Chapter 1201: Refer to

If Ye Chen is injured, he will not break the rules at all costs!

Just because it is not someone else standing behind Ye Chen, but Lin Qingxuan!

At the side, Luo Yao said worriedly: "Father, will Mr. Ye be okay with Shang Wang's elders? He is not Ye Jitian. He only entered the Void Returning Realm a month or two ago, although he is now entering Dao Origin, but it may not be the opponent of Wang's parents!"

What should I do?

Ye Xitian is no longer in Danxu Town.

What if Ye Chen loses?

Luo Wuya narrowed his eyes slightly, extremely serious.

He hesitated for a long time, and finally made up his mind: "Yao'er, the first time I saw Ye Chen, I didn't grasp this opportunity! If I don't seize the opportunity this time, the Luo family will never turn back!

Therefore, this time, if Ye Chen suffers a little injury, I will take action at all costs! Even if you pay the price of your life, don't hesitate! "

Luo Yao was startled and turned to look at his father, quite sad.

She only hopes that this time, Ye Chen can survive!

The Luo family can survive too!

At this moment, above the ring.

Cui Yue sneered, and a smile was drawn on the corners of her lips, and said: "Ye Chen, you can kill Uncle Cui Yuan because Cui Yuan was injured before, so you were killed by you, but the third elder of the Wang family is afraid of one shot. Can take you down!"

"You may not know that the Wang family is a hidden family in Danxu Town. If it were not for the destiny of the Alchemy Conference and the Danzun, it would never come out!"

"The powerhouse of the Hidden Family is not something that you fledgling kid can contend!"

Ye Chen didn't pay attention to Cui Yue's plan at all, and with one shot and one sword, he was floating around him.

Then, he put his hands behind his back, his eyes filled with endless freedom.

The third elders of the Wang Family also stood with their hands in their hands, lingering in the ice mist, like the Supreme Senior was examining an ant.

"Boy, I will give you a mobile phone meeting!"

"Then I will abolish your feet, and your dantian, to ensure that you can still make alchemy, but you don't have the slightest combat ability!"

He stretched out his hand, and the ice blade in his hand burst into a mist of ice, covering a small half of the ring. The ice mist was conveying power for him. He proudly said: "Come on, this is your last attack, and you will have no cultivation skills after that! "

"Old guy, since you are looking for death, now I will send you on the road!"

Ye Chen's arms shook, and the violent blood swept away, covering himself and the third elders of the Wang Family!

He twisted his bones and made a clear voice, and his blood enveloped the third elders of the Wang Family, as if a world-famous demon had awakened!

"Old guy, lucky you are the first person to die by the sword today!"

"After that, the people behind you will go to \*\*\*\* to accompany you!"

Ye Chen's body ignited an inextinguishable flame, and his body was almost crimson!

He shook the Star Sword violently, and his blood was like a tide. After washing every inch of flesh and blood, he burst out from the sword. The tyrannical killing aura, like a flood, rushes to destroy the obstacles and obliterate everything!

"So strong!"

"That's not right, how could the Dao Yuan Realm be so strong in the early stage?"

The third elders of the Wang family didn't have time to think, so he pulled out and made a cut. A thick layer of ice flew out, showing a meniscus shape, continuously releasing ice mist, resisting Ye Chen's blood, and covering the huge arena. Boom!!!

Boom!!!

A burst of sound came out, shattering the ground of the ring, and the aftermath came out!

In an instant, the five alchemists, all family members, and alchemists once again withdrew from the ring and returned to their respective positions!

The fifth Danzun and Kunwu Danzun stared at the ice mist and blood, only to see the shadows of swords, lights and swords, collisions, but they looked down on the specific situation inside. With the violent shaking of the ring, the battle seems to have reached its most intense time!

In the blood mist!

Ye Chen is at ease, like a dragon entering the river and sea, showing a domineering posture of letting me or someone else, his black hair is messy, and his eyes are as deep as stars!

He took the sword mainly in his palm, and slashed it in the air, and the sword energy containing Dao Yun jumped out, cutting the air, killing intent, and instantly falling on the shoulders of the third elders of the Wang Family!

puff! !

The third elder of the Wang family spurted blood and retreated with a look of shock. He stared at the irresistible Demon God before his eyes, and said: "This power, how familiar? I have seen it. I must have seen it, Ye Chen, who are you? ?"

This power is absolutely comparable to the Emperor Realm!

Ye Chen in the early stage of Daoyuan Realm actually had such a strong combat power!

But why am I so familiar with this blood?

I must have seen it before!

"Who am I, don't need to explain to the dead!"

"Last blow, give you your words, enjoy the last moment of your life!"

Ye Chen stabbed a sword in the sky, condensing endless murderous aura, flashing blood, the star sword turned into a streamer and shot out, like a comet across the sky, destroying obstacles, and obliterating everything!

Boom! !

The streamer pierced through the ice layer and hit the ice skates!

The third elder of the Wang family was shocked, most of his bones were broken, blood spurting, and his expression grim, "I remember, this blood is the breath of Ye Jitian killing the Emperor Cui family three days ago!"

He turned his head in amazement, horrified the enemy looking at Ye Chen, his voice was old and hoarse, as if trying to control himself, he was shaking, he was terrifying!

"You are not Ye Chen, you are Ye Jitian—"

Click! !

The streamer smashed the ice skates, and instantly penetrated the chest of the third elder of the Wang family, his dantian shattered, and his cultivation collapsed.

The streamer turned into a star sword and returned to Ye Chen's hands. Ye Chen waved his fingers and shook out a sword wave like a golden wave, hitting the third elders of the Wang Family successively.

Bang bang bang! !

The third elders of the Wang family burst into bursts, and they were already dying.

The people outside couldn't see the situation in the blood mist at all, only heard bursts of sound.

Cui Yue coldly hugged her hands and smiled: "The third elders of the Wang Family will make a move. It will not take long before Ye Chen's cultivation base will be abolished!"

He looked at the blood mist, "The third elders of the Wang family still don't want us to see his methods, but they want to torture Ye Chen more. Patriarch Wang Kun and Patriarch Li Lu, when the time comes, we will have to divide the ancient Bailing pills. !"

Refining the ancient Bailing Pill, Ye Chen produced six pill in one furnace, and it took about three hours for one furnace!

Four furnaces can be made in a day, that is, twenty-four pills, divided equally among the three, and each family can be divided into eight pills a day.

I'm happy to think about it. It shouldn't take a year or a half for the Cui family to rush out of Danxu Town and compete with the top sects and forces!

"Yeah, Ye Chen, this trash, will make alchemy for us!"

"Sometimes, we are happy, we can appreciate Ye Chen some leftovers of wine, maybe he can practice faster." Patriarch Li Lu is also looking forward to rushing out of Danxu Town, the time in Kunlun!

Chapter 1202: The ambition of all

If Ye Chen is injured, he will not break the rules at all costs!

Chapter 1203: It's not worth it for Ye Chen!

Ye Chen patted Luo Yao on the shoulder lightly, and smiled: "You don't believe me so?"

After finishing speaking, ignoring Luo Yao, he walked directly to the center of the ring, looked around at all the enemies, and the casual practitioners who were scattered in the distance, and said: "It's almost done, come out, set up the formation, and kill all of them!"

