Chapter 1161: Opportunity!

"To awaken the Lord of Hundred Swords, you may need to find the place where he lived before the battle and get his sword!"

"As for where the saber is, I don't know. Han Yun, as an existence who experienced that ancient war, must know!"

Ye Chen suppressed the inner shock and returned to reality. He looked at Han Yun, who was still speaking for the Huang family, and said: "I understand what you mean! The useful people in the Huang family stay and make the best use of everything. The rest of the teenagers People, etc., even in the future, it will be difficult to break through to the later stage of the emperor's realm, so there is no need to survive!

Those who don't need to survive are naturally many geniuses in the Huang family!

Seal the masters of the Huang Family Divine Realm with exercises, and punish the people under the Huang Family Divine Realm!

This is not cruel!

He came into contact with a lot of people from the Huang family, and these people had long been instilled in the mind of the blood spirit slaves!

If you stay, the consequences will be disastrous!

Everything must be strangled in the cradle!

"Sovereign Hundred Swords, do you know?" Ye Chen asked suddenly after turning around.

"What, do you know Sovereign of Hundred Swords?" Han Yun's heart was shocked, and he thought: "Sovereign of Hundred Swords is an ancient-level existence. Ye Jitian is so young that he actually knows him?"

It seems that Senior Blood Qiye told Ye Jitian everything!

This apprentice, Senior Xue Qiye is so important!

"Where is his former residence?" Ye Chen said again.

"Within the Huang Family Realm!" Han Yun responded.

Ye Chen thought for a moment, then said: "The Blood Spirit Secret Realm is about to end. After the end, I will punish all the disciples of the Huang Family, and then go to his former residence. After that, I will suppress the imperial state of the Huang Family by the way. Intermediate power!"

The Huang Family, from the ancient times to the present!

Absolutely more than any sect and family, I believe that if he seizes the background of the Huang family, he will be able to enter the emperor realm!

After the bleeding spirit secret realm, it is possible to destroy Mr. Jingshui and Xingtian Danzun first, take their resources and upgrade to the second level of the Daoyuan Realm, and then within the Huang Family Realm, look for the Sabre of the Hundred Sword Sovereign!

The Huang family has long been not the Huang family that Kunlun imaginary understands. It has a solid foundation and the largest realm. It can be attributed to other families and sects. Every hundred years, hundreds of emperor-level powerhouses will be wiped out, and they don't use it.

These alone, without the support of the blood spirit race, they can already grow very strong!

"That's great!"

"I will contact a few old friends, come out again, and kill the ancestors of the Huang family and important figures in the Huang family first!"

"You will then subdue the members of the Huang family to integrate the Kunlun Xu and Xia, and start to resist the blood spirit race!"

Han Yun and Ye Chen made a plan!

Han Yun pretended to be mad for thousands of years, with deep skills and good contacts. It was no problem to meet a few old friends and kill the ancestor of the Huang family.

After talking about the arrival of the Blood Spirit Race in a year and a half, Ye Chen left first, then called Ye Lingtian, and ordered: "You go and spread the news. I, Ye Jitian, will invite all the geniuses of the Huang family to come here tomorrow. Gathering, if you don't come, I will kill them one by one with the Jiuyou Skykiller!"

"Yes, Lord!"

"Yes, the Lord!"

Ye Lingtian and Zhou Yan were so excited, when they and others can give orders to the big family disciples!

And it's this kind of overbearing command, you die if you don't come!

Thanks to following the lord, if you follow other people, I'm afraid I would have died long ago!

Ye Chen looked at these casual cultivators with emotion in his heart.

He never thought that there would be a dark palace in Kunlun Xu.

I don't know what happened to the group of people in Huaxia Dark Palace.

What about Xia Ruoxue, Zhu Ya, Jiangnan Province and even those friends in Beijing.

Since stepping into Kunlun Xu, he has faced too many things, Kunlun Xu and Huaxia are just a connection.

It's time to go back and take a look.

When the immediate matter is finished, I will go to Huaxia.

When Ye Chen was thinking about the trip to China, Ye Luoer quietly came to Ye Chen's side, her eyes were like water: "Mr. Ye, Luoer has an idea in her heart."

Ye Chen recovered and curiously asked, "What's your idea?"

Ye Luoer hesitated for a few seconds, but still mustered up the courage to say: "Mr. Ye, the blood spirit secret realm is almost damaged. The six powerful blood spirit tribes have also been killed by Mr. Ye, and the master's holy grass temple cannot be here. Staying longer, I understand the master, the master has always wanted to do something for Kunlun Xu."

"So... I hope Mr. Ye will invite the master to take the Holy Grass Temple out!"

Ye Chen heard Ye Luo'er's words, but looked at Ye Luo'er a bit high, and he did have this idea.

Facing the blood spirit race, the power of the Holy Grass Temple is extremely critical!

Even against the Huang Family, he needs this power!

It's just that I don't know if Ye Luoer's master will agree!

No longer thinking about it, Ye Chen said directly: "Luo Er, in that case, you and I will go to the Holy Grass Temple together!"

Ye Luoer didn't expect Ye Chen to agree, she was extremely surprised, and her face was flushed!

"Mr. Ye, let's go now!"

...

After an hour, the Holy Grass Temple.

Thousands of female disciples gathered in the Holy Grass Palace!

The atmosphere is solemn to the extreme!

Several elders in the emperor state also watched Ye Chen and Ye Luo'er who came over.

A purple-robed female elder held her fist quite respectfully and said: "Mr. Ye's meritorious deeds, even the six Blood Spirit Race guarding the Blood Spirit Secret Realm have killed you one by one! It's really a rare one in Kunlun in a thousand years. A genius to see!"

"You are here on this trip, but are you going to discuss with my sect master about fighting against the blood spirit race?"

This time, the elders of the Holy Grass Temple did not dare to look down upon Ye Chen.

After all, such a big thing happened in the Blood Spirit Secret Realm long ago!

They were horrified, but they were still a little measured in the face of Ye Chen!

The key suzerain has repeatedly emphasized that when you see Ye Jitian, you must not act rashly!

"Exactly!" Ye Chen said, "Where is the senior?"

"You really are extraordinary!"

At this moment, an old voice sounded.

Ye Chen's eyes condensed, and an old figure appeared in front of him in an instant!

Ye Luoer was even more excited to come to the side of the figureMaster! "

If the senior patted Ye Luo'er's hand, then his eyes fell on Ye Chen, his face full of affirmation, and he nodded and said: "I thought that the six blood spirits are a life and death crisis for you, even you Whether you can live until a year and a half later is a question!"

"But now it seems that the old man is worrying too much! You killed the six blood spirit tribe one after another. This strength and courage is really rare!"

The six blood spirit tribes live forever in the blood spirit secret realm, and their breath is soaring to the sky.

Now that the aura is cut off and there is no vitality, the emperor realm powerhouse in the blood spirit clan secret realm naturally knows instantly!

If the senior looked at Ye Chen and said: "You can go to the apse with the old man!"

When the two came to the apse, if the seniors didn't talk nonsense, they said directly: "This time, you saw Han Yun and killed six blood spirit tribes. You must have planned. From the ancient times to the

present, it is finally Someone dared to resist, and you are the first existence that truly possesses the strength to resist!"

Chapter 1163: Big Dipper 7 stars, holy grass save the world! "

"The entire Kunlun Xu's burden is weighed on you alone. It feels uncomfortable. I know you have a secret. I don't care about this secret. I only care whether Kunlun Xu can survive this time."

"Although I don't have the skill of divination against the sky, I believe you can do it since I first saw you."

"Incomparably firm belief."

The more she looked at Ye Sutian, the more satisfied she was.

"I believe that the strength of the seven of the Blood Spirit Race coming in a year and a half, Han Yun has told you, and you came to the Holy Grass Temple, there must be a need, is it a **** pill, a panacea, or something?"

