Chapter 1091: select

"The energy and power of this blood spirit secret realm is extremely suitable for the reincarnation cemetery. If the tomb owner finds a few opportunities, his strength will definitely advance by leaps and bounds. Only the strong strength is facing the blood spirit race, and even higher level powerhouses. There is a battle."

Mo Ning'er said, the phantom on his body was getting faint.

is almost transparent.

Ye Chen had an indescribable feeling in his heart. He clenched his fist and smashed to the ground fiercely.

This kind of powerlessness is too frustrated!

At this moment, Mourning, who is not far behind, may have the toxin disappeared, and gradually opened her eyes. When she saw Mo Ning'er who was gradually fading in the distance, her eyes widened and she exclaimed!

She has never seen someone so alike!

is almost carved out of the same mold as her!

Even, the blood in her body seemed to boil because of this person.

It seems that he exists for this girl in red.

Ye Chen and the others heard this voice and quickly turned around and glanced at Mourning.

Xiao Huang felt something, and said: "In fact, there is still a chance."

Mo Ning'er's eyes also had a bright light, and he stared at Mourning firmly!

There is a blood in Mourning that belongs to her body. If she wants to survive, this blood is the key.

Ye Chen felt something and asked Xiao Huangdao: "Do you have a way?"

Xiao Huang shook his head: "This matter, the two should be allowed to communicate. Any choice is up to them."

The words fell, Mo Ning'er stood up, her weak body turned towards Mourning.

Even though Mourning was a little frightened, he instinctively stood up.

"Are you..."

Mo Ning'er did not have any nonsense: "You are me, I am you, you can understand that you are a clone of me, and your existence is for me."

"Now, I need your help. Either I dissipate or let me enter your sea of consciousness."

"I don't force it, but there is one thing I want to tell you. The Mo family gave you birth for the sake of me in the ancient times. They want to get some news about me from you."

Mourning's expression was very puzzled, but she quickly understood something smart.

From small to large, things that I don't understand seem to be connected.

She thought of an old portrait.

She always thought that the portrait was herself, but now it seems that she is just the shadow of the girl in front of her.

"What can I get? Will I dissipate?"

Hesitate for a few seconds. These are the two questions Mourning raised.

Mo Ning'er became weaker and weaker. She shook her head: "You and I are one body. We enjoy the body and blood together. I can give you cultivation and strength, and even the memory of cultivation from ancient times, so that you can be the master of many things. ."

"Kunlun has stripped off its gorgeous coat. It is dirty. You should feel it. Only powerful can control everything, even Mojia."

"Also, if you don't agree, I will give you this. I have a condition. We must believe in someone, and that is the owner of the tomb."

Hearing Mo Ning'er's words, Mo Ning glanced at Ye Chen, eyes erratic.

Ye Chen is kind to her, she definitely can't refuse, but now, if she is injured, she can't keep up with her strength.

If she didn't choose the red-clothed girl in front of her, she might not be able to walk through the **** secret realm alive.

So, she actually has no choice.

After hesitating for a few seconds, Mourning nodded lightly: "Okay."

"I also have my requirements, I want to step into the emperor state."

Mo Ning'er sneered: "Your requirements are too low. After you and I are combined, you will understand that there is no end to cultivation! What is the emperor's status!"

"The tomb owner, protect the law for both of us!"

Ye Chen heard these words, nodded, two cold lights flashed out.

is the Jiuyou Heavenly Killing Spear and Dragon-Splitting Asking Heaven Sword!

One sword and one shot hovered around Ye Chen.

Ye Chen's aura continued to explode.

Xiao Huang also jumped off Ye Chen's shoulder, surrounded by thunder and lightning, guarding the entrance of the cave firmly.

Ye Lingtian didn't know what was happening in front of him, but he still offered weapons to protect Mo Ning'er and Mourning.

in the cave.

Mo Ning'er stretched out her hand and touched her palms with Mourning, her palm overflowing with the light of countless stars.

The light of stars surrounds Mo Ning'er's body.

The phantom disappeared.

The cave is full of stars.

"Mourning, don't mean to resist, relax, let me enter your body."

Hearing these words, Mourning nodded, closed his eyes, and his eyelashes quivered!

Suddenly, the light of countless stars surged towards Mourning!

Qi Qiao.

pores.

Dantian.

is full of stars.

Mourning's bloodline seems to be clearly visible, and the power of the endless stars shines on the cave like bright stars.

Ten seconds later, the formation disappeared.

There is only one figure left, that is Mourning.

Mourning's long hair drifted away, and the strong wind sprang up, and the surrounding water vapor instantly formed ice crystals.

The entire cave turned into an ice cave in the blink of an eye!

At the same time, Mourning's cultivation base began to climb!

Very fast!

"The reincarnation of life and death, the clone is me, the destiny of heaven begins with the stars."

Mourning's red lips moved slightly, as if chanting some kind of spell.

Then, her rapidly climbing realm finally stopped!

finally stayed on the first floor of the Emperor Realm!

"Wow!"

Mourning's eyes opened, a flash of red light and cold flashes.

There was a fiery red mark on her eyebrows, and the clothes on her body turned into fiery red for some reason.

not only the transformation of strength, but also the transformation of temperament.

even has the feeling of Wu Zetian ascending the throne.

Mourning's icy gaze fell on Ye Chen's body, his killing intent was reduced, and his red lips outlined a curve.

amorous feelings Mourning knelt down on one knee and whispered: "I have seen the owner of the tomb."

Ye Chen was a little surprised, lost consciousness for a moment, and asked: "Then what should I call you now?"

Mourning smiled, and the meaning of ice all over his body disappeared, as if frozen for thousands of miles, turning into spring in one night.

"The master of the tomb should call me Moring. After all, my body is not here, and the owner of this body is Moring. Now she controls everything about me. As for the martial arts in my memory, it takes time to wake up."

"It will take about seven days. After seven days, if he confronts the strong blood spirit race again, Mourning will at least not be so embarrassed."

"After I go out, I will take control of the Mo family. Then the Han family treated the tomb owner like this, and I should let them understand one thing! In ancient times, the status of the Han family was actually only for me Mo family shoes!"

At this moment, Mourning exploded with a strong aura, like a goddess.

Ye Chen glanced at Mourning, and just about to say something, there was a shock outside the cave.

Even Ye Chen didn't seem to be able to withstand the shielding formation, and it broke apart.

Xiao Huang squinted his eyes and looked outside, and said: "It seems that the vision of Mourning and Mo Ning'er being combined has alarmed some existence."

Chapter 1092: Shi Zun

"Some beings are alarmed?"

Ye Chen looked outside the entrance of the cave, and apart from the shock, there was no figure.

Could it be that the remaining strong blood spirits descended?

Xiao Huang burst into a strong thunder and lightning all over his body, and did not answer.

And Mourning also came to Ye Chen's side and said: "Tomb Lord, give me three minutes. Right now, our state has not been completely integrated. I must use some magic techniques to force the memory of martial arts. , Otherwise, in the face of a powerful existence, you will still be unqualified."

After speaking, Mourning came to the back, sat cross-legged, held his breath, and performed the exercises, and the blood-red clothes floated.

A red light continued to spread.

Ye Chen kept staring at the entrance of the cave, and he could feel the feeling of vibration getting stronger and stronger.

"what exactly is it?"

After a full ten seconds, a black shadow that obscured the sky suddenly appeared.

Seeing this dark shadow, even if Ye Chen had seen a lot of the world, he was stunned by everything in front of him.

This is a giant snake that is 100 meters high.

The body of the snake was covered by bulging stones, which was full of hideousness.

A gloomy light was shining on the key stone.

Seen from a distance, it seems straight to the sky.

Ye Chen looked at Xiao Huang beside him and found that there was a strong seriousness in Xiao Huang's eyes.

Logically speaking, the blood of Xiao Huang's body came from ancient times, so few monsters could make it take it so seriously.

In front of him, he could feel the danger that Xiao Huang's face caused to the object.

"The blood spirit race guys in this place shouldn't come for the time being, just because this place is this guy's territory. If we don't solve this guy, it's very difficult for us to go out."

"And I can feel the ancient blood from this guy. There is definitely something wrong with this guy's origin."

