

Urban Medical 1191

Chapter 1191: The coffin for you!

The rest, Ruohan, and the genius disciples in the other three families, Wang Fang, Gu Luo, Liu Yue, etc., are still struggling to climb up to the 16th and 7th ranks. As for the other casual cultivation alchemists, they are also worthy. Ascending to the tenth level, it is hard to imagine Ye Chen going up so fast.

"what!"

"Why do you feel a little numb in your body?"

Ye Chen ascended the 32nd step and looked around, "Why does this cloud make me feel a little numb? Forget it!"

His whole body was shocked and the powerful blood gas turned into blood mist, directly dispelling the clouds, and he reached the 33rd step in one step!

One step further, directly boarded the 100-meter ring!

"Go on!"

"How could this happen so soon, so soon I have boarded the ring!"

"This is too fast..."

Ruohan, Luo Fang, Cui Yue and others looked at Ye Chen from a height in amazement!

They stared at Ye Chen's figure, then looked back at themselves, they have not yet reached the twenty-fifth step.

"He Ye Chen can do it, but it's hard for me to do it?"

Cui Yue didn't care about walking forward quickly, there were more and more clouds all over her body, and she felt that her body had been eaten by ants and turned into a fire!

He took a few quick steps and stepped onto the thirty-first step!

"what....."

Cui Yue screamed, feeling that countless beasts were gnawing on her body, her face was distorted with pain.

boom! ! !

The force of the overbearing clouds, like a sledgehammer, bombarded Cui Yue's body.

Cui Yue spouted a mouthful of blood and rolled down directly, falling down to the 30th, 29th...and staying at the 20th step, and the feeling of burning and gnawing all over her body was lessened!

"Huh, it's better if you don't have enough strength to move up slowly, but you still want to force forward?"

"If you don't die, you have to be seriously injured!" Lingyi Danzun didn't even look at the falling Cui Yue, but greeted Ye Chen with a smile on his face, and whispered: "You really have come. With your talent, it is enough to suppress the whole field!"

Lingyi Danzun lightly patted Ye Chen on the shoulder, and said, "That many ancient Bailing Dans are just for you!"

"I hope you can catch up with your senior brother Ye Jitian as soon as possible!"

"Okay." Ye Chen nodded and walked to the center of the ring, his eyes swept across the other four Danzun and the five families, smiles spread out on the corners of his lips, and finally his eyes fell on Cui Yuan, the head of the Cui family. Faintly said: "I don't know the Patriarch of the Cui family, how is the funeral going on recently?"

"If the coffin is not enough, I, Ye Chen, can give you a few coffins for free."

Arrogant! !

Under the public, directly provoke Cui Yuan, the head of the Cui family!

All the lords and Danzun all around looked at Ye Chen with an appreciative look, and Luo Wuya said in his heart: You deserve to be Ye Jitian's junior, this courage, yes!

I thought he was only at a low cultivation base, but he didn't expect his spirit to be so strong!

Snapped! !

Cui Yuan patted on the armrest of the table and chair, staring at Ye Chen with gritted teeth, trembling with anger, then pointed directly at Ye Chen, and said: "Little chores, don't be mad, if it wasn't for the alchemy conference today, I will tear it apart about you!"

"Really?"

"I look forward to it, tearing up your Cui family!"

Ye Chen didn't care about Cui Yuan's danger, and immediately took out a few coffins, placed them on the ring, and said, "Cui Yuan, you don't have to be angry. I have prepared your coffin for you. Made of rotten wood, suitable for you!"

"you!"

"Ye Chen, don't go too far!"

Cui Yuan stood up straight, blazing flames ignited under his gloomy eyes, and immediately clasped his fists towards Xing Tian Dan Zun: "Dan Zun, I request a fight with Ye Chen. This insults me, I have to take action!"

Ye Chen, you deceived too much!

Too arrogant!

If I do not take action to suppress you, I will be the head of the family in vain!

Xing Tian Danzun got up, he had noticed Ye Chen a long time ago, and he did not kill him last time.

But I didn't expect this kid to really dare to come to Danxu Town.

That being the case, he wanted to see what kind of confidence Ye Chen had!

Xing Tian Danzun waved his hand and put away thirty pill cauldrons and put it in his robe. The whole body was burning with ghostly flames. A pill fire formed in the palm of his hand, and a ray of pill fire flew out, almost as sharp as a sky knife. Next, the ring was divided into two, "Danby, deal with personal grievances!"

I grant your battle! The ring can be loaned to you temporarily! "

He looked at Ye Chen, snorted coldly, and said in his heart: Ye Chen Ye Chen, you little bitch, think you are Ye Jitian?

With your strength in the Void King Realm, Cui Yuan is enough to kill you!

What's more, if you take the initiative to provoke Cui Yuan, you are also looking for death!

The key is so many Danzun here, it is impossible for Lingyi Danzun to protect Ye Chen from all eyes!

"Thank you Xing Tian Danzun!"

Cui Yuan's lips spread an evil smile, his palms and fingertips flickered with thunder light, and countless ice thunder fragments gathered into a cold ice spear. Under the cold light, ice dragons emerged, and the terrifying killing intent was rushing towards Ye Chen. go with!

He held the ice spear and said with a smile: "Small trash, today is your death day, leave these coffins for your own use! I just want to use your blood to pay tribute to my dead child!"

"Wait!" Ling Yi Danzun leaped forward to Cui Yuan, his palms and fingertips flashed with blue light, turning into a cloud of blue clouds and tearing the ground, he drove Cui Yuan away, his eyes were majestic, "I am the chief. Referee, without my permission, who would dare to do something and kill on the spot!"

"Lingyi!"

Xing Tian Danzun stood up abruptly and pointed at Ye Chen and said, "This little mess is looking for something on his own, what are you blocking! You should have seen the situation just now! Do you really think that you are in control of this Dan Dao competition? "

He took a long breath, glared at Lingyi Danzun, and said: "This time, you'd better not be nosy!"

"Nosy--" Just as Ling Yi Danzun wanted to say something, Ye Chen stood up and said:

"Senior, I understand your kindness, but I should end this matter from me!"

"Lingyi Danzun, since Cui Yuan is looking for death, I have prepared a coffin again, and I also asked Danzun for permission, let me personally send him in!"

"This..." Lingyi Danzun looked at Ye Chen and said: "Your cultivation base is probably not his opponent! After the last incident, Cui Yuan was in seclusion for many days. It's because you have prepared a lot of hole cards. If you really want to do it, you may not be the enemy!"

"Don't worry, this old man is not my opponent!" Ye Chen looked at Cui Yuan meaningfully, and smiled: "Daoyuan Realm Seventh-tier Heaven, I want to come out and whisper, I'm at the Dandao Conference. , Before proceeding, kill you first!"

Daoyuan Realm Seventh Heaven?

Family owner?

What's the matter again!

Ye Chen didn't care about this level guy.

"it is good!"

When Lingyi Danzun chose to believe in Ye Chen, he faced the masses and the young alchemists who had climbed up, saying: "Now, Cui Yuan, the Patriarch of the Cui family, is challenging Ye Chen. The deity has allowed them. They will be on the ring. Contest! The others waited at the edge of the ring first!"

Chapter 1192: Strong Ye Chen

As soon as the voice fell, his palms lined up, and a gust of wind was drawn horizontally, covering the huge arena to ensure that the aftermath of the battle would not involve other places.

Cui Yuan grasped the ice spear in one hand, fisted in the other and burned the raging flames, and then covered his body with killing intent, and a tyrannical air force was vented, as if a dragon appeared!

He slammed a punch, the ice shot everywhere, the dragon flew up, and the white tiger roared into the sky, two kinds of phantoms lingered in front of his blue fist, majestic!

Ye Chen, you little bitch!

Your brother Ye Jitian, killed so many people in my Cui family!

Today, I will kill you first and ask for some interest, and then I will kill your brother Ye Sitian!

Ye Chen's eyes flashed with cold electricity, and he raised his hands to destroy countless ice, crushing the blue dragon and the white tiger, the aftermath burst out, and his fist went straight to Cui Yuan!

boom! !

A loud noise!

Ye Chen's fist strength smashed the ice spear alive, and countless ice blue fragments spread out, and the strong fist strength fell on Cui Yuan!

puff!

In midair, Cui Yuan spouted blood, fractured many internal bones, and looked at Ye Chen in amazement!

He was holding his chest with his left hand, and a platinum long sword condensed in his right hand. The long sword aura crisscrossed out, "I don't believe you, you can become the second Ye Sutian!"

It is already a shame that Ye Tianzhu killed many people in my Cui family!

Ye Chen still wants to insult my Cui family, it is absolutely impossible!

"Cui Yuan!"

"I said, the coffin prepared for you, you will definitely use it!"

Ye Chen stepped out, and a powerful aura burst out, rushing up for nine days, and shaking down. He was like a demon king, and his power burst out like a sea, forming a long sword to Cui Yuan. Blocked all around!

"Shake!" Ye Chen said softly!

The hundred and ten swords changed their luster at the same time, shattering Cui Yuan's platinum sword!

