Chapter 1181: Extremely respectful

Luo Yao paled instantly when she heard this voice.

He knew that the Cui family would find here, but he didn't expect it would be so fast!

The Cui family is generally not considered a power in Danxu Town, not because the Cui family is weak, but because the Cui family didn't care about other families in Danxu Town from the beginning!

Because it's not a level at all!

If it hadn't been for Ye Chen's appearance in Dan Xu Tower and seriously injured Cui Family, Cui Family's strength would only be stronger!

It was precisely because of Ye Chen that the current Patriarch of the Cui family was furious!

Anything, as long as anyone dares to touch the mold, he will die!

Luo Yao looked at the voice, and when he saw the crowd, his expression became more and more frightened.

Although Ye Jitian is very strong, he may not be able to retreat in the face of so many Cui family members!

Seeing that, more than 20 people flew in the distance quickly, the leader was Nanming, and the rest were the eight guardians of the Cui family and one of the two heavenly kings.

The real Nan Ming walked almost suspended, waving Fo Chen, and said angrily: "Do you really think anyone in my Cui family can provoke? Ye Chen came a while ago and killed the young master and deceived people too much. Today someone dares to kill. My Cui family disciple!"

"Today, this person must die!"

"Otherwise, how can my Cui family's face remain?"

The Cui family is also really unlucky.

One month ago, Ye Chen arrived and killed the young master of the Cui family and many disciples of the Cui family. Even the four generals of the Cui family fell into Ye Chen's hands!

Finally Ye Chen ran away, the reputation of the Cui family plummeted, and the entire family fell into madness. Whoever dared to beat the Cui family's children must have swarmed the entire Cui family. Even Xing Tian Danzun looked at the Cui family's face and never killed Cui Yong. !

By the way, another person came today and killed Cui Yong!

This is absolutely unbearable!

Immediately, the Patriarch of the Cui family mobilized Nanming's real person, and led 16 envoys, eight guardians, and two heavenly kings to kill.

Although the Cui family is a family that refines pills, they are firmly placed in various positions. The thirty-six envoys, sixteen guardians, four heavenly kings, etc., composed of the young, middle-aged, and older generations, sounded very powerful.

In the Cui family, all messengers are strong people in the middle stage of the Daoyuan realm, and they can only serve!

Protecting the law requires a higher level, and often requires the later stage of the Dao Yuan Realm to be able to serve.

As for the position of the four heavenly kings, they are the four powerhouses who are sitting in the Cui family who are about to enter the emperor's realm. In this Danxu town that is dominated by alchemy, such a lineup is not bad.

The four generals of the Cui family who had chased Ye Chen before were personally made by the contemporary family and were taken by the confidant of Dao Yuan Jing.

The real man of Nanming waved the Buddha's dust, and immediately countless hairs rose into the sky. Every hairline turned into a blazing flame, and emitted a hot light like the sun, which made people dare not look directly at it. Its tyrannical place made the surroundings Everyone sighed in shock!

He held up the Buddha's dust and attracted the flames of the animation sky, as if covering the sky, majestic!

Today, we must use this power!

Kill those who dare to provoke the Cui family!

Otherwise, no one will see the Cui family in the future!

"Bold thief, when I saw the poor road, I didn't get down quickly!"

"You want me to burn your soul to pieces, and break your body into pieces?" Nan Ming was really very popular, with murderous aura in the dark corners of his eyes, and said in his heart: It is best to let this kid surrender by himself!

However, I will torture him again!

In this way, you can tell outsiders that if you dare to offend my Cui family, even if you kneel and kowtow, you will still be executed!

"Mr. Ye!" Luo Yao was astonished as a yellow songbird, and hurriedly grabbed Ye Chen's arm, "Mr. Ye, let's run away! This is one of the four great Keqing elders of the Cui family, and the real Nanming!"

"He is a tyrannical existence in the early stage of the Emperor Realm!"

"It is said that we have been alive for thousands of years. We hurriedly left. I have already contacted members of the family. If we are on the way, our family will send a master to rescue us!"

"Don't be afraid, I am here!" Ye Chen lightly patted Luo Yao's slender and white hand with his left hand, his eyes swept across the Cui family in front of him, and smiled: "These wastes are not worth mentioning!"

He was about to take out the Dragon Slashing and asked the Sky Sword, but suddenly thought of something, so he didn't take out the sword.

His right arm hovered around the thick thunder snake, slammed his fist, the sound of his knuckles resounded through the sky, and the tyrannical blood swept away like a wave. The momentum was overwhelming and extremely tyrannical, "Emperor Realm? What the hell!"

"Real Nan Ming?"

"Smelly Taoist, take me a punch!"

Ye Chen went up against the sky and blasted a heavy punch. There were ninety-nine layers of fist strength, layer upon layer, and the power horrified the world up and down. At the same time, it caused countless thunderclouds and thunderbolt strikes. Fall down, communicate with your fist, and release the mighty power ten times at most!

Real Nan Ming?

The first floor of the Emperor Realm?

Do you dare to be arrogant with this meager cultivation base?

Today, I abolished you with one punch, and you are still arrogant!

The violent power instantly broke through Nan Ming's power!

"call!"

"How come it is so strong!"

Nan Ming's eyes widened suddenly, and he was not as awesome as he was just now. He quickly waved the Buddha Chen, pulled the flames from the sky, and blocked him in front of him, while quickly pinching with his other hand. Jue, shouted: "Long fate, I will prosper, and the flames of flames will extinguish all demons and demons!"

After saying that, his hand pointed out out of thin air, and the fire snakes flew out out of thin air, intertwined with each other!

A lot of fire colors hit the flames, instantly increasing the thickness of the flames from one meter to ten meters wide, and its power increased twice as much!

Right in the air, the thunder fist hit the flame barrier, bursting out a dazzling luster!

Boom! !

An aftermath was shocked, shook the surrounding buildings to cracks, and even the tofu project building was dumped directly.

On the side of the street, passers-by suddenly dispersed, shouting from time to time: "The gods are fighting!"

"The gods are fighting, run!"

"Fighting gods..."

Fairies fight, mortals suffer!

Perhaps is the case.

One is an elder Taoist priest in the Emperor Venerable Realm, and the other is a peerless genius with the power of the Emperor Realm!

The two collided together, enough to break the ground!

A few young people who were hiding fast, staring at the war circle, Ye Chen, who was like a **** of war, envied: "Who is that young brother? With such a powerful combat power, he can actually fight like this with the elder Cui Family Keqing! "

"You don't know this!"

"This is a veritable evil **** Ye Jitian!"

On the side, a person said: "I heard that Ye Jitian went to the Blood Spirit Secret Realm, and now his strength has greatly increased. I am afraid that it will not be long before the older people can suppress him!"

He pointed to Huang Zhantian and others, and said, "Have you not seen it?"

"The four powerful peerless geniuses are all Ye Sution's subordinates, and they respect Ye Sution extremely!"

Chapter 1182: 1 must catch

"The auras of the four people all look terrifying, it is hard to imagine how powerful Ye Jitian is!"

"We must not provoke such a scary person!"

Ye Jitian is so powerful, but he is not the ten geniuses of Kunlun!

However, Kunlun's reputation as the ten great geniuses is probably not enough to hold his martial arts!

On the contrary, the four peerless geniuses under his men might be able to compete for the reputation of Kunlun's 100 geniuses!

Rumble! ! !

Ye Chen's fist strength seemed to have endless power, and was violently attacking the flame barrier that Nan Ming had called!

The real Nan Ming mobilized his body's blood and strength to resist, constantly outputting flames, but gradually exhausted, but said in his heart: This person is Ye Jitian!

Check out new PVP arena battles!

But it's impossible!

Before that, Ye Xitian just killed Xiang Yingjie of the Xiang family!

Why is there a strong combat power now, this growth rate is too terrifying, it is almost comparable to Ye Chen's little bastard!

"Old Taoist!"

"Are there any last words?"

"If not, I will send you on the road!" Ye Chen's voice was flat, majestic and not offensive!

He only punched!

Punch!

With a single punch, Nanming's real man was beaten so that he could only resist it!

Such a mighty power, such a skill, can be called invincible of the same generation!

"Ye Jitian, you bastard!"

"You can't kill me, otherwise the Cui family won't let you go!"

After saying these words, the real Nan Ming sent his whole body power in, and even started to burn the soul. The power of Ye Jitian's punch made him too difficult to resist! He even shouted: "Two heavenly kings and eight guardians, save me!"