"If you surrender this animal, you can at least crush the three emperor realms! Even in the blood spirit secret realm, those strong blood spirit races want to move you, they are not qualified."

When Xiao Huang spoke, a cold light shot over.

It is the body of the giant snake.

Its eyes were extremely cold, even making Ye Lingtian of the Void King Realm almost stiff.

Almost frozen.

"A group of ants, this place is the land of my stone venerable. Do you know the price of breaking into this place! If I want to kill you easily!"

"Kneel all to me and die!"

A threat from the sky sounded.

Endless sound waves directly smashed Ye Chen's formation.

Without the formation, Ye Lingtian directly spit out a mouthful of blood, his face pale.

Even Ye Chen took a few steps back, the blood of his body seemed to be frozen.

Xiao Huang didn't move, and let out a low roar.

Ye Chen glanced at Mourning inside. Mourning might be affected at this moment, and his expression was very ugly.

Since he promised to give Mourning a few minutes, he would naturally do it. He pinched his fingers to force out a drop of blood again.

The essence and blood scattered, and it condensed the surrounding heaven and earth aura, forming a blood barrier.

The blood barrier was faintly broken.

Can't last long.

Shi Zun looked at the people at the entrance of the cave without any reaction, and sneered: "It seems that you still don't understand what I mean. Fortunately, the aura in your body is not bad. The energy of this blood spirit secret realm can't let me break through. , But if you swallow you, it will increase my cultivation a lot."

When the words fell, Shi Zun fell from the sky, dancing in the violent wind, reflecting the dazzling light all over his body.

The light all over the body was even like a blade, and everything it touched was shattered, and the giant tree was even shattered.

Xiao Huang glanced at Ye Chen and said, "This guy, you are definitely not its opponent. It is simply a destruction machine. I will try to see if I can cope with it. If I can limit the opponent, you will shoot again. ! Listen to my orders!"

"it is good."

Ye Chen held the Dragon Sword and the Jiuyou Heavenly Killing Spear with both hands.

The body is full of blood, ready to shoot at any time.

However, Xiao Huang roared and rushed towards Shi Zun.

"Your opponent is me, although my current state has only evolved to the second level, unable to exert the true power of the ancient essence, but it is not so easy for you to move me!"

Xiao Huang flashed past like a lightning bolt, and instantly appeared behind Shi Zun.

The sharp claws cut directly across Shi Zun's body, and a crack formed directly.

Shi Zun obviously didn't expect Xiao Huang to speak, and his methods were even more uneven.

It quickly woke up, its body twisted in the air, its tail full of explosive power, slammed at Xiao Huang!

Xiao Huang sneered: "Your body is too big. It may be useful against humans or other beasts, but for me, this is your biggest shortcoming!"

After finishing talking, Xiao Huang's blue pupils released the violent power of the **** thunder, and with the help of the **** thunder, it flew a full tens of meters, and finally landed firmly on top of Shi Zun's head.

"Although I don't know where your fate is, but if you lose your vision, it will definitely be painful!"

When Shi Zun heard Xiao Huang's words, he suddenly thought of something. He wanted to get rid of Xiao Huang, but found that Xiao Huang looked like Mount Tai on his head.

At the same time, the sharp claw of the blade with the power of the thunder directly pierced Shi Zun's eyes!

"Second time!" With a sound, Shi Zun's eyes gradually stained with blood.

The blood even spilled on Xiao Huang's body.

"what!"

Shi Zun's angry roar, a powerful counter shock came from his body.

The soft tail hit his head fiercely.

Shi Zun wants to win Xiao Huang at all costs!

Xiao Huang wanted to destroy Shi Zun's other eye, but it was obviously too late.

The gust of wind swallowed it, knowing that it could not dodge it, so it could only open the red pupil, and a strange force spread in its body.

There seemed to be ancient words in the red pupils that kept flashing.

"Ding!"

The tail of Shi Zun's destructive force unexpectedly hung in front of Xiao Huang, unable to move forward.

Even so, Xiao Huang's body was also shaking.

The power released by his red pupils is based on his strength.

It has not evolved into its final form now Obviously it is not qualified!

But all these actions fell on Shi Zun's eyes but was completely frightened.

It knows how powerful it is, and this blow is comparable to the emperor realm of mankind!

Ordinary fierce beasts are simply not qualified to resist!

But what is happening now!

Such a small ant can actually block this blow!

Even Ye Chen was shocked, the picture in front of him was too shocking.

Xiao Huang's body is too small to shake such existence?

At this moment, the trembling Xiao Huang said: "It's now, his eyebrows!"

Ye Chen was relieved, and he didn't talk nonsense. He clenched the Jiuyou Skykiller, stepped on his feet, and walked towards Shi Zun.

Chapter 1093: Hidden crisis

He didn't dare to take it lightly, and even displayed Lin Qingxuan's three great spears!

The air seems to be torn!

The Jiuyou Skykiller is dancing like a snake in your hand!

It also drew an ancient rune.

The spear breaks the rune!

The light erupted completely, swallowing the world, like a volcanic eruption!

As if flames are burning, the whole world is filled!

Ye Chen's spear intent spread, and the destructive power spread wildly!

The meaning of the spear turned into countless cold rays!

The terrifying aura skyrocketed in an instant, the divine thunder, the unquenchable fire, two powers enveloping the spear intent that turned into countless cold lights, and shrouded toward Shi Zun's eyebrows.

Shi Zun obviously felt something was wrong, and wanted to get rid of Xiao Huang, but it was too late!

The spear intent enveloped by the Nine You Heaven Killing Spear instantly fell on Shi Zun's vitals.

The scales covered by the gloomy stone broke open, and a cut was made.

The blood was flowing, gradually dyeing Shi Zun's entire snake head!

"Damn human, die to me!"

Shi Zun heard a terrible roar, his body suddenly released, and his body suddenly rose again.

Even like a mountain!

The powerful momentum is flying out Xiao Huangzhen!

A trace of blood appeared on Xiao Huang's red pupils, his body flipped in the air, and finally hit the ground fiercely!

A deep pit formed.

This blow made Xiao Huang's body a lot weaker. Suddenly, he felt something and quickly said to Ye Chen: "Be careful!"

But it's too late!

Shi Zun opened his hideous huge mouth and rushed directly towards Ye Chen.

Ye Chen stepped lightly, and wanted to leave, the violent power directly landed!

"boom!"

Ye Chen only felt the roar burst open, and endless waves of air enveloped in all directions.

His whole bones seemed to be shattered by a force.

If it wasn't for him to dodge a bit, if he bears all his strength, he will undoubtedly die!

Under hard resistance, Ye Chen spurted out a mouthful of blood, and his body moved backwards.

Obviously lost.

Fortunately, the effect of body refining was brought into play at this moment, and the injuries on his body were quickly recovering.

Xiao Huang came to Ye Chen's side and stood on Ye Chen's shoulders, and continued: "This guy is like a steel bar. It's hard to break it. Only the head can be seriously injured. But right now, I He ruined his eyes and completely angered this guy, making his body more troublesome."

"How long will it take Mourning?"

Ye Chen glanced at the cave and said, "Two minutes."

Xiao Huang hesitated for a few seconds, and said, "Okay, but you may be up to you for the rest. My body seems to..."

Ye Chen was startled, relying on himself?

What do you mean?

Before Xiao Huang finished speaking, Ye Chen found that Xiao Huang closed his eyes in a daze, and fell into his arms.

Even snoring!

Xiao Huang actually fell asleep again!

Damn it!

Why did the chain fall again at a critical moment!

Now he wants him to resist, facing Shi Zun, how to stop?

At this moment, there was another cold roar above his head: "Ant, die! Your companions probably won't be able to help you! Little human beings dare to provoke Shi Zun! It's ridiculous!"

Shi Zun's eyes were cold, he was a little afraid of Xiao Huang's red pupils.

Now Xiao Huang's threat is lifted, facing Ye Chen, it has absolute qualifications to dominate!

It wants to completely crush this humble human!

Shi Zun descended from the sky, this time he didn't hit Ye Chen, but got into the ground under his feet and disappeared.

