Chapter 1101: Luo!

Ye Chen nodded when hearing the words of Xue Qiye.

Under one bite, he was very satisfied to be able to step into such a realm.

If you step in again, it is really bad for you.

Next, he only needs to settle the Void King Realm.

Ye Chen stood up, his eyes fell on the girl who was protecting the law, he just wanted to apologize.

A thunder blasted in the sky!

After one, the entire Blood Spirit Secret Realm seemed to shake a little!

Ye Chen raised his head when he found the thunderclouds rolling in a radius of ten miles.

Countless lightning entangled.

Once it falls, the entire cave is bound to be destroyed.

The Thunder Tribulation above the key head is something he has never seen before!

"Oops, I forgot. I have stepped into two big realms, and naturally have to bear two thunder tribulations together. This time the double thunder tribulation is too strong."

Before the words were finished, countless violent thunder and lightning blasted directly under the sky.

The dense thunder and lightning went from top to bottom, shrinking constantly, as if it turned into a thunderball of almost a hundred feet!

Smashed at Ye Chen!

The girl looked at the scene in front of her, shocked to the extreme.

She was completely certain that Ye Chen was the person the master was looking for!

Can provoke such a vision Thunder Tribulation, not to mention the entire blood spirit secret realm, even the strong outsiders are not necessarily qualified.

Ye Chen glanced at the girl, no longer hesitating, stepped on, countless true energy erupted from his feet, and his body directly suspended.

Penetrating the cave, it even came into the air.

The girl protected him when he broke through, and he couldn't drag the girl into the water.

In the midair, Baizhang Thunder Ball merged into Ye Chen's body.

Ye Chen seemed to be in the thunder and lightning domain.

The only thing he can do is absorb the lightning crazy.

But this time there are too many lightning!

It can't be absorbed at all.

His face and even his whole body seemed to be swept away by lightning.

This is an overflow state!

"What should I do?"

At this moment, above the sky, a shocking dragon roar resounded!

Afterwards, the blood dragon swooped down, his body was several times larger, his mouth opened, as if he was about to swallow a hundred feet of thunderball.

One person and one dragon are wrapped in thunder and lightning, bearing endless thunder.

Perhaps because the thunder and lightning were too violent, the barrier above the blood spirit secret realm showed signs of fragmentation.

Not only that, but earthquakes of varying degrees occurred in every corner of the Blood Spirit Secret Realm.

This is the most shocking vision since the formation of the Blood Spirit Secret Realm.

At the same time, inside the stone room of the five elders of the Blood Spirit Race.

The five people have not been relieved from their anger because of the murder of an old man. They vowed to find a murderer at all costs.

But through all means, nothing was discovered.

They knew very well that this time the Blood Spirit Secret Realm might be more space-time than before.

Suddenly, the stone chamber shook, and the countless monitoring images in front of them couldn't bear the energy and disappeared!

"No, we are destroyed when we set up an array above the Blood Spirit Secret Realm!"

"It's a strong sense of shock, there can be no earthquake in the blood spirit secret realm. Could it be that a strong breakthrough caused such a vision!"

The face of the old man with a childlike face turned dark to the extreme. With a big wave of his hand, the outside picture was revealed before his eyes.

He stared at the huge thunderball and blood dragon in the sky, his eyes shrank.

"There is actually another dragon. The Shenlong came out and suffered thunder tribulation. Who is the shadow in that thunder tribulation!"

He tried countless times to penetrate the thunder and lightning to see through the figure inside, but found it impossible!

"Could it be that the blood spirit secret realm is about to give birth to an emperor realm powerhouse? The intensity of this thunder tribulation seems to be more terrible than the breakthrough of the emperor realm powerhouse, this is more like the anger of the blood spirit secret realm!"

The eyebrows of the childlike old man became more worried, he forced a drop of blood, wrapped it around the palm of his hand, his fingers moved quickly, as if he was trying to figure out something.

I don't know how long it took, his fingers suddenly stopped, and a mouthful of blood came out!

"No, the hexagram is a fierce! The five of us are very likely to be killed by this person!"

"First give up looking for the woman in red. Let's go to the center of thunder and lightning. We can't let the people inside successfully break through!"

The remaining four figures also felt the seriousness in the old man's words.

No longer hesitating, everyone headed towards the lightning center.

At the same moment, countless geniuses from Kunlun Xu from every corner of the Blood Spirit Secret Realm looked up at the sky.

Ji Siqing beheaded a monster beast, raised his head, beautiful eyes staring at the vision of Baizhang Thunderball.

The shadow in the thunderball is not clear, but it is very familiar.

"Ye Chen?"

Thinking of this name, Ji Siqing immediately shook his head mockingly.

"How can this guy come in here, and this vision makes me feel terrified, I am afraid that the strength is in my place, that guy should not be qualified."

"Forget it, hurry up and increase your strength. The time left in this Blood Spirit Secret Realm is getting less and less. If you don't increase it, you will really be tortured by those strong at the speed that Ye Chen stabs Louzi."

After the words were finished, Ji Siqing's long sword full of blood went toward the depths.

She knew very well that the deep threat was her chance.

The thunderball in mid-air lasted for an hour.

Then gradually disappeared.

Ye Chen barely absorbed half of the lightning, and the blood dragon helped Ye Chen absorb most of it.

Lei Jie was completely endured.

"call!"

Ye Chen slowly fell, looking at the blood dragon wrapped in thunder and lightning, he found that the body of the blood dragon was ten times larger.

Those thunder and lightning seemed to be nourishing things, making the blood dragon more intense.

He can even feel the threat of the blood dragon.

"come back!"

Ye Chen gave an order. The blood dragon roared, and he obediently penetrated into Ye Chen's body.

Everything is silent.

Ye Chen landed slowly and came to the entrance of the cave, staring at the girl.

"Thank you just now for protecting me."

Perhaps because the breakthrough was over, Ye Chen was still naked, and the girl's eyes fell on Ye Chen's body, her pretty face flushed.

"Nothing, even without me, no one can shake your breakthrough."

Ye Chen noticed the strangeness, so he took out a piece of clothing from the reincarnation cemetery and put it on.

"By the way, you seem to know my name, but I still don't know what your name is?"

The girl was startled and shook her head: "I don't have a name, but the master calls me Luo."

Chapter 1102: Xiao Huang's opportunity!

"Luo?"

It was the first time Ye Chen heard that there was only one word in his name, but this was someone else's private matter. Ye Chen couldn't say anything. He could only nod his head: "Miss Luo, you are familiar with this place. Can you tell me how to leave?"

Now that the Dragon Slashing Asking Heaven Sword is retrieved, the strength has also crossed to the Void King Realm, and it is time to look for Mourning and Ye Lingtian.

Luo heard that Ye Chen was leaving, and remembered something. He quickly walked to Ye Chen and said excitedly: "That... Ye Chen, can you accompany me to see the master, it is very important to me!"

Perhaps for fear that Ye Chen would leave, Luo's hand tightly grasped the corner of Ye Chen's clothes.

"Go to see your master?"

"Yes, yes! Don't worry, my master will not hurt you! Please!" Luo almost begged.

Suddenly, Luo thought of something, and quickly took out a crystal clear object from the storage space.

"Ye Chen, this thing is the most precious thing on my body, if I give this thing to you, you can come with me! Okay!"

Ye Chen glanced at the crystal clear existence in front of him, feeling a bit like fruit, he himself owed the girl three conditions.

It's not a big deal to see the other's master.

But he doesn't need this fruit.

Ye Chen just wanted to refuse, but Xiao Huang, who was sleeping in the reincarnation cemetery, opened his eyes, and a cold light flashed.

"This is... a profound spirit fruit that only bears one in five thousand years!"

"Quick, take it! Quick! Don't refuse, you are a fool to refuse! This thing, the entire Kunlun Xu can't find another one!"

"Only the existence of Blood Spirit Secret Realm can be cultivated!"

Ye Chen never expected that this unreliable Xiao Huang would wake up at this time.

He had never discovered that Xiao Huang had such an excited moment.

As if this profound spirit fruit must be obtained.

"What is Xuan Ling Guo?"

Ye Chen said curiously.

"What are you talking about, **** it, do you know the role of the profound spirit fruit! This is even more terrifying than the role of Shi Ling!"