"Ye Jitian, stop!"

"Ye Jitian, you **** stop!"

The two Cui family heavenly kings immediately sacrificed their weapons and played their tricks, a round of long swords and a round of sledgehammers, leaping forward!

A round of long swords bloomed with an ancient luster, igniting countless air waves, bursting out thousands of sword auras, like a meteor shower!

A round of sledgehammers released a destructive energy machine, seeming to hammer through the sky, shatter the earth, and be extremely violent!

Two weapons, two tricks!

They are all the world-famous attacks that can only be issued by the emperor, and they are not weaker than the real Nanming!

The two Cui family heavenly kings are also extremely terrifying powerhouses. The Cui family can stand for so many years, mainly relying on them!

"bad!"

"Mr. Ye can't stop it!"

"Four of you, do you want to help Mr. Ye!"

Luo Yao panicked and quickly said to Huang Zhantian and the others: "Three masters of the Cui family, don't you go help Mr. Ye?"

Huang Zhantian smiled dismissively, and said, "It's just three rubbish, still a masterpiece?"

"Miss Luo, do you think our master can't stop them?"

He secretly said in his heart: When did the first level of the Emperor Realm become a peerless master?

What is the name of the high-ranking emperor of the blood spirit race?

Henggu strong?

My master doesn't even look at such powerful people in his eyes, saying that slashing is slashing, let alone the three emperor realms that have just entered or are still a step away!

What are they doing, how can they stop my master!

Hearing these words, Luo Yao was shocked, staring at Ye Chen high in the sky in amazement, and said: "Mr. Ye, so powerful?"

And at the moment in the battle circle!

Ye Chen looked at the world, unparalleled, heroic and stalwart, and a lot of luster fell behind his back!

"Do you think you are strong? I don't need weapons, and I can kill you with my bare hands!"

He looked at the sword and hammer coming from the blast, and suddenly blasted his right fist. The violent fist was like waves of rivers and seas, uninterrupted, but it was extremely violent, with the energy to destroy everything and obliterate everything!

boom! ! !

One punch shattered thousands of sword energy, and even one punch broke the long sword into two knots!

The strength of this fist, still dissipated, flew straight out across the formation, colliding with that round of sledgehammer, and a bright luster appeared, shaking the world up and down, and the aftermath swept out, stopping dozens of buildings around. Cut off!

Boom! ! !

This round of sledgehammer burst open suddenly, and countless fragments fell to the ground like a curtain of rain!

The strongest attack from two strong men! Forcibly, Ye Chen smashed them one after another with one punch!

puff!

puff! !

The two Cui family heavenly kings squirted out a bit of blood, burst out, and smashed on the wall one after another, crushing more than half of their bones!

Under Ye Chen's punch, he suffered heavy losses one after another!

"Nan Ming!"

"It's your turn!"

Ye Chen was extremely strong, the fist in the air burst out with lustre, and the world was blood red, and the incomparable fist rushed out, directly smashed the flame barrier, and hit the chest of Nan Ming!

puff! !

The real Nan Ming squirted blood violently, his body's bones were shattered in an instant, and the meridian bloodline was broken every inch!

His body was slammed into a building with a fist, and the people in the building leaped out quickly, looking at Nan Ming in amazement, and then at Ye Chen, who was like a **** of war. He didn't dare to say a word. Shocked by the situation in front of you!

Real Nan Ming!

One of the very strong guests of the Cui family, such a powerful person, don't even punch the young man in front of him so strangely!

God knows, who is this young man!

A guardian of the Cui family quickly flew into the ruins and carried out the real Nan Ming!

He took a closer look, was shocked, and shouted: "The real person is dead! The real person is dead!"

"The meridians and bones of the real person are broken, and the souls are destroyed!"

"The real person is dead!"

Huhuhu! ! !

Huhu! !

In an instant, when everyone looked at Ye Chen, the expression in their eyes was shocked with surprise, surprise with admiration, admiration with reverence, and reverence with a little fear!

"Cui family, the five elders of Keqing, just one died like this?"

"A thousand years!"

"For thousands of years, there hasn't been such a major event in the Cui family!"

Countless people spoke, among them, some of the Dao Origin Realm powerhouses looked even more shocked: "Cui Family, I am afraid there will be a **** disaster! In front of Ye Chen, kill the young master of the Cui Family, this will Ye Sutian, and the Cui family can't kill the elder of the guest Qing One of the real Nan Ming!"

"My God, the Cui family is going to change the sky!"

"Ye Chen, Ye Jitian?"

"The last name is Ye Could they all come from the ancient Ye family?"

...

The voice of the people is very loud.

The sixteen messengers of the Cui family, the eight great guardians, and the two heavenly kings are still in a daze.

Real Nan Ming died?

Did Ye Xitian punch him to death?

"Mr. Ye is so strong!"

Luo Yao's eyes were like water, and she was extremely excited! Waving his hands and shouted: "Mr. Ye, you are amazing!"

No wonder he totally despised the name of Kunlun's ten geniuses!

It turns out that although he is a younger generation, he is far superior to his peers, and he is enough to compete with the older generation!

No matter what, this kind of person must be caught by the Luo family!

Chapter 1183: Deceive too much

Luo Yao even thought of Ye Chen. There was Ye Chen in front of him, and Ye Jitian was thick. Is it true that the Luo family and the strong surnamed Ye are so predestined?

At this moment, Ye Chen looks down on the earth, his eyes are like electricity, and he is heroic!

He looked at the two Cui family heavenly kings, and his voice was like a god. "You two, commit suicide, or am I killing you?"

"you!"

"Ye Jitian, you are deceiving too much!"

The two Cui family heavenly kings stepped out at the same time, almost tens of meters! Strongly support Ye Chen!

They looked at each other, shook their heads, and then sighed with regret, and ran toward the left and right respectively!

Ran!

But why don't you run!

"Want to go?"

"Is it so easy?"

Ye Chen waved his hand and released a set of sword formations. It was the set of sword formations he trapped Huang Family Genius back then!

Brush up! !

Qiang Qiang! !

This set of sword formations quickly split and turned into a hundred and eight swords. According to the position of 36 Tiangang and 72 Earth evil, covering a space of several thousand meters in radius, a bowl-shaped formation came out. Trapped everyone in the formation!

boom! !

Boom!

No matter how the two Cui family heavenly kings attacked, they couldn't shake the sword formation one or two!

In their heyday, they had a little chance of getting out, but now they have been hit hard, and they have no way to escape!

"You two, you can go to death!"

Ye Chen slammed two punches, and countless waves of punches jumped out, breaking the air, and chasing the two Cui family heavenly kings!

He did not use the Dragon Slashing Question Heaven Sword, nor did he use the Jiuyou Sky Killing Spear, because these people were not qualified!

With fist strength alone, without using weapons, it is enough to kill these people in front of you!

Boom! ! !

A crackling sound came out!

A Cui family heavenly king burst open in the air, and countless blood splattered down!

boom! !

Another Cui family heavenly king was also beaten into blood mist!

The two Cui family heavenly kings have officially fallen, with no corpses!

Ye Chen slowly fell to the ground, looked at Luo Yao, smiled and said: "How about? I said to destroy them, I will definitely destroy them!"

"Mr. Ye! The little girl is impressed!" Luo Yao hurriedly stepped forward and bowed slightly, "Mr. Ye, I used to hear that your whereabouts were mysterious and your strength was not very high, but now you can see that you can push the younger generation horizontally!"

"Eh, that's not right!"

"I still know a young talent, Ye Chen, if you have the opportunity to meet, you must discuss it!"

"Ye Chen has great potential, and even Pill Dao has an extremely terrifying talent. He should be here at this pill meeting!"

"At that time, I will introduce him to you. You two will definitely become good friends!"

The corner of Ye Chen's lips sketched out a smile, and said in his heart: Introduce me to myself?

This girl is still so indifferent!

He smiled, his gaze swept over the muddled sixteen messengers of the Cui family, the eight law protectors, and said: "Don't keep one!"

These people planned to kill themselves, so Ye Chen couldn't stay!

More importantly, the Cui family is related to the Blood Spirit Race, no matter what, they must be killed!

"Yes, master!"

Suddenly, Huang Zhantian, Huang Wuqiang, Wanyan Pojun and others responded with one sentence, and then they shot out!

The world-famous genius of the nine layers of the Dao Source Realm, actively attacking the 24 Dao Source Realm powerhouses!