Then, the swords shone and shined, bursting out a golden chain, hundreds of golden chains crossed each other, pressing Cui Yuansheng, who was trembling, to kneel on the ground, unable to move!

Dignified Cui Family Patriarch!

Just like this, facing Ye Chen, kneeling on the ground, there is no resistance!

"Oh my God!"

"When did Ye Chen have such a high fighting power!" Luo Yao covered her little cherry mouth, looking at all this in surprise, "Cui Yuan, the head of the Cui family, actually made Ye Chen kneel on the ground!"

"Ye Chen's strength is probably about the same as his senior brother Ye Jitian!"

"This is too strong!"

Luo Yao looked forward to her beautiful eyes, horrified to the extreme.

She didn't expect Ye Chen to really dare to come back!

What's more, Ye Chen is so powerful!

"Asshole!"

When Xing Tian Danzun saw this, his face was completely dark, and he shouted angrily, and raised his hand, intertwined with infinite power!

Suddenly, a big red hand fell, overwhelming the sky, like a red cloud cover pressed down, unpredictable, supernatural power, it is the power of the power of the emperor realm!

Such a blow!

It's enough to kill the first level of Heavenly Power in the Emperor Realm!

In the emperor realm, the first level of cultivation is a layer of heaven, and the Xing Tian Danzun of the fourth layer of the emperor realm personally takes action to obliterate Ye Chen!

"Ye Chen be careful!"

Luo Yao and Ruohan said at the same time, the two big beauties in Danxu Town reminded Ye Chen at the same time!

"Small bugs!" Ye Chen snorted coldly, took out the Jiuyou Skykiller spear, pierced everything in the air, the tip of the spear was flat and without sharp, there was no blood and power fluctuations, returning to the basics, but it really touched the red clouds. At that time, Xing Tian Danzun was extremely solemn!

"So courageous!"

"Xing Tian, you dare to make a move!"

Lingyi Danzun quickly shot, leaping up, and the sword light swayed, like a blue dragon soaring into the sky. The blue light flashed, and the dragon body contained endless Taoism, rushing out wildly, directly smashing the red cloud!

Holding a long sword, he glared at Xing Tian Dan Zun and said: "If you dare to make a move, today's alchemy meeting will not be held. You and I will fight for life and death!"

"Humph!"

Xing Tian Danzun turned and returned to his seat!

"Xing Tian Danzun!"

"Dan Zun..."

"Save me... Xing Tian Danzun..."

Cui Yuan, who was kneeling on the ring, made a pleading voice!

Xing Tian Danzun snorted coldly, and ignored him. Cui Yuan wanted to die by himself. He deserved it!

I don't know the details of Ye Chen, Cui Yuan dare to make a move!

It was just that when he took the shot, he felt that Ye Chen's little messy combat power was at least comparable to the first level of the Emperor Realm!

Although weird, it is not a disputed fact!

"Dan Zun!"

"Dan Zun, Xing Tian Dan Zun..."

Cui Yuan saw that Xing Tian Danzun ignored him, he looked at Ye Chen and shouted: "Mr. Ye, please let me go! I beg you, let me go..."

Ye Chen ignored him, spread his five fingers and grabbed a bite of the rotten wooden coffin!

He put away the Jiuyou Skykiller, and slapped a palm with his right hand, and the golden light swept across the palm, like a golden storm, and like a torrent of ocean!

Click! !

Click~~

Wang Yang rushed, shattering Cui Yuan's bones and meridians, and then the sword formation rose up and brought Cui Yuan's body to Ye Chen!

Ye Chen waved his hand and placed Cui Yuan in the rotten wood coffin. The palm of his hand fell on the center of Cui Yuan's eyebrows. With a little harder, his blood exploded and directly shattered Cui Yuan's soul.

At the same time, Ling Yi Danzun also unlocked the shield on the ring!

"I said it before!"

"You are looking for death, I will send you to the coffin in advance to wait!"

Ye Chen closed the lid of the coffin and kicked the coffin around the seats of everyone in the Cui family. He said: "Your Patriarch, apply to Dan Zun to challenge me. I accepted. Now I have killed your Patriarch and brought it back. Right!"

"you!"

"Ye Chen, you!"

The great guardian of the Cui family, the three elders of Keqing, etc., all clenched their fists, but did not dare to make a move!

They just swept away Xingtian Danzun, Lingyi Danzun, Baiwu Danzun and others, and said: "Ye Chen, we won't do anything with you at the alchemy conference. After the alchemy conference is over, can you dare to fight with us? "

"Life and death battle you old guys, shameless!"

"There are so many of you, powerful, and Mr. Ye is only at the Origin Realm. You are really shameless when you say a life and death battle!" Luo Yao directly stood up and answered Ye Chen's mouth, "You old guys are going to fight, and you will be able to fix it. In order to lower to the Dao Source Realm, fight with Mr. Ye again!"

At the same time, another fragrance drifted by.

A beautiful girl also stood up and said to everyone in the Cui family: "I also hope that the Cui family will not deceive people too much. Your Patriarch's own strength is inadequate and we are all witnesses to death."

It was Ruohan, another girl who was speaking at the conference.

If Han comes here, she vomits her pearl, dusty and graceful, her face is almost perfect, she can't pick out a flaw.

Ye Chen looked back at Ruohan, but at the age of eighteen, his body was slender and slender, carefully carved like a fairy, like a snowy skin, as if with frost, bright and cold, like a body of ice jade.

Chapter 1193: terror!

Earlier, Ye Chen hadn't noticed Ruohan, he didn't care much about outsiders.

What he cares most about is the blood spirit race.

The appointed time is approaching, if you don't improve yourself before then, the consequences will be dangerous!

After solving the Danxu Town's matter, he began to plan to upgrade the emperor state.

He has worked with the blood spirit clan powerhouse, knowing the terrible blood spirit clan powerhouse!

The six powerhouses in the blood spirit secret realm are so terrifying, not to mention the presence of the blood spirit race!

No matter what, this matter, he cannot escape.

The great power of the reincarnation cemetery is trapped, and he is the only hope for a hundred people!

He has no choice!

"Mr. Ye?"

Seeing that Ye Chen did not respond, Ruohan yelled softly, and Ye Chen woke up instantly.

Ye Chen's clear eyes fell on Ruohan's body, but this time, he was slightly lost.

Because Ruohan's attitude at this moment is exactly the same as when he first saw Xia Ruoxue.

"Ruoxue?"

As soon as the words were spoken, Ruohan was puzzled: "Mr. Ye, who is Ruoxue? I am Ruohan."

Ye Chen stared at Ruohan deeply, only then realized that he had admitted wrong.

It has been almost a year since Huaxia entered Kunlun Xu. When Xia Ruoxue was not brought into Kunlun Xu by him, he would often think of it.

Later, the more enemies he faced, the heavier the burden on him, the less time to think about it.

Somehow he has a wife in China.

She is still the only legal wife for now.

If you don't go back and take Ruoxue to Kunlun Xu, I am really sorry Ruoxue.

Moreover, when the blood spirit race descends, Kunlun will be in vain and trouble, Huaxia and the earth will have problems, the strength of Huaxia Dark Palace cannot protect Xia Ruoxue, only by keeping Xia Ruoxue by your side can you feel at ease.

More importantly, for some reason, when Ye Chen thought of Xia Ruoxue, blood and demons flowed from the center of his eyebrows.

It's as if something uneasy is happening.

Ye Chen's eyes condensed, and he had already made up his mind in secret. When the Dan Xu Pago matter is over, he will immediately go to China!

"Mr. Ye?"

Ruohan called out a few more times before Ye Chen reacted, and a smile was drawn at the corner of his mouth.

"Miss Ruohan, I'm really embarrassed, I just recognized it as a friend."

Ruohan heard the flow of beautiful eyes: "So, Ruohan really envied the girl named Ruoxue. If you have the chance, I would like to invite Mr. Ye to introduce it.

Why not, when the conference is over, Ruohan invites Mr. Ye to discuss the discussion together. "

"Ruohan!"

"what are you doing!"

When Luo Yao saw Ruohan and Ye Chen chatting, she became anxious and shouted: "Mr. Ye, the alchemy meeting is over. It's good for you to come to our Luo's house, um, this is what your brother Ye Jitian explained. !"

Ye Chen was taken aback, and said in his heart: I am Ye Jitian. When will I tell you that I have to come to your Luo family after the alchemy conference is over?

"Miss Luo Yao is really interesting."

"At the Dandao Conference, I will compete with you and look forward to each other's good results!"

Ruohan whispered softly, bright and moving!

"All right!"

"This episode will be suspended like this, the alchemy meeting will continue!" Lingyi Danzun forcibly removed the thirty alchemy tripods from Xingtian Danzun's robes and placed them in the ring!

Thirty Danding!

Arrange three rows, ten alchemists in each row, several meters apart!

At the same time, Lingyi Danzun took out three hundred different medicinal materials and provided them to 30 young alchemists to choose from, "Remember, your time is three hours. In the end, who refining quality determines the level!"

"In the case of the same quality, the number of pill you produced in one batch will determine the level!"

"In addition, there are a total of 300 medicinal materials, you can choose by yourself!"