Everyone was still in a daze, and saw four sword lights flashing between the heaven and the earth!

The sword light communicates with the world, representing the four attributes of wind, thunder, gold and fire. Like four sacred pillars, it exudes countless sword auras, crisscrossing the ring to block the 10,000-meter space of the ring. It was the sword used by Ye Chen to block Huang's genius. Array!

Under the four sacred pillars!

Standing four young people, all holding weapons, it was Huang Wuqian, Huang Zhantian, Wanyan Pojun, and another pinnacle powerhouse!

They exude an ancient aura, black hair dancing wildly, heroic and stalwart, the cultivation base of the nine layers of the Dao Source Realm, and the aura released is like the power of the emperor, like four gods, guarding the world. !

At the next moment, they clasped their fists in unison and said: "The master ordered me to wait and listen to Master Ye Chen's transfer. At this moment, the sword formation has blocked the space!"

"Master, please order!"

Huhuhu! !

Huhu! !

Luo Yao took a long breath, and said in surprise: "Mr. Ye actually borrowed Ye Jitian's four subordinates, but instead set up a large formation. Is it to kill the three big families and three Danzun?"

"This is crazy too!"

"As expected of Mr. Ye!"

Kunwu Danzun, the fifth Danzun, and Xingtian Danzun looked at Huang Zhantian and others with gloomy expressions, the weapons in their hands had been circulating in the chain of order.

They did not expect that Ye Chen actually borrowed these four people.

It's a bit difficult to kill Ye Chen!

"You wait for the order!"

"With the power of the sword formation, kill everyone in the Li Family, Cui Family, and Wang Family Divine Realm!"

"I said, the three families will be destroyed!" Ye Chen ordered calmly, and a sound of generosity came out. Pieces of golden light flew up and stuck to his body, and a set of golden armor emerged!

Ye Chen is prosperous, heroic and stalwart, and the unity of heaven and man, breathing and breathing, the light of reincarnation covers the world, like a \*\*\*\* of war came from ancient times!

This kind of vigorous energy, like a galaxy surging, is terrifying, and its brilliance obscures the sky, making it difficult to face it!

He used his real cultivation base, waved the star sword, pointed directly at Xing Tian Danzun, "Kill!"

In an instant, the war broke out, and the two emperor realm, Taoyuan realm, and even the virtual king realm each looked for their opponents!

"Small chopsticks!"

"Today I killed you!" Xing Tian Danzun opened his mouth and spit out a guqin. With a flick of his left hand, a sound wave flew out, almost as sharp as the heavens, split a crack, and wanted to swallow Ye Chen in!

He drove a round of cyan big cauldron with his right hand, the blue light flashed, the dragon shadow flashed, crossing a hundred meters away, like a great steel wall, extremely tyrannical, and then with a soft cry, the dragon chanted for nine days, matched with the sound wave, to kill Ye Chen!

Ye Chen's body crossed, and a steel great wall strangled across, sweeping down a green splendor, forming a ruin!

If Ye Chen hadn't flashed fast, under such a blow, I'm afraid he would have been injured!

Ye Chen sacrificed the star sword, shook the aura of a hundred meters in radius, and instantly turned into a giant sword of thousands of stars, killing Xing Tian Danzun!

The endless darkness dissipated, and the infinite stars gathered like a waterfall, thousands of them, falling down, destroying the blue dragon shadow, but Xing Tian Danzun's blue big cauldron flew to break all the stars' great swords!

Boom!!!

The violent explosion made Ye Chen and Xing Tian Danzun burst away!

The two of them are playing together for the time being!

"No!"

"If you drag on like this, even if I destroy them all, the people of the Luo family will suffer heavy losses!" Ye Chen's eyes swept across other battlefields. The emperor of the Luo family was besieged, and Luo Wuya and others were being attacked by Wang Kun. Siege with Li Lu, I'm afraid it won't last long!

He said in the reincarnation cemetery: "Senior Blood, lend me some power!"

Xueqiye was silent for a moment, then said: "Okay!"

Immediately, Xueqiye shot a \*\*\*\* light, saying: "These powers will allow you to complete this battle, and it will dissipate afterwards! It's just that your body has to withstand endless blows!"

After that, the spirit of Blood Qiye faded a little!

"Thanks!" Ye Chen shone with nine kinds of light, and the sound of generosity was endless, one after another, the light was attached to the golden armor, and the breath of reincarnation bloomed, shaking the sky!

At this moment, Ye Chen's power is already comparable to that of Emperor Zun!

He held the Star Sword in his right hand and threw a fist with his left hand. It was magnificent, with blood and dragons roaring, fighting against the sky!

"what!"

"How did the aura on your body become the emperor's realm! Who are you! Impossible! Absolutely impossible!"

Xingtian Danzun's expression changed drastically, he waved the big blue tripod and stood in front of him, and pulled Kunwu Danzun over!

"Xingtian, what are you doing!"

"I'm attacking Lingyi, and soon—"

Click! !

Just as Kunwu Danzun was speaking, the scarlet fist slammed, and various forces penetrated Kunwu Danzun's body.

Bang bang bang! !

A series of crackling sounds came out!

Kunwu Danzun was exploded into blood and flesh on the spot, and his soul was destroyed in an instant!

A generation of Dan Zun of the fourth level of the emperor realm has fallen!

At this moment, all the combatants turned their heads in amazement, staring at Ye Chen standing proudly, not shocked.

Boom!

With great fist, Ye Chen smashed three Cui Jia Keqing elders in succession. As if entering the unmanned state, the star sword stroked, the incomparable Feijian Hua jumped out, piercing through the four powerful kings in a row!

Seven strong!

Under Ye Chen's two moves, all was destroyed!

At the same time, the sword power spread, killing the Cui Family and Wang Family 30 or 40 Dao Origin Realm cultivators!

The ground was bloody, with stumps and broken arms everywhere.

I thought that the three big Danzun and the three big families who were holding the winning ticket were crushed and beaten by Ye Chen at this moment, and almost all the Daoyuan realm and the Void King realm were destroyed!

"No, Ye Chen!"

"You kill me!" Cui Yue knelt on the ground abruptly, and kept kowtow shouting: "I will kowtow to you and apologize, you kill me..."

However, Ye Chen had no plans to keep his hands A wave of murderous intent swept away, cutting Cui Yue in the waist, and her spirit was wiped out!

Huang Zhantian and the other four also stopped their attacks, each stationed in the sword formation, staring at Ye Chen, who was fighting like a god, and was not shocked.

Wanyan Pojun smacked his tongue secretly, "The master's cultivation level is too terrifying! No wonder I can kill the six blood spirit tribes, even if I send the elders to shoot, I will definitely not be the master's opponent!"

The master is superb, even the older generations can hardly resist!

"The master is so young, he has such a cultivation base, he is destined to be the one who is the one to fight against the blood spirit race!"

Outside of the sword formation, Ruohan watched this scene, thoughtfully, and decided that after the battle was over, he must find Ye Chen to discuss something.

Ye Chen was the only existence she had ever seen who was qualified to open that thing!