After a few seconds, the ground vibrated, and everything under Ye Chen's feet was opened directly, Shi Zun opened his huge mouth, trying to swallow Ye Chen!

"Get out of here!"

"Zhanlong asks Heavenly Sword, come!"

Without Xiao Huang, Ye Chen would naturally not be able to wait and die.

The sword intent and the spear intent are released at the same time!

The way of the magic talisman, the divine thunder, the unquenchable fire, and even the devil energy swept!

Sword energy is vertical and horizontal, and flames are surging!

Swallowed by guns, like a dragon!

Ye Chen had never used these two divine weapons at the same time.

Going towards Shi Zun like a violent storm.

Countless powers smashed on Shi Zun's body crazily, and the stone on the surface shattered a bit.

These powers are enough to turn many monsters into a pool of blood, but facing Shi Zun, they can't hurt them at all!

Even Shi Zun was still hit by the sword and spear.

"This power can burst on an ant, it's pretty good, but you are facing me, humble fellow, die for me!"

Shi Zun opened his huge mouth, and countless boulders burst out.

Even every boulder is surrounded by fire.

Falling like a meteorite!

Ye Chen's face changed slightly, and the Jiuyou Sky Spear drew an arc in midair, forming a crimson barrier.

The barrier was meant to block, but it shattered on the spot.

Jiuyou Heavenly Killing Spear also broke free of Ye Chen's palm, flipped over, and inserted it firmly on the ground.

The huge counter-shock force caused Ye Chen's blood to surge! !

Extremely difficult.

Ye Chen fell on the ground, his face hard to see the extreme.

Shi Zun sneered, not giving Ye Chen a chance to resist at all, making a sound like tearing the air, and heading towards Ye Chen again.

"Ant, do you want to shake me with your strength?"

"Do you know how long I have survived here? When the mystery here was opened up, it was the beginning of my birth. I absorbed the blood and spirit of this place from a small snake and merged with the body of rock. How much did I pay! "

"How can you, such an unknown junior, be able to shake it casually!"

"I don't know how many years I have survived here, and you humble ant has only absorbed the aura of twenty years. With your existence, there is no difference between killing and pinching an ant!"

With a loud shout, Shi Zun appeared in front of Ye Chen, his scales full of stones even broke free of his body, turned into steel needles and shot at Ye Chen.

Densely dense, covering the sky and the sun.

"Humble human, now you can feel despair, your realm is too low, it's only enough to stuff my teeth. I know the existence in the cave is enough for me to absorb it, and when I solve you, I will level the cave again!"

At this moment, Shi Zun seemed to control everything.

It was born in this blood spirit secret realm. It understands the rules here better than anyone, and every move of it conforms to the power rules in the secret realm.

Ye Chen watched the dense murderous intent sweep away, and he couldn't care too much, and forcibly endured the pain on his body!

He wanted to summon the Jiuyou Heavenly Killing Spear, but he had no chance. In desperation, he could only use the Dragon Slaying Question Heavenly Sword to sacrifice ten thousand swords to the sect!

Today's Ye Chen, once again used Chen Tianli's sword, with amazing momentum!

A sword came out and turned into ten thousand sword intent, like a meteor shower.

The world freezes.

Sword intent is its own domain.

Countless sword intents collided with Shi Zun's killing intent in a blink of an eye.

A huge roar resounded.

The dust splashed up and covered the sky and the sun.

Chapter 1094: Chance!

At the same time, Ye Chen felt something, and the Dragon Slashing Qitian Sword in his hand flew out.

Obviously, Zhanlong asked Tianjian to fight for Ye Chen.

The Jiuyou Sky-killing Spear is certainly higher than the Dragon-Splitting Wentian Sword, but in terms of fit and loyalty, no weapon can match the Dragon-Splitting Wentian Sword!

Zhanlongwen Tianjian flew into the dust and disappeared!

Ye Chen wanted to capture Zhanlongwentianjian back, it was impossible.

Although the Dragon Slashing Sword is powerful, there is no right to resist against this behemoth!

It may even happen!

"Tear!"

At the next moment, Shi Zun made an angry roar.

Countless air waves rolled, and the smoke and dust covering the line of sight disappeared!

Ye Chen's line of sight was clear, and he saw the Dragon Slayer Wentian sword lingering around Shi Zun.

Every blow was slashed at Shi Zun's body with the strongest strength.

Only heard the sound of the golden and iron mingling!

But it didn't hurt at all.

One beast and one sword keep touching!

The provocation of Zhanlongwentianjian completely angered Shi Zun!

Shi Zun's body swayed, and the evil spirit seemed to swallow everything!

Finally, he opened his huge mouth and swallowed the Zhanlongwentian Sword directly!

Ye Chen's face was wrong, and the only trace of contact suddenly disappeared!

Zhanlongwentian Sword is extremely important to him. From Jiangcheng to Jiangnan Province, to the capital, and even now Kunlun Xu, Zhanlongwentian Sword is like a companion fighting with him!

Now suddenly losing contact, Ye Chen's mind was tense.

Shi Zun looked at Ye Chen and sneered: "Ant, you don't really think that a sword can have any effect on me, it's ridiculous!"

"Now even your sword has become my food, I don't know how it feels!"

As soon as the words fell, Shi Zun's smile suddenly stiffened for some reason.

He lowered his head violently, only to find that a hole had occurred under his neck.

A small bloodstain emerged abruptly.

Then, a sword flew directly from the bloodstain!

"how is this possible!"

Seeing this sword mark, Shi Zun couldn't imagine that such a humble human spirit sword could break through its body.

It stared at Zhanlongwentian Sword, but found that there was a faint light on the Zhanlongwentian Sword.

Very weird.

"This is the light of reincarnation?"

Ye Chen saw Zhanlongwentianjian flying out and exhaled.

The light of reincarnation?

He naturally also noticed the light on the Dragon Slashing Question Heaven Sword.

This is different from any force of Kunlun Xu.

If you really want to say likeness, it is somewhat close to the energy in the hundred tombstones in the reincarnation cemetery.

Could this so-called light of reincarnation have something to do with the cemetery of reincarnation?

After all, Zhanlongwen Tianjian has been thrown in the reincarnation cemetery.

Ye Chen squeezed his five fingers and wanted to take the Dragon Slashing Heaven Sword back, but found that there was still no connection between the two.

He noticed that the light of reincarnation on Zhanlongwen Tianjian gradually disappeared, and the sword body was extremely dim, as if it had lost its vitality.

Ye Chen hurriedly ran Zhen Qi, exerting power on his feet.

The whole person span is more than ten meters high!

Just about to hold the Dragon Slashing Wentian Sword, a strong wind hits!

I saw Shi Zun's tail first appeared in front of the Dragon Slashing Wentian Sword, the tail rolled, countless boulders flew out, and directly wrapped the Dragon Slashing Wentian Sword!

Zhanlongwentianjian seemed to be sealed in a huge rock.

Shi Zun knew that there was no threat to the Dragon Slashing Heaven Sword, so he swallowed it in one go!

In the next second, he rushed towards Ye Chen.

In its view, the capital of all the culprits is Ye Chen!

This kid must die!

As it quickly approached Ye Chen, a pillar of light appeared in the cave.

An extremely powerful breath soared away.

Then a girl in red was suspended in the air!

Three minutes is up!

"A mere monster beast, dare to attack the tomb owner and look for death!"

Mourning snorted coldly, the radius of ten miles seemed to be frozen!

Snowflakes appeared on the sky!

Then, Mourning's wrist shook, and a icy sword flew out of the palm of his hand, shooting towards Ye Chen!

Wow!

The cold light flashed by, and the sword energy spread across the world.

A touch of blood mist seemed to stain Wang Xia on the horizon!

Shi Zun staggered.

This time, unsuspectingly, he was attacked by a flying sword, and the skin and flesh of Shi Zun's side body was completely torn apart visible to the naked eye.

A hideous wound appeared, red blood, like a fountain gushing out!

"Roar....."

The huge pain caused this Shi Zun to let out a scream.

It naturally realized the scary of the red-clothed girl, and glanced at the red-clothed girl deeply, and was about to retreat.

If it is not injured, it may still have the power to fight, but it is impossible now!