Three hundred different herbs!

Among them, there are ancient Bai Ling Dan, Wu Ling Dan, Tian Huang Dan, Water Dan, Fire Dan, etc., each of which has three medicinal materials, and the other two hundred medicinal materials are more inferior medicinal materials to ensure Variety!

Cui Yue took the lead in taking a medicinal material of Wu Ling Pill!

He glanced at each other with Cui Xu and Cui Wan, and his angry eyes fell on Ye Chen.

The Patriarch of their Cui family died in Ye Chen's hands just now, how can they not hate it!

Soon, Cui Yue and Cui Wan were arranged in the first row, just to the left and behind Ye Chen!

Ruohan is on the right of Ye Chen, Luo Fang and more than 20 other young alchemists, arranged in order, are all ready, and each selected the medicinal materials!

"Start now!"

As soon as Lingyi Danzun's voice fell, the young alchemists moved quickly!

"Three hours!"

"With sufficient time, I will refine a furnace of Spiritual Enlightenment Pill first, and then look at what pill Ye Chen refines, and look for opportunities to suppress him!"

Cui Yue looked at Ye Chen evilly, and said to her heart: Ye Chen, this is the home of our Cui family!

If you can completely refine a pill!

I count you as winning!

It is an indisputable fact that you are strong!

But this time it's Dan Dao!

Humph!

Cui Yue's palm was full of flames, and the flames in her body were released. After the condensing of the clouds just now, the pill fire became stronger!

He slammed his backhand on the pill cauldron, and the pill fire merged into the pill cauldron, igniting a white flame, very ferocious, more terrifying, and the temperature soared to the extreme. If it is not for the cultivation base, replace it with other ordinary Faced with such a high temperature flame, people will be instantly burned to death!

He grabbed two medicinal materials, "Lingxu grass, Huangyan lotus!"

"Ice on grass, white mist flowers..."

Cui Yue selected dozens of medicinal materials in succession, and added them to the Danding in order of quantity!

Immediately, he put on the lid of the tripod, leaped up to the top of the tripod, his palm and fingertips haunted the path of brilliance, and a wave of blood energy merged into the altar. Lingxu grass and other medicinal materials are dissolved first.

Secondly, the white mist flowers and sky grasses will melt away.

Many strands of medicinal liquid are gathered together, and after receiving the baking of pill fire, the medicinal properties are gradually merged.

Cui Yue is still manipulating various elixir to dissolve!

Ruohan on the side squeezed the method with both hands, elegant and awe-inspiring like a fairy in the world, the stars spread out with him, and an invisible force picked up a bead medicinal material and threw it into the Danding!

"I'll make a pot of enlightenment pills!"

Ruohan muttered to himself, the center of his eyebrows flashed with ice, and a wave of ice power was projected into the pill cauldron. With the ice-blue pill fire, he began to refine and fuse the medicinal power of various medicinal materials!

Take the pill fire as the main body, and then use its own true energy, or special exercises and strength to dissolve the medicinal materials, and coordinate with the pill fire to condense.

This is the easiest way!

The twenty young alchemists in the second and third rows did the same.

It's just that the ice pill, fire pill, and sky yellow pill that they took the lead in refining are all seven-grade pill. The pill formation time is around one hour, they can refine one furnace first, and then try to refine the remaining time. Wu Ling Dan.

Unlike them, Ye Chen grabbed the Danding and threw it high into the air, and immediately released an invisible force, buckling the Danding upside down in the air to fix it!

Chapter 1194: Out of Dan

"With my talent and level."

"Just refine a furnace of ancient Bailing pills, and I don't bother to refine other pills!"

Ye Chen directly took the medicinal materials for refining the ancient Bailing Pill, which is more than 30 kinds. The medicinal properties of the medicinal materials cover the five elements of gold, wood, water, fire, earth, and three types of wind, thunder and ice. The medicinal materials containing the strength of the eight elements must be merged together. Easy thing!

But he is Lin Qingxuan's disciple!

Holding the existence of the reincarnation cemetery in his hand, what is the ancient pill to him!

He stretched out his left hand, his palm suddenly ignited an inextinguishable fire!

The palm of his hand trembled slightly, and the immortal fire flew into the alchemy. The powerful flames instantly shook out the aftermath, causing the surrounding alchemy to shake violently. Ruohan, Cui Yue, Ruofang and others were okay, but the other alchemists didn't. So lucky, the medicinal solution that had just melted away was shaken away, and it had to be re-fused!

"Golden Flower... Ice Grass..."

"The magic grass, the leaves of the grass... the flame flower..."

Ye Chen selected eight medicinal materials containing eight powers of the eight beads in turn, and threw them into the pill cauldron!

Then, he pinched the tactics with one hand, and the brilliance lingered between his fingers, like a thin thread, lingering around a variety of medicinal materials to melt, a variety of medicinal liquids, his right hand gathered the immortal fire, constantly heating the Danding bottom of.

"This Ye Chen, still want to refine pill?"

"Unexpectedly, directly refining ancient pill!! And this movement seems to be possible to become a pill! We must stop with emotion!"

Cui Xu and Cui Wan each speeded up the refining of all the medicinal liquids, and then directly sealed the Danding and quietly approached Ye Chen!

Cui Xu pinched his finger and pretended to make alchemy. In fact, he secretly gathered a spear with Cui family's technique and went straight to the alchemy. If Ye Chen's alchemy was hit, the liquid medicine in the alchemy that had just started to merge must disperse. It means scrapping directly, and having to get medicinal materials again!

There are no more than three materials per person.

Can withstand the consumption several times!

"Looking for death!" Although Ye Chen was refining alchemy, his spiritual sense had already been covered!

Not to mention the people on the stage, even the people off the stage can't escape his inspection!

Seeing that Cui Xu's spear was about to touch Danding, Ye Chen stretched out his hand to grab the spear phantom, turned around and looked cold, drew out his right hand, used his palm as a knife, and slammed it out!

boom!!!

Cui Xu's spear was instantly smashed, and his back figure was cut in half!

Cui Xu of the Void King Realm was so easily killed by Ye Chen, and his soul was wiped out!

"what....."

Cui Wan hurriedly sat on the ground in fright, shook his head and said, "I just came over and took a look, Ye, Brother Ye, I have no idea!"

"Really?" Ye Chen snorted coldly, but knew that during the alchemy meeting, it was allowed to interfere with other people. As long as it didn't take the initiative to kill, it was not a foul.

Otherwise, if Ye Chen gets angry and wipes out all his opponents, the five great Danzun will not hold a match.

"Get out!" Ye Chen shouted angrily, sound waves pierced through the gold and gravel, knocking Cui Wan away like a roaring ocean!

Cui Wan fell to the ground dripping with blood, and was directly hit hard. He barely took a recovery pill and could only continue to refine his pill!

Seeing this situation, the other three young alchemists in the Cui family were shocked, and did not dare to think about any more crooked thoughts and make alchemy honestly!

Soon, an hour passed!

Huhu! !

Huhuhu! !

Dan Ding burst into heat, and a burst of spiritual power radiated out.

A Luo family alchemist directly opened the lid of the pot and announced that the pill was released, a burst of spiritual power was vented, and everyone was lost when they followed his gaze in the pot!

Dandingzhong!

The three white pill exudes spiritual power, and there are Taoist spiritual patterns on the pill!

In addition, there are seven or eight piles of waste pills that have been turned into ashes. There is no spiritual power, and naturally no effect. The spiritual power of these waste pills was vented when he opened the lid!

Bai Wu Danzun stepped forward, looked down into the pill cauldron, and said: "Three high-grade heavenly yellow pills! Can you continue to use the pill?"

"Master Danzun, I will continue to refine alchemy!" The young alchemist of the Luo family continued to refine alchemy and began to refine ice pills, striving to produce more alchemy next time!

Generally speaking, the amount of elixir produced by a pot of elixir is divided into four levels!

Distinguish according to grades A, B, C and D!

Ding waited, one to three pills were made in one furnace.

C wait, four to six pill will be produced in one cook!

Second class, seven to nine pills are made in one furnace!

First class, ten to twelve pills in one pan!

An ordinary alchemist can produce four to six pills in a pot, and an alchemist at the level of the alchemist can only produce about ten pills in one pot!

Like this Luo family's young alchemy master, only three pills, presumably something went wrong in the alchemy process.

"Four high-grade Tian Huang Dan..."

"Five middle grade ice pills..."

"Seven low-grade fire pills..."

Baiwu Danzun looked in the Danding one by one.

One after another, the young alchemists who began to refine the seven-rank spirit pill successively produced the pill.

Another hour has passed!

Ruohan gathers icy flames with both hands to make a pill for the last time!

After a while, she retracted the icy flames, her body was ethereal and bright, and she waved her hand gently, and the lid of the cauldron was opened. There was not much spiritual power overflowed. Everyone's eyes followed. After the situation, I couldn't help being shocked!

In the Danding!

There are seven ice-colored elixirs, and each elixirs haunts the Dao Dan pattern.

At the same time, there are only two piles of waste pills around, and the efficiency of pill formation is much higher than that of the young alchemists around!

