Chapter 1141: Fallen here!

Mourning was surprised for a reason.

She knew the secret of Ye Chen's bloodline better than anyone else.

The existence of the reincarnation cemetery against the sky will not choose anyone randomly.

Ye Chen can be said to be the most suitable existence among the billions of stars and planes.

The earth is small!

Even in terms of cultivation realm and martial arts, it is far weaker than other places.

But the birth of Ye Chen was an opportunity to change everything here.

He thought it would take a long time for Ye Chen to be in contact with those things in the bloodline according to Ye Chen's development.

Her eyes were a little excited, and she murmured: "It seems that the tomb owner is going there soon. Today, I am afraid that these blood spirit clan powerhouses will fall, and I have a hunch that the tomb owner will definitely be crazy in this blood spirit secret realm. growing up!"

"Maybe it won't take long to see my body!"

Ji Siqing naturally heard Mourning's words, she turned her head in surprise, and said curiously: "What are you talking about? Ontology, what is the tomb owner?"

Mourning was startled, and then shook his head: "It's nothing, we can't stand by outside, the sword formation is too powerful, let's share some of it."

"it is good."

Outside the sword array, Ji Siqing waved his hands, and an ice sword flew out of his palms. With the blue luster, it turned into a shield, covering himself, Ye Luoer and Ye Lingtian, without being hurt by the sword array for the time being.

"Thank you!" Ye Luoer lowered her head obediently, staring at the sword formation, and said coldly, "These old blood spirit tribes are really mean! The master is right, no blood spirit tribe is good!"

"When I am strong enough, I will kill all these blood spirit race guys!"

Mourning glanced at Ye Luoer and smiled helplessly.

If this girl knew that her blood was from the Blood Spirit Race, she wouldn't have said such words.

I don't know if it is a good thing or a bad thing for this person to stay with the tomb owner.

Ye Luoer noticed Mourning's eyes and glanced, without thinking, instead clenched her fists and said excitedly: "Mr. Ye must be able to break through the sword formation!"

She always has absolute confidence in Ye Chen.

This is exactly the case.

Since knowing Ye Chen, Ye Chen has never been defeated, pushing all the way, no matter the senior sister or other strong people, they will eventually be defeated by him.

Today, these remaining blood spirit clan elders of the emperor realm are no exception!

Ji Siqing looked forward to her beautiful eyes, staring at the sword formation, her eyes waved like water, her black hair danced lightly, she was beautiful, her eyes flowed, and her flawless jade body was like white and beautiful jade, touching her heart.

But the petals fluttered, making her more agile.

She stared at Ye Chen, thinking in her heart: After this battle, he should be able to break through.

and I?

As the beauty of the sky, I must be weaker than Ye Jitian?

No way! I must become stronger!

at all costs!

Ji Siqing already knew what happened a year and a half later, no matter what, she would carry Kunlun Xu's future!

She stared at the sword formation fiercely. Although she was determined, she felt the horror in the fluctuating heart that became more intense.

Ye Jitian's swordsmanship and spearmanship have reached such a level, crossing the Dao Source Realm and the Nirvana Emperor Realm!

In the whole world, I am afraid that only he can do all this.

Void King Realm Nirvana!

He is the only one!

In the sword formation!

"Little beast, dare to resist!"

"Today you must die!"

The fourth blood spirit clan's elder was furious, and his body was shocked with blood and strength, dispelling the sky full of sword energy.

He condensed the divine sword with both hands, each of his palms condensed the essence, a steady stream of vitality overflowed from his body and gathered in the divine sword, the sword body was bright and dazzling like the sun, surging with endless murderous intent.

While concentrating on the ultimate move, he looked at Ye Chen: "One move will kill you!"

Let me use this trick, you will be honored when you die! "

"Sword of Vitality!"

The old fourth of the blood spirit clan yelled violently, with vigorous blood, scrolling the sky, brilliance flickering, the spirit sword on his chest turned into a huge sword of hundreds of feet, and then the spirit moved, took out a formation flag, and threw it forward, seventy-two The gate array flag and the thirty-six gate array eyes burst out towering mighty power at the same time, blessing on the divine sword with mighty power.

In an instant, the world turned around, and a unique world formed inside the ancient sword formation.

The power of the entire world, turned into the power of a sword, is equivalent to a world's divine sword fighting Ye Chen!

Ye Chen looked around and said, "Not enough!"

He stared at the endless sword energy in front of him, with a smile drawn on the corner of his lips, the real power bloomed, his arms shook, and the billowing demon energy swept out, raging among the stars, destroying most of the formation.

The sword formation has actually been abolished in half!

It can be seen how terrifying the power of the phantom

"kill!"

Ye Chen scorned, holding the Jiuyou Skykiller in his right hand, endless power burst out, as if the whole world was surrendering to him, all kinds of visions were born, the **** moon was in the sky, the golden sunrise, accompanied by full devilish energy, shattered Everything was cut straight towards the fourth blood spirit clan.

Cang!

Along the way, countless vigorous sword qi collapsed.

The sword intent of the entire formation could not stop Ye Chen!

Wow! !

All things are shattered in a flash.

Ye Chen's Jiuyou Tianqiang spear smashed into the head of the fourth blood spirit clan with a violent devilish energy. The spear shook, and with the impact of the blood dragon, bursts of bone fragmentation sounded, crisp and loud.

boom!!!

At the same time, the remaining flags shattered!

The sword formation arranged by the blood spirits collapsed on the spot!

"You!" The **** spirit clan's fourth old man had a grim expression, stupidly stuck in place! His eyes widened, "How could this..."

"how is this possible?"

"impossible!"

"I am the emperor, how could this be?"

The fourth blood spirit clan's eyes were filled with incredible disbelief. He was an emperor, and he had reached the highest point, and even his merits, how could he die in the hands of this little beast?

And it's a **** trick!

This is simply a big joke!

Rumble!

Jiuyou Skykiller slipped down, shattering his internal organs.

The pain was intense, hitting his mind, and in an instant, he woke up and looked at all this in front of him seriously, "I... unexpectedly, was killed by a descendant of the Void King Realm? Ah..."

Soon, he fell into madness and wanted to fight back.

Wow! !

Ye Chen's spear cut open his body Three great spear intents, devil energy, thunder and lightning, blood dragon, various powers broke out, completely cutting off his vitality.

He shook the Jiuyou Skyslayer Spear again, and his tyrannical force directly shattered the flesh of the fourth oldest of the blood spirit clan, and countless rain of blood floated down.

A generation of powerful emperors!

The fourth child of the blood spirit family, fell here! !

Rumble! ! !

In the sword formation, countless gun shots and thunders flickered, and the blast of thunder blasted in all directions, expanding into a sea of thunder, and the waves were raging!

Ye Chen at this moment is like a **** descending to the earth!

Above the sword formation, there were no waves from the beginning!

Step by step, expand to the appearance of cracks. From the eyes of the eyes, it looks like a spider web the size of a disc. It is not large in diameter, but the inside is red, green, and blue, as if the chaos has begun!

Chapter 1142: Xiao Huang! are you ready!

Boom! !

A flash of lightning flashed across the sky.

The patter of raindrops dripped and landed on everyone's cheeks, and everyone just woke up!

"Okay, amazing!" Ye Luoer was excited and shouted: "Mr. Ye is too amazing!"

She clenched a fist and shouted, "What is the emperor state, Mr. Ye can still slaughter!"

"Mr. Ye has only the Void King Realm!"

"When Mr. Ye reaches the Emperor Zun state, no one will be Mr. Ye's opponent!"

In such a scene, Ji Siqing clenched his fists.

Ye Jitian's strength made her desire for battle extremely strong.

It turns out that the Void King Realm can be so powerful!

She stared at the mask on Ye Chen's face, with some familiar meaning.

This feeling reminded her of Ye Chen's single-person power shaking everything in the comparison of geniuses!

"Ye Jitian? Ye Chen? Why do I always feel like you two?"

She already had an uncertain answer in her mind.

And this answer must take off the mask on Ye Xitian's face!

"Fourth!"

"Fourth!"

The youngest of the blood spirit tribe and the second child of the blood spirit tribe, his complexion changed drastically.

They stared their pupils wide and looked at the ancient sword formation with a look of incredible expression.

"The fourth child is the first floor of the Emperor Realm!"

"Even if it's on the first floor, it won't be possible for a kid of the Void King Realm to be killed with a single blow!"

The blood spirit clan's third child couldn't believe this at all.

One is the Emperor Realm and the other is the Void King Realm!

This is like the difference between a half immortal and an ordinary person. How can it be crossed?

Even though thousands of years ago, there were geniuses who could cross many realms, in the Void King Realm, they could only draw a tie with the fifth and sixth layers of Daoyuan Realm.

But Ye Chen actually crossed the Daoyuan Realm, crossed nearly a dozen small realms, and killed the fourth child.

Plus, the fifth and sixth feud!

Today, Ye Chen must be killed!