That thing is about China! It's about Kunlun Xu! It's about the blood spirit race!

Chapter 1204: The siskin is behind!

Ye Chen patted Luo Yao on the shoulder lightly, and smiled: "You don't believe me so?"

Ye Chen was the only existence she had ever seen who was qualified to open that thing!

That thing is about China! It's about Kunlun Xu! It's about the blood spirit race!

Chapter 1205: I am waiting to obey!

At this moment.

Within the sword formation, Luo Yao was about to attack the enemy, Ye Chen's sword wave swept past, killing all the enemies of the Void King Realm in front of her.

Luo Yao sighed when he saw this. In an instant, she shouted in a loud voice: "Mr. Ye, I know you are great, you won't leave me a rival!"

She put her hands on her waist, "The girl at a loss just wanted to pull you away. I didn't expect you to be so powerful!"

"Really, it made me worry for nothing!"

Ye Chen paid no attention to Luo Yao's words, wielding the star sword, the sword wave swept the sword formation, the unrivaled power is unparalleled!

The three families of the Cui family, Wang family, and Li family went up and down, regardless of the half-step emperor state, the Taoyuan state, and the virtual king state, everyone fell under the sword wave of Ye Chen, and the soul was wiped out!

Luo Wuya looked at everything in front of him in surprise!

The other five Luo family powerhouses even smiled bitterly. The three big families and the three big families actually want to kill Ye Chen?

This is a joke!

Ye Chen's strength is more than enough to wipe out the entire Danxu Town!

The key is that who would have thought that Ye Chen had grown to this point in just a few months!

A moment passed!

Ye Chen's strength gradually dissipated, and there were nothing more than Xing Tian Danzun and the fifth Danzun who were still standing in front of him. Both of them were injured, and his cultivation base was even more defeated by him!

"Ye Chen, you little beast, I didn't expect it..."

"Ye Chen, I admit that you are very strong, but if you kill like this, one day, you will definitely die, and you will be dead!"

The two Dan Zun spit out blood. They thought they could kill Ye Chen instantly. Unexpectedly, it was themselves who were about to be killed!

The key is that they couldn't think of why Ye Chen's strength suddenly became so much stronger!

is like a different person!

What kind of power is hidden in this kid!

The injured Kunwu Danzun was instantly killed by Ye Chen!

Knowing Ye Chen has such a mighty power, how could he be an enemy?

Whenever they think about speaking to Ye Chen before, they find it ridiculous, and their faces are hot!

Unexpectedly, the ants that could be eliminated by waving hands have grown to such a terrifying level today!

"Ye Chen!"

Ling Yi Danzun came forward, with a trace of blood hanging on the corner of his lips, sighed, and said: "Kill all!"

He was greatly disappointed, looked up at Ye Chen, and said, "Danxu Town is no longer the Danxu Town back then. Only your means can restore Danxu Town to its former glory! From now on, you are Dan. The guardian of the virtual town is also the master of the town of Dan Xu!"

"Okay!" Ye Chen held the Star Sword and Zhanlong Wentian Sword in both hands respectively, surging with blood, and threw the two swords out!

Xing Tian Dan Zun never thought that Ling Yi Dan Zun would actually issue such an order!

Kill directly!

I'm crazy!

His eyes widened, staring at Lingyi Danzun firmly, and roared: "Lingyi, do you know what it means for me to have an accident! You and this little beast, Ye Chen, don't even want to live!"

"The powerhouse of the blood spirit tribe will eventually dominate the entire Kunlun Xu, and there is still a year, or even a year is not needed! Do you think your strength alone can stop it!"

"No! Even if you enter the realm of the emperor, in the eyes of those powerful people, you are still as small as dust! Hahahaha!" New 81 Chinese network update the fastest mobile terminal: <https://>

A burst of laughter resounded.

Ye Chen listened to Xing Tian Danzun's words, and shook his head helplessly, without intending to stop: "You have finished talking nonsense, so I will send you on the road personally!"

Wow~~

Wow~~

Two streams of light pierced through the chests of the two Danzuns, and as the Dantian shattered, the sword body bloomed with power, obliterating their spirits!

Two Dan Zun!

fell at the same time!

Ye Chen received the sword and withdrew the sword formation. He did not look at the Baiwu Danzun, but looked at the countless onlookers in the distance, with a loud voice, "From now on, there will be no more Cui family, Wang family, and Li family! The other three families! , Step forward and bow your head to surrender, otherwise you will be killed on the spot!"

Ye Chen has no liking for these families.

He is not a bloodthirsty person, but he knows very well that these people are threats after all.

Killing threats can solve a lot of troubles.

The turbulent crowd stared at Ye Chen, who was like a godlike god, and immediately calmed down.

Among them, three to four hundred people walked out slowly, all with a bitter expression, or stood up in grief, almost all of them were young people, or some very old people, old women, etc., their cultivation bases were under the virtual king realm, and most of them were in Enter the Holy Realm, or around the Transcendent Realm! ア新ヤ~⑧~1~中文网ωωω.χ~8.~1zщ.còм

They are all young generations of the Wang family, Li family, and Cui family, or members of the tribe in the industry. They have low cultivation bases, but they are engaged in the task of operating various industries.

About three hundred people, after wandering and staring at each other, Jin Jie knelt down and shouted: "I am willing to leave the family, and even swear by my blood, I will never shoot Mr. Ye."

These words are naturally truthful.

They saw Ye Chen's terrible, how dare they take revenge?

What's more, there is a more terrifying senior behind Ye Chen, Ye Jitian!

If Ye Jitian and Ye Chen joined hands, apart from the top forces of Kunlun Xu, who would dare to touch these two people!

Ye Chen ignored these people. Instead, he set his eyes on the Lingyi Danzun, saying: "I can feel that there is some killing intent on the periphery. These people shouldn't stay here, just kill them!"

"Also, you should know the background behind the three dead Danzun. It is a very important thing now. These resources are very useful to me!"

Xing Tian Dan Zun, the fifth Dan Zun, Kun Wu Dan Zun!

The three major Danzuns have been entrenched in Danxu Town for many years, and the accumulated materials must be quite a lot, enough for Ye Chen to break through!

Lingyi Danzun nodded: "Even if you don't tell me, I will help you deal with this matter. Among the three, there are quite a few treasures in Xingtian Danzun. Please send someone to visit with me. you deserved!"

Ye Chen knew the kindness of Lingyi Danzun, and said, "Ye Chen thanked Lingyi Danzun here Lingyi Danzun's eyes condensed slightly, and he didn't speak any more.

Then, Ye Chen's eyes fell on a few people again, and he said: "Huang Zhantian!"

"Wan Yan broke the army!"

"A few of you, go to the place where the three major Dans are located, and bring all the items to me!"

Ye Chen ordered, the light from the whole body gradually dissipated, and the blood and devil qi were surrounded by two ancient lines, and they were very powerful.

He said again: "Huang Wushang, you are responsible for going to the Wang and Li houses to collect all the materials, and the industry is accepted by the Luo family!"

At this moment, Ye Chen defeated the three major families and the three major Danzun!

Affirmation of Lingyi Danzun, he is still a veritable guardian and owner of Danxu Town!