Xiao Huang gritted his teeth.

"Then can I take this thing and break through again?"

Ye Chen said.

The little yellow-red pupils exude a dazzling light, and excitedly said: "This profound spirit fruit has no effect on breakthroughs! But it is useful for me! Extremely useful! And... it is mine! If you eat it, it will be condensed. For a moment, that... you don't need..."

For fear that Ye Chen would take it, Xiao Huang's tone was a little jealous.

Ye Chen could feel Xiao Huang lying, and joked: "I like to eat fruits, even if it's useless, I will admit it."

"Boy, what do you...what do you want to do? I tell you...this thing...is mine! Mine!"

Feeling Ye Chen's malicious eyes, Xiao Huang became more and more nervous.

"Then you are not telling the truth?" Ye Chen said with a smile.

"Okay! I admit that this profound spirit fruit is of great benefit to the growth of the cultivator's spirit! But, boy, this thing really can't be given to you! There are many elixir for strengthening the spirit in the world. There are even refined ones. Pill. Why do you fight with me! This profound spirit fruit, a thousand-year budding, a thousand-year tree formation, a thousand-year flowering, a thousand-year fruit, and a thousand-year maturity! In other words, a profound spiritual fruit needs five thousand years to be born! Even if it blooms and bears fruit again, it will take three thousand years to reach maturity!

It has great benefits for improving the soul. However, the greater benefit is transformation! Why did the name of Xuan Ling Guo come from? It's because he can gather the spirits!

If that Shizun took this profound spirit fruit, he could transform into a human form in a short time. No need to wait to step into a stronger level.

The transformation process is even more difficult, withstand the test of the sky thunder, and if you are not careful, it will be wiped out. This process is too difficult.

However, once the mysterious spirit fruit is taken, the transformation does not even need to be baptized by the sky thunder..."

Under Ye Chen's aggressive aura, Xiao Huang finally couldn't help but tell the truth.

hiss.....

Ye Chen was stunned when he heard Xiao Huang's words.

Xuan Ling Guo, did not expect to have such a magical effect? Can it become invisible?

Does that mean Xiao Huang can become a humanoid?

He understood why Xiao Huang was so excited. For the monster beast, the transformation was too important and precious.

The cultivation of countless monsters throughout their lives is the hope that one day they can become human.

Shrink freely.

You know, monsters are adults, but it is extremely difficult! More importantly, the body of the monster is low in talent! Although their life span is long, it often takes hundreds of years and thousands of years to transform them into shape.

And if they can transform into shape early, it means they have become demons! With a human body, the shackles that represent their cultivation talent will be opened.

All these Xuan Ling Guo can do.

Ye Chen suddenly understood what Xiao Huang meant.

"You really want this profound spirit fruit, is it good for your evolution?"

The words haven't settled yet, Xiao Huang said: "Although I have not taken the profound spirit fruit, I'm sure that once I take it, I can evolve at least once! The key is that I can transform in advance, and I can also practice Breakthrough! My strength will be even more terrifying then!"

"Do you know why I always fall asleep suddenly? It's because of the lack of energy in my body. Although I have blood against the heavens, but I don't have your human pubic pubic. My spirit and blood are strong and useless! It's still an ordinary monster, the more you get to the back, the more it can't carry my power!"

"If you take the Xuan Ling Guo, it will be different! At least my physical body will be completely transformed! The number of sleeps in the future will also decrease! Unless it is extremely weak!"

Ye Chen narrowed his eyes, Xiao Huang was very important to him.

It is also his combat partner, he naturally wants to meet Xiao Huang's requirements.

"Do you really want this thing?"

"nonsense!"

Xiao Huang rolled his eyes Ye Chen no longer hesitated, looked at Luo in front of him, grabbed with five fingers, and the mysterious spirit fruit appeared in Ye Chen's palm.

"Miss Luo, although this profound spirit fruit is ashamed, but he is very important to me, I will accept it, and please lead the way. I would like to see your master."

Seeing that Ye Chen was willing to accept the profound spirit fruit, the girl exhaled.

She has dealt with this kind of medicinal materials since she was a child, and the profound spirit fruit is indeed precious, and the master has repeatedly emphasized that it must be guarded.

But she also knew that Ye Chen's value far exceeded Xuan Ling Guo!

Once Ye Chen's identity is confirmed, the blood spirit chess game played by the master will be completely opened!

And Ye Chen is the only existence qualified to shake the Blood Spirit Race!

none of them!

Chapter 1103: Bloody!

"Ye... Mr. Ye, please come with me."

Luo Ben wanted to call Ye Chen by name, but when he thought that the other party would call him Miss Luo, it was pretty good.

What's more, if Ye Chen is really the dragon guard in the master's mouth, then everyone in the sect must be respected.

Ye Chen didn't talk nonsense, and directly followed Luo towards the depths of the jungle under a cliff.

As for the stone statue in the cave, it is no longer important.

Judging from the opponent's current injury, there is no threat to Ye Chen.

When Shi Zun recovers, I don't know how many years it will take. At that time, Ye Chen may be able to kill the opponent at will.

Originally wanted to use Shi Zun's body, now Shi Zun is like this, obviously there is no use value.

Luo led Ye Chen through the jungle and came to a clearing.

The footsteps stopped.

"This is Holy Grass Valley?"

Ye Chen was a little surprised, and the surroundings were empty.

Suddenly, he noticed something, the arrangement of the surrounding giant trees was extremely strange.

This feeling is like being in a huge formation area.

And these giant trees are natural formations!

The key to these giant trees also hides extremely rich aura.

"Natural array! It takes thousands of years to nurture such a large array, this is too big!"

Ye Chen was a little lost.

Luo glanced at Ye Chen, but he didn't expect the formation here to be seen by this guy at a glance. She smiled: "You are the first outsider I have ever seen who can see through the formation here. I will get

inside later. Act rashly, everything is subject to my command! Holy Grass Valley is different from the outside world. It is extremely xenophobic. I must show you the master as soon as possible."

After speaking, Luo took out a piece of jade pendant from his waist, pinched the tactics with his fingers, and the jade pendant glowed with golden light, which was suspended in the air.

At the same time, the ground in front of him shook.

In an instant, the billowing mist rolled, blocking the line of sight.

Ye Chen vaguely discovered that the pattern in front of him had changed.

Luo glanced at Ye Chen, and the corner of his mouth outlined a curve: "Mr. Ye, let's go."

With a light wave of her slender hand, the mist dissipated.

A scarlet gate appeared out of thin air.

The gate of formation!

Ye Chen knew very well that only passing through this door was to enter the formation here.

This is the same principle as the secret realm, except that the formation in the formation can not be constructed by ordinary people, and this holy grass valley seems more and more mysterious.

Luo stretched out his hand, as if afraid of Ye Chen's accident, directly grabbed Ye Chen's hand, and the two of them stepped into the gods.

After stepping into the sacred gate, Ye Chen was shocked by the sight in front of him!

The mountains and rivers are magnificent!

Mountains and flowing water!

The aura inside is extremely rich, completely different from the blood and aura of the outside world!

In this Sacred Grass Valley, everything that you saw in front of you was not something Kunlun's virtual top sect could contend.

Ye Chen had been to Ji Siqing's Tianlanzong.

The Heavenly Lan Sect and the Sacred Grass Valley in front of them are not at the same level!

Just like the gap between heaven and earth!

Luo saw Ye Chen's astonishment, and was a little proud: "I like your appearance like you haven't seen the world before. When you get inside, you will drop your jaw even more shocked!"

"Go, I'll take you to that temple, the master should be here, I hope the master will not retreat."

Luo said softly.

Because of her simple personality, she didn't think there was anything in them holding hands.

In Holy Grass Valley, she and some friends often do this.

When the two entered the Holy Grass Valley, they saw many people.

Ye Chen had walked less than a hundred meters, but he discovered something extremely serious.

There is no man in the entire Holy Grass Valley!

They are all women!

And the cultivation base is extremely high, and the lowest is just the Saint King Realm!

The key point is that these female disciples are staring at Ye Chen, a little scrutinized, and a little curious.

Ye Chen was a little ashamed, he even felt that he had entered the daughter country!

I don't know that there are no men in Shengcao Valley, where are so many young and beautiful female disciples.