The result was normal, Huang Zhantian and the others pressed the Cui family guardian to fight!

Wow! !

In a round of blood and light, a Cui family protector died in battle!

boom! !

Three more Cui family envoys died on the spot!

The sixteen envoys of the Cui family and the eight guardians of the law could not stop Huang Zhantian and others from attacking. They were retreating steadily, but they were unable to retreat!

On the side, the people in Danxu Town watched this scene happily.

Luo Yao couldn't help but be shocked, and said, "Mr. Ye, all of your four subordinates are Daoyuan Nine Heavens?"

"But, I think they seem to be very young, they are all in their twenties!"

"And with such a strong combat power, have you always followed you? How come you have never heard of them or seen them in the outside world?"

Ye Chen shook his head: "They are not following me."

"It's just that my servant is just, it doesn't matter!"

With his strength, what counts the ninth level of Dao Origin Realm!

As long as he obtains the master of Hundred Swords, he can have the top power.

Only qualified to fight the blood spirit race!

Boom!!!

The sound of collisions and splashes of blood poured into people's ears.

They saw with their own eyes that the strong men, guardians, and messengers of the Cui family who had been proud of everything and bullied the city at this moment are like bereaved dogs.

However, all of this was asked by the Cui family!

It deserves to be so rampant before, now it's retribution!

Huang Zhantian and others received their weapons, and they returned with two heads in their hands.

Take a closer look, each of them still has two heads hanging from their waists. That's good. The four big men came back with their heads clean and neat.

They knelt towards Ye Chen and shouted in unison: "Master, we have already banished all the people of the Cui family, please let the master speak!"

"All stood up, and the heads found someone to send them back to Cui Yuan, the head of the Cui family!"

"Tell Cui Yuan, after the pill conference, it will be the day I destroy his Cui family!"

"Let him enjoy it, these three days now!"

After Ye Chen narrated all this calmly, the clouds were calm and breezy, as if the extinction of the huge Cui family could only be done with a backhand.

He waved his palm and fingertips gleamed, and the huge sword formation returned.

The sword formation just put away!

Then a group of people rushed in to see that the clothes belonged to the Luo family!

The leader is the great guardian of the Luo family, as well as more than twenty guardians and messengers. Each cultivation base is in the Daoyuan realm, and there are even two strong men who are about to enter the emperor's realm. Such a lineup is not bad for the Cui family. , After all, are the two big families named Dan Xu Ta!

The Luo family guardian came directly to Luo Yao and asked: "Miss, are you okay?"

"It's okay, Uncle Wu!" Luo Yao was still in excitement, pulling the guardian to Ye Chen, and said: "Uncle Wu, did you see things in the sword formation just now?"

The guardian shook his head, and said, "Along with the sword formation, countless sword auras form a mist, and you can't see the inside from the outside!"

He looked around and was quite surprised, and said, "Hey, where are the Cui family members? Didn't you just say that the Cui family members are chasing you? Why did I come and didn't see a Cui family member?"

"Uncle Wu!"

"I want to tell you something very shocking!" Luo Yao seemed to be hiding a little secret, and said seriously: "Just now, the five great guest of the Cui family, Nanming, the two great Cui family heavenly kings, and eight great guardians, The sixteen ambassadors are here!"

"How did you turn out?"

"Mr. Nan Ming let Mr. Ye be killed with one punch!"

Chapter 1184: Things are not

"The two major guardians of the Cui family couldn't even catch Mr. Ye's punch, and they were blown up by Mr. Ye one after another!"

"Five uncles, those are all masters of the emperor state, they can't stop Mr. Ye's punch, you see Mr. Ye soon!"

After listening, the Luo Family's guardian was blank, looked at Ye Chen, and clearly felt the breath of the opponent!

Dao Yuan Jing!

However, the strength of the aura is bold, and you can definitely fight against the sky to kill the emperor!

Could it be that the three masters of the Cui family really all died in the hands of Ye Jitian?

The Great Guardian quickly went to the battlefield and used his hands together to demonstrate the secret technique to watch the battle scene between Ye Chen and Cui family in the air. After watching the battle scene of Ye Chen and Cui family in the air, he returned to the ground with a horrified expression, arched his hands towards Ye Jitian and said: "Mr. Ye Although they are the younger generation, their combat power is comparable to that of the older generation!"

"My niece, how offended!"

"Please forgive me, Mr. Ye, and I will ask Mr. Ye to go back to Luo's house with me. I have arranged a banquet for someone to thank you for saving Luo Yao!"

The great guardian of the Luo family, from time to time he saw human heads on the ground, his mind was shocked.

Sixteen messengers from the Cui family, eight guardians!

was completely destroyed!

When he looked up and saw Huang Zhantian and the others, "Four peerless geniuses of the Nine-layer Heaven in the Origin Realm? Four, where did you come from?"

"Uncle Five!"

"Uncle Wu, they are Mr. Ye's followers!" Luo Yao said hurriedly.

"No!" Huang Zhantian clasped his fists and said, "I am waiting for the master's slave, so I dare not climb the word 'follow'!"

"Minion?"

The Luo Family's Great Guardian was taken aback, staring at Huang Zhantian and others, and said in his heart: These peerless geniuses are actually only Ye Jitian's slaves?

Minion, not a follower!

is even more a follower, but the cheapest slave!

How deep is Ye Jitian's water, there are four peerless geniuses?

Then he killed three powerful emperor realm, his own combat power is at least comparable to the second and third layers of the emperor realm!

How old is he, he has such cultivation skills!

Such talents must be attracted!

When necessary, I said to the owner of the family that even if it is a marriage to let Luo Yao marry Ye Sutian, Ye Sutian must be firmly tied to the chariot of our Luo family! One meter of sunshine is differently warm

God knows how strong Ye Xitian will be in a few years!

I'm afraid Kunlun Xu can't be restrained!

"Ahem, Mr. Ye!" The Luo family's guardian also respected, waved in person, and said, "We invite you to go home!"

"Okay!" Ye Xitian nodded, got on the Luo family's carriage, and went to the Luo family together!

Not long!

They have just left, and the crowd hasn't dispersed yet, the Cui family's Patriarch led the team here!

This time, the other two heavenly kings of the Cui family, the two elders of Keqing, the eight great guardians, and sixteen envoys have all arrived! Under the leadership of Cui Yuan, four powerful emperors came to the place where they had just fought! 新ヤ~⑧~1~中文網ωωω.χ~8.~1zщ.còm

Cui Yuan looked around, looked terrifying, and asked loudly, "You can see the battle just now?"

"Cui...Cui Family Patriarch..."

"Ye Jitian and the Luo family left just now..."

The people replied tremblingly, and there was also the combat situation in the world just now, and they told the Cui family one to five to ten!

And, I also returned Ye Xitian's words and the heads of Cui family to Cui Yuan!

Cui Yuan looked strange, thinking in his heart: Ye Jitian, Ye Jitian!

Ye Jitian of the sky list can actually kill so many people in my Cui family!

has greatly reduced the strength of my Cui family!

Then, I will catch up with Ye Jitian to get revenge. It is very likely that Luo Family and Ye Jitian will unite and wipe me out!

No, you must hurry home and notify the elders who are in retreat, otherwise Cui Jiawei is already in danger!

"Follow me back!" Cui Yuan directly led the people back. Now the external power has been cut by nearly half, and many businesses may not be able to suppress it. You must go back and notify the elders who are in retreat quickly, otherwise, don't mention revenge, even self-protection will be a success. The problem!

.....

At the same time, Luo Yao and the great guardian brought the news that Ye Chen was about to return, and it spread all over Luo's family!

All the Luo family were shocked, excitedly hurried to prepare all kinds of delicacies from mountains and seas, and various elixir that has been collected for many years were also taken out one after another to make such delicious dishes, ready to be used to greet Ye Chen!

Luo Wuya, the head of the Luo family, stood at the door with a look of joy.

He played with the spirit stone in his hand, and said excitedly: "Great, great! This time Yaoer finally brought back a very good young man! Cui Family, this Ye Jitian immediately destroyed it. It's a small Cui family!"

Three powerful men almost comparable to the emperor's realm!

was actually directly beaten by Ye Jitian with a few punches, and by the way, he killed more than 20 Daoyuan Realm experts!

The sky of the Cui family has fallen for a little bit!

The Cui family fell a little and a half, and the Luo family was the most respected in the Danxu Pagoda. It was great, it was great!