All the materials and industries in Danxu Town can be mobilized at will!

The key people in Danxu Town, who would dare to shoot Ye Chen or not!

is just looking for death!

"I'll wait to obey!"

Huang Zhantian and other people, each flying in one direction.

They know very well what they should do!

Chapter 1206: Shock

Lingyi Danzun also acquiesced to this move, and said: "Ye Chen, the alchemy conference has changed. The original ancient Bailing Dan will be given to the two major families, I think it will be given to the Luo family and the Shen family. It is refined by me and Baiwu Danzun!"

He glanced at Bai Wu Danzun meaningfully.

For the guy who was wise to protect himself at this critical moment, his favor was greatly reduced, but he still maintained his Danzun name!

Three major Danzun were killed in battle. If Baiwu Danzun also died, Danxu Town would be empty, and its external prestige would be greatly reduced. If Ye Chen left, Danxu Town might be ruined! It may even be taken advantage of by other sects.

"I have no problem."

After Ye Chen answered, he looked at Luo Wuya and Luo Yao, and continued: "You will inherit the properties of the other three families. From then on, in Danxu Town, just listen to Lingyi Danzun's dispatch, he can represent me!"

"Thank you Mr. Ye!"

Luo Wuya clasped his fists.

"By the way, Mr. Ye, I'm afraid I'm tired from the battle today. Why don't you go to my Luo family to have a rest. My Luo family has already prepared a banquet, so I think it's to catch the dust for Mr. Ye!"

"No need!" Ye Chen said: "I want to go to the City of Thousands of Wonders!"

He looked at Lingyi Danzun and Baiwu Danzun, and said: "The three major Danzuns have died, and Danxu Town will be empty for a while in the future. You will cultivate young alchemists as soon as possible!"

"Yes!" Bai Wu Danzun lowered his head and clasped his fists, not daring to think anymore.

He was still watching Ye Chen and Ye Xitian a little bit, but Xing Tian Danzun and others died under Ye Chen's hands in an instant.

How dare he act on Ye Chen!

"Don't worry, Danxu Town can be handed over to me. Also, if you see Senior Lin Qingxuan, please wait for me to greet!" Lingyi Danzun paused for a moment, then said: "Only with his permission, I can visit he!"

"So, Ye Chen, I beg you!"

"Senior Lin has the kindness to reinvent me, I don't want anything extravagantly, I just want to see him again!"

Hearing these words, Ye Chen understood that Lingyi Danzun was a grateful person.

However, Lin Qingxuan's spirit has disappeared from the reincarnation cemetery. If you want to see Lin Qingxuan again, unless you kill the blood spirit race and rescue the hundreds of mighty powers, but now, the blood spirit race is still unknown where it is.

Even Ye Chen didn't understand that the Blood Spirit Race refers to a special monk in a mysterious place.

It is still a huge power all over the world.

All these can only go to the ancestors of the Huang family. The ancestors of the Huang family introduced the blood spirit tribe. If you want to know the details of the blood spirit tribe, you must interrogate the ancestors of the Huang family!

"You will see the master!"

"However, the time will be a little longer!"

Ye Chen brought Lingyi Danzun, Baiwu Danzun, Luo Wuya, and the five powerhouses of Luo Family into the same room.

He glanced over everyone, and said: "You should know about the blood spirit race, right?"

"Blood Spirit Race!"

Luo Wuya's pupils dilated, faintly feeling a little scared.

The other five Luo family powerhouses also sighed and were suppressed by their terror.

Seeing this strange picture of them, Ye Chen turned to look at Lingyi Danzun and Baiwu Danzun, and asked: "You should know that Kunlun will send one hundred emperor-level powers to blood every 100 years. Spirit Race!"

"Of course I do!" When Ling Yi Danzun heard this, he was furious!

"I know, but there is no way!" Bai Wu Danzun seemed to have lost his fighting spirit and looked particularly plain. As if he felt that the situation could not be changed, he was muddled and no longer had any expressions!

Ye Chen thought for a while, and then he was ready to tell them his intentions!

He said: "One year later, it will be time to transport a hundred emperor-level geniuses. However, there are six blood spirit tribesmen in the blood spirit secret realm, you know this!"

"know!"

"Yes, those six bastards!"

Luo Wuya and Ling Yi Danzun were full of resentment towards the six people.

Bai Wu Danzun wanted to calmly say: "Every time the blood spirit secret realm opens, the six of them will plunder the young man's vitality to continue his body. This seems to be normal."

Ye Chen took out a blood-colored head, the corners of his lips outlined a smile, and said: "This kind of people, I naturally will not allow them to live, I have already killed them in the \*\*\*\* secret realm!"

He put his head on the table and motioned for everyone to check.

"what!"

"The head of the blood spirit tribe in the middle of the emperor realm has the breath of the blood spirit tribe on it!"

The Baiwu Danzun and Lingyi Danzun immediately saw the source of their heads and looked at Ye Chen with amazement!

The shock in the heart of Ling Yi Dan was difficult to calm, and with some surprises, he said: "You actually killed the six people of the blood spirit race!"

He really had only horror besides horror.

He knows the strength of those six people better than anyone!

The key is how could Ye Chen kill those six people!

Could it be that Ye Chen's realm has reached the pinnacle of Kunlun Xu?

impossible!

At this moment, Ling Yi Dan's heart is full of infinite doubts.

Bai Wu Dan is not much better either, and the anxiety in his heart is like the continuous waves.

He was fortunate that he did not stand beside Xing Tian Dan at first.

If you shot Ye Chen, I'm afraid he has become a corpse.

This Ye Chen is simply a lunatic!

People of the blood spirit race dare to kill!

This is all crazy!

Isn't Ye Chen afraid of being liquidated by the blood spirit tribe in a year?

Bai Wu Danzun hesitated for a few seconds, and still said: "Mr. Ye, there is something you may not know about. The six people have an accident, the Blood Spirit Race will definitely feel it. At that time, if there is a real Blood Spirit Race powerhouse coming, Their first goal is you, Mr. Ye!"

"People of the blood spirit race, kill them if you kill them!"

"What is there to be afraid of!" Ye Chen's indifferent gaze scanned all of them, and then calmly said: "Kunlun Xu has surrendered to the Blood Spirit Race for too long. There is no need to surrender!"

He took out Han Yun's jade pendant and the vice-sect master ring given by Sect Master Ruo.

He placed it on the table, the jade pendant radiated aura, and a faint shadow of a blue dragon appeared faintly, and the ring was shimmering Then a shadow of a hundred holy medicine, two shadows appeared in an instant, The spirit of each exuding shocked everyone!

"Han Yun's blue dragon jade pendant!"

"The ring of the deputy master of the Holy Grass Temple!"

When Baiwu Danzun and Lingyi Danzun looked up again at Ye Chen, their expressions were in a daze, with shock and surprise in their eyes, but they didn't know why!

Ye Chen's behavior is to add convincing power to himself!

Han Yun! !

At present, Kunlun Xu is the only one who participated in the war of that year!

The cultivation base is extremely terrifying, and many high-level officials believe that Han Yun is the current Kunlun Xu who knows the existence of the blood spirit race best!