Bai Wu Danzun stepped forward to check, and his expression was flat and said: "Seven high-grade enlightenment pills, not bad! Can you continue alchemy?"

"No need!" Ruohan was a little exhausted and sat aside to rest!

"High-grade Wuling Pill!"

"Ruohan actually refined the high-grade Wuling Pill!"

"The goddess actually refines such a good medicine..."

Below the ring, the audience watched all this in surprise.

Eight-Rank Spirit Pill level Wuling Pill!

Its quality is divided into four categories: low-grade, medium-grade, top-grade and superb!

On the contrary, the seven seventh-grade elixirs that Ruohan refined are all of top-grade quality, and their efficacy is far more than double that of medium-grade quality Although they have not reached the exquisite quality, they have this strength. Already shocked the audience!

"Mr. Ye, you can definitely make ten exquisite ancient Bailing Pills!" Luo Yao said seriously, "It may be possible that Mr. Ye will refine the exquisite pill, and it will be baptized by thunder!"

In the ring!

Ye Chen was still concentrating on refining the pill.

It takes three hours to refine the ancient Bailing Pill, during which no rest is allowed.

Fortunately, the fire of immortality lingered around him, but no one dared to approach at will. An hour ago, a disciple of the Cui family wanted to step forward to interrupt Ye Chen, but the bones burned by the fire of immortality were melted away. .

"it is good!"

"Pill will be out soon!"

Cui Yue's eyes flashed cold and hot, and she glanced at Ye Chen, her heart disdain to the extreme, "You just have a higher combat power, I don't believe that alchemy is better than you!"

Chapter 1195: Who says impossible!

Cui Yue gradually collected the pill fire with both hands, and it was obvious that the pill was coming out.

"Ye Chen, two hours have passed!"

"As long as you can't make an ancient hundred spirit pill, you won't have enough time to make an eighth-grade spirit pill!"

"Then you will lose!"

"The position of the chief alchemist in Danxu Town is mine, you can't take it away!"

Since ancient times, there are only dozens of people who can make ancient Bailing Pills!

You Ye Chen also want to refine the ancient Bailing Pill, it is simply a dream!

boom! ! !

Cui Yue suddenly received the pill fire and opened the tripod cover directly, without a trace of spiritual power leaking, and instantly attracted everyone's attention!

Xing Tian Danzun looked into the pill cauldron carefully, stroked his beard with satisfaction, and said with a smile: "Nine Wuling Pills are all formed, three low-grade quality, two medium-grade quality, three top-grade quality, and one superb quality. !"

"Not bad!"

"As expected to be the most talented alchemist in the Cui family, it seems that the chief alchemist in Pill Xu Town this time is probably you!"

Before Xing Tian Danzun finished speaking, an old voice resounded beside him!

"Xing Tian, don't be too happy too early, Ye Chen's talent is enough to aspire to Kunlun Xu, he is the real hope of Kunlun Xu Dan Dao! Some things should not be too full!"

Xing Tian Danzun glanced at Lingyi Danzun, snorted coldly, and stopped talking!

In the distance, Cui Yue also heard the conversation between Xing Tian Dan Zun and Ling Yi Dan Zun.

It sneered repeatedly in its heart!

"Huh, Ye Chen also wants to refine the ancient Bailing Pill?"

"Extremely ridiculous!"

Cui Yue dismissed it, and a round of dazzling luster appeared under her feet, wrapping him, and the title of 'Chief Alchemist' faintly appeared on top of her head! He looked at Xing Tian Danzun and others uniquely, then clasped his fists.

He respectfully said: "Thank you Dan Zun for your approval!"

"In the coming day, I will be Kuang Fu Danxu Town, let our Cui family and Danxu Town prosper together, and I will use the finest spirit stones to cast golden statues for Danxu, so that all people in Danxu Town are grateful to Danxu. Past contributions!"

Xing Tian Danzun nodded in satisfaction.

He doesn't care who controls the final victory!

He only cares, who can control it for him!

Cui Yuan is dead, this Cui Yue is the best candidate!

No longer thinking, Xing Tian Danzun lightly waved his right hand, and an invisible force gathered!

"Cui Yue, from now on, you will be the head of the Cui family!"

"The alchemy conference is over, I believe you will also become the chief alchemist!"

Xing Tian Danzun gave an order, as if infinite power had gathered on Cui Yue, and all the luck of the huge Cui family had gathered on Cui Yue. A golden cloud cover was pressed down, containing the luck of the Cui family for hundreds of years. !

The golden clouds are as majestic as the sea, seeming to cover most of the sky!

The flow in it contains divine might, and there is a trace of constant flow of ancient aura. It is a golden cloud of gas luck formed by the gas luck of a large family!

In an instant!

A burst of brilliance flashed, all tied to Cui Yue!

Cui's huge family's power of air transport was all irrigated on Cui Yue, instantly raising Cui Yue's realm to several levels, and further upwards, the power of air transport could not be improved.

"and many more!"

"Xing Tian, what right do you have to intervene in the Cui family's luck! I don't seem to agree yet!"

Lingyi Danzun walked slowly, patted his left hand on the Danding, a strong sound shook the world, the Cui family's fortune golden cloud collapsed, a miserable voice came out, a fortune golden dragon wailed, and turned Head into the void!

A light tap shook the Cui family's luck with Jin Yun and scared away the Qi Luck Jinlong!

Such a cultivation base is not only for the emperor realm to achieve!

It is even more necessary to grasp the authority of Danxu Town to do it!

Xing Tian Danzun's eyes were filled with anger, and a cold voice sounded: "Ling Yi, the result is already obvious!"

Lingyi Danzun had his hands behind him: "I don't think so! Ye Chen still hasn't come out of the Dan!"

puff!

Cui Yue spouted a mouthful of blood, staring at the Lingyi Danzun, and said: "Pill Zun, Ye Chen can't refine the ancient Bailing Dan at all. It's unfair for you to do this!"

He clutched his chest, his expression was difficult, his soul was damaged, and said: "Even if it is the five noble pill, refine the ancient Bailing pill, the amount of pill produced in one furnace is only one. It is impossible for Ye Chen to be so young. An ancient Bailing Pill!"

Ancient Bailing Pill!

What is the ancient Bailing Pill? It is to gather the eight powers of the origin of the heavens and the earth into one, and it is necessary to know all the properties of the medicine and the medicine to refine it!

Ordinary alchemists, refining other medicines, and even two or three at the worst!

However, it is extremely difficult for the noble pill to refine the ancient Bailing pill. Only one pill can be produced in one furnace, and it is very likely to be of low-grade quality. Therefore, after taking the Void King Realm, it can only cross a large realm and truly high-grade antiquity. The Bailing Pill is from the exquisite ancient Bailing Pill, it is the treasure pill that can directly make the Void Return Realm directly enter the Daoyuan Realm!

Other alchemists want to refine the ancient Bailing Pills, without a thousand years of pondering time, it is impossible!

"Who said it's impossible!"

"I think Ye Chen used the nine-turn heaven pill to refine the pill. With this method, no one except the disappeared senior Lin Qingxuan understands its mystery!" Bai Wu Danzun who has rarely spoken Stand up.

Danzun Baiwu is lingering in the pale white mist, but his eyes have the spirit of looking at the world, behind him, the clouds are rolling, and the thunder is intertwined, like a god!

He stood beside Lingyi Dan with an obvious attitude, "Chief alchemist, Lingyi and I have not yet agreed, when is your turn Xing Tian to call the shots!"

"Bai Wu, what do you mean!"

"Bai Wu, it is impossible for Ye Chen to refine the ancient Bailing Pill!"

Kunwu Danzun and the other Danzun both spoke first. If Ye Chen refines the ancient Bailing Pill, wouldn't it mean that Ye Chen's pill refining level is equivalent to them, then how can they deal with it?

What's more, a guy in his twenties, who is from China, how could he refine the ancient Bailing Pill, and it would be pretty good to be able to refine the ice pill!

"The Alchemy Conference, it is not over yet!"

"What are you doing in such a hurry!" Lingyi Danzun said The tyrannical aura swept past like a violent wind, and pressed the other Danzun, these two Danzun, he hadn't seen it yet!

His white fingers stood up and swiped upwards, cutting the sky like a heavenly sword, and the tyrannical Lingwei restrained the audience!

He said: "All the conclusions, wait until everyone finishes alchemy, let's talk about it!"

"I'm out of Dan!"

Luo Fang yelled, and immediately opened the lid of the tripod, a burst of spiritual power overflowed, and when the mist dissipated, everyone's eyes fell.

"Eight Spirit Pills!"

"Five low-grade and three top-grade!" Xing Tian Danzun saw the results of Luo Fang's alchemy at a glance, and said: "The amount and quality of your pills are not as good as Cui Yue, so let's wait aside!"

"Yes, Dan Zun!"

Luo Fang stood on the side obediently, and at the same time, the alchemists of the other four major families completed their alchemy one after another.

Chapter 1196: Vision!

There are a total of ten people who want to refine the spirit pill, but only Ruohan, Cui Yue, and Luo Fang succeeded. The other seven people all failed. They are stepping up the refinement of the seventh-level spirit pill and strive to win one in the remaining time. Nice place!