Mourning condescendingly watched Shi Zun about to leave, and sneered: "I want to go, is it that easy! The ice wall is peerless!"

Her slender fingers quickly pinched the technique, the ground vibrated, and the water drops in the air continued to converge, forming a wall of ice in all directions!

Blocked the way of Shi Zun.

The ice wall continued to gather, pressing towards Shi Zun fiercely.

Mourning fell from the sky, and the ice sword in his hand seemed to be turned into a hundred feet, and it was cut across the sky!

Now she is above the emperor, she is in contact with a hundred great powers in the reincarnation cemetery, and her understanding of martial arts far exceeds everything!

Unless those strong in the middle and late stages of the Emperor Realm, it is absolutely impossible for ordinary people to shake!

"Tear!"

In Shi Zun's frightened eyes, the sword intent slashed directly on Shi Zun's tail!

The stones on the body surface directly turn into powder.

The sword intent is extended and the flesh is blurred!

A tail was cut off!

Shi Zun let out a wailing, no longer caring about everything, opened his huge mouth, and spit out a blue spirit stone!

The spirit stone burst, and violent energy swept toward Mourning.

Mourning was startled, and said in surprise: "Blood Spirit Race things? How can you have them!"

When Mourning was lost, Shi Zun dragged its huge blood-filled tail into the ground!

Seeing that he was about to submerge, Ye Chen stepped out, his five fingers grabbed Shi Zun's body!

The same goes underground!

Zhanlongwen Tianjian is still in Shi Zun's stomach He naturally cannot let this guy leave easily!

"The tomb owner!"

Mourning got rid of the blue light in front of him and fell on the ground, only to find that there was nothing but a pool of blood on the ground!

The owner of the tomb and the injured Shi Zun have disappeared!

"Damn it!"

Mourning's red dress floated, and finally came to the edge of a cliff along the deep hole in the ground.

She looked at the sky almost 10,000 meters high, with serious eyes: "It seems that Shi Zun, the monster beast, has brought the tomb owner under the cliff. There is an ancient formation around the cliff. I am not familiar with it. Breaking open will definitely harm the tomb owner."

"I can only wait here. It should be impossible for that Shi Zun to be so seriously injured and want to threaten the tomb owner. This may be an opportunity for the tomb owner in the **** secret realm."

Chapter 1095: Mysterious girl!

Under the cliff.

Ye Chen opened his eyes in a daze, he felt a little pain in his head.

The bones all over his body seemed to fall apart.

He vaguely remembered that Shi Zun fell from under the cliff, and he kept sliding down the cliff while rubbing his body.

If it weren't for him to train, the consequences would be disastrous.

Ye Chen took a deep breath and felt the connection with the reincarnation cemetery.

Everything is still there.

Xiao Huang also fell asleep in the reincarnation cemetery.

"No, Zhanlong asked Heavenly Sword!"

Ye Chen's eyes shrank, his true energy revolved, and he stood up abruptly.

He didn't even take the pill, and looked around at the strange environment.

Overgrown with weeds and aura.

Countless boulders were scattered around, still carrying a trace of blood.

Must come from Shi Zun.

It's a pity that Shi Zun has long been gone.

There is a long bloodstain on the ground, and I should not be able to go too far.

Ye Chen took out some pill from the reincarnation cemetery, and just about to take it, Yu Guang noticed something and hurried away in one direction.

He stopped quickly, because there was an acre of spirit grass in front of him!

These spiritual grasses come in all kinds, with compelling aura.

Once these herbs are used to refine the pill, the effect is amazing!

How could there be these things in such a barren land.

Such a neat arrangement does not look like wild at all, but more like man-made!

As for the monster like Shi Zun, it is naturally impossible!

Is there anyone else under the cliff?

There were only two possibilities in Ye Chen's mind. One was the ancestor of the Han family, the Han Yun who had experienced ancient wars.

Another possibility is the elders of the Blood Spirit Race.

No matter who it is, Ye Chen doesn't care.

He has no respect for the Han family and the Blood Spirit Race. If it were not for the powerful requirements of the reincarnation cemetery, he would not enter this ghost place.

No longer thinking about it, Ye Chen began to carefully remove all these spirit grasses, and put them in the reincarnation cemetery.

He was sure that the medicinal materials in front of him, any one that was thrown at Kunlun Xu's auction, was a priceless existence!

I found the treasure!

In ten full minutes, Ye Chen swept away half of the medicinal materials, and even planned to take time to refine some ancient pill.

As a virtual-level alchemist now, if he cooperates with these medicinal materials to refine the ancient pill, it will benefit the future battle without any harm.

Just as Ye Chencai's madness, there was a light voice of anger from behind!

"Who are you! Why do you want to steal my medicine!"

Ye Chen's body seemed stiff!

steal?

The key is this seems to be a girl's voice?

Other people live in this blood spirit secret realm?

Damn it!

Ye Chen turned around and saw a girl in yellow clothes.

The girl looked seventeen or eighteen years old, with smart eyes and a dynamic charm.

A pair of slender fingers pointed at him, the skin was like jade, reflecting the green waves, like transparent.

The girl's willow eyebrows are like a crescent moon, and the two pools of eyes are like stars. Qiong's nose is delicate and beautiful like a clear moon, and her red lips contain Jusai cherry.

"I want to ask you something, you are not ashamed of a man, why would you want to steal my medicinal materials? If it weren't for me to hear the movement, you might have picked it up. Hurry up! If the master knows about it, don't want your head. Up!"

Although the girl was threatening, she was even a little angry when she heard her voice.

But Ye Chen could feel the kindness and curiosity of the other party's words.

It's like facing another alien species.

"Did you hear me? And, why did you appear here? There have been no people here for many years, a thousand years? Or longer?"

The girl frowned and seemed to be counting something.

Ye Chen put down the part of the herbs that he had just picked, and arched his hands: "I'm really sorry, I thought it grew naturally."

"If you offend, I am willing to compensate."

The girl snorted coldly, "I cultivated these things so hard, and you are all cooked like this. How do I cook at night?"

Cooking?

Ye Chen almost spit out a mouthful of old blood.

These invaluable herbs are used to cook, which is too violent.

The key is that this kind of thing is not tasty, some of the taste can even be said to be weird.

In order to determine the identity of the girl, Ye Chen still asked: "I wonder if your master is surnamed Han?"

The girl seemed very innocent, and shook her head: "My master doesn't have this surname."

"Blood Spirit Race?" Ye Chen asked again.

Upon hearing the original pure expression of the Blood Spirit Race, the girl instantly turned into killing intent. She drew a thin sword from her hand and came directly towards Ye Chen.

"You are the bad guys of the Blood Spirit Race? If it weren't for you, we wouldn't be trapped here forever, the master said, when you see the Blood Spirit Race, you will either run or kill!"

Ye Chen looked at the girl's rapier, without any dodge, spread his five fingers, and directly held the rapier.

Although he was injured, the girl's cultivation level could tell at a glance that he didn't even have the Saint King Realm.

Seeing that the sword in her hand was being held, the girl turned into anger. Just about to do it, Ye Chen let go and explained: "This girl, you misunderstood, I am not from the blood spirit race, and I and the blood spirit race are also deadly enemies. Being here is also considered as being forced by the blood spirit race."

The girl looked at Ye Chen with suspicion for a few seconds, and finally retracted the sword: "It seems that the blood spirit race is an old man. You are only in your twenties. It is really impossible. Also, you have Fangen, those nasty guys. I will not accept you as a disciple."

Ye Chen: "..."

Ye Chen was speechless, but at least one thing was certain.

In addition to the Han family ancestors and the blood spirit race, there should be others in this blood spirit secret realm!

The girl in front of her should not be hostile, or even a little cute, with a relatively low EQ, I am afraid that she has not been in contact with anyone for a long time.

The girl glanced at the medicinal materials and urged: "I know you have storage space on your body, so give me the medicinal materials quickly! Otherwise...or I will tell the master!"

Ye Chen thought for a while, his behavior is indeed considered stealing, but once the medicinal material is pulled out, it loses its activity and it is impossible to plant it anymore.

The special of the reincarnation cemetery can store medicinal materials and keep them in their freshest state. If they are taken out, the value of these medicinal materials will be greatly reduced.