He immediately ordered to go down, "Ming Wu, you can quickly lead your subordinates to seize the various businesses of the Cui family, the sooner the better! When the Danzun reacts, it will be difficult to deal with!"

"Patriarch!"

Mingwu was a little surprised, and asked: "Did you just say that you must marry the Cui family?"

"Marriage? No need to join!" Luo Wuya laughed: "My Luo family was a bit weaker than the Cui family, so I had to get married. But now, no need, Ye Jitian defeated half of the Cui family by himself. Marriage should also be a marriage with Ye Xitian!"

"As for the Cui family?"

"The current Cui family is nothing. If it weren't for the Xingtian Danzun behind it, I would directly notify the Lingyi Danzun and destroy the Cui family together!"

The family of Dan Xu Tower such as Luo Family and Cui Family, mainly refining alchemy, are all relying on each Dan Zun!

On the surface Dan Zun is closed for alchemy. Regardless of the family matters, Dan Zun will definitely make a strong move once the family under his family is about to be destroyed. Not to mention the level of Dan Zun cultivation, just The precious medicine is enough to attract the help of many top powerhouses!

Therefore, for the Luo family, the Cui family can be weakened!

But, indestructible!

"It's Ye Jitian!" Luo Wuya smiled extremely schemingly, "I heard that his origin is mysterious, but I don't know, is he from the Ye family?"

"However, with his cultivation base and combat power, I heard that there are still four minions under him, all of which are peerless geniuses from the four Dao Source Realm Nine Heavens, so their origins are absolutely extraordinary. You can marry Yao'er if necessary. Ye Xitian!"

Ming Wu listened to Luo Wuya's words and left directly.

Not long after, the spirit carriage stopped at the door of Luo's house. Luo Yao jumped down, with a smart posture, turned around and reached out and handed it to Ye Jitian, saying: "Come on, I'll pull you down."

"Should I say this?"

"Why did you get up a gentleman first..."

Ye Chen joked, holding Luo Yao's hand, and then getting off the spirit carriage, looking around, he was very familiar.

Chapter 1185: Matchmaker!

When he came last time, he got off the carriage here, this time he came, it was the same place.

However, the situation may be different!

"Hahaha!"

"This must be the little brother Ye Jitian!"

"Young talents, my Luo family welcomes you very much. Come and come, I have prepared an exquisite banquet, specially for you!" Luo Wuya walked out with a smile on his face and gave Ye Chen a fist in person salute.

Luo Wuya's gaze fell on Ye Chen, and then looked at Huang Zhantian and the others, his heart was shocked, completely in line with the news!

It's just that the young man in front of him wore a mask and couldn't see his true colors at all.

But in Kunlun, imaginary appearance is not important at all, strength is the most important!

He even thought to himself: He is really a peerless genius of the Ninth Layer of Dao Source Realm, his bone age is not more than thirty years old!

Ye Xitian's identity must be extraordinary!

He said with a passionate expression: "Brother Ye, I look forward to the stars and the moon, but I am waiting for you!"

"Really?" Ye Chen looked at Luo Wuya not meaningfully, and said in his heart: This guy has changed his face so quickly.

When I came last time as Ye Chen, I said I couldn't climb high.

This time Ye Jitian came, and that old face smiled like old chrysanthemum!

Thirty years Hedong Thirty years Hexi!

Don't bully the young man!

"Come, please, please!"

"Many elders in our family are here to welcome you!"

Luo Wuya greeted Luo Yao and Ye Sutian and walked into Luo's house. There were people standing on both sides of the road. From teenagers to young people to old age, there are figures from the aging stone generation, each with extraordinary auras, including several emperors. The strong!

As he walked, he explained: "We know that you are alone and have defeated half of the Cui family. We all want to know you very much!"

"This is Elder Without Moon!"

"This is the third law enforcement elder, half an emperor!"

"This is Yao'er's fifth uncle, the eighth-tier heaven of Dao Origin Stage."

"this....."

...

Luo Wuya introduced his family to Ye Xitian one by one.

This enthusiasm is almost the same as the enthusiasm of Jingui's son-in-law and the old husband's introduction of family members, not to mention how happy it is.

He is more happy than ordinary people who have won millions of bonuses.

A master at the second level of his family may not be able to bear a punch in the hands of others. The elders of the first echelon of the emperor realm may not be able to excel at others, but this person may also become his own son-in-law. Happy!

A group of emperor-level old guys gathered around, babbling like Ye Chen.

Seeing this scene, Luo Yao's face was abrupt, and she whispered: "When Ye Chen came last time, I didn't see you so excited!"

She hugged her hand and thought with enthusiasm: Ye Jitian is only about the same age as me, as for you!

It was as hot as Ye Xitian's generation.

You almost turned Ye Xitian into your long-lost brother. This is enthusiastic, fake!

False, too false!

Luo Yao almost couldn't stand it any longer, thinking that when she came back with Ye Chen, her father was so superb.

Today, I took Ye Sutian with me, and his father was like watching Ye Sutian and his brother.

"Everyone, don't worry, don't worry!"

"Let's sit down, speak slowly..." Ye Chen patted the hands of Luo Wuya and Second Uncle Luo Yao, and said lightly.

The elders of the Luo family, six top powerhouses, including the Luo Yao uncle and the second uncle, plus three law enforcement elders, and the Luo family guardian, accompanied Ye Chen to sit on the table, and at the same time, there were Dao Yuan 5 The layers of Luo Wuya and Luo Yao sat between the seats.

On the side, there are other law enforcement elders, law protectors and other strong men sitting on other tables.

They are all in the Dao Yuan realm, and they are in the Dao Yuan realm for thirty full!

On the side, there are also a few younger generations from the Luo family, ranging from the Saint Realm to the Void King Realm.

This scale is basically because the Luo family came out to welcome Ye Chen. This lineup is very rare. There are four generations of men from the old, middle and adolescents. Apart from the women who are still at home, everything else can come.

The Luo family was founded hundreds of years ago, so it still maintains some ancient traditions.

That is to greet the guests. All men come, and women basically do not leave the boudoir. Luo Yao is an exception. Otherwise, today you can see many Luo family beauties sitting around Ye Chen toasting and pouring tea.

"Brother Ye, good luck!"

"It's a role model for the young generation!"

Luo Wuya looked at Huang Zhantian and others standing at the table from time to time, and said with a smile: "These four are also peerless geniuses. With these talents and cultivation bases, my Luo family disciples are far away. It is better to let them all sit down together. Drink and eat, right?"

"What do you mean? Brother Ye?"

"No need!" Huang Zhantian said first: "As a slave, I will never sit down while the master is drinking food!"

He respectfully clasped his fist and said: "Please don't ask the Luo Family to embarrass my master. I wait for a minion to stand!"

After saying that, Huang Zhantian, Huang Wuqiang, Wanyan Pojun and others stood around the banquet, and the breath of Daoyuan nine-layer heaven on their bodies bloomed, extremely powerful, and looked at the other Luo family with majestic eyes.

It seems once the banquet changes!

They would obey Ye Jitian's orders, block the entire banquet, slaughter them, or each would pounce on a Luo family's top powerhouse to fight!

They acted this way, but they shocked the younger and younger generations of the Luo family!

The younger generation stared at Huang Zhantian and the other four, and couldn't help feeling uncomfortable. They didn't even dare to see Huang Zhantian. They just stared at Ye Chen in the middle of the banquet from a distance, and they were frightened and afraid to make trouble.

Such minions are enough to kill us in seconds!

You can even compete with the family elders, how powerful Ye Jitian is!

With this question in mind, Luo Wuya toasted a glass of wine and asked, "Brother Ye, you have such a deep skill, which family do you come from?"

He toasted to Ye Chen's generation, and said with a joking smile: "I found that Yao'er seems to like you a little bit, how about you tie the knot?"

Chapter 1186: Dando Conference

Luo Yao heard that his father was planning to hand her to a stranger in the blink of an eye, and his face blushed to the extreme.

Beauty loves heroes!

She worshiped Ye Sutian more of force, but if she wanted to say she liked it, she definitely did not feel as strong as Ye Chen at the beginning.

But Ye Sitian is much better than the Cui family!

If you can't choose your own happiness, Ye Jitian is undoubtedly the best choice!

She looked at Ye Chen wearing the mask with blinking eyes, waiting for the latter's reply!

But at this moment, Ye Chen was a little bit ridiculous, he never expected Luo Wuya to come up with his own idea.

