

Urban Medical 1011

Chapter 1011: Not sure!

Ye Chen knew very well that Xiao Huang's current state needed this medicine more than anyone else.

Xiao Huang opened her mouth in a daze, swallowing the pill instantly.

In an instant, the crimson light enveloped Xiao Huang, who was originally painful and hideous, obviously feeling much better.

There was even a slight comforting sound.

At this moment, the surrounding area was completely exploded!

Everyone is not calm anymore!

This is the **** Chi Yuan Tyrant Pill!

Only the top alchemy master can refine it after forty-nine days!

This pill needs many rare medicinal materials!

Most people are not qualified to see it, let alone eat it!

It is estimated that there are no more than five pieces of Kunlun empty!

Collect hundreds of warriors! Play free!

But with such a rare baby, Ye Chen didn't eat it by himself, but fed it to a cat!

Damn it!

Is this guy a brain disabled?

Violent!

Even Lingyi Danzun's mouth twitched, a little helpless.

He even doubted that this kid really has something to do with Lin Qingxuan?

This is too dull.

Serving this Chi Yuanba Body Pill, at least he can face the statue of the Pill God, what a chance of winning!

But this kid just doesn't cherish it.

Luo Wuya shook his head and sighed to his daughter Luo Yao: "This kid is good everywhere, but he's too crazy. He doesn't enjoy this kind of opportunity, and he even gave it to a **** animal! I'm taking it!"

Although Luo Yao didn't understand, she still stood on Ye Chen's side and explained, "Dad, he should have his reasons."

"Fart for the reason, this kid thought that he had stepped into the fourth-tier Pill Void Pagoda, and he would be invincible. He didn't know that if Cui Ruicheng in his current state was used, he could cross the sixth Pill Void Pagoda!"

Xing Tian Danzun, Cui Ruicheng and others also sneered again and again, and the outcome was actually very clear.

Xing Tian Danzun walked in one direction, and said as he walked: "Ling Yi, let's lift the seal behind that."

"Some people are looking for death, you can't save them if you want to save them."

Lingyi Danzun did not speak, and silently walked to a corner of Danxu Tower.

The two Dan Zun pinched the Jue at the same time and took a picture of it with one palm.

In an instant, the sky was shaking.

In the originally empty place, the ground was sunken, and gradually a prototype altar rose directly up.

On the altar, there is a statue and a stone tablet.

The statue is an old man with a master temperament between his brows.

With his arms raised, it is a tiny ancient tower.

The tenth floor of the ancient tower is exactly the same as the Danxu tower.

Even the statue alone gave birth to a supreme pressure.

Seeing this statue, Lingyi Danzun and Xingtian Danzun knelt on the spot!

At the same time, everyone present knelt down!

Just because this statue is a pill!

If you don't kneel down, you are disrespectful!

Everyone present knelt down, but one person did not kneel!

That is Ye Chen!

It's not that Ye Chen didn't kneel, but that he heard a voice from the reincarnation cemetery!

"This person, you don't need to kneel! He is almost the same as you kneel!"

Ye Chen almost spit out old blood, but still did.

The owner of the reincarnation tomb must have the pride of the reincarnation tomb owner.

Ye Chen was too conspicuous at the moment, and immediately stared at Ye Chen countless eyes.

Surprised, apprehensive, angered.

Xing Tian Danzun even opened his mouth and said: "Ye Chen, you are so courageous, you don't even kneel when you see the Pill God! Do you really consider yourself a person?"

Lingyi Danzun also glanced at Ye Chen, he didn't say anything.

Just a little regretful.

He doesn't like this person's character a bit, it's crazy.

Not even awe.

Such people are destined to not go too far.

If you don't kneel down on the Pill God now, I am afraid that you will not get the approval of the Pill God.

It is undoubtedly looking for death.

Five seconds later, everyone got up,

Xing Tian Danzun said to Ye Chen and Cui Ruicheng: "You two stand in front of the statue, close your eyes, and release the energy of the pill!"

Ye Chen and Cui Ruicheng took a few steps forward, and they stood in front of the statue of Alchemy.

A circle of light suddenly surged above the altar, wrapping the two of them!

When everyone looked at Ye Chen coldly, a distant voice came from the statue: "Just now, why didn't you kneel!"

The words fell, an endless coercion enveloped.

Everyone looked flustered and changed again!

Even, they kneel down again!

Never expected that the statue of the Pill God would appear!

Although endless coercion, it can't affect Ye Chen the slightest.

As long as Xiao Huang exists for one day, no one can use the pressure to resist He Ye Chen!

Ye Chen raised his head, his eyes firm, and said every word: "Why should I kneel to you? Ye Chen only kneels to my parents. The world can't let me bend my knees. You and I don't know each other, so naturally don't kneel!"

The attitude is extremely positive.

The statue snorted coldly and said: "Close your eyes and release the energy of the pill!"

There was no temperature or fluctuation in the words, but everyone felt a trace of anger!

Deep anger!

Cui Ruicheng first closed his eyes and released his pill energy.

The stele next to the statue gave birth to a dazzling light!

At the same time, a set of numbers appeared on the stele, the numbers getting higher and higher.

It didn't stop completely until it stabilized at 617.

When Ling Yi Danzun saw this set of numbers, his face was extremely ugly!

The numerical value represents the energy of the alchemy, and it can directly represent the talent of the alchemy!

A hundred years ago, the last number displayed was only 524!

But now Cui Ruicheng is a full 100!

It is enough to prove that talent is against the sky!

Not long after, Cui Ruicheng opened his eyes, and when he saw the numbers on the stone tablet, a confident smile was outlined at the corner of his mouth.

He even pretended to hand over the statue of the Pill God: "Thanks for the Pill God!"

The statue of Pill God ignored Cui Ruicheng, but looked at Ye Chen, and said in an impatient tone: "It's your turn."

Ye Chen didn't have any nonsense, closed his eyes and released the pill energy on his body.

but! There is no light!

There are no numbers on the stele!

Everything has become too quiet.

After a few seconds, the result is still the same!

Nothing at all!

It's like, not sure!

Seeing this scene, Cui Ruicheng laughed and said: "Ye Chen, you don't even have a value! It's ridiculous!"

"It seems that you, Fangen's trash, are not affirmed above Dan Dao! Haha!"

When Xing Tian Danzun saw this scene, he was in a good mood. He turned his head and said to Ling Yi Dan Zun: "It seems that the result is already obvious Pill God's Wrath, do you still want to save This kid? Ridiculous!"

Lingyi Danzun did not speak, if Ye Chen was really erased by the Danshen statue.

Then he can't say anything!

This is Ye Chen's fate.

Countless pairs of eyes stared at Ye Chen like this, mockingly.

As if everything is a foregone conclusion.

But at this moment Ye Chen felt that he had entered a special space.

Extremely subtle.

"Formation? I actually entered the formation unknowingly?"

All around are ancient texts.

Every word is a supreme pill.

Chapter 1012: You are also worthy of power?

Suddenly, an eternal voice resounded above the space: "You don't even have the piety and respect for the alchemy, how about releasing the energy of the alchemy!"

"Your existence will only make Alchemy go astray! In this case, I will not kill you, but I will permanently seal your soul here! Let you feel endless anxiety and loneliness! This is the punishment for you."

Ye Chen didn't have any panic. He raised his head, staring in one direction, and said lightly: "Sorry, it's not that I don't kneel at you."

"But, you are not qualified."

"If you want to kneel, you are also kneeling me, understand?"

Hearing these words, the whole world was quiet a bit!

Then, there was a resounding resounding: "I'm looking for death!"

Under everyone's gaze, the text in the sky actually flew down!

Countless words seem to be smashed on Ye Chen's body!

Ye Chen is unmoved!

Cold eyes!

Since the sound of the reincarnation cemetery made him not kneel, he naturally had a reason!

He only needs to choose to believe!

When the text was full of violent power and was about to touch Ye Chen, the black stone flew out directly.

Swirl on top of Ye Chen's head!

A sense of desolation suddenly spread!

In the next second, countless words in this space were sucked into the reincarnation cemetery by black stones!

At the same time, a figure was pulled out by invisible power!

It is the man of the statue!