The girl is used to cook, I don't know how to exchange things from the outside world?

Ye Chen no longer hesitated, and said: "This girl, should I pay you something, the medicinal materials have lost their activity, and it will only be disadvantageous to take them out. Also, these medicinal materials will be treated as if I owe you a favor. You can let me do any three things."

After speaking, Ye Chen took out some Huaxia snacks.

Because of Ji Lin's request, almost a mountain of food piled up in his reincarnation cemetery.

Looking at the food in front of her, the girl frowned. She was a little wary, perhaps out of curiosity, and picked up a bottle of drink.

"What is this?"

Ye Chen didn't know how to explain it for a while, so he could only say: "You will know after a sip, this thing is our specialty."

Chapter 1096: What a pity!

The girl hesitated for a few seconds, because she didn't know how to open it, she cut the plastic bottle with a thin sword.

Afterwards, he took out a silver needle to test the poison. After confirming that it was not poisonous, he took a sip.

Soon, joy and excitement appeared in his eyes, and he took a few more sips.

Staying here all year round, feeding on medicinal materials and spiritual grass, and tasting some things from China, it is natural to be shocked.

"That... how is this thing refined? Is it the holy water the master said?"

Ye Chen almost fell to the ground, wondering whether to cry or laugh.

Because of the food, Ye Chen became familiar with the girl a bit.

"How much do you have for this thing? You took my medicine. This is our food for months. It's not a good deal."

Ye Chen knew that he had picked up the bargain, so he took out a big box to the girl.

The girl's breathing seemed to be rushing, and when she tapped her finger, the box disappeared, apparently in the storage space.

"In that case, you and I don't owe each other, and I don't need the medicinal materials anymore. After all, I am not only in this medicine field, I will go back wherever you come. As for the three conditions, I am not uncommon. that's it."

The girl was afraid that Ye Chen would change his mind, turned around, and walked towards the depths quickly.

Ye Chen naturally couldn't let the other party leave, after all, this girl was the only person Ye Chen knew here.

If you want to find Shi Zun, the other party must have a clue!

"Girl, wait!"

As soon as Ye Chen's words fell, the girl turned around and said hostilely: "Do you want to change your mind! The master said that once the transaction is successful, you can't change your mind again, otherwise it would be against the morals of the world."

Ye Chen shook his head and said directly: "This girl, my name is Ye Chen. I came here by accident. I am not familiar with this place. The one who brought me here was a monster named Shi Zun, which was covered with huge rocks. , The scales on the surface are all stones, I wonder if the girl has seen it?"

The girl exhaled, her eyebrows stretched, and said, "The thing you said, I know, if you walk about five thousand steps north, you can see a cave, and that cave is the residence of this monster."

"It's just that this monster beast seems to have been injured. I saw it bleeding from its body when I came."

Ye Chen's eyes were overjoyed, and regardless of the girl, he walked quickly to the north.

For Ye Chen, the Dragon Slayer Asking Heaven Sword was the key right now.

"Hey, hey, what are you going to do with that guy?"

"Master won't let me approach that guy. I haven't dared to meet that guy for so many years. It's okay for you to go look for him?"

Ye Chen ignored it. The girl glanced at Ye Chen's back, thought for a few seconds, and followed.

...

Five minutes later, Ye Chen saw the cave that the girl said.

The surface of the cave entrance has a series of boulder lines.

The lines are simple and simple, as if they are imprints from ancient times.

The entrance of the cave was dripping with blood, and even roars came from inside.

Ye Chen narrowed his eyes, took out a few herbs that he had just picked, and took them directly.

There was a hint of golden light all over his body, and his injuries recovered extremely quickly.

After that, he took out the Jiuyou Sky-killing Spear and headed towards the depths of the cave!

"Who!"

A roar sounded, and in the darkness in the cave, a pair of cold eyes appeared, shooting Ye Chen directly.

It is Shi Zun!

Ye Chen felt that his breathing had accelerated.

However, he could feel that Shi Zun's injury was extremely serious, and even the movement was a luxury.

"Little beast, it turned out to be you, this is my cave mansion, how did you find it!"

Before Shi Zun finished speaking, the Jiuyou Skykiller in Ye Chen's hand shot out with an icy cold light and the arc of God Thunder.

Shi Zun in a weak state instantly tore a hole in his body.

"You humble human, dare to hurt me! When I recover, I will crush you to ashes!"

The angry roar sounded again.

Ye Chen snorted coldly: "If I'm not wrong, you are not qualified to resist right now. The blood stream flowing on the surface of your body should be healing your body, but once it is destroyed, I don't know what effect it will have. To be honest, I really 'S quite curious."

When Shi Zun heard Ye Chen's words, a trace of dread appeared in his eyes: "What are you going to do? My blood and body are special. You can't kill me."

Ye Chen glanced around and said coldly: "Where is my sword!"

Shi Zunbai glanced at Ye Chen, never expected that this guy would chase down the cliff for a sword!

No lunatic!

With a huge mouth, a black rock directly spit out.

The rock was even shattered, and the dim Slashing Dragon Wentian Sword appeared directly in front of Ye Chen.

Ye Chen's eyes were happy, his five fingers squeezed, and the Dragon Sword Wentian appeared in the palm of his hand.

He could feel a faint connection. Even though he found it, the Dragon Slashing Heaven Sword suffered a lot of damage, and it was impossible to use it in a short time.

Fortunately, Ye Chen is proficient in casting swords, as long as he is given enough materials, repairing is not too difficult.

"Now that you have your things, you can leave. If you want to kill me, you might as well try, but you must be clear about the price!"

Ye Chen collected the Dragon Swordsman Heaven Sword, and just about to speak, a voice came from the reincarnation cemetery.

"There is a hidden box on the left! Open it!"

Ye Chen was startled, this was the voice of Xue Qiye, he was not surprised.

He walked towards the wall on the left, tapped a few times, and found a hidden grid.

The secret grid was opened directly, Shi Zun's expression was completely hideous, and a stormy sea seemed to rise in his heart!

"What are you going to do! How do you know this place!"

He thought of standing up to resist, but found that he was not qualified.

Ye Chen ignored it and stretched out his hand to grab the secret thing in his palm.

This is a crystal clear gourd with lines on the surface, unlike artificial refining, it gives Ye Chen the feeling that it is formed naturally.

"What is this?" Ye Chen asked Xue Qiye.

This time Xue Qiye answered quickly.

"Boy This is a good thing. It can not only repair your injury, but also has a lot of benefits for your cultivation! This thing is also called the stone spirit gourd. These stone spirit gourds have been urged for thousands of years. Hair, conceived from the essence of heaven and earth. This is a treasure of heaven and earth. It is not inferior to some powerful pill.

Such a stone spirit gourd, if someone finds it, I am afraid it will break people's head! "

"I can even say that the value of Shiling Gourd is more valuable than all the herbs you get outside!"

"If you don't believe me, you can open the gourd and have a sip, and you will understand what I said!"

Ye Chen didn't understand Shi Ling gourd, but Xue Qiye couldn't be wrong with such words.

He no longer hesitated, opened the lid of Shi Ling gourd, just about to take a sip, a beautiful shadow appeared in front of Ye Chen.

"You can't drink this stone spirit gourd! Never!"

Qianying grabbed Shi Linghu, her eyes were extremely cold.

Chapter 1097: Pity!

Ye Chen looked at the girl in front of him, and said in surprise: "Why are you here?"

The key is that Ye Chen didn't find the other party around from beginning to end.

It's weird.

Ye Chen's current real strength is far more than that of the Saint King Realm, and the girl's realm is not high, logically speaking, as long as the girl is within 100 meters of Ye Chen, he can detect it.

But now it appeared suddenly, and the only possibility was the hidden treasure on the girl's body.

"You can't take this thing. The energy in it is too violent. The master said that even the strongest emperors are not necessarily qualified to bear it, let alone you."

"My elder sister discovered this kind of thing back then. She accidentally took it, but the master did not manage to save her back. I don't want you to go down this road."

Check out this new online game!

The girl blinked, extremely innocent, her expression even a little serious.