"I hope that the predecessor will lead the entire Holy Cao Temple to be born!"

"Kunlun Xu is now a mess, but if I want to integrate all my strengths, I need the support of the elixir of the Holy Grass Temple on the way!"

Ye Chen bluntly said: "I believe that the predecessors don't want to endure the oppression of the Blood Spirit Race, so I am going to forcibly conquer the Huang Family and use the resources of the Huang Family to improve myself. After a year and a half, I will punish the seven people and formally confront. Blood Spirit Race!"

"Ye Sitian, I know a little about the Huang Family. The Huang Family is not as simple as you think. How sure are you that you will win? The birth of the Holy Grass Temple is not a matter of playing family. I told you before Yes, I have to be responsible to my disciples. I don't want to take them to take risks, otherwise I could leave long ago."

If the senior said.

"grasp?"

"There is naturally a certainty!" Ye Chen was thinking at this moment, which 'sure' would he show Senior Ruo?

Reincarnation cemetery?

This must not be said!

Blood Qiye?

Is it possible for him to come out in person and talk to Senior Ruo with one, two, three? Then it's ok?

When Ye Chen was a little bit distressed, in the cemetery of Samsara, Xue Qiye said: "Say a word to her, and she will understand that this sentence is what her master said to me. It is top secret. Only the saints of the past. Sect Master Caodian knows!"

"Because of this sentence, the foundation of their holy grass temple is involved!"

"So, just say this sentence!"

"What?" Ye Chen was a little curious.

He didn't expect Xue Qiye to have such a connection with the Holy Grass Palace!

"Kunlun Weiwei, the sacred grass stands, the Big Dipper, the sacred grass saves the world!" Xue Qiye quickly said this sentence and explained: "The meaning of this sentence was originally the foundation of the Holy Grass Temple, because the Holy Grass Temple The founder of the Temple, once created a healing technique with the Big Dipper!"

"That technique can rely on the power of the Big Dipper to produce a steady stream of power."

"And the power of endless restoration. In addition, the founder of the temple decided to save the world when he founded the Holy Grass Temple, so that's why the words of 'Kunlun Weiwei, the Holy Grass stands, the Big Dipper, the Holy Grass saves the world!'"

Xue Qiye talked about the call continuously, and finally understood it.

"understand!"

With Xue Qiye's reply, Ye Chen's eyes were like torches, stepping out in one step, surrounded by endless blood!

Extremely majestic and imposing!

If the predecessors saw this scene, they were a little unhappy.

She certainly looked at Ye Jitian, but if the youth in front of him thought that killing a few people from the Blood Spirit Race could threaten her, then she really saw him wrong!

She doesn't mind beheading the youth in front of her!

Even if this person is the future of Kunlun Xu!

Just when Senior Ruo's five fingers condensed his murderous aura, a magnetic voice resounded throughout the room!

"Kunlun Weiwei, the sacred grass stands, the Big Dipper, the sacred grass saves the world!"

Ye Chen's plain words came out, and his eyes fell on Senior Ruo.

Hearing the first few words, if the senior was struck by lightning, his body trembling violently, staring at Ye Chen, his eyes were majestic, and said: "You...what are you talking about?"

She looked deep and asked again: "Do you know, what are you talking about! You"

"I know it naturally!"

"Kunlun Weiwei, the sacred grass stands, the Big Dipper, the sacred grass saves the world. This is the purpose of your sacred grass top, and it is also told to me by a senior. The senior also said that the time to resist the blood spirit race has arrived!"

Ye Chen pulled a tiger skin into a coat, and continued: "I wonder if these few words are enough to make the Holy Grass Temple come out?"

The core secret of the Holy Grass Palace was spoken, and the senior also pointed it out.

The four words 'that predecessor' alone have a great deal of gold, and they are sure.

If the senior looked at Ye Chen, his expression remained unchanged and he could not see any emotions, he would say: "Let me ask you, what do these sixteen words mean? If you understand, then..."

If Ye Xitian really understood.

Then, the person behind him must be related to the Patriarch or Master, so powerful and sure!

Ye Chen nodded, and stood with his hand in his hand. The whole body was lingering with blood. In the entire space like standing up, he said mysteriously and profoundly: "The first eight characters mean that Kunlun Xu was still in the wild, and the factions were still there. When it is faint, the Holy Grass Temple has been established!"

"The next eight characters, the Big Dipper, the holy grass save the world!"

"It refers to the founder of Chuangdian who used the Big Dipper to comprehend a healing magic, and since then established the purpose of saving the world and helping the people!"

"boom!!"

These few words completely shocked Senior Ruo!

When she examined it again, her eyes had completely changed, and she asked nervously: "Which of your seniors and what's their name?"

"That senior, the last name is blood!"

"Blood Qiye!" If the predecessor called out the name of Xue Qiye in one sip, he said in amazement: "He didn't go out of the conquest at the beginning, and died in the ancient battlefield? How could you possibly know it!"

She walked two steps forward, a little thoughtful, and said to herself: "Impossible, it is impossible for you to see this person at all, but..."

"In ancient times, Senior Blood Seven Nights and my master were in agreement, and they were about to tie the knot. However, facing the arrival of the blood spirit family, they had to get outside the battlefield. In that battle, the two of them had no trace."

"Senior Blood used to be the Deputy Sect Master of my Holy Grass Temple, so it's no wonder that you mentioned those few words and this name!"

"Senior Blood Did you survive?" If Senior was happy, he asked quickly: "My Master, are you still alive?"

There was a sense of helplessness in Ye Chen's eyebrows, saying, "If the whereabouts of the senior master, I don't know."

He changed his expression and said: "However, Senior Blood is currently cultivating outside the territory. Before returning to Kunlun Xu, he specially told me this sentence and let me use it as a proof when I need the birth of the Holy Grass Temple!"

The words came out.

If the single aura that lingers all over the body, the more vigorous.

The wooden crutch in her hand exudes a special luster, faintly tore the space in front of her, a formation crack appeared, and a strong wind raged up and down the inner hall. She looked back at Ye Chen and said: "Go, I will take you there. Places!"

"Okay, if senior!"

Chapter 1164: Take your surgery!

Ye Chen almost fell to the ground when he heard the words of Senior Sister Ruo.

Calling an old monster a senior sister, he really couldn't say it.

The key is to call her senior sister, and then Ye Luoer calls herself Mr. Ye, this is not all messy.

He glanced at Ye Luoer, only to find that the latter was laughing and covering his mouth.

If Senior seems to have noticed something wrong, he looks at Ye Chen and continues: "If your senior sister can't speak out, call me Ruo Sect Master. Senior can never say the two words."

Ye Chen nodded: "Okay."

If the Sect Master glanced at Ye Chen, he forced out a blood, quickly pinched the tactics with his fingers, and waved his hands, the world changed color!

The formation of the whole house seemed to be torn apart!

Ye Chen only felt a ray of light covering himself.

"What secret technique is this? Formation? Wrong!"

Ye Chen felt the surrounding power, shocked again and again in his heart, and did not despise the Holy Grass Palace!

Even he was sure that the ruo master was not as simple as he thought!

In an instant, if the lord and Ye Chen came to another heaven and earth, this place is like a peach blossom field, which is enough to escape from the world, and it is very beautiful and quiet. Flourish.

If the lord led, came to a wooden house.

She gently pushed open the old and ugly wooden door, and scanned the large number of elixir stored in the wooden house. There were thousands of them, each of which was the top elixir of tens of thousands of years, and said: "This place is me. Holy Grass Palace has accumulated elixir for countless years!"

Holding a wooden crutch, she pointed to dozens of wooden houses next to her, sighed, and said: "The other wooden houses are all elixir for more than a thousand years. Since the arrival of the blood spirit tribe, our Holy Grass Temple has cultivated a large number of elixir. , And keep buying panacea outside!"