Luo seemed to perceive Ye Chen's doubts and explained: "You don't have to look around. There is not a single boy in the Holy Grass Valley. The master and some elders leave the Blood Spirit Secret Realm every year to look for some outside women. Most of these women are fatherless Mother, or become a slave to the rich, if there is no master and elder, they will be miserable."

"There is one more thing you need to pay attention to, because you are all female disciples, your existence will be very sensitive, I just hope that this time I can see the master smoothly."

Luo's words just fell, but a group of girls with sabers on their waists came to face him.

The head is a young girl in brocade.

The girl has a nice face, Danfeng eyes, and a smile, which always makes people feel a little bit of chill.

The girl in Jinyi naturally noticed Ye Chen for the first time, her chilly eyes became more and more cold, and even her face became gloomy.

Afterwards, the girl in Jin Yi shot Luo's body.

Ye Chen clearly felt the sweat oozing from Luo's hand, and even more tightly, he seemed to be afraid of something.

"Mr. Ye, let's go."

Luo lowered his head and paced faster, wanting to take Ye Chen to rub shoulders with these women.

But soon, a voice suddenly sounded beside the two of them: "Luo, walk so fast, I'm afraid I will eat you!"

"This outsider you brought, don't you explain?"

"Or, do you think that in the current Holy Grass Valley, you have enough right to speak?"

The voice came from the girl in Jinyi.

At the same time, the cold sword from the Jinyi girl's waist was pulled out, blocking Ye Chen and Luo's path.

Although Ye Chen didn't know what happened between the girl in Jinyi and Luo, he thought about it was the intrigue between the girls.

The arena is very complicated.

The rivers and lakes between women are more complicated.

Luo stiffly raised his head, straightened his chest, and said unceremoniously: "Fangyuan, I don't need to tell you what I do. As for this outsider, the master asked me to bring it! She will see you today! Could you Dare to stop!"

"Get out, I want to see the master!"

The woman in Jinyi named Fangyuan sneered coldly: "Are you sure the master asked you to bring it? Let me ask you How long have you not seen the master? The master has long been closed!"

"I haven't seen you for a while, and your liar face remains the same."

"Let me guess the origin of this man? It's not that you want to take advantage of the master's retreat and steal the forbidden fruit. Don't forget the rules of the sect! Once you try the love of men and women, you will be driven out of the Holy Grass Valley forever!"

Fangyuan's words are aggressive.

Luo was furious when he heard these words: "Fangyuan, you are bloody! I say it again, don't stand in front of me, otherwise the master will blame it, you can't bear it! Get out!"

Fang Yuan smiled, stepping on her feet, and her breath broke out completely.

At least the second floor of the Void King Realm!

Biro didn't know how many times it was higher!

Almost instantly, the powerful energy shook Luo back, and even the internal organs were shaken.

Chapter 1104: What a monster!

Luo has hardly practiced for so many years, what she has been doing is cultivating medicinal materials.

She also had no intention of cultivating the struggle, which is why she has stayed in this state for so many years.

The key lies in the blood spirit secret realm, no matter how high the cultivation base is, what is the use!

There is no use at all!

It is better to cultivate the treasures of heaven, material and earth, Fuze Holy Grass Valley.

Seeing Luo was about to be shaken back to the ground, Ye Chen couldn't ignore it naturally, his true energy covered his whole body, stretched out his hand, grabbed Luo, and even pulled it gently, and Luo fell into Ye Chen's arms.

Seeing this scene, even feeling Ye Chen's chest, Luo's white face flushed.

"Miss Luo, are you okay."

Luo glanced at Ye Chen and nodded: "It's okay, let's leave them alone and go."

At this moment, Fang Yuan pointed the sword in his hand, pointed at Ye Chen and Luo interestingly, and said with a sneer: "A good pair of dogs and men, both in the Sacred Grass Valley are like me and me. It seems that the master is also old. It's the wrong person."

Luo is innocent, but facing Fangyuan's words, he angrily sacrificed his long sword and cursed: "Fangyuan, are you too much!"

"I really thought that with an elder standing behind you, he could do whatever he wanted. In these years, I don't seem to offend you, let me go!"

"I don't want to do it to you!"

Luo and the girls around him seemed to hear the funniest joke in the world, and their laughter burst out.

"I heard you right, you have to do it to me, do you think you are a waste of medicinal materials, and you are qualified to shake me?"

"Forget it, I don't make it difficult for you, but—"

Fang Yuan's conversation turned, she also knew that the two of them did not look up and bow their heads to see each other, and it would be bad if it was too much.

After all, the master loved Luo so much.

If it were not for the master to retreat, she would not be unscrupulous to this point.

Her gaze fell on Ye Chen, and she said word by word: "Boy, it's not difficult for you. If you want to enter the Sacred Grass Valley, of course, you can, but you must cut off your men's stuff. This is also for us. Junior sisters think about it."

"Do you have an opinion?"

Fang Yuan couldn't see through Ye Chen's cultivation base, but if he got together with Luo, it was probably the waste of playing with medicinal materials.

For this kind of disdain, she has only pity and disdain in her heart.

Ye Chen didn't want to interfere with women's affairs from beginning to end, but Fang Yuan's words completely angered Ye Chen.

He didn't come to the Holy Grass Valley, but if it weren't for Luo, he wouldn't be rare here.

And this woman who has nothing to do with her, she used an unquestionable tone to speak out!

He has never seen such an arrogant man!

Feminist?

Are men destined to have no place here?

Ye Chen didn't believe in this evil!

Luo's face changed slightly. Just as he was about to say something, Ye Chen stepped forward and stopped in front of Luo. Then, the eyes with endless meaning shot directly towards Fangyuan!

"Did anyone say a word to you?"

Ye Chen said.

Fang Yuan was startled, her eyebrows frowned, and subconsciously said: "What's the matter?"

"Your mouth really sucks."

Ye Chen's voice fell faintly.

At this moment, not only Fang Yuan and the others couldn't react, even Luo's eyes widened.

Over the years, she has not dared to clash with Fangyuan, but Ye Chen is better off and said so directly!

This is simply provocation!

There was a thud in her heart! She knew very well that Ye Chen made things more troublesome!

According to Fang Yuan's character, naturally he won't let it go!

Sure enough, Fang Yuan's face went completely black when he heard Ye Chen's words, and his aura suddenly rose!

The cold yelling resounded: "You humble man, do you really think that Holy Grass Valley is the same outside! You dare to insult me!"

"It seems that you don't shed tears if you don't see the coffin! Come here, take this guy, since this **** is unwilling to do it, then I will do it myself!"

Murderous intentions are released instantly!

The three female disciples beside Fang Yuan moved even more, and instantly came to Ye Chen's left and right.

The long sword turned, the sword intent was violent, and it took Ye Chen's fate.

There was even a sword slashed towards Ye Chen's lower body!

Nothing left!

Luo didn't want things to go in this direction at all, her expression changed drastically, and she wanted to stop it, but found two young girls standing by her side!

An invisible coercion enveloped her, and she wanted to use the magic weapon the master gave her, but she was not qualified!

"You let me go! Mr. Ye is very important to the master. If the master knows that you treat him like this, I'm sure you will all be expelled from the Holy Grass Valley!"

The two girls smiled, naturally not believing Luo's words.

What the master hates most is men, how could it be that outsiders attacked them.

"Sister Luo, this is a sect rule, and everyone can't shake it. Moreover, this man offended Senior Sister Fang. If Senior Sister Fang doesn't find some places, where should we put the face of Shengcao Valley!"

"Sister Luo, stop doing the so-called struggle, some things are destined to have nothing to do with you."

Luo struggled desperately, trying to get rid of these two girls, but found that he was not qualified at all!

This feeling is too uncomfortable!

"Mr. Ye, be careful!"

Seeing Jianyi tear the air and head towards Ye Chen, she subconsciously covered her mouth.

Although I don't know Ye Chen's realm, but the few people who worked on Ye Chen are above the Void Return Realm!

And from the very beginning, he offered a killer move, how can ordinary people resist!

Even if Ye Chen broke through some realms in the cave, it was not enough!

Luo's panic didn't affect Ye Chen a bit. Looking at those sword intents, Ye Chen didn't even plan to use weapons.