The person of the statue obviously did not expect that he would be forcibly pulled out, his eyes were a little serious.

Standing in front of Ye Chen, he stared at the black stone on Ye Chen's head and exclaimed, "What is this! Tell me!"

Ye Chen took out a chair from the reincarnation cemetery and sat down calmly.

"I said before, you are not qualified to let me kneel, let alone know the secret of this stone."

When the person of the statue heard this sentence, although he did not know the origin of the black stone, he was the master in the space he constructed, and he was naturally not afraid of everything.

With cold eyes, he said word by word: "No one has ever dared to speak to me like this. You are the first and will be the last."

After the words fell, he stepped out, and the energy of the entire space instantly turned into a terrifying palm print.

Falling from the sky!

If it is shot on Ye Chen's body, it will definitely die.

"I wanted you to enjoy the endless darkness. Now it seems that I have changed my attention. I want you to endure endless pain."

"This pain is enough to make you regret what you did!"

"This is the fury of the ancient mighty power, you are a mere mortal person, can't bear it!"

Just when the terrifying palm print was about to swallow Ye Chen with endless pressure, Ye Chen still did not move.

Instead, he said: "Are you an ancient power?"

"Then you know that there are a hundred ancient powers standing behind me!"

The icy words fell, and the person in the statue was startled, but before he could react, the black stone instantly released endless energy.

In an instant, cracks appeared in the entire space.

As if to collapse!

At the same time, a sense of desolation and crimson light swept away!

When the red light disappeared, a hundred tombstones appeared.

This space was directly absorbed by the reincarnation cemetery!

That terrifying palm print also suddenly disappeared! As if it never existed.

And the person with the tombstone looked at everything strange, a little lost.

When he noticed the hundreds of tombstones around him, there was a hint of panic in his original proud expression.

His eyes widened, bloodshot covering his pupils!

"This... how is this possible!"

He even clearly felt that every tombstone had an extremely strong ancient meaning.

It is as if every tombstone carries an ancient power!

He comes from ancient times, but compared to the people in the tombstone, he is an ant!

"Step into the reincarnation cemetery, don't kneel down yet!"

Mo Ning'er appeared floating, condescendingly looking at the statue, her eyes full of disdain.

At the same time, Lin Qingxuan's figure was also revealed.

The statue's eyes widened when seeing Lin Qingxuan!

"Plop!" He knelt directly!

He is about to cry, what is this place!

There are hundreds of great abilities!

The horror of the two people in front of him was a nightmare to him, not to mention the remaining tombstones.

The key Lin Qingxuan knew him, the only existence that broke into the ninth floor!

It's even one step away from the ten-story Pill Virtual Pagoda!

He was terrified, he was shocked.

Ye Chen knelt down so quickly when he saw this statue, his expression was a bit suspicious.

Didn't you hear that this person is the one who controls the magic weapon of the Pill Xu Tower?

So weak?

Lin Qingxuan seemed to perceive Ye Chen's doubts, glanced at the kneeling man, and said lightly: "Pill Xu Pagoda is an ancient spirit treasure, what qualifications do ordinary people have to control! And this guy is just the ancient Dan Xu Pagoda. It's just the people who are placed here. If you really want to talk about your identity, it should be just a subordinate."

"But this person is also smart. With that unwarranted rule, he has absorbed the energy of other people's alchemy in an upright manner, not even letting go of the spirit and body. After absorbing for thousands of years, his cultivation level has also been continuously improved. A good abacus!"

"That's why the reincarnation cemetery keeps you from kneeling! What qualifications does this villain have to make the owner of the reincarnation tomb kneel?"

"Disciple, remember, from the moment you become the owner of the tomb of reincarnation, heaven is not qualified to make you kneel!"

"You not only represent yourself, but also the dignity of a hundred of us!"

Ye Chen suddenly nodded: "Master, don't worry, my personality is like this, and the same is true when I am the king of heaven."

Lin Qingxuan gave a soft hum, then stared at the statue's person with burning eyes, and said: "You should be very clear about what to do. You should release all the things that have been absorbed for thousands of years and the energy in your body."

"I'll just say it once, if you don't agree, then I will do it myself."

"At that time you may endure supreme pain. You choose yourself!"

The face of the kneeling statue was extremely ugly!

He should never just send this kid into his space!

Now all the fortunes and opportunities of the millennium are going to waste!

He can't even save his life!

"My lord, can you spare my life and let me stay in the world?"

Chapter 1013: attitude!

The sense of vibration became stronger and stronger, and in the end, the hundred rays of light started to flicker crazily!

"Master, this is..." Ye Chen exclaimed.

Lin Qingxuan stared closely at one of the tombstones.

He found that the tombstone he had been observing was completely covered by a golden light.

Even a few lines of text began to appear.

It was only revealed for an instant, and was covered back by a force of strength.

Obviously, that person did not intend to come out now.

Following Lin Qingxuan's gaze and seeing this state, Ye Chen was too familiar with it, which meant it could be aroused.

At the same time, the light on the left and right sides of the tombstone is quite dazzling.

But it's only one step away from the drive.

This wave, he made a lot of money!

Could this be the reason Lin Qingxuan kept letting him come to Danxu Town?

At this moment, Lin Qingxuan opened his mouth and said: "Trainer, can you see the three tombstones? Because the reincarnation cemetery has absorbed the energy of that person for thousands of years, you can already mobilize one of the tombstones, as for the remaining two. Still need an opportunity."

"Danxu Town finally did not come in vain."

"Also, from the opening of the reincarnation cemetery until now, your performance has exceeded our expectations, and it is time to slowly reveal that secret to you."

"Fine, there are some things, let's wait for you to go out and ask Lingyuan, he should be able to tell you something."

"Next, are you confident to face it?"

Ye Chen trembled and wanted to say something, but in the end he nodded heavily and clenched his fists:
"Yes! Master, I will definitely live up to you!"

Lin Qingxuan waved his arm: "We believe you, but I hope you understand a word."

"This is a world where the strong are respected, and human life is the least valuable thing. You have enough strength to destroy everything."

"This world is indifferent, without a trace of temperature. If you want to protect the warmth around you, you only have strength."

"For those who want to kill you, you have to take up the sword in your hand ruthlessly and guard the pure land in your heart."

"That's why I allow you to take the path of murder."

"Also, if you want to counter the forces behind the reincarnation cemetery, remember three words, beast, dragon, and demon!"

After the words fell, the entire reincarnation cemetery shook violently again.

Ye Chen's soul was also shaken out and returned to reality.

Obviously, Lin Qingxuan's words broke some secrets.

Ye Chen felt the noise near Danxu Tower.

Sneer, sarcasm, disdain.

He didn't have much time to pay attention, but to savor the three words carefully.

Beast, dragon, demon!

This beast should mean fierce beast or monster beast.

Does it represent Xiao Huang?

As for the dragon, it should be the blood dragon.

The power of the reincarnation cemetery emphasized the value of the blood dragon many times. After all, the blood dragon was nurtured by him from the beginning.

It fits perfectly with his body.

If one day the blood dragon turns into ten thousand feet, it will become the essence.

That was when Ye Chen was honored.

What does the last demon mean?

Is it a demon? Or is it looking for a demon king?

Ye Chen was puzzled.

No longer thinking about it, Ye Chen opened his eyes.

Cui Ruicheng sneered and said: "Boy, you lose! It is estimated that it will not be long before you will be wiped out by the Pill God, haha!"

Ye Chen's eyes were very dull. He glanced at the statue and said lightly: "The God of Pill Return, it's just an ant, just destroy it!"

In the next second, under the eyes of everyone, Ye Chen's arm was wrapped in endless thunder and lightning, and a palm hit the statue!

Seeing Ye Chen's crazy move, everyone took a breath.

The eyes are wide!

This Ye Chen is crazy, and he dare to do such a rebellious move!

This is a statue of Alchemy! Don't say it can't be ruined! If you are disrespectful, you must die on the spot!

All souls are destroyed!

Even Ling Yi Danzun's eyes were horrified, and said loudly, "No!"

But Ye Chen had already fallen.

The statue's people are all destroyed, this statue has long lost its spirituality!

How can't it be destroyed!