The blood spirit boss has majestic eyes, and on his mottled cheeks, time is flying fast.

He stared at Ye Chen in the formation, and slowly said, "This son was born extraordinary and cannot be treated as a normal person!"

"He can kill the fourth eldest, and his strength is probably equal to that of the second floor of the Emperor Realm!"

"It's not right to fight across more than a dozen levels. I can feel that this kid's power suddenly rises, and his devilish energy is so strong. Could it be that he was possessed by a strong demon clan?"

"The Mozu's methods are extremely strange, it's not impossible that this is possible!"

He quickly looked at the second child of the blood spirit clan and the third child who had already entered the formation, and said: "The third child, you are the third floor of the Emperor Realm, you may not be able to go alone!"

"The second child, you are on the fifth floor of the emperor realm, you take the third one with you!"

"You two must kill the little beast in the shortest possible time! This kid with more than 20 bones is a scam! There is definitely a demon power in his body!"

"As for the others, wait until the little beast is killed!"

"understand!"

"Yes!"

The second child of the blood spirit clan took out an ancient sandalwood box and took out another **** pill from it.

Although this **** pill has the name of a **** pill, it is not a real **** pill, but its medicinal properties are enough to make the old emperor's realm return to the combat power of his youth. It can last for one day, but one day has passed. Will age more severely.

Regardless of the worsening of weakness!

Today, this little beast must be killed!

Ye Chen is not dead, and in the future, he may not live until the end of his life!

Huhu! !

Huhu! !

The second child of the blood spirit clan takes a divine pill.

Suddenly, the Quartet is quiet, and the great power is surging! ! !

Countless thunderclouds and dark clouds converged, lightning flashed and thunderous, bursts of world-killing energy bloomed.

Hundreds of thousands of meters of thunder cloud and dark cloud each formed an extreme vortex. Among them, a pillar of divine light fell down instantly, encompassing the third child of the blood spirit clan and the second child of the blood spirit clan. Numerous Taoist aggregates began to nourish the flesh and restore. Combat power.

In any realm, combat power will be weakened after old age.

And at this moment, they are accepting the baptism of Dao Yun, returning to the peak moment, mastering the true power of the blood spirit race.

"Little beast, go to death!"

"Little beast, you kill three powerful blood spirit races. After killing you, I will use your skull as a bone bowl!"

In an instant, the second child of the blood spirit tribe and the third child of the blood spirit tribe made a move, directly condensing a formation!

Cover everything!

They looked at the devilish Ye Chen and did not dare to take it lightly! So many powerhouses have even died!

They must launch their strongest killing technique!

In an instant, a swarm of swordsmanship grew, cracking the endless earth, a blue sword sea, waves swept across the sky, two unspeakable murderous intent, shrouded the world, a king sitting high in the blue sword sea, like a great god!

Fire sword breaks the sky! !

Blue Sea Excalibur! !

Two moves were suddenly issued, and the huge sword formation was filled with two forces, blocking the space, gathering in all directions, and a strong blood rushed down, intertwined with mixed lights sword dragons, which has the potential to destroy the world. ! !

Rumble!

With such power, the formation no longer releases spirit swords, and the four towering sacred trees release their own strength as much as possible to maintain the formation itself!

"If one doesn't work, then two? I can't kill them all!"

Ye Chen clenched the Jiuyou Skykiller, mobilizing his body's strength, and the blood dragon burst out into the sky.

He could feel the power that the phantom gave him was drastically reduced!

Must fight quickly!

This phantom gave him too much power!

Once lost, he must die!

Right now, he must do his best with every blow, even if it hurts his body!

He can't care so much anymore!

The sky-killing spear of Jiuyou dances, the devilish energy is like ocean waves, endless power bursts out, like the whole world is trembling, the vision is surging, the blood moon is in the sky, the blue sea is facing the sky, and the sea of blood is transformed into a sea of blood, and the sea of blood turns into death. The sickles all fell down!

The powers of the second and third of the blood spirit clan confronted the Jiuyou Sky-killing Spear, and multiple forces collided, gradually becoming a disadvantage.

Happiness... Happiness! !

Boom! ! !

After a burst of sound, countless golden lights flickered!

puff! ! !

In the air, the three of them sprayed blood at the same time, turning into three streams of light, each falling aside.

The mask on Ye Chen's face showed signs of shattering!

A trace of blood spilled from the corner of his mouth!

Reluctantly stabilize his figure!

The blood spirit clan's second child was also uncomfortable. Under a single blow, with blood hanging on the corner of his mouth, a hole was made on his chest by the spear of Jiuyou Skykiller. The blood spirit clan's third child was even more miserable. After a few minutes, the two lost half of their combat power, and they were barely fighting Ye Chen in their current state. The Blood Spirit Race was really shameless. "

Just now, Ye Chen had already consumed a lot of money when he killed the fourth old blood spirit clan. At this moment, he could only fight with them for serious injuries, and they would die.

Outside, there is a blood spirit boss!

At the moment, I'm stubborn, a little weak!

"Xiao Huang! Are you ready!"

Ye Chen gave a low voice, it had already made Xiao Huang prepare in the mysterious space!

The time he won is almost!

If Xiao Huang does not come out again, it is also dangerous!

at this time! A void opened, and a giant beast stepped out of the sky.

It seems to be Xiao Huang after evolution!

Chapter 1143: is it?

The dust is rolling around, like a thousand feet!

The dust obscured everyone's sight.

Everyone present can only vaguely see a phantom.

A huge ghost.

Ye Chen held his breath, excited to the extreme.

Xiao Huang's blood and power originate from a great power in the reincarnation cemetery.

It was destined to be extraordinary from the beginning.

And Lin Qingxuan told him that Xiao Huang will go through many evolutions!

Every evolution will be extremely terrifying!

And this time evolution is absolutely against the sky!

The second and third of the blood spirit tribe naturally noticed the strange aura in the smoke and dust, and they frowned.

"What the **** is this? Why do I feel something wrong?"

"This seems to be the roaring sound of a monster beast. Could it be that the little beast summoned a monster beast?"

Even the blood spirit clan boss in the periphery also noticed that something was wrong, and the aura in the smoke and dust made it feel strange.

It can even be said to be a threat!

Only Mourning knew what the dark shadow in the smoke was!

Xiao Huang!

But Xiao Huang's body doesn't seem to be that huge!

The power of her emperor realm wanted to penetrate the smoke and dust, seeing everything, but found it impossible!

However, she could vaguely find that Xiao Huang in the smoke and dust was extremely unstable, and her body shrank from time to time and became huge!

Ye Chen naturally noticed that he and Xiao Huang had a connection, and he could feel that Xiao Huang seemed to be struggling!

Ye Chen just wanted to rush to help, Xiao Huang's blood-red pupils suddenly looked at Ye Chen, and a low voice sounded: "Don't come over, give me three seconds."

Ye Chen was startled, he could feel a little difference in the blood-red pupils.

It can even be said to be strange.

The sound of monsters kept coming from the smoke and dust.

ferocious.

roar.

The entire central place was shaking violently.

The second and third blood spirit clan felt that something was wrong.

The two looked at each other with determination in their eyes: "No matter what is in there, just kill it! You can't delay it any longer!"

"it is good!"

In the next second, two afterimages rushed into the smoke and dust instantly.

But before they stepped into it, an earth-shaking roar suddenly resounded!

"boom!"

The bodies of the two of them were shot out in an instant, and the powerful impact almost paralyzed their bodies!

Fortunately, they are in the emperor state, stepping on their feet, barely stabilizing their bodies!

At the same moment, a strong wind blows and the smoke disappears instantly.

A black shadow flickers!

When they saw the phantom in front of them, they were completely suppressed!

It was a huge behemoth that was three meters tall! !

There were **** marks under his feet, and his **** yellow-red hair stood up, sharp like a spirit sword, capable of piercing gold and gravel, and **** marks on his head. The whole body was represented by a magical path. The blood lingering all over his body was extremely terrifying.

The cold minions touched the ground, making people feel a bit of cold.

The gaze falls on the head of a giant beast, like a lion from ancient times!

Especially the eyes of that giant beast, one blue and one red!

The red pupils carry the mark of hell!

A single look makes people feel terrified.

In the distance, the blood spirit clan boss of Xianfeng Dao Bone also shrank, and he could clearly feel the threat of this giant beast's body getting stronger and stronger!

The key is that the aura on this giant beast does not belong to Kunlun Xu at all!

This is not the species here!

Even higher than the blood spirit race!

how is this possible!

Ji Siqing, Mourning and others also noticed the giant beast.

Mourning's eyebrows frowned, and she gave a soft voice, then looked at Ye Chen again, but she didn't say anything.

But Ji Siqing became more surprised, she never thought that there was such a giant beast beside Ye Jitian!

The key is that this behemoth really exists!

How did Ye Xitian keep this kind of existence by his side?

At this moment, she only felt that Ye Sutian was a fan of the same man!