He glanced at Luo Yao, Luo Yao's eyes quickly avoided.

To Ye Chen, Luo Yao is certainly a Kunlun virtual beauty who also controls the alchemy, but he is just Luo Yao as a friend.

He was grateful that Luo Yao stood up without hesitation when he was in danger, all this was just for repaying.

As for the marriage contract, Ye Chen is naturally impossible to accept it right now.

So Ye Chen said directly: "The family I come from, forgive me not to say it!"

"As for your tie, I have too many enemies right now, and this will only hurt Luo Yao. Besides, I am used to it by myself, and I hope you will be considerate."

This sentence did not hurt Luo Yao, but indirectly refused.

When Luo Wuya heard these words, he shook his head helplessly.

As for Luo Yao, although she didn't want anything to happen to Ye Jitian, the result still disappointed her a bit.

Luo Wuya didn't want to give up Ye Sution in front of him. Just when he wanted to speak, Luo Yao interrupted him: "Dad, what Mr. Ye said is right. Let's stop this matter. I hope my father can let me. Choose your own marriage!"

Luo Yao's tone was a bit tough. In her opinion, she didn't want to be a trading tool for the Luo family at all!

Luo Wuya didn't expect that his daughter would actually contradict him, his face was a little unhappy, and he said coldly: "Luo Yao, don't think I don't know what you are thinking! Are you still thinking about Ye Chen!"

"Ye Chen is indeed very strong and talented, but you know his gambling with Mr. Jingshui! Faced with Mr. Jingshui, no matter how talented he is, he will definitely die! I advise you to die!"

In Luo Wuya's eyes, Ye Chen was originally his target!

He even regretted his original attitude!

But now, when he sees Ye Jitian's existence, he knows how to choose!

This Ye Jitian is a hundred times more important than Ye Chen!

No matter how powerful Ye Chen is, he will not be able to cross the emperor realm within a hundred years!

But the Ye Jitian in front of him is very likely to aspire to Kunlun's virtual peak!

The Luo family must fight at all costs!

Luo Yao heard his father's judgment about Ye Chen's life and death, her eyes were filled with some anger, and she clashed: "Dad, don't forget! What did Ye Chen sit in Danxu Town back then! If you didn't have Ye Chen, you think you still Qualified to stand here!"

"A person like you, who tends to become inflamed, will ruin the entire Luo family one day!"

"Asshole!" Luo Wuya's expression was completely pulled down, and he stretched out his hand and slapped towards Luo Yao!

The palm of the wind blew, seeing Luo Yao touched, an invisible wave of air was blocking everything.

Ye Chen wearing a mask was already standing in front of Luo Yao.

"You two don't have to say any more!"

Ye Chen glanced over everyone present, and said: "Ye Chen, this person, he is my junior, and he will come to Danxu Town soon!"

"what!"

Luo Wuya's expression instantly petrified!

He couldn't believe it!

He trembled even more and said, "Mr. Ye, can't it... That kid Ye Chen, with such poor skill, only entered the Holy Realm at the beginning, how could he be your junior?"

But Luo Yao's eyes lit up, and he quickly asked, "Mr. Ye, you said Ye Chen is your junior? Is this true?"

"Yes!" Ye Chen continued to hold on, nodding pretentiously!

Luo Wuya sighed with regret and said, "So..."

Regret!

I regret that I didn't know Ye Chen's identity at the beginning, and I didn't know that Ye Chen actually had such a powerful senior brother Ye Jitian!

A master who can teach such a powerful person like Ye Jitian must be extraordinary, and may even be of the same generation as Han Yun!

At the beginning, why didn't he keep Ye Chen!

It's okay to stay as a son-in-law!

Hey!

Luo Wuya regretted it, his expression recovered, and then said: "Actually, brothers and sisters are the same! I think my Yaoer is also very good with your brother! I just don't know, where did Ye Chen go?"

"He said he will come to Danxu Town in two days!"

"It seems to be here for the alchemy conference, looking for some pills to break through the realm!"

Ye Chen continued to pretend, and said: "I don't know how many Dan Zun participated in this alchemy conference?"

"Pill Dao Conference?" Luo Wuya was taken aback, and then explained: "Originally it will only be held ten years later. But I don't know why Xing Tian Dan Zun and several Kunlun phantom Dan Zun together urge the Cui family and other families. , Hold the Dandao meeting in advance!"

"The remaining Lingyi Danzun and Baiwu Danzun, as well as our Luo family, have no choice but to agree!"

"In addition to the Lingyi Danzun and Xingtian Danzun of the Danxu Pagoda, Kunlun Xu actually has several Danzuns."

"The three major families and three Danzun simultaneously launched the Dandao Conference."

"Our remaining two big families and two Danzun, because of the choice of candidates, we can only agree!"

"I don't know why I always feel that Xing Tian Danzun has any conspiracy to hold this in advance."

"Originally, the alchemy conference was a grand gathering for the selection of major alchemists! At the same time, the five alchemists will personally go off the stage to refine the ancient Bailing Pills to reward the youngest alchemist and two families!"

"The young alchemist's competitionThe person who wins the first place will get two ancient Bailing pills!"

"Ancient Bailing Pill, taken under the Void King Realm, one is enough to break through a large realm, and one taken above the Dao Source Realm, one can raise a small realm. Therefore, the ancient Bailing Pill is extremely precious. The materials are all made by five families and five people Dan Zun is here to provide it together!"

"Ten forces provide medicinal materials?" Ye Chen asked, "Why do so many forces provide medicinal materials together?"

Luo Wuya smiled slightly and explained: "Because it was to refine five ancient Bailing Pills at one time, except for the young alchemist who got two, two of the other three will provide the other two families of the five big families!"

"As for the last one, it's up to the Danzun to see the mood and give it to anyone!"

After Luo Wuya explained it, Ye Chen understood what was going on.

The entire alchemy conference is not only a competition for young alchemists, but also a competition between major families, and even a competition between the five great alchemists. The closest family and alchemist can get ancient Bailing pills to break through. !

Chapter 1187: Dark clouds crush the city! crisis!

In the five great Danzun competition, the strongest person can decide the destination of the remaining ancient Bailing Dan.

The ancient Bailing Pill is very precious to anyone, especially those under the emperor realm.

Because apart from young peerless geniuses, it is very difficult for other Daoyuan realm powerhouses to advance to a level. Many people often advance to Daoyuan realm early, but it takes a hundred years, even two or three hundred years, to advance to the next level. !

Dao Yuan Jing cultivating one's own "Tao" is too demanding for understanding, and promotion is too difficult.

However, the ancient Bailing Pill can perfect one's own 'Tao' as soon as possible so as to make the Dao Source Realm strong one step forward.

Besides, just take a look at the people at the Luo family banquet. Dao Origin Realm is full of 30 people, and most of them are bad old men. They have been stuck in Dao Origin Realm for many years and are difficult to promote. You can know the preciousness of the ancient Bailing Pill. Place!

As for Ye Chen, Huang Zhantian and others, they are completely highly savvy, almost ignoring the question of perfecting the "Tao", and they can cultivate to the emperor's realm in a matter of time! But for the huge population of Kunlun, there are no more than a dozen such people every 100 years.

"My brother, I am interested in participating in the pill competition!"

"I know that his talent for alchemy is extremely strong, so Patriarch Lauro will help by that time!" Ye Chen described methodically.

Immediately, he ate with everyone. All kinds of delicacies from the mountains and seas, abalone, wing and belly, etc. were spread over the entire table, as well as cold dishes made from more precious elixir.

These are precious dishes, and every cold dish is It is made with elixir of hundreds of years as raw materials.

Here at the Luo family, open a banquet, happily!

On the other side, the Cui family was completely angry!

In the lobby of the Cui family, Cui Yuan glanced sadly at the many masters in front of him!

This time the Cui family had lost too much, the surface strength, now the Cui family is no longer comparable to the Luo family.

"Patriarch!"

"An elder has come out of retreat!"

A guardian of the three-tier heaven of Dao Source Realm stepped forward and said, "Now, is it really enough to wake up many elders?"

"Yes!" Cui Yuan sighed and said in his heart: The strong family has lost nearly half, and they have to wake up those few!

These elders are all powerful emperors who survived after taking refuge in the blood spirit race!

You must know that the young master of the Cui family was beheaded by Ye Chen, facing the strength of the Lingyi Danzun, the Cui family did not dare to use this power casually!