"The elixir obtained is stored here!"

"I just want to wait until one day, Kunlun will take it out and use it during the counterattack. Now, this day is here!"

If the suzerain turned around, examined it, and said earnestly: "I can see that behind you are the seniors who survived that year, otherwise you can't reach the level in front of you when your bones are more than 20 years old!"

"Han Yun can't believe you either!"

"It's even less possible for you to kill six people from the Blood Spirit Race one after another in the Blood Spirit Secret Realm!"

"Since we have been preparing for so long, it is to wait for the moment when the war begins. Since this moment has arrived, I will never hesitate!"

If the lord's mottled arm gently waved, he said: "My Holy Grass Temple will be born with you. I believe that the specific plan has been discussed with Han Yun, so I won't ask more. Anyway, I will soon know."

"My disciples and elders in the Holy Grass Palace, who have exhausted all the elixir, will help you!"

"You don't have to have any doubts. Behind you are me and Han Yun, as well as many older people in Kunlun! We will definitely win this battle!"

Ye Chen never expected that the old man in front of him could guess the connection between his back and the disappearance of the ancients.

But it's normal to think about it again.

The existence of Xue Qiye, and his own Void King Realm to slay the blood spirit clan powerhouse, if there is no one behind it, it is impossible!

He thought in his heart: For three thousand years, the middle and low-level warriors have no knowledge of the blood spirit race.

But the high-level powerhouse has been overwhelmed by the blood spirit clan. Now that the time has come for a counterattack, he will naturally make his best effort!

If the Sect Master has been paying attention to Ye Chen's expression, she thought of something and suddenly asked: "I want to know, what is the relationship between you and Xue Qiye, he can accept you as a disciple? If it is not convenient for you to say, forget it."

When Ye Chen heard these words, he nodded subconsciously: "Indeed."

If the suzerain heard this sentence, he was relieved.

It is not easy for the young people in front of the ancients to be sure!

At least I cannot foresee the future of this young man!

Although Ye Chen admitted, the Blood Qiye in the Samsara Cemetery said coldly: "Boy, you probably think too much. I have never regarded you as my apprentice. It is based on your current strength and cultivation. not qualified!"

Ye Chen didn't expect Xue Qiye to tear down the stage, and said with a smile: "Senior Blood, Lin Qingxuan and the others will eventually accept me as a disciple. I believe Senior Blood will be too soon."

"So, don't be blamed, the enemy is the blood spirit race now. When this wave of blood spirit race is extinct, I will personally rush to that place and release the real bodies of the seniors!"

Hearing these words, Xue Qiye was silent for a while.

Ye Chen is the hope of a hundred of them.

Although he did not officially accept Ye Chen as his disciple, he was destined to become Ye Chen's master at the moment when Ye Chen was **** in the reincarnation cemetery.

Only by controlling everything that is in charge of a hundred mighty powers are you qualified to fight those guys!

Mourning on the side also looked at Xue Qiye, and said, "Senior Blood, it's not easy to shut down your real body, but wait a few years and you can get out of trouble!"

Xue Qiye nodded, and said: "This guy has a very good talent. If he can really lead Kunlun Xu against the Blood Spirit Race, don't say let me accept disciples, even if I worship him as a teacher, it is absolutely fine!"

"It's just that there are too many obstacles along the way, life and death are uncertain, no one knows what he has to face alone! A little carelessness will lose all the games!"

But at this moment, Ye Chen ignored the reincarnation cemetery but looked at Suzerain Ruo, saying: "These elixir, let the elders install them in batches!"

If the suzerain nodded: "Okay."

After Ye Chen ordered everything, he looked at the dim sky in the distance, and said slowly: "There are more than ten days left, we will leave the blood spirit secret realm together, and formally embark on the road to fight against the blood spirit race, and even exterminate the blood spirit race. !"

If the Sect Master pinched the wooden crutch, bursts of cyan brilliance bloomed, containing Taoism, tearing everything here.

Wow! ! !

A blue luster flashed before the two of them.

In the next moment, they had returned to the inner hall and came to the hall together!

"Dear elders and disciples, I have already discussed clearly with Ye Xitian!"

"Blood spirits have oppressed my Kunlun Xu for too long, and now it's time for us to resist!" Ruo Sect Master slowly said, and the hall was like a frying pan in an instant, and the elders talked a lot, even the disciples.

Ye Chen also walked out, his eyes swept over everyone.

He calmly and coldly said: "Blood Spirit Race, I believe many of you are not particularly aware of Blood Spirit Race!"

"Kunlun Xu and Xia, every hundred years, we will send a hundred powerful emperor-level masters, give blood spirits as slaves, and even slaying and killing the blood spirits. !"

"You also want to ask, why isn't the Holy Grass Temple being bullied by the Blood Spirit Race?"

"That's because of the special geographical location of the Holy Grass Temple, the Blood Spirit Race cannot find it, and can only oppress other Kunlun Xu sects, forcibly demanding Kunlun Xu other sects to hand over one hundred emperors every 100 years."

"It is precisely because of this that every sect in Kunlun has continued to weaken."

"When they are so weak that they can't cultivate the emperor realm at all, the blood spirit race will use your holy grass temple to operate."

Chapter 1165: Born!

Ye Chen felt that these people in the Baicao Palace were ignited by his words, and continued to step out!

At this moment, his whole body exudes a rolling devilish energy, which is extremely strong!

Like a fairy!

Perhaps because of the blood of reincarnation, the power and momentum that his realm can burst is close to the emperor's realm!

No one here dared to despise Ye Chen!

Ye Chen stopped, and the whole hall was moving with a breeze!

He looked at the several elders of the emperor realm and dozens of disciples of the Taoyuan realm and the Void King realm, and said: "For the blood spirit race, you have two choices!"

"One, it's surviving, waiting until Kunlun Xu's other sects are too weak."

"Your Sacred Grass Temple will be exterminated by the Blood Spirit Race. Of course, what will happen to you by the Blood Spirit Race before the extinction? You, as daughters, should be very clear!"

"Where is the other one?"

"Senior Ye, what about the other one?"

Many young disciples couldn't help asking.

The disciples were all beautiful and flowery girls, and they all stared in fear when they heard that they were going to be ravaged and played to death by the blood spirit race.

Even several emperor-level elders are extremely worried.

"The other one, born now!"

"Officially start fighting against the blood spirit race, maybe you will die, but innocence can definitely be preserved. If you don't resist, innocence will definitely not be preserved."

Ye Chen directly said the key points.

Which girl doesn't cherish herself or pay attention to her innocence.

Especially for these beautiful and flowery girls in the Holy Grass Temple, innocence is even more important than fate. When Ye Chen said this, they instantly became angry.

"Senior Ye, must fight those blood spirit races!"

"Blood Spirit Race is too bastard, we must destroy them!"

"Senior Ye, we are willing to follow and we must destroy the Blood Spirit Race!"

"Exterminate the Blood Spirit Race!"

"Exterminate the Blood Spirit Race!"

...

The girls were excited, each silver teeth biting their lips, and the mountain peaks on their chests were shaking up and down with anger.

Finally, they clasped their fists in unison and said: "Sect Master, we are willing to fight the blood spirit race, these **** are too much!"

"Well, since you are willing to wait!"

"When the Blood Spirit Secret Realm is born this time, our Holy Grass Temple will be born collectively!"

If the suzerain looked at Ye Chen, he said: "Junior Brother Ye, our Holy Grass Temple has decided to be born with you and formally fight against the Blood Spirit Race. But about sending one hundred emperor martial artists every 100 years to the Blood Spirit Race to ravage, Only the upper echelons of the middle emperor realm will know about the slaughter!"

She asked: "Do you want to keep this secret secret?"