Under everyone's gaze, the giant beast didn't make any movement, but its eyes fell on Ye Chen's body.

Staring fiercely.

The eyes are extremely complicated.

Awe, excitement.

"Xiao Huang?"

Ye Chen saw how Xiao Huang had evolved, and his heart was shocked!

Who would have thought that the existence of a cat the size of a cat would turn out to be this way!

He could even feel the aura surging in Xiao Huang's body no less than the emperor's realm!

Now Xiao Huang's realm is not low, enough to cooperate with Ye Chen to kill the two blood spirit elders.

Xiao Huang nodded slightly when he heard Ye Chen's call.

"I still feel comfortable now, but this level of evolution is unstable, and we must fight quickly. Some people don't dare to bully you if they don't have eyes, then I will let them understand what the bloodline of the ancient gods is today!"

At the end of the language, Xiao Huang opened a huge mouth, and burst out a flame. The flame seemed to sweep through nine days. At the same time, a thunder sword spurted out of the mouth. Under the flow of thunder sword, the flame outlined a river of fire and passed along the way. , Scorching the sword formation and the earth.

"brute!"

The second child of the Blood Spirit clan snorted and slapped a long sword casually. After temporarily resisting, he pulled away and left.

In the distance, he turned around and saw that the sword formations arranged by him and the third child were all burned and completely turned into nothingness.

"Kill!" The blood spirit clan's third child slammed a punch and hit Xiao Huang with a claw. The electric flint knocked Xiao Huang back, and he was also scratched with a paw. A wound quickly appeared in the wound, forcing him to be unable to No effort is needed to suppress the wound.

"Xiao Huang, count me! Kill the two old men together!"

Ye Chen naturally couldn't sit still and wait for death, the power that phantom gave him has not completely disappeared!

He waved his arms and shot out the heavenly thunder and guns, full of terrifying killing intent!

The blood dragon in his body roared and rushed out again, as if he had come from the ancient times, shaking up Jiuyou, and shooting Netherworld down.

This blow was also what Ye Chen learned from Lin Qingxuan, combined with the blood dragon, it must be very strong, but it has not been used!

"war!"

"I still don't believe it. After so many years of cultivation, I can't solve a kid!"

The blood spirit clan elder third shouted angrily, lifted the sword and stepped out, when the air force smashed the sword, the sword body pretended to be filled with a trace of avenue mood, and fell suddenly, and the sword blade was drawn with a daoyun on both sides to form a chain. Living in Xiao Huang, he wants to attack Ye Chen again!

Click! ! !

Ye Chen held the Jiuyou Sky-killing Spear and cut off the chain of Dao Yun with a violent blow to the sky, the spear shot to the top and turned into thousands of lightning and thunder.

Bang bang bang! ! !

A flash of lightning fell, forcing the blood spirit clan's third child to dodge.

At the same time, for the Dao Yun chain control error, Xiao Huang broke free, jumped out, opened his blood basin and opened his mouth, the blue eyes released extremely violent power!

The blood spirit clan's third child felt something was wrong, pinched the tactics with his fingers, and instantly formed a cyan sword tactic, blocking the thunder and lightning released in the eyes of Xiao Huang Youlan!

Even suppressed Xiao Huang's lightning!

He looked at Xiao Huang and sneered: "A beast really thinks he can control everything? The blood of my blood spirit race crushes all the blood of monsters! What the **** is it for you! Today I will beat you back into reincarnation! "

"is it?"

A sudden voice sounded.

Chapter 1144: including you!

The blood spirit clan elder third was startled, he never thought that this monster would still speak!

The two key words actually made him feel fear in his heart!

Suddenly, he noticed something!

He found that the blue pupils of the giant beast in front of him were closed!

Only one eye is left!

And that eye exudes a cold red light!

The red pupils turned runes quickly!

"This...what is this!"

Before he could react, Xiao Huang's red pupil rune rushed out!

It turned into a big net to directly live the blood spirit clan's third third!

The big red net is beginning to shrink!

The third of the blood spirit clan's pupils dilated, he wanted to break free, wanted to tear this big net, but found that he was not qualified at all!

This power actually suppressed the power of the Blood Spirit Race!

"how is this possible!"

Before he could react, the big net quickly shaved the blood spirit clan's youngest third arm into white bones, and then took a bite.

Click! Click! !

The sound of broken bones resounded constantly.

"what....."

The sorrowful cry of the third oldest of the blood spirit clan resounded continuously.

The second child of the blood spirit clan was blocked by Ye Chen Jiuyou's Skykiller, and the blue sea of swords on display couldn't move forward!

"So courageous! Little beast, I won't let you go even if I die!"

The third half of the blood spirit tribe's body was almost torn apart, and it was horrible to see. The remaining half of the body was shining with blood. He wielded the magic sword in his hand desperately, forcing a drop of blood to slap his forehead, the sword light swishing like a curtain of rain. Swishing down, it gradually condensed into a behemoth of flames, with a dazzling luster, like a burst of thousands of moons, and the power of endless blood erupted completely.

This is the way he burns essence and blood and cultivates!

He has no choice!

Who would have thought it would be such a tragic scene.

One person and one beast broke the peace of this blood spirit secret realm, and even killed so many people!

The blood spirit clan boss has clenched his fist, "This kid is so tyrannical, definitely can't stay!"

"Only I will shoot him personally, even if I risk acceleration and weakness, I will kill him!"

"Otherwise he advances to the emperor state, plus this giant beast, I will no longer be able to suppress him!"

Dao Yuan Jing!

Emperor Zun!

Even if it was a great level lower, as long as Ye Chen reached the first level of Dao Source Realm, he would be helpless, the blood spirit clan boss of the Emperor Realm.

If Ye Chen advances to the first level of the Emperor Realm, I am afraid that he can directly punish the powerful people in the late Emperor Realm!

call! !

The blood spirit boss no longer hesitated, took out a pill, and planned to take it!

There are ancient lines on his eyebrows.

But this scene was noticed by Mourning.

Although her gaze had been on Ye Chen, Yu Guang had always paid attention to the old man of the blood spirit race.

This talent is the biggest threat to the Blood Spirit Secret Realm!

Seeing that the blood spirit clan boss was about to take the pill and headed towards Ye Chen, she could no longer take care of other things, and jumped to the blood spirit clan boss.

"Two-on-two is fair!"

"Do you intervene again and pull it down? Or, you old fellow, shameless?"

There was no fear in Mourning's voice.

The blood spirit boss saw the woman in red in front of him slightly startled, and immediately sneered:

"A guy in the early stage of the Emperor Realm!"

"Do you think you can stop me?"

"Get away with the knowledge!" The blood spirit clan boss didn't really see Mourning in his eyes. Although Mourning's realm was much higher than Ye Chen's, he was far less threatening than Ye Chen. It was important to solve Ye Chen first!

"No eating!"

Mourning tried to stop the blood spirit boss from taking the pill!

She knew very well that the people of the blood spirit race were actually suppressed some power by this secret realm, and this pill is to relieve the existence of this suppression!

However, the two people's realm was too much aware, even if Mourning blocked, the blood spirit clan boss still easily pushed Mourning far away, and then took the pill by mouth, and in an instant, a great power spread out.

Boom boom boom! ! !

The heavens and the earth are trembling, and I want to worship this emperor's superpower!

The forces of heaven and earth linger each other, turning into strips of thunder and lightning, lingering around the blood spirit clan boss, seeming to be paying homage to him. His white hair danced wildly, his eyes were hollow and terrifying, and his blood and spirit aura filled his body, like a **** demon.

The dazzling brilliance was rendered, as if thousands of suns were imprisoned and hung in front of the blood spirit clan boss, the blazing luster was vomiting the power of the blood spirit secret realm.

The second, third, and fourth of the blood spirit tribe received the power of heaven and earth irrigation after taking the pill, but he actively absorbed the power of the secret realm, which was trembling, as if to break all obstacles!

Such a scene!

Mourning looked flustered!

It's time to come!

It is impossible for her to stop!

Ye Chen and Xiao Huang are also impossible!

Only with the power of the reincarnation cemetery!

"Beware of the tomb owner!"

At this moment, Ye Chen in the battle circle naturally noticed that the surrounding atmosphere had completely changed.

The power of the entire secret realm seems to be restrained!

"Little beast! You are dead! Hahaha!"

The blood spirit clan's third child screamed in excitement, he was saved!

Click! ! !

In the next moment, Ye Chen shot at the blood spirit clan's third child, "No one can save you!"

Ye Chen knew very well that he and Xiao Huang were so embarrassed in the face of these two people, if the blood spirit clan boss was added, the consequences would be disastrous!

He must solve one person as soon as possible!

But the shot has not fallen yet! The powerful and overwhelming mountains of the Emperor Realm swept towards Ye Chen like a tsunami!

This power is too terrifying, as if in charge of everything!

Ji Siqing, Ye Luoer and Ye Lingtian were almost out of breath!

