole body's blood, and the eternal life span are all poured into this sword.

The power of sword energy is simply going to crush the realms of the heavens.

Even a master at the pinnacle of the Heavenly God Realm, under her sword, would fall instantly, without any possibility of survival.

Such a terrifying sword, no one can shake it.

Suddenly, Ye Chen felt ashamed and completely desperate.

And Xia Ruoxue and Ye Lingtian were also desperate.

They didn't expect that Xuan Ji would be so decisive, fighting to burn the jade and stone, and kill them.

boom!

boom!

boom!

Before the sword qi was reached, the sky and the earth collapsed crazily.

The surrounding void has become an endless ruin.

Countless spaces flowed turbulently, madly spreading out, whirring.

Between heaven and earth, there is no trace of anger, only endless life.

All laws, all existences, under the sword of Xuanji, will be wiped out, without any possibility of survival.

A smile appeared at the corner of Xuanji's mouth. Although she paid the price of her life, she finally completed the empress's entrustment, and she did not live up to the empress's trust.

And Ye Chen could only wait for death in despair.

But in vain, Ye Chen felt an ancient stone pillar in the reincarnation cemetery shake.

A hazy phantom suddenly appeared in front of Ye Chen.

This phantom has a misty breath, with the vague atmosphere of heaven.

His eyes reveal the vicissitudes of life, the breath of heaven, and his robe is floating, endless runes of the law are constantly flowing around him, and every strand of his hair seems to carry an infinite secret. Shocking.

Anyone looking at him will have an urge to surrender.

is just a phantom, the breath that erupts is enough to shake the heavens, if the real body descends, I don't know how powerful and terrifying it will be.

"Senior, it's you!"

Ye Chen looked at this phantom, and suddenly shouted in surprise.

This person is the mysterious Ren Feihua!

At Ye Chen's most desperate moment, Ren Feihua showed up.

嗤!

Ren Feihua stretched out a finger, swept across the void, and clamped Xuanji's blade.

The sword of Xuanji is enough to cut through the world and crush the heavens. The power is so powerful that the peak master of the gods of the sky will be destroyed.

But now, Ren Feihua casually pointed, actually caught her weapon.

Like a traveler walking on the road, casually caught a falling leaf!

This heavy lifting technique suddenly showed the absolute strength gap.

Xuanji is powerful, very powerful.

But Ren Huan's strength is much stronger than her!

"what....."

Xuanji's sword qi disappeared, and the Xeon hit was resolved in this way.

She lost all her energy instantly.

The original clear eyes were completely dimmed.

At this moment, she seemed to be dead, and there was an obscure sound in her throat, like a howling, like a shout.

Anyone who hears it can hear her resentment, her anger, her suffering, and her unwillingness.

The sword she sent out from burning her life, like a child's play, was resolved by Ren Feihua.

Her heart was completely dead, she didn't howl, she just knelt in the void blankly, looking up at the sky above, not knowing what she was thinking.

"Xuanji, you shouldn't come before the big catastrophe."

Ren Feifan looked at her lightly.

and Xuanji, at a loss, there is no response.

"I am an extraordinary person, even if it is your master, I am not qualified to be killed."

Ren Feihua pointed out, and a burst of crystal light shot, as if piercing through the void, the heaven and the earth turned pale, and slammed towards Xuanji. .

Xuanji was dazed, feeling the momentum of this finger, and completely awakened.

She dodged in an embarrassing manner, and with a finger of extraordinary, pierced through the void for thousands of miles, crushing a planet far away in the sky with one finger.

Chapter 2963: The discovery of the Devil Emperor

Horror!

The strength of this person is terrifying!

Xuanji was deeply horrified. She knew that the strength of herself and Ren Feihua was too far apart, and there was no possibility of resistance.

"Who are you, why do you want to protect an ant in the Evil Slashing Realm?"

Xuanji gritted her teeth, originally thought she could kill Ye Chen with one blow, but unexpectedly at the last moment, she was actually stopped by Ren Feifan.

A cultivator in the Slashing Evil Realm in Ye Chen's district had such a giant hidden in his body, which Xuanji did not expect.

She knew that she would die today, she just wanted to detect Ren Feihua's news before she died, and report to the queen.

"My name is taboo, you are not qualified to listen."

"The people behind you are not qualified to know."

Ren Feihua's expression was cold and arrogant, and once again he flicked his fingers, and shot a very terrifying crystal light, directly hitting Xuanji's eyebrows.

This time, he directly locked Xuanji's Qi machine.

Xuanji's eyes widened and she was deeply desperate.

噗哧!

One finger penetrated and the brain burst.

Xuanji's eyes widened, and her whole body trembled. Looking at Ye Chen, she made a remnant voice:

"Lord of Samsara, in the previous life, Her Majesty the Queen could kill you."

"In this life, you too will die!"

After that, Xuanji's body fell into the endless void, and there was no sound in an instant.

Under the crush of Ren Feifei's Zhimang Yuwei, her body also turned into fly ash, completely disappeared in the world, leaving no trace.

boom!

Hearing Xuanji's words before death, Ye Chen's spirit was shaken violently.

"My previous life was really killed by the Queen of the Upper Realm?"

In the midst of it, he caught a trace of the fate of heaven and seemed to have a glimpse of the secrets of his previous life.

"Boy, you were caught by Xuan Jiyue, be careful from now on."

"This chessboard is already in chaos."

Ren Feifan looked at Ye Chen indifferently, and said lightly.

"Hyun..."

Ye Chen was about to ask who Xuan Jiyue was, but before the name was spoken, he felt a strong pressure from heaven.

The name is an inexplicable existence!

"Xuan Jiyue is the Queen of the Upper Realm!"

Ren Feihua's eyes condensed, and he knew what Ye Chen wanted to ask.

"Your previous life was the enemy of life and death."

"In this life, I am afraid I will be entangled."

"Boy, you can do it yourself."

"By the way, I have a chance to restore my Dustfall Dragon Sword to its entirety. There may be some answers in there."

Ren's extraordinary figure gradually faded and disappeared.

Xuan Jiyue's name, even Ye Chen couldn't say clearly, but he called it casually without the slightest pressure.

The pressure of destiny seems to have no effect on him.

"As a senior!"

Ye Chen yelled, but Ren Feihua had disappeared, and he did not know when he would reappear.

"Ye Chen..."

"Hallmaster..."

Xia Ruoxue and Ye Lingtian came to Ye Chen.

The man surnamed Ren is extremely ethereal, and his figure as vast as Tianyuan deeply shocked their hearts.

Fortunately, this person appeared and finally killed Xuanji.

"Let's go back."

Ye Chenshu let out a sigh of relief, and in this battle with Xuanji, he finally felt the power of the upper realm.

A close attendant next to Empress Xuan Jiyue possesses such a terrifying combat power. One can imagine how many masters there are in the upper realm.

"In my previous life, how much grudge did I have with Xuan Jiyue?"

Ye Chen thought silently in his heart, but unfortunately he was so confused, he couldn't feel anything.

Ye Lingtian came over and said solemnly: "Hall Master, what shall we do next?"

Ye Chen squinted: "I wanted to go to the abyss to see the blood dragon, but since the blood dragon can get out of trouble, he should come to me."

"The Ye family's matter has not been resolved yet, why not go to the Sogo Land first."

.....

At the same moment, in the abyss of the Nine Heavens Dragon Palace.

The blood dragon's eyes opened, and it swallowed the last remaining body of the extraterritorial dragon, raised its head, and looked at the restraint in the sky: "Zhangtian, we should also leave."