As for the Holy Grass Palace, the most magnificent elixir sect before the Antiquity War, mastered 40% of Kunlun's supply of elixir. After the defeat of Kunlun in the Antiquity War, the Holy Grass Palace was hidden from the world. The deputy chief's tokens can have patterns that are still spreading in Kunlun!

Chapter 1207: Shock the realm!

Now, the Holy Grass Temple and Han Yun's tokens owned by Ye Chen!

Doesn't it mean that Senior Han Yun and Shengcao Temple have already supported Ye Chen?

This will greatly increase the two Danzun and Luo Wuya's plans to support Ye Chen. After all, Ye Chen will not give any cards, and it is impossible for others to pull up the whole family and fight with Ye Chen to fight the spirit race based on love.

Ling Yi Dan asked: "Senior Han Yun's jade pendant, I have given it to you. Is Senior Han Yun's illness cured?"

"Senior Han Yun, there is no disease!" The fastest computer terminal of the new 81 Chinese website: <https://>

"As for the ring of the deputy sect master, if the sect master gave it to me!"

"Actually, I have already negotiated with them. This time, I must resist the blood spirit race!" Ye Chen looked down at the people with a calm gaze, but gave them infinite pressure, as if a supreme being was looking down on them!

Ye Chen said again: "You are my first stop against the blood spirit race!"

"I will gradually unify Danxu Town, Thousand Jue City, Qingxuan Peak, and Land of Killing, and integrate the entire Kunlun Xu to fight against the Blood Spirit Race!"

After listening to Ye Chen's words, Lingyi Danzun was silent for a long time, and then asked via voice transmission: "If I guessed correctly, Senior Lin Qingxuan, are you also supporting this matter!"

Ye Chen hesitated for a long time, but still nodded: "I am his hope against the blood spirit race."

"Understood!" Lingyi Danzun immediately took a step back, claspng his fist and said: "I Lingyi, I would like to make a small contribution to the people who killed the blood spirit race. From then on, the Danxu town will be dominated by Ye Chen, and I will help Ye Chen. Manage Danxu Town and embark on the road to fight against the blood spirit race together!"

He took a long breath and said joyfully: "For thousands of years, someone has finally stood up and raised the banner against the blood spirit race!"

"White mist!"

"Blood spirits have oppressed us Kunlun Xu for so many years. Rather than stubbornly live, it is better to stand upright and die!"

Lingyi Danzun immediately stood in front of Ye Chen and said: "Don't worry, Danxu Town is based on yours, and it will also become your strong supply point!" ア新ヤ~⑧~1~中文网ωωω.χ~8.~1zщ.còm

He thought: Pills and elixir are needed to fight!

Sheng Cao Temple is responsible for the elixir, then I will be responsible for the elixir!

vowed to follow Ye Chen and fight to the end with the blood spirit race!

"it is good!"

Bai Wudan nodded fiercely, his eyes regained a bit of expression, "I have been muddled for so many years, and I have lived enough, even if I want to die, I have to do some strength for Kunlun Xu! Ye Chen, you are the first to stand up. People of the flag, I will respect you in the future!"

Look at the huge Kunlun Xu!

Who dares to resist the blood spirit race?

Huang Family? Daozong? Or those top forces?

The Huang family is exactly the dog of the blood spirit race!

Daozong even saw the blood spirit tribe, and didn't dare to put a fart. The other small families were already terrified when they heard the three words "blood spirit tribe"!

Nowadays, only Ye Chen has this courage, courage, and this strength, raising the banner to fight against the blood spirit race!

"Since both Danzun have chosen this way!"

"How could I refuse!" Luo Wuya laughed bitterly, clasped his fists and said: "Mr. Ye, my Luo family mainly refining alchemy. I will assist the two alchemists to refine all kinds of pills for your people!"

"However, the top power in our family has too little combat power."

"I am afraid that it will be useless to go to the battlefield in the future, so let them practice alchemy together!"

Hearing this, the five elders from the Luo family couldn't help but laugh bitterly. The Patriarch was right. Their combat power was all for Ye Chen's second kill. It's really inappropriate to go to the battlefield. It's okay to practice pill!

"I will pass down the alchemy method!"

"It will make it easier for you to refine ancient Bailing Pills, Tianwu Pills, Huangquan Pills and other elixir that can quickly increase your strength!" Ye Chen concluded: "In short, you have two goals now! The first is to train more alchemists. Refining a lot of pills!"

"The second one, quickly cultivate a large number of Daoyuanjing monks!"

"After that, I will figure out the pill that can make Daoyuan realm quickly promote to the emperor realm, and then give it to you for refining!"

Ye Chen's remarks today are mainly to completely conquer Danxu Town, and let the two Danzun and Luo Family have a preparation and direction against the blood spirit race!

At the same time, make use of the large number of alchemists in Pill Xu Town to refine pill!

One year later, the blood spirit race will come, solve it yourself!

"I will understand!"

"You can rest assured!"

Luo Wuya and the two Dan Zun have expressed their opinions!

Ye Chen took out several alchemy techniques, all obtained from the powerful hands of the previous reincarnation cemetery, two were Daoyuan-level alchemy, one was emperor-level alchemy, based on two Danzun and Luo Wuya The level of alchemy will not take long to be fully understood.

When the time comes, they will refine the ancient Bailing Pill, and the efficiency will not be much worse than their own.

"Okay, this is the situation!"

"I have the Bright Hall and the Dark Hall. The Dark Hall is responsible for eradicating those small families who take refuge in the Blood Spirit Race!"

Ye Chen said: "I will ask Ye Lingtian, the person in charge of the dark hall, to contact you, and you will be responsible for providing them the pill."

He put away Han Yun's jade pendant and Suzerain Ruo's ring, and said, "As for the Temple of Light, the Holy Grass Temple is the main body, and Danxu Town is now included in the Temple of Light! Later, I will contact the person in charge of the Temple of Light you guys!"

"I need to deal with the problem of the Huang family. I don't have much time to talk about the situation of the two halls, but I don't want you to have a conflict!"

Ye Chen briefly explained the situation, and then notified Ye Luoer and Ye Lingtian with a spell, and asked them to bring both the Bright Hall and the Dark Hall to Danxu Town, with Danxu Town as the main base!

"the host!"

"Master, the elixir and various elixirs have been brought back!"

Wanyan Pojun Huang Zhantian came back one after another, and they each handed over three storage rings, which contained profound stones and various weapons, elixir, elixirs and so on!

Ye Chen took it over and took a look, his spiritual sense swept away, and he was slightly surprised. He was even more secretly smacked in his heart.

The three great Danzuns are so rich!

The three major Danzuns have lived for thousands of years, and the background of any one person is far more than the middle school!

It can be said that every Danzun walks in the treasure house, but no one will take the initiative to offend Danzun, Ye Chen is an exception.

Ye Chen now can be summed up in one sentence-that is, he fell into the vault!

"Thousand Profound Pill!"

"Wan Zhu Cao, Enlightenment Pill!"

Ye Chen took out three treasures from the three Danzun storage rings, which was enough for him to comprehend one more elixir and pill!