And Ye Chen's Jiuyou Skykiller seemed to freeze!

Can't go any further!

"My people, do you want to kill too? The humble ants, do you really think that the power of the blood spirit race is like this!"

The coercion is getting more terrifying!

A figure suspended in front of the injured blood spirit clan youngest third!

It is the boss of the Blood Spirit Race!

He put his hands behind his back, his surging infurience stirred his sleeves, and said coldly: "Now, do you dare to say what you said just now?"

Ye Chen didn't speak, his eyes were extremely cold.

He was thinking about coping methods!

The blood spirit clan boss looked at Ye Chen proudly, his eyes were more contemptuous. Ye Chen's behavior at this time was just as he expected. He immediately raised his foot and walked towards Ye Chen, and said as he walked:

"Since I stepped into the secret realm, I have rarely met an enemy. I have no one knows **** the talented people in my life, and I have destroyed countless sects, large and small, since I advanced to the emperor. , Everything is wiped out, your cultivation is very weird, but you have not cultivated into the emperor, you will never understand the terrible of the emperor, the reason why you are arrogant is only from the ignorance of the frog at the bottom of the well, is simply unacceptable Eyes, you, do not have the qualifications to stand in front of me at all!"

Every time he took a step forward, his momentum became stronger. When he finished the last word, everyone felt that the whole world was pouring toward them. Except for Ye Chen who could still stand in place, the corners of the other people's mouths overflowed. A trace of blood.

The blood spirit clan boss frowned. He thought that his pressure could make the little beast in front of him kneel, but the other party did not respond.

Just staring at him coldly.

This is too weird.

Suddenly, Ye Chen, who had not spoken, spoke up.

The corner of his mouth outlines a cold arc: "Don't you want to hear what I just said? I'll say it again, no one can save him!"

"including you!"

Chapter 1145: anger!

Ye Chen's words fell, and a ray of light surged across his body.

The reason why he is so confident is because a voice came from the reincarnation cemetery!

The voice from Blood Seven Nights!

This is Ye Chen's biggest trump card!

Hearing Ye Chen's arrogant words, the third of the blood spirit tribe who was injured in the distance shook his head helplessly, and laughed: "The ant who is overwhelmed, you really think that you have hurt me with some means, and you can that monster behead everything?"

"You don't even know what kind of power is hidden in my elder brother!"

"Do you know your Kunlun emptiness, or what is this earth in our eyes?"

"You are the frog at the bottom of the well, and the martial arts practiced in your body is no different from **** in my eyes!"

Raid: Shadow Legends! Play Now!

"Your bloodline and talents are still inferior to a mount in the eyes of our Blood Spirit Race! After a year and a half, all of you Kunlun Xu will die! All will become slaves!"

When the blood spirit clan's third child came to the back, his face was extremely hideous. He didn't even care about the blood flowing continuously, or the wound.

Ye Chen hurt him to this point with the Void King Realm, which was an insult to him!

Suddenly, he thought of something and looked at the boss of the Blood Spirit Race, and said word by word: "Can you stop beheading this kid first, I want to torture him, I want to **** his blood, let him become my puppet !"

Hearing these words, the blood spirit clan boss thought for a few seconds before nodding: "Okay, with me, no one can kill you. Now the blood spirit secret realm is only you, me and the second child, we can

no longer lose. Now, some of the things we have mastered in these years should also be handed over to the blood spirit tribe's powers!"

"For now, let's solve some of the things that do not live or die!"

The blood spirit clan boss has fought countless times in his life. He has long understood the principle that the lion must do its best to fight the rabbit. At this time, the spiritual power in the body has turned wildly. The true energy in the blood spirit secret realm seems to be drawn towards him. He raised his right hand. A huge sword full of runes and exuding a terrifying aura as if it could destroy the sky and the earth was condensed in his hand.

"Xuantian Deshen Slash!" The blood spirit clan boss yelled, and at the most powerful moment in his whole body, he made a bold move. The huge sword formed by zhenqi slashed towards Ye Chen. This move Xuantian Deshen Slash has been achieved. The pinnacle of swordsmanship and technique, the huge energy contained in it, is enough to sink a central place, and the blood spirit clan boss has shown the power of the emperor in his shots, which is frightening.

"Ant, you should be fortunate to let me use this trick to kill you! You are not qualified to kill the blood spirit race!"

The roar resounded like a rolling thunder!

The power of Xuantian Deshen Slash made Mourning's expression change drastically!

This power is not something the tomb owner can contend!

Damn it!

She wanted to help, but found her body was bound by this blow!

This feeling is uncomfortable!

And Ye Luoer and Ye Lingtian couldn't help but vomit a mouthful of blood!

Ji Siqing turned her head away, unwilling to see Ye Xitian's tragic death under the sword. For a moment, she felt that she was too small.

Although she didn't have much connection with Ye Sitian, she only knew each other for a few days, but for some reason, she didn't want Ye Sitian to have an accident!

Very hopeless!

It feels like a familiar old friend is about to leave!

Ye Lingtian and Ye Luoer were also swaying, they were not sure whether Ye Chen could block this unparalleled blow.

Ye Lingtian couldn't help but said: "I didn't expect this blood spirit clan powerhouse to be so terrible. I have seen my grandfather make an all-out effort. With his peak cultivation base, the power of the blood spirit clan powerhouse is half-finished. difficult!"

The blood spirit boss looked indifferent, Ye Chen stayed in place without hiding. Even if he was the emperor and strong against his own full blow, he could not be safe and sound. In his eyes, this arrogant young man was already a dead person. .

But at this moment, Ye Chen opened his eyes suddenly, a bright light burst out in his eyes, and punched the unpretentious punch at the giant sword that was cut down, and said softly: "Qiye-Broken Sword Fist."

At this moment of life and death, Xue Qiye threw a stream of information into his mind!

The moment the fist and the sword intersect, time seems to have stopped, and the sword that seems to be able to break the ground is blocked by this fist. Everyone has not even had time to be surprised. The huge sword has shattered every inch and disappeared.

The blood spirit boss was completely stunned, his entire face was black, like hell!

He looked at the boy in front of him in disbelief, and saw that he was pale, short of breath, and his body was shaking slightly uncontrollably. It was obvious that the blow just now consumed him greatly.

He must have no spare energy to resist my next move!

The blood spirit boss just wanted to take action, when suddenly, he found that the young man he regarded as an ant had disappeared!

Then, a cry full of grief and panic sounded in the ear.

"Brother, save me!"

This voice comes from the youngest of the blood spirit clan!

At this moment, the blood spirit clan's third oldest body was stiff, and his eyes widened!

His smile is even more frozen!

Because the young man he thought was mortal appeared in front of him instantly!

His cold eyes are like a devil from hell!

terror! Cold! Bloodthirsty!

"I said, no one can save you anymore, I will kill the person Ye Jitian wants to kill, even if the way of heaven blocks, I will break the way of heaven!"

"Die to me!"

"Qiye-Soul Breaking Fist!"

Endless power surrounds Ye Chen's fist, and this fist seems to penetrate the air!

This fist steadily landed on the chest of the youngest of the blood spirit tribe.

The third of the blood spirit tribe slowly lowered his head, and saw a fist-sized blood hole in his chest!

He weakly dropped the hand he was about to raise, with a blank look in his eyes, and fell to the ground with a pop.

A generation of emperor and strong, has just fallen!

No one thought that he would be killed by a Kunlun virtual ant in the presence of the blood spirit clan boss!

Even at the last moment of his death, his eyes were filled with horror and fear!

This is a fear of the unknown!

"who are you....."

Before he could say his words, his body burst and turned into a blood mist on the spot!

The blood mist filled the sky, and no one would have thought that things would develop in this way!

Ye Lingtian and Ye Luoer did not expect Ji Siqing did not expect, even Mourning did not expect!

Suddenly, she thought of something, the punch that the tomb owner had just cast did not belong to Kunlun Xu's power!

From Blood Seven Nights!

How terrible Blood Qiye is, Mourning doesn't know!

She only knows that if Xue Qiye fights Lin Qingxuan, who is a master of medicine, Lin Qingxuan will lose!

Because it is not the same level at all!

Is the tomb owner completely approved by Xue Qiye?

Her breathing was rapid, her fists clenched, and she stared at the young man in the blood mist.

Indomitable youth!

The opening of Blood Seven Nights is the real beginning of the reincarnation cemetery!

Chapter 1146: 5 lines of spirit beads! !

This also means that the tomb owner will touch the secret behind the reincarnation cemetery!

Even touched that stronger power, the land of many strong people!

Her body is imprisoned there, and the power of the reincarnation cemetery is imprisoned. It is cold and cruel there!

Called hell!

The blood spirit tribe there is just a drop in the ocean!

Not to mention Kunlun Xu and Earth!

Just when Mourning was excited, a roar that resounded throughout the world was released!

"Little beast, you dare to move the person I want to protect! In that case, all of you will die!"