But now, with such a big incident in the Cui family, if you don't wake up, it will definitely be a disaster!

Wake them up, they will surely turn the situation!

Through the Huang family, the Cui family also surrendered to the six blood spirit tribes in the blood spirit secret realm. Originally allocated according to the quota, they had to hand over two powerhouses of the emperor realm for a hundred years to supply the blood spirit tribesmen for slaughter, which also resulted in the fact that there were very few strong people of the emperor realm in their family!

However, after taking refuge in the Blood Spirit Race, you can have a chance of exemption every three hundred years, and you can save the two emperor realm powerhouses cultivated in that hundred years from being killed!

The Cui family had been established for 900 years, and at the 300th time, he took refuge in the Blood Spirit Race.

Therefore, the four powers of the emperor state have been preserved, and each of them has reached the level of the fourth layer of heaven. Such a cultivation level may not be a big deal in a larger family, but in Dan Xu The town is already a strong one!

In order to avoid being known by outsiders that the Cui family has taken refuge in the Blood Spirit Race, especially those Danzun!

Therefore, many years ago, the Cui family allowed the four powerful emperors to hide in the family in the name of retreat, and take action when in danger!

Cui Yuan sighed. When his son was killed, he had never thought of asking these hidden emperors to take action!

Now, I have to let them do it!

"Patriarch! It's not good!"

A guardian rushed in in a hurry!

Cui Yuan's eyes condensed, and he said coldly: "What's the matter!"

The protector hurriedly knelt down, "Patriarch, the Luo family has already begun to take action against our property."

boom!

Cui Yuan slapped the table abruptly and said angrily: "Luo Wuya, you think that if Ye Jitian supports you, you can be lawless!"

He fell silent and said, "Ye Xitian, I want you to die without a corpse!"

Just when Cui Yuan was furious, an unmatched breath shook the whole room!

The four top powerhouses who retreat from the Cui family have come out!

"Boom!"

A wall behind Cui Yuan broke open!

The violent air wave rushed out from inside!

In the rolling dust, the four figures are looming!

"Are you the current Patriarch?"

"What's your name?"

A group of four people came from outside the door, each of them was filled with ancient Taoism, and the mottled cheeks could not tell how old they were. Standing in a black robe, they looked like ghosts killed in the nine netherworlds. The powerhouse of Daoyuan Realm is terrifying!

Four old men, one with a sword on the back, one with a gun, and a large cauldron hovering behind them, with a terrifying aura, like a devil!

They are the four emperor realm powerhouses accumulated by the Cui family for hundreds of years, all of which are in the fourth level of the emperor realm, their strength is terrifying!

"See elders, I am the current Patriarch, Cui Yuan!"

"Four elders, now my Cui family is at stake. A young strong man named Ye Jitian came to Danxu town. He knocked out a top Cui family strong with a few punches. Not only that, but half of my Cui family. The power is destroyed!"

"So, ask the four elders to take action, and you must kill this crap!"

One of the elders of the eagle hook nose stepped forward with the sword, the leader of the four, named Cui Ming!

He asked: "For specific matters, come and listen to us in detail!"

"Yes, elder!" Cui Yuan didn't dare to say no, and he said what happened today.

After talking the four elders each sat on the chair, their majestic eyes made the strong Cui family around them uncomfortable, and they felt as if they were held down by four ghosts.

As for the cultivators of the Void King Realm, they are not qualified to enter their eyes!

After hearing this, Elder Cui Ming pondered for a long time, glanced over the Patriarch and several elders in front of him, and asked: "You said the alchemy meeting will be held soon? Xing Tian Danzun and the others are planning?"

"Yes!" Cui Yuan nodded!

"After the alchemy conference, kill Ye Xitian!" Cui Ming had a deep gaze and said: "The alchemy conference is a conference held by the five great alchemists and the five families. One month before the conference, no large-scale emperor can appear. A duel of the powerhouse!"

"If we enter the Luo family together now, then Lingyi Danzun and the others will definitely take action!"

"At that time, either it will evolve into a battle of five Danzun, or Xingtian Danzun will take the shot! These years, Xingtian Danzun should be stuck in the early stage of the emperor's stage, but the network is extremely broad, we can't offend him!"

Chapter 1188: greedy!

"Only after the alchemy conference is over, after the action informs all the alchemists, you can take action and kill Ye Jitian and his four men!"

Cui Ming is worthy of being an old stone-level powerhouse. He has a clear understanding of the major forces and all Dan Zun!

Especially in this situation, if you can't kill the enemy decisively and simply like Ye Sutian's, you will surely welcome Dan Zun to take action. At that time, it will not simply destroy Ye Sutian, but evolve into It's a melee!

"Could it be that we just put up with this tone?"

A guardian of the Cui family still couldn't help but speak.

"We can endure not Ye Sutian, but Lingyi Danzun!" Elder Cui Ming said slowly: "There will be an alchemy conference in three days. During the alchemy conference, you will quickly arrange your formations to track Ye Sutian. , When the conference is over, we will directly take action to smash this crap!"

He said so on the surface, but in his heart he said secretly: We cannot expose our identity in front of a few Danzun!

Several Danzun knew that six hundred years ago, we had already died in the hands of the powerful blood spirit race!

If you make a move now, they will definitely find that they have taken refuge in the blood spirit race, and it will be difficult to deal with by then!

Therefore, when the alchemy conference is over, all the alchemists will calm down and retreat, or when we are refining alchemy, the four of us will take a shot and quickly kill Ye Jitian, then come back and continue to retreat to hide our identity!

"Alright!"

"I still don't believe it, I can't kill Ye Jitian's **** this time!" Cui Yuan calmed down and continued to say, "After he killed Ye Jitian's crap, he wanted to find Ye Chen's **** and dare to kill. My son, I will never let you go!"

Cui Ming said, "Patriarch, we won't care about your son's affairs. We are only responsible for killing Ye Sutian!"

Cui Yuan nodded: "Of course! Even if the four elders don't take action, some of the methods I am preparing at the moment are enough to kill Ye Chen!"

"Ye Chen is just a kid who entered the Holy Realm. He dared to threaten me at the beginning. I want to learn from the blood spirit clan and get him cramped!"

Cui Ming and other elders did not respond to Cui Yuan's words, but instead said: "Let's go down and prepare to kill Ye Jitian's formation, the alchemy conference, you can do it as usual!"

"Thank the four elders!"

Cui Yuan personally got up and gave it to him. In terms of age, the four elders are all his ancestors, and it is normal to give it to him in person!

The Cui family conspired to kill Ye Sutian, but Danzun had different reactions!

...

In Danxu Tower!

Ling Yi Dan looked at the starry sky in the distance, shining a little, and from time to time meteors shot across the night sky, "I don't know, where did that kid go!"

"Don't worry, Lingyi!" Bai Wu Danzun sat drinking and smiled: "That kid is not easy, don't worry, he may come back for this alchemy conference!"

As a friend of Lingyi Danzun for thousands of years, Baiwu Danzun often talks with Lingyi Danzun for joy.

The two people guarding the gate of Dan Xu Tower were still guarding the gate. They took some of the waste pills of the Spirit One Pill. Not only did their injuries heal, they took a step forward and reached the level of the fifth layer of the Dao Source Realm!

Venerable Ling Yi Dan exhaled, "Ye Chen...Ye Chen, he is Senior Lin's disciple, so nothing will happen!"

"Dan Zun, the Luo family has something to report outside!" Fang Lao came in to report.

"Let him come in!" Ling Yi Dan Zun Qingmin took a sip of spirit wine and looked at the stars in the sky.

"Meet Lingyi Danzun! Baiwu Danzun!" It was the great guardian of the Luo family, who was extremely powerful, but he respected the two Danzuns extremely and did not dare to be presumptuous!

Lingyi Danzun asked: "You come to Dan Xu Tower to find me, what's the matter?"

"Today during the day, a young man named Ye Jitian appeared!"

"I know!" Lingyi Danzun looked at the Luo family's great protector, his eyes became fierce, and a high-ranking energy bloomed, and gradually pressed towards the great protector, his voice said deeply: "If you say, you just report this, then you have to bear my anger!"

Dan Zun!

How can you see if you want to!

"Do not!"

"That Ye Sutian, it seems to be Ye Chen's senior!" The Luo Family's guardian said hurriedly, bowed and hugged, not daring to lift his head and fists. "Today, we Luo Family hosted Ye Sutian, and Ye Sutian asked. About the alchemy conference, and said that junior brother Ye Chen is coming to participate in the alchemy conference!"