After entering the Void King Realm, although he was not stable, his combat power was at least in the Daoyuan Realm!

These trash realms still want to threaten him, it's ridiculous.

Seeing that the sword intent was about to be cut off, Ye Chen had his hands behind him, motionless like a mountain!

In the eyes of everyone, it was like giving up resistance.

Fang Yuan's sneer in her heart was particularly strong when she saw this scene!

"Waste is waste, and men like garbage species shouldn't exist!"

"Not even qualified to step into the Sacred Grass Valley! It's tarnished!"

As soon as the words fell, it was discovered that the red divine thunder was overflowing in Ye Chen's body, and the divine thunder was like a pair of big hands, directly grabbing towards Jianyi!

"Kacha!" With a sound, the divine thunder enveloped Ye Chen's endless infuriating energy penetrated the sword body!

Shattered on the spot!

"Go back to me!"

Ye Chen's eyes released an icy chill, and they shrank slightly.

In an instant, the breath of the Void King Realm burst out.

Waves of air instantly rushed in all directions.

Those female disciples in the Void Returning Realm or the Void King Realm simply can't bear it!

A blushing blood spurted out, and his body slammed on the ground!

Completely lost combat power!

No one would have thought that Ye Chen would directly crush the female disciple of Saint Grass Valley without even touching it!

What kind of monster is this!

Chapter 1105: It's not your turn to speak!

Fang Yuan's icy eyes shrank to the extreme!

She seemed to hell!

However, the current situation for her is that the arrow must be sent on the string. She coldly pointed the sword, and just planned to attack Ye Chen, but found that Ye Chen's figure had completely disappeared.

"how is this possible!"

Her spiritual sense was released, but she found a coercion enveloped.

This coercion is like a blood dragon, blocking everything!

"Are you looking for me?"

Suddenly, an indifferent voice fell from behind Fang Yuan.

Fang Yuan was startled, the long sword in his hand turned, and a cold light shot out, and the surrounding hundred meters was like ice falling to the world.

The temperature drops suddenly!

Check out this new online game!

This is Fangyuan's sword intent field!

Ye Chen easily crushed those few Holy Grass Valley powerhouses, which made Fangyuan feel a crisis!

I have to!

But soon, she realized that a boy's hand appeared in front of her, and she held her sword out of thin air.

Even the moment Hanman touched Ye Chen, he didn't react at all!

"I respect women and don't beat women, but you are not a woman in my eyes."

Ye Chen's words fell, and then the power of the five fingers exploded!

The unquenchable fire gushes out directly, and the meaning of ice cold disappears on the spot!

Even the unquenchable fire formed a ten-meter circle.

The flame is getting stronger and stronger, like a sea of fire, devouring everything!

The scorching sensation made Fang Yuan's face a trace of horror, and she finally understood the degree of danger of Ye Chen!

She was careless from the beginning, she suddenly took off the jade pendant around her waist, and wanted to use the jade pendant for help.

It was discovered that a hand strangled her slender neck and even lifted her up.

Even the jade pendant on the palm of your hand is extremely hot!

In desperation, she could only let go of her hand and the jade pendant fell on the ground.

The suffocation is about to drive Fangyuan crazy!

She struggled desperately!

"You can't kill me, this is Holy Grass Valley, once you do it, you...today...don't want to take a half step out of the Holy Grass Valley!"

"No matter how strong you are, facing the Sacred Grass Valley, it's nothing but rubbish! Lowly..."

"Snapped!"

Before he finished speaking, Ye Chen's other hand that was vacated was taken out.

A red palm print was directly left on the round and white cheeks!

Even Fang Yuan spit out a mouthful of blood!

This slap carried Ye Chen's anger!

"You dare to hit me!"

How has Fangyuan been so insulted! She became angry from anger in her heart, wishing to become a hunting beast, tearing Ye Chen's body.

"Snapped!"

Another crisp applause resounded!

Even if Fangyuan practiced, his cheeks swelled uncontrollably.

Even the teeth at the corners of the mouth are missing a few.

"I don't like nonsense. If you let me hear a word from you again and slap it next time, I won't stop, I will just unscrew your head."

"You can bet with your life, I dare not kill you!"

Ye Chen's threatening voice fell.

At this moment, Fang Yuan's words reached his lips and swallowed abruptly.

She could even see the killing intent and coldness in Ye Chen's eyes.

madman!

A complete lunatic!

The blood on this guy's hands was definitely not less than a thousand people.

Ye Chen's strength completely suppressed the audience.

He didn't have any interest in the surrounding area in front of him, let alone murder.

He loosened his fingers, and Fangyuan landed in a straight line. Then Ye Chen's arm shook, and an invisible force flew directly.

Fang Yuan's body hit the ground fiercely, his bones almost shattered.

Ye Chen has no intention of pitying Xiangyu at all!

Some people are not worthy!

Judging from Luo's initial nervousness, I am afraid this woman is a shadow to pure Luo.

He owes Luo the favor, so he can help naturally!

As for the consequences, he is willing to bear it!

Luo was completely in a daze. She wanted to say something, but found that she didn't have the slightest strength.

This Mr. Ye is too fierce.

How many realms did he break through in the cave!

If she guessed correctly, Ye Chen should be in the Saint King Realm before breaking through!

But right now it is crushing the radius of the Void King Realm!

Could it be that this guy has crossed three realms! Come directly to Daoyuan Realm!

This is too incredible.

The whole process is only a few hours!

Even if it is the strength of Shi Ling, there is no such exaggerated effect!

Before she could react, Ye Chen had already arrived in front of Luo.

Ye Chen glanced at the two female disciples next to Luo, and said lightly: "Do you want to stop?"

The two female disciples were completely shocked when they heard this, shaking their heads like a rattle, and their bodies continued to recede.

Even Senior Sister Fang was crushed, who could shake this outsider.

Ye Chen naturally couldn't do anything to these little guys. He grabbed Luo's hand and said: "I'm still in a hurry, go see your master."

Luo finally reacted and nodded repeatedly.

She knows better than anyone, she must go to the master quickly!

There is such a big movement here, it is estimated that it will not be long before the elders in the Holy Grass Valley will find out!

Those elders are at least above Daoyuan Realm!

In addition, Ye Chen stabbed such a big basket!

This is almost a big deal!

"Okay, Mr. Ye..."

Before Ye Chen and Luo took a few steps, they felt an invisible pressure enveloped.

After that, he saw a red door that looked like a palace and opened it directly.

Countless crowds poured out.

The terrifying female disciple directly surrounded Ye Chen and Luo.

At the same time, four horrible old women walked out directly from the crowd.

The four of them glanced at the injured Fangyuan, their faces completely sinking.

One of the old men with curled hair came to the seriously injured Fangyuan!

She glanced at Fang Yuan's injury, her worried eyes were instantly covered with anger!

Regardless of everything, the old woman took out an elixir, directly administered it to Fang Yuan, and then ran the infuriating energy directly onto Fang Yuan's delicate body.

Fang Yuan opened her eyes in a daze. When she saw the old woman, she was extremely happy. Then she glanced around, pointed at Ye Chen, gritted her teeth and said: "Master, I want this man to die! She dare to insult me! The disciple's Dao Heart has been damaged. If he does not die, I will never be able to break through Dao Source Realm!"

Hearing these words, the old woman nodded and stood up, her body rickets a little.

She stared at Ye Chen in the old voice and said: "Little beast, you are not from the Holy Grass Valley, you even dare to move our people in the Holy Grass Valley! No matter what your reason is, you are all Must die!"

Luo's face was pale, and she quickly stood in front of Ye Chen and explained: "Elder Qiu, things are not what you think, there is a misunderstanding!"

"It's not your turn to speak here!"

Elder Qiu was obviously on the verge of an explosion. With a wave of her arm, an invisible wave of air moved towards Luo.

Luo didn't use magic weapons, so naturally he couldn't stop it!

Once hit by the air wave, he will be seriously injured!

Naturally, Ye Chen couldn't hide behind a girl. He didn't dare to underestimate the enemy, so Jiuyou Heavenly Killing Spear directly sacrificed!

One shot!

The air wave stopped directly!

Chapter 1106: finally come!

Although the air wave was stopped!

But a powerful counter-shock force almost paralyzed Ye Chen's arm!

