

URBAN MEDICAL GOD

Chapter 1: Get out of here

Jiangcheng High-speed Railway Station, the summer is hot.

A thin figure appeared in the bustling crowd, attracting attention.

The owner of the figure is a young man. The young man is wearing a washed almost white army green T-shirt, a peaked cap, and an old-fashioned canvas bag diagonally across his body.

He is holding an ID card in his hand, which shows that the young man is Ye Chen.

Ye Chen's dress is really incompatible with the people around him.

Although Jiangcheng is not a first-tier city, it is also at the forefront of a second-tier city, so even if migrant workers come here, they will pay a little attention to their image, but Ye Chen's dress is really shabby.

At this moment, Ye Chen passed by a tall beauty. The beauty glanced at Ye Chen's dress, her brows frowned.

But this frenzy caused Ye Chen to see that the beauty of the Ford Palace is black, which is a typical **** disaster.

In other words, she must have a **** disaster today!

"Beauty, I think you have a **** disaster today, it is better to shed some blood to prevent future troubles." Ye Chen kindly reminded.

Unexpectedly, as soon as this was said, the tall beauty turned red, and she opened her handbag nervously, and sighed when she found that Hu Shubao was carrying it.

Then, the beauty glared at Ye Chen fiercely, and even snorted, "Rogue!"
Rogue?

Ye Chen was a little dazed.

I kindly reminded myself, how come I was scolded as a hooligan in the end?

What kind of world is this! Could it be that in the five years of his absence, women have become like this?

Ye Chen shook his head helplessly, and walked outside the high-speed rail station, but when the tallest building in Jiangcheng appeared in front of Ye Chen, his footsteps suddenly stopped.

He raised his head, his eyes were as sharp as an eagle, and he murmured:

"Jiangcheng! I Ye Chen finally came back! Five years ago, the banquet at Yunhu Villa caused my Ye family to be wiped out, leaving me alive, if it weren't for my mother to push me into Dongqian with the last bit of effort Lake, maybe Jiangcheng has no Ye Family!"

Speaking of this, Ye Chen's fists suddenly clenched, and a powerful evil spirit spread in all directions, and the surrounding tourists felt an invisible hand as if they were strangling their throats!

In an instant, it is hell!

"Zhao Chenghao! Wan Qiang! Zhou Zhenglong! And those who coldly watched my parents being killed! You must not know that Ye Chen is still alive!"

"Perhaps I would also like to thank you. If it were not for you, I would not have been saved by the master, let alone come back with a magical spell that can help the world to cry ghosts and gods!"

"This time, I swear, anyone involved in that matter, I will let you repay a thousand times!"

.....

A few seconds later, Ye Chen finally released his hand, recruited a taxi, and headed towards the city center.

If it is a few seconds later, the passers-by may not be spared.

Along the way, past events kept reappearing, Ye Chen was almost suffocated in pain.

He was originally born in a big family, and he had no worries about food and clothing. Although he was always called trash by people in the circle, a family of three was considered a happy one.

But it was the party at Yunhu Villa five years ago! His destiny has completely changed!

His father offended a man from Beijing to save a little girl!

The man was furious! Slap in the face of father! He killed his father himself in front of countless people!

During the whole process, no one stood up to stop it!

Including those families who once pleased the Ye family!

includes those old friends of his father!

even includes the uncle he has always trusted!

He was crazy, he was struggling, and he even took a knife and rushed towards the man!

But in the end, he was stopped by the man with one hand!

He clearly remembered the man's indifferent eyes and cold words:

"Jiangcheng Ye Family? What kind of thing? Even if you are a family in the capital, Lao Tzu can be destroyed by one hand! And you, a little thing beyond your own control, I heard that you are a famous trash here? Ha ha, still want to kill me ? Even if it is given to you for a hundred years, it will not change the fact that you are a waste!"

To everyone's surprise, a woman suddenly rushed over at this moment, exhausted all her strength, and pushed the boy to Dongqian Lake!

The moment he fell into the lake, the boy watched his mother rush towards the man!

with a determination to die.

Ye Chen thought that his life would end here, but he didn't expect him to be rescued by an old man in the lower reaches of Dongqian Lake.

The old man took him into a place isolated from the world, taught him the supreme alchemy method, and taught him to practice "Nine Heavens Xuanyang Jue".

In the past five years, no one knows what happened to Ye Chen in that ethereal place.

I only know that there was a demon born there, codenamed Bloodthirsty Dragon!

.....

Jiangcheng Huamei Group.

Ye Chen looked at the note in his hand, then looked at the sign on the gate, and walked in when he was sure it was correct.