Gradually, in the first row!

Only Ye Chen is still refining alchemy. His hands are dancing, sometimes showing the Big Dipper posture, sometimes showing the posture of various constellations, each of the crosses lingers with a ray of luster, and he is manipulating the medicinal effect in the Danding. It's Lin Qingxuan's Nine Transformation Pill!

once!

Lin Qingxuan's alchemy technique is far above the so-called alchemy **** in Danxu Town!

His Nine Turns Heavenly Pill Jue is naturally extremely powerful, and the decomposition and fusion of various medicinal materials is far above other alchemy!

Check out new PVP arena battles!

This was also after Ye Chen entered the Dao Source Realm before he was qualified to control it!

"I believe that Mr. Ye must be able to refine the ancient Bailing Pill!" Luo Yao shouted with a face full of confidence, holding her small fist.

When she first came into contact with Ye Chen, she was surprised by Ye Chen's alchemy talent!

Everyone knows that Ye Chen is extremely powerful, but they don't know that Ye Chen's alchemy is stronger!

Even the ancient pill, Ye Chen is absolutely qualified to refine it!

"I don't know why, I would also like to believe in Ye Chen!" Ruo Han smiled lightly, fox charms all beings, beautiful and slim figure!

Soon, many spectators, Dan Zun, and Dao Yuan Realm experts all focused their attention on Ye Chen!

Ye Chen controlled the Danding and its medicinal materials with both hands, and soon took shape under the urging of the Danhuo!

Gradually, six pill medicines appeared in a cone shape, continuously absorbing the spiritual power of the surrounding medicinal materials, and at the same time receiving the burning of the pill fire, quickly condensing other liquid medicines, forming special pill patterns on the surface of the pill!

More than half an hour passed, it was almost the end of the alchemy meeting!

Ye Chen, please take a sigh of relief and say: "It's a pill!"

Ye Chen's phrase "I have become a pill" instantly brought everyone's eyes together!

Twenty-nine young alchemists all finished alchemy, and they all looked at Ye Chen, with a little sneer, disdain, affirmation, and expectation in their eyes. They were mixed with five major families and major casual cultivators, and they had different mentalities!

"What kind of pill can be refined!"

"It must be a waste pill!" Xing Tian Danzun hugged his hand with a disdainful expression. He swirled around his body with a luster, exuding a cold and tyrannical aura, and said: "Just you can refine the ancient Bailing Pill , It's just a dream!"

Ye Chen ignored them!

He stretched out his left hand, the palm of his hand glowed brightly, set off an invisible force and placed the Danding back on the ground!

He stepped forward and released his breath! Slashing the dragon asked the sky sword behind, as if he felt the situation in the pill cauldron, he changed the sound of swords and rushed into the sky. Suddenly, thousands of swords all screamed, thousands of sword lights illuminating the sky!

The moment Ye Chen opened the Danding, no spiritual power overflowed!

"Six ancient Bailing pills!"

"Six!"

The voices of Kunwu Danzun and Baiwu Danzun shocked the audience!

Ye Chen actually refined the ancient Bailing Pill, and produced six pill in one furnace, my God, this is something that Dan Xu Town hasn't had for thousands of years!

"How could this be!"

"impossible!"

"How can this little animal refining six ancient Bailing Pills!"

Xing Tian Danzun looked unbelievable, and backed two or three steps. How could Ye Chen refine six ancient Bailing Pills?

Obviously he personally refines the ancient Bailing Pill, and he can only produce one at most!

How could Ye Chen produce six pills in one go!

This is simply impossible!

"Hahaha!"

"As expected of Ye Chen, good job!" Lingyi Danzun nodded in satisfaction, looked at Cui Yue and Xing Tian Danzun meaningfully, hugged his hands and said: "The position of chief alchemist, others can't take it away!"

"Ye Chen is the real chief alchemist in Danxu Town!"

"Cui Yue, what is it, a bereavement dog, dare to come out and call!"

When he waved his hand, he shot out a golden wave of sword rain, which came out like a majestic ocean like a broken mountain, directly defeating the Cui family's luck!

"No!" Cui Yue yelled, and then the gloss of her feet shattered, and the words 'Chief Alchemist' on top of her head collapsed directly. The tyrannical backlash made him kneel directly on the ground, looking at the six ancients in the pill cauldron in disbelief. Bai Ling Dan!

Do not! Do not!

The chief alchemist in Danxu Town should be me!

It can't be Ye Chen, absolutely impossible!

Right now! However, countless electric lights flashed in the void, blue, red, and white combined to form a three-color robbery cloud, which fell straight on the top of the pill cauldron, and the goal was the ancient Bailing Pill in the pill cauldron!

"Hahaha!"

"Pill Jie! Ye Chen, you deserve it!"

Cui Yue hobbled up, his eyes swept across Ruohan, Luo Yao, and Luo Fang, and sneered loudly: "Hahaha, pill, a pill that has never been seen in a thousand years! Hahaha, Ye Chen, your pill is destined to fail. !"

Hahaha!

Dan Tribulation Dan Tribulation!

Ye Chen has caught up with the pill that you haven't seen in a thousand years. I don't believe that the pill you refined by Ye Chen can still be tempered by the pill!

As soon as these words came out, the other five Danzun were all in deep thought!

Xing Tian Danzun stared at the pill tribulation that gradually formed in the void, with an evil smile on his lips, how about refining six ancient Bailing Pills, it is destined to be scrapped under the pill tribulation, and it is impossible to become a pill!

What is Dan Jie?

As long as the nine-tier spirit pill is refined, it is already an act against the sky, and there will be a heavenly path that will descend to the heavens, and the pill will be destroyed!

A monk has cultivated to a certain level, because it is an act against the sky, he has to go through the heavens, and after that, he can reach the supreme realm!

The same is true of pill!

There have only been dozens of Dan Tribulations since Henggu!

The most recent Pill Tribulation was only a few thousand years ago!

And that time was the pill calamity caused by Lin Qingxuan personally refining the ancient Bailing Pill!

According to reports, the ancient Bailing Pill that was refined at that time, the pill that did not pass, all the ancient Bailing Pills were turned into ashes under the heavens!

In the Tomb of Reincarnation, Mourning looked solemn and said, "The master of the tomb's alchemy is so strong! It deserves to have received Lin Qingxuan's true biography. Lin Qingxuan did it, and the tomb owner did it too!"

The talent of the tomb owner is too strong!

The cultivation base is so superb the combat power can cross a big realm to kill the enemy!

Nowadays, the cultivation base of the alchemy is so strong, and it is even more capable of refining the exquisite ancient Bailing pills that provoke the pill of heaven!

"I understand now why those guys will accept him as a disciple!"

"What a good seed!"

Xue Qiye smacked his tongue secretly and had lived for so many years without ever seeing Dan Jie with his own eyes.

Unexpectedly, it was in Ye Chen that he saw what a real pill disaster was!

Boom! ! !

Boom boom boom! !

In the void, three-color thunderclouds converged in all directions. There were three layers. Each layer had the power to destroy everything. It was extremely violent. It seemed to destroy everything and obliterate everything. Thousands of viewers just felt a little bit of the cloud. Horror, they all frightened and left!

Chapter 1197: Robbery

"Leave the Jieyun range separately!"

"Retreat quickly!"

"go!"

"Hurry up, go, leave the range of the pill!"

Luo Wuya, Cui Yue and others urged their people to leave the ring.

Although the pill of heaven is a catastrophe for the pill, if a person is in it, no matter how high or low the realm is, they will all accept the temper of the heaven together. After tempering the flesh and body, but not tempering, the gods will be destroyed!

"Mr. Ye!"

Ruohan and Luo Yao shouted separately.

Ye Chen looked back at them, with a smile drawn on the corners of his lips, an absolute confidence flooded into his heart, and smiled: "You go first, don't worry, I don't even see this cloud in my eyes! But it can be extinct with a wave of hands. The robbery of the cloud is nothing more than nothing!"

Ye Chen has divine thunder in his body, so naturally he is not afraid!

From Huaxia to Kunlunxu, he absorbed the power of thunder and tribulation!

The power of Thunder Tribulation is a great tonic to him!

What's more, the blood dragon can also swallow the power of Heavenly Tribulation. Going further, taking an ancient Bailing Pill at that time will be able to break through the current realm!

"This....."

"Father, Ye Chen..."

Luo Yao is desperate, staying where she is, and has not left yet.

Rumble! !

Rumble! !

Thousands of silver lightning fell from the sky and the earth, connecting the sky and the earth, covering the space within a few hundred meters in a radius, and was regarded as the land of the disaster. In this space, the thunder and lightning crisscrossed, enough to defeat The high-rise buildings made a violent wind, and countless fragments were flying, like the end of the world!

The rolling thunderclouds seemed to be pressing on the huge Danxu Town, giving people a sense of fear deep into the soul!

"Yao'er, come here!" Luo Wuya came in and pulled Luo Yao away, saying: "I believe Ye Chen, with his strength, there is absolutely no problem!"

"Ye Chen wants to use the power of Heavenly Tribulation to his physical body, he will definitely succeed!"