"Crack!" With a sound, the statue was instantly torn apart, wrapped by a **** of thunder, like a net of thunder!

Suddenly shrink! The statue instantly turned into powder, dissipating between heaven and earth.

At this moment, the temperature seemed to drop extremely low, and the crowd held their breath.

They can't believe it!

The faith in Danxu Town, the so-called Pill God, was destroyed like this!

how can that be!

Before everyone could react, Ye Chen suddenly burst into endless pill energy.

This alchemy is too strong!

It is so rich that Ye Chen seems to be a pill god!

At the same time, the stele began to bloom, the light was too dazzling, as if the night could turn into day.

And a number is increasing at a crazy rate.

First it was 1000, and finally it grew directly to 10000!

Far more than Cui Ruicheng 617 don't know how much!

The key figures have not stayed!

The growth rate cannot even bear the stele!

"Boom!" With a sound, the stele burst open!

Countless rubble penetrated everything around like a sharp weapon!

Cui Ruicheng looked terrified.

He wanted to run, but Ye Chen's cold voice sounded from behind him: "I would like to lose the bet and want to go!"

Cui Ruicheng stiffened, he turned around, and when he saw Ye Chen, he found that a long sword had slipped gently on his neck.

Jianguang swallowed everything.

Then, he found that his body seemed to be unconscious, he wanted to cover his neck, but eventually fell in a pool of blood.

"Ruicheng!" Cui Yuan looked like a lunatic when he saw that his son was dead!

Sacrifice a long spear and head towards Ye Chen!

He wants Ye Chen to die! Even everyone around Ye Chen died!

But Cui Yuan hadn't started yet, Luo Wuya came to Cui Yuan with a sword.

Without warning, Luo Wuya released his full strength, even with essence and blood!

The long sword directly penetrated Cui Yuan's chest.

Cui Yuan looked at the long sword penetrating his body, staring at Luo Wuya fiercely, and said in surprise: "Why are you killing me?"

Luo Wuya's eyes were cold: "Mr. Dongye, this is my enemy of Luo Wuya!"

The same attitude as Lingyi Danzun!

Luo Wuya knew very well that if he didn't express his position now, he would not be qualified when Ye Chen grew up!

No matter what price he pays he will set foot on Ye Chen's great wheel!

Xing Tian Danzun looked ugly when seeing the two of Cui family die in front of him!

His eyes flashed with a vicious look. Just about to start, Ling Yi Danzun stood in front of him and said indifferently: "Xingtian, you can't afford it? If you and I are both seriously injured, who would you say? More at a loss?"

Hearing this sentence, Xing Tian Danzun coldly snorted: "I wish to surrender! But today's matter will not be easy to end! So do it for yourself!"

After speaking, Xing Tian Danzun disappeared in front of Ling Yi.

A little embarrassed.

Lingyi Danzun breathed out gently, and then, suppressing the shock in his heart, he said to Ye Chen: "Little brother, I have something to tell you, can I go to Danxu Pagoda for a gathering?"

Ye Chen's eyes condensed, remembering Lin Qingxuan's explanation, nodded and agreed: "Okay!"

Chapter 1014: fuse!

Luo Wuya watched Ye Chen and Ling Yi Danzun leave. He thought his actions would make Ye Chen look a little bit more.

At least he nodded to himself.

But Ye Chen didn't look at him exactly once.

He couldn't help feeling a little headache when he thought that the Patriarch of the Luo family was so aggrieved.

But right now, he had to look at the other's face.

Luo Yao walked to Luo Wuya's side and said in loss: "Dad, let's go back."

Luo Wuya thought of something, and quickly looked at Luo Yao and said firmly: "Yao'er, we will wait outside and wait for Mr. Ye to come out."

Luo Yao's expression was very weird: "Dad, I understand Mr. Ye, he is a slow-hot person, it is useless for you to express this attitude."

Unexpectedly, Luo Wuya squinted his eyes, and said lightly: "I know this. I never wished that I could catch Mr. Ye. Fortunately, Luo Wuya gave birth to a good daughter."

"Yao'er, let me ask you, you have a good impression of Mr. Ye, and tell me the truth."

Hearing this question, Luo Yao's face instantly blushed, and even lowered her head, not knowing what to say.

I knew Mr. Ye before, and she was only interested in his alchemy talent, she just admired him.

But now, having witnessed these things happening in front of me, is there any girl who doesn't like a masterpiece like Mr. Ye?

In order to save himself, Mr. Ye even put himself on a dead end!

But even if she admires Mr. Ye, as Mr. Ye is now, would she be worthy of her?

As Luo Wuya looked at his daughter, as a father, he already had an answer in his heart.

My daughter is probably stuck in it.

If this can happen, it might be a great opportunity for the Luo family.

He hesitated for a few seconds, and then said: "Yao'er, I don't understand emotional matters for my father, but I know for my father. If you don't fight for it, you may regret it for a lifetime. Let's wait for Mr. Ye to come out."

"Yeah." Luo Yao didn't refute this time, as she stared at the silent Danxu Pagoda with her eyes like water.

...

The first floor of the Pill Virtual Pagoda, the place where Lingyi Pill Zun practices.

The only two who looked at each other were Ye Chen and Lingyi Danzun.

As for Fang Lao and Lao Yang, Ling Yi Danzun asked them to bring some tea and snacks.

At this moment, the Ling Yi Danzun was a little nervous, and he stopped talking. This is a state that has never appeared before at his level.

Ye Chen glanced at Lingyi Danzun, and said first: "Are you the Lingyuan?"

Ling Yi Dan nodded fiercely: "Exactly, there is a doubt in Ling Yuan's heart. Only one person knows this name, I don't know you and who..."

Before he finished speaking, Ye Chen interrupted: "You should be Lin Qingxuan, right? He is my master!"

Hearing the three words Lin Qingxuan, Ling Yi Dan's brain went blank!

It seems to explode!

The young man in front of him is only in his twenties! Senior Lin turned out to be his master!

That proves that Lin Qingxuan must be alive!

After that fabled ancient battle, Lin Qingxuan mysteriously disappeared, and everyone in Kunlun Xu thought that those strong men were dead!

It seems that it is not at all!

Not only are you alive, you have the ability to accept disciples!

Can he not get excited!

"Plop!" Ye Chen was shocked that Lingyi Dan actually knelt down!

Because of seniority, Ye Chen is much higher than him!

He is just a kid who has been directed by Lingyi Dan, without any status!

But Ye Chen is a real apprentice! His identity is much higher than him!

At this moment, Fang Lao carrying tea, Lao Yang carrying some snacks quietly appeared at the door.

When they saw the scene before them, they completely shocked their eyes!

"Patter!"

The tea fell directly on the ground and shattered on the spot!

The same goes for dim sum! All fell to the ground!

Fang Lao and Lao Yang looked like petrified, dumbfounded.

They knew that Ye Chen's identity was special, but they didn't know that it was so special that such a big man like Lingyi Danzun would kneel down!

Damn it!

They have been with Lingyi Danzun for so many years, they have never seen Lingyi Danzun kneel down!

The key is that the other party is a young man with such a cultivation level!

Not even the Return to Void Realm!

Lao Yang was even more frightened, after all, he scolded Ye Chen a lot!

The attitude is not good!

Ling Yi Danzun turned his gaze, saw the two people at the door, and snorted coldly: "Two rubbish, even this kind of trivial matter can't be handled well, really think I dare not kill you?"

At this moment, Lao Yang and Fang Lao knelt down and begged for mercy.

Ye Chen still had some good feelings for the two, after all, before Lingyi Danzun appeared, the two resisted desperately.

So he said in a convenient way: "Don't make it difficult for these two people, they are also unintentional."

Ling Yi Danzun nodded: "I haven't thanked Mr. Ye yet!"

"Yes Yes Yes!"

"Thank you Mr. Ye!"

Fang Lao and Lao Yang dare not take a breath.

Lingyi Danzun also didn't want the two to continue to disturb, and said directly: "Don't retreat, you are not allowed to step into this place for half a step! Otherwise, I will permanently expel you from the Danxu Tower!"

After the words fell, a gust of wind moved the two of them out! The next second, Shimen closed and closed completely.