Ye Chen knew that the other party hadn't lied, he still had a good impression of the girl, but unfortunately, this kind of person is only suitable for this blood spirit secret realm.

Once out of the blood spirit secret realm, those intrigues of Kunlun Xu were enough to kill the girl.

He did not reply to the girl, but asked the blood Qiye in the reincarnation cemetery: "Senior, this thing is really so strong, can I take it?"

Xue Qiye smiled coldly: "Generally, if you take it at the emperor's state, you can't bear it, but you, you can. And you can only take one bite. Once you overdo it, your body and blood can't bear it!"

"Also, after taking it, you must immediately cover your body with the power of your body and protect your mind, otherwise the heavenly king will not be able to save you!"

Ye Chen had the affirmative reply from Blood Qiye, and he looked at the girl: "Girl, your kindness has been accepted, but I still want to try this thing! Even if you burst into death, it has nothing to do with the girl!"

The girl looked at Ye Chen with affirmative eyes, knowing that persuasion was useless.

What's more, she and this young man just met, and the lives of others have nothing to do with her.

The master also asked her many times to be careful if she sees other people.

As for kindness, it will only harm people forever.

"whatever!"

The girl turned around, a little unhappy, her eyes fell on the injured Shi Zun and scanned.

The guy the master made her wary of now doesn't have the ability to resist at all.

Shi Zun also noticed the girl, and he sneered: "Little girl, it seems that you know Shi Ling gourd very well, but some people don't know that if a strong emperor is swallowing a bite of the liquid inside, he may not be sure to bear it. , This lifeless kid is trying to absorb the energy inside! It's ridiculous!"

The girl glanced at Shi Zun: "You don't need to speak here. If you are in his heyday, I might be afraid of you, but right now, you need at least a hundred years to recover. In these hundred years, if you want to kill people again, it is impossible, I see. You should take care of yourself first!"

Shi Zun was stunned, never expected that the other party would see the time needed for his recovery at a glance!

He suddenly noticed the smell of medicinal materials on the girl's body. He suddenly thought of something and exclaimed: "You are from the Sacred Grass Valley! You can't be wrong! The smell on your body is exactly the same as the old woman!"

When the girl heard the three words Holy Grass Valley, her soft eyes instantly became cold!

Then five fingers shot out, and a silver needle shot directly into Shi Zun's huge mouth, and the silver needle burst out of Shi Zun's mouth, forming an ancient rune.

Completely sealed!

Shi Zun fell into silence, and wanted to speak but found it impossible!

The girl was arrogant with her hands behind her back: "What I just said is clear. Although my strength can't kill you, I can still make you quiet for a hundred years!"

Ye Chen, who held the Shi Ling gourd, naturally noticed everything about the girl and Shi Zun, and he found that he still underestimated the girl.

The silver needle shot by a girl casually is nothing.

It seems that this holy grass valley has some origins in the blood spirit secret realm.

As for the master behind the girl, I'm afraid it's not a good thing, otherwise it won't let Shi Zun be so devastated.

The girl cast her gaze on Ye Chen again: "You are called Ye Chen, right, since you really insist on trying, I won't stop you."

"For the sake of you and I had a deal, after you die, I will erect a monument for you, and it is also considered a home for you after death."

After the girl finished speaking, she leaned against the wall, took out a leaf from the storage space, held it in her mouth, and closed her eyes as if she didn't interfere with anything.

Ye Chen ignored it, sat cross-legged, glanced at the Shi Ling gourd in his hand, and opened it directly.

A strong aura instantly overflowed from it!

It is so rich that the entire cave seems to be surrounded by aura.

"This stone spirit gourd can also be regarded as a chance for me in the blood spirit secret realm. Whether it is against the Han family or a battle with Mr. Jingshui a month later, my strength must increase! This blood spirit secret realm must become me Springboard!"

"If you want to pry out something related to the reincarnation cemetery from the mouth of the blood spirit clan powerhouse, only strength!"

When the words fell, Ye Chen raised his head and directly lifted the Shi Ling gourd, and a mouthful of golden liquid penetrated directly into his body.

Throughout the body.

Ye Chen thought that there was still time to buffer, but he did not expect that the moment the liquid penetrated into his body was like magma, and his entire body was scorched.

Even Ye Chen couldn't breathe.

For a moment, it seemed to be dead!

Ye Chen just remembered the girl's admonition. Even the emperor was unable to bear it, so what did he do!

Ye Chen showed a sullen face, and even moaned in pain.

He felt that his body seemed to be bursting, and he was about to burst at any time!

The burning sensation in the body caused Ye Chen's casual clothes to burn out directly.

The upper body is directly naked, revealing an almost perfect figure.

It's just that on his perfect figure, there are traces of tears like magma, which is shocking.

Not only that, but also on the face.

There are traces of magma, somewhat like the role of the fire man in a competitive game in China.

The girl who was relying on the cave heard Ye Chen's groan opened her eyes, and when she saw Ye Chen's painful look, she shook her head helplessly: "This path is your choice, your condition It is more serious than my senior sister, I guess it won't last a minute."

"Oh, it's a pity. When the food from the outside world is finished, it is estimated that I will eat medicinal materials again. I really have enough."

"I thought I would have a chance to visit the outside world in the future. Now it seems that the only outsider I know will also fall here. It's a pity."

The girl sighed, and finally chose to close her eyes.

She doesn't like blood.

I don't like watching others die tragically in front of me.

But Shi Zun's eyes were filled with disdain. Although he could not speak, he sneered repeatedly in his heart!

"Foolish humans, this kind of treasure that exists in ancient times, but you humble creatures can swallow and enjoy!"

Chapter 1098: The light of reincarnation!

"Originally wanted to wait for me to recover before killing you, but now it seems that you have sent yourself to a dead end by yourself!"

"act recklessly!"

Ye Chen is not favored by everyone, even himself!

He was so uncomfortable, his body seemed to be controlled by the fluid in his body, it was impossible to vomit it!

"Gather the strength of the whole body! Hurry!"

Just when Ye Chen's consciousness was about to be shattered, an energetic voice exploded in his mind!

Blood Seven Nights!

Ye Chen just remembered something, in his dantian, aura overflowed all over his body, forming a barrier!

Not only that, the Heavenly Dao Divine Thunder in the body directly exploded!

Countless lightning surrounds his body, and Ye Chen at this moment is True Lord Lei Dao!

"The unquenchable fire, come out too!"

Ye Chen roared, but his whole body was wrapped in flames.

Even the Unquenchable Fire went into Ye Chen's pores to resist the power in his body.

Ye Chen felt better now, at least sober.

A few minutes later, the **** the side opened her eyes, and she found that the imaginary burst had not happened.

When her eyes fell on Ye Chen, she naturally saw a strange picture.

Thunder and lightning, flames, true qi, and even the strength of body refining are all wrapped around Ye Chen's body.

The power of four different attributes appeared on a young man.

The girl's eyes widened: "How is it possible?"

Although she has few people in contact, the basic cultivation methods are still clear.

The power of these attributes on Ye Chen's body is not ordinary!

Thunder and lightning are divine thunder.

The flame is not a normal flame.

"Who is this guy? Is it better than Senior Sister?"

Before the girl could relax, Ye Chen heard the sound of a dragon's roar exploding!

In the next second, a blood dragon drilled out of Ye Chen's body!

The blood dragon broke through all shackles!

The cave shattered directly!

Countless boulders rolled down.

After that, the blood dragon came to Ye Chen's side, plucking around Ye Chen's body, staring at Shi Zun and the girl with cold eyes.

"Dragon Dragon!"

This time, the girl really couldn't calm down!

If everything in front is understandable, but the blood dragon in her body reminds her of what the master once said.

"Man of Royal Dragon, Emperor Kunlun, Nightmare of Blood Spirit, Way of Reincarnation!"

The master repeated these twelve words for almost a thousand years.

She doesn't understand the meaning, but the master has repeatedly emphasized that the reason why she did not leave the blood spirit secret realm is to wait for the person of the dragon!

Could it be that the person the master said is Ye Chen?

Perhaps because of excitement, the girl's chest was up and down, and the waves were magnificent.

She wanted to ask Ye Chen, but she stopped thinking of Ye Chen's state.