The Demon Emperor who covered the sky glanced at the bones of the extraterritorial dragon, and said: "It is incredible to swallow this extraterritorial dragon that was trapped here in ancient times with your strength."

"What kind of existence are you?"

The blood dragon flashed with blood light, and replied: "Now I have swallowed that extraterritorial dragon and got a part of memory. I can't tell what kind of existence I am."

"But these are not important. The important thing is that I will do my best to protect the young man from Jiangcheng."

The Devil Emperor Nodded, just about to say something. Suddenly, his dark and cold eyes shrank slightly, and he hurried to the countless chains lying on the ground.

That is the chain that imprisons the dragon.

Only the bones of the monsters outside the domain are left, and the chains are naturally piled up in the abyss.

is like a mountain.

"What's wrong?" The blood dragon felt something was wrong and asked.

The Devil Emperor Zhetian didn't answer, but instead shook his right hand, a violent demon energy gathered and turned into a pair of giant hands.

The giant hand abruptly placed the chain on the other side.

revealed a mountain wall full of frescoes and countless runes.

The Heaven-Covering Devil Emperor put his hands behind him, frowned slightly, and said to the blood dragon, "Have you seen this place before?"

The blood dragon stared at the mountain wall and shook his head: "Before this, it was hidden by chains and the body of an extraterritorial dragon I haven't noticed it."

"There is a problem with the content of the mural above?"

The Emperor Zhetian squinted his eyes slightly, his hands behind him: "It's not the problem with this mural, but these runes, which are very familiar. I stayed outside the domain for a while. These runes are texts outside the domain and contain the power of space. "

"If I guessed correctly, there is something behind this mountain wall."

"Even, hiding the secrets of that era."

The blood dragon seems to understand something: "Then since these runes have a certain spatial power, could it be arranged by the outer magic dragon? Why didn't he leave with this?"

Devil Emperor Zhetian took a few steps, reached out his hand, and touched the mountain wall full of runes, waves of space were rippling.

For a few seconds, he said, "If I guessed correctly, this dragon came here because of this thing."

"It's a pity that when he wanted to cross here, he was permanently suppressed by the power of the kingdom of God!"

"The chain is bound to restrain coercion, and let it stay here forever."

"It is impossible to cross this place anymore."

"As for what's behind this, let's go in and take a look."

At this point, the Devil Emperor offered a bead.

The beads were glowing with devilish energy, and in the next instant, a void gate was created in the wall.

No one knows what is behind the Void Gate.

Devil Emperor stepped out: "Go, maybe, we can find anything interesting."

"I foresee it will be interesting next."

The blood dragon glanced at the sky, and finally got into it without any hesitation!

Chapter 2964: Break through chaos?

.....

I don't know how long it took, Ye Chen took Ye Lingtian and Xia Ruoxue back to Sogo's burial site.

In this battle, Ye Chen gained a lot.

Fighting with a master like Xuanji, his physique bloodline has been greatly tempered, and the power of the reincarnation bloodline has become more pure and powerful.

The Chichen Divine Veins and Lingfeng Divine Veins have also been greatly strengthened after the fierce battle.

There is also a flame monument, which absorbs part of the energy of the reincarnation star flame and becomes more powerful.

I guess it won't be long before he can fight for him!

may even completely awaken the veins of Yanbei!

Xia Ruoxue's harvest is equally rich.

Now she has completely refined the reincarnation star flame, and her cultivation can be described as leaps and bounds. With the help of the reincarnation star flame, her comprehensive combat effectiveness cannot be underestimated.

The space surged, and at night, the three of them finally returned to the Sogo Burial Site.

"Ye Chen, where is this place?"

Xia Ruoxue looked at the rolling mountains in front of her, her infinite aura, she was suddenly surprised.

She felt that there seemed to be some terrible aura hidden in this place, much more terrifying than Xuanji.

"This place is buried with a **** emperor, I will tell you slowly tonight."

Ye Chen touched Xia Ruoxue's hair and smiled.

"Hall Master, I will retreat first."

Ye Lingtian was also very witty, clasped his fists and bowed, then turned and left.

Ye Chen nodded slightly, and immediately took Xia Ruoxue's hand and returned to his residence.

The space is quiet.

Xia Ruoxue leaned on Ye Chen's shoulder, enjoying the tranquility that she had never enjoyed during this time.

"Ye Chen, I sometimes wondered if I hadn't violated my family and went to Jiangcheng to start a business, would I not meet you?"

Ye Chen was startled slightly and glanced at Xia Ruoxue next to him.

The crystal clear snow skin and jade skin, coupled with the eye-catching eyes, make the skin look like white snow, with a little vermilion lips.

The woman in front of me is more beautiful than a few years ago.

Even the beauty is thrilling.

"Fool, even if you don't go to Jiangcheng, we will still meet."

"Fate is a wonderful thing. Let us meet and let us know each other."

"Even if fate or the sky hinders us, I will step on the sky and come to you."

Hearing these words, Xia Ruoxue stunned and raised her head, star-like eyes staring at each other.

The next moment, he turned around and sat on Ye Chen's body.

Yushou gently pushed Ye Chen to the edge and lay down.

Red lips kiss.

Flexible and moist wrap.

"Ye Chen, I want to visit Huaxia."

Ye Chen breathed heavily, and he thought of the reincarnation monument of China.

Yonglao's clone has not been investigated, but he vaguely thinks that it is the little girl who fuses Yunhu Villa.

If there is no news in a few days, he will go there in person.

"Ruoxue, I don't know what happened to the first kingdom of heaven and demons. After the Ye family's affairs are handled, I will go there. After the demon of the day, you and I go to China, OK?"

This is Ye Chen's plan.

Xia Ruoxue's beautiful eyes fringed: "Okay."

After that, Xia Ruoxue's jade hand flowed over Ye Chen, and gradually faded Ye Chen's coat.

That charming and alluring voice whirled in Ye Chen's ear: "Ye Chen, I want to..."

The next moment, Ye Chen turned around, the two identities were reversed, and a heavy voice slowly sounded.

blending, flooding.

Infinitely beautiful.

Neither of them noticed that Xia Ruoxue's reincarnation star flame burst into bright light during the fusion.

seems to light up the whole world.

And Xia Ruoxue's cultivation base is actually climbing!

a few hours later.

Ye Chen opened his eyes and looked at the picturesque jade body beside him, Xia Ruoxue had a sweet smile on his mouth.

is full of satisfaction.

Ye Chen knew very well that this might be the longest time Xia Ruoxue fell asleep during this time.

He stood up, put on his clothes, the warmth in his eyes turned into determination.

"Extraterrestrial demon!"

"Tiandao Palace, Xuanyuan Moxie!"

"Nether Palace, Mo Xueming!"

"The Queen of the Upper Realm, Xuan Jiyue!"

Ye Chen's eyes are condensed, and he is not indulged in the gentle village.

He knows very well that his strength is not enough. Only by practicing continuously and madly can he defeat powerful enemies and change his fate.

He looked for a secluded mountain forest and sat cross-legged in silence in the morning sun.

Then, Ye Chen took out a fruit, a trace of faint spiritual energy, filled with tidal water, and a violent imperial aura, slowly radiating from the fruit.

This fruit is the God Emperor Green Fruit!

Earlier, he broke into the Sogo Tomb House and picked up the fruit. Before refining, he sensed that the blood dragon was in trouble.

Now that the war is over, Tiandao Palace is severely defeated, Xuanji is killed, and finally there is a moment of silence, and the **** emperor can be refined.

Ye Chen calmed his mind, and immediately ate the **** emperor green fruit bit by bit.