"It's no longer necessary. At this time, it is a question whether Kunlun can exist or not. The sooner this secret is made public, the better!" Ye Chen vetoed it.

"However, it may cause riots." Ruo Sect Master said: "It may cause the geniuses of all sects to rebel, and even kill their elders!"

Ye Chen showed a wicked smile and said: "I want this effect!"

He showed a fierce look, and said: "The Kunlun imaginary in front of him, the level of power has been fixed for too long, it is not difficult to unify these powers, but it is difficult to keep traitors like the Huang family, so the more chaos the better!"

"What do you say?" Ruo Sect Master asked.

"If this incident spreads out, geniuses of all factions will inevitably riot, and even ordinary casual cultivators will ask a big man for an explanation!"

"A strong person who is truly a Kunlun Xu will naturally explain to those geniuses and younger generations to obtain forgiveness."

"On the contrary, those who take refuge in the blood spirit race, seeing that the hundred emperors will not be sent up in a year and a half, they must think that they will be punished for delay, so they will naturally do their best to suppress this news, even suppressing and cautiously asking the young man One generation!"

Ye Chen snorted coldly, his armor shone, and a fierce indelible sword rushed into the sky!

Qiang Qiang!

All the sabers in the hall were trembling together, with a great meaning to worship Ye Chen and sword intent.

Ye Chen condensed his eyes and continued: "Our first purpose is to suppress all these suppressing news and suppress all the younger generation, because they are likely to be traitors!"

"Chaos means that the more chaos the better, the faster the integration of the major forces of Kunlun Xu, if it is calm and consistent, there will be problems!"

Although Ye Chen walked the way of killing, he was not indiscriminately killing innocent people.

He knew very well that the current situation in Kunlun must be resolved internally.

In addition to the Huang Family, Kunlun Xu has more betrayal extremely powerful forces.

He didn't have time to find one by one!

I can only wait for these people to show their feet first!

In fact, Ye Chen still had one idea that he didn't say.

That is the Kunlun Xu various sects. If it is too easy to control the unity, they will inevitably have their own ghosts. If all kinds of people are still alive, things will not happen. Therefore, chaos is needed, a large number of people need to be killed, and a large number of traitors who have wrong opinions must be killed!

Only in this way can all the forces of Kunlun Xu be fully integrated!

This is the reason why heroes emerge in troubled times!

"Okay As expected of Xueqiye's apprentice!"

"Junior Brother Ye is so courageous, I admire it!" Sect Master Ruo said: "When I go out of the Blood Spirit Secret Realm, I will contact Han Yun and a few old guys and let them spread the news together. I see who dares to suppress and who Whoever dares to suppress!"

Ye Chen nodded slightly, and then said: "There are still a few days before the Blood Spirit Secret Realm is closed! During this time, you should prepare as soon as possible. I will first go and kill all the Huang family in the Blood Spirit Secret Realm. You must not live in the world!"

After speaking, Ye Chen jumped and disappeared above the hall.

Only an afterimage remains.

After Ye Chen stepped into the Daoyuan Realm, his control over the body became more powerful.

Even the techniques that the powerful abilities that had disappeared from the reincarnation cemetery had been given to Ye Chen were completely clear.

If the Sect Master looks in the direction of Ye Chen, he subconsciously nods his head in admiration and exclaims: "You deserve to be a person cultivated by Xue Qiye, who has all the means, strengths, and everything with him. Following him, he can definitely defeat the Blood Spirit Race!"

"From ancient times to the present, Kunlun Xu has been passive, I am afraid that Ye Chen is the biggest turning point for Kunlun Xu!"

...

In half an hour! Han Yun's mansion in the blood spirit secret realm!

Ye Chen returned to the Han family, saw everyone there, and asked, "Can someone from the Huang family come?"

"Hall Master, none of them!" Ye Lingtian responded: "On the contrary, after the Palace Master gave the order, all the members of the Huang Family were like rats, and they all disappeared. Now, according to the news from outside Sanxiu. It seems that dozens of Huang family geniuses are left!"

"These people seem to be in a hug!"

"Respectively in Kunlun Xu's Dingjun Mountain and Potian Valley!"

"Other outsiders can't see a Huang family genius at all, it should be all gathered together!"

The news that Ye Lingtian inquired was not low in accuracy.

Chapter 1166: Who on earth is picking whose skin?

A group of Huang family geniuses knew that Ye Xitian killed six blood spirit elders, and at the same time also killed Huang Ming and other 15 people. Instead, they did not escape, but gathered together and wanted to fight Ye Xitian against one or two. .

After all, the eighth-tier geniuses of the Daoyuan Realm that the Huang family came in this time were quite a few.

There are even two geniuses of the Daoyuan Realm Nine-tier Heaven, Huang Zhantian and Huang Wuqiang. The talents of these two men are no less than Ji Siqing. They were once among the top ten geniuses of Kunlun Xu, and they must not be underestimated.

For such powerful Huang Family geniuses, it is a blessing for other forces not to be destroyed by the Huang Family.

Instead, Ye Chen wanted to take the initiative to trouble them!

"Ye Lingtian, Ji Siqing, Luo Er, you all stay here!"

"Dingjun Mountain, Potian Valley, I will go to these two places personally, dozens of Huang family geniuses, don't even want to leave the blood spirit secret realm alive!" Ye Chen looked at Zhou Yan beside him, and said: "We have more than a hundred disciples in the dark temple, who is outside?"

"Hall Master, there are dozens of them!" Zhou Yan asked: "Do you want to withdraw them now?"

Ye Chen said: "Yes, withdraw them now! The Huang family is not comparable to ordinary families, and you can't deal with it for the time being because it is very powerful!"

With a slight wave of his left hand, the sword aura spread out, Zhanlongwen Tianjian came out of nowhere, releasing a great power, "You stay here, there are some grudges! It's time to stop!"

"Hall Master!"

"Hallmaster..."

When Ji Siqing, Ye Lingtian and Ye Luoer were about to talk, Ye Chen had completely disappeared.

For Ye Chen, although there is a power in Kunlun at the moment, the strength of these casual cultivators is ultimately too small.

Even Ye Luoer and Ye Lingtian are still far behind the Huang family.

Ye Chen didn't want to hurt this group of people!

Of course, after he entered the Daoyuan Realm, his realm has not been completely stabilized!

Right now, he needs to fight!

He was born for battle and blood, and only by fighting can he gain more control over Daoyuan Realm!

More importantly, after fighting against the blood spirit clan powerhouse this time, he could feel that his blood was gradually awakening.

He found that facing a stronger force, he was qualified to awaken the so-called reincarnation blood in his body!

As for why he didn't take Ji Siqing away, Ye Chen also had his reasons.

He has a good feeling for Ji Siqing. As a man, how can he let a woman take risks?

During the five years in Kunlun Xu, he was reduced to waste and suffered too much humiliation. Ji Siqing had been secretly protecting him.

This time, he stepped into the Daoyuan Realm and had the ability to kill the Emperor Realm!

Nature must protect Ji Siqing!

Ji Siqing watched Ye Chen leave, and said angrily: "Is it possible to walk so fast? Are you afraid that I will drag him?"

"Miss Ji, the hall master should think that although there are many people in the Huang family, but the strength is not strong." Ye Lingtian said: "So, the hall master wants to go alone, and has previously told me to let Miss Ji you retreat more. Stable state!"

He said in his heart: The Lord really feels sorry for Miss Ji!

Such an emperor realm powerhouse will not be taken.

Instead, let Miss Ji retreat by herself!

The palace master faces it alone, really nothing will happen?

...

At this moment, in the Dingjun Mountain!

Huang Zhantian, led by three Dao Source Realm on the eighth floor, 13 Dao Source Realm on the 5th, 6th and 7th floor, and a dozen of Huang Family geniuses from the Void King Realm, gathered in the Chamber! There are dozens of Huang Family geniuses, such a lineup is almost a little stronger than all the geniuses of the Han Family in the Blood Spirit Secret Realm combined.