The key force has not stayed.

Ye Chen didn't hesitate anymore, the devilish energy on the Jiuyou Sky-killing Spear overflowed!

The billowing devilish energy seemed to turn into countless sharp blades, directly tearing the waves of air in front of you!

When Elder Qiu and the other elders saw this scene, their eyes locked together: "It turned out to be the remnant of the Demon Race! After so many years, the people who thought the Demon Race completely disappeared! But they did not expect the Demon Venerable to come out again! It's still in the Sacred Grass Valley! With such a strong devilish energy, I am afraid this little beast is not a low-ranking demon lord!"

"The two people that shouldn't exist in this world are the Blood Spirit Race and the Demon Race!"

"Luo, you bring the remnants of the demons to the Sacred Grass Valley, you know the price! You know the consequences! When I kill the remnants, I will come to you to settle the account!"

"This time, even if the lord comes, it won't save you!"

When the words fell, the figure of Elder Qiu disappeared!

"Little beast, no matter what realm you are, I will let you know what is the majesty of the Holy Grass Valley! What is the power of the Holy Grass Valley!"

"The demons shouldn't exist, die!"

Thunder is rolling!

Elder Qiu pinches the tactics with his fingers, and his sword will condense!

A sword intent formed instantly above the sky!

The sword intent fell from the sky!

The aura of heaven and earth converge, and the aurora bursts like a scorching sun!

The roaring fire, the whole world, at this moment is called **** on earth.

"boom!"

The sword intent of the sky fell directly from the sky, and the sky and the earth instantly disappeared!

Once you touch Ye Chen, you will definitely die!

With just such a move, Ye Chen felt the cold threat!

Hit the soul!

The strong one strikes!

Ye Chen didn't dare to be careless, the thunder and lightning all over his body released, and the devilish energy of Jiuyou Skykiller was condensed to the extreme.

"After stepping into the Void King Realm, Senior Lin Qingxuan taught me to use the next two tricks! I want to see if you are qualified to face you!"

Ye Chen stepped out!

The body is vacated, and the devil energy in the eyebrows is constantly released! The Jiuyou Skykiller was shining with extremely dazzling light!

As if a shot came from the deepest hell!

Go straight to Jiuyou!

At the same time, Ye Chen's devilish energy was covered, as if an armor had formed all over his body.

His momentum exploded!

The cultivation base is climbing crazy!

The blessing of the devilish energy and the second shot of the Three Great Spears directly made Ye Chen's aura strong to the extreme!

Elder Qiu is not weak at all!

Ye Chen's intent to fight broke out, blood boiled in his body!

He can feel the cultivation of Elder Qiu! Daoyuan Realm peak!

It can even be said to be the early stage of the Emperor Realm!

He wanted to see how far he broke with his full power!

Elder Qiu naturally discovered the weirdness of Ye Chen's aura, and a turbulent wave was set off in her heart, but she quickly converged.

"This is how you hurt my disciple! It's ridiculous! The secret method of the Demon Race can bring you strength, but it can also destroy everything about you!"

Pedal!

Elder Qiu took a few steps, and his momentum climbed one level at each step. Until the fifth step, his breath was like a mountain, which made people unable to breathe!

He showed the power of Holy Grass Valley to the fullest!

"Good job!"

Seeing Elder Qiu rolling over like a mountain, Ye Chen's eyes burst out with a strong will to war.

"Shooting three great spears, just break open for me!!"

Above the sky, the cloudless sky was instantly covered by demonic energy.

The majestic true energy, demon energy, and even the power of thunder and lightning all converged on the Jiuyou Skyslayer Spear.

In an instant, the Jiuyou Heavenly Killing Spear let out a soft groan, and the devilish energy filled the sky in an instant, and the beasts rushed.

The Jiuyou Heavenly Killing Spear carried the power of Jiuyou, and headed towards Elder Qiu's mountains.

As the Jiuyou Skykiller shot out, the beasts roared, and the power of the Jiuyou spread.

"Do you dare to be presumptuous?"

Facing the oncoming suppression of Jiuyou Skyspear, a sneer appeared at the corner of Elder Qiu's mouth.

His figure didn't stop at all, even suddenly accelerated.

faster and faster!

This time, Elder Qiu went directly to the Jiuyou Sky Spear!

In her opinion, the only value of something that is vulnerable is destruction!

"boom!"

The next moment, a roar exploded.

As thunder exploded, heaven and earth collapsed.

The countless devilish energy was torn open amidst the roar.

It turned into dust and broke apart.

Elder Qiu's whole body seemed to have turned into a shocking ocean wave, unstoppable.

Torn thousands of monsters, he slammed into the Jiuyou Sky-killing Spear.

For Elder Qiu, these Nine Nether Killing Spears? Without the slightest challenge! What if Ye Chen only had this method? Today, he is dead!

"This gun, I will destroy it! Such an evil thing, staying in the world is also harmful!"

Elder Qiu buckled the Jiuyou Skykiller, his skinny arm just about to burst out with extremely terrifying power, just about to tear it apart.

The next second, a weird mutation.

The Nine You Heavenly Killing Spear twisted in an instant, as if it turned into a black snake, entwining Elder Qiu's arm.

Keep tightening!

Elder Qiu's face changed drastically!

She is also well-informed, but she has never seen such a weapon!

If she does not break free, her arm will definitely be crushed!

But no matter what technique she used, Jiuyou Sky-killing Spear didn't mean to break free!

"Boy, hurry up and get your weapon away!"

Elder Qiu roared.

But Ye Chen always looked at everything coldly.

Elder Qiu's arm had ooze blood, she couldn't take care of it anymore, and directly shouted to the other three elders: "What are you still trying to do? Kill this kid! When this kid dies, this demon thing will naturally lose its power! Hurry! "

When the three elders heard these words, their figures disappeared and instantly came to Ye Chen's side.

The strength of the three elders is above the Emperor Realm!

Ye Chen tried desperately to stop, but was still surrounded and suppressed by the three people, spitting out blood.

His body kept retreating, and before he could stabilize his figure, Elder Qiu took the Jiuyou Skykiller and killed him directly!

"Little beast, today, I will kill you!"

Elder Qiu had already given up that arm, and held a golden rune in his other hand!

The ancient words entangled in the palm of the hand, instantly turned into a sharp sword and pierced Ye Chen's chest!

Ye Chen was startled, his eyes condensed, and the endless power in his body burst out!

The sound of dragon chants resounded!

Then, a blood dragon full of lightning lines rushed out of Ye Chen's body, violent energy overflowed from the blood dragon body!

The appearance of the blood dragon makes everyone unresponsive!

Elder Qiu's eyes widened!

Dragon Dragon!

He had no idea that the kid in front of him was the Dragon Guardian!

At the same moment, deep in the building, a place of retreat.

A gray-haired old man is in a critical period of breakthrough!

Suddenly, her eyes opened!

Extremely shocked!

Even a little delighted!

She shoots in the direction of Ye Chen!

"That kid, finally here!"

Chapter 1107: Long Nether River!

Outside the Holy Grass Temple.

Tensions.

When the blood dragon in Ye Chen gushed out, the expressions of the headed elders of the Holy Grass Valley changed drastically.

The blood dragon full of lightning patterns stared at them firmly.

It is even more at the side of Ye Chen.

Only Elder Qiu dared to do it, and the Blood Dragon took down Elder Qiu at all costs.

Jiuyou Heavenly Killing Spear also felt Elder Qiu's threat, and his devilish energy gradually covered Elder Qiu's entire arm.

The next second was a rapid contraction.

"Tear!"

Nine You Heavenly Killing Spear directly tore Elder Qiu's arm.

Blood broke out!

The powerful pain almost made Elder Qiu come back sober, his face even more hideous!

"Little beast, how dare you destroy my arm!"

"No matter who you are, I want you to pay the pain of a broken arm today!"

Elder Qiu was almost crazy.

The golden rune in that hand exploded with great power, and the original sharp sword turned into a violent behemoth, heading violently towards Ye Chen.

Ye Chen didn't dodge, he knew how terrifying the power of this rune was.

But he even wanted to know the power of the transformed blood dragon!

The blood dragon felt as if his authority was being questioned, the angry dragon roared, thunder and flames overflowed all over his body, and it bit on the violent behemoth of the golden talisman culture.