Ling Yi Danzun looked back at Ye Chen excitedly and said:

"Mr. Ye, I want to know the whereabouts of Senior Lin, where is he now? My current achievements are due to him. I protect this Danxu Pagoda because of Senior Lin's mission. Please also ask Mr. Ye to give me a return. Opportunity."

If Lin Qingxuan is in good condition, he doesn't mind letting Lin Qingxuan meet this person.

But now Lin Qingxuan doesn't have much energy, and he can't come out without a last resort.

He directly refused: "Master is already wandering, he is unrestrained and unrestrained, I am afraid that this wish cannot satisfy you."

Ling Yi Danzun was a little bit disappointed, but still said: "Also right After that ancient war, Senior Lin is probably very tired, and he is not willing to be disturbed by such trivial things. How could he see me! I shouldn't ask more, and I ask Mr. Ye to forgive me."

Ye Chen has always heard Lingyi Danzun mention the ancient battle. Obviously, the things behind the reincarnation cemetery that Lin Qingxuan wanted him to know must be related to this battle.

It is because of this great war that countless strong men disappeared! It can be said that this is the fuse!

No longer hesitating, Ye Chen said directly: "Lingyi Danzun, I have always been very curious about the War of the Ancients, can you tell me something?"

Hearing that Ye Chen didn't even know the battle, Ling Yi Danzun was puzzled for a few seconds, but he quickly reacted. At Ye Chen's age, if Lin Qingxuan didn't say anything, he was naturally not qualified to touch it.

He organized the language a little, and said: "I don't know much about the ancient war, but the existence of the ancient war has long been no secret, it is the blood spirit race.

Regarding the blood spirit family, there are very few documents related to Kunlun Xu. After Lin Qingxuan disappeared, I used all means to find it. "

Chapter 1015: Blood Spirit Pattern

"Unfortunately, no useful things have been investigated, but after so many years, I have mastered some things."

While talking, Lingyi Danzun sacrificed a broken token.

The token is extremely weird, with a blood spirit pattern painted on it.

Extremely penetrating.

With a single eye, you can feel the evil power contained in it, as if it can devour human spirits!

"Mr. Ye, this thing is left by the strong of the blood spirit race. The blood spirit race is not a force of Kunlun Xu, but in the ancient times, they once came here. The methods are extremely terrifying, and they can suppress it with a wave of hands. Countless strong people."

"If it weren't for Kunlun Xu's many powerhouses to join forces, I'm afraid the entire Kunlun Xudu will be transformed into nothingness."

Check out new PVP arena battles!

"They can absorb the qi and blood of the cultivator for their own use, and are almost invincible."

"Mr. Ye, do you know that Kunlun Xu's three thousand ancient powerhouses are no match for the three blood spirit tribes!"

"After that, according to my investigation, a group of top powerhouses in the ancient times, including Senior Lin, all disappeared. They were looking for the blood spirit race. After all, if the threat is not completely cut off, China and even Kunlun will be affected. Death threats."

"However, so many top powerhouses set foot on that unknown land, but only one came back. That person was named Han Yun, the strongest genius of the Han family of the Kunlun Xu ancient family, the eighth floor of the Emperor Realm! Before he was seriously injured, But you can break the existence of mountains and rivers with a wave!"

"It is this kind of existence that was brought by an old man of the blood spirit clan to the Monument of Ten Thousand Tablets, which was hailed as the pure land by countless Kunlun Xu practitioners! One pointed out, in front of countless Kunlun Xu families and sects, he was tortured alive! Almost death! "

"All of us were furious and resisted, but it was useless! The old man was too strong, and everyone could only watch Han Yun endure all the pain! The Han family sent the strong to intervene, but the old man was killed on the spot! How does the Han family resist? It will only cause more casualties!"

Ye Chen's heart was overwhelmed when he heard this.

Transcendent realm, holy realm, holy king realm, virtual return realm, virtual king realm, Daoyuan realm, emperor realm and so on!

He is only the third layer of the Saint King Realm now! Can barely reach the strength of the Void Return Realm! With the help of his hole cards, he may be able to fight against the powerhouses in the early stage of the Void King Realm!

But the Dao Yuan realm and the Emperor Zun realm are realms that he dare not even think of!

Going to the back, a small gap may cost a cultivator a century or even a thousand years!

At the eighth level of the Emperor Realm, it is almost a god-like existence, and it can even be said that it is a person of the Kunlun imaginary supreme, who is still seriously injured!

What is the strength of the person who shot!

Perhaps Lingyi Danzun was thinking of these past events, his heart exploded with anger, his fists clenched, and his veins burst!

This is humiliation! Humiliation to Huaxia and Kunlun Xu!

"Mr. Ye, after this, the old man has left. Han Yun is not dead. The old man threw Han Yun's unbearable body off the Ten Thousand Tablets Platform, and left a sentence, "It's just a group of humble ants, the most humble race." In the eyes of my blood spirit race, you can only be our playthings! Give up struggling and enjoy the pain that your ants should enjoy! If you dare to resist, this person will be your end!"

As for the rest, they will never come back, nor are they qualified to come back! Remember, every hundred years in the future, you must prepare a hundred emperor realm powerhouses! Enjoy and torture for us'! "

The feeling of anger in Ye Chen's heart filled his body!

What a humble race!

What a humble ant!

What is the plaything of others!

What is the slave of the blood spirit!

What qualifications does this blood spirit race have to kill people! Ignore the rules!

This sense of powerlessness is not the cultivator of the ancient times, but it covers everyone!

Including him Ye Chen!

The blood flowing on his Ye Chen, as a member of Huaxia and Kunlun Xu, has always been his pride!

Never allowed to be so insulted!

Ye Chen was surrounded by powerful evil spirits, endless anger seemed to have swallowed him, his eyes were blood red!

There seemed to be a black light on the eyebrows!

For the light of the devil!

The surrounding air pressure suddenly condensed, suffocating people.

At the same time, the blood dragon in Ye Chen seemed to rush out, and the roaring Dragon Yin was extremely angry!

Not only that, Xiao Huang, who was put aside by Ye Chen, also noticed something, and the different pupil opened.

The red eyes flashed with extremely cold light.

But soon I closed as if falling asleep.

Lingyi Danzun felt something was wrong, and when he looked at Ye Chen, his eyes were extremely horrified.

He even whispered: "What a strong evil spirit, why is there a tendency to become a demon? Senior Lin's apprentice should fully embark on the path of the **** of medicine. This is the meaning of the right way in the world. Why is there a tendency to step into the path of the devil now?"

The air pressure in the whole room is getting lower and lower.

Even Ling Yi Danzun was a little unbearable.

He couldn't figure out why this power would explode on a young man.

Suddenly, he thought of someone.

But this idea was quickly thrown away by him.

He can't let Ye Chen go on like this anymore. If Ye Chen is really enchanted, how should he choose?

No longer hesitating, he pinched his finger and pointed at the center of Ye Chen's brow.

The golden light entangled, just when the golden light was about to cover the devilish energy of Ye Chen's eyebrows, an extremely strong obstacle struck!

In an instant, the golden light shattered, and the body of Ling Yi Danzun also took a few steps backwards, blood surged!

A mouthful of blood almost squirted out!

"how is this possible!"

Lingyi Danzun's expression is like hell! He found that his strength could not restrain that evil spirit!

Fortunately, Ye Chen also gradually recovered his clarity. He looked at Lingyi Danzun as if he didn't know what happened just now, and continued to ask: "Lingyi Danzun, after the ancient war, the old man of the blood spirit race really Once in a hundred years, took away the powerful emperor as slaves?"

Ling Yi Dan swallowed a pill, suppressing the shock in his heart, and nodded: "Indeed, that old man will appear every hundred years. Most of these hundred emperors are transported by top sects, forces and families. Each sect has a certain quota, and I dare not disobey it. Once one is missing, the sect will be destroyed, and Kunlun Xu and Huaxia have no need to exist."

Chapter 1016: The answer is solved!

"Emperor-level powerhouses are too precious for Kunlun Xu, but they have to contribute to the blood spirit race, which also makes Kunlun Xu's martial arts unable to advance."

"Even going to the back, those Kunlun Xu top powerhouses had to use pill and various methods to forcibly upgrade their disciples to the emperor state! Just to protect themselves! For those who stand on the top of Kunlun Xu, there is no choice.