"If you really survive in your current state, I must take you to see the master!"

The girl made up her mind.

At this moment, Ye Chen was Shi Ling who had tried his best to resist the violence in his body.

There were cracks in his body, even blood oozing out.

If it were not for the stalemate between these forces and the blood dragon, he would have already turned into a blood mist.

"Boy, the time is almost here, and the power of Shi Ling will enter your sea of consciousness later. The next step is entirely up to your will. If you can't carry it down, it will be very dangerous!"

"Opportunity and danger coexist. If you want to be strong, this is the only way. I just said you can bear it, but I didn't make it clear. Your chance of success is only one in a thousand!"

Ye Chen almost exploded when he heard Xue Qiye's words!

thousandth!

What's the difference between this and looking for death!

But the arrow had to be sent on the string, Ye Chen already felt that the amount of violent violence seemed to rush into his sea of consciousness.

A space of its own.

Time and space seem to stagnate at this moment.

In the darkness, there seemed to be a strong will, which was coming to suppress Ye Chen at this moment.

That will, like a mountain, that will, the vast sky of people, boundless.

Under that will, Ye Chen only felt that he was just a drop in the ocean, and he had an urge to kneel down and worship.

He knew very well that this was the original strength of that Shi Ling.

He held the Soul and the Sea of Consciousness, as if he had come to that place.

His face was pale, almost bloodless.

Everything around is only dark, and it looks like an abyss!

The endless pressure came, Ye Chen almost collapsed.

"I must leave!"

Ye Chen's mind was very clear, and as soon as the words fell, a group of hot energy came from the depths of the darkness.

Shi Ling!

Shi Ling's terrifying energy seemed to turn into an eye of flame.

Staring at Ye Chen in the dark.

This feeling made Ye Chen's hair terrified, too uncomfortable.

"Holy King Realm? What's wrong with the outside world, even the garbage of the Holy King Realm can swallow me?"

"ridiculous!"

The eye of flame instantly turned into a crimson figure, looking condescendingly.

There is disdain in the eyes, as if looking at the ants!

He even came to Ye Chen's body and stared at Ye Chen.

"When you see me, why don't you kneel?"

The scarlet figure spoke.

Endless indifference flooded.

Just a few words made Ye Chen's mind seem to explode, heart-piercing!

Ye Chen raised his head, looked at the crimson figure, and smiled: "Why should I kneel on you? You should be the existence in the stone spirit gourd. I will convince you. As long as you can bear it, it will be enough. What's the big deal?"

Ye Chen's words made the scarlet figure squint slightly: "Interesting ants, but, do you think you can bear it?"

"But your body hasn't cracked. It seems that this is where you rely on. It's a pity that Divine Soul is different. No matter how powerful your body is, Divine Soul and Consciousness Sea are extremely fragile!"

"If I want them to break, they must be broken!"

The scarlet figure roared, and the coercion of the whole world seemed to be weighing on Ye Chen's body.

There was a crackling sound from Ye Chen's body.

Not only that, Ye Chen clearly discovered that there was a crack in his Sea of Consciousness!

Once broken, the sea of consciousness disappears!

The soul is severely wounded or destroyed, even if the body is not destroyed, he can only be a living dead!

"The vulnerable ant, your body has defiled me, if so, I will wipe you out! Let your physical body be my permanent vessel!"

The corners of Ye Chen's mouth and nose leaked from the outside world, and his body was constantly shaking.

The blood dragon sensed something was wrong and roared in anger, but it had no effect.

The girl saw the blood oozing out of Ye Chen's seven orifices, her palms were full of sweat, and her eyes were full of worry.

"Is it hard to wait until a man of imperial dragon finally turns into a bubble?"

"Or, this guy named Ye Chen doesn't exist in the master's mouth?"

"Now Ye Chen has half-footed into the ghost door, and even if his body doesn't burst, he will definitely die. What a pity."

At the moment of crisis, Ye Chen's soul suddenly overflowed with light in that space.

The light became more and more prosperous, and even more covered.

Chapter 1099: unbelievable

Then, a warm current spread all over the body.

Ye Chen looked at the light on his body and suddenly thought of something!

Because this light is similar to the light on Mourning's body.

It seems to be the light of reincarnation!

It is related to the reincarnation cemetery!

The warm current passed, like a long drought and rain, nourishing the flesh and blood of Ye Chen's body.

The feeling of collapse was expelled.

Although still under pressure, at least, there is no threat of death.

The crimson figure naturally felt that his pressure and restrictions seemed to be destroyed. When the line of sight fell on Ye Chen's body, his expression was extremely hideous.

"This is... the power of the source, how can he have the power of the source!"

Check out new PVP arena battles!

"Even the emperor can't control it!"

"who are you!"

The power of origin?

Ye Chen frowned, just about to say something, only to find that the light covering his entire body turned towards the crimson figure.

It seemed like a pair of big hands, grabbing directly at the scarlet figure.

Colleague, the blood in his body seemed to start to boil.

The scarlet figure sensed that something was wrong, and quickly dissipated, and even ran into the darkness.

Although its value is immeasurable and even powerful, it does not have any qualifications to face the power of its origin!

"Boom!"

As the crimson figure dissipated, those big hands also suddenly expanded, as if they had penetrated the void, and directly grabbed everything that dissipated back into the palms of their hands.

"Lord of Samsara, but you wait for the ants to shake!"

"It should be an honor for you to upgrade your cultivation for the Lord of Samsara!"

A voice came from the void, and then the light of reincarnation kept shrinking.

It actually directly formed the crimson light into a pill-like existence.

Then, the light of reincarnation wrapped the pill and came directly in front of Ye Chen.

"Swallow."

There was a sudden voice in the void.

Ye Chen's soul was a little surprised, this voice didn't come from Xue Qiye, nor did it seem to come from the great power of the reincarnation cemetery!

Very strange!

But why should the other party help themselves?

Also, how can the light of reincarnation have a sound?

"Who are you?" Ye Chen asked.

The light of reincarnation paused for a moment, and the mechanical voice said: "Wait for you to be qualified to fight those guys of the blood spirit race, now you don't deserve to see me."

"I am in your blood. You must be surprised by your blood and talent."

"The outside world says you are Fangen, but those ants will never know how terrible your bloodline is!"

"Your bloodline is now in a dormant state. Once you wake up, Kunlun Xuyi or the higher planes are not eligible to be shaken!"

"This Shi Ling is a gift, and I hope we can meet in ten years."

Ye Chen looked at the empty light in front of him, and stormy waves threw up in his heart. This was the first time he was so close to the bloodline!

The great power of the reincarnation cemetery has said about his blood and roots, but every time it ends!

At this moment, this voice is clearly above the rules of the reincarnation cemetery!

And his blood is very clear!

"Senior, the outside world says that I am Fangen and cannot be detected. I don't know what is special about my bloodline. I don't know if it can solve my doubts, even if it's just a simple answer."

The voice in the void hesitated for ten seconds.

Ten seconds of silence seemed to Ye Chen for a century.

Finally, a few words were still spit out in the void.

"Beginning with reincarnation, and finally reincarnation, in your spiritual body, this is the answer you want. If you really want a name, let's call it the reincarnation bloodline for the time being. There is a dormant bloodline in your body. Big secret."

"Do you really think that the reincarnation cemetery will choose you for no reason? These billions of stars, some people's existence is too small, even if the earth is a humble existence, but I never thought that such a humble place would have you there."

"Well, I'm inconvenient to say more about some things. I'll teach you the rest. Step into the Emperor Realm as soon as possible. When you reach the Emperor Realm, you can see the truly vast world."

After speaking, the light of reincarnation disappeared, and the red pill was taken by Ye Chen.

In an instant, the violent energy seemed to stop.

It seems to be covered by stars!

"What a powerful energy!"

Without waiting for Ye Chen to think more, his expression suddenly changed.

At this moment, Ye Chen felt that his body seemed to be torn apart. There is an extremely powerful energy that is rushing into his body, wandering through the eight meridians.

This energy is so domineering, as if to completely destroy his body.

Within the pubic area, the cyclone is rolling!