As for the other people led by the Yellow Five Guns in the Potiangu, the lineup is so vast.

Looking at the number of geniuses in the Daoyuan realm alone, the Huang family alone is comparable to the Han family, the Mo family, the Ning family, and the combination of several other sects. In the Blood Spirit Secret Realm, geniuses from dozens of sects and dozens of families entered the trial together.

But there is no doubt that the strongest is the Huang family.

One family is enough to resist four or five families. With such a powerful strength, now they have to be shrunk here, all because of Ye Jitian alone!

"Damn Ye Jitian!"

"I actually killed six adults of the Blood Spirit Race, and ordered to go to the Han's house, clearly wanting to kill us!"

Huang Junqi, a genius from the seventh floor of the Dao Origin Realm, slapped the table violently and shouted: "Ye Jitian, a bastard, waits a year and a half later, when the adults of the blood spirit race arrive, it will be his end! "

Huang Junqi was extremely angry, blood stains appeared in his body, and blood qi overflowed from the top of his head.

His whole person seemed to be demonized, and his voice became deep and terrifying, "Sooner or later, I will cramp Ye Jitian."

"enough!"

Huang Zhantian shouted angrily, shot two lustrous eyes, turned into two sharp swords, and drove Huang Junqi into the air for dozens of meters, "It's not too annoying to be noisy. If you want to survive, shut up, otherwise I will give it now. You are dead!"

"Yes!" Huang Junqi, who was more than two meters tall, knelt on the ground, dare not let out the atmosphere.

Huang Zhantian glanced over dozens of people in front of him, and calmly said: "In the beginning, Ye Jitian's cultivation base was not in the Void King Realm. I heard that he has now broken through to the Dao Source Realm. In ancient times, it is absolutely impossible for the Void King Realm to defeat the Emperor Venerable Realm!"

"Not to mention that the Void King Realm killed the Emperor Realm!"

"That is simply a fantasy, an impossible thing!"

"However, the six seniors of the Blood Spirit Clan have obviously fallen!" Huang Hai, another eighth-tier genius of the Huang Family Dao Origin Realm, said: "It is impossible. The six seniors of the Blood Spirit Clan are not dead!"

Huang Zhantian fell silent for a moment, sighed, and said: "The six adults have fallen. I felt the six fallen auras. At that time, the blood spirit secret realm was spreading, but it was definitely not the hand of Ye Xitian!"

"There is no doubt that the Blood Spirit Secret Realm is capable of killing six seniors!"

"It's Han Yun! It must be Han Yun's hand!"

"Han Yun, a mad dog, has been unstable for thousands of years!"

"This mad dog must have gone mad, that's why he killed the six seniors of the blood spirit race!" Huang Zhantian looked deep and said: "But it's good, only one and a half years left, when Han Yun this mad dog will die. !"

He showed a wicked smile and said: "I have heard that when the blood spirit clan seniors tortured Han Yun back then, the skin cramped, the scene was very spectacular! This time, we will also see it, and we saw Ye Suotian. The little beast and Han Yun, an old mad dog, were cramped by the seniors of the blood spirit race!"

"Pickled skin cramps?"

"Who the **** stripped off whose skin?"

A cold voice came out, shocking all the Huang Family geniuses present!

A red light flew from outside, and it was Ye Chen.

Ye Chen's black hair is dancing, heroic and stalwart, and the charm is flowing between the breath and the breath. He steps on the three profound formations of the devilish energy.

It is Xiao Huang!

Chapter 1167: Four-sided fog, eight colors of light!

Ye Chen and Xiao Huang were so imposing, they looked like demon gods, majestic and majestic.

Ye Chen waved the Jiuyou Skykiller: "Since you are a traitor, I will give you a ride!"

Suddenly, he stabbed a shot forcefully, and the body of the Jiuyou Skykiller shook violently, and an unparalleled demonic energy leaped out, and the tip of the gun shot out a hundred spears, each of which was incomparably true, because The jitter frequency is too fast, tearing the whole room apart!

"Zhuzi, dare you!"

"Ye Jitian, you are looking for death!"

"Ye Jitian! You really think that our Huang family is afraid that you won't succeed!"

Immediately, dozens of Huang family geniuses sacrificed their weapons, spears, swords, and swords roared out. The stars were shining, red, blue, and white, bright and terrifying. Shattered the entire hall, countless fragments of stones flew out!

Dozens of geniuses from the Huang Family of the Void King Realm! Several geniuses from the Daoyuan Realm Huang Family! Qi Qi shot, such a momentum, even if it is enough to exterminate a small Kunlun family!

In front of him, he was dealing with Ye Xitian alone!

Moreover, Ye Jitian is only Dao Source Realm!

Huhuhu!!

Huhuhu!

Hundreds of spears cut through Ye Chen's air waves, and the spears and sword qi that had been shattered one after another, shot out clusters of brilliant crystals.

Every spear beam, like a sickle of the **** of death, descended on the head of every genius of the Huang family with the aura of death.

In the forefront, the two Huang Family geniuses of the Void King Realm were bombarded by three spears, and they made a punch with all their strength, and they were full of blood and energy, like a powerful master, with extraordinary aura, like two meteors falling.

boom! !

boom!

The gun gang smashed the males and directly penetrated their chests, bringing out a large piece of flesh and blood to the ground.

The two geniuses of the Huang Family of the Void King Realm, before they could react, their souls had been shattered by the guns, their bodies exploded quickly, flesh and blood mixed with bones flying all over the sky!

The genius of the Ninth Heaven of the Void King!

In front of Qianggang, it was vulnerable to a single blow, this was only a small part of Ye Jitian's random hit!

"Ye Jitian!"

"Ye Jitian, if you kill my cousin, you have to die!"

"Ye Jitian!"

"Ye Jitian, you beast..."

More than a dozen geniuses from the Huang Family of the Void King Realm rushed forward!

Thirty-six guns were aimed at them, and there was an immortal mood on the guns, simple and atmospheric, and 36 guns were evolved out of thin air, a total of 72 guns, and twelve of them in an instant!

Bang bang bang! ! !

Bang bang bang! !

For an instant, the gun gangway passed by like the tide of the sea, only a burst of crackling sound was heard. The twelve geniuses of the Huang Family of the Void King Realm trembled, and three blood holes appeared on each of them, and their souls were wiped out. ! Turned into blood mist!

The next moment, all fell to the ground!

So far, Ye Xitian stabbed a shot randomly. Among the hundreds of guns, thirty-nine guns, directly killed more than a dozen geniuses in the virtual king realm of the Huang family, and only a few geniuses in the virtual king realm were left. Was also hit by twenty guns one after another!

With bursts of popping sound!

The Huang family genius of the Void King Realm is left, and the collective fall!

So far, dozens of geniuses from the Huang Family of the Void King Realm have all died!

Ye Chen was full of demonic energy and divine thunder, his eyes were red, and he was extremely enthusiastic about blood!

He can even feel the blood dragon in his body absorbing everything frantically!

Ye Chen killed the Void King Realm!

A genius of this realm can be called a peerless genius to the outside world. I didn't expect that Ye Xitian would kill dozens of them like a chicken and a dog here, even the hundreds of casual repairs captured by Huang Ming. In the middle, I can't get so many geniuses of the Void King Realm!

"what!"

"Ah, Ye Xitian, you chopsticks!"

"My brothers, my brothers, Ye Sitian, you crap, you must die!"

The three Huang family geniuses on the third and fourth floors of Dao Source Realm came up.

One of them holds a sword, one holds a sword, or the other holds a bronze cauldron. The weapons are all flowing with silk Taoism, and there is also a "dao" behind them. The sword, kendo, and tripod are each showing dozens of meters. Long, Qi Qi came to Ye Chen to kill.