However, as time passed, only a small number of people knew about this secret. In order not to cause panic, everyone kept silently guarding the ancient secrets. Even when the hundred emperor-level powerhouses were taken away, they were complacent thinking that they would embark on the Supreme Avenue, but didn't know that it was just the beginning of a nightmare. "

Ye Chen narrowed his eyes and continued: "How many years are there before the appearance of the blood spirit race? How many decades?"

At this moment, Ling Yi Danzun's expression was a little lost, and he said lightly: "It has been almost a hundred years since the last time. If I guess correctly, it will leave Kunlun Xu's major sects and forces for a year and a half at most."

"I don't know how those forces and sects are preparing, I am afraid Kunlun Xu will be seriously injured again."

Ye Chen heard it for a year and a half, and his heart stopped beating for a second.

There is not much time left for him!

The old man of the blood spirit tribe is the key to the hundred powers of the reincarnation cemetery!

It's just that since the Kunlun Xu's great powers are in trouble, why does the reincarnation cemetery still exist? It has gathered a hundred powerful divine powers?

What happened afterwards?

Lingyi Danzun seemed to think of something, and continued: "Mr. Ye, actually, after the hundred years of covenant, the blood spirit clan elder appeared once. That time was because of the heavenly stone tablet. This stone tablet fell in the Kunlun Xuye family.

It seems that the blood spirit tribe old man has been to Ye's house once, as for what happened, I don't know. Some people speculate that this extraterritorial stele is related to the blood spirit race. "

The corner of Ye Chen's mouth outlines a mysterious smile, everything is connected.

The black stone came from the stone monument that came from the Ye Family!

As for what the old man did when he went to Ye's house, I'm afraid he had to go to Ye's house himself!

The death of grandparents is related to the Ye Family Patriarch!

When the time comes, new and old accounts will be calculated together!

"By the way, Lingyi Danzun, since Han Yun is not dead, why not try to learn about the ancient war from him?" Ye Chen said.

After all, relative to the Ye Family, Han Yun is undoubtedly experiencing everything.

Han Yun absolutely knew where the bodies of Lin Qingxuan and others went to last!

Venerable Lingyi Dan sighed, stood in front of a stone platform, and said: "After Han Yun was injured by the old man, although he was treated by the best doctor, even a few alchemists and I joined forces for He had practiced alchemy, and his body recovered almost, but for some reason, the energetic and strong man was absent, he became unable to communicate with others, even his temperament changed drastically, and several strong men who wanted to ask something were hurt by him.

After that, the Han family had to keep Han Yun in the forbidden area forever, and the Han family also faded out of the sight of Kunlun Xu's many forces. They did not participate in any top-level family meeting. "

"Mr. Ye, if you want to know the real thing behind it, it's useless to find Han Yun, and the Han family won't let you see him."

Ye Chen had a headache: "Is there no way?"

Lingyi Danzun thought for a few seconds, and said: "There is no way. The Han family and the Kunlun Xumo family are relatives. The only time the Han family has been moving these years is when a daughter of the Mo family gets married. If Mr. Ye To meet Han Yun, going through the Mo family is the best way, but it's not so easy for the Mo family to meet."

Ye Chen's eyes were happy when he heard Mo Jia!

He has contact with the Mo family! Isn't Mo Ning'er from the Mo family?

It just so happened that he owed Mo Ning'er a favor and said he was going to Mo's family!

With Mo Ning'er, it will be much easier for him to get in touch with the Mo family!

After talking about some more things, Ye Chen knew that there was nothing to say from Lingyi Danzun's mouth, and did not plan to stay too much. He said directly: "Lingyi Danzun, the master asked me to pay attention to the blood spirit race. No matter what, Han Yun, I must see it. As for the Mo family, I have a way!"

Ling Yi Danzun's expression is a little weird, but he knows the attitude of the Mo family, does Ye Chen still want to go to the Mo family?

If Ye Chen was going to see someone from the Xuye Family in Kunlun, he might still believe it a little bit, after all, Ye Chen might have something to do with that Ye Family.

But the Mo family is different. The current Patriarch has a notoriously bad temper, based on Ye Chen's roots and strength in his twenties, what do you think?

However, since Ye Chen's heart was determined, he couldn't interfere and let Ye Chen leave.

Ye Chen had planned to set off immediately, but he heard Lin Qingxuan's voice in his ears: "Truth, you don't have to be in a hurry to go to the Mo's family. Let the teacher take a look at your talent on the alchemy path, and by the way continue to teach you the supreme medical skills."

When Ye Chen heard these words, he remembered Dan Xu Pagoda. When he broke into the fourth floor, he was destroyed by Xing Tian Danzun.

Since it's here, Dan Xu Tower can't shelve it either.

Ye Chen went directly to the lake on the fourth floor, because he was familiar with the road, it didn't take much time to open it.

Under the lake is an underwater pill formation. The test of this level lies in the control of the water by the alchemy.

After that, Ye Chen directly stepped onto the fifth floor.

Obviously, the fifth level of the stairs is a bit difficult. Xiao Huang is in a deep sleep state again, unable to resist the pressure, he can only bite the bullet.

...

At the same time, Kunlun imaginary peaks and ridges thrust into the sky.

Surrounded by the spiritual energy of the peaks and mountains, looking at the entire Kunlun Xu is also an important place for cultivation.

The top of the peaks and ridges is a magnificent place of sect.

Sky Lanzong.

One of the top ten sects of Kunlun Xu.

Ranked tenth.

Although at the end of the top sect ranking, looking at the entire Kunlun Xu, it is enough to crush most of the forces!

Moreover, because of the existence of Ji Siqing, the lady of heaven, Tianlanzong has the possibility of infinitely approaching the ninth.

In the deepest part of Tianlanzong, there is a separate training room.

Ji Lin stood at the door and paced back and forth, holding a meal in her hand. She knocked on the door and said, "Sister, are you really planning to eat something?"

No one answered.

Ji Lin said again: "Sister, I know you are worried about Ye Chen. I just asked people about it. Ye Chen has nothing to do. You don't have to worry. You have to eat anyway, or how to practice?"

Ji Lin had a headache. Since her sister was forcibly brought back by Elder Ke, the door has been closed tightly, and no one has been seen.

She didn't dare to talk more about that day. After all, in less than two months, Ye Chen would fight with Mr. Jingshui in Qianjue Square.

If the elder sister knew, it would be even more impossible to practice.

Chapter 1017: You are hope!

Elder Ke even passed the order, and no one should mention this to Ji Siqing, otherwise, expel the Tianlanzong!

Just when Ji Lin was troubled, a woman in luxurious brocade appeared beside Ji Lin.

The woman looks like she is only in her forties, with a beautiful face and a pretty temperament.

The Danfeng eyes are full of supreme pressure.

Seeing this woman, Ji Lin was obviously nervous, and quickly and respectfully said: "Master!"

Ji Lin knows the strength of this woman, and has lived for a full thousand years.

is the supreme master of the Sky Lanzong.

Sect Master Tianlan nodded, took the food from Ji Lin, and said lightly: "Go back to your room and rest. Let me handle this matter."

Ji Lin is naturally impossible to refuse, nodded and said: "Yes, Master."

Afterwards, Sect Master Tianlan gently pressed one hand on the gate, and the magic spell Ji Siqing had cast was instantly broken.

The door opens.

Ji Siqing, who was practicing, opened his eyes instantly, and the ice-cold light flickered!

With a light wave of his slender fingers, a sword on the table flew out!

Seeing that he was about to touch the Sect Master of Tianlan, the latter shook his head, without any movement, the long sword shook open directly, inserted into the wall, and kept shaking.

"Siqing, why are you doing this? I give you everything about you, so you are willing to turn against me for a man of ordinary roots?"

Ji Siqing's cold eyes glanced at Sect Master Tianlan, and said: "Master, you said you gave me all the authority to not interfere with my affairs. Why do you want Elder Ke to prevent me from saving Ye Chen? Tianlan Sect is the top sect. One, when will I be afraid of a Mr. Jingshui!"