One dragon and one beast broke out one after another!

Devour the world!

The air wave made a sensation in all directions, Ye Chen had to step back a full ten steps, and a blood stain appeared on his cheek.

Elder Qiu and the other elders also had to step back.

The central place seemed to be the center of the storm.

But soon, the blood dragon tore the behemoth condensed by the runes.

It can be seen how terrifying the blood dragon is now.

Elder Qiu's expression was terrifying to the extreme. She hesitated for a few seconds, and said to the three elders beside her: "Please also give me a strength, this kid must be killed! Otherwise, my Holy Grass Valley will become the Heavenly Dao in the Blood Spirit Secret Realm. Joke!"

The eyes of the remaining three elders hesitated: "Elder Qiu, you can notice that there is a blood dragon hidden in this kid. Could this person be the dragon-master that the lord is looking for? Luo is not an improper person, I'm afraid this The kid is really the guy the Sect Master has been looking for."

"Moreover, the strength of this kid is very weird. Facing us, I can't feel any fear or withdrawal in his eyes. If we continue to do it, it will not be good for us!"

"Yes, Lao Qiu, let's stop, your broken arm should be able to recover. With our level of existence, it is normal for the broken arm to regenerate, so don't take a shot at a junior."

Elder Qiu heard the persuasion of several elders around him, and the expression on his face flickered, which seemed to her to be humiliated by others.

If the revenge of the broken arm is not reported, how will she gain a foothold in the Holy Grass Valley in the future.

She snorted coldly: "Since you don't want to make a move, then forget it, I don't need it! You really thought I couldn't kill this little beast!"

"There is no one in this world that I can't kill!"

When the words fell, Elder Qiu closed his eyes, and the momentum of his body was even more released.

Afterwards, she took out the jade pendant from her waist.

When the other elders saw this scene, their expressions changed slightly.

"Old Qiu actually wants to use secret techniques on this kid!"

"Once the secret technique is activated, the strength will be turned up. The key is that this will cause great damage to Lao Qiu's body! She is crazy!"

"Do not hesitate to kill this kid at this price!"

The elders wanted to persuade, but it was too late!

I saw Elder Qiu flipping his arm, and a drop of essence and blood overflowed directly on the palm of his hand, even wrapping the jade pendant.

The jade pendant shattered on the spot and turned into the light of countless stars.

At the same time, bursts of ice appeared in all directions, and a long river was condensed above the sky.

The long river is like a water dragon, extremely hideous.

"Even if you control a blood dragon! The phantom of the water dragon that burns my blood and my cultivation base is enough to destroy everything about you."

With a long roar, the world changes color!

The long river in the sky poured directly down, like the Yangtze River rushing!

magnificent!

Rumble!

The water dragon slammed on the blood dragon.

Zi Zi Zi...

The two energies collided, and there were bursts of low voices instantly.

"how is this possible....."

Ye Chen's eyes widened.

What did he see?

He discovered that the water dragon that the long river turned into had directly penetrated the body of the blood dragon.

Even if the blood dragon wants to do it, it is impossible!

"What the **** is this!"

Ye Chen understands the blood dragon, the blood dragon is powerful, it is impossible for external forces to penetrate so much.

But what is the situation now.

At this moment, the sound of Blood Qiye came from the reincarnation cemetery.

"If I guessed correctly, this should be the Nether River, the most yin thing in the world, and the blood dragon is the most yang attribute. If the two touch, the blood dragon will definitely suffer."

"There is a connection between the blood dragon and you, and it is nurtured from your body. If the blood dragon is swallowed by the Nether River, your cultivation level will also have a huge impact!"

When Ye Chen heard these words, he found that the blood dragon rushed into the sky, rolled the dark clouds, and then slammed down again.

As if intending to get rid of the long river of darkness in the body.

"Senior, there is a way to break the Nether River!"

Xue Qiye shook his head: "People do not hesitate to burn blood and cultivation base to kill you. It is not easy for your current cultivation base to break through the long river of darkness! However, you also have the existence of the world's yin in your body, and that is the line between your eyebrows. Magic beads."

"The power of that magic orb can communicate with Jiuyou, which is also an important reason why Jiuyou Skykiller chose you!"

"Maybe the power of your eyebrows can absorb this long river of darkness!"

"It's now, go!"

Ye Chen heard the urging sound of Xue Qiye, no longer hesitated, communicated with the blood dragon, and came to the blood dragon's side, his five fingers directly patted the blood dragon's body.

He found that the body of the blood dragon was extremely cold!

That Nether River is like ten thousand years of ice!

Ye Chen's unquenchable fire gathered his palms, but he discovered that the unquenchable fire was extinguished on the spot!

Visible power!

"Blood dragon, let my power enter your body."

Ye Chen's words fell, and a faint blue light appeared between his eyebrows.

This light was extremely cold, and an eye was formed above Ye Chen's eyebrows.

Ice-cold, bone-broken, bloody, Jiuyou.

Like the eye of hell!

The billowing devil qi instantly wrapped the body of the blood dragon, entangled with the Nether River Ye Chen at this moment felt very delicate, he could feel the power of the eyebrows touching the Nether River and seemed extremely excited!

In a moment of negligence, the eyes of **** on the center of the eyebrows suddenly shrank, and the long river of Netherworld seemed to be out of control, and was directly drawn away by an invisible force!

The Billowing Nether River even penetrated into Ye Chen's forehead.

Endless magic energy swallows everything!

Elder Qiu's face changed a lot when he saw this scene!

"Damn, my nether river! Little beast! What are you doing!"

She could clearly feel the Nether Long River being absorbed by madness!

Her cultivation is based on the long river of Netherworld. If all of them are absorbed, how can she break through in the future!

This is the chance she got at the risk of her life!

Chapter 1108: The answer you want!

"You stop me!"

Elder Qiu is crazy to the extreme! Her face is even paler!

Regardless of everything, she looked at the three elders beside her, and said excitedly: "You should know the importance of the Nether River to me. Are you really planning to just ignore it?"

"I will bear all the costs of today! Please also the three elders to look at the friendship of the past and help me!"

The three elders also noticed that Ye Chen was plundering the Nether River, they hesitated for a few seconds, and finally forced a drop of blood.

The collision of essence and blood turned into a blood mist covering Elder Qiu's body!

Elder Qiu outlines a smile at the corner of his mouth! Her current strength is almost in the middle of the Emperor Realm!

Most people are not qualified to shake!

Her eyes were crazy, and her body was full of crimson light!

As if torn the void, came to Ye Chen's side!

"Little beast, I still want to plunder my nether river and look for death!"

In an instant, the world changed colors and the wind changed.

It seems that this world is completely cut off!

This sudden change caused Ye Chen's heart to tremble fiercely.

He wanted to stop absorbing the Nether River, but found that the power of his brows was not allowed at all!

He could not move, even unable to fight Elder Qiu.

The violent sword intent swept through the sky, as if to swallow Ye Chen alive.

"Damn it!"

Ye Chen's pupils shrank rapidly and roared loudly.

He can feel the horror of this sword.

If you are stabbed into your body, you will definitely die!

Although he is refining his body, he is far from qualified to resist the strong blow of the Emperor Realm!

He felt the breath of death.

As if accompanied by this sword, it was the deep sea hell.

This sword, like the sickle of the **** of death, opened the door to hell.

Ye Chen only felt the blood in his body solidify, and he couldn't help shaking!

This may be the first time Ye Chen felt such fears in his life.

death? Right now in front of Ye Chen.

"Stop it!"

Ye Chen roared, but found that the magic bead in the center of his eyebrows did not react at all! Still absorbing the Nether River!

Damn it!

Ye Chen was extremely angry!

Elder Qiu didn't stop when he saw Ye Chen's death approaching, and he smiled coldly: "It's really a little beast who doesn't know how to live or die. You must have a good chance. Today, it will all belong to me, die for me!"

Sword intent broke out! Pierce the void!

At the moment when Jianfeng was about to fall on Ye Chen's heart, the sudden change suddenly appeared!

The situation is surging within ten miles!

A gust of wind swept from the depths!

"stop!"

An old voice suddenly sounded!

Hearing this voice, not only Elder Qiu, but everyone present changed their expressions!