Three ways, like three crazy waves, contain infinite killing power!

The ordinary Void King Realm genius faced it, and couldn't bring up the intent to fight!

Boom!!!

In midair, 41 guns came out!

The three roads that were directly penetrated, cut them into several sections, and at the same time penetrated the lives of the three geniuses of the Huang family!

Since then, Ye Chen stabbed hundreds of spears at will, killing dozens of geniuses of the Huang Family of the Void King Realm, and three geniuses of the Huang Family of Daoyuan Realm. The whole process was within a few seconds, Huang Zhantian, Huang Junqi, Huang Hai and other high-ranking geniuses from the Huang family have not yet discovered what happened. He has already died in battle more than half!

They know Ye Jitian is terrifying!

But I didn't know it was so scary!

The Huang family geniuses gathered in Dingjun Mountain to discuss matters in the Blood Spirit Secret Realm later! However, before it was negotiated, dozens of geniuses had fallen into the hands of Ye Chen who had been killed suddenly.

Huang Zhantian and Huang Hai both stepped out in time, standing by and watching the battle, first to see clearly that Ye Jitian's true strength was in action!

In the distance, Huang Junqi brought another cousin from the eighth-tier heaven of Dao Source Realm, so he planned too!

On the contrary, the remaining ten Dao Origin Realm Huang Family geniuses rushed forward. They were all cultivated on the fifth and sixth floors of Dao Origin Realm. They were powerful and could fight Ye Chen for a few rounds!

The fifth and sixth floors of the Daoyuan Realm belong to the middle stage of the Daoyuan Realm!

Compared with the first, second and third layers of the Daoyuan Realm, there was a qualitative leap in strength, so Ye Chen didn't directly kill him, but was able to fight Ye Chen with one or two moves.

From a distance, Huang Hai looked at the brilliant battlefield, his heart jumped, the whole thing was like petrification, and he muttered: "What kind of monster is this Ye Jitian? The strength is too strong!"

One face to face killed dozens of us!

However, if you look carefully, you can find that Ye Jitian's strength is equivalent to the emperor's realm, but he definitely hasn't reached the level of slaying the six seniors of the Blood Spirit Race!

Perhaps, as Huang Zhantian said, the six seniors of the Blood Spirit Race were killed by Han Yun!

boom! !

At this moment, Ye Chen's blood dragon surrounds his body The devilish energy is like a cloak!

Completely kill the red eye!

The blood seemed to make him more and more in control of Daoyuan Realm!

Ye Chen blasted out with a punch, horrifying like a monstrous tsunami, swept through layers of blood, layer by layer, layer upon layer, layer upon layer, and razed the entire building to the ground, and even the five-layer heaven in front of the Dao Source Realm The son of the Huang family, directly turned into a **** mist!

boom! !

"Zhanlong asks Heavenly Sword, come!"

Ye Chen gave a sword to the sky, the clouds in all directions, the color and the eight lights, thousands of sword auras came from all directions, killing two geniuses of the Huang family on the spot, and then another punch, killing one The Huang family genius of the fifth-tier Daoyuan realm!

Chapter 1168: control!

Outside, the so-called Huang family genius!

Here is the only part to be slaughtered by Ye Chen, and they are extremely reluctant to fight back!

The remaining six Huang Family geniuses blinked and saw that they were not opponents at all. Even if they dispersed in all directions, they wouldn't escape if they couldn't beat them!

"Want to run?"

"Did I let you go!"

"In the beginning, you betrayed Kunlun Xu and killed Kunlun Xu for loose repair. Have you ever thought about today!"

Ye Chen erected the Dragon Slashing and Asking Heaven sword, and the sword body released a terrifying coercion, and then a series of flags were erected in all directions in a radius of 10,000 meters, and a sword formation was formed, covering all the Huang family geniuses. In the sword formation!

Raid: Shadow Legends! Play Now!

You must know that Ye Chen is not only good at swordsmanship and spearmanship, but his control over the formation is also stronger as his realm improves!

He held the Dragon Swordsman Heavenly Sword in his left hand, and his right hand gripped the Jiuyou Sky-killing Spear. He was surrounded by demonic energy, like a demon **** who destroyed the world!

His gaze swept over the remaining ten people, and he said: "You had better shoot together, otherwise you won't even have a chance to live!"

"Because you are too weak!"

"I'm so weak that basically one shot is enough to kill one of you, or even two or three!"

"Ye Jitian, you are too arrogant!" Huang Junqi couldn't help it, and rushed out with a sword. He was more than two meters tall and was thinner, like a thin bamboo pole. "You killed some Void Kings. You guys, dare to be so arrogant and watch me beat you!"

"Let you see what is the real Kunlun Xuhuang Family!"

Huang Junqi smashed a sword with all his strength, and the sword aura was like an eight-fold ocean wave, splitting it!

He himself jumped out, like a thunder and lightning, swift and violent, and in the blink of an eye, he quickly passed the wave of sword energy, came to Ye Chen first, wanted to knock Ye Chen with a punch, and then use the eightfold wave to kill Ye Sutian!

"Crack!!"

Ye Chen put his hands behind him, and the corners of his mouth were cold.

I don't seem to care at all!

Until the opponent's fist was about to fall, Ye Chen suddenly moved!

With a flat punch, the two forces suddenly collided!

This punch directly interrupted Huang Junqi's fist, and then the whole body was shocked, and the immortal sword intent burst out, directly swallowing the eightfold ocean wave sword energy, and then killed the other Huang family geniuses!

Huang Junqi's whole body flew out!

His eyes widened! He thoroughly felt Ye Chen's power!

Extremely scary!

It's like facing a mountain that can never be crossed!

The key is how can a young man in his twenties have such power!

He finally understood the terrible legends that Ye Xitian had spread in Kunlun Xu!

At first he dismissed it, but now it seems that the facts are far more terrifying than the legend!

Huang Junqi saw Ye Chen come quickly again, her eyes frightened, and she said loudly: "No... don't kill me!"

"Don't kill you? I'm sorry, Ye Xitian won't agree!"

Ye Chen roared! Lifting a sword, the sword light flashed out of ten thousand gods of thunder, and the dark clouds in the sky transformed, terrifying to the extreme!

The violent sword aura cut Huang Junqi's left arm without warning!

He turned and kicked on Huang Junqi's chest again, and Wanjun Juli came out, kicking Huang Junqi on the spot with a blood hole in his chest.

"dead!"

Ye Chen slammed a punch again, violently thundering out, treating Huang Junqi as a physical burst, and countless flesh and blood bones were flying all over the sky, and the souls were shattered.

This Huang Family genius of the eighth-tier Dao Origin Realm, Huang Junqi!

In front of Ye Xitian, he hadn't persisted for three times, he had already died on the spot!

"call!!!"

"call!!!"

In this scene, Huang Zhantian and the others burst back hundreds of meters, their noses became serious.

Huang Hai was even more frightened. He knelt on the ground and said with a trembling voice: "Senior Ye, I am willing to surrender. I can help you fight the **** spirit tribe's dogs. I hope you will take my life!"

Ye Chen looked at the Yellow Sea condescendingly, and stepped forward: "I will not leave any threats by my side! As for your life, if you can resist my blow, I will not do it!"

Huang Hai was startled, and his face was full of ecstasy!

No matter what, he must resist that blow!

However, his smile soon stiffened!

Because he felt a surge of pressure like a mountain!

boom! !

A round of infinite tyranny roared out, running through the front and back of the Yellow Sea!

Ye Chen sacrificed a round of sword aura and matched the indestructible sword intent. Suddenly, the sword light was like rushing through the thunder, overlapping and adding out, turning the yellow sea into a **** fog See you in the blink of an eye, another said. The Huang family genius of the source realm eight-tier sky fell on the spot!