Sect Master Tianlan smiled slightly and put the food on the table: "Disciple, you think too much, that guy in Jingshui, my Tianlan School is naturally not afraid, but have you ever thought about what will happen after you offend Jingshui? Tian Lan Sect must have a lot of trouble, which will affect your cultivation!"

"This is not the most important thing, the most important thing is, what should you do if you are injured, you are the only hope of my Tianlan Sect! If something happens to you, my Tianlan Sect will be gone for a year and a half from now!"

At this moment, the Sect Master of Tianlan had become extremely heavy.

Ji Siqing was relieved to hear such serious words, and then she looked at Sect Master Tianlan curiously, and asked: "Master, why have you always wanted me to cultivate to the Emperor Realm at the end of next year? I don't like such a rapid growth, so the foundation is unstable! Also, what on earth do I want to do next year? Is it possible to represent the Zongmen in what competition?"

The eyes of the Sect Master of Tianlan Sect flashed with heaviness and complexity, and then he smiled: "In a year and a half, you will face a great opportunity. If you step into the realm of the emperor, not only can you save our Tianlan Sect, You can also set foot on the supreme martial arts. When you reach this strength, you want to protect Ye Chen, who dares to say no?"

What about Mr. Kagamizu? Don't worry, the master will not harm you, only protect you. "

"As for right now, you don't care about Ye Chen. Ye Chen will not do much in the future. There is a big gap between him and you. You should communicate more with some geniuses. After all, your goal is that piece. The sea of stars, not a pile of stones by the river."

Ji Siqing was a little displeased when his master compared Ye Chen to a stone by the river, and quickly retorted: "Master, don't you know that Kunlun's virtual genius compares favorably? Ye Chen killed the elder of the Qingluan Sect and set foot on it. A ladder! This is not something ordinary riverside stones can reach!"

Sect Master Tianlan looked at Ji Siqing defending Ye Chen in this way, and his face was pulled down: "Do you think it's a good thing that a person's strength is suddenly strong? He just enters the Holy Realm and kills more than one level. This can only explain one thing, this kid. The secret method is used, and the foundation is extremely unstable!"

"I've seen too much of this person. I should have swallowed some pills by accident, just for a short time, and there won't be much success in the future. Using this kind of indiscriminate means is tantamount to ruining myself!"

Okay, forget that kid, let's eat! Before you step into the realm of the emperor, I will not agree with you and that kid! If one day you really step into the realm of the emperor, the position of the sovereign is left to you! No one in Kunlun Xu dared to touch that kid! "

Ji Siqing didn't want to say anything to her master, she already had a goal in her heart, and nodded seriously.

No matter what, she must speed up her cultivation and strive to break through the emperor's realm as soon as possible!

Sect Master Tianlan threw down some high-level pill again and left directly. When the door was closed, her expression changed, and she murmured: "Siqing, there are some things that can't be blamed for being a teacher. It's not that I want to use you, it's just that the elder of the Blood Spirit Race is approaching. Our Tianlan Sect must surrender two emperor realm powerhouses. As a teacher, there is no qualification to represent the Tianlan Sect, and only you and that one."

"This may be the punishment of Kunlun Xu from God, hey, I don't know when it was a head."

Not long after, Elder Ke came to the front of Sect Master Tianlan.

"Sect Master, are you looking for me?" Elder Ke respectfully said.

Sect Master Tianlan nodded, glanced at Ji Siqing's training room, and asked: "You should have been in contact with that kid Ye Chen. Do you think he can win the battle with Jingshui?"

Elder Ke sneered: "Sect Master, that kid can't win, it's impossible! Although the kid's strength fluctuates up and down, people can't guess it, but if you talk about strength alone, he is not Jingshui's opponent!"

The only thing that puzzled was that the kid had somehow been involved in Dan Xu Tower's Luo family, and his whereabouts are still unknown. "

Sect Master Tianlan narrowed his eyes, thought for a few seconds, and said: "You go to Danxu Town. After all, the existence of this kid will affect Siqing. Two months have been too long. Now Siqing must settle down and practice seriously."

"If you happen to meet that kid, no matter what method you use, I don't want Siqing to see him again. I mean, you should understand?"

"If you can't see it, then you can only say that his life is good. Let him live for two more months."

Chapter 1018: Break the sky 3 shots!

Elder Ke naturally knew what the lord meant, and nodded: "Don't worry about the lord, I must do this beautifully."

As soon as the words fell, there was a movement behind a wall not far away!

The eyes of the two shrank, instantly cold! Qi Qi came to where the movement came.

But there is no other figure, there is only a bag of potato chips and a formation!

Sect Master Tianlan suddenly thought of something, and secretly said: "No, it's Ji Lin's girl! She has a magic weapon to hide her breath. He must have eavesdropped on our words just now. If I'm not wrong, she should use it now. The formation has left! Immediately block the Tianlanzong and Ji's family, and bring this girl!"

Although she was a little angry about Ji Lin's eavesdropping, but from a certain perspective, she was actually a little grateful. Fortunately, Ji Lin only heard what they said about Fu Ye Chen. If she knew

about the blood spirit family and What happened after a year and a half, I am afraid that Ji Lin was not brought, but directly erased!

This Ji Lin has always been a kid, too deceptively old.

If this continues, bad things will happen one day.

After catching it back today, she intends to erase part of Ji Lin's memory with spells, and then let Ji Lin stay in Tianlanzong forever.

Elder Ke nodded, and quickly swept away in one direction!

At the same time, she took out a piece of jade pendant, pinched the tactics with her fingers, and the jade pendant glowed. She continued: "All the disciples of Tianlanzong listen to orders, once you see Ji Lin, stop immediately!"

At this moment, Ji Lin had already left Tianlanzong!

She mounted a wind-type mount and quickly moved towards Dan Xu Town.

She couldn't go to Ji's family and Tianlanzong, and she couldn't tell her sister!

The only way is to find Ye Chen in Danxu Town!

"Ye Chen, Ye Chen, why is your kid so uncomfortable, it's best not to let me see you picking up girls, otherwise, you're dead!"

"I'm afraid this girl is going to be a wanted person in the Sky Lanzong. Hey, I didn't get any snacks in the room. You have to pay me for this!"

Her petite body disappeared instantly.

...

At this moment, Ye Chen had already arrived at the seventh-layer Danxu Pagoda.

This is almost his limit.

Putting it in Danxu Town is enough to disregard all alchemy geniuses.

His whole body was drenched, and his body was shaking violently and faltering.

If the seventh floor can't get through, he might give up.

But when he reached the seventh floor, he found that there was no one except a Danding.

Just when he was puzzled, the black stone in his pocket flew out!

At the same time, an old figure was suspended above the Danding.

It is Lin Qingxuan!

"Master, why are you?" Ye Chen asked in surprise.

Lin Qingxuan squinted slightly and said lightly: "I passed the ninth floor back then, one step away from the tenth floor, don't I have the qualifications to come out and test you?"

Ye Chen scratched his head and said embarrassedly: "Master, you can open a back door for me, or else. Take me directly to the ninth floor."

Lin Qingxuan stepped forward and came to Ye Chen's body, and blamed: "You can't have this kind of thought. The Pill Void Pagoda is a magic weapon. You can reach the seventh floor by yourself. It also proves your talent. You must know As a teacher at your age, you may not be eligible to enter the seventh level."

"This seventh level should be your limit, you don't need to step into it anymore. I came out as a teacher today to bid you farewell."

"The energy in my body is not enough to support me to walk with you. The energy of this Dan Xu Tower can maximize my stay in the outside world for some time. I can just teach you something and complete my mission."

Ye Chen, who was still smiling, instantly changed color.

He never thought that parting came so quickly.

During this time, he had long been used to Lin Qingxuan's existence.

If you really want to talk about the status of the power that has appeared in his heart!

Lin Qingxuan can definitely rank in the top three!

His eyes were red, and he was really fed up with the parting moments in this reincarnation cemetery!

Why can't these great abilities always accompany him?

why!

Lin Qingxuan saw the reluctance in Ye Chen's eyes and smiled: "A big man looks like this, he really looks like a lady, and I don't want a lady apprentice as a teacher."