An old figure released a powerful blood light!

It is the boss of the Blood Spirit Race!

Mourning's face changed slightly, although she was injured, she still wanted to stop the tomb owner a bit!

But before getting close to the old figure, her body was shaken out!

She was already injured, how could she withstand an angry emperor realm powerhouse!

The key is that Ye Chen killed his person in front of this arrogant and powerful man. This is undoubtedly a face slap!

As the strongest person in this secret realm, the boss of the blood spirit tribe is the existence that carries the mission of the blood spirit tribe. How can he be so willing to do so!

Ye Chen recovered from his thoughts. He looked at the blood spirit boss, and then at Mourning in the distance. He was only seriously injured and not in danger of life, so he couldn't help taking a long breath.

Right now, no matter how many possibilities there are, he must do it!

Ye Chen Yuguang glanced at Xiao Huang and the second child of the blood spirit clan, they were almost exhausted!

The evolved Xiao Huang has done very well! At least one strong man was held back!

But the blood spirit boss didn't give Ye Chen time to react at all, he stepped out in a furious state!

It's 100 meters!

Came directly in front of Ye Chen!

The strong air pressure seems to pull the surrounding air away!

"Little beast, I thought that your strength is only one level of the emperor, now I am wrong, I despised you from the beginning! The boxing skills you just broke out do not belong to Kunlun Xu!"

"The blood dragon, devilish energy, divine thunder in your body, and even that strange power increase, all show that you have a big secret! A great secret! Tell me this secret, I will spare you not to die!"

Ye Chen heard such words and spit out blood. He forcibly supported his body and stood up and sneered: "I care more about the secrets of your blood spirit race. If you are willing to tell me, I will give you a whole body!"

The blood spirit clan boss never thought that Ye Chen would be so arrogant when he died!

"Humble rubbish, you are not qualified!"

The blood spirit clan boss returned the sword to its scabbard, but his whole body strength was constantly accumulating. Every inch of the sword's height, a thousand powers rushed out, causing the giant trees and rocks in the distance to shatter, all kinds of brilliance shone, and the earth was cut open. , The entire blood spirit secret realm seems to be collapsing.

Everything is setting off for him, the master of the late Emperor Realm!

As soon as you enter the late stage of the emperor's realm, you have the ability to break the sky and the earth. For the blood spirit clan boss, it is not difficult to destroy the entire secret world.

The blood spirit clan boss points out with his left hand, the luster between the heavens and the earth changes, forming various auspicious beasts, the real dragon is flying in the sky, the white tiger is born in the sun, the basalt is born, the phoenix is soaring, constantly sings together, and more larks and ying dragons soar into the sky, sacred and peaceful, Like a **** born! !

Countless glorious beasts gather the previous sea of blood and countless magic swords, as if good and evil coexist, like the sun and the moon, almost pressing to the top of the mountain, dazzling and dazzling, as if it is difficult to see the five fingers when you stretch out your hand, and there will be lightning flashes and light rain. Pouring down.

"Is this the power of the real emperor realm! The gap with the previous few is too big! Is this the real emperor realm?"

"Hall Master!"

Ye Lingtian was frightened and looked back at Mourning in the distance.

Mourning spouted a mouthful of blood, got up feebly, and gave a tragic laugh. If the blood spirit clan boss attacked him with this offensive before, he would have died on the spot at this moment.

She is not the body after all.

If it is the main body, it may be a battle! Now a divine mind combined clone, how to fight?

Xiao Huang, who was fighting with the second child of the Blood Spirit Clan, also noticed something was wrong, his eyes shrank, and he quickly said to Ye Chen: "I'll help you!"

"No need to!"

Ye Chen refused.

Now he knows very well that even relying on Xiao Huang's power is not qualified!

He is betting!

Will the blood bet Qiye be willing to make a move!

Before Xue Qiye shot, he wanted to see the real power of the Blood Spirit Race!

He wanted to know how far he was from rescuing the hundred mighty powers and resisting the power hidden in the dark!

"You want to fight! Then fight!" Ye Chen glanced over the auspicious beast in front of him.

Extremely serious!

Only after the battle will we know how big the gap is, and when we are in the emperor's realm in the future, we will be able to exert our combat power better!

Ye Chengang moved, and another voice came from the reincarnation cemetery: "Boy, today I will teach you another trick called the Five Elements Lingzhu Array!"

"The power of this formation can barely promote you to the realm of the emperor, and it is also the only capital that gives you a battle!"

"But your body will be uncomfortable afterwards! Would you like it!"

Hearing this familiar voice, Ye Chen was overjoyed!

Xue Qiye spoke again!

"willing!"

The blood spirit boss has a secret technique!

He has it too!

Ye Chen held the Jiuyou Skykiller in his hand, and raised the palm of his left hand slightly, and the five essences of blood appeared one after another.

Quickly pinch your finger!

These five essences and blood have turned into five spirit beads!

Blood Dragon, God Thunder, Magic Talisman, Devil Qi, Body!

Each represents a force!

He wants to gather all his strength! Give it a try!

Even if you are injured, you will not hesitate!

He danced with both hands to mobilize the power in his body, led by the Nine Nether Killing Spear, radiating the power of five different attributes!

It seems to herald the gold, wood, water, fire and earth in the Chinese Xiangshu!

The water spirit pearl glowed with bursts of ice blue light, and gathered water dragons, the water dragons all over the sky were extremely powerful.

Wind Spirit Orbs converged into a violent sky, and the wind blades merged together to form a pale white phoenix, which was as big as a hundred meters.

The Fire Spirit Pearl lingers around a series of fire snakes, intertwined with each other into a vast ocean of flames. A fire phoenix is reborn from the fire, soaring for nine days, with the power of terrifying world.

The earth spirit pearls are thick earth and earth, with virtues and things, endless rays of light sweep across the world, with the power of awe-inspiring righteousness, blessing the power of a sharp gun, the air is like a wave of tidal waves, but the continuous waves are like the thick earth and the earth, unshakable .

The wooden spirit beads and the thousand-thousand-thousand wooden vines are intertwined with each other to form a thousand-foot-tall wooden man, extremely spiritual!

The Wood Spirit Orb is blessed by the Jiuyou Skykiller. In an instant, it rushes out thousands of blood awns, penetrates the sky and the earth, and lingers on the wooden man. At the same time, it has two powers to evaporate the surrounding trees.

"kill!"

Ye Chen rushed out, each of the five forces exerted their might.

He can feel how terrifying what Xue Qiye taught him!

In an instant, the sky full of water dragons, countless wind blades, and countless fire snakes undulatingly slew out, with the mighty thick soil as a shield, leading the killing power of the Jiuyou Tianjian spear, haunting the **** wood People, rush to the forefront.

Chapter 1147: Now it is your turn!

"Humph!"

The blood spirit clan boss snorted coldly, his arms stirred, and the ancient divine sword was suddenly pulled out, and at the same time he quickly pinched his fingers, the power of the blood spirit secret realm seemed to be used by him!

Thousands of thunder and lightning, in conjunction with the sea of blood, killed the related auspicious beasts, and two forces capable of destroying the secret realm collided together.

The true dragons, white tigers, basalts, phoenixes, ying dragons and larks he summoned, all fought together with the power of the five elements of spirit orbs.

The real dragon leaps into the sky, the dragon roars thousands of miles, the sound waves shake the sky, and the dragon claws are powerful, directly facing the water dragon.

A dazzling aftermath shocked out!

The white tiger and the Xuanwu face the upper wind blade and the fire, and the world changes color.

The real dragon and the phoenix, facing the **** wooden man, the wooden man unfolds a big red net, like the sky full of stars, twinkling brilliance, encircling the real dragon and the phoenix, continuously breaking the formation, killing them step by step Zun Rui Beast!

The lark and the sea of blood greeted the Jiuyou Skykiller in front.

What's more, Xiao Huang was also on the side to help. As soon as the giant claw burst out of the broken air, it constantly slapped on the lark's body, causing ripples.

The auspicious beast and the five spirit orbs fight together!

At the same time, a domineering posture of surrendering to me was revealed from Ye Chen. His black hair was messy, his eyes were as deep as the starry sky, and he faced the blood spirit boss directly. The shadow of the fist shook the sky, the virtual king state, forcibly played the posture of the emperor state!

Over nine days!

Give me someone!

Pieces of fist shadows fell from the sky, turning into countless rays of light across the sky.

Ye Chen continued to absorb the power of the Five Elements Spirit Bead Array. He felt that his body was uncomfortable, but he could only hold it back forcibly!

Once you give up, you will die!

Senior Xue Qiye said that this is his only chance to fight!

Between the two, fists, feet, swords and shadows intersect, various waves of air erupt, and the battle quickly becomes intensified, making people overwhelmed!

The boss of the blood spirit race is more and more shocked!

He never thought that an ant in the Void King Realm could be so powerful through secret techniques!