Sovereign is out!

The wind came so fast that an old woman wearing a gossip long-distance race appeared in front of Ye Chen instantly.

Two fingers stretched out and directly clamped Elder Qiu's sword!

All power disappeared! As if completely absorbed by a ball of sponge!

Elder Qiu stared at the person blocking him, and his voice trembled: "Sect Master, why did you come out, aren't you in retreat?"

The old man snorted coldly: "If I don't come out again, the overall situation that I have arranged for thousands of years will be destroyed by your waste!"

The words fell, the strength of the old man's **** broke out!

The destructive force spreads from two fingers!

"Crack!"

The long sword is directly turned into powder! The violent air wave hit Elder Qiu's body fiercely!

Without warning, Elder Qiu spit out a mouthful of blood, flew out, and hit the ground fiercely!

Almost seriously injured!

Seeing this scene, the remaining three elders and all the female disciples around bowed their heads and knelt down!

"See Sovereign!"

The old man ignored it, she glanced at Ye Chen who was absorbing the Nether Long River and the blood dragon around her body, her eyes narrowed slightly.

After that, he turned around sharply, with his hands behind him, and the old voice fell!

"From today onwards, Elder Qiu Yun is eligible to be expelled directly from the Holy Grass Valley, and the other three elders who have taken action are all demoted and deprived of their rights!"

As soon as this was said, everyone took a breath!

No one thought that the Sect Master would expel Elder Qiu Yun directly for an outsider!

It even demoted the status of the remaining three!

After ordering all this, the old man's eyes fell on Luo's body: "Luo Er, you brought this person?"

"Yes, Master, I just..." Luo's eyes were a little flustered, for fear of blame.

The old man nodded and his eyes were relieved: "Luo Er, I didn't misunderstand you as a teacher! Starting from today, if anyone dares to bully you, he will be expelled from Holy Grass Valley! Before this, I dared not protect you too much, just because I was afraid of butterflies. Effect, today, the person who has to wait for the teacher finally appeared! No need to think about everything!"

Luo heard these words with moist eyes and excitedly said, "Master, is Mr. Ye really the person you are looking for?"

The old man's eyes fell on Ye Chen's body, and the eyes of **** between Ye Chen's brows were closed.

Nether River completely absorbed.

Although Ye Chen didn't know how to use it, the power of this long river of darkness combined with the center of the eyebrows was absolutely terrifying!

Enough to be his hole card!

The old man smiled and said to Ye Chen: "If I guessed correctly, you should be Ye Chen. Not only do you control a blood dragon, you should also control reincarnation."

Hearing these words, Ye Chen's expression suddenly changed to horror!

The old man knew his name was not weird.

The strange thing is the word reincarnation!

Does this old man know the reincarnation cemetery!

At this moment, Ye Chen had a killing intent.

The reincarnation cemetery is his biggest secret, if such a heavenly thing is known by such a powerful person, it will be greedy.

Regardless of good or evil, he must kill!

The old man naturally noticed Ye Chen's killing intent and smiled: "Little brother, don't think about it. This is not a place to talk. You are willing to go with me inside, and I will naturally solve some doubts for you."

Ye Chen will be murderous, nodded: "Good."

He knew very well that it was impossible to shake this existence with his current strength!

This Luo's master's cultivation is not only as simple as the middle stage of the emperor's realm!

Extremely dangerous.

Ten minutes later, the two came to a hall, the old man waved his arm, the door closed, and the formation surging inside the house.

Natural shelter!

Not only the strong can not check the situation inside, even the heavens are not qualified to watch!

A big pen The old man squinted and made a cup of tea for Ye Chen. With a wave of his arm, the tea was suspended in front of Ye Chen.

Ye Chen stretched out his hand, held the teacup directly, took a sip, and said straightforwardly: "Who are you? Why did I hear Luo say that you have been waiting for me?"

This is the biggest doubt in Ye Chen's heart.

The old man smiled, and casually grabbed his palm against the ground, and the ground in the center of the hall shook!

In the next second, a stone tablet suddenly appeared!

Rise from the ground!

Ye Chen didn't even know the ancient words and patterns carved on the stone tablet!

But this is not important!

Because the material of the stone monument is exactly the same as the tombstone of the reincarnation cemetery!

Chapter 1109: Only 1 hope

Ye Chen stared at the stone monument rising from the ground.

The stone tablet seemed to have a magical power that made Ye Chen's eyes unable to move.

Even if the text and the above pattern do not recognize.

He could feel the little rocks in his pockets flying out as if to break free.

The tombstones in the reincarnation cemetery also shook.

He is almost certain that the stele and the reincarnation cemetery have a lot of connection.

The old man naturally noticed Ye Chen's puzzled expression, and stood up, with an interesting taste: "It seems that you also know this stone tablet."

"By the way, after talking for so long, I haven't introduced myself yet. You are not from the Holy Grass Valley, and there is no need to call me the Sovereign. You just call me seniors."

Check out this new online game!

Ye Chen's expression did not fluctuate in the slightest.

Before confirming the identity of the other party, he naturally wouldn't be close.

"Where did you get this stele? And why are you waiting for me!"

"Listen to Luo, you have waited for me for thousands of years. Thousands of years ago, I was not born. What a joke! Don't tell me the sky-defying spell! If you have this sky-defying spell, how can you be trapped in this blood spirit? In the secret world."

If the predecessor heard Ye Chen's question, he smiled heartily, and he was not unhappy with Ye Chen's attitude.

"Your question is very good, I will answer you naturally."

"Actually, your two questions can be said to be the same!"

"This stone tablet is the biggest reason why I am sure of you. With your current state and experience, you should not be able to see through the words on it."

Ye Chen did not speak, waiting for the answer from the other party.

If the senior came to the stele, his fingertips forced a drop of essence and blood: "There is a gap between the words on this and Huaxia, you naturally don't know, but I will use some means to instantly understand the meaning of the words above."

After finishing speaking, if the blood of senior's fingertips lightly wiped in front of Ye Chen's eyes.

The light of blood covered the pupils.

Ye Chen was horrified to find that the text above had begun to change!

The original primitive characters have finally formed the Chinese characters of Huaxia.

Above the key Chinese characters, the words Ye Chen, Yulong, Reincarnation, and Blood Spirit Race unexpectedly appeared.

Perhaps because of the passage of time, most of the text has become incomplete.

Ye Chen could not connect this passage.

If the senior picked up the teapot, poured another cup of tea for Ye Chen, and then continued: "You should believe what I said now."

"I didn't choose you, but this tombstone chose you."

"In ancient times, meteorites from outside the region fell on the earth, and a total of five stone tablets fell."

"One piece is the existence you see now. As for the remaining four pieces, for so many years, I have only grasped the whereabouts of the other piece. As for the remaining three pieces, I don't know if it is because of hidden power or some reason, it has been silent."

"Perhaps it fell somewhere in the deep ocean."

When Ye Chen heard these words, his eyes shrunk, and he subconsciously said: "The other piece you have should be related to the Kunlun Xuye Family."

If the senior heard the Ye family, the expression was extremely hideous, and even a little surprised, but soon, the surprise disappeared, and she suddenly realized: "That's right, your surname is Ye, I guess you come from the Kunlun Xuye family. Know this. It's not strange."

"The stone stele of the Ye family seems to be more powerful. Unfortunately, when I arrived at the Ye family, the stone stele disappeared. I heard that it was transformed into energy. I don't know if it was because of this."

Ye Chen felt the energy emitted by the pocket stone and smiled.

It is estimated that these five steles have different attributes, but the most important one is undoubtedly the reincarnation cemetery.

If the reincarnation cemetery had not been opened, there would be no Ye Chen today.

"You asked me to come here. Are you talking about these things? I'm in a hurry. If I have something to say, I will let you go."

If the predecessor heard Ye Chen's urging, he smiled: "Young man, he is very angry."

"I have stayed in this Blood Spirit Secret Realm for so long, and I don't hesitate to build the Sacred Grass Valley, just to fight against the six powerful blood spirit races inside."

"These powerful blood spirit tribes can be said to be prisoners of war. As for why they don't beheaded, it is because the power in the blood spirit tribe is different from our Kunlun Xu practitioners."

"Their blood and power are like our upgraded version. This is the crush of origin."