It's not that you and I will never see each other again. When you go to that place and rescue the 100 of us, we will see you again. "

"There are rules in the reincarnation cemetery. I can't reveal too much. You can only explore a little bit, otherwise it will only affect your Dao Xin. But what makes my teacher gratified is that you have already touched the ancient secret from Ling Yuan. If you follow this path, maybe you will really stand up for us."

"The teacher and others are really looking forward to meeting that day. I am afraid that by then you will have grown into a top powerhouse."

"All the way to this point, the last regret for my teacher is to accept you as an apprentice, and I am most fortunate to have an apprentice like you!"

Lin Qingxuan's voice trembled a bit between the words.

"Well, I won't say too much hypocritical words, the final parting, I will give you three gifts for the teacher!"

Lin Qingxuan stepped out and continued: "Trainer, take out that silver needle!"

Ye Chen suppressed the grief in his heart and took out the silver needle condensed by the spirit of the spirit.

Lin Qingxuan grabbed his five fingers, and the silver needle flew to the palm of his hand in an instant.

The fingers pinched the tactics, and the endless coercive force instantly penetrated into the silver needle.

"Practitioner, the silver needle is alive, and it is the bearing of the path of medicine, it can cure diseases and kill people! What is the path of medicine is to fight the king! To protect the person who should not die, take the death of the god!"

"Today, I carry one of my strengths in it. If you really can't face your rivals in the future, please read this passage. At that time, I will be above the silver needle to help you kill all living beings! Because of restrictions, Dao Under the fifth level of the Origin Realm, everyone can be killed! This is one of them!"

Lin Qingxuan's body instantly weakened a bit, and then the silver needle was wrapped in a blue light.

It steadily landed on Ye Chen's palm.

He could clearly feel a sense of antiquity coming from inside!

Before Ye Chen could react, Lin Qingxuan grabbed the void, and suddenly a blue spear appeared in his hand!

"Teach you a spear skill for your teacher. Although you are a sword repairman, don't forget that spear skill is a compulsory course for many ancient powers. This is also the weakest place for you. This shooting is called Po Tian San Jue. gun!"

"Fantastic!"

Yuluo Lin Qingxuan held the cyan spear and closed his eyes.

The roar of the entire Danxu Pagoda continued, and the air wave was violent.

It seems to collapse at any time.

Suddenly, Lin Qingxuan's eyes opened, and the night seemed to be torn apart!

His body moved, he stepped out in one step, a full ten meters, the cyan spear danced like a snake in his hand!

It also drew an ancient rune.

Lin Qingxuan yelled, and the spear broke open the rune!

The cyan light erupted completely, devouring the world, like a volcanic eruption, even if Ye Chen was ready, he would spout a mouthful of blood!

This is Lin Qingxuan's true power?

A divine thought is like this, when Lin Qingxuan left Kunlun Xu, how terrifying his body was!

Chapter 1019: The eternal heavens can be destroyed!

Such a terrifying existence is bound, what kind of existence is this blood spirit race!

No longer thinking about it, Ye Chen saw Lin Qingxuan's energy explode!

As if flames are burning, the whole world is filled!

At the same time, Lin Qingxuan fired a shot and landed directly on the ground on the seventh floor of the Dan Xu Tower.

The destructive power spreads wildly!

The ancient formation on the seventh layer broke open directly!

At the same time, the endless power of destruction seems to have been integrated into the Pill Xu Tower!

The entire Danxu Pagoda shook!

Not only Danxu Tower, Danxu Town is the same!

Countless people were horrified and terrified.

The Ling Yi Danzun who was resting on the first floor naturally felt it for the first time, that he secretly said that he was not good, and he just wanted to go to Ye Chen's floor!

An invisible wave of air swept over him, and his body was directly obstructed.

Can't step on it!

He raised his head, his eyes panicked: "What the **** is this Mr. Ye doing, why is there such a change? Is this coming from Mr. Ye or from Dan Xu Tower?"

And the Luo family father and daughter outside naturally noticed the light that flickered on the seventh floor, and their faces were pale!

Qi Qi exclaimed: "This guy has stepped onto the seventh floor! And it seems that this change will break the Pill Void Tower! How could it be possible!"

At the same moment, Xing Tian Danzun, who was healing, suddenly opened his eyes and dashed directly through the roof to the highest point, his eyes fixed on the Dan Xu Tower!

The expression is extremely solemn!

"This vision can't come from Lingyi, could it be that kid! No, that kid's strength is impossible!"

"The spirit of the **** of medicine, this is the spirit of the **** of medicine that has disappeared for many years! Could it be that the power of Lin Qingxuan on the ninth floor in the Pill Xu Pagoda has exploded?"

No longer hesitating, he quickly swept towards the direction of Dan Xu Tower.

At this moment, Ye Chen was shocked and speechless!

There are a total of three spear intents in the Three Great Spears!

Lin Qingxuan's single use of the first two spear intents almost made the inherent space almost collapsed!

What if the third shot!

Before he finished speaking, Lin Qingxuan's voice resounded like a nine-day profound thunder!

"Tier this is the third shot! You are optimistic! Only one chance!"

At this moment, Lin Qingxuan's momentum rushed into the sky and moved the wind and clouds.

The entire Danxu Pagoda even began to sink!

Lin Qingxuan held the tail of the spear, turned around, pressed down fiercely, and pierced the sky!

"Gun intent phantom, congeal!"

Suddenly, amidst the cyan spear intent, it condensed! Turning to a cyan Dapeng seemed to condense!

It is the ghost of the gun!

The cyan Dapeng covers the sky and the sun, overlooking the common people!

As if it is the master, no one can shake it!

The blood dragon in Ye Chen seemed to be questioned!

Start ranting constantly!

Dapeng descended from the sky with a force of thousands of troops!

Smash to the ground!

Like ten thousand beasts galloping, wanting to break through the entire Dan Xu Pagoda!

so horrible!

"Break it for me!"

After a single sentence fell, the Dapeng power turned into countless long spears!

Hit the ground together!

This blow contains the dignity of the strong!

This blow carried Lin Qingxuan's unwillingness and anger towards that layer of obstacles!

With the intention of the gun, an invisible wave of air passed through the entire Danxu Pagoda!

The ancient formation method broke through a hole, and the boundless wave swallowed everything.

Luo Yao and Luo Wuya flew out on the spot and were seriously injured!

If it weren't for them to step back 100 meters ahead of time, the consequences would be disastrous!

But it's useless to step back so far!

This power is too domineering!

It seems that you can slaughter thousands of monsters!

I don't know how long it took before the air wave disappeared completely and everything returned to calm.

The original broken formation of Dan Xu Tower also gradually recovered.

Lin Qingxuan was almost transparent at this time, a little weak.

Ye Chen couldn't bear it! He would rather not have any inheritance than his master!

"master....."

Lin Qingxuan smiled, came to Ye Chen's body, and touched Ye Chen's head: "You can learn how to use the three spears to break the sky? They all say that the medicine can only use needles and magic techniques to suppress, I hope you tell those People, the combat skills of medical doctrine are not martial arts that can be easily shaken!"

"This is the best proof."

Ye Chen nodded very earnestly, and said every word: "Master, my disciple has already noted that although I can't use the full power of the Three Great Spears, I will use this Three Great Spears to kill. The beasts of the blood spirit race!"

Lin Qingxuan nodded with satisfaction: "In addition to the silver needle and the Three Great Spears, there is one more thing for the teacher to give you."

After the words fell, a colorful pill appeared in Lin Qingxuan's hand.

The pill fell on Ye Chen's palm.

"Tui'er, this pill is a nine-rank pill that was refined by the teacher in the reincarnation cemetery for a month. It is infinitely close to the tenth-rank. It is extremely precious. Looking at the Kunlun emptiness, there is only one. It will be top ten, but now it can barely make do.

This pill is called the Nine Deaths Pill! "

"Before you fall into the realm of death, or your body is completely destroyed, taking this pill can at least change the adversity. Remember, don't take out this pill until you are in the realm of death! Or it will only be a waste!"

Ye Chen held the pill tightly, just about to ask something, Lin Qingxuan's whole body turned into a piece of light of stars.

"master!"

Ye Chen "Plop!" He knelt down and slammed his head!

He Ye Chen does not kneel down! Kneel only parents!

And one day as a teacher, life as a father!