The key is that the Five Elements Lingzhu Array is too weird!

He stayed in the Kunlun Void for too long, and he had too many talented disciples and strong men in contact with him, and he had never seen the existence of such energy fluctuations!

He became more and more interested in the secrets of Ye Chen!

It can be like this in the Void King Realm, then if his emperor realm obtains this secret, wouldn't it be possible for the Blood Spirit Race to aspire!

What do these Kunlun virtual ants do!

No longer thinking about it, a small spar appeared in the hands of the blood spirit clan boss!

The spar shattered directly!

A strange light was glowing all over his body!

This light is extremely similar to the light of reincarnation on Ye Chen's body before!

"Little beast, you have the ability to take this sword! I see how you take it!"

After an angry sound, the blood spirit clan boss shot a sword across the air, and the rendered sword light burst together like thousands of thunderbolts, bursting out a thousand-meter-long magnificent sword energy, piercing Ye Chen's chest, and by the way the five elements The water dragon made by the water spirit beads of the spirit bead array is cut off every inch!

boom! !

There was a violent explosion!

Many water dragons burst open, and Shui Lingzhu sadly returned to Ye Chen's side and was taken into it.

The blood spirit clan boss is still exerting strength, and is gradually climbing from the stage of equalization, and has a tendency to suppress Ye Chen, his sword energy is magnificent, like a galaxy falling into the world, suddenly falling, thousands of stars twinkling, dazzling, Amazed!

Bang bang bang! !

boom! !

Countless flames were slashed by sword energy, bursting into masses of red crystals.

The Fire Spirit Orb of the Five Elements Spirit Orb array also returned to Ye Chen sadly!

The boss of the blood spirit tribe, while monopolizing Ye Chen, while urging his sword aura, he helped the phantom behemoth gathered to attack the Five Elements Spirit Orb Array!

Just like just now, Ye Chen resisted the ancient sword formation with one hand, and killed the old fourth of the blood spirit clan with one hand!

In the late emperor realm, it cannot be easily resisted at all.

A hole in the blood spirit secret realm was torn apart, making Ye Lingtian, Ye Luoer and others stare at Ye Chen in shock!

No one would have thought that the current Ye Chen could stop a blow from a powerful emperor realm!

I'm afraid no one will believe it!

But Mourning looked sad.

She was not shocked, but a little scared!

The Five Elements Lingzhu Array has already defeated two.

If there is an accident with the remaining three, Ye Chen will suffer an extremely crazy backlash!

Whether you can live or not will be a problem at that time!

Ye Chen naturally felt the strangeness of his body. The two strongest spirit beads of water and fire were defeated, and the Jiuyou Heavenly Killing Spear immediately rose into the sky, and the tens of thousands of spears appeared, and countless splendid brilliance and demonic energy burst out, forming Big nets one after another, trying to swallow everything.

Rumble! !

The white tiger and the real dragon crashed on the Jiuyou Sky-killing Spear.

Xiao Huang also rushed out desperately, the red and blue breath contained in the big mouth of the blood basin, and the sharp blood-colored fangs crossed many beasts and bit on the arm of the blood spirit boss.

"Naughty animal!" The blood spirit tribe boss's arm shook, the lustre was bright, and he directly flew out Xiao Huang Zhen.

Xiao Huang's evolution this time is not stable after all!

Even if he had the strength of the Emperor Realm now, he had been injured before! Facing such a strong person again, obviously not so calm!

The key to Ye Chen also found that Xiao Huang's red pupils were already a little dim!

In mid-air, Xiao Huang turned around, barely stabilizing his body, his eyes were extremely cold, and his claws were better like human beings.

With a huge mouth, many blood swords were shot!

"Old bald donkey! If I evolve to the highest level, how can you be qualified to touch me! Even if I die today, I won't let you hurt my master!"

There was only determination in Xiao Huang's eyes.

"I can't help it! I'm just a beast, and I want to stop me. You and the second child are probably already badly injured. Now facing me in my peak state, I still want to save that kid! You are as funny as that kid! I You two beasts will be sent to **** together!"

"Eternal life cannot be overborn!"

boom! !

The blood spirit clan boss looked back with a sword, thousands of sword auras fell like a meteor shower, obliterating the blood sword, and even piercing Xiao Huang's body one by one, and countless blood swayed out Boom! !

Xiao Huang fell to the ground and cracked the ground.

It can stand up, and a mouthful of blood spurted out, and the bones of the whole body were broken seven or eight, and it was difficult to help Ye Chen forcefully.

"Xiao Huang!" Ye Chen's eyes were blood red, and he slammed in front of Xiao Huang. The lightning from the palm prints superimposed on the shadow of the fist, bombarding them one after another, and there was a potential to destroy the world!

From the beginning, Ye Chen and Xiao Huang came into contact, to recognize the master, and now, unconsciously, the relationship between the two has deepened.

It's not just about acknowledging the Lord!

It's brotherhood!

In his eyes, Xiao Huang is the most important friend, not a monster!

"Haha, a beast is alive and dead, little beast, now it's your turn!"

Chapter 1148: I am blood for 7 nights!

"You are in the illusory state of the king. You are proud to be able to fight the old man like this!"

"The last blow, the old man will send you on the road himself!"

The contemptuous eyes of the Great Elder of the Blood Spirit Clan revealed the ancient Taoism, the power of his whole body circulated, and a mountain and river appeared behind him. The sea of blood and the sword light combined, and then combined with the mountain and river, bursting out an incomparable luster. Sweep through everything.

Boom boom boom! !

boom! !

The sound of explosions came out one after another, like firecrackers.

Many wind blades burst open in the air, and Feng Lingzhu had to return to Ye Chen sadly!

At this point, the four spirit orbs were eclipsed, unable to stop the offensive at all.

The last moment, the Earth Spirit Orb, possesses the power of the thick earth and the earth, turning into an ancient yellow shield, circulating endless Taoism and Order God Chain, resisting Ye Chen's body.

Boom! !

There was a violent sound!

The ancient yellow shield burst open, and countless dusts were flying, and the energy of the thick soil could not stop the luster.

Earth Lingzhu also had to return to Ye Chen sadly!

The five-color spirit beads failed one after another, and all the power that Xue Qiye gave Ye Chen disappeared!

The only reliance is gone!

Ye Chen felt like he would fall down at any time!

He is too tired!

Tired to sleep!

Ye Chen glanced at Xiao Huang's trembling and bleeding body, and roared: "Jiuyou Tianqiang, come!"

He vowed to do everything he could!

Whoever hurts Xiao Huang will kill him!

No matter how strong it is!

No matter what the price is!

Ye Chen holds the Jiuyou Skykiller, the essence of blood is condensed, the blood dragon is coiled, and the endless demonic energy is released, mobilizing the whole body's strength, his arms shook,

thousands of spears came out, covering the sky, tearing the earth, causing the surrounding Everything is broken, forming a formation with each other, resisting in front of you!

Ye Chen looked at the coming destruction luster, and said in his heart: must be blocked!

The blow of the blood spirit boss is a secret technique!

The extremely powerful secret technique must be blocked, otherwise I will be in danger of death!

Boom boom boom! ! !

Boom!

Endless destructive luster Hua leaped over, smashing the spear to pieces, and countless aftermaths spread out.

In the distance, Mourning, Ji Siqing, Ye Luo'er, Ye Lingtian and others felt the impact of this destructive force, and their faces paled.

"puff!!"

Ye Chen spouted a mouthful of blood, and the guns were all broken.

After all, the gap is too big!

Although the Jiuyou Sky-killing Spear was directly twisted and protected Ye Chen, it still allowed a lot of ruining luster to penetrate in, severely wounding Ye Chen.

Ye Chen looked into the distance, almost dying, his cold gaze glanced at Xiao Huang lying on the ground, and then he couldn't see the marginal ruinous luster in front of him, thinking: Am I going to fall here today?

This destructive luster cannot be resisted by people who are not in the same state.

Even if the combat power is close to the Emperor Realm, but without the strength of the late Emperor Realm, it is absolutely impossible to resist.

Ye Chen even felt death.

At this moment, in the reincarnation cemetery, a stone monument suddenly glowed, trembling fiercely, and an incomparable aura was glowing, as if the heavens and the earth were alive and chaotic, the aura was so strong that it even reached the point that people would kneel involuntarily. The degree of down.

"Blood Qiye!!"

"Senior, are you willing to make a move?"

Ye Chen looked excited, and the new tombstone opened, which meant that another strong man had come out!

Blood Seven Nights is definitely better than the previous strong, and it should be no problem to solve the blood spirit boss!

boom! !

The tombstone opened, and a burly man with a terrifying aura came out!

Whoosh! !

A ray of blood flew out of Ye Chen's body, and the burly man glowed with turbulent weather. Behind him was a round of blue sky, a round of night, and a round of white sun. Three visions of heaven and earth appeared at the same time, unparalleled destruction and destruction. The vitality of survival is not mutually exclusive, but complements each other!