"Let's get out first!" Luo Wuya grabbed Luo Yao, jumped, and together with the important figures of the other four big families, they came to a high-rise building with hundreds of floors. They used their spiritual power to fix the building. Looking into the space of Heavenly Tribulation!

Thousands of spectators have long since scattered, or fled outside Danxu Town.

Or leap over the tall buildings that are not affected by the impact, watching the vast situation of the pill calamity landing, this kind of pill calamity coming to the world, but a rare vision in thousands of years! How can I not watch it, even those who have been to China, even take out their mobile phones to prepare for the shooting process!

"Let's leave now!"

"it is good!"

Kunwu Danzun and the other Danzun flew out of the range of the Dan Tribulation together, and came to the Dan Xu Tower in the distance.

Xing Tian Dan Zun coldly snorted, and his cold eyes swept across Ling Yi Dan Zun and Bai Wu Dan Zun, and smiled: "Watch it well, this time I don't need to do anything. Ye Chen, this little mess, will fall into the catastrophe. under!"

"How to resist with his qualifications! You should be able to feel the terrible calamity of this day!"

After that, he jumped and Yufeng came to Kunwu Danzun's side!

"Lingyi!"

"I haven't made a pill before refining alchemy, but Ye Chen refined the ancient Bailing Pill that provokes the pill. I'll take Ye Chen away later!"

Bai Wu Danzun looked nervous, staring at the abyss-like robbery cloud, he couldn't help but trembled in his heart, saying: "This kind of pill calamity, the power is almost tyrannical, and the Dao Source Realm is in it. I have to accept the lightning that rivals the power of the Emperor Realm. Ye Chen is not Ye Sutian, it can't stop it!"

Bai Wu Danzun had no intention of killing Ye Chen, and the only thing that interested him was Ye Jitian.

He knew very well that if Ye Chen fell, it would be impossible for him to see Ye Jitian!

"I believe this kid!"

A round of luster appeared in Lingyi Danzun's hand, and a spirit sword emerged, capable of stimulating the spiritual energy of heaven and earth, and said to Ye Chen: "Ye Chen, this sword is a star sword. I will give it to you. Enemy Dan Jie can resist with this sword!"

He threw the Star Sword and turned it into a stream of light, then turned around and went out of the range of the Pill Tribulation together with the Baiwu Danzun!

If they are within the range of the Pill Tribulation, they will have to receive lightning that is comparable to the power of the supreme realm, and then even their realm will die!

Ye Chen took the Star Sword, stared at the Jieyun above, and said with a smile: "Waiting for you to chop? Why should I take the initiative to smash you, Jieyun is nothing more than that!"

Immediately, Ye Chen grasped the Star Sword, stepped on his feet, and surrounded his whole body with blood, and directly cut a sword!

Suddenly, the sword light was overwhelming and gathered into a round of golden sun, as if a star fell from the universe, the power of destruction was dazzling in the sky, and the golden power was gushing like endless magma, falling from a higher place of the cloud!

boom! !

Thousands of aftermaths came out in shock, intertwined with each other, like the tide of the sea, one after another, they were scattered around.

The huge thundercloud was cut off by one third by this sword in an instant!

"Hahaha, Leiyun can't waste it!"

"Blood dragon, come out, devour these lightning and strengthen yourself!"

Ye Chen's blood grew thicker and thicker!

He had already walked the way of killing, and since he came out of the blood spirit secret realm, his understanding of the way of killing has become stronger!

His figure formed a round of **** gossip seals, a blood dragon flew out, the dragon shook the sky, pierced through the space, the huge dragon mouth opened, and the sharp dragon teeth seemed to swallow thunderclouds in the air!

boom! ! !

The blood dragon swallowed and cut down one third of the robbery cloud, and the dragon roared! Resound all over the world!

Immediately, the blood-colored dragon's body traversed the sky, and every dragon scale bloomed with an ancient aura. The dragon's body smashed on the robbery cloud like a great wall of steel, and hit a part of the robbery cloud, and then swallowed it in one bite.

"This kind of Jieyun can't be wasted!"

Ye Chen knew that the robbery cloud in front of him was so vast, it was largely because of himself!

If only six ancient Bailing Pills were to survive the pill calamity, the pill calamity formed would only be one third now, and more calamity clouds would kill themselves!

"Xiao Huang!"

"There is something tonic, come out!"

The corners of Ye Chen's lips outline a smile, and countless runes flow between waves, intertwined into a round of marks.

The imprint exudes an ancient luster, it is round, and it is more than ten feet in size. One of the giant beasts slowly walks out. The blood-colored hair is chilling, and the blue and red pupils are more capable of destroying all things. It's Xiao Huang!

"Jie Yun?"

"The Jieyun you also attracted is so good!"

"Swallow this robbery cloud, I can recover a lot!"

Xiao Huang said a few words with Ye Chen, and then rushed out, shattering the void with a monstrous roar, the sky-shattering killing intent, like the ups and downs of the tide, everyone present seemed to fall into purgatory.

It spread out its blood basin and mouthed like a Kunpeng swallowing the world, absorbing the cloud and thunder and lightning crazily.

Zi Zi Zi~~~

Zizi~~

The thunder and lightning, which was capable of destroying the power of Dao Source Realm, was being swallowed by the blood dragon and Xiao Huang at this moment!

Soon, another third of the Jieyun was swallowed by the blood dragon and Xiao Huang!

Chapter 1198: Hit it directly!

In the distance, people were stunned looking at all this!

Jieyun!

Jieyun who has never seen him in thousands of years!

To be swallowed by Ye Chen's two pets like this, Ye Chen is too bad!

"Dragon!"

"Ye Chen is actually accompanied by a blood dragon!"

A Danzun stared at Ye Chen and the blood dragon in horror, and said: "This blood dragon is actually Ye Chen's companion spirit beast. It seems that the aura is already in the Dao Origin Realm. Oh my god, how many cards does Ye Chen have? use?"

Ye Chen is so terrible!

Then his brother, how strong is Ye Jitian?

wrong! I heard that Ye Jitian also has a blood dragon!

What is the sect behind these two people!

A blood dragon?

This is too scary!

A peerless genius who can make four Dao Origin Realm nine-tier heavens, and a person who obeys orders, I am afraid that even the middle stage of the Emperor Realm would dare to kill!

Xing Tian Danzun's expression was gloomy, his whole body was lingering with cold luster, his pupils were like a dark cave, and there was killing and darkness inside.

He secretly clenched his fist, stared at Xiao Huang, and said in his heart: Damn, Ye Chen, this beast, actually has the aura of the emperor's state!

It's hard to go one step further to kill this little beast!

What's more, there is still Ye Jitian!

You must end the alchemy conference, kill Ye Chen ahead of time, and then deal with Ye Jitian!

Boom! ! !

Boom boom! !

Jieyun immediately counterattacked, condensing a phantom, holding a long knife, his eyes filled with thunder and lightning.

The blade of the thunder and lightning ghost is very light and erratic, like playing a beautiful piece of fairy music, playing the ancient Taoism, and gradually evolving into a long river, with countless electric lights and purple qi overflowing, enough to win the glory of the bright day. Block the blood dragon while blocking Xiao Huang!

This thunder and lightning phantom transformed from the power of heaven and earth, the original power comes from Jieyun!

How strong Jieyun is, how strong it is!

boom! !

The Blood Dragon and Xiao Huang are also trying their best to defeat a heavy electric light and purple gas, and are in battle!

"The robbery cloud is immortal, and there are more attacks!"

"Then I will break this cloud first!" Ye Chen saw the flaws in the thunder and lightning phantom. He waved the Star Sword, the sword aura condensed and killed his intent, and the star sword flew out, turning the day into the night. The blood is like the sun, the haze is rendered, almost poignant, hitting the remaining third of the cloud!

"Break it for me!"

The phantom of thunder and lightning only revealed three words, the supreme thunder and lightning spun out, forming a large purple cauldron on top of the head, which was a hundred meters in size, circulating infinite Taoism, and shooting out a three-color electric light, like the divine light from the beginning of the sky, which is extremely terrifying. The coercion came out, and hundreds of electric lights appeared in the void, intertwined!

Boom! !

Thousands of electric lights drooped down into thousands of luster, and the luster turned into a river. Hundreds of big rivers impacted the Tianlong, and the power was overwhelming, like the gathering of thousands of stars, causing countless virtual kings to tremble and break all obstacles!

boom!

Stabbed! !

The power of the Star Sword split everything, and the lightning flashed suddenly, and countless lightning fell all together, smashing everything. In a short time, ten directions of sword aura swept through, and thousands of colors, completely swallowing the shadow of lightning!

"Shit Jieyun, break it to me!"

Ye Chen held the Star Sword, the sword body was full of magical energy, rendering like smoke, the palms and fingertips shimmered and shiny, a piece of electric light intertwined into a sea of thunder, excited by the sword body, forming a picture of the universe, spinning like light Cut to Jieyun!

He sacrificed the Dragon Slashing Heaven Sword again with his right hand, and the tip of the sword revealed the thorny light that rushed into the sky, and the unstoppable sword aura spread up and down the world, like a stormy sea, one heavy and one strong, crushing towards the robbery!

boom! ! !