He looked at Lingyi Danzun and the others and said: "You go to refine the ancient Bailing Dan and give it to the Luo Family and Shen Family. At the same time, you will find three alchemists to take the place of the three Danzun! The operation of the virtual town is fully activated!"

"Now, I want to retreat and attack the next realm of Daoyuan Realm!"

Seeing this, the two great Danzun and Luo Wuya, the five strong Luo family, leave together!

They need to take charge of the rest.

Huang Zhantian and the others guarded Ye Chen outside the door, and at the same time contacted Ye Lingtian, Ye Luoer and others to come!

Chapter 1208: Did I let you go?

In the house!

Ye Chen took a deep breath, then took out the Qianxuan Pill, his eyes swept across the pill pattern, no nonsense, as soon as he took it orally, in an instant, he felt countless tracts exploded in his body, flooding the entire Dantian, drastically Improve your cultivation!

At the same time, immortal swordsmanship appeared behind Ye Chen!

This 'Tao' has been perfected to be the ultimate, Ye Chen needs to perfect a new 'Tao'!

The way of killing!

From the third power in the cemetery of reincarnation, killing the 'Tao' of Daojun

After entering the Dao Monarch to pass the way of killing to Ye Chen, the divine spirit disappeared.

This Ye Chen only thought about the fur, it was far inferior to Immortal Swordsmanship, having that profound cultivation. But now, a breakthrough needs to be improved, Ye Chen chose the way of killing!

The way of killing is to kill, and the lethality is still higher than that of the indestructible sword!

But it is extremely difficult to cultivate, and only by taking the spiritual pill containing Taoism can the speed of cultivation and perfection be accelerated!

And Qianxuan Dan!

In terms of quality, it is a high-level spirit pill, but the effect is far above the ancient Bailing Pill. Such a pill can be used by a monk at the first level of the Dao Source Realm to directly increase to the eighth level of the Dao Source Realm! But for Ye Chen, after taking it, he can only perfect the way of killing!

Besides, Kunwu Danzun also only has such a thousand profound pills, which should be obtained by accident!

With Kunwu Danzun's alchemy technique, it is still impossible to refine a spirit pill of this level!

quickly!

Ye Chen refines the Qianxuan Pill, lingering in the ancient Dao Yun, and the way of killing is suspended behind the indestructible swordsmanship, and more than a thousand horror sword auras fall down, just like the reincarnation of the fairy king, and the horror breath is endless like waves!

He then took Wanzhucao and Wudao Dan to take them!

...

After a few hours!

A strong breath filled the entire Danxu Town!

Ye Chen sat cross-legged, his closed eyes suddenly opened, his body lingered with rays of light, like a dragon reborn from the fire, possessing infinite power, and the way of killing and the way of indestructible swords suspended behind him. Falling all kinds of murderous sword auras made the heavens and the earth scream for him, the mighty power of the heavens and the earth are shaking!

Huang Zhantian stared at Ye Chen and said with great joy: "Master, we have broken through again!!"

"The master breaks through the Dao Source Realm, so there is such a mighty power!" Wanyan Pojun was also shocked to the extreme, "I don't know when the master crosses the Dao Venerable Realm! At that time, the entire Kunlun Xu will change!"

Just when everyone was horrified, a \*\*\*\* figure stumbled out.

When seeing this man covered in blood, Huang Zhantian and Wanyan Pojun's face changed drastically!

Because it was not someone else who had the accident, but the Huang Wujian who was arranged by Ye Chen to go to Cui's house!

"Yellow five shots, what happened! Don't disturb the master to break through!"

Huang Zhantian stepped forward and quickly held Huang Wushang, but Ye Chen had already pushed open the door to break through the room.

Huang Wuqiang didn't pay attention to Huang Zhantian at all. Instead, he looked at the cross-legged young man full of violent aura and said every word:

"Master, four emperor-level powerhouses suddenly emerged from the Cui family mansion, I'm no match!"

Huang Wuzhang ran over with blood. He had searched the Wang and Li family's materials. When passing by the Cui family, he was attacked by the Cui family powerhouse and others!

At this moment, he had many internal bone fractures. If he hadn't had a deep foundation, he would have already fallen in the face of a fierce attack by four powerful men who almost matched the emperor's realm!

Wow! !

Ye Chen instantly converged and broke his breath, stood up, looked at the direction of the Cui family, dazzling the sky, "The remnant of the Cui family? Even my people dare to move?"

"In that case, just erase it!"

"I want to see if the Blood Spirit Race can protect them!"

An icy murderous intent spread instantly!

"Yellow five shots, stay here to heal your wounds!"

"I will kill the Cui family!"

Ye Chen confessed, and went straight to the Cui family. After entering the Daoyuan Realm, his speed was even faster to the extreme. The huge Danxu Town seemed to be no more than a little distance under his feet, and it didn't take long before he came to the Cui family. In the ground!

And now, Cui's house is in chaos!

The women and children were escaping for their lives. Some of the guys who entered the Holy Realm and the Holy King Realm followed behind the four Cui parents with weapons, and were confronting Luo Wuya and the five top powerhouses of the Luo family!

Four Cui parents!

Surprisingly, it was Cui Ming and other four elders who had been hidden, and the four old guys who survived the Cui family's refuge in the blood spirit race.

At this moment, the breath of the four of them was terrifying to the extreme!

"Ye Chen, you are finally here!"

Luo Wuya looked at Ye Chen and said: "The family elder said that these four old guys had been dedicated to the blood spirit clan for extermination, but they survived. It seems that the Cui family has also taken refuge in the blood spirit clan!"

Ye Chen nodded slightly, glanced over Cui Ming and others, and said: "Since your Cui family has relied on the blood spirit clan, then all die!"

Refuge in the blood spirit race?

This kind of rebellious generation, punishing the nine races, are all light!

Immediately, Ye Chen pinched the tactics with his fingers, the power of the divine thunder burst out, and the roaring thunder was endless, and you could clearly see the thunder light falling from the sky, smashing into the Cui family mansion!

Crackling! !

There was a burst of crackling, and the huge Cui family building was immediately turned into ashes!

Cui Ming snorted and directly sacrificed the long sword. The long sword broke free, and the top of his head was suspended to resist the thunder light. He looked sternly and said: "Ye Chen, you have already killed my Cui family and the rest of the strong, why are you not willing to release it? Have I waited?"

He spit out a bit of blood, and although he resisted the thunder light just now, he was shocked by the civil war!

His hands linger with \*\*\*\* luster, blessing on the double swords, and said in his heart: Ye Chen at this moment, although not as powerful as killing the three great alchemists!

But it is definitely not something I can resist!

Damn, I would abandon the family if I knew it, and don't sneak attack on that person, otherwise Ye Chen would not be attracted!

Originally, when the four elders of Cui saw Ye Chenzhu killing the three Danzun, they knew they weren't opponents, so they wanted to roll the bedding and run away. When they were rolling the bedding, the yellow five shots arrived. They originally wanted to kill the yellow five shots. Escape immediately!

Unexpectedly, Huang Wugun blocked their attack and just escaped.

Ye Chen is here to kill God!

"Ye Chen, you leave me waiting for a way out, and we are willing to give you all the spirit stones, spirit medicine and pill!"