With a wave of his hand, the three-round vision of heaven and earth appeared at the same time, and the tyrannical aura directly destroyed the destructive luster of the attack!

"What's the situation, who are you?"

The blood spirit boss looked at the vision and the figure in front of him, and felt threatened.

My own strong blow was destroyed so easily!

how is this possible!

He took a step back subconsciously, widened his eyes, and asked in amazement, "The peak of the Emperor Realm? This is the Ninth Level of the Emperor? You...who are you?"

"You ask who I am? I tell you! I am the blood of Qiye!"

"I didn't want to intervene! But you moved someone who shouldn't be moved!"

"This child is our hope! Heaven is not qualified to be shaken! What's more, you ants of the blood spirit race!"

The burly man's expression was plain and he didn't even look at the blood spirit boss in his eyes. A divine sword was condensed in his left hand, and the sword light shining brightly across the world, bright!

Jianguang combined with the three-round vision of heaven and earth, crushing towards the boss of the blood spirit race!

In an instant, the sword light swept the star, and the gods were shining!

The **** seven nights were sacrificed with one sword, the four directions were moving, and the eight directions of Duancai pushed out three rounds of heaven and earth visions, hitting the blood-breaking sea and the visions of the blood-spirit **** king one after another, and knocking the blood-spirit boss 100 meters away, the power of a sword , Wounded the blood spirit boss in the late Emperor Realm! !

"I do not care who you are!"

"Today, I will kill this little beast!"

Although the blood spirit boss was afraid, he couldn't lose the blood spirit face. He held the sword and drew out a comet-like light. The ten directions rolled across the ten thousand colors, and the red clouds bloomed, gorgeous as smoke. Unstoppable killings spread out, like stormy waves, one tyrannical one, one heavy, violently attacking the past!

Boom boom boom! !

Boom! ! !

The two sides collided together, and the aftermath shocked the world!

But the result is too obvious!

Blood Qiye didn't move a step!

But the blood spirit clan boss spurts blood and flies upside down. He is not an opponent at all. Although he is only a few levels lower than Xue Qiye, but one layer is one layer and one layer behind, it is a distance between heaven and earth!

At the moment of touching, he seemed to feel death!

The blood spirit clan boss knows better than anyone that he is not an opponent of this guy at all!

The key is how could this guy suddenly appear here!

"Who are you? You can join the Blood Spirit Race with your strength. This Kunlun Xu is not suitable for you at all!"

"As long as you nod I can help you become the master of this Kunlun Void!"

The blood spirit boss said.

He has no choice, he must stabilize this power, otherwise, he will not even have the qualifications to survive!

"Join the Blood Spirit Race?"

Xue Qiye suddenly laughed, laughing very loudly, and the robe on his body was flying! The vision behind him is constantly erupting! The entire blood spirit secret realm could not bear it!

"What are you laughing at!" the blood spirit clan boss said coldly.

Hearing these words, Xue Qiye's smile suddenly stopped! He stepped forward and bombed with endless power!

The blood spirit boss spewed blood on the spot!

The blood spirit boss never thought that he would have such an embarrassing day!

Chapter 1149: Not even qualified to be cannon fodder!

Xue Qiye's eyes were like cold stars, and his lips were slightly opened, and a voice that seemed to come from the Jiutian Star River slowly fell: "What the blood spirit race did in front of me! If it weren't for my carelessness back then, how could I be trapped by those animals! "

"From today onwards, Ye Jitian, the closed disciple of My Blood Seven Nights, will kill those beasts! Your blood spirit race will only be the beginning!"

The blood spirit clan boss spit out a mouthful of blood again, the power of this sound wave is too terrible, he has no right to stop it!

Kill the blood spirit race, if this sentence is spoken from others, he will not believe it at all!

But from Xue Qiye's mouth, he had to believe it!

He finally understood the identity of the masked kid!

Ye Jitian!

This son is the apprentice of Xue Qiye! If it does not die, the future strength will definitely be terrifying!

He must run away! Then hide!

Within a year and a half, we must find a way to contact those of the Blood Spirit Race! Otherwise absolutely endless troubles!

Xue Qiye's old head turned quickly! He no longer hesitated, his body was burning!

Burn the essence and blood and cultivation base, and use the strongest escape secret technique of the blood spirit clan!

He instantly turned into a ray of light, dived into the ground and disappeared!

At the same time, this ray of light burrowed out from the ground and passed through the blood spirit **** who was injured before!

The latter's body burst on the spot!

"Big brother, why are you killing me!"

The second child of the blood spirit clan couldn't react at all, and he didn't expect this result!

He finally died in the hands of the strong blood spirit race!

Before he died, the light returned to the ground again, and an icy voice came: "Because in this world, no one can be trusted except myself! Only the dead can keep the secrets of the blood spirit race!"

"Also, Blood Qiye, Ye Jitian, I remember your names! I will definitely kill you by myself!"

Xue Qiye glanced indifferently at the disappearing blood spirit boss and the blood mist, a smile was drawn at the corner of his mouth, and he did not chase, instead he hugged Ye Chen.

Ye Chen opened his eyes and said excitedly: "Senior Blood, the blood spirit race that escaped..."

Xue Qiye shook his head: "This person is not in a hurry to kill, he is still useful to us, the most important thing at the moment is your injury! Close your eyes, I will take you to heal!"

Not giving Ye Chen the right to answer, Xue Qiye carried Ye Chen to the Blood Spirit Clan Treasure Cave, directly conveyed his skills to Ye Chen and Xiao Huang, and said to Ye Lingtian, Ji Siqing, Mourning and others: "This place is There are various resources and martial arts in the Blood Spirit Cave. You can practice here and you will soon be able to break through!"

"Thanks, senior!"

"Thanks, senior!"

Mourning, Ji Siqing, Ye Lingtian and Ye Luoer thanked each other.

I don't know how long it took, Ye Chen woke up, and he felt a strong pain in his body.

Fortunately, the pain did not last long. He stood up, looked around and found that there were murals all around.

The key is that the aura in this cave is extremely strange!

The dormant blood in his body seemed to be absorbed frantically!

"here is....."

Ye Chen's eyes widened, and as soon as he spoke, a voice came.

"Boy, you don't care where it is, the blood spirit secret realm will not last long, you can break through as soon as possible now! The Void King Realm is far from enough!"

Ye Chen knew that this was the voice of Xue Qiye, he nodded, not talking nonsense, just sat cross-legged and started to break through!

This time, he wants to step into Daoyuan Realm!

Moreover, in this blood spirit clan secret cave, there are elixir that is difficult to calculate.

Profound spirit grass, hundred blood ginseng, sky and fir, etc., are all elixir calculated in millennia. It is hard to imagine how many talents of the blood spirit tribe have hunted and killed in the blood spirit secret realm. So many elixir.

Of course, Han Yun could no longer control them, which also caused them to gradually rebel against the guest, occupying the blood spirit secret realm step by step.

Xue Qiye glanced at Ye Chen in the darkness, and finally turned into a **** light, merged into Ye Chen's body, and returned to the reincarnation cemetery.

"Boy, the elixir and pill here are enough for you to break through the Void King Realm and step into the Dao Source Realm."

"Blood Spirit Race boss, I have severely injured him, but the longer I stay in the outside world, the more I consume."

"So, after you break through the realm, you need to kill him as soon as possible to avoid future troubles. After all, the Huang family, who rebelled against Kunlun, might help him!"

The boss of the blood spirit clan, although taking the pill, regained his combat power.

But after all, he was hit hard by Xue Qiye, and his cultivation was abruptly knocked out by 80%.

Right now, he was at most equivalent to the strength of the first and second layers of the emperor realm, and he couldn't run far.

When Ye Chen stepped into the Dao Source Realm, holding the Dragon Slashing Sword and the Jiuyou Heavenly Killing Spear, he would kill him!

"I know." Ye Chen looked cold, "The Huang family rebelled against Kunlun Xu and led the blood spirits into Kunlun Xu. I must rob them of their families and exterminate them. For any reason, such rebellious families shouldn't exist here. In the world!"

"First punish the blood spirit clan boss, then destroy the Huang family!"

Mourning heard the movement, walked out of the darkness, and said: "Tomb Master, how is your body?"

Ye Chen shook his head: "It's okay."

Mourning felt the killing intent on Ye Chen, and continued: "Tomb Master, with your current cultivation base, after you break through to the Dao Source Realm, you can kill the guy on the first level of the Emperor Realm, it's not a problem!"

"After slaying the blood spirit clan bosses and the Huang family, it's time to prepare for a year and a half."

"After a year and a half, the blood spirit clan powerhouses who arrived in Kunlun Xu are bound to be above the emperor realm. You need to quickly rise to the emperor realm."

For Kunlun Xu, the Emperor Realm was already the top combat power.

But for the blood spirit race, that is, medium combat power, normal combat power, etc., the emperor's realm is in the blood spirit race, which is equivalent to the lower realm in Kunlun Xu, so Ye Chen must upgrade his realm as soon as possible.