This **** emperor green fruit does not have a core, it is completely a spiritual thing nourished by the **** emperor's spiritual power, and it is full of spiritual energy.

As soon as Ye Chen ate it, he immediately felt that the limbs and corpses were comfortable, and the spiritual power of the green and black was constantly flowing in his meridians.

He immediately closed his eyes slightly, activated his internal power, refining the spiritual power in his body.

boom!

The majestic spiritual power poured into his dantian.

Suddenly, Ye Chen's whole body bloomed with a mighty green light.

A beast, Tianlong Phoenix, White Tiger Fairy Fox, Shoulu Flying Bird and so on, circling him endlessly.

The vast weather shines through the ages.

He even found that his realm was rushing towards the chaotic realm!

Now he almost stepped into Chaos Realm with one foot!

It's only a pity is about to break through the chaos realm, the surrounding spiritual power completely disappeared.

Ye Chen's eyes were a little serious.

Did something break through the chaos realm?

At this moment, Ling Tian Jian Shen's extremely weak voice sounded: "Your Chaos Realm is a bit special, as if it has certain limitations."

"If it's an ordinary person, this **** emperor Qingguo is enough to make him cross to the third level of chaos, and to you, it seems that there are some extremely strange restrictions in the dark!"

Ye Chenyixi: "Senior Ling Tian, you haven't dissipated yet?"

Ling Tian Jian Shen glanced at Ye Chen faintly: "Although it hasn't dissipated yet, it's almost the same. I can't stay here for too long."

Ye Chen had mixed feelings in his heart. If Ling Tianjian hadn't helped him, he might have died under Xuanji's sword.

Ling Tian Jian Shen seemed to see Ye Chen's thoughts, and smiled slightly: "It's okay, maybe, you and I can meet in Tiandao Palace."

"My body is trapped in the Heavenly Dao Palace, not only me, but more people."

"We will meet after all."

"I always believe."

Ye Chen felt better now, what he thought of, and asked: "Senior Ling Tian, how can I break through the chaos?"

Ling Tian Jian Shen frowned slightly and shook his head: "I feel that you need to use some kind of foreign object. As for what it is, I cannot be sure."

"Your realm system and the realm system of the Kingdom of God are actually somewhat different. This is why you can leapfrog one another."

Chapter 2965: Voice from the depths!

After some understanding, Ye Chen still did not get the answer he wanted, and could only return to reality temporarily.

He opened his eyes. Although he did not break through the chaos, the **** emperor Qingguo still gave him many benefits!

"The **** emperor green fruit is worthy of being a **** that contains the spiritual power of the **** emperor."

Ye Chen sighed.

Ye Chen at this moment has completely transformed!

"A fruit makes me reborn. How many treasures are hidden in the Sogo Tomb Mansion?"

Ye Chen licked his lips, looking forward to it.

"help me....."

"Lord of Samsara, save me out..."

At this moment, the familiar calling sound came from the distant waterfall again.

is the Sogo!

"Don't panic, I'll be there soon."

Ye Chen smiled slightly, he didn't enter completely last time, and it was time to enter this time.

His eyes kept shining with spirit.

He was hesitant in his heart when he heard the call of Emperor Sogo.

But now, having tasted the sweetness of the **** emperor green fruit, he did not hesitate at all, and immediately set off for the waterfall.

Soon, Ye Chen came to the waterfall and was about to step in.

"Stop!"

At this moment, an angry shout exploded in Ye Chen's mind.

Ye Shaoqiu's spiritual thoughts penetrated the void directly and reached Ye Chen's ears.

"Boy, what do you want to do!"

Ye Shaoqiu roared angrily.

"Ancestor..."

Ye Chen was stunned, unexpectedly discovered by Ye Shaoqiu.

His breath is so low-key that he is still noticed.

Could it be that Ye Shaoqiu has recovered his strength?

"Get me back quickly, you can't go to this place!"

Ye Shaoqiu roared loudly.

"The ancestors calm down, I will go and return."

"You still think of a solution to Ye Xueqing."

When came back, Ye Chen found that Ye Xueqing had not disappeared. Obviously, Ye Shaoqiu couldn't determine whether there was anyone in the Tiandao Palace besides Ye Xueqing.

So I dare not act rashly.

Ye Chen directly cut off Ye Shaoqiu's spiritual thoughts, resolutely crossed the waterfall and stepped into the Sogo Tomb.

There are so many treasures in this Sogo Tomb Mansion, Ye Chen doesn't want to miss it.

"Damn it, kid, you're looking for death!"

Outside the tomb mansion, in a courtyard, Ye Shaoqiu's eyes were solemn and his face was full of anger.

At this time, he is full of brilliance and majesty, as brilliant as the sun and the moon, and all the wrinkles on his face have disappeared, showing the appearance of a crane-haired child.

The mighty and majestic aura radiated from him.

The old man was injured by the cemetery's ban, and his repairing base fell.

But now after recuperation, I have recovered a lot.

"The realm of the old man doesn't dare to set foot in the Sogo Tomb Mansion again, this kid, rushing to die before chaos!"

Ye Shaoqiu's seven orifices gave rise to smoke, thundering like anger: "It's fine, anyway, my life span is almost exhausted, and I will rescue you from desperate death!"

After that, Ye Shaoqiu sacrificed a flying sword and screamed towards the waterfall.

At his level of cultivation, his life span has no end, but there are always exceptions.

If there are five decays, life span will be exhausted.

The five failures of heaven and man is a catastrophe for the gods.

If there are too many causes and effects on one's body and the number of sins is too great, there will be five failures of heaven and man, exhaustion, and the original endless life span will suddenly end, living and dying.

In ancient times, a traitor emerged from the Ye family.

This traitor caused the ancient catastrophe to erupt.

The creatures are charcoal!

Hundreds of thousands of miles away!

Ye family, because of this, got a huge cause and effect.

Ye Shaoqiu, as the ancestor of the Ye family, has been entangled in cause and effect, and has erupted into five decays between heaven and man.

He knew he was going to die, so he risked his death to break into the Sogo Tomb House, wanting to seek adventure and change his fate against the sky.

It's a pity, the five failures of heaven and man are not so easy to reverse.

Ye Shaoqiu now has almost reached the end of his life.

"Mo Xueming, you traitor, if you show me to see you, the old man will definitely break your corpse!"

Ye Shaoqiu was deeply resentful.

There is such a traitor in the Ye family, and it is contaminated with such a big cause and effect, you can imagine the resentment in his heart.

Now, his life span is approaching, and it is no longer possible to kill Mo Xueming.

The only hope is Ye Chen!

"Little guy, don't die, my Ye family gets rid of cause and effect, and my hatred is all up to you!"

Ye Shaoqiu's eyes are vicissitudes of life.

"Where are the ancestors going?"

"Oh my god, what kind of breath is this."

"It turns out that the strength of the ancestors is so powerful."

On the ground, all the Ye family members were shocked when they saw the flying sword flowing through the sky.

Not long ago, Ye Shaoqiu was still a bad old man.

But now that he has recovered part of his strength, he exploded with the might of the gods.

Magnificent and broad, illuminating the universe.

plop.

plop.

plop.

The Ye family members couldn't help bowing down.

"Wait, the breath of the ancestors seems to be wrong."

Ye Ziming and Ye Zigeng, the two ancestors of the Ye family, are standing under a big tree, staring at the distant figure of Ye Shaoqiu.

They clearly felt that Ye Shaoqiu's body had a decadent breath.

This is the end of life, the human body emits evil anger.

"The five decays of heaven and man, the ancestors actually have five decays."