So far, the Huang family genius here!

There are only eight people left, lingering!

All Huang family geniuses, including Huang Zhantian, have only one idea, run!

The eight people fled to the edge of the formation, and under a fierce attack, they found that they couldn't break the sword formation at all. As soon as they got close to the sword formation, they were killed by the tens of thousands of epee swords, killing the three Dao Source Realm fifth-level realm on the spot. The Huang family genius!

"what happened?"

"Why is this sword formation so strong?"

"The fifth level of the Dao Source Realm has no resistance to this formation, and even the ninth level of the Dao Source Realm can't break it!"

"This Ye Jitian's strength is terrifying enough, how could it be possible that there is such an accomplishment in the formation method! Is there really a genius in this world!"

Huang Zhantian was completely stunned at this moment. There was a sword formation in front of him, and then he killed the **** Ye to kill the sky, and suddenly the six gods had no master!

He looked at Ye Xitian and hurriedly shouted: "Senior Ye, I am willing to surrender!"

"Senior Ye, I am willing to surrender too!"

"Senior Ye, I am willing to surrender too, please let me go!"

"Senior, you are a big man who is going to punish the blood spirit race. You must be a pawn. We can be a cow and a horse for you. You can take our lives!"

The other five people were also crying for mercy!

These five people, three on the 7th floor of the Dao Origin Realm, and two on the 8th floor of the Dao Origin Realm, are in other places. They are definitely first-class and one master!

Ye Chen naturally didn't intend to keep these people. He just wanted to do it, but Mourning's voice rang from the reincarnation cemetery.

"The tomb owner, these people can stay here for now!"

Ye Chen was startled, and quickly communicated with the reincarnation cemetery, curiously said:
"Mourning, do you have a way to subdue them?"

After all, these people's realm is higher than their own, and it is impossible to control them with that kind of magic!

Chapter 1169: Never betray!

"Tomb owner, I have a way for now!"

"It's a kind of slave contract, you can set it up for them, their life and death are in your control, and you can even erase their minds and turn them into weapons!" Mourning said suddenly.

"How to form this slave contract?" Ye Chen just needed this kind of disposable humanoid weapon!

Since the five members of the Huang Family, Quanqi will turn them into humanoid weapons!

Mourning drew an ancient pattern in the palm of his hand and transmitted it to Ye Chen, saying: "Tomb owner, I have already passed the method to you. The essence and blood of both parties are needed as a medium to form a slave contract! This is not a Kunlun virtual reality. The magical techniques of, come

from that place, but they have the same effect, the biggest advantage is that they can bridge some gaps in realm!"

"And because it is a slave contract, the tomb owner can kill their lives or thoughts at will!"

"But after obliteration, the host won't suffer any problems! The only drawback is that this contract can only be used for people under the emperor realm. The strong of the emperor realm has too strong mental power to form slavery. contract!"

"Okay! I need this kind of contract right now." Ye Chen glanced across the five people in front of him, and said: "Accept your surrender, isn't it impossible!"

His left hand showed an antique pattern with a drop of essence and blood on it, and he said lightly: "But to sign a slave contract, your life and death will be controlled by me. When you serve me to a certain extent, I can consider letting you go. , Will you accept it?"

"Slave contract?"

The five people looked pale for a while, looked at each other, and their eyes were full of gray.

They know they have no choice at all!

Either slave or die immediately!

As a slave, there is at least the possibility of life!

Once the support reaches a year and a half, when the strong blood spirits arrive, they will still have a chance!

In the end, a Huang family genius closed his eyes in despair, his face was pale, he threw himself down on his knees, and shouted: "I, Huang Sanyao, I am willing to serve Senior Ye as my master, I am willing to be a slave for life, serve his side, always be loyal and never betray!"

"If the master is happy, you can let me go back."

"If the master is not happy, you can kill me at will!"

After Huang Sanyao said this, he suddenly opened his eyes, and a drop of blood flowed from the center of his eyebrows.

"Okay!" Ye Chen waved a drop of blood from the palm of his hand, and the blood of the two enemies collided. Then, a dazzling light lit up and flew into the center of Huang Sanyao's eyebrows. It flashed away, bound by a mysterious force. Live the soul of Huang Sanyao!

As long as Ye Chen is not happy, he can kill Huang Sanyao anytime and anywhere!

Even if Huang Sanyao broke through to the emperor's realm, he would not be able to unlock the slave contract. Unless Ye Chen took the initiative to cancel this contract, he would bind eternal life to the depths of Huang Sanyao's soul.

Huang Sanyao felt a tingling pain in his mind, and he knew that the contract was established!

He got up, bent towards Ye Chen and clasped his fists: "Slave Huang Sanyao, pay homage to the master!"

As soon as this scene and the love came out, the other four people all had miserable faces, looking at Ye Chen and Huang Sanyao, they fell into a painful entanglement!

If you don't sign a slave contract and hand over the right to life and death to Ye Chen, you will die?

Resist?

Just now dozens of them all shot together, and they were killed in the blink of an eye, leaving only a few of us. Now it is a rebellion, rather than a court death.

Soon, one of them came out and stared at Ye Chen, who was lingering demon aura, stepping on the five elements of true energy, and flowing the light of reincarnation behind his back, as if he had seen a world-famous demon, the line of defense in his heart collapsed completely, and shouted: "I Huang Xuejun, Is willing to serve Senior Ye as the master, never slave for life, serve the left and right, attack Senior Ye's drive, always be loyal and never betray!"

In the blink of an eye, Commander Huang Xuejun sighed, paying a piece of blood between his eyebrows, which merged with Ye Chen's.

A tingling pain, like a long needle pierced into my mind, was extremely painful, but it passed quickly.

Huang Xuejun slowly stood up and stood with Huang Sanyao, with no expressions. Ye Chen had erased his thoughts and became two humanoid weapons of the seventh level of the Dao Source Realm. At this moment, they only know the attack and don't know the pain. I don't know to go back!

As long as Ye Chen orders one place, even if they let them blow themselves to death, they won't have a surplus!

Ye Chen was holding the Jiuyou Sky-killing Spear, his devilish energy was rolling, and with his footsteps, the ground centered on the soles of his feet, and it spread and shattered!

The dust is rolling!

Ye Chen looked at the other three people and said, "Are you dead or surrendered?"

"I Huang Tian, I am willing to serve Senior Ye as the master, and I will not be a slave for life, and serve the left and right..."

"I'm Huangdi, I am willing to serve Senior Ye as the master, and will not be slaves for life, serving the left and right..."

"I, Huang Yuchen, are willing to serve Senior Ye as the master, and remain a slave for life..."

The three Huang family disciples knelt at the same time, expressing their willingness to surrender and sign a slave contract.

Soon, the essence and blood condensed, the tingling flashed in the mind, the slave contract was formed, and their consciousness and thinking were completely obliterated by Ye Chen!

The five geniuses of the Huang Family and the five geniuses of the seventh-tier Daoyuan Realm have now become five humanoid weapons This is definitely a weapon for Ye Chen right now.

Ye Chen thought of something and suddenly shot at Huang Zhantian, who had been standing up all the time, and smiled: "How do you want to die?"

Puff! !

Huang Zhantian left on his knees without saying anything!

Pop~~~

Pop~~

He slapped himself frantically, and while slapped, he shouted: "I am not a human being, I am a bastard. I dare to be right with Senior Ye. I am a jerk. I am a bastard. Ask Senior Ye to accept me. Be a slave!"

Huang Zhantian knelt on the ground, crawling over step by step, and personally wiped Ye Chen's shoes with his robe, "Senior Ye is good fortune, let me be your slave to Senior, as long as I live, I can do anything!"

To be a slave is better than death!