Otherwise, a year and a half later, the real blood spirit clan powerhouse will come, and will find out everything Ye Chen has done in secret.

At that time, if Ye Chen couldn't stop him, he would die.

Ye Chen suddenly thought of something. When he came outside, he found that Ye Lingtian, Ji Siqing and others were all breaking through.

Several people opened their eyes, what they just wanted to say Ye Chen took the lead and said:

"Believe, you all heard the words of the old men of the Blood Spirit Race!"

"The storm arrives a year later, you must upgrade your cultivation as soon as possible, otherwise you will not even be eligible to be cannon fodder by then!"

"Yes, the hall master!" Ye Lingtian clasped his fist and said: "I will definitely improve my strength and help the hall master, and I will never disappoint the hall master's expectations!"

"Mr. Ye, I will try my best to cultivate, I must punish those nasty blood spirit tribe guys!" Ye Luoer was angrily, if not for Mr. Ye's hard fight just now, I am afraid that I have already been attacked by the blood spirit tribe old man. The evil hand!

This hatred must be reported!

In particular, the Blood Spirit Race insults Kunlun Deficiency once every 100 years, and must pay for it with blood.

Ye Chen nodded slightly, thoughtfully, he knew Ye Luoer's true identity, he also knew that Ye Luoer might be the key to dealing with the blood spirit race, and also knew that Ye Luoer's parents must have a high status in the blood spirit race. The key is how to use Ye Luoer's hand to destroy the Blood Spirit Race?

Chapter 1150: Identity revealed!

After one and a half years of killing those strong men, it is time to explore the real existence of the reincarnation cemetery.

From a stronger race, learn more about the power of the blood spirit race and the identity of Ye Luoer's parents, and then plan.

Just when Ye Chen thought about everything, a beautiful shadow came up!

It is Ji Siqing.

Ji Siqing stared at the mask on Ye Chen's face, and the doubts in his heart grew.

The battle just now shocked her heart that hadn't wavered for a long time!

As a girl's sixth sense, she felt that Ye Jitian in front of her must have been seen somewhere!

The biggest suspect is Ye Chen!

For many moments, she even felt that Ye Jitian was Ye Chen!

She needs an answer now!

"Ye Jitian, let me ask you a question!"

"What is the relationship between you and Ye Chen?" Ji Siqing came forward with a weird look between his eyebrows. No matter how you look at Ye Jitian, he feels very similar to Ye Chen. The key is that Ye Chen is also the master of the world!

Is the word "Hall Master" Huaxia's name?

impossible!

Is it?

Ye Chen is Ye Xitian's younger brother?

Are they two brothers?

If the two of them are brothers, who actually taught such a powerful brother?

One after five years, returned against the sky, the fighting power is overwhelming.

A decisive killer can be called a killer god, even the blood spirit tribe elders in the emperor realm can fight against the sky, so Ji Siqing is puzzled. Before that, Ji Siqing still felt that Ye Xitian threatened him.

But now, the blood spirit tribe old man who he couldn't resist at all died tragically in Ye Sutian's hands.

She hadn't felt that Ye Xitian threatened her for a long time, but felt that Ye Xitian was extremely terrifying, but the familiar feeling also made it difficult for her to mention war.

Ye Chen was startled, with a strange expression.

It was still discovered.

He knew very well that the farther behind he was, the more he could not hide it.

Ji Siqing is very smart, even if he denies it now, the other party will find out.

It is better to tell the facts directly.

"Do you really want to know?"

Ye Chen said.

Ji Siqing nodded: "Ye Sutian, although you and I are not very related, as partners born to death, can't you know the face under your mask?"

"If you don't want me to know, and I don't force you, I will choose to leave!"

Ji Si's faint voice fell.

Ye Chen shook his head, stepped out, staring at Ji Siqing with his eyes, and a familiar voice suddenly sounded!

"Thank you for protecting me all these years."

"From now on, I will protect you."

When Ji Siqing heard these words, her eyes widened. She thought of something. Just when she wanted to speak, Ye Chen continued:

"I am Ye Chen!"

"At the same time, I am also Ye Jitian!"

Ye Chen knew that there was no need to keep concealing any more, so he took off the mask, the corners of his lips made a smile, and said: "Ye Chen is me, and Ye Jitian is also me!"

"What?" Ji Siqing looked shocked, and quickly covered her cherry lips, took two steps back, and said in shock: "You mean, return against the sky, you are the Ye Chen who made the life and death of Mr. Water of the same boundary?"

"Killing decisively, defying the sky to obliterate the elders of the blood spirit race of the emperor, let Senior Han Yun respect Ye Jitian, also you?"

"Ye Jitian and Ye Chen?"

"Is it the same person?"

Oh my!

No wonder I feel familiar, no wonder Ye Lingtian also calls Ye Jitian the Palace Master.

It turns out that Ye Jitian and Ye Chen are the same person, but this combat power and background are too terrifying!

Ji Siqing could not imagine!

The waste that has been protected by her has grown to this point unknowingly!

Void King Realm can fight against Emperor Venerable Realm!

This is incredible!

Her breathing was rapid, and her chest was constantly rising and falling.

Everything is connected!

She should have found out long ago!

Almost all the people who killed Ye Ji had something to do with Ye Chen!

And why did Ye Jitian help his sister Ji Lin?

How could a decisive person be so kind!

Ye Chen actually deceived the entire Kunlun Xu with a name!

After calming down, Ji Siqing stared at Ye Chen and said: "I...I...I, what should I call you now?"

"Ye Chen, Ye Xitian?"

Ji Siqing was a little bit shy at once, looked at Ye Chen embarrassedly, and his heart was upset.

She stared at Ye Chen quietly, thinking in her heart: I'm just about to break through the emperor's realm, and I'm still in the ninth level of the Daoyuan realm!

However, Ye killed the Heavenly Void King Realm, actually the Nirvana Emperor Realm.

It is also against the sky to obliterate the three emperor realm, a great realm below me, all have such combat power.

In the future, once he reaches the emperor realm, how powerful he will be!

"Ye Suitian... Ye Chen..." Ye Chen's lips outlined a smile, and said: "My identity in the Blood Spirit Secret Realm is Ye Jitian. This is just a fake identity. I am naturally Ye Chen."

He waved his hand and put on the mask, returning to Ye Xitian's appearance, and then said: "This place is rich in resources, let's break through!"

Ye Chen knew that Ji Siqing had many problems, but the blood spirit secret realm was about to disappear, and every minute was extremely precious!

As for those doubts, it's not too late to wait for the secret realm to come out, now we must break through as soon as possible!

"Okay!" Ji Siqing began to take Ye Chen as the backbone, sitting behind Ye Chen with Ye Luoer and Ye Lingtian, and started taking the elixir to break through.

Ye Chen personally took out three beads of 7000-year-old Hundred Blood Ginseng and refined it personally. With the medicinal properties of Hundred Blood Ginseng, he began to cleanse the bones and muscles, enhance the strength, and gradually increase the breath.

Refining many elixir and absorbing the properties of the medicine, even if it is a moment or three, it is worth decades of outsiders.

After the elixir began to be refined, the density of the aura released was even a hundred times that of the outside world.

Last time, Xilongchi broke through multiple realms at once.

This time the elixir had more energy than the previous Dragon Pond, and Ye Chen had to break through to the third and fourth layers of the Dao Source Realm in one fell swoop.

What is Dao Source State? Comprehend that a kind of Dao is Dao Source State. However, Ye Chen has a reincarnation cemetery in his body, a hundred great powers, and that great power has many daos in his body. He has not yet reached the Dao Source Realm before, and Ye Chen has already understood many Dao sources.

Such as the light of reincarnation.

Indestructible Kendo.

The unquenchable fire and so on.

There are even the Eye of the Thunder God, the Three Great Spears, the Return of Ten Thousand Swords, etc., any of them are enough to make Ye Chen break into the Dao Source Realm immediately.

Boom!!!

A wave of spiritual power gathered in Ye Chen's dantian to form a qualitative change.

Indestructible swordsmanship bloomed, and a burst of destruction surrounds the surroundings, undergoing qualitative changes and even greater levels.

An hour passed.

A complete and indestructible kendo unfolded and blended into Ye Chen's body.

At this moment, he fully advanced to the first level of the Dao Source Realm, possessing a complete Dao, and his pure combat power is close to the fourth and fifth levels of the Dao Source Realm. With many secret methods, he can even fight the people of the sixth or seventh level of the Dao Source Realm.

"Continue to break through!"

"This time, you must reach the fourth floor of Daoyuan Realm!"

Ye Chen took out another seven thousand-year-old elixir, and more than twenty thousand-year-old elixir, refining and absorbing the spiritual energy, which has been transformed into spiritual power, and then for the improvement of the Eye of Thunder, the return of ten thousand swords, etc. Promote.