Ye Ye Geng let out a groan, even for them, their life span has reached endless, so there is no need to be afraid of old age.

But now, Ye Shaoqiu is dying of old age.

Because he has five faints!

"The five declines of heaven and man, that is a catastrophe that only occurs after a very huge cause and effect sin is committed. How can the ancestors break out of the five declines of heaven and man?"

Ye Ziming was also shocked. If Ye Shaoqiu died of old age, the Ye family would lose the backbone and want to rise to the sky in the future, I am afraid it would be harder to reach the sky.

A few of them don't know anything about ancient times.

Because of the ancient times, it is too far away. All the stories have become legends.

But while Ye Ziming and Ye Zigeng felt emotional, their eyes were on Ye Xueqing, who had not spoken next to them.

At this moment, Ye Xueqing had a faint smile on her mouth.

I'm afraid the other party hopes so.

If Ye Shaoqiu really had an accident, even if their foundation was damaged, they would completely solve the traitor Ye Xueqing!

.....

Ye Chen at this time passed through the waterfall and arrived at the cave.

The bat hanging on the cave, when he saw his figure, it screamed in horror and flew into the distance.

Ye Chen killed the audience last time, leaving an indelible shadow on them.

Ye Chen smiled slightly, pulled out the evil sword, and proceeded to the depths of the cave cautiously.

Finally, he came to the end of the cave.

Before his eyes, there is a huge bronze gate.

Towering and simple, shaking the mind.

"help me."

A Ruoyuowu call came from behind the giant gate.

Ye Chen's heart trembled, and Emperor Sogo was calling him again.

Obviously, the real location of Sogo Tomb Mansion is behind this huge bronze gate!

Ye Chen was fully guarded, reaching out and pushing open the bronze giant door.

rumbling!

The heavy sound of pushing the door vibrated in the tomb. .

Behind the giant bronze gate is a labyrinth-like world of tombs, dark and deep, with no end in sight.

Ye Chen guarded his mind and stepped carefully into the tomb.

Chapter 2966: Inspiring!

Snap!

And after he stepped into the tomb house, the huge bronze gate closed automatically.

The world in front of me was instantly dark.

There is a strange aura that lingers all over the body.

Suddenly, Ye Chen found that his connection with the reincarnation cemetery had become very weak.

If at this time, summon the mighty power in the cemetery, the combat power he can draw on is only half of the usual.

"Hehe, it's interesting."

Ye Chen's eyes were cold, this Sogo Tomb Mansion was really a bit weird.

If his connection with the reincarnation cemetery is completely cut off, he will escape without hesitation.

After all, no matter how important good luck is, it is not as important as your own life.

WINK to \$1: Secure Your Spot Now!

Ye Chen is not a reckless person.

But now, half of the combat power can still be used, which is enough.

Ye Chen calmed his mind and walked lightly along the corridor of the tomb mansion.

Although it was pitch black all around, with Ye Chen's cultivation base, night vision was not a problem.

He clearly saw that on the walls of the tomb, there were a series of forbidden runes carved, but most of these forbidden runes were damaged.

Obviously, when Ye Shaoqiu broke into the tomb mansion before, there was a battle with the restraining force here.

This is more convenient for Ye Chen, he will be much easier if there is no prohibition on killing.

hum!

Suddenly, crystal lights lit up in front.

One by one prohibited runes, blooming with bright light.

The prohibition here is obviously intact and not damaged.

嗖嗖嗖!

A series of restrained crystal lights, condensed into a crossbow arrow, with the vast destruction of the gods, madly killing Ye Chen.

The seemingly simple prohibition rune, it turned out to have a powerful **** of destruction.

"Lingxiao Wuyi, Tushen breaks the sky! Leihuangba star sword! Slash!"

Ye Chen didn't care about it, and he swung the evil sword, showing the full meaning of true martial arts.

The dazzling stars exploded from his sword, and accompanied by billowing thunder, shaking the void, the surrounding space seemed to collapse.

Ye Chen waved his sword like splashing ink, sword light, starlight, sword gas thunder, and outrageously collided with the crossbow arrow crystal light, unexpectedly made the sound of sword collision.

woo woo woo!

A series of crossbow arrow crystal lights were chopped into pieces and turned into streamers to dissipate.

And Ye Chen was also forced to retreat three steps by the force of restraint.

咻咻咻!

In the next instant, before he could breathe, one after another restrained runes and condensed swords, they actually evolved into thousands of flying swords.

.....

At the same time, a dark place near the cave.

There is an extremely strange breath flowing there.

Moxi runes, a weird chant, radiated from this black hole.

Throughout the cave, all the blood bats were silent, shivering.

Against the background of the endless demonic energy, two figures in black robes slowly walked out of the black hole.

They all carry a horrible steel fork in their hands.

Endless magical energy constantly radiated from them.

The black air is hidden in the shadows, there is an extremely ferocious face, black-faced fangs, like a legendary devil.

Their skin is also hard bone, covered with scales, and a row of bone spurs grow on their backs, which pierced the black robe and exposed to the air, showing a strange breath.

"Jie Jie, I can't think of my Xuxu Demon, I will come back here again."

"I don't know how many years, we were exiled to lost time and space, wandering in the infinite universe, and almost lost ourselves."

"This land of the kingdom of God has the aura of another demon."

"Interesting."

A black-robed man sighed, his eyes full of vicissitudes.

"Fortunately, Mo Xueming left a secret note and pointed out the coordinates for us."

Another black robe man laughed.

"Where is this place? I seem to feel the breath of Emperor Sogo!"

"Let me deduce... Well, Sogo Tomb Mansion, so this is Sogo Tomb Mansion!"

"Hahaha, God bless my clan, there are many opportunities in this Sogo Tomb Mansion!"

"Hey, there is also that secret note, which seems to be in the hands of a kid, and we killed them all."

The two men in black robes talked, strode towards Ye Chen's direction.

The black hole behind them gradually faded and disappeared.

The shattered space quickly recovered its original appearance.

But the tiny pieces of black space crystal fragments remaining on the ground prove that they have been here.

If Ye Shaoqiu were here, he would definitely recognize that these two men in black robes were the legendary Tianxu Demon!

.....

The screen turns.

Ye Chen looked at the crisis in front of him, his eyes became cold, and he backed away again and again, raising his hand to block with a sword, but there was no hard touch.

Accompanied by a series of intensive collisions, Ye Chen shook many flying swords, but there were still many prohibited flying swords, severely slashing on him, pulling out a series of hideous wounds.

"This prohibition is difficult to deal with."

Ye Chen gritted his teeth, this is just a simple restriction, it is so troublesome, if you go further, I am afraid that he will be broken into pieces.

No wonder Ye Shaoqiu was also restrained and injured.

The prohibition in this tomb mansion is really powerful.

Ye Chen turned his eyes, thinking about what to do.

"The Lord of Reincarnation..."

"This spell can break the prohibition..."

The familiar call sounded in his ears again, and an obscure and mysterious spell was conveyed to Ye Chen's ears.

"Are you Sogo the Great?"

Ye Chen condensed his eyes and asked.

"It's me...help me..."

The voice of Emperor Sogo is very weak.

"How do you know me?"

Ye Chen was a little curious, the Great Emperor Sogo knew that he was the Lord of Samsara.

"Ji Xuanyue..."

The Great Emperor Sogo spit out three words gently, even though his voice is weak, he still carries great awe and horror.

This Ji Xuanyue seems to have a shocking power.

A master at the level of Emperor Sogo trembles when he mentions Ji Xuanyue's name.

"Who is Ji Xuanyue?"