In an instant, the sky full of catastrophes shattered, and countless stars gathered like a waterfall, thousands of them, a vast expanse of whiteness!

The sky and the earth stopped shaking, the rays of light dissipated, there were no more thunder and lightning ghosts, no more eternal disasters!

In the clear sky, countless lights flicker, heralding the end!

But I don't know if it was because Ye Chen broke through the heaven and the cloud just now, making the heaven angrily, and the clear sky immediately turned into a dark night!

The black air makes people breathless.

"Master, I'm back, this Jieyun will take a while to digest!"

"I also need to digest for a while!"

The blood dragon merged into Ye Chen's body, and Xiao Huang went straight into the reincarnation cemetery!

The Jie Yun collapsed without a trace, the people reacted in shock, staring at Ye Chen in shock, and many eggs could be stuffed with an open mouth.

"No... no, it's impossible!"

"Jie Yun, did Ye Chen break it?"

Cui Yue looked blankly at Ye Chen under the stars and dark night, staring at the man like a **** of war, and said: "Impossible. Could it be that I have hallucinations? Eternal Tribulation Cloud, how could it be shattered?"

Everlasting!

It's not all people or pills that survive the robbery.

No matter how bad they are, they will have to be almost smashed by Jieyun, and they will survive all injuries.

How could someone forcibly defeat Jieyun?

Let the spirit beast consume the power of Jieyun?

While Cui Yue was still confused, the other Dan Zun looked at Ye Chen like a monster.

Bai Wu Danzun shook his head repeatedly, and slapped his tongue: "As expected, Ye Jitian's junior fellow! Ye Jitian can kill the emperor at the source of Dao, and his junior brother Ye Chen can actually be in Dao. Source Realm, defeating the robbery cloud comparable to the Emperor Realm!"

"It's worth noting that the teacher went out of the same door!"

"Both of them are so powerful, they are both evildoers that Henggu has never seen!"

Jieyun!!!

Who is not afraid to see Jieyun?

In the end, Ye Chen broke Jieyun directly, which was too terrifying!

Luo Yao stared at Ye Chen in the sky, smiled happily, and said in a low voice: "I knew that Mr. Ye must have survived the robbery!"

"Unexpectedly, you actually broke Jie Yun directly!"

Ruohan lowered his head and smiled, a strange feeling was born in his heart, and he faintly liked Ye Chen!

Lingyi Danzun is similar to Baiwu Danzun, with a similar smile, and he feels that he hasn't read the wrong person!

The robbery cloud dispersed!

Twenty-nine young alchemists, five major families, and five alchemists have all returned to their positions one after another!

Thousands of people gathered around the ring even more ecstatically. They all knew that Ye Chen was the cultivation base of Daoyuan Realm, and the ancient Bailing Pills could only take three pills, and the other three might be sold on the spot. Prepared money, spiritual stones, spiritual veins, etc., ready to buy!

Lingyi Danzun came to the ring under the eyes of everyone!

He watched the pill cauldron carefully and smiled and said, "Ye Chen, refine six ancient Bailing pills, each of which is of excellent quality!"

He looked around and happily announced: "Ye Chen, is the winner of this alchemy meeting and the chief alchemist of my Danxu Town. In the future, he will take over my position and guard Danxu Town!"

As soon as the voice fell, the Lingyi Danzun raised his hand and punched a piece of luster, condensed into the words 'chief alchemist', and fell on Ye Chen's head!

Chapter 1199: Crazy indestructible kendo!

Ye Chen turned and looked down at the thousands of people, smiling slightly, the eyes of all the recipients.

"Chief alchemist!"

"Ye Chen, Ye Chen!"

"Ye Chen, can you sell us an ancient Bailing Pill?"

"Ye Chen..."

The cheers of the crowd were like the vast ocean, almost drowning Ye Chen.

The top alchemy masters that are rare in the ages have appeared, and the refining of ancient Bailing pills is even more than six in one batch. Five alchemists do not necessarily have this qualification. How can it not be crazy?

You know, because after the ancient war, the Dao of Alchemy was almost destroyed. Except for the five great alchemists before, no one can refine the ancient Bailing Pill, whether it is the City of Thousands or the Land of Killing, which once led to the number of Dao Sources. Greatly reduced, I had to use a large amount of other elixir to cultivate Daoyuan Realm experts!

Now, Ye Chen turned out to be born!

An ancient Bailing Pill is enough to create a Dao Origin Realm powerhouse, much faster than using elixir to create a Dao Origin Realm powerhouse, and its consumption is only one-thirtieth. How can it not make people crazy? Not happy!

Moreover, the ancient Bailing Pills refined by the Five Great Pills are often just low-grade ancient Bailing Pills!

Only Lingyi Danzun can achieve the level of medium-grade ancient Bailing Pills, but they can only produce one pill in one furnace, but Ye Chen can produce six pill in one furnace, and they are all of superb quality!

The ancient Bailing Pill of superb quality!

It is enough for a monk who returns to the Void Realm to reach the first floor of the Daoyuan Realm directly!

Crossing two great realms, such a **** pill can be said to be against the sky, and it can even be compared with the **** pill in the hands of the six blood spirit races!

The exquisite ancient Bailing Pill, even if it is taken by a monk at the first level of the Daoyuan realm, it can be taken directly from the first level of the Daoyuan realm, and it can be upgraded to several levels. Not a problem!

Dao source realm needs to perfect its own Dao, but the ancient Bailing Pill contains the eight powers of the origin of heaven and earth, which is enough to directly improve one's Dao in a short period of time, without the need to slowly improve it. Bai Ling Pill is an opportunity to reach the sky one step at a time!

"Ye Chen!"

"You have seen this situation. I wonder if you are interested in selling one to them?"

Lingyi Danzun asked specially, and secretly spread the voice: "You can refine some ancient Bailing Dan, give these people, or some casual cultivation, so as to win people's hearts, when you inherit my position, it will be even better. Take control of Danxu Town!"

At this moment, Ling Yi Danzun has completely regarded Ye Chen as his successor!

He also regarded Ye Chen as the guardian of Danxu Town in the future, and that's why he had such words!

Lingyi Danzun continued his voice transmission and said: "The ancient Bailing Pills are not easy to obtain, so we don't prepare much this time, and we don't often refine the Pills, because the ancient Bailing Pills have no effect on the Emperor Realm!"

"However, you can use ancient Bailing pills to create a group of confidants!"

"You are now at least a Daoyuan-level alchemist. When you are promoted to an emperor-level alchemist, you can refine the pill that allows the emperor-level to quickly improve your cultivation. At that time, you can have a lot of power and do what you want. It's up!"

Emperor-level alchemist?

Ye Chen smiled bitterly, and it would take years for him to reach this level.

Besides, it is good to train subordinates with emperor-level medicine, but those who rushed up with the medicine are not as powerful as the emperor's realm who has cultivated hard in the realm. If you really want to gather forces against the blood spirit race, you should wake up the reincarnation cemetery first. Lord of the Hundred Swords!

In the tomb of reincarnation!

Mourning thought: "The tomb owner's alchemy skills have improved very quickly!"

"However, there are not many medicinal materials in Kunlun Xuzhong that can refine the emperor-level pill. If you go to that place, the tomb owner can refine more high-level pill and quickly train a large number of people!"

"Yes!" Xue Qiye sighed, he was also a person who had experienced ancient wars, and couldn't help but said: "The cultivation base of the tomb owner is of course important. But it would be impractical to rely on one person to fight against the blood spirit race!"

"The six people in the Blood Spirit Secret Realm are just the most **** existence of the Blood Spirit Race. I am a little worried. The Blood Spirit Race found that there was an accident and sent someone to Kunlun Xu in advance. By then, the tomb owner will undoubtedly die!"

"This is not a threat, I know the blood spirit clan! That one is so fierce that no threat is allowed!"

Hearing the words of Xue Qiye, Mourning furrowed his brows and sighed for a long time: "I hope the blood spirit tribe hasn't found it. The tomb owner needs time to grow now. As long as the tomb owner is given a year, where the tomb owner is absolutely qualified! Even the tomb owner may completely awaken the blood!"

"The blood of the tomb owner is the only possibility to counter those guys!"

At this moment, Ye Chen didn't know what happened in the cemetery of Samsara. He was dealing with the situation in front of him.

He stared at everyone and said lightly:

"Sorry, I don't mean to sell the exquisite ancient Bailing Dan!"

"However, the conference gave me two ancient Bailing pills, I will sell them on the spot, and the price will be discussed at that time!"

Ye Chen put away the ancient Bailing Pill he refined, but these words caught the hearts of all the audience!

The low-grade ancient Bailing Pills refined by the Dans can also allow the Void King Realm cultivators to directly break into the Dao Source Realm!

It is also a treasure!

"Dan Zun, trouble you to protect me!"

"I want to take an ancient Bailing Pill!"

After Ye Chen explained it, he took out an ancient Bailing Pill, and swallowed it as if eating jelly beans.

In the next moment, colorful brilliance appeared in the abdomen, and the brilliance lingered in Ye Chen instantly!