Wow! !

Ling Yidanzun turned around abruptly, looked at the great guardian of the Luo family with joy, and asked: "Are you sure, this Ye Chen is another Ye Chen? Isn't the person of the same name?"

"OK!" The Luo Family's guardian slowly said, "With Ye Jitian's cultivation base and combat power, you shouldn't lie!"

"Also, Ye Jitian has left the Luo family!"

"Before I left, I left Ye Chen's token, so the Patriarch sent me to notify Dan Zun!"

After listening to these words, Lingyi Danzun was in deep thought, thinking: Ye Chen was just entering the Holy Realm when he left a month ago!

This time I came back, at most the Void King Realm!

Is he sure to resist the Cui family?

By the way, Ye Jitian is his senior, and such a powerful senior escorts him, he will definitely be back!

Suddenly, Ling Yi Dan said overjoyed: "Okay, if Ye Chen comes back, I will refine one more ancient Bai Ling Dan for him at the alchemy conference, so that he can improve his cultivation. In addition, if you meet Ye Su God, take me to pass a message to him, let him be careful of Xing Tian Dan Zun!"

"Xing Tian Danzun, this guy, will take action at all costs!"

"If Ye Jitian can't shelter his junior and younger brother Ye Chen, I will do it myself!"

Ling Yi Dan Zun can be described as protecting the calf to the extreme.

The benefactor's disciple, he just spared this old life and wanted to keep Ye Chen safe.

"Yes!" The Luo Family Guardian paused for a moment and smiled and said: "Then Danzun, look at the Cui Family and Xingtian Danzun, how to solve it?"

"You don't have to worry too much!" Lingyi Danzun said disdainfully: "I will naturally send someone to deal with some things!"

"Thanks, Dan Zun!"

After the Luo family guardian left, Bai Wu Danzun thought about Ye Chen and Ye Jitian while drinking, and muttered: "One is the pill is strong, the force is weak, the other is extremely strong, even the same as the old The characters are comparable, but Dan Dao may be weaker!"

"Such amazing two brothers!"

"I don't know that it is the senior, I have taught it!"

"The key is that Ye Jitian actually still has four peerless geniuses of the Dao Source Realm Nine-layer Heaven as his subordinates. It seems that it is not simple!"

For him, the ordinary Dao Source Realm nine-level heavenly powerhouse is nothing unusual.

But this peerless genius of the 9th-level of Origin Realm is so young, it is different. It is possible to cultivate to the sixth and seventh levels of the Emperor in the future. Such a genius is willing to be Ye Sution's subordinates, Ye Sution must be It is far beyond the ordinary monks!

Where did it come from?

There is definitely a great opportunity behind Ye Sution!

This opportunity is even related to your own future!

At this moment, there was a trace of greed in Bai Wu Danzun's eyes!

But this greed is fleeting!

Not being noticed by Ling Yi Dan Zun!

Chapter 1189: Blood Spirit Vibration

...

At this moment, somewhere among the tall buildings in Danxu Town!

In a presidential private room, Ye Chen, Huang Zhantian and others live in it!

Ye Chen asked, "Have you resolved the person following you?"

"Master, it's all resolved! No one knows anymore, we have entered this building!" Huang Zhantian reported.

Ye Chen nodded and quietly removed the mask. From Ye Xitian, he recovered to Ye Chen's inexplicability. At the same time, the aura on his body was completely restored, and the demon spirit of killing and decisiveness was no longer reproduced, but the aura was relatively calm.

Huang Zhantian, Wanyan Pojun and the others looked at all this before them, completely squeezed!

From the Blood Spirit Secret Realm, they never saw the youth in front of them take off their masks!

So I don't know what Ye Chen looks like!

But in front of them, they really saw the appearance of Ye Chen's master!

They have all seen Ye Chen's photos in Luo's house. Why are Ye Chen and the owner so similar?

No, it's exactly the same!

Huang Zhantian asked: "Master, are you... Ye Chen that the Luo family said?"

"Of course." Ye Chen didn't cover it up. Anyway, he signed a contract with the four of them. If the four of them had a little thought of betrayal, they would be burned by the flames. Knowing their identity is no big deal.

"I am Ye Chen, and at the same time, I am also Ye Jitian!"

"hiss--"

The four of them took a breath, and Huang Wushang asked, "Master, the Kunlun Xu people don't know your identity?"

Ye Chen nodded and told them not to speak out, and said: "In the future, I will still need the identity of Ye Sutian. At the alchemy conference, you said that Ye Sutian asked you to follow me, that's all!"

"I will understand!"

"Master, what should we do next?" Huang Zhantian asked.

Ye Chen stared at the scenery outside the window, with his hands behind him, and said lightly: "Just wait for the alchemy meeting in three days!"

...

At the same time, a mysterious place.

There is blood lingering here, and the sky is full of faint blood!

A round of scorching sun and blood moon are high in the sky at the same time!

More importantly, the aura here is extremely rich!

Far beyond the imaginary multiple of Kunlun!

Once you practice here, it will have extremely terrifying effects!

If Ye Chen were here, he would definitely find that this place was extremely similar to the Blood Spirit Secret Realm.

And here in an extremely old building.

Three powerful characters are engraved on a huge spiritual stone outside the building!

Blood Spirit Race!

Here is the territory where the Blood Spirit Race has been entrenched for thousands of years, and it is also the birthplace of countless Blood Spirit Race powerhouses!

Deep in the building, an extremely terrifying formation place.

Countless strong men with terrifying auras sat cross-legged, absorbing the spirit of heaven and earth!

There is a huge round stone pillar in the middle of these strong men!

On the top of the stone pillar sat a skinny old man.

The old man has gray hair, a long beard, and a strong Taoist rhyme all over his body.

There are even countless magic charms around the body.

His eyes were closed, and there was a crimson light on his forehead! Like the third eye!

If Ye Chen were here, he would definitely find that the red light on the old man's eyebrows was extremely similar to the condition of his eyebrows!

It's just that what he communicates between his eyebrows is Jiuyou Hell!

And this old man's eyebrows are forbidden to communicate with the Blood Spirit Race!

The whole world has become extremely silent because of so many powerful people!

Suddenly, a violent wind rolled, and the old man's eyes suddenly opened! A blood spurts out!

The many powerful people in the audience naturally felt something, and countless eyes opened.

Horrified! fear! Worry!

"Master! Master, what's the matter with you!"

"Master, you have been in retreat for thousands of years, did you leave the customs ahead of time!"

Countless voices resounded!

It can be seen how important the old man is in the hearts of this group of strong blood spirits!

And the old man didn't care about everything around him, his face was extremely dark, even full of anger!

His vitality is suddenly extremely strong!

"Who is it! Who would dare to kill the blood spirit tribe I arranged on the lower planes!"

"Who is it!"

"That **** Kunlun Xu, who is qualified to let six people fall at the same time!"

"Why is there a tingling sensation in my eyebrows! Is something serious about the Blood Spirit Race?"

The old man's angry eyes became more disturbed.

He suddenly thought of something, pinching his fingers, condensing a picture.

And in the picture, there are exactly one ancient stone pillar!

Each stone pillar is wrapped with this blood-covered chain.

And under the chains is a power who fell into a deep sleep!

Hundreds!

It is the power trapped in the reincarnation cemetery!

Luo Yuntian, Chen Qingcang, Slaughter Daojun, Cang Haiping, Chen Tianli, Duan Leiren, Lord of Immortality, Lin Qingxuan, Mo Ning'er, Qiye Qiye are among them!

Seeing that these trapped people did not fluctuate, the old man let out a sigh of relief: "It's okay."

The disappearance of any of these people is a big deal for him!

It may even make the blood spirit race disappear forever!

Suddenly, the old man's eyes condensed, and his cold eyes shot down! The old voice sounded: "There is nothing happening in Kunlun, and six members of the tribe have died bizarrely. I want to know, how long is it for a hundred years?"

One of the middle-aged men came out from the crowd, knelt under the old man, and said respectfully: "Master Qi, there is still a year away! It's just that the earth on which Kunlun Xu is located is a low-strength plane. These years, those ants We have almost squeezed out our cultivation resources. It is not certain whether there are thousands of people who truly enter the emperor realm. How could something go wrong?"

"Also, apart from some Kunlun Xu families and forces that have contact with us, there should be no blood spirit race talents there."