Ye Chen's heart beats. There is an inexplicable familiar feeling. It seems that he and this Ji Xuanyue are inextricably related, but he can't remember it anymore.

"....."

The Great Emperor Sogo was silent, and seemed very weak, unable to speak a word.

"You bear with me, I will save you immediately."

Ye Chen strode forward.

He is not a good old man. He went to save Emperor Sogo just for great benefit.

After all, Emperor Sogo was one of the seven **** emperors in the past. If he could grab his secret store, Ye Chen would have great advantages.

This is also the key to his fight against the Underworld and Heavenly Dao Palace!

"Eliminate disasters and transform Mi, annihilate everything, the beginning of all things, open!"

Ye Chen muttered a word, and the forbidden rune in front of him stopped attacking instantly.

This is the spell that Sogo has just taught him.

was displayed at this moment, and it really got a miraculous effect.

"This guy, what are you doing with so many restrictions."

Ye Chen sneered, and strode towards the main tomb.

"The humble creatures retreat quickly."

Suddenly, a deep roar came from deep underground.

brush!

Ye Chen stopped immediately, holding the sword and spear tightly, fully guarded.

This roar is very familiar.

just entered the cave, when he retreated the bat, he heard this sound, full of wild barbarism. .

"You woke up this seat, this seat thinks that your cultivation is not easy, spare your life, and quickly retreat."

The deep voice rolled between the tombs, thrilling.

Chapter 2967: Familiar old method

Haha, a monster that pretends to be a ghost, there is a kind of battle. "

Ye Chen sneered, too lazy to talk nonsense, and strode forward directly.

"Stubborn!"

The voice suddenly furious, and shouted, the walls on both sides of the tomb room suddenly cracked, and a flying knife carrying the meaning of endless true martial arts was smashed out crazy, and Ye Chen's body was broken into pieces.

"Want to kill me?"

Ye Chen had been prepared for a long time, holding the evil sword in his right hand, holding up the God's Demon Spear in his left hand, fighting with the sword and spear, resisting the killing of the flying knife.

Ding Ding Ding!

A handful of flying knives were shot down by Ye Chen.

"Hey, it's kind of a way."

The voice was slightly surprised.

"It seems that the mechanism in the tomb can't hurt you."

"In that case, I have to do it myself."

"You can be proud to die under this seat."

Rumble!

The void roared and the ground cracked.

The horrible shock occurred underground, and it seemed that there was a huge monster, awakening from its deep sleep, to break out.

Click!

An extremely huge, extremely ferocious, extremely sharp claw broke out from the ground fiercely, with blood dripping from it!

laugh!

The giant claw pierced through the void, grabbed Ye Chen's head brazenly, and wanted a headshot.

"What a horrible breath!"

Ye Chen's eyes shrank slightly, and the aura attached to this giant claw might have reached the level of Yantian Dragon God.

However, Ye Chen was not afraid, but slashed fiercely with a sword, and the seven-fold blood burst out, wrapped in endless evil spirits, and the evil sword in his hand smashed on the claws.

Zheng!

The sword light burst.

Ye Chen cut a deep scar on that beast claw, and the scales splashed with blood.

Even in the past, Ye Chen had the power to fight against a master of this level.

But now, he is close to the chaos realm, and his strength is improved a step away, and he is naturally not afraid to face this kind of enemy.

"Huh? How is it possible!"

"You obviously haven't stepped into chaos, why can you have such a combat power!"

The roar of the beast rang with great horror.

Boom!

A blood-red, tall human-shaped fierce beast rushed through the floor and appeared in front of Ye Chen.

This humanoid beast is seven or eight meters high. The tomb can't accommodate it. It can only bend down and lower its head. It has a single horn on its forehead. Its skin is blood-red, covered with scales, with a fierce fishy taste.

Its arms, hanging down like a monkey, almost fell to the ground, its eyes were also fiery red, its teeth were like swords and halberds, and its features were very hideous.

"What kind of beast is this?"

Ye Chen's heart shook. He had never seen such a strange beast, it was actually in the form of a human, and his body was vaguely filled with extraterritorial devilish energy!

He pinched his fingers and even counted, trying to figure out the details of this humanoid beast, but the secret was too long, and he couldn't count anything.

"Be careful, this is one of the ten evil spirits of the ancient times, the one-horned drought man!"

The voice of Canggu Medical God was conveyed to Ye Chen's mind.

"Ten fierce in ancient times, single-horned drought man?"

Ye Chen narrowed his eyes.

"These ten evils of the ancient times are one of the fierce beasts of the extraterrestrial demon in the ancient times. Each of them has the power against the sky, and the strength is comparable to the **** emperor at the peak of the gods!"

"Enough to be comparable to the **** emperor?"

Ye Chen was suddenly shocked.

This ancient ten evil spirits were so powerful that they could rival the **** emperor in strength.

But now, he looked at the breath of the unicorn drought, only the first and second layers of the heavens in the heavens, and the injured Yantian Dragon God, without the majesty of the **** emperor.

"After the ancient wars, almost all of the top ten fierce beasts were suppressed. After countless years of vicissitudes, their strength has been greatly weakened, but after all, they are fierce. Don't be careless!"

Canggu Medical God said cautiously.

It turns out that this one-horned drought mane is a fierce beast suppressed in the Chongguang Burial Ground.

The seven burial sites of the Kingdom of God each suppressed a big murderer.

There are also three fierce beasts, after the defeat, they did not know where they fled.

laugh!

While Cangu Medical God spoke, the unicorn Drought Yan shot, and with a paw in the air, carrying the ancient magic power, he slammed Ye Chen's heart.

"No matter what you are, you are the ants now!"

Ye Chen snorted, but without any fear, he slashed out with his sword.

After endless years of suppression, the majesty of ancient times has completely fallen.

Now this one-horned drought man has only the strength of the early days of the Heavenly God Realm.

With Ye Chen's combat power, he was completely unafraid of this fierce beast.

Puff!

Ye Chen slashed down with a sword, the sword light shone, and suddenly cut off a part of the unicorn.

Chi Chi Chi Chi!

The blood overflowed, exuding an extremely violent atmosphere of disaster, and the surrounding rocks instantly turned into a piece of scorched earth, with strands of black smoke.

The unicorn drought, this big beast, carries a terrifying natural disaster.

In the ancient times, the place where the unicorn drought appeared, the earth was dry, the vegetation did not grow, the mountains and rocks were burning, and there were droughts and natural disasters everywhere, which was very terrible.

The vicissitudes of time, the eternal suppression, to this day, the unicorn drought has lost its ancient majesty, only a trace of natural disasters remains.

The misfortune of this point naturally did not affect Ye Chen.

"Boy, do you dare to hurt me?"

The one-horned Drizzle screamed, and the wound kept bleeding.

In the ancient times, it was the existence of crushing the kingdom of God, and its fierce power ran through the world, but today, it was cut and wounded by a kid who had not completely stepped into the chaos realm. This was a great shame!

"Hehe, killing an ancient hero, I should have great merit, right?"

Ye Chen smiled coldly, violently violently in vain, with a sword of endless evil intentions, severely slashed at the head of the unicorn.

"Huh!"

Suddenly, the single-horned Hanyan opened his throat and made a very sharp sound, piercing through clouds and cracking rocks.

A layer of terrifying black sound waves burst out instantly.

The prohibition around the tomb was instantly destroyed by black sound waves. The whole tomb was rumbling and seemed to collapse at any time, and the surrounding space continued to collapse and tear.

"The giant elephant descends, suppress the heaven and the earth, the giant elephant suppresses Tianjin, break!"

The eyes of the Unicorn Drizzle were red, and the violent sound waves roared out one after another.