Ye Chen kicked Huang Zhantian freely, his eyes were surrounded by blood, he wanted to kill, but Mourning in the cemetery of Samsara let him leave Huang Zhantian temporarily!

After all, Huang Zhantian's strength should not be underestimated!

"Go away, I will accept you temporarily!" Ye Chen said!

"Thank you master!"

Huang Zhantian knocked his head and begged for mercy and hurriedly forced out a drop of blood, shouting: "I Huang Zhantian, I am willing to serve Senior Ye as the master, and will never be a slave, serve the left and right, and be driven by Senior Ye, always loyal and never betray!"

boom! !

Huang Zhantian's essence and blood merged with Ye Chen's essence and blood.

The contract was quickly completed. Ye Chen did not rush to erase Huang Zhantian's thinking, but asked: "What's the situation in Potian Valley?"

"There is led by the brute Huang Wuqiang!"

"Master, the strength over there is weaker than ours. We can directly kill them and take all the **** of Huang Wuqian into slaves!" Huang Zhantian showed a fierce look in his eyes and said: "With our strength, Enough to wipe them out!"

Chapter 1170: Surprise of the blood dragon

"Master, I can play with five of them, help you hold the Yellow Fifth Spear, and three of you from the eighth floor of Dao Source Realm!"

"In this way, after the master resolves the other people, he can come and subdue the four of them!"

Hearing this, Ye Chen thought for a while and asked: "How many people are there and how many are there in each realm?"

Huang Zhantian explained: "One Huang Wushang on the ninth floor of the Dao Source Realm once competed with me for the position of Young Patriarch, but I was defeated, and he was weaker than me. I shouldn't be able to stop you from taking a shot!"

"There are three people on the eighth floor of the Daoyuan Realm, five on the seventh floor, and from 60% to the first floor, ten people in total!"

"The remaining 21 people are all in the Void King Realm!"

"Master, there is no need to stay in the Void King Realm, just kill them all!"

Ye Chen listened to Huang Zhantian's account of the situation there.

Gradually, Ye Chen didn't seem to want to erase Huang Zhantian's thinking. After all, Huang Zhantian's position in the Huang family was not weak. After going out of the Blood Spirit Secret Realm, it was still very useful. He also established a slave contract. If there is the slightest betrayal, he will instantly be burned to death by the fire, so don't be afraid of Huang Zhantian's betrayal!

"Okay, conquer all the people from the Huang Family in Daoyuan Realm!" Ye Chen took Huang Zhantian and the other six people straight to Potian Valley!

In the Potian Valley, dozens of Huang family geniuses gathered together, as well as the true disciples of Ling Haizong and Luan Qiangmen, which counted as 70 or 80 people!

The great disciple of Ling Haizong's true biography, Wanyan Pojun sat on the expensive dragon chair, with the breath of the nine layers of Dao Source Realm, very terrifying.

On the contrary, following his twelve juniors and juniors, only three of them were in the Dao Source Realm, and the rest were in the Void King Realm.

Thirteen people are already Ling Haizong's current strength in the Blood Spirit Secret Realm. Of course, it also includes more than a dozen Void King Realm disciples who have been killed by Ye Chen in the Han family. From here, we can see that Ling Haizong's strength is far, far inferior to the Huang family.

On the opposite side, the disciple of the chaotic spear door's Zhan Ling is also on the ninth level of the Dao Source Realm!

There are at most 35 disciples in Luanqiangmen here, but there are only eight in the Daoyuan Realm, and the rest are in the Void King Realm. The sum of the disciples of the two major factions is only one-third of that of the Huang family.

Zhan Ling looked down at Huang Wushang, his expression was cold, and he was surrounded by halo, like a god.

He slammed the spear in his hand and said: "Yellow Five Guns, you are not too self-righteous, do you? We have gathered the two factions here to resist Ye Sutian alone? What kind of waves can he flip up by himself?"

"You said earlier that the six blood spirit tribes were killed by Ye Jitian!"

"Although I felt the aura of the fall of the six emperors of the Blood Spirit Clan, it was absolutely impossible for Ye Jitian to kill them! When Ye Jitian came in, but the Little Void King Realm was nothing but the little Void King Realm, he could fight you fiercely against the sky. The five yellow guns are already a miracle!"

"You still want to kill six emperor realm? One of them is a strong man in the late emperor realm. Are you kidding me!"

Hearing this, Huang Wuqiang's eyebrows flowed with an icy brilliance, his eyes were like cold swords, and he was surrounded by cold fog. There is a path of ice sword behind him, which is tens of meters long, which is unique to him. The 'Tao' is already a perfect Tao!

In the nine-layer heaven of the Dao Source Realm, the 'Tao' has been perfected, and it can be gradually transformed into a state, and completely transformed into the realm of the emperor!

The first level of the Emperor Realm is much stronger than the ninth level of the Dao Source Realm!

After stepping into the emperor realm, each level of heaven is truly a layer of heaven, which is very different. This is why Zhan Ling does not believe that Ye Jitian killed the high-ranking emperor realm powerhouse in the virtual king realm!

No one can believe it!

The difference between the Ninth Heaven of the Void King Realm and the Realm of the Emperor Sovereign Realm is too big, even comparable to that of the immortal world!

Suddenly!

An aura of light flew into the Potian Valley and merged into the jade pendant around Huang Wuqian's waist!

In the next moment, the jade pendant is much dim, and the luster is not less than one-third of the previous one!

Huang Wushang took a look at the jade pendant, his face was pale in an instant, he took two steps back, and exclaimed: "Impossible! This is impossible!"

"What's the matter?" Wanyan Pojun's expression changed, and he stepped forward to hold on to Huang Wuqian and asked: "What's the matter?"

"Dead!" Huang Wuzhang's eyes were blurred, and he said: "The people of Dingjun Mountain are dead! With so many dead, Ye Jitian must have breached Dingjun Mountain, but how could it be possible! Huang Zhantian was not guarding. Dingjunshan?"

"Why is there so much death sentiment back to me?"

"So much lifelessness, at least dozens of deaths How could it be breached? Even if the people of Dingjunshan, even if the Han family, Mo family and Ning family work together, it is impossible to break Dingjun. Junshan!"

Huang family geniuses, everyone has a life and death jade pendant.

Once a person falls, the jade pendant will also shatter, and the lifelessness in it will be sent to the strongest members of the younger generation in the family, in order to let those people avenge the Huang Family who died in battle, but suddenly received Dozens of death!

Huang Wuqian was so scared that he looked bold and pale!

Hearing such words, several people from the eighth and seventh layers of the Dao Origin Realm in the Huang Family were all surprised. When they looked beyond Potiangou, several great lights swept over, and they couldn't help taking up their weapons!

The three forces present!

Forty members of the Huang Family, 13 members of Ling Haizong, 35 members of Chaoshangmen, a total of 88 members.

Among them, three leading geniuses on the 9th floor of the Daoyuan Realm, five geniuses on the 8th floor of the Daoyuan Realm, and seven on the 7th floor of the Daoyuan Realm were sitting in town. They were all still facing the enemy, looking at the great light flying in the sky!

"It's Young Master Po Tian!"

"Young Master is here!"

"No, why is there someone beside the young master!"

"That guy is wearing a mask! It's Ye Jitian! Why is Ye Jitian here too!"

Countless eyes saw Ye Chen wearing a mask completely stunned!

Let alone Ling Haizong and Luan Qiangmen, they were in chaos, holding weapons one after another, the sound of Dao Jin Ge resounded out, and all the roads lingered, and the tyrannical blood continued to roll, like a hero, but like A stupid dog without wisdom!

But at this moment, Ye Chen's eyes were slightly narrowed, and the corner of his mouth was enough to smile.

After killing so many people, he already felt the abnormal change of the blood dragon in his body!

If these people are killed again, I am afraid that the blood dragon in the body will surprise itself!