The vitality of the whole body turned into a torrent, rushing out from the dantian and thirty-six acupoints, like a thousand horses, swallowing toward that invading energy.

Ye Chen's body has already turned into a battlefield.

The confrontation of the two energies unfolded here.

"Refining for me!"

The situation just eased slightly, Ye Chen didn't dare to be careless.

Fully control his own energy, swallowing towards that invading energy.

He could feel the breakthrough breath in his body extremely rich!

Ye Chen didn't know where this domineering energy came from.

However, he knew very well that if he could refine this energy, the benefits he would get would be unimaginable.

A burst of energy rushed out of the dantian, and finally gathered in the dantian again.

With every cycle, the true energy in Ye Chen's dantian solidified a point! Every time Zhou Tian turned around, Ye Chen's strength improved a little.

"Ok?"

Ye Chen discovered that he had broken through several small realms with ease!

And there is no stay!

Still breaking through!

I am afraid that this breakthrough will bid farewell to the Holy King Realm!

The meaning of breakthrough on Ye Chen's body became stronger and stronger, and thunderclouds billowed above the sky.

The girl and Shi Zun naturally discovered the strangeness of Ye Chen's body.

The girl's expression seemed to freeze.

Judging from the breakthrough breath, Ye Chen obviously absorbed the energy from there!

how is this possible!

This kid is only Saint King Realm!

At the beginning, my senior sister almost couldn't bear the emperor's status, but in the end this kid actually passed!

What the **** is this monster!

Shi Zun's expression is like hell! His mission is to protect this stone spirit gourd He knows how terrible this thing is better than anyone.

This can be called not only holy water, but also poison!

A single drop can ruin a life!

But right now, this kid not only subdued, but also withstood the energy inside!

Shi Zun can't believe it!

His body was even trembling, and his eyes were staring at Ye Chen!

He can clearly feel the rapid changes in Ye Chen's cultivation!

He wanted to stop, but found it impossible! If you don't stop it now, you will never want to kill it again in the future!

Chapter 1100: Span!

The girl seemed to perceive something, her eyes condensed, her fingers pinched, and a rune shot directly from the palm of her hand.

The rune fell on Shi Zun's body, and instantly turned into a golden net to trap Shi Zun.

Shi Zun's face changed slightly, and he could feel the threat of this big net to him.

Although the young girl is not high in realm, the magic weapon in her hand is too weird, and she probably has a relationship with the old woman.

"Nie Hu, I advise you to dispel the killing intent in your heart, you can't move this person, she is mine."

Maybe it was because I felt that this sentence was a bit too much, and the girl added: "I want to show him to the master, anyway!"

After that, the girl stepped out a few steps, came to Ye Chen's side, took out the rapier, and at the same time, a few runes appeared in her left hand.

These runes were handed over by the master to save her life.

There are several powers of the master hidden inside, even if facing the emperor realm powerhouse, you may be eligible for a battle!

No matter what price she paid, she must protect Ye Chen!

And at this moment Ye Chen didn't know everything outside.

His realm has steadily stayed in the Return to Void Realm!

Several small realms of the Holy King Realm are directly crossed!

The breakthrough breath on the key body has not stayed!

Shi Ling gourd is too bad!

This is a heaven-defying thing served by the emperor realm. Now that it is taken by Ye Chen in the holy king realm, the effect will only be more terrifying.

Ye Chen could feel his body as if it turned into a vast starry sky.

Countless energies are the stars!

He even felt his body turned into the center of the universe, and all the power was revolving around his dantian!

It may take a year or even ten years for Kunlun's true genius to cross a great realm.

But Ye Chen's current breakthrough speed can be described as shocking!

Ten years of other people's time, it only takes a few minutes with him!

On the road to cultivation, Ye Chen could be said to have lost at the starting line!

After all, his cultivation time is too short, only five or six years!

But he has the heaven-defying existence of the reincarnation cemetery, plus the words that the voice said.

His blood is in a state of deep sleep, and once he wakes up, he is above countless strong people!

This is his hole card.

At this moment, Ye Chen was full of confidence!

The blood dragon that coiled around even broke free of Ye Chen's body, penetrated the cave, and floated above the sky!

Prepare to absorb the endless thunder tribulation!

Ye Chen's cultivation speed is spreading to the outside world, is it going to cause trouble?

Ye Chen had already broken through to the fourth layer of Void Return Realm.

The speed gradually slowed down.

Shi Ling's power has also absorbed most of it.

Xue Qiye in the reincarnation cemetery also felt Ye Chen's abnormal changes, and her eyes shrank: "It seems that this kid has come to the Blood Spirit Secret Realm. It is estimated that the Void Return Realm will break open soon.

In the end, it should almost be able to stabilize in the Void King Realm.

After entering the Void King Realm, this kid's trump cards and abilities would not be so embarrassed in the face of Daoyuan Realm or Emperor Venerable Realm.

Today is a complete transformation. "

Xue Qiye's expression was solemn, falling on a hundred tombstones.

"This kid, whom we have placed countless expectations on, is getting closer and closer to that war."

"Whether we can get out of there alive or not is unknown."

"However, I am willing to believe this kid."

"When he breaks through to the Void King Realm, maybe I should meet him in advance, and he should be qualified to learn my martial arts before him."

"The myth of the Seven Nights God should also continue."

The words fell, and Xue Qiye returned to the tombstone.

As if it never existed.

Ye Chen's breath hasn't stayed yet!

After an hour, he has stabilized at the peak of the Void Return Realm!

Only one step away from the Void King Realm!

Ye Chen's breathing was short!

Void King Realm!

Unattainable dreams!

Once he stepped into the Void King Realm and faced Mr. Jing Shui, he would never be so embarrassed!

Even in the face of the Han family, if he bursts out with all his strength, he will have the capital to fight.

The storm in Ye Chen's body hit the shore!

Perhaps because the breakthrough speed was too fast, his body was a little unbearable.

A trace of blood spilled from the corner of his mouth.

As if the body is on the verge of collapse!

From time to time, I could hear bursts of crisp sounds coming from Ye Chen's body. The bones and flesh and blood all over his body seemed to be constantly reciprocating during the collapse and reorganization.

This is really hellish torture.

Inside the pores, a little bit of blood oozes, coagulates, peels off... the time goes by, and this process keeps going back and forth.

The figure was thinner than before. If you look closely, you can see Ye Chen's body, trembling faintly under the ravages of energy.

Perhaps the next moment is hell, the real hell. It is also possible that the gate of heaven will be opened.

Will has become the most critical existence at this moment.

"Void King Realm, break it for me!"

At this time, Ye Chen finally clearly felt the existence of the barrier of the Void King Realm.

With a long roar, the wind moved from all directions.

The instantaneous burst of energy in the body, like a universe explosion, like a volcanic eruption!

There was a roar from the deepest part of his body, and Ye Chen's body trembled violently.

Puff...

A mouthful of blood spurted out, and his expression paled, not knowing how much.

"Come again!"

Obviously, an impact cannot succeed.

boom.....

boom.....

boom.....

Once the impact fails, then do it again! Failed twice? There is a third time.

The blood in the mouth kept overflowing, and the blood overflowing from the pores all over his body dyed his body red.

Ye Chen couldn't help trembling violently every time he rushed through.

Finally at the twenty-first time, Ye Chen's body almost broke apart!

The obstacle of the Void King Realm was broken!

All this endless energy poured into the Dantian!

Ye Chen found that his Dantian had completely changed!

As if Tai Chi gossip is working!

Constantly expanding If it was a lake before, it is now a big river!

These auras are enough to perform some martial arts thousands of times!

This feeling is so cool!

"The first floor of the Void King Realm!"

Ye Chen opened his eyes, extremely happy!

All Shi Ling's power is consumed! Even across two big borders! Ye Chen is too satisfied!

He looked at the stone spirit gourd not far away, and a single mouth had such an effect. If he swallowed it again, would he enter the realm of the emperor?

Perhaps he noticed Ye Chen's thoughts, and Xue Qiye sneered: "Boy, the things in this stone spirit gourd can only help you break through once, and it will be impossible to make such a breakthrough next time! Besides, it is not a good thing to break through too fast! Instability, and ultimately to destruction!"