Roar!

In the void the roar of a giant elephant sounded.

An extremely majestic and majestic colossal figure of Hongmeng, appeared on top of the head of the unicorn, showing the power of suppressing the world.

All of a sudden, Ye Chen's eardrums shook, and his heart and lungs were splitting.

Under the shock of this sound wave, phantoms such as sword dance, heavenly demons flying, Shura roar, fire sea purgatory and so on appeared in his mind, and the meridians all over his body were torn by demonic energy, which was very painful.

"Thirty-three days to honour Mongolian law, it is 33 days to honour Mongolian law!"

Ye Chen was deeply shocked.

The giant phantom on the head of the unicorn drought bears a monstrous atmosphere.

Ye Chen felt very familiar, because he also had this kind of breath on his body when he played the Heavenly Dragon Eight God Sound.

Obviously, the giant elephant town Tianjin displayed by the unicorn drought is the legendary 33 Tianhong Mongolian method!

Chapter 2968: deep

"Boy, I told you to be careful!"

Cang Ancient Medical God was horrified.

This one-horned drought mane, after all, is the great evil of the ancients. It is one of the ten great celestial demons of the ancients, and the existence of the army of millions of celestial demons.

Even if it has been suppressed and traumatized by endless years, it is also a great evil in ancient times, and it should not be underestimated.

"Damn it."

Ye Chen gritted his teeth, but he didn't expect that this one-horned drought man would actually defeat Mongolian law.

If his Tianlong Eight Gods are the sacred singing of the Heavenly Buddha, then this giant elephant Zhentianjin is the sound of hell.

There is a completely opposite existence between the two.

"If you can push this seat to such a point, you can be proud of it."

The horned Drizzle stopped the sound, but the echo of the giant elephant Zhen Tianjin continued to oscillate, showing no sign of stopping.

A touch of sadness emanated from the eyes of the unicorn drought.

In the ancient times, it was so fierce and powerful enough to be comparable to the divine emperor. If you want to kill a kid who hasn't entered the chaos realm, just one look is enough.

But now, this is not what it used to be. It will take 33 days of the Hong Mongol Method to shake Ye Chen.

"My lord, the times are different."

A Ruoruuowu voice was conveyed to the ears of the unicorn.

"Mo Xueming, it's you!"

As soon as he heard this sound, the one-horned Drought Man was shocked.

Mo Xueming, a traitor to the ancient Ye family!

Back then, it was with Mo Xueming that the extraterritorial celestial demon could break through the limits of the space boundary and enter the kingdom of God.

The one-horned Drought Had didn't expect to hear Mo Xueming's voice as soon as he woke up.

Outside the tomb house, in front of the waterfall.

A man in a red robe stood with his hands behind, staring at the waterfall, it was Mo Xueming.

Leaning on the secret coordinates of the reincarnation star stone, he knew that Ye Chen was in the Sogo Burial Ground, so he tore through the void.

However, the burial place of Sogo is very secretive.

Even if he knew the coordinates, he had spent a lot of hard work and only arrived now.

"This world is not the era of your demon, sir, if you don't want to die, go quickly."

Mo Xueming scanned with divine power and sensed the various happenings in the tomb.

His voice was transmitted through the air, but his people, standing outside the waterfall, didn't step in, seemingly worried about something.

"No need to talk nonsense!"

"This seat is awakened today, and in the future, it will be able to return to its peak, leading a million demon army, crushing the kingdom of God, and creating an eternal hegemony!"

"You, a traitor, and a thief, you die!"

The voice of the one-horned drought still carries great arrogance.

"Ha ha."

Mo Xueming smiled without saying a word, with a trace of compassion in his eyes, as if looking at a stubborn old antique.

One-horned Drizzle converged his mind, fierce light appeared in his eyes, fiercely digging into Ye Chen's heart.

It felt that Ye Chen's blood was very pure and his breath was very strong.

If Ye Chen can be swallowed and turned into nourishment, its strength will surely recover quickly!

At this time, Ye Chen was crushed by the giant elephant town Tianjin, blood was flowing from the seven orifices, his meridians were injured every inch, his soul was shaking, and he was in danger.

"Blood Soul Seal God Pearl!"

At the critical juncture, Ye Chen shouted violently and sacrificed the Blood Conferred Orb.

This bead contains a powerful law of life and is an ancient treasure of the Ye Family.

Buzzing!

As soon as the Blood Conferred God Pearl came out, the mighty light of blood rushed out and escaped into Ye Chen's body.

In a short time, Ye Chen's wound healed quickly.

Even the shaken Spiritual Consciousness Sea quickly recovered peace.

This Blood Soul Sealing Orb is not only a simple treatment of wounds, but also has a calming and calming effect, which is very wonderful.

With this sacrifice, Ye Chen suddenly felt relieved and his physique and spirit recovered.

噗哧!

Ye Chen opened his eyes and saw the claws of the horned horns hit, and immediately pierced the palm of the horned horns with his sword.

In the endless years of vicissitudes, the flesh and bones of this demon have become a lot weaker.

Ye Chen pierced its giant palm with a single sword, effortlessly.

"Outer-territory demon can only wreak havoc in ancient times. In today's world, it is no longer your turn to be arrogant."

Ye Chen pulled back his sword body, sneered, his heart was firm.

Now the kingdom of God is no longer the turn of the demon to be arrogant, and the times have changed.

Pedal!

One-horned Drought Man took three steps back in amazement, and his heart was filled with loss.

Even a kid of such a realm can easily injure it. Times have really changed.

"The giant elephant descends, suppress..."

The single-horned drought man sinks his dantian, wanting to exhale and use the giant elephant's Tianjin.

Now its only reliance is this Mongolian method.

It wants to crush Ye Chen with Hongmeng Tianwei, and retrieve its dignity.

"Lingxiao Wuyi, Tushen breaks the sky, Leihuangba Xingjian!"

Ye Chen has suffered a loss once, knowing that the giant elephant Zhentianjin is so powerful, he won't be so stupid to give it a second chance.

Spurred his sword, Ye Chen slashed the unicorn Drought.

If he eats another set of Giant Elephant Zhentianjin, he will definitely not be able to stand it. The spirit of the meridians has just recovered, and if he is hurt again, the Blood Sealing Pearl will not work.

One-horned Drizzle's eyes shrunk and hurriedly backed away.

"Damn, what is the origin of this kid."

The one-horned Hanyan gritted his teeth, full of sadness, bent himself and wanted to go underground to escape.

It thought that endless years had passed, and there were experts like Ye Chen everywhere in the outside world, and it panicked deeply.

But it didn't know that Ye Chen's evildoer could not be guessed by common sense.

If it is a practitioner of ordinary Chaos Realm, in front of it, there is still an ant-like existence.

After all, the gods are strong, the mighty power is overwhelming.

Only a monster like Ye Chen has such a terrifying strength can kill the gods by sword.

"Want to run?"

Ye Chen's eyes froze, and the seven-fold blood light became more and more intense, and the power to destroy the gods was blessed and poured on the sword.

His sword broke through the void in an instant, and slashed on the neck of the unicorn.

Under Ye Chen's sword, the body of a one-horned man was as crisp as a piece of paper.

Cut it down with a sword, and its head fell to the ground, and blood spurted from its neck.

And its face was frozen in shock, loss, resentment, helplessness, and died in despair.

If it was a dignified death in battle, the unicorn drought might not have any resentment.

But now that the times have changed, its strength has been greatly weakened, and it is a great humiliation to be killed by a sword by a kid who has not yet stepped into the chaos realm.