This time, he planned to go directly to the capital to find the man who appeared in Yunhu Villa. After all, in the past five years, he most wanted to kill

this person. For clues to this person, he only knew that everyone around him called him Dragon Lord. , From the capital, the rest are blank.

But when I was leaving, the old man asked me to go to Jiangcheng first and find a girl named Xia Ruoxue.

The old man once wandered to Jiangcheng and had a love-hate relationship with Xia Ruoxue's grandmother. Ye Chen even wondered if Xia Ruoxue was the old man's granddaughter.

Three days ago, the old man turned the heavenly secret to break the formation, and discovered that Xia Ruoxue must have a catastrophe within a hundred days, and this disaster is very likely to make her disappear, and Ye Chen's fate happens to be the purple dragon that can't be detected by the gods. Grid, so to break the game, there is no other way but Ye Chen.

As for how to break the game, the old man never mentioned, he just asked Ye Chen to take a step.

.....

"Stop!"

Suddenly, a cold voice sounded, and I saw that Ye Chen stood in front of two burly men with a height of 1.9 meters. Both of them were wearing security uniforms. They had dark skin and sharp eyes. The muscles of the arms were curled up and they were very visual. impact.

Ye Chen raised his brows, naturally it was impossible to do anything with such a security guard, and explained: "Hello, I am looking for Xia Ruoxue."

One of the security guards heard Xia Ruoxue's name and sneered: "You can find President Xia on your own? Ha, do you have an appointment?"

"No." Ye Chen said truthfully.

"Then do you have a work permit for Huamei Group?"

"nor."

Hearing this, the arrogant color on the security guard's face became more intense, and he looked at Ye Chen condescendingly, stretched out his hand, pointed to the door, and disdainfully said: "Since there are none, it is the door, please go out!"

Huami Group, as one of the top 500 in China, is also one of the leading companies in Jiangcheng. As the security of Huamei Group, it naturally feels like a superior.

They don't need to look at anyone's face, they just need to expel such miscellaneous people!

At this moment, a few men in suits and leather shoes got out of a Mercedes-Benz E200. First they went to the front desk and asked about it. It seemed that they were also looking for Xia Ruoxue. The result was naturally exactly the same as Ye Chen. Several people shook their heads. After considering a few seconds, I finally chose to wait on the sofa.

Ye Chen didn't intend to get involved with the two security guards in front of him. He pointed to the sofa in the lobby and said, "That way, I'll wait there for a while."

After speaking, he walked straight to the sofa.

But before taking a few steps, he was blocked by the two security guards again.

"Boy, your mother is deaf, right? Don't force Lao Tzu to say it a third time. It's the door, get out!" A security guard pointed at the door and shouted aggressively.

Ye Chen frowned. He just came to Jiangcheng and didn't seem to offend these two guys. As for the fact that he kept making things difficult?

Then, he pointed to the men in suits and asked, "Why can they sit and wait, but I can't?"

One of the security guards glanced at Ye Chen from head to toe, and sarcastically said, "Is it the same as you, a bunny who still wants to see Mr. Xia? Don't pee and look in the mirror. Go away. If you don't go away, believe it or not. You throw it out."

Ye Chen shook his head helplessly. He understood that these two security guards were arrogant, and it was obvious that he was completely unworthy of sitting and waiting!

Unexpectedly, after five years from UU reading www.uukanshu.com, Jiangcheng is still that Jiangcheng!

"What if I don't want to leave?" Ye Chen's face sank.

"Don't go? I think you are looking for death!"

The words fell, and one of the security guards patted Ye Chen's shoulder with a hand, and the veins in his arm burst!

There was a cruel smile at the corner of his mouth, because as long as he exerted his strength gently, the thin boy in front of him would surely fly three meters away!

Just a few days ago, there was also an unknown hillbilly who challenged his authority, but he was thrown out with one hand, and he is still lying in the hospital now!

The security arm suddenly exerted force, but Ye Chen did not move!

Gradually, the security's smile solidified! His face became even more frightened!

Because he found that the young man in front of him was like a mountain! Can't lift it at all!

At the same time, a sense of death spread along his arms toward his back!

His whole body is soaked!

Another security guard noticed something wrong with his companion, and smiled: "Stone, you can't, you still sweat so much during the day, did your wife squeeze you out last night? I'll do it."

After finishing speaking, one of his hands also moved towards Ye Chen.

"Go away! I don't want to kill."

Suddenly, Ye Chen's icy voice sounded like a rolling thunder!

At the same time, his left foot slightly stepped on, and there was a flow of air all over his body, and he ran into the two security guards directly!

The two only felt a powerful force hit their chests, and couldn't help it anymore, spit out a mouthful of blood, and flew straight out!

Finally, his body hit the toughened glass in the hall heavily!

"Boom!"

The whole piece of glass collapsed! There was a loud noise!