Although he has stepped into the killing road, he is a somewhat fleshy person!

He knows when to thank whom!

A smile appeared at the corner of Lin Qingxuan's mouth, who turned into a sky full of stars: "Apprentice, I look forward to seeing you as a teacher! Remember, you are the only one of us who turned over! You are also the only apprentice Lin Qingxuan recognizes!"

Lin Qingxuan still dissipated.

The power of countless stars was the same as when the previous powers dissipated, and finally it was attached to Ye Chen's body.

This time, Ye Chen had no realm breakthrough.

Because the power of those stars penetrated into Ye Chen's pores.

His body seems to be completely changed!

Even the blood is boiling.

"this is....."

Ye Chen looked at the changes in his body. What suddenly came to mind, could it be a physical change this time?

After all, he embarked on the road of physical training according to the exercises Mo Ning'er gave him!

If this is the case, Lin Qingxuan would not only give himself three great gifts, but four!

At this moment, Ye Chen's eyes were extremely firm, and the blood dragon on his body rushed out!

Wrapped around his body.

Ye Chen's body burst out with a force that seemed to come from recklessness, and he said word by word: "Master, I swear! No matter how difficult the obstacles ahead, I will definitely step on Ye Chen for nine days and pull down the so-called blood spirit race. The altar! The past and the present run through, and only I, Ye Chen, is immortal, and the heavens can be destroyed forever!"

The words fell, a crimson light broke through Ye Chen's body, broke through the Pill Void Tower, and reached the sky!

Chapter 1020: Indestructible warlord, 7 nights of blood!

The appearance of the crimson light broke all the restrictions of Dan Xu Tower on the spot.

Visible power!

But at this moment Ye Chen felt that his body was about to burst!

It hurts too much!

After Lin Qingxuan dissipated, the light of the stars left behind seemed to tear his body!

Let him collapse!

Even the soul seems to be burned in madness!

He clenched his teeth, letting the **** thunder in his body cover his whole body!

It is useless at all!

"Master can't harm me! Maybe this is the real chance!"

Ye Chen's eyes shrank, mobilizing the energy of his body to cover his whole body.

These energies touch the light of stars and are instantly absorbed!

"Crack!"

Ye Chen seemed to feel that a certain barrier in his body was forcibly broken.

The Versace casual clothes on him burst open!

Strong muscles that refract a faint light are exposed.

He lowered his head and discovered that red Sanskrit was flowing all over his body. Sanskrit was flowing like blood.

It's like a seal.

At the same time, he squeezed his fist and felt a violent force!

The power that can be generated without using infuriating energy!

"Is this the real body refining? So powerful!" Ye Chen exclaimed.

He was so excited that he even forgot the pain in his body.

Afterwards, he fisted softly.

Extremely casual!

But just such a random punch caused the entire Danxu Tower to surge and the mountains and rivers toppled.

Even he could feel some signs of cracking in the surrounding air.

"Fuck!"

Don't try, don't know, try it and be surprised

Ye Chen enjoys this feeling so much! Just when he was planning to use this power to blend into the Ten Thousand Buddhas Diamond Fist, he found that the golden Sanskrit on his body had disappeared.

The sense of powerful strength also disappeared.

Even so, he knew that his body had undergone earth-shaking changes.

"It's a pity that although this power is strong, I don't know how to control it. If it can be completely integrated and controlled, the road ahead will be much smoother."

Just as Ye Chen muttered to himself, a shadow in a red dress walked out.

"Congratulations to the owner of the tomb, you have directly crossed the shackles and stepped into the bone-fixing period."

It was Mo Ning'er who was talking.

But when Mo Ning'er saw that Ye Chen was not wearing clothes, his cheeks turned red, and he immediately turned around.

Although she is an ancient power, she has the heart of an unmanned girl.

In a sense, Ye Chen was the first man she had come into contact with in thousands of years.

Ye Chen looked at Mo Ning'er in front of him, and curiously said, "Didn't you say that there is not much energy coming out?"

Mo Ning'er smiled: "This sentence is true before, but when the power of the statue is gathered in the reincarnation cemetery, I can absorb a bit. After all, there are countless strong people in his power. The power of blood is enough to condense the entity, but not for long.

It's a pity that Senior Lin can't be like me. His spiritual power has long been exhausted and he should have left. He has been supporting it with certain means..."

Speaking of this, the words stopped abruptly, Mo Ning'er looked at Ye Chen a little sorry, she seemed to mention Ye Chen's sadness.

When Ye Chen heard Lin Qingxuan again, his heart was extremely lonely, and he did not continue to speak.

Mo Ning'er didn't want Ye Chen to be sad, so she changed the subject and said: "Tomb Lord, let's talk about body refining. The good fortune refining formula has nine levels, which are also the levels of refining. The nine levels are: broken body, Bone Condensation, Overlord Body, Transformation Gang, Incorporeal Body, Divine Body, Supernatural Powers, Broken Soul, Immortal! And now the level of the tomb owner is Consolidation Bone.

In the bone-fixing period, a punch is powerful, and there is a Sanskrit barrier in the body that can withstand most of the damage. When necessary, the Sanskrit power can be used, and it is powerful! "

"As far as I know, there are very few people in Kunlun Void Refining. After all, refining depends not only on talent, but also on the suitability of the body's bloodline. There is barely one among almost 10,000 people.

In addition, Kunlun Xu currently does not have a complete and excellent exercise method for body training, which also makes most people pay no attention to body training. This is the greatest opportunity for the tomb owner. "

"Master of the tomb, when you meditate on the Body Refining Secret Art, you can use the power of Sanskrit. The master of the tomb might as well try again."

After finishing speaking, Mo Ning'er waved his arm, and he sacrificed an extremely hard rock from the reincarnation cemetery, obviously for Ye Chen to try.

Ye Chen understands naturally, don't talk nonsense, run the good fortune refining tactics, the golden Sanskrit is flowing on his arm!

Then, a punch!

"Break it for me!"

Ye Chen didn't use any true energy, so his incomparably ordinary fist slammed on the profound stone!

The fist naturally generated a wave of air, like a thousand horses, crashing wildly!

Ye Chen only felt that the sky was spinning.

The blood was boiling, and the soul was shocked.

At the same time, the huge Zhenxuan stone shattered on the spot!

Even split into countless fragments flying out!

Ye Chen was pleasantly surprised, this blow almost reached the power of the Void Return Realm! Still without using infuriating energy!

Cool!

Knowing that body training is so cool, he would not practice Nine Heavens Xuanyang Jue. It seems that Ye Chen's negativity was felt, and Mo Ning'er replied: "Tomb Master, don't think too much about it. Some restrictions do not mean invincibility. If you really meet those strong, you still have to avoid them. The greatest effect of body refining is not the strength of strength, but the immortality of the flesh."

"Also, before leaving, Senior Lin asked me to remind you to invite that great power out as soon as possible."

Ye Chen thought of something, his eyes noticed on a tombstone in the reincarnation cemetery.

The tombstone is shining with mysterious light, extremely mysterious.

It can already be mobilized.

"What's so difficult about this!"

Ye Chen closed his eyes, and just wanted to use his mind to arouse, but an angry voice came from the tombstone: "Get out!"

In the next second, a shadow of a fist burst out of the tombstone.

Ye Chen's face changed drastically, and he subconsciously used the power of refining to blast out!

"Kakka!"

The body refining here is completely useless, instead his arm broke on the spot.

Too embarrassed.

Mo Ning'er looked a little ugly, and said with a wry smile: "The tomb owner, this power is not easy to deal with, and you shouldn't use your fists to resist his power. In ancient times, this person shattered a mountain of ten thousand feet with a finger.

No one can survey the depth of his power, and no one dares to face him head-on. "

Ye Chen couldn't think of this great power being so terrible. Just when he wanted to ask his identity, he saw a few lines appearing on the gravestone!

"Longing forever, the world is powerful. Dare to ask the world, who is it for me!"

"Indestructible War Lord, Blood Seven Nights!"

These words alone made Ye Chen feel that his breathing was under control, and a sense of depression was enveloped.

This is complete coercion!

The coercion that had never been felt on the front few great powers.

The text finally disappeared after a few seconds.