Cui Ming took a long breath, and a group of extremely gorgeous blood appeared quietly at the tips of his palms and fingers, and then burst out, like the most gorgeous blood-colored flower in the night sky burst into the sky. , A way out!

"Go!"

"We can't stop Ye Chen!"

With a loud shout, Cui Ming escaped with the three elders!

Facing the killer Ye Chen, only run!

"Did I let you go?"

Just as Cui Ming was about to leave, there was a sudden sound behind him.

The voice was extremely cold.

It even made him feel bloodthirsty!

Ye Chen!

When did Ye Chen appear behind him!

how is this possible!

Chapter 1209: The legendary Ye Chen

"The four of you still want to live in the world, isn't that sorry for the seniors who used to fight against the blood spirit race!"

Ye Chen had no mercy at all, and suddenly shot, like a god, with a palm, patted it on the large bronze cauldron suspended above the head of an old Cui patriarch, screaming loudly!

Snapped! !

The next moment, the cyan big cauldron burst open!

The old Cui family took a mouthful of blood, his whole body shattered and weakened to the ground, and he hurriedly shouted: "Ye Chen, you kill me, I can be a cow and a horse for you! You kill me!"

In the blink of an eye, he was hit hard by Ye Chen!

It's not an opponent at all, it's a luxury to escape!

"I do not need!"

"dead!"

Ye Chen's palm fell, as if a blood-colored cloud slapped the ground, beaten it into blood, splashing flesh and blood!

He currently has no means to control the emperor's realm, so he has not accepted the surrender of the Cui elder.

Even if he has the existence of controlling the emperor state, he will not keep his hands on these Cui elders who betrayed Kunlun Xu!

And at the moment!

The five powerful emperors of the Luo family stopped Cui Ming and other three elders one after another, fighting together!

Ye Chen's gaze fell on Elder Cui Ming, and said: "People like you, living in Kunlun Xu, waste air. I will send you on the road with my own hands!"

The way of killing appeared behind him, lingering in his blood, patted another palm, and landed on the double swords on Cui Ming's head. In an instant, the first rays of light erupted, like a round of volcanic burst, magma turbulent, and The powerful murderous aura swept across the ten directions, shocking people's hearts, sweeping through the wilds and Liuhe!

"Ye Chen, we are compelled to surrender to the Blood Spirit Race!"

"Just go around us!"

Cui Ming shouted loudly, thinking about killing Ye Chen before, but begging for mercy quickly!

"If you have to, you must rely on the blood spirit race."

"So, are you worthy of the seniors who fought against the blood spirit race in the ancient times?"

"It's a fact that you surrendered the Blood Spirit Race, so you must die!" Ye Chen wouldn't have pity for Cui Ming because of this.

Don't let go of the remnants of the Cui family!

Therefore, the four powerful emperors of the Cui family must die!

Click~~

There were cracks in the sword body of the double swords, and the blood was overflowing, and it was on the verge of collapse.

Ye Chen slapped another palm suddenly, suppressing it!

Bang bang bang~~

Thousands of blood holes burst out of Cui Ming's body, and his soul was wiped out in an instant!

The powerhouse of a generation of emperor realm was killed by Ye Chen's two palms in this way!

"Ye Chen, his skill has risen by another level!"

"Daoyuan, wave to kill the emperor, this is too scary!"

Luo Wuya stared at Ye Chen in the distance, sighing again and again, "No wonder, he can raise the banner against the blood spirit race. The talent and combat power alone, especially the promotion speed, are too fast, and it won't take long. I am afraid that no one in Kunlun will be his opponent!"

He recalled that he had looked down upon Ye Chen before, and he felt funny.

In the beginning, such a peerless evildoer was let out.

If he married Luo Yao directly to Ye Chen and identified Ye Chen as his son-in-law, he would be a powerful force in Xuluo's house in Kunlun!

Luo Wuya lamented.

Just as Luo Wuya was thinking about it for a long time, two bright brilliance broke out in the distance!

With two crackling sounds, the two Cui Family Emperors were beaten into blood mist by Ye Chen's sword.

...

After solving the Cui family's affairs, Ye Chen returned to the room to stabilize his cultivation.

Ye Chen sat cross-legged, running the Nine Heavens Xuanyang Jue, the blood dragon in his body rushed out of his body.

The whole house almost broke open.

In desperation, Ye Chen could only let the blood dragon return to the reincarnation cemetery.

Ye Chen entered the cemetery of reincarnation and looked at the blood dragon in the sky, he could feel the blood dragon almost in substance.

During this period of time, the blood dragon phantom absorbed too much blood gas.

Many of these blood qi are even powerful emperors!

This is simply a tonic for the blood dragon.

The Slaughter Daoist once said that the more people he killed, the stronger the killing Dao in his heart, and the stronger the blood dragon.

It seems that the blood dragon phantom is not far from becoming the nine-day dragon.

At that time, perhaps to fight against the blood spirit race, to rescue the hundred mighty, rely on the blood dragon.

Ye Chen stopped thinking and continued to practice.

No words for a night.

In the early morning, Ye Lingtian and Ye Luoer arrived at Danxu Town, and they met Lingyi Danzun, Luo Wuya and others. They talked a bit, and according to Ye Chen's explanation, they began to prepare for alchemy and cultivate a large number of masters!

Danxu Town is integrated into one.

On the bright side of the Temple of Light, the high-level cultivators of the Luo family and the Shen family have joined the dark palace, and along with the masters of the Holy Grass Temple, under the leadership of Ye Lingtian, began to pack up the small family that took refuge in the blood spirit race!

The Baiwu Danzun and Lingyi Danzun have blocked Danxu Town at the same time to avoid the disclosure of news!

And relying on the resources of the Holy Grass Palace, the three Danzuns, and the three major families, they began to develop behind closed doors and cultivate the strong on a large scale!

After Ye Chen stabilized his cultivation, he took Huang Zhantian and others to the City of Thousand Jues!

The City of Thousand Jues is half of the Huang Family Realm and half of the Dao Zong Realm. The place where the two powers intersect, there are many sects around, such as Ling Hai Sect, Yun Hai Sect, Ling Ax Sect, etc. door!

Since Luo Yao took Ye Chen last time, many sects have been in a state of shame!

Watching the little boy who was about to kill, Shengsheng was taken away by the people of Danxu Town!

This is undoubtedly a shame for the major sects!

But they all need the spirit pill of Danxu Town, and naturally it is impossible to lead the people to Danxu Town to ask for someone.

In addition, all the disciples of the geniuses of the sect who entered the Dragon Pool are dead, so they can only open the sect genius contest again, re-elect many geniuses, and then Mr. Jingshui will provide the Dragon Pool to the geniuses. Easy muscle washing!

In Qianjue Square!

Dozens of arenas lined up with each other, clustered by a large one hundred meters long and wide arena.

Just like last time, in a lively place, all major sects gathered, Daozong elders, Qingluan elders, etc., to form a new referee.

At the same time, hundreds of sects gathered, except for the Huang Family who did not come, all the other sects arrived.

"Hey, another genius match."

"If Ye Chen came back then, it would be fun!"