If it spread outside the domain, it would be enough to make all the demons knelt and cry.

Huhuhu!

Ye Chen sacrificed a ray of flame, and burned the body of the one-horned drought to ashes.

hum!

A plume of fiery blood floated in the air.

This is where the essence of the whole body of the unicorn drought man, which contains a strong magic energy and essence.

Although it has been suppressed by endless years, the one-horned drought mane, after all, is a great evil in ancient times. Its residual blood, with an incomparably vigorous breath, is a great tonic!

"This thing is good, but it doesn't suit me, and I don't know how Xiao Huang is in the Yaozu."

"Huh..."

Ye Chenshu let out a foul breath, retracted the evil sword, looked at the road in front of the tomb, and moved forward slowly.

Chapter 2969: Clouds move the sky thunder! drop!

This time, there was nothing to stop him.

But when Ye Chen stepped, blossoming golden lotus blossomed under his feet.

The vast swaths of Rui Cai constantly emanated from him.

"this is....."

"Great merit, great luck!"

Ye Chen narrowed his eyes, suddenly showing a shocking joy.

Merit and luck determine what happens to a person.

If you are lucky, you can easily encounter adventures.

The secular dynasty granted zen worship to the heavens, and also prayed for protection from the heavens and gain luck.

The theory of merit, virtue and luck, is illusory, no one can see clearly, it is not as traceable as the realm of cultivation.

But if you have great merits and good luck in your body, you will show various signs, such as the fall of the sky, the golden lotus and so on.

And now, Ye Chen is growing lotus every step of the way, and his body has a lot of aura. This is the atmosphere of great merit and great luck!

"I want to kill the one-horned drought man, and get the great luck out of thin air."

Ye Chen's face is full of joy, his luck is soaring, he will have endless adventures in the future!

"You kid, luck is too good!"

A familiar old voice came.

Ye Shaoqiu's figure walked out of the darkness.

"Senior, you... why are you here too?"

Ye Chen coughed.

Looking at Ye Shaoqiu's breath, he has obviously recovered a lot of strength.

"I'll come over and collect your body!"

Ye Shaoqiu snorted. Worried about Ye Chen's safety, he rushed to Sogo Tomb Mansion specially.

But he didn't expect that Ye Chen, far beyond his expectation, actually broke through the tomb mansion's prohibition, and was still alone, beheading the horned drought man, and winning the reward of atmospheric luck out of thin air.

"How did you break through the prohibition of the tomb mansion?"

Ye Shaoqiu was a little curious, all the bans in the surrounding tombs had actually subsided, and there was no sign of an attack.

You know, these restrictions are very scary. Even the old man will be seriously injured.

Ye Chen touched his nose, but smiled without talking.

It is naturally impossible to tell Ye Shaoqiu about his contact with Emperor Sogo.

"Finally, I don't care about you anymore. You got the lucky reward out of thin air. It's almost enough. Come back with me!"

Ye Shaoqiu took Ye Chen's arm and was about to leave.

Ye Chen's harvest now is very huge.

An ancient fierce, sinful grievance is very deep.

Who can beheaded, whoever can get the great luck reward.

This one-horned drought man, in ancient times, even the **** emperor could not be killed, only suppressed.

Now that after endless years of suppression, the one-horned Drought Mane has become such an existence from the monstrous demon king. Its strength has been greatly weakened, and the Hong Mongol Fa is a bit more powerful, but it has been slaughtered by Ye Chen.

It can be said that Ye Chen picked up a big deal!

The luck on his body skyrocketed in an instant, and a vision of auspicious golden lotus appeared. In the future, he will have endless adventures, and may even break through the limits of the boundary wall and rush to the outer and upper boundaries!

It's so easy, and you get such a big benefit, it should be satisfied.

Therefore, Ye Shaoqiu just wanted to take Ye Chen away quickly to avoid any accidents.

"Okay, I'll go with you."

Ye Chen smiled bitterly. Now that Ye Shaoqiu committed suicide, he couldn't leave without leaving.

The current plan is to leave first, wait a few days, and then find a way to step in.

"That's good, you still know you as a kid."

Ye Shaoqiu breathed a sigh of relief, the Sogo Tomb Mansion is full of dangers, he doesn't know what bad omen is hidden, he doesn't want Ye Chen to have an accident.

The old and the young walked side by side towards the outside of the tomb.

"Want to leave?"

In vain, a shout, like Hong Zhong Da Lu, sounded in the tomb.

This voice is very familiar.

Ye Chen knew that it was the voice of Emperor Sogo.

But, there is no weak breath.

full of domineering, arrogant, arrogant.

I saw a man with a wolf-eyed and eagle-nosed man wearing a black dragon robe and a crown. He suddenly tore the void and appeared in front of Ye Chen and Ye Shaoqiu.

Unmatched majesty and unparalleled domineering radiated from the dragon-robed man, and a series of dark law runes continued to linger.

As soon as he saw this figure, Ye Chen inexplicably remembered Qin Shihuang of China.

mighty emperor, no offense!

"Are you the Sogo Emperor?"

Ye Chen was surprised.

"No, he is the corpse of Emperor Sogo!"

Ye Shaoqiu was shocked and almost jumped up.

"Go, go! If we don't go, we will be dead!"

Ye Shaoqiu was full of panic eyes. He had always had a steady temperament, but when he saw the figure of the man in the dragon robe, he was instantly panicked, cold sweat broke out on his forehead, and he hurriedly pulled Ye Chen's arm and ran away quickly.

One can imagine how powerful this dragon-robed man is.

Even Ye Shaoqiu was completely panicked.

"The corpse of Emperor Sogo?"

Ye Chen's heart was shocked.

The so-called evil corpse is the existence of a mixture of negative things such as the causal sins, greed and evil emotions, dark ideas and so on of a person's life.

Evil corpse is a burden of people. Only by killing the corpse can you get rid of the burden, rush to the upper realm, and obtain eternal freedom.

Under normal circumstances, the evil corpse is hidden deep in the human subconscious and will not come out to cause chaos. It is a reflection of the dark side of the human heart.

But now, Emperor Sogo has been buried, his breath is exhausted, and his evil corpse has escaped!

The evil corpse possesses the strength of the original owner, and this solo evil corpse has a terrifying aura!

Danger!

Great danger!

Ye Chen's hairs are standing upright, and Ye Shaoqiu quickly flees. The emperor is out of the sword and destroys the mountains and rivers! "

The eyes of Emperor Sogo are like electricity, and with a loud shout, he drew out the long sword worn on his waist, like the emperor descending, and the power of God is out of the sheath.

嗤!

An incomparably vast sword light, like the universe of galaxies, cut Ye Chen and Ye Shaoqiu straight.

"Be careful!"

Ye Shaoqiu's hair was fluttering, and he sacrificed a flying sword, and it collided with Emperor Sogo's sword.

boom!

A violent collision air wave burst out in an instant, countless gods' law runes ran wildly, space shattered, and the avenue seemed to collapse.

Fierce Qi Jin hit Ye Chen hard.

Ye Chen shook his footsteps and almost fell. He hurriedly drew out his sword to stabilize his figure.

If it were in the past, just the collision of this sword aura could severely damage him.

But now, he is just shaking.

After the improvement in strength, his whole person was completely reborn, and he got a great transformation.

Facing the evil corpse of Ye Shaoqiu and the Great Emperor Sogo, the two great masters of the heavens and gods did not fall.

"Ye Shaoqiu, you sneaked into the tomb house and stole my Heavenly Dragon Eight Gods, you are so bold."

The eyes of Emperor Sogo are cold: "Today, this emperor will kill you!"