In midair, the immortal swordsmanship emerges volley, tens of meters long, destroying all the aura of obliteration, it is frightening!

However, the many Dao powers scattered by the ancient Bailing Pills envelop the Immortal Sword Dao, complete it, and then sublimate it.

Gather the power of the eight elements of the origin of heaven and earth, absorb the essence of the source of Tao, and perfect your own Tao!

Ye Chen is full of energy bathing Daoyuan, looking up to the sky!

The immortal swordsmanship envelops the Daoyuan, and grows inch by inch. The blood glow shimmers with an icy luster. From the first ten meters, it gradually rises to a hundred meters. It has been perfected to the peak level, and then sublimated!

call! !

Ye Chenzheng moved violently, absorbing the spiritual power of the ancient Bailing Pill, and burst out a murderous aura, a black light went straight to the night, and the tyrannical blood rolled!

At this moment, his realm is growing wildly!

The Immortal Sword Dao has reached a giant of three hundred meters, cold and solemn, making people fear into the bones, even the soul is trembling, and the body is shaking!

Indestructible Kendo!

It has been fully sublimated, this path has reached its peak!

Ye Chen slowly got up and sighed, "A unique ancient Bailing Pill can only improve my small realm! It seems that the emperor's realm is not easy, the more I get behind, the more I cannot break through."

Chapter 1200: All rubbish

Ye Chen's affair was over, so he stared at Lingyi Danzun and others, and said, "Please start alchemy five of you!"

Ye Chen's tone was very indifferent, and these words fell into the ears of those Dan Zun, instantly becoming extremely ear-piercing.

"Hmph, don't think that refining an ancient Bailing Pill is very powerful!"

"The ancient Bailing Pill is just a bit more complicated, it's a tasteless thing for us!"

"Besides, when it's your turn to let us make alchemy, we must make alchemy!"

Kunwu Danzun stood with his hands in his arms, staring at Ye Chen with cold pupils, and said with a look of disdain: "A Dao-source-level alchemist must first learn how to be young and old. I wait for alchemy, it's not your request. You have to kneel down and beg us, we will practice!"

Humph!

Do you think it would be great to have a few ancient Bailing pills in one furnace?

Even the emperor grade pill can not be refined, so he dare to be so rampant.

"Oh, is it so?"

"With such a big tone, do you need a better alchemy for an old thing?" Ye Chen dismissed it, "Then why, your old thing's pill output is so low?"

He squinted at Kunwu Danzun and said: "The ancient Bailing Pill is indeed a Daoyuan-level pill, but you, the emperor-level alchemist, are not as good as me, the Dao-yuan-level alchemist? You. Old stuff, no way."

"presumptuous!"

Kunwu Danzun slammed the ground, and a burst of golden waves crossed out, shaking the ground to cracks!

He pointed to Ye Chen and said: "You junior is so defiant, and you don't have the slightest respect for seniors. I think you want to die!"

"Your senior brother Ye Jitian, just kill the people in Danxu Town!"

"You Ye Chen dare to be so defiant, if you don't kill you, where is my prestige!"

Kunwu Danzun had already passed the Qi by Xing Tian Danzun, he knew very well what the purpose of the Dan Dao Conference was!

Ye Chen must die!

Besides, this little animal alchemy is so brilliant, it must be eliminated as soon as possible, otherwise there is no place for him in the future!

Kunwu Danzun stepped out again, releasing his momentum.

At the same time, Xing Tian Danzun also stood up!

Ye Chen's attitude was such a good reason to kill him!

"Little miscellaneous, we should also count some things! You committed suicide Cui Yuan in the martial arts contest, who gave you the power!"

"Cui Yuan is the head of the Cui family appointed by the deity. If you kill without authorization, you are despising the deity!"

"Plus your arrogant remarks just now! Looking for death!"

Xing Tian Danzun looked cold, and said coldly, "According to the rules of Danxu Town, the younger generations despise the seniors, and they should rectify the law on the spot!"

Ye Chen, Lingyi protected you last time and let you run away!

Can you run away this time?

Do you think you are Ye Jitian, you can fight the emperor's realm fiercely?

Even if you can fight fiercely against the emperor realm, there are Kunwu Danzun dragging the Lingyi Danzun and Baiwu Danzun, with the cultivation base of the middle stage of the old emperor realm, it will be enough to kill you in a short time!

"Xingtian, what do you mean!"

Lingyi Danzun stood up and looked at Xingtian Danzun in a cold voice, saying: "Xingtian, Kunwu, Ye Chen are the guardians of the next generation Danxu town appointed by the deity. If you want him to rectify the law on the spot, you must first Asked me!"

"Ahem!"

"Everyone, I'll come out to be fair!" The fifth Danzun who had been on the side stood up, his eyes swept over everyone, and said flatly: "Ye Chen has no eyes, don't look at the two Danzuns, then It means to despise Dan Zun!"

"According to the rules of Danxu Town, the younger generation despises the senior, and they should definitely be killed!"

"However, since Ye Chen is Lingyi's designated successor, I can't wait to be embarrassed!"

Na Danzun looked at Ye Chen with a smile on his face and said: "Let's do it, Ye Chen, kneel down, and knock a few heads toward the face of Kunwu Danzun and Xingtian Danzun. This matter will be turned over. Well, it's fair."

In his eyes, the younger generation is justified!

This is also good to kill Ye Chen's spirit!

Just when everyone thought that Ye Chen would be soft, Ye Chen stepped out with a cold voice!

Reverberating throughout Danxu Town!

"justice?"

"What are you? What right do you have to be fair to me?"

Ye Chen's knees don't kneel to the sky or knees!

Dan Zun, what right do you have to make him kneel!

Ye Chen held the Star Sword and pointed at the Danzun with a sword, "You have too much nonsense, where did you go back!"

justice?

It clearly means to help Xing Tian Dan Zun and Kun Wu Dan Zun!

With this kind of Dan Zun, Kunlun Xu Dan Dao can take off.

"presumptuous!"

"You junior, despise Danzun, you must rectify the Fa on the spot!" That Danzun's expression suddenly changed, never expected that the little junior would not only provoke him, but also dare to be so rampant, he must rectify the Fa on the spot!

Immediately, Na Danzun used his hand as a knife to draw a flame, and the volley turned into a hundred meters in size, like a heavenly sword across the sky, like a doomsday, tyrannical and terrifying!

"note!"

The Lingyi Danzun came to Ye Chen, patted a palm, and propped up a cyan shield.

boom! ! !

The flame smashed on the cyan shield, collapsed for most of it, and then was defeated by the Ling Yi Dan.

Lingyi Danzun pointed at the Danzun who shot the shot coldly: "You guys shot a junior, okay?"

"Ling Yi, you really want to help this little beast, it's not that we have to do it!"

"It's Ye Chen, this little mess, who has no eyes. Today, with his small achievements, he dares to despise our Danzun and inherit Danxu Town in the future. How can he put us in his eyes!" Na Danzun methodically said: "I Come out and say something fair, this son dared to confront me. There is no elder or inferiority at all, and no respect for seniors at all!"

He waved his hand and snorted, and said: "I still said the fair word. He knelt down and apologized to us. I can forget the blame!"

He thought to himself: Ye Chen's character, how could he kneel down and apologize to me?

Then, the deity can use this to kill you!

With such a strong talent in his twenties, the future will be a big deal, and it will be eliminated today!

"Kneeling and kowtow to apologize, it's too easy!"

"Dear Danzun, Ye Chen dared to despise us at such an age and was so bloodthirsty. How can he protect Danxu Town in the future? When he inherits the position of guardian, we must be eradicated one by one. This man has wolf ambition and must not stay! "

Xingtian Danzun stepped forward and as one of the five great Danzun, he had one-fifth of the power of Danxu Town!

He rightly said: "Besides, Ye Chen has disrupted the order of the alchemy conference!"

"Thinking that I had refined the ancient Bailing Pill, I was defiant and even provoke the Dan Zun!"

"So, I propose to punish Ye Chen on the spot and raise your hand if you agree!"

In an instant, all five Dan Zun came to the arena and formed their respective camps.

The Kunwu Danzun, Gonggong Danzun, and Xingtian Danzun raised their hands. The three Danzuns expressed their opinions. The other three families, the Cui family, the Wang family, and the Li family, raised their hands one after another. More than ten emperors were present. The strong, all eyes are on Ye Chen!

As long as Ye Chen moves, ten emperor realm powerhouses will come out to take Ye Chen in an instant!

Ye Chen's situation at the moment is what I mean!

All the spearheads are directed at Ye Chen!

Just as the swords were drawn, there was a burst of laughter!

Countless eyes followed the source of the sound and found that it was Ye Chen!

At this moment, the corner of Ye Chen's mouth outlines an arc, step by step towards the three aggressive Dan Zun!

"Don't you just want me to contradict you?"

"Okay, I will satisfy you!"

"What I said just now was a bit wrong, I will revise it."

Ye Chen paused and lowered his head.

Suddenly, his head lifted, his eyes were like cold stars, and he said word by word: "None of you are qualified to represent justice, because - in my eyes, Ye Chen, the three of you are all rubbish!"