"Also, every once in a while, the Blood Spirit Race will send people to Kunlun Xu to take away a hundred powerful emperors."

"Every time, for Kunlun Xu and Earth, it is a serious injury!"

"From ancient times to the present, there have been countless serious injuries, and in the end only a few of our top powerhouses are left to sit down! The entire Kunlun Xu practice environment is also in fatigue."

"We know better than anyone that Kunlun Xu will be swallowed by the Blood Spirit Race one day earlier. Only by finding the weakness of the Blood Spirit Race and fighting against the existence of the Blood Spirit Race can Kunlun Xu have a chance to live."

"I stayed here and had contact with the six people of the Blood Spirit Race countless times before I understood the words of the stele."

"And what the text on the stone tablet reveals is the only possibility to break the blood spirit race! His name is Ye Chen! Control a nine-day blood dragon!"

"I always thought that Ye Chen was an extraterritorial power. Until one day, I suddenly wondered if Ye Chen was born in Kunlun Xu."

"As for the rest, you should know, you are the one I have been looking for!"

Ye Chen was unbelievable.

His current strength is nothing but the Void King Realm, and the powerhouse of the Blood Spirit Realm is too far away for him. He doesn't think he has the power to crush the powerhouse of the Blood Spirit Race.

He really couldn't understand why everyone was optimistic about himself.

And why put such a powerful existence against the blood spirit race on his own body.

Is it because of the reincarnation cemetery?

The hundreds of mighty powers in the reincarnation cemetery are unable to shake the blood spirit race, and he is only a young man in his twenties who is eligible?

Ye Chen shook his head and waved away the thoughts in his mind.

"Now you are waiting for me, what do you want me to do next?"

"Let me explain I will not listen to your opinion. I have my own way to fight against the blood spirit race."

If Senior squinted his eyes slightly, he stared at Ye Chen.

She hesitated for a long time, and finally said: "I want to know one thing, is there news about the mighty power that disappeared in the ancient wars in your body."

"No." Ye Chen said directly.

If the senior is thoughtful, continue to say: "Okay, I don't care about this issue, I am more concerned about another issue, a year and a half later, the blood spirit race landed in Kunlun Xu again, are you planning to go there?"

"It's useless to kill the elders of the Blood Spirit Race alone. Only by finding the people behind the Blood Spirit Race can the current situation be changed."

"One thing, I might as well disclose to you, the power of the blood spirit race is far beyond the emperor's realm can shake, since the stele chose you, there must be a reason, I hope you can take this stele to completely destroy the blood spirit Clan, you are the only hope I can see."

Chapter 1110: 5 things

"Before that, you have to meet someone."

"This person is the only one who survived the ancient times. He knows the Blood Spirit Race better than anyone else."

"For so many years, this person doesn't know if he is really crazy, or pretending to be crazy, just to find out the existence of the secret of the blood spirit clan powerhouse, I think he should be whereabouts, but I don't know if he wants to see you. "

Ye Chen's eyes flickered like cold stars: "You should be talking about Han Yun. The ancestors of the Han family are said to be in this blood spirit secret realm. Since you are familiar with the blood spirit secret realm, I am afraid that you know his whereabouts."

If the senior nodded: "The old guy and I have some intersection, but this person has a very strange temper. The first second may be calm, the next second he will be crazy, and may even kill innocent people. I used magic to check there. In fact, the Kunlun imaginary powerhouses who came in with you this time have found Han Yun the first time."

"It's a pity that most people died in Han Yun's hands."

"Are you going to see him now?"

Ye Chen's eyes were extremely firm, and he had no choice when he entered the Blood Spirit Secret Realm.

As for Han Yun's danger, he was not afraid.

He didn't think he had died prematurely.

If the predecessor got the answer from Ye Chen's eyes: "Okay, since you are a certain person on the stele, Han Yun will naturally not be able to escape this level. I bet you can get out alive."

"But before you go to find Han Yun, I want to give you some things. Come with me. These things belong to you."

"This is also the only thing I can do for Kunlun. I am old and can only guard this sacred grass valley. As for facing this extremely dangerous existence, I cannot do it. Jiangshan still needs you young people to beat it."

If Senior's body rickets, he walked towards a wall.

Soon, her footsteps stopped, and she stretched out her hand slowly, pressing her five fingers on a pattern on the wall.

In an instant, the entire wall moved, even moving to both sides.

A stone gate directly appeared in front of him.

Ye Chen even felt that the Shimen contained aura that was even more terrifying than the Blood Spirit Secret Realm.

"follow me."

If Senior took Ye Chen through a long corridor and pushed open the stone gate, he would find that there was a cave inside.

The central place is a huge square.

There are several five-meter-high stone pillars above the square, and five things are lying quietly on the stone pillars.

If Senior came to the first stone pillar and opened his five fingers and slightly closed them, a box on the first stone pillar would be suspended in front of her.

After repeating this, the things sealed on the remaining four stone pillars all fell firmly in front of Ye Chen.

Five quaint boxes.

Although I don't know what's inside, but the emperor realm powerhouse guards so carefully, it is definitely not a mortal thing!

"I have deciphered some of the words on the stone tablet, and also learned some things, these things should be useful to you."

After finishing speaking, if Senior raises his arm, the first box will open directly.

To Ye Chen's surprise, it turned out to be a golden golden garment inside.

The texture and material on the surface of the gold hazel garment are all against the sky to the extreme.

There are even traces of formations on the surface.

These formations are all ancient formations!

"You put on this dress."

Ye Chen nodded, took the gold hazel and put it on directly.

In an instant, the clothes disappeared.

But Ye Chen could really feel the barrier covering his body.

This barrier is enough to resist a blow from a powerful emperor realm!

"Accept the move!"

If the senior suddenly pointed out, the aura of the emperor's realm would be exposed, and the violent power would take Ye Chen's key.

It was too late for Ye Chen to hide because the two were too close.

The key, Ye Chen had already determined that if Senior and him were not enemies, he would never have thought that the other party would take action.

A finger of the power of the emperor's realm fell on Ye Chen's chest, blood shining around.

Ye Chen originally thought that this blow would definitely die, but he didn't expect that the moment the finger of the predecessor touched him, the golden robe flashed, the powerful pressure disappeared, and only relief was replaced.

That is to say, Jin Hao Yi resisted a sudden blow from an emperor realm powerhouse for him.

This is too scary.

However, perhaps because of the strong blow that the gold hazel had received, it gradually became apparent.

However, the dazzling gold disappeared, extremely dim.

"Senior, is this gold hazel completely useless?"

Ye Chen said curiously.

If it is a disposable item, that would be a pity.

If the senior shook his head, he explained: "Don't worry, I found this baby on a snow-capped mountain for thousands of years. It is extremely precious!"

"It will naturally fill up every twenty hours."

"Wait twenty hours later, if you put it on again, it will be the same as before. He can at least withstand a blow from the mid-Emperor Realm powerhouse."

"Remember, it's a blow, this can save your life to the greatest extent!"

Ye Chen arched his hands: "Xie Ruo senior!"

If the senior glanced at Ye Chen, he smiled and said, "The change in your attitude makes me uncomfortable. You don't have to thank me. From beginning to end, I am all for myself, not for Kunlun Xu."

"I took the sect disciples to stay here, it is a manifestation of fear in itself."

"The most dangerous place is the safest place. Even if Kunlun Xu is razed to the ground outside, I may still be alive inside."

"I'm avoiding problems."

Later, Ruo Xian opened the second box again.

When the second box was moved away Ye Chen found that there was a Danding lying quietly inside.

"Above the stone tablet, it is said that you are good at medicine.

Although I don't see any fame now, I think this Danding is of great value to you. "

"This pill cauldron is called the sacred grass cauldron. It is a treasure of my sect. I am not interested in alchemy. I will give it to you. I hope that you can become stronger with this cauldron."

Ye Chen looked at Shengcaoding, breathing quickly.

He knows Dan Ding too well, and this is like Senior's Sacred Cao Ding, high-ranking against the sky!

If you use this pill cauldron to refine alchemy, your success rate will increase by at least 20%!

Ye Chen even looked forward to the remaining three boxes.

But if the senior hasn't opened it for a long time, he said to Ye Chen, "You don't open the remaining three boxes now."