嗤!

The sword light is overwhelming.

The Great Emperor Sogo once again swung his sword out, bringing forth a fierce sword aura.

His swordsmanship is not fancy, or even moves. .

is a simple slash, but it is filled with monstrous imperial power, which is suffocating.

"The clouds move the sky and thunder! Fall!"

Chapter 2970: The smoke ceases

Watching the Great Emperor Sogo swung his sword to kill, Ye Shaoqiu's expression also changed, and immediately raised his left hand, a golden white thunder light condensed in the palm of his hand.

boom!

In an instant, the thunder light was condensed, and it turned into an extremely dazzling and terrifying pillar of thunder, which screamed out fiercely, and exploded directly towards the Great Emperor Sogo.

"The ancient magical powers of the Ye family, the clouds move the sky, it's kind of interesting."

The corner of Emperor Sogo's mouth evoked a smile, and he didn't rush, he punched out the rules with his left hand, turning them into a wall of rules, firmly blocking him.

Boom!

Ye Shaoqiu's cloud moved the sky thunder, blasted fiercely on the iron wall of Law, but could not blast through the iron wall.

"Cough...cough cough..."

Ye Shaoqiu panted violently when he saw this scene, his face flushed, obviously it was a huge effort.

And the exhaustion gas on his body also churns up, and wrinkles grow on his face again.

Buzzing!

Ye Chen's eardrums oscillated and he was dizzy.

This cloud moving sky thunder is a very powerful ancient magical power, and it is very powerful.

However, the use of this magical power requires huge spiritual power.

Looking at Ye Shaoqiu's embarrassed appearance, it was obviously very uncomfortable.

Even, his exhaustion disease also broke out.

The five decays of the heavens and humans have appeared on his body long ago, and his life span is approaching the end. Now the five decays of the heavens and the humans have occurred, and his breath has been consumed more severely.

However, with such a powerful blow, he couldn't shake Emperor Sogo.

One can imagine how terrifying the strength of the evil corpse of the Great Emperor Sogo.

"The five decay of heaven and man, do you still have the five decay of nature?"

The Great Emperor Sogo looked at Ye Shaoqiu's fading breath, and shook his head pitifully.

"Finally, instead of letting you run out of life and die, it is better to give you a happy life, and let you die!"

The Great Emperor Sogo screamed, his feet flew, his body was like electricity, and he quickly swept across the void, swinging his sword straight to cut Ye Shaoqiu and Ye Chen.

"Boy, get out!"

Ye Shaoqiu yelled violently, and the endless waves of air suddenly pushed towards Ye Chen, pushing him out.

"Senior!"

Ye Chen yelled, volleyed to the ground, already outside the battle circle.

And Ye Shaoqiu, alone, beheaded the sword energy of Emperor Sogo.

"Burn my remains, burn my real blood, the holy flame will ceaselessly, and the embers will destroy the heavens!"

At the juncture of life and death, Ye Shaoqiu looked up to the sky and drank violently.

"Blood-burning Dafa!!!"

Ye Chen narrowed his gaze and recognized it at a glance. This is a blood-burning technique. At the cost of paying the essence and blood, it temporarily improves combat effectiveness, which is very fierce.

Unexpectedly, Ye Shaoqiu also mastered this secret method.

As soon as this blood-burning secret technique was displayed, Ye Shaoqiu's body suddenly became extremely shriveled, and the blood burned out frantically. His face was also covered with thick wrinkles and became extremely old.

There is also the five-fading aura of heaven and man on his body, which burst out directly, forming a terrifying gray haze all over him.

Anyone who comes into contact with this gray mist will fall into exhaustion and die of old age.

"Crazy man, what do you want to do!"

The Great Emperor Sogo looked at Ye Shaoqiu's appearance, and was deeply shocked.

A master of the Celestial Divine Realm, exhausted all his energy and blood, and how terrifying the fighting power erupted, is simply unimaginable.

Just like the original Xuanji, after displaying the blood-burning secret method, the world was pale. If it weren't for Ren Feihua's shot, Ye Chen would have died many times.

And now, Ye Shaoqiu also has to sacrifice himself, desperately to kill the Sogo Emperor, and fight for Ye Chen's life.

"Senior, absolutely!"

Ye Chen shouted.

"The clouds move the sky and thunder!"

Ye Shaoqiu's eyes were decisive, and instead of looking back, he raised his palm.

Crackling!

Reckless void, endless wastes, nine heavens and ten earth, endless thunderous breath, madly condensed into his palm.

The vast thunder light reflects the world.

Ye Shaoqiu's body was completely bathed in thunder light, upright, showing a mighty deity.

"Mad, crazy!"

The Great Emperor Sogo was furious, cursed loudly, and hurriedly turned and fled.

Ye Shaoqiu is desperate, he doesn't want to lose both sides.

He was just a corpse. He finally got rid of the shackles of Emperor Sogo's real body, and escaped. His freedom is extremely precious, and he doesn't want to be ruined in Ye Shaoqiu's hands.

"Want to run? You and I will go to Huangquan together!"

"kill!"

Ye Shaoqiu let out a roar, and the thunder light condensed in his hand instantly turned into a beam of light penetrating through the world, slaying the Great Emperor Sogo violently.

The expression in his eyes is extremely decisive.

Anyway, he has suffered from the five decays of heaven and man, and time is running out.

If he died today, it would be worthwhile to save Ye Chen.

The Great Emperor Sogo wanted to escape, but his speed was not as fast as Thunderbolt.

boom!

The violent thunder cannon blasted him fiercely.

"what!"

The Great Emperor Sogo screamed and his body was blown to pieces.

Endless rays of thunder burst through him, tearing constantly.

He was almost torn apart.

The Heavenly God Realm burned the whole body's essence and blood, sacrificed all the lifespan, a crazy and desperate blow, even the Great Emperor Sogo couldn't bear it.

The entire tomb mansion also vibrated violently.

Pieces of stones keep falling down.

A half of the forbidden runes were abruptly obliterated.

These forbidden runes all carry the imperial prestige arranged by the real body of Sogo, but under the crush of Ye Shaoqiu's cloud moving sky thunder, they are also directly annihilated.

One can imagine how powerful and terrifying the desperation of the Heavenly God Realm is.

Fortunately, in the tomb mansion, there are enough prohibition runes and strong enough, otherwise, this tomb mansion, under the bombardment of thunder, might collapse in an instant.

Huh...

The smoke and dust ceased, and the light of thunder dissipated.

The Great Emperor Sogo stood swayingly on the spot. Now his dragon robe was completely broken, and his crown fell to the ground.

His body and flesh were all blown away, leaving only a swaying skeleton.

'S majestic face, the flesh and blood were wiped out, and the two eyeballs lost the support of flesh and blood, and they fell softly, looking very terrifying.

A series of broken runes of the law of the gods kept turning around him.

His dantian was also blown to pieces, and the infinite emperor's aura and celestial energy continued to vent.

"I'm still alive, I'm still alive!"

"The emperor, has not fallen yet!"

The Great Emperor Sogo has a hoarse voice, and his eyes are full of ecstasy.

Although his injuries are terrifying, as long as he is still alive, with his cultivation base in the realm of the gods, he can retreat for a period of time and he can recover!

"Ah, Hong Mengfa, the old man lost..."

Ye Shaoqiu looked at the figure of Emperor Sogo and let out a sigh. .

In the Great Emperor Sogo, in addition to the emperor's prestige, the energy of the gods, and the laws of the gods, there is also a vaguely hidden Mongolian atmosphere!

This ray of Mongolian air supported his life and prevented him from falling.