The old man snorted coldly when he heard these words, and with a wave of his arm, the middle-aged man turned into a **** mist on the spot!

"I don't like people questioning me. In that case, you are not eligible to stay!"

When everyone saw the master angry, their faces were all pale! The atmosphere dare not take a breath.

The old man looked down at the crowd condescendingly, with his hands behind him, and made a firm decision!

"Although there is still a year, but this time I always feel that Kunlun is not right, as if there is a huge variable, Elder Wei! I can't wait for a year, you first bring a few strong blood spirits to that Check Kunlun, the land of rubbish! Investigate the cause of death of the blood spirit tribe! No matter what you must bring back the head of the person who did it!"

The cold voice resounded.

"Yes!"

An old man wearing this robe walked out, nodded, no nonsense, directly nodded a few strong men, and disappeared completely! "

After Elder Wei disappeared, the old man looked towards the sky and moved his fingers slightly: "The stars are actually fighting and turning. Is it possible that the person who controls reincarnation in the

legend is about to come out? I don't know if this matter has anything to do with Kunlun Xu? I hope it's me. I thought about it..."

...

Ye Chen naturally didn't know about the blood spirit race.

In the past few days, the only thing he did was to study Dan Dao.

After entering the Dao Source Realm, his control of the Alchemy Dao is even more terrifying!

Coupled with some things obtained by the Holy Grass Palace, Ye Chen Dandao is extremely powerful!

Chapter 1190: Dando Conference

Three days later, Kunlun was empty, and the alchemy meeting was held normally.

Located in the center of Danxu Town, the five great Danzuns and the five big families gather. The grand arena is built up to be one thousand meters long and one hundred meters wide. It is covered with simple and simple Danding tripods. It is generally half a meter high, one meter long and one meter wide, and its shape resembles a three-legged tripod.

There are as many as 30 pill tripods like this!

In the front, there is a bronze pill cauldron with a height of one foot in width and length, exuding Taoist spiritual power. It is simple and full of Taoism, mysterious and noble. , It is enough to suppress the other thirty Danding!

On the left and right of the ring, there are the five great Danzun and the five family heads.

Check out new PVP arena battles!

Ling Yi Dan stood up, dressed in awe-inspiring blue robe, looked down at the thousands of spectators around the ring, and waved his hands, blasting sound waves like gold and broken stones, rushing out like waves, bringing thousands of spectators to life. Forced back dozens of steps!

He nodded in satisfaction and said: "This distance is almost the same."

"Today is the alchemy conference, not a competition arena. What are you doing so close? Is it because you want to cheat the contestants?"

The flat voice, but with infinite power, reaches everyone's ears.

In an instant, thousands of people bowed their heads, not daring to look directly at Lingyi Danzun, and silently stepped back, leaving a clearing.

The masses are looking forward to the alchemy conference, because the alchemists of the alchemy conference will sell the pill on the spot after the alchemy is completed by the five great alchemists. Although he is a young alchemist, after all he has to refine a pill to improve his skill, which will naturally excite the masses.

"The alchemy conference, because the statue of the alchemy **** was broken last time, the deity is the chief referee!"

"Now, the Dandao Conference officially begins!"

Lingyi Danzun saw Ye Chen standing in the crowd, and a smile was drawn on the corners of his lips, and then said: "This time the pill meeting, the deity will refine one more ancient Bailing Dan, and will choose among the people on the scene. One person!"

"What!" Luo Wuya stared at the Lingyi Pill in surprise, and calculated: "It was originally five ancient Bailing Pills, but now there are six."

One for the fifth layer of the Void King Realm is enough to become a Dao Source Realm powerhouse! ,

Six ancient Bailing pills!

Enough to cast six Dao Source Realms!

Even if not counting the two rewards given to the chief alchemist, the other four are enough to cast four Dao Origin Realm masters!

Dao Yuan Jing!

In the Blood Spirit Secret Realm, it is not a particularly big master, but in Danxu Town, the emperor realm powerhouse does not come out. Basically it is the world of Daoyuan realm powerhouse. The huge Luo family and Cui family have gone through hundreds of years. Precipitation, there are only 30 or 40 Dao Origin Realm powerhouses!

"This Dandao Conference!"

"Thirty young alchemists need to refine one of the ancient Bailing Pill, Spirit Pill, Fire Pill, Water Pill, Sky Yellow Pill, etc.!"

"There is a limited time for three hours to produce pill, then the number and quality of the pill will distinguish the ranking!"

Lingyi Danzun paused for a while, raised his hands, and suddenly the purple light swept across the high sky as a vast ocean, crashed through the clouds, and landed down. It was located on the top of a building with one hundred floors and hit a Dao Source Realm five-layer sky. Man in black!

The purple light hit the sky and hit the tall buildings, causing many tall buildings around to shake!

Boom! !

The man in black burst open, turning into pieces of meat and falling down.

Lingyi Danzun received his skills and stood with his hands, his eyes are like the ice of the twelfth lunar month, and the cold breath lingers all over his body. He said: "At the alchemy conference, all those who go to visit must reveal their identity. Think of them as those who secretly want to steal the results of the alchemist, and kill them all!"

Every time an alchemist makes alchemy.

There will always be some poor people who rely on their cultivation base to forcibly seize the medicine.

For this class of people who seize the medicine, the Lingyi Danzun has always killed directly.

Lingyi Danzun said again: "What needs to be told is that Fire Pill, Water Pill, and Sky Yellow Pill are all seven-rank spirit pill, no matter how good the quality is, no matter how much the pill is produced, they cannot be ranked in the top five!"

"The Wuling Pill is an eight-level pill, and its efficacy is half of the ancient Bailing Pill!"

"Ancient Bailing Pill is a nine-level spirit pill. If only one person refines it, he is regarded as the chief alchemist. Even if someone refines the twelve spirit pill of the highest quality, it can only be reduced to the second!"

No amount of Eight-Rank Spirit Pills is as good as Nine-Rank Spirit Pill.

Therefore, refining the ancient Bailing Pill is the key!

But after all, it is the pill that allows the fifth-layer heaven of the Void King Realm to directly enter the Daoyuan Realm. How easy it is to refine it!

"Now, 30 young alchemists are invited to the ring!"

After Lingyi Danzun finished speaking, he waved his hand and gave out a colorful glow, and the soft clouds turned into a cloud ladder, connecting the ground to the 100-meter-high ring!

Most of the thirty young alchemists are in their teens to thirties, including Ye Chen, Cui Yue, Ruohan, Luo Fang and others.

Cui Yue didn't expect Ye Chen to really come, and her eyes burst into flames!

The Cui family and Ye Chen have long since shared their enemies!

No matter what, this time Ye Chen must definitely pay the price!

However, Cui Yue quickly felt the gaze of Ling Once Zun, and quickly converged to kill, thinking of the cloud ladder and left.

Everyone stepped on the ladder of clouds together, step by step, one hundred meters of stairs, divided into thirty-three steps!

Huhu! !

Ye Chen walked up step by step, and felt that the blood energy in his body was being baptized by the ladder of clouds.

Clouds flowed out, lingering around Ye Chen, activating the blood veins of the skin, the pill fire in the body was picked up by the clouds to burn, and the meridians and bones were also impacted.

"With this difficulty, you want to stump me?"

"Scatter!"

Ye Chen adjusted his power, instantly suppressed the pill fire in his body, and punched out the surrounding clouds. He strode up, and soon reached the twentieth step. As he went up, the power of the clouds became more and more. Strong, but still difficult to stop Ye Chen.

"Damn it, what did Ye Chen do with his body!"

"Under the suppression of the clouds actually walks so fast!"

Cui Yue gritted her teeth, sweating profusely, and the pill fire in her body was burning, blasting everywhere in her body.

He stayed at the seventeenth step, feeling that with every step he took, the pain in his whole body doubled. When he raised his head and stared at Ye Chen, he said, "Damn bastard, so fast..."

"Ye Chen is too fast."

"Actually, we are almost on the ring!"

Luo Fang gasped and looked up at Ye Chen above in surprise, "Each step forward, the body meridians are doubled by the impact. Not only the physical body is tested, but the pill fire in the body is tested, and the pain is like ten thousand ants eating. Generally, Ye Chen can go up so fast!"

Last time, Ye Chen didn't just reach the virtual alchemist!

Why did you walk so fast on the ladder this time?

Has his physical body been transformed?