Someone recalled: "I think Ye Chen killed many disciples of Qingluanzong with a sword, and provoked Mr. Jingshui, and left without a problem!"

"If Ye Chen comes, this time the talent show will be lively!"

"What is Ye Chen!" Someone said with disdain: "This time, Ye Chen dared to come just to die! Don't you know, this time the genius competition, all sects participated, Kunlun imaginary ten geniuses, except Ji Siqingzhi Besides, all are here! There are even hidden sect powerhouses!"

"These geniuses are not the last time they existed. They are not comparable at all. Even if Ji Siqing comes, maybe they can barely enter the top ten."

Chapter 1210: The sky is great!

"I heard that several people are all younger generations who have already entered the emperor's realm! The genius comparison this time is not on the same level as the last one!"

"Ye Chen, compared to the top ten geniuses, it is an absolute waste! Now, at most it is in the Void King Realm. I don't know which corner to hide at! Even if it comes, it's a death!"

"I heard that he killed the Xiang family and disappeared without a trace."

"It should have been annihilated by the Xiang family. But Ji Siqing doesn't know where he went!"

"If Ji Siqing were there, Kunlun Xu would have all the ten true geniuses!"

The square was full of people.

The appearance rate of the word Ye Chen is extremely high.

On the one hand, Ye Chen's original performance was too dazzling!

From a waste to a strong one who can suppress many masters!

On the other hand, Ye Chen and Mr. Jingshui's bet is too ridiculous!

A few months ago, it had been brilliant for a few days, and finally offended Mr. Jing who, running around like a bereaved dog.

Had it not been for Luo Yao in Danxu Town, I would have died.

On the contrary, the reputation of Ye Chen's little white face is getting bigger and bigger, relying on Ji Siqing in the front and Luo Yao in the back. In the eyes of the people in the City of Thousands of Wonders, Ye Chen is already a pure and pure top little white face!

Just when everyone is talking!

In the corner, a young man and a girl sat down, it was Xiaobi and Old Xue from the medical gods!

Originally, Duan Huaian didn't want everyone from the medical gods to participate in this genius competition again, but this time the competition was jointly launched by top forces such as Dao Sect, Huang Family, and Kun Xu School!

Kunlun denominations large and small must be compulsory to participate!

Since the last time Ye Chen shook the Big Competition, the Medical God Sect had risen a bit earlier.

They naturally dare to step in.

This time, it not only represents the face of God of Medicine, but also represents Ye Chen behind them!

Thousand Jue Square was full of people, and I met someone everywhere, who might be the deputy head of the Kunlun Xu sect, or the elder of the sect.

Duan Huaian sighed, his eyes fell on the true disciples of Dao Sect and Yunhai Sect, and said, "Fortunately, that kid Ye Chen has disappeared and didn't come here. Otherwise, if he really comes here, it will be in trouble!"

Those who participated in the competition last time were all inner disciples!

But this time, everyone participating in the Grand Competition is true disciple of all factions, even Daoist disciples!

Without the cultivation base of the eighth-level sky above the Void King Realm, I can't participate at all, and there are even nine hidden young geniuses of the Emperor Venerable Realm.

If it were not for that incident, these people might not even bother to participate.

The younger generation who participated in this level of fierce fighting, when placed outside, can compare with the supreme elders of minor sects.

This also makes this time the threshold of the City of Thousand Ends is much higher than the previous time!

Although there are no disciples in the Medical God Sect who are eligible to participate in the Grand Competition, they are still forced to be present by the Huang Family and Dao Zong.

"master!"

"We are not eligible to sign up, should we keep watching here?" Old Xue smiled bitterly. There was a chance to sign up last time. This time he was not even qualified to sign up. "I don't know what happened to Ye Chen. Danxu Town is doing well!"

"I heard that Danxu Town is blocked, so please stop contacting outside."

"It should be something major. After this competition is over, I will take you to Danxu Town to find Ye Chen!" Duan Huaian thought. Since his Dantian recovery, his cultivation level has improved faster and faster. It's the seventh heaven of Daoyuan Realm!

It should be enough to deal with some problems.

At this moment, several cold voices sounded.

"Yeah, isn't this a \*\*\*\* of medicine!"

"Your medical gods are really lingering."

A disciple of the Qingluanzong came forward, wearing a real disciple robe, very conspicuous.

He has been in retreat for nearly a hundred years, if it weren't for something major happening in Kunlun, he wouldn't be out at this time!

He even heard about the City of Thousands of Wonders, so this time, he took the initiative to ask to go here!

Just for a shame!

He held his hand and looked at Duan Huai'an coldly, and said, "Daoyuan Realm Seventh Level Heaven? Old fellow, you have improved very fast, you are almost at the level of mine. I think that Ye Chen's little miscellaneous dare not come, it's better Find a ring, how did I fight you?"

He twisted his knuckles, the corners of his lips made a cold smile, and said, "Ye Chen killed a lot of my juniors! Today, he just killed his master!"

"In addition!" He thought for a while, and said in a weird way: "I heard that your Duan Huaian's dantian was abandoned by the Taoist people."

"Well, I will destroy your dantian again, and then kill you again, so that you can recall the painful feelings you once felt! How about it, isn't it a good idea?"

"How is it, old stuff?"

"Seeing that you are still a leader, but your cultivation level is so low, it's no wonder that your medical sacred door hasn't landed and you don't even have a decent disciple!"

This young man's dismissive expression is like a dragon soaring for nine days, looking at the ants on the ground no one looks at him!

He snorted coldly and hugged his hands, and said: "You medical gods, up and down are rubbish, the only one who can still see is Ye Chen, yes, that little rubbish, it is said that the disciples of the inner sects last time The genius contest is quite capable of pretending, and he even fooled Ji Siqing over."

"You better tell you Ye Chen, Ji Siqing, is a woman he can't touch!"

"Because he is not worthy!"

"The humble ant is not worthy of the proud phoenix!"

In his eyes, Ye Chen is nothing but a coward who has been hiding behind a woman all his life!

I don't know what kind of drug he poured Ji Siqing into!

Had it not been for Ji Siqing and Luo Yao, this chopstick would have died long ago!

As the true disciple of the Qingluan Sect, his cultivation base is far higher than the inner disciple of the last genius competition, and even higher than the elder!

It can be said that there are two levels.

The last big competition between the sects was at best the junior competition!

This time the Zongmen Competition is the true and authentic Zongmen Competition in Kunlun!

All the true disciples and Taoist disciples gathered together, and even nine of the ten Kunlun Xu geniuses have arrived!

He didn't believe it, Ye Chen, this little \*\*\*\* dare to come!

Even if he comes, he will be wiped out!

Old Xue, as a full-blooded man, couldn't help it anymore, clenched his fists, shouted, his eyes were red, and his blood rolled: "Don't be too crazy!"

"As long as there is enough time, Ye Chen will defeat you!"

"You Qingluanzong will die in Ye Chen's hands sooner or later!"

Generous! !

A burst of spiritual power dispersed.

The person from Qingluanzong put up two fingers, flicked his hand, vigorously, and directly threw the old Xue out in front of him.

He looked at Old Xue condescendingly, and said disdainfully: "The Saint King Realm dared to make a move. I really don't know how high the world is!"
